Truth In Taxation Public Meeting

6:10pm

Dec. 20, 2021 at the

Central Public Schools HS Media Center

531 Morse St.

Norwood Young America, MN 55368

Truth in Taxation Law

Minnesota's Truth in Taxation Law requires that cities, counties and school districts follow certain steps before adopting a tax levy for the following year.

- The law requires a mailed notice to each property owner in the county, which describes the tax levies proposed by the city, county and school district and what percent increase (decrease) such a levy would mean in dollars.
- School districts are required to hold a single meeting in which the public is allowed to speak and the budget and levy is discussed. This meeting may be part of a regularly scheduled meeting but must occur after 6:00 P.M.
- The meeting date and location must be provided at the same time or prior to certifying the proposed property tax levy. The meeting date must be between November 25 and December 27.
- You are here tonight as part of the school district's public meeting process.

Requirements of the Truth in Taxation Public Meeting

1. Discuss proposed property tax levy for taxes payable 2022
2. Provide and discuss information on the current budget (2022).
3. Public must be given a reasonable amount of time to comment on the proposed property tax levy and budget and to ask questions.

- Minnesota Statute 275.065

Points to Remember

1. Revenue formulas are set by the State Legislature except for voter approved referendums.
2. Local Levy and State Aid mix are set by the State Legislature.
3. An increase in local taxes does not necessarily mean an increase in revenues for the school district.

104 SCHOOL DISTRICT MISSION STATEMENT

I. PURPOSE

The purpose of this policy is to establish a clear statement of the purpose for which the school district exists.

II. GENERAL STATEMENT OF POLICY

The school board believes that a mission statement should be adopted. III. MISSION STATEMENT

EDUCATION IS CENTRAL

Enter District 108 and you will discover an energized, enthusiastic and caring learning environment.

This will be a place where lifelong learners are actively engaged in understanding, exploring and creating the world of knowledge.

We will expand beyond the doors of our buildings into the community and world around us and be connected through resources, relationships, technology and innovation. High standards and quality will be the norm and success will be a reality for all.

Listen to the voices of our community and you will hear a sense of pride, affirmation, encouragement and support. There will be a strong spirit of collaboration and togetherness.

District 108 will be a community that is alive with the excitement of learning. People will be united in the memory of a rich history, the pride of present celebrations, and the hopes and dreams of the future.

IV. REVIEW

The school board will review the school district's mission every two years, especially when members of the board change. The school board will conduct a comprehensive review of the mission, including the beliefs and values of the community, every five to seven years.

Section 2.01 Authorization and Designation. In accordance with the laws of the State of Minnesota, the Board hereby authorizes the issuance of the Bonds in the aggregate principal amount of \$9,375,000 to be used to finance a portion of the Project costs. Such Bonds shall be designated as “General Obligation School Building Bonds, Series 2021A”.

Section 2.02 Maturities, Interest Rates and Denominations. The Bonds shall be originally dated their date of original issue and delivery (December 30, 2021), shall be issued and sold in denominations of \$5,000 or any integral multiple thereof within a single maturity, shall mature on February 1 in the years and amounts set forth below and shall bear interest at the rates per annum set forth below opposite such years and amounts from their date of original issue or from the most recent Interest Payment Date to which interest has been paid or duly provided for until paid or duly called for redemption (if any), as follows:

<u>Year</u>	<u>Amount</u>	<u>Interest</u>
2033	\$1,820,000	3.000%
2034	1,935,000	3.000
2035	2,050,000	3.000
2036	2,165,000	2.000
2037	1,405,000	2.000

The Bonds shall be issuable only in fully registered form. Interest shall be computed on the basis of a 360-day year composed of twelve 30-day months. The interest thereon and, upon surrender of each Bond, the principal amount thereof, shall be paid by check or draft issued by the Registrar described herein; provided, however, that so long as the Bonds are registered in the name of a securities depository, or a nominee thereof, in accordance with Section 2.08 hereof, the principal of and the interest on the Bonds shall be paid in accordance with the operational arrangements of the securities depository.

The District plans to issue bonds in early 2022, which will utilize the remaining bonding authority approved by voters at the Election (an aggregate amount not to exceed \$29,480,000 in 2022). Upon the issuance of the Bonds and the planned 2022 bonds, the maturities set forth above, together with the maturities of the planned 2022 bonds and all other outstanding general obligation bonds of the District, meet the requirements of Minnesota Statutes, Section 475.54.

Section 2.03 Dates and Interest Payments. Upon initial delivery of the Bonds pursuant to Section 2.07 hereof and upon any subsequent transfer or exchange pursuant to Section 2.06 hereof, the date of authentication shall be noted on each Bond so delivered, exchanged or transferred. The interest on the Bonds shall be payable on February 1 and August 1 (each, an “**Interest Payment Date**”), commencing August 1, 2022, to the owners of record thereof as of the close of business on the fifteenth day of the immediately preceding month, whether or not such day is a business day the (“**Record Date**”).

If any payments of interest due on the Bonds on an Interest Payment Date are not timely made, such interest shall cease to be payable to the registered owners as of the Record Date for such Interest Payment Date and shall be payable to the registered owners of the Bonds as of a special date of record for payment of such defaulted interest as shall be designated by the Registrar whenever monies for the purpose of paying such defaulted interest becomes available.

If the date for payment of the principal of or the interest on the Bonds shall be a Saturday, Sunday, legal holiday or day on which banking institutions in the city in which the principal corporate trust office of the Registrar is located are authorized by law or executive order to close,

the date for such payment shall be the next succeeding day which is not a Saturday, Sunday, legal holiday or day on which such banking institutions are authorized to close, and payment on such day shall have the same force and effect as if made on the nominal payment date.

Section 2.04 Redemption.

(a) **Optional Redemption.** The District may elect on February 1, 2028, and on any day thereafter, to prepay Bonds due on or after February 1, 2029. Redemption may be in whole or in part and if in part at the option of the District and in such manner as the District shall determine. All Bonds shall be redeemed at a price of par plus accrued interest to the date of redemption. Bonds subject to redemption shall be redeemed in whole multiples of \$5,000. If any Bond is in a denomination in excess of \$5,000, portions of the principal amount thereof in installments of \$5,000 or any whole multiple thereof may be redeemed, and if less than all of the principal amount thereof is to be redeemed, in such case upon the surrender of such Bonds there shall be issued to the registered owner thereof without charge therefor, for the then unredeemed balance of the principal amount thereof, Bonds of like series, maturity and interest rates in any of the authorized denominations provided by this Resolution. If less than all Bonds of any maturity are to be called for redemption pursuant to this Resolution, the Registrar shall select the particular Bonds of such maturity to be redeemed by lot.

(b) **Notice of Redemption.** Notice of redemption of Bonds stating their designation, date, maturity, principal amounts and the redemption date shall be given by the Registrar by mailing such notice by first class mail, postage prepaid, not less than 30 days prior to the date fixed for redemption (or such shorter period as may be acceptable to the then registered owner of the Bonds) to the registered owners at their most recent addresses appearing upon the books of the Registrar. Failure to give notice to any particular registered owner or any defect in the notice given to such owner shall not affect the validity of the proceedings calling the Bonds or the redemption of any Bonds for which proper notice has been given. Notice of redemption need not be given to the holder of any Bonds, whether registered or not, who has waived notice of redemption. Notice of redemption having been given as provided above or notice of redemption having been waived by the owners of Bonds called for redemption to whom such notice has not been given as provided above, the Bonds so called for redemption shall become due and payable on the designated redemption date. The District shall give written notice to the Registrar of its election to redeem Bonds at least 45 days prior to the said redemption date, or such shorter period as shall be acceptable to the Registrar. If on or before the said redemption date funds sufficient to pay the Bonds so called for redemption at the applicable redemption price and accrued interest to said date have been deposited or caused to have been deposited by the District with the Registrar for the purposes of such payment and notice of redemption thereof has been given or waived as hereinbefore provided, then from and after the date fixed for redemption interest on such Bonds so called shall cease to accrue and become payable. If such funds shall not have been so deposited with the Registrar as aforesaid no later than the date fixed for redemption, such call for redemption shall be revoked and the Bonds so called for redemption shall continue to be outstanding the same as though they had not been so called; such Bonds shall continue to bear interest until paid at such rate as they would have borne had they not been called for redemption and shall continue to be protected by this Bond Resolution and entitled to the benefits and security hereof.

Section 2.05. Appointment of Initial Registrar. The District hereby appoints U.S. Bank National Association in St. Paul, Minnesota, as the initial bond registrar, transfer agent and paying agent (the “**Registrar**”). The Chair of the Board and the Clerk of the District are authorized to execute and deliver, on behalf of the District, a contract with the Registrar (the “**Registrar Agreement**”). The Registrar shall have only such duties and obligations as are expressly specified by this Resolution and the Registrar Agreement, and no other duties or obligations shall be implied to the Registrar, except as may be set forth in a written agreement between the District and a successor Registrar.

The District agrees to pay the reasonable and customary charges of the Registrar for the services performed. The Registrar shall notify the District in writing of any changes in its principal corporate trust office as set forth in this Section.

Upon merger or consolidation of the Registrar with another corporation, if the resulting corporation is a bank or trust company authorized by law to conduct such business, such corporation shall be authorized to act as successor Registrar.

The District reserves the right to remove the Registrar upon thirty (30) days’ notice and upon the appointment of a successor Registrar, in which event the predecessor Registrar shall deliver all cash and Bonds in its possession to the successor Registrar and shall deliver the bond register to the successor Registrar. The Chair of the Board and the Clerk of the District is each authorized to remove the Registrar as provided herein if he or she determines such removal is in the best interest of the District. Upon such removal, such officer is authorized to appoint a successor Registrar and to execute a Registrar Agreement with such successor Registrar in a form substantially similar to that approved by the Board pursuant to this Resolution, but with such changes as he or she shall deem appropriate or necessary.

Section 2.06. Registration. The effect of registration and the rights and duties of the District and the Registrar with respect thereto shall be as follows:

(a) Register. The Registrar shall keep at its principal corporate trust office a bond register in which the Registrar shall provide for the registration of ownership of Bonds and the registration of transfers and exchanges of Bonds entitled to be registered, transferred or exchanged.

(b) Transfer of Bonds. Upon surrender for transfer of any Bond duly endorsed by the registered owner thereof or accompanied by a written instrument of transfer, in form satisfactory to the Registrar, duly executed by the registered owner thereof or by an attorney duly authorized by the registered owner in writing, the Registrar shall authenticate and deliver, in the name of the designated transferee or transferees, one or more new Bonds of a like aggregate principal amount and maturity, as requested by the transferor. The Registrar may, however, close the books for registration of any transfer after any Record Date and until the immediately succeeding Interest Payment Date.

(c) Exchange of Bonds. Whenever any Bonds are surrendered by the registered owner for exchange the Registrar shall authenticate and deliver one or more

new Bonds of a like aggregate principal amount and maturity, as requested by the registered owner or the owner's attorney in writing.

(d) Cancellation. All Bonds surrendered upon any transfer or exchange shall be promptly canceled by the Registrar and thereafter disposed of as directed by the District.

(e) Improper or Unauthorized Transfer. When any Bond is presented to the Registrar for transfer, the Registrar may refuse to transfer the same until it is satisfied that the endorsement on such Bond or separate instrument of transfer is valid and genuine and that the requested transfer is legally authorized. The Registrar shall incur no liability for the refusal, in good faith, to make transfers which it, in its judgment, deems improper or unauthorized.

(f) Persons Deemed Owners. The District and the Registrar may treat the person in whose name any Bond is at any time registered in the bond register as the absolute owner of such Bond, whether such Bond shall be overdue or not, for the purpose of receiving payment of, or on account of, the principal of and interest on such Bond and for all other purposes, and all such payments so made to any such registered owner or upon the owner's order shall be valid and effectual to satisfy and discharge the liability upon such Bond to the extent of the sum or sums so paid.

(g) Taxes, Fees and Charges. For every transfer or exchange of Bonds, the Registrar may impose a charge upon the owner thereof sufficient to reimburse the Registrar for any tax, fee or other governmental charge required to be paid with respect to such transfer or exchange.

(h) Mutilated, Lost, Stolen or Destroyed Bonds. In case any Bond shall become mutilated or be destroyed, stolen or lost, the Registrar shall deliver a new Bond of like amount, number, maturity date and tenor in exchange and substitution for and upon cancellation of any such mutilated Bond or in lieu of and in substitution for any such Bond destroyed, stolen or lost, upon the payment of the reasonable expenses and charges of the Registrar in connection therewith; and, in the case of a Bond destroyed, stolen or lost, upon filing with the Registrar of evidence satisfactory to it that such Bond was destroyed, stolen or lost, and of the ownership thereof, and upon furnishing to the Registrar of an appropriate bond or indemnity in form, substance and amount satisfactory to it, in which both the District and the Registrar shall be named as obligees. All Bonds so surrendered to the Registrar shall be canceled by it and evidence of such cancellation shall be given to the District. If the mutilated, destroyed, stolen or lost Bond has already matured or been called for redemption in accordance with its terms it shall not be necessary to issue a new Bond prior to payment.

(i) Authenticating Agent. The Registrar is hereby designated authenticating agent for the Bonds, within the meaning of Minnesota Statutes, Section 475.55, Subdivision 1.

(j) Valid Obligations. All Bonds issued upon any transfer or exchange of Bonds shall be the valid obligations of the District, evidencing the same debt, and entitled to the same benefits under this Resolution as the Bonds surrendered upon such transfer or exchange.

Section 2.07. Execution; Authentication and Delivery. The Bonds shall be prepared under the direction of the Clerk of the District and shall be executed on behalf of the District by the signatures of the Chair of the Board and the Clerk of the District, provided that all signatures may be printed, engraved, or lithographed facsimiles of the originals. In case any officer whose signature, or a facsimile of whose signature, shall appear on the Bonds shall cease to be such officer before the delivery of any Bond, such signature or facsimile shall nevertheless be valid and sufficient for all purposes, the same as if such officer had remained in office until delivery. Notwithstanding such execution, no Bond shall be valid or obligatory for any purpose or entitled to any security or benefit under this Resolution unless and until a certificate of authentication on such Bond has been duly executed by the manual signature of the Registrar. The executed certificate of authentication on each Bond shall be conclusive evidence that it has been authenticated and delivered under this Resolution. When the Bonds have been so executed and authenticated, they shall be delivered by the Clerk of the District to the Underwriter upon payment of the purchase price in accordance with the contract of sale heretofore made and executed.

Section 2.08. Securities Depository.

(a) For purposes of this section the following terms shall have the following meanings:

“Beneficial Owner” shall mean, whenever used with respect to a Bond, the person in whose name such Bond is recorded as the beneficial owner of such Bond by a Participant on the records of such Participant, or such person’s subrogee.

“Cede & Co.” shall mean Cede & Co., the nominee of DTC, and any successor nominee of DTC with respect to the Bonds.

“DTC” shall mean The Depository Trust Company of New York, New York.

“Participant” shall mean any broker-dealer, bank or other financial institution for which DTC holds Bonds as securities depository.

“Representation Letter” shall mean the Representation Letter pursuant to which the District agrees to comply with DTC’s Operational Arrangements.

(b) The Bonds shall be initially issued as separately authenticated fully registered bonds, and one Bond shall be issued in the principal amount of each stated maturity of the Bonds. Upon initial issuance, the ownership of such Bonds shall be registered in the bond register in the name of Cede & Co., as nominee of DTC. The Registrar and the District may treat DTC (or its nominee) as the sole and exclusive owner of the Bonds registered in its name for the purposes of payment of the principal of or interest on the Bonds, selecting the Bonds or portions

thereof to be redeemed, if any, giving any notice permitted or required to be given to registered owners of Bonds under this Resolution, registering the transfer of Bonds, and for all other purposes whatsoever; and neither the Registrar nor the District shall be affected by any notice to the contrary. Neither the Registrar nor the District shall have any responsibility or obligation to any Participant, any person claiming a beneficial ownership interest in the Bonds under or through DTC or any Participant, or any other person which is not shown on the bond register as being a registered owner of any Bonds, with respect to the accuracy of any records maintained by DTC or any Participant, with respect to the payment by DTC or any Participant of any amount with respect to the principal of or interest on the Bonds, with respect to any notice which is permitted or required to be given to owners of Bonds under this Resolution, with respect to the selection by DTC or any Participant of any person to receive payment in the event of a partial redemption of the Bonds, or with respect to any consent given or other action taken by DTC as registered owner of the Bonds. So long as any Bond is registered in the name of Cede & Co., as nominee of DTC, the Registrar shall pay all principal of and interest on such Bond, and shall give all notices with respect to such Bond, only to Cede & Co. in accordance with DTC's Operational Arrangements, and all such payments shall be valid and effective to fully satisfy and discharge the District's obligations with respect to the principal of and interest on the Bonds to the extent of the sum or sums so paid. No person other than DTC shall receive an authenticated Bond for each separate stated maturity evidencing the obligation of the District to make payments of principal and interest. Upon delivery by DTC to the Registrar of written notice to the effect that DTC has determined to substitute a new nominee in place of Cede & Co., the Bonds will be transferable to such new nominee in accordance with paragraph (e) hereof.

(c) In the event the District determines that it is in the best interest of the Beneficial Owners that they be able to obtain Bonds in the form of bond certificates, the District may notify DTC and the Registrar, whereupon DTC shall notify the Participants of the availability through DTC of Bonds in the form of certificates. In such event, the Bonds will be transferable in accordance with paragraph (e) hereof DTC may determine to discontinue providing its services with respect to the Bonds at any time by giving notice to the District and the Registrar and discharging its responsibilities with respect thereto under applicable law. In such event the Bonds will be transferable in accordance with paragraph (e) hereof.

(d) The execution and delivery of the Representation Letter to DTC, in substantially the form attached hereto as Exhibit B, by the Chair of the Board or the Clerk of the District, if not previously filed with DTC, is hereby authorized and directed.

(e) In the event that any transfer or exchange of Bonds is permitted under paragraph (b) or (c) hereof, such transfer or exchange shall be accomplished upon receipt by the Registrar of the Bonds to be transferred or exchanged and appropriate instruments of transfer to the permitted transferee in accordance with the provisions of this Resolution. In the event Bonds in the form of certificates are issued to owners other than Cede & Co., its successor as nominee for DTC as owner of all the Bonds, or another securities depository as owner of all the Bonds, the provisions of this Resolution shall also apply to all matters relating thereto, including, without limitation, the printing of such Bonds in the form of bond certificates and the method of payment of principal of and interest on such Bonds in the form of bond certificates.

Article III Form of Bonds

The Bonds shall be issued in substantially the form of bond attached as Exhibit A hereto.

Article IV Deposit and Application of Bond Proceeds

Upon payment for the Bonds by the Underwriter, proceeds of the Bonds shall be deposited to the Project Fund (as defined herein) and shall be applied to pay costs and expenses of the Project. A portion of the proceeds of the Bonds may be disbursed by the District to pay the costs of issuing the Bonds. The District may also pay such costs from other legally available moneys.

Article V Creation of Funds; Tax Levies; Investments

Section 5.01. General Obligation School Building Bonds, Series 2021A Project Fund. There is hereby established on the official books and records of the District a “General Obligation School Building Bonds, Series 2021A Project Fund” (the “**Project Fund**”). All proceeds of the Bonds deposited in the Project Fund in accordance with Article IV hereof shall be expended solely for the payment of the costs of the Project as approved by the voters at the Election as required pursuant to Minnesota Statutes, Section 475.58, Subdivision 4. The District shall maintain the Project Fund until all costs and expenses incurred in connection with the Project have been paid. Amounts in the Project Fund shall be applied to pay the costs and expenses of acquiring, constructing, equipping and furnishing the Project. Project Fund moneys may be applied to pay the costs of issuing the Bonds; the District may also pay such costs from other legally available moneys. After payment of all Project costs and expenses, the Project Fund shall be discontinued and any Bond proceeds remaining therein shall be credited to the Debt Service Fund established by Section 5.02 hereof.

Section 5.02. General Obligation School Building Bonds, Series 2021A Debt Service Fund. The principal of and the interest on the Bonds shall be paid from a separate General Obligation School Building Bonds, Series 2021A Debt Service Fund (the “**Debt Service Fund**”) which shall be created and maintained on the books of the District as a separate debt redemption fund until the Bonds, and all interest thereon, are fully paid. All ad valorem taxes levied and collected as hereinafter specified shall be credited to the Debt Service Fund, as well as any other funds appropriated by the Board for the payment of the Bonds and any moneys received pursuant to the Credit Enhancement Act (as defined in Article IX herein). If any payment of principal of or interest on the Bonds shall become due when there is not sufficient money in the Debt Service Fund to make such payment, the Clerk of the District shall pay the same from any other available fund of the District, and such other fund shall be reimbursed for such advances out of the proceeds of the taxes levied for the payment of the Bonds when available. If the District does not have other moneys available to pay scheduled debt service on the Bonds, the District shall take all necessary actions pursuant to Article IX hereof.

Section 5.03. Pledge of Full Faith and Credit; Tax Levies. The Board hereby irrevocably pledges the full faith, credit and taxing power of the District to the prompt and full

payment of the principal of and interest on the Bonds as the same respectively become due. To provide moneys for the payment of principal of and interest on the Bonds as required by Minnesota Statutes, Section 475.61, the Board hereby represents, warrants and covenants that it shall cause to be levied and collected annually on all taxable property in the District a direct, annual ad valorem tax which shall be spread upon the tax rolls for collection in the years and amounts as follows, as a part of other general taxes of the District, as follows:

<u>Levy Years</u>	<u>Collection Years</u>	<u>Amount</u>
-------------------	-------------------------	---------------

(See Exhibit C hereto for levy computation)

Such tax shall be in excess of and in addition to all other taxes now or hereafter authorized to be levied by the District. The special tax described herein and all receipts therefrom are pledged to the payment of debt service on the Bonds. Such tax shall be irrevocable as long as any of the Bonds are outstanding and unpaid; provided that the District reserves the right and power to reduce the levies in the manner and to the extent permitted by Minnesota Statutes, Section 475.61. It is estimated that the ad valorem taxes will be collected in amounts which, together with Bond proceeds deposited in the Debt Service Fund (if any), will be not less than five percent (5%) in excess of the annual principal and interest requirements of the Bonds. If, as of the date tax levies are certified in any year, the sum of the balance in the Debt Service Fund plus any ad valorem taxes theretofore levied for the payment of Bonds payable therefrom and collectible through the end of the following calendar year is not sufficient to pay when due all principal and interest to become due on all Bonds payable therefrom in said following calendar year, or the Debt Service Fund has incurred a deficiency in the manner provided in Section 5.01 hereof or amounts are owing to the State in the manner provided in Article IX hereof, an additional direct, irrevocable, ad valorem tax shall be levied on all taxable property within the corporate limits of the District for the purpose of restoring such accumulated or anticipated deficiency in accordance with the provisions of this Resolution.

Section 5.04. Investments. Moneys in each of the funds and accounts created and established by this Resolution shall be deposited, invested and secured in accordance with State law. Moneys held in such funds and accounts may be invested by the District or at its direction in such amounts and maturing at such times as shall reasonably provide for moneys to be available when required in the accounts or funds; provided, however, that no such investment shall be made for a period extending longer than to the date when the moneys invested may be needed for the purpose for which such fund or account was created; and provided further that such investments shall be subject to the covenants and provisions of the Article VII hereof. All interest on any authorized investment held in any fund or account shall accrue to and become a part of such fund or account. All money held in the funds created by this Resolution shall be kept separate and apart from all other funds of the District so that there shall be no commingling of such funds with any other funds of the District.

Certification of Proceedings

Section 6.01. Filing with County Auditors. The Clerk of the District is hereby authorized and directed to file with the County Auditor of each county in which the District is located in whole or in part a certified copy of this Resolution together with such other information as the County Auditors shall require and to obtain from the County Auditors a certificate that the Bonds have been entered upon the bond registers and that the tax for the payment of the Bonds has been levied as required by law.

Section 6.02. Certification of Proceedings. The officers of the District and the County Auditors are hereby authorized and directed to prepare and furnish to the Underwriter and to Kutak Rock LLP, Bond Counsel, certified copies of all proceedings and records of the District relating to the Bonds and to the financial condition and affairs of the District, and such other affidavits, certificates and information as may be required to show the facts relating to the legality and marketability of the Bonds as they appear from the books and records under the officer's custody and control or as otherwise known to the them. All such certified copies, certificates and affidavits, including any heretofore furnished, shall be deemed representations of the District to the correctness of all statements contained herein.

Section 6.03. Official Statement. The Preliminary Official Statement relating to the Bonds, as of its date December 2, 2021 prepared and distributed by the Underwriter, including any amendments or supplements thereto, is hereby ratified, approved and deemed "final" for purposes of Rule 15c2-12 promulgated under the Securities and Exchange Act of 1934, as amended ("**Rule 15c2-12**"). The Underwriter is hereby authorized on behalf of the District to prepare and distribute to the purchasers within seven business days from the date hereof, a Final Official Statement listing the offering price, the interest rates, selling compensation, delivery date, the underwriters and such other information relating to the Bonds required to be included in the Official Statement by Rule 15c2-12. The use and public distribution of the final Official Statement by the Underwriter in connection with the offering of the Bonds is hereby authorized. The officers of the District are hereby authorized and directed to execute such certificates as may be appropriate concerning the accuracy, completeness and sufficiency of the Official Statement.

Article VII

Covenants and Arbitrage Matters.

Section 7.01. Restrictive Action. The Board covenants and agrees with the registered owners of the Bonds, that it will not take or permit to be taken by any of its officers, employees or agents any actions that would cause interest on the Bonds to become includable in gross income of the recipient under the Code and applicable Regulations, and covenants to take any and all actions within its powers to ensure that the interest will not become includable in gross income of the recipient under the Code and the Regulations. It is hereby certified that the proceeds of the Refunded Bonds were used to finance the acquisition and betterment of school facilities owned and operated by the District and the District covenants and agrees that, so long as the Bonds are outstanding, the District shall not enter into any lease, management agreement, use agreement or other contract with any nongovernmental entity relating to the school facilities

so financed which would cause the Bonds to be considered “private activity bonds” or “private loan bonds” pursuant to Section 141 of the Code.

Section 7.02. Arbitrage Certification. The Chair of the Board and the Clerk of the District, being the officers of the District charged with the responsibility for issuing the Bonds pursuant to this Resolution, are authorized and directed to execute and deliver to the Purchaser a certificate in accordance with the provisions of Section 148 of the Code and applicable Regulations stating the facts, estimates and circumstances in existence on the date of issue and delivery of the Bonds which make it reasonable to expect that the proceeds of the Bonds will not be used in a manner that would cause the Bonds to be “arbitrage bonds” within the meaning of the Code and the Regulations.

Section 7.03. Arbitrage Rebate. The Board acknowledges that the Bonds are subject to the rebate requirements of Section 148(f) of the Code and covenants to retain such records, make such determinations, file such reports and documents and pay such amounts at such times as are required under Section 148(f) and applicable Regulations to preserve the exclusion of interest on the Bonds from gross income for federal income tax purposes, unless the Bonds qualify for an exception from the rebate requirement pursuant to one of the spending exceptions set forth in Section 1.148-7 of the Regulations and no “gross proceeds” of the Bonds (other than amounts constituting a “bona fide debt service fund”) arise during or after the expenditure of the original proceeds thereof.

Section 7.04. Post-Issuance Compliance Procedures. The Board has previously adopted the Post-Issuance Tax Compliance Procedures attached to this Resolution as Exhibit D to ensure that the District satisfies and meets all applicable post-issuance requirements of federal income tax law needed to preserve the tax-exempt status of the Bonds. The District reserves the right to use its discretion as necessary and appropriate to make exceptions or request additional provisions as it may determine. The District also reserves the right to change these policies and procedures from time to time, without notice.

Section 7.05. Bank Qualified Status. The Bonds are hereby designated qualified tax-exempt obligations for purposes of Section 265(b)(3) of the Code.

Article VIII Continuing Disclosure

Section 8.01. Continuing Disclosure Undertaking. The Board (a) authorizes and directs any District officer to execute and deliver, on the date of the issuance of the Bonds, a continuing disclosure undertaking (the “**Undertaking**”) in such form that satisfies the requirements of Rule 15c2-12 and is acceptable to the Underwriter and bond counsel and (b) covenants that it will comply with and carry out all of the provisions of the Undertaking. A description of this undertaking is set forth in the Official Statement. Notwithstanding any other provisions of this Resolution or the Undertaking, failure of the District to comply with the Undertaking will not be considered a default under this Resolution or the Bonds; however, any Bondholder or Beneficial Owner may take such actions as may be necessary and appropriate, including seeking mandate or specific performance by court order, to cause the District to comply with its obligations under this subparagraph and the Undertaking. For purposes of this

subparagraph, “**Beneficial Owner**” means any person who (i) has the power, directly or indirectly, to vote or consent with respect to, or to dispose of ownership of, any Bonds (including persons holding Bonds through nominees, depositories or other intermediaries), or (ii) is treated as the owner of any Bonds for federal income tax purposes.

Article IX

Credit Enhancement Act

The Board hereby covenants and obligates the District to be bound by and to use the provisions of Minnesota Statutes, Section 126C.55 (the “**Credit Enhancement Act**”) to guarantee payment of the principal of, the premium, if any, and the interest on the Bonds when due. The District shall comply with all procedures now or hereafter established by the Minnesota Department of Management and Budget and the Minnesota Department of Education pursuant to subdivision 2(c) of the Credit Enhancement Act and to take such actions as necessary to comply with the Credit Enhancement Act. The Chair of the Board, the Clerk of the District, and the superintendent and the business manager of the District are each authorized to execute any applicable forms of the Minnesota Department of Management and Budget or the Minnesota Department of Education. The Board understands and acknowledges that the provisions of the Credit Enhancement Act shall be binding on the District as long as any Bonds are outstanding.

The Board further covenants to deposit with the Registrar, at least three (3) business days prior to the date on which any payment of principal of, premium, if any, or interest on the Bonds is due, an amount sufficient to pay such payment. If the District believes it may be unable to pay the principal of, the premium, if any or the interest on the Bonds on the date any such payment is due, the District shall notify the Commissioner of the Department of Education as soon as possible, but not less than 15 business days before the date such payment is due. The District shall authorize and direct the Registrar to notify the Commissioner of the Department of Education if (i) the Registrar becomes aware of a potential payment default with respect to the Bonds or (ii) two (2) business days prior to the date a payment is due on the Bonds the Registrar does not have sufficient funds to make the payment due on such date.

Article X

Defeasance

The District may discharge its obligations with respect to any Bonds which are due on any date by depositing with the Registrar on or before that date a sum sufficient for the payment thereof in full; or, if any Bond should not be paid when due, it may nevertheless be discharged by depositing with the Registrar a sum sufficient for the payment thereof in full with interest accrued from the due date to the date of such deposit. The District may also discharge its obligations with respect to any prepayable Bonds called for redemption on any date when they are prepayable according to their terms, by depositing with the Registrar on or before that date an amount equal to the principal, interest and redemption premium, if any, which are then due, provided that notice of such redemption has been duly given as provided herein. The District may also at any time discharge its obligations with respect to any Bonds, subject to the provisions of law now or hereafter authorizing and regulating such action, by depositing irrevocably in escrow, with a bank qualified by law as an escrow agent for this purpose, cash or securities which are authorized by law to be so deposited, bearing interest payable at such time

and at such rates and maturing or callable at the holder's option on such dates as shall be required to pay all principal and interest to become due thereon to maturity or earlier designated redemption date. If any deposit is made more than ninety days before the maturity date or specified redemption date of the Bonds to be discharged, the District shall have received a written opinion of Bond Counsel to the effect that such deposit does not adversely affect the exemption of interest on any Bonds from federal income taxation and a written report of an accountant or investment banking firm verifying that the deposit is sufficient to pay when due all of the principal and interest on the Bonds to be discharged on and before their maturity dates or earlier designated redemption date. When all of the Bonds have been discharged as provided in this Article, all pledges, covenants and other rights granted by this Resolution to the registered owners of the Bonds shall cease.

Article XI

Authorization of Officers

Without in any way limiting the power, authority, or discretion elsewhere herein granted or delegated, the Board hereby (a) authorizes and directs each officer, employee and agent of the District to carry out, or cause to be carried out, and to perform such obligations of the District and such other actions as they, or any one of them shall consider necessary, advisable, desirable, or appropriate in connection with this Resolution and the issuance, sale, and delivery of the Bonds, including, without limitation and whenever applicable, the execution and delivery thereof and of all other related documents, instruments, certificates, and opinions; and (b) delegates to each such officer, employee and agent the right, power, and authority to exercise her or his own independent judgment and absolute discretion in determining and finalizing the terms, provisions, form and contents of each of the foregoing. The execution and delivery by any such officer, employee or agent of the District of any such documents, instruments, certifications, and opinions, or the doing by them of any act in connection with any of the matters which are the subject of this Resolution, shall constitute conclusive evidence of both the District's and their approval of all changes, modifications, amendments, revisions, and alterations made therein, and shall conclusively establish their absolute, unconditional, and irrevocable authority with respect thereto from the District and the authorization, approval, and ratification by the District of the documents, instruments, certifications, and opinions so executed and the action so taken.

INDEPENDENT SCHOOL DISTRICT NO. 108 (CENTRAL PUBLIC SCHOOLS), STATE OF MINNESOTA, a duly organized and existing independent school district, whose administrative offices are located in Norwood Young America, Minnesota (the “District”), promises to pay to the registered owner specified above, or registered assigns, the principal sum specified above on the maturity date specified above, and to pay interest thereon from the date of original issue specified above, or from the most recent interest payment date to which interest has been paid or duly provided for, at the annual rate specified above, payable on February 1 and August 1 in each year, commencing August 1, 2022, to the person in whose name this Bond is registered at the close of business on the fifteenth day (whether or not a business day) of the immediately preceding month. The interest hereon and, upon presentation and surrender hereof at the principal office of the Registrar described below, the principal hereof, are payable in lawful money of the United States of America by check or draft drawn on U.S. Bank National Association in St. Paul, Minnesota, as bond registrar, transfer agent and paying agent, or its successor designated under the resolution described herein (the “Registrar”).

This Bond is one of an issue in the aggregate principal amount of \$9,375,000 (the “Bonds”), issued by the District to be used for the purposes of financing the costs of acquisition and betterment of school sites and facilities, including the construction of new gymnasiums at both school facility sites, costs related to updating and remodeling of all the school facility sites and costs related to updating and improving safety and security at all school facilities of the District (collectively, the “Project”), and is issued pursuant to and in full conformity with resolution adopted by the School Board on December 20, 2021 (the “Resolution”), and is issued

pursuant to and in full conformity with the Constitution and laws of the State of Minnesota thereunto enabling, including Minnesota Statutes, Chapter 475. The Bonds are issuable only in fully registered form, in denominations of \$5,000 or any integral multiple thereof, of single maturities.

The Bonds are direct, general obligations of the District, to which the full faith, credit and resources and the taxing power of the District are irrevocably pledged. Pursuant to the Resolution, the District has covenanted to cause to be made annually a special levy of taxes on all the taxable property in the District, in addition to all other taxes, sufficient in rate and amount to produce sums not less than five percent in excess of the principal of and interest on the Bonds when due. The District has pledged such tax levy and all receipts therefrom to all payments due on the Bonds. The District has further covenanted to be bound by and to use the provisions of Minnesota Statutes, Section 126C.55 (the "Credit Enhancement Act") to guarantee payment of the principal of and the interest on the Bonds when due.

The District may elect on February 1, 2028, and on any day thereafter, to prepay Bonds due on or after February 1, 2029. Redemption may be in whole or in part and if in part at the option of the District and in such manner as the District shall determine. All Bonds shall be redeemed at a price of par plus accrued interest to the date of redemption.

Notice of redemption of this Bond shall be given to the Registered Owner hereof by first class mail, postage prepaid, not less than thirty (30) days prior to the date fixed for redemption (or such shorter period as may be acceptable to the then registered owner of the Bonds), all as more particularly set forth in the Bond Resolution; provided, however, that failure to give such notice by mailing, or any defect therein, shall not affect the validity of any proceeding for the redemption of any Bond with respect to which no such failure has occurred. Notice of redemption having been given as provided in the Bond Resolution, or notice of redemption having been waived, and funds for the payment thereof having been deposited with the Registrar, this Bond shall cease to bear interest from and after the date fixed for redemption.

As provided in the Resolution and subject to certain limitations set forth therein, this Bond is transferable upon the books of the District at the principal office of the Registrar, by the registered owner hereof in person or by the owner's attorney duly authorized in writing upon surrender hereof together with a written instrument of transfer satisfactory to the Registrar, duly executed by the registered owner or the owner's attorney, and may also be surrendered in exchange for Bonds of other authorized denominations. Upon such transfer or exchange, the District will cause a new Bond or Bonds to be issued in the name of the transferee or registered owner, of the same aggregate principal amount, bearing interest at the same rate and maturing on the same date, subject to reimbursement for any tax, fee or governmental charge required to be paid with respect to such transfer or exchange.

The District and the Registrar may deem and treat the person in whose name this Bond is registered as the absolute owner hereof, whether this Bond is overdue or not, for the purpose of receiving payment and for all other purposes, and neither the District nor the Registrar shall be affected by any notice to the contrary.

Notwithstanding any other provisions of this Bond, so long as this Bond is registered in the name of Cede & Co., as nominee of The Depository Trust Company, or in the name of any other nominee of The Depository Trust Company or other securities depository, the Registrar shall pay all principal of and interest on this Bond, and shall give all notices with respect to this Bond, only to Cede & Co. or other nominee in accordance with the operational arrangements of The Depository Trust Company or other securities depository as agreed to by the District.

IT IS HEREBY CERTIFIED, RECITED, COVENANTED AND AGREED that all acts, conditions and things required by the Constitution and laws of the State of Minnesota to be done, to exist, to happen and to be performed preliminary to and in the issuance of this Bond in order to make it a valid and binding general obligation of the District in accordance with its terms, have been done, do exist, have happened and have been performed as so required, and that the issuance of this Bond, together with all other indebtedness of the District outstanding on the date hereof and on the date of its actual issuance and delivery, does not cause the indebtedness of the District to exceed any constitutional or statutory limitation of indebtedness.

This Bond shall not be valid or become obligatory for any purpose or be entitled to any security or benefit under the Resolution until the Certificate of Authentication hereon shall have been executed by the Registrar by manual signature of one of its authorized representatives.

IN WITNESS WHEREOF, Independent School District No. 108 (Central Public Schools), State of Minnesota, by its School Board, has caused this Bond to be executed in its behalf by the facsimile signatures of the Chair of the Board and Clerk of the District, the District having no seal or said seal having been intentionally omitted as permitted by law.

POST-ISSUANCE TAX COMPLIANCE PROCEDURES

General

In connection with the issuance of the Bonds, the District will execute a federal tax certificate (the “**Tax Certificate**”) that describes the requirements and provisions of the Code that must be followed in order to maintain the tax exempt status of interest on such bonds. In addition, the Tax Certificate will contain the reasonable expectations of the District at the time of issuance of the Bonds with respect to the use of the gross proceeds of such bonds and the assets to be financed or refinanced with the proceeds thereof. These Procedures supplement and support the covenants and representations made by the District in the Tax Certificate related to the Bonds. In order to comply with the covenants and representations set forth in the Bond documents and in the Tax Certificate, the District tracks and monitors the actual use of the proceeds of the Bonds, the investment and expenditure of the Bond proceeds and the assets financed or refinanced with the proceeds of such bonds over their life.

Designation of Responsible Person

The Clerk of the District shall maintain an inventory of Bonds and assets financed which contains the pertinent data to satisfy the District’s monitoring responsibilities. Any transfer, sale or other disposition of bond-financed assets must be reviewed and approved by the Clerk of the District.

Post-Issuance Compliance Requirements

External Advisors/Documentation

The District shall consult with bond counsel and other legal counsel and advisors, as needed, throughout the Bond issuance process to identify requirements and to establish procedures necessary or appropriate so that the Bonds will continue to qualify for tax-exempt status. Those requirements and procedures shall be documented in the Tax Certificate and/or other documents finalized at or before issuance of the Bonds. Those requirements and procedures shall include future compliance with applicable arbitrage rebate requirements and all other applicable post-issuance requirements of federal tax law throughout (and in some cases beyond) the term of the Bonds.

The District also shall consult with bond counsel and other legal counsel and advisors, as needed, following issuance of the Bonds to ensure that all applicable post-issuance requirements in fact are met. This shall include, without limitation, consultation in connection with future contracts with respect to the use of Bond-financed or refinanced assets.

The District shall train and employ or otherwise engage expert advisors (a “**Rebate Analyst**”) to assist in the calculation of arbitrage rebate payable in respect of the investment of

Bonds proceeds, unless the Tax Certificate documents that arbitrage rebate will not be applicable to the Bonds.

Unless otherwise provided by the resolution or other authorizing documents relating to the Bonds, unexpended Bond proceeds shall be held in a segregated account by a trustee, and the investment of Bond proceeds shall be managed by the District. The District shall prepare (or cause the trustee to prepare) regular, periodic statements regarding the investments and transactions involving Bond proceeds.

Arbitrage Rebate and Yield

Unless the Tax Certificate documents that arbitrage rebate will not be applicable to the Bonds, the District shall be responsible for:

- engaging the services of a Rebate Analyst and, prior to each rebate calculation date, causing the trustee or other account holder to deliver periodic statements concerning the investment of Bond proceeds to the Rebate Analyst;
- providing to the Rebate Analyst additional documents and information reasonably requested by the Rebate Analyst;
- monitoring efforts of the Rebate Analyst;
- assuring payment of required rebate amounts, if any, no later than 60 days after each 5-year anniversary of the issue date of the Bonds, and no later than 60 days after the last Bond is redeemed;
- during the construction period of each capital project financed in whole or in part by the Bonds, monitoring the investment and expenditure of Bond proceeds and consulting with the Rebate Analyst to determine compliance with any applicable exceptions from the arbitrage rebate requirements during each 6-month spending period up to 6 months, 18 months or 24 months, as applicable, following the issue date of the Bonds; and
- retaining copies of all arbitrage reports and account statements as described below under “Record Keeping Requirements”.

The District, in the Tax Certificate and/or other documents finalized at or before the issuance of the Bonds, has agreed to undertake the tasks listed above (unless the Tax Certificate documents that arbitrage rebate will not be applicable to an issue of the Bonds).

Use of Bond Proceeds and Bond-Financed or Refinanced Assets:

The District shall be responsible for:

- monitoring the use of Bond proceeds and the use of Bond-financed or refinanced assets (e.g., facilities, furnishings or equipment) throughout the term of the bonds to ensure compliance with covenants and restrictions set forth in the Tax Certificate;
- maintaining records identifying the assets or portion of assets that are financed or refinanced with proceeds of the bonds, including a final allocation of Bond proceeds as described below under “Record Keeping Requirements”;
- consulting with bond counsel and other legal counsel and advisers in the review of any contracts or arrangements involving use of Bond-financed or refinanced assets to ensure compliance with all covenants and restrictions set forth in the Tax Certificate;
- maintaining records for any contracts or arrangements involving the use of Bond-financed or refinanced assets as described below under “Record Keeping Requirements”;
- conferring at least annually with personnel responsible for Bond-financed or refinanced assets to identify and discuss any existing or planned use of Bond-financed or refinanced assets, to ensure that those uses are consistent with all covenants and restrictions set forth in the Tax Certificate; and
- to the extent that the District discovers that any applicable tax restrictions regarding use of Bond proceeds and bond-financed or refinanced assets will or may be violated, consulting promptly with Bond counsel and other legal counsel and advisers to determine a course of action to remediate all nonqualified bonds, if such counsel advises that a remedial action is necessary.

The District, in the Tax Certificate and/or other documents finalized at or before the issuance of the Bonds, has agreed to undertake the tasks listed above.

All relevant records and contracts shall be maintained as described below.

Record Keeping Requirement

The District shall be responsible for maintaining the following documents for the term of the Bonds (including refunding bonds, if any) plus at least three years:

- a copy of the Bond closing transcript(s) and other relevant documentation delivered to the District at or in connection with closing of the issue of the Bonds, including any elections made by the District in connection therewith;
- a copy of all material documents relating to capital expenditures financed or refinanced by Bond proceeds, including (without limitation) construction contracts, purchase orders, invoices, trustee requisitions and payment records, draw requests for Bond proceeds and evidence as to the amount and date for each draw down of Bond proceeds, as well as documents relating to costs paid or reimbursed with Bond proceeds and records

identifying the assets or portion of assets that are financed or refinanced with Bond proceeds, including a final allocation of Bond proceeds;

- a copy of all contracts and arrangements involving the use of Bond-financed or refinanced assets;
- copies of all trustee statements and reports, including arbitrage reports, prepared with respect to District bonds; and
- a copy of all records of investments, investment agreements, arbitrage reports and underlying documents, including trustee statements, in connection with any investment agreements, and copies of all bidding documents, if any.

ARTICLE 1 GENERAL PROVISIONS

§ 1.1 Basic Definitions

§ 1.1.1 The Contract Documents. The Contract Documents are enumerated in the Agreement between the Owner and Contractor (hereinafter the Agreement) and consist of the Agreement, Conditions of the Contract (General, Supplementary and other Conditions), Drawings, Specifications, Addenda issued prior to execution of the Contract, other documents listed in the Agreement, and Modifications issued after execution of the Contract. A Modification is (1) a written amendment to the Contract signed by both parties, (2) a Change Order, (3) a Construction Change Directive, or (4) a written order for a minor change in the Work issued by Nexus. The Contract Documents include all Documents which are part of and all forms required or specified in, this Project Manual. Including but not limited to: all Introductory Information, Bidding Requirements, Contract Forms, Conditions of the Contract, Addenda (as defined in the Instructions to Bidders), and all divisions comprising the Specification.

§ 1.1.2 The Contract. The Contract Documents form the Contract for Construction. The Contract represents the entire and integrated agreement between the parties hereto and supersedes prior negotiations, representations, or agreements, either written or oral. The Contract may be amended or modified only by a Modification. The Contract Documents shall not be construed to create a contractual relationship of any kind (1) between the Contractor and Nexus or Nexus' consultants, (2) between the Owner and Nexus' consultants, (3) between the Contractor and Nexus or Nexus' consultants, (4) between the Owner and a Subcontractor or Sub-subcontractor, or (5) between any persons or entities other than the Owner and Contractor. Nexus and Nexus' Consultants shall, however, be entitled to performance and enforcement of obligations under the Contract intended to facilitate performance of their duties.

§ 1.1.3 The Work. The term "Work" means the construction and services required by the Contract Documents, whether completed or partially completed, and includes all other labor, materials, equipment, and services provided or to be provided by the Contractor to fulfill the Contractor's obligations. The Work may constitute the whole or a part of the Project. Use of the words "produce", "provide", "furnish" or "install" where appropriate shall, also include "furnish and install".

§ 1.1.4 The Project. The Project is the total construction of which the Work performed under the Contract Documents may be the whole or a part and which may include construction by other Contractors, and by the Owner's own forces and Separate Contractors.

§ 1.1.5 Contractors. Contractors are persons or entities, other than the Contractor or Separate Contractors, who perform Work under contracts with the Owner that are administered by Nexus.

§ 1.1.6 Separate Contractors. Separate Contractors are persons or entities who perform construction under separate contracts with the Owner not administered by Nexus.

§ 1.1.7 The Drawings. The Drawings are the graphic and pictorial portions of the Contract Documents showing the design, location and dimensions of the Work, generally including plans, elevations, sections, details, schedules, and diagrams.

§ 1.1.8 The Specifications. The Specifications are that portion of the Contract Documents consisting of the written requirements for materials, equipment, systems, standards and workmanship for the Work, and performance of related services.

§ 1.1.9 Instruments of Service. Instruments of Service are representations, in any medium of expression now known or later developed, of the tangible and intangible creative work performed by Nexus and Nexus' consultants under their respective professional services agreements. Instruments of Service may include, without limitation, studies, surveys, models, sketches, drawings, specifications, and other similar materials. The Project Manual includes all Addenda (as defined in the Instructions to Bidders) properly issued by Nexus and Nexus' Consultants.

§ 1.1.10 Initial Decision Maker. The Initial Decision Maker is the person identified in the Agreement to render initial decisions on Claims in accordance with Section 15.2. The Initial Decision Maker shall not show partiality to the Owner or Contractor and shall not be liable for results of interpretations or decisions rendered in good faith.

§ 1.2 Correlation and Intent of the Contract Documents

§ 1.2.1 The intent of the Contract Documents is to include all items necessary for the proper execution and completion of the Work by the Contractor. The Contract Documents are complementary, and what is required by one shall be as binding as if required by all; performance by the Contractor shall be required only to the extent consistent with the Contract Documents and reasonably inferable from them as being necessary to produce the indicated results.

§ 1.2.1.1 The invalidity of any provision of the Contract Documents shall not invalidate the Contract or its remaining provisions. If it is determined that any provision of the Contract Documents violates any law, or is otherwise invalid or unenforceable, then that provision shall be revised to the extent necessary to make that provision legal and enforceable. In such case the Contract Documents shall be construed, to the fullest extent permitted by law, to give effect to the parties' intentions and purposes in executing the Contract.

§ 1.2.2 Execution of the Contract by the Contractor is a representation that the contractor has;

- (a) visited the site and investigated the nature and location of the Work, and the general and location conditions which can affect the Work or its cost.
- (b) examined the Bidding Documents in relation to each other and to the Project site, the structure and condition of the ground, the obstacles which may be encountered, and all other conditions having bearing upon the performance of the Work, supervision of the Work, existing conditions, time of completion, cost and all other relevant matters.
- (c) carefully studied and compared the Bidding Documents with each other and has obtained clarification for all inconsistencies, errors, omissions or other conditions having a bearing upon the performance of the Work, supervision of the Work, time of completion, costs and all other relevant matters.

§ 1.2.3 Unless otherwise stated in the Contract Documents, words that have well-known technical or construction industry meanings are used in the Contract Documents in accordance with such recognized meanings. In the event of conflicts or discrepancies among the Contract Document, interpretations will be based on the following priorities;

- (a) the Agreement,
- (b) Change Order and supplementary instructions,
- (c) Addenda, with those of later date having precedence over those of earlier date,
- (d) General Conditions of the Contract for Construction,
- (e) Drawings and Specifications.

In the case of an inconsistency between Drawings and Specification or within either Document not clarified by addendum or supplementary instruction, the better quality or greater quantity of Work shall be provided in accordance with the Design Professionals interpretation.

§ 1.2.4 Wherever a provision of a Section of the Specifications conflicts with any agreements or regulations in force among members of a Trade Association, Union, or Council, which regulates or distinguishes what work shall or shall not be included in the work of any particular trade, the contractor shall make necessary arrangements to reconcile such conflicts without cost to the owner and without recourse to Nexus, or the Owner. Where the Specification has been divided into sections, it is for convenience in use. Nexus assumes no responsibility for proper placement of phases of the Work into the proper division or section or the arrangement of Work shown on the Drawings. Nexus shall not be obligated to enter into jurisdictional or other disputes as a result of the organization, arrangement or location of parts of the Work in Specifications or on Drawings, nor to serve as arbiter to establish subcontract limits. Unless otherwise specified, the scope of work of each section shall be to furnish labor, materials, equipment, skill, erection, installation, services and related items for the phase of work of that section, as required by the Drawings, as specified or as otherwise required to provide and complete the entire work of the section. Wherever a provision of a Section of the Specifications conflicts with any agreements or regulations in force among members of Trade Association, Union or Council, which regulates or distinguishes what work shall or shall not be included in the work of any particular trade, the Contractor shall make necessary arrangements to reconcile such conflicts without delay, damage or cost to the Owner and without recourse to Nexus or the Owner.

§ 1.2.5 The general character and scope of the Work is called for by the Contract Documents. Where a portion of the Work is fully drawn and the remainder is merely indicated, the portion fully drawn shall apply to all similar parts of the

Work. Drawings intended primarily as information for one trade may not necessarily show the work of other trades, which shall not be construed as there being no related materials or adjacent work.

§ 1.2.6 Figured dimensions shall be followed in preference to measurement by scale. In the event of discrepancies between Drawings, between Drawings and Specifications or between Specifications, the intent shall be interpreted by Nexus, which shall be binding on the Contractor. Where a dimension may be missing, the Work shall be accomplished in accordance with the directions and dimensions provided by the Design Professional. Dimensions on Drawings, as well as detail Drawings themselves, are subject in every case to measurements of existing, adjacent, incorporated and completed work which shall be taken by the Contractor before undertaking any work dependent upon such data. Dimensions pertaining to the Work shall be verified at site by Contractor.

§ 1.2.7 The Contract Documents generally do not set forth the basis for or the analysis of design. The Contractor is obligated to obtain or ascertain the intent where it is necessary for proper execution and satisfactory completion of the Work.

§ 1.2.8 Where Specifications are of the abbreviated or "streamlined" type, they shall be construed as complete sentences, as shall notes on the drawings. Omission of words such as "the", "the Contractor shall", and "as shown on the drawings" is intentional. The words "shall" or "shall be" are to be supplied by inference. Imperative or directive instructions, directions or specifications apply and refer to the Contractor. The words "symmetrical" and "similar" are used in the general sense and need not mean "identical".

§ 1.2.9 Where a number is specified (as for gauges, weights, temperatures, an amount of time, and similar references) and the specified number cannot be obtained, the number shall be interpreted as the next better, as available.

§ 1.2.10 Standard Specifications rules, codes, instructions, recommendations and references referred to in the Project Specifications shall be the latest edition unless a specific edition is specified. If standard specifications are revised prior to completion of any part of the work to which such revisions would pertain, the Contractor may, if approved by Nexus, perform such work in accordance with the revised specifications. Standard specifications, except as modified in the Project Specifications, shall have full force and effect as though included in the Project Specifications.

§ 1.2.11 Sections of Division 1 General Requirements govern the execution of all sections of the specifications.

§ 1.2.12 In case of conflict in or between drawings and specifications, the contractor will be deemed to have estimated on, and agreed to provide, the greater quantity or better quality of materials and work unless they shall have, before submission of bid, asked for and obtained written decision through addendum of the Design Professional as to which method or materials will be required.

§ 1.3 Capitalization

Terms capitalized in these General Conditions include those that are (1) specifically defined, (2) the titles of numbered articles, or (3) the titles of other documents published by the American Institute of Architects.

§ 1.4 Interpretation

In the interest of brevity the Contract Documents frequently omit modifying words such as "all" and "any" and articles such as "the" and "an," but the fact that a modifier or an article is absent from one statement and appears in another is not intended to affect the interpretation of either statement.

§ 1.5 Ownership and Use of Drawings, Specifications, and Other Instruments of Service

§ 1.5.1 Nexus and Nexus' consultants shall be deemed the authors and owners of their respective Instruments of Service, including the Drawings and Specifications, and retain all common law, statutory, and other reserved rights in their Instruments of Service, including copyrights. The Contractor, Subcontractors, sub-subcontractors, and suppliers shall not own or claim a copyright in the Instruments of Service. Submittal or distribution to meet official regulatory requirements or for other purposes in connection with the Project is not to be construed as publication in derogation of the Nexus and Nexus' Consultants reserved rights.

§ 1.5.2 The Contractor, Subcontractors, Sub-subcontractors, and suppliers are authorized to use and reproduce the Instruments of Service provided to them, subject to any protocols established pursuant to Sections 1.7 and 1.8, solely and exclusively for execution of the Work. All copies made under this authorization shall bear the copyright notice, if any, shown on the Instruments of Service. The Contractor, Subcontractors, Sub-subcontractors, and suppliers may not use the Instruments of Service on other projects or for additions to the Project outside the scope of the Work without the specific written consent of the Owner, Nexus, and Nexus' consultants.

§ 1.6 Notice

§ 1.6.1 Except as otherwise provided in Section 1.6.2, where the Contract Documents require one party to notify or give notice to the other party, such notice shall be provided in writing to the designated representative of the party to whom the notice is addressed and shall be deemed to have been duly served if delivered in person, by mail, by courier, or by electronic transmission if a method for electronic transmission is set forth in the Agreement.

§ 1.6.2 Notice of Claims as provided in Section 15.1.3 shall be provided in writing and shall be deemed to have been duly served only if delivered to the designated representative of the party to whom the notice is addressed by certified or registered mail, or by courier providing proof of delivery.

§ 1.7 Digital Data Use and Transmission

The parties shall agree upon protocols governing the transmission and use of Instruments of Service or any other information or documentation in digital form. The parties will use AIA Document E203™–2013, Building Information Modeling and Digital Data Exhibit, to establish the protocols for the development, use, transmission, and exchange of digital data.

§ 1.8 Building Information Models Use and Reliance

Any use of, or reliance on, all or a portion of a building information model without agreement to protocols governing the use of, and reliance on, the information contained in the model and without having those protocols set forth in AIA Document E203™–2013, Building Information Modeling and Digital Data Exhibit, and the requisite AIA Document G202™–2013, Project Building Information Modeling Protocol Form, shall be at the using or relying party's sole risk and without liability to the other party and its contractors or consultants, the authors of, or contributors to, the building information model, and each of their agents and employees.

If the Contractor fails to correct Work that is not in accordance with the requirements of the Contract Documents as required by Section 12.2 or repeatedly fails to carry out Work in accordance with the Contract Documents, the Owner may issue a written order to the Contractor to stop the Work, or any portion thereof, until the cause for such order has been eliminated; however, the right of the Owner to stop the Work shall not give rise to a duty on the part of the Owner to exercise this right for the benefit of the Contractor or any other person or entity, except to the extent required by Section 6.1.3.

§ 2.5 Owner's Right to Carry Out the Work

If the Contractor defaults or neglects to carry out the Work in accordance with the Contract Documents and fails within a three-day period after receipt of notice from the Owner or Nexus to commence and continue correction of such default or neglect with diligence and promptness, the Owner may, without prejudice to other remedies the Owner may have, correct such default or neglect. Such action by the Owner and amounts charged to the Contractor are both subject to review by and prior approval of Nexus, and Nexus' Consultants may, pursuant to Section 9.5.1, withhold or nullify a Certificate for Payment in whole or in part, to the extent reasonably necessary to reimburse the Owner for the reasonable cost of correcting such deficiencies, including Owner's expenses and compensation for Nexus and Nexus' respective consultants' additional services made necessary by such default, neglect, or failure. If current and future payments are not sufficient to cover such amounts, the Contractor shall pay the difference to the Owner. If the Contractor disagrees with the actions of the Owner or Nexus, or the amounts claimed as costs to the Owner, the Contractor may file a Claim pursuant to Article 15.

ARTICLE 3 CONTRACTOR

§ 3.1 General

§ 3.1.1 The Contractor is the person or entity identified as such in the Agreement and is referred to throughout the Contract Documents as if singular in number. The Contractor shall be lawfully licensed, if required in the jurisdiction where the Project is located. The Contractor shall designate in writing a representative who shall have express authority to bind the Contractor with respect to all matters under this Contract. The term "Contractor" means the Contractor or the Contractor's authorized representative.

§ 3.1.2 The Contractor shall perform the Work in accordance with the Contract Documents.

§ 3.1.3 The Contractor shall not be relieved of its obligations to perform the Work in accordance with the Contract Documents either by activities or duties of Nexus or Nexus' Consultants in their administration of the Contract, or by tests, inspections or approvals required or performed by persons or entities other than the Contractor.

§ 3.2 Review of Contract Documents and Field Conditions by Contractor

§ 3.2.1 The Contractor shall carefully study and compare the Contract Documents with each other and with information furnished by the Owner, and shall take field measurements and verify field conditions and shall carefully compare such field measurements and conditions and other information known to the Contractor with the Construction Documents before commencing activities. The Contractor shall at once report to Nexus and Owner any errors, inconsistencies or omissions discovered. The Contractor shall not be liable to the Owner or Nexus for damages resulting from errors, inconsistencies or omissions in the Contract Documents unless the Contractor recognized, or should have recognized such error, inconsistency or omission and failed to report it to Nexus and the Owner. If the Contractor performs any construction activity involving such error, inconsistency, or omission in the Contract Documents without notice to Nexus and Owner, the Contractor shall assume responsibility for such performance and shall be liable for the amount of the attributable costs for correction and any other resulting damages.

§ 3.2.2 Because the Contract Documents are complementary, the Contractor shall, before starting each portion of the Work, carefully study and compare the various Contract Documents relative to that portion of the Work, as well as the information furnished by the Owner pursuant to Section 2.3.5, shall take field measurements of any existing conditions related to that portion of the Work, and shall observe any conditions at the site affecting it. These obligations are for the purpose of facilitating coordination and construction by the Contractor and are not for the purpose of discovering errors, omissions, or inconsistencies in the Contract Documents; however, the Contractor shall promptly report to Nexus any errors, inconsistencies or omissions discovered by or made known to the Contractor as a request for information submitted to Nexus in such form as Nexus may require. It is recognized that the Contractor's review is made in the Contractor's capacity as a contractor and not as a licensed design professional, unless otherwise specifically provided in the Contract Documents.

§ 3.2.3 The Contractor shall perform the Work in Accordance with the Contract Documents, submittals accepted pursuant to Paragraph 3.12, the general design intent reasonably inferable from the Contract Documents, and all applicable laws, codes, ordinances, rules, regulations and industry standards.

§ 3.2.3.1 The Contractor shall review specified construction and installation procedures (including those recommended by manufacturers) prior to implementation and shall advise Nexus in writing (1) if the specified procedures deviate from good construction practice, (2) if following the procedures will affect warranties and (3) of any objections the Contractor may have to the procedures.

§ 3.2.3.2 If the Contractor is uncertain as to the interpretation or the design intent or the Construction Documents, the Contractor shall be responsible to request in writing an interpretation from Nexus, in accordance with Subparagraphs 4.2.11 and 4.2.12.

§ 3.2.4 If the Contractor believes that additional cost or time is involved because of clarifications or instructions Nexus issues in response to the Contractor's notices or requests for information pursuant to Sections 3.2.2 or 3.2.3, the Contractor shall submit Claims as provided in Article 15. If the Contractor fails to perform the obligations of Sections 3.2.2 or 3.2.3, the Contractor shall pay such costs and damages to the Owner, subject to section 15.1.7, as would have been avoided if the Contractor had performed such obligations. If the Contractor performs those obligations, the Contractor shall not be liable to the Owner or Nexus for damages resulting from errors, inconsistencies or omissions in the Contract Documents, for differences between field measurements or conditions and the Contract Documents, or for nonconformities of the Contract Documents to applicable laws, statutes, ordinances, codes, rules and regulations, and lawful orders of public authorities.

§ 3.3 Supervision and Construction Procedures

§ 3.3.1 The Contractor shall supervise and direct the Work, using the Contractor's best skill and attention. The Contractor shall be solely responsible for, and have control over, construction means, methods, techniques, sequences, and procedures, and for coordinating all portions of the Work under the Contract. If the Contract Documents give specific instructions concerning construction means, methods, techniques, sequences, or procedures, the Contractor shall evaluate the jobsite safety thereof and shall be solely responsible for the jobsite safety of such means, methods, techniques, sequences, or procedures, complying with all applicable laws, codes, ordinances, rules, regulations, and

industry standards. If the Contractor determines that such means, methods, techniques, sequences or procedures may not be safe, the Contractor shall give timely notice to the Owner and Nexus, and shall propose alternative means, methods, techniques, sequences, or procedures, complying with applicable laws, codes, ordinances, rules and regulations and industry standards. The Architect shall evaluate the proposed alternative solely for conformance with the design intent for the completed construction. Nexus shall review the proposed alternative for sequencing, constructability, and coordination impacts on the other Contractors. Unless Nexus objects to the Contractor's proposed alternative, the Contractor shall perform the Work using its alternative means, methods, techniques, sequences, or procedures, complying with all applicable laws, codes, ordinances, rules, regulations, and industry standards.

§ 3.3.1.1 Safety is solely the responsibility of the Contractor to possess/implement/monitor a safety program in accordance to public contract law along with OSHA rules and regulations. Although the Nexus advises the Owner, the Owner reserves the right to stop the work due to safety concerns.

§ 3.3.1.1 The Contractor and authorized representatives shall attend all meetings as requested and scheduled by the Nexus or the Owner.

§ 3.3.2 The Contractor shall be responsible to the Owner for acts and omissions of the Contractor's employees, Subcontractors and their agents and employees, and other persons or entities performing portions of the Work for, or on behalf of, the Contractor or any of its Subcontractors.

§ 3.3.3 The Contractor shall not be relieved of its obligations to perform the Work in accordance with the Contract Documents and all applicable laws, codes, ordinances, rules, regulations and industry standards, either by activities or duties of Nexus in administration of the contract, or by test, shop drawing reviews, inspections or approvals required or performed by persons other than the Contractor, or by any activities or duties of the Owner.

§ 3.3.4 In the event the scope of the Contractor's work involves installation of materials furnished by the Owner, the responsibilities of the parties shall be as follows; Contractor shall:

- (a) Inspect the materials upon delivery for damage, defect, quantity and conformance with the Contract Documents
- (b) Provide all labor, equipment and services, including hoisting and other material handling necessary to properly unload, handle, store and install all Owner furnished material
- (c) Provide Nexus with signed inventory sheets certifying that all products shipped were received. Contractor accepts liability for missing or damaged product should they fail to inventory shipment.

§ 3.3.5 Subject to the Contractor's inspection obligations under Clause 3.6.12, Owner shall be responsible for inherent defects in the materials, shall be solely responsible for pursuing the seller of the materials supplied by the Owner for replacement, damages, or other remedies.

§ 3.4 Labor and Materials

§ 3.4.1 Unless otherwise provided in the Contract Documents, the Contractor shall provide and pay for labor, materials, equipment, tools, construction equipment and machinery, water, heat, utilities, transportation, and other facilities and services necessary for proper execution and completion of the Work, whether temporary or permanent and whether or not incorporated or to be incorporated in the Work.

§ 3.4.2 Except in the case of minor changes in the Work approved by Nexus in accordance with Section 3.12.8 or ordered by Nexus in accordance with Section 7.4, the Contractor may make substitutions only with the consent of the Owner, after evaluation by Nexus, in consultation with the Nexus' Consultants, and in accordance with a Change Order or Construction Change Directive.

§ 3.4.3 The Contractor shall enforce strict discipline and good order among the Contractor's employees and other persons carrying out the Work. The Contractor shall not permit employment of unfit persons or persons not properly skilled in tasks assigned to them.

§ 3.4.3.1 Nexus shall have authority to direct a Contractor to remove a worker from site if any worker or employee of Contractor is found to be unsatisfactory.

§ 3.4.4 Local custom and trade-union jurisdictional settlements do not control the scope of work included in each prime contract. When a potential jurisdictional dispute or similar interruption of construction activities is first identified or threatened, the affected contracts shall promptly negotiate a reasonable settlement to avoid or minimize the pending interruptions and its delay. The trade contractor shall be bound by the agreement establishing the impartial jurisdictional disputes board and/or its successors. The trade contractor agrees not to cause a work stoppage due to the jurisdictional assignment of work. The trade contractor agrees to maintain an adequate work force of experienced workers and the necessary materials, supplies, and equipment to meet the requirements of Nexus and other trades in order to maintain the construction schedule. In the event that their forces are, in the judgment of Nexus, inadequate to meet the established schedules during regular working hours, the trade contractor agrees to work sufficient overtime hours or increase their workforce to meet such schedules at no extra costs to Nexus or Owner.

§ 3.4.5 After the Contract has been executed; the Owner and Nexus will consider a formal request for the substitution of products in place of those specified only under the conditions set forth in the General Requirements (Division 1 of the Specifications). By making requests for substitutions based on this subparagraph, the Contractor:

- (a) Represents that the Contractor has personally investigated the proposed substitute product and determined that it is equal or superior in all respects to that specified;
- (b) Represents that the Contractor will provide the same warranty for the substitution that the Contractor would for that specified;
- (c) Certifies that the cost data presented is complete and includes all related costs under this Contract but excludes costs under separate contracts and excludes Design Professional's redesign costs, and waives all claims for additional costs related to the substitution which subsequently become apparent; and
- (d) Will coordinate the installation of the accepted substitute, making such changes as may be required for the work to be complete in all respects.

§ 3.4.6 All work shall be performed in the best and most workmanlike manner to the highest standards for the work. Incompetent or careless workmanship shall not be permitted by the Contractor and will not be accepted.

§ 3.4.7 The Contractor, and all those working under its jurisdiction, shall conform to labor laws of the state and all other laws, ordinances and legal requirements affecting the Work. Prior to starting work, the Contractor shall become familiar with local labor and trade conditions, skilled and unskilled, and shall conform to local conditions. The Contractor shall consider the availability of labor in the area and import labor as may be required to meet the schedule for the Work.

§ 3.4.8 Unless otherwise provided in Contract Documents, all materials, equipment and other products shall be one of the brands, manufacturers or types specified. All like products for the Work shall be by the same manufacturer.

§ 3.4.9 Workmanship and Materials

- (a) No trade shall commence Work until conditions are right for carrying out the work properly and surfaces to be covered are suitable.
- (b) Manufacturer's printed instructions covering details of installation shall be followed where not in conflict with these specifications. If there is a conflict, notify Nexus for clarification before proceeding.
- (c) Completed work shall be left plumb, level, true to line or plane, anchored securely in place free from damage.

§ 3.5 Warranty

§ 3.5.1 The Contractor warrants to the Owner, and Nexus that materials and equipment furnished under the Contract will be of good quality and new unless the Contract Documents require or permit otherwise. The Contractor further warrants that the Work will conform to the requirements of the Contract Documents and all applicable laws, codes, ordinances, rules, regulations, and industry standards and will be free from defects, except for those inherent in the

quality of the Work the Contract Documents require or permit. Work, materials, or equipment not conforming to these requirements may be considered defective. The Contractor's warranty excludes remedy for damage or defect caused by abuse, alterations to the Work not executed by the Contractor, improper or insufficient maintenance, improper operation, or normal wear and tear and normal usage. If required by the Owner or Nexus, the Contractor shall furnish satisfactory evidence as to the kind and quality of materials and equipment.

§ 3.5.2 All material, equipment, or other special warranties required by the Contract Documents shall be issued in the name of the Owner, or shall be transferable to the Owner, and shall commence in accordance with Section 9.8.4.

§ 3.5.3 Manufacturer product warranty shall not relieve the Contractor of general warranty obligations imposed by applicable laws, codes, ordinances, rules, regulations, and industry standards, or otherwise assumed or agreed upon by the Contractor. Where a product is specified by manufacturer or brand name, such specification is used to establish minimum standards of quality required, and the published data, including manufacturer extended warranties, pertinent to the specified product shall be a requirement of the Contract Documents.

§ 3.6 Taxes

The Contractor shall be liable for and pay all federal, state and local sales, consumer, use and similar taxes for the Work or portions thereof provided by the Contractor that are legally enacted when bids are received or negotiations concluded, whether or not yet effective or merely scheduled to go into effect. Applicable tax amounts shall be included in the Contract sum.

§ 3.7 Permits, Fees, Notices, and Compliance with Laws

§ 3.7.1 Unless otherwise provided in the Contract Documents, the Owner, assisted by Nexus, shall secure and pay for the building permit. The Contractor shall secure and pay for other permits, fees, licenses, and inspections by government agencies necessary for proper execution and completion of the Work that are customarily secured after execution of the Contract and legally required at the time bids are received or negotiations concluded.

§ 3.7.1.1 The Contractor shall provide and pay for all bonds that may be required to accomplish the work, including any bonds required by local municipalities.

§ 3.7.1.2 The Owner will pay SAC / WAC (Sewer and Water access charge) directly.

§ 3.7.2 The Contractor shall comply with and give notices required by applicable laws, statutes, ordinances, codes, rules and regulations, and lawful orders of public authorities applicable to performance or inspection of the Work. In any instance where requirements of the Contract Documents are in excess of, but not in conflict with or violation of, requirements of a public authority having jurisdiction, the provisions of the Contract Documents shall govern.

§ 3.7.3 If the Contractor performs Work that it knows, or reasonably should know to be contrary to applicable laws, statutes, ordinances, codes, rules and regulations, or lawful orders of public authorities, the Contractor shall assume appropriate responsibility for such Work and for damages incurred as a result of and shall bear the costs attributable to correction.

§ 3.7.4 Concealed or Unknown Conditions. If the Contractor encounters conditions at the site that are (1) subsurface or otherwise concealed physical conditions that differ materially from those indicated in the Contract Documents or (2) unknown physical conditions of an unusual nature that differ materially from those ordinarily found to exist and generally recognized as inherent in construction activities of the character provided for in the Contract Documents, the Contractor shall promptly provide notice to the Owner and Nexus before conditions are disturbed and in no event later than 14 days after first observance of the conditions. Nexus will promptly investigate such conditions and, if Nexus, in consultation with Nexus' Consultants, determines that they differ materially and cause an increase or decrease in the Contractor's cost of, or time required for, performance of any part of the Work, will recommend that an equitable adjustment be made in the Contract Sum or Contract Time, or both. If Nexus, in consultation with Nexus' Consultants, determines that the conditions at the site are not materially different from those indicated in the Contract Documents and that no change in the terms of the Contract is justified, Nexus shall promptly notify the Owner and Contractor, stating the reasons. If the Owner or Contractor disputes Nexus' determination or recommendation, either party may submit a Claim as provided in Article 15.

§ 3.7.5 If, in the course of the Work, the Contractor encounters human remains or recognizes the existence of burial markers, archaeological sites or wetlands not indicated in the Contract Documents, the Contractor shall immediately suspend any operations that would affect them and shall notify the Owner and Nexus. Upon receipt of such notice, the Owner shall promptly take any action necessary to obtain governmental authorization required to resume the operations. The Contractor shall continue to suspend such operations until otherwise instructed by the Owner but shall continue with all other operations that do not affect those remains or features. Requests for adjustments in the Contract Sum and Contract Time arising from the existence of such remains or features may be made as provided in Article 15.

§ 3.8 Allowances

§ 3.8.1 The Contractor shall include in the Contract Sum all allowances stated in the Contract Documents. Items covered by allowances shall be supplied for such amounts and by such persons or entities as the Owner may direct, but the Contractor shall not be required to employ persons or entities to whom the Contractor has reasonable objection.

§ 3.8.2 Unless otherwise provided in the Contract Documents:

- .1 allowances shall cover the cost to the Contractor of materials and equipment delivered at the site and all required taxes, less applicable trade discounts;
- .2 Contractor's costs for unloading and handling at the site, labor, installation costs, overhead, profit, and other expenses contemplated for stated allowance amounts shall be included in the Contract Sum but not in the allowances, except where installation is specified as part of the allowance in the General Requirements (Division 01 of the Specifications); and
- .3 whenever costs are more than or less than allowances, the Contract Sum shall be adjusted accordingly by Change Order. The amount of the Change Order shall reflect (1) the difference between actual costs and the allowances under Section 3.8.2.1 and (2) changes in Contractor's costs under Section 3.8.2.2.
- .4 The Supplier or Subcontractor for an allowance item is subject to acceptance of the Owner and Nexus. The Contractors Purchase Order or Subcontractor Agreements shall bind the Supplier or Subcontractor to the requirements of the Contract Documents.

§ 3.8.3 Materials and equipment under an allowance shall be selected by the Owner with reasonable promptness.

§ 3.9 Superintendent

§ 3.9.1 The Contractor shall employ a competent superintendent and necessary assistants who shall be in attendance at the Project site during performance of the Work. The superintendent shall represent the Contractor, and communications given to the superintendent shall be as binding as if given to the Contractor. Nexus has the authority to remove from the Project Site any employee (including superintendent) of the Contractor or any of its subcontractors. Upon oral or written direction of Nexus, Contractor shall replace designated personnel and maintain contract completion date.

§ 3.9.2 The Contractor, as soon as practicable after award of the Contract, shall notify the Owner and Nexus, of the name and qualifications of a proposed superintendent. Within 14 days of receipt of the information, Nexus may notify the Contractor, stating whether the Owner, or Nexus (1) has reasonable objection to the proposed superintendent or (2) require additional time for review. Failure of Nexus to provide notice within the 14-day period shall constitute notice of no reasonable objection.

§ 3.9.3 The Contractor shall not employ a proposed superintendent to whom the Owner or Nexus has made reasonable and timely objection. The Contractor shall not change the superintendent without the Owner's consent, which shall not unreasonably be withheld or delayed. Unless the Superintendent proves to be unsatisfactory to the Contractor and as a result ceases to be in the Contractor's employ.

§ 3.10 Contractor's Construction and Submittal Schedules

§ 3.10.1 The Contractor, promptly after being awarded the Contract, shall submit for the Owner's and Nexus' information, and Nexus use in developing the Project schedule, a Contractor's construction schedule for the Work. The schedule shall be of Microsoft Project format and contain detail appropriate for the Project, including (1) the date of commencement of the Work, interim schedule milestone dates, and the date of Substantial Completion; (2) an apportionment of the Work by construction activity; and (3) the time required for completion of each portion of the Work (no work activity shall take longer than two calendar weeks). Procurement activities are permitted to take longer as all activities associated (submittals, etc.) are separate activities. Procurement ends the day the product arrives at the job site; and (4) include all successor and predecessor activities and resources. The schedule shall provide for the

orderly progression of the Work to completion and shall not exceed time limits current under the Contract Documents. The schedule shall be revised at appropriate intervals as required by the conditions of the Work and Project (no greater than twice a month). The Contractor shall cooperate with Nexus in scheduling and performing the Contractor's Work to avoid conflict with, and as to cause no delay in, the work or activities of other Contractors, or the construction or operations of the Owner's own forces or Separate Contractors.

§ 3.10.2 The Contractor, promptly after being awarded the Contract and thereafter as necessary to maintain a current submittal schedule, shall submit a submittal schedule for Nexus' approval. Nexus' approval shall not be unreasonably delayed or withheld. The submittal schedule shall (1) be coordinated with the Contractor's construction schedule, and (2) allow Nexus and Design Professional reasonable time to review submittals. If the Contractor fails to submit a submittal schedule, or fails to provide submittals in accordance with the approved submittal schedule, the Contractor shall not be entitled to any increase in Contract Sum or extension of Contract Time based on the time required for review of submittals.

§ 3.10.3 The Contractor shall participate with other contractors, Nexus, and the Owner in reviewing and coordinating all schedules for incorporation into the Project schedule that is prepared by Nexus. The Contractor shall make revisions to the construction schedule and submittal schedule as deemed necessary by Nexus to conform to the Project schedule.

§ 3.10.4 The Contractor shall perform the Work in general accordance with the most recent schedules submitted to the Owner and Nexus and incorporated into the approved Project schedule.

§ 3.10.5 The Contractors shall furnish to Nexus, upon request, substantiating documentation to confirm the status of all material deliveries. Such documentation could include, but is not limited to the following:

- .1 Copies of subcontractors or purchase orders.
- .2 Factory acknowledgements or orders, with scheduled dates of shipment.
- .3 Shipping tickets, pro numbers, etc. identifying actual dates of shipment.

§ 3.11 Documents and Samples at the Site

The Contractor shall make available, at the Project site, the Contract Documents, including Change Orders, Construction Change Directives, and other Modifications, in good order and marked currently to indicate field changes and selections made during construction, and the approved Shop Drawings, Product Data, Samples, and similar required submittals. These shall be in electronic form or paper copy, available to Nexus and Owner, and delivered to Nexus for submittal to the Owner upon completion of the Work as a record of the Work as constructed.

§ 3.12 Shop Drawings, Product Data, and Samples

§ 3.12.1 Shop Drawings are drawings, diagrams, schedules, and other data specially prepared for the Work by the Contractor or a Subcontractor, Sub-subcontractor, manufacturer, supplier, or distributor to illustrate some portion of the Work.

§ 3.12.2 Product Data are illustrations, standard schedules, performance charts, instructions, brochures, diagrams, and other information furnished by the Contractor to illustrate materials or equipment for some portion of the Work.

§ 3.12.3 Samples are physical examples that illustrate materials, equipment, or workmanship, and establish standards by which the Work will be judged.

§ 3.12.4 Shop Drawings, Product Data, Samples, and similar submittals are not Contract Documents. Their purpose is to demonstrate how the Contractor proposes to conform to the information given and the design concept expressed in the Contract Documents for those portions of the Work for which the Contract Documents require submittals. Review by the Design Professional and Nexus is subject to the limitations of Sections 4.2.10 through 4.2.12. Informational submittals upon which Nexus and Design Professional are not expected to take responsive action may be so identified in the Contract Documents. Submittals that are not required by the Contract Documents may be returned by Nexus or Design Professional without action.

§ 3.12.5 The Contractor shall review for compliance with the Contract Documents, stamp approved, and submit to Nexus within seven days after the contract date, Shop Drawings, Product Data, Samples, and similar submittals

required by the Contract Documents, in accordance with the Project submittal schedule approved by Nexus or, in the absence of an approved Project submittal schedule, with reasonable promptness and in such sequence as to cause no delay in the Work or in the activities of other Contractors, Separate Contractors, or the Owner's own forces. The Contractor shall cooperate with the Nexus in the coordination of the Contractor's Shop Drawings, Product Data, Samples, and similar submittals with related documents submitted by other Contractors.

§ 3.12.6 By submitting Shop Drawings, Product Data, Samples, and similar submittals, the Contractor represents to the Owner, Nexus and Design Professional, that the Contractor has (1) reviewed them, (2) determined and verified materials, field measurements and field construction criteria related thereto, or will do so, and (3) checked and coordinated the information contained within such submittals with the requirements of the Work and of the Contract Documents.

§ 3.12.7 The Contractor shall perform no portion of the Work for which the Contract Documents require submittal and review of Shop Drawings, Product Data, Samples, or similar submittals, until the respective submittal has been reviewed by the Design Professional.

§ 3.12.8 The Work shall be in accordance with reviewed submittals except that the Contractor shall not be relieved of responsibility for deviations from the requirements of the Contract Documents by the Design Professionals review of Shop Drawings, Product Data, Samples, or similar submittals, unless the Contractor has specifically notified Nexus and Design Professional of such deviation at the time of submittal and (1) the Design Professional has given written approval to the specific deviation as a minor change in the Work, or (2) a Change Order or Construction Change Directive has been issued authorizing the deviation. The Contractor shall not be relieved of responsibility for errors or omissions in Shop Drawings, Product Data, Samples, or similar submittals, by the Design Professionals review thereof.

§ 3.12.9 The Contractor shall direct specific attention, in writing or on resubmitted Shop Drawings, Product Data, Samples, or similar submittals, to revisions other than those requested by Nexus and the Design Professional on previous submittals. In the absence of such notice, the Design Professionals review of a resubmission shall not apply to such revisions.

§ 3.12.10 The Contractor shall not be required to provide professional services that constitute the practice of architecture or engineering unless such services are specifically required by the Contract Documents for a portion of the Work or unless the Contractor needs to provide such services in order to carry out the Contractor's responsibilities for construction means, methods, techniques, sequences, and procedures. The Contractor shall not be required to provide professional services in violation of applicable law.

§ 3.12.10.1 If professional design services or certifications by a design professional related to systems, materials, or equipment are specifically required of the Contractor by the Contract Documents, the Owner and the Design Professional will specify all performance and design criteria that such services must satisfy. The Contractor shall be entitled to rely upon the adequacy and accuracy of the performance and design criteria provided in the Contract Documents. The Contractor shall cause such services or certifications to be provided by an appropriately licensed design professional, whose signature and seal shall appear on all drawings, calculations, specifications, certifications, Shop Drawings, and other submittals prepared by such professional. Shop Drawings, and other submittals related to the Work, designed or certified by such professional, if prepared by others, shall bear such professional's written approval when submitted to Nexus. The Owner, , and Nexus shall be entitled to rely upon the adequacy and accuracy of the services, certifications, and approvals performed or provided by such design professionals, provided the Owner and Nexus have specified to the Contractor the performance and design criteria that such services must satisfy. Pursuant to this Section 3.12.10, Nexus will review and take other appropriate action on submittals only for the limited purpose of checking for conformance with information given and the design concept expressed in the Contract Documents. Nexus shall review submittals for sequencing, constructability, and coordination impacts on other Contractors.

§ 3.12.10.2 If the Contract Documents require the Contractor's design professional to certify that the Work has been performed in accordance with the design criteria, the Contractor shall furnish such certifications to Nexus at the time and in the form specified.

§ 3.12.11 Submit to Nexus one electronic copy, in PDF format, of each shop drawing, including fabrication, erection, layout and setting drawings and such other drawings as required under various sections of the specifications, until final

acceptance is obtained. If printed copies of shop drawings and/or submittals are determined to be necessary, the costs for the reproduction will be the responsibility of the Contractor. Nexus is responsible for obtaining and distributing required prints of shop drawings to the Separate Contractors. Where printed materials describe more than one product or model, clearly identify which is to be furnished.

§ 3.12.12 Manufacturer's Instructions: Where any item of Work is required by specifications to be furnished, installed, or performed in accordance with a specified product manufacturer's instructions, contractor shall procure and distribute the necessary copies of such instructions to all concerned parties through Nexus.

§ 3.13.1 The Contractor shall confine operations at the site to areas permitted by applicable laws, statutes, ordinances, codes, rules and regulations, lawful orders of public authorities, and the Contract Documents and shall not unreasonably encumber the site with materials or equipment.

§ 3.13.2 The Contractor shall coordinate the Contractor's operations with, and secure the approval of, Nexus before using any portion of the site.

§ 3.13.3 Site will be in use during the school term. Work must be coordinated with the School District for each individual school through Nexus. Care, custody and control of the site shall be vested in the Contractor, subject to the rights of the Owner. Schedule phasing of the work must not interfere with the program of each school. Shift work will be necessary. Delivery and storage of materials will be coordinated through Nexus.

§ 3.13.4 Before making a shipment of materials to the Project site, Contractors shall ascertain that the project site is in a condition to receive the shipment. If materials are delivered to the Project site and project is not in condition to receive the materials, the materials shall be removed from the site and properly stored off-site at the expense of the Contractor or his Subcontractor. Deliveries must be coordinated through Nexus.

§ 3.13.5 The Contractor shall return all improvements on or about the site, streets and adjacent property which are not shown to be altered, removed or otherwise changed, to the conditions which existed previously. The Contractor shall protect existing structures or other features from damage by any operation in connection with this Contract.

§ 3.13.6 Utilities or other services which are shown, or not shown but encountered or otherwise found, shall be protected by the Contractor from any damage from excavation or other work and operations of this Contract, unless or until they are abandoned. If the utilities or services are not abandoned, or to be abandoned, the Contractor shall immediately restore any damage from its work or operations to place the utilities and service in an equal or better condition to that which existed. Where utilities or services are shown to be abandoned or moved, they shall remain in service, and be protected by the Contractor, until new utilities and services have been provided, tested and ready for use.

§ 3.13.7 If the Contractors cannot control noise, odors, water, dust, security, access, safety egress, etc. in a manner acceptable to the building occupants, then this Contractor will be required to perform his work at times of very low or no occupancy.

§ 3.14 Cutting and Patching

§ 3.14.1 The Contractor shall be responsible for cutting, fitting, or patching required to complete the Work or to make its parts fit together properly. All areas requiring cutting, fitting, or patching shall be restored to the condition existing prior to the cutting, fitting, or patching, unless otherwise required by the Contract Documents.

§ 3.14.2 The Contractor shall not damage or endanger a portion of the Work or fully or partially completed construction of the Owner, Separate Contractors, or of other Contractors by cutting, patching, or otherwise altering such construction, or by excavation. The Contractor shall not cut or otherwise alter construction by the Owner, Separate Contractors, or by other Contractors except with written consent of Nexus, Owner, and such other Contractors or Separate Contractors. Consent shall not be unreasonably withheld. The Contractor shall not unreasonably withhold, from the Separate Contractors, other Contractors, or the Owner, its consent to cutting or otherwise altering the Work.

§ 3.14.3 Altering or cutting of structural members will not be allowed without the written approval of Nexus.

§ 3.14.4 Any contractor requiring cutting into the work of another contractor shall do such cutting and shall properly repair such work to the satisfaction of Nexus. Such cutting, fitting, and patching shall not endanger any work or otherwise alter the work or any part of it, and it shall be done by craftsmen skilled and experienced in the trade or craft that installed or furnished the original work. Repairs shall be equal in quality and appearance to similar adjacent work and shall not be obviously apparent as a patch or repair. Work that cannot be satisfactorily repaired shall be removed and replaced.

§ 3.15 Cleaning Up

§ 3.15.1 The Contractor and its Subcontractors, Sub-subcontractors, Separate Contractors, or other Contractors shall keep the premises and surrounding area free from accumulation of waste materials and rubbish caused by operations under the Contract and keep the premises clean and free from fire hazards and maintain its work neat and orderly throughout the construction period, including broom cleaning and vacuum of the floors. All packing/crating materials from goods installed will be removed from the site by the contractor responsible for the packaged materials. The contractor responsible for taking delivery of Owner furnished materials will be responsible for packing/crating of goods delivered. At completion of the Work, the Contractor shall remove waste materials, rubbish, the Contractor's tools, construction equipment, machinery, and surplus materials from and about the Project.

§ 3.15.2 If the Contractor or its subcontractors fail to clean up, or if a dispute arises between Separate Contractors as to their responsibility for clean up as required by section 3.15 or as provided in the Contract Documents, the Owner, or Nexus with the Owner's approval, may do so and equitably charge the cost thereof to the several responsible Contractors as determined by Nexus.

§ 3.15.3 All matter (snow, water, dirt, dust or other debris) accumulated in a designated work area are the responsibility of the contractor to remove.

§ 3.15.5 If a Contractor fails to maintain the premises or clean up as specified, Nexus may do so after 2 days' notice, with the cost paid for by the Contractor.

§ 3.15.5 All Contractors and their Subcontractors/Material Suppliers are responsible for clean-up of debris created by Work of their contract, including but not limited to, broom cleaning and a final cleaning of working areas. Nexus may elect to have all Contractors on site participate, at no additional compensation to the Contractor, in weekly jobsite clean-up services. Participation will be required by all Contractors working onsite during that during that time.

§ 3.16 Access to Work

The Contractor shall defend suits or claims for infringement of copyrights and patent rights and shall hold the Owner, Design Professional, and Nexus harmless from loss on account thereof, but shall not be responsible for defense or loss when a particular design, process, or product of a particular manufacturer or manufacturers is required by the Contract Documents, or where the copyright violations are contained in Drawings, Specifications, or other documents prepared by the Owner, Design Professional, or Nexus. However, if an infringement of a copyright or patent is discovered by, or made known to, the Contractor, the Contractor shall be responsible for the loss unless the information is promptly furnished to Nexus.

§ 3.18 Indemnification

§ 3.18.1 To the fullest extent permitted by law, the Contractor shall indemnify and hold harmless the Owner, Nexus, and Nexus' consultants, and agents and employees of any of them from and against claims, damages, losses, and expenses, including but not limited to attorneys' fees, arising out of or resulting from performance of the Work, provided that such claim, damage, loss, or expense is attributable to bodily injury, sickness, disease or death, or to injury to or destruction of tangible property including loss of use therefrom, but only to the extent caused by the negligent acts or omissions of the Contractor, a Subcontractor, anyone directly or indirectly employed by them, or anyone for whose acts they may be liable, regardless of whether or not such claim, damage, loss, or expense is caused in part by a party indemnified hereunder. Such obligation shall not be construed to negate, abridge, or reduce other rights or obligations of indemnity that would otherwise exist as to a party or person described in this Section 3.18. The

Contractors obligations set forth in this Paragraph shall apply to any claim by the Owner against the Contractor, a Subcontractor, or anyone else directly or indirectly employed by the Contractor or a Subcontractor, or against anyone for whose acts the Contractor, Subcontractor may be liable.

§ 3.19 Field Conditions

§ 3.19.1 Each Contractor shall take field measurements of materials supplied under their Contract and verify field conditions with the Contract Documents and final Shop Drawings before commencing any Work. Report errors, inconsistencies, or omissions to Nexus at once.

§ 3.19.2 No change to the Contract Sum will be allowed on account of minor differences between actual field conditions and the Contract Documents.

§ 3.19.3 The need to obtain accurate field dimensions in ample time to permit fabrication of long lead materials and equipment, for delivery and installation in accordance with the schedule, shall be recognized. Each Contractor and all sub-contractors shall cooperate in completing work phases to accommodate the schedule for obtaining dimensions and to prevent fabrication delay. In the event it is impractical to have work in place to permit field dimensions, the responsible Contractor shall guarantee necessary dimensions, before construction, to the various fabricators and be responsible to insure the dimensions.

ARTICLE 4 NEXUS

§ 4.1 General

§ 4.1.1 Nexus is the person or entity retained by the Owner pursuant to Section 2.3.2 and identified as such in the Agreement.

§ 4.1.2 Nexus is the person or entity retained by the Owner pursuant to Section 2.3.3 and identified as such in the Agreement.

§ 4.1.3 Duties, responsibilities, and limitations of authority of Nexus as set forth in the Contract Documents shall not be restricted, modified, or extended without written consent of the Owner, Nexus and Contractor. Consent shall not be unreasonably withheld.

§ 4.2 Administration of the Contract

§ 4.2.1 Nexus will provide administration of the Contract as described in the Contract Documents and will be the Owner's representatives during construction until the date Nexus issues the final Certificate for Payment. Nexus will have authority to act on behalf of the Owner only to the extent provided in the Contract Documents.

§ 4.2.2 The Design Professionals will visit the site at intervals appropriate to the stage of construction, or as otherwise agreed with Nexus, to become generally familiar with the progress and quality of the portion of the Work completed, and to determine in general if the Work observed is being performed in a manner indicating that the Work, when fully completed, will be in accordance with the Contract Documents. However, the Design Professional will not be required to make exhaustive or continuous on-site inspections to check the quality or quantity of the Work. On the basis of the site visits, Nexus will keep the Owner reasonably informed about the progress and quality of the portion of the Work completed, and promptly report to the Owner known deviations from the Contract Documents and defects and deficiencies observed in the Work.

§ 4.2.3 Nexus shall provide one or more representatives who shall be in attendance at the Project site whenever the Work is being performed. Nexus will determine in general if the Work observed is being performed in accordance with the Contract Documents, will keep the Owner and Architect reasonably informed of the progress of the Work, and will promptly report to the Owner and Architect known deviations from the Contract Documents and the most recent Project schedule, and defects and deficiencies observed in the Work.

§ 4.2.4 Nexus will schedule and coordinate the activities of the Contractor and other Contractors in accordance with the latest approved Project schedule.

§ 4.2.5 Nexus, except to the extent required by Section 4.2.4, and Design Professional will not have control over, charge of, or responsibility for, the construction means, methods, techniques, sequences or procedures, or for the safety precautions and programs in connection with the Work, since these are solely the Contractor's rights and responsibilities under the Contract Documents, and neither will be responsible for the Contractor's failure to perform the Work in accordance with the requirements of the Contract Documents. Neither Nexus nor the Design Professional will have control over or charge of, or be responsible for acts or omissions of, the Contractor, Subcontractors, or their agents or employees, or of any other persons or entities performing portions of the Work.

§ 4.2.6 **Communications.** The Owner shall communicate with the Contractor and Nexus' consultants through Nexus about matters arising out of or relating to the Contract Documents. The Owner and Nexus shall include Nexus' Consultants in all communications that relate to or affect their services or professional responsibilities. The Owner shall promptly notify Nexus of the substance of any direct communications between the Owner and Nexus otherwise relating to the Project. Communications by and with Nexus' consultants shall be through Nexus. Communications by and with Subcontractors and suppliers shall be through the Contractor. Communications by and with other Contractors and Separate Contractors shall be through Nexus. Communications by and with the Owner's own forces shall be through the Owner. Direct communications between Nexus and the Contractor that affect the performance or administration of the Work shall be made or confirmed in writing. The Contract Documents may specify other communication protocols.

§ 4.2.7 Nexus will review all Applications for Payment by the Contractor, in accordance with the provisions of Article 9.

§ 4.2.8 Nexus has the authority to reject Work that does not conform to the Contract Documents. Whenever Nexus considers it necessary or advisable, Nexus will have authority to require inspection or testing of the Work in accordance with Sections 13.4.2 and 13.4.3, upon written authorization of the Owner, whether or not the Work is fabricated, installed or completed. The foregoing authority of Nexus will be subject to the provisions of Sections 4.2.18 through 4.2.20 inclusive, with respect to interpretations and decisions of Nexus' Consultants. However, neither Nexus' Consultants nor Nexus' authority to act under this Section 4.2.8 nor a decision made by either of them in good faith either to exercise or not to exercise such authority shall give rise to a duty or responsibility of Nexus' Consultants or Nexus to the Contractor, Subcontractors, suppliers, their agents or employees, or other persons performing any of the Work.

§ 4.2.9 Utilizing the submittal schedule provided by the Contractor, Nexus shall prepare, and revise as necessary, a Project submittal schedule incorporating information from other Contractors, the Owner, Nexus' Consultants, Owner's Separate Contractors and vendors, governmental agencies, and participants in the Project under the management of Nexus. The Project submittal schedule and any revisions shall be submitted to Nexus for approval.

§ 4.2.10 Nexus will receive and promptly review for conformance with the submittal requirements of the Contract Documents, all submittals from the Contractor such as Shop Drawings, Product Data, and Samples. Where there are other Contractors, Nexus will also check and coordinate the information contained within each submittal received from the Contractor and other Contractors, and transmit to Nexus' Consultants those recommended for review. By submitting Shop Drawings, Product Data, Samples, and similar submittals, Nexus represents to the Owner and Nexus' Consultants that Nexus has reviewed and recommended them for review. Nexus' actions will be taken in accordance with the Project submittal schedule with reasonable promptness while allowing sufficient time to permit adequate review by Nexus' Consultants.

§ 4.2.11 Nexus' Consultants will review or take other appropriate action upon, the Contractor's submittals such as Shop Drawings, Product Data, and Samples, but only for the limited purpose of checking for conformance with information given and the design concept expressed in the Contract Documents. The Consultants action will be taken in accordance with the submittal schedule with reasonable promptness while allowing sufficient time in the Consultants professional judgment to permit adequate review. Upon the Consultants completed review, the Consultant shall transmit its submittal review to Nexus.

§ 4.2.12 Review of the Contractor's submittals by Nexus and Nexus' Consultant is not conducted for the purpose of determining the accuracy and completeness of other details such as dimensions and quantities, or for substantiating instructions for installation or performance of equipment or systems, all of which remain the responsibility of the Contractor as required by the Contract Documents. Nexus and Nexus' Consultants review of the Contractor's submittals shall not relieve the Contractor of the obligations under Sections 3.3, 3.5, and 3.12. Nexus and Nexus' Consultants review shall not constitute approval of safety precautions or of any construction means, methods, techniques, sequences, or procedures. The Consultants review of a specific item shall not indicate approval of an assembly of which the item is a component.

§ 4.2.13 Nexus will prepare Change Orders and Construction Change Directives.

§ 4.2.14 Nexus will take appropriate action on Change Orders or Construction Change Directives in accordance with Article 7, and Nexus will have authority to order minor changes in the Work as provided in Section 7.4. Nexus, in consultation with the Owner, will investigate and make determinations and recommendations regarding concealed and unknown conditions as provided in Section 3.7.4.

§ 4.2.15 Utilizing the documents provided by the Contractor, Nexus will maintain at the site for the Owner one copy of all Contract Documents, approved Shop Drawings, Product Data, Samples, and similar required submittals, in good order and marked currently to record all changes and selections made during construction. These will be available to the Contractor, and will be delivered to the Owner upon completion of the Project.

§ 4.2.16 Nexus will assist Nexus' Consultants in conducting inspections to determine the date or dates of Substantial Completion and the date of final completion; issue Certificates of Substantial Completion pursuant to Section 9.8; and receive and forward to the Owner written warranties and related documents required by the Contract and assembled by the Contractor pursuant to Section 9.10. Nexus will forward to the Owner a final Application and Certificate for Payment or final Project Application and Project Certificate for Payment upon the Contractor's compliance with the requirements of the Contract Documents.

§ 4.2.17 If the Owner and Nexus agree, Nexus will provide one or more Project representatives to assist in carrying out Nexus' responsibilities at the site. The Owner shall notify Nexus of any change in the duties, responsibilities and limitations of authority of the Project representatives.

§ 4.2.18 Nexus will interpret and decide matters concerning performance under, and requirements of, the Contract Documents on written request of the Owner, or Contractor. Nexus response to such requests will be made in writing within any time limits agreed upon or otherwise with reasonable promptness.

§ 4.2.19 Interpretations and decisions of Nexus will be consistent with the intent of, and reasonably inferable from, the Contract Documents and will be in writing or in the form of drawings. When making such interpretations and decisions, Nexus will endeavor to secure faithful performance by both Owner and Contractor, will not show partiality to either, and will not be liable for results of interpretations or decisions so rendered in good faith.

§ 4.2.20 Nexus decisions on matters relating to aesthetic effect will be final if consistent with the intent expressed in the Contract Documents.

§ 4.2.21 Nexus will receive and review requests for information from the Contractor, and forward each request for information to Nexus' Consultants. Nexus' Consultant will review and respond in writing, through Nexus, to requests for information about the Contract Documents. Nexus recommendation and Nexus' Consultants response to each request will be made in writing within any time limits agreed upon or otherwise with reasonable promptness. If appropriate, Nexus' Consultant will prepare and issue supplemental Drawings and Specifications in response to the requests for information.

ARTICLE 5 SUBCONTRACTORS

§ 5.1 Definitions

§ 5.1.1 A Subcontractor is a person or entity who has a direct contract with the Contractor to perform a portion of the Work at the site. The term "Subcontractor" is referred to throughout the Contract Documents as if singular in number and means a Subcontractor or an authorized representative of the Subcontractor. The term "Subcontractor" does not include other Contractors or Separate Contractors or the subcontractors of other Contractors or Separate Contractors.

§ 5.1.2 A Sub-subcontractor is a person or entity who has a direct or indirect contract with a Subcontractor to perform a portion of the Work at the site. The term "Sub-subcontractor" is referred to throughout the Contract Documents as if singular in number and means a Sub-subcontractor or an authorized representative of the Sub-subcontractor.

§ 5.2 Award of Subcontracts and Other Contracts for Portions of the Work

§ 5.2.1 Unless otherwise stated in the Contract Documents, the Contractor, within 14 days after the award of the Contract, the Letter of Intent to Award has been issued, Notice to Proceed has been issued or execution of the Contract (whichever occurs first), The Contractor, shall notify Nexus, for review by the Owner, and Nexus, of the persons or entities proposed for each principal portion of the Work, including those who are to furnish materials or equipment fabricated to a special design. Within 14 days of receipt of the information, Nexus may notify the Contractor whether the Owner, (1) has reasonable objection to any such proposed person or entity or, (2) requires additional time for review. Failure of Nexus to provide notice within the 14-day period shall constitute notice of no reasonable objection. If the Owner or Nexus objects to a proposed Subcontractor or sub-Subcontractor, such objection shall be deemed reasonable if in the opinion of the Owner or Nexus the objectionable Subcontractor or sub-Subcontractor:

- .1 cannot provide (or proposes unacceptable deviations in) materials, equipment, systems, methods, facilities, or other work as required by the Contract Documents;
- .2 cannot provide labor and skill necessary to accomplish the part of the Work for which it is proposed, including but not limited to quality of workmanship;
- .3 lacks experience appropriate to the proper execution and completion for that part of the Work for which the Subcontractor is proposed;
- .4 has previously failed to perform satisfactorily with respect to other projects, including cooperation and necessary services after project completion;
- .5 cannot satisfactorily perform the part of the Work for which the Subcontractor is proposed within the time schedule, due to financial status, size of organization, existing work load, or other considerations;
- .6 cannot demonstrate the ability, through examples of representative work, to perform the part of the Work for which the Subcontractor is being considered;
- .7 is of questionable integrity;
- .8 exhibits other factors bearing on the probability of unsatisfactory performance; or
- .9 is otherwise not qualified or is reasonably objectionable.

If adequate data on a proposed manufacturer or an installer is not available, Nexus may state that action will be deferred until the Contractor provides further data.

Failure to object to a manufacturer shall not constitute a waiver of any of the requirements of the Contract Documents, and all products furnished by the listed manufactures must conform to such requirements.

§ 5.2.2 The Contractor shall not contract with a proposed person or entity to whom the Owner, or Nexus has made reasonable and timely objection. The Contractor shall not be required to contract with anyone to whom the Contractor has made reasonable objection.

§ 5.2.3 If the Owner, or Nexus has reasonable objection to a person or entity proposed by the Contractor, the Contractor shall propose another to whom the Owner, or Nexus has no reasonable objection. If the proposed but rejected Subcontractor was reasonably capable of performing the Work, the Contract Sum and Contract Time shall be increased or decreased by the difference, if any, occasioned by such change, and an appropriate Change Order shall be issued before commencement of the substitute Subcontractor's Work. However, no increase in the Contract Sum or Contract Time shall be allowed for such change unless the Contractor has acted promptly and responsively in submitting names as required.

§ 5.2.4 The Contractor shall not substitute a Subcontractor, person, or entity for one previously selected if the Owner, or Nexus makes reasonable objection to such substitution.

§ 5.3 Subcontractual Relations

§ 5.3.1 By appropriate written agreement, the Contractor shall require each Subcontractor, to the extent of the Work to be performed by the Subcontractor, to be bound to the Contractor by terms of the Contract Documents, and to assume

toward the Contractor all the obligations and responsibilities, including the responsibility for safety of the Subcontractor's Work, that the Contractor, by these Contract Documents, assumes toward the Owner, and Nexus. Each subcontract agreement shall preserve and protect the rights of the Owner, and Nexus under the Contract Documents with respect to the Work to be performed by the Subcontractor so that subcontracting thereof will not prejudice such rights, and shall allow to the Subcontractor, unless specifically provided otherwise in the subcontract agreement, the benefit of all rights, remedies, and redress against the Contractor that the Contractor, by the Contract Documents, has against the Owner. Where appropriate, the Contractor shall require each Subcontractor to enter into similar agreements with Sub-subcontractors. The Contractor shall make available to each proposed Subcontractor, prior to the execution of the subcontract agreement, copies of the Contract Documents to which the Subcontractor will be bound, and, upon written request of the Subcontractor, identify to the Subcontractor terms and conditions of the proposed subcontract agreement that may be at variance with the Contract Documents. Subcontractors will similarly make copies of applicable portions of such documents available to their respective proposed Sub-subcontractors.

§ 5.3.2 The Contractor shall supply copies of each subcontract agreement to the Owner and Nexus before the Subcontractor is permitted to commence Work.

§ 5.4 Contingent Assignment of Subcontracts

§ 5.4.1 Each subcontract agreement for a portion of the Work is assigned by the Contractor to the Owner, provided that

- .1 assignment is effective only after termination and only for those subcontract agreements that the Owner accepts by notifying the Subcontractor and Contractor; and
- .2 assignment is subject to the prior rights of the surety, if any, obligated under bond relating to the Contract.

When the Owner accepts the assignment of a subcontract agreement, the Owner assumes the Contractor's rights and obligations under the subcontract.

§ 5.4.2 Upon such assignment, if the Work has been suspended for more than 30 days, due to unreasonable delays attributed to the Owner, the Subcontractor's compensation shall be equitably adjusted for increases in cost resulting from the suspension.

§ 5.4.3 Upon assignment to the Owner under this Section 5.4, the Owner may further assign the subcontract to a successor Contractor or other entity. If the Owner assigns the subcontract to a successor Contractor or other entity, the Owner shall nevertheless remain legally responsible for all of the successor Contractor's obligations under the subcontract.

ARTICLE 6 CONSTRUCTION BY OWNER OR BY SEPARATE CONTRACTORS

§ 6.1 Owner's Right to Perform Construction with Own Forces and to Award Other Contracts

§ 6.1.1 The Owner reserves the right to perform construction or operations related to the Project with the Owner's own forces, and with Separate Contractors retained under Conditions of the Contract substantially similar to those of this Contract, including those provisions of the Conditions of the Contract related to insurance and waiver of subrogation.

§ 6.1.2 When the Owner performs construction or operations with the Owner's own forces or Separate Contractors, the Owner shall provide for coordination of such forces and Separate Contractors with the Work of the Contractor, who shall cooperate with them.

§ 6.1.3 Unless otherwise provided in the Contract Documents, when the Owner performs construction or operations related to the Project with the Owner's own forces or with Separate Contractors, the Owner or its Separate Contractors shall have the same obligations and rights that the Contractor has under the Conditions of the Contract, including, without excluding others, those stated in Article 3, this Article 6, and Articles 10, 11, and 12.

§ 6.2 Mutual Responsibility

§ 6.2.1 The Contractor and Subcontractors shall cooperate with and coordinate their work with all other contractors and the Owner to facilitate the general progress of the Project and to prevent delaying the progress of other contractors. The Contractor shall afford other contractors reasonable opportunity for the introduction and storage of their materials and equipment and the execution of their work, and shall connect and coordinate Contractor's Work with theirs as required by the Contract Documents. Each contractor and subcontractors shall obtain layout drawings, roughing-in

detail sheets and other pertinent information directly from each other (not from Nexus) to coordinate all phases of the Work. For coordination with the Owner's equipment or materials, information shall be requested from Nexus. After timely notification by the Contractor of the need to accomplish a particular phase or element of the Work, the other contractors shall, within a reasonable time, perform their work so as not to delay or impede the Contractor.

§ 6.2.2 If part of the Contractor's Work depends for proper execution or results upon construction or operations by the Owner's own forces, Separate Contractors or other Contractors, the Contractor shall, prior to proceeding with that portion of the Work, promptly notify Nexus of apparent discrepancies or defects in the construction or operations by the Owner or Separate Contractor or other Contractors that would render it unsuitable for proper execution and results of the Contractor's Work. Failure of the Contractor to notify Nexus of apparent discrepancies or defects prior to proceeding with the Work shall constitute an acknowledgment that the Owner's or Separate Contractor's or other Contractors' completed or partially completed construction is fit and proper to receive the Contractor's Work. The Contractor shall not be responsible for discrepancies or defects in the construction or operations by the Owner or Separate Contractors or other Contractors that are not apparent.

§ 6.2.3 The Contractor shall reimburse the Owner for costs the Owner incurs, including costs that are payable to a Separate Contractors or to other Contractors, because of the Contractor's delays, improperly timed activities or defective construction. The Owner shall be responsible to the Contractor for costs the Contractor incurs because of delays, improperly timed activities, damage to the Work or defective construction by the Owner's own forces, Separate Contractors, or other Contractors.

§ 6.2.3.1 Time being an essential element of the contract, it is hereby agreed that the Owner shall be entitled to damages for failure on the part of the Contractor to complete the work within the contract period, as amended by an extension. Such actual damages shall include, but not be limited to the following:

- .1 Additional fees incurred by the Design Consultants.
- .2 Additional fees incurred by Nexus
- .3 Increased cost of relocating, including moving from existing building to temporary location(s).
- .4 Increased cost of extended and additional rental space.
- .5 Lost revenue from operations of the building.

§ 6.2.4 The Contractor shall promptly remedy damage that the Contractor causes to completed or partially completed construction, or to property of the Owner, Separate Contractors, or other Contractors.

§ 6.2.5 The Owner, Separate Contractors, and other Contractors shall have the same responsibilities for cutting and patching as are described for the Contractor in Section 3.14.

§ 6.2.6 If a Contractor has a claim for additional cost due to the action or inaction of separate Contractors, the Contractors shall resolve the claim directly with the responsible party or parties. If resolution cannot be obtained directly, and Contractor sues, or initiates arbitration against the Owner or Nexus on account of any damage alleged to have been so sustained, the Owner shall notify the separate Contractor, who shall defend such proceeding at the Contractor's expense, and if any judgment or award against the Owner or Nexus arises there from, the separate Contractor shall pay or satisfy it.

§ 6.3 Owner's Right to Clean Up

If a dispute arises among the Contractor, Separate Contractors, other Contractors, and the Owner as to the responsibility under their respective contracts for maintaining the premises and surrounding area free from waste materials and rubbish, the Owner may clean up and Nexus, with notice to the Owner, will allocate the cost among those responsible.

§ 6.4 Cutting and Patching Under Separate Contracts

The Contractor shall be responsible for any cutting, fitting, and patching that may be required to complete its work except as otherwise specifically provided in the Contract Documents. The Contractor shall not endanger any work of any other contractors or Subcontractors by cutting, excavating, or otherwise altering any work, and shall not cut or

alter the work of any other contractor except with the written consent of Nexus, after timely notice, and upon appropriate consultation with the other parties whose work is affected or involved.

ARTICLE 7 CHANGES IN THE WORK

§ 7.1 General

§ 7.1.1 Changes in the Work may be accomplished after execution of the Contract, and without invalidating the Contract, by Change Order, Construction Change Directive or order for a minor change in the Work, subject to the limitations stated in this Article 7 and elsewhere in the Contract Documents.

§ 7.1.2 A Change Order shall be based upon agreement among the Owner, Nexus and Contractor. A Construction Change Directive requires agreement by the Owner, and Nexus and may or may not be agreed to by the Contractor. An order for a minor change in the Work may be issued by Nexus alone.

§ 7.1.3 Changes in the Work shall be performed under applicable provisions of the Contract Documents. The Contractor shall proceed promptly with changes in the Work, unless otherwise provided in the Change Order, Construction Change Directive, or order for a minor change in the Work.

§ 7.1.4 The Owner or Nexus are not responsible to give Notice of Changes Orders to the Surety (if any).

§ 7.2 Change Orders

A Change Order is a written instrument prepared by Nexus and signed by the Owner, Nexus, Design Professional, and Contractor, stating their agreement upon all, or a combination of the following:

- .1 The change in the Work;
- .2 The amount of the adjustment, if any, in the Contract Sum; and
- .3 The extent of the adjustment, if any, in the Contract Time.

§ 7.3 Construction Change Directives

§ 7.3.1 A Construction Change Directive is a written order prepared by Nexus, directing a change in the Work prior to agreement on adjustment, if any, in the Contract Sum or Contract Time, or both. The Owner may by Construction Change Directive, without invalidating the Contract, order changes in the Work within the general scope of the Contract consisting of additions, deletions, or other revisions, the Contract Sum and Contract Time being adjusted accordingly.

§ 7.3.2 A Construction Change Directive shall be used in the absence of total agreement on the terms of a Change Order.

§ 7.3.3 If the Construction Change Directive provides for an adjustment to the Contract Sum, the adjustment shall be based on one of the following methods:

- .1 Mutual acceptance of a lump sum properly itemized and supported by sufficient substantiating data to permit evaluation;
- .2 Unit prices stated in the Contract Documents or subsequently agreed upon;
- .3 Cost to be determined in a manner agreed upon by the parties and a mutually acceptable fixed or percentage fee; or
- .4 As provided in Section 7.3.4.

§ 7.3.4 If the Contractor does not respond promptly or disagrees with the method for adjustment in the Contract Sum, Nexus shall determine the adjustment on the basis of reasonable expenditures and savings of those performing the Work attributable to the change, including, in case of an increase in the Contract Sum, an amount for overhead and profit as set forth in the Agreement, or if no such amount is set forth in the Agreement, a reasonable amount. In such case, and also under Section 7.3.3.3, the Contractor shall keep and present, in such form as Nexus may prescribe, an itemized accounting together with appropriate supporting data. Unless otherwise provided in the Contract Documents, costs for the purposes of this Section 7.3.4 shall be limited to the following:

- .1 Costs of labor, including applicable payroll taxes, fringe benefits required by agreement or custom, workers' compensation insurance, and other employee costs approved by Nexus;
- .2 Costs of materials, supplies, and equipment, including cost of transportation, whether incorporated or consumed;

- .3 Rental costs of machinery and equipment, exclusive of hand tools, whether rented from the Contractor or others;
- .4 Costs of premiums for all bonds and insurance, permit fees, and sales, use, or similar taxes, directly related to the change; and
- .5 Costs of supervision and field office personnel directly attributable to the change.

§ 7.3.5 If the Contractor disagrees with the adjustment in the Contract Time, the Contractor may make a Claim in accordance with applicable provisions of Article 15.

§ 7.3.6 Upon receipt of a Construction Change Directive, the Contractor shall promptly proceed with the change in the Work involved and advise Nexus of the Contractor's agreement or disagreement with the method, if any, provided in the Construction Change Directive for determining the proposed adjustment in the Contract Sum or Contract Time.

§ 7.3.7 In order to obtain a Contract Sum Adjustment for any Change Directive, Contractor must first submit a written notice to the CM stating its proposed Contract Sum adjustment and basis for adjustment. This notice must be submitted within seventy-two (72) hours of receipt of the written Change Directive and prior to commencement of the changed work. If Contractor fails to comply with these notice requirements Contractor shall be deemed to have waived its rights to dispute or contest the CM's determination as to the Change Adjustment, the CM shall include overhead, bond, insurance, field supervision and profit in accordance with the limits established by paragraph 7.3.10.. Such agreement shall be effective immediately and shall be recorded as a Change Order.

§ 7.3.8 The amount of credit to be allowed by the Contractor to the Owner for a deletion or change that results in a net decrease in the Contract Sum shall be actual net cost as confirmed by Nexus. When both additions and credits covering related Work or substitutions are involved in a change, the allowance for overhead and profit shall be figured on the basis of net increase, if any, with respect to that change.

§ 7.3.9 Pending final determination of the total cost of a Construction Change Directive to the Owner, the Contractor may request payment for Work completed under the Construction Change Directive in Applications for Payment. Nexus will make an interim determination for purposes of monthly certification for payment for those costs and certify for payment the amount that Nexus determine to be reasonably justified. The interim determination of cost shall adjust the Contract Sum on the same basis as a Change Order, subject to the right of either party to disagree and assert a Claim in accordance with Article 15.

§ 7.3.10 When the Owner and Contractor agree with a determination made by Nexus concerning the adjustments in the Contract Sum and Contract Time, or otherwise reach agreement upon the adjustments, such agreement shall be effective immediately and Nexus shall prepare a Change Order. Change Orders may be issued for all or any part of a Construction Change Directive. For proposed changes in the work on the lump sum or time and material methods under Clause 7.3.3.1 and 7.3.3.4 above, the costs shall be determined as provided under this subparagraph 7.3.10. The contractor shall submit an itemized list of quantities with the applicable unit costs and extended prices for each, in such form and detail as required by Nexus.

- .1 As a minimum the detailed breakdown shall include and indicate the items enumerated below. Items (a) and (b) constitute the cost of the labor, and items (a), (b), (c), and (d) constitute the basic costs referred to under this Article 7.
 - a. Labor costs, itemized by each trade involved, showing the hourly rates for each and the hours required for the change. Labor rates shall be the same for extra and credit computations and shall be the actual rate paid workmen in accordance with the established management labor agreement.
 - b. Burden on labor, which shall be only the actual costs of mandatory fringe benefits required by established agreements, taxes on labor, worker's or workmen's compensation, insurance on labor as affected by payroll, unemployment taxes and insurance, including FICA and FUTA.
 - c. Quantities of materials, equipment and supplies, at their actual cost, with unit costs indicated.
 - d. The cost of subcontract work, computed in the same way as provided for under this subparagraph 7.3.10.
 - e. Overhead, profit or commission.
 - f. Applicable sales tax on material, added after the above computations are complete.

- .2 The maximum that will be allowed for overhead and profit, or commission, shall be as follows, expressed as a percentage of the basis cost of the change. The maximum allowable percentages for profit, overhead and commission may be less, depending on the nature, extend or complexity of the change, where the percentage is not commensurate with the responsibility and administration involved, (such as the contractor merely processing a substantial change order to a subcontractor) but in no event shall they exceed the following:
 - a. To the contractor and/or subcontractor for work performed with their own forces. (Overhead - 10%, Profit - 5%).
 - b. To the contractor for work performed by others than its own forces. (Commission - 5%).
- .3 Not more than three percentages for overhead, profit and commission will be allowed. The markup on any part of the work a subcontractor subcontracts will be limited to one overhead figure and one profit figure, in addition to the Contractor's commission. The subcontractor and sub-subcontractor may divide the overhead and profit amount as they agree upon.
- .4 The burden on labor may be indicated as a dollar cents addition to the hourly rate or may be expressed as a percentage of the extended hourly rate costs. If required by the owner or Nexus, the contractor shall provide a detailed breakdown to justify the labor inconsistent with other similar contracts or where the cost of fringe benefits are in excess of established labor agreements. The burden on labor shall not include any costs noted as general overhead.
- .5 Material, equipment and supply costs shall be quoted at the actual cost to the contractor, or subcontractor. Upon request, the contractor (or subcontractor) shall submit evidence to substantiate the costs. Said costs shall be quoted at trade discount prices, with quantity discounts also applied where the quantities warrant. Cash or prompt payment discounts need not be credited. In any proposal with material, equipment and supply credits, the credit shall be based on the actual contract cost of the material (including trade and quantity discount) less any charges actually incurred for handling or returning a material which has been delivered. No cancellation, restocking or similar charge will be allowed unless actually incurred by the purchaser and generally will not be allowed when the product has not been shipped.
- .6 The percentages allowed for overhead, profit or commission under clause 7.3.10.2 shall be deemed to include, and no further addition for:
 - a. Field and office supervision and administration, including the superintendent/foreman;
 - b. General insurance, except that listed as labor burden;
 - c. Use or replacement of tools;
 - d. Shop burden;
 - e. Equipment rental (other than specifically required additional hoisting equipment, required excavating equipment or similar necessary solely as a result of the change);
 - f. Engineering and estimating costs;
 - g. Performance (guaranty) bond;
 - h. Cost of safety measures (including those imposed by OSHA);
 - i. Shipping, drayage and demurrage;
 - j. Parking charges;
 - k. Clean up and debris removal;
 - l. Testing;
 - m. Permits, unless a new permit type is required;
 - n. Or any other costs except those under clause 7.3.10.1.
- .7 Cost changes shall be computed by determining the basic costs enumerated under clause 7.3.10.1 (as further specified under this subparagraph) to which the overhead may be added, then the profit figure may be added and finally adding the sales tax on materials.
- .8 Subcontractors (or sub-subcontractors) shall compute their costs the same way by and are subject to the same conditions of what may be included in the cost and the same maximum percentages for overhead and profit. To the subcontractor's price, the contractor may add up to 5% commission.

- .9 For changes involving work of the contractor with its own forces and work by a subcontractor (or sub-subcontractors), the commission shall be applied directly to the subcontractor's price. With the overhead and profit figure applied only to the work the contractor performs with its own forces.
- .10 For charges involving both extra and credit amounts, the overhead and profit, or commission shall be applied only to net difference where the extra exceeds the credit.
- .11 For change resulting in a credit in the basis costs, a reasonable allowance for overhead, profit or commission may be required to be credited to the owner, as approved by Nexus. In general, no credits for overhead, profits or commission will be required where the net change credit is minor or where the change in work indicates it is reasonable that no credit be allowed to the owner due to the effort, cost or responsibility of the contractor. In the event of a substantial subcontract credits, or for work not performed by the contractor, a reasonable overhead, profit or commission credit shall be allowed to the owner.

§ 7.4 Minor Changes in the Work

Nexus may order minor changes in the Work that are consistent with the intent of the Contract Documents and do not involve an adjustment in the Contract Sum or an extension of the Contract Time. Nexus' order for minor changes shall be in writing. If the Contractor believes that the proposed minor change in the Work will affect the Contract Sum or Contract Time, the Contractor shall notify Nexus and shall not proceed to implement the change in the Work. If the Contractor performs the Work set forth in Nexus' order for a minor change without prior notice to Nexus that such change will affect the Contract Sum or Contract Time, the Contractor waives any adjustment to the Contract Sum or extension of the Contract Time.

§ 7.5 Owners Right to Perform Changes in the Work

If the Owner does not agree to a proposal of the Contractor for additional Work or changes in the Work, or if the Owner does not deem it advisable or expedient to proceed on the basis of the Contractor's proposal, the Owner reserves the right to perform additional work or changes in the Work with its own personnel or to employ others for changes in the Work.

ARTICLE 8 TIME

§ 8.1 Definitions

§ 8.1.1 Unless otherwise provided, Contract Time is the period of time, including authorized adjustments, allotted in the Contract Documents for Substantial Completion of the Work.

§ 8.1.2 The date of commencement of the Contract Time is the date of the Owners Notice to Proceed or is the date established in the Agreement, whichever is the earliest date.

§ 8.1.3 The date of Substantial Completion is the date certified by Nexus in accordance with Section 9.8.

§ 8.1.4 The term "day" as used in the Contract Documents shall mean calendar day unless otherwise specifically defined.

§ 8.2 Progress and Completion

§ 8.2.1 Time limits stated in the Contract Documents are of the essence of the Contract. By executing the Agreement, the Contractor confirms that the Contract Time is a reasonable period for performing the Work.

§ 8.2.2 The Contractor shall not knowingly, except by agreement or instruction of the Owner in writing, commence the Work prior to the effective date of insurance required to be furnished by the Contractor and Owner.

§ 8.2.2.1 If a Contract is awarded, construction at the site may commence upon, but not before, (1) Contractor's receipt of a Notice to Proceed from the Owner, and (2) Owner's receipt of Contractor's insurance certificates and Subcontractors list.

§ 8.2.3 After award of the Contract it shall be the responsibility of the Contractor upon notification by Nexus to begin the Work immediately and to thereafter proceed expeditiously with adequate qualified forces and shall achieve

Substantial Completion at the earliest possible date, but in no case later than within the Contract Time identified in the Contract Documents.

§ 8.2.4 Progress and supervision of the Work shall be the responsibility of the Contractor to supervise the operations of subcontractors responsible to the Contractor so as not to delay the Work.

§ 8.2.5 The progress of the Work shall conform to the Project Construction Schedule prepared by Nexus. The Contractors shall be responsible for damages incurred by the Owner and other separate Contractors for delay resulting from the Contractor's failure to complete the Work within the Contract Time or resulting from the progress of the Work failing to conform to the Project Construction Schedule.

§ 8.3 Delays and Extensions of Time

§ 8.3.1 If the Contractor is delayed at any time in the commencement or progress of the Work by (1) an act or neglect of the Owner, Nexus, or an employee of any of them, or of the Owner's own forces, Separate Contractors, or other Contractors; (2) by changes ordered in the Work; (3) by labor disputes, fire, unusual delay in deliveries, unavoidable casualties, adverse weather conditions documented in accordance with Section 15.1.6.2, or other causes beyond the Contractor's control; (4) by delay authorized by the Owner pending mediation and binding dispute resolution; or (5) by other causes that the Contractor asserts and Nexus determines justify delay, then the Contract Time shall be extended for such reasonable time as Nexus may determine.

§ 8.3.2 Claims relating to time shall be made in accordance with applicable provisions of Article 15.

§ 8.3.3 This Section 8.3 does not exclude the Owner's recovery of damages for delay under other provisions of the Contract Documents.

§ 8.3.4 Contractor shall anticipate a reasonable amount of delays due to minor changes in the work, concealed and other field conditions, whether or not specifically identified in the Contract Documents. No extension of time will be allowed for work performed under change orders up to an additional 10 percent of labor hours included in the contract.

§ 8.3.5 Upon request of Nexus, the Contractor shall submit and implement a written plan to recover the overall contract schedule.

§ 8.3.6 Upon receipt of Notice to Proceed, the Contractor shall begin construction operations and continuously and effectively prosecute the work with the least possible delay, so as to complete all contract work and all clean up within the Contract Time, taking into consideration all restrictions or limitations to construction procedures hereinafter specified.

§ 8.3.7 The Contractor shall be responsible for damages incurred by the Owner and separate Contractors for delay resulting from the Contractor's failure to complete the work within the Contract time indicated in the Agreement. Losses may include additional administrative costs, rental costs for required off-site classroom space, additional custodial costs and professional fees.

ARTICLE 9 PAYMENTS AND COMPLETION

§ 9.1 Contract Sum

§ 9.1.1 The Contract Sum is stated in the Agreement and, including authorized adjustments, is the total amount payable by the Owner to the Contractor for performance of the Work under the Contract Documents.

§ 9.1.2 If unit prices are stated in the Contract Documents or subsequently agreed upon, and if quantities originally contemplated are materially changed so that application of such unit prices to the actual quantities causes substantial inequity to the Owner or Contractor, the applicable unit prices shall be equitably adjusted.

§ 9.2 Schedule of Values

§ 9.2.1 Where the Contract is based on a Stipulated Sum or Guaranteed Maximum Price, the Contractor shall submit a schedule of values to Nexus, at least 10 days before the first Application for Payment, or in conjunction with the Contractors submission of its construction schedule, whichever is earlier, allocating the entire Contract Sum to the various portions of the Work. The schedule of values shall be prepared in the form, and supported by the data to

substantiate its accuracy, required by Nexus. This schedule, unless objected to by Nexus, shall be used as a basis for reviewing the Contractor's Applications for Payment. Nexus shall forward to the Owner the Contractor's schedule of values. Any changes to the schedule of values shall be submitted to Nexus and supported by such data to substantiate its accuracy as Nexus and the Owner may require, and unless objected to, shall be used as a basis for reviewing the Contractor's subsequent Applications for Payment.

§ 9.2.2 Update and resubmit the Schedule of Values when Change Orders result in a change in the contract sum. List Change Orders separately on the Schedule of Values.

§ 9.2.3 The Schedule of Values shall include separate mandatory line items titled "housekeeping", "bonds", "insurance", and "shop drawings" for any contractor who provides labor and/or materials as part of their contract. The value of the "housekeeping" line item shall be at least 2% of the contract, but not less than \$500. The value of "shop drawings" shall be at least 1/2% of the contract, but not less than \$500. The actual costs of bonds and insurance shall be used as cost items on the Schedule of Values. These shall serve as a form of retainage to ensure that each contractor cleans up properly and provides the required documents. Monthly billings can be made to "housekeeping" and will be approved based on contractor performance in this area of responsibility. This provision shall not limit the Owner's right to clean-up and recover associated costs, as specified in other sections of this specification. The Owner reserves the right to withhold payment for individual line items until the contractor's work on site is complete or within conformance.

§ 9.2.4 Upon request of the Owner or Nexus, the Contractor shall furnish a schedule of estimated periodic requests for payment for the Owner's financial planning guidance. The schedule shall indicate the anticipated amount that will be requested each month, taking into consideration the work schedule, expected deliveries, and the retained amount. The Contractor will not be bound to the estimated amounts, but should the actual requested amounts tend to vary substantially from the estimates, the Contractor shall revise the schedule at the request of the Owner.

§ 9.3 Applications for Payment

§ 9.3.1 At least fifteen days before the date established for each progress payment, the Contractor shall submit to the Nexus an itemized Application for Payment prepared in accordance with the schedule of values, if required under Section 9.2, for completed portions of the Work. The application shall be notarized, if required, and supported by all data substantiating the Contractor's right to payment that the Owner, or Nexus require, such as copies of requisitions, and releases of waivers of lien from Subcontractors and suppliers, and shall reflect retainage if provided for in the Contract Documents. The Contractor shall indicate the percentage of completion of each portion of the Work (as defined by the schedule of values) as of the end of the period covered by the Application for Payment. Application for Payment shall be made on AIA Document G732 2019 CMA Edition and G703 1992 and shall not be made more frequently than once per month.

§ 9.3.1.1 Applications shall submit a maximum of one (1) request for payment per month to Nexus by the date noted in the Construction Documents with costs forecasted through the end of the month. Application will include all items incorporated into the project or stored (in a secure manner) on-site. This also includes updating of record drawings on a monthly basis. Applications will not be process for the month until record documents are updated.

§ 9.3.1.2 Applications for Payment shall not include requests for payment for portions of the Work for which the Contractor does not intend to pay a Subcontractor or supplier unless such Work has been performed by others whom the Contractor intends to pay.

§ 9.3.1.3 Applications for Payment will delineate retention in the amount of five (5) percent for each line item and in total for the project through completion.

§ 9.3.1.4 Until substantial completion, the Owner shall pay ninety five (95) percent of the amount of progress payments. The Owner, in making partial payment, will retain five (5) percent of the duly approved value of the work performed under the contract as of the date of the Application for Payment until substantial completion. Within 60 days after Substantial Completion, the Owner will pay to the Contractor all the retainage less two hundred fifty (250) percent of the cost to complete the punchlist and/or repair any defective work and less one (1) percent of the final contract value which shall be released upon receipt of all final paperwork required under the specifications. The Contractor will not be paid interest on retainage amounts.

§ 9.3.1.5 An Application for Payment shall not be considered acceptance or approval of any work or waiver of any defect therein.

§ 9.3.2 Unless otherwise provided in the Contract Documents, payments shall be made on account of materials and equipment delivered and suitably stored at the site for subsequent incorporation in the Work. If approved in advance by the Owner and Nexus, payment may similarly be made for materials and equipment suitably stored off the site at a location agreed upon in writing. Payment for materials and equipment stored on or off the site shall be conditioned upon compliance by the Contractor with procedures satisfactory to the Owner and Nexus to establish the Owner's title to such materials and equipment or otherwise protect the Owner's interest, and shall include the costs of applicable insurance, storage, and transportation to the site, for such materials and equipment stored off the site. Proof of delivery and certificate of insurance covering materials and equipment stored off site shall be required to be submitted with the Application for Payment. Any application for payment not including such documentation will be rejected and resubmitted the following month upon receipt of proof of deliver and certificate of insurance.

§ 9.3.3 The Contractor warrants that title to all Work covered by an Application for Payment will pass to the Owner no later than the time of payment. The Contractor further warrants that upon submittal of an Application for Payment all Work for which Certificates for Payment have been previously issued and payments received from the Owner shall, to the best of the Contractor's knowledge, information, and belief, be free and clear of liens, claims, security interests, or encumbrances, in favor of the Contractor, Subcontractors, suppliers, or other persons or entities that provided labor, materials and equipment relating to the Work.

§ 9.3.4 Nexus shall have the right to require signed material lien waivers from all contractors' major suppliers. Names of major suppliers and the amounts due to them shall be provided at pre-award interview by all contractors."

§ 9.3.5 The contractor shall be required to submit certified wages to the Owner through Nexus with each progress pay application. Failure to submit certification will deem the application incomplete and the application will be returned to the contractor without further processing.

§ 9.4 Certificates for Payment

§ 9.4.1 Where there is only one Contractor, Nexus will, within seven days after receipt of the Contractor's Application for Payment, review the Application and the amount determined is due the Contractor, and forward the Contractor's Application and Certificate for Payment to the Owner. Within seven days after Nexus receives the Contractor's Application for Payment, Nexus will either (1) issue to the Owner a Certificate for Payment, in the full amount of the Application for Payment; or (2) issue to the Owner a Certificate for Payment for such amount as Nexus determines is properly due, and notify the Owner of Nexus' reasons for withholding certification in part as provided in Section 9.5.1; or (3) withhold certification of the entire Application for Payment, and notify the Owner of Nexus' reason for withholding certification in whole as provided in Section 9.5.1. Nexus will promptly forward to the Contractor Nexus' notice of withholding certification.

§ 9.4.2 Where there is more than one Contractor performing portions of the Project, Nexus will, within seven days after Nexus receives all of the Contractors' Applications for Payment: (1) review the Applications and review the amount Nexus determines is due each of the Contractors; (2) prepare a Summary of Contractors' Applications for Payment by combining information from each Contractor's application with information from similar applications for progress payments from the other Contractors; (3) prepare a Project Application and Certificate for Payment; (4) review the amount Nexus determines is due all Contractors; and (5) forward the Summary of Contractors' Applications for Payment and Project Application and Certificate for Payment to the Owner.

§ 9.4.2.1 Within seven days after Nexus compiles the Project Application and Project Certificate for Payment and the Summary of Contractors' Applications for Payment Nexus will either (1) issue to the Owner a Project Certificate for Payment; or (2) issue to the Owner a Project Certificate for Payment for such amount as Nexus determines is properly due, and notify the Owner of Nexus' reasons for withholding certification in part as provided in Section 9.5.1; or (3) withhold certification of the entire Project Application for Payment, and notify the Owner of Nexus' reason for withholding certification in whole as provided in Section 9.5.1. Nexus will promptly forward notice of withholding certification to the Contractors.

§ 9.4.3 Nexus' review of an Application for Payment or, in the case of more than one Contractor, a Project Application and Certificate for Payment, shall be based upon Nexus' evaluation of the Work and the data in the Application or

Applications for Payment. Nexus' review will constitute a representation that, to the best of Nexus' knowledge, information, and belief, the Work has progressed to the point indicated, the quality of the Work is in accordance with the Contract Documents, and that the Contractor is, or Contractors are, entitled to payment in the amount certified.

§ 9.4.4 Nexus' issuance of a Certificate for Payment or, in the case of more than one Contractor, Project Application and Certificate for Payment, shall be based upon Nexus' evaluation of the Work, and data in the Application for Payment or Project Application for Payment. Nexus' review will constitute a representation that, to the best of Nexus' knowledge, information, and belief, the Work has progressed to the point indicated, the quality of the Work is in accordance with the Contract Documents, and that the Contractor is, or Contractors are, entitled to payment in the amount certified.

§ 9.4.5 The representations made pursuant to Sections 9.4.3 and 9.4.4 are subject to an evaluation of the Work for conformance with the Contract Documents upon Substantial Completion, to results of subsequent tests and inspections, to correction of minor deviations from the Contract Documents prior to completion, and to specific qualifications expressed by Nexus.

§ 9.4.6 The issuance of a Certificate for Payment or a Project Certificate for Payment will not be a representation that Nexus has (1) made exhaustive or continuous on-site inspections to check the quality or quantity of the Work; (2) reviewed construction means, methods, techniques, sequences, or procedures; (3) reviewed copies of requisitions received from Subcontractors and suppliers and other data requested by the Owner to substantiate the Contractor's right to payment; or (4) made examination to ascertain how or for what purpose the Contractor has used money previously paid on account of the Contract Sum.

§ 9.5 Decisions to Withhold Certification

§ 9.5.1 Nexus may withhold a Certificate for Payment or Project Certificate for Payment in whole or in part, to the extent reasonably necessary to protect the Owner, if in Nexus' opinion the representations to the Owner required by Section 9.4.3 and 9.4.4 cannot be made. If Nexus is unable to certify payment in the amount of the Application, Nexus will notify the Contractor and Owner as provided in Section 9.4.1 and 9.4.2. If the Contractor and Nexus cannot agree on a revised amount, Nexus will promptly issue a Certificate for Payment or a Project Certificate for Payment for the amount for which Nexus is able to make such representations to the Owner. Nexus may also withhold a Certificate for Payment or, because of subsequently discovered evidence, may nullify the whole or a part of a Certificate for Payment or Project Certificate for Payment previously issued, to such extent as may be necessary in Nexus' opinion to protect the Owner from loss for which the Contractor is responsible, including loss resulting from the acts and omissions described in Section 3.3.2 because of

- .1 defective Work not remedied;
- .2 third party claims filed or reasonable evidence indicating probable filing of such claims, unless security acceptable to the Owner is provided by the Contractor;
- .3 failure of the Contractor to make payments properly to Subcontractors or suppliers for labor, materials or equipment;
- .4 reasonable evidence that the Work cannot be completed for the unpaid balance of the Contract Sum;
- .5 damage to the Owner or a Separate Contractor or other Contractor;
- .6 reasonable evidence that the Work will not be completed within the Contract Time, and that the unpaid balance would not be adequate to cover actual or liquidated damages for the anticipated delay; or
- .7 repeated failure to carry out the Work in accordance with the Contract Documents.

§ 9.5.2 When either party disputes Nexus' decision regarding a Certificate for Payment under Section 9.5.1, in whole or in part, that party may submit a Claim in accordance with Article 15.

§ 9.5.3 When the reasons for withholding certification are removed, certification will be made for amounts previously withheld.

§ 9.5.4 If Nexus withholds certification for payment under Section 9.5.1, the Owner may, at its sole option, issue joint checks to the Contractor and to any Subcontractor or supplier to whom the Contractor failed to make payment for Work properly performed or material or equipment suitably delivered. If the Owner makes payments by joint check, the Owner shall notify Nexus, and both will reflect such payment on the next Certificate for Payment.

§ 9.5.5 If contractor defaults or neglects to carry out the work in accordance with the contract documents or fails to perform any provision thereof, Nexus may, after three (3) calendar days written notice to the contractor and without

prejudice to any other remedy it may have, make good such deficiencies. Nexus shall adjust the total contract price by reducing the amount thereof by the cost of making good such deficiencies.

§ 9.6 Progress Payments

§ 9.6.1 After Nexus has issued a Certificate for Payment or Project Certificate for Payment, the Owner shall make payment in the manner and within the time provided in the Contract Documents, and shall so notify Nexus.

§ 9.6.2 The Contractor shall pay each Subcontractor, no later than seven days after receipt of payment from the Owner, the amount to which the Subcontractor is entitled, reflecting percentages actually retained from payments to the Contractor on account of the Subcontractor's portion of the Work. The Contractor shall, by appropriate agreement with each Subcontractor, require each Subcontractor to make payments to Sub-subcontractors in a similar manner.

§ 9.6.3 Nexus will, on request, furnish to a Subcontractor, if practicable, information regarding percentages of completion or amounts applied for by the Contractor and action taken thereon by the Owner, and Nexus on account of portions of the Work done by such Subcontractor.

§ 9.6.4 The Owner has the right to request written evidence from the Contractor that the Contractor has properly paid Subcontractors and suppliers amounts paid by the Owner to the Contractor for subcontracted Work. If the Contractor fails to furnish such evidence within seven days, the Owner shall have the right to contact Subcontractors and suppliers to ascertain whether they have been properly paid. Neither the Owner, nor Nexus shall have an obligation to pay, or to see to the payment of money to, a Subcontractor or supplier, except as may otherwise be required by law.

§ 9.6.5 The Contractor's payments to suppliers shall be treated in a manner similar to that provided in Sections 9.6.2, 9.6.3 and 9.6.4.

§ 9.6.6 A Certificate for Payment, a progress payment, or partial or entire use or occupancy of the Project by the Owner shall not constitute acceptance of Work not in accordance with the Contract Documents. The Contractor and its Surety agree any issuance of a Contractor's Application and Certificate for Payment by the Owner, payment on the Contract Sum or in reducing any retained amount, or any use or occupancy of the Work will in no way relieve them of the obligation to completely fulfill or accomplish all obligations of the Contract, including warranty of the Work, and that they waive any actual or alleged rights of subrogation or action against the Owner or Nexus as a result of any such issuance of a Contractor's Application and Certificate for Payment, payment, or use or occupancy. At any time, the Surety, shall have the right to examine the status of the Work, as well as any payments, and may request the Owner to withhold additional sums as it considers appropriate to protect its interests.

§ 9.6.7 Unless the Contractor provides the Owner with a payment bond in the full penal sum of the Contract Sum, payments received by the Contractor for Work properly performed by Subcontractors or provided by suppliers shall be held by the Contractor for those Subcontractors or suppliers who performed Work or furnished materials, or both, under contract with the Contractor for which payment was made by the Owner. Nothing contained herein shall require money to be placed in a separate account and not commingled with money of the Contractor, create any fiduciary liability or tort liability on the part of the Contractor for breach of trust, or entitle any person or entity to an award of punitive damages against the Contractor for breach of the requirements of this provision. Where there is limited storage area on the Project Site, the Owner will consider making payment for certain materials and equipment which are stored off the site if such action will improve or benefit the progress of the Work. The Owner shall be the sole judge as to the types of materials and equipment it will pay for while in off-site storage and the conditions for the payment. Notwithstanding anything herein to the contrary, the Owner will not pay for items in off-site storage which are:

- .1 damaged or otherwise defective;
- .2 off-the-shelf type materials;
- .3 held at the producer's plant; or
- .4 produced over a period of time and normally would be installed to a schedule over a period of time as they are delivered, unless the Owner has caused a significant change in the schedule.

For consideration of payment for items stored off-site, at the start of the Work the Contractor shall submit a proposed list to Nexus for review and concurrence, state the reasons for each, the proposed storage locations and the anticipated delivery time. The list shall include:

- .1 The item;
- .2 proposed storage location; and
- .3 anticipated delivery time to the off-site storage.

To qualify for consideration, the material or equipment shall be:

- .1 a major item;
- .2 specially fabricated or produced for the Work of this Contract and shall be in accordance with the Contract Documents;
- .3 a critical material which is in short supply or which has an uncertain long lead time delivery schedule;
- .4 properly stored and protected, as required by 9.3.3, and approved by the Owner, including marking with the Project name;
- .5 certified by the contractor, Subcontractor or supplier to be in storage and immediately available (when required);
- .6 examined by Nexus at the place of storage;
- .7 furnished at no additional cost or expense to the Owner except the time required to examine the items, unless otherwise authorized by the Owner; and
- .8 insured to the satisfaction of the Owner.

§ 9.6.8 Provided the Owner has fulfilled its payment obligations under the Contract Documents, the Contractor shall defend and indemnify the Owner from all loss, liability, damage or expense, including reasonable attorney's fees and litigation expenses, arising out of any lien claim or other claim for payment by any Subcontractor or supplier of any tier. Upon receipt of notice of a lien claim or other claim for payment, the Owner shall notify the Contractor. If approved by the applicable court, when required, the Contractor may substitute a surety bond for the property against which the lien or other claim for payment has been asserted.

§ 9.7 Failure of Payment

If Nexus does not issue a Certificate for Payment or a Project Certificate for Payment, through no fault of the Contractor, within fourteen (14) days after Nexus' receipt of the Contractor's Application for Payment, provided it has been properly submitted as specified, or if the Owner does not pay the Contractor within fourteen (14) days after the date established in the Contract Documents, the amount certified by Nexus or awarded by binding dispute resolution, then the Contractor may, upon seven additional days' notice to the Owner, and Nexus, stop the Work until payment of the amount owing has been received. The Contract Time shall be extended appropriately, and the Contract Sum shall be increased by the amount of the Contractor's reasonable costs of shutdown, delay and start-up, excluding interest as provided for in the Contract Documents.

§ 9.8 Substantial Completion

§ 9.8.1 The date of substantial completion of the work of designated portion thereof is the date when construction is sufficiently complete, in accordance with the contract documents, so the Owner can occupy or utilize the work or designated portion thereof for the use for which it is intended. Minor corrective work and the replacement of defective work or materials, and the adjustment of control apparatus will not delay the determination that the Contract is substantially complete.

§ 9.8.2 When the Contractor considers that the Work, or a portion thereof which the Owner agrees to accept separately, is substantially complete, the Contractor shall notify Nexus, and Nexus and the Design Professionals shall jointly prepare and submit a comprehensive list of items to be completed or corrected prior to final payment. Failure to include an item on such list does not alter the responsibility of the Contractor to complete all Work in accordance with the Contract Documents.

§ 9.8.2.1 All warranties and closeout documentation as noted in the Contract Documents must be complete, submitted and approved by Nexus prior to the Certificate of Substantial Completion being released.

§ 9.8.3 Upon receipt of the list, Nexus, will make an inspection to determine whether the Work or designated portion thereof is substantially complete. If Nexus' inspection discloses any item, whether or not included on the list, which is not sufficiently complete in accordance with the Contract Documents so that the Owner can occupy or utilize the Work or designated portion thereof for its intended use, the Contractor shall, before issuance of the Certificate of

Substantial Completion, complete or correct such item upon notification by Nexus. In such case, the Contractor shall then submit a request for another inspection by Nexus, to determine Substantial Completion.

§ 9.8.4 When Nexus, determines that the Work of all of the Contractors, or designated portion thereof, is substantially complete, Nexus will prepare, and shall execute, a Certificate of Substantial Completion that shall establish the date of Substantial Completion; establish responsibilities of the Owner and Contractor for security, maintenance, heat, utilities, damage to the Work and insurance; and fix the time within which the Contractor shall finish all items on the list accompanying the Certificate. Warranties required by the Contract Documents shall commence on the date of Substantial Completion of the Work or designated portion thereof unless otherwise provided in the Certificate of Substantial Completion.

§ 9.8.5 The Certificate of Substantial Completion shall be submitted to the Owner and Contractor for their written acceptance of responsibilities assigned to them in the Certificate. Upon such acceptance, and consent of surety if any, the Owner shall make payment of retainage applying to the Work or designated portion thereof. Such payment shall be made no more than 60 days after Substantial Completion. Owner may retain either 1% of the contract value or 250% of the cost of the remaining punch list work, whichever is greater to assure completion of the punch list.

§ 9.9 Partial Occupancy or Use

§ 9.9.1 The Owner may occupy or use any completed or partially completed portion of the Work at any stage when such portion is designated by separate agreement with the Contractor, provided such occupancy or use is consented to by the insurer and authorized by public authorities having jurisdiction over the Project. Such partial occupancy or use may commence whether or not the portion is substantially complete, provided the Owner and Contractor have accepted in writing the responsibilities assigned to each of them for payments, retainage if any, security, maintenance, heat, utilities, damage to the Work and insurance, and have agreed in writing concerning the period for correction of the Work and commencement of warranties required by the Contract Documents. When the Contractor considers a portion substantially complete, the Contractor and Nexus shall jointly prepare a list as provided under Section 9.8.2. Consent of the Contractor to partial occupancy or use shall not be unreasonably withheld. The stage of the progress of the Work shall be determined by written agreement between the Owner and Contractor or, if no agreement is reached, by decision of Nexus.

§ 9.9.2 Immediately prior to such partial occupancy or use, the Owner, Contractor, and Nexus shall jointly inspect the area to be occupied or portion of the Work to be used in order to determine and record the condition of the Work.

§ 9.9.3 Unless otherwise agreed upon, partial occupancy or use of a portion or portions of the Work shall not constitute acceptance of Work not complying with the requirements of the Contract Documents and all applicable laws, codes, ordinances, rules, regulations, and industry standards.

§ 9.9.3 The Owner reserves the right to enter into the Project at all times and make installations of equipment as work progresses and to install furnishings as space becomes substantially complete. The Contractor shall cooperate and coordinate work with the Owners own forces.

§ 9.10 Final Completion and Final Payment

§ 9.10.1 Upon completion of the Work, the Contractor shall forward to Nexus a notice that the Work is ready for final inspection and acceptance, and shall also forward to Nexus a final Contractor's Application for Payment. Upon receipt, Nexus shall perform an inspection to confirm the completion of Work of the Contractor. When Nexus finds the Work acceptable under the Contract Documents and the Contract fully performed, Nexus will promptly issue a final Certificate for Payment or Project Certificate for Payment stating that to the best of their knowledge, information and belief, and on the basis of their on-site visits and inspections, the Work has been completed in accordance with the Contract Documents and that the entire balance found to be due the Contractor and noted in the final Certificate is due and payable. Nexus' final Certificate for Payment or Project Certificate for Payment will constitute a further representation that conditions listed in Section 9.10.2 as precedent to the Contractor's being entitled to final payment have been fulfilled.

§ 9.10.2 Neither final payment nor any remaining retained percentage shall become due until the Contractor submits to Nexus (1) an affidavit that payrolls, bills for materials and equipment, and other indebtedness connected with the Work for which the Owner or the Owner's property might be responsible or encumbered (less amounts withheld by Owner) have been paid or otherwise satisfied, (2) a certificate evidencing that insurance required by the Contract Documents to remain in force after final payment is currently in effect, (3) a written statement that the Contractor

knows of no reason that the insurance will not be renewable to cover the period required by the Contract Documents, (4) consent of surety, if any, to final payment (5) documentation of any special warranties, such as manufacturers' warranties or specific Subcontractor warranties, and (6), if required by the Owner, other data establishing payment or satisfaction of obligations, such as receipts and releases and waivers of liens, claims, security interests, or encumbrances arising out of the Contract, to the extent and in such form as may be designated by the Owner. If a Subcontractor refuses to furnish a release or waiver required by the Owner, the Contractor may furnish a bond satisfactory to the Owner to indemnify the Owner against such lien, claim, security interest, or encumbrance. If a lien, claim, security interest, or encumbrance remains unsatisfied after payments are made, the Contractor shall refund to the Owner all money that the Owner may be compelled to pay in discharging the lien, claim, security interest, or encumbrance, including all costs and reasonable attorneys' fees.

- .1 Contractor's Affidavit of Payment of Debts and Claims, AIA Document G706;
- .2 Contractor's lien waiver in the full amount of the Contract Sum AIA Document G706a;
- .3 Lien waivers from all Subcontractors, Sub-subcontractors, and major material suppliers who have furnished material for the Work under Contract with the Contractor or a Subcontractor. The lien waivers shall be in the full amount of the contract involved;
- .4 Consent of Surety Company to Final Payment on AIA Document G707;
- .5 IC134, Withholding Affidavit for Contractor and Subcontractors and Sub-subcontractors who have Work under Contract with the Contractor.

§ 9.10.3 If, after Substantial Completion of the Work, final completion thereof is materially delayed through no fault of the Contractor or by issuance of Change Orders affecting final completion, and Nexus so confirms, the Owner shall, upon application by the Contractor, and without terminating the Contract, make payment of the balance due for that portion of the Work fully completed, corrected, and accepted. If the remaining balance for Work not fully completed or corrected is less than retainage stipulated in the Contract Documents, and if bonds have been furnished, the written consent of the surety to payment of the balance due for that portion of the Work fully completed and accepted shall be submitted by the Contractor to the Owner through Nexus prior to certification of such payment. Such payment shall be made under terms and conditions governing final payment, except that it shall not constitute a waiver of Claims.

§ 9.10.4 The making of final payment shall not constitute a waiver of Claims by the Owner, Legal or equitable rights, remedies or redress, except those arising from;

- .1 liens, Claims, security interests, or encumbrances arising out of the Contract and unsettled;
- .2 failure of the Work to comply with the requirements of the Contract Documents;
- .3 terms of special warranties required by the Contract Documents; or
- .4 audits performed by the Owner, if permitted by the Contract Documents, after final payment.

§ 9.10.5 Acceptance of final payment by the Contractor, a Subcontractor, or a supplier, shall constitute a waiver of claims by that payee except those previously made in writing and identified by that payee as unsettled at the time of final Application for Payment.

§ 9.10.6 Contractor shall, at its own cost, defend, indemnify, and hold harmless Nexus and the Owner, its officers, agents, employees, assigns, and successors in interest, from and against any and all liability, damages, losses, claims, demands, actions, causes of action, and costs including attorney's fees and expenses, or any of them, arising from or attributable to a lien or stop notice filed and/or served in connection with the work.

§ 9.10.7 The Contractor and any of its Subcontractors and Sub-Subcontractors, upon completion of the project, shall fill out the Form IC-134 and send it to the Minnesota Department of Revenue for certification. The Department of Revenue will verify that the contractor has complied with all the applicable withholding laws, and if compliant, will certify the form with an official stamp, and return the form to the contractor. The contractor must submit this certified form along with the Contractors final Application for Payment to Nexus for final approval.

ARTICLE 10 PROTECTION OF PERSONS AND PROPERTY

§ 10.1 Safety Precautions and Programs

§ 10.1.1 The Contractor shall be responsible for initiating, maintaining, and supervising all safety precautions and programs in connection with the performance of the Contract. The Contractor shall submit the Contractor's safety program to the Nexus for review and coordination with the safety programs of other Contractors. Nexus'

responsibilities for review and coordination of safety programs shall not extend to direct control over or charge of the acts or omissions of the Contractors, Subcontractors, agents or employees of the Contractors or Subcontractors, or any other persons performing portions of the Work and not directly employed by Nexus.

Establishment of the one-year period for correction of Work as described in Section 12.2.2 relates only to the specific obligation of the Contractor to correct the Work, and has no relationship to the time within which the obligation to comply with the Contract Documents may be sought to be enforced, nor to the time within which proceedings may be commenced to establish the Contractor's liability with respect to the Contractor's obligations other than specifically to correct the Work.

§ 12.3 Acceptance of Nonconforming Work

If the Owner prefers to accept Work that is not in accordance with the requirements of the Contract Documents, the Owner may do so instead of requiring its removal and correction, in which case the Contract Sum will be reduced as appropriate and equitable. § 13.4.4 Required certificates of testing, inspection, or approval shall, unless otherwise required by the Contract Documents, be secured by the Contractor and promptly delivered to Nexus.

§ 15.1 Claims

§ 15.1.1 **Definition.** A Claim is a demand or assertion by one of the parties seeking, as a matter of right, payment of money, a change in the Contract Time, or other relief with respect to the terms of the Contract. The term "Claim" also includes other disputes and matters in question between the Owner and Contractor arising out of or relating to the Contract. The responsibility to substantiate Claims shall rest with the party making the Claim. This Section 15.1.1 does not require the Owner to file a Claim in order to impose liquidated damages in accordance with the Contract Documents.

§ 15.1.2 Time Limits on Claims

The Owner and Contractor shall commence all Claims and causes of action against the other and arising out of or related to the Contract, whether in contract, tort, breach of warranty or otherwise, in accordance with the requirements of the binding dispute resolution method selected in the Agreement and within the period specified by applicable law, but in any case not more than 10 years after the date of Substantial Completion of the Work. The Owner and Contractor waive all Claims and causes of action not commenced in accordance with this Section 15.1.2.

§ 15.1.3 Notice of Claims

§ 15.1.3.1 Claims by either the Owner or Contractor, where the condition giving rise to the Claim is first discovered prior to expiration of the period for correction of the Work set forth in Section 12.2.2, shall be initiated by written notice to the other party and to the Initial Decision Maker with a copy sent to Nexus, if Nexus is not serving as the Initial Decision Maker. Claims by either party under this Section 15.1.3.1 shall be initiated within 21 days after occurrence of the event giving rise to such Claim or within 21 days after the claimant first recognizes the condition giving rise to the Claim, whichever is later.

§ 15.1.3.2 Claims by either the Owner or Contractor, where the condition giving rise to the Claim is first discovered after expiration of the period for correction of the Work set forth in Section 12.2.2, shall be initiated by notice to the other party. In such event, no decision by the Initial Decision Maker is required.

§ 15.1.4 Continuing Contract Performance

§ 15.1.4.1 Pending final resolution of a Claim, except as otherwise agreed in writing or as provided in Section 9.7 and Article 14, the Contractor shall proceed diligently with performance of the Contract and the Owner shall continue to make payments in accordance with the Contract Documents.

§ 15.1.4.2 The Contract Sum and Contract Time shall be adjusted in accordance with the Initial Decision Maker's decision, subject to the right of either party to proceed in accordance with this Article 15. Nexus will issue Certificates for Payment in accordance with the decision of the Initial Decision Maker.

§ 15.2 Initial Decision

§ 15.2.1 Claims, excluding those where the condition giving rise to the Claim is first discovered after expiration of the period for correction of the Work set forth in Section 12.2.2 or arising under Sections 10.3, 10.4, and 11.5, shall be referred to the Initial Decision Maker for initial decision. Nexus will serve as the Initial Decision Maker, unless otherwise indicated in the Agreement. Except for those Claims excluded by this Section 15.2.1, an initial decision shall be required as a condition precedent to mediation of any Claim. If an initial decision has not been rendered within 30 days after the Claim has been referred to the Initial Decision Maker, the party asserting the Claim may demand mediation and binding dispute resolution without a decision having been rendered. Unless the Initial Decision Maker and all affected parties agree, the Initial Decision Maker will not decide disputes between the Contractor and persons or entities other than the Owner.

§ 15.2.2 The Initial Decision Maker will review Claims and within ten days of the receipt of a Claim take one or more of the following actions: (1) request additional supporting data from the claimant or a response with supporting data from the other party, (2) reject the Claim in whole or in part, (3) approve the Claim, (4) suggest a compromise, or (5) advise the parties that the Initial Decision Maker is unable to resolve the Claim if the Initial Decision Maker lacks sufficient information to evaluate the merits of the Claim or if the Initial Decision Maker concludes that, in the Initial Decision Maker's sole discretion, it would be inappropriate for the Initial Decision Maker to resolve the Claim.

§ 15.2.3 In evaluating Claims, the Initial Decision Maker may, but shall not be obligated to, consult with or seek information from either party or from persons with special knowledge or expertise who may assist the Initial Decision Maker in rendering a decision. The Initial Decision Maker may request the Owner to authorize retention of such persons at the Owner's expense.

§ 15.2.4 If the Initial Decision Maker requests a party to provide a response to a Claim or to furnish additional supporting data, such party shall respond, within ten days after receipt of the request, and shall either (1) provide a response on the requested supporting data, (2) advise the Initial Decision Maker when the response or supporting data will be furnished, or (3) advise the Initial Decision Maker that no supporting data will be furnished. Upon receipt of the response or supporting data, if any, the Initial Decision Maker will either reject or approve the Claim in whole or in part.

§ 15.2.5 The Initial Decision Maker will render an initial decision approving or rejecting the Claim, or indicating that the Initial Decision Maker is unable to resolve the Claim. This initial decision shall (1) be in writing; (2) state the reasons therefor; and (3) notify the parties, and Nexus, if Nexus is not serving as the Initial Decision Maker, of any change in the Contract Sum or Contract Time or both. The initial decision shall be final and binding on the parties but subject to mediation and, if the parties fail to resolve their dispute through mediation, to binding dispute resolution.

§ 15.2.6 Either party may file for mediation of an initial decision at any time, subject to the terms of Section 15.2.6.1.

§ 15.2.6.1 Either party may, within 30 days from the date of receipt of an initial decision, demand in writing that the other party file for mediation. If such a demand is made and the party receiving the demand fails to file for mediation within 30 days of receipt thereof, then both parties waive their rights to mediate or pursue binding dispute resolution proceedings with respect to the initial decision.

§ 15.2.7 In the event of a Claim against the Contractor, the Owner may, but is not obligated to, notify the surety, if any, of the nature and amount of the Claim. If the Claim relates to a possibility of a Contractor's default, the Owner may, but is not obligated to, notify the surety and request the surety's assistance in resolving the controversy.

§ 15.2.8 If a Claim relates to or is the subject of a mechanic's lien, the party asserting such Claim may proceed in accordance with applicable law to comply with the lien notice or filing deadlines.

§ 15.3 Mediation

§ 15.3.1 Claims, disputes, or other matters in controversy arising out of or related to the Contract, except those waived as provided for in Sections 9.10.4, 9.10.5, and 15.1.7, shall be subject to mediation as a condition precedent to binding dispute resolution.

§ 15.3.2 The parties shall endeavor to resolve their Claims by mediation. A request for mediation shall be made in writing, delivered to the other party to the Contract, and filed with the person or entity administering the mediation. The request may be made concurrently with the filing of binding dispute resolution proceedings but, in such event,

mediation shall proceed in advance of binding dispute resolution proceedings, which shall be stayed pending mediation for a period of 60 days from the date of filing, unless stayed for a longer period by agreement of the parties or court order. If an arbitration is stayed pursuant to this Section 15.3.2, the parties may nonetheless proceed to the selection of the arbitrator(s) and agree upon a schedule for later proceedings.

§ 15.3.3 Either party may, within 30 days from the date that mediation has been concluded without resolution of the dispute or 60 days after mediation has been demanded without resolution of the dispute, demand in writing that the other party file for binding dispute resolution. If such a demand is made and the party receiving the demand fails to file for binding dispute resolution within 60 days after receipt thereof, then both parties waive their rights to binding dispute resolution proceedings with respect to the initial decision.

§ 15.3.4 The parties shall share the mediator's fee and any filing fees equally. The mediation shall be held in the place where the Project is located, unless another location is mutually agreed upon. Agreements reached in mediation shall be enforceable as settlement agreements in any court having jurisdiction thereof.

The Contract Documents shall not be construed to create a contractual relationship of any kind (1) between the Contractor and ~~the Architect or the Architect's Nexus or Nexus' consultants,~~ (2) between the Owner and ~~the Construction Manager or the Construction Manager's consultants,~~ (3) between the Owner and ~~the Architect or the Architect's consultants,~~ (4) between the Contractor and ~~the Construction Manager or the Construction Manager's consultants,~~ (5) Nexus' consultants, (3) between the Contractor and Nexus or Nexus' consultants, (4) between the Owner and a Subcontractor or Sub-subcontractor (6) ~~between the Construction Manager and the Architect, or~~ (7) Sub-subcontractor, or (5) between any persons or entities other than the Owner and Contractor. ~~The Construction Manager and Architect Nexus and Nexus' Consultants shall,~~ however, be entitled to performance and enforcement of obligations under the Contract intended to facilitate performance of their duties.

§ 1.2.2 Organization of the Specifications into divisions, sections and articles, and arrangement of Drawings shall not control the Contractor in dividing the Work among Subcontractors or in establishing the extent of Work to be performed by any trade. Execution of the Contract by the Contractor is a representation that the contractor has:

- (a) visited the site and investigated the nature and location of the Work, and the general and location conditions which can affect the Work or its cost.
- (b) examined the Bidding Documents in relation to each other and to the Project site, the structure and condition of the ground, the obstacles which may be encountered, and all other conditions having bearing upon the performance of the Work, supervision of the Work, existing conditions, time of completion, cost and all other relevant matters.

- (c) carefully studied and compared the Bidding Documents with each other and has obtained clarification for all inconsistencies, errors, omissions or other conditions having a bearing upon the performance of the Work, supervision of the Work, time of completion, costs and all other relevant matters.

§ 1.2.3 Unless otherwise stated in the Contract Documents, words that have well-known technical or construction industry meanings are used in the Contract Documents in accordance with such recognized meanings. In the event of conflicts or discrepancies among the Contract Document, interpretations will be based on the following priorities;

- (a) the Agreement,
- (b) Change Order and supplementary instructions,
- (c) Addenda, with those of later date having precedence over those of earlier date,
- (d) General Conditions of the Contract for Construction,
- (e) Drawings and Specifications.

In the case of an inconsistency between Drawings and Specification or within either Document not clarified by addendum or supplementary instruction, the better quality or greater quantity of Work shall be provided in accordance with the Design Professionals interpretation.

§ 1.2.4 Wherever a provision of a Section of the Specifications conflicts with any agreements or regulations in force among members of a Trade Association, Union, or Council, which regulates or distinguishes what work shall or shall not be included in the work of any particular trade, the contractor shall make necessary arrangements to reconcile such conflicts without cost to the owner and without recourse to Nexus, or the Owner. Where the Specification has been divided into sections, it is for convenience in use. Nexus assumes no responsibility for proper placement of phases of the Work into the proper division or section or the arrangement of Work shown on the Drawings. Nexus shall not be obligated to enter into jurisdictional or other disputes as a result of the organization, arrangement or location of parts of the Work in Specifications or on Drawings, nor to serve as arbiter to establish subcontract limits. Unless otherwise specified, the scope of work of each section shall be to furnish labor, materials, equipment, skill, erection, installation, services and related items for the phase of work of that section, as required by the Drawings, as specified or as otherwise required to provide and complete the entire work of the section. Wherever a provision of a Section of the Specifications conflicts with any agreements or regulations in force among members of Trade Association, Union or Council, which regulates or distinguishes what work shall or shall not be included in the work of any particular trade, the Contractor shall make necessary arrangements to reconcile such conflicts without delay, damage or cost to the Owner and without recourse to Nexus or the Owner.

§ 1.2.5 The general character and scope of the Work is called for by the Contract Documents. Where a portion of the Work is fully drawn and the remainder is merely indicated, the portion fully drawn shall apply to all similar parts of the Work. Drawings intended primarily as information for one trade may not necessarily show the work of other trades, which shall not be construed as there being no related materials or adjacent work.

§ 1.2.6 Figured dimensions shall be followed in preference to measurement by scale. In the event of discrepancies between Drawings, between Drawings and Specifications or between Specifications, the intent shall be interpreted by Nexus, which shall be binding on the Contractor. Where a dimension may be missing, the Work shall be accomplished in accordance with the directions and dimensions provided by the Design Professional. Dimensions on Drawings, as well as detail Drawings themselves, are subject in every case to measurements of existing, adjacent, incorporated and completed work which shall be taken by the Contractor before undertaking any work dependent upon such data. Dimensions pertaining to the Work shall be verified at site by Contractor.

§ 1.2.7 The Contract Documents generally do not set forth the basis for or the analysis of design. The Contractor is obligated to obtain or ascertain the intent where it is necessary for proper execution and satisfactory completion of the Work.

§ 1.2.8 Where Specifications are of the abbreviated or "streamlined" type, they shall be construed as complete sentences, as shall notes on the drawings. Omission of words such as "the", "the Contractor shall", and "as shown on the drawings" is intentional. The words "shall" or "shall be" are to be supplied by inference. Imperative or directive

instructions, directions or specifications apply and refer to the Contractor. The words "symmetrical" and "similar" are used in the general sense and need not mean "identical".

§ 1.2.9 Where a number is specified (as for gauges, weights, temperatures, an amount of time, and similar references) and the specified number cannot be obtained, the number shall be interpreted as the next better, as available.

§ 1.2.10 Standard Specifications rules, codes, instructions, recommendations and references referred to in the Project Specifications shall be the latest edition unless a specific edition is specified. If standard specifications are revised prior to completion of any part of the work to which such revisions would pertain, the Contractor may, if approved by Nexus, perform such work in accordance with the revised specifications. Standard specifications, except as modified in the Project Specifications, shall have full force and effect as though included in the Project Specifications.

§ 1.2.11 Sections of Division 1 General Requirements govern the execution of all sections of the specifications.

§ 1.2.12 In case of conflict in or between drawings and specifications, the contractor will be deemed to have estimated on, and agreed to provide, the greater quantity or better quality of materials and work unless they shall have, before submission of bid, asked for and obtained written decision through addendum of the Design Professional as to which method or materials will be required.

Failure of the Contractor to notify the Construction Manager and the Architect Nexus of apparent discrepancies or defects prior to proceeding with the Work shall constitute an acknowledgment that the Owner's or Separate Contractor's or other Contractors' completed or partially completed construction is fit and proper to receive the Contractor's Work. The Contractor shall not be responsible for discrepancies or defects in the construction or operations by the Owner or Separate Contractors or other Contractors that are not apparent.

...

§ 7.3.1 A Construction Change Directive is a written order prepared by ~~the Construction Manager and signed by the Owner, Construction Manager and Architect,~~ Nexus, directing a change in the Work prior to agreement on adjustment, if any, in the Contract Sum or Contract Time, or both. ...

§ 7.3.4 If the Contractor does not respond promptly or disagrees with the method for adjustment in the Contract Sum, ~~the Construction Manager~~ Nexus shall determine the adjustment on the basis of reasonable expenditures and savings

of those performing the Work attributable to the change, including, in case of an increase in the Contract Sum, an amount for overhead and profit as set forth in the Agreement, or if no such amount is set forth in the Agreement, a reasonable amount. In such case, and also under Section 7.3.3.3, the Contractor shall keep and present, in such form as ~~the Construction Manager-Nexus~~ may prescribe, an itemized accounting together with appropriate supporting data. Unless otherwise provided in the Contract Documents, costs for the purposes of this Section 7.3.4 shall be limited to the following:

§ 7.3.7 ~~A Construction Change Directive signed by the Contractor indicates the Contractor's agreement therewith, including adjustment in Contract Sum and Contract Time or the method for determining them. In order to obtain a Contract Sum Adjustment for any Change Directive, Contractor must first submit a written notice to the CM stating its proposed Contract Sum adjustment and basis for adjustment. This notice must be submitted within seventy-two (72) hours of receipt of the written Change Directive and prior to commencement of the changed work. If Contractor fails to comply with these notice requirements Contractor shall be deemed to have waived its rights to dispute or contest the CM's determination as to the Change Adjustment, the CM shall include overhead, bond, insurance, field supervision and profit in accordance with the limits established by paragraph 7.3.10.. Such agreement shall be effective immediately and shall be recorded as a Change Order.~~

§ 7.3.8 The amount of credit to be allowed by the Contractor to the Owner for a deletion or change that results in a net decrease in the Contract Sum shall be actual net cost as confirmed by ~~the Construction Manager and Architect-Nexus~~. When both additions and credits covering related Work or substitutions are involved in a change, the allowance for overhead and profit shall be figured on the basis of net increase, if any, with respect to that change.

§ 7.3.9 Pending final determination of the total cost of a Construction Change Directive to the Owner, the Contractor may request payment for Work completed under the Construction Change Directive in Applications for Payment. ~~The Construction Manager and Architect-Nexus~~ will make an interim determination for purposes of monthly certification for payment for those costs and certify for payment the amount that ~~the Construction Manager and Architect-Nexus~~ determine to be reasonably justified. The interim determination of cost shall adjust the Contract Sum on the same basis as a Change Order, subject to the right of either party to disagree and assert a Claim in accordance with Article 15.

§ 7.3.10 When the Owner and Contractor agree with a determination made by ~~the Construction Manager and Architect-Nexus~~ concerning the adjustments in the Contract Sum and Contract Time, or otherwise reach agreement upon the adjustments, such agreement shall be effective immediately and ~~the Construction Manager-Nexus~~ shall prepare a Change Order. Change Orders may be issued for all or any part of a Construction Change Directive. For proposed changes in the work on the lump sum or time and material methods under Clause 7.3.3.1 and 7.3.3.4 above, the costs shall be determined as provided under this subparagraph 7.3.10. The contractor shall submit an itemized list of quantities with the applicable unit costs and extended prices for each, in such form and detail as required by Nexus.

- .1 As a minimum the detailed breakdown shall include and indicate the items enumerated below. Items (a) and (b) constitute the cost of the labor, and items (a), (b), (c), and (d) constitute the basic costs referred to under this Article 7.
 - a. Labor costs, itemized by each trade involved, showing the hourly rates for each and the hours required for the change. Labor rates shall be the same for extra and credit computations and shall be the actual rate paid workmen in accordance with the established management labor agreement.
 - b. Burden on labor, which shall be only the actual costs of mandatory fringe benefits required by established agreements, taxes on labor, worker's or workmen's compensation, insurance on labor as affected by payroll, unemployment taxes and insurance, including FICA and FUTA.
 - c. Quantities of materials, equipment and supplies, at their actual cost, with unit costs indicated.

- d. The cost of subcontract work, computed in the same way as provided for under this subparagraph 7.3.10.
 - e. Overhead, profit or commission.
 - f. Applicable sales tax on material, added after the above computations are complete.
- .2 The maximum that will be allowed for overhead and profit, or commission, shall be as follows, expressed as a percentage of the basis cost of the change. The maximum allowable percentages for profit, overhead and commission may be less, depending on the nature, extend or complexity of the change, where the percentage is not commensurate with the responsibility and administration involved, (such as the contractor merely processing a substantial change order to a subcontractor) but in no event shall they exceed the following:
- a. To the contractor and/or subcontractor for work performed with their own forces. (Overhead - 10%, Profit - 5%).
 - b. To the contractor for work performed by others than its own forces. (Commission - 5%).
- .3 Not more than three percentages for overhead, profit and commission will be allowed. The markup on any part of the work a subcontractor subcontracts will be limited to one overhead figure and one profit figure, in addition to the Contractor's commission. The subcontractor and sub-subcontractor may divide the overhead and profit amount as they agree upon.
- .4 The burden on labor may be indicated as a dollar cents addition to the hourly rate or may be expressed as a percentage of the extended hourly rate costs. If required by the owner or Nexus, the contractor shall provide a detailed breakdown to justify the labor inconsistent with other similar contracts or where the cost of fringe benefits are in excess of established labor agreements. The burden on labor shall not include any costs noted as general overhead.
- .5 Material, equipment and supply costs shall be quoted at the actual cost to the contractor, or subcontractor. Upon request, the contractor (or subcontractor) shall submit evidence to substantiate the costs. Said costs shall be quoted at trade discount prices, with quantity discounts also applied where the quantities warrant. Cash or prompt payment discounts need not be credited. In any proposal with material, equipment and supply credits, the credit shall be based on the actual contract cost of the material (including trade and quantity discount) less any charges actually incurred for handling or returning a material which has been delivered. No cancellation, restocking or similar charge will be allowed unless actually incurred by the purchaser and generally will not be allowed when the product has not been shipped.
- .6 The percentages allowed for overhead, profit or commission under clause 7.3.10.2 shall be deemed to include, and no further addition for:
- a. Field and office supervision and administration, including the superintendent/foreman;
 - b. General insurance, except that listed as labor burden;
 - c. Use or replacement of tools;
 - d. Shop burden;
 - e. Equipment rental (other than specifically required additional hoisting equipment, required excavating equipment or similar necessary solely as a result of the change);
 - f. Engineering and estimating costs;
 - g. Performance (guaranty) bond;
 - h. Cost of safety measures (including those imposed by OSHA);
 - i. Shipping, drayage and demurrage;
 - j. Parking charges;
 - k. Clean up and debris removal;
 - l. Testing;
 - m. Permits, unless a new permit type is required;
 - n. Or any other costs except those under clause 7.3.10.1.
- .7 Cost changes shall be computed by determining the basic costs enumerated under clause 7.3.10.1 (as further specified under this subparagraph) to which the overhead may be added, than the profit figure may be added and finally adding the sales tax on materials.

- .8 Subcontractors (or sub-subcontractors) shall compute their costs the same way by and are subject to the same conditions of what may be included in the cost and the same maximum percentages for overhead and profit. To the subcontractor's price, the contractor may add up to 5% commission.
- .9 For changes involving work of the contractor with its own forces and work by a subcontractor (or sub-subcontractors), the commission shall be applied directly to the subcontractor's price. With the overhead and profit figure applied only to the work the contractor performs with its own forces.
- .10 For charges involving both extra and credit amounts, the overhead and profit, or commission shall be applied only to net difference where the extra exceeds the credit.
- .11 For change resulting in a credit in the basis costs, a reasonable allowance for overhead, profit or commission may be required to be credited to the owner, as approved by Nexus. In general, no credits for overhead, profits or commission will be required where the net change credit is minor or where the change in work indicates it is reasonable that no credit be allowed to the owner due to the effort, cost or responsibility of the contractor. In the event of a substantial subcontract credits, or for work not performed by the contractor, a reasonable overhead, profit or commission credit shall be allowed to the owner.

ARTICLE 16 ADDITIONAL DEFINITION

§ 16.1 Additional Definitions

§ 15.4.1.1 ~~A demand for arbitration shall be made no earlier than concurrently with the filing of a request for mediation, but in no event shall it be made after the date when the institution of legal or equitable proceedings based on~~

the Claim would be barred by the applicable statute of limitations. For statute of limitations purposes, receipt of a written demand for arbitration by the person or entity administering the arbitration shall constitute the institution of legal or equitable proceedings based on the Claim.

§ 16.1.1 Reviewed, accepted, approved, satisfactory, equal to, proper, as directed and similar terms: These shall mean the decision rests with Design Professional, whose decision shall be final and binding upon the Contractor and Subcontractors.

§ 15.4.2 The award rendered by the arbitrator or arbitrators shall be final, and judgment may be entered upon it in accordance with applicable law in any court having jurisdiction thereof.

§ 16.1.1 Project, Work, Job: In the technical sections or on the drawings, these terms may be used interchangeably and are synonymous. They shall mean the facility, construction and/or improvement within the intent and scope of the Contract Documents. The terms shall mean the entire facility, or separable parts as appropriate to the use of the term, including that under subcontract where applicable, and includes labor, materials, equipment, services and skill.

§ 16.1.1 Notice to Proceed: This shall mean verbal or written notice by the Owner or Nexus to the Contractor to commence Work of the Contract, issued either before or after execution of the Contract. If verbally given, and the Contractor requests, the notice shall be confirmed in writing. In issuing the Notice, stipulations may be included as to time and other requirements that may condition commencement of the Work.

§ 15.4.3 The foregoing agreement to arbitrate and other agreements to arbitrate with an additional person or entity duly consented to by parties to the Agreement, shall be specifically enforceable under applicable law in any court having jurisdiction thereof.

§ 16.2 Use of Drawings and Specifications

§ 15.4.4 Consolidation or Joinder

§ 16.2.1 During construction, the Contractor shall examine and use all Specifications and Drawings for the Project, including those that may primarily pertain to other work the Contractor normally does not perform with his own forces. The Contractor shall use all of the Project Drawings and Specifications: for a complete understanding of the Project and the Work; to determine the type of construction and systems; for coordination; to determine what other work may be involved in various parts or phases; to anticipate and notify others when work will be required; and all other relevant matters related to the Project. The Contractor shall also be bound by all the requirements to complete his Work, that are applicable to, pertain to, or affect the Work, as may be shown or inferred by the entire set of Drawings and Specifications.

§ 16.3 Periodic Payment Estimate

§ 15.4.4.1 Subject to the rules of the American Arbitration Association or other applicable arbitration rules, either party may consolidate an arbitration conducted under this Agreement with any other arbitration to which it is a party provided that (1) the arbitration agreement governing the other arbitration permits consolidation, (2) the arbitrations to be consolidated substantially involve common questions of law or fact, and (3) the arbitrations employ materially similar procedural rules and methods for selecting arbitrator(s).

§ 16.3.1 When required by the Owner to establish a schedule of money available to make payment of periodic Applications for Payment, the Contractor shall provide an estimate, by months, of the anticipated amounts for each periodic payment. The retained percentage shall be considered in the estimate schedule, as well as anticipated job progress and materials delivery. The schedule will be deemed an estimate only, for financial planning purposes, and the Contractor shall not be bound to conform to the schedule. The schedule may be required by the Contract Documents or requested by the Owner after Contract execution.

§ 16.4 Layout of the Work

§ 16.4.1 The Contractor shall employ a qualified engineer or registered surveyor to stake out and locate the construction, locate property markers and other points as needed to properly locate the Work under this Contract, locate all significant corners of each unit, roads and parking areas, locate pertinent features of the site and establish necessary references and bench marks, all of which the Contractor shall preserve.

§ 15.4.4.2 Subject to the rules of the American Arbitration Association or other applicable arbitration rules, either party may include by joinder persons or entities substantially involved in a common question of law or fact whose presence is required if complete relief is to be accorded in arbitration, provided that the party sought to be joined consents in writing to such joinder. Consent to arbitration involving an additional person or entity shall not constitute consent to arbitration of any claim, dispute or other matter in question not described in the written consent.

§ 16.4.2 The Contractor shall recognize that the drawings necessarily are diagrammatic, in many instances. All work and in particular, exposed piping, ducts, conduit and similar items shall be neatly and carefully laid out to provide the most useful space utilization and the most orderly appearance. Except as otherwise indicated or directed, piping and similar work shall be installed as close to ceilings and walls as conditions permit, located to prevent interference with other work or with the use of the spaces in the manner required by the functions of the room and the Owner. Valves shall be located in inconspicuous but accessible places. Before proceeding with any work, particularly where exposed, the Contractor shall carefully plan the layout and review it with Nexus for acceptability of location

§ 16.4.3 The Contractor shall verify grades, lines, levels and dimensions shown on drawings and report any errors or inconsistencies to Nexus for decision before commencing work. The Contractor and Subcontractor shall be responsible for the correct location, dimensions and elevations of his Work. As the Work progresses, the Contractor shall be responsible for the layout of the exact location of all partitions and similar features, as guide to all trades.

§ 16.5 General Quality of Work, Installation and Operation

§ 16.5.1 All of the Work shall be strictly first quality, in materials, erection, installation and workmanship.

§ 16.5.2 The Contractor shall request interpretations from The Design Professionals through Nexus for the following: Work indicated on the Drawings or specified in such a manner as to make it impossible to produce Work of the highest quality within the space shown; possibilities of damaging effects of expansion and contraction; discrepancies found between Drawings or between Drawings and Specifications. If the Contractor does not request such interpretation, no excuse will be entertained thereafter for failure to carry out and guarantee the Work in a satisfactory manner. Elements of the Work intended to protect against the weather shall be guaranteed weatherproof and watertight.

§ 16.5.3 Proper performance of the Contract shall imply correct and proper placement, proper or published results for products and equipment, fitting and operation of fixed or movable and operating parts of the Work, including doors, windows, hardware and all systems and equipment. Materials and equipment shall be complete in every respect, with parts, connections, anchors, devices, backing, fittings and other necessary items, and shall be completely installed, anchored, fitted and placed in operating condition. Before buying, constructing or installing work, the Contractor shall notify Nexus of conditions which exist in the Contract Documents which will adversely affect proper operation or first quality installation.

§ 16.5.4 Throughout Project, accommodate various materials and pieces of equipment that are fitted to other materials and equipment and various materials that are applied to which other materials attach. Take all reasonable precautions to ensure materials, devices, items, equipment or other products can be satisfactorily applied or installed to each other or work of others and make necessary adjustments during preparation of shop drawings or in advance of field or shop work to accommodate other work.

§ 16.5.5 Materials or equipment shall be installed or applied according to directions of the manufacturer or recommendations of an association dealing primarily with materials, unless specifically designated otherwise. In no case shall installation, including any temporary work necessary (e.g. shoring), be below standard recommended by manufacturer. Where specified requirements exceed the manufacturer's standards, the specification shall govern. Fabrication (including reinforcing and accessories) and installation shall be provided to ensure proper placement and use of the item or material under the location, use, condition and available space to serve intended function and to meet code requirements. Equipment and devices shall be provided and installed to "fail safe" under normal operating conditions and it shall be Contractor's obligation to provide and install work in such manner.

§ 16.6 General Fire Safety

§ 16.6.1 The Contractor shall exercise extreme care to maintain and exercise adequate fire safety precautions throughout construction. This shall include providing sufficient devices, watchmen, standby helpers or other precautions during construction, in use of temporary heat, welding, brazing, sweating, testing or other phases or work. Welding, brazing, cutting and sweating operations performed in vicinity of, or accessible to, combustible materials

shall be adequately protected to make certain that sparks or hot slag do not reach the combustible materials and start a fire. Glass and glazed material shall be masked from splatter. When necessary to do cutting, welding, brazing, sweating, in vicinity of wood, or combustible material (and the combustible material cannot be removed), the materials shall be adequately protected with fireproof coverings. In addition, a helper shall be stationed nearby with proper fire extinguishers to guard against sparks and fire.

§ 16.6.2 Whenever combustible materials have been exposed to sparks, molten metal, hot slag or splatter, a person shall be kept at the place of work for at least two hours after completion to make sure that smoldering fires have not been started. Whenever cutting or welding operations are carried on in a vertical pipe shaft, a man to act as a fire guard shall be employed to examine floors below the point of cutting or welding. This fire guard shall be kept on duty at least two hours after completion or work to guard against fires and he shall examine each level after this time, prior to leaving.

~~§ 15.4.4.3 The Owner and Contractor grant to any person or entity made a party to an arbitration conducted under this Section 15.4, whether by joinder or consolidation, the same rights of joinder and consolidation as those of the Owner and Contractor under this Agreement.~~

§ 3.6 Construction Phase Services

§ 3.6.1 General

§ 3.6.1.1 Nexus shall provide administration of the Contract between the Owner and the Contractor as set forth below and in AIA Document A232™–2009, General Conditions of the Contract for Construction.

§ 3.6.1.2 Nexus shall advise and consult with the Owner during the Construction Phase Services. Nexus shall have authority to act on behalf of the Owner only to the extent provided in this Agreement. Nexus shall not have control over, charge of, or responsibility for the construction means, methods, techniques, sequences or procedures, or for safety precautions and programs in connection with the Work, nor shall Nexus be responsible for the Contractor's failure to perform the Work in accordance with the requirements of the Contract Documents. Nexus shall be responsible for Nexus' negligent acts or omissions, but shall not have control over or charge of, and shall not be responsible for, acts or omissions of the Contractor or of any other persons or entities performing portions of the Work.

§ 3.6.1.3 Subject to Section 4.2 and except as provided in Section 3.6.6.5, Nexus' responsibility to provide Construction Phase Services commences with the award of the Contract for Construction and terminates on the date Nexus issues the final Certificate for Payment.

§ 3.6.2 Evaluations of the Work

§ 3.6.2.1 Nexus shall visit the site at intervals appropriate to the stage of construction, or as otherwise required in Section 4.2.3, to become generally familiar with the progress and quality of the portion of the Work completed, and to determine, in general, if the Work observed is being performed in a manner indicating that the Work, when fully completed, will be in accordance with the Contract Documents. As a part of its construction management services, Nexus will have a full time superintendent on site. However, Nexus shall not be required to make exhaustive or continuous on-site inspections to check the quality or quantity of the Work. On the basis of the site visits, Nexus shall keep the Owner reasonably informed about the progress and quality of the portion of the Work completed, and promptly report to the Owner (1) known deviations from the Contract Documents, (2) known deviations from the most recent construction schedule submitted by the Contractor, and (3) defects and deficiencies observed in the Work.

§ 3.6.2.2 Nexus shall reject Work that does not conform to the Contract Documents, unless otherwise approved in writing by the Owner. Whenever Nexus considers it necessary or advisable, Nexus shall have the authority to require inspection or testing of the Work in accordance with the provisions of the Contract Documents, whether or not the Work is fabricated, installed or completed. However, neither this authority of Nexus nor a decision made in good faith either to exercise or not to exercise such authority shall give rise to a duty or responsibility of Nexus to the Contractor, Subcontractors, suppliers, their agents or employees, or other persons or entities performing portions of the Work.

§ 3.6.2.3 Nexus shall interpret and decide matters concerning performance under, and requirements of, the Contract Documents on written request of either the Owner or Contractor. Nexus' response to such requests shall be made in writing within any time limits agreed upon or otherwise with reasonable promptness.

§ 3.6.2.4 Interpretations and decisions of Nexus shall be consistent with the intent of, and reasonably inferable from, the Contract Documents and shall be in writing or in the form of drawings. When making such interpretations and decisions, Nexus shall endeavor to secure faithful performance by both Owner and Contractor, shall not show partiality to either, and shall not be liable for results of interpretations or decisions rendered in good faith. Nexus' decisions on matters relating to aesthetic effect shall be final if consistent with the intent expressed in the Contract Documents.

§ 3.6.2.5 Unless the Owner and Contractor designate another person to serve as an Initial Decision Maker, as that term is defined in AIA Document A232–2009, Nexus shall render initial decisions on Claims between the Owner and Contractor as provided in the Contract Documents.

§ 3.6.3 Certificates for Payment to Contractor

§ 3.6.3.1 Nexus shall review and certify the amounts due the Contractor and shall issue certificates in such amounts. Nexus' certification for payment shall constitute a representation to the Owner, based on Nexus' evaluation of the Work as provided in Section 3.6.2 and on the data comprising the Contractor's Application for Payment, that, to the best of Nexus' knowledge, information and belief, the Work has progressed to the point indicated, the quality of the Work is in accordance with the Contract Documents, and that the Contractor is entitled to payment in the amount certified. The foregoing representations are subject to (1) an evaluation of the Work for conformance with the Contract Documents upon Substantial Completion, (2) results of subsequent tests and inspections, (3) correction of minor deviations from the Contract Documents prior to completion, and (4) specific qualifications expressed by Nexus.

§ 3.6.3.2 The issuance of a Certificate for Payment shall not be a representation that Nexus has (1) made exhaustive or continuous on-site inspections to check the quality or quantity of the Work, (2) reviewed construction means, methods, techniques, sequences or procedures, (3) reviewed copies of requisitions received from Subcontractors and suppliers and other data requested by the Owner to substantiate the Contractor's right to payment, or (4) ascertained how or for what purpose the Contractor has used money previously paid on account of the Contract Sum.

§ 3.6.3.3 Nexus shall maintain a record of the Applications and Certificates for Payment.

§ 3.6.4 Submittals

§ 3.6.4.1 Nexus shall review the Contractor's submittal schedule and shall not unreasonably delay or withhold approval of the schedule. Nexus' action in reviewing submittals shall be taken in accordance with the approved submittal schedule or, in the absence of an approved submittal schedule, with reasonable promptness while allowing sufficient time, in Nexus' professional judgment, to permit adequate review.

§ 3.6.4.2 Nexus shall review and approve, or take other appropriate action upon, the Contractor's submittals such as Shop Drawings, Product Data and Samples, but only for the limited purpose of checking for conformance with information given and the design concept expressed in the Contract Documents. Review of such submittals is not for the purpose of determining the accuracy and completeness of other information such as dimensions, quantities, and installation or performance of equipment or systems, which are the Contractor's responsibility. Nexus' review shall not constitute approval of safety precautions or construction means, methods, techniques, sequences or procedures. Nexus' approval of a specific item shall not indicate approval of an assembly of which the item is a component.

§ 3.6.4.3 If the Contract Documents specifically require the Contractor to provide professional design services or certifications by a design professional related to systems, materials, or equipment, Nexus shall specify the appropriate performance and design criteria that such services must satisfy. Nexus shall review and take appropriate action on Shop Drawings and other submittals related to the Work designed or certified by the Contractor's design professional, provided the submittals bear such professional's seal and signature when submitted to Nexus. Nexus' review shall be for the limited purpose of checking for conformance with information given and the design concept expressed in the Contract Documents. Nexus shall be entitled to rely upon, and shall not be responsible for, the adequacy and accuracy of the services, certifications, and approvals performed or provided by such design professionals.

§ 3.6.4.4 Subject to Section 4.2, Nexus shall review and respond to requests for information about the Contract Documents. Nexus shall set forth, in the Contract Documents, the requirements for requests for information. Requests for information shall include, at a minimum, a detailed written statement that indicates the specific Drawings or Specifications in need of clarification and the nature of the clarification requested. Nexus' response to such requests shall be made in writing within any time limits agreed upon, or otherwise with reasonable promptness. If appropriate, Nexus shall prepare and issue supplemental Drawings and Specifications in response to the requests for information.

§ 3.6.4.5 Nexus shall maintain a record of submittals and copies of submittals supplied by the Contractor in accordance with the requirements of the Contract Documents.

§ 3.6.5 Changes in the Work

§ 3.6.5.1 Nexus may order minor changes in the Work that are consistent with the intent of the Contract Documents and do not involve an adjustment in the Contract Sum or an extension of the Contract Time. Subject to Section 4.2, Nexus shall prepare Change Orders and Construction Change Directives for the Owner's approval and execution in accordance with the Contract Documents.

§ 3.6.5.2 Nexus shall maintain records relative to changes in the Work.

§ 3.6.6 Project Completion

§ 3.6.6.1 Nexus shall:

- .1 conduct inspections to determine the date or dates of Substantial Completion and the date of final completion;
- .2 issue Certificates of Substantial Completion;
- .3 forward to the Owner, for the Owner's review and records, written warranties and related documents required by the Contract Documents and received from the Contractor; and,
- .4 issue a final Certificate for Payment based upon a final inspection indicating that, to the best of Nexus' knowledge, information, and belief, the Work complies with the requirements of the Contract Documents.

§ 3.6.6.2 Nexus' inspections shall be conducted with the Owner to check conformance of the Work with the requirements of the Contract Documents and to verify the accuracy and completeness of the list submitted by the Contractor of Work to be completed or corrected.

§ 3.6.6.3 When Substantial Completion has been achieved, Nexus shall inform the Owner about the balance of the Contract Sum remaining to be paid the Contractor, including the amount to be retained from the Contract Sum, if any, for final completion or correction of the Work.

§ 3.6.6.4 Nexus shall forward to the Owner the following information received from the Contractor: (1) consent of surety or sureties, if any, to reduction in or partial release of retainage or the making of final payment; (2) affidavits, receipts, releases and waivers of liens, or bonds indemnifying the Owner against liens; and (3) any other documentation required of the Contractor under the Contract Documents.

§ 3.6.6.5 Upon request of the Owner, and prior to the expiration of one year from the date of Substantial Completion, Nexus shall, without additional compensation, conduct a meeting with the Owner to review the facility operations and performance.

§ 3.6.7 COMMISSIONING SERVICES

§ 3.6.7.1 Nexus, with the Owner's assistance, shall oversee the close-out of the Project, as well as the commencement and final reporting and response action determined by the commissioning services for each Project where commissioning is required pursuant to applicable law.

§ 3.6.7.2 Nexus shall coordinate and complete all testing and reporting required by applicable law. Nexus shall consult with Owner on post-construction issues until the Project is turned over to Owner.

§ 5.7 The Owner shall provide Nexus all Record Drawings, as-built drawings, or construction drawings of the existing facility within the Owner's possession custody and control.

§ 5.8 The Owner shall coordinate the services of its own consultants with those services provided by Nexus. Upon Nexus' request, the Owner shall furnish copies of the scope of services in the contracts between the Owner and the Owner's consultants. The Owner shall furnish the services of consultants other than those designated as the responsibility of Nexus in this Agreement, or authorize Nexus to furnish them as an Additional Service, when Nexus requests such services and demonstrates that they are reasonably required by the scope of the Project. The Owner shall require that its consultants and contractors maintain insurance, including professional liability insurance, as appropriate to the services or work provided.

§ 6.1 For purposes of this Agreement, the Cost of the Work shall be the total estimated cost to the Owner to construct all elements of the Project designed or specified by Nexus and shall include contractors' general conditions costs, overhead and profit. The Cost of the Work also includes the reasonable value of labor, materials, and equipment, donated to, or otherwise furnished by, the Owner. In addition, a reasonable allowance for contingencies shall be included for market conditions at the time of bidding and for changes in the Work. If there is a construction manager, the Cost of Work shall also include the costs of management or supervision of construction or installation provided by the construction manager.

The Cost of Work does not include the compensation of Nexus under this Agreement, but does include Nexus' compensation under the Construction Management Agreement. The Cost of the Work also does not include, the costs of the land, rights-of-way or financing.

For the purpose of calculating Program Management fees, the Cost of Work shall include the entire project budget, which includes but is not limited to, the Cost of Work as described above, plus compensation for architectural, engineering, commissioning, and construction management services, plus other costs that are the responsibility of the Owner.

§ 6.2 The Owner's budget for the Cost of the Work is provided in Initial Information, and shall be adjusted throughout the Project as required under Sections 5.2, 6.4 and 6.5. Evaluations of the Owner's budget for the Cost of the Work, and the preliminary estimate of the Cost of the Work and updated estimates of the Cost of the Work, prepared by Nexus, represent Nexus' judgment as a design professional. It is recognized, however, that neither Nexus nor the Owner has control over the cost of labor, materials, or equipment; the Contractor's methods of determining bid prices; or competitive bidding, market, or negotiating conditions. Accordingly, Nexus cannot and does not warrant or represent that bids or negotiated prices will not vary from the Owner's budget for the Cost of the Work, or from any estimate of the Cost of the Work, or evaluation, prepared or agreed to by Nexus.

§ 6.3 In preparing estimates of the Cost of Work, Nexus shall be permitted to include contingencies for design, bidding, and price escalation; to determine what materials, equipment, component systems, and types of construction are to be included in the Contract Documents; to recommend reasonable adjustments in the program and scope of the Project; and to include design alternates as may be necessary to adjust the estimated Cost of the Work to meet the Owner's budget. Nexus' estimate of the Cost of the Work shall be based on current area, volume or similar conceptual estimating techniques. If the Owner requires a detailed estimate of the Cost of the Work, Nexus shall provide such an estimate, Nexus shall provide such an estimate as part of the Basic Services.

§ 6.4 If, through no fault of Nexus, the Procurement Phase has not commenced within 90 days after Nexus submits the Construction Documents to the Owner, the Owner's budget for the Cost of the Work shall be adjusted to reflect changes in the general level of prices in the applicable construction market.

§ 6.5 If at any time Nexus' estimate of the Cost of the Work exceeds the Owner's budget for the Cost of the Work, Nexus shall make appropriate recommendations to the Owner to adjust the Project's size, quality, or budget for the Cost of the Work, and the Owner shall cooperate with Nexus in making such adjustments.

§ 6.6 If the Owner's budget for the Cost of the Work at the conclusion of the Construction Documents Phase Services is exceeded by the lowest bona fide bid or negotiated proposal, the Owner shall

- .1 give written approval of an increase in the budget for the Cost of the Work;
- .2 authorize rebidding or renegotiating of the Project within a reasonable time;
- .3 terminate in accordance with Section 9.5;
- .4 in consultation with Nexus, revise the Project program, scope, or quality as required to reduce the Cost of the Work; or,
- .5 implement any other mutually acceptable alternative.

§ 6.7 If the Owner chooses to proceed under Section 6.6.4, Nexus shall modify the Construction Documents as necessary to comply with the Owner's budget for the Cost of the Work at the conclusion of the Construction Documents Phase Services, or the budget as adjusted under Section 6.6.1. If the Owner requires Nexus to modify the Construction Documents because the lowest bona fide bid or negotiated proposal exceeds the Owner's budget for the Cost of the Work due to market conditions Nexus could not reasonably anticipate, the Owner shall compensate Nexus for the modifications as an Additional Service pursuant to Section 11.3; otherwise Nexus' services for modifying the Construction Documents shall be without additional compensation. In any event, Nexus' modification of the Construction Documents shall be the limit of Nexus' responsibility under this Article 6.

ARTICLE 7 COPYRIGHTS AND LICENSES

§ 7.1 Nexus and the Owner warrant that in transmitting Instruments of Service, or any other information, the transmitting party is the copyright owner of such information or has permission from the copyright owner to transmit such information for its use on the Project.

§ 7.2 Nexus and Nexus' consultants shall be deemed the authors and owners of their respective Instruments of Service, including the Drawings and Specifications, and shall retain all common law, statutory and other reserved rights, including copyrights. Submission or distribution of Instruments of Service to meet official regulatory requirements or for similar purposes in connection with the Project is not to be construed as publication in derogation of the reserved rights of Nexus and Nexus' consultants.

§ 7.3 Nexus grants to the Owner a nonexclusive license to use Nexus' Instruments of Service solely and exclusively for purposes of constructing, using, maintaining, altering and adding to the Project, provided that the Owner substantially performs its obligations under this Agreement, including prompt payment of all sums due pursuant to Article 9 and Article 11. Nexus shall obtain similar nonexclusive licenses from Nexus' consultants consistent with this Agreement. The license granted under this section permits the Owner to authorize the Contractor, Subcontractors, Sub-subcontractors, and suppliers, as well as the Owner's consultants and separate contractors, to reproduce applicable portions of the Instruments of Service, subject to any protocols established pursuant to Section 1.3, solely and exclusively for use in performing services or construction for the Project. If Nexus rightfully terminates this Agreement for cause as provided in Section 9.4, the license granted in this Section 7.3 shall terminate.

§ 7.3.1 In the event the Owner uses the Instruments of Service without retaining the authors of the Instruments of Service, the Owner releases Nexus and Nexus' consultant(s) from all claims and causes of action arising from such uses. The Owner, to the extent permitted by law, further agrees to indemnify and hold harmless Nexus and its consultants from all costs and expenses, including the cost of defense, related to claims and causes of action asserted by any third person or entity to the extent such costs and expenses arise from the Owner's use of the Instruments of Service under this Section 7.3.1. The terms of this Section 7.3.1 shall not apply if the Owner rightfully terminates this Agreement for cause under Section 9.4.

§ 7.4 Except for the licenses granted in this Article 7, no other license or right shall be deemed granted or implied under this Agreement. The Owner shall not assign, delegate, sublicense, pledge or otherwise transfer any license granted herein to another party without the prior written agreement of Nexus. Any unauthorized use of the Instruments of Service shall be at the Owner's sole risk and without liability to Nexus and Nexus' consultants.

§ 7.5 Except as otherwise stated in Section 7.3, the provisions of this Article 7 shall survive the termination of this Agreement.

ARTICLE 8 CLAIMS AND DISPUTES

§ 8.1 General

§ 8.1.1 To the extent damages are covered by property insurance, the Owner and Nexus waive all rights against each other and against the contractors, consultants, agents, and employees of the other for damages, except such rights as they may have to the proceeds of such insurance as set forth in AIA Document A232-2009, General Conditions of the Contract for Construction. The Owner or Nexus, as appropriate, shall require of the contractors, consultants, agents, and employees of any of them, similar waivers in favor of the other parties enumerated herein.

(Paragraph deleted)

§ 8.1.3 To the extent allowable by Minnesota law, Nexus and the Owner each agree to indemnify the other party and its respective officers, agents, directors and employees from third party claims, demands, actions, liabilities, expenses or suits for bodily injury, including death or tangible property damage to the extent resulting from the intentional misconduct or any negligent act by its employees or agents. Owner expressly agrees Nexus shall be responsible only for such injury or damage to the extent it is caused by the intentional misconduct or negligent act or omission of Nexus' employees or agents and Nexus shall not be responsible for any injury or damage to the extent caused, or contributed to, in any manner by Owner or any third party.

§8.1.4 HAZARDOUS MATERIALS

§8.1.4.1 **Asbestos Containing Materials** – Neither Party desires to or is licensed to undertake direct obligations relating to the identification, abatement, cleanup, control, removal or disposal of asbestos-containing materials ("ACM"). Consistent with applicable laws, Owner shall supply Nexus with any information in its possession relating to the presence of ACM in areas where Nexus undertakes any work that may result in the disturbance of ACM. It is Nexus' policy to seek certification for facilities constructed prior to 1982 that no ACM is present, and Owner shall provide such certification for buildings it owns, or aid Nexus in receiving such certification from facility owners in the case of buildings that it does not own, if Nexus will undertake any work in the facility that would disturb ACM. If either Owner or Nexus becomes aware of or suspects the presence of ACM that may be disturbed by Nexus' work, it shall immediately stop the work in the affected area and notify the other contacts. If ACM is identified in the information provided by the Owner to Nexus, and the Program work will disturb or require abatement of any ACM, the Owner shall be responsible at its sole expense for addressing abatement of such ACM. Except where Nexus provides environmental services pursuant to this Agreement, Nexus shall have no obligation to monitor, verify or otherwise warrant that such abatement work has been completed.

§8.1.4.2 **Other Hazardous Materials** – Nexus shall have no obligations relating to the identification, abatement, cleanup, control, removal or disposal of mold, regardless of the cause of the mold. Nexus shall be responsible for removing or disposing of any Hazardous Materials that it uses in providing any work ("Nexus Hazardous Material") and, other than mold, for the remediation of any areas impacted by the release of Nexus Hazardous Materials. For other Hazardous Materials that may be otherwise present at its facilities ("Non-Nexus Hazardous Materials"), Owner shall supply Nexus with any information in its possession relating to the presence of such materials if their presence may affect Nexus' performance of any work. If either Owner or Nexus becomes aware of or suspects the presence of Non-Nexus Hazardous Materials that may interfere with Nexus' work, it shall immediately stop the work in the affected area and notify the other's contacts. As between Owner and Nexus, Owner shall be responsible for removing and disposing of mold and Non-Nexus Hazardous Materials from its facilities and the remediation of any areas impacted by mold or the release of the Non-Nexus Hazardous Materials.

§8.1.4.3 **Environmental Indemnity** – To the fullest extent permitted by Law, Owner shall indemnify and hold harmless Nexus and Nexus' subcontractors, and their respective directors, officers, employees, agents, representatives, shareholders, affiliates, and assigns and successors, from and against any and all losses, costs, damages, expenses

(including reasonable legal fees and defense costs), claims, causes of action or liability, directly or indirectly, relating to or arising from the Owner's use, or the storage, release, discharge, handling or presence of ACM, mold (actual or alleged and regardless of the cause of such condition) or Non-Nexus Hazardous Materials on, under or about the facilities, or Owner's failure to comply with this Section 10.

§8.1.5 FORCE MAJEURE – Neither party shall be responsible to the other for damages, loss, injury or delay caused by conditions beyond its reasonable control, and without the intentional misconduct or negligence of that Party ("Uncontrollable Events"). Uncontrollable Events include, but are not limited to: (a) acts of God; (b) acts of Government agencies; (c) strikes and/or labor disputes; (d) fire; (e) explosions or other casualties; (f) thefts; (g) vandalism; (h) terrorism, riots or war; (i) unavailability of parts, materials or supplies; (j) change in law, including the promulgation, modification or repeal of any law or the imposition of any material condition on the issuance or renewal of any permit which (A) occurs after the Effective Date, (B) establishes new laws or requires any new or existing permits, or modifies any law or permit requirement for the Program existing as of the Effective Date, or (C) materially and adversely affects the cost or expense of the Work to Nexus; or (k) lawsuits from parties seeking to enjoin the Owner, Nexus or both from performing in accordance with the Agreement.

§8.1.6 DELAYS – If either party is delayed in the commencement or completion of these services by causes beyond its control and without its fault or negligence, including but not limited to Uncontrollable Events, or by failure of the other Party to perform its obligations under this Agreement and Schedules or failure by the other Party to cooperate in the timely completion of the services, then the delayed Party shall provide written notice to the other Party of the existence, extent of, and reason for such delays. An equitable adjustment in completion dates shall be made as a result.

§ 8.2 Mediation

§ 8.2.1 Any claim, dispute or other matter in question arising out of or related to this Agreement shall be subject to mediation as a condition precedent to binding dispute resolution. If such matter relates to or is the subject of a lien arising out of Nexus' services, Nexus may proceed in accordance with applicable law to comply with the lien notice or filing deadlines prior to resolution of the matter by mediation or by binding dispute resolution.

§ 8.2.2 The Owner and Nexus shall endeavor to resolve claims, disputes and other matters in question between them by mediation. A request for mediation shall be made in writing, delivered to the other party to this Agreement, and filed with the person or entity administering the mediation. The request may be made concurrently with the filing of a complaint or other appropriate demand for binding dispute resolution but, in such event, mediation shall proceed in advance of binding dispute resolution proceedings, which shall be stayed pending mediation for a period of 60 days from the date of filing, unless stayed for a longer period by agreement of the parties or court order. If an arbitration proceeding is stayed pursuant to this section, the parties may nonetheless proceed to the selection of the arbitrator(s) and agree upon a schedule for later proceedings.

§ 8.2.3 The parties shall share the mediator's fee and any filing fees equally. The mediation shall be held in the place where the Project is located, unless another location is mutually agreed upon. Agreements reached in mediation shall be enforceable as settlement agreements in any court having jurisdiction thereof.

§ 8.2.4 If the parties do not resolve a dispute through mediation pursuant to this Section 8.2, the method of binding dispute resolution shall be the following:

(Check the appropriate box.)

☐ Arbitration pursuant to Section 8.3 of this Agreement

☒ Litigation in a court of competent jurisdiction

☐ Other: *(Specify)*

If the Owner and Nexus do not select a method of binding dispute resolution, or do not subsequently agree in writing to a binding dispute resolution method other than litigation, the dispute will be resolved in a court of competent jurisdiction.

§ 8.3 The provisions of this Article 8 shall survive the termination of this Agreement.

(Paragraphs deleted)

ARTICLE 9 TERMINATION OR SUSPENSION

§ 9.1 If the Owner fails to make payments to Nexus in accordance with this Agreement, such failure shall be considered substantial nonperformance and cause for termination or, at Nexus' option, cause for suspension of performance of services under this Agreement. If Nexus elects to suspend services, Nexus shall give seven days' written notice to the Owner before suspending services. In the event of a suspension of services, Nexus shall have no liability to the Owner for delay or damage caused the Owner because of such suspension of services. Before resuming services, the Owner shall pay Nexus all sums due prior to suspension and any expenses incurred in the interruption and resumption of Nexus' services. Nexus' fees for the remaining services and the time schedules shall be equitably adjusted.

§ 9.2 If the Owner suspends the Project, Nexus shall be compensated for services performed prior to notice of such suspension. When the Project is resumed, Nexus shall be compensated for expenses incurred in the interruption and resumption of Nexus' services. Nexus' fees for the remaining services and the time schedules shall be equitably adjusted.

§ 9.3 If the Owner suspends the Project for more than 90 cumulative days for reasons other than the fault of Nexus, Nexus may terminate this Agreement by giving not less than seven days' written notice.

§ 9.4 Either party may terminate this Agreement upon not less than seven days' written notice should the other party fail substantially to perform in accordance with the terms of this Agreement through no fault of the party initiating the termination.

§ 9.5 The Owner may terminate this Agreement upon not less than seven days' written notice to Nexus for the Owner's convenience and without cause.

§ 9.6 If the Owner terminates this Agreement for its convenience pursuant to Section 9.5, or Nexus terminates this Agreement pursuant to Section 9.3, the Owner shall compensate Nexus for services performed prior to termination, Reimbursable Expenses incurred, and costs attributable to termination, including the costs attributable to Nexus' termination of consultant agreements.

§ 9.7 In addition to any amounts paid under Section 9.6, if the Owner terminates this Agreement for its convenience pursuant to Section 9.5, or Nexus terminates this Agreement pursuant to Section 9.3, the Owner shall pay to Nexus the following fees:

(Set forth below the amount of any termination or licensing fee, or the method for determining any termination or licensing fee.)

.1 Termination Fee:

Reasonable expenses incurred by Nexus as a result of the termination

.2 Licensing Fee if the Owner intends to continue using Nexus' Instruments of Service:

15% of Remaining fees on the Project

§ 9.8 Except as otherwise expressly provided herein, this Agreement shall terminate one year from the date of Substantial Completion.

§ 9.9 The Owner's rights to use Nexus' Instruments of Service in the event of a termination of this Agreement are set forth in Article 7 and Section 9.7.

ARTICLE 10 MISCELLANEOUS PROVISIONS

§ 10.1 This Agreement shall be governed by the law of the place where the Project is located, excluding that jurisdiction's choice of law rules. If the parties have selected arbitration as the method of binding dispute resolution, the Federal Arbitration Act shall govern Section 8.3.

§ 10.2 Terms in this Agreement shall have the same meaning as those in AIA Document A232–2009, General Conditions of the Contract for Construction.

§ 10.3 The Owner and Nexus, respectively, bind themselves, their agents, successors, assigns, and legal representatives to this Agreement. Neither the Owner nor Nexus shall assign this Agreement without the written consent of the other, except that the Owner may assign this Agreement to a lender providing financing for the Project if the lender agrees to assume the Owner's rights and obligations under this Agreement, including any payments due to Nexus by the Owner prior to the assignment.

§ 10.4 If the Owner requests Nexus to execute certificates, the proposed language of such certificates shall be submitted to Nexus for review at least 14 days prior to the requested dates of execution. If the Owner requests Nexus to execute consents reasonably required to facilitate assignment to a lender, Nexus shall execute all such consents that are consistent with this Agreement, provided the proposed consent is submitted to Nexus for review at least 14 days prior to execution. Nexus shall not be required to execute certificates or consents that would require knowledge, services, or responsibilities beyond the scope of this Agreement.

§ 10.5 Nothing contained in this Agreement shall create a contractual relationship with, or a cause of action in favor of, a third party against either the Owner or Nexus.

§ 10.6 Unless otherwise required in this Agreement, Nexus shall have no responsibility for the discovery, presence, handling, removal or disposal of, or exposure of persons to, hazardous materials or toxic substances in any form at the Project site.

§ 10.7 Nexus shall have the right to include photographic or artistic representations of the design of the Project among Nexus' promotional and professional materials. Nexus shall be given reasonable access to the completed Project to make such representations. However, Nexus' materials shall not include the Owner's confidential or proprietary information if the Owner has previously advised Nexus in writing of the specific information considered by the Owner to be confidential or proprietary. The Owner shall provide professional credit for Nexus in the Owner's promotional materials for the Project. This Section 10.7 shall survive the termination of this Agreement unless the Owner terminates this Agreement for cause pursuant to Section 9.4.

§ 10.8 If Nexus or Owner receives information specifically designated as "confidential" or "business proprietary," the receiving party shall keep such information strictly confidential and shall not disclose it to any other person except as set forth in Section 10.8.1. This Section 10.8 shall survive the termination of this Agreement.

§ 10.8.1 The receiving party may disclose "confidential" or "business proprietary" information after 7 days' notice to the other party, when required by law, arbitrator's order, or court order, including a subpoena or other form of compulsory legal process issued by a court or governmental entity, or to the extent such information is reasonably necessary for the receiving party to defend itself in any dispute. The receiving party may also disclose such information to its employees, consultants, or contractors in order to perform services or work solely and exclusively for the Project, provided those employees, consultants and contractors are subject to the restrictions on the disclosure and use of such information as set forth in this Section 10.8.

§ 10.9 The invalidity of any provision of the Agreement shall not invalidate the Agreement or its remaining provisions. If it is determined that any provision of the Agreement violates any law, or is otherwise invalid or unenforceable, then that provision shall be revised to the extent necessary to make that provision legal and enforceable. In such case the Agreement shall be construed, to the fullest extent permitted by law, to give effect to the parties' intentions and purposes in executing the Agreement.

§ 10.10 The Owner and Nexus recognize that the designer under this project may be eligible for a tax deduction for energy efficient commercial buildings under §179D of the Internal Revenue Code. The Owner and Nexus agree and

recognize that Nexus will be the designer of this project for the purposes of the §179D deduction. The Owner will cooperate with Nexus in obtaining the paperwork and certification necessary from the Owner to allow Nexus to claim any §179D or any other energy efficient commercial buildings deduction.

ARTICLE 11 COMPENSATION

Procurement Phase	Five	percent (	5	%)
Construction Phase	Fifteen	percent (	15	%)
Total Basic Compensation	one hundred	percent (	100	%)

§ 11.6 When compensation identified in Section 11.1 is on a percentage basis, progress payments for each phase of Basic Services shall be calculated by multiplying the percentages identified in this Article by the Owner's most recent budget for the Cost of the Work. Compensation paid in previous progress payments shall not be adjusted based on subsequent updates to the Owner's budget for the Cost of the Work.

§ 11.6.1 When compensation is on a percentage basis and any portions of the Project are deleted or otherwise not constructed, compensation for those portions of the Project shall be payable to the extent services are performed on those portions. Nexus shall be entitled to compensation in accordance with this Agreement for all services performed whether or not the Construction Phase is commenced.
