- Monday Assemblies continue to be a hit with CMS TV!
- Parent Teacher Conferences February 25 and March 1 (ZOOM/ Phone)--sent grades out to all parents by mail with directions for Canvas.

Date: Feb. 8, 2021

Strategic Plan Goal 1: Student Achievement

- Reading Sufficiency Plans are being created for all kindergarten students who are scoring below benchmark on the STAR Early Literacy Test. These plans are a State Department requirement. Teachers are contacting parents to explain the Reading Plan and interventions.

Strategic Plan Goal 2: Curriculum and Instruction

- Nance celebrated 100th Day on February 5th. The traditional assembly was changed to a virtual model. Class posters decorated the halls and students counted objects by fives, tens, and ones. 10 sets of 10 balloons decorated the library.

Strategic Plan Goal 3: Personnel

- On the February 1st Virtual Day, the Nance staff was involved in staff development and/or best practice reviews. Topics addressed included:
 - Assistants and Paraprofessionals--10 Tips on Being an Effective Assistant
 - Classroom Teachers-Best Practices-Case Study on Classroom Management
 - Specialized teachers-Evaluating safety plans and drills

Strategic Plan Goal 4: Community School Engagement

- Parent Teacher Conferences will be held on February 16-19. Conferences will be in person with restrictions, by phone, or on zoom.

SOUTHWEST

Elementary

Reading Sufficiency Act numbers from the beginning of the year and at the semester break.

2nd grade

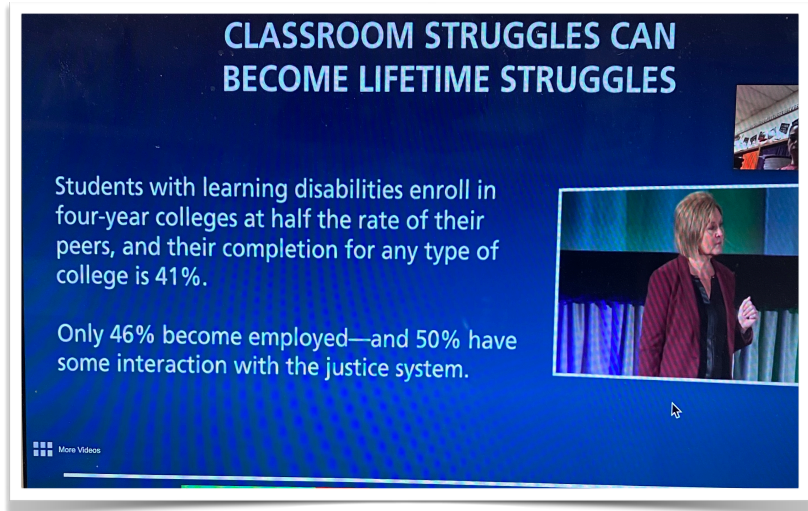

76 students (45.5%) started the year on an Academic Progress Plan (APP). At mid year 51 students (29.3%) would still be on an APP.

3rd grade

55 students (39.8%) started the year on an Academic Progress Plan (APP). At mid year 40 students (29%) would still be on an APP. 50 students (36.8%) have already met the screener benchmark to be promoted to 4th grade.

4th grade

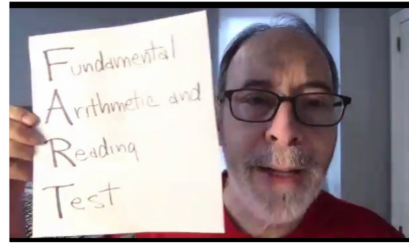

40 students (31%) started the year on an Academic Progress Plan (APP). At mid year 26 students (19.6%) would still be on an APP

We spent much of Monday, February 1st discussing expectations for students on IEPs, our current RTI model (response to intervention), and what it currently looks like at Southwest. Thanks to our Global PD subscription, we are able to access quality Solution Tree PD. The purpose of the Monday PD was to:

1. Reflect on our understanding of expectations for ALL students, and to develop a common language to understand the RTI tiers.
2. Start discussing actions moving forward for our school RTI model. We discussed things that can impact us positively now and also made a list of things we can utilize to impact us going into next year.

The biggest takeaway for the day for staff was in order for us to become more effective and efficient at moving kids to achieve academically, we have to improve our lines of communication between classrooms teachers, SPED staff, and Reading Coaches.

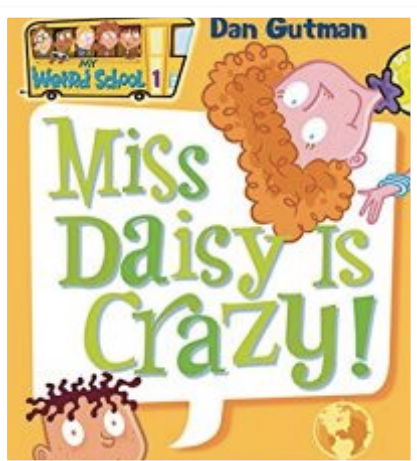

Author Dan Gutman zoomed in with our students on January 13th. He was in his apartment across from Central Park in New York City. Gutman is famous for his My Weird School book series. During the zoom he read a chapter from his next My Weird School book, he took the time to tell our kids about the writing process and even game them a list of 8 tips to use to write a story or a book, and he answered a few questions from students and staff. It was a fun learning experience and we are thankful that Mrs. Stephens set it up for us.

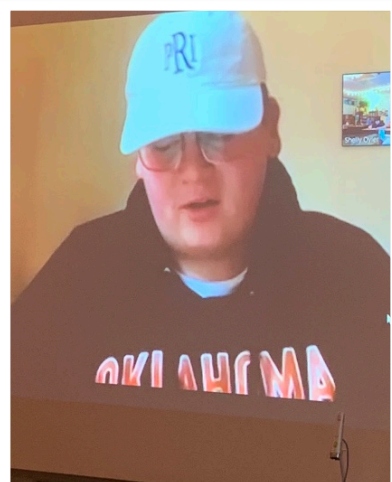

World Read Aloud Day 2021

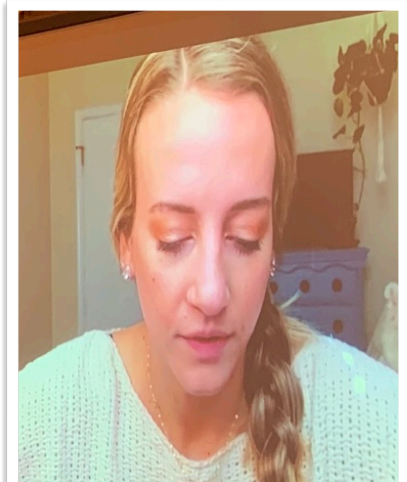

On February 3rd Southwest Elementary joined “millions around the world as we celebrate the power of reading aloud...” for **World Read Aloud Day**. Mr. McPhail was one of 25 guests that took time to celebrate the day by reading aloud to our students. Most of our guests zoomed in for the read aloud time, but a few of our guest, CPS faculty and staff, were able to join the classes in person.

To whom it may concern

This letter is to give my official two weeks notice of my official resignation from Clinton Public Schools. My final day as a computer technician will be on February the 8th.

I am extremely grateful and appreciative for the opportunity given by Clinton Schools. I'm thankful for the time and commitment the school system has shown me in helping in developing my skills and experience as an information technology specialist.

I intend to continue to provide the same high quality work from now until my last day of unemployment. If there is anything you need me to do during this transition time, please let me now.

Sincerely,

Mr. Bridges and Clinton Public Schools Board Members,

CC: Adam McPhail, Chad Pugh, Michelle Sorter

CC: Oklahoma Careertech Dept. - MBITE Division, Carrie Demuth

Dear Mr. Bridges,

I didn't know a person could celebrate and be sad at the same time. My retirement is something I have looked forward to for many years, but I didn't expect to be writing this letter this soon.

Clinton Public Schools is absolutely my greatest honor and pride to be part of an amazing staff member for 20 years. The teachers in the Clinton High School are the hardest working, most caring and smartest people I have ever had the pleasure to work with. Clinton Public Schools have exceptional leaders to me, and the knowledge I have gained from all is unprecedented.

I just don't have the words to tell you how important Clinton Public Schools is to me. The friendships in the district, school and in the community have overwhelmed me. Of everything I know, I can tell you the hardest part of retirement will be missing the students. The students are so important to me, and I will miss their faces, their stories, their concerns and their celebrations. Thank you so much for trusting me to be a part of their lives for the past 20 years.

So, with sadness, I am notifying you of my intended retirement for the end of the 2020-21 school year, my last day being May 21, 2021. Thank you so much for your support and may God bless each of you and Clinton Public Schools.

Sincerely,

Hoi Geswender
Teacher, Clinton High School

Legislation to Watch

- **School board recall**
 - SB210: allows a member of a school district board of education to be removed from office by a recall petition that demands removal of the member and election of a successor. The measure requires the petition to be signed by at least 51% of the qualified electors of the school board district based on the votes cast at the last school board district election and requires a board of education to fix the date of the election within 10 days of receiving the petition. Additionally, the measure allows the incumbent member sought to be removed to be a candidate and states that if no candidates file, the incumbent member continues to serve. If someone other than the incumbent is elected, the successor is to take office within 10 days and serve the remainder of the unexpired term.

Legislation to Watch

- **Transfer students**

- SB783: The measure directs capacity of a class for each grade level to be determined by dividing the total ADA for each grade level in each tier by the corresponding number of full-time instructional staff assigned to each grade level in each tier. Additionally, the measure requires each school district by March 1, 2022, and each March 1 thereafter to post on its website the capacity for each grade level for the ensuing school year as well as the number of transfers a district can accept before reaching capacity. It directs each school district board of education to adopt an open transfer policy that includes the capacity for each grade level for the ensuing school year. It allows the policy to include certain discipline issues and a history of absences as reasons for denial of a transfer.

Legislation to Watch

- **Funding formula**
 - HB2078/HB2241/HB2437/HB2571/HB2575/ (shell bills): “Oklahoma School Funding Reform Act of 2021”
 - Main desire is to change the 3-year high calculation for schools

- **Digital wallet/voucher program**
 - SB386: The bill would create a new program called the Digital Wallet Act, which could be a mechanism to create private school vouchers. The governor would oversee the program, which would award grants for "educational supplies, tutoring, technology needs or other educational expenses."

Take it from our Satisfied Customers...

"The lighting products Oklahoma LED provided us are amazing. Everyone has commented about how much brighter our facilities are now. They came back after one year to verify the actual savings versus the proposed savings. They were able to prove from two years of 'electric' bills the exact cost of our lighting before and after LED. I was amazed that the actual numbers matched the projected savings in the original proposal."

Rick Loggins (Barnsdall Schools Superintendent)

"Oklahoma LED exceeded my expectations throughout the entire process...The before and after lighting difference is night and day"

Doug Brown (Idabel Schools Superintendent)

"Because of Oklahoma LED's expertise and knowledge, we received a much higher rebate than expected. The decision was a no-brainer"

Leon Ashlock (Nowata Schools Superintendent)

"The proposal and analysis were based entirely on facts and basic math, which made this an easy decision for our Board"

Kevin Stacy, (Oklahoma Union Superintendent)

"...We saved more than what they calculated ...I would recommend them anytime..."

Dave Ortenburger (Manager-Newmark Grubb Levy Strange Beffort)

"The LED lights look amazing! We crunched the numbers about 6 months after installation and everything including the energy savings turned out exactly the way Oklahoma LED proposed"

Roddy Russo, (Co-Owner Spectrum Paint)

"Oklahoma LED provided the products to convert our business to LED lighting and we save approximately \$400 per month on our lighting energy cost, which is the same monthly savings amount they quoted. It's been over a year and we have not changed a ballast or bulb."

Wayne Bolin, (Owner Sahoma Lanes Bowling Center)

Clinton Public Schools Executive Summary

Oklahoma LED provides exceptional cost saving opportunities throughout the mid-west to both public and private entities. Established in 2012, we are an Oklahoma locally owned Electrical Contractor dedicated to commercial & institutional LED energy savings. We deliver LED solutions that shorten our customer's Return on Investments (ROI) through lighting energy savings and maximized cash rebates offered by local utility providers. We have earned a 100% client satisfaction rating by successfully delivering the cash savings identified in our proposals as well as ensuring our customers receive the highest rebates available.

We are excited to deliver this proposal as we believe you will significantly reduce your monthly energy spend. This proposal includes a Savings Comparison and an LED Product Plan which details and contrasts your current lighting, wattage use, and current energy and maintenance costs with our proposed LED products. The Savings Comparison reflects your current usage and the significant wattage decrease LED delivers. We have also calculated your projected rebate that is offered by your local utility of the proposed LED products. A snapshot summary of your savings is displayed in two bar graphs for your quick reference. All reported energy statistics, costs, savings and rebate, except for your hours of operation and maintenance costs (which were supplied directly by you), are fact based and obtained directly from the local utility company and the Department of Energy.

Below is a summary of the estimated Cost & Savings from the proposed LED Conversion:

- Total lighting investment with install: \$192,042
- Projected Energy Company rebate: \$24,156
- Net investment after rebate: \$167,886
- Annual estimated savings from reduced energy usage: \$27,888
- Total lighting energy savings: 65%
- Estimated ROI in years: 6.0
- Projected 10-year savings (including rebate): \$303,036

The enclosed LED Conversion product provided by Oklahoma LED and is segregated for Clinton Public Schools, including these areas: buildings and locations listed in scope of work only (last section of LED proposal).

We realize this is a significant investment in the Clinton Public Schools. If you prefer a “Zero Cash Outflow” structure, we can recommend a financing partner. These financing options cover the entire LED Conversion Plan costs without affecting your current budget. Clinton Public Schools benefits the first month following the conversion with reduced lighting energy and generates an estimated \$-2/month additional cash flow during the finance period. At loan term, this number jumps to \$2,324/month additional cash flow for many years thereafter.

This proposal also includes a Purchase Order which is required to be executed before we can order products. Once executed, we will require 75% of the total Purchase Order upon product arrival. We look forward to helping you save energy dollars in the upcoming year.

Customer Acceptance

Client hereby agrees to purchase, for delivery and installation by Oklahoma LED, the lighting products and materials (collectively, the Lights) outlined in the Oklahoma LED Proposal and summarized on the attached Conversion Schedule (the "Project"), and to pay Oklahoma LED the "Project Total Price" shown below, provided that, in the event Oklahoma LED's cost of the Lights increases, for any reason, between the date of Oklahoma LED's Proposal to Client and the date the Lights are ordered for Client, Oklahoma LED is authorized to either submit and obtain a change/add order from Client for the cost increase or to cancel the Project and this Purchase Agreement. Additionally, in the event that Oklahoma LED is unable, for any reason, to obtain timely delivery of all or part of the Lights, Oklahoma LED is authorized to cancel the Project and this Purchase Agreement. Upon cancellation by Oklahoma LED, the parties shall have no obligations to one another. Otherwise, this Purchase Agreement is a non-cancellable agreement. Client confirms that this purchase is limited to the Client's facilities and the Lights included in the Oklahoma LED Proposal. Any additional or different facilities, areas or rooms are excluded from this purchase.

Upon Oklahoma LED receiving the Lights, Client agrees to pay Oklahoma LED a sum equal to 75% of the Project Total Price shown on this Purchase Agreement, subject to the above-referenced price adjustment. Upon substantial completion^[1] of the installation of the Lights, Client agrees to pay Oklahoma LED the balance remaining due on the Total Purchase Price, as adjusted, for the Lights. All invoices are due and payable upon receipt.

All electrical work will be performed by a licensed electrical contractor in conformance with the requirements of the state governing authority. Client's existing lighting fixtures and electrical wiring are represented by Client to be in proper working order and in compliance with current codes. In the event that this is not the case, Client agrees to pay Oklahoma LED for all additional electrical or design work and all additional equipment and fixtures necessary to perform lighting retrofit/replacement per a detailed supplemental change/add order, including a price adjustment, from Oklahoma LED which shall be submitted to Client before Oklahoma LED commences the additional work. Installation of the Lights will be performed during both "regular/open hours" and "after hours," as requested by Client, and Client will provide necessary access to Client's buildings to facilitate the Project. Client agrees to hold Oklahoma LED "harmless" for any delays in installation due to accidents, strikes, supply chain disruptions, trade disruption, transportation breakdowns, production access, civil authority actions, political unrest, travel restrictions, weather, pandemics, diseases, disasters, Acts of God or any other delays beyond the control of Oklahoma LED. Oklahoma LED is authorized, in its sole discretion, to perform the installation using functionally equivalent lighting products and materials other than those specified in the Oklahoma LED Proposal and summarized on the attached Conversion Schedule.

Client understands the Lights will be delivered to Oklahoma LED's warehouse for storage until installation. Until Oklahoma LED is fully paid the (adjusted) Total Purchase Price for all of the Lights, the Lights shall remain the property of Oklahoma LED and Client authorizes Oklahoma LED to remove the Lights in the event of non-payment therefore. Oklahoma LED will fully insure the Lights while the Lights are stored at Oklahoma LED's facilities or are in transit to Client's facility. Once lighting products and materials are delivered to Client's facility, Client will bear the sole risk of loss for the same.

Client understands that the rebate amount disclosed herein is a "projected rebate" amount based on the local power company's pre-authorization calculations and may not equal the actual final "approved rebate" amount. Client agrees to hold Oklahoma LED harmless from any liability to Client for the difference between the projected rebate amount and the approved rebate amount.

The Lights are covered by the product warranty provided by the manufacturer and shown on product specification sheets distributed to Client. Any lighting product installed in the attached scope of work that fails during manufacturer's warranty period due to manufacturer's defect will be covered by manufacturer's warranty. No other expressed/implied warranties given.

Commitment to Excellence

01/25/2021

Mr. Bridges and Board of Education,

I would like to recommend Joshua McGuire for the position of full time I.T. Assistant/Technician at a rate of \$11.55 an hour. This will be effective February 8th, 2021. Joshua is currently working on a degree in Computer Science at SWOSU and is currently working part-time for the school. He also has experience in coding as well as customer service which will help our tech team greatly.

Sincerely,

A handwritten signature in black ink that reads "JG Stratton".
