B. Curriculum and Instruction

Approval of
Proposed
Greenwood
Elementary
School Site
Plan

1. Approval of Proposed Greenwood Elementary School Site Plan

Ginny Clark, Principal at Greenwood Elementary School, and representatives of the Shared Decisions Site Team representing Greenwood presented the proposed Shared Decisions Agreement between Greenwood Elementary School and the Wayzata School Board for the 2007-2009 school years.

The proposed agreement has been reviewed by the Superintendent, Executive Directors of Curriculum and Instruction, Finance & Business, Human Resources, and by the Wayzata Education Association leadership to ensure compliance with statutes, contracts, policies, and administrative regulations.

A motion was made by Mr. Baufield and seconded by Mr. Landis to approve the Shared Decisions Agreement between Greenwood Elementary School and the Wayzata School Board for 2007-2009 school years and authorize the School Board Chair to sign the document. The motion passed unanimously.

2. Approval of 2008-09 School Calendar

Approval of
2008-09
School
Calendar

When constructing a school calendar, many issues must be considered. It is important to balance, as closely as possible, the number of days among the quarters and semesters. Testing schedules, conferencing, and quarter breaks must be considered in a manner that reflects sound educational practice.

Length of winter break, the timing of spring break, and the last day of classes for students and staff must be manipulated so there are 172 student contact days and 184 teacher workdays.

A motion was made by Mr. Landis and seconded by Mr. Moroz to approve the 2008-2009 school year calendar as recommended by the calendar committee. The motion passed on a 5 – 1 vote, with Mr. Baufield voting no.

7. **OTHER BOARD ACTION**

No additional Board action was required.

8. **AUDIENCE OPPORTUNITY TO ADDRESS SCHOOL BOARD**

This section of the agenda provides an opportunity for those who have called and placed their names on the list and for members of the audience to address the School Board.

Ms. Kathy Aasen, 627 Hamel Rd., requested the opportunity to address the Board. Ms. Aasen had questions pertaining to technology expenditures. Mr. Hopeman, Executive Director of Finance and Business, was able to answer her questions.

9. **BOARD REPORTS**

A. Middle School Boundary Changes

Board Chair, Linda Cohen, gave a brief summary on the middle school boundary changes that were approved by the Board at a Special Meeting held on March 22, 2007. She stated, “The Board did approve the changes at the March 22 meeting on a 4-2 vote.” She explained the process the Board went through before approving the changes. Calling the Special meeting allowed the administration to notify parents before the open houses were held at the middle schools. She thanked all the Board members for the extra time they put in, and also the administration for their part in the process.

Other Board members were given the opportunity to express their thoughts on the process and why they voted the way they did. All agreed that no matter what their vote was they would work together, fully support the decision, and move forward.

10. **NEW BUSINESS**

There were no items of new business.

11. **ADJOURN**

There being no additional business before the School Board, a motion was made by Mr. Baufield and seconded by Mr. Landis to adjourn the meeting. The motion passed unanimously. Ms. Cohen, Board Chair, adjourned the meeting at 8:45 p.m.

Upon approval by the School Board, complete minutes will be available at the District Administration Building, 210 County Road 101 North, Plymouth, on the District website, at all School Media Centers, and at the Public Libraries in Plymouth, Wayzata, and Ridgedale.

ITEM: C. Bid Award 2007 Pavement Rehabilitation

COMMENTS BY: Mr. Hopeman, Jr.

Bid Award – Pavement Rehabilitation

The bid opening for 2007 Pavement Rehabilitation was held at the Administration Building on Thursday May 3, 2007, at 2:00 P.M. A total of three (3) contractors submitted bids, as follows:

Name of Bidder	Base Bid	Alternate 1	Grand Total
DMJ Corporation	\$ 93,000.00	\$ 23,300.00	\$ 116,300.00
Midwest Asphalt Corporation	\$ 98,100.00	\$ 23,600.00	\$ 121,700.00
Bituminous Roadways, Inc.	\$ 110,000.00	\$ 28,000.00	\$ 138,000.00

It is recommended that DMJ Corporation, the low bidder, be awarded the base bid in the amount of \$93,000.00 and Alternate 1 in the amount of \$23,300.00.

The base bid includes seal coating, curb and sidewalk to accommodate a new bus drop-off and pick-up on the west lot at West Middle School. The project also includes asphalt replacement on the fire lane at Plymouth Creek Elementary, patch repair, crack sealing and seal coating the north lot at Birchview Elementary. The alternate bid is for parking lot repair and overlay at Central Services.

Bids came in under budget and will be funded with operating capital dollars.

RECOMMENDED ACTION: Award the 2007 Pavement Rehabilitation to DMJ Corporation for the base bid amount of \$93,000.00 and Alternate 1 for \$23,300.00, for a total bid award of \$116,300.00.

Bid Award – Flooring Replacement

The bid opening for 2007 Flooring Replacement was held at the Administration Building on Thursday April 26, 2007, at 2:00 P.M. A total of two (2) contractors submitted bids, as follows:

<u>Name of Bidder</u>	<u>Base Bid Items 1-15</u>	<u>Alternate 2A</u>	<u>Grand Total</u>
Murray Floor Covering Co.	\$ 82,382.00	\$ 5,255.00	\$ 87,637.00
Target Commercial Interiors	\$ 87,285.00	\$ 4,568.00	\$ 91,853.00

It is recommended that Murray Floor Covering Co., the low bidder, be awarded the base bid items 1-15 in the amount of \$82,382.00 and Alternate 2A in the amount of \$5,255.00.

The scope of the flooring replacement project is a combination of classrooms and corridors at the elementary and middle school sites and involves the removal and installation of carpet, vinyl tile and linoleum sheet goods. The alternate bid is for materials only, to insure a good color match for completion of corridor flooring next year at East Middle School.

Bids came in under budget and will be funded with operating capital dollars.

RECOMMENDED ACTION: Award the 2007 Flooring Replacement to Murray Floor Covering Co. for the base bid amount of \$82,382.00 and Alternate 2A for \$5,255.00, for a total bid award of \$87,637.00.

**Pay Rates for
Computer Technology, A/V, Video and Theater Technicians
(Part Time and/or Contractual)
2007-2008**

Pay rates have been established for student workers and other outside personnel who are engaged in a variety of computer technology, and video setup and production work. They are paid through the District Technology Office or Community Education.

- **High School Students** **\$7.50 — \$11.50/hour**
Generally, students from the High School computer/Cisco classes or the Advanced Television Production classes who have demonstrated good working knowledge and enthusiasm in computer or video technology and have participated in projects or past productions as part of their classroom requirements.
- **High School Students/Graduates** **\$11.50 — \$15.00/hour**
Generally, students and graduates from the High School computer or television classes involved in more complex, technical and/or specialized work, such as computer software and programming, and video producing, directing and editing.
- **Contractual** **\$15.00 — \$70.00/hour**
Occasional specialized services including general individualized consulting for computer technology, video and audio wiring, signal testing/measurement, theater lighting, and equipment installations and repairs.

Human Resource Services

Stipend Guidelines

5/14/07

1. Stipends cannot replace overtime for non-exempt employees. If non-exempt employees are working over 40 hours/week, they must be paid overtime or compensatory time at a rate of 1 ½. See Overtime Guidelines.
2. Only the Board of Education has authority to set salaries.
 - a. Basing the stipend reimbursement amount on a Board of Education signed contract, there are several methods of payment for faculty members:
 - i. Curriculum writing hourly pay
 - ii. Negotiated daily rate of pay
 - iii. Negotiated stipends per master agreement
 - b. Each year, the Human Resource Services Department will recommend half/full day teacher stipend amounts to the Board of Education for approval.

Current Stipends:

\$ 75.00/half day

\$150.00/full day.

3. If the stipend is not based on curriculum writing pay; daily rate of pay; contractual stipends; or the approved half/full day stipends (\$75/\$150), it must be processed through the Human Resource Services Department and approved by the Board of Education Consent Agenda.

ITEM: G. Resolution for Membership in the Minnesota State High School League for 2007-2008 School Year

COMMENTS BY: Board Chair Cohen

Minnesota Statutes 1993, Section 128C.01, requires individual School Boards each year to authorize membership in the Minnesota State High School League. The Resolution for Membership affirms (1) that the Board of Education delegates the control, supervision, and regulation of League-sponsored athletic and fine arts activities to the Minnesota State High School League; (2) that the Board of Education adopts the Constitution, Bylaws and Rules and Regulations of the League; and (3) that the administration for and the responsibility for supervising the activities are assigned to the official representative. Mr. Gary Landis is the appointed School Board representative to the Minnesota State High School League, and Jaime Sherwood, Activities and Athletic Director, is the Wayzata High School representative. The enclosed resolution provides for the appropriate School Board action.

RECOMMENDED ACTION: Adopt the 2007-2008 RESOLUTION FOR MEMBERSHIP IN THE MINNESOTA STATE HIGH SCHOOL LEAGUE as recommended.

**STUDENT TRANSPORTATION
MANAGEMENT SERVICES-NONPUBLIC
(OUTSIDE SCHOOL DISTRICT)**

POLICY: EEAAA 725

The School Board directs the Superintendent to establish procedures for payment of transportation services for students attending nonpublic schools located outside of the District 284 boundaries. Payment for each pupil shall equal 95 percent of the district's nonpublic pupil transportation aid per FTE pupil for the preceding school year. ~~be based on the District's in-district average transportation cost per eligible student for the previous year times the number of days transported. If the increase/decrease in the current year exceeds 5% of the previous year's average cost per eligible student, an adjustment payment/credit will be made the following year. All such transportation shall be by contract carrier and subject to the contract forms approved by the State Department of Children, Families, and Learning.~~

**STUDENT TRANSPORTATION
MANAGEMENT SERVICES-NONPUBLIC
(OUTSIDE SCHOOL DISTRICT)**

REGULATIONS: ~~EEAAA-R~~ 725-R

WHO IS ELIGIBLE FOR REIMBURSEMENT ELIGIBILITY

- I. In accordance with Minnesota Statutes, the School District provides nonpublic schools an opportunity to request transportation assistance for all eligible students who are legal residents of the School District. To be eligible for transportation aid, nonpublic elementary grade students must 1) reside more than one mile from their school, and secondary grade students must reside over two miles from their school, or students must be eligible for hazard aid at least the same distance from a nonpublic school actually attended as public school pupils are transported in the district; or 2) require transportation because of hazards encountered on the student's walking route. Students must also be transported more than 20 days per school year to qualified nonpublic schools maintaining grades or to departments not maintained in the District.
- II. The School District may offer the nonpublic school transportation on District buses to the boundary, to the school, or to a safe collection point within the District from where nonpublic out-of-the-District transportation must be coordinated by the attending school, or the District may offer the nonpublic school transportation reimbursement for the in-district portion of the student's transportation to the school.
- III. The nonpublic school seeking "reimbursement payments" from the School District must ~~request and~~ submit an application to the District and must ~~enter into contract with the District agreeing to oversee the transportation methods, regulations, and safety practices for each student's transportation. The contract, on the other hand, commits the District~~ District's only obligation is to pay the transportation reimbursement for eligible students requested by the nonpublic school. The transportation of the nonpublic students is entirely the responsibility of the nonpublic school and/or parent or guardian.
- IV. ~~The nonpublic school requesting reimbursement must first assure that transportation provided by the nonpublic school may be is provided either by the school or through contract agreement between them the nonpublic school and the contractor, or parent, or guardian. The District assumes no liability for damage to property, injury, or death associated with the nonpublic transportation. for driver and vehicles used, which the school must specify and oversee that all requirements are in force. A signed~~

~~contract and insurance certificate naming the school and the School District as additional insured for every vehicle used, listing the students transported, must be on file within 30 days of the student's start of school, and such files at the nonpublic school shall be made available at certain times for audit by the District as required.~~

METHOD OF REIMBURSEMENT

- I. ~~The nonpublic school requesting aid is required to complete and submit the necessary application requests, contracts, and reports as required by the District so that the District may become eligible-meet requirements for State transportation aid for such transportation.~~
- II. ~~For the transportation service provided, the District will make payment ~~agrees to pay to the nonpublic school and the school agrees to accept one total maximum payment for all eligible students on or before by June 30. Payment will be based on the number of eligible nonpublic students times the District's (in district) transportation cost per eligible student for the previous year. If the increase/decrease in the current year exceeds 5% of the previous year, an adjusted payment/credit will be made the following year. The number of students will be adjusted in May to include the number transported over 20 days.~~~~
- III. ~~The nonpublic school shall administer contracts, keep them on file, and make payments to the parent/contractor based on the pro rata share of the cost, geographics, and days transported. The nonpublic school shall be responsible for reimbursing the parents for every dollar received from the District and to advise each parent: "That a reimbursement check was received from the District" and that you are either enclosing a check or that you are crediting their account.~~

PROCEDURE

~~Attached The following are the application forms which must be submitted to the School District certifying that the school applying for transportation assistance is qualified in accordance with Minnesota Statutes 120.10, Subd. 2, and Sections 123.76-123.79. by a nonpublic school to qualify for the nonpublic transportation reimbursement. The forms are available from the District transportation department. They are:~~

~~Please read the following information before completing the forms:~~

Form 1000 – Parent Request for Transportation Reimbursement

This form must be submitted to the nonpublic school by the parent or guardian. The nonpublic school must retain the form on file for at least four years after the end of the school year and make such forms available to the district upon request.

Form 1001 - Application by Nonpublic School

~~This form verifies that you're the school is state certified. The private school is responsible for initiating the reimbursement process by making an application to the District each year. Complete all areas on the form and must be submitted it to the District by October 31.~~

~~Form 1002 – Contract: Public and Nonpublic School~~

~~This contract commits the District to pay transportation reimbursement to your school only when all required forms and contracts are completed and on file. You will receive a copy of this contract with all requisite signatures when the District is satisfied that all requested information is on file. Submit this contract to the District by October 17.~~

~~Nonpublic School Certification – Return October 31.~~

~~Form 1003 – Student Roster~~

~~You make as many copies of this form as you need. The This form will be submitted to the District two times during the school year:~~

~~October 31 – The roster should be completed, except for data on number of days attended, through the first nine columns and signed by your school representative and sent in with your applications.~~

~~Add any new students who have enrolled since September 1. At this time you should have all parent and/or company contracts and accompanying insurance certificates on file in your office; they are not to be sent to the District. Simply certify that the information you are including on the student roster is accurate by signing the document.~~

~~May 15 – All columns (1-10) should now must be completed, including the addition of. Again, add any new students who have enrolled since October 31. Days of attendance must be provided for all students.~~

~~The roster should include all District students attending your the nonpublic school, whether they are transported by your school's vehicle, private cars, or contracted service.~~

~~Form 1004-A – Contract with nonpublic school/parent~~

~~Form 1004-B – Contract with nonpublic school/contractor~~

~~Keep these signed contracts on file at your school. This contract is an agreement between your school, which is responsible to arrange safe and adequate transportation for the District's students, and the~~

~~transportation provider (parent or bus company). As co-signer of this contract, your school officials must be satisfied that:~~

- ~~A. The driver is properly licensed and insured.
 - ~~1. For school bus - drivers must be properly qualified and trained and must have Class B Endorsement (Contract with Private Contractor).~~
 - ~~2. The family car - driver must have a driver's license (Contract with Parent).~~
 - ~~3. The School District is not responsible for students riding with other students in vehicles or with drivers not shown on the parent/contract. The parent must take that responsibility if they allow students to ride with others (Contract with Parent).~~~~
- ~~B. That all legal requirements for student transportation are being fulfilled.~~
- ~~C. That, if the transportation provider is a private company, its drivers are properly trained and its vehicles properly maintained and inspected.~~
- ~~D. Insurance: That the owners of all vehicles used to transport students have adequate insurance for the passengers they are carrying. All vehicle owners must request their insurance company to send the school a certificate of insurance naming both the school and the School District as additional insured - this must be attached to the contract within one month of the start of transportation. Owners of vehicles should be notified that there will be no payment if insurance certificates are not on file within one month.~~

**INSTRUCTIONAL PROGRAM PLANNING,
EVALUATION, AND REPORTING**

POLICY: 623

The District 284 Board of Education is committed to the establishment and support of a systematic process for instructional program assessment, development, and implementation. In accordance with Minnesota statute, this systematic process shall include the following components:

INSTRUCTIONAL GOALS

Prior to the beginning of each school year, the Superintendent shall recommend to the Board of Education for action a set of District instructional goals or priorities to be incorporated by reference into District policy for a period of one year.

INSTRUCTIONAL PLAN

The Administration is to be assisted by licensed personnel in the development of an instructional plan that is designed to implement the instructional goals. Insofar as possible, the instructional plan shall include the District's efforts in instructional effectiveness processes as well as the efforts toward integration of curriculum and technology. Within the established six-year curriculum review and development cycle, academic standards for targeted instructional areas for each subject area at each grade shall be developed and/or reviewed for appropriateness each year.

EVALUATION

An ongoing evaluation shall be made of the progress in meeting the established instructional goals. A part of the evaluation shall utilize test results and may include other performance data and faculty interpretations and judgments. A second and equally important part of the evaluation are periodic and targeted surveys of the opinions of adult residents and students in the School District.

IMPROVEMENT PLANS

The Board of Education shall annually review the results of the evaluation and instruct the Superintendent to recommend plans and programs designed to provide improvements where established goals have not been reached.

REPORTING

The District's annual PER instructional goals, evaluations, and improvement plans shall be printed as a report and made available to the citizens of the School District each year. The title of the report will contain the name and number of school district and read "Annual Report on Curriculum and Student Performance." Distribution of the report shall be made no later than **October 15** for the preceding year.

ADVISORY COMMITTEE

In an effort to encourage active community participation in this process, the Board of Education is to appoint an advisory committee which shall include administrative staff, teachers, parents, and other community residents. The function of the committee is to assist administration and faculty with the curriculum review process and to advise the Board of Education in matters of curriculum goals, evaluation, and reporting the results of curriculum evaluations. Membership on the advisory committee will be solicited by newspaper announcements and contacts with building PTSO organizations. Interested members should contact the Superintendent by August 15. Each member will serve a one-year term.

RESOURCE PLAN

The Superintendent or his designee is directed to develop and maintain a plan for the allocation of fiscal and human resources (staff time) for the overall process in the District. This plan will be reviewed annually and will include adequate resources to support the curriculum review process.

ROLES AND RESPONSIBILITIES

The Superintendent or designee is directed to develop and maintain written role and responsibility descriptions for all participants in the curriculum review process including the advisory committee, staff, and administration.

TECHNOLOGY USE

POLICY: 403 631

~~The mission of the Wayzata Public Schools is to prepare all students for the future by providing a challenging education which builds academic competence, develops responsible citizenship, encourages creativity, promotes lifelong learning, advances critical thinking skills, instills a commitment to personal wellness, and fosters respect for self and others.~~

~~In carrying out this mission, the Wayzata School District may provide employees and students with access to computers and other equipment enabling them to access the Internet, to use electronic mail, to create Internet Web pages, and to send, receive, and store documents. Use of this equipment shall be limited to educational purposes, including classroom instruction, educational research, and curriculum and professional development.~~

~~The use of this equipment is a privilege, not a right. All uses of this equipment shall be in compliance with the School District's policies and regulations and all state and federal laws. The School District may revoke the privilege to use this equipment for students and staff who violate these policies and regulations or state or federal law. In addition, the School District may take disciplinary or legal action against students and staff who violate these policies and regulations or state and federal laws.~~

~~The School Board recognizes that making resources such as the Internet available to students and staff carries some risks that students and staff may encounter material on the Internet that is offensive or is otherwise not suitable for an educational environment. The School District does not have the resources necessary to screen or filter out all inappropriate material or to prevent students from inappropriately disclosing information about themselves on the Internet, nor is it technologically possible to do so. However, the Board of Education believes the benefits of providing students and staff with access to the Internet outweighs the potential harm. In order to minimize these risks, the School District will endeavor to educate staff and students regarding how to use the School District's computers and communication technology responsibly.~~

The Superintendent is directed to develop and implement regulations and procedures that will:

- A. Utilize appropriate computer software and hardware to allow students and staff to gain access to the Internet and that will protect the School District's data and equipment from unauthorized access or use; and
- B. Limit the use of the School District's computers and communication equipment to educational purposes, including classroom instruction, educational research, and curriculum and professional development.

TECHNOLOGY USE

REGULATIONS: ~~103-R~~ 631-R

I.1. Definitions

The following definitions shall be used in implementing the Technology Use Regulations.

District System

The "District System" includes all of the School District's computers and communications equipment, including but not limited to all computers, Internet access, electronic mail systems, voice mail systems, databases, network storage devices (i.e., hard drives), facsimile machines, cable television system, and all other audio and video systems.

II.2. Responsibilities

A. Superintendent

The Superintendent or designee shall serve as the coordinator to oversee the District System and to work with other state, regional, or federal organizations as necessary to continue to provide or improve the District System. In addition, the Superintendent may appoint a Director of Technology or other staff members, who shall:

1. Provide students and staff access to the District System as appropriate;
2. Protect the District System and data stored on the District System from unauthorized access, distribution, or manipulation;
3. To the extent practicable, filter, block, or otherwise prevent the use of the District System for the transmission of any comment, request, suggestion, proposal, image, or other communication which:
 - a. Is obscene, indecent, or sexually explicit; or
 - b. Is intended to promote or incite violence towards persons or property; or
 - c. Violates the School District's policies or regulations or state or federal law regarding harassment or discrimination.
4. Prevent the unauthorized disclosure of data stored on the District System;
5. Establish procedures to audit the District System for compliance with School District policies and regulations, state and federal law, and vendor contracts;

6. Develop processes for creating electronic mail (“e-mail”) accounts for students and staff;
7. Establish limits for file storage on the District System;
8. Establish routine procedures to make backup copies of data stored on file servers on the District System;
9. Establish virus protection procedures;
10. Establish “firewalls” and other security measures to maintain the security of the data stored on the District System;
11. Establish procedures and policies governing access to the District System from computers outside the District System;
12. Establish procedures and policies for student, staff, and classroom Web pages; and
13. Provide information for parent(s)/guardian(s) and students regarding District Technology Use Policy and Regulations in student handbooks and School District Web site.

B. Building Principals

School building principals or their designees shall serve as the building-level coordinators for the District System in conjunction with the Director of Technology. They shall have the authority to approve building-level activities using the District System, subject to review by the Superintendent and the Board of Education. Principals or their designees will also oversee training of students and staff regarding the use of the District System.

C. School District’s Educational Staff

The School District’s educational staff shall:

1. Educate themselves about technology and how it may be used in the classroom setting to educate students;
2. Use the District System appropriately in the classroom, including previewing resources that will be used as part of classroom instruction;
3. Supervise student’s use of technology resources in the classroom to help them learn, identify information appropriate to their age and educational levels, and evaluate and use information to meet their educational goals;
4. Monitor students who access the District System to ensure they are abiding by the District’s policies and regulations; and
5. Prevent the unauthorized disclosure of data stored on the District System.

D. Staff

Staff members, including all employees, independent contractors and volunteers, may be provided access to the District System. If such access is obtained, staff members must abide by all School District policies and regulations, state and federal law, and vendor contracts. If staff members obtain access to the District System from their homes or other remote locations, such use shall also be controlled by these regulations. Any data or other information downloaded or copied to a staff member's home computer from the District System shall remain the property of the School District. Staff members obtaining such access shall also take the required steps to prevent the unauthorized disclosure of data stored on the District System.

E. Students

Students using the District system shall read (or have read and explained to them) and abide by the District's Technology Use Policy and Regulations.

Students in elementary and middle school shall not receive individual electronic mail accounts unless a teacher has established a valid educational need for an exception to be made to this regulation. The Director of Technology shall have the authority to implement this regulation and to make exceptions where appropriate.

F. Parents/Guardians

There is a wide range of material available on the Internet, some of which may not comport with the moral standards or values of the families of students. It is not economically nor technologically feasible for the School District to prevent students from encountering certain information when they use the Internet. It also is not possible to prevent students from disclosing information about themselves to others via the Internet.

The School District permits students to use the Internet at school as part of classroom activities. Parent(s)/guardian(s) must notify the Director of Technology in writing if permission is not granted. (Notification form available through school principal or Technology Department.) Parents or guardians who permit a student to use the Internet at school: (a) recognize the risks of allowing students to access the Internet; (b) are responsible for reviewing the Technology Use Policy and Regulations with the student; and (c) are responsible for teaching the student how to make wise choices regarding the use of the Internet, including understanding what material is acceptable for them to review on the Internet.

III-3. Services Available on District System

The School District may make any of the following services available to students and staff for use in a manner which is consistent with the limited educational purposes of the District System, School District policies and regulations, state and federal law, vendor contracts, and available resources. The services to be made available may include:

1. Internet access;
2. Creation of student, staff, or classroom Web pages;
3. Electronic mail; and
4. Network Folder.

Other services may be made available at the discretion of the Superintendent with the advice and consultation of the Director of Technology, based upon the service's ability to meet the educational goals of the School District, compliance with School District policies and regulations, state and federal law, vendor contracts, and available resources.

IV.4. Use of the District System

A. Compliance With Other School District Policies and Regulations

Use of the District System must not violate the School District's other policies and regulations, including but not limited to the School District's policies on Nondiscrimination (AC), Racial, Religious, Offensive Behavior/Sexual Harassment and Sexual Violence (ACA), and Hazing Prohibition (JGB).

Users are prohibited from using the District System to transmit (send), or receive messages, pictures, or computer files which are fraudulent, illegal, pornographic, obscene, indecent, sexually explicit, discriminatory, harassing, defamatory, or which are intended to promote or incite violence against persons or property.

In addition, users are prohibited from: (i) violating copyright laws; (ii) using other user's passwords; (iii) trespassing in other folders, works or files; (iv) intentionally wasting limited District System resources.

B. Student Safety and Privacy

Students shall not disclose information via the District System such as last names, home addresses, or telephone numbers or other information that may identify themselves or other students.

Students shall notify their teacher, parent, or guardian when they encounter material or messages on the District System that are inappropriate or that make them feel uncomfortable.

C. Political and Commercial Activity

Because all electronic mail messages or other forms of communication sent using the District System will be identifiable as originating from the School District, the District System shall not be used for political lobbying, unless the lobbying effort directly supports the School Board's legislative platform.~~including The District system may not be used to the endorsement of political candidates,~~ with the exception that students and staff may use the District System to communicate with their elected representatives and to express their opinions on political issues. In addition,

~~The~~ District System shall not be used for personal commercial activity, including selling, purchasing, advertising, or soliciting goods or services. The School District will not be responsible for any financial obligations arising from a user's activities on the District System.

D. Publication of Material on the Internet

The Director of Technology or his or her designee shall establish a process and criteria for the creation and posting of material on the School District's Web servers. All student, staff, or classroom Web pages shall adhere to these criteria:

1. Student, School, and Classroom Web Pages

Schools and classes may create and publish Web pages that present information about the school or their classroom activities. Students may be permitted, but shall not be required to publish their school projects on a Web page. Links to commercial sites without a clear educational connection and/or sites supported by advertising should be discouraged.

2. Extracurricular and Community Support Organizations

With the approval of their school building principal or designee, school-sponsored extracurricular organizations and community groups that exist to support school programs and activities may be permitted to create and publish Web pages on the School District's Web servers, provided that the material is consistent with the School District's policies and regulations and relates to the activities of the organization. In the interest of providing for smooth transitions from year to year and in order to ensure continued support and maintenance and protecting the name and logos of District 284 and the Wayzata Public Schools, Web sites relating to and/or supporting school activities must be hosted on the School District's servers with the support and guidance of Director of Technology or his or her designee and under the supervision of the activity advisor or designee.

3. Staff Web Pages

Staff members are encouraged to create and publish material on the School District's Web site. Published material must be consistent with the limited educational purposes of the District System, the School District's policies and regulations, state and federal law, and available resources. Staff who wish to purchase commercial web services for school use will check with the Director of Technology or his or her designee prior to purchase. The use of Free Web services supported by advertising is discouraged. Outside Web services used by staff must be accompanied by the following disclaimer: "This Web site is not part of the official Wayzata Public Schools Web site. Independent School District 284 is not responsible for accuracy or content of this page or external links to this site."

4. Links to Community and Community Organization Web Sites

Wayzata Public Schools may provide links to community organization Web sites where appropriate. Examples include community Web sites, community youth organizations, community youth athletic organizations, park and recreational organizations, etc. Such links are provided at the complete discretion of Wayzata Public Schools. Organizations may request that their Web site be linked to or removed from Wayzata Public Schools Web pages by contacting the Director of Technology or his or her designee. Wayzata Public Schools declines any responsibility for the content or accuracy of such sites.

5. Web Logs (Blogs) in General

Wayzata Public Schools will not authorize Web logs open to the public for anonymous comment. If people wish to share ideas, web pages are already available for that purpose. Staff may create web pages to share their ideas in a blog-like manner.

6. Classroom Blogs or e-Zines

A web log or e-zine is appropriate use of technology for learning purposes. Student contributions must be supervised by the teacher and must be appropriately identified adhering to all student behavior policies in the student handbook and applicable district policies and, specifically, policies regarding technology use and offensive behaviors. Students should not use last names. No anonymous contributions from the general public will be permitted. Participation in a web log or e-zine will require parental permission.

7. Professional Blogs

Departments or curriculum teams may use web logs for professional communication if they wish. Groups wishing to create a blog should make a proposal to their supervisors and the Director of Technology or his or her designee stating the goals of the Web log, the audience and why it would be an appropriate use of district resources.

8. Online Learning Web Sites

Wayzata Public Schools may provide access to online learning Web sites. Students may participate in online discussions and have access to other online educational services provided that such participation is not anonymous or open to the general public.

E. Employee Use

Employees may use the District technology system for reasonable personal use, except for activities denied or prohibited in these regulations. If there is a question regarding reasonable personal use, please contact your supervisor or principal.

V.5. System Security**A. Passwords**

Users will be assigned or will create passwords that enable them to access certain computer or communication equipment. Users are responsible for protecting the security of these passwords.

B. Software

Copyrighted or licensed software shall only be used in accordance with its license or purchase agreement. Users are prohibited from copying any unlicensed computer software onto the District System. Users are prohibited from using the District System to make copies of unlicensed or copyrighted software.

Users are prohibited from using software that is designed to destroy data, provide unauthorized access to computer or communication equipment, or which would disrupt the District System in any way. This includes, by way of example only, using any software viruses, Trojan horses, worms, or other invasive software.

C. Virus Protection

The School District shall install software on all computer equipment which is designed to detect and destroy computer viruses or other software which could damage the computers or violate the integrity of information stored on the computers. Users are required to use this

software and are prohibited from tampering with it, turning it off, or disabling it.

D. Firewalls

The School District shall install software and/or hardware (a “firewall”) that limits access to the School District’s computers. Users are prohibited from using software or hardware that is designed to circumvent these firewalls or to allow unauthorized access to the School District’s computers.

E. Personal Computers

Computers that are not owned by the District must not be connected to the District’s network unless the user has first obtained permission from the Technology Department. Permission to connect such a computer will not be granted unless the computer contains current virus software and has an operating system that is compatible with the District’s systems.

F. Performance of District System

Users are prohibited from doing anything which would degrade the performance of the School District’s computers or communication equipment, including but not limited to deliberately crashing a computer or the computer network.

VI.6. Privacy

A. The District System is to be used only for educational purposes. The School District reserves the right to read, listen to, or otherwise access files and information stored on the District System. Users should therefore have no expectation of privacy in any message or file created, sent, stored, or received using the District System.

Users are prohibited from forging, altering, or otherwise concealing the identity of the person sending messages or other forms of communication with the District System.

All electronic mail communications must be drafted in the same manner and with the same care as any communication in printed form on School District letterhead. All communications, whether electronic, voice, or printed, must be in accordance with the School District’s policies and procedures, as well as local, state, and federal laws.

B. Many District publications may be electronically distributed. If a parent/guardian chooses to provide the District with a family e-mail address, the District cannot guarantee that the address will be encrypted in mass electronic mailings.

Family e-mail addresses may be provided to agencies with educational interests.

VII.7. Intellectual Property Rights

Users will respect the rights of others in their intellectual property, including copyrights and trademarks. Users shall not make unauthorized copies of nor plagiarize the works of others.

Users shall not copy nor post on the Internet the works of others without the owner's written permission.

If a user desires to make copies of material found on the Internet, such copies shall be made only in accordance with the principles of "fair use" as that term is defined in the federal Copyright Act.

Works created by students are the property of the student.

Works created by staff members in the course of their duties and using the District System are the property of the School District as works made for hire.

For educational purpose, the School District may publish or exhibit examples of student projects and activities, including photographs of students and/or videotape of students, on

the District Web site or on the District cable station. Parent(s)/guardian(s) must notify the Director of Technology in writing if permission is not granted. (Notification form available through school principal or Technology Department.)

VIII.8. Investigation of Violations

The School District will investigate any alleged violations of the Technology Use Policy or Regulations, and any rules or policies promulgated in accordance with these Regulations. As a part of any such investigation, the School District may access (read or listen to) computer files or messages stored on the District System. Because the School District is obligated to ensure the District System is used in compliance with the School District's policies and regulations; state, local, and federal laws; and contracts with vendors; the School District reserves the right to monitor the equipment and all information stored on it or transmitted with it. Accordingly, users should not have any expectation that messages or files they send, receive, or create using the School District's computer and communication equipment will be kept private.

IX.9. Enforcement of the School District's Technology Use Policy and Regulations**A. Students**

Violations of the School District's Technology Use Policy and Regulations and any rules or policies promulgated in accordance with these Regulations may be grounds for discipline, including required training or education or penalties including but not limited to revocation of the privilege to use the District System and other disciplinary actions as

outlined in the Student Discipline Policy (JG) and its regulations and the Pupil Fair Dismissal Act and other state and federal laws.

B. Staff

Violations of the School District's Technology Use Policy and Regulations, and any rules or policies promulgated in accordance with these Regulations, by staff may be grounds for discipline in accordance with School District policies, regulations, practices, contracts, and state and federal law.

X.10. No Warranty Regarding the District System

The School District makes no warranties of any kind, either express or implied, that the function of the services provided by or through the District System will be error-free or without defect. The School District will not be held responsible for any damage users may suffer, including but not limited to loss of data or interruptions of service. The School District does not guarantee that students using the District System will not encounter inappropriate material. The District is not responsible for the accuracy or quality of the information obtained through or stored on the District System.

XI.11. Acknowledgment Forms

Users are provided access to the District System in accordance with the District Technology Use Policy and Regulations. If a user (or their parent(s)/guardian(s) on behalf of a user) does not agree with the terms of this policy, written notice of such disagreement must be provided to the Director of Technology or its designee, at which time that user's access to the District System shall be terminated. (Notification form available through school principal or Technology Department.)

ALTERNATIVE INSTRUCTION

REGULATION: 629-R

Procedures

A. Review

1. Parents/guardians wishing to review instructional materials to be provided to their child will present the request to the Principal or designee, being as specific as possible as to which materials they wish to review. The building Principal or designee will arrange an opportunity for review of the requested material.
2. If the parents/guardians object to the content for the child, they are to notify the Principal or designee of the specific objection and complete the form "Alternative Instruction Request Form."

B Alternative Instructional Plan

1. Principal or designee will propose alternative content and/or instruction that is reasonable within available resources. The form "School Alternative Instruction Plan" will be completed and reviewed with the parent(s).
2. Alternative instruction may be provided by the parents/guardians if the alternative instruction offered by Principal or designee does not meet the concerns of the parents/guardians. The District is not required to pay for the costs of alternative instruction provided by parents/guardians. The parent should complete the form "Parent-Provided Alternative Instruction."
3. The parents/guardians will submit, in writing, their plan to provide the alternative instruction.
4. School personnel will evaluate and assess the quality of the student's work produced as part of alternative instruction.
5. School personnel will not impose an academic or other penalty on a student merely for arranging alternative instruction under this policy.
6. Neither objection to the content of instructional materials nor provision of alternative instruction for any one student is to interfere with the rights of others to receive the regular instructional content.

7. Credits earned under alternative instruction will be documented as a "pass."
These credits will not impact class rank or grade point average.

HOME SCHOOLING

POLICY: 630

The purpose of this policy is to recognize and provide guidelines in accordance with state law for parents who wish to have their children receive education in a home school that is an alternative to an accredited public or private school.

Minnesota law provides that the parent or guardian of a child is primarily responsible for assuring that the child acquires knowledge and skills that are essential for effective citizenship.

HOME SCHOOLING

REGULATIONS: 630-R

A. Conditions

The person in charge of a home school and the school district must provide instruction and meet the requirements as specified by Minnesota statute.

B. Immunization

The parent of a home-schooled child shall submit statements as required by Minnesota statute to the Superintendent of the school district in which the child resides by October 1 of each school year.

C. Textbooks, Instructional Material, Standard Tests

Upon formal request as required by law, the school district will provide textbooks, individualized instructional materials and standardized tests and loan or provide them for use by a home-schooled child as provided in Minnesota statute. The school district is not required to expend any amount for this purpose that exceeds the amount it receives pursuant to Minnesota statute.

D. Pupil Support Services

Upon formal request as required by law, the school district will provide pupil support services in the form of health services and counseling and guidance services to a home-schooled child as provided by Minnesota statute. The school district is not required to expend an amount for any of these purposes that exceeds the amount it receives pursuant to Minnesota statute for any of these purposes.

E. Extracurricular Activities

By Minnesota statute resident pupils who receive instruction in a home school (where five or fewer students receive instruction) may fully participate in extracurricular activities of the school district on the same basis as other public school students.

F. Shared Time

Enrollment in class offerings of the school district:

1. .A home schooled child who is a resident of the school district may enroll in classes in the school district as a shared time pupil on the same basis as other nonpublic school students. The provisions of this policy shall not be determinative of whether the school district allows the enrollment of any pupils on a shared-time basis.

2. The school district may limit enrollment of shared-time pupils in such classes based on the capacity of a program, class, grade level, or school building. The school board and administration retain sole discretion and control over scheduling of all classes and assignment of shared time pupils to classes.

ITEM: A. Employee of the Month

COMMENTS BY: Superintendent Ostlund

It is with great pleasure that the Oakwood students and staff are able to nominate **Penny Bray** as the May Employee of the Month.

Penny has served for a total of 28 years. She has been Oakwood’s music teacher for 13 of those years. Penny has also been a music teacher at Sunset Hill and Plymouth Creek.

Penny always has a smile and optimistic presence that permeates to her students and fellow staff members. She supports the musical abilities in her students, and also cares about how each student is doing. Penny has a positive outlook on teaching and learning that is recognized in both her classroom and throughout the entire school.

She is a wonderful teacher. She is always kind and considerate towards the students, and always models a positive attitude, even when dealing with difficult students. She makes music class interesting, and she truly enjoys her students.

Penny says that she gets so much satisfaction from knowing that her students enjoy music. She is always overjoyed when at the end of a class, a student might comment, ***“Do you mean music is over already? Can’t we stay longer?”***

Penny Bray is a dedicated and caring teacher. She epitomizes the best of what a teacher should be.

Our students and families are very lucky to have such a gifted music teacher in our midst.

Our Oakwood community offers our congratulations to Penny Bray for being chosen as Employee of the Month for the month of May.

ITEM: C. Local Government Innovation Award 2006

COMMENTS BY: Superintendent Ostlund

Our Wayzata School District was recently honored by the University of Minnesota's Hubert H. Humphrey Institute of Public Affairs with a 2006 Local Government Innovation Award. This award was in the Management Improvement Process category, and was awarded to our District for our Alternative Compensation Plan.

The District's Alternative Compensation Plan was developed through a collaborative process involving the Wayzata Education Association, the District Administration, and the School Board. Beginning in February of 2005, a committee of nine Wayzata teachers, four administrators and two School Board members worked over several months to develop the plan. The plan was subsequently approved by the School Board, the Wayzata Education Association, and the State Department of Education. Preparation for implementation occurred during the 2005-2006 school year, and the plan was implemented at the beginning of the current school year.

The Innovation in Government Award was presented to our school district in an awards ceremony at the Humphrey Institute on April 12, 2007. Here this evening to receive the plaque commemorating this honor is: Jodi Olson, President of the Wayzata Education Association, Mary McKasy, Alternative Compensation Coordinator, and Annie Doughty, Executive Director of Human Resources.

ITEM: D. Minnesota 2007 Teacher of the Year Finalist

COMMENTS BY: Superintendent Ostlund

We'd like to invite **Curtis Miller**, an American history teacher at Wayzata East Middle School, to come forward to be recognized as a Minnesota 2007 Teacher of the Year Finalist.

Eleven teachers from across the state were named finalists in the Teacher of the Year program in 2007. A selection panel of 21 leaders in the areas of business, government, education and non profits selected the finalists from a group of 35 semifinalists. There were 130 candidates for this program year.

We are proud to have Curtis as a teacher in the Wayzata School District and would like to take this opportunity to congratulate him on a job well done.

2. Continental Math League

Continental Math League is a problem solving mathematical competition, which asks students to use advanced thinking to solve a variety of multi-step problems. Students participating in the Continental Math League in grades two through five work diligently on their math skills throughout the year to prepare for the six question, word problem challenge each month. Second and third graders take three tests, and fourth through eighth graders take five tests during the year. The scores are cumulative and those with the highest number correct are being honored tonight. At this time I'd like to invite Camille Picconatto, Vision 21 teacher at Kimberly Lane, to come up and help us recognize these students.

CAMILLE PICCONATTO: Our students consistently score well in this nationwide competition and their problem solving skills and hard work throughout the year have earned medals. The following students scored the highest at their grade level.

4. **Minnesota State Chess Championship**

The Minnesota State Chess Championship is the largest scholastic chess tournament in the state of Minnesota, attracting approximately 500 elementary students from throughout the state. This year's tournament was held April 21-22, 2007 at Washburn High School in Minneapolis.

The Plymouth Creek Chess Team participated in the event. This team was only one of two schools state-wide to finish in the Top 5 in both the Primary and Elementary sections. At this time I'd like to invite Leslie Hanson, Vision 21 teacher at Central Middle School, to come forward and help us recognize these students.

LESLIE HANSON:

Two members of the Plymouth Creek Chess Team won top awards at the state tournament::

Justin Tran, 4th grader at Plymouth Creek, placed 3rd at state in the Elementary Division.

Max Sigal, 3rd grader at Plymouth Creek, placed 1st at state in the Primary Division.

Justin and Max are coached by **Eugene Sigal and David Tran.**

5. PTA Reflections: My Favorite Place

National PTA believes all children deserve a quality arts education and encourages students to pursue artistic expression through participation in its annual arts Reflections Program. The program offers students the opportunity to create works of art for fun and recognition. Students in preschool through grade 12 are encouraged to create and submit works of art in four areas: literature, musical composition, photography, and the visual arts (which includes art forms such as drawing, painting, print making, and collage). In its more than 30-year history, the program has encouraged millions of students across the nation to create works of art. The Reflections Program was started in 1969 by then Colorado PTA President Mary Lou Anderson.

Each year, the Reflections Program challenges students to create art that supports a specific theme. Themes are selected from thousands of ideas submitted by students to the National PTA's Reflections Program Theme Search. The 2006-2007 theme selected was "My Favorite Place".

Students participate in the Reflections Program by submitting entries to a local PTA or PTSA. Three Oakwood Elementary students won awards at the State PTA level. The students were judged in the following divisions:

Primary – Kindergarten through 2nd Grade

Intermediate – 3rd Grade through 5th Grade

LESLIE HANSON: The students who won the awards are:

Claire Poppendeck – Ann Katzmarek's 4th Grade Class – Award of Merit in Musical Composition.

James Moroz – Ann Katzmarek's 4th Grade Class – Award of Excellence in Musical Composition.

Timothy Radermacher – Jeff Miller's 5th Grade Class – Timothy received an award at the Outstanding level in Literature. His work will be sent to the National competition.

We'd also like to recognize **Amity Carlson** for all her hard work on the Reflections Committee. Congratulations to all on a job well done!

2. Continental Math League

At the middle school level, the Continental Math League is a problem solving mathematical competition which asks students to use advanced thinking to solve a variety of multi-step problems. The scores are cumulative and those with the highest number correct (usually perfect) are being honored tonight.

Our students consistently score well in this nationwide competition. Tonight we honor their problem solving skills and hard work throughout the year with medals for each of the top scoring students in each grade from our middle schools. At this time I'd like to introduce Dr. Leslie Hanson, Vision 21 teacher at Central Middle School, and ask her to come forward and help us recognize these students.

8. United States Military Academy Appointments

An appointment to a United States Service Academy involves a complex process beginning with a United States Senator or Congressman nomination in the senior year. Selection procedures are evaluated on academic achievement, leadership potential, and physical aptitude. Application files often start with some 11,000 applications and only one in ten is selected, making this among the most rigorous in the nation. Upon graduation from an academy, the student receives both an academic degree and commission as an officer. The value for this academic education is approximately \$280,000; this includes tuition, room and board, books, uniforms, medical and dental care, training costs and salary.

At this time I'd like to invite Dr. Craig Paul to introduce these students.

DR. CRAIG PAUL - Wayzata has two (2) students receiving a service academy appointment this year. Please come forward when I call your name.

Aaron Demro will be attending West Point – Aaron has taken a strong college preparatory curriculum while at WHS. During his four years here he has made a point to challenge himself and has taken or enrolled in 2AP classes and 6 X or accelerated/honors classes. As a senior he is enrolled in AP Biology, Physics X, Calculus Concepts, Psychology, Composition, Myth and Legend and the required senior social studies course, Modern Problems.

Chris Fei will be attending the Air Force Academy – Chris has enrolled in the most challenging curriculum Wayzata has to offer. Before he graduates, he will have taken 12 Advanced Placement classes and 5 accelerated classes. This year, Chris is captain of the cross-country team at Wayzata. He is also on the Youth Advisory Council for the City of Plymouth, volunteers at North Memorial Hospital and is very involved with his church youth group.

10. Quiz Bowl

Minnesota High School Quiz Bowl is a series of matches in which a team of four students competes against a team of four from a different school. The format is similar to jeopardy – it favors quick answers about numerous topics. There are three rounds and the team with the most points at the end “wins”. The team with the most “wins” advances to semi-finals for the division. There are four divisions in the metro area.

The U of M Invitational and Carleton’s SnowCAT competitions use the National Academic Quiz Tournaments format. This is a similar format to the Minnesota High School Quiz Bowl, but will penalize students for incorrect answers given early and reward students for correct answers given early. This style favors a more patient team. **I’d like to invite, their coach, Clarice Hagen, to help us congratulate these students.**

11. DECA State Competition

DECA, an Association of Marketing Students, provides students marketing-related and leadership-development activities that enhance classroom study toward careers in marketing, management and entrepreneurship. Minnesota DECA combines career exploration with school-based learning and sponsors a competition at the district, state and international levels.

Participation in DECA develops skills in leadership, management, civic consciousness, job responsibility, motivation to excel, good work habits, critical thinking and problem solving. At this time I'd like to introduce **Sara Heeg, assistant DECA advisor**, to help us recognize the winners at state competition. These students all qualified to go to the national competition held April 29 through May 2nd in Dallas, Texas. The DECA advisors are Michelle Cornwell, Sara Heeg, and John Kleven.

12. **Debate Team**

At this time I'd like to invite **Gail Sarff** to come forward and help present the awards for the debate students.

GAIL SARFF – Seniors **Ana Nikolic** and **Ava Ferenci** qualified for the National tournament which will be held in Wichita, Kansas, June 17th-22nd. Seven two-person teams qualified from Minnesota. In order to qualify, the team debated for two days against schools from the Southern Minnesota NFL (National Forensics League) district. The tournament is an elimination tournament. A team is eliminated as soon as it receives two losses. The three teams still remaining at the end of the tournament advance to Nationals.

Congratulations to all on a job well done!

1. Proposed Shared Decisions Agreement with East Middle School

It is a pleasure to have the principal of East Middle School, Mike Trewick, and members of his Site Council, here with us tonight to present the proposed shared decisions’ agreement between East and the Wayzata School Board for the 2007-2009 school years. Principal Trewick and members of the Site Council attended the April 23 work session to preview the agreement, answer questions, and accept suggestions.

The proposed agreement has been reviewed by the Superintendent, Executive Directors of Curriculum and Instruction, Finance & Business, Human Resources, and by the Wayzata Education Association leadership to ensure compliance with statutes, contracts, policies, and administrative regulations.

As the agreement has been found to be in compliance, it is hereby recommended for School Board approval. We congratulate the East Middle School Shared Decisions Site Team for their fine work on this collaborative process.

Principal Mike Trewick will introduce members of his team and share highpoints of the shared decisions agreement.

RECOMMENDED ACTION: Approve the Shared Decisions Agreement between East Middle School and the Wayzata School Board for 2007-2009 school years and authorize the School Board Chair to sign the document.

1. Integrated, ongoing, site-based and teacher-led professional development activities to improve instructional skills and learning that are aligned with student needs under section 122A.413 and 122A.60 and led during the day by trained teacher leaders.

Directions: Select one main goal from the district’s education plan that will be the Q Comp focus. More than one goal may be selected with the understanding that each goal must link student achievement to teacher instruction, professional development and teacher evaluation. If two goals are selected, duplicate table below and fill out one table for each goal. If not all schools in the district have common goals because of disaggregated student data and different grade level needs, then each site should submit a separate table. *Note: A school site’s or district’s goals should be updated annually if necessary.*

Based on the selected focus, each school site will use their student data to develop a narrower focus for their site with a measurable objective.

2.1 District goal for Q Comp focus

Improve students’ achievement in the areas of reading, math and writing as measured by performance on MCA IIs (Minnesota Comprehensive Assessment) and/or NWEA/MAP.

School Site goal for Q Comp focus

One percent of the students at East Middle School will improve student achievement in the area of reading as measured by the Minnesota Comprehensive Assessment II (MCA II).

Disaggregated student data used to determine each measurable objective

Measurable objective based on student achievement gains (site-targeted goal)

One percent of the students in grades 3-5 at Greenwood Elementary will improve student achievement in the area of reading by focusing on increasing subtest level scores on the MAP assessment in the areas of inferential comprehension, literal comprehension, and word acquisition.

Member _____ introduced the following resolution and moved its adoption:

RESOLUTION RELATING TO THE TERMINATION
AND NONRENEWAL OF THE TEACHING CONTRACT
OF _____, A
PROBATIONARY TEACHER.

WHEREAS, _____ is a probationary teacher in Independent School District 284.

BE IT RESOLVED, by the School Board of Independent School District 284, that pursuant to Minnesota Statutes 122A.40, Subdivision 5, that the teaching contract of _____, a probationary teacher in Independent School District 284, is hereby terminated at the close of the current 2006-2007 school year.

BE IT FURTHER RESOLVED that written notice be sent to said teacher regarding termination and non-renewal of his/her contract as provided by law, and that said notice shall be in substantially the following form:

NOTICE OF TERMINATION
AND NONRENEWAL

Mr./Ms. _____

Dear Mr./Ms. _____ :

You are hereby notified that at the regular meeting of the School Board of Independent School District 284 held on May 14, 2007, a resolution was adopted by a majority vote to terminate your contract effective at the end of the current school year and not to renew your contract for the 2007-2008 school year. Said action of the Board is taken pursuant to M.S. 122A.40, Subd. 5.

You may officially request that the School Board give its reasons for the non-renewal of your teaching contract.

Yours very truly,

SCHOOL BOARD OF
INDEPENDENT SCHOOL DISTRICT 284

Susan Droegemueller
Clerk of the School Board

The motion for the adoption of the foregoing resolution was duly seconded by _____ and upon vote being taken thereon, the following voted in favor thereof:

and the following voted against the same:
whereupon said resolution was declared duly passed and adopted.

2. Authorization of Health and Hospitalization Insurance Rates for 2007-2008

It is the recommendation of the Insurance Committee that the District remain with PreferredOne on a self-insured basis for the 2007-2008 contract year.

The recommended renewal for the 2007-2008 plan year is a 3.0% increase. This increase will be applied to both health plans - the low deductible and the high deductible with the VEBA option. The rate increase is well below the national medical inflation trend of 17%. This increase was accomplished with plan design changes to the overall pharmacy benefit and a small increase to the deductibles and out of pocket maximums in the lower deductible plan.

We would like to thank the following members for their work on this important committee:

- Insurance Committee Members:
- WEA: Jodi Olson, Cindy Hanke, Deb Mossefin, Allan Christopherson, Lynne Brennan
- Custodians: Tim Hall
- Culinary Express: Bonnie Max
- Clerical/Paraprofessional: Faith Ettestad
- WPA: Tom Koch
- Retirees: Norm Schroeder
- Unaffiliated: Alan Hopeman

RECOMMENDED ACTION: Approve the recommendations of the Insurance Committee that the District remain with PreferredOne on a self-insured basis and a rate renewal for the 2007-2008 plan year is 3.0% to be applied to both health insurance plans.

3. Authorization of Dental Insurance Rates for 2007-2008

The administration is recommending an overall 3% increase in funding for our self-insured Delta Dental Plan. The new monthly rates will be \$42.70 for single, \$73.60 for 1+1 and \$101.24 for family coverage. This increase is necessary to cover fixed cost and anticipated claims for the 2007-2008 plan year. The new rates continue the effort to realign the distribution of premiums and meet expected claims funding.

RECOMMENDED ACTION: Approve the recommendation that the District continue its self-insured dental plan, administered by Delta Dental, and increase funding by 3% overall.

ITEM: B. Appointment of Representative to Intermediate District 287 Board

COMMENTS BY: Board Chair Cohen

The School Board has received official notification from Intermediate District 287 that Carter Peterson’s appointment to the 287 Board of Directors will expire on June 30, 2007. As stipulated in the Intermediate District 287 Memorandum of Agreement, each member School District shall have two representatives on the 287 Board who shall be appointed by the member District’s School Board. To permit staggered terms, on or before June 30 of each succeeding year; one representative shall be appointed to serve a two-year term. Ms. Peterson has indicated her interest and willingness to continue to serve as a Wayzata School District representative. Ms. Peterson has done a fine job in representing the Board, and we extend to her our thanks and appreciation.

RECOMMENDED ACTION: Approve the appointment of Carter Peterson to the Intermediate District 287 Board of Directors for the two-year term of July 1, 2007, through June 30, 2009.
