Aubrie Hinojos

Jayda Simmons

These students competed at the SkillsUSA State Competition in Corpus Christi over the March 30 - April 1 weekend.

Claire created a 2 tier cake and a binder following the theme of "Fairy Tale". She chose to do a cake of Hansel and Gretel.

BOARD AGENDA ITEM

Ketzali cooked for 6-7 hours. She started by deconstructing a whole chicken. From that chicken, she used the bones to create a stock and from that stock she created a clear soup. From the fabricated chicken pieces, she used the tenderloin and used it to make a salad with an emulsified dressing. After her salad was presented she then used the thighs to create a braised chicken dish with 2 sides, and used the breast to create a cut known as Airline and made a rice rice pilaf and 2nd side with that dish.

Isabel, Aubrie, and Jayda worked as a team to create a 3 tier cake. They created a fairy garden cake that showcased a large mushroom hut and white chocolate butterflies.

BOARD AGENDA ITEM

James and Michael have been working on this project since the start of school this year with more to come in the following years. The Binder had to be redone between local and state to accompany the project itself. They both have devolved a strong sense of adaptability and problem solving skills to bring this project to life. This project has been featured in KXAN, The Austin American Statesmen and our own Williamson county Sun.

Colten has been very successful this year in automotive. It stated with the JBL where he took best over all into student in a field of 35 other students. He finished in the top 10 in the Skills USA District 10 leadership competition where he qualified to compete in state. IN a field of about 120 other students form across the state he had a strong showing and finished 3rd in the State in automotive tool ID. They had to correctly ID 100 different tools and spelling did count.

Wyatt Ewing plans to go to WyoTech to further his automotive training.

Mason will be back at GHS for his Senior Year.

Consideration and Possible Approval of Future Ready Learning Campus Project Cost Change Order

Background Information:

As with any project of a unique design and construction there are elements of the project that are unforeseen during design or circumstances develop during construction that are unexpected. These types of unforeseen and unexpected project elements are very difficult to plan for adequately. This project has presented the design team with three unforeseen circumstances. This is forcing the project to consider a change order to increase the established guaranteed maximum price (GMP).

The cost of these unforeseen circumstances are listed below:

- Gas utility service \$ 426,905.00
- Airport Rd Modifications \$1,102,213.00
- Design Clash Detection \$ 960,000.00

BOARD AGENDA ITEM

The total cost of this proposed change order is: \$2,489,118.00
