SCHOOL DISTRICT SPENDING TELLS A STORY ...

Behind every dollar spent in a district is a conversation between locally elected school board members and school leaders, and the community. Spending represents district needs, goals, and priorities. Understanding spending, trends, enrollment data, and expenses helps boards illustrate to their constituents and policymakers how their decisions have impacted the district and the taxpayer.

Spending here is illustrated as a ten-year examination of spending by:

- Total Annual Costs
- Average Daily Membership (ADM)
- Average Daily Attendance (ADA)
- Cost per ADM
- Growth Annual Cost
- % of Growth per ADM

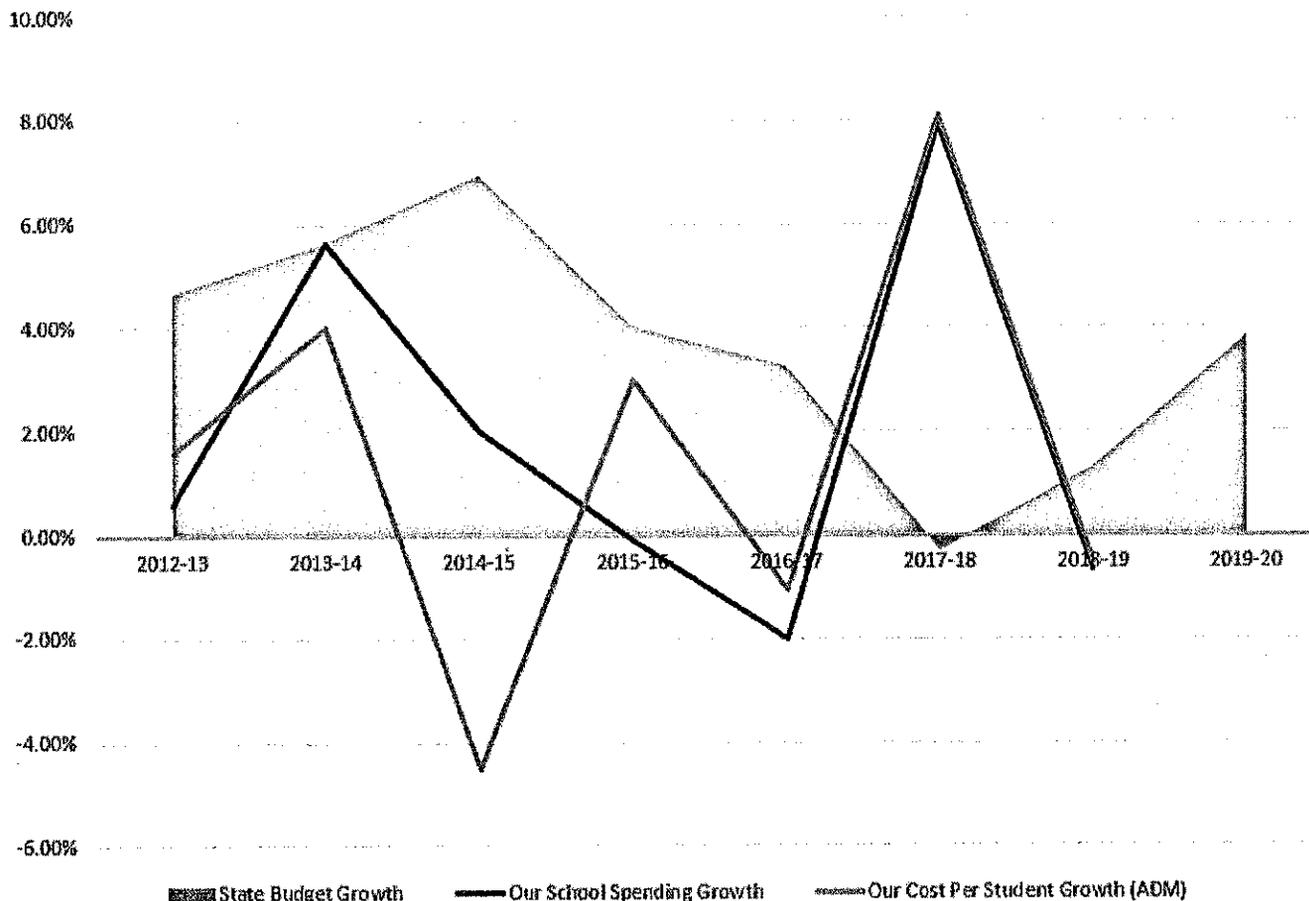

Costs are driven by a variety of Constitutional and statutory mandates. Salary and benefits represent the largest expense, followed by facilities. Student driven demographics are also drivers of district spending. Poverty rates, English Language Learners, Special Education students and mobility are among the factors that impact district spending.

**The 2018-19 AFR no longer has Total Annual Costs which was a combination of Total Adjusted Current Expense plus depreciation. Depreciation is no longer collected on the AFR. Per Pupil Cost has historically been calculated per State Statute 79-598 and 79-1003. With the implementation of Every Student Succeeds Act, Federal Expenditures were required to be added beginning in 2018/19. The State/Local + 3% of Building Contents per pupil cost can be compared to years prior to 2018/19.
