2:230 Public Participation at Board of Education Meetings and Petitions to the Board

~~For an overall minimum of 20 minutes of~~ During each regular and special open meeting of the Board, [PRESSPlus1](#) any person may comment to or ask questions of the Board (*public participation*), subject to the reasonable constraints established and recorded in this policy's guidelines below. [Q1](#) The Board listens to comments or questions during public participation; responses to comments to or questions of the Board are most often managed through policy 3:30, *Chain of Command*. [PRESSPlus2](#) ~~During public participation, there will be a 20-minute minimum total length of time for any one subject. When public participation takes less time than these minimums, it shall end.~~

To preserve sufficient time for the Board to conduct its business, any person appearing before the Board is expected to follow these guidelines:

1. Address the Board only at the appropriate time as indicated on the agenda and when recognized by the Board President. This includes following the directives of the Board President [PRESSPlus3](#) to maintain order and decorum for all.
2. Use a sign-in sheet, if requested. [PRESSPlus4](#)
3. Identify oneself and be brief. Ordinarily, the time for any one person to address the Board during public participation shall be limited to five minutes. In unusual circumstances, and when an individual has made a request to speak for a longer period of time, the Board President may allow a person may be allowed to speak for more than five minutes. If multiple individuals wish to address the Board on the same subject, the group is encouraged to appoint a spokesperson.
4. Observe, when necessary and appropriate, the Board President's authority to:
 - a. ~~Shortening of~~ the time for each person to address the Board during public participation to conserve time and give the maximum number of people an opportunity to speak; and/or
 - b. ~~Expansion of the overall minimum of 20 minutes for public participation and/or the 20-minute minimum total length of time for any one subject; and/or~~
 - c. ~~Determination of~~ procedural matters regarding public participation not otherwise covered in Board policy.
5. Conduct oneself with respect and civility toward others and otherwise abide by Board policy 8:30, *Visitors to and Conduct on School Property*.

Petitions or written correspondence to the Board shall be presented to the Board of Education at the next regularly scheduled Board meeting.

Questions and Answers:

***Required Question 1. **Consult with the board attorney for guidance before adopting a maximum time limit for public participation; public comment rules are frequently challenged.**

The Ill. Public Access Counselor (PAC) has issued only unpublished, non-binding opinions approving of 30- and 60-minute overall time limits for public comment under OMA. The PAC has issued a binding opinion finding that a public body violated OMA when, pursuant to an unrecorded rule, it limited public comment on a controversial topic to 15 minutes. Public Access Opinion (PAO) 19-2. The PAC noted that while the lack of an adopted policy on the time period for public comment did not “necessarily mean that public comment must be allowed to continue indefinitely,” the public body presented “no evidence that limiting comments was necessary to maintain decorum or that extending the comment period would have unduly interfered with the orderly transaction of public business.”

If the Board would like to establish a maximum time limit for public participation, IASB will revise the first sentence of the paragraph as follows:

For a maximum of 60 minutes ~~D~~during each regular and special open meeting of the Board, any person may comment to or ask questions of the School Board (*public participation*), subject to the reasonable constraints established and recorded in this policy’s guidelines below. The time limit for public participation at a meeting may be extended upon the majority vote of the Board members at the regular or special meeting.

If a board wants to establish a time limit other than 60 minutes, substitute with the time limit desired. Note that any extension of a public comment period cannot be based on the viewpoint of a speaker(s).

Would the Board like to establish a maximum time limit for public participation?

- ☐ No (default)
 - ☐ Yes, the Board would like to establish a maximum time limit of 60 minutes.
 - ☐ Yes, the Board would like to establish a time limit other than 60 minutes. What time limit has the board established? (Enter the number of minutes.):

PRESSPlus Comments

PRESSPlus 1. Updated in response to subscriber feedback regarding time minimums and maximums for public participation during school board meetings and for continuous improvement. Customize this policy to ensure it is responsive to the community’s public participation needs.

While it does not apply directly to school boards, the Empowering Public Participation Act, 5 ILCS 850/, added by P.A. 102-348, prohibits law enforcement agencies or officers employed by them from intentionally conducting background checks of individuals based solely on the fact that they are speaking at an open meeting of a public body. Consult the board attorney for a discussion related to the appropriateness of board members and school officials using search engines and/or other social media platforms to search for information about individuals speaking during public participation. **Issue 109, May 2022**

PRESSPlus 2. The law does not require board members to respond during public participation, and best practices for meetings instruct board members to refrain from engaging in commentary with members of the public during public participation. **Issue 109, May 2022**

PRESSPlus 3. Policy 2:110, *Qualifications, Term, and Duties of Board Officers*, governs the board president's duties, one of which is to preside at all meetings, including presiding over public participation and enforcing this policy. Enforcing this policy is key to the board conducting a successful meeting. The board president should speak with the board attorney to: (1) craft opening statements for the public participation portion of the meeting related to enforcement of this policy and consequences for violating it or any other related board policies, and (2) discuss whether the presence of security and/or law enforcement is advisable, especially when public participation is expected to be long or contentious. For a resource on best practices for managing challenging public comment periods, including a sample opening statement, see: www.iasb.com/policy-services-and-school-law/guidance-and-resources/managing-challenging-public-comment-periods/ and other learning opportunities through IASB's Online Learning Center, at: www.iasb.com/conference-training-and-events/training/online-learning/online-courses/. **Issue 109, May 2022**

***Required Question 1. The School Code mandates this provision for certificated [licensed] employees serving witness duty. 105 ILCS 5/10-20.7. Despite the statute's limitation to licensed employees, many boards apply this language to educational support personnel.

Would the Board like to apply this language to both licensed and educational support personnel?

- ☐ No (default)
- ☐ Yes (IASB will strike "licensed" from the text and correct the grammar.)

***Required Question 2. The School Code mandates this provision for certificated [licensed] employees serving jury duty. 105 ILCS 5/10-20.7. In contrast, the Jury Act requires that employers give any employee time off from employment for jury duty, but it does not require that employers pay the

employee while on jury duty. 705 ILCS 305/4.1. Despite the statute's limitation to licensed employees, many boards apply this language to educational support personnel.

5:100 Staff Development Program

The Superintendent or designee shall implement a staff development program. The goal of such program shall be to update and improve the skills and knowledge of staff members in order to achieve and maintain a high level of job performance and satisfaction. Additionally, the development program for licensed staff members shall be designed to effectuate the District and School Improvement Plans so that student learning objectives meet or exceed goals established by the District and State.

The staff development program shall include the Abused and Neglected Child Reporting Act (ANCRA), School Code, and awareness and prevention of child sexual abuse and grooming behaviors (*Erin's Law*) training as follows (see policies 4:165, *Awareness and Prevention of Child Sexual Abuse and Grooming Behaviors*, and 5:90, *Abused and Neglected Child Reporting*):

1. Staff development for local school site personnel who work with students in grades kindergarten through 8, in the detection, reporting, and prevention of child abuse and neglect.
2. Within three months of employment, each staff member must complete mandated reporter training from a provider or agency with expertise in recognizing and reporting child abuse. Mandated reporter training must be completed again at least every three years.
3. By January 31, 2023, and every year after, all school personnel must complete evidence-informed training on preventing, reporting, and responding to child sexual abuse, grooming behaviors, and boundary violations.

The staff development program shall provide, at a minimum, at least once every two years, the in-service training of licensed school personnel and administrators on current best practices regarding the identification and treatment of attention deficit disorder and attention deficit hyperactivity disorder, the application of non-aversive behavioral interventions in the school environment, and the use of psychotropic or psychostimulant medication for school-age children.

The staff development program shall provide, at a minimum, once every two years, the in-service training of all District staff on educator ethics, teacher-student conduct, and school employee-student conduct.

In addition, the staff development program shall include each of the following:

1. At least, once every two years, training of all District staff by a person with expertise on anaphylactic reactions and management.
2. At least every two years, an in-service to train school personnel, at a minimum, to understand, provide information and referrals, and address issues pertaining to youth who are parents, expectant parents, or victims of domestic or sexual violence.
3. Training that, at a minimum, provides District staff with a basic knowledge of matters relating to acquired immunodeficiency syndrome (AIDS) and the availability of appropriate sources of counseling and referral.
4. Training for licensed school personnel and administrators who work with students in grades kindergarten through 8 to identify the warning signs of mental illness and suicidal behavior in youth along with appropriate intervention and referral techniques.

5. Education for staff instructing students in grades 7 through ~~8~~¹², [PRESSPlus1](#) concerning teen dating violence as recommended by the District's Nondiscrimination Coordinator, Building Principal, Assistant Building Principal, Dean of Students or Complaint Manager.
6. Ongoing professional development for teachers, administrators, school resource officers, and staff regarding the adverse consequences of school exclusion and justice-system involvement, effective classroom management strategies, culturally responsive discipline, the appropriate and available supportive services for the promotion of student attendance and engagement, and developmentally appropriate disciplinary methods that promote positive and healthy school climates.
7. Annual continuing education and/or training opportunities (*professional standards*) for school nutrition program directors, managers, and staff. Each school food authority's director shall document compliance with this requirement by the end of each school year and maintain documentation for a three year period.
8. The following individuals must complete concussion training as specified in the Youth Sports Concussion Safety Act: coaches and assistant coaches (whether volunteer or employee) of an interscholastic athletic activity; nurses, licensed and/or non-licensed healthcare professionals serving on the Concussion Oversight Team; athletic trainers; game officials of an interscholastic athletic activity; and physicians serving on the Concussion Oversight Team.
9. Every two years, school personnel who work with students must complete an in-person or online training program on the management of asthma, the prevention of asthma symptoms, and emergency response in the school setting.
10. Training for school personnel to develop cultural competency, including understanding and reducing implicit racial bias.
11. For school personnel who work with hazardous or toxic materials on a regular basis, training on the safe handling and use of such materials.
12. For nurses, administrators, school counselors, teachers, persons employed by a local health department and assigned to a school, and persons who contract with the District to perform services in connection with a student's seizure action plan, training in the basics of seizure recognition, first aid, and appropriate emergency protocols.
13. For all District staff, annual sexual harassment prevention training.
14. Title IX requirements for training as follows (see policy 2:265, *Title IX Sexual Harassment Grievance Procedure*):
 - a. For all District staff, training on the definition of sexual harassment, the scope of the District's education program or activity, all relevant District policies and procedures, and the necessity to promptly forward all reports of sexual harassment to the Title IX Coordinator.
 - b. For school personnel designated as Title IX coordinators, investigators, decision-makers, or informal resolution facilitators, training on the definition of sexual harassment, the scope of the District's education program or activity, how to conduct an investigation and grievance process (including hearings, appeals, and informal resolution processes, as applicable), and how to serve impartially.
 - c. For school personnel designated as Title IX investigators, training on issues of relevance to create an investigative report that fairly summarizes relevant evidence.
 - d. For school personnel designated as Title IX decision-makers, training on issues of relevance of questions and evidence, including when questions and evidence about a complainant's sexual predisposition or prior sexual behavior are not relevant.

The Superintendent shall develop protocols for administering youth suicide awareness and prevention education to staff consistent with Board policy 7:290, *Suicide and Depression Awareness and*

Prevention.

An opportunity shall be provided for all staff members to acquire, develop, and maintain the knowledge and skills necessary to properly administer life-saving techniques and first aid, including the Heimlich maneuver, cardiopulmonary resuscitation, and the use of an automated external defibrillator, in accordance with a nationally recognized certifying organization. Physical fitness facilities' staff must be trained in cardiopulmonary resuscitation and use of an automated external defibrillator.

6:140 Education of Homeless Children

Each child of a homeless individual and each homeless youth has equal access to the same free, appropriate public education as provided to other children and youths , including a public pre-school education. A *homeless child* is defined as provided in the McKinney Homeless Assistance Act and the ~~III. Education for Homeless Children Act~~. The Superintendent or designee shall act as or appoint a Liaison for Homeless Children to coordinate this policy's implementation.

A homeless child may attend the District school that the child attended when permanently housed or in which the child was last enrolled. A homeless child living in any District school's attendance area may attend that school.

The Superintendent or designee shall review and revise rules or procedures that may act as barriers to the enrollment of homeless children and youths. In reviewing and revising such procedures, consideration shall be given to issues concerning transportation, immunization, residency, birth certificates, school records and other documentation, and guardianship. Transportation shall be provided in accordance with the McKinney Homeless Assistance Act and State law. The Superintendent or designee shall give special attention to ensuring the enrollment and attendance of homeless children and youths who are not currently attending school. If a child is denied enrollment or transportation under this policy, the Liaison for Homeless Children shall immediately refer the child or his or her parent/guardian to the ombudsperson appointed by the Regional Superintendent and provide the child or his or her parent/guardian with a written explanation for the denial. Whenever a child and his or her parent/guardian who initially share the housing of another person due to loss of housing, economic hardship, or a similar hardship continue to share the housing, the Liaison for Homeless Children shall, after the passage of 18 months and annually thereafter, conduct a review as to whether such hardship continues to exist in accordance with State law.

Surveys

All surveys requesting personal information from students, as well as any other instrument used to collect personal information from students must advance or relate to the District's educational objectives, assist student's career choices or be for the purpose of monitoring the quality of the District's educational programs. Surveys having a business or marketing component may be permitted from time to time if they contain a significant educational component and are approved by the Building Principal. This applies to all surveys, regardless of whether the student answering the questions can be identified ~~or and regardless of~~ who created the survey.

Surveys Created by a Third Party

Before a school official or staff member administers or distributes a survey or evaluation created by a third party to a student, the student's parent(s)/guardian(s) may inspect the survey or evaluation, upon their request and within a reasonable time of their request.

This section applies to every survey: (1) that is created by a person or entity other than a District official, staff member, or student, (2) regardless of whether the student answering the questions can be identified, and (3) regardless of the subject matter of the questions.

Survey Requesting Personal Information

School officials and staff members shall not request, nor disclose, the identity of any student who completes any survey or evaluation (created by any person or entity, including the District) containing one or more of the following items:

1. Political affiliations or beliefs of the student or the student's parent/guardian.
2. Mental or psychological problems of the student or the student's family.
3. Behavior or attitudes about sex.
4. Illegal, anti-social, self-incriminating, or demeaning behavior.
5. Critical appraisals of other individuals with whom students have close family relationships.
6. Legally recognized privileged or analogous relationships, such as those with lawyers, physicians, and ministers.
7. Religious practices, affiliations, or beliefs of the student or the student's parent/guardian.
8. Income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program).

The student's parent(s)/guardian(s) may:

1. Inspect the survey or evaluation upon, and within a reasonable time of, their request, and/or
2. Refuse to allow their child to participate in the activity described above. The school shall not penalize any student whose parent(s)/guardian(s) exercised this option.

Instructional Material

A student's parent(s)/guardian(s) may inspect, upon their request, any instructional material used as part of their child's educational curriculum within a reasonable time of their request.

The term "instructional material" means instructional content that is provided to a student, regardless of its format, printed or representational materials, audio-visual materials, and materials in electronic or digital formats (such as materials accessible through the Internet). The term does not include academic tests or academic assessments.

Physical Exams or Screenings

No school official or staff member shall subject a student to a non-emergency, invasive physical examination or screening as a condition of school attendance. The term "invasive physical examination" means any medical examination that involves the exposure of private body parts, or any act during such examination that includes incision, insertion, or injection into the body, but does not include a hearing, vision, or scoliosis screening.

The above paragraph does not apply to any physical examination or screening that:

1. Is permitted or required by an applicable State law, including physical examinations or screenings that are permitted without parental notification.
2. Is administered to a student in accordance with the Individuals with Disabilities Education Act ([20 U.S.C. §1400 et seq.](#)).
3. Is otherwise authorized by Board policy.

Prohibition on Selling or Marketing Students' Personal Information ~~Is Prohibited~~ [PRESSPlus1](#)

No school official or staff member shall market or sell personal information concerning students (or otherwise provide that information to others for that purpose). The term "personal information" means individually identifiable information including: (1) a student or parent's first and last name, (2) a home or other physical address (including street name and the name of the city or town), (3) a telephone number, (4) a Social Security identification number or (5) driver's license number or State identification card.

Unless otherwise prohibited by law, The above paragraph does not apply: (1) if the student's parent(s)/guardian(s) have consented; or (2) to the collection, disclosure or, use of personal information collected from students for the exclusive purpose of developing, evaluating or providing educational products or services for, or to, students or educational institutions, such as the following:

1. College or other postsecondary education recruitment, or military recruitment.
2. Book clubs, magazines, and programs providing access to low-cost literary products.
3. Curriculum and instructional materials used by elementary schools and secondary schools.
4. Tests and assessments to provide cognitive, evaluative, diagnostic, clinical, aptitude, or achievement information about students (or to generate other statistically useful data for the purpose of securing such tests and assessments) and the subsequent analysis and public release of the aggregate data from such tests and assessments.
5. The sale by students of products or services to raise funds for school-related or education-related activities.
6. Student recognition programs.

Under no circumstances may a school official or staff member provide a student's "personal information" to a business organization or financial institution that issues credit or debit cards.

Notification of Rights and Procedures

The Superintendent or designee shall notify students' parents/guardians of:

1. This policy as well as its availability upon request from the general administration office.
2. How to opt their child out of participation in activities as provided in this policy.
3. The approximate dates during the school year when a survey requesting personal information, as described above, is scheduled or expected to be scheduled.
4. How to request access to any survey or other material described in this policy.

This notification shall be given to parents/guardians at least annually, at the beginning of the school year, and within a reasonable period after any substantive change in this policy.

Transfer of Rights

The rights provided to parents/guardians in this policy transfer to the student when the student turns 18 years old, or is an emancipated minor.

7:285 Anaphylaxis Prevention, Response, and Management Program

Title has been updated. Original Title: Food Allergy Management Program

School attendance may increase a student's risk of exposure to allergens that could trigger anaphylaxis. [PRESSPlus1](#) Students at risk for anaphylaxis benefit from a Board of Education policy that coordinates a planned response in the event of an anaphylactic emergency. [PRESSPlus2](#) Anaphylaxis is a severe systemic allergic reaction from exposure to allergens that is rapid in onset and can cause death. Common allergens include animal dander, fish, latex, milk, shellfish, tree nuts, eggs, insect venom, medications, peanuts, soy, and wheat. A severe allergic reaction usually occurs quickly; death has been reported to occur within minutes. An anaphylactic reaction can also occur up to one to two hours after exposure to the allergen.

While it is not possible for the District to completely eliminate the risks of an anaphylactic emergency when a student is at school, an Anaphylaxis Prevention, Response, and Management Program using a cooperative effort among students' families, staff members, students, health care providers, emergency medical services, and the community helps the District reduce these risks and provide accommodations and proper treatment for anaphylactic reactions. [PRESSPlus3](#)

The Superintendent or designee shall develop and implement an Anaphylaxis Prevention, Response, and Management Program for the prevention and treatment of anaphylaxis that:

1. Fully implements the Ill. State Board of Education (ISBE)'s model policy required by the School Code that: (a) relates to the care and response to a person having an anaphylaxis reaction, (b) addresses the use of epinephrine in a school setting, (c) provides a full food allergy and prevention of allergen exposure plan, and (d) aligns with 105 ILCS 5/22-30 and 23 Ill.Admin.Code §1.540. [PRESSPlus4](#)
2. Ensures staff members receive appropriate training, including: (a) an in-service training program for staff who work with students that is conducted by a person with expertise in anaphylactic reactions and management, and (b) training required by law for those staff members acting as *trained personnel*, as provided in 105 ILCS 5/22-30 and 23 Ill.Admin.Code §1.540. [PRESSPlus5](#)
3. Implements and maintains a supply of undesignated epinephrine in the name of the District, in accordance with policy 7:270, *Administering Medicines to Students*. [Q1](#)
4. Follows and references the applicable best practices specific to the District's needs in the Centers for Disease Control and Prevention's *Voluntary Guidelines for Managing Food Allergies in Schools and Early Care and Education Programs* and the *National Association of School Nurses Allergies and Anaphylaxis Resources/Checklists*. [PRESSPlus6](#)
5. Provides annual notice to the parents/guardians of all students to make them aware of this policy. [PRESSPlus7](#)
6. Complies with State and federal law and is in alignment with Board policies.

Monitoring [PRESSPlus8](#)

Pursuant to State law and policy 2:240, *Board Policy Development*, the Board monitors this policy at

least once every three years by conducting a review and reevaluation of this policy to make any necessary and appropriate revisions. The Superintendent or designee shall assist the Board with its reevaluation and assessment of this policy's outcomes and effectiveness. Any updates will reflect any necessary and appropriate revisions.

***Required Question 1. Has the Board adopted the School District Supply of Undesignated Epinephrine Injectors subhead in policy 7:270, *Administering Medicine to Students*?

Note: Be sure that the Board's adoption of the subhead regarding Undesignated Epinephrine Injectors in policy 7:270 is in alignment with the District's implementation of 105 ILCS 5/22-30, amended by P.A. 102-413. If the district maintains a supply of undesignated epinephrine injectors, but has not adopted the subhead in policy 7:270, see the **PRESS** sample, available at **PRESS** Online by logging in at www.iasb.com, at f/n 12.

PRESSPlus Comments

PRESSPlus 1. This policy is updated in response to 105 ILCS 5/2-3.182, added by P.A. 102-413, requiring districts to adopt or update by 8-17-22 an anaphylaxis policy addressing prevention of and response to anaphylaxis in accordance with the model policy developed by the Ill. State Board of Education (ISBE), *Anaphylaxis Response Policy for Illinois Schools*, (*ISBE Model*), available at: www.isbe.net/Documents/Anaphylactic-policy.pdf.

It is presented as rewritten for PRESS Plus subscribers, however, a redlined version showing the changes made is available at **PRESS** Online by logging in at www.iasb.com.

The law requires the *ISBE Model*, and in turn a board's policy based on the *ISBE Model*, to include: (a) a procedure and treatment plan, including emergency protocols and responsibilities for school nurses and other appropriate school personnel, for responding to anaphylaxis, (b) requirements for a training course for appropriate school personnel on prevention and responding to anaphylaxis, (c) a procedure and appropriate guidelines for the development of an individualized emergency health care

plan for children with a food or other allergy that could result in anaphylaxis, (d) a communication plan for intake and dissemination of information provided by Illinois regarding children with a food or other allergy that could result in anaphylaxis, including a discussion of methods, treatments, and therapies to reduce the risk of allergic reactions, including anaphylaxis, (e) strategies for reducing the risk of exposure to anaphylactic causative agents, including food and other allergens, and (f) a communication plan for discussion with children who have developed adequate verbal communication and comprehension skills and with the parents or guardians of all children about foods that are safe and unsafe and about strategies to avoid exposure to unsafe food. 105 ILCS 5/2-3.182(b).

The *ISBE Model* is primarily focused on item (a). Little to no guidance for schools regarding items (b)-(f) exists in it other than to generally cite to voluminous resources made available by the Centers for Disease Control and Prevention (CDC) and National Association of School Nurses (NASN). This policy and its implementing procedures (available at **PRESS** Online by logging in at www.iasb.com) are designed to supplement the *ISBE Model* and further lead school officials to resources regarding items (b)-(f). 105 ILCS 5/2-3.182(b)(1-6).

Issue 109, May 2022

PRESSPlus 2. The *ISBE Model* does not provide a specific definition for *anaphylactic emergency*, but it appears to use that term and *anaphylaxis* interchangeably. **Issue 109, May 2022**

PRESSPlus 3. The *ISBE Model* provides that students at risk for anaphylaxis benefit from a policy that coordinates a planned response in the event of an anaphylactic emergency, and it emphasizes that an emergency plan should include all stakeholders. The clause “using a cooperative effort among students’ families, staff members, students, health care providers and emergency medical services, and the community” is optional and can be removed. The purpose of the clause is to share responsibility for management among all stakeholders. **Issue 109, May 2022**

PRESSPlus 4. Number one outlines the goals that the legislature directed ISBE to include in the topics covered by the *ISBE Model*. 105 ILCS 5/2-3.149(a)-(c). The *ISBE Model* is based on the *Virginia Dept. of Education Anaphylaxis Policy*, available at: www.doe.virginia.gov/support/health_medical/anaphylaxis_epinephrine/, and it incorporates NASN recommendations for a comprehensive anaphylaxis school policy. See the *NASN Sample Anaphylaxis Policy*, at: www.nasn.org/nasn-resources/resources-by-topic/allergies-anaphylaxis. Boards may add further expectations and include additional goals that reflect those expectations here. Ensure that any additional expectations or goals align with policy 7:270, *Administering Medicines to Students*. **Issue 109, May 2022**

PRESSPlus 5. Number two includes the biennial in-service training program required by 105 ILCS 5/10-22.39(e) and training required by 105 ILCS 5/22-30(g) for those staff members who will be *trained personnel*, authorized by 105 ILCS 5/22-30(b-10), to provide or administer undesignated epinephrine in specific situations. The law authorizes *school nurses* and *trained personnel* to administer undesignated epinephrine. See policy 5:100, *Staff Development Program* (or, if the board has not adopted the list of all training in the policy, see f/n 5 of the sample policy at **PRESS** Online, available by logging in at www.iasb.com), and 7:270-AP2, *Checklist for District Supply of Undesignated Asthma Medication, Epinephrine Injectors, Opioid Antagonists, and/or Glucagon* (available at **PRESS** Online by logging in at www.iasb.com).

105 ILCS 5/22-30(b-5) does not specifically state that staff members authorized to administer (student-specific) epinephrine under a student's specific individual plan must also complete the more rigorous training required for *trained personnel*. However, the *ISBE Model* is clear that "[o]nly trained personnel should administer epinephrine to a student believed to be having an anaphylactic reaction," and it requires each building-level administrator to identify at least two employees, in addition to the school nurse (if any), to be *trained personnel*. The more in-depth training for staff members who may administer epinephrine (whether student-specific or undesignated) is also a best practice emphasized in the *CDC Guidelines*, which is referenced in the *ISBE Model*. **Issue 109, May 2022**

PRESSPlus 6. Number four refers to the CDC's *Voluntary Guidelines for Managing Food Allergies in Schools and Early Care and Education Programs*, at:

www.cdc.gov/healthyschools/foodallergies/pdf/20_316712-A_FA_guide_508tag.pdf (*CDC Guidelines*), which is cited in the *ISBE Model* as a resource for a "full food allergy and prevention of allergen exposure plan." Adopting the entire, voluminous *CDC Guidelines* document as policy is not practical. The *CDC Guidelines* also state that not every recommendation will be appropriate or feasible for every district's needs. The *National Association of School Nurses Allergies and Anaphylaxis Resources/Checklists*, at: <http://www.nasn.org/nasn-resources/resources-by-topic/allergies-anaphylaxis>, are also linked as a resource in the *ISBE Model*. The *ISBE Model* acknowledges that not all schools have access to school nurses or other health staff on a regular basis, and it encourages districts to take this into consideration when developing building-level plans. **Issue 109, May 2022**

PRESSPlus 7. Number five is required by 105 ILCS 5/2-3.182(c), added by P.A. 102-413. The notification must include contact information for parents/guardians to engage further with the district to learn more about individualized aspects of the policy. For ease of administration, districts may want to include this notification in student handbook(s). The Ill. Principal's Association (IPA) maintains a handbook service that coordinates with **PRESS** material, *Online Model Student Handbook* (MSH), at: www.ilprincipals.org/resources/model-student-handbook. **Issue 109, May 2022**

PRESSPlus 8. 105 ILCS 5/2-3.182(e) provides that ISBE shall review and update its model policy at least once every three years. Although this section does not expressly state that boards must also conduct a review within this time frame, that is the logical conclusion based on a board's duty in 105 ILCS 5/10-16.7 to direct the superintendent through policy. **Issue 109, May 2022**

Document Status: Draft Update

7:270 Administering Medicines to Students

Students should not take medication during school hours or during school-related activities unless it is necessary for a student's health and well-being. When a student's licensed health care provider and parent(s)/guardian(s) believe that it is necessary for the student to take a medication during school hours or school-related activities, the parent/guardian must request that the school dispense the medication to the child and otherwise follow the District's procedures on dispensing medication.

No School District employee shall administer to any student, or supervise a student's self-administration of, any prescription or non-prescription medication until a completed and signed *School Medication Authorization Form (SMA Form)* is submitted by the student's parent(s)/guardian(s). No student shall possess or consume any prescription or non-prescription medication on school grounds or at a school-related function other than as provided for in this policy and its implementing procedures.

Nothing in this policy shall prohibit any school employee from providing emergency assistance to students, including administering medication.

The Building Principal shall include this policy in the Student Handbook and shall provide a copy to the parents/guardians of students.

Self-Administration of Medication

A student may possess and self-administer an epinephrine injector, e.g., EpiPen®, and/or asthma medication prescribed for use at the student's discretion, provided the student's parent/guardian has completed and signed an *SMA Form*. The Superintendent or designee will ensure an Emergency Action Plan is developed for each self-administering student.

A student may self-administer medication required under a *qualifying plan*, provided the student's parent/guardian has completed and signed an *SMA Form*. A qualifying plan means: (1) an asthma action plan, (2) an Individual Health Care Action Plan, (3) an Ill. Food Allergy Emergency Action Plan and Treatment Authorization Form, (4) a plan pursuant to Section 504 of the federal Rehabilitation Act of 1973, or (5) a plan pursuant to the federal Individuals with Disabilities Education Act.

The District shall incur no liability, except for willful and wanton conduct, as a result of any injury arising from a student's self-administration of medication, including asthma medication or epinephrine injectors, or medication required under a qualifying plan. A student's parent/guardian must indemnify and hold harmless the District and its employees and agents, against any claims, except a claim based on willful and wanton conduct, arising out of a student's self-administration of an epinephrine injector, asthma medication, and/or a medication required under a qualifying plan.

School District Supply of Undesignated Glucagon

The Superintendent or designee shall implement [105 ILCS 145/27](#) and maintain a supply of undesignated glucagon in the name of the District in accordance with manufacturer's instructions.

When a student's prescribed glucagon is not available or has expired, a school nurse or delegated

care aide may administer undesignated glucagon only if he or she is authorized to do so by a student's diabetes care plan.

Administration of Medical Cannabis

The Compassionate Use of Medical Cannabis Program Act allows a *medical cannabis infused product* to be administered to a student by one or more of the following individuals:

1. A parent/guardian of a student who is a minor who registers with the Ill. Dept. of Public Health (IDPH) as a *designated caregiver* to administer medical cannabis to their child. A designated caregiver may also be another individual other than the student's parent/guardian. Any designated caregiver must be at least 21 years old and is allowed to administer a *medical cannabis infused product* to a child who is a student on the premises of his or her school or on his or her school bus if:
 - a. Both the student and the designated caregiver possess valid registry identification cards issued by IDPH;
 - b. Copies of the registry identification cards are provided to the District;
 - c. That student's parent/guardian completed, signed, and submitted a *School Medication Authorization Form - Medical Cannabis*; and
 - d. After administering the product to the student, the designated caregiver immediately removes it from school premises or the school bus.
2. A properly trained school nurse or administrator, who shall be allowed to administer the *medical cannabis infused product* to the student on the premises of the child's school, at a school-sponsored activity, or before/after normal school activities, including while the student is in before-school or after-school care on school-operated property or while being transported on a school bus.
3. The student him or herself when the self-administration takes place under the direct supervision of a school nurse or administrator.

Medical cannabis infused product (product) includes oils, ointments, foods, and other products that contain usable cannabis but are not smoked or vaped. Smoking and/or vaping medical cannabis is prohibited.

The product may not be administered in a manner that, in the opinion of the District or school, would create a disruption to the educational environment or cause exposure of the product to other students. A school employee shall not be required to administer the product.

Discipline of a student for being administered a product by a designated caregiver, or by a school nurse or administrator, or who self-administers a product under the direct supervision of a school nurse or administrator pursuant to this policy is prohibited. The District may not deny a student attendance at a school solely because he or she requires administration of the product during school hours.

Void Policy

The **School District Supply of Undesignated Glucagon** section of the policy is void whenever the Superintendent or designee is, for whatever reason, unable to: (1) obtain for the District a prescription for glucagon from a qualifying prescriber, or (2) fill the District's prescription for undesignated school glucagon.

The **Administration of Medical Cannabis** section of the policy is void and the District reserves the right not to implement it if the District or school is in danger of losing federal funding.

Administration of Undesignated Medication

Upon any administration of an undesignated medication permitted by State law, the Superintendent or designee(s) must ensure all notifications required by State law and administrative procedures occur.

Undesignated Medication Disclaimers

Upon implementation of this policy, the protections from liability and hold harmless provisions applicable under State law apply.

No one, including without limitation, parents/guardians of students, should rely on the District for the availability of undesignated medication. This policy does not guarantee the availability of undesignated medications. Students and their parents/guardians should consult their own physician regarding these medication(s).

PRESSPlus 1. Boards must adopt a policy that addresses the prevention of anaphylaxis and a district's response to medical emergencies resulting from anaphylaxis. See policy 7:285, *Anaphylaxis Prevention, Response, and Management Program*. Due to the structure of the School Code and the IASB Policy Reference Manual, policy 7:285, *Anaphylaxis Prevention, Response, and Management Program*, does not address the administration of epinephrine and instead refers to this policy 7:270, *Administering Medicine to Students*. Assistant Principal's Report- May 18, 2022

Below you will find a breakdown of the number of minors and majors given since April 20, 2022. There were no majors given since the last board meeting, which is outstanding! We are wrapping up the end of the year with field trips, awards assemblies and numerous activities for the students. We had a very enjoyable Teacher Appreciation Week capped off with a visit from the Flo's food truck on Friday, May 6th. Our athletic season is wrapping up with 5 state track and field qualifiers. They will be competing this weekend in East Peoria at the IESA state finals. We have coaches lined up for softball and baseball, but have openings in seven other extra-curricular activities. Looking forward to a wonderful end of the year and summer. If you have any questions, feel free to call.

2. General Education Provisions Act (GEPA) Section 427 *

Section 427 of GEPA (20 U.S.C. 1228a) affects all applicants submitting proposals under this program. This section requires each applicant to include in its proposal a description of the steps the applicant proposes to take to ensure equitable access to, and participate in, its federally assisted program for students, teachers and other program beneficiaries with special needs.

This provision allows applicants discretion in developing the required description. The statute highlights six types of barriers that can impede equitable access or participation: gender, race, national origin, color, disability, or age. The applicant should determine whether these or other barriers may prevent students, teachers, etc. from such access to, or participation in, the federally funded project or activity. The description of steps to be taken to overcome these barriers need not be lengthy; the school district may provide a clear and succinct description of how it plans to address those barriers that are applicable to its circumstances. In addition, the information may be provided in a single narration, or, if appropriate, may be discussed in connection with related topics in the application.

Section 427 is not intended to duplicate the requirements of the civil rights statutes, but rather to ensure that, in designing their programs, applicants for federal funds address equity concerns that may affect the ability of certain beneficiaries to fully participate in the program and to achieve high standards. Consistent with requirements and its approved proposal, an applicant may use the federal funds awarded to it to eliminate barriers it identifies.

Describe the steps that will be taken to overcome barriers to equitable program participation of students, teachers, and other beneficiaries with special needs.

(([count] of 2500 maximum characters used)Spring Valley CCSD #99 works with Hall Township Food Pantry and Faith Church to provide school supplies to students who are in need. We also work closely with the homeless liaison at the ROE to make sure all students have what is needed to be successful. We partner with a local church to provide food every other week for those students who are in great need. The district continuously better programs in order to reach all students. Interventions, audio books, supplemental materials will all be added in order to help reach all students. We hired a social worker for FY 23 to work with general education students who are in need. The bilingual committee will continue to meet to plan family events for the Spanish speaking community. More family engagement events will take place in order to bridge the gap between home and school. The district will continue to utilize two interventionists to work with struggling students during specified times and continue to find research-based interventions to help struggling students. The district will also keep an extra section kindergarten to reduce class sizes and hire an additional first grade teacher to reduce class sizes.

3. General Completion Instructions

Work through the tabs from left to right. Save each page before moving to the next tab.

Required fields on each page are dependent upon funding sources selected on the Coordinated Funding tab.

Many pages have notes at the bottom indicating for which programs the page is required.

To determine if a page is required for the funding sources selected earlier in the application, save the page before completing and look for error messages. If none, the page is not required for the program(s) selected.

How to Complete Pages with Pre-populated Fields

Several pages have two boxes below the narrative questions - one has the response from the prior year plan and the other allows responses for the updated plan. Copy the response from the redisplay and paste it into the updated plan box, revising the description as necessary. Be sure to save the page once this has been completed for all questions on the page.

Some pages display sections based on which grants were selected on the Funding page as anticipated as funded. To change the sections that display, return to the Funding page and select or de-select grants for which funding is anticipated.

It may be copied and modified to address the Consolidated District Plan needs. *DO NOT use special characters, numbered or bulleted lists copied from Word, 'see above', or n/a as this may delay the submission or approval of your plan.* ([count] of 7500 maximum characters used)

The district will use all funding sources to provide a quality education to all students. The grant funding will be used to purchase supplemental materials and provide salaries for two reading interventionists. In order to create smaller special education class sizes, we will use funds to pay for part of that teacher's salary. The district will use funds to have assemblies at the school and conduct family nights. Grant funds will also be used to supplement the preschool program and our bilingual program. The district will use local funds to make needed infrastructure changes to an outdated building. ESSER funds will be used to offer interventions, summer school, summer tutoring, and after school tutoring. We will also add an outdoor classroom for students to utilize. Title III funds will be used to hire an additional bilingual teacher since we've had an influx of English learners. Flow through and IDEA Preschool Flow Through (only for those with preschool aged students) will be utilized to support Child Find activities to seek, intervene and identify students with disabilities. Furthermore, it will be utilized to assist in the provision of School based social work services, school psychological services, special area administration and school based motor therapy services. IDEA Flow Through funds will also be utilized in accordance with 2 CFR 200.432, 200.474; 34 CFR 300.207, in using no less than 5% to fund professional development activities that will

enhance the academic, functional and social emotional development and progress of students with disabilities.

5. Provide a Summary of the LEA's Needs Assessment.

DO NOT use special characters, numbered or bulleted lists copied from Word, 'see above', or n/a as this may delay the submission or approval of your plan.

([count] of 7500 maximum characters used)

Based on the needs assessments, the district needs to focus on the emotional well-being of students, continue to close gaps in reading and math, and make the programs more sustainable. The district needs to work on increasing parent participation and providing parent workshops in order to have students enter school with a higher readiness level.

List and describe other instruments and/or processes that were used in the needs assessment. Student data from building based team meetings

2. For each program for which funding is anticipated, provide a summary of the needs assessment results. Include the program goal(s) identified through the needs assessment process, as applicable. * Writing space appears if a program was selected on the Coordinated Funding page; to make changes in program funding, return to that page, revise, save the page and return to this page.

- i. Identify areas of need related to student achievement, subgroup performance, and resource inequities.
- ii. Include any additional information relevant to this planning document. Provide targeted responses where noted.
- iii. Describe how the needs assessment information will be used for identifying program goals and planning grant activities for each program as applicable.

A. Title I, Part A - Improving Basic Programs

Even though students are making gains, some students are still struggling to perform on grade-level. Interventions will be used school-wide for students with tier 3 being intensive. We will increase our interventions since some programs don't work for all students. We will implement a new Heggerty series for third-fifth grade so that pk-5th grade has a comprehensive phonemic awareness program. Teachers will be trained on using Evaluwise, and we will partner with Janet Moore to provide math workshops to our teachers. Professional development for progress monitoring and SABERS (social/emotional screener) will also be provided.

B. Title I, Part A - School Improvement Part 1003

C. Title I, Part D - Delinquent

D. Title I, Part D - Neglected

E. Title I, Part D - State Neglected/Delinquent

F. Title II, Part A - Preparing, Training, and Recruiting

Also identify needs assessment results, including description of strategies for closing any achievement gaps and for key professional development opportunities for teachers and principals.

Title II funds will be used as classroom size reduction. The students who have been placed into the classroom have shown growth each year.

G. Title III - LIEP

Due to the increase in immigrant students, the district will hire an additional bilingual teacher and possibly another bilingual paraprofessional.

H. Title III - ISEP

I. Title IV, Part A - Student Support and Academic Enrichment

Also provide information for Title IV-A programs and activities planned as a result of needs assessment that align with the Title IV-A budget.

Funds will be used to replace and purchase more cameras throughout the building as well as replacing and adding vape detectors in restrooms that are faulty or that need them due to possible use in those areas. Resources for our STEM, Health, foreign language enrichment and PBIS programs will be purchased as well. These will increase the awareness of promoting a healthy lifestyle, engaging activities, foreign language awareness, and positive student behavior. Assemblies on bullying, drug and alcohol prevention, and vaping will be purchased.

J. Title V, Part B - Rural and Low Income Schools

Funds will be used to provide STEM activities and enrichment opportunities for students. Book studies and maker space supplies will be purchased through grant funds. Sets of Rebecca Caudill and Bluestem books will also be purchased.

K. IDEA, Part B - Flow-Through [1]

The annual special education needs assessment tool reviews the attainment of goals in the realm of special education provision of services, best practices for student performance in this special education subgroup and Highly trained and qualified staff. Additionally, information from parents and outside agencies further indicates needs that school should address in a streamlined systematic approach that will increase student achievement and lifelong success.

The needs assessment information which indicates that our students primarily require additional supports and strategies to address youth and adolescent social and emotional skill sets to support the development of healthy students who can fully access all aspects of their entire educational experience. Therefore the goal of "Every school offers a safe and healthy learning environment for all students" will address the foundation of this identified need which shall drive further steps with an expectation in the reduction of outside mental health referrals and intervention to begin at an early onset.

Goals- 1. All students are supported by highly prepared and effective teachers and school leaders. 2. Every school offers a safe and healthy learning environment for all students.

M. Elementary and Secondary School Emergency Relief Grant II

Summer school will be offered to students along with ESY for the most vulnerable populations. Interventionists will still provide targeted interventions for all students to increase learning and decrease skill deficits. An extra section of kindergarten will be provided again this year in order to decrease class sizes.

N. ARP-LEA Elementary and Secondary Emergency Relief Grant III

A social worker will be hired to better address the needs of our students. An extra first grade section will be added for FY 23 because our kindergarten students are still working to achieve grade-level skills due to the pandemic. Waggle will be utilized for individualized instruction that corresponds with our current math series. Students entered kindergarten lower than in previous years. Outdoor learning spaces will be created for all students.

Specific strategies to increase family involvement, particularly among those who are the most at-risk students will be developed based upon results of the needs assessment. Parents will reflect the demographic makeup of the school, including the most at risk in the ongoing development and monitoring with suggested changes (if needed) of the Title I school plan. All parents are invited to curriculum and handbook meetings. A bilingual committee was added in FY 19 to gather input from the Spanish speaking community. A survey is also given to the preschool parents.

Students Entering PFA Program

The first step toward transitioning a student into the PFA program is to conduct a screening. Spring Valley screenings happen throughout the school year, but all day screenings are scheduled during May. The district has a designated point of contact person (secretary) to schedule screenings with families and provide information about how the screening will work, what the parent or guardian will bring with them and if an interpreter will be needed for the screening so that a translator can be arranged during that child's screening time. If an interpreter is needed that will be scheduled by the parent. Written parental permission is gained prior to each child's screening. Once the screening is completed, parents are given a copy of their child's screening results and each category of the screening is discussed to them by screening personnel. The summary assessments will include the DIAL.

At the time of scheduling the screening, a parent interview is conducted by the preschool teacher. In order to ensure there are no language barriers during the parent interview between the screening and the parent/guardian, an interpreter is offered/used to assist the parent with any language barriers during the screening process. The parent interview portion of the screening uses the DIAL and a created form to collect information for the child's eligibility. During the interview with the DIAL we will gather information from the parent/guardian such as the child's: behavior concerns, socialization speech/language concerns, self-help issues, attention-to-task concerns, developmental delays, motor concerns, hearing/vision concerns, medical issues and family issues. The district interview form collects the following information: family income and financial subsidies like WIC, TANF, Medicaid, CCAP and SNAP, parent education level, the child's/families health, developmental history, if the child has been in early learning program and family composition. As a part of the screening process, families will be required to complete the family income document and provide one form of proof of income (only if the family is on public benefits). This document is used to complete the weighted eligibility form and will prioritize this portion of the eligibility process to ensure students in the most financial need (50% and FPL) are served by the preschool program. All screening documents will be located in the student's personal file. Our policy for this program is that no child will be excluded from our preschool program not being toilet trained. This is communicated during the parent interview at the screening and during the home visit.

Eligibility and wait list information is shared with all parents within two weeks of the screening. Depending on the time of year, the family is called (within two days of August screening) or sent a letter of information (May for August enrollment).

The Spring Valley Preschool for All program partners with Early Intervention (EI) to identify to serve and meet the needs of students in our community with special needs. We collaborate months in advance with students that will be "aging out" (day before 3rd birthday) of Early Intervention. A transition meeting and IEP meeting are held prior to the child turning three so that staff is informed, a case manager is selected, and necessary information is gathered by the team. An individualized education plan is developed and there is a smooth transition into our program when the child begins on their third birthday as a collaboration and an ongoing process that we conduct throughout the school year. There are typically 4-6 students annually that transfer in from EI during the school year.

Spring Valley believes it is necessary to ensure the smooth transition into and out of the preschool classroom/school. Prior to any student starting our preschool program, the family will have a home visit with the student starting the program from the child's classroom teacher. Parent(s)/Guardian and student will also attend orientation in the classroom before school begins for preschool. They will have the opportunity to meet all of the preschool staff, register and receive the student handbook, and they will be given the opportunity to ask additional questions.

Students Exiting PFA Program

We have a transition plan in place for children entering kindergarten. PFA staff, kindergarten teachers and administration will comprise the transition team. The transition team will meet in May to review individual needs of students in special education or EL programs, students that have behavioral or academic needs, health issues, etc. that are moving onto kindergarten. No students will remain in the Preschool for All program beyond their age eligible status of 5 years of age by September 1st.

We provide registration packets to each of our kindergarten bound students in April and allow for them to be registered prior to leaving preschool. We make sure that each of our students are allowed the opportunity to visit the kindergarten classrooms (May), meet the teachers, follow a mini schedule and experience how centers and play work in kindergarten. The kindergarten classrooms are in the hallway as our preschool program. Parents are provided the opportunity to complete a survey regarding the effectiveness of our program and the transition to a new program. This data gathered will be used by program staff to better plan for the program and transition our future students. Families will be invited to a Kindergarten Round-up night in May.

If a student moves out of the school district during preschool or for kindergarten, the school will support the family and new school. If possible, this will include an exit conference or survey with the classroom teacher. Any student apparel or projects will be given to the family. Once a records request is received from the new school, the student's records file and all required documents will be forwarded to the new school and the student exited from SIS within 5 days. The classroom teacher and principal will also be available by email or phone call to the new school if clarifying information on the student.

The district will switch to Fast Bridge for the universal screener and progress monitoring. i-Ready will be used for 6th-8th graders. Students in Tier 1 typically score above the 25th percentile on benchmark testing (fall/winter/spring):

Tier 2 qualifications:

Students in Tier 2 typically score below the 25th percentile on benchmark testing

The guidelines for entrance criteria for Tier 3:

If a child is not making sufficient progress in Tier 2, it is the district's policy to begin meeting as a building-based team (BBT). The student may then be moved into Tier 3 to give intensive 1:1 intervention instruction. This instruction is in addition to Tier 1 and Tier 2 instruction.

Guidelines for Exit Criteria:

Once a student meets his/her specific, individual goal(s), they are then released back into Tier 2.

After a six-week period, if a student is not making sufficient progress, the BBT will meet again to discuss how to better meet the student's educational needs.

The school created a building based team in order to have discussions on what interventions should be tried and then what the results are. If the intervention is working, we continue with it. If it isn't working we then look at other interventions to see if something will work better for that student. Once the building based team has exhausted efforts, the students are referred to special education.

In Tier 2, students not making adequate progress in the core curriculum are provided with increasingly intensive instruction matched to their needs on the basis of levels of performance and rates of progress. These students receive Tier 2 interventions/instruction in addition to their Tier 1 core. At this level, SV#99 interventions are typically 3 times per week for 30 minutes, in groups of 5 or less. Reading and paraprofessionals (under the guidance of the reading specialist) administer these interventions.

In Tier 3, students receive individualized intensive interventions that target the students' skill deficits for the remediation of existing problems and the prevention of more severe problems.

ELL students are placed in classrooms with teachers who hold the ESL endorsement and receive push in and pull out services from the bilingual teacher and bilingual paraprofessionals.

The district is looking to hire an additional bilingual teacher for the 2022-23 school year.

The district is working with ISAC and the Gear Up grant to make transition to high school and college not only easier, but an expectation as well. Students will be working with a young adult through help them become more productive citizens and exploring careers and colleges. This will allow students to have a better idea of what path to take as they enter high school. The junior high teachers also meet to align the curriculum and discuss expectations so the transition from the elementary district to the high school district is easier for the students. The local high school added a transition class to help the incoming 8th graders who struggled and are at-risk for failing or dropping out of high school. The 8th grade students visit the local high school and meet with staff from the private high school. Eighth graders also visit the local community college to attend a career fair.

I. The district will continue to use the PBIS system in monitoring the behavior of all students. Reports of bullying and harassment will be taken by the counseling department and administration. T reports can be reported in various ways with the use of technology. Various programs provided by the counselors at each grade level will continue to address these issues and give strategies to staff how to report and cope with those behaviors.

II. The district will continue to use the current PBIS system to monitor student behaviors. Infractions are assigned various levels of severity with minor behaviors addressed by the classroom teacher and major violations handled by administration. The use of after school re-teach and after school detention will aid in keeping students in the classroom. For more severe infractions, the use of In-School Suspension will continue with multiple infractions resulting in Out of School Suspensions.

III. The district will continue to collaborate with the special education co-operative in dealing with students with special needs. The district will also work with the ELL teachers and aides in communication with those families who do not speak English or are recent migrants. These various subgroups will be taken into consideration when disciplinary consequences are given.

A school wide program at John F. Kennedy school will address the needs of the diverse impoverished community. Funding will go further to address the needs of the students if a school wide plan is implemented. We will provide pull-out small group and individual services in grades K-8 as well as push-in services in grades K-5 to assist students in the classroom focusing on critical reading areas (including, but not limited to, phonemic awareness, phonics, vocabulary, fluency, and comprehension) and math foundational skills.

5. In schools operating a targeted assistance program, please describe the objective criteria the district has established to identify the target populations, AND how the district will include parents, administrators, paraprofessionals, and instructional support personnel in their identification of the target population. * (Section 1112(b)(9))

For your convenience, the prior year Consolidated District Plan approved response is provided below. It may be copied and modified to address the Consolidated District Plan needs.

DO NOT use special characters, numbered or bulleted lists copied from Word, 'see above', or n/a as this may delay the submission or approval of your plan.

The needs assessment information which indicates that our students primarily require additional supports and strategies to address youth and adolescent social and emotional skill sets to support the development of healthy students who can fully access all aspects of their entire educational experience. Therefore the goal of "Every school offers a safe and healthy learning environment for all students" address the foundation of this identified need which shall drive further steps with an expectation in the reduction of outside mental health referrals and intervention to begin at an early onset. The 2C school year was difficult for many students. Mental health is an area where we want to partner with outside agencies to better help the needs of all students. From achievement data, we found student gaps in phonemic awareness, phonological awareness, and phonics, so we will be focusing on student mastery of these skills.

These all may be claimed via ISBE transportation or special transportation claim. The resources include Title IV-E funds, Special Education Fund E funds and transportation funds. They also may be reimbursable via Child Welfare agency for 50% of the costs.

Pre-existing transportation or route - this is the least restrictive and typically most favored option to maintain both the stability and sense of normalcy for the child as well as being of minimal no no additional cost for the district.

New transportation route - this option is more restrictive, limiting peer interactions and more costly to the district.

Route to Route hand off - the option is less restrictive and may allow for students to be with many other their peers with a minimal to no additional cost to the district.

District to district boundary hand off - This is further on the continuum of restrictiveness. This could limit peer interaction with same school peers. It would also be a higher cost to the school of origin than lesser restrictive options.

Other services for which student is eligible such as IDEA transportation - The nature of this is more restrictive but may be the most appropriate for the child. Costs should remain similar to those which they had been before.

Options presented by Child Welfare workers - These should be considered in the best interest of the child and stability if the alternatives are overly intrusive to the current situation. This, as well as possible funding mainly through child welfare agencies.

Alternatives not directly provided by the district school such as taxis, carpools, public transportation, etc.- This option may be somewhat limited in scope as in this primarily rural area of Illinois, these resources are very limited. These should be considered and claimed via Child welfare agencies as well as typical claims through ISBE.

Greetings SV99 Board Members, Administration, Faculty and Families,

We are excited to introduce our leadership team and appreciate your consideration to provide our products and services.

Our model is "Simple School Pictures". We work for all of you.

Dan Mainer- St. Louis- Oversees operations. He has been involved in the industry over 30 years. 20+ as a Territory Manager/Photographer for a national brand and over 10+ as a Sales Rep/Photographer for a local brand. Most recently the founder of A+.

Eric Mills- Princeton- Photography Team Leader. He has worked as a freelance photographer 30+ years. He has represented numerous national and local brands as well as providing professional independent work.

Wes Fischer- Groveland- That's me. 15 years as a local Sales Rep/Field Support. Former 8 year school board member Bartonville #66. I also spent over 10 years working with the National D.A.R.E. Program.

Each of us has been well educated and has learned what is needed to provide a simple, affordable and efficient school picture experience for everyone. We have surrounded ourselves with other industry professionals that share the same experience and enjoyment of working in this industry.

Please consider this as you review our attached proposal-

We do not charge the district for any of our services or school related products. The only bill will be for the agreed cost of the school yearbooks. We will provide at no charge, items such as the framed all school mosaic or composite. Framed Cap and Gown print, ID cards as needed etc. We like to keep it simple, no surprises from us. We are always ready to accommodate any that might be thrown our way.

Most important. We respect the valuable time that each and every one of you puts in to educate our children. Our intention is to make the school picture portion a non issue for everyone involved.

Many thanks and best wishes for a pleasant end of your school year,

Wes Fischer and the A+ Team

Greetings SV99 Board Members, Administration, Faculty and Families,

We are excited to introduce our leadership team and appreciate your consideration to provide our products and services.

Our model is "Simple School Pictures". We work for all of you.

Dan Malner- St. Louis- Oversees Operations. He has been involved in the industry over 30 years. 20+ as a Territory Manager/Photographer for a national brand and over 10+ as a Sales Rep/Photographer for a local brand. Most recently the founder of A+.

Eric Mills- Princeton- Photography Team Leader. He has worked as a freelance photographer 30+ years. He has represented numerous national and local brands as well as providing professional independent work.

Wes Fischer- Groveland- That's me. I'm this guy- former 15 years experience as a local Sales Rep/Field Support. Former 8 year school board member Bartonville #66. I also spent over 10 years working with the National D.A.R.E. Program.

Each of us has been well educated and has learned what is needed to provide a simple, affordable and efficient school picture experience for everyone. We have surrounded ourselves with other industry professionals that share the same experience and enjoyment of working with schools.

Please consider this as you review our attached proposal-

We do not charge the district for any of our services or school related products. The only bill will be for the agreed cost of the school yearbooks. We will provide at no charge, items such as the framed all school mosaic or composite. Framed Cap and Gown print, ID cards as needed etc. We like to keep it simple, no surprises from us. We are always ready to accommodate any that might be thrown our way.

Most important. We respect the valuable time that each and every one of you puts in to educate our children. Our intention is to make the school picture portion a non issue for everyone involved.

I am available at your convenience to discuss any questions or concerns.

Many thanks and best wishes for a pleasant end of your school year,

Wes Fischer and the A+ Team

SCHOOL PORTRAITS. Made Easy.

Welcome to SAFE HASSLE-FREE PICTURE DAYS!

Our ViewFirst™ program means no hassle, safe solution for schools and more choices for families!

ViewFirst™ SCHOOL PORTRAITS.

Advantages for the Parents:

- View portraits before purchasing online. Touchless.
- Select your favorite pose and expression
- No credit card numbers or checks being transported by kids
- Split families, grandparents and other relatives can see and order portraits too!

Admin Portal Makes It Easier!

We are dedicated to making the jobs of Admin & Yearbook staff easier! Our **proprietary software** gives staff access to view all of the picture day images. This portal also allows staff to view and (optionally) change the images selected for the yearbook. Staff can also use this portal to instantly download their needs for the yearbook including other PR and activity images. Or use this portal to see who has not been photographed, download single images for files or IDs, get staff images to update your school website and more!
