BE IT RESOLVED by the School Board of Independent School District No. 720, State of Minnesota, as follows: 1. (a) The board hereby finds and determines that it is necessary and expedient for the school district to borrow money in an aggregate amount not to exceed \$102,500,000 and not to exceed any limitation upon the incurring of indebtedness which shall be applicable on the date or dates of the issuance of any bonds, for the purpose of providing funds for the acquisition and betterment of school sites and facilities, including the construction and equipping of additions and improvements to the existing Shakopee High School site and facility; the construction of improvements to outdoor facilities at District owned sites; the construction and installation of safety and security improvements to various district facilities; and the remodeling, repair, upgrading, renovation and construction of various improvements to other District facilities. The question on the borrowing of funds for these purposes shall be School District Question 1 on the school district ballot at the special election held to authorize said borrowing. (b) The board also finds and determines that it is necessary and expedient for the school district to submit a capital project levy authorization to fund technology to the voters for their approval. The proposed authorization for technology will be in the amount of 5.837584% times the net tax capacity of the school district. The proposed capital project levy authorization will raise approximately \$2,500,000 for taxes payable in 2016, the first year it is to be levied, and would be authorized for ten years. The estimated total cost of the projects to be funded by the proposed capital project levy authorization is approximately

The money raised by the capital project levy authorization will be used to provide funds for the acquisition and maintenance of technology and technology systems, and to pay the costs of technology-related personnel and training. The program will be commenced prior to May 1, 2020, which date is not more than five (5) years from the date of the special election authorizing the approval of the capital project levy authorization. The question on the approval of the capital project levy authorization shall be School District Question 2 on the school district ballot at the special election held to approve said authorization. 2. The actions of the administration in consulting with the Minnesota Department of Education, causing a proposal to be prepared for submission on behalf of the board to the Commissioner of Education for the Commissioner's Review and Comment and taking such other actions as necessary to comply with the provisions of Minnesota Statutes, Section 123B.71, as amended, are hereby ratified and approved in all respects. The actual holding of the special election on School District Question 1 above shall be contingent upon the receipt of a positive Review and Comment from the Commissioner of Education on the projects included in that question. The clerk is hereby authorized and directed to cause the Commissioner's Review and Comment to be published in the legal newspaper of the school district at least twenty (20) but not more than sixty (60) days prior to the date of the special election as specified in paragraph 3 of this resolution. 3. Re: Independent School District #720
High School Sprinkler Repair Rebid
Commission No. 142140

Dear Mike:

On Tuesday January 28, 2015 at 2:00 PM we received bids for the Shakopee High School Sprinkler Repair Project. One bid was received from Morcon Construction Company, Inc. in the amount of \$205,000 for the Base bid and \$90,000 for Alternate No. 1 to replace the piping in the game gym. The budget for the project is \$200,000.

We have discussed the bid results with Morcon Construction and the fire protection contractors that were holding plans for the project. On bid day, we learned that four fire protection contractors provided sub bid numbers to Morcon in lieu of assembling prime contractor bids direct to the District. It seems that Viking Sprinkler was the "apparent low" at about \$180,000 for both the Base Bid and the Alternate. Because the project is predominately a pipe replacement project, our expectation leading up to bid day (and supported by discussions with the plan holders) was that the fire protection contractors would choose to submit as the prime contractor for the project. On bid day, they chose to only submit bids to Morcon.

In follow-up conversations, the fire protection contractors chose to simplify their role and not take on the project management. With many work opportunities to choose from, they preferred to stick with their typical role as a sub contractor. Work scope items related to specifications requiring floor protection and painting, were also noted as a tipping point in their decision.

We continue to believe that the most competitive pricing would be realized with the fire protection contractors taking on the role of prime contractor.

As the referendum planning has developed to now be focused on expansion of the existing High School, there is an opportunity to include the sprinkler repair work as part of the larger project. This approach would provide a more competitive pricing and allow the system to be designed specifically for any modifications to the gym areas that may result as a part of the new school's planning.

We are recommending the following:

1. Reject all bids.
2. Include the project into future referendum work at the High School.

Please call me if you have any questions.

Sincerely,

School Board & Advisory Council Update

Community Education

February 2015

Our 2015 summer catalog will be taken to the post office for mailing on Thursday, March 19.

We expect 2015-16 Stepping Stones Preschool registration to begin in late February/early March. We are currently in negotiations with the YMCA to provide us additional services at the CFC in 2015-16. Those services may include before and after school child care for our 4 year old 5-day program. Also, we currently plan to offer online registration beginning with the 2015-16 program year with this program

Driver's Education POI (Point of Impact) classes begin later this month at the Shakopee West Junior High School. February 15, March 15, and June 28 are the upcoming classes that meet from 7:00-8:30 p.m. The class meets at the WJH cafeteria and is free.

Shakopee Diversity Alliance & International Festival fundraising efforts for 2015 are now just beginning. Mayor Brad Tabke is helping with the fundraising committee contacts. Current plans for the 3rd Annual International Festival is for this event to be held on Friday, July 31 at Huber Park.

Youth Enrichment and Development

SADD

SADD high school students have been volunteering every other month at Emerald Crest, a memory care unit here in Shakopee. 6-8 SADD students sit with residents, chat and do crafts. It has been a great partnership for all. The SADD Winter Carnival is on Saturday, February 28 at Jackson Elementary School from 11:00 a.m.-1:00 p.m. Hermy the Clown will be there, and as will activities of crafts, games, food and prizes. SADD is also kicking off a "Cereal Drive" at the high school this month. Homeroom contests will help students bring in boxes and bags of cereal, which will be donated to Simpson Housing in Minneapolis and Shakopee Community Assistance (SCA), a new non-profit in Shakopee.

One Way

One Way kicked off its winter session on Friday, January 30. This free program for 6th graders provides a bus ride on select Fridays to the Enigma Teen Center. This winter's activities include a visit from a military veteran, a couple of service projects (making Valentine's Day cards for St. Gertrude's and making toys for an animal rescue group), ice skating, egg roll making party with 4-H, an award-winner pot/rapper and more. Ice skating continues to be the most requested activity. There are 13 students currently enrolled in the program.

Youth Orchestra

Our youth orchestra is underway! We have 13 individuals practicing each Saturday morning at the Pearson 6th Grade Center. We will have a "concert" on May 2. We are plotting out summer lessons and determining how we will enhance our orchestra offering for next fall in order to accommodate a wide range of students.

Other Classes

Other winter classes include Science at Work, Sinful Cinnamon Rolls, Amazing Adventures in Art, Chess Club, Spanish PREP, and more.

Summer Planning

Our summer planning is almost complete. I have met with the high potential team, and we are looking at partnering on some classes. We are most likely laying the groundwork to offer high potential classes in the summer of 2016, since our summer planning is essentially done for 2015. However, this year our summer youth enrichment team will label our classes with the Six C's tour class descriptions, and the HP team will help me appropriately code the classes. Some exciting classes include Camp Entrepreneurs, From the Page to the Stage, Cooking Around the World with 4-H, Woodworking, Math by Mail, to name just a few.

Please contact Jenny Ames at james@shakopee.k12.mn.us or 952-496-5027 with any comments, suggestions or recommendations on offerings or questions.

Adult Enrichment, Senior, and Parent Involvement

February continues to be a work-intensive month. Activities include monitoring enrollments and keeping instructors informed, recruiting and entering data for the summer catalog and preparing for the 10th Annual Daddy Daughter Dance.

As noted in last month's report, this year's Daddy Daughter Dance (Saturday, February 21 at the Shakopee High School) will have the "Frozen" theme. Each daughter will receive a gift bag of goodies, such as an Elsa/Anna pencil, and a stuffed animal. Within their goodies bags will be 8 Kindness Coins which can be spent on games and activities. Besides the Frozen-inspired menu of chicken tenders, French fries, blue jello, Olaf noses (carrots and dip) and a dinner roll, the "Cake Walk" game will feature "Frozen" decorated cupcakes for the winning daughters! Last year the stick horse tour of the high school hallway was a great hit. The stick horses became door prizes at the end of the evening. This year I have found a vendor who makes custom-made stick horses. So, we will have one Sven reindeer and one Anna Fjord horse as well as 5-6 unicorn (Toys R' Us) stick animals ready for the tour and exciting end-of-the evening door prizes. But, the most exciting element of all is that the Enchanted Frozen Princesses will be making guest appearances. We will be welcoming them to Shakopee!

Two notable 4-week adult classes are up and running this February. The first is sponsored by SCORE (South Metro Counselors to America's Small Business) called Start Your Own Business. Each week is also offered class (How to Start Your Own Small Business, Marketing Strategies and Ideas, Financial Management of Your Business, and Developing Your Business Plan). There were six participants for the first session – 4 full series and 2 individual class. Adding more excitement, we are using the new Town Square location for the sessions.

The second class is Make Your Own Lawn Art AND Learn How to Weld, taught by Shakopee's well-known industrial tech teacher, Todd Anderson. My Prior Lake-Savage colleague had inquired last summer about possibly jointly offering the class. We did just that this fall and winter. It has worked out nicely for everyone. Both classes filled.

**RESOLUTION RELATING TO THE ISSUANCE OF SCHOOL BUILDING
BONDS AND THE APPROVAL OF A CAPITAL PROJECT LEVY
AUTHORIZATION, AND CALLING AN ELECTION THEREON**

BE IT RESOLVED by the School Board of Independent School District No. 720,
State of Minnesota, as follows:

1. (a) The board hereby finds and determines that it is necessary and expedient for the school district to borrow money in an aggregate amount not to exceed \$102,500,000 and not to exceed any limitation upon the incurring of indebtedness which shall be applicable on the date or dates of the issuance of any bonds, for the purpose of providing funds for the acquisition and betterment of school sites and facilities, including the construction and equipping of additions and improvements to the existing Shakopee High School site and facility; the construction of improvements to outdoor facilities at District owned sites; the construction and installation of safety and security improvements to various district facilities; and the remodeling, repair, upgrading, renovation and construction of various improvements to other District facilities. The question on the borrowing of funds for these purposes shall be School District Question 1 on the school district ballot at the special election held to authorize said borrowing.

(b) The board also finds and determines that it is necessary and expedient for the school district to submit a capital project levy authorization to fund technology to the voters for their approval. The proposed authorization for technology will be in the amount of

5.837584% times the net tax capacity of the school district. The proposed capital project levy authorization will raise approximately \$2,500,000 for taxes payable in 2016, the first year it is to be levied, and would be authorized for ten years. The estimated total cost of the projects to be funded by the proposed capital project levy authorization is approximately \$25,000,000. The money raised by the capital project levy authorization will be used to provide funds for the acquisition and maintenance of technology and technology systems, and to pay the costs of technology-related personnel and training. The program will be commenced prior to May 1, 2020, which date is not more than five (5) years from the date of the special election authorizing the approval of the capital project levy authorization. The question on the approval of the capital project levy authorization shall be School District Question 2 on the school district ballot at the special election held to approve said authorization.

2. The actions of the administration in consulting with the Minnesota Department of Education, causing a proposal to be prepared for submission on behalf of the board to the Commissioner of Education for the Commissioner's Review and Comment and taking such other actions as necessary to comply with the provisions of Minnesota Statutes, Section 123B.71, as amended, are hereby ratified and approved in all respects. The actual holding of the special election on School District Question 1 above shall be contingent upon the receipt of a positive Review and Comment from the Commissioner of Education on the projects included in that question.

The clerk is hereby authorized and directed to cause the Commissioner's Review and Comment to be published in the legal newspaper of the school district at least twenty (20) but not more than sixty (60) days prior to the date of the special election as specified in paragraph 3 of this resolution.

3. The ballot questions specified above and herein shall be submitted to the qualified voters of the school district at a special election, which is hereby called and directed to be held on Tuesday, May 5, 2015, between the hours of 7:00 o'clock a.m. and 8:00 o'clock p.m.

The notice must include the following information: the date of the election, the hours of voting and the location of the voter's polling place. This notice may be in the same form as the notice of special election to be published and posted.

The clerk is hereby authorized and directed to cause written notice of said special election to be given to the county auditor of each county in which the school district is located, in whole or in part, and to the Commissioner of Education, at least seventy-four (74) days prior to the date of said election. The notice shall specify the date of said special election and the title and language for each ballot question to be voted on at said special election.

The clerk is hereby authorized and directed to cause notice of said special election to be posted at the administrative offices of the school district at least ten (10) days before the date of said special election.

The clerk is hereby authorized and directed to cause a sample ballot to be posted at the administrative offices of the school district at least four (4) days before the date of said special election and to cause two sample ballots to be posted in each polling place or combined polling place on election day. The sample ballots shall not be printed on the same color paper as the official ballot.

The clerk is hereby authorized and directed to cause notice of said special election to be published in the official newspaper of the school district, for two (2) consecutive weeks with the last publication being at least one (1) week before the date of said election.
