Principal's Report

IPG Training

I attended the IPG Training on March 20th in Beatrice. It is a new thing that will be required to provide information to the State of Nebraska when it comes to our Reading classes.

CLSD Meetings

Mr. Bird, Mrs. Ridpath, and I attended the latest CLSD Meeting. It focused a lot on what our Tier I, Tier II, and Tier III should look like moving forward. It will require a change in mindset from the way things are currently done.

Sports

Track Season is off and running, jumping, and throwing. From what I've heard we have had some success in both the JH and High School ranks.

Spring Play

The Spring Play was a success. It was very entertaining and our students did a great job.

Threat Assessment Team

Many members of the Threat Assessment Team attended a training via Zoom on March 19th. It focused on how to decide if a threat is credible and what steps to take if a threat is made. The Threat Assessment Team will be having their monthly meeting shortly.

Mike Donahue Presentation

Mike Donahue came and talked to K-3, 4-6, 7-8, 9-12, staff, and the public. It was a great message about valuing yourself and others. Each presentation was done at an age appropriate level.

Superintendent Report

Maintenance/Transportation: We have several facilities projects on our radar and want to share a quick update. One area we've been discussing is putting our hallways and classrooms on a schedule for carpet replacement. We are currently gathering bids for flooring in two high school classrooms, an elementary hallway, and a few remaining elementary rooms. While these won't all happen at once, we're looking at spreading the work out over the next three summers.

We are also talking about the possibility of replacing the concrete in front of the school, including the sidewalk and curb, along with the sidewalk on the west side of the building, possibly as early as this summer. There are some drainage issues under the current concrete, as well as a few areas that have become tripping hazards, so we want to address those concerns.

The playground is another place we're excited to improve. Our goal is to make it an even safer and more enjoyable place for students. Fixing the current drainage issues will be an important first step in that process.

We are also considering adding a loft in the back gym above the stage to help with storage. This would give us some much-needed space and help keep the stage area clean and organized.

All of these projects will be prioritized over the next few years based on what fits within the budget. Once the district finalizes the purchase of additional property, we're also exploring the option of adding a temporary storage container to help with current storage needs.

Lastly, we have posted a bus driver position for next school year. If you know someone who might be a great fit, we would love your help spreading the word!

Finance: Over the past seven months, district spending has increased by an average of 2.9% per month compared to last year. This includes all district expenses, and we are right where we want to be, as our goal is to stay between 3% and 4%.

In the coming months, the board will also consider transferring any remaining funds from the bond account—now that the bond has been paid off—into the general fund. This would allow those funds to earn a better interest rate and be used more effectively.

Spring Testing: Our junior class completed the ACT this past week—great job to those students! Students in K-8th grades are currently working through NSCAS state assessments or MAP Growth testing. High school freshmen and sophomores have completed MAP Growth testing. Thank you to our students, staff, and families for

supporting this important work. We look forward to reviewing the results and celebrating student growth once testing is complete.

We also want to give a big thank you to the staff who helped organize Prom. Their time and effort made it a special and memorable night for our students. We truly appreciate the continued support from our families and community who contributed to making it a special event.

We hope you all have a safe and enjoyable spring season! As always, please don't hesitate to reach out if you have questions or feedback—we're always happy to connect.

Grade Placement of Transfer Students

Subject to a determination on grade placement based on the criteria set forth below, a student transferring from an accredited school will generally be placed at the grade level that is comparable to the placement in the school from which the student is transferring. Temporary placement may be made until a student's records are received to verify the placement.

Elementary Level Students

The appropriate level of placement for elementary level students may be determined by, but not limited to, consideration of the following information:

- Chronological age.
- Previous public school or private school experience.
- Diagnostic test data.
- Achievement test data.
- Criterion referenced test data.

Secondary Level Students

The appropriate level of placement for secondary students may be determined by, but not limited to, consideration of the following information:

- Chronological age.
- Previous public school or private school experience.
- Standardized achievement test data.
- Criterion referenced test data.
- Final examination test data.
- Diagnostic test data.

A student transferring into the school district in grades 9-12 will be responsible for meeting all graduation requirements to earn a high school diploma. Credits earned in grades 9-12 at an accredited school will be counted toward high school graduation requirements. Credits from a home school and/or a non-accredited school will not be counted toward high school graduation requirements.

The district administration, in conjunction with the building principal, will determine the appropriate grade level/credit status of a student transferring from a foreign country.

The district will accept credits toward graduation that were awarded by an accredited school district and which, in the professional judgment of the administrative team, are sufficiently rigorous and comparable to the district's offered courses of study. A student transferring into the school district in grades 9-12 will be responsible for meeting all graduation requirement in order to be awarded a diploma from the district.

Students who transfer from an exempt (home) school and/or a non-accredited school may be awarded credits to be counted toward high school graduation requirements at the discretion of the building principal in consultation with the superintendent of schools. The principal will consider all of the factors listed above and will also consider the student's performance on the district's internal benchmark tests.

The district administration, in conjunction with the building principal, will determine the appropriate grade level/credit status of a student transferring from a foreign country.
