Hastings Public Schools

Board of Education Norms

We will work to achieve consensus while valuing differences of opinion both within our Board and when considering the input of others.

We will conduct meetings and business in a manner that is fair and professional.

We will strive to ensure our decisions are congruent with the mission, vision, and strategic plan for the District.

Each member will be committed to the School Board process by attending meetings, being on time, coming prepared, adhering to the agenda (the President of the Board may adjust the order of the agenda to allow the fullest participation of the available members of the Board upon the request of a Board Member), *referencing Robert's Rules of Order*, and participating to their full potential.

We will gather the necessary data; seek expertise from within and outside of our District; and attempt to hear from any parent, student, or other community member in order to make wise decisions that reflect all stakeholders.

We will regularly and intentionally communicate with one another, the administration, faculty, staff, students, community, and the press to ensure information is shared openly and in a relevant, timely and appropriate manner.

We will also maintain confidentiality when necessary.

We will serve as advocates for K-12 public education within our community, as well as within the state of Nebraska.

We will recognize that, as community leaders, we will adhere to the character standards that are the core of our school: respect, responsibility, compassion, and honesty.

Our collective and fundamental purpose is to assure all students acquire the knowledge, skills, and behaviors essential to be successful individuals and responsible citizens.

**ADDENDUM TO
EMPLOYMENT CONTRACT**

THIS ADDENDUM to the Employment Contract is made by and between the Board of Education of Hastings Public Schools, hereinafter referred to as the “Board,” and John Hauser, hereinafter referred to as the “Hauser,” as follows:

WHEREAS, the Board and Hauser previously entered into an Employment Contract, providing the terms and conditions of employment for Hauser during the 2025-2026 school year; and

WHEREAS, the Board has appointed Hauser to assume additional responsibilities for the remainder of the 2025-2026 school year, and desires to compensate Hauser for such additional responsibilities; and

WHEREAS, the Board and Hauser jointly desire to amend Hauser’s Employment Contract.

NOW, THEREFORE, the Board and Hauser jointly agree that Hauser’s monthly salary shall increase by \$7,000 for the months of May 2026 and June 2026, subject to any applicable withholdings and deductions. Hauser shall not receive any additional salary amounts after the month of June 2026, unless otherwise agreed by both parties in writing.

All other provisions of said Contract shall remain in full force and effect.

Proposal to Increase Graduation Credit Requirements from 225 to 250 Credits for Hastings Senior High School ([PowerPoint](#))

Purpose

The goal of increasing the graduation credit requirement is to improve student attendance and engagement in all enrolled classes throughout their high school career. This initiative aims to address a common issue among upperclassmen who often attend only the minimum required classes needed to graduate, resulting in poor attendance in other courses and a lower GPA.

Background

- The current graduation requirement is 225 credits by the end of the senior year.
 - Senior year - 50 credits
 - Junior year - 60 credits
 - Sophomore year - 70 credits
 - Freshman year - 70 credits
- The average credits earned by seniors over the course of the last three years is well above the current requirement of 225 credits.
 - Graduating Class of 2025 - 259
 - Graduating Class of 2024 - 258
 - Graduating Class of 2023 - 255
- Some students in the Hastings area “school shop” by enrolling in schools with the lowest credit requirements to graduate on time, with less course engagement and lower expectations.
- The majority of neighboring area and conference schools have higher credit requirements for graduation and a higher graduation rate.
- With Computer Science and Personal Finance now required for graduation, the overall credit requirement did not increase. As a result, students have fewer available slots for elective courses while still meeting the current graduation requirements.

--	--

Key Points

- **No Increase in Required Classes:** The increase from 225 to 250 credits **does not** require students to take more classes each year. Instead, it emphasizes the importance of attending and passing all classes in which students are enrolled.
- **Encouraging Attendance:** By increasing the total credits needed, students are incentivized to attend classes consistently rather than focusing solely on courses strictly necessary for graduation.
 - Some students are picking and choosing which classes to attend and are negatively affecting peers and teachers. Other students are not able to take certain classes because those seats are taken by upperclassmen who are choosing not to attend classes.
- **Phased Implementation:**
 - The new requirement **will not apply** to the current juniors (Class of 2027) and seniors (Class of 2026), as their graduation paths are already established.
 - The new requirement **will apply** to current freshmen (Class of 2029), sophomores (Class of 2028), and any incoming student (starting Fall 2026) who will be guided through the transition.
 - Through this plan, the implementation will be a two-year cycle, rather than a four-year cycle.
- **Supporting Student Success:** The change supports a well-rounded education and reduces credit loss due to absences, which can impact student learning outcomes and readiness for post-secondary plans.

Expected Benefits

- Reinforcement of the value of a comprehensive high school education
- Increased daily attendance across all grade levels, particularly among upperclassmen
- Reduced credit loss due to absenteeism and improved GPA
- Greater alignment with local and conference schools, minimizing enrollment shifts based on credit requirements
- Closer alignment with regional standards addresses the competitive enrollment issue
- Exposure to more elective courses, offering diverse and engaging learning experiences, by attending class the entire semester

Conclusion

Raising the graduation credit requirement from 225 to 250 credits is a strategic step to improve student attendance and engagement without increasing the course load. This change will help ensure students remain connected to Hastings High School, better preparing them for graduation and beyond.

Professional Growth

Starting in the 2025-2026 school year, every six years, permanent certificated employees shall give evidence of professional growth. Six semester hours of college credit shall be accepted as evidence of professional growth or ninety hours of approved professional learning mentioned below.

The board of education believes the goal of professional self-improvement to be inherent in the responsibilities of each certificated district employee.

Other professional growth activities which may count toward the six-year requirement include professional workshops, conferences, Professional Learning Communities (PLC) collaborative work, presentations, memberships, advanced credentials, and other professional activities of significant educational value. The employee must receive prior approval from the building principal for any of these activities to count toward professional growth.

Instructional Program

1. The minimum number of instructional hours in the school year will be 1,080 for grades 9 through 12, 1,032 for grades 1 through 8, and 400 for kindergarten, exclusive of lunchtime.
2. The district may establish special programs for individual students that may deviate from these requirements. All special programs must either be adopted pursuant to applicable law or approved by the superintendent in advance. Prior to the district's commencement of a specialized program, the district will provide the student's parents or guardians with notice of the program.
3. The board, acting with the advice of the administration and certificated staff, will adopt a curriculum and procure textbooks and materials to support that curriculum. The administration and certificated staff will design instructional strategies and assessments to implement the curriculum.
4. To the extent possible, practice for, travel to, and participation in activities sponsored by the Nebraska School Activities Association and the Nebraska Department of Education will be scheduled outside of instructional time. Individual student absences because of illness or family-centered activities will be governed by district attendance policies.
5. The board intends to strike a sensible balance between the time spent on academics and time spent on extra-curricular activities, acknowledging that both work and play are important in each student's total development and education.

Curriculum Development

The board of education jealously guards its right, prerogative, and discretion to exercise local control of the curriculum development of the district to the greatest extent permitted by state and federal law, and has no intention of ceding such right, prerogative, or discretion.

The superintendent or his/her designee shall be responsible for providing and directing system-wide planning for curriculum, instruction, assessment and staff development.

The curriculum shall be standards-driven and accountability-based. The district's academic content standards shall be those required by the Nebraska State Board of Education in the subject areas of reading and writing (language arts), mathematics, and science only. The curriculum shall be articulated to include all programs and grade levels offered within the district, K-12 and, if applicable, shall include a preschool program. The curriculum shall reflect the comprehensive plan of the school district. All professional staff members are responsible for implementing the curriculum.

The superintendent or his/her designee will present this curriculum to the board for approval or modification.

The superintendent shall be responsible for establishing curriculum guides to articulate and coordinate the written curriculum, and to provide consistency of the written curriculum from one level of the district to the next. Curriculum guides shall provide for the development of the school district's curriculum and shall set academic standards, identify essential educational outcome criteria, and provide for the implementation, monitoring and evaluation of student learning.

Teachers are responsible for following the curriculum guides and teaching the written curriculum. Principals are responsible for monitoring the curriculum and evaluating teachers to ensure that they are teaching in compliance with the curriculum guides and written curriculum. The superintendent and his/her designee shall ensure that principals monitor the curriculum and evaluate teachers.

Grade Placement and Academic Credits of Transfer Students

Subject to a determination on grade placement based on the criteria set forth below, a student transferring from an accredited school generally will be placed at the grade level that is comparable to the placement in the school from which the student is transferring. Temporary placement may be made until a student's records are received to verify the placement.

Elementary Level Students

The appropriate level of placement for elementary level students may be determined by, but not limited to, consideration of the following information:

- Chronological age
- Previous public school or private school experience
- Diagnostic test data
- Achievement test data
- Criterion-referenced test data

Secondary Level Students

The appropriate level of placement for secondary students may be determined by, but not limited to, consideration of the following information:

- Chronological age
- Previous public school or private school experience and transcript
- Standardized achievement test data
- Criterion-referenced test data
- Final examination test data
- Diagnostic test data

The district will accept credits toward graduation that were awarded by an accredited school district and which, in the professional judgment of the administrative team, are sufficiently rigorous and comparable to the district's offered courses of study. A student transferring into the school district in grades 9-12 will be responsible for meeting all graduation requirement in order to be awarded a diploma from the district.

Students who transfer from an exempt (home) school and/or a non-accredited school may be awarded credits to be counted toward high school graduation requirements at the discretion of the building principal in consultation with the superintendent of schools. The principal will consider all of the factors listed above and will also consider the student's performance on the district's internal benchmark tests.

The district administration, in conjunction with the building principal, will determine the appropriate grade level/credit status of a student transferring from a foreign country.

Teaching Controversial Issues

The ability to discuss, listen, and dissent are essential elements of responsible citizenship. The school district encourages students to develop skills in analyzing issues, respecting the opinion of others, distinguishing between fact and opinion, considering all pertinent factors in reaching decisions, and arriving at group decisions.

Teachers may teach or lead discussions about controversial issues if they comply with the following criteria:

1. The issues discussed must be relevant to the curriculum and be part of a planned educational program.
2. Students must have free access to appropriate materials and information for analysis and evaluation of the issues.
3. The teacher must encourage students to consider and discuss a variety of viewpoints.
4. The topic and materials used must be within the range, knowledge, maturity, and competence of the students.
5. The teacher must inform parents and the building principal before discussing sensitive or controversial issues.
6. The teacher must keep detailed, documentary evidence to prove that both sides and/or all facts available were presented.
7. Teachers must refrain from advocating partisan causes, sectarian religious views, or selfish propaganda of any kind through any classroom or a school device. However, a teacher shall not be prohibited from expressing a personal opinion as long as the student is encouraged to reach his/her own decision independently.

Teachers who are unsure of their obligations under this policy must confer with their principal prior to discussing controversial issues in the classroom.

6020 Multicultural Education

In every curriculum area and at all grades, the school district will provide programs which foster and develop an appreciation and understanding of the racial, ethnic, and cultural heritage of all students. These programs will allow students to explore the history and contributions made by various ethnic groups and will emphasize human relations, sensitivity toward all races, and the rich diversity of the population of the United States. The programs shall be implemented within the guidelines of the State Department of Education and in accordance with any other applicable laws and/or regulations.

Philosophy, Mission, and Program Goals. The school district respects and appreciates cultural diversity and seeks to promote the understanding of unique cultural and ethnic heritage. The district will promote the development of a culturally responsible and responsive curriculum. The school district's program will explore the attitudes, skills, and knowledge necessary to function in various cultures.

District Guides, Frameworks, or Standards. Appropriate district staff and/or committee(s) will review the school district curriculum guides, frameworks, or standards to determine that they appropriately incorporate multicultural education.

Selecting Appropriate Instructional Materials. Appropriate school district staff and/or committee(s) will review instructional materials and make a recommendation regarding those that are appropriate for the school district's multicultural education program.

Providing Staff Development. Appropriate school district staff and/or committee(s) will review the staff development provided for administrators, teachers, and support staff to determine that it includes appropriate multicultural education that is consistent with school district and program goals.

Periodic Assessment. Appropriate school district staff and/or committee(s) will periodically review the school district's multicultural education program by reviewing the criteria in this policy to assess whether the school district is adequately and appropriately incorporating multicultural education in all curriculum areas in all grades.

Annual Status Report. The superintendent will provide the board with a

report on the status of the school district's multicultural education program annually.

**District Criteria for Selecting Evaluators to be Used for Special
Education Evaluation and Verification and Independent Educational
Evaluations**

The following criteria shall be used for selecting evaluators according to 92 Nebraska Administrative Code 51-006.07B:

1. Those in-state service agencies that have approved rates for the current year established by the Nebraska Department of Education. A list of service agencies with approved rates, including state agencies, individual providers, and in-state providers may be found at <https://www.education.ne.gov/sped/service-agencies/>.
2. Those Nebraska providers located within 100 **[NOTE TO BE DELETED: insert mileage that is appropriate to your district's geographic location.]** miles of the building of the district where the child attends when driving by ordinary public roadways, except **[include here any exceptions to these criteria necessary for specific assessments which the district would not obtain within the indicated area. Based on feedback from ESU Special Education Directors statewide, these exceptions might include the following: vision-related evaluations (___ miles); evaluations for severe autism spectrum disorder (___ miles); evaluations for severe psychiatric disorders (___ miles); evaluations for significant or atypical orthopedic disorders (___ miles); threat assessments (___ miles); profound hearing impairments (___ miles). You should specifically identify such assessments after consulting with your special education or educational service unit staff, and include those and their relevant mileage range. If no assessments would require a deviation from this area, simply conclude this paragraph after the word "roadways."]**
3. Evaluations must consider the educational, health, or other student records of the student provided by the district. The parents, guardians, or age-appropriate student must provide any required consent to the disclosure of these records unless disclosure is already authorized by state and federal law.
4. Evaluations must be provided to the district, including all educational, health, student, or other records created as part of or relied upon to complete the evaluation. The parents, guardians, or age-appropriate student must provide any required consent to the disclosure of these records unless disclosure is already authorized by state and federal law.
5. Evaluations must be conducted by a provider that is authorized,

available, and willing to discuss, confer, or otherwise cooperate with the district regarding the evaluation, its results, or any other information related to the evaluation. Such cooperation may include reasonable participation in, or the submission of additional reports or information to, an IEP, MDT, or SAT team. Evaluators must make available to the district any documents or records created in relation to the evaluation, including evaluation and assessment protocols and responses, when the district determines in its sole discretion that such documentation is necessary in order to permit meaningful parental participation. The parents, guardians, or age-appropriate student must provide any required consent to the disclosure of these records or information unless disclosure is already authorized by state and federal law.

6. Evaluations must be sufficiently comprehensive for the evaluator to submit to the district a report that specifically details whether the student should be considered eligible for special education and related services, the nature of special education and related services recommended to accommodate the student's suspected disability, and the particular facts or findings underlying the evaluator's conclusions. This report must be submitted to the district within 45 days after the conclusion of the evaluation.
7. Evaluations must meet the then-current state standards for reliability, research-based processes, and educational or professional best practices.
8. Reimbursement to any evaluator chosen in conformance with this policy shall not exceed the cost that would be charged by the school district's contracted providers for the same or substantially similar evaluation.

All special education evaluations, including those independently obtained at the district's expense, must be obtained in a manner consistent with the criteria set forth above, unless state or federal law requires waiver of one or more criteria in order to accommodate unique circumstances.

Hastings YMCA and Hastings Public Schools Facility Usage Agreement

THIS AGREEMENT is made and entered into on the 1st day of June 2026, by and between the Hastings Family YMCA, hereinafter referred to as YMCA, and Hastings Public Schools, hereinafter referred to as HPS.

WHEREAS the YMCA owns and operates an indoor swimming pool located at 1430 West 16th Street, Hastings, NE, hereinafter termed "swimming facilities," and the HPS desires to utilize the swimming facilities for the HHS Swim Team and the Life Skills Program.

NOW, THEREFORE, IN CONSIDERATION OF THE PREMISES AND THE MUTUAL COVENANTS AND AGREEMENTS HEREIN CONTAINED, the parties agree as follows:

Section 1. The YMCA agrees that HPS will have use of the pool during the interscholastic swimming season for any meets or tournaments involving competition with other schools from the first day of swim practice through the state swim meet, as determined by the Nebraska State Activities Association (NSAA). The YMCA agrees that HPS shall also have the right to practice based on an agreed-upon schedule. HPS will cooperate with the YMCA and other area organizations for the use of facilities for other activities. HPS will inform the YMCA of its schedule at least two months before the official starting date of the competitive swimming season, as designated by the NSAA. HPS and the YMCA shall give the other party (48) hours' notice of any cancellation of the use of any facilities except when such cancellation is necessitated by adverse weather conditions or acts of God.

Section 2. The YMCA agrees that HPS and Educational Service Unit #9 will have use of the pool on specific dates to be determined at a later time. These dates shall not exceed 20 days per year. During these predetermined dates, students within the Lifeskills program of HPS and the Educational Service Unit #9 shall have access to the pool, locker rooms, family change rooms, and other areas of the facility as agreed upon by the YMCA staff. These groups will have access to the facility at various times throughout the days set forth; however, those times shall not be before 8:00 AM and shall not be after 3:00 PM.

Section 3. HPS shall pay the YMCA the sum of \$25,000.00, due by June 30, 2026.

Section 4. During all times when HPS is using the YMCA facilities, HPS personnel shall be responsible for the supervision of all students. YMCA agrees to provide safe facilities at all times for use by HPS.

Section 5. HPS shall maintain, at its own expense, general liability insurance. HC shall provide the YMCA with a certificate of insurance evidencing such coverage and naming the YMCA as an additional insured. The YMCA shall maintain its own general liability insurance coverage.

Section 6. HPS shall indemnify, defend, and hold harmless the YMCA, its officers, directors, employees, and agents from and against any claims, losses, damages, liabilities, costs, and expenses (including 1 reasonable attorneys' fees) arising out of or relating to the use of the Pool Facility by HPS, its students, faculty, staff, or invitees, any breach of this Agreement by HC, or any negligent or willful act or omission of HPS, its students, faculty, staff, or invitees.

IN WITNESS WHEREOF, the parties have caused this Agreement to be executed by the Hastings Family YMCA of Hastings, Nebraska, and Hastings Public Schools of Hastings, Nebraska, the day indicated by such signature.
