Tik Tok Challenges: Parent Letter
May 7/2025

Dear Parents and Guardians,

We are writing to inform you of a concerning social media trend that has recently come to our attention. A challenge circulating on platforms like TikTok is encouraging students to insert pencil lead (graphite) into the charging ports of Chromebooks in an attempt to create a spark. This activity poses a serious risk to the safety of students and can cause significant, irreparable damage to the devices.

Please be aware that any damage caused by participation in this challenge **will not be covered under our Chromebook insurance plan**. In these cases, families will be held responsible for the **full cost of replacing the device**, which may be several hundred dollars.

We urge you to speak with your child about the dangers and consequences of engaging in such behavior.

Please note: we have had, thus far, one student damage his control board. Further, one student purposefully did this TikTok to a friend's Chromebook, which will result in disciplinary action from Mr. Johnson.

Thank you for your attention to this matter and for your continued partnership in promoting a safe and responsible learning environment. As always, the safety of our students is the number one priority at District OR-1.

EDUCATION FUNDING

REVENUE SOURCES

Local Property Taxes

Determined by local school boards, subject to levy limits, revenue caps, and spending limits

Federal Sources

Reimbursements for federal programs like special education, Title I, and early childhood education

State Aid

Money paid to schools via the state aid formula

Other Local Sources

Fees and local motor vehicle and utilities taxes

Other State Sources

Special education reimbursements, state apportionment, homestead exemptions, etc.

Note: This data does not include changes to funding implemented in the 2023 Legislative session as the impact of those changes is still to be determined. Additionally, federal funding portions may be inflated by pandemic relief funds that are now expired.

SCHOOL DISTRICT REVENUE LIMITS

Spending Limit

The spending limit works by applying a rate of growth (Basic Allowable Growth Rate) to the main portion of each district's budget, based on the prior year's budget. The amount a school's budget can grow from year to year is limited currently to 2.5%, subject to revision by the Legislature.

Property Tax Limit

By law, the maximum property tax levy is currently \$1.05 per \$100 of property value. There are some exceptions to this limit, including the option for a levy override approved by the voters in a given district, which can be accessed for up to 5 years.

Property Tax Request Authority Limit

A district's property tax request authority is the amount of property taxes a district can request each year. Growth in property tax revenue is limited to 3% each year with certain exceptions. A school board can exceed the property tax request authority by up to 7% (based on enrollment) if at least 70% of its members approve.

BUDGET PROCESS

OVERVIEW

Nebraska creates a **two-year budget**, though the Legislature can continue making adjustments throughout each year as needed. The two-year budget period is called the biennium. **The state's budget must be balanced**, meaning that spending can only occur to the extent that money is available. Nebraska cannot borrow money for general spending needs, with very narrow exceptions for the construction of roads. An increase in spending or unexpected decline in revenues may create a budget "shortfall." Since the state must balance its budget, the Legislature must fix a shortfall through some combination of spending cuts, tax increases, cash fund transfers, and use of cash reserves.

WHO IS INVOLVED?

THE PEOPLE OF NEBRASKA

Every bill introduced in the Nebraska Legislature, including the series of bills that make up the budget, are scheduled for a public hearing. The Appropriations committee also hears from department heads during the hearing process. Anyone may participate and offer feedback on the budget proposals. Individuals can also reach out to their senator at any time to offer support or opposition for any aspect of the budget.

THE APPROPRIATIONS COMMITTEE

In January and February, the Legislature's Appropriations Committee meets with **Legislative Fiscal Office** staff to review agency budget requests. They develop a preliminary recommendation within 20 to 30 legislative days of the Governor's budget submission (Legislature, Rule 8, Sec. 3, 2023-24). The Committee uses revenue forecasts by the **Nebraska Economic Forecasting Advisory Board** to determine how much revenue it has available to appropriate. Next, the Appropriations Committee holds mandatory public hearings on the budget proposal.

THE LEGISLATURE

Once advanced from the Appropriations Committee, the full Legislature will debate and potentially amend the series of bills that comprise the budget for three rounds: General File, Select File, and Final Reading. Almost all budget bills are passed with a two-thirds vote (33 of 49) of the Legislature, which ensures they take effect the day after the bills are enacted using an "emergency clause."

THE GOVERNOR

The Governor begins the budget process in the year before the long legislative session, working with the **Department of Administrative Services (DAS) Budget Division**. The proposal is due to the Legislature by January 15 in odd-numbered years (or February 1 for a new Governor). Once the budget is passed, the Governor may sign the bills, decline to sign them (but allow them to take effect automatically), veto bills, or veto particular items in each bill. The Legislature may override all or part of any veto with 30 votes.

Community RelationsFundraising Activities

Fundraising is the selling of a product, providing a service or activity, or requesting donations of any kind. School fundraising directly funds school programs and student organizations.

A. General Guidelines.

The School Board of District OR-1 Public Schools recognizes a desire and a need for ongoing fundraising support. The school board also recognizes a need for restraint to prevent fundraising activities from becoming too numerous and overly demanding on employees, students, and the general public.

All fundraising for student organizations and charitable giving campaigns must have prior administrative approval. School District employees who supervise official school programs or extracurricular activities are directed not to organize, conduct, or involve students in fundraising activities unless the fundraising activity has been approved by the building administration.

B. Student Organization Fundraising.

Student organizations are groups that are sponsored by the district and approved by the school board. They are designed to provide opportunities for students to participate, on an individual or group basis, in school and public events for the improvement of skills. Student organizations are directed or supervised by School District staff.

1. Approval Criteria. Student organization fundraising activities are to be considered for approval based on the following criteria: (1) the project will be fun and safe for students, (2) students will not be exploited for sectarian, political, or commercial purposes, (3) the project will accomplish the goals for the fundraiser without undue risk of financial loss, (4) the project will be consistent with the mission and goals of the School District and the student organization, (5) the number of fundraisers run by the particular student organization and within the school and the District within the last twelve months, and (5) the project meets all legal requirements.
2. Food Sales. The sale of foods as a fundraiser is subject to the School Wellness Policy.
3. Safety Considerations. The District does not sponsor activities involving driving vehicles unless a school employee or sponsor or a responsible adult is driving. Projects that involve door-to-door sales will not be approved for student participants who are not in high school. Parent approval must be given before any student is permitted to participate in door-to-door sales.

4. Contracts. Teachers, coaches, and sponsors are not authorized to sign contracts for the procurement of items to be sold or used in student organization fundraisers. Any contract that obligates school funds shall be submitted to the building principal for approval and execution.
5. Purchases. All purchases related to student organization fundraisers are to be made in the school district's name. Deliveries of fundraising items for sale shall be made to the school building, not to personal addresses. Items shall be kept in a secure place to avoid theft. Items that are overpriced or of an embarrassing or controversial nature to the school will be rejected. Items that are in direct competition with local businesses shall be avoided where practicable.
6. Money-Handling. All funds collected must be given by the fundraiser sponsor intact (i.e., cash and checks must be deposited in the same cash/check mix in which they were received) to the building principal or designee for deposit into the School District depository account no later than the next school day following receipt. Funds may not be deposited into personal accounts and may not be taken home.
7. Inventory. The fundraiser sponsor shall maintain an inventory of items related to the project. Upon completion of the project, unsold items may not be given away. The items shall be returned to the vendor for credit, sold at reduced prices in a clearance sale, or kept for sale in a future student organization fundraising event.
8. Disbursement of Fundraising Proceeds. Fundraising proceeds shall be disbursed to and used by the student organization for the purposes for which the project was initiated.
9. Records. The fundraiser sponsor shall submit all records related to the fundraising project after the project. The records to be maintained and submitted include: fundraiser approval, purchase order or procurement card receipt, invoices and packing slips, student checkout sheets, deposit receipts, inventory of merchandise and list of unsold merchandise, receipt for return of merchandise and records of credit or receipt for returned merchandise.
10. Student Conduct. All students who participate in approved fundraising activities are expected to represent the school, the student organization, and the community in a positive manner. All rules pertaining to student conduct and student discipline extend to student fundraising activities.

If a donation of cash or equipment is offered to a staff member for a school organization or the School District, the coach or sponsor shall refer the intended donor to the building administration. If the donor insists on giving the cash or equipment immediately, the staff member shall turn the donation over to the building principal immediately upon receipt.

Coaches or sponsors who also coach, manage, or otherwise participate in club teams or similar non-school organizations must clearly separate any student organization fundraising from fundraising activities for their club team. Such individuals who receive donation offers must request that the donor be very clear as to whether the donation is intended for the student organization or the club team.

C. Fundraising by Outside Organizations.

Outside organizations are non-school-funded groups such as parent/teacher organizations, sports booster groups, and commercial enterprises that provide supplementary services to existing school entities. Outside organizations are separate and apart from the School District. Decisions on fundraising activities and the expenditure of fundraising proceeds should involve consultation with the school administration.

Independent sales consultants may not use schools as a source of sales, even if the consultant intends to donate a portion of the funds raised to the school. An independent sales consultant includes individuals who operate as franchisees for businesses that sell products such as food storage containers, cosmetics, etc.

D. Charitable Giving Campaigns.

A charitable giving campaign is fundraising conducted for the purpose of providing money for a charitable cause not directly related to any District goal. Purposes for which such a campaign may be permitted include fundraising for student scholarships or student exchange programs, to assist families within the District who have experienced a catastrophe, or to fund community projects.

Any fund-raising activity conducted by any such organization using District OR-1 Public Schools' facilities or using the District's name in solicitation of donations must have prior approval of the District OR-1 Board of Education. If the request is approved, the organization shall include a statement that the District OR-1 Public Schools is not endorsing the organization or campaign and has no affiliation with the event.

District funds cannot be used to off-set, front-fund, or pre-pay expenses for any charitable giving campaign. A charitable giving campaign shall not be permitted to conduct fundraising among the student population.

Community RelationsFundraising Activities

Fundraising is the selling of a product, providing a service or activity, or requesting donations of any kind. School fundraising directly funds school programs and student organizations.

A. General Guidelines.

The School Board of District OR-1 Public Schools recognizes a desire and a need for ongoing fundraising support. The school board also recognizes a need for restraint to prevent fundraising activities from becoming too numerous and overly demanding on employees, students, and the general public.

All fundraising for student organizations and charitable giving campaigns must have prior administrative approval. School District employees who supervise official school programs or extracurricular activities are directed not to organize, conduct, or involve students in fundraising activities unless the fundraising activity has been approved by the building administration.

B. Student Organization Fundraising.

Student organizations are groups that are sponsored by the district and approved by the school board. They are designed to provide opportunities for students to participate, on an individual or group basis, in school and public events for the improvement of skills. Student organizations are directed or supervised by School District staff.

1. Approval Criteria. Student organization fundraising activities are to be considered for approval based on the following criteria: (1) the project will be fun and safe for students, (2) students will not be exploited for sectarian, political, or commercial purposes, (3) the project will accomplish the goals for the fundraiser without undue risk of financial loss, (4) the project will be consistent with the mission and goals of the School District and the student organization, (5) the number of fundraisers run by the particular student organization and within the school and the District within the last twelve months, and (5) the project meets all legal requirements.
2. Food Sales. The sale of foods as a fundraiser is subject to the School Wellness Policy.
3. Safety Considerations. The District does not sponsor activities involving driving vehicles unless a school employee or sponsor or a responsible adult is driving. Projects that involve door-to-door sales will not be approved for student participants who are not in high school. Parent approval must be given before any student is permitted to participate in door-to-door sales.

4. Contracts. Teachers, coaches, and sponsors are not authorized to sign contracts for the procurement of items to be sold or used in student organization fundraisers. Any contract that obligates school funds shall be submitted to the building principal for approval and execution.
5. Purchases. All purchases related to student organization fundraisers are to be made in the school district's name. Deliveries of fundraising items for sale shall be made to the school building, not to personal addresses. Items shall be kept in a secure place to avoid theft. Items that are overpriced or of an embarrassing or controversial nature to the school will be rejected. Items that are in direct competition with local businesses shall be avoided where practicable.
6. Money-Handling. All funds collected must be given by the fundraiser sponsor intact (i.e., cash and checks must be deposited in the same cash/check mix in which they were received) to the building principal or designee for deposit into the School District depository account no later than the next school day following receipt. Funds may not be deposited into personal accounts and may not be taken home.
7. Inventory. The fundraiser sponsor shall maintain an inventory of items related to the project. Upon completion of the project, unsold items may not be given away. The items shall be returned to the vendor for credit, sold at reduced prices in a clearance sale, or kept for sale in a future student organization fundraising event.
8. Disbursement of Fundraising Proceeds. Fundraising proceeds shall be disbursed to and used by the student organization for the purposes for which the project was initiated.
9. Records. The fundraiser sponsor shall submit all records related to the fundraising project after the project. The records to be maintained and submitted include: fundraiser approval, purchase order or procurement card receipt, invoices and packing slips, student checkout sheets, deposit receipts, inventory of merchandise and list of unsold merchandise, receipt for return of merchandise and records of credit or receipt for returned merchandise.
10. Student Conduct. All students who participate in approved fundraising activities are expected to represent the school, the student organization, and the community in a positive manner. All rules pertaining to student conduct and student discipline extend to student fundraising activities.

If a donation of cash or equipment is offered to a staff member for a school organization or the School District, the coach or sponsor shall refer the intended donor to the building administration. If the donor insists on giving the cash or equipment immediately, the staff member shall turn the donation over to the building principal immediately upon receipt.

Coaches or sponsors who also coach, manage, or otherwise participate in club teams or similar non-school organizations must clearly separate any student organization fundraising from fundraising activities for their club team. Such individuals who receive donation offers must request that the donor be very clear as to whether the donation is intended for the student organization or the club team.

C. Fundraising by Outside Organizations.

Outside organizations are non-school-funded groups such as parent/teacher organizations, sports booster groups, and commercial enterprises that provide supplementary services to existing school entities. Outside organizations are separate and apart from the School District. Decisions on fundraising activities and the expenditure of fundraising proceeds should involve consultation with the school administration.

Independent sales consultants may not use schools as a source of sales, even if the consultant intends to donate a portion of the funds raised to the school. An independent sales consultant includes individuals who operate as franchisees for businesses that sell products such as food storage containers, cosmetics, etc.

D. Charitable Giving Campaigns.

A charitable giving campaign is fundraising conducted for the purpose of providing money for a charitable cause not directly related to any District goal. Purposes for which such a campaign may be permitted include fundraising for student scholarships or student exchange programs, to assist families within the District who have experienced a catastrophe, or to fund community projects.

Any fund-raising activity conducted by any such organization using District OR-1 Public Schools' facilities or using the District's name in solicitation of donations must have prior approval of the District OR-1 Board of Education. If the request is approved, the organization shall include a statement that the District OR-1 Public Schools is not endorsing the organization or campaign and has no affiliation with the event.

District funds cannot be used to off-set, front-fund, or pre-pay expenses for any charitable giving campaign. A charitable giving campaign shall not be permitted to conduct fundraising among the student population.

Admission Requirements

Minimum Age:

A child shall be eligible for admission into kindergarten at the beginning of the school year if the child is five years of age or will be five years of age on or before July 31 of the calendar year in which the school year for which the child is seeking admission begins. The School Board shall admit a child who will reach the age of five years on or after August 1 and on or before October 15 of such school year if the parent or guardian requests such entrance and provides an affidavit stating that (i) the child attended kindergarten in another jurisdiction in the current school year; (ii) the family anticipates a relocation to another jurisdiction that would allow admission within the current year; or (iii) the child is capable of carrying the work of kindergarten which can be demonstrated through a recognized assessment procedure approved by the Board.

Early Admission to Kindergarten:

The following assessment procedure for determining if a child is demonstrating kindergarten skills is approved and shall be made available to interested persons:

Early kindergarten enrollment exceptions may be made for younger children who are intellectually advanced. At a minimum, eligibility for the admission shall be based upon an analysis of the child's: (1) emotional/social development (2) pre academic skills, and (3) fine motor skills.

The kindergarten early entrance assessment procedures are designed to identify and place in kindergarten those children who:

- a. will turn 5 years of age between **August 1 and October 15;**
- b. are deemed by parents or guardians as being intellectually advanced and likely to benefit from advanced grade placement; and
- c. are selected based on testing by professionals trained and certified to administer assessments that will produce evidence of:
 1. Cognitive ability
 2. Emotional/social development
 3. Pre-academic skills

In the discretion of the Superintendent or designee, the assessments may be administered by the School District's professional staff, or the parents or guardians may be required, at their own expense, to have all or some of the required assessments completed by reputable professionals and to submit the results of such assessments to the School District.

The decision regarding early entrance to kindergarten requires careful consideration of all factors that affect kindergarten success with a final determination to be made based on the recommendation of the District Evaluation Team, to be composed of such individuals as the Superintendent or designee determines appropriate. The academic, social, and emotional readiness, as well as the student's physical development and well-being, must

be weighed with institutional factors also considered. Sound decision-making in the area of early entrance to kindergarten is dependent upon reliable information regarding a student's readiness and a thoughtful balancing of the myriad of factors implicated by the decision. Parents will be notified in writing of the results of the Early Kindergarten Entrance assessment and the determination of the District Evaluation Team in a timely fashion; not to exceed three weeks after the assessments are completed.

Families who seek early admission of their child into kindergarten must obtain an *Early Entrance to Kindergarten Packet* from the School District Administrative.

Parents must fill out the early entrance application forms, which include the district's kindergarten entrance questionnaire from someone who is well acquainted with the child, but not a relative of the child. The person completing this questionnaire should know the child well enough that they can speak with some expertise about the child's attributes and abilities. Suggestions for appropriate choices to complete the questionnaire are preschool teachers, Sunday school teachers, daycare providers, or a family physician.

The assessment request and parent questionnaire must be completed and returned to the District no later than May 25th of the spring before fall enrollment to allow summer assessment to be completed.

Decisions regarding early kindergarten entrance must include consideration of the above and shall not be made based on race, color, gender, religion, ancestry, national origin, marital status, age, disability, or sexual orientation of the child or the child's parents or guardians. Institutional factors, such as capacity, may also be considered.

Admission to First Grade:

A child may be eligible to enter first grade, even if the child has not attended kindergarten, if the child is six years of age or will be six years of age on or before October 15 of the current school year and school officials determine that first grade is the appropriate placement for the child.

Graduates:

A student who has received a high school diploma or received a General Equivalency Diploma shall not be eligible for admission or continued enrollment.

Age 21:

A student shall not be admitted or continued in enrollment after the end of the school year in which the student reaches the age of 21. The school year for this purpose ends at the last day of instruction for graduating seniors.

Birth Certificate, Physical, Visual Evaluation and Immunization:

The parents or legal guardian shall furnish:

- (1) A certified copy of the student's birth certificate issued by the state in which the child was born, upon admission of a child for the first time, shall be provided within 30 days of enrollment. Other reliable proof of the child's identity and age,

accompanied by an affidavit explaining the inability to produce a copy of the birth certificate, may be used in lieu of a birth certificate. An affidavit is defined as a notarized statement by an individual who can verify the reason a copy of the birth certificate cannot be produced. (Failure to provide the birth certificate does not result in non-enrollment or disenrollment, but does result in a referral to local law enforcement for investigation).

- (2) Evidence of a physical examination by a physician, physician assistant, or nurse practitioner, within six months prior to the entrance of the child into the beginner grade and the seventh grade or, in the case of a transfer from out of state, to any other grade, unless the parent or legal guardian submits a written statement objecting to a physical examination.
- (3) Evidence of a visual evaluation by a physician, a physician assistant, an advanced practice registered nurse, or an optometrist, within six months prior to the entrance of the child into the beginner grade or, in the case of a transfer from out of state, to any other grade, unless the parent or legal guardian submits a written statement objecting to a visual evaluation. The visual evaluation is to consist of testing for amblyopia, strabismus, and internal and external eye health, with testing sufficient to determine visual acuity.
- (4) Evidence of protection against diphtheria, tetanus, pertussis, polio, measles, mumps, and rubella, Hepatitis B, Varicella (chicken pox), Haemophilus Influenzae type b (Hib), invasive pneumococcal disease and other diseases as required by applicable law, by immunization, prior to enrollment, unless the parent or legal guardian submits a written statement that establishes that an exception to the immunization requirements are met.
- (5) Every student entering the seventh grade shall have a booster immunization containing diphtheria and tetanus toxoids and an acellular pertussis vaccine which meets the standards approved by the United States Public Health Service for such biological products, as such standards existed on January 1, 2009.

The Superintendent or Superintendent's designee shall notify the parent or guardian in writing of the foregoing requirements and of the right to submit affidavits or statements to object to the requirements, as applicable. The Superintendent or Superintendent's designee shall also provide a telephone number or other contact information to assist the parent or guardian in receiving information regarding free or reduced-cost visual evaluations for low-income families who qualify.

A student who fails to meet the foregoing requirements shall not be permitted to enroll or to enter school, or if provisionally enrolled or enrolled without compliance, shall not be permitted to continue in school until evidence of compliance or an exemption from compliance is given.

Enrollment of Expelled Students

If a student has been expelled from any public school district in any state, or from a private,

denominational, or parochial school in any state, and the student has not completed the terms or time period of the expulsion, the student shall not be permitted to enroll in this school district until the expulsion period from such other school has expired, unless the School Board of this school district in its sole and absolute discretion upon a proper application approves by a majority vote the enrollment of such student prior to expiration of the expulsion period. As a condition of enrollment, the School Board may require attendance in an alternative school, class or educational program pursuant to Nebraska law until the terms or time period of the original underlying expulsion are completed. A student expelled from a private, denominational, or parochial school or from any public school in another state, will not be prohibited from enrolling in the public school district in which the student resides or in which the student has been accepted pursuant to the enrollment option program for any period of time beyond the time limits placed on expulsion, pursuant to the Student Discipline Act, or for any expulsion for an offense for which expulsion is not authorized for a public school student under such Act. For purposes of this policy, the term expulsion or expelled includes any removal from any school for a period in excess of twenty (20) school days.

Military Families

If a parent presents evidence to the District of military orders that military family will be stationed in the State of Nebraska during the current or following school year, the District will enroll preliminarily the parent's students.

THIS MONTH IN ...

A quick snapshot of the various programs, services, support and events NASB has planned for its members in the coming month!

ADVOCACY & GOVERNMENT RELATIONS ... We are two-thirds of the way through the Session. We have an idea of what the Education Committee packages will look like, and what other key bills are up for debate in the coming weeks. See pages 5 & 6 for specifics. As always, keep tabs on both the GR pages and Bills pages of NASBOnline.org! Call Colby & Matt any time!

ALICAP & INSURANCE ... ALICAP's Renewal Process is LIVE! From April 1st through April 30th all current ALICAP districts and ESUs, are asked to submit payroll projections and property and liability details, for the upcoming 25-26 fiscal year. Superintendents... you should have received an email, from Megan Boldt, sharing the details. Check it out and get your school details submitted by April 30th!

AWARDS OF ACHIEVEMENT ... An email reminder will be coming in May to check points.

BOARD LEADERSHIP ... Check out "At the Board Table" on page 7 to learn about all things Board Leadership.

DATA ANALYTICS ... Nearing the summer break from classes, it's often a good time to examine your students' NSCAS scores in relationship to various nearby districts and districts of a similar size. Jim Luebbe can supply that NDE information to you in way that quickly makes sense of the numbers, along with relevant demographic information such as poverty and mobility indicators that may be influential in your own school's results.

EDUCATION LEADERSHIP SEARCH SERVICE ... It is not too early to make plans if your district/ESU has a Superintendent/Administrator who is planning to retire after the 2025-26 year. Contact us with questions on search protocol or to schedule a proposal.

ENERGY PURCHASING ... Here's a quick welcome to all the new members who have joined NJUMP and CJUMP this spring. Natural gas prices have been trending a bit downward since late February and if this continues into summer we'll see better gas purchasing levels before the full heat of summer arrives. Your market specialists in NJUMP and CJUMP will monitor these changes on a daily basis to find great opportunities for pricing in next winter's natural gas needs.

GALLUP STRENGTHS ... This month's featured Gallup theme is **Woo**. People with Woo excel at breaking the ice, energizing social interactions, and winning others over. With a large network of connections, they can encourage collaboration and bring people together to achieve common goals. Contact Shari to schedule a Gallup retreat.

MEMBER ENGAGEMENT ... March & April have been super busy and we loved seeing so many members at the NSBA Conference in Atlanta, Budget & Finance Workshops, Open Meetings Law Workshops and the Amplified Finance Day. We are preparing for our Summer events, be sure to mark your calendars for June 11-12 for NASB Golf Outing and School Law Seminar. Keep July 28, 29, and 30 open for Leadership Workshops. Recent district visits include Elkhorn Valley, Battle Creek, and West Holt.

POLICY ... The Unicameral has passed the two-thirds mark on its way toward the finish line of this year's session. Governor Pillen has already signed into law a pair of bills that will require more prescriptive policies about providing parental access to school library materials and for very detailed procedures dealing with allergies and emergency anaphylaxis plans in your districts. The library policy revisions will go into effect for the next school year, but the anaphylaxis measures will not begin until 2026-27.

TECHNOLOGY ... We're still in the process of uploading and validating Negotiated Agreements for the 2025-2026 negotiating season. If you haven't done so already, please send a PDF copy of your approved agreement and anything that has changed to Darion at dmiller@NASBOnline.org

NASB mourns the loss of Lanny Boswell who passed away earlier this month following an 18-month battle with oral cancer. A member of the Lincoln Board of Education since 2011, Lanny served as NASB President in 2018, and was a member of the NASB Board of Directors and/or NASB Legislation Committee for many of those years. He was a true leader and friend to many at the local, state, and national levels, and will be dearly missed.

"Lanny served with a passion and leaves a lasting legacy as a champion for our students, staff, teachers and school district. Whether it was a policy issue, planning for and preparing a bond issue, leading our strategic plan or engaging with students, Lanny was a champion for all students. Lanny will be greatly missed as my colleague and my friend." (Kathy Danek - 2008 NASB President, Lincoln)

"Lanny touched the hearts of so many...I feel blessed that our paths crossed here on earth. What an incredible servant to public education!" (Suzan DeCamp - 2010 NASB President - St. Paul)

"I was so blessed to serve with Lanny during his term as NASB President. It was a special time for me to learn the ropes and Lanny was a great leader. Lanny was always passionate about education. He will be deeply missed, but we all can learn so much from knowing Lanny." (Richard Dohma, Ponca)

"Being a member of a local school board is a lifelong commitment to your community. Lanny understood that and always worked to provide his students with the resources they needed to succeed in life. He was loved and admired by many, and he will be missed." (Senator Deb Fischer - 1998 NASB President)

"Lanny was a kind soul who cared about education. He will truly will be missed." (Lisa Fricke, Nebraska State Board of Education)

"It was an honor to know Lanny! He was an extremely dedicated school board member who put kids first. His legacy lives on and he will not be forgotten." (Frank Henderson, Past President of the National School Boards Association, and Kansas Association of School Boards)

"Such a wonderful man and a great friend. I wish blessings on him and his family!" (Brian Holcomb - 2012 NASB President, Coleridge)

"It was an honor to join the NASB Board of Directors with Lanny in 2013, and then watch him grow, even more, as a leader passionate about strong public schools for ALL students. He was a truly good person and a great leader. (Lacey Merica, Omaha)

"This breaks my heart. Lanny was a great leader and he will be missed by so many of us." (Sandy Noffsinger - 2024 NASB President, Dundy County Stratton)

"Thank you my friend for serving and making a difference for children in Nebraska. It was an honor to serve alongside you." (Linda Richards - 2017 NASB President, Ralston)

"Always enjoy talking to him at the state School Board conventions. What a great guy." (Harlan Sateren, Wisner-Pilger)

"Lanny was a wonderful soul and will be deeply missed. My heart goes out to his family and friends." (Heidi Schutz - 2015 NASB President, Grand Island)

"Such a humble man with so much impact. It was an honor to serve with him and to know him." (Michelle Zlomke - Broken Bow)

We've passed the 60-Day mark of the 90-Day Session. Committee Hearings are over, Priority Bills have been selected, and Committee Packages are starting to take shape. Here is what we think we know at this point in time! The primary "Tree" will be LB 653. As of now, the "ornaments" look to be portions of LB 303, LB 430, LB 497, LB 507, and LB 625.

EDUCATION COMMITTEE PACKAGE - LB 653

 **LB 653 (Murman) Change provisions relating to reimbursement for special education programs, support services, and the enrollment option program, provide reimbursement for certain students under the enrollment option program, and change the authorized uses of the Education Future Fund**

- As amended, requires additional notices if option students are denied as a result of capacity.
- Requires acceptance of option students within Learning Community schools if a sibling is enrolled.
-  • Acceptance of siblings of option students.
- Adds option denial notice requirements regarding incomplete applicants.
- Allows for payments to districts from the Education Future Fund for expenses of accepting option students with IEPs.
- **New provisions defines "Levels" of option enrolled SpEd services. Level I: Spends 80% or more in general ed with sped support. Level II: Spends 40% to 80% in general ed. Level III: Spends less than 40% in general ed. Regardless of capacity, schools accepting option student shall not deny the application of any student with an IEP who is expected to need Level I or II until the school has accepted a % of applicants with an IEP expected to need Level I, II, or II services out of the total number of enrollment option applications in such district. % shall be the % of all students in the state with an IEP as reported for the preceding year. We are working on an amendment to delay implementation of the Level Option system for 2 years.**

Debate is expected SOON ... look for a call to action when it is scheduled!

OTHER BILLS IN THE PACKAGE

 **LB 303 (Hughes at the request of the Governor) Change provisions relating to foundation aid and certain certification dates and provide for base levy adjustments under TEEOSA and create the School Finance Reform Commission**

Provisions include clarifying 80% reimbursement for SpEd services, a technical clean up. Provisions for increased foundation aid, levy lowering, and finance commission were not advanced.

 **LB 430 (Murman) Provide an additional exception to the prohibition on suspending a student in pre-k through second grade and change provisions relating to short-term and long-term suspension under the Student Discipline Act**

Requires additional information to be sent by principal to parents of suspended student to include actions made by school to alleviate behavior prior to suspension, resources which can be provided or recommended, and how the schools plan and strategizes moving forward.

LB 497 (Murman) Provide for admission of and participation in extracurricular activities by certain students that are not residents of the school district.

Portions amended into LB 653 clarify this does not apply to “non-sanctioned” activities, and that it applies to the school building closest the household. Mandates admittance of a home school student in extracurricular activities if the home district doesn’t offer the activity.

LB 507 (Hunt) Change provisions relating to school transportation expenses for children with disabilities

Caps transportation requirement at 35 miles. Clarifies students who this bill applies to.

LB 625 (Dover) Provide for the establishment of a database of financial information from all school districts in the state

Requires the Department of Revenue to establish a database of school district financial information and mandates the provision of data by school districts to the department.

OTHER BILLS TO FOLLOW

LB 440 (Spivey) Adopt the Education Leave and Support Act

Creates the Education Leave and Support Act and fund. Funded by 0.35% of employee and employer match of wage for purposes of reimbursing schools for substitute teachers covering for educators on FMLA. Would be an increase to a district’s budget. Colby has negotiated a change to the excess funds where the entire fund would be used by districts to pay for subs outside of FMLA which was a great suggestion from our NASB Legislation Committee. The funds would be used for subs when educators are gone for professional leave. We may also see a portion of the funds (\$250k) to pay for Sen. Dungan’s LB 408 which provides for forgivable loans for SpEd teachers. It also looks like the Education Committee may amend down the number of available weeks from six to four.

LB 550 (Lippincott) Require school districts to adopt a policy that excuses students to attend a released time course for religious instruction

Requires policy that excuses student to attend courses at least one class period per week for a course in religious instruction.

ADVOCATE FOR LOCAL CONTROL - BUILD TRUST - SHARE YOUR STORY

Thanks to Cedar Bluffs, Schuyler, and Wood River who have all reached out at some point this Session to spend the day with us here in Lincoln for a legislative briefing. This is followed by a visit to the Capitol to network with their Senator! If your board would like to schedule something similar let us know!

HOW IS YOUR BOARD CONTRIBUTING TO STUDENT SUCCESS?

Each month, as I prepare content for *Board Notes*, I carefully consider what message matters most. Over time, I've learned brief and to the point is often best as too many words can make the difference in whether an article is of interest in reading.

The NASB Board Academy has given me a renewed sense of purpose, knowing that 270 newly elected and appointed board members are now reading *Board Notes* through a fresh lens. A heartfelt thank you to our experienced board members and superintendents who continue to engage with this content! In the months ahead, this space will focus on the challenges and more importantly, the accountability that comes with effective board governance. We hope the content provides value, inspires you, and encourages reflection on how you and your board are working to positively impact student outcomes.

How is your board contributing to student success?

As graduation approaches and the district is preparing to welcome a new class of preschool-kindergarten students this fall, now is the perfect time for the board to reflect: Are we truly contributing to student success? Is the board committed to progress, or is the board simply going through the motions?

An effective board doesn't just believe in growth, they pursue it. Meaningful progress does not happen by chance. Boards that are actively engaged in shaping the future of the district, invest in their own development, they discuss desired outcomes for students, and they define what effective board governance looks like and model it.

Does your board model the work ethic necessary to support student success? Too often, board members assume their role is limited to attending meetings and voting. Effective governance is so much more. The engaged board understands it has a distinct responsibility. Effective governance requires preparation, engagement, and strategic focus. Board members need to arrive at the board meeting informed, ready to discuss complex issues, and willing to participate and discuss what can be challenging decision-making. The board must own its agenda, setting priorities that reflect the long-term vision for students and the community.

When the board takes responsibility for its role and is committed to growing in the role, the board inspires the school district. A superintendent who works with board members who recognize the importance of continuous improvement is more than likely modeling visionary leadership and with principals, teachers, and support staff. Although the board's leadership may seem indirect, effective governance and a belief that all students can learn directly impacts student success and outcomes.

True and effective governance requires more than presence at a board meeting. It takes effort, intention, and a deep commitment to the students and community the board serves. The question is not whether your board wants student success, but rather is the board truly doing the work to make it happen.
