8. **\*\*CLOSED SESSION: If, during the course of the meeting, discussion of any item on the agenda should be held in a closed meeting, the board will conduct a closed meeting in accordance with the Nebraska Open Meetings Act.**

9. **\*\*SEQUENCE OF AGENDA: The sequence of agenda topics is subject to change at the discretion of the board.**

**2009**  
**Public Participation at Board Meetings**

The board of education shall conduct its meetings in accordance with the Nebraska Open Meetings Act.

The board shall make reasonable efforts to accommodate the public's right to hear the discussions and testimony presented at its meetings. The board shall make available at the meeting, for examination and copying by members of the public, at least one copy of all reproducible written material to be discussed in open session of the meeting.

Except for closed sessions, the board will allow members of the public an opportunity to speak at each meeting. The board may make and enforce reasonable rules and regulations regarding the conduct of persons attending, speaking at, videotaping, photographing, or recording its meetings.

The board shall not require members of the public to identify themselves as a condition for admission to the meeting, nor shall such body require that the name of any member of the public be placed on the agenda prior to such meeting in order to speak about items on the agenda. However, the board shall require members of the public desiring to address the board to identify themselves, including an address and the name of any organization represented by such person unless the address requirement is waived to protect the security of the individual.

## **PUBLIC PARTICIPATION**

INSTRUCTIONS FOR MEMBERS OF THE PUBLIC WHO WISH TO SPEAK:  
This is the portion of the meeting when members of the public may speak to the board about matters of public concern.

- **Getting Started:** When you have been recognized, please stand and state your name.
- **Time Limit:** The board will generally allow a total of 30 minutes for the presentation of all public comments. Individuals may speak only one time, and must limit comments to around 5 minutes. If there are more than 6 individuals who wish to address the board, the 30 minutes will be divided equally between the number of speakers. These time limits may be changed by a majority vote of the board members in attendance to extend the time for a specific item or speaker.
- **Personnel or Student Topic:** If you are planning to speak about a personnel or a student matter involving an individual, please understand that the district has a complaint policy and/or procedures to resolve such complaints and concerns. The Board requests that you follow the policy and procedures before addressing these matters with the Board. Board members will generally not respond to any questions you ask or comments about individual staff members or students.
- **General Rules:** This is a public meeting for the conduct of business. Comments from the audience while others are speaking will not be tolerated. Lewd, obscene, profane, slanderous, threatening and hostile conduct or statements and fighting words (words whose mere utterance entails a call to violence) will not be tolerated.
- **No Action by the Board:** The board will not act on any matter unless it is on the published agenda.

Attendees: ~~Alicia Beavers~~ Brandon Marquez ~~Cindy Stone~~ Cole Brodine Kim Beran  
Ryan Martin ~~Terah Williams~~

### Notes

- Discuss **Football Lights**
  - Voss Lighting \$262,875, probably won't have them in by the fall
    - Voss Lighting Budget
    - Voss Poles
    - Voss Lights
  - Techline Lighting \$259,900, can have the lights installed by this fall
    - Techline Lighting Quote
  - Mike Brown, we are still waiting on a bid. He is waiting on NPPD to answer some questions about the poles
    - Replace all poles? Height of poles (higher)? Different lights (bigger watts)?  
Supply a controller to replace the breaker/switch?
  - Step back & do a RFP, invite Dusty to a meeting
- Discuss **Bus Barn**
  - Cindy and I met with Ed in regards to renting more space at the bus barn. The yearly cost to rent all of it would be **\$9,200**. We currently pay \$5,700. I have invited Cindy to join our committee meeting on May 20th to discuss further so a decision can be made at the June board meeting.
  - The last quote I have from Davis was \$950 a month, plus gas (average \$2200 a year for gas).  $950 \times 12 = \$11,400$  for rent. So rent & gas approximately **\$13,600** a year (around 6620 sq ft).
- Some of the **Summer Projects**
  - Lights in library, not working properly
  - Roof, begin staging this week, actual roof work the following week
  - Bleachers, currently in progress
  - Painting locker rooms
  - Move fence by greenhouse
  - Painting the siding by the kitchen
  - Replacing restroom partitions
  - Main gym screen & recoat week of June 22nd
  - Vintage gym sand & refinish (I believe the same week as the main gym)
- **Balances on Accounts** as of the May Board Meeting
  - GF = approx. \$1.6 million
  - DF = approx \$650,000 with CD transfer

- SBF = approx \$850,000 with Elem Bldg transfer
- District has spent approx 55% of the GF budget

    - Shelly from Anderson Bros. said it won't be a problem to turn the completed checklists in
- Electric Bus Opportunities - at this time, I'm not recommending these options
  - **1. Three bus project from the EPA Rebate Round:** Highland received a rebate award of \$1,035,000 to deploy three electric buses and associated charging stations. The original district is no longer able to move forward and the EPA will allow us to partner with a new district within Nebraska to implement the project. As your project partner Highland would provide the upfront cost share required to build and implement the project. The district would then pay a fixed-annual service fee that encompasses all aspects of operating and maintaining the buses.
    - A helpful next step would be for your transportation department to complete the attached form with more info about your current fleet. This will allow our team to provide an indicative pricing proposal to outline the longterm costs of operating the electric buses.
    - If the indicative pricing is of interest, we can schedule time for our team to visit your bus depot along with your electric utility to get more detailed information on the infrastructure upgrades.
    - Ultimately, our goal is for the long-term operating costs of the electric buses to be cheaper than the total cost of ownership of traditional diesel buses.
    - In the meantime, our website [provides a brief overview of our public-private partnership model](#) and a [list of districts we are partnering with across the country](#).
  - **2. Upcoming EPA Competitive Grant Opportunity:** This summer the EPA will open another competitive grant round. The specific funding amounts and program guidelines have not been released, but we are encouraging districts to begin analyzing their fleets and vehicle replacement schedules to prepare for the application window. I have attached a short flyer about the program.

- Update on Vehicle Mileage from Cindy
  - I finally have the bus miles figured for NDE that I wanted to share with you. For activity miles we had 13,921, route 22,125, non-pupil 918, SPED 0 for a total of 36,964 miles. We drove the buses 3697 more miles in the 2025-2026 school year. We truly do have vehicles on the road all the time!

<b>2026</b>	<b>2025</b>
Bus 13: 7284 total	2025: 8004

I'm moving on to work on the van mileage.

### Antisemitism Executive Order Legal Analysis

*Governor Pilleen recently issued Executive Order 26-14 related to discrimination and harassment against the Jewish Community. NCSA asked Mr. Justin Knight, Perry Law Firm, to analyze the Order on behalf of our members.*

---

*by Justin Knight, Perry Law Firm*

Last Friday, Governor Pilleen signed [Executive Order 26-14](#), which (in part) condemns discrimination and harassment against the Jewish Community. Some media outlets have characterized the Order as imposing significant obligations on Nebraska school districts. Yet, a closer reading suggests the Executive Order carries less legal weight than initial reports may indicate.

At the outset, the Executive Order "directs" the Nebraska Department of Education to monitor and implement measures aimed at eliminating antisemitism in Nebraska schools. Although that directive may reflect a worthy policy concern, the Nebraska Constitution vests authority over NDE in the State Board of Education—not the Governor's Office. As a result, the Executive Order's directives to NDE are, in reality, more of a request than a mandate. The Order itself appears to reflect this limitation by stating that NDE "is requested" to take certain actions. That said, the State Board of Education could adopt or ratify the Executive Order and instruct NDE to follow its terms. Absent that ratification, the Executive Order's legal basis for requiring NDE to comply remains unclear.

The Executive Order also requests that NDE report "all incidences of harassment or discrimination against students or employees that is motivated by or includes antisemitic intent . . ." The Order does not explain how schools must report such incidents or how schools should determine antisemitic intent in disputes involving religious issues. Any reporting framework would, presumably, require NDE guidelines, parameters, and reporting framework, though the Order does not specify how NDE would collect or evaluate this information.

On this same note, it is unclear whether NDE has the legal authority (under its existing rules or guidance) to require the type of reporting dictated by the Executive Order. The Executive Order does not explain how schools must identify conduct that qualifies as antisemitic behavior for reporting purposes or how NDE would use this information once reported. It is also not clear whether other types of religious discrimination must be reported to NDE, or if the reporting obligation is limited only to those with antisemitic intent.

All this said, public school districts are already bound by clear legal obligations to prohibit religious discrimination in schools and in the workplace. Titles VI and VII prohibit unlawful discrimination against students and employees on the basis of religion, and Nebraska law includes parallel protections for the religious rights of students and staff. Although the Executive Order specifically seeks to address antisemitism, Nebraska school districts already undertake legal responsibilities to prevent and respond to any alleged religious discrimination by students and staff. The Executive Order does not change any of these federal or state law obligations.

Finally, the Executive Order provides no timelines, deadlines, or implementation schedule regarding any reporting obligations or NDE responsibilities. As a result, the Order does not address when any reporting obligations would take effect, whether compliance would be required, and how long any such requirements would remain in place for Nebraska's school districts.

Dating Violence

Dating violence, as that term is defined by Nebraska law, will not be tolerated by the school district. Students who engage in dating violence on school grounds, in a school vehicle or at a school activity or that otherwise violates the Nebraska Student Discipline Act will receive consequences consistent with the Act and the district's student discipline policies.

The school district shall provide dating violence training to staff deemed appropriate by the administration and in accordance with Nebraska law.

A copy of this policy shall be included in the student handbook.

Student Bullying

**Definition of Bullying.** Nebraska statute defines bullying as “an ongoing pattern of physical, verbal or electronic abuse.” The Centers for Disease Control and Prevention defines bullying as “any unwanted aggressive behavior(s) by another youth or group of youths who are not siblings or current dating partners that involves an observed or perceived power imbalance and is repeated multiple times or is highly likely to be repeated.” The school district’s administrators will consider these definitions when determining whether any specific situation constitutes bullying. These definitions include both in-person and cyberbullying behaviors.

**Bullying Prohibited.** Students are prohibited from engaging in any form of bullying behavior.

**Reporting Bullying.** Students who experience or observe bullying behavior must immediately report what happened to a teacher or administrator.

Students may always confer with their parents or guardians about bullying they experience or witness, but the students must also ultimately report the situation to a teacher or administrator.

**Bullying Investigations.** School district staff will investigate allegations of bullying using the same practices and procedures that the district observes for student disciplinary matters. In no circumstance will school district staff be deliberately indifferent to allegations of bullying.

**Disciplinary Consequences.** The disciplinary consequences for bullying behavior will depend on the frequency, duration, severity and effect of the behavior.

A student who engages in bullying behavior on school grounds, in a vehicle owned, leased, or contracted by a school being used for a school purpose by a school employee or his or her designee, or at school- sponsored activities or school-sponsored athletic events may be subject to disciplinary consequences including but not limited to long-term suspension, expulsion, or mandatory reassignment.

Without limiting the foregoing, a student who engages in bullying behavior that materially and substantially interferes with or disrupts

the educational environment, the district's day-to-day operations, or the education process, regardless of where the student is at the time of engaging in the bullying behavior, may be subject to discipline to the extent permitted by law.

**Bullying Based on Protected Class Status.** Bullying based on protected class status is unique and may require additional investigation. The appropriate district staff member or coordinator will promptly investigate bullying complaints that violate the district's anti discrimination policies.

**Support for Students Who Have Experienced Bullying.** Regardless of where the bullying occurred, the district will consider whether victims of bullying are suffering an adverse educational impact and, if appropriate, will refer those students to the district's student assistance team.

**Bullying Prevention and Education.** Students and parents are encouraged to inform teachers or administrators orally or in writing about bullying behavior or suspected bullying behavior. School employees are required to inform the administrator of all such reports. The appropriate administrator shall promptly investigate all such reports. Each building shall engage in activities which educate students about bullying, bullying prevention and digital citizenship.

**Policy Review.** The school district shall review this policy annually.

Protection of Pupil Rights

The Board of Education respects the rights of parents and their children, and has adopted this policy in consultation with parents to comply with the federal Protection of Pupil Rights Amendment (PPRA).

**1. Surveys**

- a. Surveys Created by a Third Party
  - i. This section applies to every survey:
    - 1. that is created by a person or entity other than a district staff member or student;
    - 2. regardless of whether the student answering the questions can be identified; and
    - 3. regardless of the subject matter of the questions
  - ii. Parents have the right to inspect any survey created by a third party before that survey is distributed to their student.
- b. Surveys Requesting Particular Sensitive Information
  - i. Sensitive information shall include:
    - 1. Political affiliations or beliefs of the student or the student's parent(s);
    - 2. Mental or psychological problems of the student or the student's family;
    - 3. Sexual behavior or attitudes;
    - 4. Illegal, anti-social, self-incriminating, or demeaning behavior;
    - 5. Critical appraisals of other individuals with whom respondents have close family relationships;
    - 6. Legally recognized privileged or analogous relationships, such as those of lawyers; physicians, and ministers;
    - 7. Religious practices, affiliations, or beliefs of the student or student's parent(s); or
    - 8. Income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program), without prior written consent of the parent or eligible student.
  - ii. No student shall be required to submit to a survey, analysis, or evaluation that requests sensitive information.

- iii. If a survey requesting sensitive information is funded, in whole or in part, by a program administered by the U.S. Department of Education, the school district must obtain the written consent of a student's parent(s) before the student participates in the survey.
- iv. School officials and staff members shall not request, nor disclose, the identity of any student who completes any survey (created by any person or entity, including the district) containing any sensitive information.
- v. Parents have the right to inspect any survey which requests sensitive information before that survey is distributed to their student.
- c. **Survey Inspection Requests**
  - i. School officials shall inform parents of their right to inspect surveys requesting sensitive information before the surveys are distributed to any student.
  - ii. All survey inspection requests must be in writing to the building principal and delivered to the building principal prior to the date on which the survey is scheduled to be administered to the students.
  - iii. The principal shall respond to survey inspection requests without delay.
- d. The district will also comply with any survey requirements found in the district's policy on Parent Involvement in Education Practices.

## **2. Invasive Physical Examinations**

- a. The term "invasive physical examination" means:
  - i. any medical examination that involves the exposure of private body parts; or
  - ii. any act during such examination that includes incision, insertion, or injection into the body; and
  - iii. does not include a hearing, vision, or scoliosis screening.
- b. Parents may refuse to allow their student to participate in any non-emergency, invasive physical examination or screening that is:
  - i. required as a condition of attendance;
  - ii. administered by the school and scheduled by the school in advance; and
  - iii. not necessary to protect the immediate health and safety of the student, or of other students.

- c. This policy does not apply to any physical examination or screening that:
  - i. is permitted or required by an applicable state law, including physical examinations or screenings that are permitted without parental notification;
  - ii. is administered to a student in accordance with the Individuals with Disabilities Education Act (20 U.S.C. §1400 *et seq.*)
  - iii. is otherwise authorized by Board policy.

### **3. Collection of Personal Information from Students for Marketing**

- a. The term "personal information" means individually identifiable information including:
  - i. student's and parent(s)' first and last name;
  - ii. home or other physical address;
  - iii. telephone number; and/or
  - iv. social security number.
- b. No school official or staff member shall administer or distribute to students a survey or other instrument for the purpose of collecting personal information for marketing or for selling that information.
- c. This policy does not apply to the collection, disclosure or use of personal information for the exclusive purpose of providing educational services to students, such as the following:
  - i. post-secondary education recruitment;
  - ii. military recruitment;
  - iii. tests and assessments to provide cognitive, evaluative, diagnostic or achievement information about students; and/or
  - iv. student recognition programs.

### **4. Inspection of Instructional Material**

- a. Definition
  - i. The term "instructional materials" means instructional content that is provided to a student regardless of its format, printed or representational materials, audio-visual materials, and materials in electronic or digital formats (such as materials accessible through the Internet).
  - ii. The term does not include academic tests or academic assessments.

- b. Parents may inspect, upon their request, any instructional material used as part of their child's education curriculum.
- c. Curriculum inspection requests must be made to the building principal in writing.
- d. Building principals shall respond to inspection requests within a reasonable amount of time.

**5. Notification of Rights and Procedures**

- a. The superintendent shall notify parents of:
  - i. this policy and its availability upon request from the office of the district;
  - ii. how to opt their child out of participation in activities as provided for in this policy;
  - iii. the approximate dates during the school year when a survey requesting personal information is scheduled or expected to be scheduled; and
  - iv. how to request access to any survey or other material described in this policy.
- b. This notification shall be given to parents annually, at the beginning of the school year and within a reasonable period after any substantive change in this policy.

Parent Involvement In Education Practices

For purposes of this policy, "parent" includes a parent, guardian, or educational decisionmaker (a person designated or ordered by a court to make educational decisions on behalf of a student).

The school district recognizes the importance of parental involvement in the education of their children. To the extent practicable, the school district will make a reasonable effort to make any learning materials, including original materials, available for inspection by a parent upon request.

The school district will take the following steps to ensure that the rights of parents to participate in the education of their children are preserved.

1. Parents will be provided access to textbooks, tests, activities information; digital materials; websites or applications used for learning; training materials for teachers, administrators, and staff; procedures for the review and approval of training materials, learning materials, and activities; and other curriculum materials ("curricular materials") as follows:

a. A parental request to review specific curricular materials (written, visual, or audio) should be made to the principal of the building where the curricular materials are used.

b. The building principal will assess the request and determine the allowable volume and time frame of the review to prevent disruption to the efficient operations of the district.

c. The purpose of this provision is to allow reasonable access to the extent practicable. Individuals who make requests (a) for the purpose of adding staff burden; (b) at an unreasonable frequency or volume; or (c) for purposes inconsistent with the efficient operations of the district may be denied access to materials.

d. A parental request to review specific standardized and criterion-referenced tests used in the district should be made in writing to the building principal. Copies of the

most recent tests used in the district will be available for parent review. Parents wishing to review statewide assessments will be provided with sample questions and a copy of a practice test, but will not be provided with copies of the actual assessment due to testing security. In the case of other secure tests such as the ACT, parents must contact the publisher to obtain copies of the test.

2. Parents will be permitted, within district procedures, to attend and observe courses, assemblies, counseling sessions, and other instructional activities.

a. Parents are invited to make appointments with the building principal to visit classes, assemblies, and other instructional activities. The principal shall give permission after determining that parental observation would not disrupt the activity. Observations that last more than 60 minutes or occur on consecutive days are typically disruptive and will not be permitted absent unusual circumstances, in the sole discretion of the building principal.

b. Parents may contact the building principal to request permission to attend counseling sessions in which their child is involved.

3. Parents may request that their children be excused from testing (except as provided below), classroom instruction, learning materials, activities, guest speaker events, and other school experiences ("school events") that parents find objectionable.

a. Parents must submit this request in writing to the building principal for consideration.

b. Building principals may excuse a student from any school events at the parent's written request if, in the principal's professional judgment, excusal from the activity would not result in diminution of the student's educational experience.

c. When the building principal determines it appropriate, alternative experiences may be provided for the student by the school.

4. Parents will be informed through the student handbook and district policies of the manner that the district will provide access to records of students.

5. Parents will be informed of the standardized and criterion-referenced district testing program. Parents may request additional information from the building principal.

6. Parents will be informed of the circumstances under which they may opt-out of state and federal assessments.

a. In accordance with federal law, at the beginning of the school year, the District shall provide notice of the right to request a copy of this policy to parents of students attending schools receiving Title I funds. The District will provide a copy of this policy to a requesting parent in a timely manner.

b. State Assessments

State and federal law simultaneously require students to take state assessments, with few exceptions, but also permit parents to request to opt their students out of these assessments. Approval of opt out requests is contrary to the mandatory testing laws, so the District cannot "approve" the request. Parents who do not present their child for testing will result in the child receiving the lowest score possible on the assessment.

c. National Assessment of Educational Progress

As a condition of receiving federal funds, the District participates in the National Assessment of Educational Progress (NAEP). To help ensure that the District has a representative sample of students taking the NAEP, which will allow the District to assess the quality and effectiveness of its programming on a national level, the District strongly encourages all eligible students to participate. However, student participation in NAEP is voluntary.

The District shall provide parents of eligible students with reasonable notice prior to the exam being administered. Parents wishing to opt their students out of the NAEP assessment must notify the district in writing at least three days prior to the exam date to ensure that the District can coordinate supervision and alternative activities for students who have opted out.

7. Parents will be notified of their right to remove their children from surveys prior to district participation in surveys.

a. The principal must approve all surveys intended to gather information from students before they are administered to students.

b. Students' participation in surveys is voluntary. Parents may restrict their child from participating in any survey.

c. If the school administers (1) a survey requesting that students provide sexual information, mental health information, medical information, information on health-risk behaviors, religious information, information of political affiliation, or any other information that the school board deems to be sensitive in nature or (2) a non-anonymous survey requesting students provide information relating to drug, vape, alcohol, or tobacco use, the school district shall, at least fifteen days prior to the administration of the survey, notify parents, guardians, and educational decisionmakers of students that are to receive such survey. The notice will be made through the school's electronic notification system or by physical mail to the address on file for the student. The notice will describe the nature and types of questions included in the survey, the purposes and age-appropriateness of the survey, how information collected by the survey will be used, who will have access to such information, the steps that will be taken to protect student privacy, and whether and how any findings or results of such survey will be disclosed.

d. Parents have the right to: (1) request that a copy of the survey be sent through the school's electronic notification system or physical mail to the address on file for the

student, (2) review the survey in person at the school, and (3) exempt their child from participating in the survey.

e. Unless required by federal or state law or regulation, school personnel administering any survey shall not disclose personally identifiable information of a child.

f. No survey requesting sexual information of a student shall be administered to any student in kindergarten through grade six.

g. The district will also comply with any survey requirements found in the district's policy on Protection of Pupil Rights.

8. The district will make this policy accessible by a prominently displayed link on its public website. Any amended policy will be made accessible within a reasonable time of its amendment.

District Title I Parent and Family Engagement Policy

The school district will jointly develop with parents a School-Parent-Student Compact that outlines how the parents, school staff, and students will share the responsibility for improved student academic achievement and the means by which the school and parents will build and develop a partnership to help children achieve the State's high standards.

The written District Parent and Family Engagement Policy will be jointly developed and distributed to parents and family members of participating children and the local community in an understandable format and to the extent practicable, in a language the parents can understand. An annual evaluation of the content and effectiveness of the Parent and Family Engagement Policy will be used to design evidence-based strategies for more effective parental involvement, to revise the Parent and Family Engagement Policy and to remove barriers to participation.

The school district recognizes the unique needs of students who are being served in its Title I program, and the importance of parent and family engagement in the Title I program. Parent and family engagement in the Title I Program shall include, but is not limited to:

1. An annual meeting to which all parents of participating children will be invited to inform parents of their school's participation under this part, to explain the requirements of this part, and the right of the parents to be involved. Invitations may take the form of notes sent with students or announcements in the school newsletter. Additional meetings may be scheduled, based upon need and interest for such meetings.
2. An explanation of the details for the child's and parents' participation, including but not limited to: curriculum objectives, the forms of academic assessment used to measure student progress and the achievement levels of the challenging State academic standards, type and extent of participation, parental input in educational decisions, coordination and integration with other Federal, State, and district programs, and evaluations of progress.
3. Opportunities for participation in parent involvement activities such as training to help parents work with their children and

improve achievement. A goal of parent activities is to provide parents with opportunities to participate in decisions relating to the education of their students, where appropriate.

4. The district will, to the extent practicable, provide parents of limited English proficiency, parents with disabilities, parents with limited literacy, are economically disadvantaged, are of a racial or minority background or parents of migratory children with opportunities for involvement in the Title I Program. Communication to parents about student progress and the district's other Title I Program communications will be provided in the language used in the home to the extent practicable. Responses to parent concerns will be provided in a timely manner.
5. Opportunities for parent-teacher conferences, in addition to those regularly scheduled by the school district, if requested by the parents or as deemed necessary by school district staff.
6. The district will coordinate and integrate parental involvement programs and activities with other programs in the community. These may include cooperation with other community programs such as Head Start and preschools and other community services such as the public library.
7. Educate teachers, specialized instructional support personnel, principals, and other school leaders, with the assistance of parents in the value and utility of contributions of parents, how to reach out to, communicate with and work with parents as equal partners.

This policy shall be reviewed annually at the annual meeting where concerned parties can have a conversation about possible changes to the Parent and Family Engagement Policy.
