Achievement and Integration FY 2022 Budget Workbook

Use these instructions to create your district's annual Achievement and Integration (A&I) A&I budget. Please refer to the *Achievement Integration Budget Guide* on the A&I website for information on allowable costs, a list of criteria for budget approval, and more detail on A&I revenue.

Do not delete pages from this workbook. That will disable the formulas on the *Expenditure Summary* page which calculates the percentage of the three types of A&I expenditures (direct student service, prof development, admin) and also sums your total expenditures by FIN code. You need to track of both as you create your budget.

- Program and fiscal staff should work together to create this budget, drawing on your respective knowledge of the strategies in your district's A&I plan, costs that aren't detailed in the plan but are necessary to implement those strategies, and school finance practices.

- **Proposed expenditures can be approved only for strategies included in a district's current MDE-approved A&I plan.**

- Expenditures to fund strategies included in a racially identifiable school (RIS) plan must be listed in the RIS tabs of this excel workbook.

- **Use the separate tabs for direct student services, PD, and Admin costs as explained in the A&I Budget Guide. The requirement for districts to use a certain percentage of revenue for each expenditure type is in A&I legislation and explained in the tabs of this budget workbook.**

- **Add lines to a worksheet by inserting rows before a revenue total line.** The revenue total lines are linked to a formula in the Expenditure Summary page. If you insert rows after them, your Expenditure Summary totals will be inaccurate.

- Add a **budget narrative** for each line item to explain how proposed expenditures will fund activities in your district's MDE-approved A&I plan. **Do not copy your plan description into the budget.** Instead, describe what each expenditure will purchase. Then identify by name and number the activity in your plan that an expenditure will help fund. This info will provide expenditure detail that isn't included in your A&I plan.

- List proposed FIN 313 (initial revenue) and FIN 318 (incentive revenue) expenditures on the separate tabs marked in the budget workbook. These are two different types of A&I aid and must be tracked separately.

- Find your district's aid entitlement estimate for A&I revenue in the Minnesota Funding Reports (MFR) section of MDE's Data Analytics webpage. Steps for finding that report are listed on the MDE A&I webpage.

- **Admin costs include salary and benefits for support staff and administrators that do not provide direct instruction to students in A&I activities. Admin costs also include things such as postage, rent, dues, memberships, printing charges.**

- Payments to other districts or to vendors should be listed as line items in the corresponding Direct Student Services, PD, or Admin tabs. Use **OBJ code 390 for payments to other districts.**

- **The budget narratives for proposed salary expenditures should include the following: percentage FTE and the name and number of the strategy in your district's A&I plan that the FTE is supposed to help implement.**

- Fringe benefits for positions that are part of the same plan strategy may be bundled by OBJ code. For example, if three staff are providing instruction for an A&I summer program, benefits for their hours working on that program may be listed in the same line item.

- Resubmit this workbook listing proposed and *actual* FY 2022 expenditures by December 1, 2022.

- Expenditure changes that increase total FIN code amounts and changes to the types of expenditures approved in the initial budget must be sent to MDE for review and approval by April 1, 2022.

- **Budgets are due to MDE by March 15, 2021. Board approval is optional. This means your board does not need to approve this budget before you submit it on March 15.**

How to Submit Your Budget

1) Submit your district's proposed FY22 budget by March 15, 2021 to mde.integration@state.mn.us.

2) Submit your district's budget as an excel file. No PDF's please.

3) Please save your budget using the file name FY22 [District Name] A&I budget.

Questions about your budget? Contact one of MDE's A&I staff or email mde.integration@state.mn.us.

Achievement and Integration Program FY 2022 Budget Coversheet

Improvement Funding Directions Only districts that did not meet the goals in their last A&I plan after three years should complete this tab. If you didn't meet your goals, you must use up to 20% of your annual integration revenue to fund improvement strategies.

Step 1) Complete the DSS, PD and Admin tabs for FIN 313 and 318. Step 2) Copy and paste line items that will fund improvement strategies into one of the sections below.

- Copy line items totaling up to 20% of your total proposed revenue. That percentage will be calculated for you on the Expenditures Summary tab.
- The line items you copy may be either FIN 313 or FIN 318 depending upon how you're funding your improvement strategies.

What is an improvement strategy? Strategies that were 1) not in your prior plan, or 2) strategies that you've adjusted and kept in your current A&I plan, and 3) strategies developed using an equity-centered improvement process like the one described in the A&I Improvement Planning Guide. The strategies should be different from the ones in your prior plan because they are either new to your A&I work or have been changed in some way that increases the likelihood of meeting the goals in your district's current plan.

ITEM: High School Principal of the Year

COMMENTS BY: Chace B. Anderson, Superintendent

Scott Gengler Selected Minnesota High School Principal of the Year

Scott Gengler has been a school administrator for 20 years and served as Wayzata High School principal for the past seven years. Scott considers school culture to be his greatest responsibility and that culture is shaped by the school's purpose. Wayzata High School's focus is that every student graduate is prepared for post-secondary success, regardless of race, class, gender or ability. This purpose has become known as the "Wayzata Promise" over Scott's tenure. The promise is a commitment shared by all staff to ensure that each student is afforded an opportunity to learn and grow in a safe, secure, nurturing and supportive environment. "We're here for you" is part of the school's motto.

Scott has fostered innovation and creativity by creating the "WHS HUB". This user-friendly, student-focused web based tool that helps staff communicate, innovate and collaborate. In 2019 the Wayzata HUB was awarded a Local Government Innovation Award by the University of Minnesota Humphrey School of Public Affairs. Students share that the creation of the Honors Mentor Connection (HMC) greatly impacted their learning. "HMC" is a class that allows students to pursue research in a field that interests them and are instructed on how to reach out to principal investigators at local labs/colleges to seek a research position.

Staff share that Scott's core belief is that "each and every student deserves an opportunity to thrive, and staff are encouraged to develop learning opportunities that immerse students in hands-on and real-world learning. Mr. Gengler realizes our school's role in society's broader network for students, and he seeks opportunities for staff and students to plug into that network".

An initiative that has impacted many learners at Wayzata is that of Courageous Conversations. Scott sought ways to amplify student and staff voices on a variety of issues both in, and out of the school. These monthly meetings give students, teachers and staff an opportunity to see and hear each other in ways that break down communication barriers and the constraints of an academically packed, skills-driven class session. This initiative moved some teachers to tears and to action because of the honesty and insight of student voices. Congratulations Scott!

WAYZATA PUBLIC SCHOOLS
 OUTBOUND STUDY
 FINAL JANUARY 2021

Hello, I'm _____ of the Morris Leatherman Company, a national survey research company located in Minneapolis. We've been asked by the Wayzata Public Schools to speak with a random sample of parents about issues facing the school system. Because you have chosen to enroll at least one of your children in a school other than the Wayzata Public Schools this school year, we are interested in your perspective. In talking with other parents like yourself, we have found them to be a wealth of knowledge about what our public schools could be doing better or differently to meet parents' expectations. I assure you that your answers will be held in the strictest of confidence.

In which of the following grade levels do you have children you chose to send to a different school this school year?

517 STUDENT CHEMICAL DEPENDENCY AND CHEMICAL HEALTH PROGRAMS

I. PURPOSE

The purpose of this policy is to develop, implement, and maintain for students a program to address the issues of chemical dependency and chemical health.

II. GENERAL STATEMENT OF POLICY

The Board recognizes that chemical use and abuse affects the lives of the young and that the effects can be counterproductive to the educational mission of this public institution. The Board further recognizes that chemical dependency is treatable and believes that its prevention through education must be a priority of the district. To this end the Board shall encourage and support a program of prevention, early identification of chemical dependency, and appropriate intervention, referral, and aftercare.

524 EXTRACURRICULAR AND COCURRICULAR STUDENT BEHAVIOR POLICY

I. PURPOSE

The purpose of this policy is to set forth the behavior expectations for students who participate in extracurricular and co-curricular activities.

II. GENERAL STATEMENT OF POLICY

Participation in co-curricular and extracurricular programs of the Wayzata School District is a privilege not a right. Students are expected to demonstrate good citizenship, character, and behavior as a condition of continued participation in such District sponsored activities or for receipt of merit awards reflecting citizenship.

Use of alcohol, abuse of prescription or nonprescription drugs, tobacco, e-cigarettes, physical violence, harassment, and other discriminatory, criminal, or offensive conduct is prohibited and is not consistent with behavioral standards for District students.

The Administration shall develop, implement, and enforce regulations and internal procedures that provide for the investigation, application of consequences, and development of the appropriate skills to change the behavior. An appeals process for consequences for a second violation and beyond is outlined in regulations. District staff and co-curricular and extracurricular program supervisors are expected to cooperate fully in the implementation and enforcement of this policy, the administrative regulations and procedures.

Minnesota State High School League guidelines state that students participating in an interscholastic activity must serve a penalty for any rule violation. Students participating in enrichment AND interscholastic activities will serve a penalty in the enrichment AND the interscholastic activity for any rule violation. At the end of one calendar year from the date of rule violation notification, the enrichment activity penalty will expire. There is no “sunset” clause for serving a penalty in interscholastic activities.

Middle school students participating in Minnesota State High School League (MSHSL) sanctioned activities will be subject to the conditions of these regulations. Violations by middle school students in activities not sanctioned by the MSHSL will be addressed at the building level where a student improvement plan will be devised under the direction of the building principal and appropriate school personnel.

2. After confirmation of the second violation, the student shall lose eligibility for the next six (6) consecutive activities (performances, contests, events) or three (3) weeks of a season in which the student is a participant, whichever is greater. During the four (4) months interim period, the student must

demonstrate behavior free from further actionable offenses under the above regulations and free from school disciplinary actions. Supportive data shall be provided by the student to the review board from teachers, counselors, school administrators, coach/advisor, or other appropriate resources. 525 SOLICITATION OF STUDENTS (ORGANIZATIONAL MEMBERSHIP)

I. PURPOSE

The purpose of this policy is to set forth the process for the solicitation of students for membership or participation in non-school affiliated activities and organizations.

II. GENERAL STATEMENT OF POLICY

The Board of Education believes that classrooms should not be used for solicitation of student membership or participation in non-school affiliated organizations. Responsible community-based organizations which offer nonsectarian activities and whose potential value for students is clearly recognized are authorized to leave explanatory materials with the building principal. These may then be made available to students in a manner to be determined by the principal. It is not incumbent upon school staff to promote such activity or organizations beyond facilitating student acquisition of descriptive literature.

533 SCHOOL START AND DISMISSAL TIMES

I. PURPOSE

This policy communicates the expectations regarding school start and dismissal times.

II. GENERAL STATEMENT OF POLICY

- A. The School Board will establish and/or modify school start and dismissal times in a manner that best meets students' learning needs, allows for efficient and effective transportation and other operations, and gives appropriate consideration to the needs of families, the larger community and the school district staff. The school board shall consider the unique developmental needs of students, the research related to student academic achievement and sleep time requirements/recommendations, the general health and well-being of students, and the financial, logistical, and operational considerations when establishing or modifying school start and dismissal times. The School Board also expects that there will be as much year-to-year stability in school start and dismissal times as circumstances permit.
- B. The superintendent will review school start and dismissal times as necessary and, if the review substantiates such, will recommend modifications to the established school start and dismissal times.

2020-21 School Year Financial Report Analysis

Excellence. For each and every student.

For the Month Ended January 31, 2021

Statement of Revenues Analysis:

General Fund:

Local Property Taxes – The budget for property tax revenue was revised in January 2021 from \$63,583,725 to \$60,683,725 to account for an anticipated increase in property tax delinquencies resulting from the COVID-19 pandemic. The District received an additional property tax settlement in January, resulting in a slightly favorable budget to actual variance.

States Aids - There is an unfavorable variance in state aids due to the timing of receipts from the state. The state aids budget for fiscal year 2021 was revised in January 2021 from \$108,812,749 to \$104,712,749 due to enrollment loss stemming from the COVID-19 pandemic.

Federal Aids - There is a favorable variance in federal aids due to the Coronavirus Relief Funds of \$3,061,000, which were received in full by December 30, 2020. The federal aids revenue budget was increased in January 2021 from \$3,690,995 to \$6,937,378 to reflect the Coronavirus Relief Funds. This increase was offset by a \$316,139 decrease to the Title I budget due to lower concentration of poverty among District's student population.

Miscellaneous Local Revenue - Unfavorable variance due to the COVID-19 pandemic and public health measures enforced by state and local governments which limit revenue generating activities such as gate receipts from sporting events, local fundraising efforts, and other fees for services provided. Investment revenue also decreased due to the pandemic, from \$771,648 in 2019-2020 to \$7,157 in 2020-21.

Food Service Fund:

Food Service Fund revenue budget adjusted mid-year from \$7,011,600 to \$4,089,122 as a direct result of the COVID-19 pandemic and significantly reduced sales to pupils, particularly at the secondary grade-level. Revenue short fall from sales to pupils is partially offset by year-to-date revenues of \$1,970,919 received for meals served under the federal summer food service program. Food Service Fund revenues through the end of January are \$2,036,462, compared to \$3,438,948 the prior fiscal year.

Community Service Fund:

Community Service Fund revenues are lower 2020-2021 due to reduced participation in Community Ed programs. The reduced participation can be directly attributed to the COVID-19 pandemic. As a result, the Community Service Fund revenue budget was adjusted mid-year from \$11,293,743 to \$7,600,870. Community Service Fund revenues through the end of January are \$4,907,593, compared to \$7,023,709 the prior fiscal year.

Debt Service Fund:

Debt Service Fund year-to-date "revenue" of \$23,463,462 is significantly higher than prior year figure of \$12,691,407. The increase is primarily attributable to the issuance of the General Obligation Refunding Bonds, Series 2020A, the proceeds of which were used to fund the General Obligation Bonds, Series 2012A. The Debt Service Fund budget was adjusted mid-year to reflect this event. The budget for property tax revenue was revised in January 2021 from \$14,609,517 to \$14,109,517 to account for an anticipated increase in property tax delinquencies resulting from the COVID-19 pandemic.

Statement of Expenditures Analysis:**General Fund:**

The General Fund expenditure budget was revised by the School Board in January from \$183,928,655 to \$187,758,344 to reflect year-to-date operations and revised forecasts of the District's operations on June 30, 2021. The increase to the expenditure budget includes \$3,061,000 of salary, service, and supply purchases that were financed by the District's allotment of Coronavirus Relief Funds. Overall General Fund expenditures through January 31, 2021 are lower than the previous school year by \$3,481,948. The decrease is mainly due to the decrease in purchased services of \$2,254,669 compared to the prior year, which is primarily attributable to the COVID-19 pandemic and related transition to hybrid or distance learning models. The decrease in total expenditures is offset by an increase to expenditures incurred under Operating Capital. The increased spending in Operating Capital is attributed to a \$2,500,000 purchase of real property, which now functions as the District's Welcome Center.

Food Service Fund:

The Food Service Fund expenditure budget was revised in January from \$7,287,596 to \$4,751,558 to reflect disruptions to Food Service operations caused by the COVID-19 pandemic and shift to hybrid and distance learning models. Year-to-date expenditures are \$1,377,073 lower in school year 2020-21 than the same period of the 2019-20 school year. Food Service staffing levels are approximately 70-80% of previously budgeted full-time equivalents.

Community Service Fund:

The Community Service Fund expenditure budget was revised in January from \$11,008,987 to \$10,146,177 to reflect disruptions to programming caused by the COVID-19 pandemic. Year-to-date expenditures are \$986,272 lower in school year 2020-21 than the same period of the 2019-20 school year.

Debt Service Fund:

Year-to-date expenditures in the Debt Service Fund of \$23,767,681 are \$10,887,606 higher than the prior school year. The increase is primarily attributable to the \$9,200,000 principal payment required to current refund the General Obligation Bonds, Series 2012A. The Debt Service Fund budget was revised mid-year to account for this activity.

Construction Fund:

Year-to-date expenditures as a percentage of budget for the Construction Fund are not presented due to the presence of multi-year projects and the related non-linear timing of expenditures.

AGENDA SECTION: Administrative Reports and Recommendations

ITEM: Bond Refunding

COMMENTS BY: Jim Westrum, Executive Director of Finance and Business

One of the services the District receives from its Municipal Advisors is the monitoring of the District's outstanding bond issues in relation to current market conditions. When conditions are favorable, the District's Municipal Advisors will recommend that the District refund outstanding bond issues, reducing future debt service payments and resulting in savings for the District. The General Obligation School Building Bonds, Series 2014A, and the General Obligation Alternative Facilities Bonds, Series 2014B, have been identified as issues that can potentially be refunded in advance and yield debt service savings to the District and its taxpayers beginning with taxes payable in 2023.

The District administration recommends issuing refunding bonds in the estimated aggregate principal amount of approximately \$131,000,000 to repurchase and retire the Series 2014A & Series 2014B bonds provided that such a transaction results in net present value savings as a percentage of debt service of at least 10.00%.

The District is authorized by Minnesota Statutes Section 475.67, subdivision 3 to issue and sell its general obligation bonds to refund obligations and the interest thereon before the due date of the obligations, if consistent with covenants made with the holders thereof, when determined by the School Board to be necessary or desirable for the reduction of debt service costs to the District or for the extension or adjustment of maturities in relation to the resources available for their payment.

Recommended Action: Adopt a parameters resolution authorizing the Superintendent or Executive Director of Finance and Business and any School Board Officer, with the advice of the District's appointed municipal advisors, to take proposals and execute the sale of bonds refunding the General Obligation School Building Bonds, Series 2014A, and the General Obligation Alternative Facilities Bonds, Series 2014B in advance of maturity, provided that the sale of the bonds meets all parameters set forth by the parameters resolution. The School Board will meet at a regular or special meeting on the first practical date after acceptance of a proposal to ratify the acceptance of the proposal.

1. Background. It is hereby determined that:

(a) On May 22, 2014, the District issued its General Obligation School Building Bonds, Series 2014A (the “Series 2014A Bonds”), in the original aggregate principal amount of \$109,645,000, as approved by the voters of the District at a special election held on February 24, 2014, and its General Obligation Alternative Facilities Bonds, Series 2014B (the “Series 2014B Bonds”), in the original aggregate principal amount of \$27,160,000, pursuant to Minn. Stat. § 123.59 (2014), and Minnesota Statutes Chapter Minnesota Statutes, Chapter 475, as amended (the “Act”). The Series 2014A Bonds are currently outstanding in the principal amount of \$105,130,000 of which \$100,990,000 in principal amount is subject to redemption on or after February 1, 2023. (b) The District is authorized by Section 475.67, subdivision 3 of the Act to issue and sell its general obligation bonds to refund obligations and the interest thereon before the due date of the obligations, if consistent with covenants made with the holders thereof, when determined by the School Board to be necessary or desirable for the reduction of debt service costs to the District or for the extension or adjustment of maturities in relation to the resources available for their payment.

(c) It is necessary and desirable for the reduction of debt service costs to the District that the District issue its General Obligation Taxable School Building and Alternative Facilities Refunding Bonds, Series 2021A (the “Bonds”), in the aggregate principal amount of approximately \$131,000,000, pursuant to the Act, specifically Section 475.67, subdivision 3, to achieve the refunding of the Series 2014A Bonds in advance of their stated maturities by refunding on February 1, 2023, the 2024 through 2035 maturities of the Series 2014A Bonds, and to achieve the refunding of the Series 2014B Bonds in advance of their stated maturities by refunding on February 1, 2023, the 2024 through 2036 maturities of the Series 2014B Bonds.

(d) The District is authorized by Section 475.60, subdivision 2(9) of the Act to negotiate the sale of the Bonds, it being determined that the District has retained an independent municipal advisor in connection with the sale of the Bonds. The actions of the District staff and its municipal advisor in negotiating the sale of the Bonds are ratified and confirmed in all aspects.

2. Covenant as to State Credit Enhancement. The District hereby covenants and obligates itself to notify the Minnesota Commissioner of Education of a potential default in the payment of principal and interest on the Bonds and to use the provisions of Minnesota Statutes, Section 126C.55 (the “Credit Enhancement Act”) to guarantee payment of the principal and interest on the Bonds when due. The District further covenants to deposit with the registrar for the Bonds (the “Registrar”) or any successor paying agent

three (3) days prior to the date on which a payment is due an amount sufficient to make that payment or to notify the Commissioner of Education that it will be unable to make all or a portion of that payment. The Registrar is authorized and directed to notify the Commissioner of Education if it becomes aware of a potential default in the payment of principal or interest on the Bonds or if, on the day two (2) business days prior to the date a payment is due on the Bonds, there are insufficient funds to make that payment on deposit with the Registrar. The District understands that as a result of its covenant to be bound by the provisions of the Credit Enhancement Act, the provisions of that section shall be binding as long as any Bonds of this issue remain outstanding.

The District further covenants to comply with all procedures now and hereafter established by the Minnesota Departments of Management and Budget and Education pursuant to subdivision 2(c) of the Credit Enhancement Act and otherwise to take such actions as necessary to comply with that section. The Chair, Clerk, Superintendent, or Secretary of the District is authorized to execute any applicable Minnesota Department of Education forms.

The Pricing Committee is authorized and directed, with the advice of Ehlers & Associates, Inc., the District's municipal advisor (the "Municipal Advisor"), to review proposals for the purchase of the Bonds and award the sale of the Bonds to the prospective purchaser (the "Purchaser") based on the recommendation of the Municipal Advisor and the following parameters: (i) the principal amount of the Bonds shall be approximately \$131,000,000; and (ii) the net present value of savings as a percentage of net present value of existing debt service must be at least 10.00%.

4. Acceptance of Proposal. The School Board will meet at a regular or special meeting on the first practicable date after acceptance by the Pricing Committee of the proposal of the Purchaser, to ratify such acceptance and take any other appropriate action with respect to the Bonds.
