**MEMORANDUM**

---

---

**TO:** CITY COUNCIL AND PLANNING COMMISSION  
**FROM:** DREW GRAHAM  
**SUBJECT:** RESIDENTIAL USE IN CENTRAL BUSINESS DISTRICT  
**DATE:** MARCH 9, 2026

---

The purpose of this memorandum is to summarize the proposed updates to the City's zoning and parking regulations affecting the Central Business District. These updates are intended to:

1. Allow residential uses on the first floor of single-story buildings on a conditional basis, subject to supplemental regulations.
2. Establish a sidewalk obstruction permit process to manage temporary and permanent structures in the Central Business District.
3. Implement on-street parking limits to ensure availability for commercial patrons while accommodating residential uses.

**1. Residential Uses in the Central Business District:**

The proposed amendments to the B-1 zoning regulations are intended to update the intent statement and permitted/conditional uses to address the increasing interest in residential occupancy in the Central Business District. Key elements include:

- **Conditional First-Floor Residential:** Residential use on the first floor of single-story buildings will be permitted only as a conditional use. *First-floor residential is not allowed in multi-story buildings.*
- **Upper-Floor Residential:** Residential use above the first floor remains permitted.
- **Supplemental Regulations:** To maintain the pedestrian-oriented commercial character of the Central Business District, the following standards will apply:
  - **Trash and Waste:** No dumpsters or refuse on street-facing sides or in the public right-of-way. Screening of rear/side storage is not required, but trash cans would be required to be kept out of the alley right-of-way.
  - **Mailboxes:** Surface-mounted mailboxes allowed if they do not extend more than \_\_\_ inches; other mailboxes would require a sidewalk obstruction permit.
  - **Satellite Dishes:** Must not be visible from the street.

- **Outdoor Furniture, Grills, and Patio Equipment:** No temporary sidewalk use; permanent items require a sidewalk obstruction permit and may not impede pedestrians.
- **Dogs and Pet Waste:** Property owners and residents must promptly remove dog waste from sidewalks, streets, and public areas. *Enforcement of this requirement is expected to be challenging, as compliance can only be verified by direct observation by an officer or a witness.*
- **Window Screening:** First-floor street-facing windows must have permanent treatments applied to the glass (tinted, frosted, mirrored) or windows must have a bottom edge at least 7 feet above the sidewalk.

## 2. Sidewalk Obstruction Permit:

A new sidewalk obstruction permit process should be created under the Municipal Code to manage permanent and temporary structures (mailboxes, benches, planters, grills, patio furniture) on all sidewalks, but specific to this conversation, within the Central Business District sidewalk zone. This permit:

- Ensures safe pedestrian circulation.
- Provides oversight for permanent fixtures associated with residential or commercial uses.
- Establishes a clear review and approval process consistent with other City permitting practices.

## 3. Parking Regulations in the Central Business District:

To address concerns over on-street parking availability for commercial patrons in the Central Business District:

- **Four-Hour Limit:** On-street parking is limited to four (4) consecutive hours at a single location between 8:00 a.m. and 5:00 p.m., Monday through Friday.
- **Residential Compliance:** First-floor and upper-floor residential users are subject to the same time limits.
- **Off-Street Parking:** Residential units must provide or have access to adequate off-street parking to minimize reliance on on-street spaces. Theoretically, everyone can meet this requirement due to the number of public parking spaces in the City-owned lots.
- **Enforcement Considerations:** Enforcement of on-street parking is largely dependent on voluntary compliance. City officers may issue citations, but sustained

enforcement may be resource-intensive. Further, commercial occupants may object if parking restrictions limit their ability to park for extended periods; balancing turnover for customers with business needs will require careful monitoring.

- **Exceptions:** Temporary exemptions may be granted for deliveries, loading/unloading, or other special circumstances as approved by the City Council.

**Conclusion:**

The proposed amendments provide a balanced framework for:

- Supporting residential development in the Central Business District in a manner consistent with the City's pedestrian-oriented commercial character.
- Managing sidewalk obstructions safely and efficiently.
- Preserving downtown parking availability for commercial activity.

Practical enforcement considerations regarding dog waste and on-street parking should be reviewed carefully. The City Council and Planning Commission should recognize that:

1. Enforcement of dog waste regulations will be limited without direct observation or monitoring technology.
2. On-street parking limits will rely significantly on voluntary compliance; aggressive enforcement may strain staff resources and create friction with commercial tenants.

**§ 5-925      PARKING; CENTRAL BUSINESS DISTRICT; TIME LIMITS;  
RESIDENTIAL USES**

(A) *Purpose and Intent.* It is in the best interest of the City of St. Paul to manage parking in the Central Business District in a manner that ensures availability for commercial patrons while accommodating residential uses. The City Council has determined that unregulated use of on-street parking by residential tenants may create conflicts with commercial activity, reduce turnover, and impair the health, safety, and welfare of the community. Accordingly, this section establishes parking time limits for the Central Business District.

(B) *Definitions.* For purposes of this section, the following definitions shall apply:

**CENTRAL BUSINESS DISTRICT.** That area of the City of St. Paul zoned B-1 – Central Business District as defined in the Zoning Ordinance of St. Paul, Nebraska.

**RESIDENTIAL USE.** The use of a building or portion of a building for dwelling purposes, including apartments, bed and breakfast guest homes, or short-term rental properties, whether permanent or temporary.

**COMMERCIAL USE.** Any permitted or conditional use in the Central Business District primarily intended to provide goods or services to the public, including retail, office, restaurant, or service uses.

(C) *On-Street Parking Time Limit.* Except as otherwise provided in this section, no person shall park or allow a vehicle to remain parked on any street within the Central Business District for more than four (4) consecutive hours at any one location between the hours of 8:00 a.m. and 5:00 p.m., Monday through Friday.

(D) *Off-Street Parking Requirement for Residential Uses.* Residential uses located within the Central Business District shall provide or have access to adequate off-street parking, either on the same property or through public parking, a shared parking agreement, to reduce reliance on on-street parking and ensure commercial access. Off-street parking shall be provided in accordance with applicable City codes and as may be required as a condition of a residential conditional use permit.

(E) *Exceptions.* The City Council may, by resolution or written authorization, designate temporary exemptions for deliveries, loading/unloading, emergency situations, or other circumstances deemed necessary for the safe and efficient operation of the Central Business District.

ADDITIONAL CONSIDERATIONS (Please refer to the appropriate section on Attachment 1 for the additional considerations listed below.)

LEGAL PROPERTY DESCRIPTION	ZONE A
PORTIONS REMAIN IN THE SFHA	SUPERSEDES PREVIOUS DETERMINATION
EXTRATERRITORIAL JURISDICTION	STATE LOCAL CONSIDERATIONS

This document provides the Federal Emergency Management Agency's determination regarding a request for a Letter of Map Amendment for the property described above. Using the information submitted and the effective National Flood Insurance Program (NFIP) map, we have determined that the described portion(s) of the property(ies) is/are not located in the SFHA, an area inundated by the flood having a 1-percent chance of being equaled or exceeded in any given year (base flood). This document amends the effective NFIP map to remove the subject property from the SFHA located on the effective NFIP map; therefore, the Federal mandatory flood insurance requirement does not apply. However, the lender has the option to continue the flood insurance requirement to protect its financial risk on the loan. A Preferred Risk Policy (PRP) is available for buildings located outside the SFHA. Information about the PRP and how one can apply is enclosed.

This determination is based on the flood data presently available. The enclosed documents provide additional information regarding this determination. If you have any questions about this document, please contact the FEMA Map Information eXchange (FMIX) toll free at (877) 336-2627 (877-FEMA MAP) or by letter addressed to the Federal Emergency Management Agency, Engineering Library, 3601 Eisenhower Ave Ste 500, Alexandria, VA 22304-6426.

**EXTRATERRITORIAL JURISDICTION (This Additional Consideration applies to the preceding 1 Property.)**

The subject of the determination/comment is shown on the National Flood Insurance Program map as being located in an Extraterritorial Jurisdiction area for the community indicated on the Determination/Comment Document.

**ZONE A (This Additional Consideration applies to the preceding 1 Property.)**

The National Flood Insurance Program map affecting this property depicts a Special Flood Hazard Area that was determined using the best flood hazard data available to FEMA, but without performing a detailed engineering analysis. The flood elevation used to make this determination is based on approximate methods and has not been formalized through the standard process for establishing base flood elevations published in the Flood Insurance Study. This flood elevation is subject to change.

**SUPERSEDES OUR PREVIOUS DETERMINATION (This Additional Consideration applies to all properties in the LOMA DETERMINATION DOCUMENT (REMOVAL))**

This Determination Document supersedes our previous determination dated 11/20/2014, for the subject property.

**STATE AND LOCAL CONSIDERATIONS (This Additional Consideration applies to all properties in the LOMA DETERMINATION DOCUMENT (REMOVAL))**

Please note that this document does not override or supersede any State or local procedural or substantive provisions which may apply to floodplain management requirements associated with amendments to State or local floodplain zoning ordinances, maps, or State or local procedures adopted under the National Flood Insurance Program.
