SPECIAL BUY AGREEMENT

THIS AGREEMENT is entered into by and between the Nebraska ESUCC Cooperative Purchasing ("Cooperative") and Family Zone Inc. ("Contractor"). Educational Service Unit Coordinating Council (ESUCC) was created in statute to coordinate the activities of Nebraska's 17 Educational Service Units. The Educational Service Unit Coordinating Council was created by LB 603 in 2007 and officially came into existence on July 1, 2008. Cooperative Purchasing is a Project of ESUCC that has been in existence since 1968 with the purpose of providing the Educational Service Unit (ESU) member school districts ("Members") of Nebraska an opportunity to secure the maximum procurement value through cooperative synergies. The Educational Service Unit Coordinating Council (ESUCC) Advisory group serves as the steering committee for new and future cooperative buys statewide under its direction. A chief executive officer coordinates the statewide purchasing agreement between educational service units and their school districts and other serviceable entities. The Director of Cooperative Purchasing manages the program with the guidance of the ESUCC, Advisory Board, and the Fiscal Agent. ESUCC serves 17 ESUs that provide a statewide network of educational opportunities to approximately 244 school districts and more than 325,000 students.

In consideration of mutual covenants, the parties agree as follows:

3. **Administrative Fee.** Contractor shall submit to the Cooperative as an administrative fee a sum equal to two percent (2%) of the total gross dollar volume, less freight of all goods and services and excluding annual support and maintenance purchased by the Cooperative, ESUCC, ESUs, and Members. This fee will be submitted to ESUCC on a quarterly basis beginning three months from the Effective Date of this Agreement for all transactions completed and paid during said quarter.

4. **Term.** This Agreement is effective on_January 1st_____, 2023 ("Effective Date") and shall continue until 12:00 midnight (CST) on __January 1st_____,, 2026, unless terminated earlier as provided by this Agreement or by law.

5. **Governing Law; Designation of Forum.** This Agreement is governed by and construed in accordance with the laws of the State of Nebraska. Any action to enforce this Agreement must be brought in the state or federal courts of the State of Nebraska. Mandatory and exclusive venue for any disputes shall be in Sarpy County, Nebraska.

C. Each party may terminate this Agreement by written notice if federal or state laws or rules are modified or interpreted in a way that the services are no longer allowable or appropriate for purchase under this contract or are no longer eligible for the funding proposed for payments authorized by this contract.

D. The Cooperative may terminate this Agreement, in whole or in part, by written notice to the Contractor and may regard the Contractor in default of this Agreement if the Contractor becomes:

G. Upon the termination for any reason or expiration of this Agreement, the Contractor promptly must return to the Cooperative all papers, materials and other property of the Cooperative then in its possession, including but not limited to all work in progress as is appropriate in its then existing form to the Cooperative.

The Contractor hereby waives and agrees to indemnify and save harmless the Cooperative, ESUCC, and the ESUs and their officials, agents, employees, and volunteers (hereinafter collectively referred to as "Indemnities"), against any and all claims of injuries, death, damage to property, liabilities, judgments, costs and expenses which may otherwise accrue against Indemnities in consequence of the granting of this Agreement or which may otherwise result therefrom.

B. The Contractor shall, at his or her own expense, appear, defend and pay all charges of attorneys and all costs and other expenses arising therefrom or incurred in connection therewith.

C. If any judgment shall be rendered against the Cooperative, ESUCC, or the ESUs in any such action, the Contractor shall, at his or her own expense, satisfy and discharge the same.

D. Any performance bond or insurance protection required by this contract, or otherwise provided by the Contractor, shall in no way limit the responsibility to indemnify and save harmless and defend the Indemnities as herein provided.

E. The Contractor's obligation to indemnify and save harmless any Indemnities will survive the expiration or termination of this Agreement by either party for any reason.

9. Insurance. Contractor shall secure and keep in force during the term of this Agreement the following insurance coverages from insurance companies or government self-insurance pools authorized to do business in Nebraska:

A. Commercial general liability, including premises or operations, contractual, and products or completed operations coverages (if applicable), with minimum liability limits of $1,000,000 per person and $5,000,000 per occurrence; and

B. If applicable, workers compensation coverage meeting all statutory requirements.

The Contractor shall furnish a certificate of insurance to the undersigned Cooperative representative prior to commencement of this Agreement. Failure to provide insurance as required in this agreement is a material breach of contract entitling the Cooperative to terminate this Agreement immediately.

10. Public Records. The Contractor acknowledges that the Cooperative, ESUCC, ESUs, and Members must comply with Neb. Rev. Stat. § 84-712 through § 84-713 and release public records as defined law upon request, which may include this Agreement and all records created and maintained in relation to this Agreement.

11. Publicity. The Cooperative does not endorse the goods or services of the Contractor. Except for listing the Cooperative as a client during the term of this Agreement, news releases or other publicity concerning this Agreement must not be made by the Contractor without the prior written approval of the Cooperative.

12. Drug/Alcohol/Tobacco/Weapons Free Workplace. The Contractor and all subcontractors, if any, shall not manufacture, sell, distribute, dispense, possess or use controlled substances or marijuana, as defined by Nebraska law, during the performance of this Agreement while on Cooperative, ESUCC, ESU, or Member premises or at Cooperative, ESUCC, ESU, or Member related functions. The Contractor and all subcontractors, if any, shall not possess any weapon, as defined by Nebraska law and the federal "Drug-Free Schools Act," on Cooperative, ESUCC, ESU, or Member property or at Cooperative, ESUCC, ESU, or Member related functions. The Contractor and all subcontractors, if any, also shall adhere to all Cooperative, ESUCC, ESU, and Member policies and regulations that prohibit the possession, distribution, sale, dispensation, or use of any alcohol or tobacco products while on Cooperative, ESUCC, ESU, or Member premises or at Cooperative, ESUCC, ESU, or Member related functions. Failure to comply with this provision may be considered a material breach. The Cooperative may suspend or terminate the Contractor, subcontractor, or both if it violates these laws, regulations, or policies or this provision.

13. Nondiscrimination. The Contractor and all subcontractors, if any, shall not discriminate against any employee or applicant who is to be employed for performance of this Agreement with respect to his or her hire, tenure, terms, conditions, or privileges of employment, because of his race, color, religion, sex, disability, or national origin.

14. Independent Contractor. Contractor is an independent contractor under this contract and is not a Cooperative, ESUCC, ESU, or Member employee for any purpose. The Contractor retains sole and absolute discretion in the manner and means of carrying out Contractor's activities and responsibilities under this Agreement, except to the extent specified in this Agreement.

15. Employment Eligibility Verification. The Contractor shall use a federal immigration verification system to determine the work eligibility status of employees hired on or after October 1, 2009 and who are physically performing services within the State of Nebraska. SCOPE OF GOODS OR SERVICES TO BE PROVIDED TO MEMBERS

Linewize is the fastest growing student safety suite in America. Linewize combines world leading technology with world leaders in online safety education, IT administration, teaching and student safeguarding. Our mission is to help schools, students and families develop better digital habits and safer communities.

Hybrid Cloud Filter: Cloud Managed, hardware-optional, scalable, multi OS supporting content filter.

With our filter, School Manager, we identified the pro's and con's of both types of deployments. We deliver a balanced solution that allows technical staff to dive deep and have granular control when they need it, but experience the benefits of cloud management and high level reporting to delegate and enable other departments to gain value from the platform. It helps IT enable curriculum, instruction, and student safety departments to leverage data and some control without affecting compliance and performance of the network.

Classroom Management: Providing screen and content visibility of all devices in class, including BYOD and personal devices.

In addition to our hybrid filtering solution, we offer a comprehensive classroom management system. With our classroom management software, teachers can see exactly what students are working on in real-time. More importantly, teachers can proactively decide how the Internet and apps are going to be used for today's lessons. One teacher can lock his or her students into an online exam to ensure testing fidelity, while another teacher can choose a completely different set of sites. Passing this level of control down to the teacher ensures students are avoiding online distractions like games and streaming sites. It also lessens the burden on the IT department.

Student Safety Monitoring: Utilizing a combination of AI and a team of highly trained human moderators, it's the most advanced K-12 student threat detection tool available.

With Linewize Monitor, there is no need to worry about what students are doing digitally. We will assess your students' online behavior for risks and alert you by phone to any students we believe are in danger, providing a body of evidence to either share with parents, discuss with the student and/or to help decide the most appropriate support.

Linewize - Pulse - A wellbeing analytics platform that checks in with students and staff for their needs, material, mental health, home, and more. It allows students to ask from a teacher, counselor, adult, or other person within the network the school district provides. It's proactive

student safety that provides analytics to district decision makers that are in charge of student outcomes.

Digital Safety Education: Providing cyber safety education and tools, including a parent app, to engage your school community.

You'll also find that we go beyond technology with our community program, professional development support, and our desire to combine products for safe student outcomes. We understand that student mental health and parent involvement is at an all time high. It is for these extremely important reasons that we provide unique tools to engage and educate your parent community. We provide them with a window into their child's online world with guidance on how to navigate a personal approach to digital parenting.

Committee Report

PROJECT NAME: Digital Learning, Distance Learning, and Communication

PROJECT DIRECTOR: Andrew Easton

REPORT PERIOD: November & December 2022

COMMITTEE REPORT: DIGITAL LEARNING COORDINATOR

TLT and Blended Learning Efforts and Collaboration

- **The Social Studies + TLT Special Project** has secured funding from NDE for the next two summers. This will allow us to be iterative with this effort, which brings with it the following benefits.
    - An opportunity for past participants to reflect, revise, grow, and continue to build resources.
    - New professional learning for new participants.
    - An expanded repository of exemplar units.
    - A broader range of SS standards will be addressed.
    - Spiraling curriculum can also now be established.
    - The educators at the C3 Framework site just sent us a link to an asynchronous online training for any social studies educator interested in learning more about the inquiry model for instruction. This link will take you to our ESUCC video playlist from last summer's online training.
    - ****No TLT Special Project at this time.***

- **The Blended Learning Workgroup** took several strides in living out their new purpose statements…
    - SDA strategists will invite TLT members to the SDA Connect session when it makes sense to do so.
    - SDA and TLT will jointly attend Jacqui Garrison's Computer Science and Technology Education Act guidance session on 1/10/23.
    - SDA will inform its members of the timeframe during which TLT is discussing the robotics purchase and the implementation of those solutions so interested members can attend that conversation.
    - Leading/creating episode #3 of the What's N.E.X.T. with Blended Learning live show 11/29/22 hosted by Jody Bauer (ESU 11) and Eileen Heller (ESU 3) with special guest Jason Everett (ESU 10)
        - November's episode highlighted how UDL and Blended Learning work in tandem. This is a precursor to a future

conversation where these strategies are viewed as a MTSS Tier 1 support.

- **The Digital Citizenship Symposium** launched on 10/17/22. Marketing and promotion for this effort included…
    - A Podcast Episode
    - A Graphic (for websites and social media)
    - A Live Show (across our social media pages)
    - Video Content Editing
    - The Design and Purchase of Promotional Stickers
    - Our January What's N.E.X.T. with Blended Learning live show on 1/31/23 will highlight Digital Citizenship and point people to the resources and contest on our bit.ly/NEDigCit site.
        - There are conversations about how best to share these resources out given that Digital Citizenship is one of five central tennents of the Comp Sci & Tech Ed Act.

- **Robotics Purchase & Computer Science and Technology Education Act**
    - **Robotics Purchase:** Through collaboration with PITSCO, we are creating two tiers of supports for those who made robotics purchases.
        - **Tier 1 Deliverable 1:** Landing Page on Pitsco.com that will serve as the information and support HUB for this project. This will include curated content for items specific to the GEER Project.

          This will also include details about:
            - How to get support from Pitsco (Order Support, Product Support, Preston Frazier),
            - Highlight videos from our video gallery,
            - a recorded version of the Webinar referenced in Tier 2
            - Point to Digital E-Learning Courses

          Deliverable 2: Email sent from Pitsco to those that received items to promote the use of the resource.

          Date: The plan is for this to Go-Live prior to NETA Conference in Mid-March. Looking at early February Delivery.

        - **Tier 2 Deliverable 1:** Pre-Recorded Collaborative Webinar to include stakeholders from Pitsco Education and ESUCC. This would be focused more on implementation once the teachers know how to get started with the specific solution.
            - **Pitsco Stakeholders Required:** Preston, Steff, Jake, Aubrey and Tim

- **ESUCC Stakeholders Required:** Jason Everett, Eileen Barks,

Date: Record in January (Week of January 16th?), include in promotion of Tier 1

- **Computer Science and Technology Education Act**
  - Actively supporting the messaging (podcast) and professional learning (SDA & TLT collaboration) around this effort.
  - Distance learning and the robotics pieces can play a role.

- **The #SocialPD Stories** team will meet on 1/10/23 to discuss revamping the initiative and also how those are pieces are shared.
  - In December, we shared the latest story from Deidre Amundsen of ESU 13 on Why Active Learning Matters in the Classroom

Distance Learning, NVIS, and VFT

- Progress on the NVIS update continues through Scott Isaacson and our programming team.
- Met with the administrative team at Westside Community Schools to look at potential distance learning opportunities and/or their development of asynchronous learning experiences in the area of computer science to address Comp Sci & Tech Ed Act requirements.

The Canvas Consortium

- Shara Johnson and I will be recording an upcoming episode of the podcast promoting the Canvas Consortium. This conversation will involve a principal and a classroom teacher who will share how Canvas ismore than a Covid-time solutions - it's an everyday platform for 21st-century teaching and learning. Furthermore, the window to get in at the statewide-buy pricing is closing so we will be communicating that via the pod.

Scott Isaacson Staff Report

January, 2023

Governor's Emergency Education Relief (GEER)

GEER I funds are in their liquidation period. The last funds will be transferred to the ESUCC this month and distributed to schools, ESUs and vendors to complete payment of the eduroam, broadband expansion reimbursements and robotics purchases.

We are negotiating with the Governor's staff regarding use of some GEER II funds for additional robotics purchases.

Future Ready Digital Learning Collaborative (FRDLC)

Duo Security is a multi-factor authentication solution which emerged as the leader from an ESU 3 and NOC selection process. Due to the timing of available funds, 10,000 Duo Security licenses have been purchased, with the license period to begin in April, 2023, timed for schools summer rollout. The cost-sharing, sustainability "ramp" concept will be used again and will be calculated. The first year will be at low or no cost, second year with the school picking up about ⅓ of the cost, and third year with the school picking up about ⅔ of the cost. With this information, a sign-up period will be opened later in January for school and ESU participation. Duo has a multi-tiered administration capability so that ESUs and schools may administer their own settings and ESUs may assist schools in setting up and administering their licenses.

With GEER funding set and Innovation Network funding unknown, no new projects are planned in the immediate future. The FRDLC group continues to watch for opportunities to meet the needs in the areas of infrastructure, privacy and security, high quality digital content, data interoperability, and support.

Cyber Security

The ESUCC legislative committee along with Bromm and Associates is drafting a legislative proposal to create an education cybersecurity plan and team.

Ten ESUs have agreed to participate in the Nebraska Cybersecurity Network and it will have its initial meeting later this week.

The Nebraska Infrastructure Investment and Jobs Act cyber security grant committee continues to meet and define its work and processes. The web site https://slcg.nebraska.gov/ has been created to provide information and updates on the process. The committee will meet again on January 12, 2023 to discuss a draft of the statewide cybersecurity plan and the application and review process for sub-grant funds. It appears that the emphasis for the first year of funding will be toward assessment projects to determine where schools, cities, counties and other governmental subdivisions are in their cybersecurity preparedness and where gaps and needs exist. Applications are not being accepted yet, but probably will begin in the first quarter of 2023. First year funding could begin flowing to sub-grant recipients in the summer of 2023.

SRS

Our contractor X-Eqt continues work on the updated code and database for SRS. This work will be ongoing throughout this school year and will be released in the Summer of 2023.

We continue to examine the ADVISER reporting process and ways to make this experience smoother for SRS users. Integrations/interfaces which can synchronize data between SRS and student information systems seems to be one key improvement to forewarn of and prevent reporting errors in ADVISER.

b) The Contractor is to be paid the following expenses at the rates specified and not to exceed the total amount stated below (state "not applicable" if appropriate). Any expenses that NDE will pay through direct billing must be identified separately. (*Although payments for direct-billed expenses are not made directly to the contractor, the amount is to be included in the total of expenses for NDE accounting purposes*.)

Not Applicable.

4) FICA/EXEMPT STATUS; (FICA determination may be made by the LCM, or will be made by HR by checking **ONE** of the following paragraphs. Exempt/Nonexempt determination will be made by HR by checking **ONE** of the following paragraphs. **Only the paragraph checked applies to this contract.)**

__ **Employer/Employee Relationship:**
This Contract creates a temporary employer/employee relationship between the Contractor and NDE. Federal law requires that NDE, as employer, make an employer's FICA (Federal Insurance Contribution Act) contribution to the employee's FICA account. To accomplish this contribution, contract payments by NDE to the Contractor are made through the State of Nebraska Central Payroll system. This system deducts Federal Income Tax, State Income Tax, and FICA plus makes the NDE employer contribution to the Contractor's account. The Contractor further agrees that to facilitate this requirement the Contractor will complete any payroll forms required.

- ❑ Eligible for overtime compensation for any hours actually worked in excess of 40 in a workweek. Compensation may either be paid at one and one-half times the hourly rate or may be granted as compensatory time off at the rate of one and one-half hours off for each hour worked. **No overtime may be worked without the written approval of the Leadership Council Member.**
- ❑ Not eligible to earn overtime.

_X_ **Independent Contractor:**
This Contract does not create an employer/employee relationship between the Contractor and NDE. It is the parties' intention that the Contractor be an independent contractor and not an NDE employee for all purposes, including, but not limited to, the application of the Fair Labor Standards Act minimum wage and overtime payments, Federal Insurance Contribution Act, the Social Security Act, the Federal Unemployment Tax Act, the provisions of the Internal Revenue code, any Nebraska revenue and taxation law, the state workers' compensation law, and the state unemployment insurance law. The Contractor agrees it is a separate and independent enterprise from NDE, that it has a full opportunity to find other business, that it has made its own investment in its business, and that it shall utilize a high level of skill necessary to perform the work. This agreement is not to be construed as creating any joint employment relationship between the Contractor and NDE, and NDE will not be liable for any obligation incurred by the Contractor, including, but not limited to, unpaid minimum wages and/or overtime premiums.

5) BENEFITS: *(Applicable only if this contract creates a temporary employer/employee relationship per Section 4).*

Health Insurance: Contract employees who have a work assignment of at least six months' duration and who work at least twenty (20) hours per week may purchase health insurance through the Nebraska State Insurance Program as provided by law (see Neb.Rev.Stat. §84-1601).

Retirement: Contract employees are not eligible to participate in the state retirement programs.
Vacation and Sick Leave: Contract employees are not entitled to accrue vacation or sick leave. No leave time is provided by contract employees beyond the terms of the contract, which specifies the employee's work hours and corresponding salary.

6) STANDARD ADDENDA: NDE and Contractor agree to comply with the provisions contained in the attachment labeled: "Standard Addenda to NDE Contract". The terms of the attached "Standard Addenda to NDE Contract" are incorporated into this Contract, as if fully set forth herein.

7) FEDERAL IMMIGRATION VERIFICATION SYSTEM REQIREMENT:

The Contractor is required and hereby agrees to use a federal immigration verification system to determine the work eligibility status of new employees physically performing services within the State of Nebraska. A federal immigration verification system means the electronic verification of the work authorization program authorized by the Illegal Immigration Reform and Immigrant Responsibility Act of 1996, 8 U.S.C. 1324a, known as the E-Verify Program, or an equivalent federal program designated by the United States Department of Homeland Security or other federal agency authorized to verify the work eligibility status of a newly hired employee.

2. *If the Contractor indicates on such attestation form that he or she is a qualified alien, the Contractor agrees to provide to NDE the US Citizenship and Immigration Services documentation required to verify the Contractor's lawful presence in the United States using the Systematic Alien Verification for Entitlements (SAVE) Program. Receipt of this documentation is required for this contract to be effective.*

The Contractor understands and agrees that lawful presence in the United States is required and the Contractor may be disqualified or the contract terminated if such lawful presence cannot be verified as required by Neb. Rev. Stat. §4-108.

United States Citizenship Attestation Form

For the purpose of complying with Neb. Rev. Stat. §§ 4-108 through 4-114, I attest as follows:

c) The contractor and/or speakers will clearly distinguish their personal opinions from NDE positions.

X. Copyright. NDE retains the right to copyright any materials produced under this Contract unless otherwise provided in this Contract. If the contract is federally funded, the federal awarding agency reserves a royalty-free, nonexclusive, and irrevocable license to reproduce, publish or otherwise use, and to authorize others to use, for Federal Government purposes: (a) The copyright in any work developed under the contract, and (b) Any rights of copyright to which NDE purchases ownership with federal funding support.

XI. Confidentiality. The Contractor agrees that any and all information gathered in the performance of this Contract, either independently or through NDE, shall be held in the strictest confidence and shall be released to no one other than to NDE without prior written authorization of NDE. XIV. Contractor Indirect or F&A Costs. Reference Federal the applicable Federal OMB Circular.

XV. Assignability. The Contractor agrees not to assign or transfer any interest, rights, or duties in this Contract to any person, firm, or corporation without prior written authorization of NDE.

XVI. Amendment. This Contract may be amended at any time in writing upon the agreement of both parties.

XVII. Cancellation. Except as otherwise provided herein, this Contract may be canceled by either party with thirty (30) days written notice. Settlement for such cancellation shall be negotiated between the parties based upon specified deliverables completed by the Contractor and accepted and usable by NDE. Settlement shall be based on the date of termination notice if the Contractor initiates termination or the identifiable percentage effort expended by the Contractor if NDE initiates termination.

Contracts that create an employer-employee relationship may be cancelled immediately by NDE in the event that: (a) NDE determines that the results of any background checks reveal information about the contractor that NDE determines is an unacceptable result for the continuation of the employment relationship; (b) NDE determines that the contractor engaged in any behavior or activity that is cause for termination of employment under the NDE Personnel Rules; or (c) NDE determines that the contractor has failed to perform satisfactorily.

XVIII. Breach of Contract. If the Contractor breaches this Contract, NDE may, at its discretion, terminate the Contract immediately upon written notice to the Contractor. NDE shall pay the Contractor only for such performance as has been properly completed and is of use to NDE. NDE may, at its discretion, contract for provision of the services required to complete this Contract and hold the Contractor liable for all expenses incurred in such additional contract over and above the total cost of performance set forth herein at Paragraph 3 of this contract. This provision shall not preclude the pursuit of other remedies for breach of contract as allowed by law.

XIX. Unavailability of Funding. Due to possible future reductions in State and/or Federal funds, NDE cannot guarantee the continued availability of funding of this Contract notwithstanding the consideration stated above. In the event funds to finance this Contract become unavailable, either in full or in part, due to such reductions, NDE may terminate the Contract or reduce the consideration upon notice in writing to the Contractor. The effective date of such Contract termination or reduction in consideration shall be the actual effective date of the elimination or reduction of funding. In the event of a reduction in consideration, the Contractor may cancel this Contract as of the effective date of the proposed reduction upon the provision of advance written notice to NDE.

XX. Governing Law. This contract is governed by and subject to the laws of the State of Nebraska.

XXI. Proprietary Information. The contents of this contract, and all documentation provided therein, become the property of the State of Nebraska and the data becomes public information when the contract is executed. Per Neb. Rev. Stat. §84-602.02(3)(a), beginning July 1, 2014, a copy of all state contracts active on or after January 1, 2014 that are the basis for an expenditure of state funds will be publicly available on a web site maintained by the Nebraska Department of Administrative Services. The web site data base will also include any amendments to such contracts and any documents incorporated by reference in such contracts. The web site will also contain a data base that includes copies of all expired contracts which were previously included in the data base of active contracts. If the contractor wishes to have any information withheld from the public, such information must fall within the definition of proprietary information contained within Nebraska's public record statutes. All information in this contract that the contractor believes constitutes proprietary information that it wishes to have withhold from the public must be described in writing together with the basis for that belief and submitted to NDE prior to the time this contract is executed. Contractors may not have the entire contract deemed as proprietary. Contract amounts are not proprietary information. Failure of the contractor to follow these instructions regarding proprietary information may result in the information being viewed by other businesses and the public. Proprietary information is defined as trade secrets, academic and scientific research work which is in progress and unpublished, and other proprietary and commercial information which if released would give advantage to business competitors and serve no public purpose (see Neb. Rev. Stat. §84-712.05(3)). In accordance with Attorney General Opinions 92068 and 97033, contractors submitting a written statement that information is proprietary may be required to prove specific, named competitor(s) who would be advantaged by release of the information and the specific advantage the competitor(s) would receive. Although an effort may be made to withhold information that is properly submitted as proprietary and meets the State's definition of proprietary information, the State is under no obligation to maintain the confidentiality of proprietary information and accepts no liability for the release of such information.

XXII. If the contract does **not** establish an employer/employee relationship and the Contractor is a non resident of the State of Nebraska and is maintaining an office or transacting business within Nebraska and is to receive a monetary consideration beyond expenses or multiple monetary considerations, totaling more than $600, the contractor must obtain a W-4NA form from NDE. The contractor must complete the W-4NA form, and submit the form with their invoice. If the contract specifies multiple payments are to be made to the contractor, a W-4 NA form must be submitted with each invoice and request for payment.

XXIII. Force Majeure If the performance of either party of any obligation is prevented, restricted or interfered with by causes outside such party's reasonable control, and the party is unable to carry out its obligation(s) and provides the other party prompt written notice thereof, the obligation(s) of such party shall be suspended or cancelled effective immediately to the extent necessary as a result of such event. Events include without limitation acts of God, fire, explosion, health epidemic or pandemic, storms, national emergencies, and riots & war. Settlement for such cancellation shall be as described in clause XVII.

SRS Report

January, 2023

Our contractor X-Eqt continues work on the updated code and database for SRS. This work will be ongoing throughout this school year and will be released in the Summer of 2023.

We continue to examine the ADVISER reporting process and ways to make this experience smoother for SRS users. Integrations/interfaces which can synchronize data between SRS and student information systems seems to be one key improvement to forewarn of and prevent reporting errors in ADVISER.

The SRS Advisory team is making outreach to district who do not use SRS to check the possibility of them coming into SRS, or to receive feedback and comparison data on their alternate systems.

Coop Directors report to ESUCC Board
submitted by: Craig Peterson
January 10, 2023

1. **Annual/Paper Buy**
    a. **Definition of the Annual Buy:** This is a line item bid were vendors are awarded by line item. If there is a tie for the bid price then a Nebraska vendor wins over an out of state vendor, otherwise it goes to a coin flip. Bids are sent to registered vendors nation-wide in October. Bid Awards announced in December and January, catalogs with over 4,200 items are published and distributed schools/members in February. The orders are then aggregated by address (all teacher/staff orders for items are aggregated into one line item per address) and sent to vendors in March and April and merchandise is delivered to the Cooperative members during May through July. The product categories offered are as follows: Electronics and Related Supplies, General Supplies, Furniture, Copier Paper, Maintenance-Shop Supplies, Health & Safety Supplies, Athletic Equipment & Supplies, Hot Lunch Equipment & Supplies, Science Equipment & Supplies, and Art Equipment & Supplies.
    b. **2023 ESUCC-Annual Buy**
        i. **2023 Annual Buy Key dates for Schools,**
            1. **Paper Buy Catalog Opens - February 2, 2023**
            2. **Paper Buy Order Deadline Schools/Members – March 9, 2023**
            3. **Annual Buy Catalog Opens - February 16, 2023**
            4. **Annual Buy Teacher/Staff deadline – April 6, 2023**
            5. **First Day for 400 Paper delivery – April 11, 2023**
            6. **First Day for Annual Buy delivery - May 23, 2023**
            7. **Delivery Deadline for 400 Paper - June 14, 2023**
            8. **Delivery Deadline Annual Buy Items - July 24, 2023**
        ii. On December 12-15 the ESUCC Coop staff awarded the Annual Buy items in 9 of the 10 bid categories. The 100 Technology section is being awarded today and tomorrow. (Note Priscilla and Colleen were dealing with a major snow storm during this time and continued to award items from home).
        iii. We will begin to build the catalog this week.
        iv. We did see a majority of items having price increases again for the second year in a row but we also had a number of items and vendors that held prices at last year's costs.
        v. Absent Vendors that previously bid last year include: Pyramid School Supply, Computers Etc.
        vi. Returning Vendors that had previously bid include: Acco, Cannon Sports, Flinn Scientific,
        vii. New Vendors: Stive AV (possibly if they respond to the 100 Electronics section)
        viii. **Annual Buy Concerns**
            1. On December 6th our second largest Annual Buy vendor Pyramid School Supplies called and notified us that they did not plan on bidding this year. Reasons given included:
                a. Cost of Freight & Labor

i. Being located in Florida they spent over $95,000 in freight this last year to ship the ESUCC AB orders
    1. This was impacted by high diesel costs and their location
ii. Labor cost to manually process ESUCC orders. All orders have to be input by hired staff
iii. They brought in $82,000 on our orders then paid ESUCC $27,000 leaving $55,000 to pay the cost of staff to respond to the bid, process orders, and invoice schools.
    1. 5% Admin fee paid to Coop

b. Supply Chain issues - late delivery from supply chains and the timeline ESUCC has with penalties applied for late delivery
c. Many schools don't process orders until after the deadline so any freight issues fall on Pyramid to cover if not reported within days of receiving.
d. Losing money on this bid
e. Larry Miller, the owner of Pyramid did share that their niche market is responding to bids that ship to large warehouses (the old Nebraska Coop model shipping to ESUs, 10-15 years ago.
f. Facts About Pyramid School Supplies
    i. One of, if not the oldest participating vendor Coop had
    ii. Second largest vendor (exempting the Copier Paper Buy) for the 2022 Annual Buy catalog.
    iii. Only Innovative Office had more sales, $773,956.51 in 2022
    iv. Total sales for Pyramid was $558,739.99 in 2022
    v. Next ranking vendor in sales was National Art School Supplies at $253,186.71
g. Larry did say to keep them on the list for notifications, they may be back.

2. On December 7th I spoke with the Staples Advantage representative to see what their plans were hoping they could fill a void. She shared that they did not plan on responding to the bid sections other than the Copier Paper bid. This was the second year in a row that they did not respond. Similar reasons were given with not knowing when and if price increases would come. They had already received price increases from all of their Manufacturers and because of the volatility of the market felt it best not to bid this year.
3. On December 20th Lori Nelson owner of Computers Etc. sent an email letting us know her intentions of not responding to the 100 Electronics & Supplies section of the bid. Reasons given where:
    a. Returned to teaching prior to COVID and closed her store front but continued to respond to the bid.
    b. COVID forced her to close her store that employed 15 staff.

c. Husband recently retired and decided now was a good time to permanently close her business to spend time with grandchildren.
