Fall Parent Teacher Conferences

In October we had Parent Teacher-Conferences. We appreciate the strong partnership we have with our families and the commitment we share with them for student success. You can see a snapshot of our overall attendance. It was great to see so many of our families during this time.

Student Leaders Attend UNO Leadership Conference

Amazing student leaders from all five elementary schools attended the Region II Principals Leadership Conference on Tuesday, October 21st at the University of Nebraska Omaha. Our Bennington student leaders were joined by students from metro Omaha area school districts. Skip Bailey, the Director of Flight Training, Chief Ground Instructor, and Flight Team Head Coach for the Aviation Institute, was the featured speaker. Following the message, students were able to attend multiple breakout sessions to help grow their leadership!

Red Ribbon Week

Many students participated in Red Ribbon Week to show that they can "Say No to Drugs." Themes varied at schools from personalized days picked by students winning PTO Fundraiser raffles, wearing red, and of course showing Bennington Spirit!

Halloween Parties, Parades, Trunk or Treat

Students were treated to Halloween parties and parades at the elementary buildings. Many also participated in a Trunk or Treat. The students enjoyed the afternoon celebrations. We are thankful to our PTO's and all of our volunteers for making this day a success.

Middle School News

Fall Conferences

Parent-Teacher Conferences were held on October 14–15 at both middle schools using a student-led format. Students shared presentations about their learning, followed by parent-teacher conversations on request. We appreciate families for attending and supporting the home–school connection.

Under the South Stars

On Friday, October 10th, BSMS Student Senate and PTO hosted “Under the South Stars: Social & Movie Night.” Students enjoyed a beautiful evening filled with activities and an outdoor showing of The Sandlot. A big thank-you to our PTO members, Student Senate, and parent volunteers for helping make this event a fun and successful night for our students!

Unearthing Learning

Bennington Middle School 7th grade science students stepped into the role of scientists as they hosted their own Mesosaurus Museum on October 15th. As part of their Amplify science unit on plate motion, tectonic activity, and Earth's layers, students investigated the mystery of the Mesosaurus — a prehistoric creature whose fossils were discovered on two different continents. To showcase their learning, they designed interactive exhibits that explained their theories and discoveries, transforming the 7th grade wing into a student created museum. To make the experience even more memorable, paleontologists from UNL's Morrill Hall—Ash Poust (Curator of Vertebrate Paleontology), Carrie Herbel (Chief Preparator), and Shane Tucker (Highway Paleontologist)—joined the event to explore student exhibits and participate in a student-led panel discussion. This collaboration gave students an authentic opportunity to share their learning, engage with real-world scientists, and celebrate their hard work in a truly hands-on way.

The Nebraska Department of Education requires districts to report data on October 1st of each year. Each year, NDE also releases minor changes to the way data is reported, allowing districts to use the month of October to correct new errors and ensure all information is accurate, as various decisions are made based on the reported data. The table above reflects the school years that all eight Bennington schools have been open. Legacy student data is included with Anchor Pointe state data. Please note that the preschool data only reflects students receiving special education services and does not include peer models. Anchor Pointe has experienced the greatest growth, with a large class of preschool students moving into kindergarten as well as additional move-in students. Looking ahead to next year, we anticipate the greatest growth to occur at Bennington High School due to a lower number of seniors graduating compared to the number of 8th graders being promoted.

CURRICULUM

Selection, Approval & Adoption

Math Adoption Meeting - October 21, 2025

- The adoption team identified elements within the Bennington Instructional Model that are meaningful components to consider when selecting new curriculum materials.
- Grade level and content teams began reviewing materials and evaluating them using an evaluation tool.
- Each level will evaluate approximately 9-12 vendors. The initial screening of materials will be conducted through October and November. The Committee will narrow down the selections in December.

PROFESSIONAL DEVELOPMENT

- October 16th Professional Learning Day
 - Professional learning session focused on Teacher Clarity (Clarity guarantees teachers understand and communicate what students are expected to know and be able to do by the end of a lesson). This specifically aligns with the Learning Objective component within the Bennington Instructional Model.
 - Social Studies strengthening sessions led by vendors
 - District grade level and department meetings

ACCOUNTABILITY

AQuESTT - Accountability for a Quality Education System, Today and Tomorrow

AQuESTT is Nebraska's accountability system that measures quality education and supports continuous improvement for schools. The system is built on six research-base tents. Success in these areas will result in better outcomes for students and schools:

1. Positive partnerships, relationships, and success
2. Transitions
3. Educational opportunities and access
4. College, career, and civic ready
5. Assessment achievement and growth
6. Educator effectiveness

AQuESTT classifies schools and districts into four performance levels: Excellent, Great, Good, and Needs Improvement. AQuESTT classifies schools and districts using state test scores, graduation rates, student participation rates as well as year-to-year improvement and growth. The classifications provide an overall picture as well as more detailed information about specific areas of achievement, making it easier to pinpoint where schools are doing well and where there is room for improvement.

District and school classifications are embargoed at this time. Expected public release is around November 26, 2025. More information about AQuESTT can be found at <https://nep.education.ne.gov/>.

ASSESSMENT

ACT - 2025 Graduating Class

Bennington High School students continue to score at a high level, achieving a 21.9 ACT Composite average for the third year in a row.

BHS's Class of 2025 ACT Composite score average is significantly higher than the 2025 State of Nebraska average of 19.2.

BHS students once again achieved high scores across all subjects, significantly outperforming state averages in English, Math, Reading, and Science. The Class of 2025 scored highest in the areas of Reading and Science.

Next year there will be a change in the way the ACT is administered. Nationally, the science portion will be optional, while Nebraska will still require science as part of our state

assessment. The writing portion will remain the same. Currently, it is optional nationally and required for the Nebraska state assessment. All students in Nebraska are required to take the ACT in the Spring of their junior year as part of the Nebraska Student-Centered Assessment System (NSCAS). Students can choose to enroll to take the ACT multiple times in addition to the spring of their junior year.

The State of Nebraska is one of 15 states that requires the ACT to be taken by all students. The average of the 15 states for the ACT Composite is 18.4. More details about the State of Nebraska scores can be found at: https://www.education.ne.gov/press_release/nebraska-students-outscore-peer-states-on-act/.

Bennington Public Schools Board Report
Matt Blomenkamp
Assistant Superintendent of Operations

To: Board of Education
Date: November 10, 2025, Board Meeting

As the hiring season ramps up this fall, I have communicated to our staff about the current jobs that are posted, information on how to apply for a transfer if they choose, and what steps they can take to apply for open jobs in the district.

I was able to attend the UNL Career Fair in Lincoln this past month where I met multiple students that are graduating this December or this May. I was also able to meet and visit with prospective student teachers for the 2026-27 school year.

This past summer, Bennington Schools formed a partnership with Midland University towards a para-to-teacher pathway for paraprofessionals. Currently, three employees at elementary schools in Bennington have signed up and are participating in the Grow Your Own, Teacher Apprenticeship, paraprofessional to classroom program. Each of these ladies is working as a paraprofessional, as well as taking classes at Midland University toward an elementary special education degree. This is a two-year program, where tuition was funded by a state grant.

Bond Sale Update/Information

As previously discussed, the district is proceeding with plans to issue \$55,000,000 in bonds in early January. The district will engage with Standard & Poor's (S&P) in mid-November to establish the district's bond rating. Upon receipt of the rating, DA Davidson will continue to monitor market conditions, refine bond model estimates, and coordinate the execution of the bond sale in January.

The district will continue to evaluate the most advantageous approach for the initial issuance. A comprehensive update on the first sale, including all pertinent details, will be provided to the Board in January or February.

Health Insurance Rates

The Educator's Health Alliance released the premium increase for the 2026-27 school year. The Educator's Health Alliance is a non-profit corporation that was created to procure quality, affordable healthcare insurance for Nebraska educational employees. The rates set by the EHA Board are for the Blue Cross and Blue Shield of Nebraska (BCBSNE) healthcare plan used by more than 400 public school districts and affiliate groups in the state. The plan is governed by a 12-member board representing the Nebraska Association of School Boards (NASB), the Nebraska Council of School Administrators (NCSA), and the Nebraska State Education Association (NSEA). More than 90,000 Nebraskans are covered by the plan, making it the largest health plan in the state. *There will be an overall increase of **7.25%** in premiums next year for the medical and dental insurance plans.*

Free/Reduced Percentages

On October 1, the State of Nebraska collects district data to determine demographics for the 2025-26 school year, including the free and reduced lunch percentage. Bennington's free and reduced lunch population increased by 95 students this year, moving from 11.00% in 2024-25 to 13.09% in 2025-26. This change is primarily due to adjustments in direct certification rules following the expiration of certain COVID-era waivers in 2024-25. Those waivers had allowed Medicaid participants to remain in the Free/Reduced Lunch program without annual re-application, which temporarily reduced the percentages until parents completed the required forms. For context, the district's free and reduced percentages were 13.91% in 2023-24 and 12.95% in 2022-23, so this year's percentage is closer to historical averages. Each building's free and reduced lunch percentage is outlined in the chart below:

School Building	Total Students	Percentage of Free/Reduced Students
Bennington High School	134	11.81%
Bennington Middle School	85	18.20%
Bennington South Middle School	72	11.20%
Anchor Point Elementary	50	10.82%
Bennington Elementary	53	14.29%
Heritage Elementary	102	24.46%
Pine Creek Elementary	49	9.53%
Stratford Elementary	32	8.04%
Bennington Public Schools	577	13.09%

Valuation Information

Each year the Department of Revenue releases the adjusted valuation estimates by category. BELOW is a chart showing the breakdown of the district's assessed valuation by several different categories, along with five-year trends for each. For reference the state commercial valuation average is typically around 15%, while the agriculture valuation state average is usually around 33%.

Bennington continues to be extremely unique with such a high percentage of our total valuation coming from residential, and limited valuation percentages from commercial or agriculture. The commercial valuation situation is vastly different than our metropolitan peers. To demonstrate the difference, BELOW is a chart outlining commercial percentages compared to total valuation for various peer districts:

Public School	Commercial Valuation	Percentage of Total Valuation
Ralston	\$ 1,327,162,200	50.87%
Papillion La-Vista	\$2,693,329,141	26.38%

Curriculum Committee Notes
October 13, 2025
1940 Board Room

The Curriculum Committee of the Bennington Board of Education met on October 13th, at 5:00 PM in the 1940 Board Room. Board members present were Kara Neuverth, Joe Pick, and Steve Shannon. The administrators in attendance were Dr. Plas, Dr. Thoendel, and Mr. Feeney. The Curriculum Committee (Committee) met to review the projected enrollment numbers for 2026-2027 school year, affirm the Automatic Trigger Process for personnel, preview the proposed triggered personnel positions for the upcoming school year, learn about ACT enhancement changes, and discuss the process to select the color/mascot for high school number two.

The meeting began with a progress update on the 2026 transfer to Synergy Student Information System and a reminder that this is a year-long process. Mr. Feeney reviewed that the transition will require a dark period in July for the transfer of information. The Committee emphasized the importance of clear and timely communication regarding the transition.

Dr. Thoendel and Mr. Feeney shared the cohort survival 3-year enrollment estimates for the 2026-2027 school year. It was discussed that the 3-year enrollment estimates and the personnel automatic triggers reflect the most conservative calculations. Additional factors for consideration in the hiring of personnel include teacher certification, future forecasted student enrollment, facility limitations, available housing, and infrastructure for future housing. Triggered personnel recommendations for approval will be presented to the Committee in November.

The ACT enhancement changes include an update to test requirements. Students who take the test on a National testing date are no longer required to take the science portion of the test. Mr. Feeney demonstrated how the removal of the science score creates variation in reporting of student achievement. Furthermore, Mr. Feeney explained, the Nebraska Student-Centered Assessment System (NSCAS) requires students to take the ACT in 11th grade, which must include the English, Math, Reading, Science, and Writing components. This could create further inconsistency in how student achievement is reported on the ACT.

The final item of the meeting provided an outline of the process to select the color/mascot for high school number two. Dr. Plas described that the process began with recommendations from a Core Team of administrators, teachers, and community members. The final selection will be presented to the full Board of Education in the second half of the school year.

The meeting adjourned at 5:55 PM, with the next meeting scheduled for November 6th, 2025, at 4:30 PM.

Curriculum Committee Notes
November 6, 2025
Main Board Room

The Curriculum Committee of the Bennington Board of Education met on November 6, 2025, at 4:30 PM in the Main Board Room. Board members present were Kara Neuverth, Joe Pick, and Steve Shannon. The administrators in attendance were Dr. Plas, Dr. Blomenkamp, Dr. Thoendel, Mr. Feeney, Mr. Bombeck, Dr. Lamberty, Mr. Boyes, Mr. Apfelbeck, Mr. Theis, Mrs. Rucker, Ms. Woodrich, and Ms. Dellwo. The Curriculum Committee (Committee) met to open this year's Personnel and Curriculum Proposal process, seek approval for automatic staffing triggers, and highlight priority proposals identified by the administration for the 2026-2027 school year.

The meeting began with Dr. Thoendel presenting the components of the Personnel & Curriculum Proposal Binders. The proposal binders included process documents, background information on Bennington education structures, student enrollment information, curriculum offerings, and the proposals presented for the 2026-2027 school year.

Staffing needs identified through the automatic trigger system were recommended. Pending financial support from the Building and Finance Committee, the automatic staffing triggers will be presented for approval at the Board of Education meeting on Monday, November 10, 2025.

The administrators were provided time to highlight two important proposals. One proposal represented a direct impact on their school or department and the other proposal represented an impact outside their area of focus. The Committee asked clarifying questions to better understand the priority proposals presented.

The administration was dismissed, and the Committee ended the evening discussing the next steps in the proposal approval process.

The meeting adjourned at 5:50 PM. The next meeting will be held on Monday, November 10th, at 5:00 PM, and the first required public meeting for American Civics will be held in the main board room at 5:30 PM.

1940's Board Room

The Building and Finance Committee ("Committee") of the Bennington Board of Education ("BOE") met virtually on November 6, 2025. Board members present were Allyson Slobotski, Jeremy Dick, and Tim Dreessen. Administrators in attendance were Aaron Plas and Matt Blomenkamp. The Committee met for the fifth time this school term.

Dr Blomenkamp recommended that the Committee approve the purchase of a 2023 Freightliner Thomas C2 71 passenger bus to replace bus 1010, which is a 2002 with 168,000 miles. The Committee unanimously approved this purchase for Board approval at the November BOE meeting.

Dr. Plas recommended that the Committee approve a Guaranteed Maximum Price of \$98,431,752 for the construction of High School #2. The Committee unanimously approved this request for Board approval at the November BOE meeting.

Dr. Plas discussed four triggered personnel proposals for the Committee to consider for the 2026-27 school year. High school social studies, high school science, and two speech language pathologists. The Committee unanimously approved releasing the funds for Board approval at the November BOE meeting.

The next meeting is not scheduled at this time.

A. Discuss, Consider, and Take Action on District Purchases

The Building/Finance Committee met on November 5th to discuss potential district purchases. These discussions included maintenance contracts, district repairs, and transportation purchases. At the conclusion, the Building and Finance Committee is recommending the following be approved for purchase:

Building	Description	Cost	Fund	Vendor	General Notes
District	Bus	\$99,850	Depreciation	Truck Centers	This is a used bus with lower mileage. One bus was budgeted for replacement this school year.
Total Costs	Depreciation Fund – \$99,850				

This bid was reviewed by the Building/Finance committee. The Building/Finance committee is unanimously recommending the approval of this purchase.

B. Discuss, Consider, and Take Action on Curriculum and Personnel Proposals

The Curriculum Committee met on November 6th to begin the process of determining which curriculum and personnel proposals to recommend for the 2026-27 school year. There were 50 proposals this year for consideration. The Committee had been working to refine “automatic triggers” for added positions that BPS knows will be needed for the upcoming school year. After applying these “triggers”, the following positions are being brought forward for approval:

Level	Position Count	Personnel Cost	Curriculum Cost	General Notes
High School	2.0 FTE	\$179,344	\$10,000	Social Studies Science
District	2.0 FTE	\$179,344	\$10,000	Increasing SLP services to meet the growing needs within the district.
Total Costs	General Fund (2026-27) – \$378,688 *\$132,541 of actual new funds after SLP contract replacement, SPED reimbursement, and elimination of one elementary position special education.			

These additions are only the positions that were “triggered” because of the anticipated growth and large class sizes. The committee will review the other 49 proposals and rank sort them for future additions as funds are released from the Building/Finance Committee.

Independent Auditor's Report

The Board of Directors
School District No. 59 Bennington Public Schools, Douglas County, Nebraska
Bennington, Nebraska

Report on the Audit of the Financial Statements

Opinions

We have audited the modified cash basis financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of School District No. 59, Bennington Public Schools, Douglas County, Nebraska (the District) as of and for the year ended August 31, 2025, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective modified cash basis financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the District as of August 31, 2025, and the respective changes in modified cash basis financial position for the year then ended in accordance with the modified cash basis of accounting described in Note 1.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter – Basis of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting as described in Note 1, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District 's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The budgetary comparison schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the budgetary comparison schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole, on the basis of accounting described in Note 1.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 3, 2025 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Note 1 - Description of Reporting Entity and Summary of Significant Accounting Policies

The following describes the reporting entity and provides a summary of significant accounting policies of School District No. 59, Bennington Public Schools, Douglas County, Nebraska.

Organization

School District No. 59, Bennington Public Schools, Douglas County, Nebraska (the District) is a tax-exempt political subdivision and a Class III school district of the State of Nebraska.

Reporting Entity

The financial statements of the District include all significant separately administered organizations for which the District is financially accountable with the exception of the Bennington Public Schools Foundation, which is reported separately, as it is not considered a significant component unit under Governmental Accounting Standards Board (GASB) criteria to be considered in determining financial accountability. These criteria include the basis of selection of governing authority, imposition of will, a financial benefit/burden relationship and/or fiscal dependency.

Basis of Accounting

The financial statements are presented in accordance with a modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America (GAAP) as established by the Governmental Accounting Standards Board. This basis of accounting involves modifications to the cash basis of accounting to report in the statement of net position or balance sheet cash transactions or events that provide a benefit or result in an obligation that covers a period greater than the period in which the cash transaction or event occurred. Such reported balances include funds held by the County Treasurer which has arisen from cash collected by the County on behalf of the District.

This modified cash basis of accounting differs from GAAP primarily because certain assets and their related revenues (such as accounts receivable and revenue for billed or provided services not yet collected, and other accrued revenue and receivables) and certain liabilities and their related expenses or expenditures (such as accounts payable and expenses for goods or services received but not yet paid, and other accrued expenses and liabilities) are not recorded in these financial statements. In addition, other economic assets, deferred outflows, liabilities, and deferred inflows of resources that do not arise from a cash transaction or event that would be reported in GAAP basis financial statements (such as donated assets and pension or postemployment benefit liabilities) are not reported in this modified cash basis presentation, and the measurement of reported assets and liabilities does not involve adjustment to fair value.

Basis of Presentation

Government-Wide and Fund Financial Statements

The government-wide financial statements report information on all of the nonfiduciary activities of the primary government. The effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental receipts, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of net position presents the District's nonfiduciary assets and net position. Net position is reported in the following categories:

- *Restricted net position* results when constraints placed on net position use are either externally imposed or are imposed by law through constitutional provisions or enabling legislation. Enabling legislation did not result in any restricted net position.
- *Unrestricted net position* consists of net position not meeting the definition of the preceding category. Unrestricted net position is often subject to constraints imposed by management which can be removed or modified.

The statement of activities demonstrates the degree to which the direct disbursements of a given function or segment are offset by program receipts. Direct disbursements are those that are clearly identifiable with a specific function or segment. Program receipts include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included as program revenue are reported instead as general receipts.

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and major individual proprietary funds are reported as separate columns in the fund financial statements.

Proprietary funds are used to account for the District's business-type activities. Proprietary funds distinguish operating receipts and disbursements from nonoperating items. Operating receipts and disbursements generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. All receipts and disbursements not meeting this definition are reported as nonoperating receipts and disbursements.

Fiduciary funds report assets held in a trustee or agency capacity for others and therefore cannot be used to support the District's own programs. The District does not include in the financial statements any funds in a fiduciary capacity.

The District reports the following major governmental funds:

- *General Fund* – This fund is the operating fund of the District.
- *Bond Fund* – This fund accounts for taxes levied and other revenue specifically earmarked for the retirement of bond indebtedness.
- *Special Building Fund* – This fund accounts for taxes levied and other revenue specifically maintained for future building and equipment purchases.
- *Depreciation Fund* – This fund accumulates funds for eventual significant future capital outlays.

The District reports the following other governmental funds:

- *Qualified Capital Purpose Undertaking Fund* – This fund can be used for removal of environmental hazards, the reduction or elimination of accessibility barriers, modifications for life safety code violations, indoor air quality projects and mold abatement and prevention projects. The tax levy for this fund is limited to 5.2% per one hundred dollars of valuation of school district property and shall not exceed ten years for any of the above allowable projects.
- *Employee Benefits Fund* – This fund accounts for retirees' separation payments and health insurance benefits.
- *Student Fee Fund* – This fund accounts for all monies collected from students pursuant to certain provisions of State of Nebraska Legislative Bill 1172. The money expended from this fund must be for purposes for which it was collected from students.
- *Activities Fund* – This fund accounts for monies used for special board-designated projects and at District schools for miscellaneous student activities.

The District reports the following major proprietary fund:

- *School Nutrition Fund* – This fund accounts for the operations of the District's food service program.

Fund Balances

In the governmental fund financial statements, fund balances are classified as follows:

- *Nonspendable* – This component of fund balance consists of amounts that are not in a spendable form or are required to be maintained intact. At August 31, 2025, the District had no nonspendable fund balances.

- *Restricted* – This component of fund balance consists of amounts that can be spent only for the specific purposes stipulated by external resource providers, constitutionally, or through enabling legislation. Effectively, restrictions may be changed or lifted only with the consent of resource providers. At August 31, 2025, the District had restricted fund balances of \$23,374,196.
- *Committed* – This component of fund balance consists of amounts that can be used only for the specific purposes determined by a formal action by the Board of Education. Commitments may be changed or lifted only by the District taking the same formal action that imposed the constraint originally. At August 31, 2025, the District had committed fund balances of \$6,214,799.
- *Assigned* – This component of fund balance consists of amounts intended to be used by the District for specific purposes as intended by the Board of Education. At August 31, 2025, the District had no assigned fund balances.
- *Unassigned* – This component of fund balance is the residual classification for the general fund and includes all amounts not contained in the other classifications. Unassigned amounts are technically available for any purpose. At August 31, 2025, the District had unassigned fund balances of \$14,807,989.

The District considers that all incurred and spent restricted, committed, and assigned amounts have been utilized first before unassigned amounts are used.

Net Position

In the government-wide and proprietary fund statements of net position, net position classifications are as follows:

- *Restricted* – Net position is reported as restricted when constraints placed on net position use are either externally imposed by creditors, grantors, contributors, or laws and regulations of other governments or are imposed by law through constitutional provisions or enabling legislation.
- *Unrestricted* – Net position reported as unrestricted does not meet the definition of restricted net position.

Budgetary Data

Prior to August 31, the Board of Education prepares and legally adopts an operating budget prepared essentially on the cash receipts and disbursements basis for the fiscal year commencing the following September 1. Once approved by the Board, total expenditures cannot legally exceed total appropriations at the fund level without holding a public budget hearing and obtaining approval from the Board of Education.

Capital Assets

Capital assets are recognized as disbursements when paid for by the District and are not capitalized in the government-wide or fund financial statements.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts and disclosure at the date of the financial statements and the reported amounts of receipts and disbursements during the reporting period. Actual results could differ from those estimates.

Major Revenue Source

Property taxes are a major source of revenue for the District. The first half year of the taxes are due to the County prior to April 1st, and the second half year of the taxes are due prior to August 1st of a given year. The District receives property tax receipts on the 15th of each month. All levy information for property taxes must be submitted to the County by September 30th of each year.

Risk Management

The District is exposed to various risks of loss related to torts; theft; damage to and destruction of assets; errors and omissions; employee injuries and illnesses; and natural disasters. Commercial insurance coverage is purchased for claims arising from such matters. The District assumes liability for any deductibles and claims in excess of coverage limitations. Settled claims have not exceeded this commercial coverage in any of the three preceding years.

Note 2 - Deposits and Investments and Funds Held by County Treasurer

Nebraska Revised Statute §79-1043 provides that the District may, by and with the consent of the Board of Education of the District, invest the funds of the District in securities, including repurchase agreements, the nature of which individuals of prudence, discretion and intelligence acquire or retain in dealing with the property of another.

The District's bank accounts and investments are held by the District's agents in the District's name in accordance with State statutes. The accounts and investments are to be fully insured or collateralized through joint custody security arrangements or, in the case of U.S. government instruments, are registered in the District's name. As of August 31, 2025, the District was under insured by approximately \$295,000.

The funds held by the County Treasurer represent amounts collected for the District during August 2025 and remitted to the District during September 2025.

Note 3 - Nebraska School Employees Retirement System**Plan Description**

The District contributes to the Nebraska School Employees Retirement System, a cost-sharing multiple-employer defined benefit pension plan administered by the Nebraska Public Employees Retirement System (NPERS). NPERS provides retirement and disability benefits to plan members and beneficiaries. The School Employees Retirement Act establishes benefit provisions.

In 1945, the Nebraska Legislature enacted the law establishing a retirement plan for school employees of the State. During the NPERS fiscal year ended June 30, 2024, there were 263 participating school districts. These were the districts that had contributions during the fiscal year. All regular public school employees in Nebraska, other than those who have their own retirement plans (Class V school districts, Nebraska State Colleges, University of Nebraska, Community Colleges), are members of the Plan.

Normal retirement is at age 65. For an employee who became a member before July 1, 2013, the monthly benefit is equal to the greater of: 1) the sum of a savings annuity, which is the actuarial equivalent of the member's accumulated contributions and a service annuity equal to \$3.50 per year of service; or 2) the monthly average of the three 12-month periods of service as a school employee in which such compensation was the greatest, multiplied by total years of creditable service, multiplied by a formula factor of two percent, and an actuarial factor based on age.

For an employee who became a member on or after July 1, 2013, the monthly benefit is equal to the greater of the following: 1) the sum of a savings annuity, which is the actuarial equivalent of the member's accumulated contributions and a service annuity equal to \$3.50 per year of service; or 2) the average of the five 12-month periods of service as a school employee in which such compensation was the greatest, multiplied by total years of creditable service, multiplied by a formula factor of two percent, and an actuarial factor based on age.

Employees' benefits are vested after five years of plan participation or when termination occurs at age 65 or later. Vested members are eligible to receive an unreduced retirement benefit at age 65.

A member's age will determine eligibility to begin receiving a monthly benefit and if those benefits are reduced or unreduced. Benefit calculations vary with early retirement. At ages 55 to 64, members who are in tier one, two, or three may qualify to receive unreduced benefits under the "Rule of 85" if the member's attained age plus creditable service equals 85 or greater. At ages 60 to 64, members may qualify to receive unreduced benefits under the tier four "Rule of 85" if the member's attained age plus creditable service equals 85 or greater.

For school employees who became members prior to July 1, 2013, the benefit paid to a retired member or beneficiary receives an annual cost of living adjustment, which is increased by the lesser of the percentage change in the Consumer Price Index for Urban Wage Earners and Clerical Workers or 2.5%. The current benefit paid to a retired member or beneficiary is adjusted so that the purchasing power of the benefit being paid is not less than 75% of the purchasing power of the initial benefit.

For school employees who became members on or after July 1, 2013, the benefit paid to a retired member or beneficiary receives an annual cost-of-living adjustment, which is increased by the lesser of the percentage change in the Consumer Price Index for Urban Wage Earners and Clerical Workers or one percent. There is no purchasing power floor for employees who fall under this tier.

For the District's year ended August 31, 2025, the District's total payroll for all employees was approximately \$30,600,000. Total covered payroll was approximately \$28,000,000. Covered payroll refers to all compensation paid by the District to active employees covered by the Plan.

Contributions

The State's contribution is based on an annual actuarial valuation. In addition, the State contributes an amount equal to 2% of the compensation of all members. This contribution is considered a non-employer contribution since school employees are not employees of the State. The employee contribution was equal to 9.78% from July 1, 2023, to June 30, 2024. The school district (employer) contribution is 101% of the employee contribution. The District's contribution to the Plan for its year ended August 31, 2025, was \$2,832,909.

Pension Asset

At June 30, 2024, the District had an asset of \$5,324,265 for its proportionate share of the net pension asset (this asset is not recognized in the accompanying modified cash basis financial statements). The net pension asset was measured as of June 30, 2024, and the total pension asset used to calculate the net pension asset was determined using an actuarial valuation as of that date. The NPERS School Plan was 103.34% funded as of June 30, 2024, based on actuarial calculations comparing total pension asset to the plan fiduciary net position. The District's proportion of the net pension asset was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating entities, actuarially determined. At June 30, 2024, the District's proportion was 0.967268%, which was an increase of 0.052952% from its proportion measured as of June 30, 2023.

For the year ended June 30, 2024, the District's allocated pension income was \$460,323.

Actuarial Assumptions

The total pension asset in the June 30, 2024, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

- Inflation: 2.35%
- Investment rate of return, net of investment expense and including inflation: 7.00%
- Projected salary increases, including inflation: 2.85%
- Cost-of-living adjustments (COLA): 2.00% for members hired before January 1, 2013. 1.00% for members hired on or after January 1, 2013

The Plan's pre-retirement mortality rates were based on the Pub-2010 General Members (Above Median) Employee Mortality Table (100% of male rates, 95% of female rates), both male and female rates set back one year, projected generationally using MP-2019 modified to 75% of the ultimate rates.

The Plan's post-retirement mortality rates were based on the Pub-2010 General Members (Above Median) Retiree Mortality Table (100% of male rates, 95% of female rates), both male and female rates set back one year, projected generationally using MP-2019 modified to 75% of the ultimate rates.

The Plan's beneficiaries mortality rates were based on the Pub-2010 General Members (Above Median) Contingent Survivor Mortality Table (100% of male rates, 95% of female rates), both male and female rates set back one year, projected generationally using MP-2019 modified to 75% of the ultimate rates.

The Plan's disability mortality rates were based on the Pub-2010 Non-Safety Disabled Retiree Mortality Table (static table).

The actuarial assumptions used in the valuation are based on the results of an actuarial experience study which covered the four-year period ending June 30, 2019. The experience study report is dated December 21, 2020.

The long-term expected real rate of return on pension plan investments was based upon the expected long-term investment returns provided by a consultant of the Nebraska Investment Council, who is responsible for investing the pension plan assets. The return assumptions were developed using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of June 30, 2024, are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
U.S. Equity	27.00%	4.50%
Non-U.S. Equity	11.50%	5.80%
Global Equity	19.00%	5.30%
Fixed Income	30.00%	0.70%
Private Equity	5.00%	7.40%
Real Estate	7.50%	4.20%
Total	100.00%	

Discount Rate

The discount rate used to measure the total pension liability/asset at June 30, 2024, was 7.00%. The discount rate is reviewed as part of the actuarial experience study, which was last performed for the period July 1, 2015 through June 30, 2019. The actuarial experience study is reviewed by the NPERS Board, which must vote to change the discount rate.

The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and contributions from employers and nonemployees will be made at the contractually required rates, actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The projected future benefit payments for all current plan members were projected through 2119.

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the District's proportionate share of the net pension liability (asset) calculated using the discount rate of 7.00%, as well as what the District's proportionate share of the net pension liability (asset) would be if it were calculated using a discount rate that is one-percentage-point lower (6.00%) or one-percentage-point higher (8.00%) than the current rate:

	<u>Discount Rate</u>	<u>District's Proportionate Share of Net Pension Liability (Asset)</u>
1% decrease	6.00%	\$ 16,824,934
Current discount rate	7.00%	(5,324,265)
1% increase	8.00%	(23,484,610)

Plan Fiduciary Net Pension

Detailed information about the Plan's fiduciary net position is available in the separately issued Nebraska Public Employees Retirement Systems Plan financial report. NPERS issues a publicly available financial report that includes financial statements and required supplementary information for NPERS. That report can be obtained from <https://npers.ne.gov> under Related Links-Retirement Plan Audits, by writing to Public Employees Retirement Systems, PO Box 94816, Lincoln, NE 68509-4816, or by calling 402-471-2053.

Note 5 - Commitments and Contingencies**Commitments**

The District leases certain copier and printer equipment under a lease with a term expiring in December 2026. Future minimum lease payments are as follows:

Fiscal year ending August 31,	
2026	\$ 160,412
2027	<u>53,471</u>
Total	<u><u>\$ 213,883</u></u>

Contingencies

The District is involved in litigation arising in the normal course of business. After consultation with legal counsel, management estimates these matters will be resolved without material adverse effect on the District's future financial position or results from operations.

Federal Awards

The District receives funds under various federal grant programs to be expended in accordance with the provisions of the grant. Compliance with the grants is subject to audit by various government agencies which may impose sanctions in the event of noncompliance. Management believes that they have complied with all aspects of the various grant provisions and the results of adjustments, if any, relating to such audits would not have any material impact on the District's financial statements.

Note 6 - Interfund Activity

During the year ended August 31, 2025, the District transferred \$79,000 from the General Fund to the Activities Fund. Per rules set by the Nebraska Department of Education, deficits in the Activities Fund shall be covered by funds transferred from the General Fund and reported as transfers into the Activities Fund and transfers out of the General Fund. The District also transferred \$1,925,000 from the General Fund to the Depreciation Fund. Per rules set by the Nebraska Department of Education, General Fund monies may be transferred to the Depreciation Fund in order to facilitate the eventual purchase of costly capital outlay. These are to be reported as transfers into the Depreciation Fund and expenditure out of the General Fund.

Note 7 - Change within the Reporting Entity

During the year ended August 31, 2025, there was a change within the financial reporting entity which resulted in the Qualified Capital Purpose Undertaking fund being reported as a nonmajor fund instead of a major fund. As such, beginning fund balance was reclassified from major to presented as a nonmajor fund. The effect of the change on beginning fund balance is shown in the table below:

	September 1, 2025, As Previously Reported	Change to or Within the Financial Reporting Entity	September 1, 2025, As Restated

**Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance
and Other Matters Based on an Audit of Financial Statements Performed in Accordance with
*Government Auditing Standards***

The Board of Education
School District No. 59 Bennington Public Schools, Douglas County, Nebraska
Douglas County, Nebraska

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*), the modified cash basis financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of School District No. 59, Bennington Public Schools, Douglas County, Nebraska (the District) as of and for the year ended August 31, 2025, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated November 3, 2025.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We identified certain deficiencies in internal control, described in the accompanying Schedule of Findings and Responses as items 2025-001 and 2025-002 that we consider to be significant deficiencies.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

District's Response to Findings

Government Auditing Standards requires the auditor to perform limited procedures on the District's response to the findings identified in our audit and described in the accompanying Schedule of Findings and Responses. The District's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**2025-001 Segregation of Duties
Significant Deficiency**

Criteria – An effective system of internal control depends on an adequate segregation of duties with respect to the execution and recording of transactions, as well as the custody of an entity's assets. Accordingly, an effective system of internal control will be designed such that these functions are performed by different employees, so that no one individual handles a transaction from its inception to its completion.

Condition – The limited number of employees at the District prevents a proper segregation of accounting functions necessary to ensure effective internal control in cash receipts, cash disbursements, payroll and related liabilities, and general ledger maintenance and reconciliation. This is not unusual in an organization of your size; however, the lack of segregation of duties increases the risk of fraud related to misappropriation of assets, financial statement misstatement, or both. It is the responsibility of management and those charged with governance to determine whether to accept the degree of risk associated with the condition because of cost or other considerations.

Cause – There is a limited amount of office employees involved in the internal control process.

Effect – Inadequate segregation of duties could adversely affect the District's ability to detect misstatements in amounts that would be material in relation to the financial statements in a timely period by employees in the normal course of performing their assigned functions.

Recommendation – While we recognize that your staff may not be large enough to permit complete segregation of duties, the accounting functions should be reviewed to determine if additional segregation of duties is feasible and to improve the efficiency and effectiveness of financial management and financial statement accuracy for the District. Segregation of authorization, custody of assets, record keeping and reconciliation functions would assist in mitigating the risk of fraud or misstatements to the financial statements.

Views of Responsible Officials – There is no disagreement with the audit finding.

**2025-002 Preparation of Financial Statements, Including Schedule of Expenditures of Federal Awards
Significant Deficiency**

Criteria – A good system of internal control contemplates an adequate system for internally preparing the District’s financial statements, including the schedule of expenditures of federal awards.

Condition – The District does not have an internal control system designed to provide for the preparation of the financial statements, schedule of expenditures of federal awards and related financial statement disclosures being audited. In conjunction with the completion of our audit, we were requested to draft the financial statements, schedule of expenditures of federal awards and accompanying notes to those financial statements. Although this circumstance is not unusual for an organization of your size, the absence of controls over the preparation of financial statements, schedule of expenditures of federal awards and accompanying notes to those financial statements increases the possibility that a misstatement of the financial statements, schedule of expenditures of federal awards and accompanying notes to those financial statements could occur and not be prevented, or detected and corrected, by the entity's internal control.

Cause – The District does not have an internal control system designed to provide for the preparation of the financial statements, including the schedule of expenditures of federal awards and accompanying notes to those financial statements being audited.

Effect – The disclosures in the preparation of the financial statements, including the schedule of expenditures of federal awards and accompanying notes to those financial statements could be incomplete.

Recommendation – The circumstance is not unusual in a District of your size. It is the responsibility of management and those in charge of governance to make the decision whether to accept the degree of risk associated with this condition because of cost of other considerations.

Views of Responsible Officials – There is no disagreement with the audit finding.

**Independent Auditor's Report on
the Supplementary Information**

The Board of Education
Douglas County School District No. 59
Bennington, Nebraska:

We have audited the modified-cash basis financial statements of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of School District No. 59, Bennington Public Schools (the "District"), as of and for the year ended August 31, 2025, which collectively comprise the District's basic financial statements and have issued our report thereon dated November 3, 2025, which contained an unmodified opinion on those basic financial statements. Our audit was performed for the purpose of forming an opinion on the basic financial statements as a whole.

The accompanying supplementary information is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

The supplementary information submitted herewith is as follows:

Payroll information is presented in the Schedule based on gross wages paid on a cash basis, as permitted by Nebraska Department of Education regulations.

November 3, 2025

To the Board of Education
Bennington Public Schools, Douglas County, Nebraska
Bennington, Nebraska

We have audited the financial statements of Bennington Public Schools, Douglas County, Nebraska ("the District") as of and for the year ended August 31, 2025, and have issued our report thereon dated November 3, 2025. Professional standards require that we advise you of the following matters relating to our audit.

Our Responsibility in Relation to the Financial Statement Audit under Generally Accepted Auditing Standards and *Government Auditing Standards*

As communicated in our letter dated June 16, 2025, our responsibility, as described by professional standards, is to form and express an opinion about whether the financial statements that have been prepared by management with your oversight are presented fairly, in all material respects, in accordance with the basis of accounting described in Note 1 to the financial statements; this includes determining that the modified-cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Our audit of the financial statements does not relieve you or management of its respective responsibilities.

Our responsibility, as prescribed by professional standards, is to plan and perform our audit to obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement. An audit of financial statements includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control over financial reporting. Accordingly, as part of our audit, we considered the internal control of the District solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are also responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

We have provided our comments regarding significant control deficiencies during our audit in our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards* dated November 3, 2025.

Planned Scope and Timing of the Audit

We conducted our audit consistent with the planned scope and timing we previously communicated to you.

Compliance with All Ethics Requirements Regarding Independence

The engagement team, others in our firm, as appropriate, our firm, and other firms utilized in the engagement, if applicable, have complied with all relevant ethical requirements regarding independence.

Qualitative Aspects of the Entity's Significant Accounting Practices

Significant Accounting Policies

Management has the responsibility to select and use appropriate accounting policies. A summary of the significant accounting policies adopted by the District is included in Note 1 to the financial statements. There have been no initial selection of accounting policies and no changes in significant accounting policies or their application during 2025. No matters have come to our attention that would require us, under professional standards, to inform you about (1) the methods used to account for significant unusual transactions and (2) the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

Accounting Estimates and Related Disclosures

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's current judgments. Those judgments are normally based on knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ markedly from management's current judgments. No such significant accounting estimates were identified.

Financial Statement Disclosures

Certain financial statement disclosures involve significant judgment and are particularly sensitive because of their significance to financial statement users. There were no financial statement disclosures that we consider to be particularly sensitive or involve significant judgment.

Significant Difficulties Encountered during the Audit

We encountered no significant difficulties in dealing with management relating to the performance of the audit.

Uncorrected and Corrected Misstatements

For purposes of this communication, professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that we believe are trivial, and communicate them to the appropriate level of management. Further, professional standards require us to also communicate the effect of uncorrected misstatements related to prior periods on the relevant classes of transactions, account balances or disclosures, and the financial statements as a whole. The attached schedule details the misstatements that we identified as a result of our audit procedures were brought to the attention of, and corrected by, management.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter, which could be significant to the District's financial statements or the auditor's report. No such disagreements arose during the course of the audit.

Circumstances that Affect the Form and Content of the Auditor's Report

For purposes of this letter, professional standards require that we communicate any circumstances that affect the form and content of our auditor's report. We did not identify any circumstances that affect the form and content of the auditor's report.

Representations Requested from Management

We have requested certain written representations from management which are included in the management representation letter dated November 3, 2025.

Management's Consultations with Other Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters. Management informed us that, and to our knowledge, there were no consultations with other accountants regarding auditing and accounting matters.

Other Significant Matters, Findings, or Issues

In the normal course of our professional association with the District, we generally discuss a variety of matters, including the application of accounting principles and auditing standards, significant events or transactions that occurred during the year, operating and regulatory conditions affecting the entity, and operational plans and strategies that may affect the risks of material misstatement. None of the matters discussed resulted in a condition to our retention as the District's auditors.

This report is intended solely for the information and use of the Board of Education, and management of the District and is not intended to be, and should not be, used by anyone other than these specified parties.

Total District Exclusions (Adjustments to Current Expense)	\$4,926,430
Excluded Expenses	Debt interest, capital purchases, equipment, adult education, Pre-K, State & Local Grants, and Community Services
Membership Count	ADM = Average Daily Membership

Each *Chart* include:

- Membership Count used is the School District's Average Daily Membership (ADM).
 - ADM is used at the District level and at each School within the District.
- Salary and Benefits are identified for informational purposes and are included in Federal and State/Local Expenditures from the 2024-2025 Annual Financial Reports submitted by the Districts.
 - ***Since salary and benefits are included in the Federal and State/Local amounts, salary and benefits should not be added again when calculating per pupil costs.***
- State/Local and Federal Expenditures are from the 2024-2025 Annual Financial Reports submitted by the Districts at the District and School levels.
- Three (3) percent of Building & Contents are based on district reporting of its buildings, land, and contents of the District Buildings and each School Building. (Most districts rely on insurable value for reporting purposes.)
 - Three percent of this total is considered "Annual Depreciation" of the district building & contents and is included in Per Pupil Cost calculations per Nebraska State Status §79-598 and §79-1003.

District and School Level Per Pupil Cost Calculation:

- Federal Expenditures + State/Local Expenditures + 3% of District Building & Contents / ADM

Per Pupil Costs Calculations shown in Charts:

- *Chart 1:* Allocated General Fund Expenditures Per Pupil Cost (G) = (D + E + F)
- *Chart 2:* District Only Submitted General Fund Expenditures Per Pupil Cost (K) = (H + I + J)
- *Chart 3:* School Only Submitted General Fund Expenditures Per Pupil Cost (O) = (L + M + N) per school building
- *Chart 3:* Total School Per Pupil Cost (P) =(K + O)

District allocations and school level figures may not match School Level Per Pupil Costs (Columns G & P) due to rounding in the calculations.

Bennington Public Schools

Executive Summary – August 31, 2025

Audit Results and Findings

Audit Opinion

- The District received a “clean” unmodified audit opinion
 - Financial statements are prepared using modified cash basis of accounting as allowed by NE Dept of Education
 - Financial statements do not contain material misstatements and are fairly presented
- Opinion is the auditor’s professional opinion, based on audit work, on whether the financial statements were prepared in accordance with the modified cash basis of accounting as allowed by NE Dept of Education, free from material misstatement, and fairly presented.
- The audit procedures noted no misstatements that were of a material nature that were not adjusted.
- 3 audit adjustments

Audit of Federal Funds

****STILL IN PROCESS DUE TO 2025 COMPLIANCE SUPPLEMENT DELAYS****

- All entities with federal award expenditures of \$750,000+ in a year are required to obtain an annual audit of their federal awards, which Bennington Public Schools did for FY25.
- Single audit – considers compliance with rules and regulation of applicable federal awards
- The District is expected to receive an unmodified opinion on compliance for the major federal awards programs report
 - Special Education (IDEA) Cluster – 43.42% of total federal expenditures

Findings

Financial Statements:

1. Significant Deficiency – Segregation of Duties
2. Significant Deficiency – Preparation of Financial Statements, including Schedule of Expenditures of Federal Awards

Single Audit:

1. None Expected**

****Not completed due to 2025 Compliance Supplement delays**
