7-12 Principal Report: December 2018

Mrs. Odens and I have worked with teachers to develop a “walk-through” form which is designed to provide more frequent feedback to teachers. A walk-through is designed to be completed in about five minutes and will only provide a snapshot of the classroom but will be an effective tool. Teachers will still have their “formal evaluation” which lasts an entire class period.

Mrs. Odens and I also attended the State Principals Conference in Lincoln on December 6-7. While it can be stressful to be out of the building, the conference was well worth the time.

Students have been working hard to complete their science fair projects. The science fair will be held on Thursday, December 20th which is the students last day of school. One-Act season has come to an end. Winter sports are already in full swing. It seems like the end of first semester is just around the corner.

Missing assignments and attendance are still an area of concern and focus. There is a direct correlation between academic success and attending school and completing work. Students who regularly attend school and complete their work learn more and score better on exams and get better grades. We have shown some improvement but still hope to get better in this area.

Thirty-eight Chase County students took the ACT on December 8th, the National ACT Test date.

MAP testing for grades 7-12 is happening this week. We have blocked 8:15 AM - 11:15 AM on Tuesday and Thursday. Student will complete two tests on both days. Prior to testing, they will review their September scores and set goals. We will review the December scores and set goals for the Spring test and help students create action plans to meet their goal by Spring.

Mrs. Odens' December, 2018 School Board Report

Mr. Lechtenberg and I attended the Nebraska State Principals Conference in Lincoln last Thursday and Friday. There were some great sessions and it is always beneficial to hear what other schools are doing to help students succeed.

MAP testing has started and will finish up this week. Students and teachers have been very excited to share their progress with me in the lunchroom and hallways.

I have completed the non-tenured staff's first semester evaluations as well as half of the tenured staff. We have a lot of exciting things happening in our classrooms.

We have been planning our School Improvement work day that will be held Monday, December 17th.

The K-5 Christmas program was Tuesday, December 4th. It was well attended. Miss Liess and her students put on another good show. The gym was packed. The 6-12 vocal concert will be held on Monday, December 17th in the auditorium.

The elementary classrooms are gearing up for Christmas. The first graders are working on plays to perform for their parents on Wednesday, December 19th in the auditorium. The PTO is again sponsoring a movie for the 3-4 grade classrooms at the movie theatre on the last day of school before Christmas break.. We will be transporting the students there on buses. The K-2 classrooms all have themes this year and will be having Christmas parties and movies on the last day of school before Christmas break. The 4th graders will also be having a poetry reading on that day or family and friends at 9:00 in the auditorium. The Middle School teachers are working on plans for their students for the last day of school.

Multicultural education takes place:

Everyday and all year long.

Description of multicultural education:

We love to start the year with reading *The Crayon Box that Talked*. This book brings home the importance of celebrating our differences and highlights the beauty of bringing them together to create a beautiful world! We aren't the same. We've been blessed with our own unique differences. It is what makes us ALL so special! Diversity is important because the world is changing every day. We listen to stories from a variety of countries and cultures in our Wonders reading program. For example, this week we read a story from Puerto Rico. We use those "teachable moments" everyday to discuss differences and similarities as they arise during our lessons. We visit about holidays throughout the year and discuss our different family traditions. Our Scholastic Let's Find Outs (on Fridays) also do a great job of teaching about a variety of cultures and holidays.

CCS Multicultural Education

Chase County Schools incorporates multicultural education in all curriculum areas at all grades. Multicultural education includes, but is not limited to, studies relative to the culture, history, and contributions of African Americans, Hispanic Americans, Native Americans, Asian Americans and European Americans with special emphasis on human relations and sensitivity toward all races.

The philosophy of the multicultural education program is that students will have improved ability to function as productive members of society when provided with: (a) an understanding of diverse cultures and races, the manner in which the existence of diverse cultures and races have affected the history of our Nation and the world, and of the contributions made by diverse cultures and races and (b) with the ability and skills to be sensitive toward and to study, work and live successively with persons of diverse cultures and races. The mission of the multicultural education program is to prepare students to: (a) value and respect their own culture and race and cultures and races other than their own and (b) eliminate stereotypes and different treatment of others based on culture and race. The mission shall also include preparing students to eliminate stereotypes and discrimination or harassment of others based on ethnicity, religion, gender, socioeconomic status, age, or disability.

Admission to the National Honor Society

In order to apply to the NHS chapter, you will need to be at least a sophomore with a 3.75 or higher GPA. In order to be selected, the applicant must document on the application at least two leadership roles held in grades 9-12, at least 10 hours of community service completed in grades 9-12, participation in at least one school or community activity with a significant accomplishment or award, and completion of a personal statement demonstrating how character is evident in his or her daily life. Once inducted, new members are required to maintain the same level of performance in all four criteria (or better) that led to their selection. This obligation includes regular attendance at chapter meetings when and as scheduled and participation in the chapter service projects.

Students or parents who have questions regarding the selection process or membership obligations can contact the chapter adviser.

Removal from National Honor Society

A student may be removed from the NHS by action of the Principal upon a determination by the Principal that the student:

1. Prior Conduct. Engaged in conduct prior to induction which was not known at the time of induction and which, if known, would have caused denial of induction;
2. Post-Induction Conduct. Engaged in conduct after induction which is grounds for a student to be long-term suspended or expelled from school under the student code of conduct; which is grounds for suspension or removal from any extracurricular activity of the school, or which would cause denial of induction if such conduct had taken place prior to the time of induction.

The student may appeal the Principal's decision to the Superintendent by giving written notice of appeal to the Superintendent within ten calendar days of receipt of the Principal's removal decision. The appeal procedures shall be established in the discretion of the Superintendent such as to allow a fair opportunity for the student's views and information to be considered. The decision of the Superintendent on the appeal shall be final.
