Community RelationsUse of School Facilities: Student Groups

1. Access by Youth Organizations. The District will allow, upon request, a representative of a recognized youth organization to provide: (1) oral or written information to students regarding the youth organization and how such youth organization furthers the educational interests and civic involvement of students in a manner consistent with good citizenship; and (2) services and activities to any student who is a member of such youth organization. A “recognized youth organization” is limited to those group listed in 36 U.S.C. Subtitle II, Part B. Each requesting youth organization will be permitted to provide information at school at least once during each school year. The administration will make a good faith effort to find a mutually agreeable date, time, and location for each requesting youth organization, though the administration shall have the ultimate authority to select the date, time, and location for any requesting youth organization. Under no circumstances will any requesting youth organization be permitted to provide oral information to students during instructional time, unless previously approved by the Superintendent or Superintendent’s designee. Every representative from a requesting youth organization must submit to, at the organization’s cost, a background check. The Superintendent or Superintendent’s designee may refuse to allow an individual to be on school grounds if the individual’s background check discloses a prior felony conviction or if, in the Superintendent’s discretion, the background check otherwise reveals concerns about student safety. Nothing in this Paragraph preempts or undermines any provision of the District’s Parental Involvement Policy.

~~1.2.~~ Equal Access to Student Groups. In the event any of the secondary schools (grades 6-12) have a limited open forum as defined in the Equal Access Act, such school(s) shall not deny equal access or a fair opportunity to, or discriminate against, any students who wish to conduct a meeting within that limited open forum on the basis of the religious, political, philosophical, or other content of the speech at such meetings. A limited open forum for this purpose exists if the secondary school grants an offering to or opportunity for one or more non-curriculum related student groups to meet on school premises during noninstructional time.

All such student meetings at school are subject to the following requirements:

- a. the meeting must be voluntary and student-initiated;
- b. there must be no sponsorship of the meeting by the school or its agents or employees;
- c. employees or agents of the school are present at religious meetings only in a nonparticipatory capacity;
- d. the meeting must not materially and substantially interfere with the orderly conduct of educational activities within the school; and
- e. non-school persons may not direct, conduct, control, or regularly attend activities of the student group.

The administration shall in all respects maintain the District in compliance with the Equal Access Act.

2.3. Equal Access to Outside Groups Meeting at School. If the District provides an opportunity for one or more outside youth or community groups to meet on school premises or in school facilities before or after school hours, the District shall make that opportunity available to other similarly situated groups. The administration shall in all respects maintain the District in compliance with the Equal Access Act.

Students

Full-time and Part-time Enrollment

Full-time Enrollment

Students must be enrolled in [Name] Public Schools on a full-time basis. Full-time basis is defined as attending classes for the full instructional day within the public school system.

Exceptions are permitted only for:

1. enrolled students attending another state accredited institution such as a vocational-technical school or a college or university for school credit;
2. enrolled students taking the limited number of credits needed to graduate in the school year;
3. enrolled students in need of modified school attendance as an accommodation for a disability or similar unique circumstance;
4. enrolled students receiving special education services where the student's IEP requires a modified schedule, or non-enrolled students receiving special education services or other legally mandated services required to be provided to eligible resident children under state and federal laws and regulations;
5. students from other school districts participating in programs offered by the District pursuant to an interlocal agreement or other arrangement approved by the School Board; and
6. non-public school students in accordance with the policies and procedures set forth in this policy.

Part-Time Enrollment of Non-Public School Students

The School Board shall allow the part-time enrollment of students who are residents of the school district and who are also enrolled in a private, denominational, or parochial school or in a school which elects pursuant to section 79-1601 not to meet accreditation or approval requirements. Such students are referred to herein as "non-public school students."

The School Board establishes the following guiding principles for enrollment of non-public school students:

- (1) The primary school for a non-public school student is the student's private, denominational, parochial or home school.
- (2) Enrollment of a non-public school student in [Name] Public Schools is allowed for the purpose of providing enhanced educational opportunities not otherwise available to the non-public school student. It is not to supplant programming of the student's primary school.
- (3) Non-public school students are not to be given priority over full-time students.
- (4) Non-public school students are to be enrolled only in programs or courses that are educationally appropriate for the student.
- (5) Enrollment of non-public school students is not to negatively affect the educational services to be provided to full-time students.

The School Board establishes the following specific policies and procedures for enrollment of non-public school students. In the event the specific policies and procedures require interpretation or do not fully resolve an issue, the above established guiding principles are to be considered.

A. Non-Public School Student Enrollment Application Procedures.

1. Application. Parent or guardian must submit an Application of Non-Public School Student for Part-Time Enrollment to the principal of the school the student desires to attend.
2. Deadline for Applications. The application must be received by August 1st preceding the school year the student wishes to enroll.
 - a. Change of Residence Exception: The application deadline for a student who becomes a resident of the District after the school year has commenced is: 20 calendar days after the student becomes a resident of the District. The principal may delay enrollment until the next following quarter or semester starts, or at such other time as determined to be educationally appropriate.
 - b. High School Course Exception: The application deadline for a student who desires to enroll in a second semester high school course is December 1st.
3. Action on Applications. The principal will review the application and will notify the parent of the approval or denial of the application within 2 weeks of receipt of the application or 2 weeks prior to the start of school or 2 weeks prior to the start of the next semester, whichever is later.
4. Appeals. The parent or guardian may appeal the principal's action to deny their application. Any such appeal must be submitted to the Superintendent within 14 calendar days from the date of the principal's action. The appeal shall be in writing and shall be decided on the basis of the written submission. The Superintendent may request the parent or guardian to provide further explanation or information and the appeal may be denied in the event the parent or guardian fails to fully respond on a timely basis. The Superintendent shall decide the appeal within 10 calendar days of the submission of the appeal. The Superintendent may make a decision later than the 10 days in the event good reason for delay exists. Good reason includes but is not limited to the Superintendent being unable to gather the information the Superintendent determines necessary to make the decision within the decision period.
5. Annual Applications. Part-time enrollment is determined annually. Application must be made each school year. There will be no guarantee that enrollment will be continued from one year to the next.

B. Non-Public School Student Admission

1. Admission Requirements. Students must meet the normal admission requirements. This includes the requirements that the student: be a resident of the District, be of school attendance age and not have graduated or have received a GED.
2. Admission Process. Students must complete the normal enrollment process and forms required by the District and/or the building for enrollment of all children. This includes the requirements relating to: birth certificates, immunizations, physical examinations, and visual evaluations.

C. Non-Public School Student Enrollment Standards

1. Maximum Enrollment. Students may not enroll in more than 2 middle school or high school courses during any one semester. Elementary students may not enroll in programming of greater than 90 minutes of instruction each day.
2. Capacity Limits. Enrollment will ordinarily be subject to capacity limits. Any grade level, program, or course which has been determined to be at capacity for option enrollment purposes ~~shall will not ordinarily~~ not be available for non-public school students. ~~The middle school principal and counselor shall also establish capacity limits for particular courses each semester. Students will not be permitted to enroll in courses beyond the established capacity limits.~~
3. Integrated Courses. Students must meet prerequisite requirements to be enrolled in a course by appropriate credits earned through an accredited program. The principal may on a discretionary basis allow prerequisite requirements to be satisfied where the student provides reasonable indications that the academic criteria have been met, such as results from achievement tests or other indications of adequate preparation.
4. Educationally Appropriate Programs and Courses. Students will not be allowed to enroll in programs or courses which the school administration determines to not be educationally appropriate for the student. Determination of whether a program or course is educationally appropriate will be made based on the standards the District uses for making academic placement decisions.
5. ~~Essential versus Non-Essential Elective~~ Selection of Courses. Subject to Paragraphs 1 through 4 of this Paragraph C, and all other applicable provisions of this Policy, Non-public school students may select their courses. ~~are not permitted to enroll in essential courses. Essential courses are those which are required to be offered by the student's private,~~

~~denominational, parochial or home school. For non-public school students attending an approved school, essential courses are: language arts, social studies, science, mathematics, vocational education, foreign language, visual and performing arts, and personal health and physical fitness. For non-public school students attending an exempt school, essential courses consist of a sequential program of instruction designed to lead to basic skills in the language arts, mathematics, science, social studies, and health. A non-public school student will not be precluded by this provision from enrolling in non-essential elective courses.~~

D. Non-Public School Student Policies

1. General Standard. Non-public school students who are enrolled part-time are to be subject to the same standards as full-time enrolled students except where appropriate to reflect their part-time status.
2. Building assignment. Students must enroll in the attendance center that serves the student's residence, provided that the administration reserves the authority to make a different attendance center assignment. A student may request assignment to an attendance center other than that of the student's residence under the intra-district transfer procedures.
3. No Partial Part-Time Enrollment. Students must apply for enrollment and attend the entire school year for which enrollment is made or, for high school courses, for the full length of the course. Once enrolled, part-time students will be required to participate in all activities, programs, and tests related to the program or course for which the student is enrolled, including as applicable State or District-wide assessments, as full-time students.
4. Student Conduct Policies. Students enrolled on a part-time basis shall be required to follow all school policies that apply to other students at any time the part-time student is present on school grounds or at a school-sponsored activity or athletic event. This includes the District's student conduct policies. Students enrolled on a part-time basis shall be subject to discipline, including suspension or expulsion, for violation of student conduct rules.
5. Attendance. Students enrolled on a part-time basis are not exempt from the compulsory attendance laws or from the District's attendance policies. Students who engage in excessive absenteeism as defined in Board policy are to be reported under the truancy laws.
6. Presence on School Grounds. Students enrolled on a part-time basis are to be present on school grounds during the school day only at the times required for their attendance in the program or course in which they are enrolled. Exceptions may be made in the discretion of the principal or the principal's designee. Students must sign in and out of the school by

following the building level procedure. Students are responsible for being aware of any changes in the school schedule during inclement weather or for other reasons.

7. Transportation. Students enrolled on a part-time basis are not entitled to transportation or transportation reimbursement, unless otherwise required by law. Full-time students will be given first consideration for parking on the high school campus.
8. Academic Honors. Students enrolled on a part-time basis will not be eligible to graduate or receive a diploma from the District or receive academic honors (for example, class rank and honor roll) except to the extent the student meets all requirements of the District's policies for such, including attainment of minimum credits and semesters of attendance.
9. Extracurricular Activities. Any student who is a resident of the District and who is enrolled in a school which elects pursuant to section 79-1601 not to meet accreditation or approval requirements may participate in any of the District's extracurricular activity programs to the same extent and subject to the same requirements, conditions, and procedures as a full-time student in the District. The District's Activities Director will coordinate with the student's parent or guardian to secure assurances of compliance with these expectations. Any student covered by this subsection must enroll in five credit hours through the District in any semester. There shall be no preference given to any student participating in any extracurricular activity based off their status as a full-time or part-time student. Part-time students will be expected to comply with the same or similar expectations as full-time students to participate in any activity, including team rules. ~~Students enrolled on a part-time basis may be permitted in the discretion of the principal and athletic director to participate in extracurricular activities.~~ Participation in activities that are subject to the bylaws of the Nebraska School Activities Association (NSAA) will be limited to those students who meet the NSAA bylaws.

StudentsOption EnrollmentA. Process and Time Lines to Option In

For a student to attend [Name] Public Schools as an option enrollment student, the student's parent or legal guardian must submit an application to the Board of Education of the [Name] Public School District between September 1 and March 15 for enrollment during the following and subsequent school years (the "application period").

Upon receipt of an application, the Superintendent or the Superintendent's designee shall provide the resident school district with the name of the applicant on or before April 1 or, in the case of an application submitted after March 15, within sixty days after submission.

Provisions for Waiver of Application Deadline (Choose one or modify as desired):**Option 1 (Waiver unless at capacity):**

The application deadline will be waived by the School District for applications to option into the [Name] Public School District, provided that the application contains a release approval from the resident district and satisfies any other requirements of law. Further, the application deadline shall not be waived if the application is for enrollment in any program, class, grade level or school building or in any special education programs operated by this School District which have been determined by the School District to be at capacity in accordance with the capacity standards (Appendix "1"), and no waiver of the deadline shall be made for such an application regardless of whether such capacity determinations are declared invalid for any reason.

Option 2 (Limited Deadline Waiver):

The application deadline will **not** be waived by the School District for applications to option into the [Name] Public School District, except in the following circumstances:

1. **Siblings:** The application deadline will be waived where the application is for a student who is the sibling of a student attending [Name] Public Schools as of the time the application is filed, provided the application is filed at least 30 days prior to the semester in which first enrollment is sought. A "sibling" for this purpose means a child who resides in the same household on a permanent basis with a student who is currently attending [Name] Public Schools and who has the same natural or adoptive parent or who is a stepbrother or stepsister.
2. **Kindergarten:** The application deadline will be waived where the application is for a student who is seeking to enroll and attend the Kindergarten grade level provided the application was filed on or before June 1 prior to the first semester of the next school year.
3. **Release Approval:** For the foregoing exceptions, the application must contain a release approval from the resident district.

4. Other Conditions: The waiver of the deadline in the above circumstances does not require acceptance of the application, as such applications may be rejected for reasons other than late filing.
5. Capacity: For the foregoing exceptions, the application deadline shall not be waived if the application is for enrollment in any program, class, grade level or school building ~~or in any special education programs~~ operated by this School District which have been determined by the School District to be at capacity in accordance with the capacity standards (Appendix "1"), and no waiver of the deadline shall be made for such an application regardless of whether such capacity determinations are declared invalid for any reason. For any option application for a student that would receive or could be eligible to receive special education or related services, the Director of Special Education or designee shall conduct a case-by-case analysis to determine if the District has the capacity to provide the student with the appropriate services and accommodations.
6. Capacity for Late Filed Applications: Where an application is filed for enrollment in the same school year in which enrollment is sought, the "projected enrollment" determinations made pursuant to paragraph D shall be replaced with the "actual enrollment" as of the first day of school for the year of application, as determined by the Superintendent or the Superintendent's designee, but only in the event such actual enrollment is higher than the projected enrollment. Actual enrollment shall include all students in attendance and all students registered to attend (even if not in actual attendance on the first day).

B. Rejection of Applications; Reasons

1. Capacity: An option enrollment application shall be rejected in the event the capacity of a program, class, grade level, or school building ~~or the availability of appropriate special education programs~~ operated by the School District would be exceeded by acceptance of the application, and an option enrollment application shall be rejected in the event the application is for enrollment in a program, class, grade level, or school building which has been declared unavailable to option students due to lack of capacity.

The Director of Special Education shall review on a case-by-case basis all option applications for students that would receive or could be eligible to receive special education or related services. If the Director or designee determines that the District does not have the capacity to provide the student with the appropriate services and accommodations, then the Director or designee shall send a denial notice to the parent(s) or guardian(s) and include a description of services and accommodations that the District does not have the capacity to provide.

2. Timeliness: An option enrollment application shall be rejected in the event the application is not filed on or before the April 1st immediately preceding the school year in which enrollment is sought, and the filing deadline has not been waived.
3. Previous Option Enrollment: An option enrollment application shall be rejected in

the event the student has previously filed an option enrollment application for enrollment in any School District and has had such application accepted, unless a statutory exception to the “one-time” rule is applicable to the student’s circumstance.

4. Other Reasons: An option enrollment application may be rejected in the event the Superintendent, the Superintendent’s designee, or the School District determines: The application is not submitted on a form prescribed by the State Department of Education, is not completely and accurately filled in, is not received within the time required by law, or any additional information requested to be supplied is not supplied to the School District within the time lines indicated; or in the event acceptance of the application is not required by law. Matters which are legally prohibited from being considered as standards for acceptance or rejection of applications (including “previous academic achievement, athletic or extracurricular ability, disabilities, proficiency in the English language, or previous disciplinary proceedings” and further including, without limitation, race, national origin, and gender) shall not be considered as reasons for acceptance or rejection.

C. Priority of Acceptance

Priority shall be accorded in the following order: (1) first, to those applications required to be given priority by law, (2) second, to those with a sibling in attendance at [Name] Public Schools, with priority within this group being given to those who had earliest filed applications, and (3) third to those without an option student sibling in attendance at [Name] Public Schools, with priority within this group to those who had earliest filed applications.

Filing date determinations are made by the Superintendent, or the Superintendent’s designee. In the event applications within a group are received at the same or substantially the same time, priority as between such same-date applications shall be determined on the basis of random drawing.

D. Determination of Capacity

The School District will determine and set, on an annual basis, the maximum number of option enrollment applications the School District will accept in any program, class, grade level or school building ~~or in any special education programs~~ operated by this School District, based upon available staff, facilities, projected enrollment of resident students, projected number of students with which this School District will contract based on existing contractual arrangements, and ~~availability of appropriate special education programs, and~~ may declare a program, class or school unavailable to option students due to lack of capacity. Such determinations may be made in the form of an Appendix “1” to this Policy. The determination and declaration made for any school year shall continue in effect for the next and subsequent school years unless otherwise determined and/or declared. The capacity for special education services shall be determined on a case-by-case basis as determined by the Director of Special Education or designee.

E. Releases for Options Out

Provisions for Release (Choose one or modify as desired):

Option 1 (Release unless Expulsion is Pending):

A request for release of a resident student of the [Name] Public School District who submits an enrollment option application after March 15 or any other statutory deadline will be granted unless the release shall not be granted if the administration is considering or has recommended expulsion of the student at the time the application is filed, and the administration determines it is appropriate to complete the expulsion process.

Option 2 (Release Conditions):

A request for release of a resident student of the [Name] Public School District who submits an enrollment option application after March 15 or any other statutory deadline will be granted only on the following conditions:

1. Kindergarten: A release will be granted where the application is for a student who is seeking to enroll and attend the Kindergarten grade level provided the application was filed on or before June 1 prior to the first semester of the next school year.
2. Siblings: A release will be granted where the application would allow the student to attend the same school as a sibling, provided the application is filed at least 30 days prior to the semester in which first enrollment is sought. A “sibling” for this purpose means a child who resides in the same household on a permanent basis with a student who is currently enrolled in the option district and who has the same natural or adoptive parent or who is a stepbrother or stepsister.
3. Educational Programming: A release will be granted where the needs of the student require the District to obtain additional staffing or equipment and it is in the best interests of the District and the student to enroll in the option district. The determination of whether this condition is met shall be made by the Superintendent or the Superintendent’s designee.
4. No Pending Expulsion: The deadline shall not be waived if the administration is considering or has recommended expulsion of the student at the time the application is filed, and the administration determines it is appropriate to complete the expulsion process.

The Superintendent or the Superintendent’s designee is hereby authorized to execute such releases on behalf of the School District and the School District, subject to subsequent ratification by the School District.

F. Notification of Acceptance or Rejection

In the case of an application to option enroll into the [Name] Public School District, the Superintendent or the Superintendent’s designee shall notify, in writing, the parent or legal guardian of the student and the resident school district whether the application is accepted or rejected on or before April 1 or, in the case of an application submitted after March 15, within sixty days after submission.

If an option enrollment application or a request for release is rejected by the [Name] Public

School District, the Superintendent or the Superintendent's designee shall provide written notification to the parent or guardian stating the reasons for the rejection and the process for appealing such rejection to the State Board of Education. Such notification shall be sent by certified mail.

G. Applications Subsequent to Relocations or Mergers

An option enrollment application does not require a release and shall be accepted or rejected within forty-five days after filing in the following circumstances:

1. the student relocated to a different resident school district after February 1, or
2. the student's option school district merged with another district effective after February 1, and
3. the application is for attendance during the immediately following and subsequent school years.

H. Status of Option Student

A student who is admitted under the enrollment option program shall be treated as a resident student, and in such regard shall be required to provide such enrollment information and documentation as is required for enrollment of other students (e.g., certified birth certificate and evidence of physical examination, visual evaluation and immunization), shall be required to be enrolled on a full-time basis, and shall be required to adhere to student conduct rules. The building assignment for an option student, as well as classroom and grade level assignments, shall be determined by the administration.

An option student shall not be entitled to transportation except as required by law. Transportation or transportation reimbursement will be provided in the following circumstances:

1. The [Name] Public School District may, upon mutual agreement with the parent or legal guardian of an option student, provide transportation to the option student on the same basis as provided for resident students. The school district may charge the parents of each option student transported a fee sufficient to recover the additional costs of such transportation.
2. Option students who qualify for free lunches are eligible for either free transportation or transportation reimbursement from the option school district. The District's policy is that the District selects which service (transportation or reimbursement) is to be provided to students.
3. For option students receiving special education services, the transportation services required in the student's Individualized Education Plan shall be provided by the resident school district.

I. Information Regarding Schools, Programs, Policies and Procedures.

As part of the option enrollment program, the administration shall make information about the [Name] Public Schools and its school, programs, policies and procedures available to all

interested persons and shall have a copy of the option enrollment policy and regulations available at each school building.

StudentsStudent Discipline

- A. Development of Uniform Discipline System. It shall be the responsibility of the Superintendent to develop and maintain a system of uniform discipline. The discipline which may be imposed includes actions which are determined to be reasonably necessary to aid the student, to further school purposes, or to prevent interference with the educational process, such as (without limitation) counseling and warning students, parent contacts and parent conferences, rearrangement of schedules, requirements that a student remain in school after regular hours to do additional work, restriction of extracurricular activity, or requirements that a student receive counseling upon written consent of the parent or guardian, or in-school suspension. The discipline may also include out-of-school suspension (short-term or long-term) and expulsion.
1. Short-Term Suspension: Students may be excluded by the Principal or the Principal's designee from school or any school function for a period of up to five school days (short-term suspension) on the following grounds:
 - a. Conduct that constitutes grounds for expulsion, whether the conduct occurs on or off school grounds; or
 - b. Other violations of rules and standards of behavior adopted by the Board of Education or the administrative or teaching staff of the school, which occur on or off school grounds, if such conduct interferes with school purposes or there is a nexus between such conduct and school.

The following process will apply to short-term suspensions:

- a. The Principal or the Principal's designee will make a reasonable investigation of the facts and circumstances. A short-term suspension will be made upon a determination that the suspension is necessary to help any student, to further school purposes, or to prevent an interference with school purposes.
- b. Prior to commencement of the short-term suspension, the student will be given oral or written notice of the charges against the student. The student will be advised of what the student is accused of having done, an explanation of the evidence the authorities have, and be afforded an opportunity to explain the student's version of the facts.
- c. Within 24 hours or such additional time as is reasonably necessary, not to exceed an additional 48 hours, following the suspension, the Principal or administrator will send a written statement to the student and the student's parent or guardian describing the student's conduct, misconduct or violation of the rule or standard and the reasons for the action taken.
- d. An opportunity will be given to the student, and the student's parent or guardian, to have a conference with the Principal or administrator ordering the short-term suspension before or at the time the student returns to school.

The Principal or administrator shall determine who in addition to the parent or guardian is to attend the conference. The Principal shall document their attempt to make a reasonable effort to hold a conference with the parent or guardian.

- e. A student who is on a short-term suspension shall not be permitted to be on school grounds without the express permission of the Principal.
2. Long-Term Suspension: A long-term suspension means an exclusion from school and any school functions for a period of more than five school days but less than twenty school days. A student who is on a long-term suspension shall not be permitted to be on school grounds without the express permission of the Principal. A notice will be given to the student and the parents/guardian when the Principal recommends a long-term suspension. The notice will include a description of the procedures for long-term suspension; the procedures will be those set forth in the Student Discipline Act.
 3. Expulsion:
 - a. Meaning of Expulsion. Expulsion means exclusion from attendance in all schools, grounds and activities of or within the system for a period not to exceed the remainder of the semester in which it took effect unless the misconduct occurred (a) within ten school days prior to the end of the first semester, in which case the expulsion shall remain in effect through the second semester, or (b) within ten school days prior to the end of the second semester, in which case the expulsion shall remain in effect for summer school and the first semester of the following school year, or (c) unless the expulsion is for conduct specified in these rules or in law as permitting or requiring a longer removal, in which case the expulsion shall remain in effect for the period specified therein. Such action may be modified or terminated by the school district at any time during the expulsion period. A student who has been expelled shall not be permitted to be on school grounds without the express permission of the Principal. A notice will be given to the student and the parents/guardian when the Principal recommends an expulsion. The notice will include a description of the procedures for expulsion; the procedures will be those set forth in the Student Discipline Act.
 - b. Suspensions Pending Hearing. When a notice of intent to discipline a student by long-term suspension, expulsion, or mandatory reassignment is filed with the superintendent, the student may be suspended by the principal until the date the long-term suspension, expulsion, or mandatory reassignment takes effect if ~~no hearing is requested or, if a hearing is requested, the date the hearing examiner makes the report of his or her findings and a recommendation of the action to be taken to the superintendent,~~ if the principal determines that the student must be suspended immediately to prevent or substantially reduce the risk of (a)

interference with an educational function or school purpose or (b) a personal injury to the student himself or herself, other students, school employees, or school volunteers. If the student is suspended pending the outcome of the hearing, the student may complete classwork and homework, including, but not limited to, examinations, missed during the period of suspension. During this period, the student will not be required to attend the alternative programs for expelled students in order to complete classwork or homework.

b.

- c. Summer Review. Any expulsion that will remain in effect during the first semester of the following school year will be automatically scheduled for review before the beginning of the school year in accordance with law.
- d. Alternative Education: Students who are expelled may be ~~provided~~offered an alternative education program that will enable the student to continue academic work for credit toward graduation. A student will not be required to attend the alternative education program in order to complete classwork and homework. In the event an alternative education program is not provided, a conference will be held with the parent, student, the Principal or another school representative assigned by the Principal, and a representative of a community organization that assists young people or that is involved with juvenile justice to develop a plan for the student in accordance with law.
- e. Suspension of Enforcement of an Expulsion: Enforcement of an expulsion action may be suspended (i.e., “stayed”) for a period of not more than one full semester in addition to the balance of the semester in which the expulsion takes effect. As a condition of such suspended action, the student and parents will be required to sign a discipline agreement.
- f. Students Subject to Juvenile or Court Probation. Prior to the readmission to school of any student who is less than nineteen years of age and who is subject to the supervision of a juvenile probation officer or an adult probation officer pursuant to the order of the District Court, County Court, or Juvenile Court, who chooses to meet conditions of probation by attending school, and who has previously been expelled from school, the Principal or the Principal’s designee shall meet with the student’s probation officer and assist in developing conditions of probation that will provide specific guidelines for behavior and consequences for misbehavior at school (including conduct on school grounds and conduct during an educational function or event off school grounds) as well as educational objectives that must be achieved. If the guidelines, consequences, and objectives provided by the Principal or the Principal’s designee are agreed to by the probation officer and the student, and the court permits the student to return to school under the agreed to conditions, the student may be permitted to return to school. The student may with proper consent, upon such return, be

evaluated by the school for possible disabilities and may be referred for evaluation for possible placement in a special education program. The student may be expelled or otherwise disciplined for subsequent conduct as provided in Board policy and state statute.

g. Returning from Expulsion. At the conclusion of an expulsion, the District will reinstate the student and accept nonduplicative, grade-appropriate credits earned by the student during the term of expulsion from any Nebraska accredited institution or institution accredited by one of the six regional accrediting bodies in the United States.

h. Exception for Pre-Kindergarten through Second Grade Students. Notwithstanding the foregoing, no pre-kindergarten through second grade student may be suspended from school, unless the student brings a deadly weapon on school grounds, in a school vehicle, or to a school activity. Instead, the Principal or Principal's designee may implement alternative disciplinary measures on a case-by-case basis if a pre-kindergarten through second grade student engages in misconduct that would otherwise result in a short-term suspension. If a pre-kindergarten through second grade student brings a deadly weapon on school grounds, in a school vehicle, or to a school activity, then the student may be suspended or expelled in accordance with this Policy's disciplinary procedures.

4. Emergency Exclusion: A student may be excluded from school in the following circumstances:
- a. If the student has a dangerous communicable disease transmissible through normal school contacts and poses an imminent threat to the health or safety of the school community; or
 - b. If the student's conduct presents a clear threat to the physical safety of himself, herself, or others, or is so extremely disruptive as to make temporary removal necessary to preserve the rights of other students to pursue an education.

Any emergency exclusion shall be based upon a clear factual situation warranting it and shall last no longer than is necessary to avoid the dangers described above.

If the emergency exclusion will be for five school days or less, the procedures for a short-term suspension shall be followed. If the Superintendent or his or her designee determines that an emergency exclusion shall extend beyond five days, a hearing is to be held and a final determination made within ten school days after the initial date of exclusion. Such procedures shall substantially comply with the procedures set forth in this policy for a long-term suspension or expulsion, and be modified only to the extent necessary to accomplish the hearing and determination within this shorter time period.

5. Other Forms of Student Discipline: Administrative and teaching personnel may also take actions regarding student behavior, other than removal of students from school, which are reasonably necessary to aid the student, further school purposes, or prevent interference with the educational process. Such actions may include, but are not limited to, counseling of students, parent conferences, rearrangement of schedules, requirements that a student remain in school after regular hours to do additional work, restriction of extracurricular activity, or requirements that a student receive counseling, psychological evaluation, or psychiatric evaluation upon the written consent of a parent or guardian to such counseling or evaluation. The actions may also include in-school suspensions. When in-school suspensions, after-school assignments, or other disciplinary measures are assigned, the student is responsible for complying with such disciplinary measures. A failure to serve such assigned discipline as directed will serve as grounds for further discipline, up to expulsion from school.

- B. Student Conduct Expectations. Students are not to engage in conduct which causes or which creates a reasonable likelihood that it will cause a substantial disruption in or material interference with any school function, activity or purpose or interfere with the health, safety, well being or rights of other students, staff or visitors.

- C. Grounds for Short-Term Suspension, Long-Term Suspension, Expulsion or Mandatory Reassignment. The following conduct has been determined by the Board of Education to have the potential to seriously affect the health, safety or welfare of students, staff and other persons or to otherwise seriously interfere with the educational process. Such conduct constitutes grounds for long-term suspension, expulsion, or mandatory reassignment, and any other lesser forms of discipline. The conduct is subject to the consequence of long-term suspension, expulsion, or mandatory reassignment where it occurs on school grounds, in a vehicle owned, leased, or contracted by the school and being used for a school purpose or in a vehicle being driven for a school purpose by a school employee or an employee's designee, or at a school-sponsored activity or athletic event.
 1. Willfully disobeying any reasonable written or oral request of a school staff member, or the voicing of disrespect to those in authority.
 2. Use of violence, force, coercion, threat, intimidation, harassment, or similar conduct in a manner that constitutes a substantial interference with school purposes or making any communication that a reasonable recipient would interpret as a serious expression of an intent to harm or cause injury to another.
 3. Willfully causing or attempting to cause substantial damage to property, stealing or attempting to steal property of substantial value, repeated damage or theft involving property, or setting or attempting to set a fire of any magnitude.
 4. Causing or attempting to cause personal injury to any person, including any school employee, school volunteer, or student. Personal injury caused by accident, self-defense, or other action undertaken on the reasonable belief that it was necessary to protect some other person shall not constitute a violation of this subdivision.

5. Threatening or intimidating any student for the purpose of or with the intent of obtaining money or anything of value from such student or making a threat which causes or may be expected to cause a disruption to school operations.
6. Knowingly possessing, handling, or transmitting any object or material that is ordinarily or generally considered a weapon or that has the appearance of a weapon or bringing or possessing any explosive device, including fireworks.
7. Engaging in selling, using, possessing or dispensing of alcohol, tobacco, narcotics, drugs, controlled substance, or an inhalant; being under the influence of any of the above; possession of drug paraphernalia, or the selling, using, possessing, or dispensing of an imitation controlled substance as defined in section 28-401 of the Nebraska statutes, or material represented to be alcohol, narcotics, drugs, a controlled substance or inhalant. Tobacco means any tobacco product (including but not limited to cigarettes, cigars, and chewing tobacco), vapor products (such as e-cigarettes), electronic nicotine delivery systems, alternative nicotine products, tobacco product look-alikes, and products intended to replicate tobacco products either by appearance or effect. Use of a controlled substance in the manner prescribed for the student by the student's physician is not a violation. The term "under the influence" has a less strict meaning than it does under criminal law; for school purposes, the term means any level of impairment and includes even the odor of alcohol or illegal substances on the breath or person of a student; also, it includes being impaired by reason of the abuse of any material used as a stimulant.
8. Public indecency or sexual conduct.
9. Engaging in bullying, which includes any ongoing pattern of physical, verbal, or electronic abuse on school grounds, in a vehicle owned, leased, or contracted by a school being used for a school purpose by a school employee or a school employee's designee, or at school-sponsored activities or school-sponsored athletic events.
10. Sexually assaulting or attempting to sexually assault any person. This conduct may result in an expulsion regardless of the time or location of the offense if a complaint alleging such conduct is filed in a court of competent jurisdiction.
11. Engaging in any activity forbidden by law which constitutes a danger to other students or interferes with school purposes. This conduct may result in an expulsion regardless of the time or location of the offense if the conduct creates or had the potential to create a substantial interference with school purposes, such as the use of the telephone or internet off-school grounds to threaten.
12. A repeated violation of any rules established by the school district or school officials if such violations constitute a substantial interference with school purposes.
13. Truancy or failure to attend assigned classes or assigned activities; or tardiness to school, assigned classes or assigned activities.
14. The use of language, written or oral, or conduct, including gestures, which is profane or abusive to students or staff members. Profane or abusive language or conduct includes, but is not limited to, that which is commonly understood and intended to be derogatory toward a group or individual based upon race, gender, disability, national origin, or religion.

15. Dressing or grooming in a manner which is dangerous to the student's health and safety or a danger to the health and safety of others or repeated violations of the student dress and grooming standards; dressing, grooming, or engaging in speech that is lewd or indecent, vulgar or plainly offensive; dressing, grooming, or engaging in speech that school officials reasonably conclude will materially and substantially disrupt the work and discipline of the school; dressing, grooming, or engaging in speech that a reasonable observer would interpret as advocating illegal drug use.
16. Willfully violating the behavioral expectations for riding school buses or vehicles.
17. A student who engages in the following conduct shall be expelled for the remainder of the school year in which it took effect if the misconduct occurs during the first semester, and if the expulsion for such conduct takes place during the second semester, the expulsion shall remain in effect for the first semester of the following school year, with the condition that such action may be modified or terminated by the school district during the expulsion period on such terms as the administration may establish:
 - a. The knowing and intentional use of force in causing or attempting to cause personal injury to a school employee, school volunteer, or student, except if caused by accident, self-defense, or on the reasonable belief that the force used was necessary to protect some other person and the extent of force used was reasonably believed to be necessary, or
 - b. The knowing and intentional possession, use, or transmission of a dangerous weapon other than a firearm.
18. Knowingly and intentionally possessing, using, or transmitting a firearm on school grounds, in a school-owned or utilized vehicle, or during an educational function or event off school grounds, or at a school-sponsored activity or athletic event. This conduct shall result in an expulsion for one calendar year. "Firearm" means a firearm as defined in 18 U.S.C. 921, as that statute existed on January 1, 1995. That statute includes the following statement: "The term 'firearm' means (a) any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive; (b) the frame or receiver of any such weapon; (c) any firearm muffler or firearm silencer; or (d) any destructive device." The Superintendent may modify such one year expulsion requirement on a case-by-case basis, provided that such modification is in writing.

Bringing a firearm or other dangerous weapon to school for any reason is discouraged; however, a student will not be subject to disciplinary action if the item is brought or possessed under the following conditions:

- a. Prior written permission to bring the firearm or other dangerous weapon to school is obtained from the student's teacher, building administrator and parent.
- b. The purpose of having the firearm or other dangerous weapon in school is for a legitimate educational function.
- c. A plan for its transportation into and from the school, its storage while in the school building and how it will be displayed must be developed with the prior written approval by the teacher and building administrator. Such plan

shall require that such item will be in the possession of an adult staff member at all times except for such limited time as is necessary to fulfill the educational function.

- d. The firearm or other dangerous weapon shall be in an inoperable condition while it is on school grounds.

For purposes of this policy, the term “dangerous weapon” includes any personal safety or security device (such as tasers, mace and pepper spray). If a student desires to carry or possess a personal safety or security device, the student must obtain prior approval from the building principal before bringing such device on school grounds. If a student obtains prior approval from the building principal, the student must store the device during the school day in the student’s locker, in the main office or in another secure location designated by the building principal. A student shall not carry a personal safety or security device during the school day.

D. Additional Student Conduct Expectations and Grounds for Discipline. The following additional student conduct expectations are established. Failure to comply with such rules is grounds for disciplinary action. When such conduct occurs on school grounds, in a vehicle owned, leased, or contracted by a school being used for a school purpose or in a vehicle being driven for a school purpose by a school employee or by his or her designee, or at a school-sponsored activity or athletic event, the conduct is grounds for long-term suspension, expulsion or mandatory reassignment.

1. Student Appearance: Students are expected to dress in a way that is appropriate for the school setting. Students should not dress in a manner that is dangerous to the health and safety of anyone or interferes with the learning environment or teaching process in our school. Following is a list of examples of attire that will not be considered appropriate, such list is not exclusive and other forms of attire deemed inappropriate by the administration may be deemed inappropriate for the school setting:
 - a. Clothing that shows an inappropriate amount of bare skin or underwear (midriffs, spaghetti straps, sagging pants) or clothing that is too tight, revealing or baggy, or tops and bottoms that do not overlap or any material that is sheer or lightweight enough to be seen through, or otherwise of an appropriate size and fit so as to be revealing or drag on the ground.
 - b. Shorts, skirts, or skorts that do not reach mid-thigh or longer.
 - c. Clothing or jewelry that advertises or promotes beer, alcohol, tobacco, or illegal drugs.
 - d. Clothing or jewelry that could be used as a weapon (chains, spiked apparel) or that would encourage “horse-play” or that would damage property (e.g. cleats).
 - e. Head wear including hats, caps, bandannas, and scarves.
 - f. Clothing or jewelry which exhibits nudity, makes sexual references or carries lewd, indecent, or vulgar double meaning.
 - g. Clothing or jewelry that is gang related.
 - h. Visible body piercing (other than ears).

Consideration will be made for students who wear special clothing as required by religious beliefs, disability, or to convey a particularized message protected by law. The final decision regarding attire and grooming will be made by the Principal or Superintendent. In the event a student is uncertain as to whether a particular item or method of grooming is consistent with the school's guidelines, the student should contact the Principal for approval, and may also review such additional posting of prohibited items or grooming which may be available in the Principal's office.

Coaches, sponsors or teachers may have additional requirements for students who are in special lab classes, students who are participants in performing groups or students who are representing the school as part of an extracurricular activity program.

On a first offense of the dress code, the student may call home for proper apparel. If clothes cannot be brought to school, the student will be assigned to in-school suspension for the remainder of the day. Students will not be allowed to leave campus to change clothes. Continual violations of the dress code will result in more stringent disciplinary actions, up to expulsion. Further, in the event the dress code violation is determined to also violate other student conduct rules (e.g., public indecency, insubordination, expression of profanity, and the like), a first offense of the dress code may result in more stringent discipline, up to expulsion.

2. Academic Integrity.

- a. Policy Statement: Students are expected to abide by the standards of academic integrity established by their teachers and school administration. Standards of academic integrity are established in order for students to learn as much as possible from instruction, for students to be given grades which accurately reflect the student's level of learning and progress, to provide a level playing field for all students, and to develop appropriate values.

Cheating and plagiarism violate the standards of academic integrity. Sanctions will be imposed against students who engage in such conduct.

- b. Definitions: The following definitions provide a guide to the standards of academic integrity:

(1) "Cheating" means intentionally misrepresenting the source, nature, or other conditions of academic work so as to accrue undeserved credit, or to cooperate with someone else in such misrepresentation. Such misrepresentations may, but need not necessarily, involve the work of others. Cheating includes, but is not limited to:

(a) Tests (includes tests, quizzes and other examinations or academic performances):

(i) Advance Information: Obtaining, reviewing or sharing copies of tests or information about a test

before these are distributed for student use by the instructor. For example, a student engages in cheating if, after having taken a test, the student informs other students in a later section of the questions that appear on the test.

- (ii) Use of Unauthorized Materials: Using notes, textbooks, pre-programmed formulae in calculators, or other unauthorized material, devices or information while taking a test except as expressly permitted. For example, except for “open book” tests, a student engages in cheating if the student looks at personal notes or the textbook during the test.
 - (iii) Use of Other Student Answers: Copying or looking at another student’s answers or work, or sharing answers or work with another student, when taking a test, except as expressly permitted. For example, a student engages in cheating if the student looks at another student’s paper during a test. A student also engages in cheating if the student tells another student answers during a test or while exiting the testing room, or knowingly allows another student to look at the student’s answers on the test paper.
 - (iv) Use of Other Student to Take Test. Having another person take one's place for a test, or taking a test for another student, without the specific knowledge and permission of the instructor.
 - (v) Misrepresenting Need to Delay Test. Presenting false or incomplete information in order to postpone or avoid the taking of a test. For example, a student engages in cheating if the student misses class on the day of a test, claiming to be sick, when the student’s real reason for missing class was because the student was not prepared for the test.
- (b) Papers (includes papers, essays, lab projects, and other similar academic work):
- i) Use of Another’s Paper: Copying another student’s paper, using a paper from an essay writing service, or allowing another student to copy a paper, without the specific knowledge and permission of the instructor.
 - (ii) Re-use of One’s Own Papers: Using a substantial portion of a piece of work previously submitted for another course or program to meet the requirements of the present course or program

without notifying the instructor to whom the work is presented.

(iii) Assistance from Others: Having another person assist with the paper to such an extent that the work does not truly reflect the student's work. For example, a student engages in cheating if the student has a draft essay reviewed by the student's parent or sibling, and the essay is substantially re-written by the student's parent or sibling. Assistance from home is encouraged, but the work must remain the student's.

(iv) Failure to Contribute to Group Projects. Accepting credit for a group project in which the student failed to contribute a fair share of the work.

(v) Misrepresenting Need to Delay Paper. Presenting false or incomplete information in order to postpone or avoid turning in a paper when due. For example, a student engages in cheating if the student misses class on the day a paper is due, claiming to be sick, when the student's real reason for missing class was because the student had not finished the paper.

(c) Alteration of Assigned Grades. Any unauthorized alteration of assigned grades by a student in the teacher's grade book or the school records is a serious form of cheating.

(2) "Plagiarism" means to take and present as one's own a material portion of the ideas or words of another or to present as one's own an idea or work derived from an existing source without full and proper credit to the source of the ideas, words, or works. Plagiarism includes, but is not limited to:

(a) Failure to Credit Sources: Copying work (words, sentences, and paragraphs or illustrations or models) directly from the work of another without proper credit. Academic work frequently involves use of outside sources. To avoid plagiarism, the student must either place the work in quotations or give a citation to the outside source.

(b) Falsely Presenting Work as One's Own: Presenting work prepared by another in final or draft form as one's own without citing the source, such as the use of purchased research papers or use of another student's paper.

(3) "Contributing" to academic integrity violations means to participate in or assist another in cheating or plagiarism. It includes but is not

limited to allowing another student to look at your test answers, to copy your papers or lab projects, and to fail to report a known act of cheating or plagiarism to the instructor or administration.

- c. Sanctions: The following sanctions will occur when a student engages in cheating, plagiarism, or contributing to an academic integrity offense:
- (1) Academic Sanction. The instructor will refuse to accept the student's work in which the academic integrity offense took place, assign a grade of "F" or zero for the work, and require the student to complete a test or project in place of the work within such time and under such conditions as the instructor may determine appropriate. In the event the student completes the replacement test or project at a level meeting minimum performance standards, the instructor will assign a grade which the instructor determines to be appropriate for the work.
 - (2) Report to Parents and Administration. The instructor will notify the Principal of the offense and the instructor or Principal will notify the student's parents or guardian.
 - (3) Student Discipline Sanctions. Academic integrity offenses are a violation of school rules. The Principal may recommend sanctions in addition to those assigned by the instructor, up to and including suspension or expulsion. Such additional sanctions will be given strong consideration where a student has engaged in serious or repeated academic integrity offense or other rule violations, and where the academic sanction is otherwise not a sufficient remedy, such as for offenses involving altering assigned grades or contributing to academic integrity violations.

3. Electronic Devices

- a. Philosophy and Purpose. The District strongly discourages students from bringing and/or using electronic devices at school. The use of electronic devices can be disruptive to the educational process and are items that are frequently lost or stolen. In order to maintain a secure and orderly learning environment, and to promote respect and courtesy regarding the use of electronic devices, the District hereby establishes the following rules and regulations governing student use of electronic devices, and procedures to address student misuse of electronic devices.
- b. Definitions.
- (1) “Electronic devices” include, but are not limited to, cell phones, Mp3 players, iPods, personal digital assistants (PDAs), compact disc players, portable game consoles, cameras, digital scanners, lap top computers, and other electronic or battery powered instruments which transmit voice, text, or data from one person to another.
 - (2) “Sexting” means generating, sending or receiving, encouraging others to send or receive, or showing others, through an electronic device, a text message, photograph, video or other medium that:
 - (i) Displays sexual content, including erotic nudity, any display of genitalia, unclothed female breasts, or unclothed buttocks, or any sexually explicit conduct as defined at Neb. Rev. Stat. § 28-1463.02; or
 - (ii) Sexually exploits a person, whether or not such person has given consent to creation or distribution of the message, photograph or video by permitting, allowing, encouraging, disseminating, distributing, or forcing such student or other person to engage in sexually explicit, obscene or pornographic photography, films, or depictions; or,
 - (iii) Displays a sexually explicit message for sexual gratification, flirtation or provocation, or to request or arrange a sexual encounter.
- c. Possession and Use of Electronic Devices.
- (1) Students are not permitted to possess or use any electronic devices during class time or during passing time except as otherwise provided by this policy. Cell phone usage is strictly prohibited during any class period; including voice usage, digital imaging, or text messaging.
 - (2) Students are permitted to possess and use electronic devices before school hours, at lunch time, and after school hours, provided that the student not commit any abusive use of the device (see paragraph (d)(1). Administrators have the discretion to prohibit student possession or use of electronic devices on school grounds

during these times in the event the administration determines such further restrictions are appropriate; an announcement will be given in the event of such a change in permitted use.

(3) Electronic devices may be used during class time when specifically approved by the teacher or a school administrator in conjunction with appropriate and authorized class or school activities or events (i.e., student use of a camera during a photography class; student use of a lap top computer for a class presentation).

(4) Students may use electronic devices during class time when authorized pursuant to an Individual Education Plan (IEP), a Section 504 Accommodation Plan, or a Health Care Plan, or pursuant to a plan developed with the student's parent when the student has a compelling need to have the device (e.g., a student whose parent is in the hospital could be allowed limited use of the cell phone for family contacts, so the family can give the student updates on the parent's condition).

d. Violations

(1) Prohibited Use of Electronic Devices: Students shall not use electronic devices for: (a) activities which disrupt the educational environment; (b) illegal activities in violation of state or federal laws or regulations; (c) unethical activities, such as cheating on assignments or tests; (d) immoral or pornographic activities; (e) activities in violation of Board or school policies and procedures relating to student conduct and harassment; (f) recording others (photographs, videotaping, sound recording, etc.) or otherwise transmitting images and/or sounds of another person or persons without direct administrative approval and consent of the person(s) being recorded, other than recording of persons participating in school activities that are open to the public; (g) "sexting;" or (h) activities which invade the privacy of others. Such student misuses will be dealt with as serious school violations, and immediate and appropriate disciplinary action will be imposed, including, but not limited to, suspension and expulsion from school.

(2) Disposition of Confiscated Electronic Devices: Electronic devices possessed or used in violation of this policy may be confiscated by school personnel and returned to the student or parent/guardian at an appropriate time. If an electronic device is confiscated, the electronic device shall be taken to the school's main office to be identified, placed in a secure area, and returned to the student and/or the student's parent/guardian in a consistent and orderly way.

(i) First Violation: Depending upon the nature of the violation and the imposition of other appropriate disciplinary action, consequences at a minimum may include a

relinquishment of the electronic device to the school administration and a conference between the student and school principal or assistant principal. The electronic device shall remain in the possession of the school administration until such time as the student personally comes to the school's main office and retrieves the electronic device.

(ii) Second Violation: Depending upon the nature of the violation and the imposition of other appropriate disciplinary action, consequences at a minimum may include a relinquishment of the electronic device to the school administration and a conference between the student and his/her parent/guardian and the school principal or assistant principal. The electronic device shall remain in the possession of the school administration until such time as the student's parent/guardian personally comes to the school's main office and retrieves the electronic device.

(iii) Third Violation: Depending upon the nature of the violation and the imposition of other appropriate disciplinary action, consequences at a minimum may include a relinquishment of the electronic device to the school administration, a conference between the student and his/her parent/guardian and the school principal or assistant principal, and suspension of the student from school. The electronic device shall remain in the possession of the school administration until such time as the student's parent/guardian personally comes to the school's main office and retrieves the electronic device.

(3) Penalties for Prohibited Use of Electronic Devices: Students who receive a "sexting" message are to report the matter to a school administrator and then delete such message from their electronic device. Students shall not participate in sexting or have any "sexting" message on their electronic devices regardless of when the message was received while on school grounds or at a school activity. Students who violate the prohibitions of this policy shall be subject to the imposition of appropriate disciplinary action, up to and including expulsion, provided that at a minimum the following penalties shall be imposed:

(i) Students found in possession of a "sexting" message shall be subject to a one (1) day suspension from school.

(ii) Students who send or encourage another to send a "sexting" message shall be subject to a five (5) day suspension from school.

(4) Reporting to Law Enforcement: Violations of this policy regarding the prohibited use of electronic devices that may constitute a violation of federal or state laws and regulations, including, but not limited to, the Nebraska Child Protection Act or the Nebraska Child Pornography Prevention Act shall be reported to appropriate legal authorities and law enforcement.

- e. Responsibility for Electronic Devices. Students or their parents/guardians are expected to claim a confiscated electronic device within ten (10) days of the date it was relinquished. The school shall not be responsible, financially or otherwise, for any unclaimed electronic devices. By bringing such devices to school, students and parents authorize the school to dispose of unclaimed devices at the end of each semester. The District is not responsible for the security and safekeeping of students' electronic devices and is not financially responsible for any damage, destruction, or loss of electronic devices.

E. Inappropriate Public Displays of Affection (IPDA): Students are not to engage in inappropriate public displays of affection on school property or at school activities. Such conduct includes kissing, touching, fondling or other displays of affection that would be reasonably considered to be embarrassing or a distraction to others. Students will face the following consequences for IPDA:

1. 1st Offense: Student will be confronted and directed to cease.
2. 2nd Offense: Student will be confronted, directed to cease, and parents will be notified.
3. 3rd Offense: Student will be suspended from school for a minimum of 1 day, and parents and student will need to meet with Administrator(s) and/or counselor.

If this type of behavior continues, or if the IPDA is lewd or constitutes sexual conduct, the student could face long-term suspension or expulsion.

F. Specific Rule Items: The following conduct may result in disciplinary action which, in the repeated violations, may result in discipline up to expulsion:

1. Students are not given locker passes, restroom passes or telephone passes to leave a classroom or study hall unless special circumstances arise.
2. Students in the hallway during class time must have a pass with them.
3. Gum, candy, seeds, etc. are not allowed in the school building or classrooms. The pop machine is closed until after school and pop is to be drunk outside.
4. Students are expected to bring all books and necessary materials to class. This includes study halls.
5. Assignments for all classes are due as assigned by the teacher.
6. Students are not to operate the mini-blinds or the windows.
7. Classes are ended by the teacher. Students are not to begin to pack up or leave the class until the dismissal bell has rung or the teacher has dismissed the class.
8. Students are to be in their seats and ready for class on the tardy bell.
9. Special classes such as Industrial Technology, Art, P.E., and computer courses will have other safety or clean-up rules that will be explained to students by that teacher which must be followed.

10. Students are not to bring “nuisance items” to school. A nuisance item is something that is not required for educational purposes and which would cause a distraction to the student or others.
11. Students are to stand back from the entry steps and doors in the mornings before school and at noon before the bell so that others may pass in and out of the entry doors.
12. Snow handling is prohibited.

G. Law Violations

1. Any act of a student which is a basis for expulsion and which the principal or designee knows or suspects is a violation of the Nebraska Criminal Code will be reported to law enforcement as soon as possible. Conduct to be reported for law enforcement referral includes conduct that may constitute a felony, conduct which may constitute a threat to the safety or well-being of students or others in school programs and activities, and conduct that the legal system is better equipped to address than school officials. Conduct that does not need to be reported for law enforcement referral includes typical adolescent behavior that can be addressed by school administrators without the involvement of law enforcement. In making the decision of whether to report, consideration should be given to the student’s maturity, mental capacity, and behavioral disorders, where applicable. When appropriate, it shall be the responsibility of the referring administrator to contact the student’s parent of the fact that the referral to legal authorities has been or will be made.
The foregoing reporting standards shall be reviewed annually by the school board on or before August 1 of each year, be annually reviewed in collaboration with the County Attorney each year, be distributed to each student and his or her parent or guardian at the beginning of each school year, or at the time of enrollment if during the school year, and shall be posted in conspicuous places in each school during the school year.
2. When a principal or other school official releases a minor student to a peace officer (e.g., police officer, sheriff, and all other persons with similar authority to make arrests) for the purpose of removing the minor from the school premises, the principal or other school official shall take immediate steps to notify the parent, guardian, or responsible relative of the minor regarding the release of the minor to the officer and regarding the place to which the minor is reportedly being taken, except when a minor has been taken into custody as a victim of suspected child abuse, in which case the principal or other school official shall provide the peace officer with the address and telephone number of the minor's parents or guardian.

StudentsAlternative Education Programs or Plans For Expelled Students

In the event action is being taken to expel a student from this school district, the Administration ~~may offer the student shall select one of the following described educational options to be made available to the expelled student during the period of expulsion, to-wit: (1) An an~~ alternative school, class, or educational program (hereinafter referred to as an "alternative program"); or (2) ~~the~~ development of a plan of behavior modification, educational objects, and financial resources and community programs available to meet the behavioral and educational objects, and monthly reviews to assess the student's progress toward meeting the specified goals and objects. ~~The superintendent or superintendent's designee shall make known to the expelled student which of the alternative educational options the administration has selected for the student's expulsion. Such information shall be made known to the expelled student on or before the date the expulsion becomes effective. An expulsion becomes effective, as to a student who has been given a written notice of a recommendation to expel, on the earliest of the following dates: (1) if the student, parent, or guardian has not requested a hearing, the sixth school day following receipt of the notice of the recommendation to expel, (2) if the student has requested a hearing, the date the student, parent, or guardian receives notice of the determination of the superintendent or superintendent's designee to expel the student, or (3) such other date as may be mutually agreed by the student, parent, or guardian and the administration. An expelled student may not be required to attend the alternative program.~~

A. ALTERNATIVE EDUCATION PROGRAM:

The Superintendent or Superintendent's designee is hereby granted the authority to arrange and plan for a student's alternative educational program, based on the available resources and student's individual circumstances.

~~The approved alternative programs are: (1) community-based programs, (2) home-based programs, (3) specialized tutorial experiences, and (4) distance learning. The Board of Education may, from time to time, approve other alternative programs and may approve specific alternative programs and may enter into contracts for the provision of such specific alternative programs. To the extent that the alternative programs are to be provided on-site, the individuals responsible for providing such on-site alternative program shall hold a valid Nebraska Teaching or Administrative Certificate. To the extent that the alternative program is to be community-based or off-site, such alternative program shall be planned in cooperation with and monitored or supervised by a school district staff member who holds a Nebraska Teaching or Administrative Certificate. Alternative programs may be conducted at times other than the regular school day.~~

~~The superintendent or superintendent's designee shall determine which alternative programs shall be made available to each specific expelled student based on a consideration of the interests of the school district and the student's educational and behavioral objectives and needs, as determined in the discretion of the superintendent or the superintendent's designee. If a parent or guardian refuses to participate or have their expelled child participate in the alternative programs made available, the district shall have no further obligation with regard to the provision of an alternative program. The superintendent or superintendent's designee shall establish a specific date or time within which the parent or guardian shall be required to state in writing an agreement to participate in the~~

~~alternative program.—As a condition of participation in alternative programs which involve the payment of tuition or other similar expenses, the student, parent, or guardian may be required, as a condition of such alternative program being available, to agree in writing to pay the tuition or other similar costs for such program in the event the expelled student fails to successfully complete the program.~~

~~The standards of student behavior and cooperation required of students in the regular programs of this school district shall also be required of expelled students throughout the entire time period of the alternative program.—Additional standards may be established in each specific program and for each specific expelled student.—If the expelled student fails to meet the required standards of student behavior or cooperation, the student may be further disciplined by disciplinary punishment up to and including expulsion for an additional period of time beyond that being served by the expelled student.—Further, if the expelled student fails to meet any of the conditions of the learning program, the district may, by action of the superintendent or superintendent's designee, terminate the alternative program for the expelled student.—A due process hearing substantially in compliance with the statutory provisions for suspension and expulsion of students shall be made available, unless waived by the parent or legal guardian.~~

~~Upon preapproval by the superintendent or the superintendent's designee, academic credit towards graduation or advancement in grade level shall be available to students participating in alternative programs for expelled students.—The academic credits to be awarded shall be equal to the same academic credit a student in the school district's regular educational program would earn for completion of a similar educational program, as determined at the discretion of the superintendent or superintendent's designee.—Such academic credits shall not be earned unless the expelled student has successfully completed the conditions of the alternative program, as determined by the teacher and the superintendent or superintendent's designee.—The superintendent or superintendent's designee shall determine whether or to what extent such academic credits should be assigned to subject area or other specific graduation or advancement requirements.—The achievement mark (i.e., grades) assigned for such academic credits shall not be available to the advantage of the expelled student for honor roll, class rank, or other academic honors or recognition.~~

B. EDUCATION PLAN PROGRAM:

~~If the administration elects not to provide an alternative education program outlined in subparagraph A. above, or if a student declines to participate in the alternative education program, the following procedures shall be followed prior to expelling a student unless the expulsion was required by subsection (4) of the Neb. Rev. Stat. § 79-283; said procedures being as follows, to wit:~~

(1) A conference shall be called by a school administrator and held to assist the district in the development of a plan with the participation of a parent or a legal guardian, the student, a school representative, and a representative of either a community organization with a mission of assisting young people or a representative of an agency involved with juvenile justice.

(2) The plan shall be in writing and adopted by a school administrator and presented to the student and the parent or legal guardian.

(3) The plan shall:

- (a) Specify guidelines and consequences for behaviors which have been identified as preventing the student from achieving the desired benefits from the educational opportunities provided,
- (b) Identify educational objectives that must be achieved in order to receive credits toward graduation,
- (c) Specify the financial resources of the community programs available to meet both the educational and behavioral objects identified, and
- d) Require the student to attend monthly reviews in order to assess the student's progress toward meeting the specified goals and objectives.

The school district shall submit such plan on the form "Section 79-266(2) Plan" attached to this policy as Appendix "1".

Extracurricular Activity

Section 1 Extracurricular Activity Philosophy

Extracurricular activity programs enrich the curriculum of the school by making available a wide variety of activities in which a student can participate. Extracurricular activity programs are considered an integral part of the school's program of education that provide experiences that will help students physically, mentally and emotionally.

The element of competition and winning, though it exists, is controlled to the point it does not determine the nature or success of the program. This is considered to be educationally and psychologically sound because of the training it offers for living in a competitive society. Students are stimulated to want to win and excel, but the principles of good sportsmanship prevail at all times to enhance the educational values of contests. Participation in activities, both as a competitor and as a student spectator, is an integral part of the students' educational experiences. Such participation is a privilege that carries with it responsibilities to the school, team, student body, community and the students themselves. In their play and their conduct, students are representing all of these groups. Such experiences contribute to the knowledge, skill and emotional patterns that they possess, thereby making them better individuals and citizens.

Safety

The District's philosophy is to maintain an activities program which recognizes the importance of the safety of the participants. To ensure safety, participants are required to become fully familiar with the dangers and safety measures established for the activity in which they participate, to adhere to all safety instructions for the activity in which they participate, to inform their coach or sponsor when they are injured or have health problems that require their activities be restricted, and to exercise common-sense.

Warning for Participants and Parents

The purpose of this warning is to bring your attention to the existence of potential dangers associated with athletic injuries. Participation in any intramural or athletic activity may involve injury of some type. The severity of such injury can range from minor cuts, bruises, sprains and muscle strains to more serious injuries to the body's bones, joints, ligaments, tendons, or muscles, to catastrophic injuries to the head, neck and spinal cord. On rare occasions, injuries can be so severe as to result in total disability, paralysis or death. Even with appropriate coaching, appropriate safety instruction, appropriate protective equipment and strict observance of the rules, injuries are still a possibility.

Section 2 Extracurricular Activity Code of Conduct

Purpose of the Code of Conduct. Participation in extracurricular activities is a privilege. The privilege carries with it responsibilities to the school, team, student body, and the community. Participants are not only representing themselves, but also their school and community in all of their actions. Others judge our school on the student participants' conduct and attitudes, and how they contribute to our school spirit and community image.

The student participants' performance and devotion to high ideals and values make their school and community proud. Consequently, participation is dependent upon adherence to this Code of Conduct and the school district's policies, procedures and rules.

Scope of the Code of Conduct.

Activities Subject to the Code of Conduct: The Code of Conduct applies to all extracurricular activities. Extracurricular activities means student activities or organizations which are supervised or administered by the school district which do not count toward graduation or grade advancement and in which participation is not otherwise required by the school.

Extracurricular activities include but are not limited to: all sports, cheerleading, dance team, Pep Club, Pep Band, vocal, band, speech and drama, One-Act, FBLA, FCCLA, Spanish Club, Art Club, Student Council, Student Advisory Board, National Honor Society, and other school sponsored organizations and activities. The Code of Conduct also applies to participation in school sponsored activities such as school dances and royalty for such activities.

A participant means a student who participates in, has participated in, or will participate in an extracurricular activity.

When: The Code of Conduct rules apply to conduct which occurs at any time during the school year, and also includes the time frame which begins with the official starting day of the fall sport season established by the NSAA and extends to the last day of the spring sport season established by the NSAA, whether or not the student is a participant in an activity at the time of such conduct.

The rules also apply when a student is participating or scheduled to participate in an extracurricular activity that is held outside the school year or the NSAA season. For example, if an FBLA or FCCLA student plans to participate in a conference in July and commits a Code of Conduct infraction in June, the student may be suspended from participating in the conference. Conduct during the summer months may also affect a student's participation under the team selection and playing time guidelines.

Where: The Code of Conduct rules apply regardless of whether the conduct occurs on or off school grounds. If the conduct occurs on school grounds, at a school function or event, or in a school vehicle, the student may also be subject to further discipline under the general student code of conduct. A student who is suspended or expelled from school shall not be permitted to participate in activities during the period of the suspension or expulsion, and may also receive an extended activity suspension.

Grounds for Extracurricular Activity Discipline. Students who participate in extracurricular activities are expected to demonstrate cooperation, patience, pride, character, self respect, self-discipline, teamwork, sportsmanship, and respect for authority. The following conduct rules have been determined by the Board of Education to be reasonably necessary to aid students, further school purposes, and prevent interference with the educational process. Such conduct constitutes grounds for suspension from participation in extracurricular activities and grounds for other restrictions or disciplinary measures related to extracurricular activity participation:

1. Willfully disobeying any reasonable written or oral request of a school staff member, or the voicing of disrespect to those in authority.
2. Use of violence, force, coercion, threat, intimidation, bullying, harassment or similar conduct in a manner that constitutes a substantial interference with school or extracurricular activity purposes or making any communication that a reasonable person would interpret as a serious expression of an intent to harm or cause injury to another.
3. Willfully causing or attempting to cause substantial damage to property, stealing or attempting to steal property, repeated damage or theft involving property or setting or attempting to set a fire of any magnitude.
4. Causing or attempting to cause personal injury to any person, including a school employee, school volunteer, or student. Personal injury caused by accident, self-defense, or other action undertaken on the reasonable belief that it was necessary to protect another person shall not constitute a violation.
5. Threatening or intimidating any student for the purpose of, or with the intent of, obtaining money or anything of value from a student or making a threat which causes or may be expected to cause a disruption to school operations.
6. Knowingly possessing, handling, or transmitting any object or material that is ordinarily or generally considered a weapon (including personal safety or security devices, such as tasers, mace and pepper spray, unless a District administrator gives prior approval) or that has the appearance of a weapon, or bringing or possessing any explosive device, including fireworks, on school grounds or at a school function or event, or in a manner that is unlawful or contrary to school activity rules.
7. Engaging in selling, using, possessing or dispensing of alcohol, tobacco, narcotics, drugs, controlled substance, or an inhalant; being under the influence of any of the above; possession of drug paraphernalia, or the selling, using, possessing, or dispensing of an imitation controlled substance as defined in section 28-401 of the Nebraska statutes, or material represented to be alcohol, narcotics, drugs, a controlled substance or inhalant. Tobacco means any tobacco product (including

but not limited to cigarettes, cigars, and chewing tobacco), vapor products (such as e-cigarettes), electronic nicotine delivery systems, alternative nicotine products, tobacco product look-alikes, and products intended to replicate tobacco products either by appearance or effect. Use of a controlled substance in the manner prescribed for the student by the student's physician is not a violation. The term "under the influence" has a less strict meaning than it does under criminal law; for school purposes, the term means any level of impairment and includes even the odor of alcohol or illegal substances on the breath or person of a student; also, it includes being impaired by reason of the abuse of any material used as a stimulant.

8. Public indecency.
9. Sexual assault or attempting to sexually assault any person. Engaging in sexual conduct, even if consensual, on school grounds or at a school function or event.
10. Engaging in any activity forbidden by law which constitutes a danger to other students, interferes with school purposes or an extracurricular activity, or reflects a lack of high ideals.
11. Repeated violation of any of the school rules.
12. Truancy or failure to attend assigned classes or assigned activities; or tardiness to school, assigned classes or assigned activities.
13. The use of language, written or oral, or conduct, including gestures, which is profane or abusive to a school employee, school volunteer, or student. Profane or abusive language or conduct includes, but is not limited to, that which is commonly understood and intended to be derogatory toward a group or individual based upon race, gender, national origin, or religion.
14. Dressing or grooming in a manner which is dangerous to the student's health and safety or a danger to the health and safety of others or repeated violations of dress and grooming standards; dressing, grooming, or engaging in speech that is lewd or indecent, vulgar or plainly offensive; dressing, grooming, or engaging in speech that school officials reasonably conclude will materially and substantially disrupt the work and discipline of the school or of an extracurricular activity; dressing, grooming, or engaging in speech that a reasonable observer would interpret as advocating illegal drug use.
15. Willfully violating the behavioral expectations for those students riding [Name] Public Schools buses or vehicles used for activity purposes.
16. Failure to report for the activity at the beginning of the season. Reporting for one activity may count as reporting on time if there is a change in activity within the season approved by the coach or the supervisor.
17. Failure to participate in regularly scheduled classes on the day of an extracurricular activity or event.
18. Failure to attend scheduled practices and meetings. If circumstances arise to prevent the participant's attendance, the validity of the reason will be determined by the coach or sponsor. Every reasonable effort should be made to notify the coach or sponsor prior to any missed practice or meeting.
19. All other reasonable rules or regulations adopted by the coach or sponsor of an extracurricular activity shall be followed, provided that participants shall be advised by the coach or sponsor of such rules and regulations in writing.

20. Failure to comply with any rule established by the Nebraska School Activities Association, including, but not limited to, the rules relating to eligibility.

All terms used in the Code of Conduct have a less strict meaning than under criminal law and are subject to reasonable interpretation by school officials.

Drug and Alcohol Violations.

Meaning of Terms.

Use or consume includes any level of consumption or use. Use of a controlled substance in the manner prescribed for the student by the student's physician is not a violation.

Under the influence means any level of impairment and includes even the odor of alcohol on the breath or person of a student, or the odor of an illicit drug on the student. Also, it includes being impaired by reason of the abuse of any material used as a stimulant.

Possession includes having control of the substance and also includes being in the same area where the substance is present and no responsible adult present and responsible for the substance. Possession includes situations where, for example:

- (1) Alcohol is in a vehicle in which the student is present. The student is considered to be in possession if the student is aware that the alcohol is in the vehicle, even though the student has not touched or consumed the alcohol; and
- (2) Alcohol is present at a party attended by the student. The student is considered to be in possession if the student is aware that alcohol is at the party and fails to immediately leave the party, even though the student has not touched or consumed the alcohol.

In these situations, a violation would not exist if the alcohol is in the control of a parent or guardian or other responsible adult (age 21 or older) such that students are not allowed to access the alcohol. A violation would also not exist if the student did not know or have a reasonable basis to know that alcohol would be present, and the student leaves the location where the alcohol is present as soon the student could safely do so. (Students are expected to leave immediately, but are not to do so in a manner that would endanger them. For example, you are not to leave in a car being driven by a person who has been drinking just to get away from the alcohol party immediately when there is no other way to get home. Instead, you should call for a safe ride home and, while waiting, clearly distance yourself from the alcohol).

Consequences.

Students may be suspended from practices or participation in interscholastic competition or participation in co-curricular activities for violations of the Code of Conduct. The period of suspension or other discipline for such offenses shall be determined by the school administration.

The disciplinary consequence will be determined based on consideration of the seriousness of the offense, any prior violations, the student's compliance with the self-reporting obligations, the student's level of cooperation and willingness to resolve the matter, and the student's demonstration of a commitment to not commit future violations.

Because of the significance of drug and alcohol violations on the student participants, other students and the school, the following consequences are established for such violations:

Drugs and Alcohol.

An activity participant who violates the drug or alcohol rules (other than steroids) shall be prohibited from participating in any extracurricular activity for the following minimum periods:

1. First Violation: 45 days.
2. Second or Any Subsequent Offense: One calendar year.
3. Reduction for Self-Reporting: If the student has self-reported, the first violation shall be reduced to 21 days for the first violation. A commensurate reduction (approximately one-half, as determined by the administration) for a second or subsequent violation shall be given for self-reporting.
4. Reduction for Participation in Chemical Dependency Program: If the student and parents agree to participate in a school-approved program for chemical dependency, the consequence will be reduced to only the next activity in which the student was to participate (including at least one contest) in the case of a first violation, and to a commensurate reduction (approximately 80%, as determined by the administration, for a second or subsequent violation).
The program must be administered by a certified alcohol and drug abuse counselor and be approved by the school authorities. The student will need to successfully complete the approved chemical dependency program. Proof of successful completion of program must be submitted in writing to the Activities Director. Failure to participate and successfully complete the approved chemical dependency program may cause the participating student to be suspended from extracurricular activities for one calendar year. All costs associated with the program are to be borne by the student/parent or guardian.
5. More Serious Violations: In the event of more serious drug or alcohol violations, such as students engaging in use of especially serious drug offenses (cocaine, meth, etc.) or procuring alcohol for minors, the consequence of the violation is not limited by the foregoing, and may be established in the good discretion of the administration.

Steroid Offenses. A student who possesses, dispenses, delivers, or administers anabolic steroids shall be prohibited from participating in any extracurricular activity for the following minimum periods:

1. First Violation: 30 consecutive days.
2. Second or Any Subsequent Offense: One calendar year.

When Suspensions Begin. All suspensions begin with the next scheduled activity in which the student is a participant, after the determination by school officials of the sanction to be imposed; provided that the school officials shall have the discretion to establish a time period for the suspension that makes the suspension have a real consequence for the student. During a suspension, participants may be required or permitted to practice at the sole discretion of the coach or activity sponsor. Suspensions in the Spring will be carried over to the Fall when the suspension has not been fully served or when determined appropriate for the suspension to have a real consequence for the student.

Letters and Post-Season Honors. A student who commits a Code of Conduct violation is:

1. Eligible to letter, provided the student meets the criteria of the coach or sponsor.
2. Not eligible to receive honors during the sport or activity in which they are participating at the time of the offense and/or in sports or activities in which they have been suspended due to a code violation. The coach/sponsor, with the Athletic Director's approval, may make an exception where the student has self-reported or otherwise demonstrated excellence in character allowing for such honors.

Self-Reporting. A student who violates the Code of Conduct must self-report. The self-report must be made to: the principal, athletic director, or the head coach or sponsor of an activity in which the student participates. The student's parent or guardian may initiate the self-reporting process, but the student will be later required to give a written statement of the self-report. The self-report must be made the earlier of: (1) before the end of the next school day after the conduct occurred and (2) before participation in an extracurricular or co-curricular activity.

In making a self-report, the student must identify the events that took place, what conduct the student engaged in, and any witnesses to the student's conduct, and will be required to put this information in a written statement. In the event the student has received a criminal citation, charge, or ticket, and proclaims innocence of a violation, the student will be required to self-report such offense and provide information as to why they should be found innocent, not as it relates to the criminal offense, but as it relates to the Code of Conduct.

All students are expected to be honest and forthright with school officials. In the event the coach or activity sponsor or any school administrator asks a student participant for information pertaining to compliance (or lack of compliance) by the student or other student participants with the Code of Conduct or eligibility conditions for participation in activities, the student is expected to fully, completely, and honestly provide the information. Students may be disciplined for a failure to be honest and forthright.

Determining a Violation Has Occurred. A violation of the Code of Conduct will be determined to have occurred based on any of the following criteria:

1. When a student is cited by law enforcement and school officials have a reasonable basis for determining that grounds for the issuance of the citation exist.
2. When a student is convicted of a criminal offense. Conviction includes, without

limitation, a plea of no contest and an adjudication of delinquency by the juvenile court.

3. When a student admits to violating one of the standards of the Code of Conduct.
4. When a student is accused by another person of violating one of the standards of the Code of Conduct and school officials determine that such information is reliable.
5. When school officials otherwise find sufficient evidence to support a determination that a violation has occurred.

Procedures for Extracurricular Discipline. The following procedures are established for suspensions from participation in extracurricular activities:

1. Investigation. The school official(s) considering the suspension will conduct a reasonable investigation of the facts and circumstances and determine whether the suspension will help the student or other students, further school purposes, or prevent an interference with a school purpose.
2. Meeting. Prior to commencement of the suspension, the school official considering the suspension or their designee will provide the student an opportunity to give the student's side of the story. The meeting for this purpose may be held in person or via a telephone conference.
 - a. The student will be given oral or written notice of what the student is accused of having done, an explanation of the evidence the school has, and the opportunity to explain the student's version. Detail is not required where the activity participant has made a self-report or otherwise admits the conduct. Names of informants may be kept confidential where determined to be appropriate.
 - b. The suspension may be imposed prior to the meeting if the meeting can not reasonably be held before the suspension is to begin. In that case the meeting will occur as soon as reasonably practicable. The student is responsible for cooperating in the scheduling of the meeting.
3. Notice Letter. Within two school days (two business days if school is not in session), or such additional time as is reasonably necessary following the suspension, the Athletic Director or the Athletic Director's designee will send a written statement to the student and the student's parents or guardian. The statement will describe the student's conduct violation and the discipline imposed. The student and parents or guardian will be informed of the opportunity to request a hearing.
4. Informal Hearing Before Superintendent. The student or student's parent/guardian may request an informal hearing before the Superintendent. The Superintendent may designate the Athletic Director or another administrator not responsible for the suspension decision as the Superintendent's designee to conduct the hearing and make a decision.
 - a. A form to request such a hearing must be signed by the parent or guardian. A form will be provided with the notice letter or otherwise be made available by request from the Principal's office.

- b. The request for a hearing must be received by the Superintendent's office within five days of receipt of the notice letter.
- c. If a hearing is requested:
 - i. The hearing will be held within ten calendar days of receipt of the request; subject to extension for good cause as determined by the Superintendent or the Superintendent's designee.
 - ii. The Superintendent or the Superintendent's designee will notify the participants of the time and place of the hearing a reasonable time in advance to allow preparation for the hearing.
 - iii. Upon conclusion of the hearing, a written decision will be rendered within five school days (ten calendar days if school is not in session). The written decision will be mailed or otherwise delivered to the participant, parents or guardian.
 - iv. A record of the hearing (copies of documents provided at the hearing and a tape recording or other recordation of the informal hearing) will be kept by the school if requested sufficiently in advance of the hearing by the parent/guardian.
5. No Stay of Penalty. There will be no stay of the penalty imposed pending completion of the due process procedures
6. Opportunity for Informal Resolution. These due process procedures do not prevent the student or parent/guardian from discussing and settling the matter with the appropriate school officials at any stage.

Section 3 Attendance

Student participants are expected to meet the following attendance expectations:

1. Attend school regularly. Students who have "excessive absences" as determined under the school's attendance policy are ineligible to participate in extracurricular activity contests or performances. Students who have four or more unexcused absences in the semester of participation will be ineligible to participate in extracurricular activity contests or performances.
2. Be on time for all scheduled practices, contests and departure for contests. In the event a participant is unable to attend a practice or contests the participant should contact the coach or sponsor in advance.
3. On the day of a contest, performance or other activity, be in attendance for the full day. A student who is not in attendance the full day is ineligible for the contest, performance, or activity.

Exceptions may be made for extenuating circumstances, such as doctor/dentist appointments or family emergencies. The exception must be approved by the Principal or Athletic Director.

Every attempt should be made to be in attendance the day of a contest. Sleeping in to rest up for the game will not be considered an extenuating circumstance, nor will going home ill and then returning to play in the contest later that day.

Section 4 Academic Standards

Participation in extracurricular school activities is encouraged and desirable for all students. At the same time, the primary mission and responsibility for each student is to establish a firm academic foundation. A student participating in extracurricular school activities must show evidence of sincere effort towards scholastic achievement. To be eligible for participation in extracurricular activities, students must:

1. Be enrolled in at least 25 credit hours in the semester of participation.
2. Maintain passing grades in all courses. A student who is not passing one or more classes at progress reporting times will be ineligible to participate in extracurricular activity contests or performances if the grade remains below passing one week after progress reporting time. The student will remain ineligible until the student is passing all classes.
3. Maintain an overall “C” average to participate in extracurricular activities, except school dances.
4. Academic requirements do not apply to:
 - (A) Instructional field trips which are a part of the scheduled course learning experience; or
 - (B) Activities or events which are a part of the student’s grade requirements.

Eligibility criteria for part-time students is governed by Policy 5004, NSAA bylaws, and state law.

A practical method shall be developed and implemented by the administration to determine which children with disabilities are currently receiving needed special education and related services. The District will implement multiple methods to provide parents, guardians, and community members with information regarding how to refer a child for an evaluation and the identification process and will publish an annual notice of any significant

5. Disability Verification and Eligibility

Eligibility for services will be determined by a multidisciplinary team based on the results of a comprehensive evaluation. The multidisciplinary team will identify whether a child is eligible for special education services based on the disability categories identified by Nebraska and Federal regulations. The multidisciplinary team will rule out the determinant factor is due to a lack of appropriate instruction in reading or math or due to lack of English proficiency. The team will prepare a written report documenting all evaluation findings in accordance with Federal and Nebraska requirements that will be provided to the parent, guardian, or appointed surrogate. When a child is not eligible for services, the multidisciplinary team will determine if general education interventions or strategies are needed.

To the maximum extent appropriate, children with disabilities, through the school year in which the child reaches age twenty-one, including children in public or private institutions or other care facilities, are to be educated with children who are not disabled. Placement for a student with a disability will be based upon a completed IEP developed by a group of persons, including the parent, guardian, or appointed surrogate, knowledgeable about the child, the meaning of the evaluation data, and the placement options. Special classes, separate schooling, or other removal of children with disabilities from the regular educational environment will occur only when the nature or severity of the disability of a child is such that education in regular classes with the use

of supplementary aids and services cannot be achieved satisfactorily (the “Least Restrictive Environment Rules”). School personnel may remove a child with a disability who violates a code of student conduct from his or her current placement to an appropriate interim alternative educational setting, another setting, or suspension as long as those removals do not constitute a change of placement. The District defines a change of placement as it is defined under 92 NAC 51-016. ,for no more than ten (10) consecutive school days and for additional removals of not more than ten (10) consecutive school days in the same school year for separate incidents of misconduct, as long as those removals do not constitute a change of placement. If a student with a disability violates a code of student conduct, the sThe school district will ensure that school personnel appropriately consider unique circumstances on a case-by-case basis when determining whether a change in placement has occurred. ,as defined in Federal and Nebraska rules, is appropriate for the student. Change of placement decisions related to disciplinary removals will be consistent with Federal and Nebraska regulations. Within 10 school days of any decision to change the placement of a child with a disability because of a violation of a code of student conduct, the school district, the parent, and relevant members of the student’s IEP shall conduct a manifestation determination pursuant to 92 NAC 51-016. If the conduct which gave rise to the violation of the school code is determined to be a manifestation of the student’s disability, any change of placement for the student will only be made by a student’s IEP team.– For disciplinary changes in placement that would exceed ten (10) consecutive school days, if the behavior that gave rise to the violation of the school code is determined not to be a manifestation of the child’s disability, school personnel may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures that would be applied to children without disabilities.

The documented results of the evaluation will be provided to parent, guardian, or appointed surrogate and included in student files. All evaluation components will be at district expense. The District will utilize a variety of assessment instruments to ensure district teams have access to appropriate measures to complete evaluations. The district will follow any publisher guidelines for assessments and will not use outdated or culturally inappropriate tools.

The District will respond to a request for an Independent Educational Evaluation without unnecessary delay. The parent, guardian, or appointed surrogate will be given written notice of the District's decision to either move forward with the Independent Educational Evaluation or to initiate a hearing to determine the appropriateness of the evaluation. If the District agrees to move forward with the evaluation, locations of any evaluator shall be within a reasonable distance of the District. A reasonable distance means within 100 miles of the school building the child attends and within Nebraska. In the event this geographic area restriction would prevent a parent, guardian, or appointed surrogate from obtaining an Independent Educational Evaluation, the location of the evaluator may be outside the specified geographic area but must be within Nebraska. The District will provide the parent, guardian, or appointed surrogate with a list of qualified agencies/evaluators within the geographic area. The evaluators are to have their rates approved by the Nebraska Department of Education to be authorized to conduct the evaluation.
