## ITEMS FOR DISCUSSION AT BOARD RETREAT

### Date of Meeting

January 27, 2021

### Title

Agenda for Board Retreat

### Presenter

Mary Walston

### Background

This meeting is for the board to receive updates on a number of board generated matters that have been previously mentioned. In August 2020, the board held its annual summer retreat. This retreat, however due to Covid-19 restrictions, was abbreviated and there was insufficient time to address all items. This “mini retreat” is a way to review these items in advance of a longer board retreat in April 2021.

Because this meeting also limited by time, only four items will be considered as time allows. The items are: 1) update on status of facilitators for the “All Students Belong” work initiated by the board in the fall of 2020; 2) discussion on the process to select and appoint lay members to the Budget Committee 3) update and possible revision to Board Values to include the values reflected in the work on “All Students Belong”, and 4) review of previous work on the board self-assessment and plans to continue the work at the April retreat.

The proposed schedule for the session is as follows:

- |          |  |
|----------|--|
| 5:30 pm: | Update on the status of a facilitator for the “All Students Belong” work<br><i>Presenters: Board work group Judy Newman, Anne Marie Levis, Martina Shabram</i> |
| 6:15 pm  | Review of Process to Select and Appoint Lay Members to Budget Committee<br><i>Presenter: Mary Walston</i>  |
| 7:00 pm  | Discussion of Amendments/Updates to Board Values<br><i>Presenter: Mary Walston</i>   |
| 7:45 pm  | Board Self-Assessment Work<br><i>Presenter: Mary Walston</i>   |
| 8:00 pm  | Next Steps, Summation  |

### Options and Alternatives

This is a work session to discuss issues that have been requested by board members. If they cannot all be addressed in this meeting, it is suggested that the board hold another session or carry these over to the April board retreat.

# *All Students Belong Initiative* Work Group

## Recommendation for Facilitator

January 27, 2021

### Process:

As a work group, Judy Newman, Anne Marie Levis, and Martina Shabram were empowered to seek out a facilitator to help guide the work we will be doing on the *All Students Belong Initiative*. Our process was as follows:

- a. Recommendations — the work group solicited recommendations of facilitators during the joint Board and Equity Committee work session, and reached out to the community at large for recommendations. From that pool, we ended up with four organizations: SeeChange NW, Future Work Design Banyan Consulting and Mariah Action.
- b. Initial phone interviews — the work group arranged phone interviews with each of the facilitators. Martina spoke with SeeChange; Anne Marie spoke with FutureWork Design and Mariah Action; and Judy spoke with Banyan.
- c. Narrowing to finalists — based on the interest or capacity of the organizations and the work group's assessment from the phone interviews, we elected to ask SeeChange and FWD for a full interview with all work group members.
- d. Developed questions — on Thursday, Jan 14<sup>th</sup>, the work group held a public meeting and developed the five questions for the interviews. Those questions were:
  - a. Tell us a little about your experience with working with community groups and organizations on large difficult projects? Do you have a specific process that you use to facilitate and engage community members and groups?
  - b. Can you tell us about an experience of working during COVID? What challenges did you face and how have you adapted your work to be innovative and engage communities in different ways?
  - c. We are looking to bring in community members for this work and there will be a time commitment for them to participate. Can you tell us about your process for helping us select these members for this workgroup? Can you talk about ways that we can engage more people from the community beyond those who may volunteer?
  - d. How would you develop a price for this type of project?
  - e. What background would you need to understand before starting this work?
- e. Interviews with finalists — on Saturday, Jan 24<sup>th</sup>, the work group held the two interviews in a public meeting. The work group agreed to take our impressions from the interviews aligned back to the questions and discuss our thoughts on the firms in relation to the work that needs to be done.
- f. Discussion — on Tuesday, Jan 26<sup>th</sup>, the work group again met in a public meeting to discuss the two candidates and make a decision about a

recommendation to the full 4J board. The work group reviewed the answers by the facilitators, question by question, sharing impressions of each group's answers. We used the Implicit Bias training framework we received before hiring our Interim Superintendent to guide our discussion. The work group used specific quotes and examples given during the interviews to frame the discussion and come to consensus on our recommendation to the rest of the board.

## Results:

The work group noticed several themes that came out in the two interviews. First, all agree that both organizations are excellent and come to the table with an incredible amount of experience, integrity, and skill. We clearly believe that 4J would be well served by either group. FWD has broad experience working with large organizations, engaging diverse groups of stakeholders, and doing visionary work grounded in a deep understanding of systemic inequity, institutional change, and racial justice. SeeChange has also worked on dismantling systemic inequity within a variety of organizations, including specific work within the education space (including the Chalkboard Project, Multnomah County's Preschool for All campaign, and LaneESD) and they bring a data-driven approach to engaging the community in complex projects.

## Recommendation:

Ultimately, the work group is united in recommending SeeChange for a few reasons. We were very impressed by the specificity of their experience working within education systems and their knowledge of the dynamics of Lane County. This made us feel confident in the applicability of their experience to the task that is before us. This firm was able to articulate clear, concrete actions that indicated their readiness to undertake this project. Second, they demonstrated an impressive understanding of the issue of institutional racial inequity and educational systems. For example, they asked questions related to the district's work on the SIA plan, which revealed their understanding of the specific context of this work. And finally, we felt that the examples they gave of the methodology that they have used for working with diverse community groups during the Covid pandemic was very promising. In addition to describing a general process of making community connections, they also described specific ways that they have leveraged technology to connect with groups during Covid to great success.

## Next Steps:

If the full Board agrees with our recommendation, we can delegate to board leadership to negotiate the next steps in the process, or the work group would be happy to take direction and move this process forward with SeeChange.

## **Information Regarding Other School Districts Budget Committee Appointment Processes (Limited selection of districts)**

### Bethel School District

Applicants submit a written application. The board reviews the written applications and then conducts interviews. The board then make the decision on appointments.

NOTE: It was reported that they typically do not have a large number of applicants

### Tigard-Tualatin School District

Applicants submit a written application. The applicants are interviewed by two board members (they have five board members) and two staff from their finance department. This body makes a recommendation on the persons(s) to be appointed. This recommendation is presented to the full board and the board then votes on the final appointee. The board is not obliged to appoint the person(s) recommended by the small interview panel.

### Bend- LaPine School District

Applicants are solicited and provide a written application. The board appoints a committee of 2-3 board members (they have a seven-member board) to make the selection recommendation to the rest of the board. The board interviews only the top candidates as recommended by the committee. They look for solid candidates as well as a diversity of viewpoints and experiences to bring to the budget committee

**Eugene School District 4J  
Board of Director's  
Guiding Beliefs and Values**

In order to meet the District Mission Statement above, the Board has adopted the following guiding beliefs and values:

**Students**

- We believe that all children can learn.
- We believe that our students' education and welfare are our most important commitments.
- We believe that a student's success in school should be independent of factors such as race, ethnicity, gender, socio-economic status, disability, native language, religion, and sexual orientation.
- We believe that public schools should foster development beyond academics such as character, creativity, resourcefulness, citizenship, an understanding of workplace expectations, respect for diverse cultures, and a lifelong love of learning.

**Staff**

- We value highly qualified, caring and diverse staff that reflects our student population and believe they are the key to meeting our goals for students.
- We believe in collaborating with staff in deciding what is best for our schools and our students, recognizing that not everyone may agree.
- We believe that it is essential for staff and board members to hold high expectations of all students, that these expectations are critical to student success, and that we must hold ourselves and each other accountable for the achievement of all students.
- We believe that high quality instruction is integral to student success and best achieved by providing strong instructional leadership, targeted professional development, and system-wide accountability and support for student growth.

**Community**

- We believe that the board and staff make a difference in learning for our children by developing relationships and effectively engaging our families, community and local, state and federal governments on social, political and economic challenges and inequities.
- We value public support for our schools and believe that the Board plays a critical role in generating and sustaining community partnerships and ongoing financial and other support.

**Leadership**

- We believe it is critical for the board and staff to plan and direct resources consistent with our beliefs and values.
- We value continual learning for all—board, staff and students—and believe that it is essential to student success in school.

### **Proposed Language to Incorporate into Board Values Statement\***

“Provide safe learning environments; support meaningful, equitable and highly effective instruction so that all students thrive socially, emotionally, and academically; and reduce the disparity of outcomes for students of color and students with disabilities.”

*\*taken from the presentation to the Board on December 16 on “All Students Belong” work.*

Suggest that is be added to the section on “Students”. It may be necessary to rewrite this section as some of these values are implied; the intent would be to state it with more clarity and force.

## Notes from 8/28/20 Eugene 4J Board Retreat, Board Self Evaluation

Other standards to look at (we did not get to these):

- Standard 4A Q 51-54 (p.21): These areas were relatively low scored.
- Standard 4B Q 55-57 (p.22): This benchmark had the highest average scores and should be looked to as a success area. This area was also most congruent (omitting “I don’t know”).
- Standard 4C Q 58-61 (p.23): This section was the most incongruent (including “I don’t know”).
- Standard 5A Q 62-65 (p.24): Most congruent (including “I don’t know”).
- Standard 5C Q 68-69 (p. 26): Most incongruent (omitting “I don’t know”).

Themes that came up during conversation:

- There is an interest in quarterly check-ins on the strategic plan and other data that would be informative about progress on goals.
- Role clarity is needed and desired by most.
  - What are the hard lines between the superintendent and the board?
  - What are the grey areas and how do we navigate these?

In addition, I recommend exploring the following:

- How do we manage conflict on the board when it arises?
- How do we inform the public what the boards roles and responsibilities are and are not?

## Reviewing Your Detailed Report

The disaggregate data of each question's responses are displayed in horizontal bar charts color coded to show the percentage of time your board is engaged in each of the areas questioned and includes how many individuals responded in each time choice.

OSBA believes your school board will find it beneficial to drill down to the individual questions within each of the benchmarks for the five best-practice board roles/standards, and requests you read through this report thoroughly prior to your facilitator's arrival.

With the help of your OSBA facilitator the board will go through discussion in the following areas:

### *1) What do you see?*

Be prepared to describe what you see in the data and identify where it is located to the group. This is not about interpretation at this stage, only what you see.

### *2) What does the data suggest?*

The board will discuss what the data suggest and try to generate different interpretations. Please come prepared to ask clarifying questions of one another to increase clarity and understanding of one another's perspectives.

### *3) Identify growth area(s) from the observations and interpretations.*

Identify growth area(s) from the observations and interpretations. The board will discuss which standard(s) to focus on for improvement and any benchmarks in particular that the board wishes to see increased.

- Standard 1 Conduct and Ethics
- Standard 2 Vision
- Standard 3 Structure
- Standard 4 Accountability
- Standard 5 Advocacy and Communication

### *4) Build a professional development plan for the board.*

The board will discuss how it wishes to go about implementing its professional development by determining the level of commitment from the individual board members, how much time it is willing to devote to learning and who the board wishes to help guide the learning.

- Identify available time for board-superintendent team learning
- Determine use of a learning facilitator (OSBA, in-district, consultant, other)
- Establish commitment from individual board members to participate in the professional development.

---

OSBA looks forward to serving your board and being the association dedicated to improving student success and education equity through advocacy, leadership and service to Oregon school boards.
