**JORDAN DISTRICT SCHOOLS  
POLICY**

*Adopted: September 12, 2007*

*Revised: August 14<sup>th</sup>, 2017*

**509 ENROLLMENT OF NONRESIDENT STUDENTS**

**I. PURPOSE**

The school district desires to participate in the Enrollment Options Program established by Minn. Stat. § 124D.03. The purpose of this policy is to set forth the application and exclusion procedures used by the school district in making said determination.

**II. GENERAL STATEMENT OF POLICY**

A. Eligibility. Applications for enrollment under the Enrollment Options (Open Enrollment) Law will be approved provided that acceptance of the application will not exceed the capacity of a program, excluding special education services; class; grade level; or school building as established by school board resolution and provided that:

1. space is available for the applicant under enrollment cap standards established by school board policy or other directive; and
2. in considering the capacity of a grade level, the school district may only limit the enrollment of nonresident students to a number not less than the lesser of: (a) one percent of the total enrollment at each grade level in the school district; or (b) the number of school district resident students at that grade level enrolled in a nonresident school district in accordance with Minn. Stat. § 124D.03.
3. the applicant is not otherwise excluded by action of the school district because of previous conduct in another school district.

B. Standards that may be used for rejection of application. In addition to the provisions of Paragraph II.A., the school district may refuse to allow a pupil who is expelled under Minn. Stat. § 121A.45 to enroll during the term of the expulsion if the student was expelled for:

1. possessing a dangerous weapon, including a weapon, device, instruments, material, or substance, animate or inanimate, that is used for, or is readily capable of, causing death or serious bodily injury, with the exception of a pocket knife with a blade less than two and one-half inches in length, at school or a school function;
2. possessing or using an illegal drug at school or a school function;

3. selling or soliciting the sale of a controlled substance while at school or a school function; or
  4. committing a third-degree assault involving assaulting another and inflicting substantial bodily harm.
- C. Standards that may not be used for rejection of application. The school district may not use the following standards in determining whether to accept or reject an application for open enrollment:
1. previous academic achievement of a student;
  2. athletic or extracurricular ability of a student;
  3. disabling conditions of a student;
  4. a student's proficiency in the English language;
  5. the student's district of residence except where the district of residence is directly included in an enrollment options strategy included in an approved achievement and integration program; or
  6. previous disciplinary proceedings involving the student. This shall not preclude the school district from proceeding with exclusion as set out in Section F. of this policy.
- D. Application. The student and parent or guardian must complete and submit a School District Enrollment Options Program application developed by the Minnesota Department of Education (that enrollment form follows this policy).
- E. Lotteries. If a school district has more applications than available seats at a specific grade level, it must hold an impartial lottery following the January 15 deadline to determine which students will receive seats. Siblings of currently enrolled students, applications related to an approved integration and achievement plan, and children of the school district's staff must receive priority in the lottery. The process for the school district lottery must be established by school board policy and posted on the school district's website.
- F. Exclusion
1. Administrator's initial determination. If a school district administrator knows or has reason to believe that an applicant has engaged in conduct that has subjected or could subject the applicant to expulsion or exclusion under law or school district policy, the administrator will transmit the application to the superintendent with a recommendation of whether exclusion proceedings should be initiated.

2. Superintendent's review. The superintendent may make further inquiries. If the superintendent determines that the applicant should be admitted, he or she will notify the applicant and the school board chair. If the superintendent determines that the applicant should be excluded, the superintendent will notify the applicant and determine whether the applicant wishes to continue the application process. Although an application may not be rejected based on previous disciplinary proceedings, the school district reserves the right to initiate exclusion procedures pursuant to the Minnesota Pupil Fair Dismissal Act as warranted on a case-by-case basis.

G. Termination of Enrollment

1. The school district may terminate the enrollment of a nonresident student enrolled under an enrollment options program pursuant to Minn. Stat. § 124D.03 or 124D.08 at the end of a school year if the student meets the definition of a habitual truant, the student has been provided appropriate services for truancy under Minn. Ch. 260A, and the student's case has been referred to juvenile court. A "habitual truant" is a child under 17 years of age who is absent from attendance at school without lawful excuse for seven school days in a school year if the child is in elementary school or for one or more class periods on seven school days in a school year if the child is in middle school, junior high school, or high school, or a child who is 17 years of age who is absent from attendance at school without lawful excuse for one or more class periods on seven school days in a school year and who has not lawfully withdrawn from school under Minn. Stat. § 120A.22, Subd. 8.
2. The school district may also terminate the enrollment of a nonresident student over 17 years of age if the student is absent without lawful excuse for one or more periods on 15 school days and has not lawfully withdrawn from school under Minn. Stat. § 120A.22, Subd. 8.
3. A student who has not applied for and been accepted for open enrollment pursuant to this policy and does not otherwise meet the residency requirements for enrollment may be terminated from enrollment and removed from school. Prior to removal from school, the school district will send to the student's parents a written notice of the school district's belief that the student is not a resident of the school district. The notice shall include the facts upon which the belief is based and notice to the parents of their opportunity to provide documentary evidence, in person or in writing, of residency to the superintendent or the superintendent's designee. The superintendent or the superintendent's designee will make the final determination as to the residency status of the student.

- H. Notwithstanding the requirement that an application must be approved by the board of the nonresident district, a student who has been enrolled in a district, who is identified as homeless, and whose parent or legal guardian moves to

another district, or who is placed in foster care in another school district, may continue to enroll in the nonresident district without the approval of the board of the nonresident district. The approval of the board of the student's resident district is not required.

3. selling or soliciting the sale of a controlled substance while at school or a school function; or

  6. previous disciplinary proceedings involving the student. This shall not preclude the school district from proceeding with exclusion as set out in Section F. of this policy.
- D. Application. The student and parent or guardian must complete and submit a School District Enrollment Options Program application developed by the Minnesota Department of Education ~~(that enrollment form follows this policy).~~ and available on their website (education.mn.gov). If a school district has more applications than available seats at a specific grade level, it must hold an impartial lottery following the January 15 deadline to determine which students will receive seats. ~~Siblings of currently enrolled students, applications related to an approved integration and achievement plan, and children of the school district's staff must receive priority in the lottery. The district must give priority to enrolling siblings of currently enrolled students, students whose applications are related to an approved integration and achievement plan, children of the school district's staff, and students residing in that part of a municipality (a statutory or home rule charter city or town) where:~~
1. the student's resident district does not operate a school building;
  2. the municipality is located partially or fully within the boundaries of at

least five school districts;

3. the nonresident district in which the student seeks to enroll operates one or more school buildings within the municipality; and

The process for the school district lottery must be established by school board policy and posted on the school district's website.

F. Exclusion

1. Administrator's initial determination. If a school district administrator knows or has reason to believe that an applicant has engaged in conduct that has subjected or could subject the applicant to expulsion or exclusion under law or school district policy, the administrator will transmit the application to the superintendent with a recommendation of whether exclusion proceedings should be initiated.

POLICY**

*Adopted: September 12, 2007*

*Revised: August 14<sup>th</sup>, 2017*

**525 VIOLENCE PREVENTION [APPLICABLE TO STUDENTS AND STAFF]**

**I. PURPOSE**

The purpose of this policy is to recognize that violence has increased and to identify measures that the school district will take in an attempt to maintain a learning and working environment that is free from violent and disruptive behavior.

The school board is committed to promoting healthy human relationships and learning environments that are physically and psychologically safe for all members of the school community. It further believes that students are the first priority and they should be protected from physical or emotional harm during school activities and on school grounds, buses, or field trips while under school district supervision.

**II. GENERAL STATEMENT OF POLICY**

- A. The policy of the school district is to strictly enforce its weapons policy (Policy 501).
- B. The policy of the school district is to act promptly in investigating all acts, or formal or informal complaints, of violence and take appropriate disciplinary action against any student or staff member who is found to have violated this policy or any related policy.
- C. The administration will periodically review discipline policies and procedures, prepare revisions if necessary, and submit them to the school board for review and adoption.
- D. The school district will implement approved violence prevention strategies to promote safe and secure learning environments, to diminish violence in our schools, and to aid in the protection of children whose health or welfare may be jeopardized through acts of violence.

**III. IMPLEMENTATION OF POLICY**

- A. The school board will review and approve policies to prevent and address violence in our schools. The superintendent or designee will develop procedures to effectively implement the school weapons and violence prevention policies. It shall be incumbent on all students and staff to observe all policies and report violations to the school administration.

- B. The school board and administration will inform staff and students annually of policies and procedures related to violence prevention and weapons.
- C. The school district will act promptly to investigate all acts and formal and informal complaints of violence and take appropriate disciplinary action against any student or staff member who is found to have violated this policy or any related policy.
- D. The consequences set forth in the school weapons policy (Policy 501) will be imposed upon any student or nonstudent who possesses, uses or distributes a weapon when in a school location.
- E. The consequences set forth in the school hazing policy (Policy 526) will be imposed upon any student or staff member who commits an act against a student or staff member; or coerces a student or staff member into committing an act, that creates a substantial risk of harm to a person in order for the student or staff member to be initiated into or affiliated with an organization, or for any other purpose.
- F. Students who engage in assault or violent behavior will be removed from the classroom immediately and for a period of time deemed appropriate by the principal, in consultation with the teacher, pursuant to the student discipline policy (Policy 506).
- G. Students with disabilities may be expelled for behavior unrelated to their disabilities, subject to the procedural safeguards required by the Individuals with Disabilities Education Act (IDEA), Section 504 of the Rehabilitation Act of 1973, and the Pupil Fair Dismissal Act.

- I. Students who wear objectionable emblems, signs, words, objects, or pictures on clothing communicating a message that is racist, sexist, or otherwise derogatory to a protected minority group or which connotes gang membership or that approves, advances, or provokes any form of religious, racial, or sexual harassment or violence against other individuals as defined in the harassment and violence policy (Policy 413) will be subject to the procedures set forth in the student dress and appearance policy (Policy 504). “Gang” as used in this policy means any ongoing organization, association, or group of three or more persons, whether formal or informal, having as one of its primary activities the commission of one or more criminal acts, which has an identifiable name or identifying sign or symbol, and whose members individually or collectively engage in or whose members engaged in a pattern of criminal gang activity. A “pattern of gang activity” means the commission, attempt to commit, conspiring to commit, or solicitation of two or more criminal acts, provided the criminal acts

were committed on separate dates or by two or more persons who are members of or belong to the same criminal street gang.

- J. This policy is not intended to abridge the rights of students to express political, religious, philosophical, or similar opinions by wearing apparel on which such messages are stated. Such messages are acceptable as long as they are not lewd, vulgar, obscene, defamatory, profane, denote gang affiliation, advocate harassment or violence against others, are likely to disrupt the education process, or cause others to react in a violent or illegal manner (Policy 504).

### **II. GENERAL STATEMENT OF POLICY**

The Compulsory Attendance Law (Minn. Stat. § 120A.22) provides that the parent or guardian of a child is primarily responsible for assuring that the child acquires knowledge and skills that are essential for effective citizenship. (Minn. Stat. § 120A.22, Subd. 1)

### **III. CONDITIONS FOR HOME SCHOOLING**

The person in charge of a home school and the school district must provide instruction and meet the requirements specified in Minn. Stat. § 120A.22.

### **IV. IMMUNIZATION**

The parent or guardian of a home-schooled child shall submit statements as required by Minn. Stat. § 121A.15, Subds. 1, 2, 3, 4, and 12, on the appropriate Minnesota Department of Education form, to the superintendent of the school district in which the child resides by October 1 of the first year of home schooling in Minnesota and the grade 7 year. (Minn. Stat. § 121A.15, Subd. 8)

### **V. TEXTBOOKS, INSTRUCTIONAL MATERIAL, STANDARD TESTS**

Upon formal request, as required by law, the school district will provide textbooks, individualized instructional or cooperative learning materials, software or other educational technology, and standardized tests and loan or provide them for use by a home-schooled child as provided in Minn. Stat. § 123B.42 and Minn. Rules Ch. 3540. The school district is not required to expend any amount for this purpose that exceeds the amount it receives pursuant to Minn. Stat. §§ 123B.40-123B.48 for this purpose. If curriculum has both physical and electronic components, the school district will, at the request of the student or the student's parent or guardian, make the electronic component accessible to a resident student provided that the school district does not incur more than an incidental cost as a result of providing access electronically.

### **VI. PUPIL SUPPORT SERVICES**

Upon formal request, as required by law, the school district will provide pupil support services in the form of health services and counseling and guidance services to a home-schooled child as provided by Minn. Stat. § 123B.44 and Minn. Rules Ch. 3540. The school district is not required to expend an amount for any of these purposes that exceeds the amount it receives pursuant to Minn. Stat. §§ 123B.40-123B.48 for any of these purposes.

## **VII. EXTRACURRICULAR ACTIVITIES**

Resident pupils who receive instruction in a home school (where five or fewer students receive instruction) may fully participate in extracurricular activities of the school district on the same basis as other public school students. (Minn. Stat. §§ 123B.36, Subd. 1, and 123B.49, Subd. 4)

## **VIII. SHARED TIME PROGRAMS**

Enrollment in class offerings of the school district.

- A. A home-schooled child who is a resident of the school district may enroll in classes in the school district as a shared time pupil on the same basis as other nonpublic school students. The provisions of this policy shall not be determinative of whether the school district allows the enrollment of any pupils on a shared-time basis.
- B. The school district may limit enrollment of shared-time pupils in such classes based on the capacity of a program, class, grade level, or school building. The school board and administration retain sole discretion and control over scheduling of all classes and assignment of shared time pupils to classes.

*[Note: The provisions of Article VIII. - Shared Time Programs do not make a determination as to whether Shared Time Programs should be offered to any pupil. However, home-schooled children are required to be treated the same as all other nonpublic school children.]*

## **IX. OPTIONAL COOPERATIVE ARRANGEMENTS**

### **A. Activities**

- 1. Minnesota State High School League-sponsored activities (where six or more students receive instruction in the home school or the home school students are not residents of the school district).

A home school which is a member of the Minnesota State High School League may request that the school district enter into a cooperative sponsorship arrangement as provided in Minnesota State High School League Bylaw 403.00. The approval of such an arrangement shall be at the discretion of the school board.

- a. The home school must become a member of the Minnesota State High School League in accordance with the rules of the Minnesota State High School League.
  - b. The home school is solely responsible for any costs or fees associated with its application for and/or subsequent membership in the Minnesota State High School League.
  - c. The home school is responsible for any and all costs associated with its participation in a cooperative sponsorship arrangement as well as any school district activity fees associated with the Minnesota State High School League activity.
2. Non-Minnesota State High School League activities where six or more students receive instruction in the home school.

A home-schooled child may participate in non-Minnesota State High School League activities offered by the school district upon application and approval from the school board to participate in the activity and the payment of any activity fees associated with the activity. However, home school students may not be charged higher activity fees than other public school students. An approval shall be granted at the discretion of the school board.

**B. Transportation Services**

1. The school district may provide nonpublic nonregular transportation services to a home-schooled child.
2. The school board of the school district retains sole discretion and control and management of scheduling routes, establishment of the location of bus stops, manner and method of transportation, control and discipline of school children, and any other matter relating to the provision of transportation services.

**707 TRANSPORTATION OF PUBLIC SCHOOL STUDENTS**

**I. PURPOSE**

The purpose of this policy is to provide for the transportation of students consistent with the requirements of law.

**II. GENERAL STATEMENT OF POLICY**

- A. The policy of the school district is to provide for the transportation of students in a manner which will protect their health, welfare, and safety.
- B. The school district recognizes that transportation is an essential part of the school district services to students and parents but further recognizes that transportation by school bus is a privilege and not a right for an eligible student.

**III. DEFINITIONS**

- A. “Child with a disability” includes every child identified under federal and state special education law as deaf or hard of hearing, blind or visually impaired, deafblind, or having a speech or language impairment, a physical impairment, other health disability, developmental cognitive disability, an emotional or behavioral disorder, specific learning disability, autism spectrum disorder, traumatic brain injury, or severe multiple impairments, and who needs special education and related services, as determined by the rules of the Commissioner of Education. A licensed physician, an advanced practice nurse, or a licensed psychologist is qualified to make a diagnosis and determination of attention deficit disorder or attention deficit hyperactivity disorder for purposes of identifying a child with a disability. In addition, every child under age three, and at the school district’s discretion from age three to seven, who needs special instruction and services, as determined by the rules of the Commissioner, because the child has a substantial delay or has an identifiable physical or mental condition known to hinder normal development is a child with a disability. A child with a short-term or temporary physical or emotional illness or disability, as determined by the rules of the Commissioner, is not a child with a disability. (Minn. Stat. § 125A.02)
- B. “Home” is the legal residence of the child. In the discretion of the school district,

“home” also may be defined as a licensed day care facility, school day care facility, a respite care facility, the residence of a relative, or the residence of a person chosen by the student’s parent or guardian as the home of a student for part or all of the day, if requested by the student’s parent or guardian, or an afterschool program for children operated by a political subdivision of the state, if the facility, residence, or program is within the attendance area of the school the student attends. Unless otherwise specifically provided by law, a homeless student is a resident of the school district if enrolled in the school district. (Minn. Stat. § 123B.92, Subd. 1(b)(1); Minn. Stat. § 127A.47, Subd. 2)

- C. “Homeless student” means a student, including a migratory student, who lacks a fixed, regular, and adequate nighttime residence and includes: students who are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations; are living in emergency or transitional shelters; are abandoned in hospitals; are awaiting foster care placement; have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings; are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings, and migratory children who qualify as homeless because they are living in any of the preceding listed circumstances. (42 U.S.C. § 11434a)
- D. “Nonpublic school” means any school, church, or religious organization, or home school wherein a resident of Minnesota may legally fulfill the compulsory instruction requirements of Minn. Stat. §120A.22, which is located within the state, and which meets the requirements of Title VI of the Civil Rights Act of 1964 (42 U.S.C. § 2000d, *et seq.*). (Minn. Stat. §123B.41, Subd. 9)
- E. “Nonresident student” is a student who attends school in the school district and resides in another district, defined as the “nonresident district.” In those instances when the divorced or legally separated parents or parents residing separately share joint physical custody of a student and the parents reside in different school districts, the student shall be a resident of the school district designated by the student’s parents. When parental rights have been terminated by court order, the legal residence of a student placed in a residential or foster facility for care and treatment is the district in which the student resides. (Minn. Stat. § 123B.88, Subd. 6; Minn. Stat. § 125A.51; Minn. Stat. § 127A.47, Subd. 3)
- F. “Pupil support services” are health, counseling, and guidance services provided by the public school in the same district where the nonpublic school is located. (Minn. Stat. § 123B.41, Subd. 4)
- G. “School of origin,” for purposes of determining the residence of a homeless student, is the school that the student attended when permanently housed or the school in which the student was last enrolled. (42 U.S.C. § 11432(g)(3)(G))
- H. “Shared time basis” is a program where students attend public school for part of

the regular school day and who otherwise fulfill the requirements of Minn. Stat. § 120A.22 by attendance at a nonpublic school. (Minn. Stat. § 126C.01, Subd. 8)

- I. “Student” means any student or child attending or required to attend any school as provided in Minnesota law and who is a resident or child of a resident of Minnesota. (Minn. Stat. § 123B.41, Subd. 11)

#### **IV. ELIGIBILITY**

- A. Upon the request of a parent or guardian, the school district shall provide transportation to and from school, at the expense of the school district, for all resident students who reside two miles or more from the school, except for those students whose transportation privileges have been revoked or have been voluntarily surrendered by the student’s parent or guardian. (Minn. Stat. § 123B.88, Subd. 1)
- B. The school district may, in its discretion, also provide transportation to any student to and from school, at the expense of the school district, for any other purpose deemed appropriate by the school board.
- C. In the discretion of the school district, transportation along regular school bus routes may also be provided, where space is available, to any person where such use of a bus does not interfere with the transportation of students. The cost of providing such transportation must be paid by those individuals using these services or some third-party payor. Bus transportation also may be provided along school bus routes when space is available for participants in early childhood family education programs and school readiness programs if these services do not result in an increase in the school district’s expenditures for transportation. (Minn. Stat. § 123B.88, Subd. 10, 11, 12, and 13)
- D. For purposes of stabilizing enrollment and reducing mobility, the school district may, in its discretion, establish a full-service school zone and may provide transportation for students attending a school in that full-service school zone. A full-service school zone may be established for a school that is located in an area with higher than average crime or other social and economic challenges and that provides education, health or human services, or other parental support in collaboration with a city, county, state, or nonprofit agency.

#### **V. TRANSPORTATION OF NONRESIDENT STUDENTS**

- A. If requested by the parent of a nonresident student, the school district shall provide transportation to a nonresident student within its borders at the same level of service that is provided to resident students. (Minn. Stat. § 124D.04, Subd. 7; Minn. Stat. § 123B.92, Subd. 3)
- B. If the school district decides to transport a nonresident student within the student’s resident district, the school district will notify the student’s resident district of its decision, in writing, prior to providing transportation. (Minn. Stat. § 123B.88,

Subd. 6)

- C. When divorced or legally separated parents or parents residing separately reside in different school districts and share physical custody of a student, the parents shall be responsible for the transportation of the student to the border of the school district during those times when the student is residing with the parent in the nonresident school district. (Minn. Stat. § 127A.47, Subd. 3(b))
- D. The school district may provide transportation to allow a student who attends a high-need English language learner program and who resides within the transportation attendance area of the program to continue in the program until the student completes the highest grade level offered by the program. (Minn. Stat. § 123B.92, Subd. 3(b))

## **VI. TRANSPORTATION OF RESIDENT STUDENTS TO NONDISTRICT SCHOOLS**

- A. In general, the school district shall not provide transportation between a resident student's home and the border of a nonresident district where the student attends school under the Enrollment Options Program. A parent may be reimbursed by the nonresident district for the costs of transportation from the pupil's residence to the border of the nonresident district if the student is from a family whose income is at or below the poverty level, as determined by the federal government. The reimbursement may not exceed the pupil's actual cost of transportation or 15 cents per mile traveled, whichever is less. Reimbursement may not be paid for more than 250 miles per week. (Minn. Stat. § 124D.03, Subd. 8)
- B. Resident students shall be eligible for transportation to and from a nonresident school district at the expense of the school district, if in the discretion of the school district, inadequate room, distance to school, unfavorable road conditions, or other facts or conditions make attendance in the resident student's own district unreasonably difficult or impracticable. The school district, in its discretion, may also provide for transportation of resident students to schools in other districts for grades and departments not maintained in the district, including high school, for the whole or a part of the year or for resident students who attend school in a building rented or leased by the school district in an adjacent district. (Minn. Stat. § 123B.88, Subds. 1 and 4)
- C. In general, the school district is not responsible for transportation for any resident student attending school in an adjoining state under a reciprocity agreement but may provide such transportation services at its discretion. (Minn. Stat. § 124D.041)

## **VII. SPECIAL EDUCATION STUDENTS/STUDENTS WITH A DISABILITY/STUDENTS WITH TEMPORARY DISABILITIES**

- A. Upon a request of a parent or guardian, the board must provide necessary

transportation, consistent with Minn. Stat. § 123B.92, Subd. 1(b)(4), for a resident child with a disability not yet enrolled in kindergarten for the provision of special instruction and services. Special instruction and services for a child with a disability not yet enrolled in kindergarten include an individualized education program (IEP) team placement in an early childhood program when that placement is necessary to address the child's level of functioning and needs. (Minn. Stat. § 123B.88, Subd. 1)

- B. Resident students with a disability whose handicapped conditions are such that the student cannot be safely transported on the regular school bus and/or school bus route and/or when the student is transported on a special route for the purpose of attending an approved special education program shall be entitled to special transportation at the expense of the school district or the day training and habilitation program attended by the student. The school district shall determine the type of vehicle used to transport students with a disability on the basis of the handicapping condition and applicable laws. This provision shall not be applicable to parents who transport their own child under a contract with the school district. (Minn. Stat. § 123B.88, Subd. 19; Minn. Rules Part 7470.1600)
- C. Resident students with a disability who are boarded and lodged at Minnesota state academies for educational purposes, but who also are enrolled in a public school within the school district, shall be provided transportation, by the school district to and from said board and lodging facilities, at the expense of the school district. (Minn. Stat. § 125A.65)
- D. If a resident student with a disability attends a public school located in a contiguous school district and the school district of attendance does not provide special instruction and services, the school district shall provide necessary transportation for the student between the school district boundary and the educational facility where special instruction and services are provided within the school district. The school district may provide necessary transportation of the student between its boundary and the school attended in the contiguous district, but shall not pay the cost of transportation provided outside the school district boundary. (Minn. Stat. § 125A.12)
- E. When a student with a disability or a student with a short-term or temporary disability is temporarily placed for care and treatment in a day program located in another school district and the student continues to live within the school district during the care and treatment, the school district shall provide the transportation, at the expense of the school district, to that student. The school district may establish reasonable restrictions on transportation, except if a Minnesota court or agency orders the child placed at a day care and treatment program and the school district receives a copy of the order, then the school district must provide transportation to and from the program unless the court or agency orders otherwise. Transportation shall only be provided by the school district during regular operating hours of the school district. (Minn. Stat. § 125A.15(b); Minn. Stat. § 125A.51(d)) **The District may refuse to transport a student to or from a care and treatment facility outside the District's regular operating hours. The**

district is not responsible for and may not provide transportation when its schools are not in session, although transportation may be provided for special education students who receive extended school year services.

1. Before the placement of a pupil for care and treatment, the district of residence must be notified and provided an opportunity to participate in the placement decision. (See Minn. Stat. § 125A.51(c). It is reasonable for the school district to refuse or delay transportation to a care and treatment program if school district administration have been denied the opportunity to participate in the placement decision.

2. The school district will transport a student determined to need placement in a day treatment program to the therapeutic day program offered collaboratively by Carver and/or Scott County and an Intermediate School District of which the school district is a member district to the extent placement is deemed appropriate by school district and therapeutic program staff and opening exists. The District may refuse to transport a student to a care and treatment facility if another care and treatment facility is closer to the student's home and is sufficient to meet the needs of the student. Only if placement in this program is not possible will the school district transport to the next closest day treatment program as approved by the district's director of special services.

- F. When a nonresident student with a disability or a student with a short-term or temporary disability is temporarily placed in a residential program within the school district, including correctional facilities operated on a fee-for-service basis and state institutions, for care and treatment, the school district shall provide the necessary transportation at the expense of the school district. Where a joint powers entity enters into a contract with a privately owned and operated residential facility for the provision of education programs for special education students, the joint powers entity shall provide the necessary transportation. (Minn. Stat. § 125A.15(c) and (d); Minn. Stat. § 125A.51(e))
- G. Each driver and aide assigned to a vehicle transporting students with a disability will be provided with appropriate training for the students in their care, will assist students with their safe ingress and egress from the bus, will ensure the proper use of protective safety devices, and will be provided with access to emergency health care information as required by law. (Minn. Rules Part 7470.1700)
- H. Any parent of a student with a disability who believes that the transportation services provided for that child are not in compliance with the applicable law may utilize the alternative dispute resolution and due process procedures provided for in Minn. Stat. Ch. 125A. (Minn. Rules Part 7470.1600, Subd. 2)

## VIII. HOMELESS STUDENTS

- A. Homeless students shall be provided with transportation services comparable to

other students in the school district. (42 U.S.C. § 11432(e)(3)(C)(i)(III)(cc) and (g)(4)(A))

B. Upon request by the student's parent, guardian, or homeless education liaison, the school district shall provide transportation for a homeless student as follows:

1. A resident student who becomes homeless and is residing in a public or private shelter location or has other non-shelter living arrangements within the school district shall be provided transportation to and from the student's school of origin and the shelter or other non-shelter location if the shelter or non-shelter location is two or more miles from the school of origin and the student's transportation privileges have not been revoked. (42 U.S.C. § 11432(g)(1)(J)(iii)(I))
2. A resident student who becomes homeless and is residing in a public or private shelter location or has other non-shelter living arrangements outside of the school district shall be provided transportation to and from the student's school of origin and the shelter or other non-shelter location if the shelter or non-shelter location is two or more miles from the school of origin and the student's transportation privileges have not been revoked, unless the school district and the school district in which the student is temporarily placed agree that the school district in which the student is temporarily placed shall provide transportation. (Minn. Stat. § 125A.51(f); 42 U.S.C. § 11432(g)(1)(J)(iii)(II))
3. If a nonresident student is homeless and is residing in a public or private homeless shelter or has other non-shelter living arrangements within the school district, the school district may provide transportation services between the shelter or non-shelter location and the student's school of origin outside of the school district upon agreement with the school district in which the school of origin is located. (Minn. Stat. § 125A.51(f))
4. A homeless nonresident student enrolled under Minn. Stat. § 124D.08, Subd. 2a, must be provided transportation from the student's district of residence to and from the school of enrollment. (Minn. Stat. § 123B.92, Subd. 3(c)).

## **IX. AVAILABILITY OF SERVICES**

Transportation shall be provided on all regularly scheduled school days or make-up days. Transportation will not be provided during the summer school break. Transportation may be provided for summer instructional programs for students with a disability or in conjunction with a learning year program. Transportation between home and school may also be provided, in the discretion of the school district, on staff development days. (Minn. Stat. § 123B.88, Subd. 21)

## **X. MANNER OF TRANSPORTATION**

The scheduling of routes, establishment of the location of bus stops, manner and method of transportation, control and discipline of school children, the determination of fees, and any other matter relating thereto shall be within the sole discretion, control and management of the school board. The school district may, in its discretion, provide room and board, in lieu of transportation, to a student who may be more economically and conveniently provided for by that means. (Minn. Stat. § 123B.88, Subd. 1)

## **XI. RESTRICTIONS**

Transportation by the school district is a privilege and not a right for an eligible student. A student's eligibility to ride a school bus may be revoked for a violation of school bus safety or conduct policies, or violation of any other law governing student conduct on a school bus pursuant to the school district's discipline policy. Revocation of a student's bus riding privilege is not an exclusion, expulsion, or suspension under the Pupil Fair Dismissal Act. Revocation procedures for a student who is an individual with a disability under 20 U.S.C. § 1415 (Individuals with Disabilities Act), 29 U.S.C. § 794 (the Rehabilitation Act), and 42 U.S.C. § 12132, (Americans with Disabilities Act) are governed by these provisions. (Minn. Stat. § 121A.59)

## **XII. FEES**

- A. In its discretion, the school district may charge fees for transportation of students to and from extracurricular activities conducted at locations other than school, where attendance is optional. (Minn. Stat. § 123B.36, Subd. 1(10))
- B. The school district may charge fees for transportation of students to and from school when authorized by law. If the school district charges fees for transportation of students to and from school, guidelines shall be established for that transportation to ensure that no student is denied transportation solely because of inability to pay. The school district also may waive fees for transportation if the student's parent is serving in, or within the past year has served in, active military service as defined in Minn. Stat. § 190.05. (Minn. Stat. § 123B.36, Subds. 1(11) and 6)
- C. The school district may charge reasonable fees for transportation of students to and from post-secondary institutions for students enrolled under the post-secondary enrollment options program. Families who qualify for mileage reimbursement may use their state mileage reimbursement to pay this fee. (Minn. Stat. § 123B.36, Subd. 1(13))
- D. Where, in its discretion, the school district provides transportation to and from an instructional community-based employment station that is part of an approved occupational experience vocational program, the school district may require the payment of reasonable fees for transportation from students who receive remuneration for their participation in these programs. (Minn. Stat. § 123B.36, Subd. 3)

#### **IV. ELIGIBILITY**

- A. Upon the request of a parent or guardian, the school district shall provide transportation to and from school, at the expense of the school district, for all resident students who reside two miles or more from the school, except for those students whose transportation privileges have been revoked or have been voluntarily surrendered by the student’s parent or guardian. (Minn. Stat. § 123B.88, Subd. 1)
- B. The school district may, in its discretion, also provide transportation to any student to and from school, at the expense of the school district, for any other purpose deemed appropriate by the school board.

*[Note: In this section, school districts may wish to outline those discretionary areas where they intend to provide transportation. For example, some school districts may provide that transportation shall be provided for all resident elementary students who reside one mile or more from the school.]*

- C. In the discretion of the school district, transportation along regular school bus routes may also be provided, where space is available, to any person where such use of a bus does not interfere with the transportation of students. Bus transportation also may be provided along school bus routes when space is available for participants in early childhood family education programs and school readiness programs if these services do not result in an increase in the school district’s expenditures for transportation. (Minn. Stat. § 123B.88, Subd. 10, 11, 12, and 13)
- D. For purposes of stabilizing enrollment and reducing mobility, the school district may, in its discretion, establish a full-service school zone and may provide transportation for students attending a school in that full-service school zone. A full-service school zone may be established for a school that is located in an area with higher than average crime or other social and economic challenges and that provides education, health or human services, or other parental support in collaboration with a city, county, state, or nonprofit agency.

A parent may be reimbursed by the nonresident district for the costs of transportation from the pupil's residence to the border of the nonresident district if the student is from a family whose income is at or below the poverty level, as determined by the federal government. The reimbursement may not exceed the pupil's actual cost of transportation or 15 cents per mile traveled, whichever is less. Reimbursement may not be paid for more than 250 miles per week. (Minn. Stat. § 124D.03, Subd. 8)
- B. Resident students shall be eligible for transportation to and from a nonresident school district at the expense of the school district, if in the discretion of the school district, inadequate room, distance to school, unfavorable road conditions, or other facts or conditions make attendance in the resident student's own district unreasonably difficult or impracticable. The school district, in its discretion, may also provide for transportation of resident students to schools in other districts for grades and departments not maintained in the district, including high school, for the whole or a part of the year or for resident students who attend school in a building rented or leased by the school district in an adjacent district. (Minn. Stat. § 123B.88, Subds. 1 and 4)

STUDENTS WITH TEMPORARY DISABILITIES**

(Minn. Stat. § 125A.65)
- D. If a resident student with a disability attends a public school located in a contiguous school district and the school district of attendance does not provide special instruction and services, the school district shall provide necessary transportation for the student between the school district boundary and the educational facility where special instruction and services are provided within the school district. The school district may provide necessary transportation of the student between its boundary and the school attended in the contiguous district, but shall not pay the cost of transportation provided outside the school district boundary. (Minn. Stat. § 125A.12)
- E. When a student with a disability or a student with a short-term or temporary disability is temporarily placed for care and treatment in a day program located in another school district and the student continues to live within the school district during the care and treatment, the school district shall provide the transportation, at the expense of the school district, to that student. The school district may establish reasonable restrictions on transportation, except if a Minnesota court or agency orders the child placed at a day care and treatment program and the school district receives a copy of the order, then the school district must provide transportation to and from the program unless the court or agency orders

otherwise. Transportation shall only be provided by the school district during regular operating hours of the school district. (Minn. Stat. § 125A.15(b); Minn. Stat. § 125A.51(d))

(Minn. Rules Part 7470.1700)
- H. Any parent of a student with a disability who believes that the transportation services provided for that child are not in compliance with the applicable law may utilize the alternative dispute resolution and due process procedures provided for in Minn. Stat. Ch. 125A. (Minn. Rules Part 7470.1600, Subd. 2)

## VIII. HOMELESS STUDENTS

- A. Homeless students shall be provided with transportation services comparable to other students in the school district. (42 U.S.C. § 11432(e)(3)(C)(i)(III)(cc) and (g)(4)(A))

If a nonresident student is homeless and is residing in a public or private homeless shelter or has other non-shelter living arrangements within the school district, the school district may provide transportation services between the shelter or non-shelter location and the student's school of origin outside of the school district upon agreement with the school district in which the school of origin is located. (Minn. Stat. § 125A.51(f))
4. A homeless nonresident student enrolled under Minn. Stat. § 124D.08, Subd. 2a, must be provided transportation from the student's district of residence to and from the school of enrollment. (Minn. Stat. § 123B.92, Subd. 3(c)).

## **IX. AVAILABILITY OF SERVICES**

Transportation shall be provided on all regularly scheduled school days or make-up days. Transportation will not be provided during the summer school break. Transportation may be provided for summer instructional programs for students with a disability or in conjunction with a learning year program. Stat. § 123B.88, Subd. 1)

## **XI. RESTRICTIONS**

Transportation by the school district is a privilege and not a right for an eligible student. A student's eligibility to ride a school bus may be revoked for a violation of school bus safety or conduct policies, or violation of any other law governing student conduct on a school bus pursuant to the school district's discipline policy. Revocation of a student's bus riding privilege is not an exclusion, expulsion, or suspension under the Pupil Fair Dismissal Act. Revocation procedures for a student who is an individual with a disability under 20 U.S.C. § 1415 (Individuals with Disabilities Act), 29 U.S.C. § 794 (the Rehabilitation Act), and 42 U.S.C. § 12132, (Americans with Disabilities Act) are governed by these provisions. - B. The school district may charge fees for transportation of students to and from school when authorized by law. If the school district charges fees for transportation of students to and from school, guidelines shall be established for that transportation to ensure that no student is denied transportation solely because of inability to pay. The school district also may waive fees for transportation if the student's parent is serving in, or within the past year has served in, active military service as defined in Minn. Stat. § 190.05. (Minn. Stat. § 123B.36, Subds. 1(11) and 6)

**II. GENERAL STATEMENT OF POLICY**

The policy of the school district is to recognize the rights of nonpublic school students and to provide equal transportation to those students as required by law.

**III. ELIGIBILITY**

- A. The school district shall provide equal transportation within the school district for all students to any school when transportation is deemed necessary by the school district because of distance or traffic conditions in like manner and form as provided in Minn. Stat. § 123B.88 and § 123B.92 when applicable. (Minn. Stat. § 123B.86, Subd. 1)
  
- B. Upon the request of a parent or guardian, the school district shall provide school bus transportation to the school district boundary for students residing in the school district at least the same distance from a nonpublic school actually attended in another school district as public school students are transported in the transporting school district. Such transportation shall be provided whether there is or is not another nonpublic school within the transporting school district, if the transportation is to schools maintaining grades or departments not maintained in the school district or if the attendance of such students at school can more safely, economically, or conveniently be provided for by such means. (Minn. Stat. § 123B.86, Subd. 2(a))
  
- C. The school district may provide school bus transportation to a nonpublic school in another school district for students residing in the school district and attending that school, whether there is or is not another nonpublic school within the transporting school district, if the transportation is to schools maintaining grades or departments not maintained in the school district or if the attendance of such students at school can more safely, economically, or conveniently be provided for by such means. If the school district transports students to a nonpublic school located in another school district, the nonpublic school shall pay the cost of such transportation provided outside the school district boundaries. (Minn. Stat. §

123B.86, Subd. 2(b))

- E. When transportation is provided, the scheduling of routes, manner and method of transportation, control and discipline of students, and any other matter relating thereto shall be within the sole discretion, control, and management of the school district. (Minn. Stat. § 123B.86, Subd. 3; Minn. Stat. § 123B.91, Subd. 1a)

### **I. PURPOSE**

The purpose of this policy is to address transportation rights of nonpublic school students and to provide equality of treatment in transporting such students pursuant to law.

### **II. GENERAL STATEMENT OF POLICY**

The policy of the school district is to recognize the rights of nonpublic school students and to provide equal transportation to those students as required by law.

### **III. ELIGIBILITY**

- A. The school district shall provide equal transportation within the school district for all students to any school when transportation is deemed necessary by the school district because of distance or traffic conditions in like manner and form as provided in Minn. Stat. § 123B.88 and § 123B.92 when applicable. (Minn. Stat. § 123B.86, Subd. 1)
- B. Upon the request of a parent or guardian, the school district shall provide school bus transportation to the school district boundary for students residing in the school district at least the same distance from a nonpublic school actually attended in another school district as public school students are transported in the transporting school district. Such transportation shall be provided whether there is or is not another nonpublic school within the transporting school district, if the transportation is to schools maintaining grades or departments not maintained in the school district or if the attendance of such students at school can more safely, economically, or conveniently be provided for by such means. (Minn. Stat. § 123B.86, Subd. 2(a))
- C. The school district may provide school bus transportation to a nonpublic school in another school district for students residing in the school district and attending that school, whether there is or is not another nonpublic school within the transporting school district, if the transportation is to schools maintaining grades or departments not maintained in the school district or if the attendance of such students at school can more safely, economically, or conveniently be provided for by such means. If the school district transports students to a nonpublic school located in another school district, the nonpublic school shall pay the cost of such

transportation provided outside the school district boundaries. (Minn. Stat. § 123B.86, Subd. 2(b))

- D. If a resident student with a disability attends a nonpublic school located in another school district and if no agreement exists for the provision of special instruction and services on a shared time basis to that student by the school district of attendance and where the special instruction and services are provided within the school district, the school district shall provide necessary transportation for that student between the school district boundary and the educational facility. The school district may provide necessary transportation for that student between its boundary and the nonpublic school attended, but the nonpublic school shall pay the cost of transportation provided outside the school district. School districts may make agreements for who provides transportation. Parties serving students on a shared time basis have access to a due process hearing system as provided by law. (Minn. Stat. § 125A.18)
- B. ~~Disabled students whose handicapped conditions~~ When the disabling conditions of a student with a disability are such that the student cannot be safely transported on the regular school bus and/or school bus route and/or when the student is transported on a special route for the purpose of attending an approved special education program shall be entitled to special transportation at the expense of the school district or the day training and habilitation program attended by the student. The school district shall determine the type of vehicle used to transport ~~disabled students on the basis of the handicapping condition~~ students with a disability on the basis of the disabling conditions and applicable laws. Part 7470.1600, Subd. 1)

- C. Each driver and aide assigned to a vehicle transporting students with a disability will be provided with appropriate training for the students in their care, will assist students with their safe ingress and egress from the bus, will ensure the proper use of protective safety devices, and will be provided with access to emergency health care information as required by law. (Minn. Rules Part 7470.1700)

**709 STUDENT TRANSPORTATION SAFETY POLICY**

**I. PURPOSE**

The purpose of this policy is to provide safe transportation for students and to educate students on safety issues and the responsibilities of school bus ridership.

**II. PLAN FOR STUDENT TRANSPORTATION SAFETY TRAINING**

A. School Bus Safety Week

The school district may designate a school bus safety week. The National School Bus Safety Week is the third week in October.

B. Student Training

1. The school district shall provide students enrolled in grades kindergarten (K) through (6) with age-appropriate school bus safety training of the following concepts:

- a. transportation by school bus is a privilege, not a right;
- b. school district policies for student conduct and school bus safety;
- c. appropriate conduct while on the bus;
- d. the danger zones surrounding a school bus;
- e. procedures for safely boarding and leaving a school bus;
- f. procedures for safe vehicle lane crossing; and
- g. school bus evacuation and other emergency procedures.

2. All students in grades K through 6 who are transported by school bus and are enrolled during the first or second week of school must receive the school bus safety training by the end of the third week of school. Students in grades K through 6 who enroll in a school after the second week of school, are transported by school bus, and have not received training in their previous school districts shall undergo school bus safety

training or receive bus safety instructional materials within four weeks of their first day of attendance.

3. The school district and a nonpublic school with students transported by school bus at public expense must provide students enrolled in grades K through 3 school bus safety training twice during the school year.
4. Students taking driver's training instructional classes and other students in grades 9 and 10 must receive training in the laws and proper procedures for operating a motor vehicle in the vicinity of a school bus.
5. The school district and a nonpublic school with students transported by school bus at public expense must conduct a school bus evacuation drill at least once during the school year.
6. The school district will make reasonable accommodations in training for students known to speak English as a second language and students with disabilities.
7. The school district may provide kindergarten students with school bus safety training before the first day of school.
8. The school district may provide student safety education for bicycling and pedestrian safety for students in grades K through 4.
9. The school district shall adopt and make available for public review a curriculum for transportation safety education.
10. Nonpublic school students transported by the school district will receive school bus safety training by their nonpublic school. The nonpublic schools may use the school district's school transportation safety education curriculum. The nonpublic school must certify to the school district's school transportation safety director that all students enrolled in grades K through 6 have received the appropriate training.

### **III. CONDUCT ON SCHOOL BUSES AND CONSEQUENCES FOR MISBEHAVIOR**

- A. Riding the school bus is a privilege, not a right. The school district's general student behavior rules are in effect for all students on school buses, including nonpublic and charter school students.
- B. Consequences for school bus/bus stop misconduct will be imposed by the school district under adopted administrative discipline procedures. In addition, all school bus/bus stop misconduct will be reported to the school district's transportation safety director. Serious misconduct may be reported to local law enforcement.
  1. School Bus and Bus Stop Rules. The school district school bus safety rules are to be posted on every bus. If these rules are broken, the school

district's discipline procedures are to be followed. In most circumstances, consequences are progressive and may include suspension of bus privileges. It is the school bus driver's responsibility to report unacceptable behavior to the school district's Transportation Office/School Office.

2. Rules at the Bus Stop

- a. Get to your bus stop five minutes before your scheduled pick up time. The school bus driver will not wait for late students.
- b. Respect the property of others while waiting at your bus stop.
- c. Keep your arms, legs, and belongings to yourself.
- d. Use appropriate language.
- e. Stay away from the street, road, or highway when waiting for the bus.
- f. Wait until the bus stops before approaching the bus.
- g. After getting off the bus, move away from the bus.
- h. If you must cross the street, always cross in front of the bus where the driver can see you. Wait for the driver to signal to you before crossing the street.
- i. No fighting, harassment, intimidation, or horseplay.
- j. No use of alcohol, tobacco, or drugs.

3. Rules on the Bus

- a. Immediately follow the directions of the driver.
- b. Sit in your seat facing forward.
- c. Talk quietly and use appropriate language.
- d. Keep all parts of your body inside the bus.
- e. Keep your arms, legs, and belongings to yourself.
- f. No fighting, harassment, intimidation, or horseplay.
- g. Do not throw any object.

- h. No eating, drinking, or use of alcohol, tobacco, or drugs.
- i. Do not bring any weapons or dangerous objects on the school bus.
- j. Do not damage the school bus.

4. Consequences

- a. Consequences for school bus/bus stop misconduct will apply to all regular and late routes. Decisions regarding a student's ability to ride the bus in connection with cocurricular and extracurricular events (for example, field trips or competitions) will be in the sole discretion of the school district. Parents or guardians will be notified of any suspension of bus privileges.

(1) Elementary (K-4)

1st offense – warning, letter to parents

2nd offense – parent conference either in person or phone

3rd offense – 5 school-day suspension from riding the bus

Further offenses – individually considered. Students may be suspended for longer periods of time, including the remainder of the school year.

(2) Secondary (5-12)

1st offense – warning

2nd offense – 5 school-day suspension from riding the bus

3rd offense – 10 school-day suspension from riding the bus

4th offense – 20 school-day suspension from riding the bus/meeting with parent

5th offense – suspended from riding the bus for the remainder of the school year

Note: When any student goes 60 transportation days without a report, the student's consequences may start over at the first offense. The principals always have the discretion to change the above amounts if they deem it appropriate.

(3) Other Discipline

Based on the severity of a student's conduct, more serious consequences may be imposed at any time. Depending on the nature of the offense, consequences such as suspension or expulsion from school also may result from school

bus/bus stop misconduct.

(4) Records

Records of school bus/bus stop misconduct will be forwarded to the individual school building and will be retained in the same manner as other student discipline records. Reports of student misbehavior on a school bus or in a bus-loading or unloading area that causes an immediate and substantial danger to the student or surrounding persons or property will be provided by the school district to the Department of Public Safety in accordance with state and federal law.

(5) Vandalism/Bus Damage

Students damaging school buses will be responsible for the damages. Failure to pay such damages (or make arrangements to pay) within two weeks may result in the loss of bus privileges until damages are paid.

(6) Notice

School bus and bus stop rules and consequences for violations of these rules will be reviewed with students annually and copies of these rules will be made available to students. School bus rules are to be posted on each school bus.

(7) Criminal Conduct

In cases involving criminal conduct (for example, assault, weapons, drug possession, or vandalism), the appropriate school district personnel and local law enforcement officials will be informed.

#### **IV. PARENT AND GUARDIAN INVOLVEMENT**

A. Parent and Guardian Notification

The school district school bus and bus stop rules will be provided to each family. Parents and guardians are asked to review the rules with their children.

B. Parents/Guardians Responsibilities for Transportation Safety

Parents/Guardians are responsible to:

1. Become familiar with school district rules, policies, regulations, and the

principles of school bus safety, and thoroughly review them with their children;

2. Support safe riding and walking practices, and recognize that students are responsible for their actions;
3. Communicate safety concerns to their school administrators;
4. Monitor bus stops, if possible;
5. Have their children to the bus stop five minutes before the bus arrives;

7. Have a plan in case the bus is late.

## **V. SCHOOL BUS DRIVER DUTIES AND RESPONSIBILITIES**

- A. School bus drivers shall have a valid Class A, B, or C Minnesota driver's license with a school bus endorsement. A person possessing a valid driver's license, without a school bus endorsement, may drive a vehicle with a seating capacity of 10 or fewer persons used as a school bus, but not outwardly equipped or identified as a school bus as set forth in set forth in Section VII.B., below. Drivers with a valid Class D driver's license, without a school bus endorsement, may operate a "type A-I" school bus as set forth in Section VII.C., below.
- B. The school district shall conduct mandatory drug and alcohol testing of all school district bus drivers and bus driver applicants in accordance with state and federal law and school district policy.

## **VI. SCHOOL BUS DRIVER TRAINING**

### **A. Training**

1. All new school bus drivers shall be provided with pre-service training, including in-vehicle (actual driving) instruction, before transporting students and shall meet the competency testing specified in the Minnesota Department of Public Safety Model School Bus Driver Training Manual. All school bus drivers shall receive in-service training annually. The school district shall retain on file an annual individual school bus driver "evaluation certification" form for each school district driver as contained in the Model School Bus Driver Training Manual.

### **B. Evaluation**

School bus drivers with a Class D license will be evaluated annually and all other bus drivers will be assessed periodically for the following competencies:

1. Safely operate the type of school bus the driver will be driving;
2. Understand student behavior, including issues relating to students with disabilities;
3. Ensure orderly conduct of students on the bus and handling incidents of misconduct appropriately;
4. Know and understand relevant laws, rules of the road, and local school bus safety policies;
5. Handle emergency situations; and
6. Safely load and unload students.

The evaluation must include completion of an individual “school bus driver evaluation form” (road test evaluation) as contained in the Model School Bus Driver Training Manual.

## **VII. OPERATING RULES AND PROCEDURES**

### **A. General Operating Rules**

1. School buses shall be operated in accordance with state traffic and school bus safety laws and the procedures contained in the Minnesota Department of Public Safety Model School Bus Driver Training Manual.
2. Only students assigned to the school bus by the school district shall be transported. The number of students or other authorized passengers transported in a school bus shall not be more than the legal capacity for the bus. No person shall be allowed to stand when the bus is in motion.
3. The parent/guardian may designate, pursuant to school district policy, a day care facility, respite care facility, the residence of a relative, or the residence of a person chosen by the parent or guardian as the address of the student for transportation purposes. The address must be in the attendance area of the assigned school and meet all other eligibility requirements.
4. Bus drivers must minimize, to the extent practical, the idling of school bus engines and exposure of children to diesel exhaust fumes.
5. Bus drivers must park and load school buses at a sufficient distance from school air-intake systems to avoid diesel fumes from being drawn into the systems.

B. Type III Vehicles

1. Type III vehicles are restricted to passenger cars, station wagons, vans, and buses having a maximum manufacturer's rated seating capacity of 10 or fewer people including the driver and a gross vehicle weight rating of 10,000 pounds or less. A van or bus converted to a seating capacity of 10 or fewer and placed in service on or after August 1, 1999, must have been originally manufactured to comply with the passenger safety standards.
2. Type III vehicles must be painted a color other than national school bus yellow.
3. Type III vehicles shall be state inspected in accordance with legal requirements.
4. A type III vehicle cannot be older than 12 years old unless excepted by state and federal law.
5. If a type III vehicle is school district owned, the school district name will be clearly marked on the side of the vehicle. The type III vehicle must not have the words "school bus" in any location on the exterior of the vehicle or in any interior location visible to a motorist.
6. A "type III vehicle" must not be outwardly equipped and identified as a type A, B, C, or D bus.
7. Eight-lamp warning systems and stop arms must not be installed or used on type III vehicles.
8. Type III vehicles must be equipped with mirrors as required by law.
9. Any type III vehicle may not stop traffic and may not load or unload before making a complete stop and disengaging gears by shifting into neutral or park. Any type III vehicle used to transport students must not load or unload so that a student has to cross the road, except where not possible or impractical, then the driver or assistant must escort a student across the road. If the driver escorts the student across the road, then the motor must be stopped, the ignition key removed, the brakes set, and the vehicle otherwise rendered immobile.
10. Any type III vehicle used to transport students must carry emergency equipment including:
  - a. Fire extinguisher. A minimum of one 10BC rated dry chemical type fire extinguisher is required. The extinguisher must be mounted in a bracket, and must be located in the driver's compartment and be readily accessible to the driver and

passengers. A pressure indicator is required and must be easily read without removing the extinguisher from its mounted position.

- b. First aid kit and body fluids cleanup kit. A minimum of a ten-unit first aid kit and a body fluids cleanup kit is required. They must be contained in removable, moisture- and dust-proof containers mounted in an accessible place within the driver's compartment and must be marked to indicate their identity and location.
  - c. A type III vehicle must contain at least three red reflectorized triangle road warning devices. Liquid burning "pot type" flares are not allowed.
  - d. Passenger cars and station wagons may carry a fire extinguisher, a first aid kit, and warning triangles in the trunk or trunk area of the vehicle if a label in the driver and front passenger area clearly indicates the location of these items.
11. Students will not be regularly transported in private vehicles that are not state inspected as type III vehicles. Only emergency, unscheduled transportation may be conducted in vehicles with a seating capacity of 10 or fewer without meeting the requirements for a type III vehicle. The school district has no system of inspection for private vehicles.
12. All drivers of type III vehicles will be licensed drivers and will be familiar with the use of required emergency equipment. The school district will not knowingly allow a person to operate a type III vehicle if the person has been convicted of an offense that disqualifies the person from operating a school bus.

C. Type A-I "Activity" Buses Driven by Employees with Class D Driver's License

1. The holder of a Class D driver's license, without a school bus endorsement, may operate a type A-I school bus under the following conditions:
- a. The operator is an employee of the school district or an independent contractor with whom the school district contracts for the school bus and is not solely hired to provide transportation services under this paragraph.
  - b. The operator drives the school bus only from points of origin to points of destination, not including home-to-school trips to pick up or drop off students.
  - c. The operator is prohibited from using the eight-light system.
  - d. The operator has submitted to a background check and physical

examination as required by Minn. Stat. § 171.321, Subd. 2.

- C. School bus drivers and bus assistants for special education students requiring special transportation service because of their handicapping condition shall be trained in basic first aid procedures, shall within one month after the effective date of assignment participate in a program of in-service training on the proper methods for dealing with the specific needs and problems of students with disabilities, assist students with disabilities on and off the bus when necessary for their safe ingress and egress from the bus; and ensure that protective safety devices are in use and fastened properly.

- D. Daily post-trip inspections shall be performed to check for any children or lost items remaining on the bus and for vandalism.

## **X. SCHOOL TRANSPORTATION SAFETY DIRECTOR**

The school board has designated an individual to serve as the school district's school transportation safety director. The school transportation safety director shall have day-to-day responsibility for student transportation safety, including transportation of nonpublic school children when provided by the school district. The school transportation safety director will assure that this policy is periodically reviewed to ensure that it conforms to law. The school transportation safety director shall certify annually to the school board that each school bus driver meets the school bus driver training competencies required by Minn. Stat. § 171.321, Subd. 4. The transportation safety director also shall annually verify or ensure that the private contractor utilized by the school has verified the validity of the driver's license of each employee who regularly transports students for the school district in a type A, B, C, or D school bus, type III vehicle, or MFSAB with the National Driver's Register or the Department of Public Safety. The school transportation safety director also shall confirm annually to the superintendent that students have received school bus safety training in accordance with state law. ## **709 STUDENT TRANSPORTATION SAFETY POLICY**

*[Note: School districts are required by statute to have a policy addressing these issues.]*

### **I. PURPOSE**

The purpose of this policy is to provide safe transportation for students and to educate students on safety issues and the responsibilities of school bus ridership.

### **II. PLAN FOR STUDENT TRANSPORTATION SAFETY TRAINING**

#### **A. School Bus Safety Week**

The school district may designate a school bus safety week. The National School Bus Safety Week is the third week in October.

#### **B. Student Training**

1. The school district shall provide students enrolled in grades kindergarten (K) through 10 with age-appropriate school bus safety training of the following concepts:
  - a. transportation by school bus is a privilege, not a right;
  - b. school district policies for student conduct and school bus safety;
  - c. appropriate conduct while on the bus;
  - d. the danger zones surrounding a school bus;
  - e. procedures for safely boarding and leaving a school bus;
  - f. procedures for safe vehicle lane crossing; and
  - g. school bus evacuation and other emergency procedures.
2. All students in grades K through 6 who are transported by school bus and are enrolled during the first or second week of school must receive the school bus safety training by the end of the third week of school. All students in grades 7 through 10 who are transported by school bus and are enrolled during the first or second week of school must receive the school bus safety training or receive bus safety instruction materials by the end of the sixth week of school, if they have not previously received school bus

training. Students in grades K through 10 who enroll in a school after the second week of school, are transported by school bus, and have not received training in their previous school districts shall undergo school bus safety training or receive bus safety instructional materials within 4 weeks of their first day of attendance.

3. The school district and a nonpublic school with students transported by school bus at public expense must provide students enrolled in grades K through 3 school bus safety training twice during the school year.
4. Students taking driver's training instructional classes must receive training in the laws and proper procedures for operating a motor vehicle in the vicinity of a school bus as required by Minn. Stat. § 169.446, Subd. 2.
5. The school district and a nonpublic school with students transported by school bus at public expense must conduct a school bus evacuation drill at least once during the school year.
6. The school district will make reasonable accommodations in training for students known to speak English as a second language and students with disabilities.
7. The school district may provide kindergarten students with school bus safety training before the first day of school.
8. The school district may provide student safety education for bicycling and pedestrian safety for students in grades K through 5.
9. The school district shall adopt and make available for public review a curriculum for transportation safety education.
10. Nonpublic school students transported by the school district will receive school bus safety training by their nonpublic school. The nonpublic schools may use the school district's school transportation safety education curriculum. Upon request by the school district superintendent, the nonpublic school must certify to the school district's school transportation safety director that all students enrolled in grades K through 10 have received the appropriate training.

### **III. CONDUCT ON SCHOOL BUSES AND CONSEQUENCES FOR MISBEHAVIOR**

- A. Riding the school bus is a privilege, not a right. The school district's general student behavior rules are in effect for all students on school buses, including nonpublic and charter school students.
- B. Consequences for school bus/bus stop misconduct will be imposed by the school district under adopted administrative discipline procedures. In addition, all school bus/bus stop misconduct will be reported to the school district's transportation

safety director. Serious misconduct may be reported to local law enforcement.

1. School Bus and Bus Stop Rules. The school district school bus safety rules are to be posted on every bus. If these rules are broken, the school district's discipline procedures are to be followed. In most circumstances, consequences are progressive and may include suspension of bus privileges. It is the school bus driver's responsibility to report unacceptable behavior to the school district's Transportation Office/School Office.
  
2. Rules at the Bus Stop
  - a. Get to your bus stop 5 minutes before your scheduled pick up time. The school bus driver will not wait for late students.
  - b. Respect the property of others while waiting at your bus stop.
  - c. Keep your arms, legs, and belongings to yourself.
  - d. Use appropriate language.
  - e. Stay away from the street, road, or highway when waiting for the bus.
  - f. Wait until the bus stops before approaching the bus.
  - g. After getting off the bus, move away from the bus.
  - h. If you must cross the street, always cross in front of the bus where the driver can see you. Wait for the driver to signal to you before crossing the street.
  - i. No fighting, harassment, intimidation, or horseplay.
  - j. No use of alcohol, tobacco, or drugs.
  
3. Rules on the Bus
  - a. Immediately follow the directions of the driver.
  - b. Sit in your seat facing forward.
  - c. Talk quietly and use appropriate language.
  - d. Keep all parts of your body inside the bus.
  - e. Keep your arms, legs, and belongings to yourself.

- f. No fighting, harassment, intimidation, or horseplay.
- g. Do not throw any object.
- h. No eating, drinking, or use of alcohol, tobacco, or drugs.
- i. Do not bring any weapons or dangerous objects on the school bus.
- j. Do not damage the school bus.

4. Consequences

- a. Consequences for school bus/bus stop misconduct will apply to all regular and late routes. Decisions regarding a student’s ability to ride the bus in connection with cocurricular and extracurricular events (for example, field trips or competitions) will be in the sole discretion of the school district. Parents or guardians will be notified of any suspension of bus privileges.

(1) Elementary (K-6)

- 1st offense – warning
- 2nd offense – 3 school-day suspension from riding the bus
- 3rd offense – 5 school-day suspension from riding the bus
- 4th offense – 10 school-day suspension from riding the bus/meeting with parent
- Further offenses – individually considered. Students may be suspended for longer periods of time, including the remainder of the school year.

(2) Secondary (7-12)

- 1st offense – warning
- 2nd offense – 5 school-day suspension from riding the bus
- 3rd offense – 10 school-day suspension from riding the bus
- 4th offense – 20 school-day suspension from riding the bus/meeting with parent
- 5th offense – suspended from riding the bus for the remainder of the school year

Note: When any student goes 60 transportation days without a report, the student’s consequences may start over at the first offense.

(3) Other Discipline

Based on the severity of a student’s conduct, more serious consequences may be imposed at any time. Depending on the nature of the offense, consequences such as suspension

or expulsion from school also may result from school bus/bus stop misconduct.

(4) Records

Records of school bus/bus stop misconduct will be forwarded to the individual school building and will be retained in the same manner as other student discipline records. Reports of student misbehavior on a school bus or in a bus-loading or unloading area that are reasonably believed to cause an immediate and substantial danger to the student or surrounding persons or property shall be provided by the school district to local law enforcement and the Department of Public Safety in accordance with state and federal law.

(5) Vandalism/Bus Damage

Students damaging school buses will be responsible for the damages. Failure to pay such damages (or make arrangements to pay) within 2 weeks may result in the loss of bus privileges until damages are paid.

(6) Notice

School bus and bus stop rules and consequences for violations of these rules will be reviewed with students annually and copies of these rules will be made available to students. School bus rules are to be posted on each school bus.

(7) Criminal Conduct

In cases involving criminal conduct (for example, assault, weapons, drug possession, or vandalism), the appropriate school district personnel and local law enforcement officials will be informed.

#### **IV. PARENT AND GUARDIAN INVOLVEMENT**

A. Parent and Guardian Notification

The school district school bus and bus stop rules will be provided to each family. Parents and guardians are asked to review the rules with their children.

B. Parents/Guardians Responsibilities for Transportation Safety

Parents/Guardians are responsible to:

1. Become familiar with school district rules, policies, regulations, and the principles of school bus safety, and thoroughly review them with their children;
2. Support safe riding and walking practices, and recognize that students are responsible for their actions;
3. Communicate safety concerns to their school administrators;
4. Monitor bus stops, if possible;
5. Have their children to the bus stop 5 minutes before the bus arrives;
6. Have their children properly dressed for the weather; and
7. Have a plan in case the bus is late.

- A. School bus drivers shall have a valid Class A, B, or C Minnesota driver's license with a school bus endorsement. A person possessing a valid driver's license, without a school bus endorsement, may drive a type III vehicle set forth in Sections VII.B. and VII.C., below. Drivers with a valid Class D driver's license, without a school bus endorsement, may operate a "type A-I" school bus as set forth in Section VII.D., below.

For purposes of this paragraph, a "serious traffic violation" means a conviction of any of the following offenses:
  1. excessive speeding, involving any single offense for any speed of 15 miles per hour or more above the posted speed limit;
  2. reckless driving;
  3. improper or erratic traffic lane changes;
  4. following the vehicle ahead too closely;

5. a violation of state or local law, relating to motor vehicle traffic control, arising in connection with a fatal accident;
  6. driving a commercial vehicle without obtaining a commercial driver's license or without having a commercial driver's license in the driver's possession.
- D. A school bus driver, with the exception of a driver operating a type A-I school bus or type III vehicle, who has a commercial driver's license and who is convicted of violating, in any type of motor vehicle, a Minnesota state or local law relating to motor vehicle traffic control, other than a parking violation, shall notify the person's employer of the conviction within 30 days of conviction. - E. A school bus driver, with the exception of a driver operating a type A-I school bus ~~or type III vehicle~~, who has a Minnesota commercial driver's license suspended, revoked, or cancelled by the state of Minnesota or any other state or jurisdiction and who loses the right to operate a commercial vehicle for any period or who is disqualified from operating a commercial motor vehicle for any period shall notify the person's employer of the suspension, revocation, cancellation, lost privilege, or disqualification. Such notification shall be made before the end of the business day following the day the employee received notice of the suspension, revocation, cancellation, lost privilege, or disqualification. The notification shall be in writing and shall contain all the information set forth in Attachment B accompanying this policy.
- F. A person who operates a type III vehicle and who sustains a conviction as described in Section VII.C.1.g. (i.e., driving while impaired offenses), VII.C.1.h. (i.e., felony, controlled substance, criminal sexual conduct offenses, or offenses for surreptitious observation, indecent exposure, use of minor in a sexual performance, or possession of child pornography or display of pornography to a minor), or VII.C.1.i. (multiple moving violations) while employed by the entity that owns, leases, or contracts for the school bus, shall report the conviction to the person's employer within 10 days of the date of the conviction. ## **VI. SCHOOL BUS DRIVER TRAINING**

### **A. Training**

1. All new school bus drivers shall be provided with pre-service training, including in-vehicle (actual driving) instruction, before transporting students and shall meet the competency testing specified in the Minnesota Department of Public Safety Model School Bus Driver Training Manual. All school bus drivers shall receive in-service training annually. For

purposes of this section, “annually” means at least once every 380 days from the initial or previous evaluation and at least once every 380 days from the initial or previous license verification. The school district shall retain on file an annual individual school bus driver “evaluation certification” form for each school district driver as contained in the Model School Bus Driver Training Manual.

***[Note: The Model School Bus Driver Training Manual is available online through the Minnesota Department of Public Safety State Patrol web page.]***

2. All bus drivers operating a type III vehicle will be provided with annual training and certification as set forth in Section VII.C.1.b., below, by either the school district or the entity from whom such services are contracted by the school district.

**B. Evaluation**

School bus drivers with a Class D license will be evaluated annually and all other bus drivers will be assessed periodically for the following competencies:

1. Safely operate the type of school bus the driver will be driving;
2. Understand student behavior, including issues relating to students with disabilities;
3. Ensure orderly conduct of students on the bus and handling incidents of misconduct appropriately;
4. Know and understand relevant laws, rules of the road, and local school bus safety policies;
5. Handle emergency situations; and
6. Safely load and unload students.

The evaluation must include completion of an individual “school bus driver evaluation form” (road test evaluation) as contained in the Model School Bus Driver Training Manual.

***[Note: The school district may use alternative assessments rather than those set forth in the Model School Bus Driver Training Manual for bus driver training competencies with the approval of the Commissioner of Public Safety. A driver also may receive at least 8 hours of school bus in-service training in any year as an alternative to being assessed for bus driver competencies after the initial year of being assessed for bus driver competencies.]***

**VII. OPERATING RULES AND PROCEDURES**

A. General Operating Rules

1. School buses shall be operated in accordance with state traffic and school bus safety laws and the procedures contained in the Minnesota Department of Public Safety Model School Bus Driver Training Manual.

***[Note: The Model School Bus Driver Training Manual is available online through the Minnesota Department of Public Safety State Patrol web page.]***

2. Only students assigned to the school bus by the school district shall be transported. The number of students or other authorized passengers transported in a school bus shall not be more than the legal capacity for the bus. No person shall be allowed to stand when the bus is in motion.
3. The parent/guardian may designate, pursuant to school district policy, a day care facility, respite care facility, the residence of a relative, or the residence of a person chosen by the parent or guardian as the address of the student for transportation purposes. The address must be in the attendance area of the assigned school and meet all other eligibility requirements.
4. Bus drivers must minimize, to the extent practical, the idling of school bus engines and exposure of children to diesel exhaust fumes.
5. To the extent practical, the school district will designate school bus loading/unloading zones at a sufficient distance from school air-intake systems to avoid diesel fumes from being drawn into the systems.

***[Note: A school district is not required to comply with Section VII.A.5. if the school board determines that alternative locations block traffic, impair student safety, or are not cost effective.]***

6. A bus driver may not operate a school bus while communicating over, or otherwise operating, a cellular phone for personal reasons, whether hand-held or hands free, when the vehicle is in motion or a part of traffic. For purposes of this paragraph, “school bus” has the meaning given in Minn. Stat. § 169.011, Subd. 71. In addition, “school bus” also includes type III vehicles when driven by employees or agents of the school district. “Cellular phone” means a cellular, analog, wireless, or digital telephone capable of sending or receiving telephone or text messages without an access line for service.

B. Type III Vehicles

1. Type III vehicles are restricted to passenger cars, station wagons, vans, and buses having a maximum manufacturer’s rated seating capacity of 10 or fewer people including the driver and a gross vehicle weight rating of 10,000 pounds or less. A van or bus converted to a seating capacity of 10

or fewer and placed in service on or after August 1, 1999, must have been originally manufactured to comply with the passenger safety standards.

2. Type III vehicles must be painted a color other than national school bus yellow.
3. Type III vehicles shall be state inspected in accordance with legal requirements.
4. A type III vehicle cannot be older than 12 years old unless excepted by state and federal law.
5. If a type III vehicle is school district owned, the school district name will be clearly marked on the side of the vehicle. The type III vehicle must not have the words “school bus” in any location on the exterior of the vehicle or in any interior location visible to a motorist.
6. A “type III vehicle” must not be outwardly equipped and identified as a type A, B, C, or D bus.
7. Eight-lamp warning systems and stop arms must not be installed or used on type III vehicles.
8. Type III vehicles must be equipped with mirrors as required by law.
9. Any type III vehicle may not stop traffic and may not load or unload before making a complete stop and disengaging gears by shifting into neutral or park. Any type III vehicle used to transport students must not load or unload so that a student has to cross the road, except where not possible or impractical, then the driver or assistant must escort a student across the road. If the driver escorts the student across the road, then the motor must be stopped, the ignition key removed, the brakes set, and the vehicle otherwise rendered immobile.
10. Any type III vehicle used to transport students must carry emergency equipment including:
  - a. Fire extinguisher. A minimum of one 10BC rated dry chemical type fire extinguisher is required. The extinguisher must be mounted in a bracket, and must be located in the driver’s compartment and be readily accessible to the driver and passengers. A pressure indicator is required and must be easily read without removing the extinguisher from its mounted position.
  - b. First aid kit and body fluids cleanup kit. A minimum of a 10-unit first aid kit and a body fluids cleanup kit is required. They must be contained in removable, moisture- and dust-proof containers mounted in an accessible place within the driver’s compartment

and must be marked to indicate their identity and location.

- c. Passenger cars and station wagons may carry a fire extinguisher, a first aid kit, and warning triangles in the trunk or trunk area of the vehicle if a label in the driver and front passenger area clearly indicates the location of these items.
11. Students will not be regularly transported in private vehicles that are not state inspected as type III vehicles. Only emergency, unscheduled transportation may be conducted in vehicles with a seating capacity of 10 or fewer without meeting the requirements for a type III vehicle. Also, parents may use a private vehicle to transport their own children under a contract with the district. The school district has no system of inspection for private vehicles.
  12. All drivers of type III vehicles will be licensed drivers and will be familiar with the use of required emergency equipment. The school district will not knowingly allow a person to operate a type III vehicle if the person has been convicted of an offense that disqualifies the person from operating a school bus.
  13. Type III vehicles will be equipped with child passenger restraints, and child passenger restraints will be utilized to the extent required by law.

C. Type III Vehicle Driven by Employees with a Driver's License Without a School Bus Endorsement

1. The holder of a Class A, B, C, or D driver's license, without a school bus endorsement, may operate a type III vehicle, described above, under the following conditions:
  - a. The operator is an employee of the entity that owns, leases, or contracts for the school bus, which may include the school district.
  - b. The operator's employer, which may include the school district, has adopted and implemented a policy that provides for annual training and certification of the operator in:
    - (1) safe operation of a type III vehicle;

    - (b) refraining from loading and unloading students in a vehicular traffic lane, on the shoulder, in a designated turn lane, or a lane adjacent to a designated turn lane;
    - (c) avoiding a loading or unloading location that would require a student to cross a road, or ensuring that the driver or an aide personally escort the student across the road if it is not reasonably feasible to avoid such a location;
    - (d) placing the type III vehicle in “park” during loading and unloading;
    - (e) escorting a student across the road under clause (c) only after the motor is stopped, the ignition key is removed, the brakes are set, and the vehicle is otherwise rendered immobile; and
  - (9) compliance with paragraph V.F. concerning reporting convictions to the employer within 10 days of the date of conviction.
- c. A background check or background investigation of the operator has been conducted that meets the requirements under Minn. Stat. § 122A.18, Subd. 8, or Minn. Stat. § 171.3215, Subd.1(c), (i.e., felony, controlled substance, criminal sexual conduct offenses, or offenses for surreptitious observation, indecent exposure, use of minor in a sexual performance, or possession of child pornography or display of pornography to a minor) may not operate a type III vehicle.
  - i. A person who sustains a conviction, as defined under Minn. Stat. § 609.02, of a moving offense in violation of Minn. Stat. Ch. 169 within 3 years of the first of 3 other moving offenses is precluded from operating a type III vehicle for 1 year from the date of the last conviction.
  - j. Students riding the type III vehicle must have training required under Minn. Stat. § 123B.90, Subd. 2 (See Section II.B., above).
  - k. Documentation of meeting the requirements listed in this section must be maintained under separate file at the business location for each type III vehicle operator. The school district or any other entity that owns, leases, or contracts for the type III vehicle operating under this section is responsible for maintaining these files for inspection.
2. The type III vehicle must bear a current certificate of inspection issued under Minn. Stat. § 169.451.

3. An employee of the school district who is not employed for the sole purpose of operating a type III vehicle may, in the discretion of the school district, be exempt from paragraphs VII.C.1.d. (physical examination) and VII.C.1.e. (drug testing), above.

4. The word "School" on the front and rear of the bus must be covered by a sign that reads "Activities" when the bus is being operated under authority of this section.

- B. School bus drivers shall meet the emergency training requirements contained in Unit III "Crash & Emergency Preparedness" of the Minnesota Department of Public Safety Model School Bus Driver Training Manual. This includes procedures in the event of a crash (accident).

## **722 PUBLIC DATA REQUESTS**

*[Note: School districts are required by statute to establish procedures consistent with the Minnesota Government Data Practices Act for public data requests.]*

### **I. PURPOSE**

The school district recognizes its responsibility relative to the collection, maintenance, and dissemination of public data as provided in state statutes.

### **II. GENERAL STATEMENT OF POLICY**

The school district will comply with the requirements of the Minnesota Government Data Practices Act, Minn. Stat. Ch. 13 (MGDPA), and Minn. Rules Parts 1205.0100-1205.2000 in responding to requests for public data.

### **III. DEFINITIONS**

#### **A. Government Data**

“Government data” means all recorded information that the school district has, including paper, email, flash drives, CDs, DVDs, photographs, etc.

#### **B. Inspection**

“Inspection” means the visual inspection of paper and similar types of government data. Inspection does not include printing copies by the school district, unless printing a copy is the only method to provide for inspection of the data. For data stored in electronic form and made available in electronic form on a remote access basis to the public by the school district, inspection includes remote access to the data by the public and the ability to print copies of or download the data on the public’s own computer equipment.

#### **C. Public Data**

“Public data” means all government data collected, created, received, maintained, or disseminated by the school district, unless classified by statute, temporary classification pursuant to statute, or federal law, as nonpublic or protected nonpublic; or, with respect to data on individuals, as private or confidential.

D. Responsible Authority

“Responsible authority” means the individual designated by the school board as the individual responsible for the collection, use, and dissemination of any set of data on individuals, government data, or summary data, unless otherwise provided by state law. Until an individual is designated by the school board, the responsible authority is the superintendent.

E. Summary Data

“Summary data” means statistical records and reports derived from data on individuals but in which individuals are not identified and from which neither their identities nor any other characteristic that could uniquely identify an individual is ascertainable.

**IV. REQUESTS FOR PUBLIC DATA**

A. All requests for public data must be made in writing directed to the responsible authority.

1. A request for public data must include the following information:

- a. Date the request is made;
- b. A clear description of the data requested;
- c. Identification of the form in which the data is to be provided (e.g., inspection, copying, both inspection and copying, etc.); and
- d. Method to contact the requestor (such as phone number, address, or email address).

2. A requestor is not required to explain the reason for the data request.

3. The identity of the requestor is public, if provided, but cannot be required by the government entity.

4. The responsible authority may seek clarification from the requestor if the request is not clear before providing a response to the data request.

B. The responsible authority will respond to a data request at reasonable times and places as follows:

1. The responsible authority will notify the requestor in writing as follows:

- a. The requested data does not exist; or
  - b. The requested data does exist but either all or a portion of the data is not accessible to the requestor; or
    - (1) If the responsible authority determines that the requested data is classified so that access to the requestor is denied, the responsible authority will inform the requestor of the determination in writing, as soon thereafter as possible, and shall cite the specific statutory section, temporary classification, or specific provision of federal law on which the determination is based.
    - (2) Upon the request of a requestor who is denied access to data, the responsible authority shall certify in writing that the request has been denied and cite the specific statutory section, temporary classification, or specific provision of federal law upon which the denial was based.
  - c. The requested data does exist and provide arrangements for inspection of the data, identify when the data will be available for pick-up, or indicate that the data will be sent by mail. If the requestor does not appear at the time and place established for inspection of the data or the data is not picked up within ten (10) business days after the requestor is notified, the school district will conclude that the data is no longer wanted and will consider the request closed.
2. The school district's response time may be affected by the size and complexity of the particular request, including necessary redactions of the data, and also by the number of requests made within a particular period of time.
  3. The school district will provide an explanation of technical terminology, abbreviations, or acronyms contained in the responsive data on request.
  4. The school district is not required by the MGDPA to create or collect new data in response to a data request, or to provide responsive data in a specific form or arrangement if the school district does not keep the data in that form or arrangement.
  5. The school district is not required to respond to questions that are not about a particular data request or requests for data in general.

## V. REQUEST FOR SUMMARY DATA

- A. A request for the preparation of summary data shall be made in writing directed to the responsible authority.
1. A request for the preparation of summary data must include the following information:
    - a. Date the request is made;
    - b. A clear description of the data requested;
    - c. Identify the form in which the data is to be provided (e.g., inspection, copying, both inspection and copying, etc.); and
    - d. Method to contact requestor (phone number, address, or email address).
- B. The responsible authority will respond within ten (10) business days of the receipt of a request to prepare summary data and inform the requestor of the following:
1. The estimated costs of preparing the summary data, if any; and
  2. The summary data requested; or
  3. A written statement describing a time schedule for preparing the requested summary data, including reasons for any time delays; or
  4. A written statement describing the reasons why the responsible authority has determined that the requestor's access would compromise the private or confidential data.
- C. The school district may require the requestor to pre-pay all or a portion of the cost of creating the summary data before the school district begins to prepare the summary data.

## VI. COSTS

- A. Public Data
1. The school district will charge for copies provided as follows:
    - a. 100 or fewer pages of black and white, letter or legal sized paper copies will be charged at 25 cents for a one-sided copy or 50 cents for a two-sided copy.

b. More than 100 pages or copies on other materials are charged based upon the actual cost of searching for and retrieving the data and making the copies or electronically sending the data, unless the cost is specifically set by statute or rule.

(1) The actual cost of making copies includes employee time, the cost of the materials onto which the data is copied (paper, CD, DVD, etc.), and mailing costs (if any).

(2) Also, if the school district does not have the capacity to make the copies, e.g., photographs, the actual cost paid by the school district to an outside vendor will be charged.

2. All charges must be paid for in cash in advance of receiving the copies.

**B. Summary Data**

1. Any costs incurred in the preparation of summary data shall be paid by the requestor prior to preparing or supplying the summary data.

2. The school district may assess costs associated with the preparation of summary data as follows:

a. The cost of materials, including paper, the cost of the labor required to prepare the copies, any schedule of standard copying charges established by the school district, any special costs necessary to produce such copies from a machine-based record-keeping system, including computers and microfilm systems;

b. The school district may consider the reasonable value of the summary data prepared and, where appropriate, reduce the costs assessed to the requestor.

### **II. DEFINITIONS AND CONSTRUCTION**

This policy must be construed as consistent with the MGDPA and Minnesota Rules Chapter 1205. All terms used herein that are defined by the MGDPA must be given the same definition as listed in the MGDPA and Rules Chapter 1205. Nothing in this policy shall be interpreted to contradict any other school district policy.

### **III. RIGHT TO ACCESS PUBLIC DATA**

All data collected, created, received, maintained or disseminated by the school district, which is classified by state statute or federal law as public, shall be accessible to the public pursuant to the procedures established by the school district in this policy.

To inspect data or request copies of public data in the school district's possession, a person should make a written request using the form found in Attachment B and submit this request to the appropriate data practices official or designee described in Attachment C. The school district reserves the right to accept verbal requests for data or reduce verbal requests to writing, at its sole discretion.

### **V. PROCESSING A REQUEST**

Upon receipt of a written request, the school district will process it within a reasonable time, depending upon the nature and volume of the request. If the response to a request will take longer than fifteen (15) business days and the requester has provided contact information, the school district may notify the person of the approximate amount of time it will take to process the request.

- If it is unclear what data the individual is requesting, the school district will seek clarification.

- If the school district does not have the data, it will notify the person in writing as soon as reasonably possible.
- If the school district has the data, and the data may lawfully be disclosed to the person, the school district will respond to the request by doing one of the following:
  - o Arrange a date, time, and place for the person to inspect the data without cost to the person, or
  - o Provide the person with copies of the data. The person may choose to pick up the copies, or the school district will mail or fax copies of the data to the person.   - o Upon the request of any person denied access to data, the responsible authority or designee shall certify in writing that the request has been denied and cite the specific statutory section, temporary classification, or specific provision of law upon which the denial was based.

Nothing in this policy or the MGDPA requires the school district to create data; collect new data; or to provide data in a specific form or arrangement if the school district does not keep the data in that form or arrangement, in response to a data request.

Nothing in this policy or the MGDPA requires the school district to respond to questions that are not requests for data.

### **Copy Costs -Public Requests**

The school district charges members of the public for copies of government data as authorized under Minnesota Statutes, section 13.03, subdivision 3(c). A member of the public must pay for the copies before the school district will provide the copies.

For 100 or Fewer Paper Black and White Copies \$.25 per Page

The charge for 100 or fewer pages of black and white, letter or legal size paper copies, is \$.25 for a one-sided copy and \$.50 for a two-sided copy.

More than 100 Paper Black and White Copies or Other Types of Copies- Actual Cost

The charge for more than 100 pages of black and white paper copies, or any other types of copies, is the actual cost of searching for and retrieving the data, and making the copies or electronically transmitting the data.

The school district charges the actual cost of preparing summary data. Summary data are statistical records or reports that are prepared by removing all identifiers from private or confidential data on individuals.

In determining the actual cost, the school district includes the cost of the employee time, the cost of the materials (paper, DVD, etc.), and mailing costs (if any). If the request is for copies of data that the school district cannot reproduce itself, such as photographs, it will charge the actual cost it must pay an outside vendor for the copies.

The cost of employee time to search for data, retrieve data and make copies is based upon the lowest hourly rate of the appropriate staff member. There is no charge for time spent separating public from not public data.

If the request involves copies of public data that has commercial value and is a substantial and discrete portion of or an entire formula, pattern, compilation, program, device, method, technique, process, database, or system developed with a significant expenditure of public funds by the school district, the responsible authority may charge a reasonable fee for the information in addition to the costs of making and certifying the copies. Any fee charged must relate to the actual development costs of the information. The responsible authority, upon the request, shall provide sufficient documentation to explain and justify the fee being charged.

Consistent with the MGDPA, any person who believes that information contained in the school district's records regarding that individual, the individual's minor child, or person over whom the individual has been appointed legal guardian is inaccurate or incomplete may request that the school district amend those records. To exercise this right, the individual must notify the responsible authority described in Attachment C in writing of the nature of the disagreement. Upon receiving such notification, the school district will take action as required by the MGDPA. Please note that the submission of a challenge to data does not guarantee that the school district will amend its records.

**JORDAN DISTRICT SCHOOLS  
POLICY**

*Adopted: September 12, 2007*

*Revised: May 8<sup>th</sup>, 2017*

**404 EMPLOYMENT BACKGROUND CHECKS**

**I. PURPOSE**

The purpose of this policy is to maintain a safe and healthful environment in the school district in order to promote the physical, social, and psychological well-being of its students. To that end, the school district will seek a criminal history background check for applicants who receive an offer of employment with the school district and on all individuals, except enrolled student volunteers, who are offered the opportunity to provide athletic coaching services or other extracurricular academic coaching services to the school district, regardless of whether any compensation is paid, or such other background checks as provided by this policy. The school district may also elect to do background checks of other volunteers, independent contractors, and student employees in the school district.

**II. GENERAL STATEMENT OF POLICY**

- A. The school district shall require that applicants for school district positions who receive an offer of employment and all individuals, except enrolled student volunteers, who are offered the opportunity to provide athletic coaching services or other extracurricular academic coaching services to the school district, regardless of whether any compensation is paid, submit to a criminal history background check. The offer of employment or the opportunity to provide services shall be conditioned upon a determination by the school district that an individual's criminal history does not preclude the individual from employment with, or provision of services to, the school district.
- B. The school district specifically reserves any and all rights it may have to conduct background checks regarding current employees, applicants, or service providers without the consent of such individuals.
- C. Adherence to this policy by the school district shall in no way limit the school district's right to require additional information, or to use procedures currently in place or other procedures to gain additional background information concerning employees, applicants, volunteers, service providers, independent contractors, and student employees.

**III. PROCEDURES**

- A. Normally an individual will not commence employment or provide services until the school district receives the results of the criminal history background check.

The school district may conditionally hire an applicant or allow an individual to provide services pending completion of the background check, but shall notify the individual that the individual's employment or opportunity to provide services may be terminated based on the result of the background check. Background checks will be performed by the Minnesota Bureau of Criminal Apprehension (BCA). The BCA shall conduct the background check by retrieving criminal history data as defined in Minn. Stat. § 13.87. The school district reserves the right to also have criminal history background checks conducted by other organizations or agencies.

- B. In order for an individual to be eligible for employment or to provide athletic coaching services or other extracurricular academic coaching services to the school district, except for an enrolled student volunteer, the individual must sign a criminal history consent form, which provides permission for the school district to conduct a criminal history background check, and provide a money order or check payable to either the BCA or to the school district, at the election of the school district, in an amount equal to the actual cost to the BCA and the school district of conducting the criminal history background check. The cost of the criminal history background check is the responsibility of the individual, unless the school district decides to pay the costs for a volunteer, an independent contractor, or a student employee. If the individual fails to provide the school district with a signed Informed Consent Form and fee at the time the individual receives a job offer, or permission to provide services, the individual will be considered to have voluntarily withdrawn the application for employment or request to provide services.
- C. The school district, in its discretion, may elect not to request a criminal history background check on an individual who holds an initial entrance license issued by the state board of teaching or the commissioner of education within the 12 months preceding an offer of employment or permission to provide services.
- D. The school district may use the results of a criminal background check conducted at the request of another school hiring authority if:
  - 1. the results of the criminal background check are on file with the other school hiring authority or otherwise accessible;
  - 2. the other school hiring authority conducted a criminal background check within the previous 12 months;
  - 3. the individual executes a written consent form giving the school district access to the results of the check; and
  - 4. there is no reason to believe that the individual has committed an act subsequent to the check that would disqualify the individual for employment or provision of services.

- E. For all nonstate residents who are offered employment with or the opportunity to provide athletic coaching services or other extracurricular academic coaching services to the school district, the school district shall request a criminal history background check on such individuals from the superintendent of the BCA and from the government agency performing the same function in the resident state or, if no government entity performs the same function in the resident state, from the Federal Bureau of Investigation. The offer of employment or the opportunity to provide services shall be conditioned upon a determination by the school district that an individual's criminal history does not preclude the individual from employment with, or provision of services to, the school district. Such individuals must provide an executed criminal history consent form.
- F. When required, individuals must provide fingerprints to assist in a criminal history background check. If the fingerprints provided by the individual are unusable, the individual will be required to submit another set of prints.
- G. Copies of this policy shall be available in the school district's employment office and will be distributed to applicants for employment and individuals who are offered the opportunity to provide athletic coaching services or other extracurricular academic coaching services upon request. The need to submit to a criminal history background check may be included with the basic criteria for employment or provision of services in the position posting and position advertisements.
- H. The individual will be informed of the results of the criminal background check(s) to the extent required by law.
- I. If the criminal history background check precludes employment with, or provision of services to, the school district, the individual will be so advised.
- J. The school district may apply these procedures to other volunteers, independent contractors, or student employees.
- K. At the beginning of each school year or when a student enrolls, the school district will notify parents and guardians about this policy and identify those positions subject to a background check and the extent of the school district's discretion in requiring a background check. The school district may include this notice in its student handbook, a school policy guide, or other similar communication. A form notice for this purpose is included with this policy.

#### **IV. CRIMINAL HISTORY CONSENT FORM**

A form to obtain consent for a criminal history background check is included with this policy.

## V. BACKGROUND CHECKS RELATING TO VOLUNTEERS

- C. The school district, in its discretion, may elect not to request a criminal history background check on an individual who holds an initial entrance license issued by the ~~state board of teaching~~ Minnesota Professional Educator Licensing and Standards Board or the commissioner of education within the 12 months preceding an offer of employment or permission to provide services.
- D. The school district may use the results of a criminal background check conducted at the request of another school hiring authority if:
1. the results of the criminal background check are on file with the other school hiring authority or otherwise accessible;
  2. the other school hiring authority conducted a criminal background check within the previous 12 months;

- E. For all nonstate residents who are offered employment with or the opportunity to provide athletic coaching services or other extracurricular academic coaching services to the school district, the school district shall request a criminal history background check on such individuals from the superintendent of the BCA and from the government agency performing the same function in the resident state or, if no government entity performs the same function in the resident state, from the Federal Bureau of Investigation. Such individuals must provide an executed criminal history consent form.
- F. When required, individuals must provide fingerprints to assist in a criminal history background check. If the fingerprints provided by the individual are unusable, the individual will be required to submit another set of prints.
- G. Copies of this policy shall be available in the school district's employment office and will be distributed to applicants for employment and individuals who are offered the opportunity to provide athletic coaching services or other extracurricular academic coaching services upon request. The need to submit to a criminal history background check may be included with the basic criteria for employment or provision of services in the position posting and position advertisements.
- H. The individual will be informed of the results of the criminal background check(s) to the extent required by law.
- I. If the criminal history background check precludes employment with, or provision of services to, the school district, the individual will be so advised.
- J. The school district may apply these procedures to other volunteers, independent contractors, or student employees.
- K. At the beginning of each school year or when a student enrolls, the school district will notify parents and guardians about this policy and identify those positions subject to a background check and the extent of the school district's discretion in requiring a background check. The school district may include this notice in its student handbook, a school policy guide, or other similar communication. A form notice for this purpose is included with this policy.

**505 DISTRIBUTION OF NONSCHOOL-SPONSORED MATERIALS ON SCHOOL PREMISES BY STUDENTS AND EMPLOYEES**

**I. PURPOSE**

The purpose of this policy is to protect the exercise of students' and employees' free speech rights, taking into consideration the educational objectives and responsibilities of the school district.

**II. GENERAL STATEMENT OF POLICY**

- A. The school district recognizes that students and employees have the right to express themselves on school property. This protection includes the right to distribute, at a reasonable time and place and in a reasonable manner, nonschool-sponsored material.
- B. To protect First Amendment rights, while at the same time preserving the integrity of the educational objectives and responsibilities of the school district, the school board adopts the following regulations and procedures regarding distribution of nonschool-sponsored material on school property and at school activities.

**III. DEFINITIONS**

- A. "Distribute" or "Distribution" means circulation or dissemination of material by means of handing out free copies, selling or offering copies for sale, accepting donations for copies, posting or displaying material, or placing material in internal staff or student mailboxes.
- B. "Nonschool-sponsored material" or "unofficial material" includes all materials or objects intended for distribution, except school newspapers, employee newsletters, literary magazines, yearbooks, and other publications funded and/or sponsored or authorized by the school. Examples of nonschool-sponsored materials include, but are not limited to, leaflets, brochures, buttons, badges, flyers, petitions, posters, and underground newspapers whether written by students or employees or others, and tangible objects.
- C. "Obscene to minors" means:
  - 1. The average person, applying contemporary community standards, would

find that the material, taken as a whole, appeals to the prurient interest of minors of the age to whom distribution is requested;

2. The material depicts or describes, in a manner that is patently offensive to prevailing standards in the adult community concerning how such conduct should be presented to minors of the age to whom distribution is requested, sexual conduct such as intimate sexual acts (normal or perverted), masturbation, excretory functions, or lewd exhibition of the genitals; and
3. The material, taken as a whole, lacks serious literary, artistic, political, or scientific value for minors.

D. “Minor” means any person under the age of eighteen (18).

E. “Material and substantial disruption” of a normal school activity means:

1. Where the normal school activity is an educational program of the district for which student attendance is compulsory, “material and substantial disruption” is defined as any disruption which interferes with or impedes the implementation of that program.
2. Where the normal school activity is voluntary in nature (including school athletic events, school plays and concerts, and lunch periods) “material and substantial disruption” is defined as student rioting, unlawful seizures of property, conduct inappropriate to the event, participation in a school boycott, demonstration, sit-in, stand-in, walk-out, or other related forms of activity.

In order for expression to be considered disruptive, specific facts must exist upon which the likelihood of disruption can be forecast including past experience in the school, current events influencing student activities and behavior, and instances of actual or threatened disruption relating to the written material in question.

F. “School activities” means any activity sponsored by the school including, but not limited to, classroom work, library activities, physical education classes, official assemblies and other similar gatherings, school athletic contests, band concerts, school plays and other theatrical productions, and in-school lunch periods.

6. constitutes insulting or fighting words, the very expression of which injures or harasses other people (e.g., threats of violence, defamation of character or of a person's race, religious, or ethnic origin);
7. presents a clear and present likelihood that, either because of its content or the manner of distribution, it will cause a material and substantial disruption of the proper and orderly operation and discipline of the school or school activities, will cause the commission of unlawful acts or the violation of lawful school regulations.

C. Distribution by students and employees of nonschool-sponsored materials on school district property are subject to reasonable time, place, and manner restrictions set forth below. In making decisions regarding the time, place, and manner of distribution, the administration will consider factors including, but not limited to, the following:

1. whether the material is educationally related;

3. whether the materials can be distributed from the office or other isolated location so as to minimize disruption of traffic flow in hallways;

- D. If the person is dissatisfied with the decision of the principal, the person may submit a written request for appeal to the superintendent. If the person does not receive a response within three (3) school days (not counting Saturdays, Sundays, and holidays) of submitting the appeal, the person shall contact the office of the superintendent to verify that the lack of response is not due to an inability to locate the person.
- E. Permission or denial of permission to distribute material does not imply approval or disapproval of its contents by either the school, the administration of the school, the school board, or the individual reviewing the material submitted.

## **VII. DISCIPLINARY ACTION**

POLICY**

*Adopted: September 12, 2007*

*Revised: December 12<sup>th</sup>, 2016*

**520 STUDENT SURVEYS**

**I. PURPOSE**

Occasionally, the school district utilizes surveys to obtain student opinions and information about students. The purpose of this policy is to establish the parameters of information that may be sought in student surveys.

**II. GENERAL STATEMENT OF POLICY**

Student surveys may be conducted as determined necessary by the school district. Surveys, analyses, and evaluations conducted as part of any program funded through the U.S. Department of Education must comply with 20 U.S.C. § 1232h.

**III. STUDENT SURVEYS IN GENERAL**

- A. Student surveys will be conducted anonymously and in an indiscernible fashion. No mechanism will be used for identifying the participating student in any way. No attempt will be made in any way to identify a student survey participant. No requirement that the student return the survey shall exist, and no record of the student's returning a survey will be maintained.
- B. The superintendent may choose not to approve any survey that seeks probing personal and/or sensitive information that could result in identifying the survey participant, or is discriminatory in nature based on age, race, color, sex, disability, religion, or national origin.
- C. Surveys containing questions pertaining to the student's or the student's parent(s) or guardian(s) personal beliefs or practices in sex, family life, morality, and religion will not be administered to any student unless the parent or guardian of the student is notified in writing that such survey is to be administered and the parent or guardian of the student gives written permission for the student to participate or has the opportunity to opt out of the survey depending upon how the survey is funded. Any and all documents containing the written permission of a parent for a student to participate in a survey will be maintained by the school district in a file separate from the survey responses.
- D. Although the survey is conducted anonymously, potential exists for personally

identifiable information to be provided in response thereto. To the extent that personally identifiable information of a student is contained in his or her responses to a survey, the school district will take appropriate steps to ensure the data is protected in accordance with Minn. Stat. Ch. 13 (Minnesota Government Data Practices Act), 20 U.S.C. § 1232g (Family Educational Rights and Privacy Act) and 34 C.F.R. Part 99.

- E. The school district must not impose an academic or other penalty on a student who opts out of participating in a student survey.

#### **IV. STUDENT SURVEYS CONDUCTED AS PART OF DEPARTMENT OF EDUCATION PROGRAM**

- A. All instructional materials, including teacher's manuals, films, tapes, or other supplementary material which will be used in connection with any survey, analysis, or evaluation as part of any program funded in whole or in part by the U.S. Department of Education, shall be available for inspection by the parents or guardians of the students.
- B. No student shall be required, as part of any program funded in whole or in part by the U.S. Department of Education, without the prior consent of the student (if the student is an adult or emancipated minor), or, in the case of an unemancipated minor, without the prior written consent of the parent, to submit to a survey that reveals information concerning:
  - 1. political affiliations or beliefs of the student or the student's parent;
  - 2. mental and psychological problems of the student or the student's family;
  - 3. sex behavior or attitudes;
  - 4. illegal, antisocial, self-incriminating, or demeaning behavior;
  - 5. critical appraisals of other individuals with whom respondents have close family relationships;
  - 6. legally recognized privileged or analogous relationships, such as those of lawyers, physicians, and ministers;
  - 7. religious practices, affiliations, or beliefs of the student or the student's parent; or
  - 8. income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program).

C. A school district that receives funds under any program funded by the U.S. Department of Education shall develop local policies consistent with Sections IV.A. and IV.B., above, concerning student privacy, parental access to information, and administration of certain physical examinations to minors.

1. The following policies are to be adopted in consultation with parents:

a. The right of a parent to inspect, on request, a survey, including an evaluation, created by a third party before the survey is administered or distributed by a school to a student, including procedures for granting a parent's request for reasonable access to such survey within a reasonable period of time after the request is received.

“Parent” means a legal guardian or other person acting *in loco parentis* (in place of a parent), such as a grandparent or stepparent with whom the child lives, or a person who is legally responsible for the welfare of the child.

b. Arrangements to protect student privacy in the event of the administration or distribution of a survey, including an evaluation, to a student which contains one or more of the items listed in Section IV.B., above, including the right of a parent of a student to inspect, on request, any such survey.

c. The right of a parent of a student to inspect, on request, any instructional material used as part of the educational curriculum for the student and procedures for granting a request by a parent for such access within a reasonable period of time after the request is received.

“Instructional material” means instructional content that is provided to a student, regardless of format, including printed or representational materials, audio-visual materials, and materials in electronic or digital formats (i.e., materials accessible through the Internet). The term does not include academic tests or academic assessments.

d. The administration of physical examinations or screenings that the school district may administer to a student. This provision does not apply to a survey administered to a student in accordance with the Individuals with Disabilities Education Act (20 U.S.C. § 1400, *et seq.*).

e. The collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that

information (or otherwise providing the information to others for that purpose), including arrangements to protect student privacy that are provided by the school district in the event of such collection, disclosure, or use.

- (1) “Personal information” means individually identifiable information including a student or parent’s first and last name; a home or other physical address (including street name and the name of the city or town); a telephone number; or a Social Security identification number.
- (2) This provision does not apply to the collection, disclosure, or use of personal information collected from students for the exclusive purpose of developing, evaluating, or providing educational products or services for, or to, students or educational institutions, such as:
  - (a) college or other post-secondary education recruitment or military;
  - (b) book clubs, magazines, and programs providing access to low cost literary products;
  - (c) curriculum and instructional materials used by elementary and secondary schools;
  - (d) tests and assessments used by elementary schools and secondary schools to provide cognitive, evaluative, diagnostic, clinical, aptitude, or achievement information about students, or to generate other statistically useful data for the purpose of securing such tests and assessments and the subsequent analysis and public release of the aggregate data from such tests and assessments;
  - (e) the sale by students of products or services to raise funds for school-related or education-related activities; and
  - (f) student recognition programs.
- (3) The right of a parent to inspect, on request, any instrument used in the collection of information, as described in Section IV.C.1., Subparagraph e., above, before the instrument is administered or distributed to a student and procedures for granting a request by a parent for reasonable

access to such an instrument within a reasonable period of time after the request is received.

2. The policies adopted under Section IV.C., Subparagraph 1., above, shall provide for reasonable notice of the adoption or continued use of such policies directly to parents of students enrolled in or served by the school district.

a. The notice will be provided at least annually, at the beginning of the school year, and within a reasonable period of time after any substantive change in a policy.

b. The notice will provide parents with an opportunity to opt out of participation in the following activities:

(1) Activities involving the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information, or otherwise providing that information to others for that purpose.

(2) The administration of any third-party survey (non-Department of Education funded) containing one or more of the items contained in Section IV.B., above.

(3) Any nonemergency, invasive physical examination or screening that is required as a condition of attendance, administered by the school and scheduled by the school in advance, and not necessary to protect the immediate health and safety of the student or other students.

“Invasive physical examination” means any medical examination that involves the exposure of private body parts, or act during such examination that includes incision, insertion, or injection into the body, but does not include a hearing, vision, or scoliosis screening.

c. The notice will advise students of the specific or approximate dates during the school year when the activities in Section IV.C.2., Subparagraph b., above, are scheduled, or expected to be scheduled.

d. The notice provisions shall not be construed to preempt applicable provisions of state law that require parental notification and do not apply to any physical examination or screening that is permitted or required by applicable state law, including physical examinations

or screenings that are permitted without parental notification.

## V. NOTICE

- A. The school district must give parents and students notice of this policy at the beginning of each school year and after making substantive changes to this policy.
- B. The school district must inform parents at the beginning of the school year if the district or school has identified specific or approximate dates for administering surveys and give parents reasonable notice of planned surveys scheduled after the start of the school year. The school district must give parents direct, timely notice when their students are scheduled to participate in a student survey by United States mail, e-mail, or another direct form of communication.

## 520 STUDENT SURVEYS

*[Note: School districts are required by statute to have a policy addressing student surveys.]*

### I. PURPOSE

Occasionally, the school district utilizes surveys to obtain student opinions and information about students. The purpose of this policy is to establish the parameters of information that may be sought in student surveys.

### II. GENERAL STATEMENT OF POLICY

Student surveys may be conducted as determined necessary by the school district. Surveys, analyses, and evaluations conducted as part of any program funded through the U.S. Department of Education must comply with 20 U.S.C. § 1232h.

### III. STUDENT SURVEYS IN GENERAL

- A. Student surveys will be conducted anonymously and in an indiscernible fashion. No mechanism will be used for identifying the participating student in any way. No attempt will be made in any way to identify a student survey participant. No requirement that the student return the survey shall exist, and no record of the student's returning a survey will be maintained.
- B. The superintendent may choose not to approve any survey that seeks probing personal and/or sensitive information that could result in identifying the survey participant, or is discriminatory in nature based on age, race, color, sex, disability, religion, or national origin.
- C. Surveys containing questions pertaining to the student's or the student's parent(s) or guardian(s) personal beliefs or practices in sex, family life, morality, and religion will not be administered to any student unless the parent or guardian of the student is notified in writing that such survey is to be administered and the parent or guardian of the student gives written permission for the student to participate or has the opportunity to opt out of the survey depending upon how the survey is funded. Any and all documents containing the written permission of a parent for a student to participate in a survey will be maintained by the school district in a file separate from the survey responses.
- D. Although the survey is conducted anonymously, potential exists for personally

identifiable information to be provided in response thereto. To the extent that personally identifiable information of a student is contained in his or her responses to a survey, the school district will take appropriate steps to ensure the data is protected in accordance with Minn. Stat. Ch. 13 (Minnesota Government Data Practices Act), 20 U.S.C. § 1232g (Family Educational Rights and Privacy Act) and 34 C.F.R. Part 99.

E. The school district must not impose an academic or other penalty on a student who opts out of participating in a student survey.

#### **IV. STUDENT SURVEYS CONDUCTED AS PART OF DEPARTMENT OF EDUCATION PROGRAM**

- A. All instructional materials, including teacher's manuals, films, tapes, or other supplementary material which will be used in connection with any survey, analysis, or evaluation as part of any program funded in whole or in part by the U.S. Department of Education, shall be available for inspection by the parents or guardians of the students.
- B. No student shall be required, as part of any program funded in whole or in part by the U.S. Department of Education, without the prior consent of the student (if the student is an adult or emancipated minor), or, in the case of an unemancipated minor, without the prior written consent of the parent, to submit to a survey that reveals information concerning:
1. political affiliations or beliefs of the student or the student's parent;
  2. mental and psychological problems of the student or the student's family;
  3. sex behavior or attitudes;
  4. illegal, antisocial, self-incriminating, or demeaning behavior;
  5. critical appraisals of other individuals with whom respondents have close family relationships;

1. The following policies are to be adopted in consultation with parents:

  - (a) college or other post-secondary education recruitment or military;
  - (b) book clubs, magazines, and programs providing access to low cost literary products;
  - (c) curriculum and instructional materials used by elementary and secondary schools;
  - (d) tests and assessments used by elementary schools and secondary schools to provide cognitive, evaluative, diagnostic, clinical, aptitude, or achievement information about students, or to generate other statistically useful data for the purpose of securing such tests and assessments and the subsequent analysis and public release of the aggregate data from such tests and assessments;
  - (e) the sale by students of products or services to raise funds for school-related or education-related activities; and
  - (f) student recognition programs.

access to such an instrument within a reasonable period of time after the request is received.

2. The policies adopted under Section IV.C., Subparagraph 1., above, shall provide for reasonable notice of the adoption or continued use of such policies directly to parents of students enrolled in or served by the school district.
  - a. The notice will be provided at least annually, at the beginning of the school year, and within a reasonable period of time after any substantive change in a policy.
  - b. The notice will provide parents with an opportunity to opt out of participation in the following activities:
    - (1) Activities involving the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information, or otherwise providing that information to others for that purpose.
    - (2) The administration of any third-party survey (non-Department of Education funded) containing one or more of the items contained in Section IV.B., above.
    - (3) Any nonemergency, invasive physical examination or screening that is required as a condition of attendance, administered by the school and scheduled by the school in advance, and not necessary to protect the immediate health and safety of the student or other students.

“Invasive physical examination” means any medical examination that involves the exposure of private body parts, or act during such examination that includes incision, insertion, or injection into the body, but does not include a hearing, vision, or scoliosis screening.
  - c. The notice will advise students of the specific or approximate dates during the school year when the activities in Section IV.C.2., Subparagraph b., above, are scheduled, or expected to be scheduled.
  - d. The notice provisions shall not be construed to preempt applicable provisions of state law that require parental notification and do not apply to any physical examination or screening that is permitted or required by applicable state law, including physical examinations

D. The school board, at its discretion, may offer additional courses in the instructional program at any grade level.

- E. Each instructional program shall be planned for optimal benefit taking into consideration the financial condition of the school district and other relevant factors. Each program plan should contain goals and objectives, materials, minimum student competency levels, and methods for student evaluation.
- F. The superintendent shall have discretionary authority to develop guidelines and directives to implement school board policy relating to instructional curriculum.
- G. The school district will provide onetime cardiopulmonary resuscitation (CPR) and automatic external defibrillator (AED) instruction as part of its grade 7 to 12 curriculum for all students in that grade beginning in the 2014-2015 school year and later.
  - 1. In the school district's discretion, training and instruction may result in CPR certification.
  - 2. CPR and AED instruction must include CPR and AED training that have been developed:
    - a. by the American Heart Association or the American Red Cross and incorporate psychomotor skills to support the instruction; or
    - b. using nationally recognized, evidence-based guidelines for CPR and incorporate psychomotor skills to support the instruction. "Psychomotor skills" means hands-on practice to support cognitive learning; it does not mean cognitive-only instruction and training.
  - 3. The school district may use community members such as emergency medical technicians, paramedics, police officers, firefighters, and representatives of the Minnesota Resuscitation Consortium, the American Heart Association, or the American Red Cross, among others, to provide instruction and training.
  - 4. A school administrator may waive this curriculum requirement for a high school transfer student regardless of whether or not the student previously received instruction under this section, an enrolled student absent on the day the instruction occurred under this section, or an eligible student who has a disability.
- H. The school district shall assist all students by no later than grade 9 to explore their educational college and career interests, aptitudes, and aspirations and develop a plan for a smooth and successful transition to postsecondary education or employment. All students' plans must:
  - 1. provide a comprehensive plan to prepare for and complete career and college-ready curriculum by meeting state and local academic standards and developing career and employment-related skills such as team work, collaboration, creativity, communication, critical thinking, and good work

habits;

2. emphasize academic rigor and high expectations;
3. help students identify interests, aptitudes, aspirations, and personal learning styles that may affect their career and college-ready goals and postsecondary education and employment choices;
4. set appropriate career and college-ready goals with timelines that identify effective means for achieving those goals;
5. help students access education and career options;
6. integrate strong academic content into career-focused courses and applied and experiential learning opportunities and integrate relevant career-focused courses and applied and experiential learning opportunities into strong academic content;

8. help identify collaborative partnerships among pre-kindergarten through grade 12 schools, postsecondary institutions, economic development agencies, and local and regional employers that support students' transitions to postsecondary education and employment and provide students with applied and experiential learning opportunities; and
9. be reviewed and revised at least annually by the student, the student's parent or guardian, and the school district to ensure that the student's course-taking schedule keeps the student making adequate progress to meet state and local academic standards and high school graduation requirements and with a reasonable chance to succeed with employment or postsecondary education without the need to first complete remedial course work.

The school district may develop grade-level curricula or provide instruction that introduces students to various careers, but must not require any curriculum, instruction, or employment-related activity that obligates an elementary or secondary student to involuntarily select or pursue a career, career interest, employment goals, or related job training.

Educators must possess the knowledge and skills to effectively teach all English learners in their classrooms. School districts must provide appropriate curriculum, targeted materials, professional development opportunities for educators, and sufficient resources to enable English learners to become career

and college-ready.

When assisting students in developing a plan for a smooth and successful transition to postsecondary education and employment, school districts must recognize the unique possibilities of each student and ensure that the contents of each student's plan reflect the student's unique talents, skills, and abilities as the student grows, develops, and learns.

- I. A student enrolled in a public school must correctly answer at least 30 of 50 civics test questions. A school or district may record on a student's transcript that the student answered at least 30 of 50 civics test questions correctly.
  1. "Civics test questions" means 50 of the 100 questions that, as of January 1, 2015, United States citizenship and immigration services officers use to select the questions they pose to applicants for naturalization so the applicants can demonstrate their knowledge and understanding of the fundamentals of United States history and government, as required by federal law. The Learning Law and Democracy Foundation, in consultation with Minnesota civics teachers, must select by July 1 each year 50 of the 100 questions under this paragraph to serve as the state's civics test questions for the proximate school year and immediately transmit the 50 selected civics test questions to MDE and to the Legislative Coordinating Commission, which must post the 50 questions it receives on the Minnesota's Legacy website by August 1 of that year.
  2. A school or district may exempt a student with disabilities from this requirement if the student's individualized education program team determines the requirement is inappropriate and establishes an alternative requirement.
  3. A school or district may administer the civics test questions in a language other than English to students who qualify for English learner services.
  4. Schools and districts may administer civics test questions as part of the social studies curriculum.
  5. A district must not prevent a student from graduating or deny a student a high school diploma for failing to correctly answer at least 30 of 50 civics test questions.
  6. The school district cannot charge a fee related to this requirement.

## ASSURANCE OF TEST SECURITY AND NON-DISCLOSURE

Effective for school year: \_\_\_\_\_

The Minnesota Department of Education (MDE) is required by state statute to implement statewide testing programs. Test security must be maintained to provide an equal opportunity to all students to demonstrate their academic achievement and to ensure the validity of test scores and the integrity of state assessments. Failure to maintain test security jeopardizes district and state accountability requirements and the accuracy of student, school, district, and state data. Test scores are included in important decisions about students' future success, and it is essential that they reflect the truth about what students know and can do. This form must be signed prior to access to any secure test content or restricted material(s).

All test content and restricted material(s), whether in draft or final form, are considered secure, and only authorized persons are permitted to have access to them. Authorized persons:

- Are administrators, educators, staff, or other persons designated by the district who have a role in storing, distributing, coordinating, or administering tests.
- Have received appropriate training to fulfill their assigned roles.
- Have signed this agreement.

Responsibilities of authorized persons who may potentially interact with secure test content and data are outlined in the *Procedures Manual of the Minnesota Assessments* (hereafter *Procedures Manual*). By signing this form, you agree to the following assurances:

- As required for my role in the administration of the statewide testing program, I am responsible for understanding relevant information contained in the current year's *Procedures Manual* and directions for test administration. I will abide by policies and procedures detailed in the manuals for statewide test administration.
- As required for my role, I am or will be trained in the administration policies and procedures for statewide tests before participating in any part of statewide test administration.
- As required for my role, I will instruct staff on state and district procedures for maintaining test security and will not allow unauthorized persons to distribute, coordinate, or administer tests, or have access to secure test content and materials.
- As required for my role, I will follow the procedures in the *Procedures Manual* to investigate and notify the appropriate school and district staff or the MDE immediately upon learning of potential misconduct or irregularities, whether intentional or unintentional.
- I understand that MDE has the responsibility to oversee the administration of the statewide tests, and I will cooperate fully with MDE representatives conducting site visits.
- I understand that test data and documents that contain student-level information are considered confidential and secure. I will follow all applicable federal and state data privacy laws related to student educational data, including data within reports and data accessible in electronic systems provided by MDE or its service provider(s).
- I understand my responsibility to enforce proper testing procedures and to ensure the security and confidential integrity of the test(s). I will apply and follow procedures designed to keep test content secure and to ensure the validity of test results, including, but not limited to:
  - Recognizing the rights of students and families to accurate test results that reflect students' individual, unassisted achievement.
  - Protecting the confidentiality of statewide assessments and ensuring the validity of students' results by safeguarding secure test content, keeping test materials in a secure area, and adhering to chain of custody requirements.
  - Never retaining secure test materials in my custody beyond the allowed times to process, distribute, coordinate, administer, and return them, as appropriate for my role.

- Ensuring that no part of the paper or online tests are outlined, summarized, paraphrased, discussed, released, distributed to unauthorized personnel, printed, reproduced, copied, photographed, recorded, or retained in original or duplicated format, without the explicit permission of MDE or as authorized in the *Procedures Manual*.
- Never permitting or engaging in the unauthorized use of a student's MARSS or Secure Student Identification Number (SSID) to log in to the online testing system or access an online test.
- Never engaging in, or allowing others to engage in, unauthorized viewing, discussion, or analysis of test items before, during, or after testing.
- Actively monitoring students during test administration for prohibited behavior.
- Never leaving students unattended during test administration or under the supervision of unauthorized staff or volunteers.
- Never providing students with answers to secure test items, suggesting how to respond to secure test items, or influencing student responses to secure test items. Prohibited actions include, but are not limited to, providing clues or hints; providing reminders of content or testing strategies, prompting students to correct or check/recheck specific responses; permitting access to curricular materials (e.g., textbooks, notes, review materials, bulletin boards, posters, charts, maps, timelines, etc.); or using voice inflection, facial gestures, pointing, gesturing, tapping, or other actions to indicate a response or accuracy of a student's response.
- Never formally or informally scoring secure tests or individual test items except as required by the test-specific manuals and directions. Prohibited actions include, but are not limited to, creating an answer key; reviewing or scoring a student's item response or responses unless items are designed to be scored by the test administrator using a rubric or script; retaining, reviewing, or scoring student scratch paper or accommodated test materials; or tracking student performance on test items.
- Never altering or engaging in other prohibited involvement with student responses.
- Never inducing or encouraging others to violate the procedures outlined above or to engage in any conduct that jeopardizes test security or the validity of test scores.

By accepting the terms of this agreement, you name yourself as an employee of the School District (District) or as an authorized person selected by the District, and affirm that you are authorized by the District during the current academic school year to have access to secure test materials or student data related to statewide test administrations and hereby agree to be bound by the terms of this agreement.

Failure to follow procedures can lead to the invalidation of students' tests. Consequences for violating the terms of this agreement may result in a complaint filed with the local School Board, the Board of Teaching, or the Board of School Administrators for evaluation and investigation. The findings of the appropriate Board may result in disciplinary action up to and including termination and/or loss of license.

## ASSURANCE OF TEST SECURITY AND NON-DISCLOSURE

Effective for school year: \_\_\_\_\_

The Minnesota Department of Education (MDE) is required by state statute to implement statewide testing programs. Test security must be maintained to provide an equal opportunity to all students to demonstrate their academic achievement and to ensure the validity of test scores and the integrity of state assessments. Failure to maintain test security jeopardizes district and state accountability requirements and the accuracy of student, school, district, and state data. Test scores are included in important decisions about students' future success, and it is essential that they reflect the truth about what students know and can do. This form must be signed prior to access to any secure test content or restricted material(s).

All test content and restricted material(s), whether in draft or final form, are considered secure, and only authorized persons are permitted to have access to them. Authorized persons:

- Are administrators, educators, staff, or other persons designated by the district who have a role in storing, distributing, coordinating, or administering tests.
- Have received appropriate training to fulfill their assigned roles.
- Have signed this agreement.

Responsibilities of authorized persons who may potentially interact with secure test content and data are outlined in the *Procedures Manual of the Minnesota Assessments* (hereafter *Procedures Manual*). By signing this form, you agree to the following assurances:

- As required for my role in the administration of the statewide testing program, I am responsible for understanding relevant information contained in the current year's *Procedures Manual* and directions for test administration. I will abide by policies and procedures detailed in the manuals for statewide test administration.
- As required for my role, I am or will be trained in the administration policies and procedures for statewide tests before participating in any part of statewide test administration.
- As required for my role, I will instruct staff on state and district procedures for maintaining test security and will not allow unauthorized persons to distribute, coordinate, or administer tests, or have access to secure test content and materials.
- As required for my role, I will follow the procedures in the *Procedures Manual* to investigate and notify the appropriate school and district staff or the MDE immediately upon learning of potential misconduct or irregularities, whether intentional or unintentional.
- I understand that MDE has the responsibility to oversee the administration of the statewide tests, and I will cooperate fully with MDE representatives conducting site visits.
- I understand that test data and documents that contain student-level information are considered confidential and secure. I will follow all applicable federal and state data privacy laws related to student educational data, including data within reports and data accessible in electronic systems provided by MDE or its service provider(s).
- I understand my responsibility to enforce proper testing procedures and to ensure the security and confidential integrity of the test(s). I will apply and follow procedures designed to keep test content secure and to ensure the validity of test results, including, but not limited to:
  - Recognizing the rights of students and families to accurate test results that reflect students' individual, unassisted achievement.
  - Protecting the confidentiality of statewide assessments and ensuring the validity of students' results by safeguarding secure test content, keeping test materials in a secure area, and adhering to chain of

custody requirements.

- Never retaining secure test materials in my custody beyond the allowed times to process, distribute, coordinate, administer, and return them, as appropriate for my role.
- Ensuring that no part of the paper or online tests are outlined, summarized, paraphrased, discussed, released, distributed to unauthorized personnel, printed, reproduced, copied, photographed, recorded, or retained in original or duplicated format, without the explicit permission of MDE or as authorized in the *Procedures Manual*.
- Never permitting or engaging in the unauthorized use of a student's MARSS or Secure Student Identification Number (SSID) to log in to the online testing system or access an online test.
- Never engaging in, or allowing others to engage in, unauthorized viewing, discussion, or analysis of test items before, during, or after testing.
- Actively monitoring students during test administration for prohibited behavior.
- Never leaving students unattended during test administration or under the supervision of unauthorized staff or volunteers.
- Never providing students with answers to secure test items, suggesting how to respond to secure test items, or influencing student responses to secure test items. Prohibited actions include, but are not limited to, providing clues or hints; providing reminders of content or testing strategies, prompting students to correct or check/recheck specific responses; permitting access to curricular materials (e.g., textbooks, notes, review materials, bulletin boards, posters, charts, maps, timelines, etc.); or using voice inflection, facial gestures, pointing, gesturing, tapping, or other actions to indicate a response or accuracy of a student's response.
- Never formally or informally scoring secure tests or individual test items except as required by the test-specific manuals and directions. Prohibited actions include, but are not limited to, creating an answer key; reviewing or scoring a student's item response or responses unless items are designed to be scored by the test administrator using a rubric or script; retaining, reviewing, or scoring student scratch paper or accommodated test materials; or tracking student performance on test items.
- Never altering or engaging in other prohibited involvement with student responses.
- Never inducing or encouraging others to violate the procedures outlined above or to engage in any conduct that jeopardizes test security or the validity of test scores.

By accepting the terms of this agreement, you name yourself as an employee of the School District (District) or as an authorized person selected by the District and affirm that you are authorized by the District during the current academic school year to have access to secure test materials or student data related to statewide test administrations and hereby agree to be bound by the terms of this agreement.

Failure to follow procedures can lead to the invalidation of students' tests. Consequences for violating the terms of this agreement may result in a complaint filed with the local School Board, the [Board of Teaching Professional Educator Licensing and Standards Board](#), or the Board of School Administrators for evaluation and investigation. The findings of the appropriate Board may result in disciplinary action up to and including termination and/or loss of license.

The Test Administration Report is used for recording situations where something unusual or unexpected happened during testing (see examples below). If an adult was involved (e.g., translator), include the adult's name, signature, and relationship to the student. Attach additional sheets to this form as needed.

**For all Minnesota Assessments, districts are not required to return a Test Administration Report.** However, districts must maintain records for one year after the end of the academic school year in which testing took place for program audits or monitoring conducted by MDE or to answer questions when reports are received. If completed by the School Assessment Coordinator, a copy of the report should be forwarded to the District Assessment Coordinator.

Examples of events to be documented in this report:

- A student engages in inappropriate behavior or action, including cheating, that results in the invalidation of tests.
- A student is administered the incorrect assessment or accommodation.
- A student uses a calculator when a calculator is not allowed.
- A student refuses to take an assessment, requiring the assessment to be invalidated.

POLICY**

*Revised: November 13<sup>th</sup>, 2017*

**615 TESTING ACCOMMODATIONS, MODIFICATIONS, AND EXEMPTIONS FOR IEPs, SECTION 504 PLANS, AND LEP STUDENTS**

**I. PURPOSE**

The purpose of the policy is to provide adequate opportunity for students identified as having individualized education program (IEP), Rehabilitation Act of 1973, § 504 (504) accommodation, or limited English proficiency (LEP) needs to meet the graduation requirements of basic skills testings and graduation-required assessments for diploma (GRAD) tests.

**II. GENERAL STATEMENT OF POLICY**

A. The school district will utilize the existing annual review of IEPs or 504 accommodation plans to review, on a case-by-case basis, the extent of student participation in basic skills testing and GRAD testing. For students subject to GRAD testing, the student's IEP or 504 accommodation plan must identify one of the following decisions for each subject area of GRAD:

1. the student is expected to achieve the statewide standard with or without testing accommodations resulting in a "pass" or "p" notation on the record when achieving a passing score; or
2. the student is expected to achieve the statewide standard at an individually modified level of difficulty, resulting in a "pass" or "p" notation on the record when achieving the modified level. A Minnesota alternative assessment must be used when an IEP team chooses to replace the GRAD. Adoption of modifications for a student must occur concurrently with the adoption of transition goals and objectives as required by Minn. Stat. § 125A.08(a)(1). The IEP or 504 accommodation plan must define an appropriate assessment of the statewide standard at a modified level of difficulty. Achievement of the individually modified standard shall be certified only through documented student performance of the defined assessment.

Students subject to GRAD testing also must be tested under standard conditions as specified by the developer of the test except those students whose IEP or 504 accommodation plan specifies other decisions consistent with the above stated requirements.

B. Students with LEP needs must be identified and accommodations made for students subject to basic skills testing. Students subject to GRAD testing are

required to pass the GRAD if they have been enrolled in any Minnesota school for at least four consecutive years. An English language learner (ELL) student who first enrolls in a Minnesota school in grade 9 or above who completes the coursework and any other state and district requirements to graduate within a four-year period is not required to pass the GRAD.

### **III. DEFINITION OF TERMS**

See the current “Procedures Manual for the Minnesota Assessments” which is produced by the Minnesota Department of Education and available through [pearsonaccess.com](http://pearsonaccess.com).

### **IV. GRANTING AND DOCUMENTING ACCOMMODATIONS, MODIFICATIONS, OR EXEMPTIONS FOR BASIC SKILLS AND GRAD TESTING**

See Chapter 5 of the current “Procedures Manual for the Minnesota Assessments.”

### **V. RECORDS**

All test accommodations, modifications, or exemptions shall be reported to the School District Test Administrator. The School District Test Administrator shall be responsible for keeping a list of all such test accommodations, modifications, and exemptions for school district audit purposes. Testing results will be documented and reported.

## 615 TESTING ACCOMMODATIONS, MODIFICATIONS, AND EXEMPTIONS FOR IEPS, SECTION 504 PLANS, AND LEP STUDENTS

~~[Note: In 2013, the Minnesota legislature modified state graduation requirements by making the Graduation Required Assessments for Diploma (GRAD) tests optional for school districts. A district may decide whether individual students will meet graduation assessment requirements by meeting the GRAD requirements in reading, mathematics, and written composition; by taking the WorkKeys job skills assessment, the Compass college placement test, the ACT assessment for college admission, or a nationally recognized Armed Services Vocational Aptitude Battery test (ASVAB); or by receiving a score on an equivalent assessment. Refer to the Minnesota Assessment System and Requirements Changes 2014-2017 document, which is posted to the Test Administration page of the Minnesota Department of Education (MDE) website. While a district may choose not to include GRAD retests on the testing calendar, an individual student who requests a GRAD retest must be provided the opportunity to retest.]~~

Students subject to GRAD testing are required to pass the GRAD if they have been enrolled in any Minnesota school for at least four consecutive years. An English language learner (ELL) student who first enrolls in a Minnesota school in grade 9 or above and who completes the coursework and any other state and district requirements to graduate within a four-year period is not required to pass the GRAD.~~

A. Minnesota Test of Academic Skills (MTAS)

1. The school district will utilize the existing annual review of IEPs or 504 plans to review, on a case-by-case basis, and determine how a student with a disability will participate in statewide testing.
2. Participation decisions will be made separately for mathematics, reading, and science. The assessment options are the Minnesota Comprehensive Assessment (MCA) and the MTAS.
3. Eligibility Requirements
  - a. The following requirements must be met for a student with a significant cognitive disability to be eligible for the MTAS:
    - (1) The IEP team must consider the student’s ability to access the MCA, with or without accommodations;

- (2) The IEP must review the student's instructional program to ensure that the student is receiving instruction linked to the general education curriculum to the extent appropriate. If instruction is not linked to the general education curriculum, the IEP team must review the student's goals and determine how access to the general curriculum will be provided;
- (3) The IEP team determined the student's cognitive functioning to be significantly below age expectations. The team also determined that the student's disability has a significant impact on his or her ability to function in multiple environments, including home, school, and community;
- (4) The IEP team determined that the student needs explicit and intensive instruction and/or extensive supports in multiple settings to acquire, maintain, and generalize academic and life skills in order to actively participate in school, work, home, and community environments;
- (5) The IEP team must document, in the IEP, reasons the MCA is or is not an appropriate measure of the student's academic progress and how the student would participate in statewide testing.

b. MTAS participation decisions must not be made on the following factors:

- (1) Student's disability category;
- (2) Placement;
- (3) Participation in a separate, specialized curriculum;
- (4) An expectation that the student will receive a low score on the MCA;
- (5) Language, social, cultural, or economic differences;
- (6) Concern for accountability calculations.

B. Alternate ACCESS for ELs

1. The school district will utilize the existing annual review of IEPs or 504 plans to review, on a case-by-case basis, and determine how an identified EL student with a disability will participate in statewide testing.
2. Eligibility Requirements
  - a. The student must be identified as EL in MARSS in order to take an English language proficiency assessment.
  - b. The student must have a significant cognitive disability. If the student has been identified as eligible to take the MTAS in mathematics, reading, or science, the student meets this criterion.
  - c. For students in grades that the MTAS is not administered:
    - (1) the student must have cognitive functioning significantly below age level;
    - (2) the student's disability must have a significant impact on his or her ability to function in multiple environments, including home, school, and community; and
    - (3) the student needs explicit and intensive instruction and/or extensive supports in multiple settings to acquire, maintain, and generalize academic and life skills in order to actively participate in school, work, home, and community environments.
  - d. The IEP team must consider the student's ability to access the ACCESS, with or without accommodations.
  - e. The IEP team must document, in the IEP, reasons the MCA is or is not an appropriate English language proficiency assessment for the student.
3. Alternate ACCESS participation decisions must not be made on the following factors:
  - a. Student's disability category;
  - b. Participation in a separate, specialized curriculum;
  - c. Current level of English language proficiency;

- d. The expectation that the student will receive a low score on the ACCESS for ELs;
- e. Language, social, cultural, or economic differences;
- f. Concern for accountability calculations.

C. EL Students New to the United States

EL students new to the United States will take all assessments, including all academic assessments (math, reading, and science), as well as the English Language Proficiency Assessment (ACCESS).

**JORDAN DISTRICT SCHOOLS  
POLICY**

*Adopted: September 12, 2007*

*Revised: November 13<sup>th</sup>, 2017*

**618 ASSESSMENT OF STUDENT ACHIEVEMENT**

**I. PURPOSE**

The purpose of this policy is to institute a process for the establishment and revision of assessments to be used to determine how well students have achieved the Graduation Standards.

**II. GENERAL STATEMENT OF POLICY**

The school district has established a procedure by which students shall complete the Graduation Standards. This procedure includes the adoption of performance assessment methods to be used in measuring student performance. The school district strives to continually enhance student achievement of the Graduation Standards.

**III. DEFINITIONS**

- A. “Above-grade level” test items contain subject area content that is above the grade level of the student taking the assessment and is considered aligned with state academic standards to the extent it is aligned with content represented in state academic standards above the grade level of the student taking the assessment. Notwithstanding the student’s grade level, administering above-grade level test items to a student does not violate the requirement that state assessments must be aligned with state standards.
- B. “Academic standard” means a summary description of student learning in a required content area or elective content area.
- C. “Below-grade level” test items contain subject area content that is below the grade level of the student taking the test and is considered aligned with state academic standards to the extent it is aligned with content represented in state academic standards below the student’s current grade level. Notwithstanding the student’s grade level, administering below-grade level test items to a student does not violate the requirement that state assessments must be aligned with state standards.
- D. “Benchmark” means the specific knowledge or skill that a student must master to complete part of an academic standard by the end of the grade level or grade band.

- E. “Career and college ready,” for purposes of statewide accountability, means a high school graduate has the knowledge, skills, and competencies to successfully pursue a career pathway, including postsecondary credit leading to a degree, diploma, certificate, or industry-recognized credential and employment. Students who are career and college ready are able to successfully complete credit-bearing coursework at a two- or four-year college or university or other credit-bearing postsecondary program without need for remediation.
- F. “Computer-adaptive assessments” means fully adaptive assessments.
- G. “Cultural competence,” for purposes of statewide accountability, means the ability and will to interact effectively with people of different cultures, native languages, and socioeconomic backgrounds.
- H. “Elective standards” means a locally adopted expectation for student learning in career and technical education and world languages.
- I. “Experiential learning” means learning for students that includes career exploration through a specific class or course or through work-based experiences such as job shadowing, mentoring, entrepreneurship, service learning, volunteering, internships, or other cooperative work experience, youth apprenticeship, or employment.
- J. “Fully adaptive assessments” include on-grade level test items and items that may be above or below a student’s grade level.
- K. “On-grade level” test items contain subject area content that is aligned to state academic standards for the grade level of the student taking the assessment.
- L. “Required standard” means a statewide adopted expectation for student learning in the content areas of English language arts, mathematics, science, social studies, physical education, and the arts, or a locally adopted expectation for student learning in health or the arts.

#### **IV. ESTABLISHMENT OF CRITERIA FOR ASSESSMENT**

- A. The superintendent shall establish criteria by which student performance of locally adopted Graduation Standards and elective standards are to be evaluated and approved. The criteria will be submitted to the school board for approval. Upon approval by the school board, the criteria shall be deemed part of this policy.
- B. The superintendent shall ensure that students and parents or guardians are provided with notice of the process by which program Graduation Standards will be assessed.
- C. Staff members will be expected to utilize staff development opportunities to the extent necessary to ensure effective implementation and continued improvement

of the implementation of assessments under the Minnesota Academic Standards.

## **V. STANDARDS FOR MINNESOTA ACADEMIC STANDARDS PERFORMANCE ASSESSMENTS**

### **A. Benchmarks**

The school district will offer and students must achieve all benchmarks for an academic standard to satisfactorily complete that state standard. These benchmarks will be used by the school district and its staff in developing tests to measure student academic knowledge and skills.

### **B. Statewide Academic Standards Testing**

1. The school district will utilize statewide assessments developed from and aligned with the state's required academic standards as these tests become available to evaluate student progress toward career and college readiness in the context of the state's academic standards.
2. The school district will administer annually, in accordance with the process determined by MDE, the state-constructed tests aligned with state standards to all students in grades 3 through 8 and at the high school level as follows:
  - a. computer-adaptive reading and mathematics assessments in grades 3 through 8;
  - b. high school reading and mathematics and a high school writing test, when it becomes available; and
  - c. science assessments in one grade in the grades 3 through 5 span, the grades 6 through 8 span, and a life science assessment in the grades 9 through 12 span (a passing score on high school science assessments is not a condition of receiving a diploma).
3. The school district will develop and administer locally constructed tests in social studies, health and physical education, and the arts to determine if a student has met the required academic standards in these areas.
4. The school district may use a student's performance on a statewide assessment as one of the multiple criteria to determine grade promotion or retention. The school district also may use a high school student's performance on a statewide assessment as a percentage of the student's final grade in a course, or place a student's assessment score on the student's transcript.
5. For students in grade 8 in the 2012-2013 school year and later, the school district must record on the high school transcript a student's progress

toward career and college readiness. For other students, this record of progress must be made as soon as practicable. In addition, the school district may include a notation of high achievement on the high school diplomas of those graduating seniors who, according to established school board criteria, demonstrate exemplary academic achievement during high school.

C. Rigorous Course of Study Waiver

1. Upon receiving a student's application signed by the student's parent or guardian, the school district must declare that a student meets or exceeds a specific academic standard required for graduation if the school board determines that the student:
  - a. is participating in a course of study, including an advanced placement or international baccalaureate course or program; a learning opportunity outside the curriculum of the school district; or an approved preparatory program for employment or post-secondary education that is equally or more rigorous than the corresponding state or local academic standard required by the school district;
  - b. would be precluded from participating in the rigorous course of study, learning opportunity, or preparatory employment or post-secondary education program if the student were required to achieve the academic standard to be waived; and
  - c. satisfactorily completes the requirements for the rigorous course of study, learning opportunity, or preparatory employment or post-secondary education program.
2. The school board also may formally determine other circumstances in which to declare that a student meets or exceeds a specific academic standard that the site requires for graduation under this section.
3. A student who satisfactorily completes a post-secondary enrollment options course or program or an advanced placement or international baccalaureate course or program is not required to complete other requirements of the academic standards corresponding to that specific rigorous course of study.

**VI. CAREER EXPLORATION ASSESSMENT**

- A. Student assessments, in alignment with state academic standards, shall include clearly defined career and college readiness benchmarks and satisfy Minnesota's postsecondary admissions requirements. Students in grade 11 or grade 12 must be provided with an opportunity to participate on a nationally normed college entrance exam. Achievement and career and college readiness in mathematics,

reading, and writing must also be assessed. When administering formative or summative assessments used to measure the academic progress, including the oral academic development, of English learners and inform their instruction, schools must ensure that the assessments are accessible to the students and students have the modifications and supports they need to sufficiently understand the assessments.

- B. On an annual basis, the school district must use the career exploration elements in these assessments, beginning no later than grade 9, to help students and their families explore and plan for postsecondary education or careers based on the students' interests, aptitudes, and aspirations. The school district must use timely regional labor market information and partnerships, among other resources, to help students and their families successfully develop, pursue, review, and revise an individualized plan for postsecondary education or a career. This process must help increase students' engagement in and connection to school, improve students' knowledge and skills, and deepen students' understanding of career pathways as a sequence of academic and career courses that lead to an industry-recognized credential, an associate's degree, or a bachelor's degree and are available to all students, whatever their interests and career goals.
- C. All students, except those eligible for alternative assessments, must be given the opportunity to participate on a nationally normed college entrance exam in grade 11 or 12. A student under this paragraph who demonstrates attainment of required state academic standards on these assessments, which include career and college readiness benchmarks, is academically ready for a career or college and is encouraged to participate in courses awarding college credit to high school students. Such courses and programs may include sequential courses of study within broad career areas and technical skill assessments that extend beyond course grades.
- D. As appropriate, students through grade 12 must continue to participate in targeted instruction, intervention, or remediation and be encouraged to participate in courses awarding college credit to high school students.
- E. In developing, supporting, and improving students' academic readiness for a career or college, the school district must have a continuum of empirically derived, clearly defined benchmarks focused on students' attainment of knowledge and skills so that students, their parents, and teachers know how well students must perform to have a reasonable chance to succeed in a career or college without need for postsecondary remediation.

The school district may require a student who is not eligible for a free or reduced-priced meal to pay the cost of

taking a nationally recognized college entrance exam. The school district will waive the cost for a student who is unable to pay.

- D. As appropriate, students through grade 12 must continue to participate in targeted instruction, intervention, or remediation and be encouraged to participate in courses awarding college credit to high school students.

**I. PURPOSE**

The purpose of this policy is to establish opportunities for staff development which advance the staff's ability to work effectively with the Graduation Assessment Requirements and with students as they progress to achievement of those Graduation Assessment Requirements and meet the requirements of federal law.

**II. GENERAL STATEMENT OF POLICY**

The school district is committed to developing staff policies and processes for continuous improvement of curriculum, instruction, and assessment to ensure effective implementation of the Graduation Assessment Requirements and federal law at all levels.

**III. STANDARDS FOR STAFF DEVELOPMENT**

POLICY**

**802 DISPOSITION OF OBSOLETE EQUIPMENT AND MATERIAL**

**I. PURPOSE**

The purpose of this policy is to provide guidelines for the superintendent to assist in timely disposition of obsolete equipment and material.

**II. GENERAL STATEMENT OF POLICY**

Effective use of school building space, and consideration for safety of personnel, will at times require disposal of obsolete equipment and material.

**III. DEFINITIONS**

- A. “Contract” means an agreement entered into by the school district for the sale of supplies, materials, or equipment.
- B. “Official newspaper” is a regular issue of a qualified legal newspaper.

**IV. MANNER OF DISPOSITION**

A. Authorization

The superintendent shall be authorized to dispose of obsolete equipment and materials by selling it at a fair price consistent with the procedures outlined in this policy. Any sale exceeding the minimum amount for which bids are required must first be specifically authorized by the school board. The superintendent shall be authorized to properly dispose of used books, materials, and equipment deemed to have little or no value.

B. Contracts Over \$100,000

- 1. If the value of the equipment or materials is estimated to exceed \$100,000, sealed bids shall be solicited by two weeks’ published notice in the official newspaper. This notice shall state the time and place of receiving bids and contain a brief description of the subject matter. Additional publication in the official newspaper or elsewhere may be made as the school board shall deem necessary.
- 2. The sale shall be awarded to the highest responsible bidder, be duly executed in writing, and be otherwise conditioned as required by law.

3. A record shall be kept of all bids, with names of bidders and amounts of bids, and an indication of the successful bid. A bid containing an alteration or erasure of any price contained in the bid which is used in determining the highest responsible bid shall be rejected unless the alteration or erasure is corrected by being crossed out and the correction printed in ink or typewritten adjacent thereto and initialed in ink by the person signing the bid.
4. In the case of identical high bids from two or more bidders, the school board may, at its discretion, utilize negotiated procurement methods with the tied high bidders so long as the price paid does not go below the high tied bid price. In the case where only a single bid is received, the school board may, at its discretion, negotiate a mutually agreeable contract with the bidder so long as the price paid does not fall below the original bid. If no satisfactory bid is received, the board may readvertise.
5. All bids obtained shall be kept on file for a period of at least one year after their receipt. Every contract made without compliance with the foregoing provisions shall be void.
6. Data submitted by a business to a school in response to a request for bids are private until opened. Once opened, the name of the bidder and the dollar amount specified become public; all other data are private until completion of the selection process, meaning the school has completed its evaluation and ranked the responses. After completion of the selection process, all data submitted by all bidders are public except trade secret data. If all responses are rejected prior to completion of the selection process, all data remain private, except the name of the bidder and the dollar amount specified which were made public at the bid opening for one year from the proposed opening date or until resolicitation results in completion of the selection process or until a determination is made to abandon the purchase, whichever occurs sooner, at which point the remaining data becomes public. Data created or maintained by the school district as part of the selection or evaluation process are protected as nonpublic data until completion of the selection or evaluation process. At that time, the data are public with the exception of trade secret data.

C. Contracts From \$25,000 to \$100,000

If the amount of the sale is estimated to exceed \$25,000 but not to exceed \$100,000, the contract may be made either upon sealed bids in the manner directed above or by direct negotiation, by obtaining two or more quotations for the purchase or sale when possible, and without advertising for bids or otherwise complying with the requirements of competitive bidding notice. All quotations obtained shall be kept on file for a period of at least one year after receipt.

D. Contracts \$25,000 or Less

If the amount of the sale is estimated to be \$25,000 or less, the contract may be made either upon quotation or in the open market, in the discretion of the school board. The sale in the open market may be by auction. If the contract is made on quotation, it shall be based, so far as practicable, on at least two quotations which shall be kept on file for a period of at least one year after receipt.

E. Electronic Sale of Surplus Supplies, Materials, and Equipment

Notwithstanding the other procedural requirements of this policy, the school district may contract to sell supplies, materials, and equipment which is surplus, obsolete, or unused through an electronic selling process in which purchasers compete to purchase the supplies, materials, or equipment at the highest purchase price in an open and interactive environment.

F. Notice of Quotation

Notice of procedures to receive quotations shall be given by publication or other means as appropriate to provide reasonable notice to the public.

G. Sales to Employees

No officer or employee of the school district shall sell or procure for sale or possess or control for sale to any other officer or employee of the school district any property or materials owned by the school district unless the property and materials are not needed for public purposes and are sold to a school district employee after reasonable public notice, at a public auction or by sealed response, if the employee is not directly involved in the auction or sale process. Reasonable notice shall include at least one week's published or posted notice. A school district employee may purchase no more than one motor vehicle from the school district at any one auction. This section shall not apply to the sale of property or materials acquired or produced by the school district for sale to the general public in the ordinary course of business. Nothing in this section shall prohibit an employee of the school district from selling or possessing for sale public property if the sale or possession for sale is in the ordinary course of business or the normal course of the employee's duties.

H. Exceptions for Surplus School Computers

A school district may bypass the requirements for competitive bidding and is not subject to any other laws relating to school district contracts if it is disposing of surplus school computer and related equipment by conveying the property and title to:

1. another school district;
2. the state department of corrections;
3. the board of trustees of Minnesota State Colleges and Universities; or

4. the family of a student residing in the district whose total family income meets the federal definition of poverty.

The request should set forth the credit and/or grade requested and the reason(s) why credit(s)/grade(s) should be provided as requested. Any pertinent documentation in support of the request should be submitted.
- C. The decision of the superintendent as to the award of credits or grades shall be a final decision by the school district and shall not be appealable by the student or student's parent or guardian except as set forth in Section IX.D. below.
- D. If a student disputes the number of credits granted by the school district for a particular post-secondary enrollment course, online learning course, or advanced academic credit course, the student may appeal the school district's decision to the Commissioner. The decision of the Commissioner shall be final.
- E. At any time during the process, the building principal or superintendent may ask for course descriptions, syllabi, or work samples from a course where content of the course is in question for purposes of determining alignment with graduation requirements or the number of credits to be granted.
