### TRANSPORTATION OF PUBLIC SCHOOL STUDENTS

*[Note: The obligations stated in this policy are substantial and are virtually all governed by statute. Accordingly, you will see statutory references throughout the policy. Obviously a school district may choose to add obligations by policy.]*

#### I. PURPOSE

The purpose of this policy is to provide for the transportation of students consistent with the requirements of law.

#### II. GENERAL STATEMENT OF POLICY

- A. The policy of the school district is to provide for the transportation of students in a manner which will protect their health, welfare, and safety.
- B. The school district recognizes that transportation is an essential part of the school district services to students and parents but further recognizes that transportation by school bus is a privilege and not a right for an eligible student.

#### III. DEFINITIONS

- A. “Disabled student” includes every child identified under federal and state special education law as having a hearing impairment, blindness, visual disability, speech or language impairment, physical handicap, other health impairment, mental handicap, emotional/behavioral disorder, specific learning disability, autism, traumatic brain injury, multiple disabilities, or deaf blind disability who needs special education and related services, as determined by the rules of the Commissioner of Education. A licensed physician, an advanced practice nurse, or a licensed psychologist is qualified to make a diagnosis and determination of attention deficit disorder or attention deficit hyperactivity disorder for purposes of identifying a child with a disability. In addition, every child under age three, and at the school district’s discretion from age three to seven, who needs special instruction and services, as determined by the rules of the Commissioner, because the child has a substantial delay or has an identifiable physical or mental condition known to hinder normal development is a child with a disability. A child with a short-term or temporary physical or emotional illness or disability, as determined by the rules of the Commissioner, is not a child with a disability. (Minn. Stat. § 125A.02)
- B. “Home” is the legal residence of the child. In the discretion of the school district, “home” also may be defined as a licensed day care facility, school day care facility, a respite care facility, the residence of a relative, or the residence of a person chosen by the student’s parent or guardian as the home of a student for

part or all of the day, if requested by the student's parent or guardian, or an afterschool program for children operated by a political subdivision of the state, if the facility, residence, or program is within the attendance area of the school the student attends. Unless otherwise specifically provided by law, a homeless student is a resident of the school district if enrolled in the school district. (Minn. Stat. § 123B.92, Subd. 1(b)(1); Minn. Stat. § 127A.47, Subd. 2)

- C. "Homeless student" means a student, including a migratory student, who lacks a fixed, regular, and adequate nighttime residence and includes: students who are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations; are living in emergency or transitional shelters; are abandoned in hospitals; are awaiting foster care placement; have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings; are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings. (42 U.S.C. § 11434a)
- D. "Nonpublic school" means any school, church, or religious organization, or home school wherein a resident of Minnesota may legally fulfill the compulsory instruction requirements of Minn. Stat. §120A.22, which is located within the state, and which meets the requirements of Title VI of the Civil Rights Act of 1964 (42 U.S.C. § 2000d, *et seq.*). (Minn. Stat. §123B.41, Subd. 9)
- E. "Nonresident student" is a student who attends school in the school district and resides in another district, defined as the "nonresident district." In those instances when the divorced or legally separated parents or parents residing separately share joint physical custody of a student and the parents reside in different school districts, the student shall be a resident of the school district designated by the student's parents. When parental rights have been terminated by court order, the legal residence of a student placed in a residential or foster facility for care and treatment is the district in which the student resides. (Minn. Stat. § 123B.88, Subd. 6; Minn. Stat. § 125A.51; Minn. Stat. § 127A.47, Subd. 3)
- F. "Pupil support services" are health, counseling, and guidance services provided by the public school in the same district where the nonpublic school is located. (Minn. Stat. § 123B.41, Subd. 4)
- G. "School of origin," for purposes of determining the residence of a homeless student, is the school that the student attended when permanently housed or the school in which the student was last enrolled. (42 U.S.C. § 11432(g)(3)(G))
- H. "Shared time basis" is a program where students attend public school for part of the regular school day and who otherwise fulfill the requirements of Minn. Stat. § 120A.22 by attendance at a nonpublic school. (Minn. Stat. § 126C.01, Subd. 8)
- I. "Student" means any student or child attending or required to attend any school as provided in Minnesota law and who is a resident or child of a resident of

Minnesota. (Minn. Stat. § 123B.41, Subd. 11)

#### **IV. ELIGIBILITY**

- A. Upon the request of a parent or guardian, the school district shall provide transportation to and from school, at the expense of the school district, for all resident students who reside two miles or more from the school, except for those students whose transportation privileges have been revoked or have been voluntarily surrendered by the student's parent or guardian. (Minn. Stat. § 123B.88, Subd. 1)
- B. The school district may, in its discretion, also provide transportation to any student to and from school, at the expense of the school district, for any other purpose deemed appropriate by the school board.
- C. In the discretion of the school district, transportation along regular school bus routes may also be provided, where space is available, to any person where such use of a bus does not interfere with the transportation of students. The cost of providing such transportation must be paid by those individuals using these services or some third-party payor. Bus transportation also may be provided along school bus routes when space is available for participants in early childhood family education programs and school readiness programs if these services do not result in an increase in the school district's expenditures for transportation. (Minn. Stat. § 123B.88, Subd. 10, 11, 12, and 13)

#### **V. TRANSPORTATION OF NONRESIDENT STUDENTS**

- A. If requested by the parent of a nonresident student, the school district shall provide transportation to a nonresident student within its borders at the same level of service that is provided to resident students. (Minn. Stat. § 124D.04, Subd. 7; Minn. Stat. § 123B.92, Subd. 3)
- B. If the school district decides to transport a nonresident student within the student's resident district, the school district will notify the student's resident district of its decision, in writing, prior to providing transportation. (Minn. Stat. § 123B.88, Subd. 6)
- C. When divorced or legally separated parents or parents residing separately reside in different school districts and share physical custody of a student, the parents shall be responsible for the transportation of the student to the border of the school district during those times when the student is residing with the parent in the nonresident school district. (Minn. Stat. § 127A.47, Subd. 3(b))
- D. The school district may provide transportation to allow a student who attends a high-need English language learner program and who resides within the transportation attendance area of the program to continue in the program until the student completes the highest grade level offered by the program. (Minn. Stat. § 123B.92, Subd. 3(b))

**VI. TRANSPORTATION OF RESIDENT STUDENTS TO NONDISTRICT SCHOOLS**

- A. In general, the school district shall not provide transportation between a resident student's home and the border of a nonresident district where the student attends school under the Enrollment Options Program. A parent may be reimbursed by the nonresident district for the costs of transportation from the pupil's residence to the border of the nonresident district if the student is from a family whose income is at or below the poverty level, as determined by the federal government. The reimbursement may not exceed the pupil's actual cost of transportation or 15 cents per mile traveled, whichever is less. Reimbursement may not be paid for more than 250 miles per week. (Minn. Stat. § 124D.03, Subd. 8)
- B. Resident students shall be eligible for transportation to and from a nonresident school district at the expense of the school district, if in the discretion of the school district, inadequate room, distance to school, unfavorable road conditions, or other facts or conditions make attendance in the resident student's own district unreasonably difficult or impracticable. The school district, in its discretion, may also provide for transportation of resident students to schools in other districts for grades and departments not maintained in the district, including high school, for the whole or a part of the year or for resident students who attend school in a building rented or leased by the school district in an adjacent district. (Minn. Stat. § 123B.88, Subds. 1 and 4)
- C. In general, the school district is not responsible for transportation for any resident student attending school in an adjoining state under a reciprocity agreement but may provide such transportation services at its discretion. (Minn. Stat. § 124D.041)

**VII. SPECIAL EDUCATION/DISABLED STUDENTS/STUDENTS WITH TEMPORARY DISABILITIES**

- A. Upon a request of a parent or guardian, a resident disabled student who is not yet enrolled in kindergarten, who requires special education services in a location other than the student's home, shall be provided transportation to and from the student's home at the expense of the school district and shall be subject to a 50 mile radius distance requirement. (Minn. Stat. § 123B.88, Subd. 1)
- B. Resident disabled students whose handicapped conditions are such that the student cannot be safely transported on the regular school bus and/or school bus route and/or when the student is transported on a special route for the purpose of attending an approved special education program shall be entitled to special transportation at the expense of the school district or the day training and habilitation program attended by the student. The school district shall determine the type of vehicle used to transport disabled students on the basis of the handicapping condition and applicable laws. This provision shall not be

applicable to parents who transport their own child under a contract with the school district. (Minn. Stat. § 123B.88, Subd. 19; Minn. Rules Part 7470.1600)

- C. Resident disabled students who are boarded and lodged at Minnesota state academies for educational purposes, but who also are enrolled in a public school within the school district, shall be provided transportation, by the school district to and from said board and lodging facilities, at the expense of the school district. (Minn. Stat. § 125A.65)
- D. If a resident disabled student attends a public school located in a contiguous school district and the school district of attendance does not provide special instruction and services, the school district shall provide necessary transportation for the student between the school district boundary and the educational facility where special instruction and services are provided within the school district. The school district may provide necessary transportation of the student between its boundary and the school attended in the contiguous district, but shall not pay the cost of transportation provided outside the school district boundary. (Minn. Stat. § 125A.12)
- E. When a disabled student or a student with a short-term or temporary disability is temporarily placed for care and treatment in a day program located in another school district and the student continues to live within the school district during the care and treatment, the school district shall provide the transportation, at the expense of the school district, to that student. The school district may establish reasonable restrictions on transportation, except if a Minnesota court or agency orders the child placed at a day care and treatment program and the school district receives a copy of the order, then the school district must provide transportation to and from the program unless the court or agency orders otherwise. Transportation shall only be provided by the school district during regular operating hours of the school district and within a 50 mile radius of the school district. (Minn. Stat. § 125A.15(b); Minn. Stat. § 125A.51(d))
- F. When a nonresident disabled student or a student with a short-term or temporary disability is temporarily placed in a residential program within the school district, including correctional facilities operated on a fee-for-service basis and state institutions, for care and treatment, the school district shall provide the necessary transportation at the expense of the school district within a 50 mile radius of the school district. Where a joint powers entity enters into a contract with a privately owned and operated residential facility for the provision of education programs for special education students, the joint powers entity shall provide the necessary transportation. (Minn. Stat. § 125A.15(c) and (d); Minn. Stat. § 125A.51(e))
- G. Each driver and aide assigned to a vehicle transporting students with a disability will be provided with appropriate training for the students in their care, will assist students with their safe ingress and egress from the bus, will ensure the proper use of protective safety devices, and will be provided with access to emergency health care information as required by law. (Minn. Rules Part 7470.1700)

- H. Any parent of a disabled student who believes that the transportation services provided for that child are not in compliance with the applicable law may utilize the alternative dispute resolution and due process procedures provided for in Minn. Stat. Ch. 125A. (Minn. Rules Part 7470.1600, Subd. 2)

## **VIII. HOMELESS STUDENTS**

- A. Homeless students shall be provided with transportation services comparable to other students in the school district. (42 U.S.C. § 11432(e)(3)(C)(i)(III)(cc) and (g)(4)(A))
- B. Upon request by the student's parent, guardian, or homeless education liaison, the school district shall provide transportation for a homeless student as follows:
  - 1. A resident student who becomes homeless and is residing in a public or private shelter location or has other non-shelter living arrangements within the school district shall be provided transportation to and from the student's school of origin and the shelter or other non-shelter location if the shelter or non-shelter location is two or more miles from the school of origin and the student's transportation privileges have not been revoked. (42 U.S.C. § 11432(g)(1)(J)(iii)(I))
  - 2. A resident student who becomes homeless and is residing in a public or private shelter location or has other non-shelter living arrangements outside of the school district shall be provided transportation to and from the student's school of origin and the shelter or other non-shelter location if the shelter or non-shelter location is two or more miles from the school of origin and the student's transportation privileges have not been revoked, unless the school district and the school district in which the student is temporarily placed agree that the school district in which the student is temporarily placed shall provide transportation. (Minn. Stat. § 125A.51(f); 42 U.S.C. § 11432(g)(1)(J)(iii)(II))
  - 3. If a nonresident student is homeless and is residing in a public or private homeless shelter or has other non-shelter living arrangements within the school district, the school district may provide transportation services between the shelter or non-shelter location and the student's school of origin outside of the school district upon agreement with the school district in which the school of origin is located. (Minn. Stat. § 125A.51(f))

## **IX. AVAILABILITY OF SERVICES**

Transportation shall be provided on all regularly scheduled school days or make-up days. Transportation will not be provided during the summer school break. Transportation may be provided for summer instructional programs for students with a disability or in conjunction with a learning year program. Transportation between home and school may also be provided, in the discretion of the school district, on staff development days. (Minn. Stat. § 123B.88, Subd. 21)

## **X. MANNER OF TRANSPORTATION**

The scheduling of routes, establishment of the location of bus stops, manner and method of transportation, control and discipline of school children, the determination of fees, and any other matter relating thereto shall be within the sole discretion, control and management of the school board. The school district may, in its discretion, provide room and board, in lieu of transportation, to a student who may be more economically and conveniently provided for by that means. (Minn. Stat. § 123B.88, Subd. 1)

## **XI. RESTRICTIONS**

Transportation by the school district is a privilege and not a right for an eligible student. A student's eligibility to ride a school bus may be revoked for a violation of school bus safety or conduct policies, or violation of any other law governing student conduct on a school bus pursuant to the school district's discipline policy. Revocation of a student's bus riding privilege is not an exclusion, expulsion, or suspension under the Pupil Fair Dismissal Act. Revocation procedures for a student who is an individual with a disability under 20 U.S.C. § 1415 (Individuals with Disabilities Act), 29 U.S.C. § 794 (the Rehabilitation Act), and 42 U.S.C. § 12132, (Americans with Disabilities Act) are governed by these provisions. (Minn. Stat. § 121A.59)

## **XII. FEES**

- A. In its discretion, the school district may charge fees for transportation of students to and from extracurricular activities conducted at locations other than school, where attendance is optional. (Minn. Stat. § 123B.36, Subd. 1(10))
- B. The school district may charge fees for transportation of students to and from school when authorized by law. If the school district charges fees for transportation of students to and from school, guidelines shall be established for that transportation to ensure that no student is denied transportation solely because of inability to pay. The school district also may waive fees for transportation if the student's parent is serving in, or within the past year has served in, active military service as defined in Minn. Stat. § 190.05. (Minn. Stat. § 123B.36, Subds. 1(11) and 6)
- C. The school district may charge reasonable fees for transportation of students to and from post-secondary institutions for students enrolled under the post-secondary enrollment options program. Families who qualify for mileage reimbursement may use their state mileage reimbursement to pay this fee. (Minn. Stat. § 123B.36, Subd. 1(13))
- D. Where, in its discretion, the school district provides transportation to and from an instructional community-based employment station that is part of an approved occupational experience vocational program, the school district may require the payment of reasonable fees for transportation from students who receive remuneration for their participation in these programs. (Minn. Stat. § 123B.36,

Subd. 3)

## 707 TRANSPORTATION OF PUBLIC SCHOOL STUDENTS

*[Note: The obligations stated in this policy are substantial and are virtually all governed by statute. Accordingly, you will see statutory references throughout the policy. Obviously a school district may choose to add obligations by policy.]*

### I. PURPOSE

The purpose of this policy is to provide for the transportation of students consistent with the requirements of law.

### II. GENERAL STATEMENT OF POLICY

- A. The policy of the school district is to provide for the transportation of students in a manner which will protect their health, welfare, and safety.
- B. The school district recognizes that transportation is an essential part of the school district services to students and parents but further recognizes that transportation by school bus is a privilege and not a right for an eligible student.

### III. DEFINITIONS

- A. “~~Disabled student~~ Student with a disability” includes every child identified under federal and state special education law as ~~having a hearing impairment, blindness, visual disability, deaf or hard of hearing, blind or visually impaired, deafblind, or having a~~ speech or language impairment, a physical ~~handicap~~ impairment, other health ~~impairment~~ disability, ~~mental handicap~~ developmental cognitive disability, an emotional/ ~~or~~ behavioral disorder, specific learning disability, autism spectrum disorder, traumatic brain injury, or severe multiple ~~disabilities~~ impairments, ~~or deaf-blind disability~~ and who needs special education and related services, as determined by the rules of the Commissioner of Education. A licensed physician, an advanced practice nurse, or a licensed psychologist is qualified to make a diagnosis and determination of attention deficit disorder or attention deficit hyperactivity disorder for purposes of identifying a child with a disability. In addition, every child under age three, and at the school district’s discretion from age three to seven, who needs special instruction and services, as determined by the rules of the Commissioner, because the child has a substantial delay or has an identifiable physical or mental condition known to hinder normal development is a child with a disability. A child with a short-term or temporary physical or emotional illness or disability, as determined by the rules of the Commissioner, is not a child with a disability. (Minn. Stat. § 125A.02)
- B. “Home” is the legal residence of the child. In the discretion of the school district,

“home” also may be defined as a licensed day care facility, school day care facility, a respite care facility, the residence of a relative, or the residence of a person chosen by the student’s parent or guardian as the home of a student for part or all of the day, if requested by the student’s parent or guardian, or an afterschool program for children operated by a political subdivision of the state, if the facility, residence, or program is within the attendance area of the school the student attends. Unless otherwise specifically provided by law, a homeless student is a resident of the school district if enrolled in the school district. (Minn. Stat. § 123B.92, Subd. 1(b)(1); Minn. Stat. § 127A.47, Subd. 2)

- C. “Homeless student” means a student, including a migratory student, who lacks a fixed, regular, and adequate nighttime residence and includes: students who are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations; are living in emergency or transitional shelters; are abandoned in hospitals; are awaiting foster care placement; have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings; are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings. (42 U.S.C. § 11434a)
- D. “Nonpublic school” means any school, church, or religious organization, or home school wherein a resident of Minnesota may legally fulfill the compulsory instruction requirements of Minn. Stat. §120A.22, which is located within the state, and which meets the requirements of Title VI of the Civil Rights Act of 1964 (42 U.S.C. § 2000d, *et seq.*). (Minn. Stat. §123B.41, Subd. 9)
- E. “Nonresident student” is a student who attends school in the school district and resides in another district, defined as the “nonresident district.” In those instances when the divorced or legally separated parents or parents residing separately share joint physical custody of a student and the parents reside in different school districts, the student shall be a resident of the school district designated by the student’s parents. When parental rights have been terminated by court order, the legal residence of a student placed in a residential or foster facility for care and treatment is the district in which the student resides. (Minn. Stat. § 123B.88, Subd. 6; Minn. Stat. § 125A.51; Minn. Stat. § 127A.47, Subd. 3)
- F. “Pupil support services” are health, counseling, and guidance services provided by the public school in the same district where the nonpublic school is located. (Minn. Stat. § 123B.41, Subd. 4)
- G. “School of origin,” for purposes of determining the residence of a homeless student, is the school that the student attended when permanently housed or the school in which the student was last enrolled. (42 U.S.C. § 11432(g)(3)(G))
- H. “Shared time basis” is a program where students attend public school for part of the regular school day and who otherwise fulfill the requirements of Minn. Stat. § 120A.22 by attendance at a nonpublic school. (Minn. Stat. § 126C.01, Subd. 8)

- I. “Student” means any student or child attending or required to attend any school as provided in Minnesota law and who is a resident or child of a resident of Minnesota. (Minn. Stat. § 123B.41, Subd. 11)

#### IV. ELIGIBILITY

- A. Upon the request of a parent or guardian, the school district shall provide transportation to and from school, at the expense of the school district, for all resident students who reside two miles or more from the school, except for those students whose transportation privileges have been revoked or have been voluntarily surrendered by the student’s parent or guardian. (Minn. Stat. § 123B.88, Subd. 1)
- B. The school district may, in its discretion, also provide transportation to any student to and from school, at the expense of the school district, for any other purpose deemed appropriate by the school board.

*[Note: In this section, school districts may wish to outline those discretionary areas where they intend to provide transportation. For example, some school districts may provide that transportation shall be provided for all resident elementary students who reside one mile or more from the school.]*

- C. In the discretion of the school district, transportation along regular school bus routes may also be provided, where space is available, to any person where such use of a bus does not interfere with the transportation of students. The cost of providing such transportation must be paid by those individuals using these services or some third-party payor. Bus transportation also may be provided along school bus routes when space is available for participants in early childhood family education programs and school readiness programs if these services do not result in an increase in the school district’s expenditures for transportation. (Minn. Stat. § 123B.88, Subd. 10, 11, 12, and 13)

D. For purposes of stabilizing enrollment and reducing mobility, the school district may, in its discretion, establish a full-service school zone and may provide transportation for students attending a school in that full-service school zone. A full-service school zone may be established for a school that is located in an area with higher than average crime or other social and economic challenges and that provides education, health or human services, or other parental support in collaboration with a city, county, state, or nonprofit agency.

#### V. TRANSPORTATION OF NONRESIDENT STUDENTS

- A. If requested by the parent of a nonresident student, the school district shall provide transportation to a nonresident student within its borders at the same level of service that is provided to resident students. (Minn. Stat. § 124D.04, Subd. 7; Minn. Stat. § 123B.92, Subd. 3)

- B. If the school district decides to transport a nonresident student within the student's resident district, the school district will notify the student's resident district of its decision, in writing, prior to providing transportation. (Minn. Stat. § 123B.88, Subd. 6)
- C. When divorced or legally separated parents or parents residing separately reside in different school districts and share physical custody of a student, the parents shall be responsible for the transportation of the student to the border of the school district during those times when the student is residing with the parent in the nonresident school district. (Minn. Stat. § 127A.47, Subd. 3(b))
- D. The school district may provide transportation to allow a student who attends a high-need English language learner program and who resides within the transportation attendance area of the program to continue in the program until the student completes the highest grade level offered by the program. (Minn. Stat. § 123B.92, Subd. 3(b))

**VI. TRANSPORTATION OF RESIDENT STUDENTS TO NONDISTRICT SCHOOLS**

- A. In general, the school district shall not provide transportation between a resident student's home and the border of a nonresident district where the student attends school under the Enrollment Options Program. A parent may be reimbursed by the nonresident district for the costs of transportation from the pupil's residence to the border of the nonresident district if the student is from a family whose income is at or below the poverty level, as determined by the federal government. The reimbursement may not exceed the pupil's actual cost of transportation or 15 cents per mile traveled, whichever is less. Reimbursement may not be paid for more than 250 miles per week. (Minn. Stat. § 124D.03, Subd. 8)
- B. Resident students shall be eligible for transportation to and from a nonresident school district at the expense of the school district, if in the discretion of the school district, inadequate room, distance to school, unfavorable road conditions, or other facts or conditions make attendance in the resident student's own district unreasonably difficult or impracticable. The school district, in its discretion, may also provide for transportation of resident students to schools in other districts for grades and departments not maintained in the district, including high school, for the whole or a part of the year or for resident students who attend school in a building rented or leased by the school district in an adjacent district. (Minn. Stat. § 123B.88, Subds. 1 and 4)
- C. In general, the school district is not responsible for transportation for any resident student attending school in an adjoining state under a reciprocity agreement but may provide such transportation services at its discretion. (Minn. Stat. § 124D.041)

**VII. SPECIAL EDUCATION STUDENTS/DISABLED STUDENTS STUDENTS WITH**

## A DISABILITY/STUDENTS WITH TEMPORARY DISABILITIES

- A. Upon a request of a parent or guardian, a resident ~~disabled student~~ student with a disability who is not yet enrolled in kindergarten, who requires special education services in a location other than the student's home, shall be provided transportation to and from the student's home at the expense of the school district and shall not be subject to any distance requirement. (Minn. Stat. § 123B.88, Subd. 1)
- B. Resident ~~disabled students~~ students with a disability whose handicapped conditions are such that the student cannot be safely transported on the regular school bus and/or school bus route and/or when the student is transported on a special route for the purpose of attending an approved special education program shall be entitled to special transportation at the expense of the school district or the day training and habilitation program attended by the student. The school district shall determine the type of vehicle used to transport ~~disabled students~~ students with a disability on the basis of the handicapping condition and applicable laws. This provision shall not be applicable to parents who transport their own child under a contract with the school district. (Minn. Stat. § 123B.88, Subd. 19; Minn. Rules Part 7470.1600)
- C. Resident ~~disabled students~~ students with a disability who are boarded and lodged at Minnesota state academies for educational purposes, but who also are enrolled in a public school within the school district, shall be provided transportation, by the school district to and from said board and lodging facilities, at the expense of the school district. (Minn. Stat. § 125A.65)
- D. If a resident ~~disabled student~~ student with a disability attends a public school located in a contiguous school district and the school district of attendance does not provide special instruction and services, the school district shall provide necessary transportation for the student between the school district boundary and the educational facility where special instruction and services are provided within the school district. The school district may provide necessary transportation of the student between its boundary and the school attended in the contiguous district, but shall not pay the cost of transportation provided outside the school district boundary. (Minn. Stat. § 125A.12)
- E. When a ~~disabled student~~ student with a disability or a student with a short-term or temporary disability is temporarily placed for care and treatment in a day program located in another school district and the student continues to live within the school district during the care and treatment, the school district shall provide the transportation, at the expense of the school district, to that student. The school district may establish reasonable restrictions on transportation, except if a Minnesota court or agency orders the child placed at a day care and treatment program and the school district receives a copy of the order, then the school district must provide transportation to and from the program unless the court or agency orders otherwise. Transportation shall only be provided by the school district during regular operating hours of the school district. (Minn. Stat. §

125A.15(b); Minn. Stat. § 125A.51(d))

- F. When a nonresident ~~disabled student~~ student with a disability or a student with a short-term or temporary disability is temporarily placed in a residential program within the school district, including correctional facilities operated on a fee-for-service basis and state institutions, for care and treatment, the school district shall provide the necessary transportation at the expense of the school district. Where a joint powers entity enters into a contract with a privately owned and operated residential facility for the provision of education programs for special education students, the joint powers entity shall provide the necessary transportation. (Minn. Stat. § 125A.15(c) and (d); Minn. Stat. § 125A.51(e))
- G. Each driver and aide assigned to a vehicle transporting students with a disability will be provided with appropriate training for the students in their care, will assist students with their safe ingress and egress from the bus, will ensure the proper use of protective safety devices, and will be provided with access to emergency health care information as required by law. (Minn. Rules Part 7470.1700)
- H. Any parent of a ~~disabled student~~ student with a disability who believes that the transportation services provided for that child are not in compliance with the applicable law may utilize the alternative dispute resolution and due process procedures provided for in Minn. Stat. Ch. 125A. (Minn. Rules Part 7470.1600, Subd. 2)

## VIII. HOMELESS STUDENTS

- A. Homeless students shall be provided with transportation services comparable to other students in the school district. (42 U.S.C. § 11432(e)(3)(C)(i)(III)(cc) and (g)(4)(A))
- B. Upon request by the student's parent, guardian, or homeless education liaison, the school district shall provide transportation for a homeless student as follows:
  - 1. A resident student who becomes homeless and is residing in a public or private shelter location or has other non-shelter living arrangements within the school district shall be provided transportation to and from the student's school of origin and the shelter or other non-shelter location if the shelter or non-shelter location is two or more miles from the school of origin and the student's transportation privileges have not been revoked. (42 U.S.C. § 11432(g)(1)(J)(iii)(I))
  - 2. A resident student who becomes homeless and is residing in a public or private shelter location or has other non-shelter living arrangements outside of the school district shall be provided transportation to and from the student's school of origin and the shelter or other non-shelter location if the shelter or non-shelter location is two or more miles from the school of origin and the student's transportation privileges have not been revoked, unless the school district and the school district in which the

student is temporarily placed agree that the school district in which the student is temporarily placed shall provide transportation. (Minn. Stat. § 125A.51(f); 42 U.S.C. § 11432(g)(1)(J)(iii)(II))

3. If a nonresident student is homeless and is residing in a public or private homeless shelter or has other non-shelter living arrangements within the school district, the school district may provide transportation services between the shelter or non-shelter location and the student's school of origin outside of the school district upon agreement with the school district in which the school of origin is located. (Minn. Stat. § 125A.51(f))

## **IX. AVAILABILITY OF SERVICES**

Transportation shall be provided on all regularly scheduled school days or make-up days. Transportation will not be provided during the summer school break. Transportation between home and school may also be provided, in the discretion of the school district, on staff development days. (Minn. Stat. § 123B.88, Subd. 21)

## **X. MANNER OF TRANSPORTATION**

The scheduling of routes, establishment of the location of bus stops, manner and method of transportation, control and discipline of school children, the determination of fees, and any other matter relating thereto shall be within the sole discretion, control and management of the school board. The school district may, in its discretion, provide room and board, in lieu of transportation, to a student who may be more economically and conveniently provided for by that means. (Minn. Stat. § 123B.88, Subd. 1)

## **XI. RESTRICTIONS**

Transportation by the school district is a privilege and not a right for an eligible student. A student's eligibility to ride a school bus may be revoked for a violation of school bus safety or conduct policies, or violation of any other law governing student conduct on a school bus pursuant to the school district's discipline policy. Revocation of a student's bus riding privilege is not an exclusion, expulsion, or suspension under the Pupil Fair Dismissal Act. Revocation procedures for a student who is an individual with a disability under 20 U.S.C. § 1415 (Individuals with Disabilities Act), 29 U.S.C. § 794 (the Rehabilitation Act), and 42 U.S.C. § 12132, (Americans with Disabilities Act) are governed by these provisions. (Minn. Stat. § 121A.59)

- B. The school district may charge fees for transportation of students to and from

school when authorized by law. If the school district charges fees for transportation of students to and from school, guidelines shall be established for that transportation to ensure that no student is denied transportation solely because of inability to pay. The school district also may waive fees for transportation if the student's parent is serving in, or within the past year has served in, active military service as defined in Minn. Stat. § 190.05. (Minn. Stat. § 123B.36, Subds. 1(11) and 6)

- C. The school district may charge reasonable fees for transportation of students to and from post-secondary institutions for students enrolled under the post-secondary enrollment options program. Families who qualify for mileage reimbursement may use their state mileage reimbursement to pay this fee. (Minn. Stat. § 123B.36, Subd. 1(13))
- D. Where, in its discretion, the school district provides transportation to and from an instructional community-based employment station that is part of an approved occupational experience vocational program, the school district may require the payment of reasonable fees for transportation from students who receive remuneration for their participation in these programs. (Minn. Stat. § 123B.36, Subd. 3)

## PRINCETON PUBLIC SCHOOLS

### CRISIS MANAGEMENT POLICY

*[Note: The Commissioner of Education is required to maintain and make available to school boards and charter schools a Model Crisis Management Policy. See Minn. Stat. § 121A.035. School boards and charter schools must adopt a Crisis Management Policy to address potential crisis situations in their school districts or charter schools. Id. The policies must be developed in consultation with school administrators, teachers, employees, students, parents/guardians, community members, community emergency response agencies, including law enforcement and fire officials, county attorney offices, social service agencies, and any other appropriate individuals or organizations (such as Safe and Drug Free School coordinators and bus contractors). Id. Effective for the 2006-07 school year and later, the policy must include at least five school lock-down drills, five school fire drills consistent with Minn. Stat. § 299F.30, and one school tornado drill. This Model Crisis Management Policy is the result of a collaborative effort between the Minnesota Department of Education, Division of Compliance and Assistance; the Minnesota Department of Public Safety, Division of Homeland Security and Emergency Management; and the Minnesota School Boards Association.]*

#### I. PURPOSE

The purpose of this Crisis Management Policy is to act as a guide for school district and building administrators, school employees, students, school board members, and community members to address a wide range of potential crisis situations in the school district. For purposes of this Policy, the term, “school districts,” shall include charter schools. The step-by-step procedures suggested by this Policy will provide guidance to each school building in drafting crisis management plans to coordinate protective actions prior to, during, and after any type of emergency or potential crisis situation. Each school district should develop tailored building-specific crisis management plans for each school building in the school district, and sections or procedures may be added or deleted in those crisis management plans based on building needs.

The school district will, to the extent possible, engage in ongoing emergency planning within the school district and with first responders and other relevant community organizations. The school district will ensure that relevant first responders in the community have access to their building-specific crisis management plans and will provide training to school district staff to enable them to act appropriately in the event of a crisis.

#### II. GENERAL INFORMATION

##### A. The Policy and Plans

The school district’s Crisis Management Policy has been created in consultation

with local community response agencies and other appropriate individuals and groups that would likely be involved in the event of a school emergency. It is designed so that each building administrator can tailor a building-specific crisis management plan to meet that building's specific situation and needs.

The school district's administration and/or the administration of each building shall present tailored building-specific crisis management plans to the school board for review and approval. The building-specific crisis management plans will include general crisis procedures and crisis-specific procedures. Upon approval by the school board, such crisis management plans shall be an addendum to this Crisis Management Policy. This Policy and the plans will be maintained and updated on an annual basis.

B. Elements of the District Crisis Management Policy

1. General Crisis Procedures. The Crisis Management Policy includes general crisis procedures for securing buildings, classroom evacuation, building evacuation, campus evacuation, and sheltering. The Policy designates the individual(s) who will determine when these actions will be taken. These district-wide procedures may be modified by building administrators when creating their building-specific crisis management plans. A communication system will be in place to enable the designated individual to be contacted at all times in the event of a potential crisis, setting forth the method to contact the designated individual, the provision of at least two designees when the contact person is unavailable, and the method to convey contact information to the appropriate staff persons. The alternative designees may include members of the emergency response team. A secondary method of communication should be included in the plan for use when the primary method of communication is inoperable. Each building in the school district will have access to a copy of the Emergency Planning and Procedures Guide for Schools to assist in the development of building-specific crisis management plans. Finally, all general crisis procedures will address specific procedures for children with special needs such as physical, sensory, motor, developmental, and mental health challenges.

*[Note: More specific information on planning for children with special needs can be found in the United States Department of Education's document entitled, "Practical Information on Crisis Planning, a Guide for Schools and Communities," at page 6.30. A website link is provided in the resource section of this Policy.]*

- a. Lock-Down Procedures. Lock-down procedures will be used in situations where harm may result to persons inside the school building, such as a shooting, hostage incident, intruder, trespass, disturbance, or when determined to be necessary by the building administrator or his or her designee. The building administrator or designee will announce the lock-down over the public address

system or other designated system. Code words will not be used. Provisions for emergency evacuation will be maintained even in the event of a lock-down. Each building administrator will submit lock-down procedures for their building as part of the building-specific crisis management plan.

***[Note: State law requires a minimum of five school lock-down drills each school year. See Minn. Stat. § 121A.035.]***

- b. Evacuation Procedures. Evacuations of classrooms and buildings shall be implemented at the discretion of the building administrator or his or her designee. Each building's crisis management plan will include procedures for transporting students and staff a safe distance from harm to a designated safe area until released by the building administrator or designee. Safe areas may change based upon the specific emergency situation. The evacuation procedures should include specific procedures for children with special needs, including children with limited mobility (wheelchairs, braces, crutches, etc.), visual impairments, hearing impairments, and other sensory, developmental, or mental health needs. The evacuation procedures should also address transporting necessary medications for students that take medications during the school day.
  
- c. Sheltering Procedures. Sheltering provides refuge for students, staff, and visitors within the school building during an emergency. Shelters are safe areas that maximize the safety of inhabitants. Safe areas may change based upon the specific emergency. The building administrator or his or her designee will announce the need for sheltering over the public address system or other designated system. Each building administrator will submit sheltering procedures for his or her building as part of the building-specific crisis management plan.

***[Note: State law requires a minimum of five school fire drills, consistent with Minn. Stat. § 299F.30, and one school tornado drill each school year. See Minn. Stat. § 121A.035.]***

***[Note: The attached Emergency Planning and Procedures Guide for Schools has sample lock-down procedures, evacuation procedures, and sheltering procedures.]***

- 2. Crisis-Specific Procedures. The Crisis Management Policy includes crisis-specific procedures for crisis situations that may occur during the school day or at school-sponsored events and functions. These district-wide procedures are designed to enable building administrators to tailor response procedures when creating building-specific crisis management plans.

***[Note: The attached Emergency Planning and Procedures Guide for Schools includes crisis-specific procedures.]***

3. School Emergency Response Teams

- a. Composition. The building administrator in each school building will select a school emergency response team that will be trained to respond to emergency situations. All school emergency response team members will receive on-going training to carry out the building's crisis management plans and will have knowledge of procedures, evacuation routes, and safe areas. For purposes of student safety and accountability, to the extent possible, school emergency response team members will not have direct responsibility for the supervision of students. Team members must be willing to be actively involved in the resolution of crises and be available to assist in any crisis situation as deemed necessary by the building administrator. Each building will maintain a current list of school emergency response team members which will be updated annually. The building administrator, and his or her alternative designees, will know the location of that list in the event of a school emergency. A copy of the list will be kept on file in the school district office, or in a secondary location in single building school districts.

***[Note: The attached Emergency Planning and Procedures Guide for Schools has a sample School Emergency Response Team list.]***

- b. Leaders. The building administrator or his or her designee will serve as the leader of the school emergency response team and will be the primary contact for emergency response officials. In the event the primary designee is unavailable, the designee list should include more than one alternative designee and may include members of the emergency response team. When emergency response officials are present, they may elect to take command and control of the crisis. It is critical in this situation that school officials assume a resource role and be available as necessary to emergency response officials.

**III. PREPARATION BEFORE AN EMERGENCY**

A. Communication

1. District Employees. Teachers generally have the most direct contact with students on a day-to-day basis. As a result, they must be aware of their role in responding to crisis situations. This also applies to non-teaching school personnel who have direct contact with students. All staff shall be aware of the school district's Crisis Management Policy and their own

building's crisis management plan. Each school's building-specific crisis management plan shall include the method and dates of dissemination of the plan to its staff. Employees will receive a copy of the relevant building-specific crisis management plans and shall receive periodic training on plan implementation.

2. Students and Parents. Students and parents shall be made aware of the school district's Crisis Management Policy and relevant tailored crisis management plans for each school building. Each school district's building-specific crisis management plan shall set forth how students and parents are made aware of the district and school-specific plans. Students shall receive specific instruction on plan implementation and shall participate in a required number of drills and practice sessions throughout the school year.

B. Planning and Preparing for Fire

1. Designate a safe area at least 50 feet away from the building to enable students and staff to evacuate. The safe area should not interfere with emergency responders or responding vehicles and should not be in an area where evacuated persons are exposed to any products of combustion.
2. Each building's facility diagram and site plan shall be available in appropriate areas of the building and shall identify the most direct evacuation routes to the designated safe areas both inside and outside of the building. The facility diagram and site plan must identify the location of the fire alarm control panel, fire alarms, fire extinguishers, hoses, water spigots, and utility shut offs.
3. Teachers and staff will receive training on the location of the primary emergency evacuation routes and alternate routes from various points in the building. During fire drills, students and staff will practice evacuations using primary evacuation routes and alternate routes.
4. Certain employees, such as those who work in hazardous areas in the building, will receive training on the locations and proper use of fire extinguishers and protective clothing and equipment.
5. Fire drills will be conducted periodically without warning at various times of the day and under different circumstances, e.g., lunchtime, recess, and during assemblies. State law requires a minimum of five fire drills each school year, consistent with Minn. Stat. § 299F.30. See Minn. Stat. § 121A.035.

***[Note: The State Fire Marshal advises schools to defer fire drills during the winter months.]***

6. A record of fire drills conducted at the building will be maintained in the

building administrator's office.

7. The school district will have prearranged sites for emergency sheltering and transportation as needed.
8. The school district will determine which staff will remain in the building to perform essential functions if safe to do so (e.g., switchboard, building engineer, etc.). The school district also will designate an administrator or his or her designee to meet local fire or law enforcement agents upon their arrival.

***[Note: The attached Emergency Planning and Procedures Guide for Schools has a sample fire procedure form.]***

C. Facility Diagrams and Site Plans

All school buildings will have a facility diagram and site plan that includes the location of primary and secondary evacuation routes, exits, designated safe areas inside and outside of the building, and the location of fire alarm control panel, fire alarms, fire extinguishers, hoses, water spigots, and utility shut offs. All facility diagrams and site plans will be regularly updated and whenever a major change is made to a building. Facility diagrams and site plans will be available in the office of the building administrator and in other appropriate areas and will be easily accessible and on file in the school district office. Facility diagrams and site plans will be provided to first responders, such as fire and law enforcement personnel. For single building school districts, such as charter schools, a secondary location for the diagrams and site plans will be included in the district's Crisis Management Policy and may include filing documents with a charter school sponsor, or compiling facility diagrams and site plans on a CD-Rom and distributing copies to first responders or sharing the documents with first responders during the crisis planning process.

D. Emergency Telephone Numbers

Each building will maintain a current list of emergency telephone numbers and the names and addresses of local, county, and state personnel who may be involved in a crisis situation. The list will include telephone numbers for local police, fire, ambulance, hospital, the Poison Control Center, county and state emergency management agencies, local public works departments, local utility companies, the public health nurse, mental health/suicide hotlines, and the county welfare agency. A copy of this list will be kept on file in the school district office, or at a secondary location for single building school districts, and updated annually.

School district employees will receive training on how to make emergency contacts, including 911 calls, when the school district's main telephone number and location is electronically conveyed to emergency personnel instead of the specific building in need of emergency services.

School district plans will set forth a process to internally communicate an emergency, using telephones in classrooms, intercom systems, or two-way radios, as well as the procedure to enable the staff to rapidly convey emergency information to a building designee. Each plan will identify a primary and secondary method of communication for both internal and secondary use. It is recommended that the plan include several methods of communication because computers, intercoms, telephones, and cell phones may not be operational or may be dangerous to use during an emergency.

*[Note: The attached Emergency Planning and Procedures Guide for Schools has a sample Emergency Phone Numbers list.]*

E. Warning Systems

The school district shall maintain a warning system designed to inform students, staff, and visitors of a crisis or emergency. This system shall be maintained on a regular basis under the maintenance plan for all school buildings.

It shall be the responsibility of the building administrator to inform students and employees of the warning system and the means by which the system is used to identify a specific crisis or emergency situation. Each school's building-specific crisis management plan will include the method and frequency of dissemination of the warning system information to students and employees.

F. Early School Closure Procedures

The superintendent will make decisions about closing school or buildings as early in the day as possible. The early school closure procedures will set forth the criteria for early school closure (e.g., weather-related, utility failure, or a crisis situation), will specify how closure decisions will be communicated to staff, students, families, and the school community (designated broadcast media, local authorities, e-mail, or district or school building web sites), and will discuss the factors to be considered in closing and reopening a school or building.

Early school closure procedures also will include a reminder to parents and guardians to listen to designated local radio and TV stations for school closing announcements, where possible.

G. Media Procedures

The superintendent has the authority and discretion to notify parents or guardians and the school community in the event of a crisis or early school closure. The superintendent will designate a spokesperson who will notify the media in the event of a crisis or early school closure. The spokesperson shall receive training to ensure that the district is in strict compliance with federal and state law relative to the release of private data when conveying information to the media.

*[Note: The attached Emergency Planning and Procedures Guide for Schools has a sample Media Procedures form.]*

H. Grief-Counseling Procedures

Grief-counseling procedures will set forth the procedure for initiating grief-counseling plans. The procedures will utilize available resources including the school psychologist, counselor, community grief counselors, or others in the community. Grief-counseling procedures will be used whenever the superintendent or the building administrator determines it to be necessary, such as after an assault, a hostage situation, shooting, or suicide. The grief-counseling procedures shall include the following steps:

1. Administrator will meet with relevant persons, including school psychologists and counselors, to determine the level of intervention needed for students and staff.
2. Designate specific rooms as private counseling areas.
3. Escort siblings and close friends of any victims as well as others in need of emotional support to the counseling areas.
4. Prohibit media from interviewing or questioning students or staff.
5. Provide follow-up services to students and staff who receive counseling.
6. Resume normal school routines as soon as possible.

**IV. SAMPLE PROCEDURES INCLUDED IN THIS POLICY**

*[Note: School buildings must maintain Material Safety Data Sheets (M.S.D.S.) for all chemicals on campus. State law, federal law, and OSHA require that pertinent staff have access to M.S.D.S. in the event of a chemical accident.]*

B. Visitors

The school district shall implement procedures mandating visitor sign in and visitors in school buildings. See Princeton Public Schools Policy 903 (Visitors to

School District Buildings and Sites).

The school district shall implement procedures to minimize outside entry into school buildings except at designated check-in points and assure that all doors are locked prior to and after regular building hours.

C. Student Victims of Criminal Offenses at or on School Property

The school district shall establish procedures allowing student victims of criminal offenses on school property the opportunity to transfer to another school within the school district.

*[Note: The No Child Left Behind Act, 20 U.S.C. § 6301, et seq.; Title IX, 20 U.S.C. § 1681, et seq.; and the Unsafe School Choice Option, 20 U.S.C. § 7912, require school districts to establish such transfer procedures.]*

D. Radiological Emergencies at Nuclear Generating Plants [OPTIONAL]

School districts within a ten (10) mile radius of the Monticello or Prairie Island nuclear power plants will implement crisis plans in the event of an accident or incident at the power plant.

## 806 CRISIS MANAGEMENT POLICY

*[Note: The Commissioner of Education is required to maintain and make available to school boards and charter schools a Model Crisis Management Policy. See Minn. Stat. § 121A.035. School boards and charter schools must adopt a Crisis Management Policy to address potential crisis situations in their school districts or charter schools. Id. This Model Crisis Management Policy is the result of a collaborative effort between the Minnesota Department of Education, Division of Compliance and Assistance; the Minnesota Department of Public Safety, Division of Homeland Security and Emergency Management; and the Minnesota School Boards Association.]*

### I. PURPOSE

The purpose of this Model Crisis Management Policy is to act as a guide for school district and building administrators, school employees, students, school board members, and community members to address a wide range of potential crisis situations in the school district. For purposes of this Policy, the term, “school districts,” shall include charter schools. The step-by-step procedures suggested by this Policy will provide guidance to each school building in drafting crisis management plans to coordinate protective actions prior to, during, and after any type of emergency or potential crisis situation. Each school district should develop tailored building-specific crisis management plans for each school building in the school district, and sections or procedures may be added or deleted in those crisis management plans based on building needs.

The school district will, to the extent possible, engage in ongoing emergency planning within the school district and with first responders and other relevant community organizations. The school district will ensure that relevant first responders in the community have access to their building-specific crisis management plans and will provide training to school district staff to enable them to act appropriately in the event of a crisis.

### II. GENERAL INFORMATION

#### A. The Policy and Plans

The school district’s Crisis Management Policy has been created in consultation with local community response agencies and other appropriate individuals and groups that would likely be involved in the event of a school emergency. It is designed so that each building administrator can tailor a building-specific crisis management plan to meet that building’s specific situation and needs.

The school district’s administration and/or the administration of each building

shall present tailored building-specific crisis management plans to the school board for review and approval. The building-specific crisis management plans will include general crisis procedures and crisis-specific procedures. Upon approval by the school board, such crisis management plans shall be an addendum to this Crisis Management Policy. This Policy and the plans will be maintained and updated on an annual basis.

B. Elements of the District Crisis Management Policy

1. General Crisis Procedures. The Crisis Management Policy includes general crisis procedures for securing buildings, classroom evacuation, building evacuation, campus evacuation, and sheltering. The Policy designates the individual(s) who will determine when these actions will be taken. These district-wide procedures may be modified by building administrators when creating their building-specific crisis management plans. A communication system will be in place to enable the designated individual to be contacted at all times in the event of a potential crisis, setting forth the method to contact the designated individual, the provision of at least two designees when the contact person is unavailable, and the method to convey contact information to the appropriate staff persons. The alternative designees may include members of the emergency response team. A secondary method of communication should be included in the plan for use when the primary method of communication is inoperable. Each building in the school district will have access to a copy of the Emergency Planning and Procedures Guide for Schools to assist in the development of building-specific crisis management plans. Finally, all general crisis procedures will address specific procedures for children with special needs such as physical, sensory, motor, developmental, and mental health challenges.

*[Note: More specific information on planning for children with special needs can be found in the United States Department of Education's document entitled, "Practical Information on Crisis Planning, a Guide for Schools and Communities." A website link is provided in the resource section of this Policy.]*

- a. Lock-Down Procedures. Lock-down procedures will be used in situations where harm may result to persons inside the school building, such as a shooting, hostage incident, intruder, trespass, disturbance, or when determined to be necessary by the building administrator or his or her designee. The building administrator or designee will announce the lock-down over the public address system or other designated system. Code words will not be used. Provisions for emergency evacuation will be maintained even in the event of a lock-down. Each building administrator will submit lock-down procedures for their building as part of the building-specific crisis management plan.

*[Note: State law requires a minimum of five school lock-down drills each school year. See Minn. Stat. § 121A.035.]*

- b. Evacuation Procedures. Evacuations of classrooms and buildings shall be implemented at the discretion of the building administrator or his or her designee. Each building's crisis management plan will include procedures for transporting students and staff a safe distance from harm to a designated safe area until released by the building administrator or designee. Safe areas may change based upon the specific emergency situation. The evacuation procedures should include specific procedures for children with special needs, including children with limited mobility (wheelchairs, braces, crutches, etc.), visual impairments, hearing impairments, and other sensory, developmental, or mental health needs. The evacuation procedures should also address transporting necessary medications for students that take medications during the school day.
  
- c. Sheltering Procedures. Sheltering provides refuge for students, staff, and visitors within the school building during an emergency. Shelters are safe areas that maximize the safety of inhabitants. Safe areas may change based upon the specific emergency. The building administrator or his or her designee will announce the need for sheltering over the public address system or other designated system. Each building administrator will submit sheltering procedures for his or her building as part of the building-specific crisis management plan.

*[Note: State law requires a minimum of five school fire drills, consistent with Minn. Stat. § 299F.30, and one school tornado drill each school year. See Minn. Stat. § 121A.035.]*

*[Note: The attached Emergency Planning and Procedures Guide for Schools has sample lock-down procedures, evacuation procedures, and sheltering procedures.]*

- 2. Crisis-Specific Procedures. The Crisis Management Policy includes crisis-specific procedures for crisis situations that may occur during the school day or at school-sponsored events and functions. These district-wide procedures are designed to enable building administrators to tailor response procedures when creating building-specific crisis management plans.

*[Note: The attached Emergency Planning and Procedures Guide for Schools includes crisis-specific procedures.]*

- 3. School Emergency Response Teams

- a. Composition. The building administrator in each school building

will select a school emergency response team that will be trained to respond to emergency situations. All school emergency response team members will receive on-going training to carry out the building's crisis management plans and will have knowledge of procedures, evacuation routes, and safe areas. For purposes of student safety and accountability, to the extent possible, school emergency response team members will not have direct responsibility for the supervision of students. Team members must be willing to be actively involved in the resolution of crises and be available to assist in any crisis situation as deemed necessary by the building administrator. Each building will maintain a current list of school emergency response team members which will be updated annually. The building administrator, and his or her alternative designees, will know the location of that list in the event of a school emergency. A copy of the list will be kept on file in the school district office, or in a secondary location in single building school districts.

*[Note: The attached Emergency Planning and Procedures Guide for Schools has a sample School Emergency Response Team list.]*

- b. Leaders. The building administrator or his or her designee will serve as the leader of the school emergency response team and will be the primary contact for emergency response officials. In the event the primary designee is unavailable, the designee list should include more than one alternative designee and may include members of the emergency response team. When emergency response officials are present, they may elect to take command and control of the crisis. It is critical in this situation that school officials assume a resource role and be available as necessary to emergency response officials.

### **III. PREPARATION BEFORE AN EMERGENCY**

#### **A. Communication**

1. District Employees. Teachers generally have the most direct contact with students on a day-to-day basis. As a result, they must be aware of their role in responding to crisis situations. This also applies to non-teaching school personnel who have direct contact with students. All staff shall be aware of the school district's Crisis Management Policy and their own building's crisis management plan. Each school's building-specific crisis management plan shall include the method and dates of dissemination of the plan to its staff. Employees will receive a copy of the relevant building-specific crisis management plans and shall receive periodic training on plan implementation.

2. Students and Parents. Students and parents shall be made aware of the school district's Crisis Management Policy and relevant tailored crisis management plans for each school building. Each school district's building-specific crisis management plan shall set forth how students and parents are made aware of the district and school-specific plans. Students shall receive specific instruction on plan implementation and shall participate in a required number of drills and practice sessions throughout the school year.

B. Planning and Preparing for Fire

1. Designate a safe area at least 50 feet away from the building to enable students and staff to evacuate. The safe area should not interfere with emergency responders or responding vehicles and should not be in an area where evacuated persons are exposed to any products of combustion.

*[Note: Evacuation areas at least 50 feet from school buildings are recommended but not mandated by statute or rule. Evacuation areas should be selected based on safety and the individual school site's proximity to streets, traffic patterns, and other hazards.]*

2. Each building's facility diagram and site plan shall be available in appropriate areas of the building and shall identify the most direct evacuation routes to the designated safe areas both inside and outside of the building. The facility diagram and site plan must identify the location of the fire alarm control panel, fire alarms, fire extinguishers, hoses, water spigots, and utility shut offs.
3. Teachers and staff will receive training on the location of the primary emergency evacuation routes and alternate routes from various points in the building. During fire drills, students and staff will practice evacuations using primary evacuation routes and alternate routes.
4. Certain employees, such as those who work in hazardous areas in the building, will receive training on the locations and proper use of fire extinguishers and protective clothing and equipment.
5. Fire drills will be conducted periodically without warning at various times of the day and under different circumstances, e.g., lunchtime, recess, and during assemblies. State law requires a minimum of five fire drills each school year, consistent with Minn. Stat. § 299F.30. See Minn. Stat. § 121A.035.

*[Note: The State Fire Marshal advises schools to defer fire drills during the winter months.]*

6. A record of fire drills conducted at the building will be maintained in the building administrator's office.

7. The school district will have prearranged sites for emergency sheltering and transportation as needed.
8. The school district will determine which staff will remain in the building to perform essential functions if safe to do so (e.g., switchboard, building engineer, etc.). The school district also will designate an administrator or his or her designee to meet local fire or law enforcement agents upon their arrival.

***[Note: The attached Emergency Planning and Procedures Guide for Schools has a sample fire procedure form.]***

C. Facility Diagrams and Site Plans

All school buildings will have a facility diagram and site plan that includes the location of primary and secondary evacuation routes, exits, designated safe areas inside and outside of the building, and the location of fire alarm control panel, fire alarms, fire extinguishers, hoses, water spigots, and utility shut offs. All facility diagrams and site plans will be regularly updated and whenever a major change is made to a building. Facility diagrams and site plans will be maintained by the building administrator and on file in the school district office. Facility diagrams and site plans will be provided to first responders, such as fire and law enforcement personnel.

***[Note: For single building school districts, such as charter schools, a secondary location for the diagrams and site plans will be included in the district's Crisis Management Policy and may include filing documents with a charter school sponsor, or compiling facility diagrams and site plans on a CD-Rom and distributing copies to first responders or sharing the documents with first responders during the crisis planning process.]***

***[Note: To the extent data contained in facility diagrams and site plans constitute security information pursuant to Minn. Stat. § 13.37, school districts are advised to consult with appropriate officials and/or legal counsel prior to dissemination of the facility diagrams or site plans to anyone other than first responders.]***

D. Emergency Telephone Numbers

Each building will maintain a current list of emergency telephone numbers and the names and addresses of local, county, and state personnel who may be involved in a crisis situation. The list will include telephone numbers for local police, fire, ambulance, hospital, the Poison Control Center, county and state emergency management agencies, local public works departments, local utility companies, the public health nurse, mental health/suicide hotlines, and the county welfare agency. A copy of this list will be kept on file in the school district office, or at a secondary location for single building school districts, and updated

annually.

School district employees will receive training on how to make emergency contacts, including 911 calls, when the school district's main telephone number and location is electronically conveyed to emergency personnel instead of the specific building in need of emergency services.

School district plans will set forth a process to internally communicate an emergency, using telephones in classrooms, intercom systems, or two-way radios, as well as the procedure to enable the staff to rapidly convey emergency information to a building designee. Each plan will identify a primary and secondary method of communication for both internal and secondary use. It is recommended that the plan include several methods of communication because computers, intercoms, telephones, and cell phones may not be operational or may be dangerous to use during an emergency.

***[Note: The attached Emergency Planning and Procedures Guide for Schools has a sample Emergency Phone Numbers list.]***

E. Warning Systems

The school district shall maintain a warning system designed to inform students, staff, and visitors of a crisis or emergency. This system shall be maintained on a regular basis under the maintenance plan for all school buildings.

It shall be the responsibility of the building administrator to inform students and employees of the warning system and the means by which the system is used to identify a specific crisis or emergency situation. Each school's building-specific crisis management plan will include the method and frequency of dissemination of the warning system information to students and employees.

F. Early School Closure Procedures

The superintendent will make decisions about closing school or buildings as early in the day as possible. The early school closure procedures will set forth the criteria for early school closure (e.g., weather-related, utility failure, or a crisis situation), will specify how closure decisions will be communicated to staff, students, families, and the school community (designated broadcast media, local authorities, e-mail, or district or school building web sites), and will discuss the factors to be considered in closing and reopening a school or building.

Early school closure procedures also will include a reminder to parents and guardians to listen to designated local radio and TV stations for school closing announcements, where possible.

G. Media Procedures

The superintendent has the authority and discretion to notify parents or guardians

and the school community in the event of a crisis or early school closure. The superintendent will designate a spokesperson who will notify the media in the event of a crisis or early school closure. The spokesperson shall receive training to ensure that the district is in strict compliance with federal and state law relative to the release of private data when conveying information to the media.

***[Note: The attached Emergency Planning and Procedures Guide for Schools has a sample Media Procedures form.]***

#### H. Grief-Counseling Procedures

Grief-counseling procedures will set forth the procedure for initiating grief-counseling plans. The procedures will utilize available resources including the school psychologist, counselor, community grief counselors, or others in the community. Grief-counseling procedures will be used whenever the superintendent or the building administrator determines it to be necessary, such as after an assault, a hostage situation, shooting, or suicide. The grief-counseling procedures shall include the following steps:

1. Administrator will meet with relevant persons, including school psychologists and counselors, to determine the level of intervention needed for students and staff.
2. Designate specific rooms as private counseling areas.
3. Escort siblings and close friends of any victims as well as others in need of emotional support to the counseling areas.
4. Prohibit media from interviewing or questioning students or staff.
5. Provide follow-up services to students and staff who receive counseling.
6. Resume normal school routines as soon as possible.
