V. Public Comment

Discussion:

Emma Ferguson talked about absence she will have next year. It will be seen by the attendance committee if need be.

VI. Reports

VI.A. Activity Director

VI.B. Principals

VI.C. Student Board Member

Discussion:

Show Choir Festival went well and was seen how much Spencer Hartman and Mason Holmes did and will leave the underclassmen with more technology information. FFA Leadership conference coming up. Missing Mr. Vires and the teachers are using Google Docs. Ag Business is utilizing it and Renae Bottom in her English III class. Tutoring is going okay but not as good of turn out as they were hoping for. Some of the kids do not bring in their homework to get help.

VI.D. Superintendent

Discussion:

Been busy with several different committees. Met with ELL about number of students vs staffing to ensure the number of students are being met. Facilities Committee is trying to come up with a 10 year plan and budget accordingly, to move Wellington facilities to this location. What are the main priorities that need to have a long term goal? Transportation committee met Feb 10, 2014, Masters Transportation brought a different bus to look at. New bus is currently still in North Platte being fixed. We are working with Masters to rectify the problem with the newer Longhorn bus.

Forming a committee to look at our schedule B. 4 teachers, Mike Sorensen, Suzy Stewart, Troy Hauwxell and Dr. Schoeppey. The committee will be looking at what the minimum expectations that are required to receive the stipend and making sure that the stipends are in balance with each other.

VI.E. Special Education Department Report

Discussion:

Linda Lakey - K-6 Resource did 20% of files and less than 10 items needed to be fixed. ILCD 8 Criteria was looked at and we thought we met like 5 out of the 8. Case load

of 20 children some a couple hours of the day others for longer period.

Carol Hess has about 20 students as well. Level of service goes from speaking with the teachers and next level would give them a quiet level to test. Study skills using classroom materials being used with 14 students along with 2 paras. Carol also goes into the classroom with the students to ensure they are doing what they are suppose to which is about 10 students. Carol also teaches classes that are below student levels. Transition plan for students must be done by the time they are 16.

Celeste May has about 23 speech and language students. Hired by ESU.

Carol Vetter is life skills for moderatly to severely handicapped. 6 students total. Jr High and High School mostly. 14 went to eat out at Tequilas. Takes them shopping individually and check prices. Does birth to 5 and have 8. 5 kids she is testing for that as well.

VIII. Discussion Items

VIII.A. District Goals

VIII.B. Voluntary Shared Sick Leave Policy

Discussion:

In Negotiations this year the teachers want to put in a shared sick leave policy in their agreement. Would like to put into a Board Policy.

Needs to be narrowed and be careful how it is to be given out. Needs to be a little more defined.

check with other schools to see what they have in place. Email to the board any findings.

VIII.C. New Board Policy JIH - Student Interviews and JIG - Searches. First Reading

Discussion:

Lawyer is asking that we have both of these policies broken away from one another. Searches would be for the entire student body and staff members.

Move to second reading in the month of March 2014.

IX. Adjourn

Activities Director's Report

March 11, 2014

NSAA released the football schedules at 8:00 AM MST on February 12th for the 2014-2015 school years. We were given an 8 game schedule with a bye week.

Chase County 2014 High School Boys Varsity Football Schedule

Week 1 Minden

Week 2 @ Bridgeport

Week 3 Cozad

Week 4 @ Kimball

Week 5 Bye

Week 6 Gordon-Rushville

Week 7 @ Chadron

Week 8 Ogallala

Week 9 @ Mitchell

We have continued to close the weight room down as 6:00 PM. I have not heard a lot of feed back with this decision. I have only had two ask about the times. The individuals who come in and do a workouts have adjusted their schedules and try and get in between the hours 4:00 PM - 6:00 PM. The weight room has been much cleaner.

District Speech will be in Gering on Thursday on March 20th. We will be taking 15 or 16 students to the District Competition.

Spring Sports Participation #'s

7-12 Principal's Report
Mr. Sorensen
March 11, 2014

1. PLC Presentation with Mrs. Stewart

2. Review of External Visitation to Grand Island Northwest
 - A. Exciting professional opportunity
 - B. My responsibility was assessing Standard 4
Standard 4: Resources and Support Systems
The school has resources and provides services that support its purpose and direction to ensure success for all students
 - C. The team also performed over 30 classroom observations in every subject area. I was responsible for Foreign Language.
Effective Learning Environments Observation Tool (ELEOT)
 - D. What I extracted from the visit: Incorporating Intervention during Advisory. Putting those students who are flunking classes with their teachers to get extra help and instruction. Focus would be on core area subjects. Would like to start this March 26th for grades 7-12.

Elementary Principal's Report Susie Stewart, March 11, 2014

I. Professional Learning Communities Summit

CREATING GREAT SCHOOLS

AT THEIR CORE GREAT SCHOOLS HAVE 3 CHARACTERISTICS.

- They are **safe** and **secure**.
- They make kids **feel special**.
- And they ensure that **all** students learn at **high levels**.

Four Questions to Guide PLCs

1. What do we expect students to learn?
2. How will we know if they learn it?
3. How do we respond when students experience difficulty in learning?
4. How do we respond when students learn?

A CRUCIAL POINT!

A shift in focus from teaching (making sure content is covered) to learning (making sure the content was learned), student by student, skill by skill--one kid at a time!

II. NeSA practice assessments continue throughout March, the data shows evidence of student improvement

III. March 25 is the MAP (Measure of Academic Progress) inservice day

Training for how the system works and what it does for improved student learning will be presented. Grades 2-7 will be using the MAP assessments starting this spring.

IV. The RTI (Response to Intervention) team worked collaboratively with teachers and parents on March 4 to provide support for increased student learning. Google forms are being updated by team leaders for data collection.

The team works on decision rules for levels of instruction and instructional strategies. Decision Rules provide instructional guidance within an RTI model based on individual student goals and changes in student performance. (i.e., rate, level, consistency) over time as determined by progress monitoring assessments. Students are identified as meeting, exceeding, or at risk, at current rate of progress.

- V. The teacher inservice day was productive. Evidence from teacher walk throughs shows that teachers in the elementary are applying student engagement strategies.
- VI. Title One Improvement members for NCLB worked to provide data collection and evidence for the monitoring checklist for NE Dept. of Education.
- VIII. Teachers attended the PLC (Professional Learning Community) at ESU 15 and commented on the value of gathering new methods of teaching toward common goals for the essentials standards.
- IX. April 1 begins our NE State Assessments and continues throughout April for grades 3-6 for reading, math, and science.
- X. Kindergarten Round Up will be held April 4. Kindergarten registration forms have been added to the CCS web page and letters have been sent to parents who have a child eligible for school.
- XI. I will attend the Region V principal's meeting on March 19 and I will be presenting on Celebrating Success, Emphasizing Improvement as Well as Meeting Standards--Collaborative Teams
- XII. Work has been started to introduce a Summer Math Learning camp (Summer School Program). The NCLB Title One School Improvement goal is to improve student learning in math.
- XIII. The ELL team met and discussed the CCS ELL School Improvement Action Plan.

- Parent Involvement---Mr. Hansen sent out letters asking for parent involvement in the ELL program
- ELL curriculum aligned to ELL Proficiency Guidelines
- Adding another ELL teacher
- High School Representative for the ELL committee

XIV. Elem. staff meeting agenda: Professional Learning Communities: information on collaborative team work and on effective grading protocols.

Superintendent's Report for April 2014

AASA Conference – many of the workshops focused on the Common Core Standards, which Nebraska does not use, so I focused on workshops on technology and leadership. I have information to share with the technology committee and will be looking for ways to continue to develop our use of technology.

Board Goals – have reviewed these with the administration and will continue to find additional steps to implement these goals and ways to measure our success.

Started looking at staffing for next year. Our students have selected their classes from all choices using a google form and we will begin to develop the master schedule for next year. I would like for this to be an item to discuss at the board retreat.

Schedule B committee has now met twice and we are working through the process of determining equity for the different stipends. It is a slow and laborious process.

Will be attending the Chamber of Commerce meeting next week, Trent and I are on the scholarship committee, and ADCO and WNA on April 1st. Things have slowed down a little for a few weeks but will pick up again at the end of the month with track, golf and end of year activities. The last quarter starts Monday and there will only be 46 days of school left.

Del will be picking up the coach bus this weekend to bring home. Mike with Master's transportation is working with their company president to set up a meeting with our transportation committee to try to come to a resolution on the issues with the bus.

March 1, 2014

Dear Dr. Schoeppey and the Chase County Board of Education:

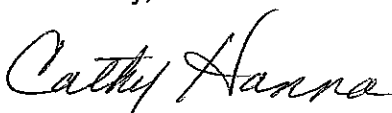

I am writing to inform you of my resignation as the Chase County Schools 7-12 Family & Consumer Science Teacher and FCCLA Advisor.

Thank you for the support you have given me and the program. I feel that I am leaving a strong program in place for my successor and will continue to be a committed supporter of Family & Consumer Sciences and FCCLA. The program provides education and tools that address the important life-skill needs of students and their future families. My passion for meeting these needs remains, but the job has outgrown my resources of time, energy, and determination. I feel the FCS/FCCLA position necessitates a full time position and a half time position. After consulting with Dr. Schoeppey, I cannot in good conscience continue in the position and follow the direction given me to make the workload manageable. This would weaken a program that has experienced tremendous growth and has potential for continued growth. Through FCCLA many students are experiencing personal growth and building skills through the programs offered. Program growth has necessitated a commitment of time and energy that I cannot sustain.

I chose not to apply for the Early Resignation Program as I am hopeful that you will consider adding a part-time position or creating two positions that offer a combined twelve class periods. Should you choose to do so, I would be most interested in applying for a part-time position.

My teaching experience is one that I am thankful for. It has resulted in personal and professional growth. Again, thank you for your support. If I can be of any help during this transition, please let me know.

Sincerely,

Cathy Hanna

SEARCHES

Chase County Schools seeks to maintain a climate in the schools which is conducive to learning and protective of the safety and welfare of staff and students. To achieve this goal, it may be necessary for school personnel upon reasonable suspicion to search the person and/or the personal property of the student and to seize any property or contraband deemed injurious or detrimental to the safety and welfare of students and staff.

Definitions

1. "Reasonable suspicion" is the standard for a search on district property or at school activities carried out by school authorities. Reasonable suspicion should be based on facts provided by a reliable informant or personal observation which cause the school official to believe, based on their own personal experience, that search of a particular person, place, or thing would lead to the discovery of evidence of a violation of Board policy or state laws. Reasonable suspicion requires more than a mere hunch.
2. "Contraband" consists of all substances or materials prohibited by Board policy or state law, including but not limited to drugs, alcoholic beverages, guns, knives, other weapons, and incendiary devices.

Interviews and Searches by School Administrators

Student lockers, desks and other such property are owned by the school. The school exercises exclusive control over school property. Students should not expect privacy regarding items placed in or on school property because school property is subject to search at any time by school officials. Periodic, random searches of students lockers may be conducted at the discretion of the administration.

When a violation of Board policies or school rules occurs, the Principal or designee may question potential student victims and witnesses without prior consent of the student's parent/guardian. If a school official is investigating a report of child abuse and the suspected perpetrator is a member of the student's family, no contact with the student's family will be made.

Searches Conducted by School Personnel

School personnel may search a student and/or the student's personal effects while on school premises or during a school activity in accordance with this policy and may seize any illegal, unauthorized, or contraband materials. Any illegal drugs, firearm or dangerous weapon shall be confiscated and delivered to law enforcement as soon as practicable.

Whenever possible, the student shall be informed of the reason(s) for conducting the search and the student's permission to perform the search shall be requested. A student's failure to cooperate with school officials conducting a search shall be grounds for disciplinary action.

An administrative report shall be prepared by the school official conducting a search explaining the reasons for the search, the results and the names of any witnesses. Se

STUDENT INTERVIEWS

Requests to Contact Students and Student Interviews by Non-School PersonnelA. Removals of Students and Interviews of Students

In dealing with law enforcement officials, Chase County Schools' employees are not to obstruct government operations or unreasonably refuse or fail to aid a peace officer, but are also to attempt to prevent undue interference with District operations or educational programming.

1. Removals of Students by Law Enforcement Officials

Law enforcement officers should not be permitted to remove a child from school while the child is properly in attendance, without permission of the child's parent or guardian, except when legally authorized to do so. For purposes of this policy, a law enforcement officer is defined as: sheriffs, coroners, jailers, marshals, police officers, state highway patrol officers, members of the National Guard on active service by direction of the Governor during periods of emergency, and all other persons with similar authority to make arrests. (Neb. Rev. Stat. §49-801).

Law enforcement officers may in the line of duty require a student to accompany him or her for questioning or detention either with or without an arrest warrant. A peace officer has the lawful authority to take immediate temporary custody of children under the age of 18 with an arrest warrant, or without a warrant or order of the court when:

- (a) the child has violated a state law or a municipal ordinance and the officer has reasonable grounds to believe the child committed such violation;
- (b) the child is seriously endangered in his or her surroundings and immediate removal appears to be necessary for the child's protection;
- (c) the officer believes the child to be mentally ill and dangerous as defined in Neb. Rev. Stat. §71-908 and that the harm described in that section is likely to occur before proceedings may be instituted before the juvenile court;
- (d) the officer has reasonable grounds to believe that the juvenile has run away from his or her parent, guardian, or custodian;
- (e) a probation officer has reasonable cause to believe that a juvenile is in violation of probation and that the juvenile will attempt to leave the jurisdiction or place lives or property in danger; or
- (f) the officer has reasonable grounds to believe the juvenile is truant from school. (Neb. Rev. Stat. §§43-418 and 43-248).

If a peace officer or probation officer requests to take custody of a student who is at that time under the control and jurisdiction of Chase County Schools, the following action is to be taken:

- (a) Establish Authority to Remove. The student should be released after appropriate measures are taken and documented to ensure that the officer has the authority to take the student. The form attached as Exhibit “A” to this Policy may be used for this purpose.
- (b) Notify Local Law Enforcement. In some instances there may be orders for custody of a student served by the officers with authority to arrest from outside the jurisdiction of Chase County Schools. Local law enforcement should be contacted and requested to participate in or monitor the removal.
- (c) Notify Parent of Removal. When a principal or other school official releases a minor student to a peace officer for the purpose of removing the minor from the school premises, the principal or other school official shall take immediate steps to notify the parent, guardian, or responsible relative of the minor regarding the release of the minor student to the officer and the place to which the student is reportedly being taken. Provided, however, when a minor student has been taken into custody as a victim of suspected child abuse, the principal or other school official is not required to notify the parent or guardian, but shall provide the peace officer with the address and telephone number of the minor student’s parents or guardian.

A student should not be released to a private detective or “special police officer” who is not an officer of a Nebraska political subdivision or an officer of an agency of the federal government without consent of the student’s parent, guardian or custodian.

2. Interviews of Students by Law Enforcement Officials

Law enforcement officers and other law authorities should be urged to contact students for questioning outside the instructional day and off school premises whenever possible. When it is appropriate that such questioning occur, the following guidelines are to be followed:

- (a) Interviews not related to District Events. If an interview of a student is requested during school hours concerning an ongoing investigation of a crime not related to Chase County Schools, questioning should not take place until the student’s parent, guardian or custodian has been contacted and permission is given for such interview. The consent should be documented. The

presence of a school employee during the interview is not necessary.

- (b) Interviews Related to District Events. If the investigation relates to an incident which took place on school premises or during instructional time, every reasonable attempt to notify the student's parent/guardian will be made. In these situations, an employee of the District should be present during the interview to ensure that the interview relates only to the incident which took place on school premises or during instructional time or something which is directly related thereto.
- (c) Child Abuse or Neglect. If an investigator represents that an interview is necessary to collect information concerning an allegation of child abuse or neglect or an offense involving a family relation and it is clear that obtaining parental consent for the interview would be impossible or counter-productive, the interview may be conducted without consent of the student's parent, guardian or custodian. In these situations, an employee of Chase County Schools should be present during the interview to ensure that the interview relates only to those matters.
- (d) Probation Officer Interview. A probation officer assigned to a student by a court may be allowed the opportunity, on request, to interview a student on school premises. In such situations, it is neither necessary nor desirable that a District employee be present during the interview. It also is not necessary to obtain the consent of the parent, guardian, or custodian.

3. Disclosure of Student Records

School employees shall not, in the course of dealing with a peace officer or probation officer, disclose any confidential student records or information from such student records other than in response to a court order or subpoena or as otherwise authorized by state law and the Family Educational Rights and Privacy Act (FERPA).

4. Removals and Interviews by Persons other than Law Enforcement Officials

A person who comes to school premises to interview a student or remove a student prior to the end of the student's instructional day must obtain permission of an administrator or designee.

Permission to remove is not to be granted without consent of the student's parent, guardian or custodian, or a person authorized by the student's parent, guardian or custodian to give such permission.

Permission to interview on subjects not related to school matters is not to be granted unless there is a clearly valid and proper reason for the interview and such is not disruptive to school operations or the student's educational program. Ordinarily such contacts shall be restricted to the student's parent, guardian or custodian or a friend of the family when an emergency or other similar circumstance exists.
