Daniel Conrad, Assistant Superintendent, presented **2027-28 Calendar Year Proposal report** as follows (MRF #19960):

The 30-member Sioux Falls School District Calendar Committee, which includes representatives from building and central administration, teachers from each level, a broad range of staff groups, parents, school board members, and key partners like SFEA. The committee recently met to develop the proposed 2027-2028 school calendar for School Board consideration. Calendars are developed two years in advance to support planning for staff and families and may be adjusted as needed.

Recommendations for the 2027-2028 school year include:

- Starting the school year on Thursday, August 26th, 2027, with a staggered start to ease the transition back to school;
- Concluding the school year prior to Memorial Day weekend, with the last student day on Wednesday, May 24th, 2028;
- Observing Native American Day and Martin Luther King Jr. Day as non-attendance days for students, teachers, and corresponding 9-month staff;
- Holding graduation on Sunday, May 21st, 2028;
- October 12th and March 6th will be full-day teacher in-service days, with district-led professional development in the morning and building-led professional development in the afternoon (elementary schools may use the

afternoon for Parent-Teacher Conferences if desired), and the compensatory day for spring conferences will be March 17th.

The Calendar Committee also recommended conducting a stakeholder survey in fall 2026 to help ensure the school calendar continues to reflect the priorities of the SFSD community.

A motion was made by Dawn Marie Johnson and seconded by Gail Swenson four (4) votes “yes” on roll call **acknowledging the 2027-28 Calendar Year Proposal report**.

Action 39940

Doug Morrison, Assistant Superintendent, presented **District Staff Survey Results report** as follows (MRF #19961):

The 2025-26 Staff Survey captured feedback from 1,720 employees across eight work groups and thirty-seven school locations throughout the Sioux Falls School District (SFSD). This comprehensive survey measured staff perceptions on professional development, workplace culture, resources, workload, and overall satisfaction. The survey included ten Agree/Disagree questions, six Yes/No questions, and three open-ended questions that generated nearly 7,000 comments.

An encouraging trend emerged in the Net Promoter Score (NPS), which measures employees' willingness to recommend the SFSD as a workplace. The NPS has steadily increased over the past three years, demonstrating growing staff satisfaction and positive sentiment about the district as an employer.

Results show significant strengths in several areas. Staff maintain exceptionally high expectations for students (94-99% favorable across all groups) and report strong colleague support networks (92-96%). Most employees feel safe in their work environment (87-100%) and supported by their direct supervisors (87-97%). The district's professional culture remains strong, with 84-97% of staff reporting professional and courteous interactions among colleagues.

The survey also identified areas requiring attention. Workload emerged as a concern, with 52% of teachers reporting that their workload is reasonable, while other groups ranged from 77-100%. Professional development satisfaction varies by level and role, with district-level professional development receiving 58% favorable ratings from high school staff and 65-90% from other groups. Building-level professional development showed similar variation (75-97%) across schools. The survey revealed variation in staff experience across buildings, with some questions showing 40-50 percentage point differences between schools.

Analysis of open-ended comments provided insights into employee perspectives. When asked what would make them consider leaving, compensation was mentioned frequently across all work groups, along with workload and support concerns. When asked what keeps them at the SFSD, staff most often cited their love of students and the work, followed by benefits and retirement packages, and strong colleague relationships. Staff suggestions for improving employee engagement included recognition and appreciation,

social events and team building, improved communication from leadership, and meaningful professional development.

A motion was made by Marc Murren and seconded by Gail Swenson four (4) votes “yes” on roll call **acknowledging the District Staff Survey Results report.**

(a) The Bonds are transferable only by presentation to the Registrar and Paying Agent by the registered owner, or his legal representative duly authorized in writing, of the registered Bond(s) to be transferred with the form of assignment on the reverse side thereof completed in full and signed with the name of the registered owner as it appears upon the face of the Bond(s) accompanied by appropriate documentation necessary to prove the legal capacity of any legal representative of the registered owner. Upon receipt of the Bond(s) in such form and with such documentation, if any, the Registrar and Paying Agent shall issue a new Bond or Bonds to the assignee(s) in \$5,000 denominations, or integral multiples thereof, as requested by the registered owner requesting transfer. The Registrar and Paying Agent shall not be required to transfer or exchange any Bond during the period commencing on a Record Date and ending on the corresponding interest payment date of such Bond, nor to transfer or exchange any Bond after the publication of notice calling such Bond for redemption has been made, nor to transfer or exchange any Bond during the period following the receipt of instructions from the School District to call such Bond for redemption; provided, the Registrar and Paying Agent, at its option, may make transfers after any of said dates. No charge shall be made to any registered owner for the privilege of transferring any Bond, provided that any transfer tax relating to such transaction shall be paid by the registered owner requesting transfer. The person in whose name any Bond shall be registered shall be deemed and regarded as the absolute owner thereof for all purposes and neither the School District nor the Registrar shall be affected by any notice to the contrary whether or not any payments due on the Bonds shall be overdue. Bonds, upon surrender to the Registrar and Paying Agent, may, at the option of the registered owner, be exchanged for an equal aggregate principal amount of Bonds of the same maturity in any authorized denomination or denominations.

(b) Except as otherwise provided in this subsection, the Bonds shall be registered in the name of Cede & Co., as nominee of DTC, which will act as securities depository for the Bonds. References in this Section to a Bond or the Bonds shall be construed to mean the Bond or the Bonds that are held under the Book-Entry System. One Bond for each maturity shall be issued to DTC and immobilized in its custody. Unless otherwise provided herein, a Book-Entry System shall be employed, evidencing ownership of the Bonds in authorized denominations, with transfers of beneficial ownership affected on the records of DTC and the DTC Participants pursuant to rules and procedures established by DTC.

Each DTC Participant shall be credited in the records of DTC with the amount of such DTC Participant's interest in the Bonds. Beneficial ownership interests in the Bonds may be purchased by or through DTC Participants. The holders of these beneficial ownership interests are herein referred to as the "Beneficial Owners." The Beneficial Owners shall not receive the Bonds representing their beneficial ownership interests. The ownership interests of each Beneficial Owner shall be recorded through the records of the DTC Participant from which such Beneficial Owner purchased its Bonds. Transfers of ownership interests in the Bonds shall be accomplished by book entries made by DTC and, in turn, by DTC Participants acting on behalf of Beneficial Owners. SO LONG AS CEDE & CO., AS NOMINEE FOR DTC, IS THE REGISTERED OWNER OF THE BONDS, THE REGISTRAR SHALL TREAT CEDE & CO., AS THE ONLY HOLDER OF THE BONDS FOR ALL PURPOSES UNDER THIS RESOLUTION, INCLUDING RECEIPT OF ALL PRINCIPAL OF, PREMIUM, IF ANY,

AND INTEREST ON THE BONDS, RECEIPT OF NOTICES, VOTING AND REQUESTING OR DIRECTING THE REGISTRAR AND PAYING AGENT TO TAKE OR NOT TO TAKE, OR CONSENTING TO, CERTAIN ACTIONS UNDER THIS RESOLUTION.

Payments of principal, interest, and redemption premium, if any, with respect to the Bonds, so long as DTC is the only owner of the Bonds, shall be paid by the Registrar and Paying Agent directly to DTC or its nominee, Cede & Co., as provided in the Letter of Representation. DTC shall remit such payments to DTC Participants, and such payments thereafter shall be paid by DTC Participants to the Beneficial Owners. Neither the School District nor the Registrar and Paying Agent shall be responsible or liable for payment by DTC or DTC Participants, for sending transaction statements or for maintaining, supervising, or reviewing records maintained by DTC or DTC Participants.

In the event that (1) DTC determines not to continue to act as securities depository for the Bonds or (2) the School District determines that the continuation of the Book-Entry System of evidence and transfer of ownership of the Bonds would adversely affect their interests or the interests of the Beneficial Owners of the Bonds, the School District may discontinue the Book-Entry System with DTC. If the School District fails to identify another qualified securities depository to replace DTC, the School District shall cause the Registrar and Paying Agent to authenticate and deliver replacement Bonds in the form of fully registered Bonds to each Beneficial Owner.

NEITHER THE SCHOOL DISTRICT NOR THE REGISTRAR AND PAYING AGENT SHALL HAVE ANY RESPONSIBILITY OR OBLIGATIONS TO ANY DTC PARTICIPANT OR ANY BENEFICIAL OWNER WITH RESPECT TO (i) THE BONDS; (ii) THE ACCURACY OF ANY RECORDS MAINTAINED BY DTC OR ANY DTC PARTICIPANT; (iii) THE PAYMENT BY DTC OR ANY DTC PARTICIPANT OF ANY AMOUNT DUE TO ANY BENEFICIAL OWNER IN RESPECT OF THE PRINCIPAL OF AND INTEREST ON THE BONDS; (iv) THE DELIVERY OR TIMELINESS OF DELIVERY BY DTC OR ANY DTC PARTICIPANT OF ANY NOTICE DUE TO ANY BENEFICIAL OWNER THAT IS REQUIRED OR PERMITTED UNDER THE TERMS OF THIS RESOLUTION TO BE GIVEN TO BENEFICIAL OWNERS, (v) THE SELECTION OF BENEFICIAL OWNERS TO RECEIVE PAYMENTS IN THE EVENT OF ANY PARTIAL REDEMPTION OF THE BONDS; OR (vi) ANY CONSENT GIVEN OR OTHER ACTION TAKEN BY DTC, OR ITS NOMINEE, CEDE & CO., AS OWNER.

SO LONG AS A BOOK-ENTRY SYSTEM OF EVIDENCE OF TRANSFER OF OWNERSHIP OF ALL THE BONDS IS MAINTAINED IN ACCORDANCE HERewith, THE PROVISIONS OF THIS RESOLUTION RELATING TO THE DELIVERY OF PHYSICAL BOND CERTIFICATES SHALL BE DEEMED INAPPLICABLE OR BE OTHERWISE SO CONSTRUED AS TO GIVE FULL EFFECT TO SUCH BOOK-ENTRY SYSTEM. IF THE PROVISIONS OF THE LETTER OF REPRESENTATION SHALL BE IN CONFLICT WITH THE PROVISIONS OF THIS RESOLUTION AS SAID PROVISIONS RELATE TO DTC, THE PROVISIONS OF THE LETTER OF REPRESENTATION SHALL CONTROL.

Section 4.6. Mutilated, Lost, Stolen, or Destroyed Bonds.

(a) In the event any Bond is mutilated, lost, stolen, or destroyed, the School District may execute, and upon the request of an Authorized Officer of the School District the Registrar and Paying Agent shall authenticate and deliver, a new Bond of like maturity, interest rate, and principal amount, and bearing the same number (but with appropriate designation indicating that such new Bond is a replacement Bond) as the mutilated, destroyed, lost, or stolen Bond, in exchange for the mutilated Bond or in substitution for the Bond so destroyed, lost, or stolen. In every case of exchange or

7. Resolution to Refund Capital Outlay & General Obligations Certificates Series 2021 (continued)

substitution, the Bondholder shall furnish to the School District and the Registrar and Paying Agent: (1) such security or indemnity as may be required by them to save each of them harmless from all risks, however remote; and, (2) evidence to their satisfaction of the mutilation, destruction, loss, or theft of the subject Bond and the ownership thereof. Upon the issuance of any Bond upon such exchange or substitution, the School District and the Registrar and Paying Agent may require the Owner thereof to pay a sum sufficient to defray any tax or other governmental charge that may be imposed in relation thereto and any other expenses, including printing costs and counsel fees, of the School District and the Registrar and Paying Agent. In the event any Bond which has matured or is about to mature shall become mutilated or be destroyed, lost, or stolen, the School District may, instead of issuing a Bond in exchange or substitution therefore, pay or authorize the payment of the same (without surrender thereof except in the case of a mutilated Bond) if the Owner thereof shall pay all costs and expenses, including attorney's fees, incurred by the School District and the Registrar and Paying Agent in connection herewith, as well as a sum sufficient to defray any tax or other governmental charge that may be imposed in relation thereto and shall furnish to the School District and the Registrar and Paying Agent such security or indemnity as they may require to save them harmless and evidence to the satisfaction of the School District and the Registrar and Paying Agent the mutilation, destruction, loss, or theft of such Bond and of the ownership thereof.

(b) Every Bond issued pursuant to the provisions of this Section shall constitute an additional contractual obligation of the School District (whether or not the destroyed, lost, or stolen Bond shall be found at any time to be enforceable) and shall be entitled to all the benefits of this Resolution equally and proportionately with any and all other Bonds duly issued under this Resolution.

(c) All Bonds shall be held and owned upon the express condition that the provisions of this Section are exclusive, with respect to the replacement or payment of mutilated, destroyed, lost, or stolen Bonds, and, to the maximum extent legally permissible, shall preclude all other rights or remedies, notwithstanding any law or statute now existing or hereafter enacted to the contrary.

Section 4.7. Authentication.

The Registrar and Paying Agent is hereby authorized to authenticate and deliver the Bonds to the Underwriter or as it may designate upon receipt by the School District of the proceeds of the sale thereof, to authenticate and deliver Bonds in exchange for Bonds of the same principal amount delivered for transfer upon receipt of the Bond(s) to be transferred in proper form with proper documentation as hereinabove described. The Bonds shall not be valid for any purpose unless authenticated by the Registrar by the manual signature of an officer thereof on the certificate set forth herein on the Bond form.

Section 4.8. Qualification for DTC.

The Registrar and Paying Agent is hereby authorized to take such actions as may be necessary from time to time to qualify and maintain the Bonds for deposit with DTC, including but not limited to, wire transfers of interest and principal payments with respect to the Bonds, utilization of electronic book entry data received from DTC in place of actual delivery of Bonds and provision of notices with respect to Bonds registered by the DTC (or any of its designees identified to the Registrar and Paying Agent) by overnight delivery, courier service, telegram, telecopy or other similar means of communication. No such arrangements with DTC may adversely affect the interest of any of the

Owners of the Bonds, provided, however, that the Registrar and Paying Agent shall not be liable with respect to any such arrangements it may make pursuant to this section.

The terms and conditions of the State Aid Pledge Agreement are incorporated herein as if stated in full.

ARTICLE V REDEMPTION OF BONDS PRIOR TO MATURITY

Section 5.1. Redemption.

Redemption provisions shall be set forth in the Bond Purchase Agreement.

Section 5.2. Notice of Redemption.

(a) Notice of call for redemption, whether optional or mandatory, shall be given by the Registrar and Paying Agent on behalf of the School District not less than thirty (30) nor more than sixty (60) days prior to the date fixed for redemption by sending an appropriate notice to the registered owners of the Bonds to be redeemed by first-class mail, postage prepaid, at the addresses shown on the bond registration records of the Registrar and Paying Agent as of the date of the notice; but neither failure to mail such notice nor any defect in any such notice so mailed shall affect the sufficiency of the proceedings for redemption of any of the Bonds for which proper notice was given. As long as DTC, or a successor depository, is the registered owner of the Bonds, all redemption notices shall be mailed by the Registrar and Paying Agent to DTC, or such successor Depository, as the registered owner of

the Bonds, as and when above provided, and neither the District nor the Registrar and Paying Agent shall be responsible for mailing notices of redemption to DTC Participants or Beneficial Owners. Failure of DTC, or any successor depository, to provide notice to any DTC Participant or Beneficial Owner will not affect the validity of such redemption. The Registrar and Paying Agent shall mail said notices, in the case of mandatory redemption of term Bonds, as and when provided herein and in the Bonds, and, in the case of optional redemption, as and when directed by the District pursuant to written instructions from an Authorized Representative of the District given at least forty-five (45) days prior to the redemption date (unless a shorter notice period shall be satisfactory to the Registrar and Paying Agent).

(b) Each notice required by this Section shall state: (1) the Bonds to be redeemed identified by CUSIP number and called amounts of each bond (for partial calls), date of issue, interest rate, and maturity date; (2) the date fixed for redemption; (3) that such Bonds will be redeemed at the principal corporate trust office of the Registrar and Paying Agent; (4) the redemption price to be paid; and, (5) that from and after the redemption date interest thereon shall cease to accrue. If at the time of notice of optional redemption, the District shall not have deposited with the Registrar and Paying Agent monies sufficient to redeem all the Bonds called for optional redemption, such notice may state that it is conditional, that is, subject to the deposit of the redemption monies with the Registrar and Paying Agent not later than the opening of business on the redemption date, and such notice shall be of no effect unless monies are so deposited.

Section 5.3. Payment of Redeemed Bonds.

(a) If notice of redemption shall have been given in the manner and under the conditions provided in Section 5.2 hereof and if on the date so designated for redemption the Registrar shall hold sufficient monies to pay the redemption price of, and interest to the redemption date on, the Bonds to be redeemed as provided in this Bond Resolution, then: (1) the Bonds so called for redemption shall become and be due and payable at the redemption price provided for redemption of such Bonds on such date; (2) interest on the Bonds so called for redemption shall cease to accrue; and, (3) such Bonds shall no longer be Outstanding or secured by, or be entitled to, the benefits of this Resolution, except to receive payment of the redemption price thereof and interest thereon from monies then held by the Registrar.

(b) If on the redemption date, monies for the redemption of all Bonds or portions thereof to be redeemed, together with interest thereon to the redemption date, shall not be held by the Registrar so as to be available therefor on such date, the Bonds or portions thereof so called for redemption shall continue to bear interest until paid at the same rate as they would have borne had they not been called for redemption and shall continue to be secured by and be entitled to the benefits of this Resolution.

Section 6.3. Resignation or Removal of the Registrar and Appointment of Successors.

(c) The District shall file with the Secretary of the Treasury a statement concerning the Bonds containing the information required by Section 149(e) of the Code.

(d) The District covenants and agrees that (to the extent within its power or direction) it will not use any portion of the proceeds of the Bonds, including any investment income earned on such proceeds, directly or indirectly, in a manner that would cause any Bond to be a “private activity bond”.

BOND OPINION

\$ _____

Sioux Falls School District 49-5
Minnehaha and Lincoln Counties, South Dakota
General Obligation Refunding Bonds, Series 2026

Ladies and Gentlemen:

We have acted as bond counsel in connection with the issuance by the Sioux Falls School District 49-5 (the "Issuer") of \$ _____ General Obligation Refunding Bonds, Series 2026, dated _____, 2026 (the "Bonds"). We have examined such certified proceedings and other papers as we deem necessary to render this opinion.

We have not been engaged or undertaken to review the accuracy, completeness or sufficiency of the Official Statement or other offering material relating to the Bonds and we express no opinion relating thereto.

As to questions of fact material to our opinion, we have relied upon the certified proceedings and other certifications of public officials furnished to us, without undertaking to verify such facts by independent investigation.

Based upon the foregoing, we are of the opinion that, under existing law:

1. The Bonds are valid and binding general obligations of the Issuer.
2. All taxable property in the territory of the Issuer is subject to ad valorem taxation without limitation as to rate or amount to pay the Bonds. The Issuer is required by law to include in its annual tax levy the principal and interest coming due on the Bonds to the extent the necessary funds are not provided from other sources.
3. The Bonds have been duly authorized pursuant to the resolution adopted by Issuer on _____, 2026, executed and delivered by the Issuer in full compliance with SDCL §§ 6-8B-30 to 6-8B-52 and are valid and binding general obligations of the Issuer.
4. The Bonds are additionally secured by the School District's pledge of all of its right, title, and interest in and to State Aid to Education under Title 13 of the South Dakota Codified Laws and the School District has entered into a State Aid Pledge Agreement (the "State Aid Pledge Agreement") with the South Dakota Health and Educational Facilities Authority, U.S. Bank Corporate Trust, National Association, and the South Dakota Department of Education in furtherance of such pledge.
5. The District has irrevocably authorized pursuant to a State Aid Pledge Agreement and directed the South Dakota Health and Educational Facilities Authority (the "Authority") to intercept from time to time, as necessary, State of South Dakota appropriated funds to which the District is entitled, and to transfer to the paying agent, from such intercepted funds, the amount necessary to pay principal of and interest then due on the Bonds.
6. The interest on the Bonds is excluded from gross income for federal income tax purposes and is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals and corporations; it should be noted, however, that for the purpose of computing the alternative minimum tax imposed on certain corporations as defined for federal income tax purposes, such interest is taken into account in determining adjusted current earnings. The opinions set forth in the preceding sentence are subject to the condition that the Issuer comply with all requirements of the Internal Revenue Code of 1986 as amended, that must be satisfied subsequent to the issuance of the Bonds in order that interest thereon be, or continue to be, excluded from gross income for federal income tax purposes. The Issuer has covenanted to comply with each such requirement. Failure to comply with certain of such requirements may cause the inclusion of interest on the Bonds in gross income for federal income tax purposes to be retroactive to the date of issuance of the Bonds. We express no opinion regarding other federal tax consequences arising with respect to the Bonds.

7. Resolution to Refund Capital Outlay & General Obligations Certificates Series 2021 (continued)

7. Under existing law, the interest on the Bonds is includible in “taxable income” for the State of South Dakota income tax purposes when the recipient is a “financial institution” as defined by Chapter 10-43, South Dakota Codified Laws, according to present state laws, regulations, and decisions. We express no further opinions regarding other South Dakota tax consequences arising with regard to the Bonds.

We express no opinion herein regarding the accuracy, adequacy, or completeness of the Official Statement relating to the Bonds. Further, we express no opinion herein regarding tax consequences arising with respect to the Bonds other than as expressly set forth herein.

The opinions given in this opinion letter are given as of the date set forth above, and we assume no obligation to revise or supplement them to reflect any facts or circumstances that may later come to our attention, or any changes in law that may later occur.

It is to be understood that the rights of the holders of the Bonds and the enforceability thereof may be subject to bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereafter enacted to the extent constitutionally applicable and that their enforcement may be subject to the exercise of judicial discretion in accordance with general principles of equity and subject to regulatory requirements under the laws of the United States and of the State of South Dakota.

Balanced Assessment System Board Report EXECUTIVE SUMMARY

Purpose of Report: To update the School Board on the outcomes of the Balanced Assessment System Team's assessment review.

The Sioux Falls School District (SFSD) completed a comprehensive review of its assessment system to ensure that student testing supports high-quality instruction, provides useful information for educators, and avoids unnecessary duplication.

The review began with a two-day summit in October 2025, led by the Center for Assessment with support from the South Dakota Department of Education. Thirty-five SFSD educators and leaders from across grade levels and roles examined how current assessments are used and how well they align with instructional goals. They reviewed the full assessment system and identified tests that were redundant, underused, or not clearly supporting teaching and learning.

Across elementary, middle, and high school levels, teams recommended targeted changes designed to reduce testing time while preserving relevant data for instruction. Recommendations included eliminating or replacing several classroom and benchmark assessments, adjusting the timing of MAP testing to reduce the end-of-year testing load, and reducing overlapping assessments in reading, math, and science.

A forty-two-member Balanced Assessment System Team (BAST) has continued the work throughout the 2025-26 school year, meeting multiple times to refine recommendations and build shared understanding across the district.

The BAST will continue its work into the 2026-27 school year by shifting from recommendations to implementation support. The team will focus on developing common language and shared expectations for assessment across the district. They will meet regularly to strengthen consistency in practice and develop a practical rubric to guide schools in evaluating and improving their balanced assessment systems over time.

Overall, the review moves the district toward a more streamlined assessment system that better supports student learning and instructional decision-making.

Administrative Recommendation to School Board: Acknowledge the report on the Balanced Assessment Systems review.

Purpose of Report: To update the School Board on the outcomes of the Balanced Assessment System Team's assessment review.

Priority Area: Academic Success

Explanation: The Sioux Falls School District (SFSD) initiated an assessment review to balance the assessment system. The purpose was threefold: 1) to determine the degree to which annual assessments administered to students support the district's vision of high-quality instruction; 2) to decide whether leaders and teachers have the assessment information they need to inform the kinds of decisions they need to make; and 3) to identify gaps or redundancies in assessment information.

Assessment System Review

The assessment system review began with an assessment summit in October 2025, sponsored by the South Dakota Department of Education Office of Assessment. The review was led by the Center for Assessment, an educational nonprofit that primarily works with states and large districts on the design, implementation, and/or evaluation of their assessment and accountability systems. The two-day assessment summit in October 2025 was facilitated by Dr. Carla Evans and Dr. Caroline Wylie. The thirty-five participants included elementary, middle, and high school teachers, instructional coaches, building administrators, curriculum coordinators, assessment department staff, and the Assistant Superintendent of Academic Achievement.

The facilitators guided a discussion on the role of assessment, emphasizing that while assessment supports student learning, it must be used purposefully due to the loss of instructional time. They led participants to consider that each assessment should serve a clear function, either informing classroom instruction or supporting school- and district-level decision-making. Four groups (2nd grade, 4th grade, 6th grade, and 10th grade) reviewed the scope of the districtwide assessment system, including all required assessments across the four core content areas at the district, school, and classroom levels. Facilitators then prompted analysis of which assessments may be redundant, underutilized, or misaligned with the district's instructional vision, with the intent of identifying opportunities to revise or eliminate assessments that do not directly support teaching and learning.

Groups worked through five modules over the course of two days. The first three modules provided background and learning opportunities for the groups, while the last two modules engaged the groups in the assessment system review process itself. Module 1 set the stage by building our background knowledge on a balanced assessment system and helped us

understand what we hoped to gain from the assessment system review. Module 2 focused on understanding how assessment should work with curriculum and instruction to support our instructional vision. Module 3 helped us reflect on who needs what type of assessment information and when. Module 4 compiled a complete list of assessments for students in particular grades. Module 5 allowed groups to analyze the assessment list to identify redundancies, gaps, mismatches, and unused assessments to make recommendations for changes.

The following recommendations were made by each group to eliminate, modify, or add:

Second Grade

- Eliminate math unit quizzes (Investigations) and replace them with teacher-formative assessments.
 - Support will be provided during the math curriculum study.
- Eliminate Being-a-Reader (BAR) mastery assessments and replace them with University of Florida Literacy Institute (UFLI) assessments.
- Modify the beginning-of-the-year MAP assessment administration date to the end of the testing window.
 - Allows time for students to adjust to school routines and reactivate their previous year's learning.
- Add common reading and writing rubrics and progressions through the English Language Arts (ELA) curriculum study.

Fourth Grade

- Eliminate science mid-unit writing assessments.
- Modify the Northwest Evaluation Association's (NWEA) Measure of Academic Progress (MAP) in reading and math.
 - Reducing the spring MAP testing window will reduce the number of assessments given at the end of the year.
- Modify math quizzes and interim assessments during the math curriculum study to reduce the total testing time.

Sixth Grade

- Eliminate the spring MAP assessment.
- Modify the winter MAP assessment administration schedule to the end of the testing window.
- Eliminate the End-of-Unit Classroom assessments.
- Modify benchmark assessments during curriculum studies.

Tenth Grade

- No current assessments will be eliminated, as district semester tests provide unique data on cumulative semester learning.
- Continue to improve the quality of both teacher- and district-created assessments.

These recommendations were brought forward to the Balanced Assessment System Team (BAST) as we continued to develop a balanced assessment system. The BAST has two goals: 1) to finalize the recommendations brought forward from the two-day assessment summit; and 2) to develop a shared understanding of a balanced assessment system by defining common vocabulary and producing a common rubric to guide building teams as they improve their balanced assessment system.

Balanced Assessment System Team (BAST) - Part 1

The BAST includes forty-two (42) district staff members representing a broad range of roles, including elementary, middle, and high school classroom teachers; SPED, EL, and Spanish immersion teachers; curriculum coordinators across levels and fine arts; a SPED intern; building administrators; members of the assessment team; the Sioux Falls Education Association president; and the Assistant Superintendent of Academic Achievement. The purpose of the BAST was to improve instructional clarity, protect time, and strengthen equity through fewer, better assessments.

The BAST met three times during the 2025-2026 school year (November, January, and February) to improve our assessments for everyone. In November, teachers and leaders shared what they liked and disliked about the district's current tests. By January, the group began identifying the most important changes to help students learn more without overtesting. Finally, in February, the team chose exactly which tests to keep, change, or remove to save time for teaching.

In November, the group met for the first time to talk about school tests. Groups used colorful sticky notes to share their favorite parts of testing and the things that give them "headaches". Everyone agreed that tests should help students learn, but sometimes they take up too much class time. The group began thinking about a future in which tests are helpful rather than just extra work. This meeting was focused on making sure every teacher's voice was heard.

When the team met in January, they reviewed all the ideas from the first meeting to identify the biggest problems. They saw that certain subjects, like math, had too many tests, while others, like writing, had too few. The groups talked about four main actions: removing, reducing, fixing, or adding tests. They wanted to make sure that any test given to a student actually helps the teacher know what to teach next. It was a busy afternoon spent sorting through maps of all the tests in use.

The February meeting was the final step in picking the best plan for our schools. The team carefully chose which tests to stop using so students could have more time for regular lessons. By the end of the February meeting, levels had a clear list of recommendations for school district leaders.

The goal of these changes is to have fewer, better assessments that don't waste time. Below is a summary of what the team recommended for each level:

- Elementary School:
 - Eliminate K-2 Investigations mid-unit math quizzes as they occur too close to unit assessments to meaningfully inform instruction. The removal protects early foundational math minutes during a transition year in the curriculum.
 - Eliminate the 3-5 spring reading and math MAP as the winter MAP and Smarter Balanced assessments already provide sufficient growth and proficiency data. This elimination will reduce testing fatigue and recapture late-spring instructional time.
 - Reduce the number of 3-5 math unit quizzes to free up time for feedback, reteaching, and intervention.
 - Add K-5 common writing rubrics and common reading comprehension assessments during the ELA curriculum study to address documented literacy gaps and provide timely instructional data.
- Middle School:
 - Eliminate the 6-8 spring MAPs in reading and math, as they are redundant with the Smarter Balanced assessment. This elimination will reduce testing fatigue and recapture late-spring instructional time.
 - Modify common summative assessments so they are short enough to complete in a single class period. This protects instructional time and encourages focused assessments on priority standards.
- High School:
 - Add "checkpoints" through common unit assessments during the year so students aren't as stressed at the very end of the semester.

Balanced Assessment System Team (BAST) - Part 2

The BAST will continue this work into the 2026–27 school year with a clear focus on developing common vocabulary and aligned practices across the district. The team will meet monthly to build shared understanding around assessment, ensuring greater consistency in how we define, communicate, and implement effective practices. This work is grounded in our commitment to clarity for educators and students, ensuring expectations are consistent across classrooms, buildings, and grade levels.

A key outcome of this next phase is the development of a rubric that building leadership teams can use as a guide. This rubric will be a practical tool to support reflection and continuous improvement as schools evaluate their current systems and identify next steps.

The rubric will be structured around domains and subdomains that represent research-based best practices within a balanced assessment system. Each area will include clear descriptions and look-fors to help teams determine their level of implementation. This structure will provide a consistent framework across the district, supporting building teams as they strengthen their assessment practices and ultimately improve student outcomes.

Summary: The SFSD reviewed its assessment system to ensure assessments help students learn without taking up too much class time. A group of teachers, leaders, and experts studied the tests students take and asked whether they are useful, necessary, and aligned with effective teaching. They found some tests were repeated, poorly used, or didn't align with the district's goals. As a result, they recommended removing, changing, or adding assessments so every test has a clear purpose.

The Balanced Assessment System Team (BAST), made up of forty-two (42) staff members, continued this work by meeting three times during the school year. They worked together to decide which tests to keep, improve, or eliminate so students have more time to learn. The team recommended fewer but better tests, such as removing some spring exams, shortening others, and adding helpful tools, such as reading and writing assessments. Overall, the goal is to reduce unnecessary testing and make sure all assessments support student learning and teacher decision-making

Spring 2026 Labor Contract Negotiation Review Report

EXECUTIVE SUMMARY

Purpose of Report: To provide the school Board with a review of the spring 2026 contract negotiations.

The Spring 2026 labor contract negotiations brought together the District and four employee groups, including Child Nutrition, Clerical, Custodial, and Custodial Manager groups, all of whom play essential roles in the daily operations of SFSD schools. These negotiations followed a mutually agreed contract extension that included an eight percent wage increase and provided stability for both employees and the District while extending agreements through June 2026. With the extension period complete, both sides returned to the table ready to review and update contracts thoughtfully and collaboratively.

The agreements reflect balanced outcomes that strengthen working conditions and employee supports while preserving operational flexibility across schools and departments. Key updates include expanded paid leave options, improved retirement benefits, updated uniform and safety allowances, and clearer guidance across groups, including partial-hour sick leave use for medical appointments and refined expectations for remote learning or weather-related closures.

Compensation structures were updated to remain competitive and aligned across employee groups, including annual alignment with teacher negotiations and targeted wage adjustments for specific roles and responsibilities. The agreements also introduce or strengthen provisions related to call-in pay, shift differentials, job transfers, and promotion pathways, while maintaining long-term contract terms that provide stability through 2031 for language and salary in most groups.

Across all four negotiations, the District and employee representatives demonstrated a shared understanding of the importance of both strong employee support and efficient school operations. The resulting contracts reflect that balance and reinforce a continued commitment to stable working relationships and the success of our schools.

Administrative Recommendation to School Board: Acknowledge the District Spring 2026 Labor Contract Negotiation Review Report.

Spring 2026 Labor Contract Negotiation Review Report

Purpose of Report: The purpose of this report is to provide the School Board with a review of the spring 2026 labor contract negotiations.

District Priority Area: Staff Excellence

Explanation: In March 2026, the District entered into labor contract negotiations with the Child Nutrition, Clerical, Custodial, and Custodial Manager groups, employees who are essential to the day-to-day functioning of our schools. These discussions were the first full negotiations since July 2018. Originally, the agreements were set to expire in June 2023, but a memorandum of understanding reached in fall 2021 provided an eight (8) percent pay increase and extended the contracts through June 2026. After nearly eight years under the same agreements, both the District and the employee groups were ready and eager to come back to the table to thoughtfully review and update these contracts.

In every session, both the District team and the employee group representatives came prepared, remained focused on solutions, and demonstrated a shared commitment to supporting our staff while also ensuring the District can operate effectively and sustainably.

For each group, the process followed a similar and productive pattern. Both sides exchanged proposals early in the discussions, which allowed us to clearly understand priorities, areas of concern, and opportunities for alignment. From there, the conversations became collaborative in nature. Rather than remaining in fixed positions, both parties worked thoughtfully through each proposal, asking questions, offering alternatives, and identifying practical solutions that balanced employee needs with operational realities.

What stood out across all four groups was a mutual understanding of the broader context in which we are operating. There was recognition of the importance of competitive compensation and supportive working conditions for our employees, alongside an awareness of the District's responsibility to be good stewards of public resources and to maintain efficient, consistent operations across all schools and departments. This shared perspective allowed us to move forward in a way that was both collaborative and results-oriented.

The resulting agreements reflect that balance. Each contract includes provisions that support our employees in meaningful ways, while also incorporating structures and flexibility that allow the District to continue meeting the needs of our students and schools efficiently.

Summary of Negotiation Outcomes

A summary of the new and revised language for each of the four (4) employee groups is outlined below. For the purposes of this report, portions of the language have been combined or paraphrased to provide a clear summary of the tentative agreements. The finalized language is currently being incorporated into the existing collective bargaining agreements and will be posted on the District website following signatures by all parties.

Future Negotiations

Looking ahead, the District will prepare for negotiations with the Specialist Association in spring 2027, as their collective bargaining agreement is set to expire on June 30, 2027. In spring 2028, the District is scheduled to negotiate both language and compensation items with the Sioux Falls Education Association (Teachers), Administrators, and Education Support Professionals. During that same cycle, negotiations with the Clerical and Custodial groups will focus on contract language only.
