2. Networking Discussions

Each Administrator Meeting will begin with time to discuss issues relevant to each superintendent. These networking discussions will occur in a round table format.

The notes may be accessed during the meeting by clicking here.

3. Dave Ludwig, ESUCC Executive Director

Dave will provide information related to services the Educational Service Unit Coordinating Council provides to ESUs and how those services are in turn available to school districts. He will provide you with information regarding the vision of the ESUCC and the ESUs role in the statewide initiatives. As we look ahead to the 2016 Legislative Session, Dave will provide to you some preliminary thoughts on the areas ESUCC will target and what impact they have on school districts. The notes may be accessed during the meeting by clicking here.

4. Focusing on the BEST future.

We will begin our planning work for the 15-16 Administrator Meetings and 16-17 Services Plan. With resources continually a challenge, it is critical we use this time to plan ahead to plan for services that not only meet your immediate needs, but allow for innovation and growth.

Please come to the meeting having a good understanding of the services you receive from us currently, and any services you see for the next year. We will be asking your principals for similar information throughout the semester, so you may start those conversations in your districts.
