Elementary Summer Events Recap

A variety of programs and activities took place across the elementary buildings throughout the summer, offering students valuable learning experiences and fun opportunities to connect with peers and staff.

Elementary Summer School

Bennington Elementary and Stratford Elementary served as host sites for this year's summer school, which ran from June 2 through June 20. Bennington staff worked with students to support academic growth and maintain important skills in reading and math.

Camp Invention

Camp Invention was held at Pine Creek Elementary and led by Jessica Ehlers alongside a team of Bennington teachers. Students participated in a week of creative, hands-on STEM activities designed to spark curiosity and innovation.

College4Kids

Anchor Pointe Elementary hosted *College4Kids* in partnership with Metropolitan Community College. Students enrolled in enrichment courses based on their personal interests during this July program.

Kindergarten Round-Up

All elementary buildings held Kindergarten Round-Up sessions on July 31 and August 1. Incoming kindergarteners had the opportunity to spend time in classrooms, meet their teachers, and participate in interactive rotations. These early experiences helped build excitement and confidence for the upcoming school year.

Elementary Back to School Nights

Each elementary school will host a Back to School Night on Tuesday, August 12, from 5:00–6:00 p.m. This come-and-go event gives students the chance to meet their teacher, drop off school supplies, locate their locker, connect with classmates, and more. To help kick off the school year, the Bennington Public Schools Foundation will provide free Kona Ice to all Bennington students and their families at each elementary building site.

Middle School News

Jumpstart

Jumpstart was held at both BMS and BSMS on Monday, July 28th. It provided our incoming 6th graders and any 7th or 8th grade students new to the district an opportunity to become familiar with the building and meet some of our staff.

BMS had 125 students attend Jumpstart, and BSMS had 165 students sign up for Jumpstart. Truly, it was a positive experience for both students and staff who attended!

Verification/Schedule Pick-Up

Verification/Schedule Pickup took place on Monday, August 4th from 8:00am to 6pm at both middle schools. BMS had 295 register for Verification, and BSMS had 393 students sign up. Many of the students and families who attended took the opportunity to walk their schedules, practice opening their lockers, and meet some of their teachers

We appreciate all of the students, parents, and staff members who took time out of their days to attend Jumpstart and Student Verification Day.

TIP Grants

June and July provided staff members the opportunity to collaborate and work on curriculum and innovative projects. We appreciate the support the TIP Grants provided our staff for the betterment of our students' learning and overall school experience! A huge thank you to our staff members for all they accomplished!

2025 AP Score Report Summary

Over the past year, the Advanced Placement (AP) courses at BHS have worked diligently in helping students grow academically and individually. AP gives students the chance to tackle college-level work through College Board and earn college credit at a wide range of colleges and universities. These courses not only prepare students for college, but they also boost their GPA in high school and help students save time and money in college. BHS offers 13 AP courses for students to take either junior or senior year: Chemistry, Biology, English Literature & Composition, Spanish, French, Precalculus, Calculus, Government, U.S. History, Statistics, English Language & Composition, Human Geography, and Computer Science.

Exams

AP Exams were taken during the first two weeks of May at BHS with sessions held in the morning and the afternoon. 230 AP Exams were taken by students in the 2024 – 2025 school year.

Achievement

Ten of the 13 courses offered for AP at BHS scored above state average in 2024-25. AP Government, Precalculus, Literature and Composition, and Calculus all reached a mean score of a 4 or above with at least 10 students taking the AP exam for the course. All 13 courses averaged a mean score of 3.69 (the cumulative average was 3.41 in 2024).

Course	# of Students	Mean Score	% earning a 3 or higher	STATE AVG
Biology**	21	3.38	81%	3.12
Calculus	29	4.34	97%	3.02
Chemistry	X	3.83	100%	3.14
Computer Science	X	2.50	50%	3.31

English Lit and Comp.	16	4.13	100%	3.26
French	X	2.80	60%	2.56
Human Geography**	10	3.10	70%	3.12
Spanish	X	5.00	100%	3.41
Statistics**	X	3.17	83%	2.86

Course	# of Students	Mean Score	% earning a 3 or higher	STATE AVG
U.S. History**	30	3.20	70%	3.51
Precalculus	49	4.51	100%	3.27
Government**	11	4.18	91%	3.11
Total	230	3.69	89%	3.14

Opportunities for Growth

BHS added Precalculus and Government for the 2024-25 school year. We hope to have 250 more tests taken in the 2025-26 school year and maintain a 3.0 cumulative average across the board for all completed AP exams. 2025-26 will be the first year we have two teachers assigned to the same AP course – United States History. The Eastern Midlands Conference is exploring opportunities to provide AP teachers with a Summer Summit in 2025-26. The Summit would allow teachers to collaborate with one another regarding experiences, data, best practices, and curriculum. In most cases at BHS, the teacher assigned (qualified) to teach the course is the only instructor on staff so collaboration and professional development is limited outside of the College Board and AP Institutes.

Summer BPS TIP Grant Work Update

- **Transition:** The team met to identify and develop tools to support special education teachers in delivering effective Nebraska school-based transition services. These tools are designed to enhance alignment with state expectations and ensure consistent application across the district. Next steps include rolling out the tool to special education case managers that work with students that are or will be age 14 in their next IEP year..
- **Student Support Team (SST):** District-wide SST procedures were reviewed to strengthen alignment and supports across buildings and grade levels. This work also focused on refining SST Chair roles and responsibilities. SST Chairs will communicate updated procedures and role description at their buildings during back to school inservice.
- **Resource Weighting:** A weighting rubric was developed that utilizes IEP data to determine staffing needs based on caseload complexity. The new caseload rubric accounts for multiple service areas and student needs while removing subjective measures. A rollout plan was established, including a timeline for future use of the rubric to guide staffing decisions and potential triggers for special education positions.
- **Intervention:** The Intervention Matrix committee met for two days this summer to complete a comprehensive inventory and vetting process of evidence-based interventions across ELA, mathematics, and behavioral skills. The team developed a system for vetting interventions to ensure that they meet district criteria, reviewed more than 80 interventions, and created matrices to outline district-approved interventions in all areas. The team also developed guidelines for ongoing intervention selection and planned for roll-out of the matrices to staff in the fall. This team will continue work during the school year as the district-level MTSS committee.
- **Alternate Curriculum Core Team:** The Alternate Curriculum Core Team met for one day this summer to develop guidance tools to support placement and programming decisions for students who participate in alternate curriculum and life skills programs. The team developed curriculum continuums for all levels (elementary, middle, and high), planned for early parent communication and engagement, and began work on a shared resources site for all district special education teachers to utilize and contribute to.
- **Executive Function Work Group:** The Executive Function Work Group met for one day this summer to develop district resources in the area of executive function skills. The team researched available literature on executive function skills development, adopted a development chart to support teacher understanding of executive function skills progression, and developed a shared resources site to provide instructional support across multiple areas of executive function skills.

Bennington Public Schools Board Report
Matt Blomenkamp
Assistant Superintendent of Operations

To: Board of Education

Date: August 11, 2025, Board Meeting

I had the opportunity to meet this past month with each of the five presidents of our Youth Sports Organizations. We will continue to foster our relationship with youth football, youth baseball/softball, youth wrestling, youth basketball, and youth soccer programs at Bennington. As their organizations have grown, the need for more field, wrestling, and gym space continues to be requested. We have expanded our outside opportunities for our soccer programs to the east of Anchor Pointe and the east of Stratford Elementary. As we continue to grow, providing space for your younger athletes to practice at and in our facilities is a priority of the district.

Dr. Thoendel, Mr. Feeney, Mrs. Panning and I welcomed 36 new teachers to our New Staff District Orientation this past Wednesday. New staff had opportunities to learn about the district, grading and curriculum, student services, NebSIS, our instructional model, and TalentED. They also had the opportunity to meet their mentor for the 2025-26 school year, where they spent time exploring curriculum, going over their orientation checklist, and working in their classrooms.

Bennington welcomes six (6) student teachers to the district this fall. Students from Wayne State, Kearney, UNL, Chadron State, Rockhurst, and UNO will work with classroom teachers at Anchor Pointe, Stratford Elementary, Bennington North Middle School, Heritage Elementary, and Bennington Elementary, in the areas of elementary education, middle level education, and speech language.

Substitutes:

Bennington Public Schools is beginning the 2025-26 school year with 174 substitute teachers on the list, which is up from 171 we started the school year with last August.

Staffing:

Certificated teaching staff is 99% filled to begin the 2025-26 school year. We have filled 358 of 359 teaching positions. We currently have the following certificated position open:

- High School Science

Classified staff is 89.2% filled to begin the 2025-26 school year. We have filled 173 of our 194 approved classified staff positions. Last year at this time we were 84.3% filled.

August 2025

HS #2 Update:

Things are moving along nicely on the second high school project. BELOW is a quick update on various items:

- Mass Site Grading – The site grading is approximately 20-25% completed and is expected to be finished by the middle of October. Ruff Grading has experienced heavy rains throughout the summer, but they are confident they can complete the work in time for footings by mid-fall.
- Tennis Courts – The tennis court construction at Bennington High School is approximately 25% completed. The grading is done, and the post-tension courts are scheduled to be installed on August 15th. The biggest hurdle for this project is getting the concrete poured and cured for 30 days prior to applying the tennis court surface. When the surface is applied, we need 48 hours with temperatures above 50 degrees. We are pushing to move this project forward as quickly as possible to meet that temperature requirement without issues.
- Drawings – The architectural drawings are approximately 25% completed at this time. DLR is continuing to work on finalizing them to 70% by early September and 100% by early October.
- Platting and Certification – The Douglas County Planning Commission approved the site drawings and gave final approval for the building, pending a few additional considerations. Once the final drawings are completed, they will be submitted to the Douglas County Commissioners/City of Omaha for final approval. This must be completed prior to pouring footings.
- Core Team – The district will be engaging a Core Team to assist with several topics this school year, including selecting school colors and a mascot.

As you can see, we have several balls in the air related to the second high school project. We are excited about the progress and will continue dedicating significant time and energy to this important work.

Start of Year Items:

The beginning of the school year is always a time filled with both excitement and anticipation. We already have several activities underway that are bringing students and staff back into our buildings ahead of the August 13th start date. A few highlights:

- Fall sports practices began on Monday, August 11. The first contests for softball and golf are scheduled for Thursday, August 21, with volleyball, football, and cross country beginning competition on Thursday, August 28. In addition, our band, color guard, dance team, and cheerleaders have been working hard in preparation for the year ahead.
- Educational teacher boot camps were held throughout the week of July 28, providing valuable opportunities for learning and collaboration.
- Dr. Thoendel, Mr. Feeney, Mrs. Panning, Mr. Uchtman, and Mrs. White have been diligently coordinating professional development opportunities to ensure our staff is well-prepared for a successful school year.

NASB Area Membership Meeting

The 2025 NASB Area Membership meeting is scheduled for Tuesday, September 9th in Omaha with a site yet to be announced. This evening provides an overview of NASB happenings and a few breakout sessions for professional development.

2025-26 Budget Approval Process

The 2025-26 budget season is in full swing and can be a little confusing with all of the different meetings and mandates. BELOW is a schedule on what can be expected throughout the next six weeks:

- August 20th – Valuations are Received from the County Assessor
- September 5th – Must inform county about intent to participate in Joint Public Hearing if over 2.0% increase plus growth in tax-asking
 - If over 2.0% increase plus growth in tax-asking
 - Submit seven-point document by to county clerk
 - An elected official must participate in Joint Public Hearing with other political subdivisions exceeding 2.0%

Activity Trips

- Will continue coordinate between two middle schools and BHS on away contests
 - Need for creativity and flexibility
 - Will need to evaluate activity pay rate.
- Added a second suburban and a new transit van to the fleet to help with activities between the three schools

Technology and Vehicle Maintenance

- Creating 250 new bus passes for students. We will have these ready for back to school nights.
- All tablets and 2 way radios were tested and are operational.
- Traversa software has performed really well with all the road closures and re-routes over the past few years.
- Vehicle maintenance will play a critical role in our success this year as nearly every bus we own will be operated daily.
- Annual and 80 Day vehicle inspections are all complete.
- Drivers are now required to complete a post trip inspection.

Future Planning - Recommendations

- Potential solutions to staffing issues:
 - Consideration of staggering start and dismissal times by 45-50 minutes
 - This would make each route a split route and nearly double the capacity each driver could transport daily. Split routes could potentially make the drivers full-time with benefits depending on school schedules and hours worked.
- Potential solutions to activity transportation issues:
 - Explore having more contests on Wednesdays
- Potential solutions to mechanic issues:
 - BPS could explore a full time mechanic to maintain our growing fleet.
 - Spent \$44,995 in vehicle repairs this summer.

Funding for the book incentive program was generously provided by the Bennington Public Schools Foundation. BPS Elementary Summer School would like to thank the Foundation for their continued support.

Curriculum and Assessment

BPS Elementary Summer School uses a referral form filled out by the students' homeroom teacher to collect data. The referral form contains several data points that include:

- IRIP Status
- MAP/NSCAS Data
- mClass Dibels Results
- Teacher recommendations for areas of improvement

Summer school staff then uses this data to make decisions about lessons, individualization, and additional supports. During summer school, grade-level appropriate pre and post tests are administered to collect data and measure growth.

THEME

LIGHTS, CAMERA, INFLUENCE

This summer's theme was all about channeling the power of influencers to engage students in fun, meaningful learning. Middle schoolers are already familiar with social media culture, so we used that interest to hook them into academic content and personal growth.

#ENGAGEMENT

Students completed many hands on activities including: geometry tiles, whodunnit investigations, scavenger hunts, and more!

#SHOWCASE

Students had a bake-off using their fraction knowledge, shared their claim and evidence posters, podcasts, and fact vs. fake posters. Students shared these items with community members before enjoying their Kona Ice!

140 students from BMS & BSMS were invited to participate

47 students were signed up for summer school at the start of the summer

40 students attended, increase of 1 student from 2024 year.

Approximately 43% of students attending had an IEP

CURRICULUM AND ACHIEVEMENT

#MATERIAL TAUGHT

NSCAS scores were analyzed to determine the main concepts students need going into their next school year. This drove instruction to focus on these concepts and assist in creating the pre and post tests.

Reading: Main Idea and Details, Theme, Text Features, Reputable Sources

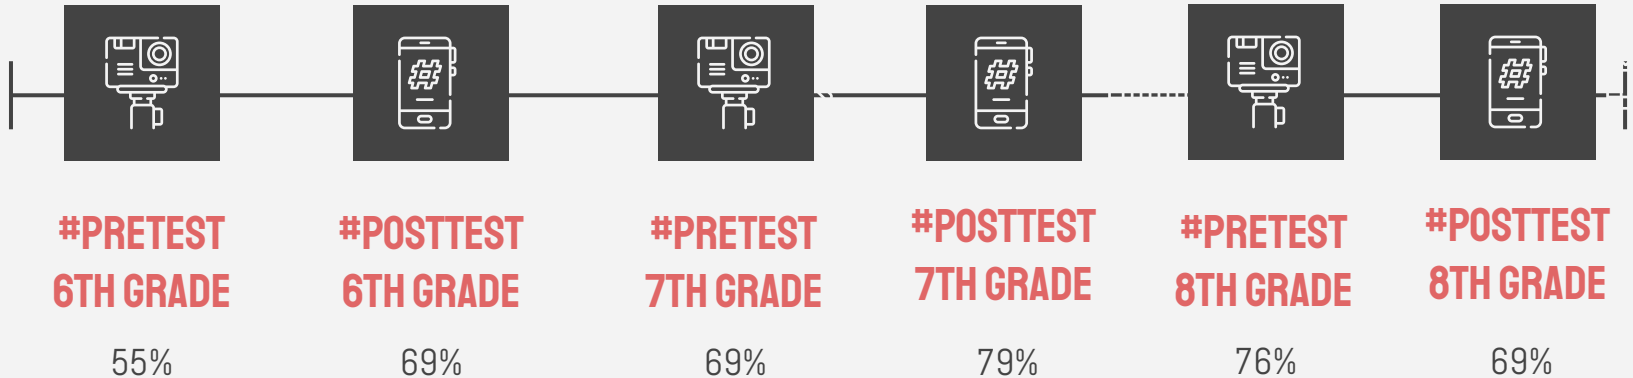

English: Claim and Evidence

Attendance

- ❖ Students are accounted for by minutes in the classroom.
- ❖ If a student arrived late or left early, those minutes absent counted against their allotted time missed (600 minutes = 3.3 sessions).
- ❖ Over the course of the entire summer, students are dropped due to poor attendance.
- ❖ When a student completes the course they are dismissed for the summer & the remaining days do not count against them.
- ❖ Overall attendance rate = 91%

Enrollment Information

- ❖ Summer school numbers were lower than the last couple of years. This was due to increasing advisory minutes (intervention time) during the school day two times per week as well as offering credit recovery during the school year. Our failure rate was 2% (7.6% in 2024) at the end of second semester 2025.
- ❖ Core classes and graduation requirements are the focus and account for the majority of the courses. Algebra and English 9 are taught with direct instruction using BHS curriculum and resources.
- ❖ Any student who was in need of credit was given enrollment information in April. Parents were sent an email with the information, dates, and summer sessions.

Enrollment Information Continued

- ❖ Summer school is only available to students currently enrolled at BHS or students who have accepted enrollment papers on file.
- ❖ Mr. Bobolz accepted late registrations from families based on availability in each session. Mrs. Holt coordinated students moving from Algebra/English 9 to credit recovery or students wanting to double-up in AM/PM sessions.
- ❖ Student progress for credit recovery is tracked through the APEX program by the supervisors. Parents are informed when their child completes a class and/or if the student is adding a second course.

Staff and Supports

❖ Summer school staff

- Mrs. Erin Holt, Mrs. Carrie Laughlin, Mr. Nick Ludwig, Mrs. Bailey Hilfiker, and Mrs. Rachel Zebolsky
- Mrs. Laura McGrew, Mrs. Traci Remington, Mrs. Bethany Stacy, and Mrs. Amber Johnson

- Paraprofessional = Mrs. Karen Hohman

❖ 43% of students participating in summer school have active IEPs ranging from behavior, to reading, to math calculations.

- The additional support staff available allowed BHS to accommodate the needs of students and provided staff with the ability to work individually or in small groups with struggling students.

❖ All lessons, instruction, and work completion were done in person.

Credit Deficient

- ❖ Students who still have credits to recover have a couple of options:

- ❖ Credit Deficient Students are defined as the following (50 credits needed to graduate):
 - Seniors - 35 or fewer credits.
 - Juniors - 22 or fewer credits.

4.1 Indemnification

- 4.1.a If Licensee notifies Company in writing and gives Company sole control over the defense and all related settlement negotiations, Company will defend, hold harmless and indemnify Licensee against any damages finally awarded or amounts paid in settlement as a result of any claim or threat of claim brought by a third party against Licensee to the extent the claim or threat of claim is based on an allegation that: (i) Edupoint Products which Licensee has licensed from Company infringes any U.S. patent, copyright, trademark, trade secret or other proprietary right of a third party, or (ii) defective Edupoint Products directly caused death or personal injury; provided that Licensee did not alter, modify, or otherwise change the Edupoint Products that gave rise to such claim or (iii) any Company breach of Section 9.7; or (iv) any claim or threat of claim brought by a third party against Licensee arising out of the acts or omissions of Company or its employees.

- 4.1.d The foregoing states the entire liability and obligation of Company with respect to any infringement or claims of infringement by the Edupoint Products or any part thereof, of any patent, copyright, trade secret or other proprietary right.

This warranty is contingent upon installation of all corrections, enhancements, updates and new releases provided by Company to Licensee and the absence of damage or abuse to the Edupoint Products by Licensee.

Licensee acknowledges that if it elects Self Hosting as its operating model, it is also solely responsible for having the appropriate computing resources fully installed and operational within its data center and that these computing resources and the data center in which they are installed are consistent with Company’s published Hardware and Software Requirements, and that any exceptions that are not approved in advance in writing by the Company will invalidate the operational warranty.

Licensee must have resources consistent with Company’s published end user (administration, teachers, etc.) Hardware and Software Requirements.

As Licensee’s sole and exclusive remedy for any breach of this warranty, Company shall, at its sole option, within a reasonable period of time, provide all reasonable software development services to correct software errors in the Edupoint Products, replace the Edupoint Products or terminate this Agreement and refund to the Licensee the license fees paid to Company under this Agreement for the defective Edupoint Products, as set forth in section 7.2(c) of this agreement, refunding the unamortized portion (assuming straight line amortization) of the license fees paid. Any Software Support or Implementation Services provided under this Agreement are provided “as is” without representation or warranty of any kind or nature.

4.2.c Replacements or corrections of Edupoint Products shall be subject to the warranties, warranty remedies and warranty limitations or disclaimers set forth in the License Agreement pursuant to which Licensee acquired the original Edupoint Products for the period designated therein.

4.2.d Limitations

Except as expressly set forth in this Section 4.2, Company makes no warranty or representation, either express or implied, including, but not limited to, any implied warranties of merchantability or fitness for a particular purpose, and any warranties of quality or performance, or as a result of a course of dealing or usage of trade, with respect to the Edupoint Products and any Edupoint Services.

Notwithstanding the foregoing, Company may assign this Agreement or its rights, interest or obligations under this Agreement to a successor in interest to Company, whether by way of asset sale, merger or other transfer of Company or its business, without Licensee's consent. EXHIBIT D

IMPLEMENTATION SERVICES

This Implementation Services Exhibit is subject to and incorporates all of the provisions stated in the Edupoint Software License Agreement, between **Company** and **Licensee**.

1.0 Fees

During the Term of the Agreement, Company shall provide Licensee with Implementation Services in the amount of and costs shown in Exhibit A, according to the terms set forth in Section 3 of the agreement.

Licensee agrees to pay Company for the following actual and reasonable travel expenses incurred for Company personnel to travel to Licensee's facilities: (a) unless otherwise agreed to by Licensee in writing and in advance, non-refundable, 14 days' advance purchase and coach class air fare; (b) a standard room at a moderate expense motel room within ten miles of Licensee's facilities; (c) a single, compact class, rental car for all Company employees traveling to Licensee's facilities that day; (d) meals in accordance with the Business Expense Policy attached hereto as Attachment 1; and (e) parking expense at an off-site parking vendor at the airport from which Company personnel fly to Licensee's facilities. No other travel expenses shall be paid by Licensee without Licensee's advance approval. Licensee shall not be responsible for any telephone charges.

2.0 Additional Implementation services

Licensee may, by agreeing to changes to the scope of work through the change management process or simply as a matter of choice, purchase additional implementation services. The daily rates shown on Attachment 2 do not include travel expenses, which will be billed as actually incurred not to exceed the GSA Guidelines.

3.0 Flexible Resource Allocation

Company provides a System Implementation Methodology (SIM) which, based on Company's experience, represents the best practice approach to implementation, but Company also recognizes that one size doesn't fit all. The Licensee may have varying degrees of technical, support, and training resources of their own as well as varying abilities to make these resources available to contribute to the implementation project. The Licensee may have significant capacity to handle technical or training tasks itself, thereby freeing Company resources for more effort on another task such as converting additional years of historical data. Therefore, in order to allow the Licensee to make the best use of both its and Company's resources available for implementation, Company is providing this flexible resource allocation plan. The number of days shown in Exhibit A represents days of Company provided professional services reserved for the Licensee for each task of the implementation of the Edupoint Products, and the Licensee can influence how these days will be used over the course of the implementation project.

Upon the start of the implementation project the Company project team and the Licensee's core team will collaborate on the development of the Project Charter and Work Plan. This effort will result in agreement on the roles and responsibilities of both parties, which will in turn result in the most prudent allocation of both Company's and Licensee's resources. Once completed, the Project Charter and Work Plan become the baseline for the implementation project, which begins when this baseline has been established and approved by both Licensee and Company.

4.0 Standard Data Conversion

Standard data conversion is defined as the conversion of the Licensee's legacy system's complete current year plus enrollment and transcript history for the prior three years. Historical special education data may be converted to PDF documents, stored and retrievable with the student's record in the Edupoint Products. Company's data conversion service includes the conversion of all data necessary to allow schools to start using the Edupoint Products, and allow complete and accurate outputs; e.g., school and district level reports for each functional category, and

state and federal reports. Conversion of additional historical or other data is available at additional cost based on Company's daily rates.

5.0 Third Party Integration/Interfaces

Company's system implementation methodology includes required third-party integration between the Edupoint Products and other application systems through re-use of interface/integration techniques that have already been developed by Company or which can be met by implementation project staff using available extract, transform, and load utilities/queries. Custom interfaces/integrations (between Edupoint Products and other software applications from either 3rd parties or developed by the Licensee) and custom reports are defined as any interface/integration or report which requires Company developers to write software code. Custom interfaces can be provided at additional cost based on Company's daily rates.

6.0 Custom Development

Company's System Implementation Methodology is based upon Licensee implementing the Edupoint Products as a true COTS solution limiting customizations to those that can be realized through the powerful application setup flexibility built into the Edupoint Products. Licensee uses the Edupoint Products as a true COTS solution requiring no vendor customization, either before or after implementation. As such, no custom development has been included in Exhibit A. Once the COTS solution has been implemented, the Company (if initiated by Licensee) will provide its process consulting experts to work with the Licensee (using the change management process) to price and schedule any required customizations, following the process outlined in Attachment 5. The Licensee also has the option of licensing the Company's Synergy Technology Application Development Platform and application source code within the solution, giving the Licensee the ability to develop its own extensions and customizations to the Edupoint Products.

Auto Expenses

The Company will assume or reimburse the employee for all reasonable personal automobile expenses incurred in carrying out work assignments.

Guidelines

Reimbursement for the use of the employee's own car will only be made if prior approval for the car's use has been given by the appropriate supervisor and documentation that the employee has appropriate auto insurance coverage is on file.

Mileage expense shall be reimbursed monthly at current IRS mileage rates.

Meals and Incidentals

The employee will be reimbursed up to a "not to exceed" amount for meal and incidental expenses at a rate set forth by the US General Services Administration's Domestic Per Diem Rates. Meals and Incidentals not to exceed amounts are calculated on a "per trip" basis. As an example, an employee traveling for four days to a location with a \$59 rate would have a trip not to exceed amount of \$236 for the trip (\$59*4). A full day of travel will be reimbursed if the travel day begins prior to 7:00 a.m. local time, and is completed after 7:00 p.m. local time. CHANGE MANAGEMENT PROCEDURE

Version 1.2

Whichever party to this Agreement identifies a potential change to the Edupoint Products or the Project Charter and Work Plan, that party will document the potential change, thereby initiating a change request under this process. The change request will be presented to the Licensee's project management for approval to proceed with an initial analysis by Company.

Once the Licensee has authorized the change request, Company will proceed with an initial analysis and complete the initial change request by specifying the change type, feasibility analysis, initial estimate of the cost to first develop detailed specifications and then implement the change, and potential impact an effort to execute the change would have on already adopted project timelines. Company will complete this initial analysis at no cost to the Licensee.

Company will present the results of the initial analysis to the Licensee's team and that team will, if it decides to move the change request forward in this process, authorize Company to proceed with the development of detailed specifications and finalization of cost and timeline impacts.

Company will, if the change request is authorized by the Licensee, proceed with the development of functional and other detailed specifications with the full aid and assistance of appropriate Licensee staff. Company will also finalize the initial cost estimate into a cost commitment, and determine the timeline required to implement the change. All of this information will be presented to the Licensee, as a final change request. Costs incurred by Company in preparation of the final change request will be applied as a credit to the actual costs of implementing the change should the Licensee move forward with the change, except in the case of custom development work. For custom development, the following guidelines apply:

1. If the Licensee authorizes completion of the customization work, the cost to create the Functional Specifications Document (FSD) will be discounted by 50 percent and will be payable upon delivery of the customization.
2. If the quote provided following receipt of the FSD approval exceeds the customization estimate by 50 percent or more, and the Licensee therefore elects not to authorize the customization, the cost of the FSD will be discounted by 50 percent.

Otherwise the Licensee will be responsible for these costs, and will pay Company as per the payment terms provided in this Agreement.

DATA CENTER INFRASTRUCTURE – ANALYSIS AND DOCUMENTATION

AKA Site Survey – Contract Reference Section 4.2.a (Version 17.0)

This process description and related forms are to be used by Edupoint staff when implementing SYNERGY under the **Self-Hosting** operating model..

The purpose of this site survey is to provide assurance that SYNERGY will operate reliably when installed in a client's data center under the **self-hosting** operating model, but with one significant difference.

- **Under the self-hosting operating model**, while Edupoint is expected to provide sound advice and technical assistance related to the sizing, configuration, and integration of the client-purchased SYNERGY-related computing resources into the client's data center, the ultimate responsibility (operational and financial) for ensuring that the SYNERGY-related computing resources are properly sized, configured, and integrated into a properly established data center infrastructure is the clients.

As per Section 4.2.a of Edupoint's Software License Agreement, the site survey can be performed by the client or an agent hired by the client, or at the client's request Edupoint will perform the site survey and bill the cost of the survey to the client

as an additional charge. In any case, the completed site survey document establishes the baseline for the data center infrastructure. Edupoint must review the completed site survey document and either accept the survey as-is or prepare a report to the client noting the deficiencies within the data center infrastructure that the client must correct (at the client's expense) before Edupoint will install the SYNERGY-based SIS solution. Correction of deficiencies will be reflected upon the site survey, which will be signed off by both the client and Edupoint. Neither party will be allowed to modify the data center infrastructure after this sign-off without the concurrence of the other party.

The process steps for completing the site survey task are as follows:

1. Edupoint staff to prepare a preliminary configuration of the SYNERGY-based SIS solution, which is shared with the client.
2. Discuss the site survey with the client and determine how the client will complete the survey; self-survey, hire an agent to perform the survey, or ask Edupoint to complete for an additional cost (daily rate and travel expenses)?
3. Discuss with client and establish the target date for the completion of the survey.
4. When survey is complete, Edupoint staff to review the survey document, confirm the document's completeness and accuracy, note any deficiencies within the client's data center infrastructure, and determine the fit between the preliminary configuration of the SYNERGY-based solution and the client's data center infrastructure. Convey any deficiencies to the client and get agreement on the client's plan for correcting all noted deficiencies. Repeat this step if necessary.
5. Edupoint staff confirm resolution of all deficiencies and prepare the final version of the site survey, and get sign-offs by both client and Edupoint management staff. **Final configuration of the SYNERGY-based SIS solution and installation of the configuration cannot begin until the site survey is signed off.**

The elements that must be included within the site survey and the critical questions that must be answered are as follows:

- **Space** – Is there sufficient space within the data center to house the SYNERGY-based SIS solution?
- **Environmental Controls** – Are heat and humidity control systems sufficient to ensure reliable performance of the SYNERGY-based SIS solution and protect equipment from damage?
- **Electrical Power** – Are the quantity, quality, and distribution of electrical power within the data center sufficient to meet the needs of the SYNERGY-based SIS solution? Is there backup power sufficient to allow orderly shutdown of the SYNERGY-based SIS solution? Is there backup power generation capable of allowing ongoing operation of the SYNERGY-based SIS solution for protracted power outages?
- **Cable Routing** – Are there sufficient cable trays (either overhead or under raised flooring) to handle the cabling associated with the SYNERGY-based SIS solution?
- **Fire Protection** – Are there functioning smoke detectors for early warning of a developing fire? Are there fire suppression systems?
- **Security** – Is physical access to the data center adequately controlled?
- **Telecommunications Network** – What is the available capacity of routers and switches that transport traffic between servers and the outside world? What level of redundancy is built into the existing telecommunications infrastructure?
- **Data Center Management Tools** – What monitoring and management tools (software and/or hardware) are currently installed and in use in the client's data center?
- **Systems Administration Capacity** – What human resources are available to assist Edupoint in ongoing systems administration functions?
- **Disaster Recovery** – Is there a disaster recovery (aka business continuity) plan, and is it current and viable?

While in the final analysis the site survey must provide a definitive written answer to each of the above critical questions, the answer alone does not satisfy the requirements for the site survey. For each of the ten elements, documentation must either be secured or created that fully describes the current data center environment relative to each of the ten elements. This documentation will serve as the basis for the written analysis upon which the answer to each of the ten critical questions must be based.

Once the site survey is signed-off, a copy of the analysis and documentation must be secured by each party since it will serve not only as the foundation for Company's computing resources that will be installed in the data center, but also as the baseline for the resolution of future questions and/or disputes that may arise in the event system performance or reliability becomes an issue. Both parties must understand that neither party may unilaterally modify any element of the data center infrastructure, and that any modifications that are made by mutual agreement of both parties must be reflected in the baseline analysis and documentation.
