Dr. Ben Gauyan, Superintendent

Superintendent's Evaluation
March 3rd, 2026

The following summarizes the performance evaluation of Dr. Ben Gauyan, Superintendent of Walla Walla Public Schools, for the 2025–2026 school year. The evaluation was completed by the Board of Directors using the Superintendent Entry Plan Goals and the Operational and Leadership Goals adopted for this evaluation cycle.

The Board rated Dr. Gauyan at the highest level – Distinguished – for his work in Climate and Culture. The Board rated him Proficient in Organizational Understanding, Community Engagement, Performance and Equity Analysis, Impactful Instructional Leadership, Supportive Climate for Students, Staff and Community, Operations and Management Excellence, and Values-Based Leadership.

In his first year, Dr. Gauyan has established a highly visible and authentic leadership presence across the district. Through consistent classroom visits, staff engagement, and initiatives such as “Out and About with Dr. G,” he has strengthened district pride and deepened relational trust. The Board believes this work has meaningfully improved climate and cohesion across schools and departments. His leadership in this area reflects distinguished performance and provides a strong foundation for continued improvement.

Dr. Gauyan has demonstrated steady progress in building organizational understanding. Through listening sessions, department meetings, labor engagement, and ongoing review of instructional and operational systems, he is developing a comprehensive understanding of district strengths and areas for growth. The Board recognizes that deep systems understanding requires a full annual cycle of experience and looks forward to seeing this knowledge increasingly translate into strategic refinements and measurable gains.

Community engagement efforts have expanded during this period, including the addition of new groups and broader inclusion of stakeholder voices. The Board appreciates the intentional outreach and encourages continued development of a clear, sustained engagement strategy that strengthens partnerships and extends the district's reach within the community.

In the area of performance and equity analysis, the Board has observed growth in attention to data systems, fiscal sustainability, and achievement gaps. Dr. Gauyan is asking the right questions and laying groundwork for more precise monitoring and accountability. Continued focus on measurable student outcomes will be essential as the district advances its strategic priorities.

Dr. Gauyan has provided stable and thoughtful instructional leadership during a year that included principal transitions and capacity-building efforts. Monthly meetings with principals, the integration of outside resources such as partnerships with the University of Washington, and focused professional development efforts are strengthening building-level leadership. The Board views this as solid progress and expects continued sharpening of instructional coherence and impact.

The district's operational and fiscal systems remain strong. Dr. Gauyan has demonstrated responsible stewardship while deepening his own understanding of state and district budgeting processes. Ongoing collaboration with Fiscal Services and Maintenance and Operations leadership supports continuity and sustainability.

Throughout his first year, Dr. Gauyan has modeled genuine, values-based leadership. His communication with the Board is consistent and timely, and his student-centered approach is evident in both decision-making and messaging. The Board appreciates his authenticity and commitment to collaboration as we work together to advance district priorities.

In summary, the Board recognizes Dr. Gauyan's first year as one of strong relational leadership, steady systems development, and positive forward momentum. A Distinguished rating in Climate and Culture reflects clear impact, while Proficient ratings across remaining areas reflect solid performance with continued opportunity for growth. The Board looks forward to partnering with Dr. Gauyan in the coming year to build on this foundation and accelerate progress for the students and families of Walla Walla Public Schools.

Ms. Alayna Brinton, School Board President

- Annual Renewal of Superintendent's Contract -

1. This annual amendment (the "Amendment") to renew the SUPERINTENDENT'S CONTRACT is made this 3rd day of March 2026, by and between Walla Walla Public Schools and Dr. Ben Gauyan, parties to the SUPERINTENDENT'S CONTRACT, dated March 17, 2026 (the "Contract", including previous amendment renewals.
2. The first unnumbered paragraph of the Contract shall be revised as follows (additions indicated by underling and deletions indicated by strikethroughs):

...in accordance with its action as found in the minutes of the meeting on March 3, 2026, does employ Dr. Ben Gauyan as Superintendent of Schools for a three (3) year period commencing July 1, 2026 ~~2025~~ to June 20, 2029 ~~2028~~.

3. Numbered Paragraph 3 of the Contract shall be revised as follows (additions indicated by underlining and deletions indicated by strikethroughs):

Subsequent annual renewals, with each renewal creating a remaining term of three years for the contract, will likewise occur unless the Board gives the requisite written notice to the Superintendent by March ~~February~~ 15, 2027 and by March ~~February~~ 15 of each subsequent year.

ALL OTHER TERMS AND CONDITIONS OF THE ORIGINAL PERSONAL SERVICES CONTRACT AND AMENDMENTS AGREED UPON HERETOFORE OF SUPERINTENDENT REMAIN IN FULL FORCE AND EFFECT.

The parties hereto have executed this Amendment the day and year first above written.

Alayna Brinton, President
Board of Directors

Dr. Ben Gauyan, Superintendent

E-Rate Category 2 Bid Evaluation and Recommendation (Funding Year 2026)

DATE: March 12, 2026
 TO: Dr. Ben Gauyan
 FROM: Keith Ross – Director of Technology & Information Systems

Dr. Gauyan,

Walla Walla Public Schools opened Category 2 E-Rate bids for the 2026 funding year and received the following proposals:

Vendor	Bid Amount
Ednetics/MGT	\$956,350.08
Cerium Networks	\$908,624.21

Keith Ross, Director of Technology, and Rick Pummel, Network Administrator, reviewed both submissions. A detailed evaluation of the proposals from Ednetics/MGT and Cerium Networks is provided in the attached Bid Assessment Worksheet (following pages).

Under E-Rate guidelines, cost is the most heavily weighted evaluation factor. Because the Ednetics/MGT bid is higher than Cerium Networks, Ednetics received a lower score in the cost category.

In the category “Experience to Date with Vendor,” Ednetics/MGT received a higher score than Cerium Networks. This reflects our district’s prior experience with both vendors. Historically, we have encountered challenges with Cerium related to both sales engagement and support responsiveness. In contrast, Ednetics has been consistently easier to work with and currently holds the support contract for our network infrastructure.

While Cerium’s proposal is approximately \$50,000 lower in total cost, the district’s E-Rate discount reduces the actual cost difference to approximately \$10,000 for Walla Walla Public Schools.

Based on the evaluation results and our operational experience, we believe the modest additional cost associated with selecting Ednetics/MGT is justified by their demonstrated reliability, responsiveness, and familiarity with our network environment.

Recommendation: Award the 2026 Category 2 E-Rate contract to Ednetics/MGT.

Keith Ross
 Director of Technology and Information Services/Walla Walla Public Schools

SUBJECT: Surplus Equipment & Materials

Throughout the past year, we have received items from buildings that were upgraded or are no longer usable and now determined to be surplus. Items include: miscellaneous kitchen equipment, HVAC equipment, PE Equipment, vehicles/equipment, custodial equipment, technology equipment, building materials/furnishings, and outdated/unusable construction materials including portable classrooms.

The process of declaring surplus property involves asking the School Board to declare the property as surplus, and then place a legal advertisement in the local newspaper indicating that the school district has surplus property. Per Washington State Law, we also send letters to all educational agencies in the area, advising them of the items available. This allows them first chance at procuring the surplus items at fair market value. If, after 30 days, there are no inquiries, then the school district will hold a surplus sale.

At the March 17 Board Meeting, I would like to ask the Board to declare these items as surplus.

The surplus sale will take place on or about July 1, 2026, depending on auctioneer availability.

If you have any questions about surplus property, please contact me.

~ CITIZENS' COMMENTS ~

We welcome your comments and questions during the time set aside in regular business meetings for citizens' comments. Attendees sign up to provide public comment using the sign-in form in the boardroom prior to the start of the Citizens' Comments period of the meeting.

Citizens' Comment Script:

This is the time in the meeting we welcome citizens to come forward and offer public comment, ask questions, or provide recommendations for educational improvement. Per Board policy we typically refrain from providing responses following public comments, and will ensure follow up is made if requested and necessary.

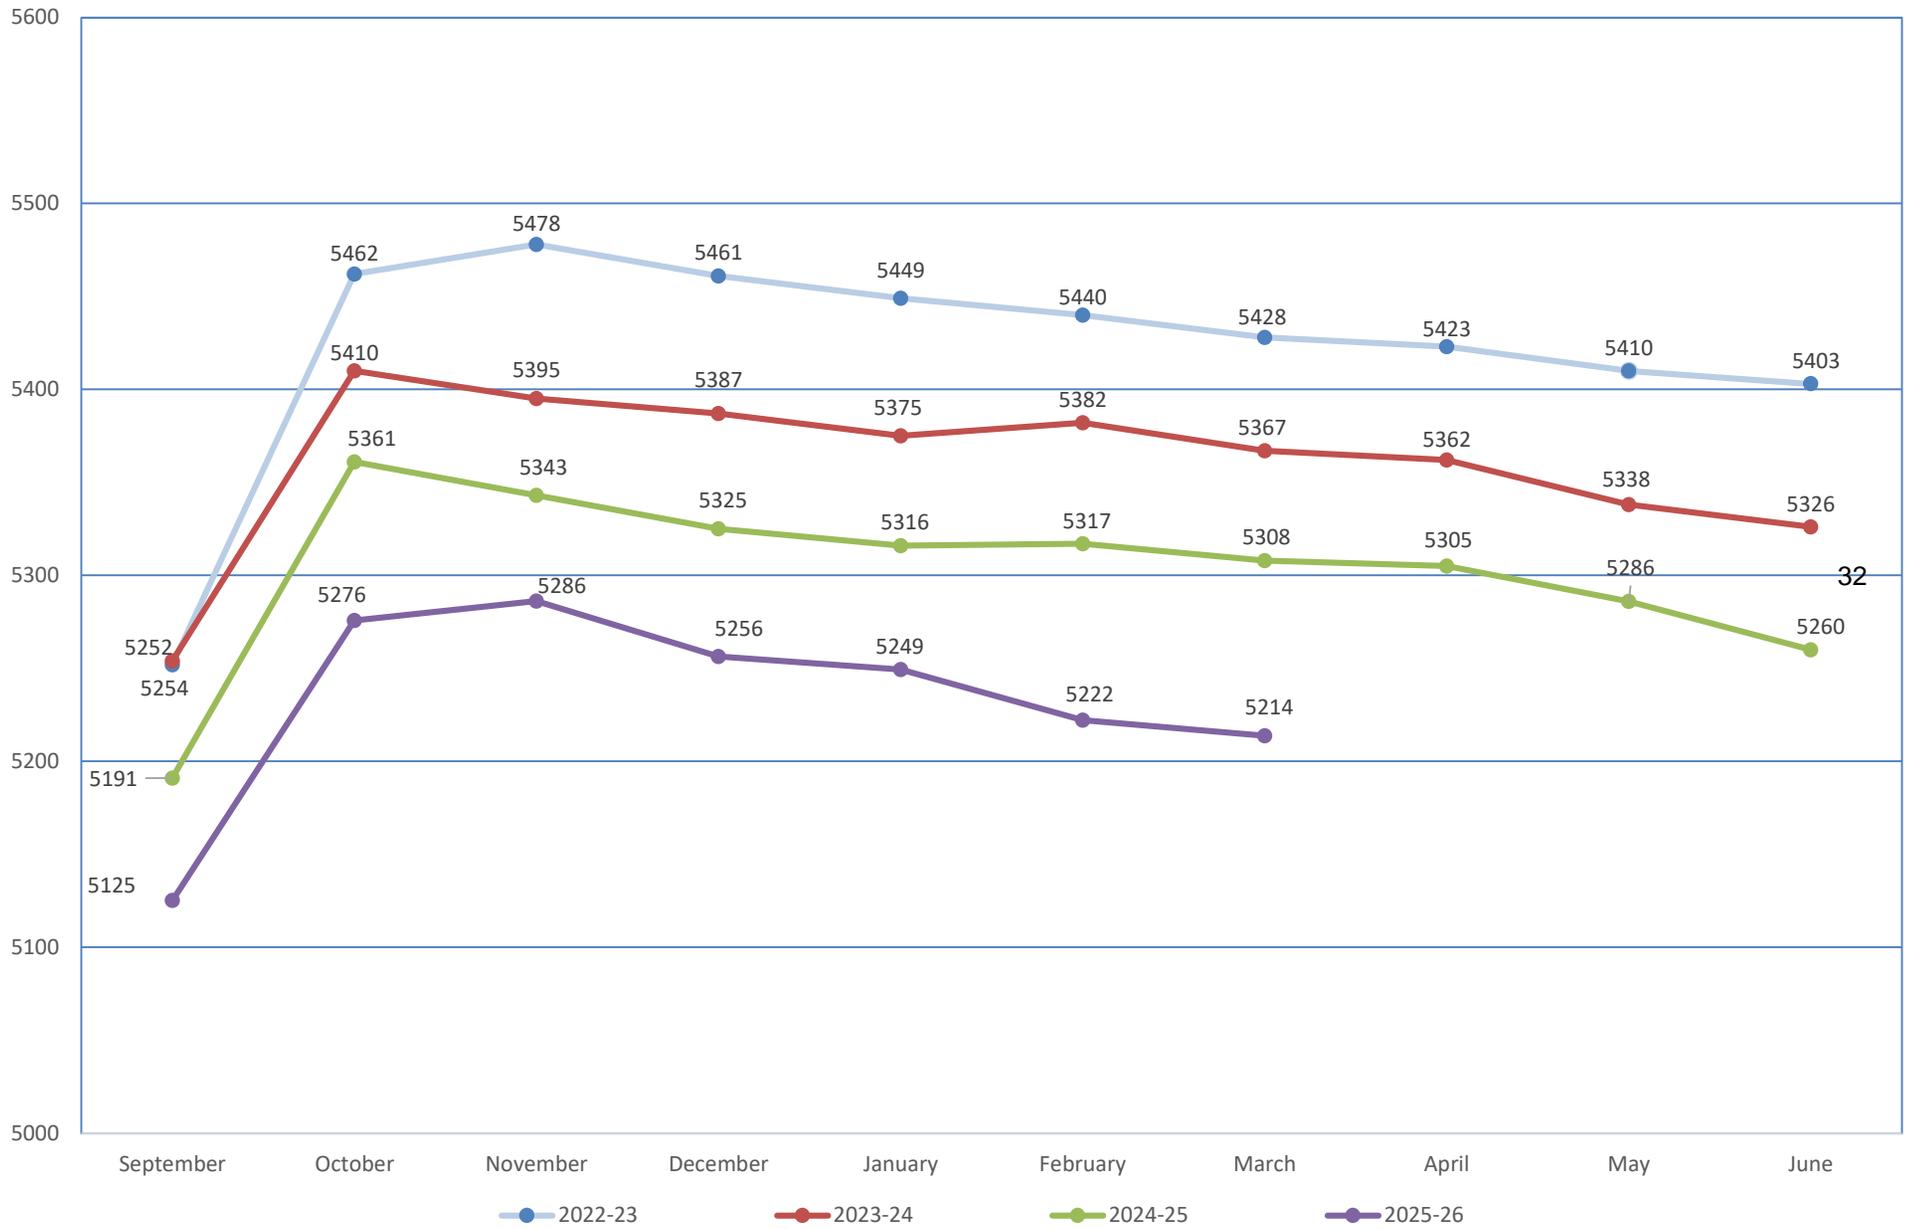

We also ask that you adhere to the following guidelines:

- State your name.
- Keep your comments brief and to the point, with a **three-minute time limit**.
- Do not reflect adversely on the political or economic view, ethnic background, character, or motives of any individual.
- If you have a specific complaint about an individual employee, it must be addressed through the Superintendent's office and not in this setting.

At this time, please come forward if you wish to address the board.

Developing Washington's Most Sought-After Graduates

Our Mission:

In partnership with families and community, Walla Walla Public Schools ensures a culture of equity and belonging, where every student achieves ambitious levels of learning through relevant and rigorous educational experiences.

Our Beliefs

WE BELIEVE:

- That diversity is our strength
- In challenging and supporting all students
- That quality instruction is critical to students
- In elevating student voice and agency
- In investing in staff to ensure excellence
- In maximizing the impact of our resources
- In collaborative and transparent operation
- In the importance of family and community

Highlights and Learning for this Presentation

- Gain a clear understanding of Edison's Mission and Vision
- Learn how our Mission and Vision guide the school's goals and strategic direction
- Review Edison's progress and plans within the framework of the District's four Strategic Plan goals

36

Mission

Ensure high academic achievement and sociocultural competencies for all students in a dual language program.

Vision

Edison will become a fully bilingual and biliterate school of distinction, grounded in sociocultural competencies, preparing students for success in collaboration and partnership with students, staff, and families.

Goal 1

Ambitious Learning for All

OUTCOME STATEMENT:

WWPS prioritizes a districtwide culture where staff collaborate with their peers to ensure high quality instruction, analyze and respond to student learning needs, and maintain a collective sense of urgency around high achievement for all.

ACHIEVED THROUGH:

- Collective Efficacy
- A Guaranteed and Viable Curriculum ✓
- Proficient Elementary Readers

Data-Informed Supports & Interventions (DIBELS, Lectura, i-Ready, SBA, WIDA)

Strong WIN (What I Need) Program with skilled instructors and a daily WIN master schedule

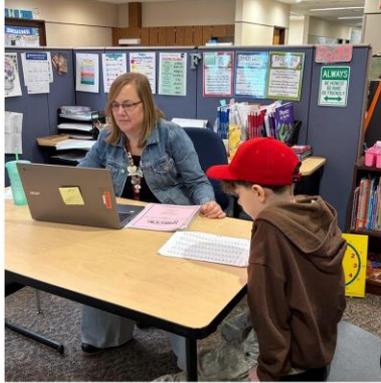

Paraprofessional Professional Development in partnership with Title and LAP teachers

“Digging Deeper with the Data” to guide instruction and supports

Program Alignment Across Dual Elementary Schools through collaboration led by Casey Monahan, Curriculum Coordinator

Small Group Instruction: WIN (What I Need)

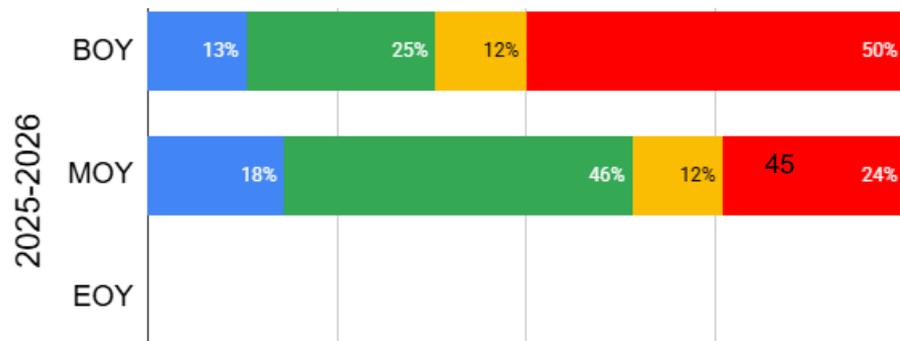

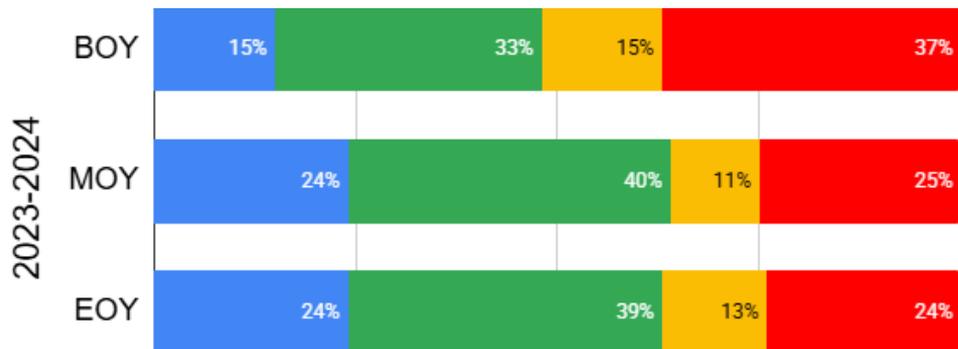

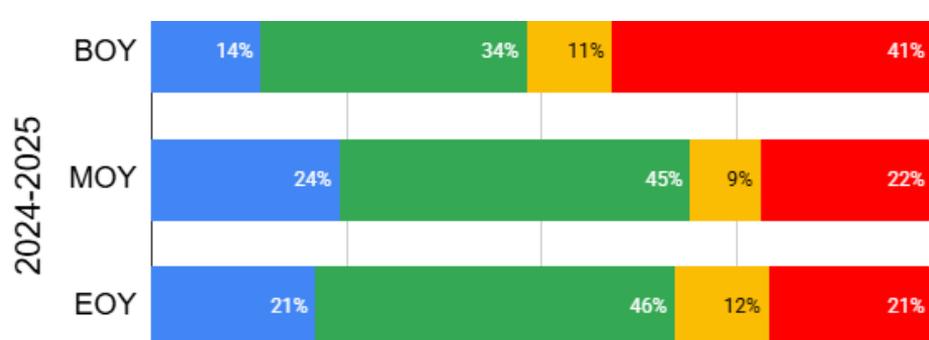

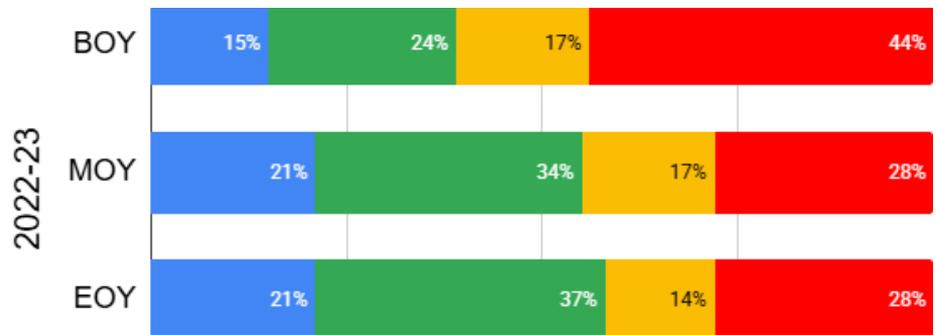

1. Data Chats with Students
2. Intervention with Research Based Curriculum
3. Teaching Spaces

Using Data to Understand Student Growth

- Focus on growth, not just proficiency
- Look beyond colors and benchmarks
- Use data to guide supports and instruction
- Composite Score is made up of 3 components in English and 6 components in Spanish.
- In order to understand growth, peeling back the layers of each component will help us identify what supports we need to put in place for each student.

Staff Activity during our Staff Meeting.

Accuracy and Fluency
Grades: 2-5

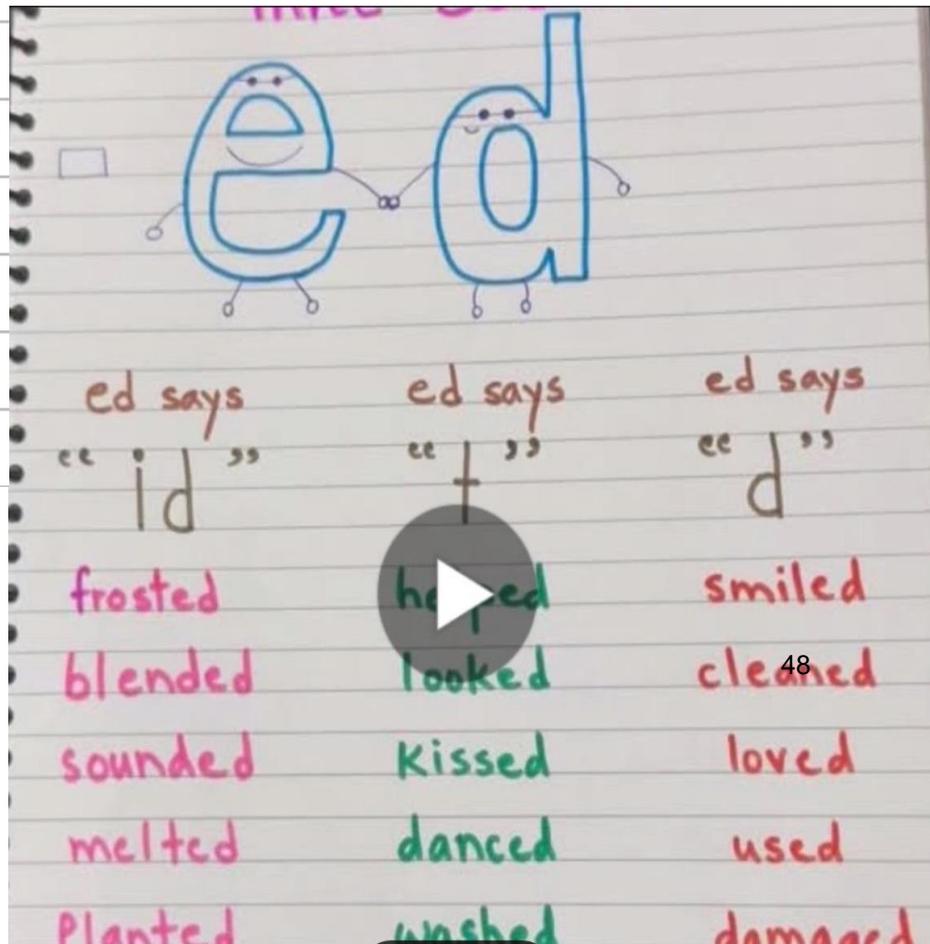

One day, Edgar and his children, Jim and Morgan, were sailing their

boat. The sea was calm and bright. Morgan, the youngest, pointed to a strange puff of gray cloud on the horizon.

As the three of them watched, the small cloud grew quickly into a mass of dark clouds that covered half the sky. Edgar jumped^{sc} up and began taking down the sail. "Help me, kids!" he shouted. "It's going to blow hard!"

Jim helped Edgar to roll up and tie down the sail, while Morgan quickly fastened safety lines to the front and back of the boat. Then Morgan

Third Grade Transition to English

Spanish Fluency

Spanish Fluency Focus

Strengthening students' Spanish reading fluency.

6-Week Targeted Intervention

After-school support for 20 students near benchmark (fluency & accuracy).

Instructional Adjustments

Teachers used PLT time to analyze data and revise WIN groups for students well below benchmark.

English Transition

Strengthening Early Literacy Instruction

In 2023–24, data showed a need for stronger early literacy and phonics skills.

Implementing UFLI in Third Grade

We are now in our second year of UFLI, strengthening foundational reading skills. Data is showing growth.

Investing in Teacher Learning

Teachers completed UFLI training and LETRS professional development.

The logo for LETRS (Language Essentials for Teachers of Reading and Spelling) features the word "LETRS" in a bold, red, serif font with a white outline, set against a white background with a subtle shadow effect.

Ideas and Thoughts

Ideas to Reduce or Eliminate Barriers

What barriers may be preventing some students from making adequate progress in Spanish reading? What actions or instructional changes can we implement to reduce or eliminate these barriers and better support student learning?

Having students read for 10 minutes in Spanish in books or text at their level. Rigby readers may work; however, we may need more text at a more accessible level (first/kinder).

Students default to English while at school.

Teachers promote Spanish at all times.

3rd grade creates a Spanish WIN time to support students or extend learning in Spanish.

Goal 2

Relevant and Rigorous Experience

OUTCOME STATEMENT:

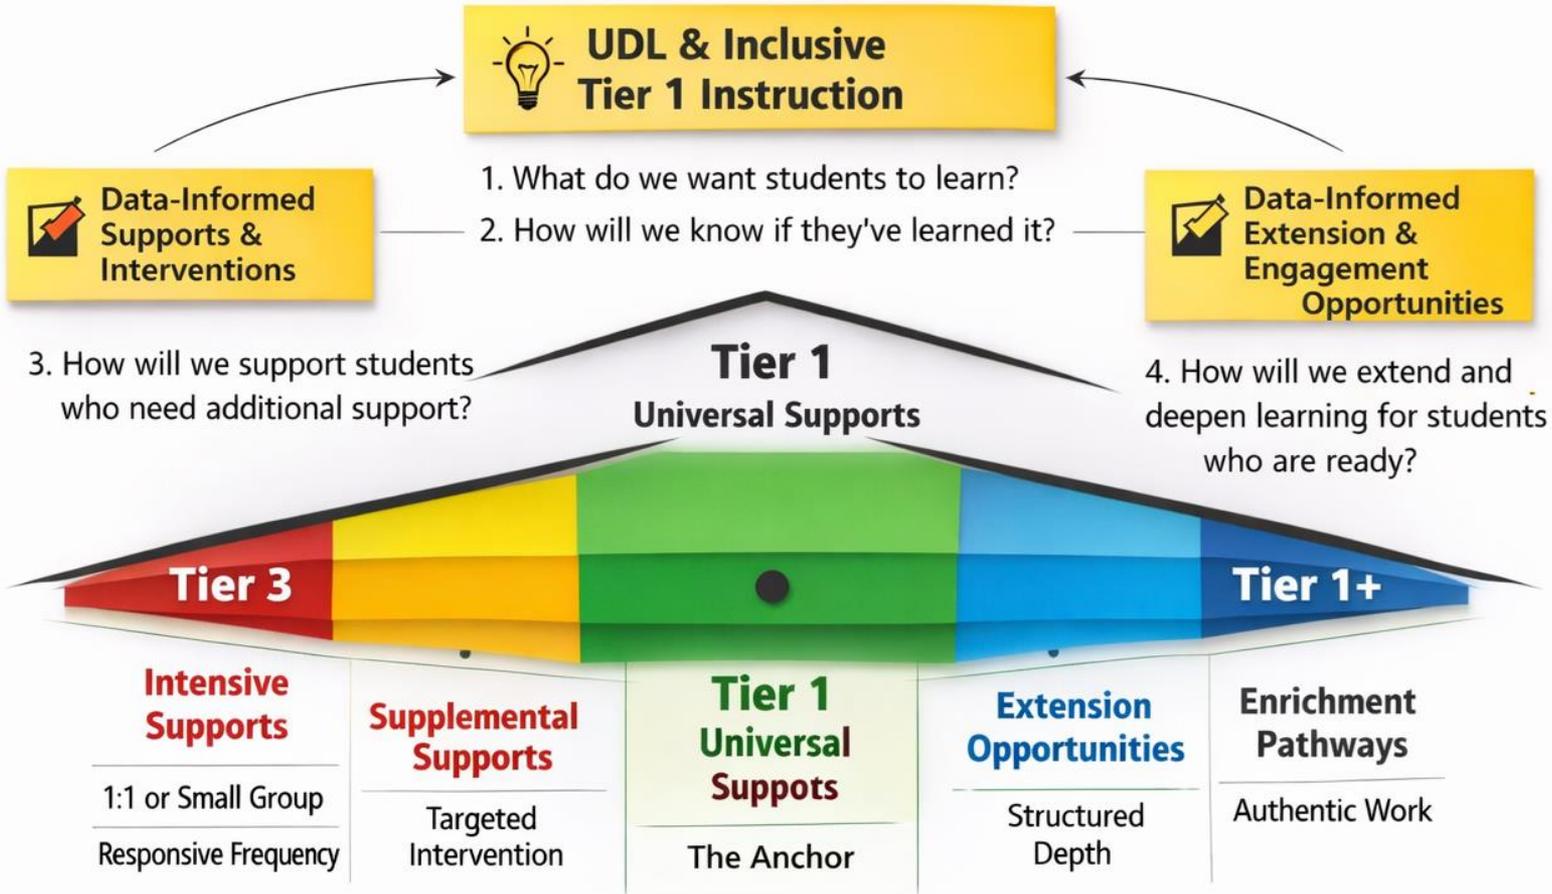

WWPS commits to ensuring all students will receive a relevant and rigorous educational experience, where every senior graduates with 21st century-skills and a post-secondary plan to enroll, enlist or attain gainful employment after high school.

ACHIEVED THROUGH:

- Post-Secondary Planning
- Access to Rigorous Curriculum and Courses ✓
- Developing 21st Century Skills

- Shared Students for WIN - Part of our Master Schedule
- Working with Shannon Harvey, to support High Achieving Students in Reading, with Independent Reading Extensions (4th & 5th) grade

Tiers describe levels of support provided.

Goal 3

Culture of Equity and Belonging

OUTCOME STATEMENT:

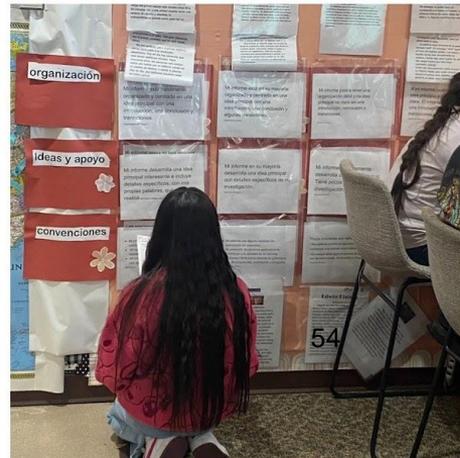

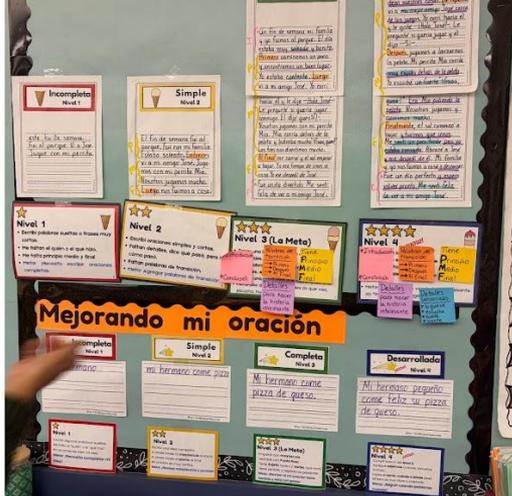

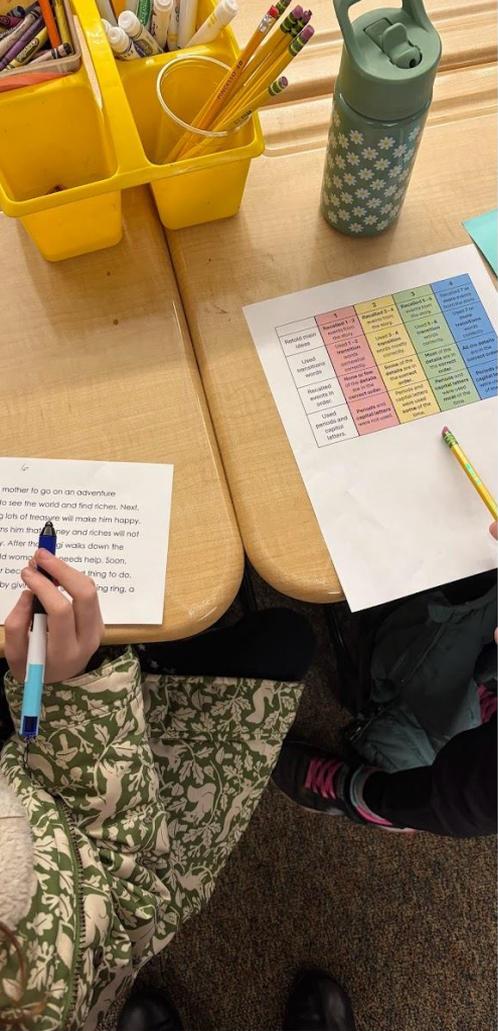

WWPS ensures an equitable educational experience where all students feel a sense of belonging and voice as they develop connections with peers and adults in a safe, supportive, inclusive and culturally responsive learning environment.

ACHIEVED THROUGH:

- A Culture of Belonging and Equity
- Implementing Inclusionary Practices ✓
- Ensuring a Culture of Support and Collective Accountability

- UDL & Inclusive Tier 1 Instruction - Guiding Coalition
- Flexible Methods and Materials: Flexible options for accessing information and processing ideas to support meaningful learning

What Is Working and What We Are Exploring

Current Strengths

- A cohesive WIN (What I Need): A system in which all teachers including specialists work collectively to analyze student data, determine interventions, and provide targeted support.
- Reading Curriculum Alignment with Green Park: Ongoing collaboration between Edison and Green Park teachers, is helping align instruction and strengthen teaching practices.

Areas for Further Exploration

- Expanding support for students performing above grade level. We are piloting new approaches and looking to continue expanding this work.
- We see a trend showing a decline in Spanish fluency reading and speaking proficiency in grades 3–5.

LEARNING ASSISTANCE PROGRAM

The district will implement a learning assistance program designed to enhance educational opportunities for students enrolled in kindergarten through twelfth grade who are not meeting academic standards by providing supplemental instruction and services to those students. “Students who are not meeting academic standards” means students with the greatest academic deficits in basic skills as identified by statewide, school, or district assessments or other performance measurement tools.

Students Affected by COVID-19 Pandemic

~~Until the expiration or termination of Proclamation 20-05 declaring a state of emergency for all counties in Washington due to COVID-19 or until September 1, 2025—whichever is later—the district will budget and expend learning assistance program funds to identify and address the academic and nonacademic needs of students resulting from and exacerbated by the COVID-19 pandemic.~~

Washington Integrated Student Supports Protocol

The district will budget and expend learning assistance program funds using the framework of the Washington integrated student supports protocol, established under RCW 28A.300.139.

The district may use up to 15% of its learning assistance program allocation to deliver academic, nonacademic, and social-emotional supports and services to students through partnerships with community-based or other out-of-school organizations in accordance with RCW 28A.300.139.

If the district enters into an agreement with a community partner in accordance with RCW 28A.300.139, the agreement must do the following:

- A. Specify that learning assistance program funds may be used only to provide direct supports and services to students;
- B. Clearly identify the academic, nonacademic, or social-emotional supports and services that will be made available to students by the community partner and how those supports and services align to the needs of the students as identified in the student-level needs assessment required by RCW 28A.300.139; and
- C. Identify the in-school supports that will be reinforced by the supports and services provided by the community partner to promote student progress towards meeting academic standards.

Coordination with Other Programs

The district may coordinate federal, state, and local programs in order to serve the maximum number of students who are below grade level in basic skills. Students receiving assistance in another special needs program may also be served in the learning assistance program if they meet student eligibility and selection requirements.

Annual Report to OSPI

The district will submit an annual report on September 30 to the Office of Superintendent of Public Instruction detailing the following:

- A. The amount of academic growth gained by students participating in the learning assistance program;
- B. The number of students who gain at least one year of academic growth;
- C. The specific practices, activities, and programs used by each school building that received learning assistance funds;
- D. The percentage of learning assistance program funding used to engage community partners, the number of students receiving direct supports and services from those community partners, and the types of supports and services that are being provided; and
- E. The number of students served by the learning assistance program during the school year who were able to exit the program because student academic growth resulted in meeting the academic standard for grade level.

COMPREHENSIVE SCHOOL COUNSELING PROGRAM

The Walla Walla Public Schools' Board of Directors recognizes that a comprehensive school counseling program is an important part of the district's total program of instruction and support for all students.

The district will create a written plan to develop a comprehensive school counseling program of tiered services in accordance with state laws and regulations, school improvement plans, ethical standards, and district policies and procedures. The district will revise its plan as necessary based on relevant data. The district will also create a transition plan that supports the long-term goal of full implementation of the written plan.

A school counselor is a professional educator who holds a valid school counselor certification as defined by the professional educator standards board. School counselors serve a vital role in the comprehensive school counseling program. Under the direction of administration, the school counselor plans, develops, organizes, and leads delivery of a comprehensive school counseling program that focuses on the academic, career, and social-emotional needs of all students. School counselors align supports with the district's vision, mission, and school improvement goals.

School counselors will spend no less than 80% of their contracted work time on direct and indirect supports to students. Direct services are in-person engagements between comprehensive school counseling program staff and students that help students improve achievement, attendance, and discipline. Examples of direct services include, but are not limited to, instruction, appraisal, advisement, and counseling. Indirect services are provided on behalf of students to enhance student achievement and promote equity and access for all students. Examples of indirect services include, but are not limited to, consultation, student advocacy, and referral.

It is the goal of the Walla Walla Public Schools' Board of Directors that the district's comprehensive school counseling program will assist every student in acquiring the knowledge, skills, and attitudes needed to become an effective student, responsible citizen, productive worker, and a lifelong learner. To that end, the district will develop and use materials, orientation programs, professional learning, and evidence-based counseling techniques that encourage participation in all available guidance and support opportunities, school programs, and courses of study, including career and vocational technical programs and employment opportunities.

The district will not deny any student the ability to participate in or benefit from its student support system based on sex, race, ethnicity, homelessness, immigration or citizenship status, creed, religion, color, national origin, honorably discharged veteran or military status, sexual orientation, gender expression or identity, the presence of any sensory, mental, or physical disability, neurodivergence, or the use of a trained dog guide or service animal, whether they take place on or off school grounds or are offered as part of the district's online or alternative learning programs.

BOARD POLICY

Policy No. 2140

Accommodating Students with Adrenal Insufficiency

Individual Health Plans

The district will develop an individual health plan for each student with adrenal insufficiency. The plan will include emergency plans, be updated at least annually, and be distributed to the appropriate staff based on the student's needs and staff level of contact with the student.

In developing the individual health plan, the district will acquire parent requests and instructions, and orders from licensed health professionals prescribing within the scope of their prescriptive authority for monitoring and treating adrenal insufficiency at school.

The district may need to provide exceptions to school policies to implement a student's individual health plan. If that's necessary, the exceptions will be described in the health plan.

The district will follow Policy 3416 and 3416P in administering adrenal insufficiency medication, including the proper storage of medical equipment and medication provided by the parent.

Parent-Designated Adults

Parents may assign a parent-designated adult to care for their student.

A parent-designated adult means an adult who is authorized by the parents of a student with adrenal insufficiency to provide care for the child consistent with the student's individual health plan, volunteers to do so, receives additional training selected by the parents, and provides care to the student consistent with their individual health plan. A parent-designated adult may be a district employee.

A parent-designated adult must complete training selected by the student's parents in the proper procedures to care for the student, including administering an emergency injection of corticosteroid during an adrenal crisis, consistent with the student's individual health plan. The training may be provided by an organization that offers training for staff caring for students with adrenal insufficiency or for caretakers of children with adrenal insufficiency.

For a district employee who isn't licensed under chapter 18.79 RCW to be a parent-designated adult, they must voluntarily file a written, current, and unexpired letter of intent stating their willingness to be a parent-designated adult. If an employee who isn't licensed under chapter 18.79 RCW chooses not to file such a letter, the employee may not be subject to reprisal or discipline for refusing to file it.

The district will collect and store legal documents for the parent-designated adult to provide care if necessary.

Immunity

The district, a district employee, or a parent-designated adult shall not be liable in any criminal action or for civil damages for providing assistance or services to a student with adrenal insufficiency under

CONSTRUCTION DESIGN

Facilities will be designed to accommodate the educational and instructional needs of the district. The professional experience and judgment of staff will be used in developing such educational specifications. The law requires that special attention be given to the accessibility ~~to~~ of the education program by students of both-all sexes and those with disabilities. The superintendent or designee will see that all construction projects comply with the requirements for accessibility to individuals with disabilities and comparability between the sexes.

After determining that a need for new or improved facilities exists, the board, with the guidance of its professional staff, will may engage in the following processes:

- A. Engage construction management services;
- B. Select an architect;
- C. Review a site evaluation including an assessment of existing facilities, if any, on the site;
- D. Develop educational specifications recognizing instructional needs and available financial resources;
- E. Review and approve a schematic design prepared by the architect, assuring that the new or remodeled facility or part of a facility is readily accessible to and usable by individuals with disabilities;
- F. Review a value engineering study and constructability review, and approve construction design including construction estimates;
- G. Call for bids; and
- H. Review and approve final construction contract.

~~The board will comply with the terms and conditions as specified in the contract between the architect and the school district.~~
