506 - K-12 DISCIPLINE AND VIOLENCE PREVENTION POLICY

[Note: School districts are required by statute to have a policy addressing these issues.]

I. PURPOSE

The purpose of this policy is to ensure that students are aware of and comply with the school district's expectations for student conduct. Such compliance will enhance the school district's ability to maintain discipline and ensure that there is no interference with the educational process. The school district will take appropriate disciplinary action when students fail to adhere to the Code of Student Conduct established by this policy.

II. GENERAL STATEMENT OF POLICY

The school board recognizes that individual responsibility and mutual respect are essential components of the educational process. The school board further recognizes that nurturing the maturity of each student is of primary importance and is closely linked with the balance that must be maintained between authority and self-discipline as the individual progresses from a child's dependence on authority to the more mature behavior of self-control.

All students are entitled to learn and develop in a setting which promotes respect of self, others and property. Proper positive discipline can only result from an environment which provides options and stresses student self-direction, decision-making and responsibility. Schools can function effectively only with internal discipline based on mutual understanding of rights and responsibilities.

Students must conduct themselves in an appropriate manner that maintains a climate in which learning can take place. Overall decorum affects student attitudes and influences student behavior. Proper student conduct is necessary to facilitate the education process and to create an atmosphere conducive to high student achievement.

Although this policy emphasizes the development of self-discipline, it is recognized that there are instances when it will be necessary to administer disciplinary measures. The position of the school district is that a fair and equitable district-wide student discipline policy will contribute to the quality of the student's educational experience. This discipline policy is adopted in accordance with and subject to the Minnesota Pupil Fair Dismissal Act, Minnesota Statute sections 121A.40-121A.56.

In view of the foregoing and in accordance with Minnesota Statute section 121A.55, the school board, with the participation of school district administrators, teachers, employees, students, parents, community members, and such other individuals and organizations as appropriate, has developed this policy which governs student conduct and applies to all students of the school district.

III. DEFINITIONS

A. "Nonexclusionary disciplinary policies and practices" means policies and practices that are alternatives to dismissing a pupil from school, including but not limited to evidence-based positive behavior interventions and supports, social and emotional services, school-linked mental health services, counseling services, social work services, academic screening for Title 1 services or reading interventions, and alternative education services. Nonexclusionary disciplinary policies and practices include but are not limited to the policies and practices under Minnesota Statutes sections 120B.12; 121A.575, clauses (1) and (2); 121A.031, subdivision 4, paragraph (a), clause (1); 121A.61, subdivision 3, paragraph (r); and 122A.627, clause (3).

B. "Pupil withdrawal agreement" means a verbal or written agreement between a school administrator or district administrator and a pupil's parent to withdraw a student from the school district to avoid expulsion or exclusion dismissal proceedings. The duration of the withdrawal agreement cannot be for more than a 12-month period.

IV. POLICY

A. The school board must establish uniform criteria for dismissal and adopt written policies and rules to effectuate the purposes of the Minnesota Pupil Fair Dismissal Act. The policies must include nonexclusionary disciplinary policies and practices consistent with Minnesota Statutes, section 121A.41, subdivision 12, and must emphasize preventing dismissals through early detection of problems. The policies must be designed to address students' inappropriate behavior from recurring.

B. The policies must recognize the continuing responsibility of the school for the education of the pupil during the dismissal period.

C. The school is responsible for ensuring that alternative educational services, if the pupil wishes to take advantage of them, must be adequate to allow the pupil to make progress toward meeting the graduation standards adopted under Minnesota Statutes, section 120B.02 and help prepare the pupil for readmission in accordance with section Minnesota Statutes, section 121A.46, subdivision 5.

D. For expulsion and exclusion dismissals and pupil withdrawal agreements as defined in Minnesota Statutes, section 121A.41, subdivision 13:

1. for a pupil who remains enrolled in the school district or is awaiting enrollment in a new district, the school district's continuing responsibility includes reviewing the pupil's schoolwork and grades on a quarterly basis to ensure the pupil is on track for readmission with the pupil's peers. The school district must communicate on a regular basis with the pupil's parent or guardian to ensure that the pupil is completing the work assigned through the

alternative educational services as defined in Minnesota Statutes, section 121A.41, subdivision 11. These services are required until the pupil enrolls in another school or returns to the same school;

2. a pupil receiving school-based or school-linked mental health services in the school district under Minnesota Statutes, section 245.4889 continues to be eligible for those services until the pupil is enrolled in a new district; and

3. the school district must provide to the pupil's parent or guardian information on accessing mental health services, including any free or sliding fee providers in the community. The information must also be posted on the school district website.

V. AREAS OF RESPONSIBILITY

A. The School Board. The school board holds all school personnel responsible for the maintenance of order within the school district and supports all personnel acting within the framework of this discipline policy.

B. Superintendent. The superintendent shall establish guidelines and directives to carry out this policy, hold all school personnel, students, and parents responsible for conforming to this policy, and support all school personnel performing their duties within the framework of this policy. The superintendent shall also establish guidelines and directives for using the services of appropriate agencies for assisting students and parents. Any guidelines or directives established to implement this policy shall be submitted to the school board for approval and shall be attached as an addendum to this policy.

The principal shall give direction and support to all school personnel performing their duties within the framework of this policy. The principal shall consult with parents of students conducting themselves in a manner contrary to the policy. The principal shall also involve other professional employees in the disposition of behavior referrals and shall make use of those agencies appropriate for assisting students and parents. A principal, in exercising his or her lawful authority, may use reasonable force when it is necessary under the circumstances to restrain a student to prevent imminent bodily harm or death to the student or another.

D. Teachers. All teachers shall be responsible for providing a well-planned teaching/learning environment and shall have primary responsibility for student conduct, with appropriate assistance from the administration. All teachers shall enforce the Code of Student Conduct. In exercising the teacher’s lawful authority, a teacher may use reasonable force when it is necessary under the circumstances to restrain a student to prevent imminent bodily harm or death to the student or another.

E. Other School District Personnel. All school district personnel shall be responsible for contributing to the atmosphere of mutual respect within the school. Their responsibilities relating to student behavior shall be as authorized and directed by the superintendent. A school employee, school bus driver, or other agent of a school district, in exercising his or her lawful authority, may use reasonable force when it is

necessary under the circumstances to restrain a student to prevent bodily harm or death to the student or another.

For the purpose of Minnesota Statutes, section 121A.582 (Student Discipline; Reasonable Force), a school resource officer, as defined in Minnesota Statutes, section 626.8482, subdivision 1, paragraph (c) is not a school employee or agent of the district.

F. Parents or Legal Guardians. Parents and guardians shall be held responsible for the behavior of their children as determined by law and community practice. They are expected to cooperate with school authorities and to participate regarding the behavior of their children.

G. Students. All students shall be held individually responsible for their behavior and for knowing and obeying the Code of Student Conduct and this policy.

H. Community Members. Members of the community are expected to contribute to the establishment of an atmosphere in which rights and duties are effectively acknowledged and fulfilled.

A public school with a policy on parental notification must include the policy in the employee handbook and disseminate information to school staff regarding child abuse prevention in a school setting.

[NOTE: The 2024 Minnesota legislature enacted this provision, which does not require a school board to adopt policy language. School districts may determine whether to adopt policy language.]

XII. DISMISSAL

A. "Dismissal" means the denial of the current educational program to any student, including exclusion, expulsion and suspension. Dismissal does not include removal from class.

The school district shall not deny due process or equal protection of the law to any student involved in a dismissal proceeding which may result in suspension, exclusion or expulsion.

The school district shall not dismiss any student without attempting to use nonexclusionary policies and procedures before dismissal proceedings or pupil withdrawal agreements, except where it appears that the student will create an immediate and substantial danger to self or to surrounding persons or property.

The use of exclusionary practices for early learners as defined in Minnesota Statutes, section 121A.425 is prohibited. The use of exclusionary practices to address attendance and truancy issues is prohibited.

B. Violations leading to suspension, based upon severity, may also be grounds for actions leading to expulsion, and/or exclusion. A student may be dismissed on any of the following grounds:

1. Willful violation of any reasonable school board regulation, including those found in this policy;

2. Willful conduct that significantly disrupts the rights of others to an education, or the ability of school personnel to perform their duties, or school sponsored extracurricular activities; or

This definition does not apply to dismissal for one (1) school day or less where a student with a disability does not receive regular or special education instruction during the dismissal period.

2. School administration must allow a suspended pupil the opportunity to complete all school work assigned during the period of the pupil's suspension and to receive full credit for satisfactorily completing the assignments. The school principal or other person having administrative control of the school building or program is encouraged to designate a district or school employee as a liaison to work with the pupil's teachers to allow the suspended pupil to (1) receive timely course materials and other information, and (2) complete daily and weekly assignments and receive teachers' feedback.

3. If a student's total days of removal from school exceed ten (10) cumulative days in a school year, the school district shall make reasonable attempts to convene a meeting with the student and the student's parent or guardian before subsequently removing the student from school and, with the permission of the parent or guardian, arrange for a mental health screening for the student at the parent or guardian's expense. The purpose of this meeting is to attempt to determine the student's need for assessment or other services or whether the parent or guardian should have the student assessed or diagnosed to determine whether the student needs treatment for a mental health disorder.

4. The definition of suspension under Minnesota Statutes, section 121A.41, subdivision 10, does not apply to a student's dismissal from school for one school day or less, except as provided under federal law for a student with a disability. Each suspension action may include a readmission plan. The plan shall include, where appropriate, a provision for implementing alternative educational services upon readmission which must not be used to extend the current suspension. A readmission plan must not obligate a parent or guardian to provide psychotropic drugs to their student as a condition of readmission. School administration must not use the refusal of a parent or guardian to consent to the administration of psychotropic drugs to their student or to consent to a psychiatric evaluation, screening, or examination of the student as a ground, by itself, to prohibit the student from attending class or participating in a school-related activity, or as a basis of a charge of child

abuse, child neglect, or medical or educational neglect. The school administration may not impose consecutive suspensions against the same student for the same course of conduct, or incident of misconduct, except where the student will create an immediate and substantial danger to self or to surrounding persons or property or where the school district is in the process of initiating an expulsion, in which case the school administration may extend the suspension to a total of fifteen (15) days.

5. A child with a disability may be suspended. When a child with a disability has been suspended for more than five (5) consecutive days or ten (10) cumulative school days in the same year, and that suspension does not involve a recommendation for expulsion or exclusion or other change in placement under federal law, relevant members of the child's IEP team, including at least one of the child's teachers, shall meet and determine the extent to which the child needs services in order to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals in the child's IEP. That meeting must occur as soon as possible, but no more than 10 (10) days after the sixth (6th) consecutive day of suspension or the tenth (10th) cumulative day of suspension has elapsed.

6. Alternative education services must be provided to a pupil who is suspended for more than five (5) consecutive school days.s. Alternative educational services may include, but are not limited to, special tutoring, modified curriculum, modified instruction, other modifications or adaptations, instruction through electronic media, special education services as indicated by appropriate assessments, homebound instruction, supervised homework, or enrollment in another district or in an alternative learning center under Minnesota Statute section 123A.05 selected to allow the student to progress toward meeting graduation standards under Minnesota Statute section 120B.02, although in a different setting.

7. The school administration shall not suspend a student from school without an informal administrative conference with the student. The informal administrative conference shall take place before the suspension, except where it appears that the student will create an immediate and substantial danger to self or to surrounding persons or property, in which case the conference shall take place as soon as practicable following the suspension. At the informal administrative conference, a school administrator shall notify the student of the grounds for the suspension, provide an explanation of the evidence the authorities have, and the student may present the student's version of the facts. A separate administrative conference is required for each period of suspension.

8. After school administration notifies a student of the grounds for suspension, school administration may, instead of imposing the suspension, do one or more of the following:

   a. strongly encourage a parent or guardian of the student to attend school with the student for one day;

   b. assign the student to attend school on Saturday as supervised by the principal or the principal's designee; and

   c. petition the juvenile court that the student is in need of services under

9. A written notice containing the grounds for suspension, a brief statement of the facts, a description of the testimony, a readmission plan, and a copy of the Minnesota Pupil Fair Dismissal Act, Minnesota Statute sections 121A.40-121A.56, shall be personally served upon the student at or before the time the suspension is to take effect, and upon the student's parent or guardian by mail within forty-eight (48) hours of the conference. (See attached sample Notice of Suspension.)

10. The school administration shall make reasonable efforts to notify the student's parent or guardian of the suspension by telephone as soon as possible following suspension.

11. In the event a student is suspended without an informal administrative conference on the grounds that the student will create an immediate and substantial danger to surrounding persons or property, the written notice shall be served upon the student and the student's parent or guardian within forty-eight (48) hours of the suspension. Service by mail shall be complete upon mailing.

12. Notwithstanding the foregoing provisions, the student may be suspended pending the school board's decision in an expulsion or exclusion proceeding, provided that alternative educational services are implemented to the extent that suspension exceeds five (5) consecutive school days.

E. Expulsion and Exclusion Procedures

1. "Expulsion" means a school board action to prohibit an enrolled student from further attendance for up to twelve (12) months from the date the student is expelled. The authority to expel rests with the school board.

This notice shall be served upon the student and his or her parent or guardian personally or by mail, and shall contain a complete statement of the facts; a list of the witnesses and a description of their testimony; state the date, time and place of hearing; be accompanied by a copy of the Pupil Fair Dismissal Act, Minnesota Statute sections 121A.40-121A.56; describe the nonexclusionary disciplinary practices accorded the student in an attempt to avoid the expulsion proceedings; and inform the student and parent or guardian of their right to: (1) have a representative of the student's own choosing, including legal counsel at the hearing; (2) examine the student's

records before the hearing; (3) present evidence; and (4) confront and cross-examine witnesses. 6. The hearing shall be scheduled within ten (10) days of the service of the written notice unless an extension, not to exceed five (5) days, is requested for good cause by the school district, student, parent or guardian.

7. All hearings shall be held at a time and place reasonably convenient to the student, parent or guardian and shall be closed, unless the student, parent or guardian requests an open hearing.

8. The school district shall record the hearing proceedings at district expense, and a party may obtain a transcript at its own expense.

9. The student shall have a right to a representative of the student's own choosing, including legal counsel, at the student's sole expense. The school board may appoint an attorney to represent the school district in any proceeding.

10. If the student designates a representative other than the parent or guardian, the representative must have a written authorization from the student and the parent or guardian providing them with access to and/or copies of the student's records.

11. All expulsion or exclusion hearings shall take place before and be conducted by an independent hearing officer designated by the school district. The hearing shall be conducted in a fair and impartial manner. Testimony shall be given under oath and the hearing officer shall have the power to issue subpoenas and administer oaths.

12. At a reasonable time prior to the hearing, the student, parent or guardian, or authorized representative shall be given access to all school district records pertaining to the student, including any tests or reports upon which the proposed dismissal action may be based.

13. Before initiating an expulsion or exclusion of a student with a disability, relevant members of the child's IEP team and the child's parent shall, consistent with federal law, conduct a manifestation determination and determine whether the child's behavior was (i) caused by or had a direct and substantial relationship to the child's disability and (ii) whether the child's conduct was a direct result of a failure to implement the child's IEP. If the student's educational program is appropriate and the behavior is <u>not</u> a manifestation of the student's disability, the school district will proceed with discipline – up to and including expulsion – as if the student did not have a disability, unless the student's educational program provides otherwise. If the team determines that the behavior subject to discipline <u>is</u> a manifestation of the student's disability, the team shall conduct a functional behavioral assessment and implement a behavioral intervention plan for such student provided that the school district had not conducted such assessment prior to the manifestation determination before the behavior that resulted in a change of placement. Where a behavioral intervention plan previously has been developed, the team will review the behavioral intervention plan and modify it as necessary to address the behavior

902 - RENTAL POLICY - BUILDINGS & FACILITIES

The Detroit Lakes Public Schools (DLPS) wishes to encourage the full use of the educational facilities, when they are not being used by students or staff, by making its facilities available to organizations, associations, and individuals of the community for civil, cultural, welfare or recreational events that are in the best interest of the school system.

The purpose of this policy is to define the use of DLPS facilities.

I. ADMINISTRATIVE RESPONSIBILITY

A. The Director of Finance & Operations or his/her designee shall approve scheduling of DLPS facilities and equipment. All requests for facility use must be submitted electronically or in hardcopy format.

B. Facility/equipment usage should be scheduled one (1) week by DLPS employees or four (4) weeks by non- DLPS groups/individuals prior to the event, but not to exceed one calendar year in advance. The Director of Finance & Operations or designee may alter the scheduling timeframe.

C. Facility reservations will be assigned first come, first served. The only exception is DLPS sponsored events that come up and cannot be scheduled to another date, time or location. If this happens, the permit holder will be contacted immediately and offered to change to an alternate date, time or location. If an event is rescheduled, there will be no monetary reimbursement.

D. A building may not be occupied by any group unless a qualified custodian is present. The head custodian of the building being used will be responsible for assigning a custodian to work during the scheduled event that is not held during the regularly scheduled hours of the custodial staff. The custodian on duty will supervise the operation of the physical plant and shall not be required to supervise groups or events. There will be no additional fee for custodial staff being present under either of the following conditions:

   i. The event is held during the regularly scheduled hours of the custodial staff, and clean-up after the event did not result in the custodian accruing overtime.

   ii. A DLPS employee has requested to be used in lieu of a custodian by signing the section on the *Facility Permit Request*, and the request has been approved by the Director of Finance & Operations or designee.

E. A facility rental request has a planned attendance of greater than 100 people; the Director of Finance & Operations may require the presence of a DLPS employee to provide direct supervision of the event. There will be no additional fee for supervision staff being present under the following condition:

   i. A DLPS employee has requested to be used in lieu of a supervisor by signing the section on the Facility Permit Request, and the request has been approved by the Director of Finance & Operations.

II. USAGE/PERMIT PROCEDURE

A. Prior to using District facilities, every non-DLPS group/organization and individual must complete the *Facility Permit Request* found on the last two pages of this policy and submit it to the Director of Finance & Operations or designee. Facility/equipment usage should be scheduled one (1) week by DLPS employees or four (4) weeks by non- DLPS groups/individuals prior to the event, but not to exceed one calendar year in advance. The Director of Finance & Operations or designee may alter the scheduling timeframe.

B. The individual/organization making the request is responsible for all fees assessed for the event.

C. Every permit request for the use of DLPS facilities shall state the general nature and purpose of the event. Permits will be issued only for the dates, hours, areas and equipment specified.

D. A permit will not be granted for any use that in the judgment of DLPS administration may conflict with the mission of the DLPS or for which satisfactory sponsorship or adequate adult supervision is not provided.

E. Once a permit is granted to an organization or individual, facilities shall be used strictly for the purpose for which the space was requested. Permit holders may not transfer or sublet the permit to another organization or individual; doing so nullifies an approved permit.

F. DLPS administration may cancel a permit effective immediately, if, in its judgment, continuation would be potentially harmful, dangerous, or the program or participants' actions are not of a moral standard equivalent to that generally accepted by the community.

G. All rentals of facilities will be coordinated with the building principal and/or the Activities Director in order to assure the availability of facilities requested.

i. Events are scheduled on a first-come-first-serve basis. However, DLPS events shall always have priority, and contracted rented facilities have priority over unscheduled DLPS staff use.

ii. All athletic camps/clinics are to be pre-approved by the Activities Director prior to submittal to the Director of Finance & Operations for reserving facilities.

iii. Camps or clinics that are neither appropriately routed the process listed in subsection (ii) nor approved by the Activities Director are not construed to fall under the control of the School Board, and therefore, will be subject to rental fees and will not be covered by the DLPS insurance program.

H. Once the *Facility Permit Request* is approved, the event will be entered into the DLPS facility calendar.

I. A copy of the reservation with the permit number will be provided to the policy holder either as a hard copy or electronic document. This document in either form must be with the permit holder during the event at the DLPS facility.

J. Access to and operation of the sound, video, and light systems in the Middle School auditorium must be pre-approved by the Director of Finance & Operations. An additional fee will be charged for the sound/light operator's time.

III. PERMIT HOLDER'S RESPONSIBILITY

A. Completion of the *Facility Permit Request* constitutes acceptance by the applicant of the responsibilities stated and the willingness to comply with all DLPS policies, rules, and regulations regarding the use of facilities.

B. Any group, organization or individual which is not considered part of Detroit Lakes Public Schools, must provide a $500,000-$1,000,000 proof of liability insurance prior to the use of the Detroit Lakes Public Schools facilities to protect participants and spectators involved in the activity.

C. The applicant agrees to protect, indemnify and hold harmless Detroit Lakes Public Schools and employees from any and all claims, liabilities, damages or rights of actions, directly or indirectly, growing out of the use of the premises covered by the permit.

~~B.~~ The permit holder will indemnify Detroit Lakes Public Schools for all damage to the school or property occurring during the scheduled activity by persons participating or in attendance. ~~The permit holder agrees to protect, indemnify and hold harmless the District and its employees from any and all claims, liabilities, damages, or rights of action, directly or indirectly, growing out of the use of the premises covered by the permit.~~

~~C.~~D. ~~The permit holder will indemnify DLPS for all damage to its facility or equipment occurred during the scheduled event by persons participating or in attendance.~~

~~D.~~E. All organizations and individuals using DLPS facilities shall have a copy of the approved permit on site, either as an electronic file, email, or hardcopy. Custodians may request a copy of the permit from the organization or individual. If an approved permit cannot be verified, the custodians may request the organization or individual to leave the facilities or grounds. Law enforcement shall be contacted when a non-verified organization or individual fails to leave the facilities/grounds when requested to by the DLPS representative.

~~E.~~F. All events are required to be supervised by responsible adults, over age 21, for the entire duration of usage time and until all participants have vacated the premises in order to accept responsibility for the conduct of event attendees and the care of the building and equipment.

~~F.~~G. It shall be the responsibility of the organizational leaders to confine use of the facilities rented to members of their group and for the purpose and function under the terms of the rental contract.

~~G.~~H. Programs must be concluded in time for clearance of building in accordance with the terms of the rental contract. Any additional time required to clean-up after an organization's use of the facility shall be charged to the organization in addition to the rental schedule.

IV. FACILITY USAGE

A. All buildings must be vacated by 10:30 p.m. on school nights and 12:00 a.m. on non-school nights, unless arranged differently with the Director of Finance & Operations or designee. However, DLPS sponsored events may vacate at a later time at the discretion of the principal/building administrator.

B. A group must obtain prior approval to bring in any organizational equipment and must remove all equipment immediately after the event, unless special permission is granted in advance by the Director of Finance & Operations or designee.

C. Gym shoes must be worn on gym floors. No one shall be allowed to participate in any organized event on the gym floors with leather soles or heels. SCHOOL BUS TRANSPORTATION CONTRACT

Independent School District #22
and
Olander Bus Service, Inc.

2026-2028

THIS AGREEMENT made and entered this 1st day of July, 2026 by and between Independent School District No. 22 of Becker County, Minnesota, hereinafter referred to as "School District", and Olander Bus Service, Inc. of Detroit Lakes, Minnesota, hereinafter referred to as "Contractor".

For the consideration herein expressed, Contractor agrees with the School District:

I. CONTRACT DURATION AND GENERAL CONDITIONS

A. Contractor will transport public and non-public school pupils, as designated by the School Board, over school bus routes numbered **1-10, 12, 14-17, and 19-20,** or as otherwise specified by the School Board, and to transport students to and from extra-curricular activities or events between schools/sites as specified or requested by the School District.

B. Unless specifically noted on the attached Exhibit A, Contractor understands and agrees that it does not have an exclusive right to provide transportation services to the District. The District may elect to meet its transportation needs through any combination of contracted services and utilizing its own staff and vehicles.

C. The term of the contract will be for a period of two school years, commencing on July 1, 2026 and ending on June 30, 2028.

D. Contractor will provide the District with a current vehicle roster at intervals requested by the District that includes the bus number, year model, chassis make, body make, capacity, and bus mileage for all vehicles used to transport students.

E. Should the schools of the District be closed for any reason whatsoever, the District will not be responsible for any payments to Contractor during the period of such closing.

F. Contractor shall not assign or sublet this Agreement or any part of this Agreement without the prior written consent of the District.

II. INSURANCE AND ACCIDENT REPORTING

A. Contractor agrees at its sole expense to procure and keep in force during the entire period of this Agreement automobile, general, and umbrella liability insurance coverage covering all operations, locations, vehicles, and employees used in the performance of this Agreement. The District shall be named as an additional

insured under these policies. Such insurance must specifically include a provision to defend, indemnify, and hold harmless the District. The minimum required limits of insurance are as follows:

1. $1,000,000 single limit for bodily injury and property damage liability;
2. $1,000,000 Commercial General Liability Insurance
3. $4,000,000 Umbrella Liability; and
4. Workers' Compensation at statutory limits.

B. Contractor will provide the District with copies of its insurance certificates prior to commencement of service, and annually thereafter no later than July 1. Failure to maintain required insurance at all times will be considered a material default under this Agreement and will entitle the District to immediately terminate this Agreement without further liability. The insurance company utilized by Contractor must have a minimum A.M. Best Rating of A and be licensed to do business in the State of Minnesota. Insurance certificates provided by Contract must clearly show the District named as an additional insured, and it must further provide that the policy shall not be canceled, nonrenewed, or materially changed so as to effect the insurance described until sixty (60) days' notice of such action has been delivered to the District.

C. In the event of an accident, a verbal report shall be made immediately to the District. A written accident report disclosing all information relating to the accident and any other possible pertinent information requested by the District will be submitted to the District as soon as possible and by no later than two working days of the accident.

III. INDEMNIFICATION

A. Contractor will defend, indemnify, and hold the District, its School Board, officers, employees, agents, insurers, and attorneys harmless from and against any and all claims, demands, claims, causes of action, or liabilities which may be made by any person, firm or corporation, or other entity arising in any way out of this Agreement or the transportation services provided by Contractor or its employees, agents, independent contractors, or subcontractors or because of any act or omission, negligence, or misconduct of Contractor or its employees, agents, independent contractors, or subcontractors. Contractor's obligations under this Paragraph will not extent to any claim or demand that solely arises from or is caused solely by the gross negligence or willful conduct of the District, its employees, or agents.

B. To the extent permitted by law, the District will defend, indemnify, and hold Contractor, its officers, employees, agents, successors and assigns harmless from and against any and all claims, demands, claims, causes of action, or liabilities solely arising from or solely caused by the gross negligence or willful conduct of the District, its employees, or agents.

IV. BUS DRIVERS

A. Contractor must employ a sufficient number of qualified drivers and support personnel to provide the District of continuous and reliable service at all times

during the term of this Agreement. Contractor will provide qualified drivers, trained and licensed in accordance with the laws of Minnesota and the rules and regulations of District. Contractor's bus drivers and other staff providing services pursuant to this Agreement will not be considered employees of the School District for any purpose. Contractor will be solely responsible for hiring, disciplining, and discharging its bus drivers and other staff.

B. Contractor agrees that each driver will:

1. Possess a valid license issued by this State authorizing such person to operate a school bus.
2. Be certified by a duly licensed medical practitioner as medically qualified and free of medical or physical conditions, which, absent reasonable accommodation, would limit safe operation of a school bus. The physical examination shall be conducted in accordance with applicable law prior to employment and periodically thereafter as required by law.
3. Successfully complete a course of training, including instruction in school bus safety, student discipline, human relations, behind-the-wheel school bus driving instruction, defensive driving, first aid, use of fire extinguisher, traffic laws, and applicable District policies and regulations.
4. Possess a satisfactory driving record and criminal history record, after review of such records prior to employment and periodically thereafter to the extent permitted or available by law. At a minimum, Contractor's procedures for criminal background checks must be consistent with the requirements for the District's own employees set forth in Minnesota Statutes section 123B.03.
5. Prior to employment and from time to time thereafter, to the extent permitted by law, undergo such tests as may reveal, within a reasonable degree of medical or scientific certainty, the presence or absence of drugs or controlled substances in the body. Negative findings for such tests shall be a condition of employment to the extent permitted by law.
6. Satisfy all applicable requirements of State and Federal regulators in rendering transportation services regulated by such agencies.
7. Meet any other criteria required by State or Federal law, or by District's policies, rules, or regulations.
8. Contractor will provide the District with sufficient documentation to verify that all drivers have satisfied the requirements above before they begin providing services pursuant to this Agreement and at other times requested by the District. The District will have access to any and all driver records upon request.

C. Contractor will hold each driver responsible for:

1. Supervising the loading and unloading of his or her bus at every pick-up and delivery point.
2. Keeping informed of all rules and regulations affecting the operation of school buses and standards of conduct.
3. Complying with all federal, state and local traffic laws while operating buses.
4. Carrying appropriate identification at all times while on duty.

5. Carrying a time piece while on duty so that the driver can maintain established schedule times.

D. Contractor shall maintain an orientation and instruction program that drivers must complete before they are allowed to drive while students are on board, which must be sufficient to ensure a driver is able to safely operate the type of school bus the driver will be driving, and must include training on:

1. Emergency procedures.
2. Student and behavior management procedures approved by the District, including issues relating to students with disabilities.
3. Relevant laws, rules of the road, and local school bus safety policies.
4. Student loading and unloading procedures.

E. As part of its training program, Contractor will require all bus drivers to attend at least one county or regional school bus driver's instruction workshop per year, which may be used to satisfy some of the subject-matter requirements set forth above.

F. Contractor must take reasonable steps to prevent its employees from exposing any student to impropriety of word or conduct. Contractor will not permit its drivers to smoke on the bus nor to drink any intoxicating beverage or be under the influence of drugs or alcohol while operating any bus. Contractor shall have appropriate processes to monitor and prevent the use of prescription and non-prescription drugs that impair the safe operation of the bus, which must include a drug and alcohol testing program to be conducted in accordance with applicable state and federal law.

G. Contractor is responsible for hiring and discharging personnel employed by Contractor to perform its obligations under this Agreement; provided, however, that District shall have the right to require Contractor to remove from service under this Agreement any employee who, in District's sole discretion, is deemed unsuitable for the performance of transportation services for District; and provided further that District shall make such request in writing and state the reasons therefore.

V. ESTABLISHMENT OF ROUTES

A. Consistent with Minnesota Statutes section 123B.88, subdivision 1, the School District will make final decisions on the establishment of bus stops, routes and route schedules in its sole discretion and as needed in order to best meet its student transportation needs. Upon the School District's request, Contractor will provide the School District with assistance in establishing bus stops, routes, and route schedules in accordance with the parameters set forth in School Board Policy 709. Contractor's assistance will at all times be subject to the School District's review and final approval.
B. Routes will be established in a manner that prevents students from being on a bus for an unreasonable amount of time. All routes and mileage must be approved in writing by the District's Transportation Coordinator or designee.
C. The District strives to ensure that individual students do not ride the bus for more

than ninety (90) minutes when traveling to or from school unless unusual circumstances require a longer bus ride.

D. The District reserves the right to make such changes in bus routes and schedules that are necessary to ensure the most cost-effective and efficient transportation services. The District will provide at least ten (10) days' written notice to Contractor in the event it exercises its right to change or alter bus routes or schedules. Contractor shall not be entitled to additional compensation in the event of a change to a bus route or schedule, and will not be compensated for any routes that are not actually run in the event the District decides to eliminate one or more routes.

E. Upon the District's request, Contractor will provide all data in its possession regarding the District's bus routes, bus stops, bus schedules, and route mileage. The parties agree that such data is maintained for the benefit of serving the District and its students and may not be withheld by Contractor on the basis that it is proprietary or for any other reason.

F. Contractor and the School District will work collaboratively to determine bus stop locations, subject to the School District's right to make a final decision. All students will be picked up on public roads in a safe location provided the road is in suitable condition for bussing and there are adequate turn-around areas when needed. Bus stop locations will be determined in accordance with School Board Policy 707 and as directed by the District's Transportation Coordinator. In the event Contractor has concerns about whether a road is safe for travel in inclement weather conditions, Contractor will notify the School District of its concern. The School District will review Contractor's concern and will attempt to work collaboratively with Contractor to resolve the issue. If the parties cannot agree on whether the road is safe for travel, the School District will make a final decision about whether Contractor will be required to use the road for student transportation. Contractor may not unilaterally decide not to drive on a road. If a road is deemed unsafe due to weather conditions, the School District will determine how to communicate the decision to affected .

G. Contractor is strictly prohibited from allowing transportation on school buses to passengers other than students attending the public schools, those attending non-public schools, or those authorized by Minnesota law and District policy. The District's Transportation Supervisor will approve who may ride buses and will determine eligibility requirements as provided by Minnesota law and District policy.

H. The District may run a mock disaster drill each year. Contractor and the District will collaborate to conduct the drills in the most efficient manner. Contractor will assist the District in conducting one mock disaster drill each year at no additional cost to the District.

VI. VEHICLE REQUIREMENTS AND REPLACEMENT SCHEDULE

A. All Type C and D vehicles operated by Contractor will be subject to the following replacement schedule:

1. Gas conventional (Type C):	12 years or 200,000 miles
2. Gas transit (Type D):	12 years or 200,000 miles
3. Diesel conventional (Type C):	12 years or 200,000 miles

4. Diesel transit (Type D): 12 years or 200,000 miles

B. Type A school buses will be replaced on the same schedule as Type C buses. No buses older than 12 years will be used on a regular route and no buses older than 15 years will be used as a spare. Upon Contractor's request, the District may approve, in writing, exceptions to this general replacement schedule on an individual bus basis upon consideration of factors such as the mileage, age, and overall condition of the vehicle if the vehicle may continue to safely and reliably transport students. Exceptions will be approved in the District's sole discretion. All vehicles used by Contractor must pass an annual fall inspection by the District's Transportation Supervisor and are subject to all required inspections by the Minnesota State Highway Patrol. Used buses to be utilized by Contractor for the 2026-2027 school year must be inspected by the Highway Patrol on or before August 23, 2026.

C. The District reserves the right to require Contractor to replace any bus during the term of this Agreement if the District reasonably determines that the bus is not in a condition to safely and reliably transport students. Upon request, Contractor will provide documentation of a vehicle's mileage, route and assignment history, inspection records, and maintenance history.

D. All buses utilized by Contractor must be equipped as provided by law. In addition, all buses must be equipped with video surveillance equipment, which will include at least three interior cameras. Contractor will provide video footage from a bus to the District as soon as possible, which generally will be considered to be within twenty-four (24) hours unless circumstances legitimately require a longer response time.

E. All buses must be identified and numbered as a school bus pursuant to applicable State and District requirements. If Contractor uses a bus for passenger transportation that does not involve student transportation services provided pursuant to this Agreement, Contractor must cover up numbering and school bus identification used for District transportation.

F. Contractor must service all vehicles at regular intervals pursuant to manufacturer recommendations. Both the interior and exterior of all vehicles used to transport District students must be kept in a clean condition suitable for transporting students at all times. All vehicles used to transport District students must be swept daily.

G. Contractor will provide heated facilities for storing vehicles at a temperature that is above freezing (32 degrees Fahrenheit). Heating equipment must be properly functioning in buses at all times. Contractor may not store any vehicle used to transport students in an environment that is not heated without the District's prior written approval.

H. If Contractor is operating six (6) to eleven (11) buses to serve the District, Contractor must have at least one (1) spare bus of not less than a sixty (60) passenger capacity. If Contractor is operating eleven (11) to twenty (20) buses to serve the District, Contractor must have at least two (2) spare buses of not less than a sixty (60) passenger capacity. Contactor must have at least three (3) spare buses of not less than a sixty (60) passenger capacity when operating twenty (20) or more buses to serve the District.

I. Contractor must develop and implement a system consistent with industry best practices for responding to road failures or bus breakdowns while providing transportation service, which must include sufficient personnel and equipment to promptly restore service as soon as possible in the event of a breakdown or road failure.

J. Contractor must operate a single dispatching center, at a site to be chosen by Contractor. The dispatching center must be available by telephone at all times during the actual operation of buses, and must have reasonable operating hours to provide satisfactory customer service to the District and the families of students who utilize District transportation. All buses assigned to a regular route must be radio equipped on a narrow band frequency.

VII. MANAGING STUDENT BEHAVIOR

A. The ultimate responsibility and authority to discipline any student for behavior on the bus will rest with the District. Contractor's drivers will be responsible for managing student behavior only to the extent required to safely and properly operate Contractor's buses. Each driver will handle all student behavior matters strictly in accordance with District policy.
B. In no case will a driver eject a student from the bus without the District's prior written approval. A driver must report all student behavior problems to the District's designee, in writing, following completion of a route using the District's established reporting procedure. Procedures for addressing student behavior on buses will be established by the District in its sole discretion.
C. Vandalism or damage to Contractor's equipment or facilities shall be the sole responsibility of Contractor. The District shall give Contractor reasonable assistance in obtaining restitution for damaged equipment or facilities. Contractor may refuse to provide a student with transportation services until vandalism damage caused by a student is paid in full, with prior written permission from the District.

VIII. RECORDKEEPING AND REPORTING

A. Contractor must provide those reports and records, which may be reasonably requested by District and necessary for proper payment, for evaluation of Contractor's performance or for state and District reporting hereunder. Reports and records may include, but are not limited, to bus inspection and maintenance records; accident reports; road failure reports; student behavior reports; monthly or yearly mileage, hour or route reports; bus ridership reports; driver qualification records; and fuel purchasing records. Contractor must supply all information necessary for the District to claim state aids for transportation from the Minnesota Department of Education and/or to be file reports required by the Minnesota Department of Education as it relates to the transportation of students.

IX. CONTRACT RATES AND PAYMENT

A. Contractor will be compensated for its services as provided in the attached Exhibit A.
B. Contractor will be solely responsible for purchasing the fuel necessary to provide services pursuant to this Agreement. When the price of fuel, including all taxes, exceeds the amounts stated below, Contractor will bill the District for fuel costs the difference between Contractor's actual fuel costs and the amounts stated below. Contractor's invoice must include a copy of the fuel invoice showing the cost it paid for fuel, the date of purchase, and the amount and type of fuel purchased. Only fuel used for the transportation of students may be billed to the District pursuant to this escalator provision. This Paragraph will apply when the cost of

fuel exceeds the following amounts:

	2026-27	2027-28
Gasoline:	**$4.10/gallon**	**$4.10/gallon**
Diesel:	**$4.10/gallon**	**$4.10/gallon**
Propane:	**$3.00/gallon**	**$3.00/gallon**

C. All billing by Contractor must be submitted to the District within fifteen (15) days of the end of the month in which services were rendered or payment will not be made by the District. For instance, the last date Contractor may bill the District for transportation services in the month of October will be November 15.
D. The District will pay Contractor on or about the 5th working day of each month if Contractor submits an invoice by the end of the business day of the 1st working day of the month. If an invoice is not received by the 1st working day of the month, the invoice will be included in the regular claims submitted to the School Board at the next available regular School Board meeting. The District will process payment the next business day following the regular Board meeting.

X. PENALTIES AND TERMINATION

A. The District reserves the right to withhold payment if Contractor is not providing services to the satisfaction of the District.
B. The District may terminate this Agreement at any time with one (1) months' written notice if any of the following events occur:
    1. Contractor fails to comply with any of the terms or conditions of the Agreement and fails to cure its non-compliance within thirty (30) days after the District provides written notification of Contractor's non-compliance; or
    2. The District, in its sole discretion, determines that Contractor is in any way unfit, unqualified, or unable to perform all of the transportation needs of the District under this Agreement.

XI. MISCELLANEOUS

A. For regular special needs transportation routes, Contractor will provide at least one bus aide per bus. The aide will be an employee of Contractor, and must be trained as provided in Paragraph D.3. above and pass a criminal background check consistent with the minimum requirements the District must use when hiring its own employees. The provisions of Paragraph D.5. above will apply to bus aides.
B. The District and Contractor will work together to develop a program of ensuring that students are aware of the rules and regulations of school bus ridership and for conducting evaluation drills. Student training sessions and evacuation drills will be held during the year at locations and times identified by the District.
C. Contractors must comply at all times with applicable provisions of State and Federal laws and regulations relating to student transportation. Contractor must also comply with the School District's adopted transportation policies and regulations.
D. The District strictly adheres to Minnesota Statutes section 181.59, which prohibits discrimination on account of race, creed, or color in the performance of any work required under a contract. Contractor must not unlawfully discriminate against any employee or applicant for employment because of race, color, creed, religion,

gender, national origin, sexual orientation, disability, age, marital status, public assistance, or any other legally protected class status. To the extent permitted by law, Contractor will take affirmative action to ensure that applicants are employed and that employees are treated equally during employment, without unlawful discrimination because of their race, color, creed, religion, gender, national origin, disability, age, marital status, sexual orientation, public assistance status, or other protected class status. Contractor shall also comply with any applicable federal or state laws regarding nondiscrimination.

E. In the event of act(s) of God, fire, riot, war, picketing, civil commotion, strikes, labor disputes, lack of fuel, health pandemic, Federal, State, or local government order preventing the District from engaging in in-person instruction, or any other condition closing down the school except for closures based on inclement weather or impassibility of roads, the District may, at its sole discretion, excuse Contractor from performance of the transportation services it determines are no longer necessary and/or terminate the contract, or shall have the right to assume the operation of such buses, with District employees or other persons as the District may deem appropriate. In the event that the District determines that some or all of Contractor's transportation services are not necessary due to a condition outlined in this Paragraph, Contractor shall be compensated only for transportation services the District determines are necessary and are actually provided by the Contractor.

F. In the event any party asserts that a provision of this Agreement is ambiguous, this Agreement must be construed to have been drafted equally by the parties.

G. This Agreement is governed by the laws of the State of Minnesota. The parties agree that the Minnesota state and federal courts will have exclusive jurisdiction over any dispute arising out of this Agreement. If a court determines that any part of this Agreement is unlawful or unenforceable, the remaining portions of the Agreement will remain in full force and effect.

H. This Agreement constitutes the entire agreement between the parties relating to the transportation services Contractor will provide the District. No party has relied upon any statements, promises, or representations that are not stated in this Agreement. No changes to this Agreement are valid unless they are in writing and signed by all parties. A copy of this Agreement has the same legal effect as the original.

Newsletter

Our electronic newsletter, *The Rossman Report*, will be sent out weekly via email to inform families about upcoming events and celebrate our students. Parent/family attention to the weekly newsletter is appreciated. The newsletter will also be posted on the Rossman School website.

Closings/Delays

Inclement weather may result in the district decision to start late, dismiss early, or cancel classes. Official announcements concerning these will be made over KDLM (AM 1340), KRCQ (FM 102.3) radio stations in Detroit Lakes; and over WDAY (AM 970) or WDAY TV Channel 6 in Fargo. District Instant Alerts, the Facebook page and/or communication from your children's teacher may also be other avenues to obtain this information. Parents/families will be notified by the phone or email on file. Parents, please be sure the office has current and accurate contact information so messages are delivered. Weather announcements will be posted on the school district's social media accounts (Facebook/Twitter/Instagram).

Students living in rural areas must have an emergency plan with an alternate place to stay in the event weather disables bus transportation. Information regarding emergency weather placement must be recorded on the student's registration card. Children without an emergency placement plan will be kept at school if arrangements cannot be made.

Bus Transportation

Families must register for bus transportation online or by calling the District Office. Riding the bus is a privilege, and rules for conduct on school buses are listed in detail in the Activity Calendar. The school principal is responsible for determining consequences for discipline problems that arise on the school bus. Failure to abide by rules of conduct will result in disciplinary action.

Academics

Grading

Parents may follow student progress on the QMLATIV (Skyward) web-based system password protected so only you see your child's grades).

Report Cards/Progress Reports

Report cards will be used in grades K-5. Report cards will be issued at the end of each trimester for all students. Parent-Teacher conferences are held in the Fall and Spring.

Testing/Assessments

Students participate in district and state assessments to determine progress within the grade-level standards and curriculum benchmarks. The district assessment calendar is published on the school website under Teaching and Learning.

Physical Education

All students K-5 have an organized physical education program. All children are expected to take part in regular physical education classes unless they have a doctor's written request if not able to participate.

Language Access Plan

Based on changes in MN state law, districts and charter schools are required to adopt a Language Access Plan that specifies the district's process and procedures to render effective language assistance to students and adults who communicate in a language other than English. This Language Access Plan must be available to the public and included in the school's handbook. Further information can be found on the Detroit Lakes Public School website: www.dlschools.net under Student Support Services - English Language Learner Services - Direct Links.

Attendance

Arrival Time

Teachers' contract day begins at 7:50 a.m. School doors open at 7:30 a.m. Students coming early must go to the cafeteria where supervision is provided. Breakfast is served beginning at 7:40 a.m. Student drop-off area: Front entrance (circle driveway) on Rossman Avenue. DO NOT drop students off in the back parking lot (East side). This area is reserved for buses only. The first bell is at 7:55 a.m.. The school day begins at 8:15 a.m.

Attendance Procedure

Philosophy
School attendance is the combined responsibility of the student, the parents, and the school. A student can readily make up missed assignments, but missed time in the classroom cannot be replaced. *For a student to realize their full learning potential, daily class attendance is of highest importance.*

Definitions
Excused Absence
Absences from school for reasons recognized by the State of Minnesota, the Detroit Lakes Public Schools, or deemed legitimate by administration of the school include: Personal illness, death or medical emergency in the immediate family, and inclement weather. Other reasons that may be approved as *excused* and are requested in advance include: medical or legal appointments, religious activities, travel, essential work at home, and family vacations. Any absence for participation in a school-sponsored activity is excused.

Unexcused Absence
Unexcused absences are those not meeting described criteria for excused absences. Common examples of unexcused absences include: oversleeping, shopping, hair appointments, missing bus, non-essential work at home, and part or full time work.

Continuing Truant
Continuing Truant is defined as: A child who is subject to the compulsory attendance laws of Minnesota Statute 120.101 and is absent from instruction in school without a valid excuse within a single school year for: (1) three

days if the child is in elementary school; or (2) three or more class periods on three days if the child is in middle school, senior high school.

Procedures

Absence Reporting Procedures

Whenever possible, the parent/guardian must contact the school on the day of absence. If it is not possible to contact the school on the day of the absence, a note signed by a parent/guardian or a phone call from the parent/guardian indicating reason for absence is required upon the return of the child to school. If an absence is not reported by 10:00 AM, the Rossman Elementary office will be contacting parents to verify the student's absence. The building administrator/or designee shall determine if the absence will be excused or unexcused. If the school does not receive a note or phone call when the child returns to school, the absence shall be classified as unexcused until a note or phone call is received. The district reserves the right to require a signed note from a doctor or other appropriate medical personnel for absences due to illness or other medical reasons. If a student has been absent due to participation in a school-sponsored activity, no note or phone call from the parent/guardian is required.

Advance Notice

The district requests that the parent/guardian notify the school in writing or phone call in advance with the reason for the absence such as dental or medical appointments. The building administrator will determine if the absence will be excused or unexcused.

Continuing Truancy

Upon classification as a continuing truant, the school attendance officer or other designated school official will notify the child's parent or legal guardian by first class mail or other reasonable means, of the following:

1) That the child is truant;
2) That the parent or guardian should notify the school if there is a valid excuse for the child's absence;
3) That the parent or guardian is obligated to compel the attendance of the child at school pursuant to Minnesota Statute 120.101 and parents or guardians who fail to meet this obligation may be subject to prosecution under Minnesota Statute 120A.34;
4) That this notification serves as notification required by Minnesota Statute 127.20;
5) That alternative educational programs and services may be available in the district;
6) That the parent or guardian has the right to meet with appropriate school personnel to discuss solutions to the child's truancy;
7) That if the child continues to be truant, the parent and child may be subject to juvenile court proceedings;
8) That if the child is subject to juvenile court proceedings, the child may be subject to suspension, restriction or delay of the child's driving privileges; and
9) That it is recommended that the parent or guardian accompany the child to school and attend classes with the child for one day.

A copy of this letter shall also be sent to county social services.
On the seventh unexcused absence the county attorney will be notified, requesting a petition of truancy be filed.

Tardy and Absence Guidelines

The following guidelines regarding tardies and absences have been set:

Tardy - Any student who arrives at school after 8:25 AM.
Unexcused tardy - Students coming late to school without a note or parent contact. Excessive unexcused tardies will result in disciplinary action.
Morning absence - Students coming after 8:45 AM are considered absent for the AM
Afternoon absence - Students leaving before 2:45 PM are considered absent for the PM

Make Up Work

Students absent for any reason will be required to make up work missed in each class. Teachers will encourage and assist the students in this process.

Field Trips

A yearly field trip permission slip will be filled out by all parents at the beginning of the school year. Teachers will inform parents of all trips and of any additional waivers/forms that may be necessary.

Student Drop-Off/Pick-Up

Morning drop-off areas: Rossman Ave (circle driveway) and Forest Ave (southside). Parents/Guardians are asked to drop off on the school campus curbside so students do not have to cross the street.
Pick-Up Zones have been assigned to every grade level to organize the end-of-day traffic flow around Rossman Elementary. Please obtain a copy of the Rossman Parent Pick-Up Zones on the school website or in the school office. Changes to student dismissal plans must be called into the office by 2:30 PM.

Leaving School Grounds

Students are not permitted to leave the school grounds once they have arrived at school. Parent/Guardian permission in the form of a signed/dated note or a phone call must be submitted to the school office to alert staff of a student's release from school. Parents/guardians must come to the office to sign out their children upon picking up for appointments prior to dismissal. Parents must sign the student in if the child arrives late to school. The sign in/out book is located in the office.

Withdrawal of Student from School

Parents are asked to notify the school several days prior to withdrawal to indicate their child's final day of attendance. This allows an orderly transfer of information and student records to the new school.

Behavior and Discipline

Discipline Policy

The Detroit Lakes School board is committed to promoting healthy human relationships and learning environments that are physically and psychologically safe. It further believes that students are the first priority and that no physical or emotional harm is to come to them during school activities, on school grounds, or during any school-related activity.

It is the policy of Independent School District #22 to maintain a learning and working environment that is free from threats or harmful influence of any person(s) or group(s) which exhibit and promote violence and disruptive behaviors.

All pupils who attend school in ISD #22 shall comply with the regulations established by the school administration, with the policies established by the Board of Education, and shall recognize the authority of the teachers and principals of the district's schools. District employees or agents of the district shall not engage in emotionally abusive acts including malicious shouting, ridicule, and/or threats as well as other forms of corporal punishment.

The district activity calendar contains the district wide discipline policy, sent in the mail before school starts. Parents are encouraged to review the policy with their children. Additional copies are available upon request.

Behavior Expectations

Belief Statements:

- We believe ... that an environment in which appropriate behavior is consistently and fairly expected creates a sense of security for each child which makes him/her free to learn.
- We believe ... that students can do their best learning and teachers their best teaching in an atmosphere in which appropriate behavior is expected from all.
- We believe ... in Positive Behavior Interventions and Supports (PBIS).

The Purpose of a Discipline Plan

This plan was created with the following goals in mind:

1. To develop an atmosphere in which all staff and students treat each other with respect.
2. To provide all staff and students with the necessary skills to effectively work, play, and solve problems together.
3. To consistently recognize positive choices made by students and staff.
4. To provide consistent, structured consequences when students do not utilize good decision making skills on the playground.
5. The purpose of any consequence is to assist the student in making better behavior choices in the future.

Discipline Plan

Rossman implements school-wide *Positive Behavior and Intervention Support (PBIS).* PBIS is a systems approach to explicit teaching and reinforcing positive school and classroom behaviors. Through PBIS, Rossman has developed school-wide expectations to teach, model, and promote positive behavior in all students. PBIS helps to create and maintain a safe learning environment for all staff and students.

Rossman PBIS Expectations for ALL Students: Kind, Safe, Ready. Behavior expectations, teaching, and support focus on decision making, responsibility, and respect toward self and others under the themes of Kind, Safe, Ready. Appropriate behavior choices are praised and further supported through discussions, reteaching, modeling, and redirecting students.

If a student exhibits behaviors that are not aligned with the established expectations, often the first step is to use the situation as an opportunity to re-teach and model the expected behavior. Students who are not exhibiting expected behaviors will likely have a conversation with a staff member. Behavior redirection and support will be applied to meet the individual need of the student and the specific situation.

Consequences for behavior, beyond reteaching expectations, are at the discretion of the building principal and in alignment with district policies and state statutes.

Parent involvement in disciplining and/or cooperating with the consequences of misbehavior is extremely valuable to school staff, and, more importantly, to the child. It is best for the student when school and home work together to come to a resolution, understand the antecedent to the inappropriate behavior, and reteach/model expectations. We believe that every child can take responsibility for their choices and deserves an opportunity to learn and continue to grow – both academically and behaviorally.

Money/Valuables/Personal Property

Electronics, toys, jewelry, and large sums of money should not be brought to school. The school is not responsible for money, toys, electronic devices, or phones lost or damaged at school. If items are lost, they are the responsibility of the student, not the teacher or school.

Cell Phones/Smart Watches

Student cell phones and smart watches are not permitted during the school day. Cell phones and smart watches must be put away upon entrance to the building and stored until after the dismissal bell. Parents and guardians must contact the Rossman office with messages or communication with their students and students' teachers. Cell phones, smart watches, or other electronic devices that are used in violation of this guideline may be removed from the student's possession until the end of the school day.

Bicycles/Skateboards/Roller Blades/Scooters

Children who ride bicycles to school as a necessary means of transportation are not allowed to ride on the school grounds during the school day. Note: the school will not be responsible for bicycle security. It is recommended that bikes be parked and locked in the bike rack on the south entrance of the building.

E-Bikes/E-Scooters

In compliance with Minnesota age-requirement law for electric-assisted bikes and scooters, and in the effort to ensure safety, students are not permitted to have electric-assisted bicycles and scooters on campus.

Searches of Lockers, Desks, Personal Possessions and Person

In an effort to provide a safe and healthful educational experience for students, the School District reserves the right to search school lockers, desks, the personal possessions of students and a student's person. School lockers and desks are the property of the school district and, at no time, does the school district relinquish its exclusive control of lockers and desks that are provided for the convenience of students. Inspection of lockers and desks may be conducted by school officials for any reason at any time, without notice, without student consent, and without a search warrant.

The personal possessions of students and/or a student's person (including, but not limited to purses, backpacks, book bags, packages and clothing) may be searched when school officials have a reasonable suspicion that the search will uncover a violation of law or school rules. The search will be reasonable in its scope and intrusiveness.

The school district may use contraband-sniffing animals through law enforcement or private certified contractors to conduct a general search of the hallways adjacent to student lockers, common areas, gym areas and parking lots. School administration may also request a limited number of classrooms be checked according to the administrator's choice of a random selection system.

Chemical Use/Abuse Policy

The following statement of philosophy relating to chemical use and/or abuse was adopted by the Board of Education for School District #22 on June 20, 1983. For further information, interpretation or assistance, contact the District Chemical Dependency Counselor at 847-4491, or the building principal.

Statement of Philosophy
The Board of Education of Independent School District #22 endorses a chemical policy and set of procedures predicated upon the following beliefs:

1. A positive relationship exists between successful school experiences and sound physical, mental, social, and emotional health.
2. It is the responsibility of the staff and administration of School District #22 to maintain an atmosphere that will promote quality learning and provide an effective response system to conditions which threaten the atmosphere.
3. The misuse of any mood-altering chemical constitutes a hazard to the learning environment and the positive development of all students.
4. A K-12 educational program, including an awareness of chemical use and dependency as well as the provision of support services for early misuse may assist in preventing chemical dependency.
5. Chemical dependency is a treatable illness; early identification and intervention is conducive to successful treatment.
6. The harmfully involved and chemically dependent cannot always help themselves by themselves. Opportunity for assistance shall be provided to students and their families in obtaining appropriate service.
7. If treatment becomes necessary outside the school setting, every effort must be exerted to affect a successful continuation in/or re-entry into the school system.

Tobacco

Possession and use of all tobacco products is prohibited on K-12 school district property and at school-sponsored activities off school property within district boundaries. This includes school buildings, grounds, and school-owned vehicles. Please refer to District Policy 419 for detailed information.

Appropriate Dress

Students should come to school ready for a variety of weather conditions. Unless special permission has been granted, students will not wear caps/hats, bandanas, or face-coverings during school hours within the building. Students will not be permitted to wear clothing with tobacco or alcohol advertising on it, or any other content that may be deemed inappropriate and disruptive to the learning environment. Because of health and safety factors, all students MUST wear shoes while attending school. Tennis shoes are required for PE classes. “Wheelie” shoes are prohibited (roller wheels in the heel).

Hazing Policy

Hazing is an act committed against a person, or coercion of a person into committing an act, that creates a substantial risk of harm to a person, in order for the person to be initiated into or affiliated with an organization, or for any other purpose. Hazing activities of any type are inconsistent with the educational goals of the school district and are prohibited at all times.
This is a summary of policy 526. A complete copy of the hazing policy is available from any school or the district office.

Bullying Prohibition

POLICY 514: BULLYING PROHIBITION POLICY
[Note: School districts are required by statute to have a policy addressing bullying. The following is a summary of DLPS Policy 514. The policy in its entirety can be found on the district website.]
I. PURPOSE A safe and civil environment is needed for students to learn and attain high academic standards and to promote healthy human relationships. Bullying, like other violent or disruptive behavior, is conduct that interferes with students' ability to learn and/or teachers' ability to educate students in a safe environment. The school district cannot monitor the activities of students at all times and eliminate all incidents of bullying between students, particularly when students are not under the direct supervision of school personnel. However, to the extent such conduct affects the educational environment of the school district and the rights and welfare of its students and is within the control of the school district in its normal operations, the school district intents to prevent bullying and to take action to investigate, respond to, and to remediate and discipline those acts of bullying which have not been successfully prevented. The purpose of this policy is to assist the school district in its goal of preventing and responding to acts of bullying, intimidation, violence, reprisal, retaliation, and other similar disruptive and detrimental behavior
II. GENERAL STATEMENT OF POLICY
A. An act of bullying, by either an individual student or a group of students, is expressly prohibited on school premises, on school district property, at school functions or activities, or on school transportation. This policy also applies to any student whose conduct at any time or in any place constitutes bullying or other prohibited conduct that interferes with or obstructs the mission or operations of the school district or the safety or welfare of the student, other students, or materially and substantially interferes with a student's educational opportunities or performance or ability to participate in school functions or activities or receive school benefits, services, or privileges. This policy also applies to an act of cyber-bullying regardless of whether such act is committed on or off school district property and/or with or without the use of school district resources.
B. No teacher, administrator, volunteer, contractor, or other employee of the school district shall permit, condone, or tolerate bullying.
C. Apparent permission or consent by a student being bullied does not lessen or negate the prohibitions contained in this policy.
D. Retaliation against a victim, good faith reporter, or a witness of bullying is prohibited.
E. False accusations or reports of bullying against another student are prohibited.
F. A student who engages in an act of bullying, reprisal, retaliation, or knowingly making a false report of bullying shall be subject to discipline or other remedial responses for that act in accordance with school district's policies and procedures, including the school district's discipline policy (See Policy 506). A teacher, administrator, volunteer, contractor, or other employee of the school district who permits, condones, or tolerates bullying or engages in an act of reprisal, retaliation, or knowingly making a false reporting of bullying shall be subject to disciplinary action.

REPORTING PROCEDURE
A. Any student who believes he or she has been the target or victim of bullying or should report the alleged acts as soon as possible but in no event longer than one school day to an appropriate school district official designated by this policy. Any teacher, administrator, volunteer, contractor, or other employee of the school district with knowledge or belief of conduct that may constitute bullying or prohibited conduct under this policy shall report the alleged acts immediately to an appropriate school district official designated by this policy. A person may report bullying anonymously. However, the school district may not rely solely on an anonymous report to determine discipline or other remedial responses.
B. The school district encourages the reporting party or complainant to use the report form available from the principal or building supervisor of each building or available in the school district office, but oral reports shall be considered complaints as well.

C. The building principal, the principal's designee, or the building supervisor (hereinafter "building report taker") is the person responsible for receiving reports of bullying or other prohibited conduct at the building level. Any person may report bullying or other prohibited conduct directly to a school district human rights officer or the superintendent. If the complaint involves the building report taker, the complaint shall be made or filed directly with the superintendent or the school district human rights officer by the reporting party or complainant. The building report taker shall ensure that this policy and its procedures, practices, consequences, and sanctions are fairly and fully implemented and shall serve as the primary contact on policy and procedural matters. The building report taker or a third party designated by the school district shall be responsible for the investigation. The building report taker shall provide information about available community resources to the target or victim of the bullying or other prohibited conduct, the perpetrator, and other affected individuals as appropriate.
D. A teacher, school administrator, volunteer, contractor, or other school employee shall be particularly alert to possible situations, circumstances, or events that might include bullying. Any such person who witnesses, observes, receives a report of, or has other knowledge or belief of conduct that may constitute bullying or other prohibited conduct shall make reasonable efforts to address and resolve the bullying or prohibited conduct and shall inform the building report taker as soon as possible but in no event longer than one school day. School district personnel who fail to inform the building report taker of conduct that may constitute bullying or other prohibited conduct or who fail to make reasonable efforts to address and resolve the bullying or prohibited conduct in a timely manner may be subject to disciplinary action.
E. Reports of bullying or other prohibited conduct are classified as private educational and/or personnel data and/or confidential investigative data and will not be disclosed except as permitted by law. The building report taker, in conjunction with the responsible authority, shall be responsible for keeping and regulating access to any report of bullying and the record of any resulting investigation.
F. Submission of a good faith complaint or report of bullying or other prohibited conduct will not affect the complainant's or reporter's future employment, grades, or work assignments, or educational or work environment.
G. The school district will respect the privacy of the complainant(s), the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the school district's obligation to investigate, take appropriate action, and comply with any legal disclosure obligations.

MALICIOUS and SADISTIC CONDUCT
"Malicious and sadistic conduct" is defined as conduct that creates a hostile learning environment by acting with the intent to cause harm and injury without just cause or reason or engaging in extreme or excessive cruelty or delighting in cruelty
Malicious and sadistic conduct involving race, color, creed, national origin, sex, age, marital status with regard to public assistance, disability, religion, sexual harassment, and sexual orientation and gender identity as defined in Minnesota Statutes, chapter 363A, is prohibited. This prohibition applies to students, independent contractors, teachers, administrators, and other school personnel.

Health, Security, Safety

Wellness Policy

Policy # 533 – WELLNESS/NUTRITION POLICY OF THE SCHOOL DISTRICT. The purpose of this policy is to assure a school environment that enhances student attendance and academic performance by supporting healthy eating and physical activity.

Illness/Medications

If a child is in school and doesn't feel well, they will be sent to the Health Office to visit the Health Assistant. The following symptoms of illness will result in the child being sent home: Fever, vomiting, diarrhea, live head lice, impetigo, pink eye, chicken pox, measles, and any other infectious disease. Complaints of stomachaches and headaches will be treated in the following manner: The child will be allowed to rest in the sick bay area of the health office. If symptoms improve, the student will be sent back to class. If symptoms do not improve, parents will be notified to come and pick up the child.

MEDICATION ADMINISTRATION
Students must have a statement signed by physician and parent, with medication named, directions for administration and an authorization for school personnel to administer the medicine. The form is available in the Main Office and should be returned to the school along with the medication in an originally labeled bottle from the pharmacy that issued the medication. Prescription medication must be kept in the health office and will be distributed under the supervision of a health assistant or certified staff member.
The school staff cannot administer over the counter medications unless the parent provides the health office with the medicine in its original container and signed permission slip. Students are not allowed to carry any medicine (prescription or over-the-counter) on them. All medication is to be kept in the health office at all times. Parents must keep current contact and emergency information on file with the health and school offices.

OVERDOSE MEDICATION
Effective July 1, 2023, Minnesota law requires a school district or charter school to:

1. Maintain a supply of opiate antagonists at each school site
2. Have two doses of nasal naloxone available on-site

Immunizations

The State of Minnesota has a policy that all students must be protected against Rubella (German measles), Rubella (red measles), diphtheria, tetanus, pertussis (whooping cough), polio, mumps, and Hepatitis B before starting school unless there is a religious exemption. Students not protected must be, by law, excluded from school. Parents of children not in compliance with immunization requirements will be contacted.

Parent/Student Rights in Identification (Sec. 504)

Section 504 is an Act which prohibits discrimination against persons with disability in any program or activity that receives or benefits from Federal Financial assistance. The Act defines a person with a disability as anyone whom:

1. has a physical or mental impairment which substantially limits one or more major life activities including activities such as caring for one's self, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning, and working.
2. has a record of such an impairment; or
3. is regarded as having such an impairment.
   (34 Code of Federal Regulations Part 104.3)

In order to fulfill its obligations under Section 504, the Detroit Lakes School District #22 recognizes a responsibility to avoid discrimination in policies and practices regarding its personnel and learners. No discrimination against any person with a disability will be permitted in any of the programs and practices in the school system.

The school district has specific responsibilities under the Act, which include the responsibility to identify, evaluate, and if the child is determined to be eligible under Section 504, provide access to appropriate education services.

If the parent or guardian disagrees with the determination made by the professional staff of the school district, he/she has a right to a hearing with an impartial hearing officer.
The Family Educational Rights and Privacy Action (FERPA) also specifies rights related to educational records. The Act gives the parent or guardian the right to: 1) inspect and review his/her child's educational records; 2) make copies of these records; 3) receive a list of all individuals having access to those records; 4) ask for an explanation of any item in the records; 5) ask for amendment to any report on the grounds that it is inaccurate, misleading, or violates the child's rights; and 6) a hearing on the issue if the school refuses to make the amendment.

If there are any questions, please feel free to contact 504 Coordinator for the school district, at 847-9271 or the building principal.

Emergencies/Illness/Injuries

Unfortunately, children may get sick or injured at school from time to time. It is very important that an emergency contact is on file in the office in the event parents cannot be reached. If no one with authority to seek medical attention can be contacted, the school will act in the best interest of the child.

Weapons

Detroit Lakes Schools and their grounds are a weapons-free zone. Students in possession of a weapon will be disciplined. (Policy #501)

Safety Drills

The Detroit Lakes School District ensures the safest and most secure environment possible for students and staff. As part of this practice, all of our schools have adopted policies for a variety of emergency situations. Students will be taught how to appropriately respond in an emergency or crisis.

Lockdown drills are mandated by Minnesota State Law and will be practiced a certain number of times per year. Teachers will go through the steps with the students and help to answer any questions they may have. There are two types of lockdowns:

CODE YELLOW is a Shelter-In-Place modified lockdown that keeps students secured in rooms and suspends regular school functions but still allows teachers to have classes and assigns some staff members to alternate duties. A Code Yellow may be used for a variety of situations and there is no reason to panic. Students not already in classrooms should report to their homeroom or the nearest classroom promptly.

CODE RED is a Lockdown Emergency where all students and staff must take shelter in a room immediately. It is a potentially unstable and dangerous situation that will stop all school functions and involve law enforcement officers. A Code Red involves moving students and staff to the nearest safe place right away. Students and staff outside the building will go to the school evacuation point and wait there for further direction.

Background Checks

Employment and services criminal history background checks -
The school district has adopted a policy that promotes the physical, social and psychological well-being of its students. Pursuant to this policy, the school district shall seek criminal history background checks for all individuals who are offered the opportunity to provide athletic coaching services or other extracurricular academic coaching services to the school district. These positions include, but are not limited to, all athletic coaches, extracurricular academic coaches, assistants and advisors. The school district may also elect to seek criminal history background checks for other volunteers, independent contractors, and student employees.

Child Abuse/Neglect Policy

The statement of philosophy relating to Child Abuse and/or Neglect was adopted by the Board of Education for School District #22 on June 20, 1983. For further interpretation or assistance, contact the District Social Worker or your Building Administrator.

1. It is the policy of Independent School District #22 to protect children whose health or welfare may be jeopardized through physical or sexual abuse or conditions of neglect.
2. It is the policy of Independent School District #22 to comply with the law requiring the reporting of suspected physical or sexual abuse and conditions of neglect involving children.
3. The reporting of maltreatment of minors shall be strictly in accordance with the provision of Minnesota Statute, Chapter 626.556.

Sexual, Racial, and Religious Harassment and Violence Policy

1. Everyone in the Detroit Lakes Public Schools has a right to feel respected and safe. Consequently, it is important for everyone to know about the district policy to prohibit sexual, racial, or religious harassment or violence of any kind.
2. A harasser may be a student or an adult. Harassment may include, but is not limited to, any of the following when related to race, religion, sex or gender:
    a. name calling, jokes, or rumors;
    b. pulling on clothes;
    c. graffiti;
    d. notes or cartoons;
    e. unwelcome touching of a person or clothing;
    f. offensive or graphic posters, book covers; or
    g. any words or actions that make you feel uncomfortable, embarrass you, hurt your feelings or make you feel bad.
3. If any words or actions make you feel uncomfortable or fearful, you need to tell a teacher, counselor, social worker, principal, or the District Human Rights Officer, at 847-9271.
4. You may also make a written report using your own paper or the district report form available in the principal's office, School District office, or the office of the Human Rights Officer. It should be given to the teacher, counselor, social worker, principal, or the District Human Rights Officer.
5. Your right to privacy will be respected as much as possible.
6. We take all reports of sexual, racial, or religious harassment or violence seriously and will take timely and appropriate action based on the report.
7. The School District will also take action if anyone tries to intimidate you or take action to harm you because you have made a report.
8. This is a summary of the policy prohibiting sexual, racial, and religious harassment and violence of Independent School District #22. If you would like a copy of the complete policy, have questions or would like further clarification, please contact the District Human Rights Officer at 847-9271 or your building administrator.

Insurance

The district does not carry insurance on students. Parents, however, have the opportunity to take out insurance at group rates. Information will be sent home early in the school year. If you do not have family insurance, you may wish to consider enrolling your children. Contact the school office with questions.

Water Quality

The Detroit Lakes School District follows the recommendations of the Minnesota Department of Health's "Lead Contamination Control in School Drinking Water Guidance Manual." The Detroit Lakes School District completed lead in water testing of all potable water sources during the 2021-2022 school years. The Detroit Lakes School District followed Minnesota Department of Health's protocol in the reduction of any water sources found to be above action levels of lead. There are no known sources of water above the recommended action level for lead. Testing will be completed every 5 years. The results of testing are available upon request.

Food Service

School Meals Program

Students are allowed one free breakfast and one free lunch per day. More information on MDE Free School Meals Program: https://education.mn.gov/MDE/dse/FNS/SNP/free/
Students may choose to bring lunch from home. Milk may be purchased by the student who brings a cold lunch from home. *Please refrain from sending soda/pop in student lunches - it is against federal lunch regulations to have pop in the lunchroom during lunch hours. Also, we continue to encourage our students to make healthy choices.

All families are asked to fill out the 2026-27 Educational Benefits Form. Children in households participating in the Supplemental Nutrition Assistance Program (SNAP), MN Family Investment Program (MFIP), or Food Distribution Program on Indian Reservations (FDPIR) and foster, homeless, migrant and runaway children can qualify without reporting household income.

Students have the option to participate in the MILK/JUICE BREAK program; participation is purely optional. Parents may pay for half a year in September and again in January. There will be NO refund and students must select milk or juice. Students will not be permitted to buy daily. Payments can be made through QMLATIV/Skyward (the student information system) is a family-based system. Money will be deposited into and deducted from a family account. If a family has more than one child in the district, money for lunch has to only be sent to school with one child, and will be deposited in your family account.

General Information

Conferences

Parent/teacher conferences are scheduled on the school calendar two times each school year. In addition to this, other individual conferences may be scheduled as needed. Parents are encouraged to contact the school at any time they have a concern.

Change of Information

Parents must keep the school office informed of changes of address, phone number, and emergency information. It is extremely important that we are able to contact parents in the event of illness or other emergencies.

Lost and Found

Lost articles found at school are kept in a location for students or parents to reclaim. Please mark student's items with first and last names to help us find the owner. Please stop in periodically to check for lost articles. At the end of each month all lost and found items will be donated to a local charity.

Parent Volunteers

Rossman Elementary welcomes participation and involvement of parents and community members in school activities and functions. Parents and community members who wish to volunteer are asked to contact the school office or their child's teacher.

Pest Control

Detroit Lakes Public School personnel may apply pest control materials inside buildings or on school grounds as necessary. Pest control materials are requested by the US Environmental Protection Agency (EPA) and are selected and applied according to label directions. The long-term health effects on children from the application of such pest control materials, or the class of materials to which they belong, may not be fully understood.

An estimated schedule of interior pest control inspections and possible treatments is available for review or copying at the district office located at 702 Lake Ave. Parents of students may request to receive, at their expense, prior notification of any application of a pest control material, should an application be deemed necessary on a day different from the days specified in the schedule.

Pets

Due to many student allergies, along with safety concerns, pets are typically not allowed in the school building for show-and-tell.

PTO - Parent Teacher Organization

Rossman PTO is a vibrant and involved organization. Every family with a child at Rossman is considered a member. There is no membership fee. The PTO of Rossman Elementary strives to create a caring partnership between students, family, school and community. To get more information about the PTO, please contact the Rossman Elementary School office. PTO meeting dates will be published in the Rossman Report.

Pledge of Allegiance

Minnesota Statute 121A.11 requires schools to recite the Pledge of Allegiance to the Flag of the United States of America one or more times per week. Anyone who does not wish to participate in reciting the Pledge of Allegiance for any personal reasons may elect not to do so, and this choice is respected by all students and staff.

Recess

Students will play outdoors on school playgrounds before school and before/after lunch on most days. Students need to dress according to weather conditions. Suggested winter wear for children during cold weather months include: warm coat, hat, mittens, snow pants, and winter boots. All children are expected to go out for recess when the weather temperature or wind chill temperature is at or above -10 degrees. Noon supervisors oversee lunch and recess activities in the cafeteria, hallways, and on the playground.

Student Promotion, Retention, and Placement

School District #22 Board of Education, administration, and the teaching staff believe that promotion, retention, and placement of students must permit flexibility and recognize individual differences. Factors such as academic achievement, student performance, social and emotional needs, and a student's special education Individual Education Plan (IEP) are considered. Efforts will be made to identify the special needs and talents of students early in their school careers so that an appropriate placement can be made. The final decision as to promotion, retention, or placement will be made by the principal after consultation and review of recommendations from teachers, parents and other resource personnel. The complete copy of this policy can be obtained at the school or district office.

Title IX Policy

It is the policy of the Board of Education of School District #22 not to discriminate on the basis of sex in its educational programs, activities, or employment policies as required by Title IX of the 1972 Education Amendments. Inquiries regarding compliance with Title IX may be directed to the Title IX coordinator, at 702 Lake Avenue, Detroit Lakes, (218-847-9271), or to the Director of the Office for Civil Rights, Department of Health and Welfare, Washington, D.C.

Visitors

Parents interested in visiting their child's class school during regular classroom hours must prearrange the visit with the classroom teacher. Children are not permitted to visit school unless accompanied by an adult or pre-arrangements have been made with the teacher or the building administrator.

The building is locked during the school day. All visitors will check in the office upon entrance to the building to visit or to check a child out for appointments. A "Visitor" badge must be obtained upon sign-in worn AT ALL TIMES while visiting the building.

Opt Out Form for MCA Testing

A copy of the opt out form is available in the office.

Distribution of Non School Sponsored Materials

The purpose of policy 505 is to protect the exercise of students' and employees' free speech rights, taking into consideration the educational objectives and responsibilities of the school district.

The school district recognizes that students and employees have the right to express themselves on school property. This protection includes the right to distribute, at a reasonable time and place and in a reasonable

manner, non school-sponsored material. To protect First Amendment rights, while at the same time preserving the integrity of the educational objectives and responsibilities of the school district, the school board has adopted regulations and procedures regarding distribution of non-school-sponsored material on school property and at school activities.

This is a summary statement of Policy 505. A complete copy of the policy is available at any school or the district administration center.

Technology

Acceptable Use Policy

All Detroit Lakes Public School buildings have access to the Internet. The school district has adopted an acceptable use policy for staff and students concerning Internet usage. In addition, the district takes steps to prohibit access by students to inappropriate materials on the Internet. An acceptable use form must be signed by student and parent before a student is allowed access to the Internet. A copy of the entire acceptable use policy is available at any school or the district office.

School Web Page

Rossman School Web page can be accessed at www.dlschools.net. Please notify the school office to share feedback or information that should be on the website.

Statewide Computer Reporting System

All Minnesota school districts are part of a statewide computer reporting system which uses the student social security number to record information about your child. This information is in turn provided to the Minnesota Department of Children, Families and Learning. This Department is required by law to collect and store information about each pupil, each staff member, and each educational program. Therefore, we ask that you, the parent, provide your child's social security number although you are not legally required to do so.

This information is used to determine how much money your school district receives from the state and federal government, to judge the quality of the state's educational programs, to improve instruction, to follow trends in student enrollment, and to track student participation in various programs.

The school district will use all social security numbers currently collected unless a parent and/or student withdraws that permission. If you choose to withdraw that permission, please notify the school your child presently attends.

Surveillance Equipment

Rossman Elementary uses video cameras for surveillance on school property including, but not limited to, halls, cafeterias, gymnasiums, and parking areas. Video cameras will not be used for classroom surveillance unless the principal and classroom teacher consent to the surveillance. Video cameras will not be used at a time or location that would violate a student's reasonable expectation of privacy including, but not limited to, locker rooms and bathrooms.

Parent/Guardian Responsibility

Parents will be notified that their students will be using school district resources/accounts to access the Internet and that the school district will provide parents the option to request alternative activities not requiring Internet access. This notification should include:

1. Instructions for where to obtain a copy of the Student/Parent Alternative To Internet Use Request Form for those parents requesting alternative activities not requiring Internet access.
2. A description of parent/guardian responsibilities.
3. A notification that the parents have the option to request alternative educational activities not requiring Internet access and how to exercise this option.
4. A statement that the school district's acceptable use policy is available for parental review.

2025-26 School Calendar

The 2026-27 calendar, set by the Board of Education, is posted on the district website. A hard copy of the calendar may be available upon request.

Newsletter

Our electronic newsletter, *Roosevelt Revelations*, will be sent out weekly to inform families about upcoming events. Your attention to this is appreciated. The newsletter will also be posted on the Roosevelt School website. Please contact the school office if you are not receiving it after September 15, 2026, and we will add you to the mailing list.

Closings/Delays

Inclement weather may result in the district decision to start late, dismiss early, implement a flex learning day, or cancel classes. Official announcements concerning these will be made over KDLM (AM 1340), KRCQ (FM 102.3) radio stations in Detroit Lakes; and over WDAY (AM 970) or WDAY TV Channel 6 in Fargo. District Instant Alerts, the Facebook page and/or communication from your children's teacher may also be other avenues to obtain this information. Parents/families will be notified by the phone or email on file. Parents, please be sure the office has current and accurate contact information so messages are delivered. Weather announcements will be posted on the school district's social media accounts (Facebook/Twitter/Instagram).

Students living in rural areas must have an emergency plan with an alternate place to stay in the event weather disables bus transportation. Information regarding emergency weather placement must be recorded on the student's registration card. Children without an emergency placement plan will be kept at school if arrangements cannot be made.

Bus Transportation

Transportation for students will be provided either by Schultz Bus Company (847-9266), Olander Bus Company (847-7533), or district buses (847-9271). To view bus assignment procedures, visit the school district website (www.dlschools.net). Rules for conduct on school buses are listed in detail in the Activity Calendar. The school principal is responsible for determining consequences for discipline problems that arise on the school bus. Failure to abide by rules of conduct will result in disciplinary action. The maintenance of the discipline policy as established by the School Board will be carried out by the bus driver.

Academics

Grading

Parents may follow student progress on the QMLATIV (Skyward) web-based system password protected so only you see your child's grades.

Report Cards/Progress Reports

Report cards will be used in grades K-5. Report cards will be issued at the end of each trimester for all students. Parent-Teacher conferences are held in the Fall and Spring.

Testing/Assessments

Students participate in district and state assessments to determine progress within the grade-level standards and curriculum benchmarks. The district assessment calendar is published on the school website under Teaching and Learning.

Physical Education

All students K-5 have an organized physical education and music program. All children are expected to participate in music classes and in regular physical education classes unless they have a doctor's written request if not able to participate. STE(A)M and Art are offered for all students for one semester each.

Attendance

Arrival Time

Elementary teachers begin each day at 7:50 a.m. The school day begins at 8:15 a.m. School doors open at 7:30 a.m. Students coming early must stay in the cafeteria. Breakfast is served beginning at 7:40 a.m. **Students should be dropped off in the SOUTH parent parking lot ONLY.** DO NOT drop students off in the upper parking lot (West side of building). This area is reserved for staff and buses only. Please follow this for your child's safety.

Attendance Procedure

Philosophy

School attendance is the combined responsibility of the student, the parents, and the school. A student can readily make up missed assignments, but missed time in the classroom cannot be replaced. *For a student to realize their full learning potential, daily class attendance is of highest importance.*

Definitions

Excused Absence

Absences from school for reasons recognized by the State of Minnesota, the Detroit Lakes Public Schools, or deemed legitimate by administration of the school include: Personal illness, death or medical emergency in the immediate family, and inclement weather. Other reasons that may be approved as excused and are requested in advance include: medical or legal appointments, religious activities, travel, essential work at home, and family vacations. Any absence for participation in a school-sponsored activity is excused.

Unexcused Absence

Unexcused absences are those not meeting described criteria for excused absences. Common examples of unexcused absences include: oversleeping, shopping, hair appointments, missing bus, non-essential work at home, and part or full time work.

Continuing Truant

Continuing Truant is defined as: A child who is subject to the compulsory attendance laws of Minnesota Statute 120.101 and is absent from instruction in school without a valid excuse within a single school year for: (1) three days if the child is in elementary school; or (2) three or more class periods on three days if the child is in middle school, senior high school.

Procedures

Absence Reporting Procedures

Whenever possible, the parent/guardian must contact the school on the day of absence. If it is not possible to contact the school on the day of the absence, a note signed by a parent/guardian or a phone call from the parent/guardian indicating reason for absence is required upon the return of the child to school. If an absence is not reported by 10:00 AM, the Roosevelt Elementary office will be contacting parents to verify the student's absence. The building administrator/or designee shall determine if the absence will be excused or unexcused. If the school does not receive a note or phone call when the child returns to school, the absence shall be

classified as unexcused until a note or phone call is received. The district reserves the right to require a signed note from a doctor or other appropriate medical personnel for absences due to illness or other medical reasons. If a student has been absent due to participation in a school-sponsored activity, no note or phone call from the parent/guardian is required.

Advance Notice

The district requests that the parent/guardian notify the school in writing or phone call in advance with the reason for the absence such as dental or medical appointments. The building administrator will determine if the absence will be excused or unexcused.

Continuing Truancy

Upon classification as a continuing truant, the school attendance officer or other designated school official will notify the child's parent or legal guardian by first class mail or other reasonable means, of the following:

1) That the child is truant;
2) That the parent or guardian should notify the school if there is a valid excuse for the child's absence;
3) That the parent or guardian is obligated to compel the attendance of the child at school pursuant to Minnesota Statute 120.101 and parents or guardians who fail to meet this obligation may be subject to prosecution under Minnesota Statute 120A.34;
4) That this notification serves as notification required by Minnesota Statute 127.20;

Tardy and Absence Guidelines

The following guidelines regarding tardiness and absences have been set:

Tardy - Any student who arrives at school after the 8:20 AM bell.

Unexcused tardy - Students coming late to school without a note or parent contact. Excessive unexcused tardies will result in disciplinary action.

Morning absence - Students coming after 9:00 AM are considered absent for the AM

Afternoon absence - Students leaving before 2:00 PM are considered absent for the PM

Make Up Work

Students absent for any reason will be required to make up work missed in each class. Teachers will encourage and assist the students in this process.

Field Trips

A yearly field trip permission slip will be filled out by all parents at the beginning of the school year. Teachers will inform parents of all trips and of any additional waivers/forms that may be necessary.

Student Drop-Off/Pick-Up

Pick-Up & Drop Off Areas: 11th Ave Entrance ONLY. (South Parent Parking Lot and vehicle loop.)
Parents/Guardians are asked to drop children off **curbside** so students do not have to cross the street.
NOTE: We respectfully ask that if you arrive early to pick up your student at the end of the day, you park in the lower lot and NOT along the sidewalk by the building.

Leaving School Grounds

Children will not be permitted to leave the school grounds once they have arrived at school unless the teachers and office personnel have a *signed and dated note from home granting permission or a phone call from the parent/guardian.*

Parents must come to the office to sign out their children upon picking up for appointments prior to dismissal. Parents must sign the student in if the child arrives late to school. The sign in/out book is located in the office.

Withdrawal of Student from School

Parents are asked to notify the school several days prior to withdrawal to indicate their child's final day of attendance. This allows an orderly transfer of information and student records to the new school.

Behavior and Discipline

Discipline Policy

The Detroit Lakes School board is committed to promoting healthy human relationships and learning environments that are physically and psychologically safe. It further believes that students are the first priority and that no physical or emotional harm is to come to them during school activities, on school grounds, or during any school-related activity.

It is the policy of Independent School District #22 to maintain a learning and working environment that is free from threats or harmful influence of any person(s) or group(s) which exhibit and promote violence and disruptive behaviors.

All pupils who attend school in ISD #22 shall comply with the regulations established by the school administration, with the policies established by the Board of Education, and shall recognize the authority of the teachers and principals of the district's schools. District employees or agents of the district should not enter into emotionally abusive acts including malicious shouting, ridicule, and/or threats as well as other forms of corporal punishment.

The district activity calendar contains the district wide discipline policy, sent in the mail before school starts. Parents are encouraged to review the policy with their children. Additional copies are available upon request.

Behavior Expectations

Belief Statements:

- We believe ... that an environment in which appropriate behavior is consistently and fairly expected creates a sense of security for each child which makes him/her free to learn.
- We believe ... that students can do their best learning and teachers their best teaching in an atmosphere in which appropriate behavior is expected from all.
- We believe ... in Positive Behavior Interventions and Supports (PBIS).

The Purpose of a Discipline Plan

This plan was created with the following goals in mind:

1. To develop an atmosphere in which all staff and students treat each other with respect.
2. To provide all staff and students with the necessary skills to effectively work, play, and solve problems together.
3. To consistently recognize positive choices made by students and staff.
4. To provide consistent, structured consequences when students do not utilize good decision making skills on the playground.
5. The purpose of any consequence is to assist the student in making better behavior choices in the future.

The Discipline Plan

Roosevelt implements school-wide ***Positive Behavior and Intervention Support (PBIS)***. PBIS is a systems approach to teaching and reinforcing positive school and classroom behaviors. Through PBIS, Roosevelt has developed school-wide expectations to teach, model, and promote positive behavior in all students. PBIS helps to create and maintain a safe learning environment for all staff and students.

Roosevelt PBIS Expectations for ALL Students: **Kind, Safe, Ready**. Behavior expectations, teaching, and support focus on decision making, responsibility, and respect toward self and others under the themes of Kind, Safe, Ready. Appropriate behavior choices are praised and further supported through discussions, reteaching, modeling, and redirecting students.

If a student exhibits behaviors that are not aligned with the established expectations, often the first step is to use the situation as an opportunity to re-teach and model the expected behavior. Students who are not exhibiting expected behaviors will likely have a conversation with a staff member. Behavior redirection and support will be applied to meet the individual need of the student and the specific situation.

Consequences for behavior, beyond reteaching expectations, are at the discretion of the building principal and in alignment with district policies and state statutes.

Parent involvement in disciplining and/or cooperating with the consequences of misbehavior is extremely valuable to school staff, and, more importantly, to the child. It is best for the student when school and home work together to find a resolution, understand the conditions that may result in the behavior, and reteach/model expectations. We believe that every child can take responsibility for their choices and deserves an opportunity to learn and continue to grow – both academically and behaviorally.

Money/Valuables/Personal Property

Electronics, toys, jewelry, and large sums of money should not be brought to school. The school is not responsible for money, toys, electronic devices, or phones lost or damaged at school. If items are lost, they are the responsibility of the student, not the teacher or school.

Cell Phones/Smart Watches

Student cell phones and smart watches are not permitted during the school day. Cell phones and smart watches must be put away upon entrance to the building and stored until after the dismissal bell. Parents and guardians must contact the Rossman office with messages or communication with their students and students' teachers. Cell phones, smart watches, or other electronic devices that are used in violation of this guideline may be removed from the student's possession until the end of the school day.

Bicycles/Skateboards/Roller Blades/Scooters

Children who ride bicycles to school as a necessary means of transportation are not allowed to ride on the school grounds during the school day. Note: the school will not be responsible for bicycle security. It is recommended that bikes be parked and locked in the bike rack on the south entrance of the building.

E-Bikes/E-Scooters

In compliance with Minnesota age-requirement law for electric-assisted bikes and scooters, and in the effort to ensure safety, students are not permitted to have electric-assisted bicycles and scooters on campus.

Searches of Lockers, Desks, Personal Possessions and Person

In an effort to provide a safe and healthful educational experience for students, the School District reserves the right to search school lockers, desks, the personal possessions of students and a student's person. School lockers and desks are the property of the school district and, at no time, does the school district relinquish its exclusive control of lockers and desks that are provided for the convenience of students. Inspection of lockers and desks may be conducted by school officials for any reason at any time, without notice, without student consent, and without a search warrant.

The personal possessions of students and/or a student's person (including, but not limited to purses, backpacks, book bags, packages and clothing) may be searched when school officials have a reasonable suspicion that the search will uncover a violation of law or school rules. The search will be reasonable in its scope and intrusiveness.

The school district may use contraband-sniffing animals through law enforcement or private certified contractors to conduct a general search of the hallways adjacent to student lockers, common areas, gym areas and parking lots. School administration may also request a limited number of classrooms be checked according to the administrator's choice of a random selection system.

Chemical Use/Abuse Policy

The following statement of philosophy relating to chemical use and/or abuse was adopted by the Board of Education for School District #22 on June 20, 1983. For further information, interpretation or assistance, contact the District Chemical Dependency Counselor at 847-4491, or the building principal.

Statement of Philosophy
The Board of Education of Independent School District #22 endorses a chemical policy and set of procedures predicated upon the following beliefs:

1. A positive relationship exists between successful school experiences and sound physical, mental, social, and emotional health.
2. It is the responsibility of the staff and administration of School District #22 to maintain an atmosphere that will promote quality learning and provide an effective response system to conditions which threaten the atmosphere.
3. The misuse of any mood-altering chemical constitutes a hazard to the learning environment and the positive development of all students.
4. A K-12 educational program, including an awareness of chemical use and dependency as well as the provision of support services for early misuse may assist in preventing chemical dependency.
5. Chemical dependency is a treatable illness; early identification and intervention is conducive to successful treatment.
6. The harmfully involved and chemically dependent cannot always help themselves by themselves. Opportunity for assistance shall be provided to students and their families in obtaining appropriate service.
7. If treatment becomes necessary outside the school setting, every effort must be exerted to affect a successful continuation in/or re-entry into the school system.

Tobacco

Possession and use of all tobacco products is prohibited on K-12 school district property and at school-sponsored activities off school property within district boundaries. This includes school buildings, grounds, and school-owned vehicles. Please refer to District Policy 419 for details.

Appropriate Dress

Students should come to school ready for a variety of weather conditions. Unless special permission has been granted, students will not be permitted to wear caps/hats, bandanas, etc. during school hours within the building. Students will not be permitted to wear clothing with tobacco or alcohol advertising on it, or any other content that may be deemed inappropriate and disruptive to the learning environment. Shirts and tops should not allow for a student's midriff to be visible. Because of health and safety factors, all students MUST wear shoes while attending school. Tennis shoes are required for PE classes. "Wheelie" shoes are prohibited (roller wheels in the heel). If students are in violation of this policy, parents will be notified and called to make arrangements for different clothing. If parents can not be reached, an alternative clothing option, offered by the school, will be offered to the student.

Hazing Policy

Hazing is an act committed against a person, or coercion of a person into committing an act, that creates a substantial risk of harm to a person, in order for the person to be initiated into or affiliated with an organization, or for any other purpose. Hazing activities of any type are inconsistent with the educational goals of the school district and are prohibited at all times.

This is a summary of policy 526. A complete copy of the hazing policy is available from any school or the district office.

Bullying Prohibition

POLICY 514: BULLYING PROHIBITION POLICY
[Note: School districts are required by statute to have a policy addressing bullying. The following is a summary of DLPS Policy 514. The policy in its entirety can be found on the district website.]
I. PURPOSE A safe and civil environment is needed for students to learn and attain high academic standards and to promote healthy human relationships. Bullying, like other violent or disruptive behavior, is conduct that interferes with students' ability to learn and/or teachers' ability to educate students in a safe environment. The school district cannot monitor the activities of students at all times and eliminate all incidents of bullying between students, particularly when students are not under the direct supervision of school personnel. However, to the extent such conduct affects the educational environment of the school district and the rights and welfare of its students and is within the control of the school district in its normal operations, the school district intents to prevent bullying and to take action to investigate, respond to, and to remediate and discipline those acts of bullying which have not been successfully prevented. The purpose of this policy is to assist the school district in its goal of preventing and responding to acts of bullying, intimidation, violence, reprisal, retaliation, and other similar disruptive and detrimental behavior
II. GENERAL STATEMENT OF POLICY
A. An act of bullying, by either an individual student or a group of students, is expressly prohibited on school premises, on school district property, at school functions or activities, or on school transportation. This policy

also applies to any student whose conduct at any time or in any place constitutes bullying or other prohibited conduct that interferes with or obstructs the mission or operations of the school district or the safety or welfare of the student, other students, or materially and substantially interferes with a student's educational opportunities or performance or ability to participate in school functions or activities or receive school benefits, services, or privileges. This policy also applies to an act of cyber-bullying regardless of whether such act is committed on or off school district property and/or with or without the use of school district resources.
B. No teacher, administrator, volunteer, contractor, or other employee of the school district shall permit, condone, or tolerate bullying.
C. Apparent permission or consent by a student being bullied does not lessen or negate the prohibitions contained in this policy.
D. Retaliation against a victim, good faith reporter, or a witness of bullying is prohibited.
E. False accusations or reports of bullying against another student are prohibited.
F. A student who engages in an act of bullying, reprisal, retaliation, or knowingly making a false report of bullying shall be subject to discipline or other remedial responses for that act in accordance with school district's policies and procedures, including the school district's discipline policy (See Policy 506). A teacher, administrator, volunteer, contractor, or other employee of the school district who permits, condones, or tolerates bullying or engages in an act of reprisal, retaliation, or knowingly making a false reporting of bullying shall be subject to disciplinary action.

REPORTING PROCEDURE
A. Any student who believes he or she has been the target or victim of bullying or should report the alleged acts as soon as possible but in no event longer than one school day to an appropriate school district official designated by this policy. Any teacher, administrator, volunteer, contractor, or other employee of the school district with knowledge or belief of conduct that may constitute bullying or prohibited conduct under this policy shall report the alleged acts immediately to an appropriate school district official designated by this policy. A person may report bullying anonymously. However, the school district may not rely solely on an anonymous report to determine discipline or other remedial responses.
B. The school district encourages the reporting party or complainant to use the report form available from the principal or building supervisor of each building or available in the school district office, but oral reports shall be considered complaints as well.
C. The building principal, the principal's designee, or the building supervisor (hereinafter "building report taker") is the person responsible for receiving reports of bullying or other prohibited conduct at the building level. Any person may report bullying or other prohibited conduct directly to a school district human rights officer or the superintendent. If the complaint involves the building report taker, the complaint shall be made or filed directly with the superintendent or the school district human rights officer by the reporting party or complainant. The building report taker shall ensure that this policy and its procedures, practices, consequences, and sanctions are fairly and fully implemented and shall serve as the primary contact on policy and procedural matters. The building report taker or a third party designated by the school district shall be responsible for the investigation. The building report taker shall provide information about available community resources to the target or victim of the bullying or other prohibited conduct, the perpetrator, and other affected individuals as appropriate.
D. A teacher, school administrator, volunteer, contractor, or other school employee shall be particularly alert to possible situations, circumstances, or events that might include bullying. Any such person who witnesses, observes, receives a report of, or has other knowledge or belief of conduct that may constitute bullying or other prohibited conduct shall make reasonable efforts to address and resolve the bullying or prohibited conduct and shall inform the building report taker as soon as possible but in no event longer than one school day. School district personnel who fail to inform the building report taker of conduct that may constitute bullying or other

prohibited conduct or who fail to make reasonable efforts to address and resolve the bullying or prohibited conduct in a timely manner may be subject to disciplinary action.
E. Reports of bullying or other prohibited conduct are classified as private educational and/or personnel data and/or confidential investigative data and will not be disclosed except as permitted by law. The building report taker, in conjunction with the responsible authority, shall be responsible for keeping and regulating access to any report of bullying and the record of any resulting investigation.
F. Submission of a good faith complaint or report of bullying or other prohibited conduct will not affect the complainant's or reporter's future employment, grades, or work assignments, or educational or work environment.
G. The school district will respect the privacy of the complainant(s), the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the school district's obligation to investigate, take appropriate action, and comply with any legal disclosure obligations.

MALICIOUS and SADISTIC CONDUCT
"Malicious and sadistic conduct" is defined as conduct that creates a hostile learning environment by acting with the intent to cause harm and injury without just cause or reason or engaging in extreme or excessive cruelty or delighting in cruelty
Malicious and sadistic conduct involving race, color, creed, national origin, sex, age, marital status with regard to public assistance, disability, religion, sexual harassment, and sexual orientation and gender identity as defined in Minnesota Statutes, chapter 363A, is prohibited. This prohibition applies to students, independent contractors, teachers, administrators, and other school personnel.

Health, Security, Safety

Wellness Policy

Policy # 533 – WELLNESS/NUTRITION POLICY OF THE SCHOOL DISTRICT. The purpose of this policy is to assure a school environment that enhances student attendance and academic performance by supporting healthy eating and physical activity.

Illness/Medications

If a child is in school and doesn't feel well, they will be sent to the Health Office to visit the Health Assistant. The following symptoms of illness will result in the child being sent home: Fever, vomiting, diarrhea, head lice, impetigo, pink eye, chicken pox, measles, and any other infectious disease. Complaints of stomachaches and headaches will be treated in the following manner: The child will be allowed to rest in the sick bay area of the health office. If symptoms improve, the student will be sent back to class. If symptoms do not improve, parents will be notified to come and pick up the child.

MEDICATION ADMINISTRATION

Students must have a statement signed by physician and parent, with medication named, directions for administration and an authorization for school personnel to administer the medicine. The form is available in the Main Office and should be returned to the school along with the medication in an originally labeled bottle from the pharmacy that issued the medication. Prescription medication must be kept in the health office and will be distributed under the supervision of a health assistant or certified staff member.

The school staff cannot administer over the counter medications unless the parent provides the health office with the medicine in its original container and signed permission slip. Students are not allowed to carry any medicine on them. Any medication is to be kept in the health office at all times.

Parents must keep current contact and emergency information on file with the health and school offices.

OVERDOSE MEDICATION

Effective July 1, 2023, Minnesota law requires a school district or charter school to:

1. Maintain a supply of opiate antagonists at each school site
2. Have two doses of nasal naloxone available on-site

Immunizations

The State of Minnesota has a policy that all students must be protected against Rubella (German measles), Rubella (red measles), diphtheria, tetanus, pertussis (whooping cough), polio, mumps, and Hepatitis B before starting school unless there is a religious exemption. Students not protected must be, by law, excluded from school. Parents of children not in compliance with immunization requirements will be contacted.

Parent/Student Rights in Identification (Sec. 504)

Section 504 is an Act which prohibits discrimination against persons with disability in any program or activity that receives or benefits from Federal Financial assistance. The Act defines a person with a disability as anyone whom:

1. has a physical or mental impairment which substantially limits one or more major life activities including activities such as caring for one's self, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning, and working.
2. has a record of such an impairment; or
3. is regarded as having such an impairment.

(34 Code of Federal Regulations Part 104.3)

In order to fulfill its obligations under Section 504, the Detroit Lakes School District #22 recognizes a responsibility to avoid discrimination in policies and practices regarding its personnel and learners. No discrimination against any person with a disability will be permitted in any of the programs and practices in the school system.

The school district has specific responsibilities under the Act, which include the responsibility to identify, evaluate, and if the child is determined to be eligible under Section 504, provide access to appropriate education services.

If the parent or guardian disagrees with the determination made by the professional staff of the school district, he/she has a right to a hearing with an impartial hearing officer.
The Family Educational Rights and Privacy Action (FERPA) also specifies rights related to educational records. The Act gives the parent or guardian the right to: 1) inspect and review his/her child's educational records; 2) make copies of these records; 3) receive a list of all individuals having access to those records; 4) ask for an explanation of any item in the records; 5) ask for amendment to any report on the grounds that it is inaccurate, misleading, or violates the child's rights; and 6) a hearing on the issue if the school refuses to make the amendment.

If there are any questions, please feel free to contact 504 Coordinator for the school district, at 847-9271 or the building principal.

Emergencies/Illness/Injuries

Unfortunately, children may get sick or injured at school from time to time. It is very important that an emergency contact is on file in the office in the event parents cannot be reached. If no one with authority to seek medical attention can be contacted, the school will act in the best interest of the child.

Weapons

Detroit Lakes Schools and their grounds are a weapons-free zone. Students in possession of a weapon will be disciplined. (Policy #501)

Safety Drills

The Detroit Lakes School District ensures the safest and most secure environment possible for students and staff. As part of this practice, all of our schools have adopted policies for a variety of emergency situations. Students will be taught how to appropriately respond in an emergency or crisis.

Lockdown drills are mandated by Minnesota State Law and will be practiced a certain number of times per year. Teachers will go through the steps with the students and help to answer any questions they may have. There are two types of lockdowns:

CODE YELLOW is a Shelter-In-Place modified lockdown that keeps students secured in rooms and suspends regular school functions but still allows teachers to have classes and assigns some staff members to alternate duties. A Code Yellow may be used for a variety of situations and there is no reason to panic. Students not already in classrooms should report to their homeroom or the nearest classroom promptly.

CODE RED is a Lockdown Emergency where all students and staff must take shelter in a room immediately. It is a potentially unstable and dangerous situation that will stop all school functions and involve law enforcement officers. A Code Red involves moving students and staff to the nearest safe place right away. Students and staff outside the building will go to the school evacuation point and wait there for further direction.

Background Checks

The school district has adopted a policy that promotes the physical, social and psychological well-being of its students. Pursuant to this policy, the school district shall seek criminal history background checks for all individuals who are offered the opportunity to provide athletic coaching services or other extracurricular academic coaching services to the school district. These positions include, but are not limited to, all athletic coaches, extracurricular academic coaches, assistants and advisors. The school district may also elect to seek criminal history background checks for other volunteers, independent contractors, and student employees.

Child Abuse/Neglect Policy

The statement of philosophy relating to Child Abuse and/or Neglect was adopted by the Board of Education for School District #22 on June 20, 1983. For further interpretation or assistance, contact the District Social Worker or your Building Administrator.

1. It is the policy of Independent School District #22 to protect children whose health or welfare may be jeopardized through physical or sexual abuse or conditions of neglect.
2. It is the policy of Independent School District #22 to comply with the law requiring the reporting of suspected physical or sexual abuse and conditions of neglect involving children.
3. The reporting of maltreatment of minors shall be strictly in accordance with the provision of Minnesota Statute, Chapter 626.556.

Sexual, Racial, and Religious Harassment and Violence Policy

1. Everyone in the Detroit Lakes Public Schools has a right to feel respected and safe. Consequently, it is important for everyone to know about the district policy to prohibit sexual, racial, or religious harassment or violence of any kind.
2. A harasser may be a student or an adult. Harassment may include, but is not limited to, any of the following when related to race, religion, sex or gender:
    a. name calling, jokes, or rumors;
    b. pulling on clothes;
    c. graffiti;
    d. notes or cartoons;
    e. unwelcome touching of a person or clothing;
    f. offensive or graphic posters, book covers; or
    g. any words or actions that make you feel uncomfortable, embarrass you, hurt your feelings or make you feel bad.
3. If any words or actions make you feel uncomfortable or fearful, you need to tell a teacher, counselor, social worker, principal, or the District Human Rights Officer, at 847-9271.
4. You may also make a written report using your own paper or the district report form available in the principal's office, School District office, or the office of the Human Rights Officer. It should be given to the teacher, counselor, social worker, principal, or the District Human Rights Officer.
5. Your right to privacy will be respected as much as possible.
6. We take all reports of sexual, racial, or religious harassment or violence seriously and will take timely and appropriate action based on the report.

7. The School District will also take action if anyone tries to intimidate you or take action to harm you because you have made a report.
8. This is a summary of the policy prohibiting sexual, racial, and religious harassment and violence of Independent School District #22. If you would like a copy of the complete policy, have questions or would like further clarification, please contact the District Human Rights Officer at 847-9271 or your building administrator.

Insurance

The district does not carry insurance on students. Parents, however, have the opportunity to take out insurance at group rates. Information will be sent home early in the school year. If you do not have family insurance, you may wish to consider enrolling your children. Contact the school office with questions.

Water Quality

The Detroit Lakes School District follows the recommendations of the Minnesota Department of Health's "Lead Contamination Control in School Drinking Water Guidance Manual." The Detroit Lakes School District followed Minnesota Department of Health's protocol in the reduction of any water sources found to be above action levels of lead. There are no known sources of water above the recommended action level for lead. Testing will be completed every 5 years. The results of testing are available upon request.

Food Service

2026-27 School Meals Program

Students are allowed one free breakfast and one free lunch per day. More information on MDE Free School Meals Program: https://education.mn.gov/MDE/dse/FNS/SNP/free/
Students may choose to bring lunch from home. Milk may be purchased by a student who brings a cold lunch from home. This charge will be made to their school lunch account.
*Please refrain from sending soda/pop in student lunches - it is against federal lunch regulations to have pop in the lunchroom during lunch hours. Also, we continue to encourage our students to make healthy choices.

All families are asked to fill out the 2025-26 Educational Benefits Form. Children in households participating in the Supplemental Nutrition Assistance Program (SNAP), MN Family Investment Program (MFIP), or Food Distribution Program on Indian Reservations (FDPIR) and foster, homeless, migrant and runaway children can qualify without reporting household income.

Students have the option to participate in the MILK/JUICE BREAK program; participation is purely optional. Parents may pay for half a year in September and again in January. There will be NO refund and students must select milk or juice. Students will not be permitted to buy daily. Payments can be made through QMLATIV/Skyward (the student information system) is a family-based system. Money will be deposited into and deducted from a family account. If a family has more than one child in the district, money for lunch has to only be sent to school with one child, and will be deposited in your family account.

General Information

Conferences

Parent/teacher conferences are scheduled on the school calendar each school year. In addition to this, other individual conferences may be scheduled as needed. Parents are encouraged to contact their child's teacher at any time they have a concern.

Change of Information

Parents must keep the school office informed of changes of address, phone number, and emergency information. It is extremely important that we are able to contact parents in the event of illness or other emergencies.

Lost and Found

Lost articles found at school are kept in a location for students or parents to reclaim. Please mark student's items with first and last names to help us find the owner. Please stop in periodically to check for lost articles. At the end of each month all lost and found items will be donated to a local charity.

Pest Control

Detroit Lakes Public School personnel may apply pest control materials inside buildings or on school grounds as necessary. Pest control materials are requested by the US Environmental Protection Agency (EPA) and are selected and applied according to label directions. The long-term health effects on children from the application of such pest control materials, or the class of materials to which they belong, may not be fully understood.

An estimated schedule of interior pest control inspections and possible treatments is available for review or copying at the district office located at 702 Lake Ave. Parents of students may request to receive, at their expense, prior notification of any application of a pest control material, should an application be deemed necessary on a day different from the days specified in the schedule.

Pets

Due to many student allergies, along with safety concerns, pets are typically not allowed in the school building.

PTO - Parent Teacher Organization

Roosevelt PTO is a vibrant and involved organization. Every family with a child at Roosevelt is considered a member. There is no membership fee. The PTO of Roosevelt Elementary strives to create a caring partnership between students, family, school and community. To get more information about the PTO, please contact the Roosevelt Elementary School office. PTO meeting dates will be published in the Roosevelt Revelations e-newsletter.

Pledge of Allegiance

Minnesota Statute 121A.11 requires schools to recite the Pledge of Allegiance to the Flag of the United States of America one or more times per week. Anyone who does not wish to participate in reciting the Pledge of Allegiance for any personal reasons may elect not to do so, and this choice is respected by all students and staff. Roosevelt students recite the Pledge daily.

Recess

Students will play outdoors on school playgrounds before school and before/after lunch on most days. Students need to dress according to weather conditions. Suggested winter wear for children during cold weather months include: warm coat, hat, mittens, snow pants, and winter boots. All children are expected to go out for recess when the weather temperature or wind chill temperature is at or above -5 degrees. Noon supervisors oversee lunch and recess activities in the cafeteria, hallways, and on the playground.

Student Promotion, Retention, and Placement

School District #22 Board of Education, administration, and the teaching staff believe that promotion, retention, and placement of students must permit flexibility and recognize individual differences. Factors such as academic achievement, student performance, social and emotional needs, and a student's special education Individual Education Plan (IEP) are considered. Efforts will be made to identify the special needs and talents of students early in their school careers so that an appropriate placement can be made. The final decision as to promotion, retention, or placement will be made by the principal after consultation and review of recommendations from teachers, parents and other resource personnel. The complete copy of this policy can be obtained at the school or district office.

Title IX Policy

It is the policy of the Board of Education of School District #22 not to discriminate on the basis of sex in its educational programs, activities, or employment policies as required by Title IX of the 1972 Education Amendments. Inquiries regarding compliance with Title IX may be directed to the Title IX coordinator, at 702 Lake Avenue, Detroit Lakes, (218-847-9271), or to the Director of the Office for Civil Rights, Department of Health and Welfare, Washington, D.C.

Visitors

Parents interested in visiting their child's class school during regular classroom hours must prearrange the visit with the classroom teacher. Children are not permitted to visit school unless accompanied by an adult or pre-arrangements have been made with the teacher or the building administrator.

The building is locked during the school day. All visitors will check in the office upon entrance to the building to visit or to check a child out for appointments. A "Visitor" badge must be obtained upon sign-in worn AT ALL TIMES while visiting the building.

Language Access Plan

The purpose of this plan is to document the procedures planned or in place at the Minnesota Department of Education (MDE) to ensure meaningful access to agency services and information to Multilingual English speakers (EL) in a language and format they can use and understand.

Distribution of Non School Sponsored Materials

The purpose of policy 505 is to protect the exercise of students' and employees' free speech rights, taking into consideration the educational objectives and responsibilities of the school district.

The school district recognizes that students and employees have the right to express themselves on school property. This protection includes the right to distribute, at a reasonable time and place and in a reasonable manner, non school-sponsored material. To protect First Amendment rights, while at the same time preserving the integrity of the educational objectives and responsibilities of the school district, the school board has adopted regulations and procedures regarding distribution of non-school-sponsored material on school property and at school activities.

This is a summary statement of Policy 505. A complete copy of the policy is available at any school or the district administration center.

Technology

Acceptable Use Policy

All Detroit Lakes Public School buildings have access to the Internet. The school district has adopted an acceptable use policy for staff and students concerning Internet usage. In addition, the district takes steps to prohibit access by students to inappropriate materials on the Internet. An acceptable use form must be signed by student and parent before a student is allowed access to the Internet. A copy of the entire acceptable use policy is available at any school or the district office.

School Web Page

Roosevelt School Web page can be accessed at www.rv.dlschools.net. Please notify the school office to share feedback or information that should be on the website.

Statewide Computer Reporting System

All Minnesota school districts are part of a statewide computer reporting system which uses the student social security number to record information about your child. This information is in turn provided to the Minnesota Department of Children, Families and Learning. This Department is required by law to collect and store information about each pupil, each staff member, and each educational program. Therefore, we ask that you, the parent, provide your child's social security number although you are not legally required to do so.

This information is used to determine how much money your school district receives from the state and federal government, to judge the quality of the state's educational programs, to improve instruction, to follow trends in student enrollment, and to track student participation in various programs.

The school district will use all social security numbers currently collected unless a parent and/or student withdraws that permission. If you choose to withdraw that permission, please notify the school your child presently attends.

Surveillance Equipment

To help ensure the safety of students and staff, Roosevelt Elementary uses video cameras for surveillance on school property including, but not limited to, halls, cafeterias, gymnasiums, and parking areas. Video cameras will not be used for classroom surveillance unless the principal and classroom teacher consent to the surveillance. Video cameras will not be used at a time or location that would violate a student's reasonable expectation of privacy including, but not limited to, a locker room, bathroom, or another area where a student may disrobe.

Parents Responsibility

Parents will be notified that their students will be using school district resources/accounts to access the Internet and that the school district will provide parents the option to request alternative activities not requiring Internet access. This notification should include:

1. Instructions for where to obtain a copy of the Student/Parent Alternative To Internet Use Request Form for those parents requesting alternative activities not requiring Internet access.
2. A description of parent/guardian responsibilities.
3. A notification that the parents have the option to request alternative educational activities not requiring Internet access and how to exercise this option.
4. A statement that the school district's acceptable use policy is available for parental review.

LEARNER GOALS

The goal of the Detroit Lakes Middle School is to improve the skill level of all students, particularly in the state assessed skill areas of reading, math and science.

- Reading/Math/Science– During the 2026-2027 school year, 100% of the students will demonstrate appropriate growth and achievement in reading, mathematics and science from 2025-2026 as measured by the Minnesota Comprehensive Assessments (MCA) and Star Assessment reports.

SCHOOL DAY AND SCHOOL HOURS

The school day will begin at 8:15 a.m. All students will be expected to remain in the commons area until 7:55 a.m unless they are receiving assistance with schoolwork from a staff member or need to be in the Library/Media Center. Afternoon dismissal is at 3:25 p.m. Students working with staff members or those participating in a club or activity are welcome in the building under staff supervision. All other students are expected to leave the building as soon as possible after the 3:25 dismissal time. Students who must remain in the building while waiting to be picked up must remain in the lower commons by the south door or by north doors in the upper commons.

All students will report to their Primetime rooms at 8:15 each day. The only bells that will be used will be at 8:10 a.m., 8:15 a.m., lunch bells, and 3:25 p.m. There will be an approximate 28-minute lunch period for each grade.

ATTENDANCE

School attendance is the combined responsibility of the student, the parents, and the school. A student can readily make up missed assignments, but missed class time cannot be replaced. Therefore, for a student to realize their full learning potential, daily class attendance is important.

Students are expected to:

- Attend school for all days of the established school calendar.
- Appear in class on time, prepared for academic endeavors.
- When absent, contact teachers upon return to plan for makeup work.
- Complete work as assigned by the teacher when an advanced make-up slip is presented for a planned absence.
- For advanced make-up slips, go to the office, have teachers sign the form and return it to the office.

An excused absence is an absence from school for reasons recognized by the State of Minnesota, the Detroit Lakes Public School or those deemed legitimate by the administration of the school. The State of Minnesota recognizes the following reasons for absences: personal illness, death or medical emergency in the immediate family, and inclement weather. Other reasons that could be acknowledged as excused are those that are requested in advance such as medical or legal appointments, religious activities, travel, essential work at home and family vacations. Any absence for participation in a school-sponsored activity shall be considered an excused absence.

An unexcused absence is an absence from school without a valid excuse. Common examples of unexcused absences include: oversleeping, shopping, hair appointments, missing the bus, non-essential work at home, and part or full time work.

Whenever possible, the school should be contacted between 7:45 a.m. and 9:00 a.m. on the day of the absence. If it is not possible to call the school between those hours you can call and leave a message on the

voice mail. If it is not possible to contact the school on the day of the absence, a note signed by a parent/guardian or a phone call from the parent/guardian indicating the reason for the absence is required upon the return of the child to school. The principal/assistant principal shall determine if the absence will be excused or unexcused. If the school does not receive a note or phone call when the child returns to school, the absence will be classified as unexcused until a note or phone call is received. The district reserves the right to require a signed note from a doctor or other appropriate medical personnel for absences due to illness or other medical reasons. Students' attendance of sibling school programs must be accompanied by a parent. Attendance of programs by "friends" at school performances is prohibited.

A child who is subject to the compulsory attendance laws and is absent from instruction in our middle school for three or more class periods on three days without a valid excuse will be classified as a continuing truant. If this happens the assistant principal will notify the child's parent/guardian by phone or mail. On the seventh unexcused absence, the county attorney will be notified, requesting a petition of truancy be filed.

MIDDLE SCHOOL CURRICULUM

All students in grades 6-8 will have a full year of Language Arts, mathematics, science and social studies. Sixth grade students will also have specific reading instruction. All students will have opportunities in art, family and consumer science, and technology during their years at the Middle School. Physical education will meet every day for the entire year. GRADING

Student grades are standards based on a five point (0-4) proficiency scale. The grade on the 7th and 8th grade report card will be the standard based proficiency level average achieved. Sixth grade report cards will be by standard and no averaging or grade point average will be tabulated. In general, a grade must reflect an accurate measure of each student's level of achievement pertaining to established local, state, or national standards and the essential learning outcomes related to those standards. The standards based proficiency scale is as follows:

Description	
Exemplary 3.4-4.0	Student performance demonstrates thorough mastery and exceeds learning expectations by completing all requirements in a manner considered exemplary.
Meets Standards 2.60-3.39	Student performance demonstrates mastery of course standards that meet established proficiency criteria.
Partially Meets Standards 2.0-2.59	Student performance demonstrates incomplete mastery of course standards but meets some criteria relating to essential learning.
Does Not Meet 1.0-1.99	Student performance demonstrates incomplete and inadequate mastery of essential standards.
No Evidence 0.0-0.99	Student performance indicates no achievement after all remediation efforts.

SCHOLASTIC ELIGIBILITY

Eligibility requirements shall be those set forth by the MSHSL, as well as, the following:

A. Students are expected to be in school to be eligible to participate in either practice or activities on that day or night. Consideration will be given for such reasons as medical concerns or family emergencies.

B. Students must make satisfactory progress in school to be eligible. Academic status will be reviewed by Core Teams periodically beginning the fourth week of the school year. Any student receiving notice of failing or incomplete grades will be ineligible to participate in extra-curricular activities until satisfactory progress has been shown by the student and verified by the Core Team. Eligibility will be determined by the DLMS Administration.

Students involved in behavioral referrals or incidents may be removed from extra-curricular activities at the discretion of the building administration.

PARENT/TEACHER CONFERENCES

The first conference dates will be Monday, October 19 from 4:00 – 7:00 p.m. and Thursday, October 22 from 4:00 – 8:00 p.m. The second conference dates will be Monday, March 8 from 4:00 – 7:00 p.m. and Thursday, March 11 from 4:00 – 7:00pm. These conferences will be a combination of scheduled and unscheduled conferences. Scheduling information will be sent out prior to the conference dates.

Parents and/or teachers can schedule a conference anytime during the year when the need arises. Don't hesitate to call a teacher if you feel there is a need for a conference.

MINNESOTA COMPREHENSIVE ASSESSMENT

All students in grades 6, 7, & 8 will take the Minnesota Comprehensive Assessments in reading, mathematics and science (8th grade only). These tests are traditionally administered from mid April to early May. Opting out information may be viewed at:

https://education.mn.gov/mdeprod/groups/educ/documents/basic/bwrl/mdu5/~edisp/mde059688.pdf

APPROPRIATE ATTIRE/HYGIENE

While we have no formalized dress code at Detroit Lakes Middle School, we expect that students wear clothing that is appropriate to wear in the school setting, for weather conditions and in good taste. There are some guidelines that students need to follow:

- Caps, bandanas, hoods, or any other head covering will not be worn in the school from 8:15-3:25.
- Clothing with alcoholic, gang related or other inappropriate slogans will not be allowed.
- The length of skirts and shorts should be appropriate for a public school setting.
- No tank tops or tops with spaghetti straps.
- Shirts and tops must be appropriate so no midriff area or cleavage is visible.
- No visible undergarments.
- Clothing with cuts or tears in inappropriate locations are not to be worn.
- Shoes must be worn at all times.
- Backpacks are prohibited during the school day and are to be stored in lockers.

Parents will be notified of a violation. The student will call home to make arrangements to change clothing. If parents cannot be reached, an alternate clothing option, provided by the school, will be offered to the student. When in doubt about what to wear, use common sense and/or ask a staff member for an opinion. These standards for proper attire also apply for school sponsored activities.

AREA LEARNING CENTER

This program has been created to help students having difficulties achieving success in traditional mainstream courses realize success in a different learning environment. The academics support the traditional mainstream courses using differentiated learning and instruction, a multiple intelligence assignment base, utilizing the community as a learning tool, and a hands-on approach in smaller classes with more individualized instruction. If necessary, students will be taught reading and math strategies using their course curriculum as the content used for teaching the strategies.

BICYCLES, ROLLERBLADES, SKATEBOARDS

If bicycles are ridden to school, they must be kept in the bicycle racks located on the south side of the Middle School or in front of Roosevelt School. Bicycles should be locked at all times. Students are not to ride their bicycles once the students arrive at school.

Rollerblades and/or skateboards are not to be used during the school day. If they are brought to school they need to be stored in the student's locker until the end of the day.

BULLETINS/ANNOUNCEMENTS

A weekly bulletin will be put out typically on Thursday of each week for the following week. The bulletin will contain a list of scheduled events and announcements. Items for the weekly bulletin should be emailed or in writing and in the principal's office by 4:00 p.m. on Wednesday the week preceding the announcement.

The intercom will be used to make daily announcements and emergency announcements.

BUS TRANSPORTATION

Bus transportation is provided by district buses (847-9271), Olander Bus Company (847-7533), and Schultz Bus Company (847-9266).

School bus riders may be subject to electronic surveillance on school buses. The conversations and actions of school bus riders may be recorded on videotape. These videotapes may be made accessible to person(s) appearing on the videotape. School District employees whose work assignments reasonably require access to the information on the videotape, and any other person or entity authorized by law to have access to the information including, but not limited to, law enforcement agencies. The rules for conduct on school buses are listed in the District Activity Calendar.

The school principal, or his designee, is responsible for dealing with discipline problems on the school bus. Failure to abide by the bus rules will result in disciplinary action. The maintenance of the discipline policy, as established by the School Board, will be carried out by the bus driver.

BUS LOADING PROCEDURES

1. Students who ride the buses which load in the north bus lane must wait inside or in front of the Middle School until your bus arrives. You are not to wait on the sidewalk by the Roosevelt School or inside the Roosevelt School.
2. Students must walk on the sidewalk when leaving the Middle School.
3. All middle school students must wait for elementary students to load before getting in line for the bus.
4. Students waiting for buses in front of the Middle School are to line up in an orderly manner at least three feet from the curb and wait for the bus to come to a complete stop before moving forward.
5. Supervisors, whether they are from the Middle School or from Roosevelt School, are in charge of the loading of buses. You are expected to respond in a positive manner when instructed to by the supervisors.

CELLULAR PHONES/PERSONAL ELECTRONIC DEVICES

The Middle School prohibits the use of cellular phones during the school day 8:20-3:28. Cell phone use will be handled with the cell phone collected, given to the office. Violations will be: 1st offense – student gets phone from office after school, 2nd offense – student gets phone from a principal after school, 3rd offense – parent must pick up phone. DLMS is not responsible for cell phones and other personal electronic devices brought to school. The complete personal electronic device policy is at the end of this document.

CHANGE OF ADDRESS

Anytime there is a change of address or change in telephone number, students and/or parents should inform the office so the information can be changed in the computer.

CLOSED CAMPUS

Detroit Lakes Middle School is a closed campus. Once a student arrives at school, he/she must remain at school unless they have signed out in the office with parent/guardian permission. Students must stay on campus after school in order to ride school buses. Leaving campus is grounds for discipline or bus denial.

Parents are expected to make arrangements to pick up their student after detention study hall.

DIRECTORY INFORMATION

In accordance with FERPA, School Board Policy #515 and Minnesota State Statute DLMS protects the privacy of pupil records using the following standards.

A. Student contact information

Under Minnesota law, a school district may not designate a student's home address, telephone number, email address, or other personal contact information as "directory information."

B. Parent contact information

The 2025 Minnesota legislature enacted the following: A parent's personal contact information must be treated as private data on individuals regardless of whether that contact information was previously designated as or treated as directory information under Minnesota Statutes, section 13.32, subdivision 2.

In addition, the 2025 Minnesota legislature enacted the following: Data concerning parents is private data on individuals but may be treated as directory information if the same procedures that are used by a school district to designate student data as directory information are followed, except that a parent's home address, telephone number, email address, or other personal contact information may not be treated as directory information.

The federal FERPA definition of "directory information" states: "Directory information" means information contained in an education record of a student that would not generally be considered harmful or an invasion of privacy if disclosed. It includes the student's name; address; telephone listing; electronic mail address; photograph; date and place of birth; major field of study; dates of attendance; grade level; enrollment status (i.e., full-time or part-time); participation in officially recognized activities and sports; weight and height of members of athletic teams; degrees, honors and awards received; and the most recent educational agency or institution attended. It also includes the name, address, and telephone number of the student's parent(s).
Directory information *does not* include:
a. a student's social security number
b. a student's identification number (ID), user ID, or other unique personal identifier used by a student for purposes of accessing or communicating in electronic systems if the identifier may be used to access education records without use of one or more factors that authenticate the student's identity such as a personal identification number (PIN), password, or other factor known or possessed only by the authorized user;
c. a student ID or other unique personal identifier that is displayed on a student ID badge if the identifier can be used to gain access to educational records when used in conjunction with one or more factors that authenticate the student's identity, such as a PIN, password, or other factor known or possessed only by the student;
d. personally identifiable data which references religion, race, color, social position, or nationality; or
e. data collected from nonpublic school students, other than those who receive shared time educational services, unless written consent is given by the student's parent or guardian.
A complete copy of Policy #515 is available at any school, the district administration center, or the school website located at https://meetings.boardbook.org/Public/Organization/2364

DROPPING COURSES

Any students wanting to drop a course must do so within the first four days of the school year. The drop must be approved by the parent, administration, and counselor.

EMERGENCY PROCEDURES

A continuous buzzing of the alarm signals Fire Drills. When you hear the fire alarm, leave the building immediately through the nearest exit. Follow the teacher's instructions. Do not take books with you. Do not go to your locker for a jacket, even in winter. Exit routes are posted in each classroom. Teachers will explain the procedure during the first day of classes. Remain outside the building until you hear the signal to return to classes.

Tornado drills are signaled by an announcement over the intercom system. Go to your designated area and sit on the floor. Follow all teacher instructions.

ENGLISH LANGUAGE LEARNER SERVICES

Programming information for English Language Learner Services can be found at: https://www.dlschools.net/departments/student-support-services/english-language-learner-services

FEES

Public education in Minnesota is free to all students who are residents. However, fees may be charged under the following circumstances:

- A project in Art, Family and Consumer Science, Ind. Technology or some other course that is in excess of material requirements of the minimum course outline, provided the student elects to do such a project with the approval of the instructor.
- Cost of school equipment or material destroyed or broken or unduly damaged through carelessness, failure to follow instructions or vandalism, in the amount necessary to restore the item involved to service.
- Rental charges on school owned musical instruments, if the student is using the instrument.
- Cost of field trips, which are available from time to time, but not required as a part of the course, should the student choose to participate in the field trip.
- Admission fees for concerts, plays, athletic events, and other programs or activities, which the student may attend at their option.

Students are required to furnish their own paper, pencils, pens, notebooks, sketch pads, phy. ed. clothing and shoes, and other items of personal equipment.

COUNSELING/STUDENT SERVICES

The Middle School has two full-time counselors. Counseling services are available for every student in school. These services include assistance with academic concerns, study help, help with home, school and/or social concerns, or any questions the student may feel he/she would like to discuss with the counselor. Students and parents can contact the counselors at any time.

HOMEWORK

Purpose:

Homework contributes toward building responsibility, self-discipline and lifelong learning habits. It is the intention of the Detroit Lakes Middle School staff to assign relevant, challenging, and meaningful homework assignments that reinforce classroom learning objectives. Homework should provide students with the opportunity to apply information they have learned, and complete unfinished class assignments.

Homework Types:

- Practice exercises to follow classroom instruction.
- Preview assignments to prepare for subsequent lessons.
- Extension assignments transfer new skills or concepts to new situations.
- Creative activities to integrate many skills toward the production of a response or product.

Student Absence:

Students who miss school because of an absence are expected to collect all of their homework and catch up on their assignments. It is the student's responsibility to get work missed due to an illness or absence.

Students that miss class because of an activity are expected to collect their homework before the day of the activity and have their assignments completed for the next day.

Responsibilities of Students:

- Keep track of assignments/activities utilizing your device.
- Ask teachers for help when you don't understand an assignment.
- Make sure all assignments are of QUALITY work and completed on time.
- Use Directed Study to help make up work, get help from teachers or work on homework.
- Remember to get work before an activity and make up work after an absence.

Responsibility of Parents:

- Set a regular, uninterrupted study time each day in a well-lit, quiet area.
- Check your child's PLANNER daily
- Regularly access Skyward to help monitor your child's progress.
- Use the DLMS web site to check weekly homework assignments.
- Help your student work to find the answers, not just get it done.
- Be aware your child can make arrangements to get extra help from his/her teachers before school 8:00-8:20 and after school 3:30-4:00.
- Contact teachers to stay well informed about your child's progress.

Responsibility of Teachers:

- Provide appropriate, quality instructional input and make sure students understand the material before assigning homework.
- When relevant, assign meaningful homework that reinforces classroom learning.
- Check and review homework with students and provide immediate feedback.
- Be available to help students who are having trouble with an assignment.
- Communicate with other teachers and resource staff.
- Inform parents when a pattern of late or incomplete work develops.

We ask that parents help us with the homework issue. While students may say, "I have none," or "I will do it in Directed Study," home study time should still be maintained by studying for upcoming assessments or reading. All students have access to technology that allows them to access teacher resources and information and to keep a calendar of events/assignments.

ILLNESS/INJURIES DURING SCHOOL DAY

In case of sudden illness or accident during the school day, students should report to the nurse's office or main office if the nurse is not there. The parents will be called to pick the student up if needed. Office personnel must talk to one of the parents before that student will be allowed to sign out.

IMMUNIZATIONS

State law requires all students attending public school to have a complete history of all required immunizations or a copy of a legal exemption form on file at school. You will need to prove a record of these or notarized exemption from on or before the first day of school. If we do not have these records on file, your child may be denied attendance in school until such records are in compliance.

Before entering 7th grade, students are required to have a Tdap booster (tetanus-diptheria-pertussis) and the Meningococcal vaccine in addition to previously required vaccinations.

LIBRARY/MEDIA CENTER

Your Library is your information place. Computers, photography, videotapes, CD disks, books, magazines, newspapers, TV studio, drawing room, and many other components make up the housing, locating and using of information. It is a fun place with much to do. However, it is a place where the rights of others to concentrate and study quietly must be maintained. Responsible behavior will be required at all times. The Library/Media Center will be open before school, during the lunch period and after school for student use as well as during the day.

LOCKERS

School lockers are the property of the school district. At no time does the school relinquish its exclusive control of lockers provided for the convenience of students. Inspection of the interior of lockers may be conducted by school authorities for any reason at any time, without notice, without student consent and without a search warrant. The personal possessions of students within a school locker may be searched only when school authorities have a reasonable suspicion that the search will uncover evidence of a violation of law or school rules. As soon as practicable after the search of a student's personal possessions, school authorities must provide notice of the search to the students whose lockers were searched unless disclosure would impede an ongoing investigation by police or school officials. The School District may use canine detection services to conduct a general search of the Middle School hallways adjacent to student lockers. If the dog(s) indicate that contraband is located in a locker, the interior of the locker and the items inside the locker will be searched.

Lockers should be used to house your textbooks and other school materials when they are not in use, and other personal belongings. You will be assigned a locker at the beginning of the year and will be expected to use that locker for the entire school year unless assigned another locker by the Principal or Assistant Principal. It is important that you not share your locker combination with any other students. Students are responsible at all times for their personal property. You will be expected to keep your locker clean during the school year.

LOST AND FOUND

Lost and found articles that are turned in will be in the office or the rack in the south foyer. If you have lost an item, check in the foyer or office. Lost and found materials are typically taken to the Boys and Girls Club Thrift Store several times a year.

LUNCH PROGRAM

The options the students have for lunch each day are: regular hot lunch, salads, choice line, or bringing their own lunch. School lunches and breakfast are again free this school year. Ala Carte items are priced on an individual basis.

Each student will have a keypad number for the computer in the kitchen area when they receive their lunch. Each lunch is recorded to the family lunch account. There must be funds in the student's account for the student to eat ala Carte. Statements will be available from the school office to any parent who requests them.

Lunch payments can be made by the week, by the month, or by whatever method parents feel comfortable with. Students can bring in lunch money before school each day or during the lunch period on the first school day each week. Parents or guardians may have the remaining money left in their student's account at the end of the year carried over to the next school year.

Information on free and reduced price lunches has been mailed to all homes in the district. If you were missed for any reason, this information is available in the school office throughout the school year. If you are eligible for free or reduced meals, you must fill out the application each year and return it to the office. Free and reduced lunch applications must be in by October 1 to continue in the program. The free and reduced lunch program applies only to the basic meal. Any additional items purchased are the responsibility of the family.

There will be three lunch periods. Each will be 28 minutes long. The lunch tables will be set up in the south part of the lower Commons. Students are expected to return their trays and eating utensils to the designated area. Each student is expected to pick up the table area where they were sitting and eating. Students are expected to walk to lunch and line up in an orderly manner. After students finish their lunch, they are expected to remain in the commons area by the office or go outside. Students who go home for lunch must sign out in the office. Parents who pick their student(s) up for lunch must sign them out in the office. It is expected that these students will be back at school for the start of the class period immediately after the 28 minute lunch period.

MEDICATION PROCEDURES

All medication must be kept in the nurse's office and dispensed by office personnel. A written request from the parent or guardian for medication must be on record at the school before any medication can be dispensed.

OFFICE

The office is the business center of the school. Students having business in the office should let the office personnel know what they need as soon as they get to the office. Students who need to get copies made, either for themselves or for a teacher, must check with office personnel. No students should go directly to the workroom. If students are sent to the office for disciplinary reasons, they should let the office personnel know this, then sit down quietly and wait to see the principal or assistant principal. Parents and other visitors to the school should register in the office for security reasons.

PHYSICAL EXAMS

Athletic physicals are required for all students in 7th grade and new 8th grade students before being allowed to participate in athletics. Physical exam forms are available at the clinic/service provider office. Students should make their own appointments for physicals and try to avoid scheduling them during the school day.

PLEDGE OF ALLEGIANCE

The Pledge of Allegiance will be recited in accordance with District #22 guidelines, traditionally the first day of the week.

POP, CANDY, GUM

There is to be no pop or candy consumed in instructional areas by students during the school day (8:20 – 3:30), unless it is a special day or under circumstances that would allow it. These special days or circumstances need to be cleared through the office. Outside groups or individuals who sell candy as a fund-raising effort are not to sell during the school day. Gum chewing in the classroom is at the discretion of the individual teacher.

POSTERS AND SIGNS

Before any kind of poster or sign is put up in the halls or commons, it must be approved by the Administration. Posters that are permitted are those relating to school activities, activities of other district and neighboring schools, church activities, or civic service groups.

PROHIBITED MATERIALS

Students should bring only necessary materials to school. All other materials are considered unnecessary and a potential distraction to the instructional program.

The following are some, but not all, of the items which students should not have at school: rubber bands and paper wedges, boom boxes, digital music devices, headphones, video games, squirt guns, water balloons, toys of any kind, permanent markers, matches, lighters, throwing stars, nunchucks, harpoons, fortnite weapons, tridents, light sabers, laser devices, incendiary devices, silly string, menacing jewelry, super glue, spray cans of any kind, dangerous objects, valuable objects, and firecrackers. If it becomes necessary to conduct a search for contraband material to ensure the safety of student(s) and the maintenance of an appropriate academic atmosphere, it will be done in accordance with the school policy. The school is not responsible for confiscated prohibited materials and is not obligated to investigate thefts or missing prohibited materials. Possession of prohibited materials may result in disciplinary action that may include detention and/or suspension.

STUDENT ASSEMBLIES

Student assemblies are held to provide information to students or for student entertainment. Students are expected to be well behaved and act in a respectful manner at all times. Any student that does not cooperate will not be allowed to attend future programs.

SCHOOL CLOSINGS/WEATHER

Inclement weather may result in a decision to start late, dismiss early or cancel classes for the entire day. Official announcements concerning these will be made over KDLM(AM1340), KRCQ(FM102.3) in Detroit Lakes; and WDAY(AM 970) or WDAY TV Channel 6 in Fargo and via the Instant Alert system.

STUDENT COUNCIL

The Student Council will be a student leadership organization and has permission to recommend student activity days with administrative approval. Students wishing to participate will be allowed to sign up for the student council. Students participating in the student council will be expected to maintain their academic standing. Members of the student council will be expected to participate in meetings, learn about leadership

and attend a school board meeting, city council meeting and county commissioners meeting during the school year. Volunteerism will be an integral part of the student council. The student council will usually meet on a monthly basis, and special meetings may be called when there is a need for such meetings.

STUDENT PROMOTION CRITERIA

Students in grades 6-8 are promoted to the next grade level by making satisfactory progress on the standards in the core classes of English/Reading, Math, Science, and Social Studies.

Students who do not make satisfactory progress in three of their four core classes may repeat the entire grade unless they attend summer school programming.

Students who do not make satisfactory progress in one or two of their core classes can use the following options:

a. Summer school
b. Independent study during the summer.

The parents or guardians of students not passing core classes will be contacted to review possible options.

Students must complete the required Middle School curriculum and be recommended to enter the high school program by the Middle School Principal.

STUDENT SIGN-IN/SIGN-OUT

Students who arrive at school after the school day begins must sign in at the office stating the reason for being late and the time.

Students who leave the building during the day must sign out in the office. If students leave for a scheduled appointment, they must have an out-of-building pass. To receive this pass, they must have a note from their parents/guardian or parents/guardian must call in prior to the time. It is best if this can be taken care of before school on the day of the appointment. When students are ready to leave the building, they must sign out in the office giving the reason for signing out and the time. If students return to the building on the same day, they must sign in at the office when they return.

STUDENT TECHNOLOGY

Students will be issued technology devices this year (Chromebooks). They are responsible for their technology and the appropriate use thereof. Students will sign appropriate use agreements. Personal electronic devices (cellular/smart phone, mp3 players, etc.) are not allowed during the school day. Personal devices must be off, secured, and essentially invisible during the school day. DLMS and ISD #22 are not responsible for personal electronic devices. School and district policy prohibits video/audio recording of students/staff without their consent and approval of school officials.

SURVEILLANCE EQUIPMENT

To help ensure the safety of students and staff, Detroit Lakes Middle School uses video cameras for surveillance on school property including, but not limited to, halls, auditoriums, cafeterias, gymnasiums, and parking areas. Video cameras will not be used for classroom surveillance unless the principal of the school and the teacher of the classroom consent to the surveillance.

Video cameras will not be used at a time or location that would violate a student's reasonable expectation of privacy including, but not limited to, a locker room, lavatory, or another area where a student may disrobe.

TARDY POLICY

A primary responsibility of our students is to report to all classes in a timely fashion. All students are expected to be in the classroom, with the necessary instructional materials, prepared to work exactly on time as instructed by your teachers. Being tardy to class is dealt with through Level I discipline referral.

TELEPHONE/MESSAGES

Students need permission to use the telephone in the office during the day. Students are not to use telephones in the classrooms. Because of the limited number of phone lines, calls should be as brief as possible.

****Messages for students that are not of an emergency nature will be hung up in the office window. Students should check for messages periodically throughout the day.**

TEXTBOOKS

Textbooks and workbooks are provided free to all students. Students will be asked to cover the books with book covers. We expect normal wear each year in the use of textbooks. Damage that exceeds normal wear and lost textbooks will be charged to the student.

VISITORS

Parents are always welcome at Detroit Lakes Middle School. All parents and visitors must report to the office before going to other parts of the building. Because we need to keep disruptions to a minimum, all other visitations are to be discouraged. Students who would like to bring a visitor must get permission from a Principal at least one day prior to the visit. The student visitor must be in grades 6-8. Non-enrolled students are not to be on campus without permission.

VOLUNTEERS

There are times throughout the school year when the Middle School needs adult volunteers. These times may include class projects, field trips, school parties/dances, classroom tutoring, assisting with clerical tasks, answering the telephone, etc. If you would be interested in volunteering, call the school office at 847-9228.

WITHDRAWAL PROCEDURES

Any student leaving to attend another school withdraws from the Middle School through the student services office. Written requests to withdraw are submitted by the parents/guardian. The student then takes a withdrawal form to each class and has it signed by the teacher who records the grade on the form and certifies that all textbooks and materials have been returned. The student also has the form signed by the librarian indicating that all materials have been returned. All fines and lunch bills must be paid. The form is then returned to the student services office completing the withdrawal process. The process should take an entire school day so please plan accordingly.

POLICY PROHIBITING SEXUAL, RACIAL, AND RELIGIOUS HARASSMENT AND VIOLENCE

Everyone in the Detroit Lakes Public School has a right to feel respected and safe. Consequently, it is important for everyone to know about the district policy to prohibit sexual, racial, or religious harassment or violence of any kind.

A harasser may be a student or an adult. Harassment may include, but is not limited to any of the following when related to race, religion, sex or gender:

a. name calling, jokes or rumors;
b. pulling on clothes;
c. graffiti;
d. notes or cartoons;
e. unwelcome touching of a person or clothing;
f. offensive or graphic posters, book covers; or any words or actions that make you feel uncomfortable, embarrass you, hurt your feelings, or make you feel bad.

If any words or actions make you feel uncomfortable or fearful, you need to tell a teacher, counselor, social worker, principal, assistant principal or the District Human Rights Officer (847-9271).

You may also make a written report using your own paper or the district report form available in the principal's office, School District office, or the office of Human Rights Officer. It should be given to the teacher, counselor, social worker, principal, assistant principal, or the District Human Rights Officer.

We will take seriously all reports of sexual, racial, or religious harassment or violence and will take timely and appropriate action based on your report.

The School District will also take action if anyone tries to intimidate you or take action to harm you because you have made a report.

This is a summary of the policy prohibiting sexual, racial, and religious harassment and violence of Independent School District #22. If you would like a copy of the complete policy, have questions or would like further clarification, please contact your building principal.

SECTION 504 INFORMATION

Section 504 is an Act that prohibits discrimination against persons with a disability in any program or activity that receives benefits from Federal Financial assistance. The Act defines a person with a disability as anyone who:

- has a physical or mental impairment which substantially limits one or more major life activities, including activities such as caring for one's self, performing manual tasks walking, seeing, hearing, speaking, breathing, learning or working;
- has a record of such an impairment; or
- is regarded as having such impairment. (34 Code of Regulations Part 104.3)

In order to fulfill its obligations under Section 504, the Detroit Lakes School District #22 recognizes a responsibility to avoid discrimination in policies and practices regarding its personnel and learners. No discrimination against any person with a disability will be permitted in any of the programs and practices of the school district.

The school district has specific responsibilities under the Act, which include the responsibility to identify, evaluate and, if the child is determined to be eligible under Section 504, provide access to appropriate education services.

If the parent or guardian disagrees with the determination made by the professional staff of the school district, he/she has the right to a hearing with an impartial hearing officer.

The Family Educational Rights and Privacy Act (FERPA) also specifies rights related to educational records. The Act gives the parent or guardian the right to: 1) inspect and review his/her child's educational records; 2) make copies of these records; 3) receive a list of all individuals having access to those records; 4) ask for an explanation of any item in the records; 5) ask for amendment to any report on the grounds that it is inaccurate, misleading, or violates the child's rights; and 6) a hearing on the issue if the school refuses to make the amendment.

If there are any questions, please feel free to contact Renee Kerzmann, Education Director, at 847-9271.

ACCEPTABLE USE POLICY

All of our schools have access to the Internet. The school district has adopted an acceptable use policy for students using the Internet. In addition, the district is taking steps to prohibit access by students to inappropriate materials on the Internet. An acceptable use form needs to be signed by the student and parent before a student is allowed access to the Internet. This completed form is kept on file and needs to be completed only once. A copy of the entire acceptable use policy is available in the middle school office or the district office.

CHEMICAL USE/ABUSE POLICY AND PROCEDURES

Independent School District #22 believes that a positive relationship exists between successful school experiences and sound physical, mental, social and emotional health. It is a belief that any misuse of mood altering chemicals constitutes a hazard to the learning environment and the positive development of students. The school district has a K-12 educational awareness program of chemical use and dependency and support staff to deal with these issues. The complete policy dealing with chemical use/abuse and the procedures is located in the main office.

CHILD ABUSE/NEGLECT POLICY AND PROCEDURES

It is the policy of Independent School District #22 to protect children whose health and welfare may be jeopardized through physical or sexual abuse and conditions of neglect and to comply with the law requiring the reporting of suspected physical and sexual abuse and conditions of neglect involving children. The reporting of maltreatment of minors shall be strictly adhered to in accordance with provisions of Minnesota Statute, Chapter 625.556. A complete copy of this policy is in the main office.

TITLE IX POLICY NOTIFICATION

It is the policy of the Board of Education of School District #22 not to discriminate on the basis of sex in its educational programs, activities or employment policies as required by Title IX of the 1972 Education Amendments. Inquiries regarding compliance with Title IX may be directed to the Title IX Coordinator, Kylie Johnson, at 702 Lake Avenue, Detroit Lakes (218) 847-9271 or to the Director of the Office of Civil Rights, Department of Health and Welfare, Washington, D.C.

DISTRIBUTION OF NONSCHOOL-SPONSORED MATERIALS ON SCHOOL PREMISES BY STUDENTS AND EMPLOYEES

The purpose of policy 505 is to protect the exercise of students' and employees' free speech rights, taking into consideration the educational objectives and responsibilities of the school district. The school district recognizes that students and employees have the right to express themselves on school property. This protection includes the right to distribute, at a reasonable time and place and in a reasonable manner, non-school sponsored material. To protect First Amendment rights, while at the same time preserving the integrity of the educational objectives and responsibilities of the school district, the school board has adopted regulations and procedures regarding distribution of non-school-sponsored material on school property and at school activities.

HAZING POLICY

The act of hazing means committing an act against a person, or coercing a person into committing an act, that creates a substantial risk of harm to a person, in order for a person to be initiated into, or be affiliated with an organization, or for any other purpose. Hazing activities of any type are inconsistent with the educational goals of the school district and are prohibited at all times.

PEST CONTROL MATERIALS NOTICE

Detroit Lakes Public School personnel may apply pest control materials inside or on school grounds as needed. Pest control materials are registered by the U.S. Environmental Protection Agency (EPA) and are selected and applied according to label directions. An estimated schedule of interior pest control inspections and possible treatments is available for review or copying at the district office located at 702 Lake Avenue. Parents of students may request to receive, at their expense, prior notification of any application of a pest control material, should an application be deemed necessary on a day different from the days specified in the schedule.

SHELTER IN PLACE/LOCKDOWNS/CASE

The Detroit Lakes School District wants to ensure the safest and most secure environment possible for students and staff. As part of this practice, all of our schools have adopted policies for a variety of emergency situations. Students should be aware of how to respond during these incidents.

Lockdown drills are mandated by Minnesota State Law and will be practiced a certain number of times per year. Your teacher will go through the steps with you and help to answer any questions you may have. There are two types of lockdowns:

Shelter in Place: Is a shelter in place modified lockdown that keeps students secured in rooms and suspends regular school functions but still allows teachers to have classes and assigns other staff members different duties. A code yellow may be used for a variety of situations and there is no reason to panic. Students not already in classrooms should report to their homeroom or the nearest classroom promptly.

CASE: Is the acronym for Counter, Alert/Alarm, Secure, Evacuate – These are the non sequential options/expectations for emergency situations in our school. Staff are trained on CASE measures and this research based method is the most effective countermeasure and is used by many schools and other organizations throughout the country.

MIDDLE SCHOOL BEHAVIOR AND RESPONSIBILITY PLAN

Statement of Purpose

The Detroit Lakes Middle School believes that:

- every teacher has the right to teach
- every student has the right to learn

To allow this to occur, students need to learn that they are individually responsible for their actions and attitudes. The process of maturation requires the student to develop the skill of self-discipline. To allow this goal requires continuous communication between teacher, student and parents in terms of expectations of student behavior and the consequences for inappropriate behavior.

School-Wide Behavior Expectations

The purpose of the school-wide behavior expectations is to provide a safe, positive and orderly environment conducive to academic, social and emotional development for our students. To accomplish this goal students are expected to:

- show respect for themselves, others, and all property
- be responsible for their behavior
- cooperate with others
- solve conflicts and problems in a constructive manner
- put forth their best effort and be actively involved and committed to their learning

Behaviors:

Behaviors are classified as Level I and Level II. Level I behaviors are usually less severe and are dealt with immediately by the teacher. Level II behaviors are more serious and are dealt with through a referral to the office. Examples of Level I and Level II behaviors are listed below:

Level I Behaviors

alcohol/tobacco/drugs
threats, verbal or written
inappropriate materials causing injury to others

persistent Level I Behaviors

Level II Behaviors/Disciplinary Referrals:

- Procedure

1. Level II behaviors will be sent directly to the office for administrative intervention.

2. When a level II behavior occurs, the teacher will send, (or escort if necessary) the student to the office with the Student Conduct Report. He/she will then call the office to let the office know the student being sent to the office.

3. The administrator will complete the Student Conduct Report, notify parent/guardian and determine the consequence.

4. The administrator will place the original copy on file and place the duplicate copy in the teacher's mailbox with any follow up information that needs to be completed.

D. Weapons

For the purposes of this policy, the prohibition of weapons includes:
1.Any device other than a firearm that constitutes a dangerous weapon within the meaning of Minnesota Statute 609.66, which means:
2.Any device capable of producing death or great bodily harm, that in a manner is used or intended to be used, is calculated or likely to produce death or great bodily harm, or that is used to produce death or great bodily harm.

3.Firearm, as defined in this policy, including destructive devices.

4.Replicas or look-a-likes as defined by Minnesota Statute 609.713, subd. 3 (b) (2).

Possession or use of a weapon: Possession or use of a weapon is prohibited. Anyone found to be in possession of a weapon on school premises before, during, or after school hours or at any school-sponsored activity is subject to administrative and/or legal action. All weapons or instruments which have the appearance of a weapon are prohibited within all school environments, except for educational purposes as authorized in advance by the building principal or designee.

No person may knowingly or voluntarily possess, store in an area subject to one's control, handle, transmit, or use an instrument that is considered a weapon or a replica or look alike in school, on school grounds, at school activities, on school buses or school vehicles, or entering upon or departing from school premises, property, or events. This prohibition applies to all school-owned buildings and grounds, leased or owned, and within all school-owned, leased, or contracted vehicles.

A student who finds a weapon on the way to school or in the school building and takes the weapon immediately to the principal's office shall not be considered in possession of a weapon.

Possession of a chemical agent: Possession of a chemical agent that is not a destructive device, such as mace, for purposes of deterring criminal or violent conduct or for self-protection from such conduct is prohibited under this policy unless the student receives prior authorization from school district officials. Any student authorized to possess mace or other chemical as a deterrent or for self-defense is prohibited from using such object for any other reason.

Detroit Lakes Middle School Physical Education Information

At DLMS, Health and Physical Education serves the entire student population daily. Our mission is to foster a healthy lifestyle in all students by providing developmentally appropriate Health and Physical Education for every child. The intent is to provide children of all abilities and interests with a foundation of knowledge and movement experiences that will allow them to make healthy choices.

DLMS provides each student with a lock that is to be returned at the end of the year. If a lock is not returned the student will be charged $8. Our department uses Glencoe Teen Health: Course 3 textbooks for our Health units. Students will need to bring their planner, notebook, homework folder, and writing utensil to Health instruction. For Physical Education, $7^{th}/8^{th}$ grade students must change out of their school clothes into an appropriate t-shirt or sweatshirt; shorts or sweat pants; and appropriate tennis shoes. Shoes must be tied tightly for safety reasons. Clothes should be appropriate for active outdoor participation in Minnesota. Tank tops, sleeveless shirts, jean shorts or boxer shorts are not appropriate attire.

Active participation is expected unless a student is sick or injured. Students will not receive their daily participation points when sitting out or absent and will be expected to complete make up work. A note from a parent or guardian will excuse the student from class. If a student is not able to participate for more than three days due to an injury or illness, a physician's note is required. Any excused absence must be made up within the date assigned by the teacher.

To see our complete Health and Physical Education requirements and curriculum visit the DLMS website and click on Physical Education.

Cell Phones and Personal Electronic Communication Devices

The use of all cell phones and other personal non-school issued electronic devices from 8:15 a.m. to 3:25 p.m., is prohibited. Cell phones and other non-school issued electronic devices shall be turned off/silenced and locked in the student's issued locker during the school day. If parents/guardians need to be in contact with their student, they are asked to call the main office. This policy still applies if students are on a school field trip.

Consequences for violating this procedure, at the discretion of the school administrators, are as follows:

1st offense: Device is taken to the office for the student to pick up at the end of the school day.

2nd offense: Device is taken to the principal for the student to pick up at the end of the school day.

3rd offense: Device is taken to the office and must be picked up by the student's parent/guardian.

Progressive disciplinary action will be taken for each violation following the 3rd offense. Any student refusing to turn over a device or becoming disrespectful/defiant with a staff member will result in further disciplinary action.

The faculty, staff, and students of DLMS maintain a reasonable expectation of privacy while at school, on campus, and at school-related activities and events. Explicit permission must be obtained prior to recording others. A student identified as improperly posting to social media or using a device to take or transmit unrequested or unwanted images or recordings may face disciplinary action in accordance with district policy.

Detroit Lakes Middle School will not be responsible for lost, stolen, or damaged cell phones or personal electronic devices.

Detroit Lakes Public Schools envisions a future where students are prepared to thrive beyond graduation.

Mission

Detroit Lakes Public Schools ensures consistent expectations, opportunities, meaningful support, and strong relationships so that every student develops the skills, confidence, and connections needed to thrive beyond graduation.

Electronic Device Procedures at DLHS

- **Cellphones are to be on silent and placed in the classroom phone caddy during academic class periods.**
    - All classrooms require students to place their devices in a phone caddy. It is our expectation that this occurs every class period.
        - Cell phones are not needed to carry out any academic work that our instructors have students complete.
        - As a 1:1 technology school, every student is issued a Chromebook each year that is capable of fulfilling all technology requests that are needed for academics.

- ***Earbuds, wearable technology (watches/glasses) and AirPods are not allowed in the classroom.***
- When a student requests to use the restroom, their phone will remain in the classroom phone caddy.
- No phones are allowed during Academic Intervention Time (AIT) or Advisory as these periods are treated just like any other classroom where attendance is taken.
- Important reminder: No unsolicited pictures/videos may be taken of students/staff without consent at any time. Unsolicited pictures that are taken or sent to other students are a form of bullying or harassment and will not be tolerated.
- Phones can be used during passing time, lunch, and in a course where the teacher specifically instructs students to use them for academic purposes only.

Consequences for Inappropriate Use

➔ First Violation
- ◆ The device will be confiscated by the teacher and brought to the office.
- ◆ The student can pick up their device at the end of the day.
- ◆ The teacher will communicate home about the issue.

➔ Second Violation
- ◆ The device will be confiscated by the teacher and brought to the office.
- ◆ The student will meet with an administrator and call home.
- ◆ The device will be held in the office for 5 days during school hours.

➔ Third Violation
- ◆ The device will be confiscated by the teacher and brought to the office.
- ◆ A parent meeting will be held to discuss solutions to the problem.
- ◆ The device will be held in the office for 10 days during school hours.

*At any time if a student refuses to give an adult their device when asked, they will be brought to ISS in the main office and a parent meeting will be required.

**The administration reserves the right to adjust these consequences on a case-by-case basis if needed. For example, extreme behaviors that break the law or engaging in bullying or harassment of other students may result in different, more severe consequences.

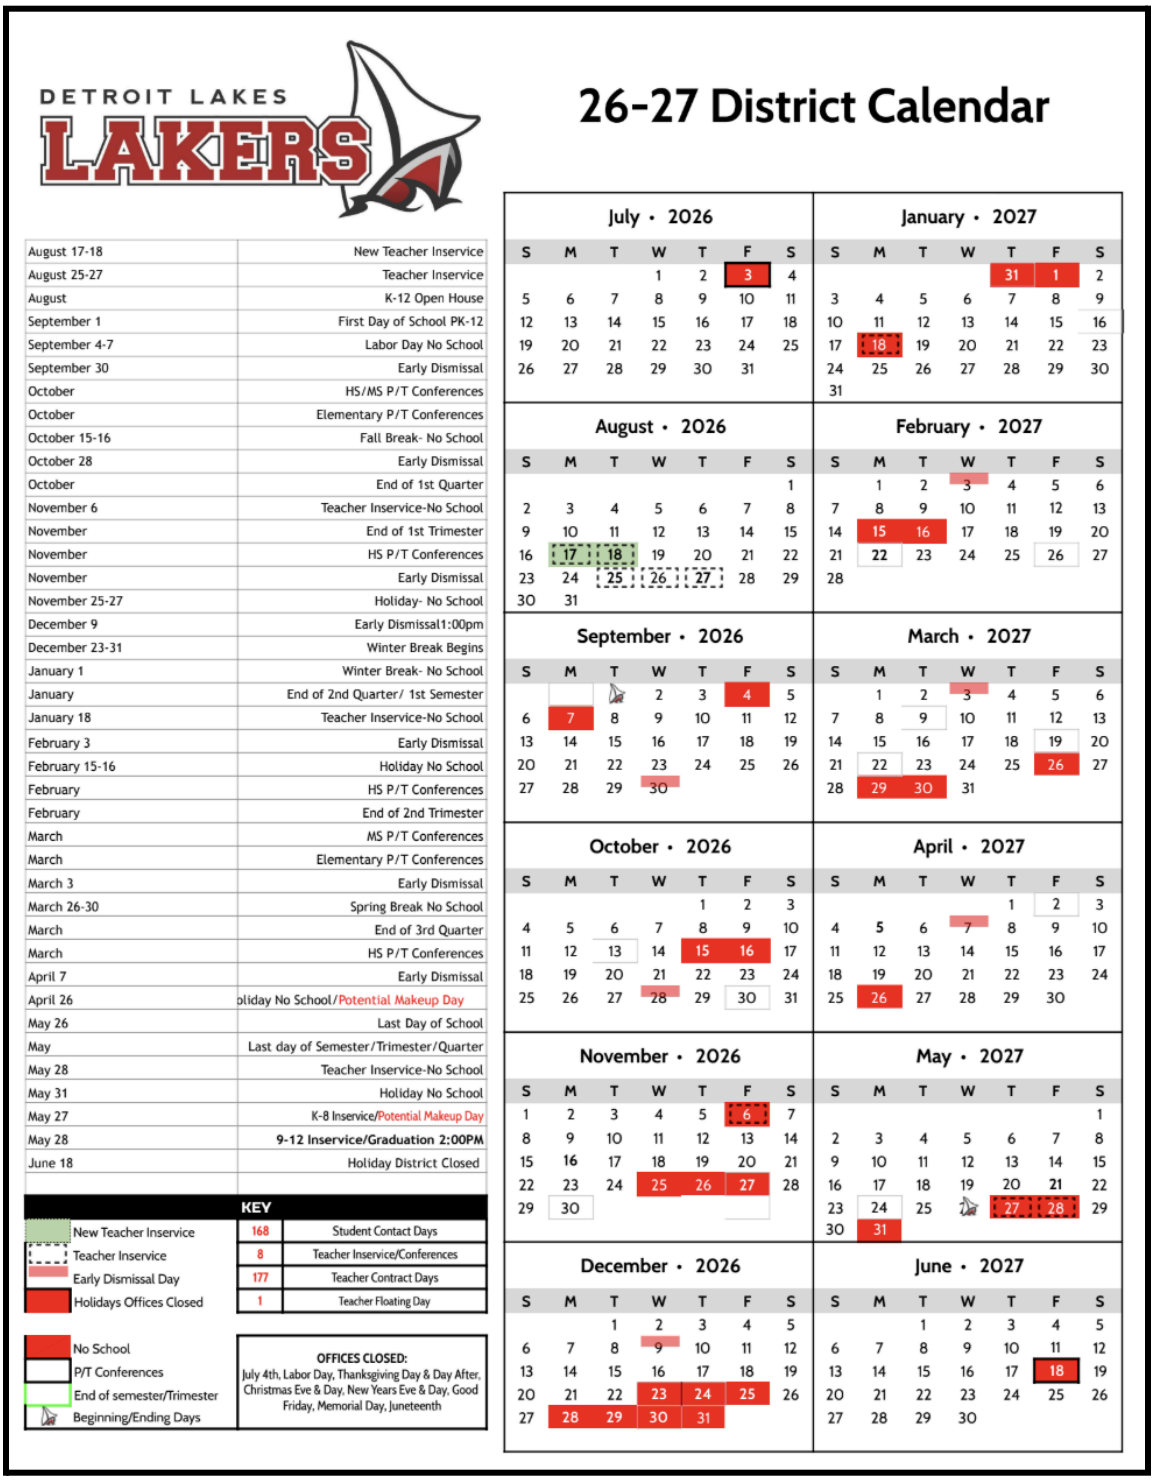

Students receive information and reminders regarding expectations for cell phone and electronics usage throughout the year during advisory lessons.

District Calendar 2026-2027

2 HOUR LATE START

In the event we must use a 2 hour late start schedule, students will attend all of the classes they were scheduled to attend that day. Classes on the 2 hour late start days will be shortened so students can go to all of their scheduled classes for the day. Consult the Bell Schedule document for specifics.

ACADEMIC INTERVENTION TIME

Academic Intervention Time (AIT) is a period that is available for students two days each week (Wednesday & Friday). Students are assigned to AIT by instructors for help with academics, reassessments, to complete relearning, or to make up missing items. Students also have the ability to sign themselves up for help as well. There is intentional time to help students develop the important life skills of prioritizing and asking for help. Attendance during AIT time is required each day just like a regular class period unless you meet the criteria below.

- ➔ 9th graders may not leave the building during intervention time.
- ➔ 10th, 11th, and 12th graders who are caught up academically and not signed up for intervention by an instructor may arrive at school before the first hour on Wednesday/Friday rather than coming at the regular 8:15 start time.
  - ◆ Students must have their student ID to check out.
  - ◆ Students must check out at the main entrance to leave the building.

Please help communicate the importance of this time with your student. Utilizing this time in our schedule effectively helps students who have questions, need extra support, or are struggling. Remember that our goal is to prepare students for success beyond our walls. Having flexible time in our schedule helps teach students how to prioritize and be responsible for their own learning. Two very important skills required as an adult.

***If you are not caught up in courses or are struggling, this is the best resource to take advantage of!**

LAKER TIME

Laker Time is an advisory period that is used to intentionally teach students about how our building works and organize themselves for academic success. Laker Time happens as needed during the school year and will be held either during AIT or during a class period as determined by administration. During this time students engage in lessons about building procedures, attendance, open lunch, check-out, leaving for appointments, signing up for AIT, school safety, lockdowns, evacuation locations, mental health, and other building related items that help with success. Additionally, students check their emails and grades during this time and get themselves signed up for AIT sessions throughout the week. These are two very important things for students to learn and help them tremendously to succeed academically.

COMMUNICATION (Stay Connected)

DLHS employs several different methods of communication. Below are the most important ones for you to be aware of and know how to access.

- **Email**
  - Check your email regularly so that you do not miss important communications from your instructors or from administration.
  - We have found that email is the most successful means of communication with parents. This includes the following very important items:
    - DLHS Newsletter: Weekly WAVE is sent via email and routinely gets over 1,200 views each week.
    - BARR communication emails from teachers are sent via email updating parents/guardians on student strengths, concerns, and interventions that we are trying to help students succeed.
    - Attendance communications from DLHS are sent via email.
    - Positive Laker Pride tickets are sent to both students and parents via email.
  - Please be sure that your email is updated in Skyward so that you do not miss any important information from our school!

STUDENT SUPPORT RESOURCES

COUNSELORS

School counselors play an important role in the development of our high school students. DLHS has three school counselors that provide student support for social and emotional well being, academic planning, college and career readiness. Mr. Nate Anderson, Mrs. Doreen Richter, Mrs. Sara Pender, and Mr. Nathan Ochsner have many years of experience in school counseling. They each bring unique experiences and expertise to our school as they serve our students as a connection to resources, advocates, liaisons between teachers, parents, and administration and most importantly as trusted adults to support our students throughout their high school careers. Our school counselors are organized by alphabet, with each serving approximately 280 students. They are available to meet with students by appointment in the counseling center, are frequently visible in classrooms or around our school, and work hard to build relationships with our students. If you have questions about academic schedules, post secondary options, or other school related matters handled by the counselors please contact the counseling center at 847-4491.

STUDENT SUPPORT SERVICES

DLHS also provides student support services to meet the needs of all students. In addition to school counselors, DLHS provides an American Indian College and Career Facilitator, Chemical Health Coordinator, and has access to Stellher Mental Health Services. These groups all work together to provide appropriate services for all of our students at DLHS.

ATTENDANCE

DLHS ATTENDANCE PHILOSOPHY

"Every Student, Every Day"

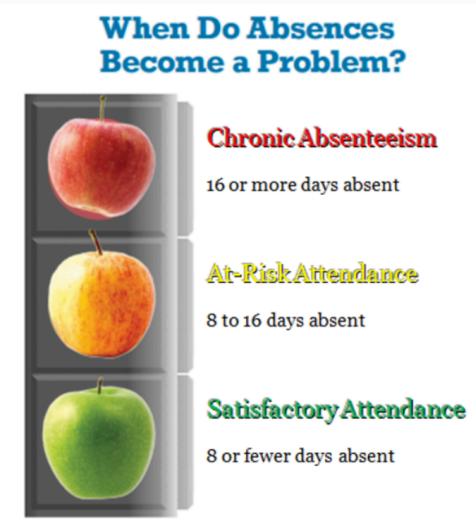

A student's academic success is directly related to regular, daily attendance. Students who attend school every day receive opportunities for important contact with their teachers, a safe and stable environment, and establish a record of responsibility and dependability for themselves.

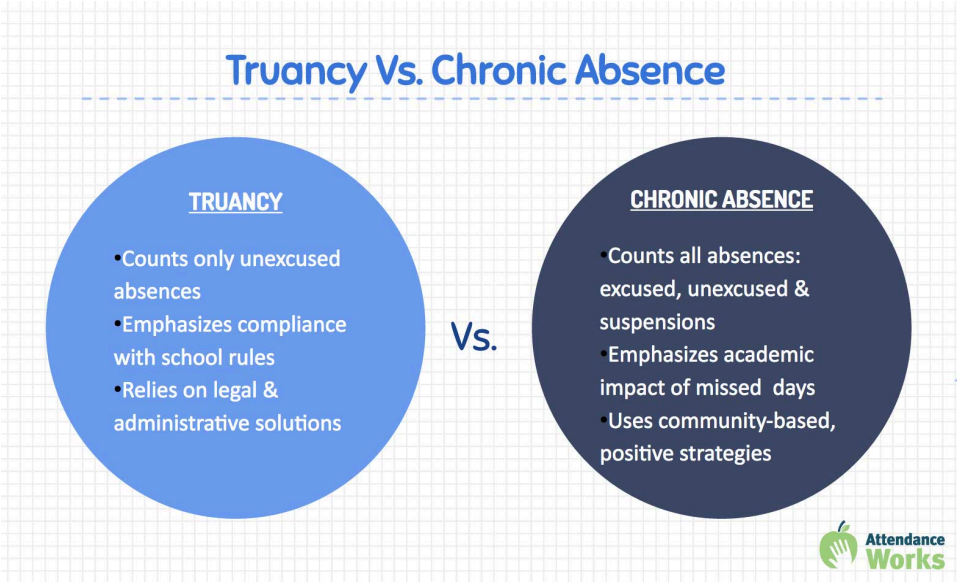

Detroit Lakes High School's minimum attendance goal for every student is 95% attendance. This means a student should not miss more than four days each semester or eight days during the course of the school year. Students who are absent from school for unauthorized reasons must understand that many of the activities that happen in class are not possible to make up and their grades could suffer because they have missed valuable learning opportunities because of

their absences.

Minnesota state law (MN 120A.22; 120A.34) states the parents of every child between the ages of 7 and 17 are responsible for ensuring their child receives instruction with the primary purpose of that instruction being that the child acquires the knowledge and skills essential for effective citizenship.

The Detroit Lakes High School attendance procedures are guided by research from the organization Attendance Works. The idea behind this system is that we spend effort proactively teaching the importance of attendance, communicating effectively to parents and families about attendance issues, use attendance data to problem solve attendance issues, and creating high quality relationships with students and families so that coming to school is a priority. Please understand that any absence, even "excused absences" can have an effect on student achievement. The graphic below illustrates the difference between truancy and chronic absenteeism. Our goal is to reduce absences of all types so that our students have the best possible chance for success in their education. You will often hear the phrase: "Every Student, Every Day" when we talk about attendance.

PARENTAL NOTIFICATION OF STUDENT ABSENCES

A student becomes a "Continuing Truant" when a child who is subject to the compulsory instruction requirements (MN Statute 120A.22) is absent from instruction without valid excuse within a single school year for: (1) three days if the child is in elementary school; or (2) one class period on three **separate** days if the child is in middle school, junior high school, or high school.

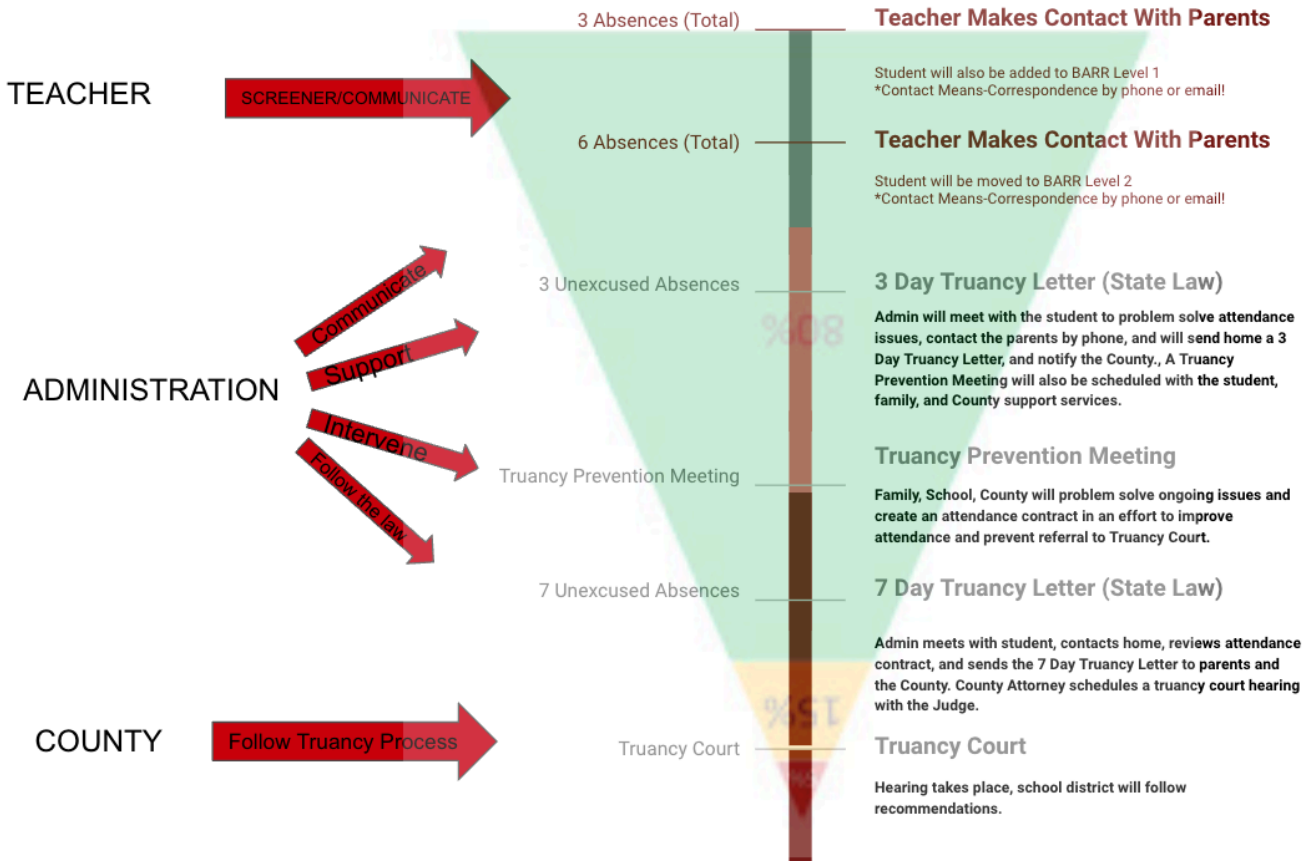

DLHS follows state law concerning the procedure for addressing student absences (MN Statute 260A.01 - 260A.07)

- Upon the 3rd accumulated Non-Exempt absence, the school will notify the student and parents via phone/letter that their child has 3 absences in said class period. They will be invited to set up a meeting with the school. Becker County Social Services will also be notified.
- The purpose of these truancy prevention meetings is to solve issues causing poor attendance and create an attendance contract that prevents further absence from school.
- Upon the 7th accumulated Non-Exempt absence, the school will notify the student and parents via phone/letter. A meeting with parents will be required.
    - On the seventh unexcused absence the Becker County Social Services and the Becker County Attorney will be notified, requesting a petition of truancy be filed for those students required to be in school by the laws of the State of Minnesota.

*Remember that if students continue to accumulate Non-Exempt absences, especially after the implementation of a truancy improvement plan and referral to Becker County, they can be dropped/failed from a course and lose credit. Students who are dropped or fail a course have to make up credits using the credit recovery options provided in the district.

DLHS ATTENDANCE INTERVENTION PROCEDURES

The graphic below outlines the specific procedures that DLHS follows when attendance concerns arise.

DLHS ATTENDANCE

It is essential that Detroit Lakes High School students and their families take responsibility for knowing and following the attendance expectations. Please review the following definitions and expectations closely:

ABSENCE REPORTING PROCEDURES

- **All Day Absence**
  - Parent/Guardian should report student absences using the Skyward Absence Notification App by 8:00 a.m. on the day of the absence.
- **Leaving Early**
  - Parent/Guardian can use the Skyward Absence Notification App if there is more than 2 hours before the absence.
  - If there is not 2 hours please call the HS Attendance Line: 218-847-4491
- **Arriving Late**
  - Student checks in at the Main Office
    - Main Office updates the student's attendance
- **Illness At School**
  - Students who are unwell at school need to leave through the DLHS Health Office. Parents/Guardians will be notified.
- **Out of the Building Passes**
  - Students will check out if they are leaving early with the supervisor at the front door or the main office.

***Please allow a minimum of 2 hours during the school day to process your requested absence in Skyward Family Access. **Note: The attendance line cannot accommodate last minute requests!**

- Parents are to contact the school prior to, or the day of, all planned absences and provide a reason for the student's absence.
- Absences which are not reported to the school with the required documentation when the student returns to school will be considered Non-Exempt.
- Medical Verification: The school district may require a signed note from a medical professional for absences due to illness or medical reasons, especially when those absences become excessive.
    - Appointment verification is required for any appointments which take a student out of the school building during the school day.
    - Students are required to return to school with an appointment card from the clinic that includes the date and time of the appointment and are required to present this information to the office before going to class.
- A student who is absent due to participation in a school-sponsored activity does not need to be excused by a note or phone call from a parent.
- Students who are 18 years old and are independent as defined by section 152 of the Internal Revenue Code and who have provided documentation of independence may excuse their own absences but are required to abide by all DLHS attendance rules and regulations. 18 year old students who are claimed as dependents by their parents or guardian are, in accordance with Minnesota Statute 120A.20, governed by the same set of rules and regulations that are applied to all other students.
- If a student arrives at school after classes have started or will be leaving before the school day has ended, they must report to the office to check-in and checkout.

*The reasons for not being in school listed under the Non-Exempt categories of Excused and Unexcused are examples and not to be considered a complete list. Any reason given that does not fall under the Exempt category will be considered Non-Exempt at the discretion of administration.

PARTICIPATION IN ACTIVITIES

To ensure that activities are uniform and known to all students, the Board of Education of I.S.D. #22 has adopted the Minnesota State High School League (MSHSL) participation rules and regulations for all activities offered to Detroit Lakes students, regardless of whether they are league activities or school sponsored activities.

A student must attend at least one-half of the school day (4 consecutive periods) in order to be allowed to participate in or attend after-school activities that day. If a student misses all day because of an Exempt absence, they may be allowed to participate upon the determination of an administrator.

A student must be in good standing academically, behaviorally, and in attendance to participate in activities. In addition to meeting the MSHSL eligibility requirements for participation, the administration reserves the right to limit participation by students deemed not to be making adequate progress toward graduation. The administration also reserves the right to limit participation by students with excessive behavioral detention hours.

A student who has been determined to have been truant from school will be ineligible to participate in the next competition, regardless of the date and/or time of the contest.

Instances of excessive absence from school and chronic tardiness will be handled on a case-by-case by school administration and consequences will be determined based on the merit of each case.

It is vital that students and parents communicate absences immediately to the school to ensure accurate attendance and avoid Loss of Privileges.

If there are any circumstances or issues interfering with your ability to attend class, visit with your counselor.

Our system seamlessly connects with and is built into our BARR (Building Assets Reducing Risks) system where all teachers, administrators, counselors, and support staff in our building work together each week to help students find success.

LOSS OF CREDIT FOR ATTENDANCE REASONS

Our highest priority is getting students to attend classes so that they can stay on track, earn credits, and graduate. Courses at the High School cannot simply be “made up” after lengthy time periods of learning loss. Earning course credit requires consistent participation in daily instruction and interaction with classmates.

- Students who have been non-exempt in a class are eligible to be dropped from the classes they have been skipping. Drop/Failing a class will not happen until they qualify for the 7 Day Truancy Letter and will be built into their Attendance Contract.

Appeal Process
Students and families that wish to appeal credit allocation or drop/fail should contact the principal or assistant principal to

explain any extenuating circumstances that may have caused these absences. A meeting with the AP and/or head principal will be scheduled.

PRIVILEGES - OPEN LUNCH

Students in grades 10-12 have the ability to leave campus for lunch. Open lunch is a privilege that is tied to attendance (including tardies and unexcused absences), behavior, and grades.

The requirements for having an open lunch:

- ➔ **Less than 3 tardies to class in a week**
  - ◆ Consequence: Lose open lunch for 1 week
- ➔ **Less than 3 days with an unexcused absence in a week**
  - ◆ Consequence: Lose open lunch for 1 week
- ➔ **Not checking out at the main entrance and using other doors**
  - ◆ Consequence: Loss of open lunch for 1 week.
- ➔ **Passing all their classes**
  - ◆ Consequence: Loss of open lunch until they are passing all their classes
  - ◆ Interval checks for grades will be conducted for all students during the semester. *Students failing classes may lose their open lunch privileges.*
  - ◆ This standard is very similar to our activity/athletic participation standard.

Important Reminders About Open Lunch

- ➔ Open lunch is a privilege: most schools do not have an open campus for lunch. We are fortunate to have this option for students here at DLHS but we need your partnership as parents to help enforce basic, minimum requirements for this luxury.
- ➔ *Parents always have the ability to request that their students not have open lunch!*
- ➔ Tardiness to classes (3 or more) or Unexcused absences (3 or more) will result in loss of open lunch privileges for 1 week.
  - ◆ Students failing classes may lose their open lunch privileges.
- ➔ Poor behavior in the community can also result in loss of privilege for open lunch. These include calls for bad driving, littering in neighborhoods or the city park, or returning to school excessively late!
- ➔ **Students must check out at the Main Entrance Only.**
  - ◆ **If students do not check out they will be marked absent, unexcused.**
  - ◆ **If students leave out other doors in the building, they will lose their open lunch privilege.**

ACADEMICS

ACADEMIC INTEGRITY (CHEATING / PLAGIARISM)

Having academic integrity means:

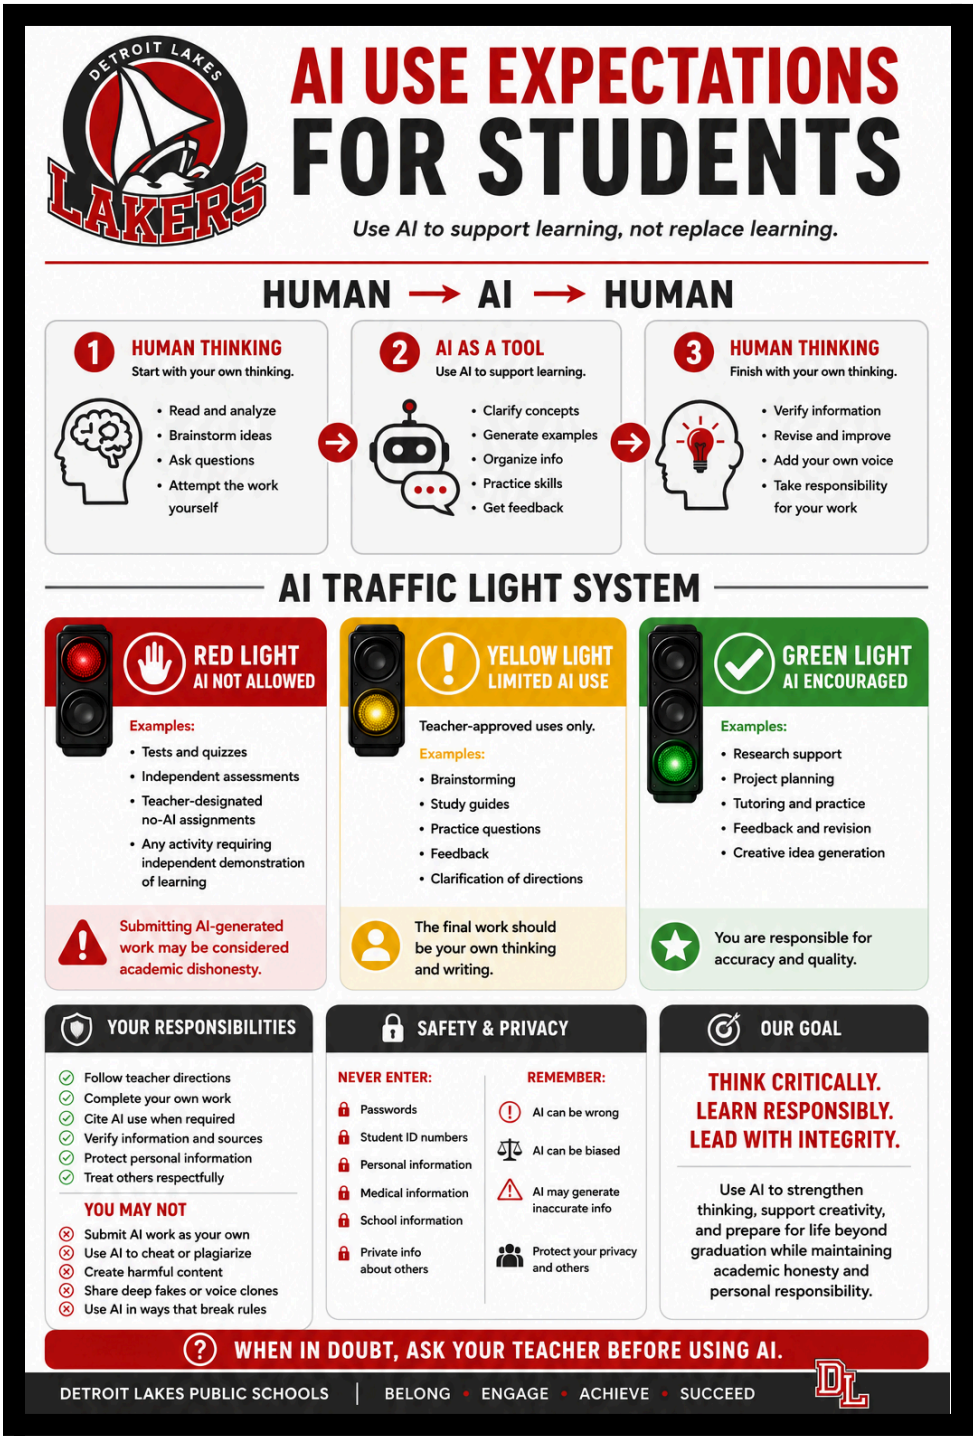

- Being intellectually honest
- Possessing personal truthfulness
- Learning for its own sake
- Valuing the creations and opinions of others

You are *acting* with academic integrity when you:

- Take full credit for your own work, and give full credit to others who have helped you or influenced you, or whose work you have incorporated into your own.
- Represent your own work honestly and accurately.
- Collaborate with other students only as specifically directed and authorized.
- Report breaches of academic integrity to a teacher, counselor or administrator

What is cheating? Cheating is defined as seeking to obtain (or aiding another to obtain) credit or improved scores through the use of any unauthorized or deceptive means.

AI POLICY/GUIDELINES will be added here following board approvals

WHAT DOES CHEATING LOOK LIKE?

- **Sending answers, copies of assignments, or sharing Google Docs of assignments electronically with friends**
- **Using AI tools to complete assignments for you**
- Presenting someone else's information/work as your own (with or without their permission) or allowing someone else to use your work as his or her own.
- Taking shortcuts (such as unauthorized use of study aids) to bypass steps of an assignment.
- Using forbidden material, such as cheat sheets, graphing calculators, or cell phones, during an exam.
- Asking about or sharing questions and/or answers to quizzes and exams.
- Submitting the same work for more than one assignment without express permission from your teacher(s).

- Being dishonest with your teacher such as saying you've turned in an assignment when you did not, or that you've worked hours longer than you actually did to complete an assignment.
- Fabricating information to try to earn more time, more credit, or grading leniency on an assignment, project, or exam, ie. *"My dog ate my homework"!*
- Missing class in order to avoid turning in an assignment or taking a test.

WHAT ARE YOUR RESPONSIBILITIES?

- Read and know the *DLHS Academic Integrity Policy* AND observe all rules and consequences established by your teachers.
- Report to the teacher if cheating is taking place and how it is being done.
- Do not copy homework or let someone else copy your homework. Do not use study aids (ie. Sparknotes).
- Only work with others when the teacher has specifically given permission.
- Seek only appropriate help from parents, tutors, or other students; make sure it is pre-approved by the teacher.
- If working with other students is not approved, the assignment must be completed on your own.
- Take responsibility for doing your fair share on a collaborative assignment.
- On papers, do not summarize, paraphrase or quote without proper documentation.
- During tests/quizzes:
    - Keep your paper covered and your eyes on your own paper.
    - Clarify if notes, calculators, etc. can be used on the test.
    - Do not talk during a test except to the teacher.
    - Do not discuss any aspect of the test until the teacher has returned it or given permission to discuss it.

WHAT ARE THE CONSEQUENCES?

Students can face disciplinary consequences for academic dishonesty. These can include everything from losing credit and having to redo the assignment to suspension from school depending on the severity of the cheating. Keep in mind that this can also cause a "Code of Responsibility" Violation from MSHSL sports and activities.

All parties concerned—students and parents—are to understand that the teachers and administrators professional judgment will determine whether a violation of the Academic Integrity Policy has occurred.

POLICY 621: GRADING AND REPORTING OF PUPIL ACHIEVEMENT

I. PURPOSE

The purpose of this policy is to establish grading and reporting practices that reflect a student's academic achievement of the course standards.

II. GENERAL STATEMENT OF POLICY

It is the Detroit Lakes Public School District's responsibility to ensure grades represent an accurate measure of each student's level of achievement pertaining to established local, state or national standards and the essential learning outcomes related to those standards.

For this reason, the District shall establish a clear and accurate system of grading student achievement and shall provide students, parents, teachers, and the community with reports that accurately reflect this information.

The Detroit Lakes Public Schools supports a system of guiding principles for clear and accurate grading and reporting policies and procedures. To achieve these goals, the grading and reporting system must reflect academic achievement; contain meaningful feedback; be honest, fair, transparent, credible, useful and user friendly; be criterion referenced; align with school board approved Detroit Lakes Public Schools curriculum; reflect consistency within and among courses, grade levels, departments, and/or schools; communicate in a clear and timely manner information to parties; reflect high expectations of all students across all courses and programs; and be developmentally appropriate for all students.

GRADING PARAMETERS

A. The primary purpose of grading is to determine the level of achievement of students related to essential learning

expectations.

B. Additional purposes for grading include:
   1. providing information to the students, their families, employers, and post-secondary institutions.
   2. providing information that students can use for self-evaluation.
   3. providing information that teachers can use to modify planning and instruction.
   4. evaluating the effectiveness of instructional programs.

A complete copy of all School Board policies is available at any school, the district administration center, or the school website located at https://meetings.boardbook.org/Public/Organization/2364

GRADING OF COURSES

DLHS Uniform Grading Scale: Unless the course has been granted an exception or is under specified grading parameters because it is a concurrent enrollment course, final grades are determined by at least 85% of the final grade coming from Summative Assessments and at most 15% coming from Formative Assessments for all courses.

- **Summative Assessments** are work conducted when a student has had adequate instruction and practice to be responsible for the material. It is designed to provide information to be used in making judgment about a student's achievement at the end of a sequence of instruction, e.g. final drafts/attempts, tests, exams, assignments, projects, performances.
- **Formative Assessments** are work conducted when a student is still learning the material. It is an assessment that is designed to provide direction for both students and teachers. For the students, the adjustment may mean reviewing, additional practice, or confirmation that they are ready to move forward. For the teachers, it may mean changing instructional strategies, providing additional practice, or being ready to move forward. (e.g. teacher observation, quizzes, homework, rough drafts, peer editing, or notebook checks).

All teachers at DLHS will use the following grading scale to determine final grades for all of their courses.

A	90% - 100%
B	80% - 89%
C	70% - 79%
D	60% - 69%
F	Below 60%

LETTER GRADE DESCRIPTIONS

For “Regular” courses (non-weighted courses):

Grade	Grade Pts	Description
A	4	Superior or excellent achievement. Student performance demonstrates thorough knowledge of the course materials and exceeds course expectations by completing all requirements in a superior manner.
B	3	Above Average or very good work. Student performance demonstrates above-average comprehension of the course materials and meets or exceeds course expectations on all tasks as defined in the course syllabus.
C	2	Average work or competence. Student performance demonstrates incomplete understanding of course materials, but still meets basic course expectations.
D	1	Below average or unsatisfactory work. Student performance demonstrates incomplete and inadequate understanding of course materials.
F	0	Failure. Student performance is significantly below teacher expectations and quality of work is of very poor quality and/or completeness.

For Concurrent Enrollment (CE) and Advanced Placement courses:

Grade	Grade Pts	Description

A	5	Extraordinary achievement. Student performance demonstrates full command of the course materials and evinces a high level of originality and/or creativity that far surpasses course expectations.
B	4	Superior or excellent achievement. Student performance demonstrates thorough knowledge of the course materials and exceeds course expectations by completing all requirements in a superior manner.
C	3	Very good work. Student performance demonstrates above- average comprehension of the course materials and meets or exceeds course expectations on all tasks as defined in the course syllabus.
D	1	Below Average or unsatisfactory work. Student performance demonstrates incomplete and inadequate understanding of course materials.
F	0	Failure. Student performance is significantly below teacher expectations and quality of work is of very poor quality and/or completeness.

REASSESSMENTS

The purpose of reassessment is to ensure that students have competency in the learning outcomes identified as essential. It is not designed for students to just earn enough points to get an “A” in the course or to “Pass” courses. Students will be allowed to take a reassessment on content if they complete the necessary steps outlined in the reassessment plan by the instructor of the course. Each instructor has a communicated reassessment plan that must be completed prior to any student getting a “retake” on a summative assessment. Remember that the ultimate goal of reassessment is to demonstrate learning and mastery, not just earn points. Additionally, all reassessments will follow the procedure outline below:

- ➔ A teacher may require students to complete all formative assessments tied to the summative assessment that is being retaken.
- ➔ A teacher may require students to complete all the steps in the “reassessment plan” that they have communicated at the beginning of the course. This includes a relearning plan detailing what students will need to do in order to earn a reassessment.
- ➔ No “blind reassessments;” students do not automatically get to just retake any assessment without demonstrating relearning. Remember that the goal is competency in learning, not earning points!
- ➔ The reassessment grade will never be lower than the original grade.
- ➔ The teacher may assign a reasonable timeline for reassessment. Typically this timeline is 2 weeks (10 days) from the time that feedback was provided on the original assessment.
    - ◆ Students have ten academic days from the date they receive feedback on the original assessment to meet with their teacher, complete their relearning, and schedule their reassessment.

DEADLINES

A common misconception in today’s grading practices is that “there are no deadlines” for students. This is not accurate. In fact, getting things done on time is one of the “10 Commandments for Career Success” that are taught as part of our academy model. Showing up reliably and on time everyday is perhaps one of the most important skills of all. At the same time we also understand and value that not all students learn at exactly the same pace. Below is an outline of some common deadlines that are given.

- ➔ Students will be allowed a reasonable amount of time to complete a “reassessment” or “retake” on a summative assessment.
    - ◆ Typically this is 10 school days from when feedback was given on the original assessment.
- ➔ Teachers may have a more strict deadline for Formative Assessments (practice).

WEIGHTED GRADES POLICY

In accordance with MN Statute: 124D.09, Subd. 12,Credits; grade point average weighting policy

Weighted grades are awarded to recognize the rigor of certain advanced coursework. At Detroit Lakes High School (DLHS), the following courses qualify for weighted grades:

- Advanced Placement (AP) courses and Concurrent Enrollment (CE) and Post-Secondary Enrollment Options (PSEO) courses: Weighted at an additional 1.0 grade point. For example, an "A" in these courses earn 5 grade points compared to 4 grade points in a regular course.
    - ○ Weighted grades for PSEO courses will only be awarded for equivalent CE courses offered at DLHS.
- See attached list for CE courses offered at DLHS

Eligibility and Transfer Credits:

Weighted grades are awarded only for AP and CE/PSEO courses that align with DLHS curriculum. When students transfer to DLHS, weighted credit will only be granted for AP courses that are also available to all DLHS students. CE/PSEO courses must meet DLHS curriculum standards to be eligible for weighted grades.

Grades Eligible for Weighting:
In all AP and eligible CE/PSEO courses, a grade of "A," "B," "C," or "D" qualifies for the weighted grade point adjustment.

This policy ensures consistency and fairness while encouraging students to pursue rigorous academic opportunities.

SCHEDULING PROCEDURES DROP/ADD

Drop Option

- There is a Schedule Change form available in the counseling office. Parents must sign the form before changes will be made to a student's schedule.
- Any drop after the 5th day of any course will result in an "F" for the class on the student's permanent transcript.
    - *Unless exercising the one time "Withdraw Option." See below for more information.*
- If students drop a course after the first 5 days, we will not move classes around in their schedule to accommodate adding another class. Classes that can be added are the ones offered that hour, or they can replace the dropped class with a study hall and make up the credit at a later time.
- We will not overload other classes to accommodate course drops!
- If a student drops/withdraws from an AP course and they have already signed up to take the exam, a refund will not be given for the cost of the exam.
    - The school is required to pay for the AP exams prior to them being administered and we do not get refunds for students who choose not to take the exam!

***Course drop requests will be reviewed by administration for approval. They will take into account information from the counseling center, instructors, parents, and the student.**

****PSEO and Concurrent enrollment classes do not follow the DLHS drop/add timeline. ***PSEO Deadline*** The deadline to notify the school and meet with counselors is October 30th, 2026 for Semester Two classes and May 30th, 2027 for the upcoming school year.**

SCHEDULING CHANGES

- **The following will be the only justifiable reasons accepted for schedule changes:**
    - You are missing a class (full time students must have at least 7 courses).
    - You have too many classes (students may have a maximum of 7 classes each year/semester).
    - You are scheduled for a class you've already taken.
    - You have completed a course on your schedule during summer school.

- Schedule a class required for graduation.
- There is a scheduling conflict.
- Emergency situation approved by counselor and administrator.
- You are exercising your Withdrawal Option.

- **Schedule changes will not be allowed for the following reasons:**
  - If you want to change your lunch period.
  - If you want a different teacher for a class.
  - If you want to change the period you have a certain class.
  - If you want to be in a class with a friend.
  - If you failed to turn in your registration sheet when it was due.

PASS/FAIL OPTION

- There is a Schedule Change form available in the counseling office. Parents must sign the form before changes will be made.
- **Students may take one course (not CE/AP/Advanced) for a Pass/Fail grade during their high school career.**

WITHDRAW OPTION

- There is a Schedule Change form available in the counseling office. Parents must sign the form before changes will be made.
- **Students may "withdraw" from one course during their high school career and get a "W" on their transcript. This gives them flexibility if things in their life are getting in the way of school.**
  - The deadline for withdrawing from a course is prior to 80% of the course completion.
    - Semester 1 deadline: Second Friday of December
    - Semester 2 deadline: Last Friday of April
  - Paperwork must be completed prior to the deadlines above to be considered. Students not meeting these deadlines will remain in the course or be drop/failed.
- ***NOTICE: Withdrawing from classes that have class trips or are performance based is not allowed.***
  - *Example: Withdrawing from band or choir after the Spring trip*

ACADEMIC LETTERING

The Academic Lettering Award is given to students who have demonstrated excellence in the classroom at Detroit Lakes High School earning a 3.5 GPA or higher. Students who qualify for an Academic Letter are given a physical letter with the word academics on it, the first time they earn this award. In successive years, students will get an academic pin. Students can earn an academic letter each year that they are in high school.

The goals of the academic lettering program are:

- To recognize students who excel academically
- To demonstrate to students, staff, and the community the importance of academic effort over time.

GRADUATION CEREMONY PARTICIPATION

Participation in the Graduation Ceremony is a privilege extended to students who have met all state and school district graduation requirements by the date of the graduation ceremony and are in good standing with the school.

Examples of not being in good standing include, but are not limited to:

- Not accumulating enough credits
- Being under suspension or expulsion
- Committing school pranks that cause disruption, endanger other students, or damage school property.

All required coursework must be completed and turned in to the classroom teacher before 3:30 on the last day of school for Seniors. Students at risk of not participating in the ceremony and their parents are informed of their status on a regular basis throughout the school year.

GRADUATION CEREMONY STUDENT SPEAKERS

Student graduation speakers are nominated by students in the graduating class and staff. Administration has final decision making power on graduation speakers. Attendance, behavior, academics, positive school involvement, and content of speeches are all taken into consideration. All speeches must be pre-approved by DLHS Administration.

GRADUATION - EARLY

Students may be considered for early graduation, as provided for within Minn. Stat. 120B.07, upon meeting the following conditions:

- All course, credit and academic standard requirements must be met.
- The principal or designee shall conduct an interview with the student and parent or guardian, familiarize the parties with opportunities available in post-secondary education.
- The principal's decision shall be in writing and may be subject to review by the superintendent and school board.

Early graduation is a privilege, and requires the written approval of a student's parent/guardian, a school counselor, and the principal. It also requires advanced planning so that the student meets all requirements established by the State Department of Education and the Board of Education of ISD #22. Students contemplating early graduation should contact the Counseling Center for additional information. Students who are early graduates, but who return to take additional classes, are subject to the same regulations and rules as all other students. In order for early grads to be eligible for spring activities:

- You cannot accept your diploma until spring graduation exercises.
- You must be properly enrolled and attending school regularly.
- You must be carrying a minimum of six credits in the spring semester.
- When you graduate and are a member of a team with a season in progress, you may complete the season providing three or fewer weeks remain of the regularly scheduled contests, excluding tournament play.

PROGRESS REPORTS AND REPORT CARDS

Progress reports and report cards can always be obtained electronically, at any time, by logging into your Skyward family or student access account. Parents/guardians can access their students' grades via the Skyward Parent Portal. Mid-term progress reports will be communicated with students and parents/guardians in danger of/or failing a course shortly after the mid-way point of each semester. Report cards will be posted shortly after the end of a semester in Skyward. The Main Office will communicate with students and families when grades have been finalized at the end of each semester. End of semester dates are included in the district calendar. Transcripts can be ordered at any time through Parchment. Please contact Student Services with any questions related to transcripts and our use of Parchment.

ELIGIBILITY AND SCHOOL ACTIVITIES POLICY

The Detroit Lakes Public Schools adopts, and follows the Minnesota State High School League (MSHSL) rules for all extracurricular activities. In addition to the MSHSL rules, the district has established policies that pertain to student eligibility in activities. These rules and procedures will be shared with coaches/advisors, athletes and parents prior to the start of an activity.

A complete copy of all School Board policies is available at any school, the district administration center, or the school website located at https://meetings.boardbook.org/Public/Organization/2364

Mid-Quarter Academic Eligibility Checks

To support student success and encourage academic progress throughout the school year, Detroit Lakes High School conducts mid-quarter grade checks for extracurricular and co-curricular eligibility on the following dates:

- Quarter 1 Progress Check: September 30, 2026
- Quarter 2 Progress Check: December 3, 2026

- Quarter 3 Progress Check: February 17, 2027
- Quarter 4 Progress Check: April 21, 2027

These progress checks provide an opportunity for students, families, and staff to monitor academic performance before the end of each quarter. Academic eligibility standards help ensure that participation in activities remains balanced with a student's primary responsibility of learning and academic achievement. Students who are experiencing academic difficulties are encouraged to seek support from teachers, counselors, and intervention opportunities available at DLHS.

BEHAVIOR & DISCIPLINE

STUDENT CONDUCT AND "LAKER" PRIDE

We expect our students to show LAKER PRIDE at DLHS. This stands for **L**eaders, having a good **A**ttitude, being **K**ind, striving for **E**xcellence, and being **R**esponsible.

NON-EXCLUSIONARY DISCIPLINE

Maintaining a safe and welcoming learning environment is of utmost importance at DLHS. The procedures and policies below play a major role in maintaining the type of environment where students can learn, feel connected and safe here at school. When behavior issues do arise, DLHS staff intervene with the utmost professionalism with techniques that are pedagogically proven to improve student behavior. This includes the use of non-exclusionary discipline practices as a first resort whenever possible.

REMOVAL OF STUDENTS FROM CLASS OR ACTIVITY PERIODS

Teachers have the responsibility of attempting to modify disruptive student behavior by such means as conferring with the student, using positive reinforcement, assigning detention or other consequences, or contacting the student's parents. When such measures fail, or when the teacher determines it is otherwise appropriate based upon the student's conduct, the teacher shall have the authority to remove the student from class pursuant to the procedures established by this discipline policy. "Removal from class" and "removal" mean any actions taken by a teacher, principal, or other school district employee to prohibit a student from attending a class or activity for a period of time not to exceed five (5) days, pursuant to this discipline policy.

GROUNDS FOR REMOVAL FROM CLASS SHALL INCLUDE ANY OF THE FOLLOWING:

- Willful conduct that significantly disrupts the rights of others to an education, including conduct that interferes with a teacher's ability to teach or communicate effectively with students in a class or with the ability of other students to learn;
- Willful conduct that endangers surrounding persons, including school district employees, the student or other students, or the property of the school;
- Willful violation of any school rules, regulations, policies or procedures, including the Code of Student
- Other conduct, which in the discretion of the teacher or administration, requires removal of the student from class

REASONABLE FORCE STANDARD

A teacher, school principal, school bus driver, or other agent of the district, in exercising the person's lawful authority, may use reasonable force when it is necessary under the circumstances to correct or restrain a student to prevent bodily harm or death to the student or to another. (Minn. Stat. § 121A.582 Student discipline; reasonable force)

ALCOHOL, DRUGS, AND DRUG PARAPHERNALIA

Alcohol, Drugs, and Drug Paraphernalia have no place in schools and will not be tolerated at DLHS. Staff officials who have a reason to suspect use or possession of illegal drugs on school campus, are authorized to search the student, his/her locker, car or property and confiscate any contraband. If illegal items are discovered, parents/guardians will be notified as soon as possible by an administrator and may be requested to come to school immediately to help address the situation. This includes the use, possession and distribution of non-prescribed medications. Violations of this policy will result in the following:

- Suspension from school.
- Possible loss of parking privileges until a chemical health program has been completed.
- Referral to our Chemical Health Coordinator
- Referral to our Detroit Lakes Police SRO Officer
- Referral to outside chemical health agencies for repeat offenses.

ALCOHOL SCREENING FOR AFTER SCHOOL EVENTS

Detroit Lakes High School may choose to administer alcohol screening tests to students who choose to attend after-school events such as dances, Prom, athletic contests, etc. Students who are detected to have alcohol in their system will be referred to an on-duty officer from the Detroit Lakes Police Department. Our School Resource Officer is always involved in these screenings.

COMPLIANCE WITH SCHOOL PERSONNEL

Students are expected to comply with all reasonable requests from any school personnel. Requests for a student's name, to accompany the staff member or report to the office, or directives to cease an activity are always considered reasonable requests. Refusal to comply with a reasonable directive, fleeing, or giving a false name will be treated as insubordination and result in appropriate disciplinary action.

DISPLAYS OF AFFECTION

School is not the appropriate place for students to display physical affection. Students are asked to refrain from intimate behavior (kissing, embracing, etc.) during school or at school events. Teachers and staff members are instructed to address students whose displays of affection are not appropriate for school.

DISRUPTIVE BEHAVIOR

Each and every student is responsible for behaving in a manner that does not disrupt the order and safety of the learning environment. Students exhibiting behavior that creates or has the potential to disrupt the learning environment is in violation of school Rule 8 of District Discipline Regulations. Examples include, but are not limited to, throwing food in the lunchroom or being involved in activities such as the assassins game, which disrupt the learning environment of the school. Consequences may include mediation, in-school suspension, out-of-school suspension, and restitution for damages to the building and personal belongings.

BULLYING/CYBERBULLYING/MALICIOUS AND SADISTIC CONDUCT

The safety and wellbeing of all DLHS students is of the utmost importance to our staff. School Board Policy #514 supports our goal of preventing and responding to any act of bullying, intimidation, violence, or other disruptive behaviors.

"Bullying" means intimidating, threatening, abusive, or harming conduct that is objectively offensive and:

- an actual or perceived imbalance of power exists between the student engaging in the prohibited conduct and the target of the prohibited conduct, and the conduct is repeated or forms a pattern; or
- materially and substantially interferes with a student's educational opportunities or performance or ability to participate in school functions or activities or receive school benefits, services, or privileges. The term, "bullying," specifically includes cyberbullying as defined in School Board policy #514.
- An act of bullying, by either an individual student or a group of students, is expressly prohibited on school premises, on school district property, at school functions or activities, or on school transportation. This policy also applies to any student whose conduct at any time or in any place constitutes bullying or other prohibited conduct that interferes with or obstructs the mission or operations of the school district or the safety or welfare of the student, other students, or materially and substantially interferes with a student's educational opportunities or performance or ability to participate in school functions or activities or receive school benefits, services, or privileges.

Malicious and Sadistic Conduct

2023 legislation outlines the prohibition of malicious or sadistic conduct under the bullying provision. A definition of this type of conduct is below.

- "Malicious and sadistic conduct" means creating a hostile learning environment by acting with the intent to cause

harm by intentionally injuring another without just cause or reason or engaging in extreme or excessive cruelty or delighting in cruelty.
- Malicious and sadistic conduct involving race, color, creed, national origin, sex, age, marital status, status with regard to public assistance, disability, religion, sexual harassment, and sexual orientation and gender identity as defined in Minnesota Statutes, chapter 363A is prohibited. This prohibition applies to students, independent contractors, teachers, administrators, and other school personnel.

DRESS CODE

The purpose of a dress code is to maintain a safe, respectful, professional learning environment for all students. Additionally, to ensure that all students are treated equitably regardless of gender, gender identification, sexual orientation, race ethnicity, cultural observance, body type/size, household income, religion and personal style. Students are generally allowed to wear clothing of their choice as long as it is not disruptive to the educational environment or causes a safety concern in school. Appropriate clothing includes clothes that are reasonably modest, commonly decent, covers the body well and is appropriate for school. Inappropriate clothing for school can include (but is not limited to) the following:

- Creates a potential danger to students' health and safety
- Creates disorder/distraction in the learning environment
- Causes others to be intimidated by fear or violence
- Apparel promoting illegal activity by minors (For example, drugs or alcohol)
- Is offensive or discriminatory in nature (lewd, sexual in nature, or promotes chemical use)
- Communicates a message that is racist, sexist, or otherwise derogatory.
- Approve, advance or provoke any form of harassment and/or violence against any individual or group of people.

School administration reserves the right to make determinations relating to appropriate dress and attire in the event that questions arise relating to the details above. Minimally, students who are in violation of the dress code will be asked to remove offending items and store them in their locker or in the office. Students whose clothing is particularly offensive or who continue to violate this policy or who willingly fail to comply with directives to remove offending items will face disciplinary action for insubordination.

DISCIPLINARY ACTION OPTIONS

It is the general policy of the school district to utilize progressive discipline to the extent reasonable and appropriate based upon the specific facts and circumstances of student misconduct. The specific form of discipline chosen in a particular case is solely within the discretion of the school district. At a minimum, violation of school district rules, regulations, policies or procedures will result in discussion of the violation and a verbal warning. The school district shall, however, impose more severe disciplinary sanctions for any violation, including exclusion or expulsion, if warranted by the student's misconduct, as determined by the school district.

- **Examples of privileges afforded to students that may be lost due to misbehavior include:** Open Lunch, Open Hour, parking in the school lot, attending school activities as a spectator, attending school dances and Prom, being part of the Homecoming or Snoball coronation, participation in the Graduation ceremony, participating in athletic competitions, and others determined by administration.

FIGHTING AND ASSAULT

Fighting, Assault, or other acts of aggression will not be tolerated at DLHS. Students engaging in these behaviors will be suspended from school for a minimum of 3-5 days and referred to law enforcement for legal consequences.

HARASSMENT AND VIOLENCE

Everyone in the Detroit Lakes Public School has a right to feel respected and safe. Consequently, it is important for everyone to know about the district policy to prohibit sexual, racial, or religious harassment or violence.
A harasser may be a student or an adult. Harassment may include, but is not limited to any of the following when related to race, religion, sex or gender:

- Name calling, jokes or rumors;
- Pulling on clothes;
- Graffiti;
- Notes or cartoons;
- Unwelcome touching of a person or clothing;
- Offensive or graphic posters, book covers; or any words or actions that make you feel uncomfortable, embarrass

you, hurt your feelings, or make you feel bad.

If any words or actions make you feel uncomfortable or fearful, you need to tell a teacher, counselor, social worker, principal, assistant principal, or the District Human Rights Officer.

You may also make a written report using your own paper or the district report form available in the principal's office, School District office, or the office of the Human Rights Officer. It should be given to the teacher, counselor, social worker, principal, assistant principal, or the District Human Rights Officer. Your right to privacy will be respected as much as possible.

We take all reports of sexual, racial, or religious harassment or violence seriously and will take timely and appropriate action based on your report. The School District will also take action if anyone tries to intimidate you or take action to harm you because you have made a report.

HAZING

At Detroit Lakes High School, hazing means committing an act against a person or coercing a person into committing an act that creates a risk of physical or emotional harm to a person (with or without the person's consent) in order for the person to be initiated into an organization or for any other purpose. Hazing activities of any type, including displays of clothing or other articles that promote hazing activities, are inconsistent with the educational goals of the school district and are prohibited at all times. The district's hazing policy applies to behavior that occurs on or off school property and during and after school hours and applies to any student organization even if the group is not an official school organization.

INAPPROPRIATE LANGUAGE

Use of profane and inappropriate language has no place in the school setting and may result in disciplinary action.

INSUBORDINATION

Insubordination means that a student does not comply with a reasonable request from a teacher, any staff member, administrator, or volunteer. When students display this type of behavior they jeopardize the safety of themselves and others in the school environment.

NUISANCE ITEMS

There are items that are not appropriate for the school setting and can cause disruption or distraction. Students in possession of these types of items will be asked by a staff member to turn them in. Examples include but are not limited to: laser pointers, liquid sprays, lighters, glow sticks, glitter, confetti, stink spray, etc..

RESPECT FOR PROPERTY

The citizens of the Detroit Lakes School District have provided us with amazing facilities. Students are expected to do their part in taking care of our building including classroom areas, hallways, and especially the commons/lunchroom. Students are always expected to clean up after themselves and will be reminded to do so if garbage, food, or other items are left in the common areas. We expect students to take pride in these amazing spaces and begin to learn the importance of keeping things in good condition.

SOCIAL MEDIA PROCEDURES

Schools are authorized to discipline students for off campus behavior as long as there is some connection (a "nexus") between the behavior and the school and the behavior materially disrupts the school in some manner. Social media can be one of these "nexus" to school and often is the place where harassment, bullying, hazing, and even cheating on academics take place in today's world.

Understand that the primary responsibility for monitoring student use of social media lies with the parent. DLHS will respond in accordance with the discipline policies established by our School Board and by the State of MN when students are harassed, bullied, otherwise mistreated, or participate in academic dishonesty using social media or other online means. One of the best tools we have to combat these online forms of bullying is to promote healthy use of social media with our children. Below is a social media emergency plan that we employ when issues arise on social media. Please help us by monitoring your student's use of social media accounts, and by reporting issues that you see to administration.

Social Media Emergency Plan

- Parents can always lock down their kids' accounts on different programs.
- Investigation Plan: DLHS will determine High, Medium, and Low Risk issues:
    - Step 1: Determine nature of the threat, bullying, harassment, or inappropriate conduct.
    - Step 2: Investigate and work to get content taken down from social media platforms.
    - Step 3: Communicate with families the steps taken and the next steps to help remedy the situation.
    - Step 4: Develop a safety plan moving forward for those affected.
    - Step 5: Conduct an after action review to ensure that the problem has been addressed appropriately.

TOBACCO/VAPING

In accordance with State Law and School Board policy #419, no student, teacher, administrator, other school personnel of the school district, or person may smoke or use tobacco, tobacco-related devices, or carry or use an activated electronic delivery device in a public school. This prohibition extends to all facilities, whether owned, rented, or leased, and all vehicles that a school district owns, leases, rents, contracts for, or controls. In addition, this prohibition includes vehicles used, in whole or in part, for work purposes, during hours of school operation, if more than one person is present. This prohibition includes all school district property and all off-campus events sponsored by the school district.

***In accordance with District Policy #632 and State statute, tobacco used for the purpose of Indigenous ceremonies that are conducted under the supervision of a school official or Tribal Elder is not part of the tobacco policy referenced above. Indigenous students at DLHS regularly participate in smudging ceremonies and are encouraged to do so in celebration of their cultural heritage.**

WEAPONS/REPLICA WEAPONS/DANGEROUS OBJECTS

A "weapon" means any object, device or instrument designed as a weapon or through its use is capable of threatening or producing bodily harm or which may be used to inflict self-injury including, but not limited to, any firearm, whether loaded or unloaded; air guns; pellet guns; BB guns; all knives; blades; clubs; metal knuckles; num-chuks; throwing stars; explosives; fireworks; mace and other propellants; stun guns; ammunition; poisons; chains; arrows; and objects that have been modified to serve as a weapon. No person shall possess, use, or distribute anything which appears to be a weapon. Consequences for broken or fake weapons will be the same as for real and functional weapons.

VANDALISM

Vandalism is a violation of the law and will not be tolerated at DLHS. Student actions that cause damage to school equipment, property, or any property belonging to staff may result in suspension from school, payment for damages, restitution for the school's expenses or a recommendation for expulsion.

IN-SCHOOL SUSPENSION

DLHS utilizes an In-School Suspension program for students who are not following the rules or are otherwise disrupting the operation of the school.

Students assigned to ISS will be marked Unexcused for the classes they are assigned to ISS unless they report to ISS (if a student is assigned to ISS for the afternoon and refuses to go to ISS by leaving school or hiding, they will be marked unexcused for those periods). Unexcused absences due to not reporting to ISS will count towards a student's attendance ultimately resulting in being dropped from a class and earning a failing grade on their transcript.

DLHS BEHAVIOR GUIDE

The behavior guide below is used by DLHS staff to respond to behaviors in a professional, research based, and consistent manner. Unique or special circumstances always arise that may call for a response that is different from a typical response listed in the chart below. Administration always has the ability to use discretion in these situations.

HEALTH, SECURITY, AND SAFETY

YOU FEEL SICK OR INJURE YOURSELF DURING SCHOOL?

- Ask your teacher for a pass to see the nurse. You will receive permission to use the telephone in the Main Office to contact your parent/guardian. The Health Assistant must speak to your parent/guardian and issue you a pass to leave the building. Be sure to follow proper sign-out procedures to avoid an unexcused absence.

MEDICATION ADMINISTRATION

In the event that it is necessary for you to take prescription medication during school hours, it is necessary to have a statement signed by your physician and parent, with medication named, directions for administration and an authorization for school personnel to administer the medicine. The form is available in the Main Office and should be returned to the school along with the medication in an originally labeled bottle from the pharmacy that issued the medication. Prescription medication must be kept in the health office and will be distributed under the supervision of a health assistant or certified staff member.

EMERGENCY PROCEDURES

EVACUATION AND LOCKDOWN DRILLS

The state of Minnesota requires all schools in the state to conduct eleven emergency drills during the course of a school year. Schools must conduct five fire drills, five lockdown drills in accordance with district emergency procedures, and one tornado drill.

LOCKDOWN EXPLANATIONS

- **CODE YELLOW** is a shelter in place alert that keeps students secured in rooms and suspends regular school functions, but still allows teachers to carry on with instruction in most situations. A Code Yellow may be used for a variety of situations and there is no reason to panic. Students not already in classrooms should report to their homeroom or the nearest classroom. Students are regularly trained on Code Yellow when we conduct our required lockdown drills each year.
- **CODE RED** is a lockdown emergency where all students and staff must implement their emergency procedures training. A Code Red is an unstable situation that will stop all school functions and will involve law enforcement officers. Students and staff have full options on how to handle the situation including evacuation or lockdown. A Code Red means that you must get to the nearest safe place right away. If you are outside of a classroom, get to a classroom immediately or hide somewhere safe. If you are outside of the building you should go to the school evacuation point when the situation has ended.
- Students and staff are trained on these procedures each year and practice drills are conducted in accordance with State law.

WATER SAFETY - TESTING FOR LEAD IN DRINKING WATER

The Detroit Lakes School District will follow the recommendations of the Minnesota Department of Health's "Lead Contamination Control in School Drinking Water Guidance Manual." The Detroit Lakes School District completed lead in water testing of all potable water sources during the 2021-2022 school years. The Detroit Lakes School District followed Minnesota Department of Health's protocol in the reduction of any water sources found to be above action levels of lead. There are no known sources of water above the recommended action level for lead. Testing will be completed every 5 years. The results of testing are available upon request.

STUDENT IDs

For safety, security, and accountability, students are expected to wear their Student ID in the building. Throughout the year student IDs are scanned for attendance when students leave or enter the building during the day. They are also used in the Media Center to check out school materials. Students will be issued their student ID once they arrive after pictures. DLHS Student IDs also contain the Suicide Prevention information below as required by State Law.

Suicide Prevention:
LOOK OUT FOR EACH OTHER

*The National Suicide Prevention Lifeline: 988
*The Crisis Text Line: text MN to 741741
*National Alliance on Mental Illness:
1-800-950-NAMI or text NAMI to 741741

HELP IS AVAILABLE 24/7

ANONYMOUS TIP LINE (ATL)

Need to report something concerning? The Anonymous Tip Line (ATL) allows students, families, and community members to confidentially share concerns related to student safety, bullying, threats, mental health, substance use, or other issues that may impact our school community. If you see something, say something. Reports can be submitted anonymously through the ATL link. Anonymous Tip Line (ATL)

SCHOOL DOORS

Students are expected to use the primary entrance and check in or out during the school day. All other doors will be locked during the school day for security purposes. Propping of doors to get back in after lunch or to let other students into the building is a major safety violation. Using doors inappropriately will result in disciplinary action.

SCHOOL PROPERTY AND SEARCHES

We conduct regular and random searches of everything on school property including the parking lot, lockers, and classrooms. The school district contracts with a detection business who assists in our searches.

SCHOOL LIAISON OFFICER

DLPS is thankful to have a Detroit Lakes police officer assigned to work in our schools during the school year. Our students have benefited from the relationships they have with the officers who have worked in our schools. If you need to visit with our school resource officer, stop by the main office.

The school Liaison Officer's responsibilities include:

- Taking reports and conducting investigations of alleged criminal conduct which occur on school property or buses.
- Present to students, parents, teachers, and administrators information that relates to school safety.
- Attend school activities as appropriate.
- Be visible in the school climate and build positive relationships with students and staff.

BUS TRANSPORTATION AND SAFETY

Transportation for students is provided by district buses, Olander Bus Company (847-7533), and Schultz Bus Company (847-9266). Rules for conduct on school buses are listed in detail in the Activity Calendar and school board policy. Building Administrators are responsible for dealing with discipline problems on the school bus. Failure to abide by rules of conduct will result in disciplinary action. The maintenance of the discipline policy as established by the School Board, will be carried out by the bus driver. For security reasons, the district may utilize surveillance equipment at school and on the bus.

Buses play vital roles in the life of a school and understanding bus safety is important for all students, parents, and staff. Many of our high school students ride buses to and from school, but even those who get to school in other ways will ride a school bus for various school-related activities.

Students receive training about bus safety from their teachers and Bus Drivers when they are in elementary and middle school, but, because many students do not ride the bus every day, many miss the annual bus safety training when they get to high school.

The following Bus Safety instructions are emphasized:

- **Always** return to the curb if a bus driver honks his horn.
- **Always** stay seated and use your inside voice when on the bus. “Back to back and seat to seat.”
- **Never** go into the “danger zone” (the area 10 feet around the bus) unless the bus driver tells you it is OK to get on the bus.
- **Always** listen to the bus driver’s instructions as they are helping keep you safe.

GENERAL INFORMATION

AREA LEARNING CENTER

The Detroit Lakes Area Learning Center was established to meet the needs of students who have experienced difficulty in the public educational system. Students must meet Graduation Incentive criteria to qualify for any of the Area Learning Center’s alternative programs. ALC referrals are available in the Counseling Center and will be reviewed by the Student Assistance Team for consideration of alternative services. See the ALC Guide portion of the DLHS Student Handbook for more information.

BACKPACKS

For school security, student health, and corridor congestion reasons, students are asked to limit the contents that are carried in their backpacks during the school day. Teachers will determine appropriate use and storage of backpacks in their settings during class time.

DIRECTORY INFORMATION

In accordance with FERPA, School Board Policy #515 and Minnesota State Statute DLHS protects the privacy of pupil records using the following standards.

A. Student contact information

Under Minnesota law, a school district may not designate a student's home address, telephone number, email address, or other personal contact information as "directory information."

B. Parent contact information

The 2025 Minnesota legislature enacted the following: A parent's personal contact information must be treated as private data on individuals regardless of whether that contact information was previously designated as or treated as directory information under Minnesota Statutes, section 13.32, subdivision 2.

In addition, the 2025 Minnesota legislature enacted the following: Data concerning parents is private data on individuals but may be treated as directory information if the same procedures that are used by a school district to designate student data as directory information are followed, except that a parent's home address, telephone number, email address, or other personal contact information may not be treated as directory information.

The federal FERPA definition of "directory information" states: "Directory information" means information contained in an education record of a student that would not generally be considered harmful or an invasion of privacy if disclosed. It includes the student's name; address; telephone listing; electronic mail address; photograph; date and place of birth; major field of study; dates of attendance; grade level; enrollment status (i.e., full-time or part-time); participation in officially recognized activities and sports; weight and height of members of athletic teams; degrees, honors and awards received; and the most recent educational agency or institution attended. It also includes the name, address, and telephone number of the student's parent(s).

Directory information *does not* include:

a. a student's social security number

b. a student's identification number (ID), user ID, or other unique personal identifier used by a student for purposes of accessing or communicating in electronic systems if the identifier may be used to access education records without use of one or more factors that authenticate the student's identity such as a personal identification number (PIN), password, or other factor known or possessed only by the authorized user;

c. a student ID or other unique personal identifier that is displayed on a student ID badge if the identifier can be used to gain access to educational records when used in conjunction with one or more factors that authenticate the student's identity, such as a PIN, password, or other factor known or possessed only by the student;

d. personally identifiable data which references religion, race, color, social position, or nationality; or

e. data collected from nonpublic school students, other than those who receive shared time educational services, unless written consent is given by the student's parent or guardian.

FEES

School Board Policy #542 - CLASSROOM SUPPLIES AND MATERIALS FEE

No student will be charged a fee for books or supplies necessary to complete the basic educational requirements for graduation. In classes (such as shop, ag, home economics, art, etc.) where projects are completed using materials (wood, metal, cloth, ceramics, paints, etc.) purchased by the school district, the project completed remains the property of the school district unless the student wishes to purchase the item for the actual cost of materials. In any class where a student elects to build or make an item above and beyond minimum course requirements, the student will pay for all materials used and retain ownership of such a project.

A complete copy of all School Board policies is available at any school, the district administration center, or the school website located at https://meetings.boardbook.org/Public/Organization/2364

FOOD AND BEVERAGES IN SCHOOL

Students are permitted to store food and beverages in their lockers and are permitted to carry water with them during the school day unless specifically prohibited by the classroom teacher. Students are expected to assist in keeping our building clean and should dispose of garbage appropriately and report any spills immediately to the office or a classroom teacher. During lunch periods, students are expected to eat in the Commons. All food service inquires and questions can be directed to Anne Skjold and the district's wellness policy.

A complete copy of all School Board policies is available at any school, the district administration center, or the school website located at https://meetings.boardbook.org/Public/Organization/2364

GYMNASIUMS, WEIGHT ROOM, AND INSTRUCTIONAL SPACES

The High School gymnasiums, weight rooms, and all instructional workspaces are not available for unsupervised activities. Students will not use these facilities unless a teacher or other administration-approved staff member is in attendance to supervise. Community Education activities will be under the supervision of the District #22 Community Education Director.

HALL PASSES

Students are required to obtain permission from their teacher before leaving their classroom. Students are provided a hall pass they are to keep with them while in the hallway. If students are asked by an adult to see their hall pass, the expectation is that students respectfully comply with this request.

LOCKERS - PROPERTY

School lockers are the property of the school district. At no time does the school relinquish its exclusive control of lockers provided for the convenience of students. Inspection of the interior of lockers may be conducted by school authorities for any reason at any time, without notice, without student consent and without a search warrant. The personal possessions of students within a school locker may be searched only when school authorities have a reasonable suspicion that the search will uncover evidence of a violation of law or school rules. As soon as practicable after the search of a student's personal possessions, school authorities must provide notice of the search to the students whose lockers were searched unless disclosure would impede an ongoing investigation by police or school officials. The School District may use contraband-sniffing dogs through law enforcement or private certified contractors to conduct a general search of the hallways adjacent to student lockers. If the contraband-sniffing dog indicates that contraband is located in a locker, the interior of the locker and the items inside the locker will be searched.

Lockers should be used to house your textbooks and other school materials when they are not in use, and other personal belongings. All freshmen are automatically assigned a locker at the beginning of the year and will be expected to use that locker for the entire school year unless assigned another locker by a school principal. All 10th-12th grade students can elect to have a locker assigned to them for the school year. A student who wishes to have a locker can fill out the Google Form, QR Code, or see their counselor in Student Services. All students in physical education courses will have an athletic locker to store their personal belongings for the duration of their class.

It is important that you not share your locker or locker combination with any other student. Students are responsible at all times for their personal property and all items in their locker. You will be expected to keep your locker clean during the school year and any item displayed within the locker should be in accordance with school policy.

A complete copy of all School Board policies is available at any school, the district administration center, or the school website located at https://meetings.boardbook.org/Public/Organization/2364

LUNCH ACCOUNTS

Money for your meal account can be deposited in the Main Office or by sending to Central Food Service to be credited to your family lunch account. Students are not permitted to have a negative balance in their account. It is the responsibility of the student and parent/guardian to ensure that adequate funds are in the student's meal account.

Seniors with money left in their lunch account at the end of their senior year will leave the balance for their younger sibling or will be contacted by the food service department.

The Main Office accepts cash and checks for deposit only. Change will not be given back from checks or cash presented to pay into a lunch account.

On March 17, 2023, Governor Walz signed the MN Free School Meals bill into law. The MN Free School Meals Program is a permanent program that provides state reimbursement to schools that participate in the National School Lunch Program and the School Breakfast Program so that students can have one breakfast and one lunch at no extra cost to the student when they are in school. The Free School Meals Program began on July 1, 2023.

What is the Minnesota Free School Meals Program?

The Minnesota Free School Meals Program provides state reimbursement to schools that participate in the National School Lunch Program and School Breakfast Program so that students can have one breakfast and one lunch at no cost at school.

Can the meals be picked up or brought home like we did during the pandemic?

No. Congregate meal service is required in the National School Lunch Program and the School Breakfast Program. Meals may not be sent home, delivered, or picked up by parents or others.

Do I still need to complete the Application for Educational Benefits?

It is important for families to complete the Application for Educational Benefits. Applications for Educational Benefits determine how much funding your child's school receives for educational programs and supports. Additionally, eligible families can qualify for other benefits, such as: • WIC Benefits • Metro Transits' Transit Assistance Program • FCC Affordable Connectivity Program/Reduced price internet programs • Some summer camps, athletics programs and/or child cares offer scholarships or discounts.

What is included in the MN Free School Meals Program?

In schools with Offer versus Serve (high schools and many elementary schools): • At breakfast, the student must choose at least 3 items to be counted as a reimbursable meal. The student must choose a ½ cup serving of fruit or vegetable as part of their breakfast. • At lunch, the student must choose at least 3 components to be counted as a reimbursable meal. The student must choose a ½ cup serving of fruit or vegetable as part of their lunch.

If you are eligible for free or reduced priced meals, you must fill out the application each school year and return it to the Main Office. Forms are available in the Main Office of each school in the district as well as at the district administrative center or online through your Skyward family portal.

MATERIALS ISSUED TO STUDENTS

Students are responsible for all materials and texts issued to them as part of a class. Materials and textbooks will be collected at the end of each term. Materials and textbooks not turned in at this time will result in the cost of the item being assessed to the student.

MESSAGES and ITEM DELIVERIES

Because students have access to school email and personal communication devices, the Main Office generally does not relay non-emergency messages to students during the school day. Students will not be called out of class to receive messages except in emergency situations.

Parents/guardians may drop off items for students in the Main Office as needed. Students are responsible for stopping in the office between classes, during lunch, or after school to pick up items that have been delivered for them.

MILITARY RECRUITERS

In accordance with the "No Child Left Behind Act of 2001", school districts are required to provide the name, address, and telephone listing of secondary students to military recruiters upon request unless the parent or eligible student has requested the information not be released to military recruiters without prior consent. In such a case, the school district will seek to obtain the parent's or eligible student's written consent before releasing the data and, if there is refusal to give such consent, not provide the data.

MOBILE PHONES AND PERSONAL ELECTRONIC DEVICES (PEDS)

Electronic device procedures at DLHS:

- Cellphones are to be on silent and placed in the classroom phone caddy during academic class periods.

- All classrooms require students to place their devices in a phone caddy. It is our expectation that this occurs every class period.
- Cell phones are not needed to carry out any academic work that our instructors have students complete.
- As a 1:1 technology school, every student is issued a Chromebook each year that is capable of fulfilling all technology requests that are needed for academics.
- Earbuds and AirPods are not allowed in the classroom.
- When a student requests to use the restroom, their phone will remain in the classroom phone caddy.

- No Phones Are Allowed During Academic Intervention Time (AIT) or Advisory as these periods are treated just like any other classroom where attendance is taken.
- Important reminder: No unsolicited pictures/videos should be taken of other students without consent at any time. Unsolicited pictures/videos that are taken or sent to other students are a form of bullying or harassment and will not be tolerated.
- Phones can be used during passing time, during lunch, and in a course where the teacher specifically instructs students to use them for academic purposes only.
- AI glasses and wearable devices are not allowed at DLHS because they compromise academic honesty, threaten privacy, and can create unsafe or unfair situations. Using these devices without permission will be handled as a violation of our electronic device policy and may carry academic and disciplinary consequences.

Consequences for inappropriate use:

- ➔ First Violation
  - ◆ The device will be confiscated by the teacher and brought to the office.
  - ◆ The student can pick up their device at the end of the day.
  - ◆ The teacher will communicate home about the issue.
- ➔ Second Violation
  - ◆ The device will be confiscated by the teacher and brought to the office.
  - ◆ The student will meet with an administrator and call home.
  - ◆ The device will be held in the office for 5 days during school hours.
- ➔ Third Violation
  - ◆ The device will be confiscated by the teacher and brought to the office.
  - ◆ A parent meeting will be held to discuss solutions to the problem.
  - ◆ The device will be held in the office for 10 days during school hours.

*At any time if a student refuses to give an adult their device when asked, they will be brought to ISS in the main office and a parent meeting will be required.

**The administration reserves the right to adjust these consequences on a case-by-case basis if needed. For example, extreme behaviors that break the law or engaging in bullying or harassment of other students may result in different, more severe consequences.

Students receive information regarding expectations for cell phone and electronics usage throughout the year during advisory lessons. Consider these messages your “warning.” Students violating this policy will be asked to turn the nuisance item over to the teacher and may retrieve it at the end of the school day from the office. Students violating this policy may be required to turn the nuisance item into the office for five school days. The student may retrieve the item at the end of each day. Subsequent violations by the student will result in increased consequences as determined by school administration.

NEXUS TO SCHOOL/OFF CAMPUS BEHAVIOR

Schools are authorized to discipline students for off campus behavior as long as there is some connection (a “nexus”) between the behavior and the school and the behavior materially disrupts the school in some manner. Consequences for actions that occur off campus, but materially disrupt the school include, but are not limited to: placement in in-school-suspension (ISS), out-of-school- suspension (OSS), loss of extra-curricular eligibility as defined by Minnesota State High School League bylaws, and social suspensions (revoking of privilege to attend extra-curricular or other school-sponsored activities). “Off Campus” is defined as locations not part of the school district. Parking lots on school property and property belonging to facilities used for school-sponsored activities are considered to be on campus.

OPEN ENROLLED STUDENTS

The school district may terminate the enrollment of a nonresident student enrolled under an Enrollment Option Program (Minn. Stat. § 124D.03) or Enrollment in Nonresident District (Minn. Stat. § 124D.08) at the end of a school year if the student meets the definition of a habitual truant, the student has been provided appropriate services for truancy (Minn. Stat. Ch. 260A), and the student's case has been referred to juvenile court. The school district may also terminate the enrollment of a nonresident student over the age of sixteen (16) enrolled under an Enrollment Options Program if the student is absent without lawful excuse for one or more periods on fifteen (15) school days and has not lawfully withdrawn from school.

PARKING

All students must obtain a parking permit for any vehicle they plan to park in the school's student parking lot. Parking permits are $20 and available in the Main Office. Parking of student cars will be permitted only in the student parking lot to the south and west of the building. The northeast parking lot is reserved for staff parking and school bus use only. Violations of parking policy include:

- Failing to follow posted traffic signs and markings
- Failing to follow standard traffic laws
- Parking anywhere except the southwest student parking lot (No parking in visitor spaces, handicapped spaces, or Laker Pride spaces without a permit)
- Parking in a way which occupies more than a single parking space. Consequences for violating the parking expectations may include:
    - assigned detention time, or
    - fined for illegal parking or not having a parking permit (minimum $5), or
    - denied the privilege of parking in school's student parking lot and warned that further violations will result in towing, or
    - towed at the owner/operator's expense. Damage that may be incurred as a result of towing shall be the sole responsibility of the owner/operator.

PARKING FINE SCHEDULE

- 1st Violation – $5 Fine
- 2nd Violation – $5 Fine
- 3rd Violation – $20 Fine and Parking Permit revoked for the remainder of the school year.
- 4th Violation – $20 Fine and Towed (due to being banned from DLHS Parking Lots in 3rd violation)

PARKING - Receiving Parking Lot

Students may park in the Receiving Parking Lot (East side of the building) starting at 3:30 PM on school days. Students parked in the Receiving Parking Lot prior to 3:30 PM will be ticketed.

Buses for Activities: Students should leave their vehicles in the Student Parking Lot.

- Pick-up: Buses will continue to pick students up in the back lot by the weight room doors.
- Drop-off: Buses will now drop students off in the front student parking lot next to Lakeshirts Fieldhouse.

PESTICIDE USE

Occasionally pesticides are used to control harmful insects or weeds. Parents and students will be notified if pesticides are used in the building or on the grounds.

PLEDGE OF ALLEGIANCE

The Pledge of Allegiance is recited by students and staff at least one time per week according to the Minnesota Statute 121A.11. In accordance with State Law, anyone who does not wish to participate in reciting the Pledge of Allegiance for any personal reasons may elect not to do so. Students must respect the rights of others to make the choice to say or not to say the Pledge of Allegiance. Any disruption during this time may result in disciplinary action.

POST-SECONDARY ENROLLMENT OPTIONS (PSEO)

Any student interested in PSEO or Concurrent Enrollment Courses (CE) must make an appointment with their school counselor and parents to discuss eligibility and graduation requirements. Students who fail classes at the high school or Post-Secondary institution while enrolled in a PSEO program may lose their PSEO status and will be at risk of not graduating. More information about PSEO can be found on our school website by clicking on this link: https://hs.dlschools.net/students/registration-information

*Note that the deadline to notify the school and meet with counselors is October 30th, 2026 for Semester Two classes and May 30th, 2027 for the upcoming school year.

POSTERS

- Posters or signs shall not be placed in the building without permission from a building administrator. The main office will mark all approved posters.
- Approved posters may be placed in the following designated areas:
    - On designated bulletin boards in the halls;
    - In the commons area;
    - In individual rooms and in the display cases if the student has permission from the teacher.
- Posters shall be neat in appearance and appropriate in subject matter, grammar, spelling, etc.
- Posters allowed to be displayed in Detroit Lakes High School are:
    - those having to do with Detroit Lakes High School events, or
    - other school sponsored activities.
- Posters shall be removed by the organization the day after the event or function they advertised.

RECORDS

The school has student grades, attendance, and standardized test scores on file. If a student has attended several different schools, these records are now on file in Detroit Lakes. A student or their parents may:

- review the contents of these records by making an appointment to do so with the Principal or a school counselor.
- have copies made of anything in the school records, but you are not permitted to take the original record out of the Counseling Center or the Main Office.
- place any statement or items in your record that you wish to, if it pertains to your schoolwork.
- request that items be removed from your file. In the event that you or your parent or guardian makes such a request,
    - the person in charge of the record may or may not grant the request. In the event the request is denied, you may appeal the decision to the next highest school official, and ultimately to the School Board.

Your records, or any part thereof, cannot be transferred in writing or orally to any other place without the written consent of you and your parent or guardian, with the exception of another public school in the state in which you have already enrolled after transferring from this school. This means that your school will not, and cannot by law, without first receiving written consent from you and your parent or guardian:

- send a transcript of your school record to a college.
- send a transcript to a vocational school or university.
- give information from your record to a prospective employer.

Written consent can be given by using a form available in the Main Office of the principal or school counselor, or by writing a letter to the Main Office requesting the transfer of such records.

Students who are 18 years of age or older need not seek consent of their parents or guardian to exercise their rights of access or control of transfer of their records.

All students' records will be treated in accordance with the provisions of Public Laws 93-380, passed by Congress in 1974, and Chapter 479 of the 1974 Session Laws of the State of Minnesota. These laws and the resulting procedures described on these pages also apply to the records of all graduates of this school.

RELEASE OF DIRECTORY INFORMATION

The school district may disclose directory information from the education records of a student and information regarding parents without prior written consent of the parent of the student or eligible student, except as provided herein. Directory information includes, but is not limited to: the student's name, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, the most recent previous educational agency or institution attended. Directory information does not include personally identifiable data that references religion, race, color, social position or nationality.

A parent or eligible student who does not wish to have any or all of the directory information disclosed must provide written notice to the responsible administrator that shall include the following:

- Name of the student and/or parent, as appropriate;
- Home address;
- School presently attended by student;
- Parent's legal relationship to student, if applicable; and
- Specific categories of directory information to be made not public with the parent's or eligible student's prior written consent, which shall only be applicable for that school year.

A complete copy of all School Board policies is available at any school, the district administration center, or the school website located at https://meetings.boardbook.org/Public/Organization/2364

SCHOOL PROPERTY AND SEARCHES

We conduct regular and random searches of everything on school property including the parking lot, lockers, and classrooms. The school district contracts with a detection business who assists in our searches.

SCHOOL LIAISON OFFICER - SRO

DLPS has a Detroit Lakes police officer assigned to work in our schools during the school year. Our students have benefited from the relationships they have with the officers who have worked in our schools. If you need to visit with our school resource officer, stop by the main office.

The school Liaison Officer's responsibilities include:

- Taking reports and conducting investigations of alleged criminal conduct which occur on school property or buses.
- Present to students, parents, teachers, and administrators information that relates to school safety.
- Attend school activities as appropriate.
- Be visible in the school climate and build positive relationships with students and staff.

SCHOOL-TO-WORK (STW)

The DLHS School-To-Work program connects the community and the classroom by providing meaningful and relevant learning experiences for all learners regardless of age. The three main goals of School-To-Work are:

- Career Exploration
- Application of Knowledge and Skills
- A seamless transition from K-12 into post-secondary education or the workplace.

School-To-Work is a partnership between our schools, community organizations, employers, and post-secondary institutions. They work together to provide learning experiences that develop broad transferable skills which help students learn how school and careers fit together. Students learn academic knowledge, technical proficiency, task management skills, critical thinking skills, communication skills, team work, and problem solving skills

School-To-Work has three components. They are as follows:

- School-Based Learning: Students learn math, science, English/Language Arts, social studies, technology and other knowledge, skills and standards in the context of the world of work.
- Work-Based Learning: Students gain practical experience and training through learning activities provided by community businesses and agencies. Examples are field trips, guest speakers, job shadowing, internships, mentorships, and youth apprenticeships.
- Connecting Activities: Links between employers, schools, teachers, and students are formed to match young people with employers, mentors, and other learning experiences.

SECTION 504

REHABILITATION ACT OF 1973 (ANNUAL NOTICE AND INFORMATION REGARDING SECTION 504 ACT)

Section 504 is an Act which prohibits discrimination against persons with disability in any program or activity that receives or benefits from Federal Financial assistance. The Act defines a person with a disability as anyone who:

- has a physical or mental impairment which substantially limits one or more major life activities including activities such as caring for one's self, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning and working; or
- has a record of such an impairment; or

- is regarded as having such an impairment. (34 Code of Federal Regulations Part 104.3). In order to fulfill its obligations under Section 504, the Detroit Lakes School District #22 recognizes a responsibility to avoid discrimination in policies and practices regarding its personnel and learners. No discrimination against any person with a disability will be permitted in any of the programs and practices in the school system

The school district has specific responsibilities under the Act, which include the responsibility to identify, evaluate and if the child is determined to be eligible under Section 504, provide access to appropriate education services.

If the parent or guardian disagrees with the determination made by the professional staff of the school district, he/she has a right to a hearing with an impartial hearing officer.

The Family Educational Rights and Privacy Act (FERPA) also specifies rights related to educational records. The Act gives the parent or guardian the right to:

- inspect and review his/her child's educational records;
- make copies of these records;
- receive a list of all individuals having access to those records;
- ask for an explanation of any item in the records;
- ask for amendment to any report on the grounds that it is inaccurate, misleading, or violates the child's rights; and
- a hearing on the issue if the school refuses to make the amendment.

Please contact your child's counselor at 847-4491 if you have questions.

SEMESTER ASSESSMENTS ("FINALS")

All students are expected to be in all of their classes (including study halls and classes they do not have a final test) during "Finals." Attendance procedures operate the same as any other school day: teachers will be reporting all absences, parents are expected to notify the Main Office of absences, and students are liable for consequences resulting from unexcused absences.

Students are responsible for making arrangements with teachers to make up final tests if absent on test days.

STUDENT AND VISITOR IDENTIFICATION

To help maintain a safe and secure learning environment, all Detroit Lakes High School students are expected to wear their school-issued student ID during the school day. Student IDs should be visible and worn around the neck or otherwise displayed so they can be easily seen by staff. Student IDs help staff quickly identify students, support school safety efforts, and facilitate access to school services and activities.
All visitors to Detroit Lakes High School must check in through the Main Office upon arrival and wear a visitor badge while in the building. Visitor badges must remain visible at all times and be returned when signing out.
Students who lose or damage their ID should obtain a replacement through the Main Office. Replacement fees apply.

POLICY 520: STUDENT SURVEYS PURPOSE

Occasionally the school district utilizes surveys to obtain student opinions and information about students. The purpose of this policy is to establish the parameters of information that may be sought in student surveys. Student surveys may be conducted as determined necessary by the school district using the following guidelines:

- Student surveys will be conducted anonymously and in an indiscernible fashion. No mechanism will be used for identifying the participating student in any way. No attempt will be made in any way to identify a student survey participant. There will be no requirement that the student return the survey, and no record of the student returning a survey will be maintained.
- Surveys containing questions pertaining to the student's or the student's parent(s) or guardian(s) personal beliefs or practices in sex, family life, morality and religion will not be administered to any student unless the parent or guardian of the student is notified in writing that such survey is to be administered and the parent or guardian of the student gives written permission for the student to participate in such survey. Any and all documents containing the written permission of a parent for a student to participate in a survey will be maintained by the school district in a file separate from the survey responses.

A complete copy of all School Board policies is available at any school, the district administration center, or the school website located at https://meetings.boardbook.org/Public/Organization/2364

SURVEILLANCE EQUIPMENT

To help ensure the safety of students and staff, Detroit Lakes High School uses video cameras for surveillance on school property including, but not limited to, hallways, the commons, the cafeteria, the gymnasiums, and parking areas. Video cameras are not to be used for classroom surveillance unless the principal of the school and the teacher of the classroom consent to the surveillance.

Video cameras are not used at a time or location that would violate a student's reasonable expectation of privacy including, but not limited to, a locker room, lavatory, or another area where a student may disrobe.

STATEWIDE TESTING AND ASSESSMENT INFORMATION

Minnesota's statewide assessments measure that curriculum and instruction in our schools are aligned to the academic standards, ensuring all students are being provided an equitable education. A statewide assessment is just one measure of your student's achievement, but your student's participation is important to understand how effectively the education is aligned to the academic standards.

In Minnesota's implementation of the federal Every Student Succeeds Act, a student not participating in the statewide assessments will not receive an individual score and will be counted as "not proficient" for the purpose of school and district accountability, including opportunities for school support and recognition.

Students who receive a college-ready score on the high school MCA are not required to take a remedial, non credit course at a Minnesota State college or university in the corresponding subject area, potentially saving the student time and money.

Educators and policy makers use information from assessments to make decisions about resources and support provided.

School performance results that are publicly released and used by families and communities are negatively impacted if students do not participate in assessments. 27 / The Minnesota Comprehensive Assessments are given annually to students in grade 10 (reading), grade 11 (mathematics), and biology (science). A complete testing calendar will be available each year on the assessment page of the District website. Including information about the opting out procedures.

TITLE IX POLICY

It is the policy of the Board of Education of School District #22 not to discriminate on the basis of sex in its educational program, activities or employment policies as required by Title IX of the 1972 Education Amendments. Inquiries regarding compliance with Title IX may be directed to Title IX Coordinator (Kylie Johnson, HR Director) at 702 Lake Avenue, Detroit Lakes (847-9271) or to the Director of the Office for Civil Rights, Department of Health and Welfare, Washington, D.C.

TECHNOLOGY USE

Any cell phone or other recording device used to record any illegal activity will be confiscated by the SRO as evidence.

The Detroit Lakes Public School District has established School Board Policy 524 "Access to and Use of the District Technology System (Networked Information Resources)" to detail district expectations and guidelines regarding the use of these resources. The information below is a summary of Policy 524. The full policy is available on the DLPS website at https://meetings.boardbook.org/Public/Organization/2364

The school district is providing students with access to the school district computer system, which includes Internet access. The purpose of the system is more specific than providing students with general access to the Internet. The school district system has a limited educational purpose, which includes use of the system for classroom activities, educational research, and professional or career development activities. Users are expected to use Internet access through the district system to further educational and personal goals consistent with the mission of the school district and school policies. Uses which might be acceptable on a user's private personal account on another system may not be acceptable on this limited-purpose network.

Electronic mail as well as telephone communication, voicemail, and data stored, received or sent via DLPS phone

equipment, computers and related computer equipment are the sole property of the school district. Users of these systems should assume no privacy with respect to these systems.

The use of the school district system and access to use of the Internet is a privilege, not a right. Depending on the nature and degree of the violation and the number of previous violations, unacceptable use of the school district system or the Internet may result in one or more of the following consequences: suspension or cancellation of use or access privileges; payments for damages and repairs; discipline under other appropriate school district policies, including suspension, expulsion, or exclusion; or civil or criminal liability under other applicable laws.

UNACCEPTABLE USES

The following uses {not limited to those listed} of the school district system and Internet resources or accounts pertain to student users and are considered unacceptable:

- Users will not use the school district system to access, review, upload, download, store, print, post, receive, transmit or distribute:
    - pornographic, obscene or sexually explicit material or other visual depictions;
    - obscene, abusive, profane, lewd, vulgar, rude, inflammatory, threatening, disrespectful, or sexually explicit language;
    - materials that use language or images that are inappropriate in the education or professional setting, or disruptive to the educational process;
    - information or materials that could cause damage or danger of disruption to the educational process;
    - materials that use language or images that advocate violence or discrimination toward other people (hate literature) or that may constitute harassment or discrimination.
- Users will not use the district system to knowingly or recklessly post, transmit or distribute false or defamatory information about a person or organization, or to harass another person, or to engage in personal attacks, including prejudicial or discriminatory attacks.
- Users will not use the school district system to engage in any illegal act or violate any local, state or federal statute or law.
- Users will not use the school district system to vandalize, damage or disable the property of another person or organization, will not make deliberate attempts to degrade or disrupt equipment, software or system performance by spreading computer viruses or by any other means, will not tamper with, modify or change the school district system software, hardware or wiring or take any action to violate the school district's security system, and will not use the school district system in such a way as to disrupt the use of the system by other users.
- Users will not use the school district system to gain unauthorized access to information resources or to access another person's materials, information or files without the implied or direct permission of that person.
- Unless directed and for official school district use, users will not use the school district system to post private information about another person's personal contact information about themselves or other persons, or other personally identifiable information, including, but not limited to, addresses, telephone numbers, school addresses, work addresses, identification numbers, account numbers, access codes or passwords, labeled photographs or other information that would make the individual's identity easily traceable, and will not repost a message that was sent to the user privately without permission of the person who sent the message.
    - These prohibitions specifically prohibit a user from utilizing the school district system to post personal information about a user or another individual on social networks, including, but not limited to, social networks such as "Instagram", "Twitter" and "Facebook."
- Users must keep all account information and passwords for software (which is not housed or managed on the district network) on file and/or communicate the location of this information to the employee's building administrator or supervisor. It is not necessary to keep account information and passwords on file for Skyward or the district network login information. Users may not share account information or passwords with others users. Users will not attempt to gain unauthorized access to the school district system or any other system through the school district system, attempt to log in through another person's account, or use computer accounts, access codes or network identification other than those assigned to the user. Messages and records on the school district system may not be encrypted without the permission of appropriate school authorities.
- Users will not use the school district system to violate copyright laws or usage licensing agreements, or otherwise to use another person's property without the person's prior approval or proper citation, including the downloading or exchanging of pirated software or copying software to or from any school computer, and will not plagiarize works they find on the Internet.
- Users will not use the school district system for conducting business, for unauthorized commercial purposes or for

financial gain unrelated to the mission of the school district. Users will not use the school district system to offer or provide goods or services or for product advertisement.

A student engaging in the foregoing unacceptable uses of the Internet when off school district premises also may be in violation of this policy as well as other school district policies. Examples of such violations are, but are not limited to, situations where the school district system is compromised or if a school district employee or student is negatively impacted. If the school district receives a report of an unacceptable use originating from a non-school computer or resource, the school district may investigate such reports to the best of its ability. Students may be subject to disciplinary action for such conduct, including, but not limited to, suspension or cancellation of the use or access to the school district computer system and the Internet and discipline under other appropriate school district policies, including suspension, expulsion, or exclusion.

If a user inadvertently accesses unacceptable materials or an unacceptable Internet site, the user shall immediately disclose the inadvertent access to an appropriate school district official. In the case of a school district employee, the immediate disclosure shall be to the employee's immediate supervisor and/or the building administrator. This disclosure may serve as a defense against an allegation that the user has intentionally violated this policy. In certain rare instances, a user also may access otherwise unacceptable materials if necessary to complete an assignment and if done with the prior approval of and with appropriate guidance from the superintendent.

FILTER

With respect to any of its computers with Internet access, the School District will monitor the online activities of minors and employ technology protection measures during any use of such computers by minors and adults. The technology protection measures utilized will block or filter Internet access to any visual depictions that are 1) obscene; 2) child pornography; or 3) harmful to minors. The term "harmful to minors" means any picture, image, graphic image file, or other visual depiction that:

- Taken as a whole and with respect to minors, appeals to a prurient interest in nudity, sex, or excretion; or
- Depicts, describes, or represents, in a patently offensive way with respect to what is suitable for minors, an actual or simulated sexual act or sexual contact, actual or simulated normal or perverted sexual acts, or a lewd exhibition of the genitals; and
- Taken as a whole, lacks serious literary, artistic, political, or scientific value as to minors.

An administrator, supervisor, or other person authorized by the Superintendent may disable the technology protection measure, during use by an adult, to enable access for bona fide research or other lawful purposes. Violations of the above activities will result in disciplinary action, based upon the current discipline policy.

VIOLATION GUIDELINES

        - Earn the credit through summer school

Attendance

Attendance Expectations for E-Laker Students

Even though you are taking courses online, your attendance will be monitored. Attendance is recorded each Monday based on your engagement and progress from the previous week. Make adequate progress toward completing each course, which is based on Subject Online Learning Platform course progress.

a) In order for your attendance to be in good standing, you are expected to log in and work a minimum of 5 hours per course per week.

- A full-time E-Laker student taking 6 classes is expected to log in and work for 25–30 hours per week to meet attendance requirements and to complete their work on time.
- You can avoid having absences by making adequate weekly progress in your assigned coursework or by working ahead in your coursework.
- Students do not need to log in at a certain time, as the learning at E-Laker is asynchronous.
- E-Laker students should be within 5 percentage points of the course progress.
- Subject Online Learning Platform tracks time logged in as well as idle time, both of which are factored into attendance.
- Please note that under **MN. Stat. § 120A.22**, “*a student who is absent from instruction for 15 consecutive school days must be considered unenrolled.”* This includes not logging into your online courses.

Drop/Fail For Attendance Reasons

Unexcused and Non-Exempt student absences could result in a student being “Drop/Failed” from a course. Our highest priority is getting students to work on their courses so that they can stay on track, earn credits, and graduate. Understand that courses at the High School level cannot simply be “made up” after lengthy periods of learning loss. Particularly if a student shows a continued pattern of absences or no effort in their courses without any improvement after staff intervention. Full-time E-Laker students should be spending 5 hours per day on coursework, which is approximately 25-30 hours per week.

- Please note that under **MN. Stat. § 120A.22**, “*a student who is absent from instruction for 15 consecutive school days must be considered unenrolled.”* This includes not logging into your online courses.
- Students who have been non-exempt in a class are eligible to be dropped from the classes they have been skipping. Drop/Failing a class will not happen for students under the age of 17 until they qualify for the 15-Day Truancy Letter and will be built into their Attendance Contract.

Absence Reporting Procedures

- Please notify Cali Harrier, E-Laker Online coordinator (218-844-4085), or the DLHS Attendance Line

(218-847-4491 press 1) if you become ill for several days, if you are planning to be out of town for an extended period of time, or if there is a reason you are not logging in for an extended period of time.

- The school district may require a signed note from a medical professional for absences due to illness or medical reasons, especially when those absences become excessive.
- Students who are 18 years old and are independent, as defined by section 152 of the Internal Revenue Code, and who have provided documentation of independence may excuse their own absences, but are required to abide by all DLHS attendance rules and regulations. 18-year-old students who are claimed as dependents by their parents or guardians are, in accordance with Minnesota Statute 120A.20, governed by the same set of rules and regulations that are applied to all other students.

Accountability

Online students must be independent, disciplined, and motivated. The E-Laker program offers flexibility, but with that comes the responsibility to stay actively involved, consistently move forward in your coursework, and be paired with accountability. Accountability will be measured by *progress in coursework*.

- Weekly progress MUST be achieved as measured by Subject courses' progress data. Lack of progress in the daily **course progress.** *(More than 5% behind)*
    - Week One: The teachers, coordinator, or counselor will begin monitoring student progress closely. The student is marked unexcused on days not logging in, and/or expected daily progress has not been made.
    - Week Two: The teacher will contact the student & guardian via email; the student will continue to be marked unexcused on days not logging in, and/or progress has not been made.
    - Week Three: Meeting or phone call with the coordinator to discuss dropping the course or the appropriateness of online programming and alternative options to support academic progress.

E-Laker Parent / Guardian

Parent/Guardians' Responsibilities

Parents/guardians play an important role in supporting student success in the E-Laker program. Responsibilities include:

- Ensuring the student maintains adequate weekly progress in all coursework.
- Providing access to the necessary tools and resources to support student learning.
- Notifying the school of any excused student absences in a timely manner.
- Working collaboratively with the school and the student to address attendance concerns and actively support successful course completion.
- Stay informed by reading the Weekly Wave emails from principal Jill Walter, which will keep you up to date with important school-wide information.

Parent/Guardians' Notification of Student Internet Use

Outside of school, parents bear responsibility for the same guidance of internet use as they exercise with information sources such as television, telephones, radio, movies, and other possibly offensive media. Parents are responsible for monitoring their students' use of the school district system and of the internet if the student is accessing the school district system from home or a remote location.

By enrolling in Detroit Lakes Public Schools, parents and students agree to follow the policies and procedures implemented by the School Board and each school, including the policies regarding technology.

Communication

Due to the nature of online education, communication is critical to the learning environment.

- Students are expected to check their school email daily for important updates, feedback, and reminders.
- Students are expected to respond to all staff communications within 24 hours, excluding weekends and holidays. Students may also be expected to attend live, online classes and support sessions with teachers and other support staff. Students should contact their teacher if they need help in a class.

Full-Time E-Laker Students on DLHS Campus

DLHS Campus

Full-time E-Laker students who are on the DLHS campus are expected to follow these guidelines:

- Check in the main office with the student ID.
- Student ID must be visible at all times during the visit.
- Schedule appointments with the coordinator and/or school staff before the meeting.
- Lunch is available during designated school lunch periods. Students must remain in the commons during their chosen lunch period.
- Follow the School Dress code and other DLHS school policies.

Academic Integrity (Cheating/Plagiarism)

Academic Integrity

Plagiarism means taking someone else's words or ideas and pretending they are your own. It's easy to find quick answers online using tools like Google or ChatGPT, but as an E-Laker student, you are responsible for doing your own work and using technology the right way. The goal is to learn, not to cheat. Having someone else do your work for you, or using the internet or AI tools to get answers, is not allowed.

Having academic integrity means:

- Being intellectually honest
- Possessing personal truthfulness
- Learning for its own sake
- Valuing the creations and opinions of others

You are *acting* with academic integrity when you:

- Take full credit for your own work, and give full credit to others who have helped you or influenced you, or whose work you have incorporated into your own.
- Represent your own work honestly and accurately.
- Collaborate with other students only as specifically directed and authorized.
- Report breaches of academic integrity to a teacher, counselor, or administrator.

What is cheating? Cheating is defined as seeking to obtain (or aiding another to obtain) credit or improved scores through the use of any unauthorized or deceptive means.

What does cheating look like?

- Presenting someone else's information/work as your own (with or without their permission) or allowing someone else to use your work as his or her own.
- Taking shortcuts (such as unauthorized use of study aids) to bypass steps of an assignment.
- Using forbidden material, such as cheat sheets, graphing calculators, or cell phones, during an exam.
- Asking about or sharing questions and/or answers to quizzes and exams.
- Submitting the same work for more than one assignment without express permission from your teacher(s).
- Altering corrections or scores with the intent of changing your grade.
- Being dishonest with your teacher, such as saying you've turned in an assignment when you did not, or that you've worked hours longer than you actually did to complete an assignment.
- Fabricating information to try to earn more time, more credit, or grading leniency on an assignment, project, or exam, ie *"My dog ate my homework!"*

Academic Dishonesty Consequences

Please note that teachers use technology tools to verify the originality of student work. Academic dishonesty, including cheating or plagiarism, is taken very seriously and may result in significant academic consequences. If a teacher determines that a student has submitted plagiarized or dishonest work, potential consequences include, but are not limited to:

- Resetting the assignment
- Receiving no credit or a zero
- Attending supervised work sessions
- Removal from the course with a failing grade

Students are expected to uphold the highest standards of honesty and integrity in all academic work.

What are the consequences?

All parties concerned—students, parents, and administrators—are to understand that the teacher's professional judgment will determine whether a violation of the Academic Integrity Policy has occurred.

What are your responsibilities?

- Read, know, and sign the ***E-Laker Online Learning Agreement*** AND observe all rules and consequences established by your teachers.
- Report to the teacher if cheating is taking place and how it is being done.
- Do not copy homework or let someone else copy your homework.
- Seek only appropriate help from parents, tutors, or other students.
- On papers, do not summarize, paraphrase, or quote without proper documentation.

Grading of Courses

Student Score Calculation

Student scores in Subject Online Learning Platform courses are calculated using the following methods to reflect progress, completed work, and missing assignments:

- **Attempted Score** includes scores for submitted and graded coursework.
- **Current Score** includes ZEROS for any coursework that is past due.
- **Projected Final Score** includes ZEROS for all missing work through the end of a student's course.

When entering grades into Skyward, we will use the **Current Score** from Subject. The current score, which reflects the student's overall grade in relation to the amount of time elapsed in the course, provides an accurate picture of progress toward completion.

E-Laker Online Uniform Grading Scale

All teachers at E-Laker Online will use the following grading scale to determine final grades for all of their courses.

A	90%-100%
B	80%-89%
C	70%-79%
D	60%-69%
F	Below 60%

Grade	Description
A	Superior or excellent achievement. Student performance demonstrates thorough knowledge of the course materials and exceeds course expectations by completing all requirements in a superior manner.
B	Above Average or very good work. Student performance demonstrates above-average comprehension of the course materials and meets or exceeds course expectations on all tasks as defined in the course syllabus.
C	Average work or competence. Student performance demonstrates incomplete understanding of course materials, but still meets basic course expectations.
D	Below average or unsatisfactory work. Student performance demonstrates incomplete and inadequate understanding of course materials.
F	Failure. Student performance is significantly below teacher expectations, and the quality of work is of very poor quality and/or completeness.

Graduation

Graduation Requirements

For students to earn a diploma from the Detroit Lakes Public Schools, the following general conditions must be met:

- The equivalent of 43 semester credits must be satisfactorily completed.
- All Minnesota Academic Standards requirements must be satisfactorily completed.

A complete copy of Policy 613 is available at any school, the district administration center, or the school website located at www.dlschools.net.

Graduation Ceremony Participation

Participation in the Graduation Ceremony is a **privilege** extended to students who have met all state and school district graduation requirements and are in good standing with the school.

Examples of not being in good standing include, but are not limited to:

- not accumulating enough credits
- being under suspension or expulsion
- Outstanding fines, fees, or missing items

All required coursework must be completed and turned in to the classroom teacher before 4:00 on the last day of school for students. Students and parents will be notified of their progress throughout the year by the Subject Online Learning Platform.

Honor Graduate Status

Honor Graduate status is based on the achievement of a 3.50 cumulative grade point average as of the end of the first semester of the senior year at the High School.

Participation in Activities

To ensure that activities are uniform and known to all students, the Board of Education of I.S.D. #22 has adopted the Minnesota State High School League (MSHSL) participation rules and regulations for all activities offered to Detroit Lakes students, regardless of whether they are league activities or school-sponsored activities.

A student must attend at least one-half of the school day (4 consecutive periods) to be allowed to participate in or attend after-school activities that day. If a student misses all day because of an Exempt absence, they may be allowed to participate upon the determination of an administrator.

A student must be in good standing academically, behaviorally, and in attendance to participate in activities. In addition to meeting the MSHSL eligibility requirements for participation, the administration reserves the right to limit participation by students deemed not to be making adequate progress toward graduation. The administration also reserves the right to limit participation by students with excessive behavioral detention hours.

A student who has been determined to have been truant from school will be ineligible to participate in the next competition, regardless of the date and/or time of the contest.

Instances of excessive absence from school and chronic tardiness will be handled on a case-by-case by the school administration, and consequences will be determined based on the merit of each case.

ELIGIBILITY AND SCHOOL ACTIVITIES POLICY

The Detroit Lakes Public Schools adopts and follows the Minnesota State High School League (MSHSL) rules for all extracurricular activities. In addition to the MSHSL rules, the district has established policies that pertain to student eligibility in activities. These rules and procedures will be shared with coaches/advisors, athletes, and parents before the start of an activity. The entire policy is available upon request from any school office, the district administration office, or on the school website located at www.dlschools.net

STUDENT/PARENT GUIDE
ALC HANDBOOK
2026-2027

ALC Programs

The Credit Recovery Program is designed for students who need to do most of their high school work independently. Students are required to meet with an instructor for an hour and then complete necessary units of work. They meet with the teacher again to review work and get the next assignment. A total of 75 hours is equal to a semester credit. This program is flexible and tailored to meet individual learner needs.

Please help communicate the importance of academic interventions with your student. Utilizing this time in our schedule effectively helps students who have questions, need extra support, or are struggling. Remember that our goal is to prepare students for success beyond our walls! Having flexible time in our schedule helps teach students how to prioritize and be responsible for their own learning. Two very important skills required as an adult!

*If you are not caught up in courses or are struggling this is the primary resource to take advantage of!

The Seat-based Program is designed for students who need the structure of a traditional school day, but a different educational experience. Students participate in hands-on activities, community involvement, and a variety of field experiences. A focus of this program is to work on the barriers or obstacles that cause students to struggle in school. Small groups and social activities are utilized to develop school skills. Strong partnerships with community businesses and agencies are also utilized.

The Recovery School is designed for students who are committed to sobriety. Detroit Lakes Recovery School is dedicated to assisting students in recovery to maintain their sobriety, achieve academic success, and experience social and emotional growth.

PROGRAM COMPONENTS

STUDENT CONDUCT AND "The Big Five"

We expect our students to:

Attend - Everyday. All Day
Respect - Everyone deserves and gives respect.

INTERVENTION BASED EDUCATION

Intervention based education is an approach to education that identifies barriers and challenges that inhibit a learners ability to learn and experience academic growth. These challenges may be academic, mental health, chemical health, social skills, family crisis, disabilities, etc… Staff, students, parents, appropriate community resources, and family support systems will develop intervention plans. These plans are intended to support learners and families, so they can continue to learn and develop. The Response to Intervention, or RtI, process will be utilized in assessing, monitoring and programming to meet the academic and behavioral needs of our students.

RESTORATIVE MEASURES

Restorative Measures is a practice based on using disciplinary situations as an opportunity to repair the harm done and learn from the experience. This model focuses on learning from mistakes, taking responsibility, and providing some sort of restitution instead of a consequences only approach to discipline.

COMMUNITY INVOLVEMENT

Students are required to participate in service learning or work experience community participation class. 1 semester (75 hours) is required outside of their school day.

ENROLLMENT

Students, who wish to attend the Area Learning Center as an alternative to their traditional high school, **need to be referred** to the Student Assistance Team for consideration of educational placement. Students can refer themselves (with parent approval), or by staff, parents, or community agencies.

Students must qualify for enrollment in alternative education services. These qualifications are defined by the Graduation Incentives Criteria.

The Student Assistance Team will consider many educational services and options as they work with parents and students to create positive educational experiences. Alternative education services may or may not be recommended.

DISMISSAL

Students who are not making adequate progress may be dismissed from the seat-based program. Students, parents, staff, and community interventions will be utilized to problem solve obstacles or barriers and provide support. When student effort and/or resources have been exhausted, students will be referred back to their residential high school, or the Independent Study Program for continued educational programming. A student may be dismissed immediately or after numerous interventions dependent on circumstances and/or parent and student efforts

ATTENDANCE

DLALC ATTENDANCE PHILOSOPHY

"Every Student, Every Day"

A student's academic success is directly related to regular, daily attendance. Students who attend school every day receive opportunities for important contact with their teachers, a safe and stable environment, and establish a record of responsibility and dependability for themselves.

OTHER REMINDERS ABOUT ATTENDANCE:

- Student academic and personal achievement is the primary purpose of DLALC. To achieve at a high level regular attendance is critical.
- To ensure student safety and accountability, families need to know if their children are absent from school.
- Students who are tardy will be subject to consequences determined by the classroom teacher. Chronic tardiness will be referred to the administrator for review.

PARTICIPATION IN ACTIVITIES

To ensure that activities are uniform and known to all students, the Board of Education of I.S.D. #22 has adopted the Minnesota State High School League (MSHSL) participation rules and regulations for all activities offered to Detroit Lakes students, regardless of whether they are league activities or school sponsored activities.

A student must attend at least one-half of the school day (4 consecutive periods) in order to be allowed to participate in or attend after-school activities that day. If a student misses all day because of an Exempt absence, they may be allowed to participate upon the determination of an administrator.

A student must be in good standing academically, behaviorally, and in attendance to participate in activities. In addition to meeting the MSHSL eligibility requirements for participation, the administration reserves the right to limit participation by students deemed not to be making adequate progress toward graduation. The administration also reserves the right to limit participation by students with excessive behavioral detention hours.

A student who has been determined to have been truant from school will be ineligible to participate in the next competition, regardless of the date and/or time of the contest.

Instances of excessive absence from school and chronic tardiness will be handled on a case-by-case by school administration and consequences will be determined based on the merit of each case.

It is vital that students and parents communicate absences immediately to the school to ensure accurate attendance and avoid Loss of Privileges.

If there are any circumstances or issues interfering with your ability to attend class, visit with your Advisor ASAP.

STUDENT SUPPORT RESOURCES

COUNSELORS and ADVISORY

The school counselor and advisors play an important role in the development of our high school students. DLALC has one school counselor that provides student support for social and emotional well being, academic planning, college and career readiness. This brings unique experience and expertise to our school to serve our students as a connection to resources, advocates, liaisons between teachers, parents, and administration and most importantly as trusted adults to support our students throughout their high school careers.

STUDENT SUPPORT SERVICES

DLALC also provides student support services to meet the needs of all students. In addition to school counselors, DLALC provides a Native American College and Career Facilitator, Chemical Health Coordinator, and has access to Stellher Mental Health Services. These groups all work together to provide appropriate services for all of our students at DLALC.

The specific form of discipline chosen in a particular case is solely within the discretion of the school district. At a minimum, violation of school district rules, regulations, policies or procedures will result in discussion of the violation and a verbal warning. - **Examples of privileges afforded to students that may be lost due to misbehavior include: Open Lunch, parking in the school lot, attending school activities as a spectator, attending school dances and Prom, being part of the Homecoming or Snoball coronation, participation in the Graduation ceremony, participating in athletic competitions, among others.**

REMOVAL OF STUDENTS FROM CLASS OR ACTIVITY PERIODS

Teachers have the responsibility of attempting to modify disruptive student behavior by such means as conferring with the student, using positive reinforcement, assigning detention or other consequences, or contacting the student's parents. When such measures fail, or when the teacher determines it is otherwise appropriate based upon the student's conduct, the teacher shall have the authority to remove the student from class pursuant to the procedures established by this discipline policy. "Removal from class" and "removal" mean any actions taken by a teacher, principal, or other school district employee to prohibit a student from attending a class or activity for a period of time not to exceed five (5) days, pursuant to this discipline policy.

GROUNDS FOR REMOVAL FROM CLASS SHALL INCLUDE ANY OF THE FOLLOWING:

DRESS CODE

At Detroit Lakes Public Schools we believe students' standard of dress and appearance should be a positive reflection of themselves and compatible with an effective learning environment. We expect Lakers to be recognized for their academic excellence and personal qualities such as character, leadership, and respect. Dress and appearance should promote respect, responsibility, and safety.

The purpose of the DLALC dress code is:

- To ensure the health, safety, and well-being of students and staff,
- To further the school's mission by promoting a positive learning environment,
- To ensure that clothing/personal items do not distract others from achieving their academic goals,
- To discourage the endorsement of alcohol, tobacco, drugs, and disruptive behavior, and
- To respect the personal beliefs and religious rights and freedoms of students and staff.

Acceptable clothing will follow these general guidelines:

- Is suitable for the weather.
- Does not create a health or safety hazard.
- In line with the demands of the activity being performed (e.g. physical education, machine and wood shops, science laboratories). Students will be advised of any special clothing requirements prior to their participation in a class or activity.

Unacceptable clothing:

- Creates disorder/distraction in the learning environment
- Causes others to be intimidated by fear or violence
- Apparel promoting illegal activity by minors (For example, drugs or alcohol)

Parents/guardians and students are requested to take the proper steps to ensure that their student's attire meets all of the standards of the school's dress code.

The following guidelines apply not only to the school day, as well as to all regular school activities (games, dances, etc.) regardless of the location of the activity. The school day is defined as beginning when a student arrives on campus until school is dismissed at 3:30 PM.

Specific Clothing Guidelines:

- Clothing must cover all undergarments at all times.
- Students must wear some type of footwear at all times.
- No sunglasses allowed.
- No immodest clothing allowed.

    - Students' shorts, skirts, and dresses will reach at least to their mid-thigh in length (when standing straight, a person's fingers will usually reach their mid-thigh)
    - Students are encouraged to wear leggings or tights under shorts, skirts, and dresses that may be in violation of the length requirement. Leggings shall not be "fishnet" or "sheer."
    - Students wearing clothing with large holes above the length requirement must provide coverage beneath so skin is not visible.
- Clothing shall not:
    - Damage school property.
    - Promote products or activities that are illegal for minors.
    - Evidence of gang membership or affiliation.

School administration reserves the right to make determinations relating to appropriate dress and attire in the event that questions arise relating to the details above. Minimally, students who are in violation of the dress code will be asked to remove offending items. Students whose clothing is particularly offensive or who continue to violate this policy or who willingly fail to comply with directives to remove offending items will face disciplinary action for insubordination.

GENERAL INFORMATION

MOBILE PHONES AND PERSONAL ELECTRONIC DEVICES (PEDS)

Personal electronic devices include all electronic communication and entertainment devices that can be used by a student that includes cell phones, cameras, music players, calculators, electronic games, video players, computers, personal digital assistants, and wrist units. PED's are only permitted for use during the school day at lunch or by specific permission from the classroom teacher for an educational reason.

Please note the building specific policy as it related to ALL students and the special policy of the ALC:

- ***Cellphones are to be on silent and placed in the classroom phone caddy during academic class periods.***
  - All Students will place their devices in a phone caddy at the START of Period 1 (8:15) and will not have access to their devices until the beginning of lunch. (12:05)
    - Cell phones are not needed to carry out any academic work that our instructors have students complete.
    - As a 1:1 technology school, every student has access to a Chromebook each year that is capable of fulfilling all technology requests that are needed for academics.
  - If a student is late or tardy to school, the phone will then be placed in the office and the student will not be allowed to have it over the lunch period.
  - After lunch, the phone will then be placed in the student's 6th hour teacher's caddy at the beginning of the period (12:35) and will be able to be picked up at the end of the school day (3:30).

Consequences for inappropriate use

- First Violation
  - The device will be confiscated by the teacher and brought to the office.
  - The student can pick up their device at the end of the day.
  - The teacher will communicate home about the issue.
- Second Violation
  - The device will be confiscated by the teacher and brought to the office.
  - The student will meet with an administrator and call home.
  - The device will be held in the office for 5 days during school hours.
- Third Violation
  - The device will be confiscated by the teacher and brought to the office.
  - A parent meeting will be held to discuss solutions to the problem.
  - The device will be held in the office for 10 days during school hours.

At any time if a student refuses to give an adult their device when asked, they will be brought to ISS in the main office and a parent meeting will be required.

Students receive information regarding expectations for cell phone and electronics usage throughout the year. Consider these messages your "warning." Students violating this policy can be asked to turn the nuisance item over to the teacher and may retrieve it at the end of the school day from the office. Subsequent violations by the student will result in increased consequences as determined by school administration.

OFF CAMPUS BEHAVIOR

Schools are authorized to discipline students for off campus behavior as long as there is some connection between the behavior and the school and the behavior materially disrupts the school in some manner. Consequences for actions that occur off campus, but materially disrupt the school include, but are not limited to:

Out-of-school- suspension (OSS), loss of extra-curricular eligibility as defined by Minnesota State High School League bylaws, and social suspensions (revoking of privilege to attend extra-curricular or other school-sponsored

activities).“Off Campus” is defined as locations not part of the school district. Parking lots on school property and property belonging to facilities used for school-sponsored activities are considered to be on campus.

STUDENT PARKING AND VEHICLE USE

Students enrolled in the Alternative Learning Center (ALC) who drive to school are eligible to receive an ALC parking permit at no charge. This permit is available only to ALC students and is different from the standard DLHS student parking permit. During school hours, ALC students must park in the designated ALC parking area outside Door E26, which is clearly marked with signage. Students parked in the main student parking lot during school hours are required to have a standard DLHS parking permit and may be subject to ticketing if they do not have the appropriate permit. ALC students may use the front parking lot outside of school hours without consequence. Students are encouraged to follow all posted parking regulations and contact the ALC office with any questions regarding parking permits or designated parking areas.

Student parking on school property is a privilege and not a right. Students who drive to school must park only in designated student parking areas and follow all school parking regulations. Vehicles brought onto school property are subject to district policies regarding safety, inspections, and searches when reasonable suspicion exists. Students may lose parking privileges and be subject to school disciplinary action for violations of parking regulations, school policies, or applicable laws. Please refer to School Board Policy 527 for complete information regarding student vehicle use, parking, inspections, and searches.

DLHS Student/Parent Handbook Updates

2026-2027

Summary
The DLHS/ALC/E-Laker Student Handbook has been reviewed and updated for the 2026-2027 school year. Revisions include minor grammatical edits, clarification of existing procedures and practices, and updates to reflect current school operations. In addition, several new sections have been added to address evolving student expectations, safety practices, and program-specific information. These changes were developed through a review process involving teaching staff, office staff, and administration to ensure the handbook remains accurate, clear, and aligned with district expectations.

The DLHS/ALC/E-Laker Student Handbook serves as the primary handbook for all students enrolled at Detroit Lakes High School and outlines the policies, procedures, expectations, and practices that apply across our school community. In addition to this comprehensive handbook, students participating in E-Laker Online courses or enrolled in the Alternative Learning Center (ALC) will receive program-specific guides that provide additional information regarding attendance, academic expectations, scheduling, support services, and other unique program requirements.

- Quarter 1 Progress Check: September 30, 2026
- Quarter 2 Progress Check: December 3, 2026
- Quarter 3 Progress Check: February 17, 2027
- Quarter 4 Progress Check: April 21, 2027

These progress checks provide an opportunity for students, families, and staff to monitor academic performance before the end of each quarter. Academic eligibility standards help ensure that participation in activities remains balanced with a student's primary responsibility of learning and academic achievement. Students who are experiencing academic difficulties are encouraged to seek support from teachers, counselors, and intervention opportunities available at DLHS.

MESSAGES and ITEM DELIVERIES
Because students have access to school email and personal communication devices, the Main Office generally does not relay non-emergency messages to students during the school day. Students will not be called out of class to receive messages except in emergency situations.
Parents/guardians may drop off items for students in the Main Office as needed. Students are responsible for stopping in the office between classes, during lunch, or after school to pick up items that have been delivered for them.

Page 38

STUDENT AND VISITOR IDENTIFICATION
To help maintain a safe and secure learning environment, all Detroit Lakes High School students are expected to wear their school-issued student ID during the school day. Student IDs should be visible and worn around the neck or otherwise displayed so they can be easily seen by staff. Student IDs help staff quickly identify students, support school safety efforts, and facilitate access to school services and activities.
All visitors to Detroit Lakes High School must check in through the Main Office upon arrival and wear a visitor badge while in the building. Visitor badges must remain visible at all times and be returned when signing out.
Students who lose or damage their ID should obtain a replacement through the Main Office. Replacement fees apply.

STUDENT PARKING
Students enrolled in the Alternative Learning Center (ALC) who drive to school are eligible to receive an ALC parking permit at no charge. This permit is available only to ALC students and is different from the standard DLHS student parking permit. During school hours, ALC students must park in the designated ALC parking area outside Door E26, which is clearly marked with signage. Students parked in the main student parking lot during school hours are required to have a standard DLHS parking permit and may be subject to ticketing if they do not have the appropriate permit. ALC students may use the front parking lot outside of school hours without consequence. Students are encouraged to follow all posted parking regulations and contact the ALC office with any questions regarding parking permits or designated parking areas.

Attendance
Regular attendance and participation is an important part of our program. By participating you and your child will learn and grow together!

If your child will be absent for any reason, please contact their teacher to let them know the reason for being absent, by 8:45 am the day of. We understand that unexpected things come up, staff are here to support you, and help find resources to support attendance. June 2025
In the **READING AND WRITING AREA,** the child:

- is exposed to a variety of print
- ***materials may include:*** books, magazines, pencils, crayons, nursery rhymes, pictures and words, and samples of alphabet letters
- We have also labeled numerous items in our rooms to help children understand that print has meaning.

Behavior Guidance
The approach to behavior guidance is to prevent misbehavior and teach children more appropriate actions. Positive relationships and the classroom environment are key factors.

Expulsions or exclusions due to on-going unsafe or harmful behavior may be used after non-exclusionary discipline actions outlined in subdivision 2 of 2023 MN statutes 121A. 45 have been exhausted. This includes collaborating with the child's family or guardian, child mental health consultant or provider, education specialists, or other community-based support; creating a written plan with the parent or guardian, that details the action and support needed for the child to fully participate in the current

educational program; OR providing a referral for needed support services.

Prohibited Actions

The following actions are prohibited by, or at the direction of, any staff:

1. Subjecting a child to corporal punishment is prohibited.. Corporal punishment includes, but it not limited to:
*Rough Handling *Shoving *Biting *Kicking *Pulling Hair *Ear Pulling *Hitting *Pinching *Shaking *Slapping *Spanking
2. Subjecting a child to emotional abuse is prohibited. Emotional abuse includes, but is not limited to:
*Name calling *Ostracism *Frighten the child

Child Illness

While attendance is important, if your child has any of the following, please do not send him/her to school. Also, if any of these is noticed at school, you will be asked to pick up your child promptly.
*Communicable disease (ex: influenza, chicken pox, pinkeye, hand foot mouth, etc.)
*Head Lice/Nits *Skin infection or rash
*Diarrhea *Earache *Sore Throat *Fever 100.4 or higher *Suspected Pinkeye *Persistent Cough
*Upset stomach *Vomiting *Thick Nasal Discharge *Severe headache *Swollen Glands
If there is any doubt about whether to send your child to school, it's probably best to keep him or her home. Children who have a fever, or diarrhea, should be kept home for 24 hours after they are free of symptoms WITHOUT reducing medications. Communicable diseases need to be treated for a minimum of 24 hours prior to returning. This not only benefits your child, but other children & staff as well. If medically necessary for your child to stay inside during outside time, a doctors written order must be provided by the doctor to the program. This is needed in advance to allow time for the program to ensure required adult to child ratios are met throughout the program. Please see dlschools.net > early childhood > Health Services for further information.

Privacy Rights

Child records are part of district school records. All records/data collected on each child is kept confidential. Releasing or obtaining information to or from any other agency is done only with prior written consent of parent/guardian.

Services are responsive to each child and family's ethnic, cultural, and linguistic heritage. ECFE/School Readiness encourages the role of parents as their child's first and most important teachers.

Our programs build relationships with families that support positive parent child relationships, family well-being, & connections to peers and community.

Lesson Plans

Lesson Plans and routines are posted in your child's classroom and shared through technology.

Communication

Our preschool recognizes that parents are their child's most important teachers and educators. We are committed to establishing and maintaining open, transparent, and collaborative communication with all families. This includes providing regular updates on your child's progress, activities, and development, as well as engaging families in the learning process to foster a strong partnership that benefits the child.

Conferences

- Fall conferences held in November
- Spring conferences held in April/May

Parent/Child Interaction Days and Events

*There are designated activities during the year for you to attend. Please watch for information from teachers and the ECFE/School Readiness Catalog.

Curriculum and Assessment

ECFE/School Readiness uses the "High Scope" curriculum. School Readiness aligns with the Minnesota Early Indicators of Childs Progress (ECIPS). It is researched based and child focused. Teachers carefully plan materials and activities that are developmentally appropriate, interesting, and challenging for the children. These activities promote child development in all areas. Child Observation Record is the tool used to assess children's learning from infancy to kindergarten. Teachers observe and take written notes (anecdotes) throughout the class day. Second step social and emotional curriculum and conscious discipline are used as a supplement to "High Scope".

The anecdotes (notes) are reviewed then entered into the COR system, and shared with parents during parent teacher conferences and home visits. You will review a Developmental Profile of your child's intellectual, physical, social, and emotional development; you will learn about your child's strengths and work with your child's teacher to set goals for opportunities in growth and development.

High Scope at Home

Many of the activities that High Scope teachers do in the classroom or center can also be done and home. For example, families can provide many different learning materials, often using everyday objects that cost little or nothing. Families can encourage their children to make plans, carry them out, and talk about what they have learned from the experience. By visiting and observing in their children's preschool, parents and teachers learn from one another and become partners in children's success.

High Scope Daily Routine

Greeting Time and Message Board

This is a time when children are welcomed into the classroom by the teacher. They will sing songs, share ideas and review messages for the day.

Large Group

This is a time when the whole group, adults and children, participate in an activity together. Games, music and dancing, and/or interactive stories may be planned during this time.

Small Group

This is a time planned by the teacher to allow the children to experience an activity that will build skills in their individual goal areas. Children will receive an individual set of materials and explore those materials in a variety of ways.

Plan-Do-Review

The largest part of the High Scope day, generally an hour, is devoted to the *planning time*, *work time*, and *recall time* process known as "Plan-Do-Review". For planning time, the children will meet with their small group and teacher to make a plan for what they want to do during work time (what area to play in, what materials to use and who will be involved). Work time is when children carry out those plans and then clean-up. At recall time, they will meet with their same small group and teacher to discuss what they did and learned during work time.

Eating

Adults/children sit together in small groups, and enjoy relaxed conversation.

Outside/Large Motor

Outside time allows children the opportunity to enjoy physical, noisy and vig orous play. Children can run, jump, play, swing, ride trikes and play games. Sensory play, such as sand/water, dramatic play and creative experiences are provided. Large motor activities will be provided indoors in case of inclement weather.

FORWARD

The purpose of this handbook is to provide the public with insights into the Detroit Lakes Public School athletic and non-athletic programs. We are proud of the variety of opportunities available to our students and applaud the continued public support of our students.

PHILOSOPHY OF ACTIVITIES IN THE DETROIT LAKES PUBLIC SCHOOLS

The philosophy of education based athletics is that in addition to the core academic subjects learned in the classroom, students experience additional educational opportunities through their participation in sports, fine arts and other extracurricular activities offered at DLHS. Beyond the specific skills of a sport or activity, these individuals have the opportunity to learn important principles that can guide them the rest of their lives. While the goals of our programs are competitive in nature the purpose of our programs is to develop young adults that will be successful in the game of life. Our staff will work to provide our participants opportunities to develop skills that will allow them to become successful community members, employees, employers, spouses, parents, etc.

Laker activities strive to develop young adults who are respectful, responsible, committed teammates. “CHAMPIONS IN LIFE”

- A person who engages in an act that violates school policy or law in order to be initiated into or affiliated with a student organization shall be subject to discipline for that act.

"Student organization" means a group, club or organization having students as its primary members or participants. It includes grade levels, classes, teams, activities or particular school events. A student organization does not have to be an official school organization to come within the terms of this definition.

**Any person who believes he or she has been the victim of hazing, or any person with knowledge or belief of conduct which may constitute hazing, shall report the alleged acts immediately to an appropriate school district official designated by this policy. Submission of a good faith complaint or report of hazing will not affect the complainant or reporter's future employment, grades, or work assignment.

Upon receipt of a complaint or report of hazing, the school district shall undertake or authorize an investigation by school district officials or a third party designated by the school district. The school district may take immediate steps, at its discretion, to protect the complainant, reporter, students, or others pending completion of an investigation of hazing.

Upon completion of the investigation, the school district will take appropriate action. Such action may include, but is not limited to, warning, suspension, exclusion, expulsion, transfer, remediation, termination or discharge. Retaliation includes, but is not limited to, any form of intimidation, reprisal or harassment.

DETROIT LAKES PUBLIC SCHOOLS STUDENT ELIGIBILITY

INTRODUCTION

The co-curricular programs in the Detroit Lakes Public Schools exist for the development of skills, attitudes, and self-esteem of students, and are intended to enhance the physical, social, emotional, artistic and intellectual growth of our young people.

Parents are encouraged to be positive and supportive in their relationships with advisors and coaches. It is the prerogative of the advisor/coach to manage the activity in such a manner that sound human relationships are encouraged and the regulations of the Minnesota State High School League are met. A team effort by parents, school officials, and the participants is needed.

Our co-curricular programs are voluntary and are a privilege to participate in rather than a right. Therefore, when a student and parent sign their names to eligibility forms, it means that they are voluntarily accepting the activities as part of the co-curricular endeavors while attending Detroit Lakes Public Schools.

The basic purpose of this code is to provide assurance that our students and their parents are informed of the standards of behavior, conduct and appearance that are appropriate for the young people who represent our schools and the community of Detroit Lakes in the various areas of co-curricular activities.

SCHOLASTIC ELIGIBILITY

Minnesota State High School League bylaws state that; in order to maintain eligibility a student must be fully enrolled and making satisfactory progress toward graduation. In addition, students must meet Detroit Lakes High School expectations for credits, grades and attendance as defined below.

Credits

At Detroit Lakes High School, a student must be enrolled in at least six credit-bearing courses (7 as freshman and sophomore) each term to be considered a full-time enrolled student and, therefore, eligible to participate in activities. A high school student is progressing satisfactorily toward graduation and is therefore eligible for MSHSL activities if the student has accumulated the credits according to the chart below, prior to the beginning of the designated semester.

Grade	Term	Semester Credits Class 2022 and beyond
9	Semester One	7
9	Semester Two	14
10	Semester One	21
10	Semester Two	28
11	Semester One	34
11	Semester Two	40
12	Semester One	46
12	Semester Two	50

A high school student who is two or more credits behind at the beginning of an activity season is immediately ineligible. However, a student who is two to five credits behind may be declared eligible under the following conditions:

1. All classes in the previous semester were successfully completed; and/or
2. A contract, verified by the student's counselor, must be in place to ensure that the student is making up deficient credits in order to get back on track.

Grades

Detroit Lakes High School students must be successfully passing at least six credit-bearing courses (7 as freshman) each semester. Students will be declared ineligible for participation under the following conditions regardless of their standing in relation to credits:

1. Progress Reports

   At school-designated marking periods, if a student is failing more than one course, he/she will be declared ineligible until satisfactory progress is verified in the courses failed.
2. End of Semesters

If a student fails more than one course in the most recently completed semester, the student will be declared ineligible for a period of two weeks. Following the two-week ineligibility period, a review of the student's current grades will be conducted. If the student is passing all courses at that time, their eligibility will be immediately reinstated. If they are failing any course at that time, they will remain ineligible until such time that all deficiencies have been corrected and verified by the classroom teacher(s).

Online Students - Online students must be passing and not be behind in the completion rate for each course at the designated marking periods

Middle school students involved in activities, either at the high school or middle school, must be passing all classes at the end of each trimester grading period to maintain eligibility.

Attendance

In order to participate in an athletic practice or contest during a school day or during the evening of a school day, the student must have been in attendance for at least one-half of the school day (4 consecutive class periods). Exceptions to this policy will include absences in which prior permission to miss school has been approved by an administrator as well as absences due to a doctor's appointment (student must present documentation from the clinic or hospital), and/or emergencies if approved by a school principal or the activities director.

A student who has been determined to have been truant from school will be ineligible to participate in the next competition, regardless of the date and/or time of the contest.

Instances of excessive absence from school and chronic tardiness will be handled on a case-by-case basis by school administration and consequences will be determined based on the merits of each case.

Suspension or Expulsion

Any participant who receives an out-of-school suspension or expulsion shall be ineligible for participation, including practices, during the period of suspension or expulsion. Participants shall be eligible to participate when they are readmitted to school.

Academic Integrity
A student who has been determined to have violated the academic integrity policy outlined in the DLHS Student Handbook may be levied consequences under the MSHSL Code of Responsibilities. Instances of academic integrity will be handled on a case-by-case basis by school administration and consequences will be determined based on the merits of each case.

MOOD ALTERING CHEMICALS ELIGIBILITY

Mood Altering Chemicals

*Reference MSHSL bylaw 205
Twelve months of the year; a student shall not at any time, regardless of the quantity: (1) use or consume, have in possession a beverage containing alcohol; (2) use or consume, Have in possession tobacco; (3) use or consume, have in possession, buy, sell or give away any other controlled substance or drug paraphernalia; (4) use or consume, have in their possession, buy, sell or give away products containing or products used to deliver nicotine, tobacco products and other chemicals. “tobacco products” means: any product containing, made, or derived from tobacco that is intended for human consumption, whether chewed, smoked, absorbed, dissolved, inhaled, snorted, sniffed, or ingested by any other means, or any component, part or accessory of a tobacco product; (5) use or consume, have in possession, buy, sell or give away any substance or product where the intent of such use of the substance or product is to induce intoxication, excitement, or stupefaction of the central nervous system, expect under the direction and supervision of a medical doctor. Such

substance or products shall include, but are not limited to, synthetic drugs, gasoline, glue, aerosol devices, bath salts, and any substances addressed by Minnesota or Federal Law.

1. The Bylaw applies continuously from the first signing of the student Eligibility Brochure.
2. It is not a violation for a student to be in possession of a controlled substance specifically prescribed for the student's own use by his/her doctor.

The school principal, assistant principal or activities director shall have the authority to suspend a student from participation in an activity if reasonable suspicion exists for any of the previous behaviors

Mere Presence

Being in attendance at a function or party where the student knows or has reason to know that alcohol or other drugs are being consumed illegally by minors and failing to leave despite having a reasonable opportunity to do so. When a student recognizes this situation, he/she is expected to leave immediately.

An intention to leave is not a defense. Nor is being the "designated driver." Stay and risk loss of eligibility for extracurricular activities.

Consequences for Chemical Eligibility and Mere Presence Violations

The following chart details the consequences that will be applied in the majority of situations in which the school has reasonable suspicion that a MSHSL violation has occurred. Any student who declares and defends his/her innocence of an MSHSL violation will be declared ineligible during the term of the investigation and any subsequent hearing. A coach or advisor may, with the approval of the high school principal and the Activity Director, increase the length of suspensions beyond those listed in the chart below as a general team rule.

Consequences (MP or CE)	Length of Suspension
1st Violation	2 weeks, 2 contests, or 14 calendar days, whichever is greater
2nd Violation	3 weeks, 6 contests, or 21 calendar days, whichever is greater
3rd Violation	4 weeks, 12 contests, or 28 calendar days, whichever is greater

MP = Mere Presence, CE = Chemical Eligibility

* Note: Mere Presence and Chemical Eligibility violations are treated the same. For example, if a student is determined to have violated the MP standard one week and then the next week violates the CE standard at a different event, the student would not serve 2 weeks for a first Mere Presence violation and then a 2-week consequence for a first Chemical Eligibility violation. The CE consequence in this example would lead to the 2nd violation consequence.

General Guidelines for Consequences:

1. Consequences for violations are cumulative from the time a student signs their first eligibility statement for participation in activities.
2. Suspension periods will cover consecutive weeks whenever a violation occurs during the school year.
3. Violations occurring out of season or during the summer are enforced at the start of the next season of participation for the student during the following year.
4. The student must participate in and complete the entire season in which the penalty has been applied for the penalty to count. As examples: a student cannot begin participation in a program at the start of the season, serve the penalty and then quit after the suspension has been served; nor can a student join a program after the season has begun, and serve

the penalty.

5. A student who is under penalty for a violation of a MSHSL bylaw may not join a second sport in the same season in order to fulfill a penalty.
6. Practices, jamborees, inter-school scrimmages and previews are not interscholastic contests and may not be counted; however, the student is eligible to participate in such events as determined by the school.
7. A student who participates in both athletics and fine arts (separate classifications in the MSHSL) shall serve the penalty prescribed for that violation in both activities in which the student participates.
8. Any student who has a violation that occurs during the season or prior to the awards presentation of that activity will not receive any recognition/awards for that activity.
9. Any participant who has a violation will not be eligible for a position of status (leadership role) for a period of twelve calendar months from the date of the violation.

Student Code of Responsibility:

As a student participating in my school's interscholastic activities, I understand and accept and understand the following responsibilities:

1. I will respect the rights and beliefs of others and will treat others with courtesy and consideration.
2. I will be fully responsible for my own actions and the consequences of my actions.
3. I will respect the property of others.
4. I will respect and obey the rules of my school and the laws of my community, state and country
5. I will show respect to those who are responsible for enforcing the rules of my school and the laws of my community, state and country.

A student ejected from a contest shall be ineligible for the next regularly scheduled game or meet at that level of competition and all other games or meets in the interim at any level of competition, for the first ejection. All subsequent ejections shall result in ineligibility for four (4) regularly scheduled games or meets.

This is not an all-inclusive list of prohibited behaviors. The school reserves the right to discipline a student for violation of the student code of conduct which includes but is not limited to the above referenced behaviors.

A student who is dismissed from school or who violates the Student Code of Responsibilities is not in good standing and is ineligible for a period of time as determined by the school principal acting on the authority of the local board of education. The League specifically recognizes that certain conduct requires penalties that may exceed those penalties typically imposed for first violations.

INVESTIGATION PROCEDURES

MSHSL Bylaw 305-Master Eligibility List and Bylaw 306-Responsibility for Student Eligibility indicate that it is the responsibility of the school administrator to determine the eligibility of all students who participate in MSHSL-sponsored programs offered by their schools. When a student's eligibility is in jeopardy due to an alleged violation of the MSHSL bylaws and policies, the school will conduct an investigation. The investigation will begin on the day the school is first notified of the alleged violation and it shall conclude within 10 calendar days. At the conclusion of the investigation the school must make a determination of the eligibility status of the student. It shall be the responsibility of the member school to notify the student, parent or guardian in writing, of the

eligibility determination. The written notification must also include a copy of the Fair Hearing Procedure and the Acknowledgement of Rights.

FAIR HEARING PROCEDURES

1. A student, parent or guardian may contest a school's eligibility decision by requesting a hearing through the Fair Hearing Procedure. The parent, student or guardian's request must be personally delivered or postmarked within (10) school business days of the receipt of the written eligibility decision. Within (10) days of the receipt of the written request, the school must convene a hearing panel of three to five members. The findings of the hearing will be personally delivered or mailed to the student, parent or guardian as well as the MSHSL Executive Director within four days of the conclusion of the hearing. From the time the school receives the hearing request, the student becomes ineligible until the executive director makes his final decision, which will be made within (10) school business days of his receipt of the letter including the findings of the hearing.

2. These Fair Hearing Procedures apply to all eligibility situations where a student, parent or guardian contests the school's eligibility decision EXCEPT in the situations identified below.

a. The student admits to the violation.
b. The student neither admits to or denies the violation but accepts and serves the penalty.
c. The sole issue in question is the determination by the school to impose a penalty greater than the minimum League suspension for the violation.
d. The principal's decision regarding the school's eligibility requirements for the student, including student code of responsibilities.

MINNESOTA STATE HIGH SCHOOL LEAGUE ELIGIBILITY

The Detroit Lakes Public Schools is a voluntary member of the Minnesota State High School League. This association has developed guidelines and rules, with those listed here representing a summary of the regulations dealing with student eligibility. Most of the rules are found in the MSHSL Official Handbook, a copy of which is available in the high school office and available online at www.mshsl.org.

Your role in following the rules will ensure eligibility to participate in interscholastic activities. Not following the rules could lead to ineligibility and/or forfeiture of contests.

MSHSL General Eligibility

- Age:
  A student who turns 20 during the 11th or 12th semester since first entering the 7th grade shall be allowed to participate through the completion of the 12th semester. A student who participates in the Adapted Athletics Program shall be under 22 years of age. A student under age 22 who has started a sport season will be permitted to complete that season.

- Attendance: Students must be attending school and classes regularly. Students who have been dropped because of irregular attendance, extended absence, or suspension from school are not eligible to participate in League-sponsored activities.

- Credit Requirements: Students must be full time students according to the Minnesota Department of Education criteria. Students must be on track to meet the school's graduation requirements in six years (12 consecutive semesters) beginning with the first day of attendance in 7th grade.

- Enrollment:
  1. Only students who are fully enrolled in a school are eligible to be placed on that school's eligibility roster and participate in League programs offered by the school the student attends.
  2. Students enrolled in schools established for a special need serving one entire school district, may engage in activities in the secondary school which provides service in the attendance area of the student's residence if:
     a. the district wide school does not provide the activity; and
     b. the student meets all other eligibility requirements; and,
     c. the district wide school's senior high school student enrollment is fewer than 200 students.
  3. **Home School Students**: Minnesota Statutes allow home-schooled students to be eligible to participate in League-sponsored activities for the public school in their resident school district attendance area.
  4. **Charter School Students**: Charter school students are not eligible to participate in League-sponsored activities for the public school in their resident district because they do not meet the Minnesota Department of Education requirements for being enrolled in the local public school. For Participation opportunities, the charter school would have to join the League and offer the program or enter into a cooperative agreement with another League member school.

- Grade Level Eligibility: Participation in League-sponsored programs is limited to students in grades 7 through 12. Students in grade 7, 8, and 9 may participate only if they are enrolled in a continuation school for that high school.

Definitions:

1. *A **Continuation School** is one that is under the same administrative head and governing board.*
2. *A student in grades 7, 8, or 9, who attends a school under a separate administrative head and governing board; which does not have a continuation high school; and where no other opportunity for participation on a high school team exists; is eligible to participate for a public high school team provided the public high school and the non-continuation school have established a joint agreement for participation in League Activities. The participation agreement for each activity or athletic program can be formed with:*
   a. The public school in the public high school attendance area as determined by the district school board where the non-continuation school is geographically located. If the public high school declines the request for the participation agreement, the non-continuation school may form a participation agreement with any other public school; or any non-public high school.

Elementary students in grades K-6 are not eligible for any participation in League activities. In addition, in Detroit Lakes, students in grades K-6 are not eligible for participation in Detroit Lakes Middle School activities intended for 7th and 8th grade students.

- Graduates of Secondary Schools: Students who have graduated from a secondary school, or who have completed the terminal or final grade of a secondary school, or who have earned a GED are

not eligible for participation in any League activity. A student who graduates while a member of a team with a season in progress may complete the season if three or fewer weeks of the regular season, exclusive of League tournament play, remain.

- Physical Examination: Students must have a record of a physical examination performed by a physician within the previous three years on file with the school prior to the student's participation. It is the recommendation of the League Sports Medicine Advisory Committee that the League Sports Qualifying Physical Examination (SQPE) form be used for the physical examination.
  1. Health questionnaire: Each year a League health questionnaire must be completed by the student, parent(s) or guardian(s) and kept on file in the school. The questionnaire could indicate the need for a physical examination prior to the student's participation.
  2. After major surgery or serious illness or injury, the attending physician must certify in writing the student's readiness to return to competition.
  3. SQPE Three Year Expiration: If the three-year anniversary date of the examination occurs during the school year the SQPE will remain valid through the conclusion of the school year or spring athletic season.
  4. Not required for participation in Fine Arts Activities.

- Scholastic Eligibility (Please refer to pages for 5 and 6 for specific Detroit Lakes requirements):
  1. Students must be making satisfactory progress towards the school's requirements for graduation. The school where the student is fully enrolled and regularly attends shall determine satisfactory progress.
  2. Students in special classes must be making satisfactory progress toward the student's Individual Education Plan.
  3. Exceptions to Scholastic Eligibility:
     - If the school principal and personnel from an agency such as a residential treatment center, mental health clinic, county welfare department or family service agency diagnose the psychological needs of a student and jointly determine that effective treatment for the student includes the option of participation in League activities. The determination does not supersede any transfer or good standing eligibility suspensions
     - If a student is transferred from one school to another upon the recommendation of a professional social service agency and is agreed upon by the principals of the schools involved. The League must be informed of this exception in a joint statement signed by the school principal and the director of the agency involved. Such documentation must be sent to the League office 10 days before participation in a League-sponsored activity.

- Seasons of Participation:
  1. Students may not participate in more than one interscholastic season in a given sport in each school year or more than six seasons in any sport while enrolled in grades 7 to 12.
  2. Participation, no matter how limited, will count as one season of participation.

- Semesters Enrolled: Each student is eligible for participation in League-sponsored athletic activities for four consecutive school years beginning with their initial entrance into ninth grade. This school year limitation applies regardless of whether the student participates in athletic activities.
    - Students in grades 7 and 8 may participate in League sponsored athletics according to Bylaw 105.1.

- Participation begins once a 7th or 8th grader practices or competes in League sponsored athletics.
- Students are permitted one school year of participation in 7th grade and one school year of participation in 8th grade for League sponsored athletics.

This semester limitation does not apply to participation in fine arts or presenting partner activities.

Application for Additional Semester(s)

A. A student who experiences a substantial disruption to the student's education that is beyond their control may apply for additional semester(s) of eligibility.
B. The application may be submitted by the student's parent(s)/guardian(s), the member school, or both.
    a. The application may be submitted when a student has experienced a substantial disruption to their education that is outside of the student's control and it is apparent that the student will exhaust their semesters of eligibility before graduation.
C. Additional semesters will not be granted where the student's educational experience as a whole has not been substantially disrupted.
D. A student who has exhausted their semester eligibility is not allowed to participate in MSHSL athletic activities at any level in any capacity, including competition, practices, scrimmages, jamborees, etc.
E. This bylaw is in addition to, and is not intended to supersede, any other bylaw.
    a. A student who is a Minnesota resident and who has participated in a CSIET approved foreign exchange program in another country during one of their four academic school years (grades 9-12) may appeal to the Board of Directors for additional semesters of eligibility.

- Transfer and Residence: The rules and procedures regarding transfer and residence are very lengthy and detailed. A copy of bylaw 111.00 is available in the office of Detroit Lakes High School or can be found in the MSHSL Official Handbook at www.mshsl.org.

- Foreign Exchange Students: The rules and procedures for foreign exchange students are very lengthy and detailed. A copy bylaw 111.00 is available in the office of Detroit Lakes High School or can be found in the MSHSL Official Handbook at www.mshsl.org.

NCAA INITIAL ELIGIBILITY

Many college athletic programs are regulated by the National Collegiate Athletic Association (NCAA), an organization founded in 1906 that has outlined rules on eligibility, recruiting, and financial aid. The NCAA consists of three membership divisions: Divisions 1, 2, & 3. Institutions are members of one or another of divisions, based upon the size and scope of their athletic programs and whether they provide athletic scholarships or not.

If a student is planning to enroll in college as a freshman and wishes to participate in either Division 1 or 2 athletics, he/she must be certified by the NCAA Initial Eligibility Clearinghouse. The Clearinghouse was established as a separate organization by the NCAA members in 1993. Their purpose is to provide consistent interpretations of the NCAA eligibility requirements for all prospective student athletes.

The Student Athlete's Responsibility While in High School
Complete the following forms:

1. Student release form
2. Complete SAT or ACT Exam
3. See school counselor for the Clearinghouse registration
4. Have a school transcript sent to the Clearinghouse

These actions should be taken by the end of the student's junior year to ensure adequate time for processing. For more information you can visit the NCAA Clearinghouse website at www.ncaaclearinghouse.net.

Dual Sport Participation in the Same Season - Detroit Lakes High School supports student participation in multiple activities whenever possible. Students wishing to participate in two MSHSL-sponsored sports during the same season must receive approval from the Activities Director and both head coaches prior to the start of the season. The expectation at Detroit Lakes High School is that coaches will work collaboratively to provide opportunities for student-athletes to participate in multiple activities whenever it is practical and in the student's best educational interest. Student-athletes are expected to communicate with both coaches, and fulfill the responsibilities of each team. The Activities Director will make the final decision regarding any conflicts or exceptions.

PARENT AND PARTICIPANT INFORMATION

SPORTSMANSHIP (information from "Sportsmanship: A Parents Guide" from the MSHSL)

The Role of the Parent

Much of the joy of being a high school sports parent comes from watching your children compete in athletic events. There are very few kids who are not bolstered by looking into the stands and seeing their parents cheering for them. As part of their responsibilities, parents should be involved in their child's educational process, this includes being actively involved in after school activities. Fortunately, the majority of parents behave appropriately at school sporting events. But those who misbehave can spoil it for all the rest. It takes only a few out-of-control parents to ruin what should be a pleasant atmosphere into one that is stressful for everyone. In addition to some of the obviously inappropriate actions, such as profanity, use of chemicals, throwing of objects and the like, the following rules of thumb for personal behavior should be followed.

- Express interest, encouragement and support to your child and to the coaching staff.
- Learn the rules of the game so that you may understand and appreciate why certain situations take place.

- Lend a hand when a coach or school administrator asks for help.
- Recognize and show appreciation for an outstanding play or achievement by either team.
- Inappropriate and/or harassing comments should not be made to athletes, parents, officials or coaches of either team, this will only undermine the efforts of those involved.
- Shouting out instruction or criticism may hinder the overall experience of the student-athlete.
- Remember that sports are to develop skills for the rest of your child's life. Don't define success by winning or losing.

Remember that interscholastic athletics and activities are learning experiences for students and that mistakes are sometimes made. Praise students in their attempt to improve themselves as students, as athletes and as people, as you would praise a student working in the classroom.

Good sportsmanship among all spectators is a goal worth working for, but especially for parents, who have the obligation not only to control their behavior, but to also remind others around them of their responsibilities when necessary. When parents misbehave, it is the duty of other parents and school administrators to step in and correct the situation. A simple rule of thumb for all spectators to follow is that absolutely nothing in their actions should interfere with any youngster's enjoyment of the game.

Sportsmanship Tips for Parents

✓ **Be Supportive of Coaches**

In front of your child be supportive and positive of the coach's decisions. If you have problems with what the coach is doing, it is best to talk directly with the coach.

✓ **Teach Respect for Authority**

There will be times when you disagree with a coach or official but always remember they are trying their best and are trying to be fair. Show good sportsmanship by being positive.

✓ **Let the Coach do the Coaching, but you can do some of the Teaching**

When your child is on the field, court or ice, let the coach do the coaching. You can teach sportsmanship and how to deal with success and failure. Develop their character and teach life skills that athletics and activities bring to the forefront.

✓ **Help your Children Learn through Failure**

The way your child handles failure can help them to face the certain failures life will throw them in the future. The worst time for you as a parent to give advice is immediately after a disappointment. Let your child cope in their own way.

✓ **Get to know the Coach**

Since the Coach has a powerful influence on your child, take the time to attend the preseason parent meeting and get to know the coaches' philosophy, expectations, and guidelines.

✓ **Focus on your Child as an Individual**

Focus on what your child does well and where they need to improve. Encouragement is essential.

✓ **Listen to your Child, but Stay Rational**

Always support and listen to your child, but remember to stay rational until you have investigated the situation.

✓ **Be Mindful of your Role as a Role Model**

Take a good honest look at your actions and reactions in the athletic arena. These actions are a big cue to your child and to the others around you.

✓ **Show Unconditional Love**

The most important thing…show your child you love them, win or lose. Remind them that you love to watch them play.

Sportsmanship is Everyone's Responsibility!

DETROIT LAKES PUBLIC SCHOOLS EXPECTATIONS FOR PARENT/ATHLETE CONCERNS

Parent/Athlete concerns should be addressed using the following protocol

- Athlete meets with the Coach/Coaches
- Athlete and parent meets with the Coach/Coaches
- Athlete and parent meets with the Coach/Coaches and Activities Director
- Athlete and parent meets with the Coach/Coaches, Activities Director and Principal

Note: These meetings will take place face to face at a time and place that is agreeable to all parties involved. Email, text, phone and social media are not a place to have these types of conversations.

Parent/Coach Relationship

Both parenting and coaching are extremely difficult vocations. By establishing an understanding of each position, we are better able to accept the actions of the other and provide greater benefit to students. As a parent, you have a right to understand what expectations are placed on your child when involved in our programs. This begins with clear communication from the coach of your child's team.

PARENT/COACH COMMUNICATION

Communication You Should Expect From Your Child's Coach

1. Philosophy of the coach.
2. Expectations the coach has for your child as well as all the players on the team.
3. Location and times of all practices and contests.
4. Team requirements: i.e. fees, special equipment, off-season conditioning.
5. Procedures should your child be injured during practice or a contest.
6. Discipline that might affect your child's participation.

Communication Coaches Expect From Parents

1. Notification of any schedule conflicts well in advance.
2. Specific concerns in regard to a coach's expectations.
3. Communication of any medical or physical limitations that may impact your child's participation.

As your children become involved in the programs of Detroit Lakes Public Schools, they will experience some of the most rewarding moments of their lives. It is also important to understand that there might also be times when things do not go the way you or your child wishes. During those times it is important to have an open dialogue with the coach.

Appropriate Concerns to Discuss With Coaches

1. The treatment of your child mentally and physically.
2. Ways to help your child improve.
3. Concerns about your child's behavior.

As a parent it may be very difficult to accept your child's playing time. Coaches are professionals. They make judgment decisions based upon what they believe is best for all students involved. As you have seen, certain things can and should be discussed with your child's coach. Other things, such as those listed below, must be left to the discretion of the coach.

Issues Not Appropriate to Discuss With The Coach

1. *Playing Time*
2. *Play calling*
3. *Team Strategy*
4. *Other student athletes*

Remember....
Research indicates that a student who is involved in co-curricular activities has a greater chance for success during adulthood, thus the premise on which these programs have been established. Many of the character traits required to be a successful participant are the same as those found to promote a successful life after high school.

CAUTIONS, CONSIDERATIONS, AND RESPONSIBILITIES

Activities can be highly competitive, and practice plays a major role in the preparation of the student. Because of the intense demands of participation, students must observe the practice rules, procedures, and training progression that are given. This, in turn, should address the need for safety, learning, and the overall desire to succeed and enjoy the activity.
If there is a particular health concern related to a participant that may interfere with or limit the student's participation in the activity, parents should notify the coach/advisor (s) of these concerns. Every effort will be made, if possible, to allow the student to continue to participate.

Activities do require a significant time commitment. Many activities are held on Saturdays and require some travel. The days are long and return times are most often estimated. The coach/advisor will provide a time "window" of the expected time of return from an event, but participants and parents should be aware that events may run longer than expected (due to travel, number of participants in a particular activity, awards ceremonies, etc.).

Responsibilities

Unsportsmanlike conduct is not acceptable. Be positive in your interaction with other competitors and judges. Never discuss tournament results or ballots at the tournament site. Share your concerns with your coach/advisor at the conclusion of the event. If you have a concern about something that is taking place during an event, take your concerns to your coach/advisor, not other team members or contestants.

General Cautions

Students participating in activities are encouraged to take care of their health. Eating healthy and getting enough rest become extremely important to success in the activity. During competition, participants are encouraged to drink water rather than pop or other beverages.

Emergencies

Because of the nature of activities, injuries may occur. All injuries must be called to the attention of the coaching staff and athletic trainer. Some injuries may require more intense management. When such an incident occurs, the practice, scrimmage, drill, or contest should be stopped. Make sure the coach/advisor, trainer, or other site manager is aware of the problem immediately. If necessary, additional assistance should be called. Parents will be notified. If a fire or fire alarm occurs, the site should be evacuated, with all participants moving a safe distance away from the facility. It is important that all participants provide emergency contact information to the coach/advisor prior to the start of the season. Any changes to this information should be given to the coach/advisor in a timely manner.

Insurance and Injuries

Activities can play an important role in your student's development; however, there is a risk of injury occurring during participation. We encourage all parents to have medical coverage in the event that an injury occurs while their student is involved in activities or during the regular school day. All schools at the high school level do have certified, athletic trainers on duty during practices and most contests, so immediate attention is provided. They will consult with the parents and make recommendations if they believe further attention is needed by a physician.

Student Insurance Options

Activities can play an important role in your students' development; however, there is a risk of injury occurring during participation. We encourage all parents to have medical coverage in the event an injury occurs while their student is involved in activities or during the regular school day. There are insurance plans through Student Assurance Services inc. that are available for purchase through DL Public Schools.

For information regarding supplemental insurance coverage and claims handling procedures, you can contact Student Assurance Services at (800) 328-2739 or (651) 439-7098. Information is also available online at www.sas-mn.com or at dlschools.net.

**High school level interscholastic sports do have certified athletic trainers on duty during practices and most contests, so immediate attention is provided. They will consult with parents and make recommendations if they believe further attention is needed by a physician.

Preparation for Activity

- All athletes must have a physical exam on file prior to the start of the season and should report in sound physical condition/sport appropriate.
- Clothing, shoes, and protective equipment for your sport should fit properly and be worn during practices and contests.
- Remove all jewelry before participation.
- Individuals requiring athletic training services should arrive early to receive treatment to avoid being late for practice.
- All physical problems that are chronic or may interfere with participation should be reported to the trainer and coach/advisor.

Locker Room and Practice

- Be alert to the surroundings to prevent any injuries.
- Students should not engage in roughhouse or horseplay which could lead to injury.
- Close and lock your lockers whether you are at a home contest or on the road. Do not leave valuables out.
- Keep soap and shampoo in the shower area and report any problems with foot or skin infections.
- When spikes are used for the sport in which you're participating, they should not be worn in the building. Please remove them before entering.

Religious Activities

Wednesday evenings are reserved for church activities. Once the school year has started, all student activities (whether directly or indirectly sponsored by the school) will be terminated by 5:45 on Wednesdays. Multi-school tournaments constitute the only approved exceptions to this rule. Any student who misses an activity due to a church function will not be penalized in any way.

* The coach/advisor also recognizes that students are often involved in other activities. Whenever possible, the coach/advisor will work with students to accommodate other activities. Students are encouraged to participate in other activities. No student will be denied participation because of a conflict with another activity. When initial efforts to resolve participation conflicts fail, a building administrator will review the circumstances and make a decision.

Roosevelt Elementary Goals 2025-26

End of the Year Report - Goal 1: *To increase the staff collaboration and communication.*

Roosevelt Elementary has been implementing the MTSS process since the 2021-22 school year. We have identified need areas on a yearly basis as we continue to refine the process.

2025-26 Goal: 85% of staff agree that collaboration and communication is effective and efficient

RESULTS: The staff collaboration and communication score has increased from 82.2% to 84.4%. This fell short of our overall goal of 85%. However, it is apparent that we are making steps in the right direction in the overall area of communication between interventionists, specialists and classroom teachers.
We have implemented the following to assist in this area:

- Grade level meetings with interventionists and specialists immediately after monitoring progress - 5x/yr
- Utilizing a shared digital data collection form shared among appropriate staff members
- Consistent usage of shared Morning Meeting materials: K-5

End of the Year Report - Goal 2: *To family and community involvement.*

Roosevelt Elementary continues to focus on increasing engagement with our families and our community.

2025-26 Goal: 78% of staff agree that there is sufficient family and community involvement

RESULTS: The family and community involvement score has increased from 74.7% to 77.4%. While our overall goal of 78%, the percentage is trending in a positive direction and we will continue to focus on these important relationships.
We have implemented the following to assist in this area:

- Held at least 8 family engagement events throughout the school year - Open House, PT Conferences, Family Math Night, Family Reading Night, Music Performances, Science Fair, 5th Grade Graduation, K Gingerbread houses, Readathon, etc.
- Shared the importance of reading the weekly Roosevelt Revelations and staying current with school happenings
- Added several new members to our Parent/Teacher Organization
- Continuing to develop partnerships with local organizations to support community-based services (ie. have wonderful working relationships with the Boys and Girls Club, KDLM, etc.)

Goal/Progress Check –

Renaissance STAR Assessment Updates

DLHS is excited to share positive results from winter STAR Reading and Math assessments for 9th and 10th graders.

In reading, both grades have met or exceeded spring goals, showing strong growth since fall.

Math scores are steadily improving, with 9th grade nearing the spring target. We're proud of our students' efforts and continued progress toward strong academic outcomes.

Winter Results

A message shared with DLHS Staff on 2/2/26

I wanted to share a quick update on our **winter STAR Reading and Math results** for 9th and 10th grade and to say thank you for the work behind these numbers.

Reading
- 9th grade: **68%** above the 49th percentile
- 10th grade: **75%** above the 49th percentile

Our spring reading goal was 68%, and we've already met or exceeded that in both grades with 10th grade beyond the target goal set. This reflects strong instructional practices and intentional support for students.

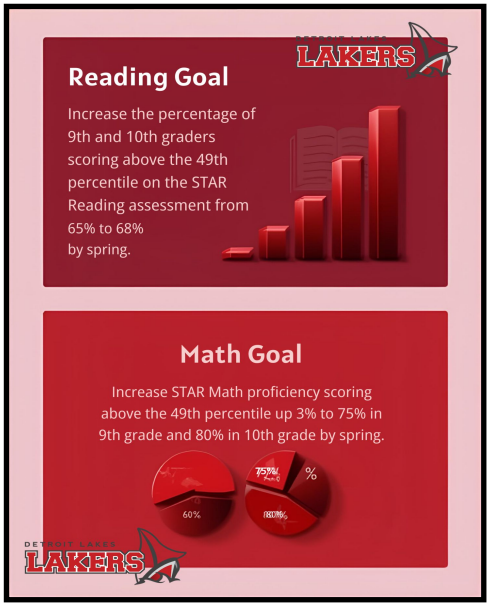

Math
- 9th grade: **73%** above the 49th percentile
- 10th grade: **70%** above the 49th percentile

Math growth from fall to winter is trending in the right direction. Ninth grade is very close to the spring goal of 75%, and with continued focus, we are well positioned to keep moving students forward especially in 10th grade.

Overall, this data tells us that what we are doing is working, and we need to keep doing it. Thank you for your daily effort to meet students where they are and help them grow. Let's keep it going.

The District understands that as a result of its covenant to be bound by the provisions of the Credit Enhancement Act, the provisions of that section shall be binding as long as any Bonds of this issue remain outstanding.

(b) The District further covenants to comply with all procedures now and hereafter established by the Minnesota Departments of Management and Budget and Education pursuant to subdivision 2(c) of the Credit Enhancement Act and otherwise to take such actions as necessary to comply with that section. The Board Chair, Clerk, Treasurer, Superintendent, or Business Manager of the District are authorized to execute any applicable Minnesota Department of Education forms.

(a) Declaration of Intent. The District proposes to issue the Bonds to finance the costs of the Project. The District may reimburse original expenditures made for certain costs of the Project from the proceeds of the Bonds in an estimated maximum principal amount of $2,000,000. All reimbursed expenditures will be capital expenditures, costs of issuance of the Bonds, or other expenditures eligible for reimbursement under Section 1.150-2(d)(3) of the Reimbursement Regulations.

(b) Declaration Made Not Later Than 60 Days. This Declaration has been made not later than sixty (60) days after payment of any original expenditure to be subject to a reimbursement allocation with respect to the proceeds of the Bonds, except for the following expenditures: (a) costs of issuance of the Bonds; (b) costs in an amount not in excess of $100,000 or five percent (5%) of the proceeds of the Bonds; or (c) "preliminary expenditures" up to an amount not in excess of twenty (20) percent of the aggregate issue price of the Bonds that finance or are reasonably expected by the District to finance the Project for which the preliminary expenditures were incurred. The term "preliminary expenditures" includes architectural, engineering, surveying, bond issuance, and similar costs that are incurred prior to commencement of acquisition, construction, or rehabilitation of the Project, other than land acquisition, site preparation, and similar costs incident to commencement of construction.

(c) Reasonable Expectations; Official Intent. This Declaration is an expression of the reasonable expectations of the District based on the facts and circumstances known to the District as of the date hereof. The anticipated original expenditures for the Project and the principal amount of the Bonds described in Section 8(a), above, are consistent with the District's budgetary and financial circumstances. No sources other than proceeds of the Bonds to be issued by the District are, or are reasonably expected to be, reserved, allocated on a long-term basis, or otherwise set aside pursuant to the District's budget or financial policies to pay such original expenditures. This Resolution is intended to constitute a declaration of official intent for purposes of the Reimbursement Regulations.

Long-Term Facilities Maintenance Expenditure Categories used in the Excel Spreadsheet Template

Category 1: Health and Safety Expenditures by Uniform Financial and Accounting Reporting Standards (UFARS) Finance Codes 347, 349, 352, 358, 363 and 366 (this section excludes project costs of $100,000 or more for which additional revenue is requested for Finance Codes 358, 363 and 366).

projects for Fiscal Year (FY) 2027 and FY 2028. The later years can be a rough estimate. Fiscal 2026 is an estimate of what the **final** UFARS expenditures will be. Once the FY 2026 audited financial data is complete and final UFARS data has been submitted, enter the actual FY 2026 Health and Safety (H&S) expenditures on the Health and Safety Data Submission System Category 1 excludes projects costing $100,000 or more for asbestos removal or encapsulation fire safety, and indoor air quality as they are entered under Category 2 as listed below. Also enter FY 2026, FY 2027 and FY 2028 totals per finance code in the Health and Safety Data Submission on the Minnesota Department of Education (MDE) website (MDE homepage > Districts, Schools and Educators > Business and Finance > Data Submissions, then select the Health and Safety category) so hold harmless revenue calculates properly on the levy.

Category 2: Health and Safety Expenditures by UFARS Finance Code for Asbestos Removal and Encapsulation, Fire Safety and Indoor Air Quality projects costing $100,000 or more per Project, per Site, per Year.

A district enters totals by finance code for individual projects that cost $100,000 or more per site, per year for asbestos removal and encapsulation, fire safety, or indoor air quality as they generate additional revenue. Also, enter FY 2026, FY 2027 and FY 2028 H&S projects costing $100,000 or more on a separate line in the Health and Safety Data Submission System on the MDE website (the project description should include the site name and whether it is financed by "pay-as-you-go" or bonded dollars).

Category 3(a): Remodeling for Approved Voluntary Prekindergarten (VPK) Program

If the district has an approved VPK program include planned expenditures for remodeling projects.

Category 3(b): Remodeling for Gender Neutral Single-User Restroom per site (Effective FY 2025)

For districts who budget for a remodeling project for a gender-neutral single user restroom at least one at each school site.

Category 4: Americans with Disabilities Act (ADA) Accessibility Projects

Enter approved project costs to increase accessibility to school facilities. The project shall conform to both the district's ADA/Section 504 disabled access transition plan and the current ADA Accessibility Guidelines for Buildings and Facilities, as well as applicable state and local building and fire codes.

Category 5: Deferred Maintenance Projects by UFARS Finance Code.

Facility deferred maintenance projects are broken into nine finance codes. Each code represents a component grouping of a building designed to ease assignment of a project into the proper code. The code breakdown is also meaningful for comparison of costs among school districts and to the Minnesota legislature to assess school facility costs and the ongoing need for facility funding.

Category 6: Deferred Maintenance Projects for Roofing Systems requests for $100,000 or more per site/year.

A district enters totals by finance code for individual roofing projects that cost $100,000 or more per site, per

Fund Balance Section: Fund 01 - General Fund LTFM Project Expenditures and Fund 06 - Building Construction Project Expenditures (LTFM Only - Bonded or $2 million or more per project/site/year (see transfer guidance).

To begin, enter previous fiscal year ending fund balances for Fund 01-467-XX in cell C56 and Fund 06-467-XX in cell C67. Beginning and Ending Fund Balances are input/calculated as negative balances = ($100,000), or as positive balances = $100,000. Revenues, expenditures and transfer IN and OUT are all entered as positive numbers. The fiscal year ending fund balance calculation formula includes the revenues/transfer IN entries as positive numbers added to the fiscal year beginning fund balance. The fiscal year ending fund balance calculation formula includes the expenditures/transfer OUT entries as negative numbers subtracted from the beginning fiscal year fund balance. **If both Funds 01 and 06 are utilized, you will have to input an Excel formula**

Additional Documentation

Category 2 Asbestos Removal and Encapsulation, Fire Safety and Indoor Air Projects $100,000 or over per Project, per Site, per Year

For districts with asbestos removal and encapsulation, fire safety and indoor air quality projects costing $100,000 or more per project, per site, per year for FY 2027 or FY 2028 the ten-year plan includes a narrative describing the scope and cost of the project in greater detail. Individual project approval is required as these projects generate additional revenue.

a. For ***asbestos removal and encapsulation projects,*** give a description of the type and amount of asbestos and the scope of the project including an engineer or contractor estimate of the cost -***narrative from contractor/professional engineer - on company letterhead and signed by a company contractor/engineer.***

b. For ***fire safety projects,*** include a project description and an estimate of the cost ***from the professional engineer***. If a building permit has been pulled for other school construction projects, the building inspector has jurisdiction over the review of the fire suppression rework, but the State Fire Marshal should be contacted for final review and approval; otherwise, the fire suppression rework requires an order from the state fire marshal, schools division. If replacing a fire alarm system which is inoperable, ***submit State Fire Marshal orders to substantiate***. Voice activated systems cannot be installed in existing systems unless there are Fire Marshal orders authorizing replacement due to in operable system.

c. For ***indoor air quality projects,*** describe which American Society of Heating, Refrigerating, and Air-Conditioning Engineers (ASHRAE) Indoor Air Quality (IAQ) standards are not being met and indicate how the project will result in meeting ASHRAE standards and include an estimate of cost from the project engineer. Also, include a floor plan to reflect classrooms affected and a report listing cubic feet per minute (CFM) ratings (current and projected ratings at completion of project) - ***narrative from professional engineer on company letterhead and signed by professional engineer.***

Category 3 (a) Approved Voluntary Prekindergarten (VPK) Program - Remodeling Costs

For districts with an approved voluntary prekindergarten program under Minnesota Statutes 2025, section 124D.151, a narrative describing the project to remodel existing instructional space to accommodate kindergarten instruction. In the narrative, describe the square footage and use of the existing instructional space, changes to be made to the facility, and the final square footage and features of the prekindergarten instructional space, for example, bathroom space, play area, and small group instruction space. This narrative may be the same narrative submitted to MDE as part of the application to obtain approval for the voluntary prekindergarten program under Minnesota Statutes 2025, section 124D.151.

Category 3 (b) Gender Neutral Single-User Restrooms - Remodeling Costs

For districts who budget for a remodeling or construction project for a gender-neutral, single user restroom at each school site, include a narrative describing the project scope and cost to remodel existing instructional space to accommodate a single-user restroom (at least one per school site). In the narrative, describe the square footage and changes to be made to the facility, and the final square footage and features of the bathroom space. Include a schematic of the remodeled area. ***Narrative information is required to be submitted on vendor/contractor letterhead and signed by the appropriate staff member. If the work is to be done by school facilities staff, please include the narrative information on the school's letterhead and signed by authorized personnel.***

Category 5 Deferred Maintenance Projects costing $2,000,000 per Project, per Site, per Year

For districts with deferred maintenance projects for FY 2027 or FY 2028 costing $2,000,000 or more per project, per site, per year, a narrative describing each project in greater detail is required. In the narrative, discuss the deferred capital and maintenance criteria that make the project eligible for Long-Term facilities maintenance revenue and the work necessary to prevent further erosion of facilities. Describe the scope of work in sufficient detail to indicate the change in condition of the facility and provide an indication of the improvement to useful life. Indicate the level of deferred maintenance work needed for the facility before and after the project will be completed. Include an architect or consultant cost estimate detailing categories of work and associated cost including an estimate of fees - ***narrative from professional engineer/architect on their letterhead and signed.***

Category 6 Deferred Maintenance Roofing Projects costing $100,000 or more per site/project/year - Additional Revenue

For districts with deferred maintenance roofing projects for **FY 2027 and beyond** costing $100,000 or more per project, per site, per year, a narrative describing each project in greater detail is required. In the narrative, discuss the deferred capital and maintenance criteria that make the project eligible for Long-Term facilities maintenance revenue and the work necessary to prevent further erosion of facilities. Describe the scope of work in sufficient detail to indicate the change in condition of the facility and provide an indication of the improvement to useful life. Updating the Health and Safety Database (Does not include Deferred Maintenance Fina

The Minnesota Department of Education (MDE) will continue to use the existing Health and Safety (H&S) database (located on the MDE website under MDE > Districts, Schools and Educators > Business and Finance > Data Submissions, select Health and Safety) to drive levy processing for fall levies. Districts enter summary data by finance code, consistent with the summary data for Fiscal Year (FY) 2026, FY 2027 and FY 2027 included on the district's ten-year plan expenditure spreadsheet. Detailed information by project will still be required for asbestos removal and encapsulation, fire safety and indoor air quality projects costing $100,000 or more per project, per site, per year since those generate additional revenue over and above the Long-Term Facilities Maintenance (LTFM) formula allowance. Do not enter information for deferred maintenance or accessibility finance codes. The Health and Safety amounts provide an accurate calculation of the hold harmless revenue estimate on the levy and aid entitlement reports, and either add to revenue or show complete information for persons who seek levy information.

When comfortable with data and assumptions, a district should enter the total health and safety cost from the expenditure spreadsheet in the hold harmless section of the revenue spreadsheet and the Health and Safety Data Submission System. Hold harmless revenue depends on the year's H&S costs plus deferred maintenance revenue for districts that did not qualify for alternative facilities revenue. Hold harmless for an alternative facilities school district is health and safety plus an amount to fund the other ten-year plan projects. For FY 2026, 27 and 28, MDE is asking school districts to enter totals by finance code from the expenditure spreadsheet in the Health and Safety Data Submission System (instructions on how to enter H&S data on the data submissions website may be found on the LTFM webpage under MDE > Districts, Schools and Educators > Business and Finance > School Finance > Facilities and Technology > Long-Term Facilities Maintenance , then select “Health and Safety Website Instructions” (these instructions may also be found on the Health and Safety Data Submission System). MDE uses the submission system to load the prior law calculation H&S amount into the Levy Limitation and Certification system and LTFM Aid Entitlement system. Without this step, the levy shows zero in the health and safety line under the old law revenue and the calculation is inaccurate. An alternative facilities school district should not include the amount in both the Health and Safety Data Submission System and in the revenue amount entered for deferred maintenance ten-year plan projects levy as the H&S levy will be doubled. In the Health and Safety Data Submission System, enter the H&S finance totals, six in all (if all are included in the ten-year planned projects) from the expenditure spreadsheet plus separately enter each individual project (asbestos removal and encapsulation, fire safety or indoor air quality) costing $100,000 or more for H&S. **Only**

Note: School Districts should continue to update H&S expenditures in the Health and Safety Data Submission system on a regular basis to accurately cost estimate decreases or increases for applicable fiscal years.

Make sure to update the system for **final, audited UFARS H&S financial data** (reference the 25-26 UFARS Turnaround Report titled ***Expenditure by Finance Code Report*** on the Minnesota Funding Reports (MFR) webpage located at Data Center > Data Reports and Analytics, locate the School Finance Reports section), select Minnesota Funding Reports (MFR). NARRATIVE

Date: July 27, 2026
Project: Independent School District #22 – Detroit Lakes Public Schools
Subject: Roofing Project Narrative – LTFM FY 2027 - 2028

Ms. Miller,

Included in this memo is a brief overview and summary of the roofing project currently being planned at the High School, Middle School and Roosevelt Elementary located in Detroit Lakes, Minnesota, over Fiscal Year 2027 – 2028. The scope of the project will include roofing replacements as described in this narrative.

High School:
The High School was originally built in 1957, with additions in 1997, 2020, and 2021. It has a total building area of approximately 249,803 ft2. The scope includes multiple roof sections (8, 11, 13, 18 through 23) consisting primarily of ballasted EPDM systems which have exceeded their expected service life and are recommended for replacement.

Middle School:
The Middle School was originally built in 1977, with an addition in 2018. It has a total building area of approximately 156,246 ft2. The scope includes two roof sections (5 and 11) consisting primarily of adhered EPDM systems which have exceeded their expected service life and are recommended for replacement.

Roosevelt Elementary School:
The Roosevelt Elementary School was originally built in 1990, with additions in 1997, 2020, and 2021. It has a total building area of approximately 112,690 ft2. The scope includes multiple roof sections (1 through 6) consisting primarily of ballasted EPDM systems which have exceeded their expected service life and are recommended for replacement.

Current Deficiencies:
The existing roofs at the schools described above are in poor condition, and leaks are becoming more frequent. The district's past LTFM budget constraints have forced them to defer upgrading this roofing, which is at the end of its expected service life and should be replaced.

Project Budget: $2,000,000

Project Timeline:

Design:	August – December 2026
Bidding/Award:	January 2027
Construction:	June 2027 - August 2027
Completion:	August 2027

Project Goals:
Replace portions of the existing roofing as described to mitigate future roof leaks, interior damage and ensure future occupant health and safety.

Conceptual Project Scope:
Remove the existing roof, repair areas of insulation damaged by roof leaks, and install a new fully adhered roof assembly.

The following images identify the areas of the existing roofing on the facility that will be impacted by the scope of this project. The areas highlighted in YELLOW are the roof sections to be replaced.
