515 PROTECTION AND PRIVACY OF PUPIL RECORDS

I. PURPOSE

The school district recognizes its responsibility in regard to the collection, maintenance, and dissemination of pupil records and the protection of the privacy rights of students as provided in federal law and state statutes.

II. GENERAL STATEMENT OF POLICY

The following procedures and policies regarding the protection and privacy of parents and students are adopted by the school district, pursuant to the requirements of 20 United States Code, section 1232g, *et seq.*, (Family Educational Rights and Privacy Act (FERPA)) 34 Code of Federal Regulations part 99 and consistent with the requirements of the Minnesota Government Data Practices Act, Minnesota Statutes, chapter 13, and Minnesota Rules, parts 1205.0100-1205.2000.

III. DEFINITIONS

A. Authorized Representative

"Authorized representative" means any entity or individual designated by the school district, state, or an agency headed by an official of the Comptroller of the United States, the Attorney General of the United States, the Secretary of the U.S. Department of Education, or state and local educational authorities to conduct, with respect to federal or state supported education programs, any audit or evaluation or any compliance or enforcement activity in connection with federal legal requirements that relate to these programs.

B. Biometric Record

"Biometric record," as referred to in "Personally Identifiable," means a record of one or more measurable biological or behavioral characteristics that can be used for automated recognition of an individual (e.g., fingerprints, retina and iris patterns, voiceprints, DNA sequence, facial characteristics, and handwriting).

C. Dates of Attendance

"Dates of attendance," as referred to in "Directory Information," means the period of time during which a student attends or attended a school or schools in the school district, including attendance in person or by paper correspondence, videoconference, satellite, Internet, or other electronic information and telecommunications technologies for students who are not in the classroom, and including the period during which a student is working under a work-study program. The term does not include specific daily records of a student's attendance at a school or schools in the school district.

D. Directory Information

1. **Under federal law**, "directory information" means information contained in an education record of a student that would not generally be considered harmful or an invasion of privacy if disclosed. It includes the student's name; address; telephone listing; electronic mail address; photograph; date and place of birth; major field of study; dates of attendance; grade level; enrollment status (i.e., full-time or part-time); participation in officially recognized activities and sports; weight and height of members of athletic teams; degrees, honors and awards received; and the most recent educational agency or institution attended. It also includes the name, address, and telephone number of the student's parent(s). Directory information does not include:
 - a. a student's social security number;
 - b. a student's identification number (ID), user ID, or other unique personal identifier used by a student for purposes of accessing or communicating in electronic systems if the identifier may be used to access education records without use of one or more factors that authenticate the student's identity such as a personal identification number (PIN), password, or other factor known or possessed only by the authorized user;
 - c. a student ID or other unique personal identifier that is displayed on a student ID badge if the identifier can be used to gain access to educational records when used in conjunction with one or more factors that authenticate the student's identity, such as a PIN, password, or other factor known or possessed only by the student;
 - d. personally identifiable data which references religion, race, color, social position, or nationality; or
 - e. data collected from nonpublic school students, other than those who receive shared time educational services, unless written consent is given by the student's parent or guardian.
- b. **Under Minnesota law**, a school district may not designate a student's home address, telephone number, email address, or other personal contact information as "directory information."

E. Education Records

1. What constitutes "education records." Education records means those records that are: (1) directly related to a student; and (2) maintained by the school district or by a party acting for the school district.
2. What does not constitute education records. The term "education records" does not include:
 - a. Records of instructional personnel that are:
 - (1) kept in the sole possession of the maker of the record;
 - (2) used only as a personal memory aid;
 - (3) not accessible or revealed to any other individual except a temporary substitute teacher; and

- (4) destroyed at the end of the school year.
- b. Records of a law enforcement unit of the school district, provided education records maintained by the school district are not disclosed to the unit, and the law enforcement records are:
 - (1) maintained separately from education records;
 - (2) maintained solely for law enforcement purposes; and
 - (3) disclosed only to law enforcement officials of the same jurisdiction.
- c. Records relating to an individual, including a student, who is employed by the school district which:
 - (1) are made and maintained in the normal course of business;
 - (2) relate exclusively to the individual in that individual's capacity as an employee; and
 - (3) are not available for use for any other purpose.

However, records relating to an individual in attendance at the school district who is employed as a result of his or her status as a student are education records.
- d. Records relating to an eligible student, or a student attending an institution of post-secondary education, that are:
 - (1) made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in his or her professional or paraprofessional capacity or assisting in that capacity;
 - (2) made, maintained, or used only in connection with the provision of treatment to the student; and
 - (3) disclosed only to individuals providing the treatment; provided that the records can be personally reviewed by a physician or other appropriate professional of the student's choice. For the purpose of this definition, "treatment" does not include remedial educational activities or activities that are a part of the program of instruction within the school district.
- e. Records created or received by the school district after an individual is no longer a student at the school district and that are not directly related to the individual's attendance as a student.
- f. Grades on peer-related papers before the papers are collected and recorded by a teacher.

F. Education Support Services Data

"Education support services data" means data on individuals collected, created,

maintained, used, or disseminated relating to programs administered by a government entity or entity under contract with a government entity designed to eliminate disparities and advance equities in educational achievement for youth by coordinating services available to participants, regardless of the youth's involvement with other government services. Education support services data does not include welfare data under Minnesota Statutes, section 13.46.

Unless otherwise provided by law, all education support services data are private data on individuals and must not be disclosed except according to Minnesota Statutes, section 13.05 or a court order.

G. Eligible Student

"Eligible student" means a student who has attained eighteen (18) years of age or is attending an institution of post-secondary education.

H. Juvenile Justice System

"Juvenile justice system" includes criminal justice agencies and the judiciary when involved in juvenile justice activities.

I. Legitimate Educational Interest

"Legitimate educational interest" includes an interest directly related to classroom instruction, teaching, student achievement and progress, discipline of a student, student health and welfare, and the ability to respond to a request for education data. It includes a person's need to know in order to:

1. Perform an administrative task required in the school or employee's contract or position description approved by the school board;
2. Perform a supervisory or instructional task directly related to the student's education;
3. Perform a service or benefit for the student or the student's family such as health care, counseling, student job placement, or student financial aid; or
4. Perform a task directly related to responding to a request for data.

J. Parent

"Parent" means a parent of a student and includes a natural parent, a guardian, or an individual acting as a parent of the student in the absence of a parent or guardian. The school district may presume the parent has the authority to exercise the rights provided herein, unless it has been provided with evidence that there is a state law or court order governing such matters as marriage dissolution, separation or child custody, or a legally binding instrument which provides to the contrary.

K. Personally Identifiable

"Personally identifiable" means that the data or information includes, but is not limited to: (a) a student's name; (b) the name of the student's parent or other family member; (c) the address of the student or student's family; (d) a personal identifier such as the student's social security number or student number or biometric record; (e) other indirect identifiers, such as the student's date of birth, place of birth, and mother's maiden name; (f) other information that, alone or in combination, is linked or linkable

to a specific student that would allow a reasonable person in the school community, who does not have personal knowledge of the relevant circumstances, to identify the student with reasonable certainty; or (g) information requested by a person who the school district reasonably believes knows the identity of the student to whom the education record relates.

L. Record

"Record" means any information or data recorded in any way including, but not limited to, handwriting, print, computer media, video or audio tape, film, microfilm, and microfiche.

M. Responsible Authority

"Responsible authority" means *[designate title and actual name of individual]*.

N. Student

P. Summary Data

"Summary data" means statistical records and reports derived from data on individuals but in which individuals are not identified and from which neither their identities nor any other characteristic that could uniquely identify the individual is ascertainable.

Q. Other Terms and Phrases

All other terms and phrases shall be defined in accordance with applicable state and federal law or ordinary customary usage.

IV. GENERAL CLASSIFICATION

State law provides that all data collected, created, received, or maintained by a school district are public unless classified by state or federal law as not public or private or confidential. State law classifies all data on individuals maintained by a school district which relates to a student as private data on individuals. This data may not be disclosed to parties other than the parent or eligible student without consent, except pursuant to a valid court order, certain state statutes authorizing access, and the provisions of FERPA and the regulations promulgated thereunder.

V. STATEMENT OF RIGHTS

A. Rights of Parents and Eligible Students

Parents and eligible students have the following rights under this policy:

1. The right to inspect and review the student's education records;
2. The right to request the amendment of the student's education records to ensure that they are not inaccurate, misleading, or otherwise in violation of the student's privacy or other rights;
3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that such consent is not required for disclosure pursuant to this policy, state or federal law, or the regulations promulgated thereunder;
4. The right to refuse release of names, addresses, and home telephone numbers of students in grades 11 and 12 to military recruiting officers and post-secondary educational institutions;
5. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the school district to comply with the federal law and the regulations promulgated thereunder;
6. The right to be informed about rights under the federal law; and
7. The right to obtain a copy of this policy at the location set forth in Section XXI. of this policy.

B. Eligible Students

All rights and protections given to parents under this policy transfer to the student when he or she reaches eighteen (18) years of age or enrolls in an institution of post-secondary education. The student then becomes an "eligible student." However, the parents of an eligible student who is also a "dependent student" are entitled to gain access to the education records of such student without first obtaining the consent of the student. In addition, parents of an eligible student may be given access to education records in connection with a health or safety emergency if the disclosure meets the conditions of any provision set forth in 34 Code of Federal Regulations, section 99.31(a).

C. Students with a Disability

The school district shall follow 34 Code of Federal Regulations, sections 300.610-300.617 with regard to the privacy, notice, access, recordkeeping, and accuracy of information related to students with a disability.

VI. DISCLOSURE OF EDUCATION RECORDS

A. Consent Required for Disclosure

1. The school district shall obtain a signed and dated written informed consent of the parent of a student or the eligible student before disclosing personally identifiable information from the education records of the student, except as provided herein.

2. The written consent required by this subdivision must be signed and dated by the parent of the student or the eligible student giving the consent and shall include:
 - a. a specification of the records to be disclosed;
 - b. the purpose or purposes of the disclosure;
 - c. the party or class of parties to whom the disclosure may be made;
 - d. the consequences of giving informed consent; and
 - e. if appropriate, a termination date for the consent.
3. When a disclosure is made under this subdivision:
 - a. if the parent or eligible student so requests, the school district shall provide him or her with a copy of the records disclosed; and
 - b. if the parent of a student who is not an eligible student so requests, the school district shall provide the student with a copy of the records disclosed.
4. A signed and dated written consent may include a record and signature in electronic form that:
 - a. identifies and authenticates a particular person as the source of the electronic consent; and
 - b. indicates such person's approval of the information contained in the electronic consent.
5. If the responsible authority seeks an individual's informed consent to the release of private data to an insurer or the authorized representative of an insurer, informed consent shall not be deemed to have been given unless the statement is:
 - a. in plain language;
 - b. dated;
 - c. specific in designating the particular persons or agencies the data subject is authorizing to disclose information about the data subject;
 - d. specific as to the nature of the information the subject is authorizing to be disclosed;
 - e. specific as to the persons or agencies to whom the subject is authorizing information to be disclosed;
 - f. specific as to the purpose or purposes for which the information may be used by any of the parties named in Clause e. above, both at the time of the disclosure and at any time in the future; and

- g. specific as to its expiration date which should be within a reasonable time, not to exceed one year except in the case of authorizations given in connection with applications for: (i) life insurance or noncancellable or guaranteed renewable health insurance and identified as such, two years after the date of the policy, or (ii) medical assistance under Minnesota Statutes, chapter 256B or Minnesota Care under Minnesota Statutes, chapter 256L, which shall be ongoing during all terms of eligibility, for individualized education program health-related services provided by a school district that are subject to third party reimbursement.

Whenever a student has attained eighteen (18) years of age or is attending an institution of post-secondary education, the rights accorded to and the consent required of the parent of the student shall thereafter only be accorded to and required of the eligible student, except as provided in Section V. of this policy.

B. Prior Consent for Disclosure Not Required

The school district may disclose personally identifiable information from the education records of a student without the written consent of the parent of the student or the eligible student unless otherwise provided herein, if the disclosure is:

1. To other school officials, including teachers, within the school district whom the school district determines have a legitimate educational interest in such records;
2. To a contractor, consultant, volunteer, or other party to whom the school district has outsourced institutional services or functions provided that the outside party:
 - a. performs an institutional service or function for which the school district would otherwise use employees;
 - b. is under the direct control of the school district with respect to the use and maintenance of education records; and
 - c. will not disclose the information to any other party without the prior consent of the parent or eligible student and uses the information only for the purposes for which the disclosure was made;
3. To officials of other schools, school districts, or post-secondary educational institutions in which the student seeks or intends to enroll, or is already enrolled, as long as the disclosure is for purposes related to the student's enrollment or transfer. The records shall include information about disciplinary action taken as a result of any incident in which the student possessed or used a dangerous weapon, and with proper annual notice (see Section XIX.), suspension and expulsion information pursuant to section 7917 of the federal Every Student Succeeds Act, 20 United States Code, section 7917, *[insert the following if the school district has a policy regarding Staff Notification of Violent Behavior by Students]* and, if applicable, data regarding a student's history of violent behavior. The records also shall include a copy of any probable cause notice or any disposition or court order under Minnesota Statutes, section 260B.171, unless the data are required to be destroyed under Minnesota Statutes, section 120A.22, subdivision 7(c) or section 121A.75. On request, the school district

will provide the parent or eligible student with a copy of the education records that have been transferred and provide an opportunity for a hearing to challenge the content of those records in accordance with Section XV. of this policy;

4. To authorized representatives of the Comptroller General of the United States, the Attorney General of the United States, the Secretary of the U.S. Department of Education, or the Commissioner of the State Department of Education or his or her representative, subject to the conditions relative to such disclosure provided under federal law;
5. In connection with financial aid for which a student has applied or has received, if the information is necessary for such purposes as to:
 - a. determine eligibility for the aid;
 - b. determine the amount of the aid;
 - c. determine conditions for the aid; or
 - d. enforce the terms and conditions of the aid.

"Financial aid" for purposes of this provision means a payment of funds provided to an individual or a payment in kind of tangible or intangible property to the individual that is conditioned on the individual's attendance at an educational agency or institution;

6. To state and local officials or authorities to whom such information is specifically allowed to be reported or disclosed pursuant to state statute adopted:
 - a. before November 19, 1974, if the allowed reporting or disclosure concerns the juvenile justice system and such system's ability to effectively serve the student whose records are released; or
 - b. after November 19, 1974, if the reporting or disclosure allowed by state statute concerns the juvenile justice system and the system's ability to effectively serve, prior to adjudication, the student whose records are released, provided the officials and authorities to whom the records are disclosed certify in writing to the school district that the data will not be disclosed to any other party, except as provided by state law, without the prior written consent of the parent of the student. At a minimum, the school district shall disclose the following information to the juvenile justice system under this paragraph: a student's full name, home address, telephone number, and date of birth; a student's school schedule, attendance record, and photographs, if any; and parents' names, home addresses, and telephone numbers;
7. To organizations conducting studies for or on behalf of educational agencies or institutions for the purpose of developing, validating, or administering predictive tests, administering student aid programs, or improving instruction; provided that the studies are conducted in a manner which does not permit the personal identification of parents or students by individuals other than representatives of the organization who have a legitimate interest in the information, the information is destroyed when no longer needed for the purposes for which the study was conducted, and the school district enters into a written agreement with the organization that: (a) specifies the purpose, scope, and duration of the

study or studies and the information to be disclosed; (b) requires the organization to use personally identifiable information from education records only to meet the purpose or purposes of the study as stated in the written agreement; (c) requires the organization to conduct the study in a manner that does not permit personal identification of parents and students by anyone other than representatives of the organization with legitimate interests; and (d) requires the organization to destroy all personally identifiable information when information is no longer needed for the purposes for which the study was conducted and specifies the time period in which the information must be destroyed. For purposes of this provision, the term, "organizations," includes, but is not limited to, federal, state, and local agencies and independent organizations. In the event the Department of Education determines that a third party outside of the school district to whom information is disclosed violates this provision, the school district may not allow that third party access to personally identifiable information from education records for at least five (5) years;

8. To accrediting organizations in order to carry out their accrediting functions;
9. To parents of a student eighteen (18) years of age or older if the student is a dependent of the parents for income tax purposes;
10. To comply with a judicial order or lawfully issued subpoena, provided, however, that the school district makes a reasonable effort to notify the parent or eligible student of the order or subpoena in advance of compliance therewith so that the parent or eligible student may seek protective action, unless the disclosure is in compliance with a federal grand jury subpoena, or any other subpoena issued for law enforcement purposes, and the court or other issuing agency has ordered that the existence or the contents of the subpoena or the information furnished in response to the subpoena not be disclosed, or the disclosure is in compliance with an ex parte court order obtained by the United States Attorney General (or designee not lower than an Assistant Attorney General) concerning investigations or prosecutions of an offense listed in 18 United States Code, section 2332b(g)(5)(B), an act of domestic or international terrorism as defined in 18 United States Code, section 2331, or a parent is a party to a court proceeding involving child abuse and neglect or dependency matters, and the order is issued in the context of the proceeding. If the school district initiates legal action against a parent or student, it may disclose to the court, without a court order or subpoena, the education records of the student that are relevant for the school district to proceed with the legal action as a plaintiff. Also, if a parent or eligible student initiates a legal action against the school district, the school district may disclose to the court, without a court order or subpoena, the student's education records that are relevant for the school district to defend itself;
11. To appropriate parties, including parents of an eligible student, in connection with an emergency if knowledge of the information is necessary to protect the health, including the mental health, or safety of the student or other individuals. The decision is to be based upon information available at the time the threat occurs that indicates that there is an articulable and significant threat to the health or safety of a student or other individuals. In making a determination whether to disclose information under this section, the school district may take into account the totality of the circumstances pertaining to a threat and may disclose information from education records to any person whose knowledge of the information is necessary to protect the health or safety of the student or other students. A record of this disclosure must be maintained pursuant to

Section XIII.E. of this policy. In addition, an educational agency or institution may include in the education records of a student appropriate information concerning disciplinary action taken against the student for conduct that posed a significant risk to the safety or well-being of that student, other students, or other members of the school community. This information may be disclosed to teachers and school officials within the school district and/or teachers and school officials in other schools who have legitimate educational interests in the behavior of the student;

12. To the juvenile justice system if information about the behavior of a student who poses a risk of harm is reasonably necessary to protect the health or safety of the student or other individuals;
13. Information the school district has designated as "directory information" pursuant to Section VII. of this policy;
14. To military recruiting officers and post-secondary educational institutions pursuant to Section XI. of this policy;
15. To the parent of a student who is not an eligible student or to the student himself or herself;
16. To appropriate health authorities to the extent necessary to administer immunization programs and for bona fide epidemiologic investigations which the commissioner of health determines are necessary to prevent disease or disability to individuals in the public educational agency or institution in which the investigation is being conducted;
17. To volunteers who are determined to have a legitimate educational interest in the data and who are conducting activities and events sponsored by or endorsed by the educational agency or institution for students or former students;
18. To the juvenile justice system, on written request that certifies that the information will not be disclosed to any other person except as authorized by law without the written consent of the parent of the student:
 - a. the following information about a student must be disclosed: a student's full name, home address, telephone number, date of birth; a student's school schedule, daily attendance record, and photographs, if any; and any parents' names, home addresses, and telephone numbers;
 - b. the existence of the following information about a student, not the actual data or other information contained in the student's education record, may be disclosed provided that a request for access must be submitted on the statutory form and it must contain an explanation of why access to the information is necessary to serve the student: (1) use of a controlled substance, alcohol, or tobacco; (2) assaultive or threatening conduct that could result in dismissal from school under the Pupil Fair Dismissal Act; (3) possession or use of weapons or look-alike weapons; (4) theft; or (5) vandalism or other damage to property. Prior to releasing this information, the principal or chief administrative officer of a school who receives such a request must, to the extent permitted by federal law, notify the student's parent or guardian by certified mail of the request to disclose information. If the student's parent or guardian notifies the school official of an objection to the disclosure within ten

(10) days of receiving certified notice, the school official must not disclose the information and instead must inform the requesting member of the juvenile justice system of the objection. If no objection from the parent or guardian is received within fourteen (14) days, the school official must respond to the request for information.

The written requests of the juvenile justice system member(s), as well as a record of any release, must be maintained in the student's file;

19. To the principal where the student attends and to any counselor directly supervising or reporting on the behavior or progress of the student if it is information from a disposition order received by a superintendent under Minnesota Statutes, section 260B.171, subdivision 3. The principal must notify the counselor immediately and must place the disposition order in the student's permanent education record. The principal also must notify immediately any teacher or administrator who directly supervises or reports on the behavior or progress of the student whom the principal believes needs the information to work with the student in an appropriate manner, to avoid being needlessly vulnerable, or to protect other persons from needless vulnerability. The principal may also notify other school district employees, substitutes, and volunteers who are in direct contact with the student if the principal determines that these individuals need the information to work with the student in an appropriate manner, to avoid being needlessly vulnerable, or to protect other persons from needless vulnerability. Such notices from the principal must identify the student, outline the offense, and describe any conditions of probation about which the school must provide information if this information is provided in the disposition order. Disposition order information received is private educational data received for the limited purpose of serving the educational needs of the student and protecting students and staff. The information may not be further disseminated by the counselor, teacher, administrator, staff member, substitute, or volunteer except as necessary to serve the student, to protect students and staff, or as otherwise required by law, and only to the student or the student's parent or guardian;
20. To the principal where the student attends if it is information from a peace officer's record of children received by a superintendent under Minnesota Statutes, section 260B.171, subdivision 5. The principal must place the information in the student's education record. The principal also must notify immediately any teacher, counselor, or administrator directly supervising the student whom the principal believes needs the information to work with the student in an appropriate manner, to avoid being needlessly vulnerable, or to protect other persons from needless vulnerability. The principal may also notify other district employees, substitutes, and volunteers who are in direct contact with the student if the principal determines that these individuals need the information to work with the student in an appropriate manner, to avoid being needlessly vulnerable, or to protect other persons from needless vulnerability. Such notices from the principal must identify the student and describe the alleged offense if this information is provided in the peace officer's notice. Peace officer's record information received is private educational data received for the limited purpose of serving the educational needs of the student and protecting students and staff. The information must not be further disseminated by the counselor, teacher administrator, staff member, substitute, or volunteer except to communicate with the student or the student's parent or guardian as necessary to serve the student, to protect students and staff, or as otherwise required by law.

The principal must delete the peace officer's record from the student's education record, destroy the data, and make reasonable efforts to notify any teacher, counselor, staff member, administrator, substitute, or volunteer who received information from the peace officer's record if the county attorney determines not to proceed with a petition or directs the student into a diversion or mediation program or if a juvenile court makes a decision on a petition and the county attorney or juvenile court notifies the superintendent of such action;

21. To the Secretary of Agriculture, or authorized representative from the Food and Nutrition Service or contractors acting on behalf of the Food and Nutrition Service, for the purposes of conducting program monitoring, evaluations, and performance measurements of state and local educational and other agencies and institutions receiving funding or providing benefits of one or more programs authorized under the National School Lunch Act or the Child Nutrition Act of 1966 for which the results will be reported in an aggregate form that does not identify any individual, on the conditions that: (a) any data collected shall be protected in a manner that will not permit the personal identification of students and their parents by other than the authorized representatives of the Secretary; and (b) any personally identifiable data shall be destroyed when the data are no longer needed for program monitoring, evaluations, and performance measurements; or
22. To an agency caseworker or other representative of a State or local child welfare agency, or tribal organization (as defined in 25 United States Code, section 5304), who has the right to access a student's case plan, as defined and determined by the State or tribal organization, when such agency or organization is legally responsible, in accordance with State or tribal law, for the care and protection of the student, provided that the education records, or the personally identifiable information contained in such records, of the student will not be disclosed by such agency or organization, except to an individual or entity engaged in addressing the student's education needs and authorized by such agency or organization to receive such disclosure and such disclosure is consistent with the State or tribal laws applicable to protecting the confidentiality of a student's education records.
23. When requested, educational agencies or institutions may share personal student contact information and directory information for students served in special education with postsecondary transition planning and services under Minnesota Statutes, section 125A.08, paragraph (b), clause (1), whether public or private, with the Minnesota Department of Employment and Economic Development, as required for coordination of services to students with disabilities under Minnesota Statutes, sections 125A.08, paragraph (b), clause (1); 125A.023; and 125A.027.

C. Nonpublic School Students

The school district may disclose personally identifiable information from the education records of a nonpublic school student, other than a student who receives shared time educational services, without the written consent of the parent of the student or the eligible student unless otherwise provided herein, if the disclosure is:

1. Pursuant to a valid court order;
2. Pursuant to a statute specifically authorizing access to the private data; or

3. To appropriate health authorities to the extent necessary to administer immunization programs and for bona fide epidemiological investigations which the commissioner of health determines are necessary to prevent disease or disability to individuals in the public educational agency or institution in which the investigation is being conducted.

VII. RELEASE OF DIRECTORY INFORMATION

A. Educational Data

1. Educational data designated as directory information is public data on individuals to the extent required under federal law. Directory information must be designated pursuant to the provisions of:
 - a. Minnesota Statutes, section 13.32, subdivision 5; and
 - b. 20 United States Code, section 1232g, and 34 Code of Federal Regulations, section 99.37, which were in effect on January 3, 2012.
2. The school district may not designate a student's home address, telephone number, email address, or other personal contact information as directory information under this section.
3. When requested, the school district must share personal contact information and directory information, whether public or private, with the Minnesota Department of Education, as required for federal reporting purposes.

B. Former Students

Unless a former student validly opted out of the release of directory information while the student was in attendance and has not rescinded the opt out request at any time, the school district may disclose directory information from the education records generated by it regarding the former student without meeting the requirements of Paragraph C. of this section. In addition, under an explicit exclusion from the definition of an "education record," the school district may release records that only contain information about an individual obtained after he or she is no longer a student at the school district and that are not directly related to the individual's attendance as a student (e.g., a student's activities as an alumnus of the school district).

C. Present Students and Parents

The school district may disclose directory information from the education records of a student and information regarding parents without prior written consent of the parent of the student or eligible student, except as provided herein.

1. When conducting the directory information designation and notice process required by federal law, the school district shall give parents and students notice of the right to refuse to let the district designate specified data about the student as directory information.
2. The school district shall give annual notice by any means that are reasonably likely to inform the parents and eligible students of:
 - a. the types of personally identifiable information regarding students

and/or parents that the school district has designated as directory information;

- b. the parent's or eligible student's right to refuse to let the school district designate any or all of those types of information about the student and/or the parent as directory information; and
 - c. the period of time in which a parent or eligible student has to notify the school district in writing that he or she does not want any or all of those types of information about the student and/or the parent designated as directory information.
- 3. Allow a reasonable period of time after such notice has been given for a parent or eligible student to inform the school district in writing that any or all of the information so designated should not be disclosed without the parent's or eligible student's prior written consent, except as provided in Section VI. of this policy.
 - 4. A parent or eligible student may not opt out of the directory information disclosures to:
 - a. prevent the school district from disclosing or requiring the student to disclose the student's name, ID, or school district e-mail address in a class in which the student is enrolled; or
 - b. prevent the school district from requiring a student to wear, to display publicly, or to disclose a student ID card or badge that exhibits information that may be designated as directory information and that has been properly designated by the school district as directory information.
 - 5. The school district shall not disclose or confirm directory information without meeting the written consent requirements contained in Section VI.A. of this policy if a student's social security number or other non-directory information is used alone or in combination with other data elements to identify or help identify the student or the student's records.

D. Procedure for Obtaining Nondisclosure of Directory Information

The parent's or eligible student's written notice shall be directed to the responsible authority and shall include the following:

- 1. Name of the student and/or parent, as appropriate;
- 2. Home address;
- 3. School presently attended by student;
- 4. Parent's legal relationship to student, if applicable; and
- 5. Specific categories of directory information to be made not public without the parent's or eligible student's prior written consent, which shall only be applicable for that school year.

E. Duration

The designation of any information as directory information about a student or parents will remain in effect for the remainder of the school year unless the parent or eligible student provides the written notifications provided herein.

VIII. DISCLOSURE OF PRIVATE RECORDS

A. Private Records

For the purposes herein, education records are records which are classified as private data on individuals by state law and which are accessible only to the student who is the subject of the data and the student's parent if the student is not an eligible student. The school district may not disclose private records or their contents except as summary data, or except as provided in Section VI. of this policy, without the prior written consent of the parent or the eligible student. The school district will use reasonable methods to identify and authenticate the identity of parents, students, school officials, and any other party to whom personally identifiable information from education records is disclosed.

B. Private Records Not Accessible to Parent

In certain cases, state law intends, and clearly provides, that certain information contained in the education records of the school district pertaining to a student be accessible to the student alone, and to the parent only under special circumstances, if at all.

1. The responsible authority may deny access to private data by a parent when a minor student who is the subject of that data requests that the responsible authority deny such access. The minor student's request must be submitted in writing setting forth the reasons for denying access to the parent and must be signed by the minor. Upon receipt of such request the responsible authority shall determine if honoring the request to deny the parent access would be in the best interest of the minor data subject. In making this determination the responsible authority shall consider the following factors:
 - a. whether the minor is of sufficient age and maturity to be able to explain the reasons for and understand the consequences of the request to deny access;
 - b. whether the personal situation of the minor is such that denying parental access may protect the minor data subject from physical or emotional harm;
 - c. whether there are grounds for believing that the minor data subject's reasons for precluding parental access are reasonably accurate;
 - d. whether the data in question is of such a nature that disclosure of it to the parent may lead to physical or emotional harm to the minor data subject; and
 - e. whether the data concerns medical, dental or other health services provided pursuant to Minnesota Statutes, sections 144.341-144.347, in which case the data may be released only if the failure to inform the parent would seriously jeopardize the health of the minor.

C. Private Records Not Accessible to Student

Students shall not be entitled to access to private data concerning financial records and statements of the student's parent or any information contained therein.

D. Military-Connected Youth Identifier

When a school district updates its enrollment forms in the ordinary course of business, the school district must include a box on the enrollment form to allow students to self-identify as a military-connected youth. For purposes of this section, a "military-connected youth" means having an immediate family member, including a parent or sibling, who is currently in the armed forces either as a reservist or on active duty or has recently retired from the armed forces. Data collected under this provision is private data on individuals, but summary data may be published by the Department of Education.

IX. DISCLOSURE OF CONFIDENTIAL RECORDS

A. Confidential Records

Confidential records are those records and data contained therein which are made not public by state or federal law, and which are inaccessible to the student and the student's parents or to an eligible student.

B. Reports Under the Maltreatment of Minors Reporting Act

Pursuant to Minnesota Statutes, chapter 260E, written copies of reports pertaining to a neglected and/or physically and/or sexually abused child shall be accessible only to the appropriate welfare and law enforcement agencies. In respect to other parties, such data shall be confidential and will not be made available to the parent or the subject individual by the school district. The subject individual, however, may obtain a copy of the report from either the local welfare agency, county sheriff, or the local police department subject to the provisions of Minnesota Statutes, chapter 260E.

Regardless of whether a written report is made under Minnesota Statutes, chapter 260E, as soon as practicable after a school receives information regarding an incident that may constitute maltreatment of a child in a school facility, the school shall inform the parent, legal guardian, or custodian of the child that an incident occurred that may constitute maltreatment of the child, when the incident occurred, and the nature of the conduct that may constitute maltreatment.

C. Investigative Data

Data collected by the school district as part of an active investigation undertaken for the purpose of the commencement or defense of pending civil legal action, or are retained in anticipation of a pending civil legal action are classified as protected nonpublic data in the case of data not on individuals, and confidential data in the case of data on individuals.

1. The school district may make any data classified as protected non-public or confidential pursuant to this subdivision accessible to any person, agency, or the public if the school district determines that such access will aid the law enforcement process, promote public health or safety, or dispel widespread rumor or unrest.
2. A complainant has access to a statement he or she provided to the school district.

3. Parents or eligible students may have access to investigative data of which the student is the subject, but only to the extent the data is not inextricably intertwined with data about other school district students, school district employees, and/or attorney data as defined in Minnesota Statutes, section 13.393.
4. Once a civil investigation becomes inactive, civil investigative data becomes public unless the release of the data would jeopardize another pending civil legal action, except for those portions of such data that are classified as not public data under state or federal law. Any civil investigative data presented as evidence in court or made part of a court record shall be public. For purposes of this provision, a civil investigation becomes inactive upon the occurrence of any of the following events:
 - a. a decision by the school district, or by the chief attorney for the school district, not to pursue the civil legal action. However, such investigation may subsequently become active if the school district or its attorney decides to renew the civil legal action;
 - b. the expiration of the time to file a complaint under the statute of limitations or agreement applicable to the civil legal action; or
 - c. the exhaustion or expiration of rights of appeal by either party to the civil legal action.
5. A "pending civil legal action" for purposes of this subdivision is defined as including, but not limited to, judicial, administrative, or arbitration proceedings.

D. Chemical Abuse Records

To the extent the school district maintains records of the identity, diagnosis, prognosis, or treatment of any student which are maintained in connection with the performance of any drug abuse prevention function conducted, regulated, or directly or indirectly assisted by any department or agency of the United States, such records are classified as confidential and shall be disclosed only for the purposes and under the circumstances expressly authorized by law.

X. DISCLOSURE OF SCHOOL RECORDS PRIOR TO EXCLUSION OR EXPULSION HEARING

At a reasonable time prior to any exclusion or expulsion hearing, the student and the student's parent or guardian or representative shall be given access to all school district records pertaining to the student, including any tests or reports upon which the action proposed by the school district may be based, pursuant to the Minnesota Pupil Fair Dismissal Act, Minnesota Statutes, section 121A.40, *et seq.*

XI. DISCLOSURE OF DATA TO MILITARY RECRUITING OFFICERS AND POST-SECONDARY EDUCATIONAL INSTITUTIONS

- A. The school district will release the names, addresses, electronic mail address (which shall be the electronic mail addresses provided by the school district, if available, that may be released to military recruiting officers only), and home telephone numbers of students in grades 11 and 12 to military recruiting officers and post-secondary educational institutions within sixty (60) days after the date of the request unless a parent or eligible student has refused in writing to release this data pursuant to

Paragraph C. below.

- B. Data released to military recruiting officers under this provision:
1. may be used only for the purpose of providing information to students about military service, state and federal veterans' education benefits, and other career and educational opportunities provided by the military;
 2. cannot be further disseminated to any other person except personnel of the recruiting services of the armed forces; and
 3. copying fees shall not be imposed.
- C. A parent or eligible student has the right to refuse the release of the name, address, electronic mail addresses (which shall be the electronic mail addresses provided by the school, if available, that may be released to military recruiting officers only) or home telephone number to military recruiting officers and post-secondary educational institutions. To refuse the release of the above information to military recruiting officers and post-secondary educational institutions, a parent or eligible student must notify the responsible authority [*designate title of individual, i.e., building principal*] in writing by [*date*] each year. The written request must include the following information:
1. Name of student and parent, as appropriate;
 2. Home address;
 3. Student's grade level;
 4. School presently attended by student;
 5. Parent's legal relationship to student, if applicable;
 6. Specific category or categories of information which are not to be released to military recruiting officers and post-secondary educational institutions; and
 7. Specific category or categories of information which are not to be released to the public, including military recruiting officers and post-secondary educational institutions.
- D. Annually, the school district will provide public notice by any means that are reasonably likely to inform the parents and eligible students of their rights to refuse to release the names, addresses, and home phone numbers of students in grades 11 and 12 without prior consent.
- E. A parent or eligible student's refusal to release the above information to military recruiting officers and post-secondary educational institutions does not affect the school district's release of directory information to the rest of the public, which includes military recruiting officers and post-secondary educational institutions. In order to make any directory information about a student private, the procedures contained in Section VII. of this policy also must be followed. Accordingly, to the extent the school district has designated the name, address, home phone number, and grade level of students as directory information, absent a request from a parent or eligible student not to release such data, this information will be public data and accessible to members of the public, including military recruiting officers and post-secondary educational institutions.

XII. LIMITS ON REDISCLOSURE

A. Redisclosure

Consistent with the requirements herein, the school district may only disclose personally identifiable information from the education records of a student on the condition that the party to whom the information is to be disclosed will not disclose the information to any other party without the prior written consent of the parent of the student or the eligible student, except that the officers, employees, and agents of any party receiving personally identifiable information under this section may use the information, but only for the purposes for which the disclosure was made.

B. Redisclosure Not Prohibited

1. Subdivision A. of this section does not prevent the school district from disclosing personally identifiable information under Section VI. of this policy with the understanding that the party receiving the information may make further disclosures of the information on behalf of the school district provided:
 - a. The disclosures meet the requirements of Section VI. of this policy; and
 - b. The school district has complied with the record-keeping requirements of Section XIII. of this policy.
2. Subdivision A. of this section does not apply to disclosures made pursuant to court orders or lawfully issued subpoenas or litigation, to disclosures of directory information, to disclosures to a parent or student or to parents of dependent students, or to disclosures concerning sex offenders and other individuals required to register under 42 United States Code, section 14071. However, the school district must provide the notification required in Section XII.D. of this policy if a redisclosure is made based upon a court order or lawfully issued subpoena.

C. Classification of Disclosed Data

The information disclosed shall retain the same classification in the hands of the party receiving it as it had in the hands of the school district.

D. Notification

The school district shall inform the party to whom a disclosure is made of the requirements set forth in this section, except for disclosures made pursuant to court orders or lawfully issued subpoenas, disclosure of directory information under Section VII. of this policy, disclosures to a parent or student, or disclosures to parents of a dependent student. In the event that the Family Policy Compliance Office determines that a state or local educational authority, a federal agency headed by an official listed in 34 Code of Federal Regulations, section 99.31(a)(3), or an authorized representative of a state or local educational authority or a federal agency headed by an official listed in section 99.31(a)(3), or a third party outside of the school district improperly rediscloses personally identifiable information from education records or fails to provide notification required under this section of this policy, the school district may not allow that third party access to personally identifiable information from education records for at least five (5) years.

XIII. RESPONSIBLE AUTHORITY; RECORD SECURITY; AND RECORD KEEPING

A. Responsible Authority

The responsible authority shall be responsible for the maintenance and security of student records.

B. Record Security

The principal of each school subject to the supervision and control of the responsible authority shall be the records manager of the school, and shall have the duty of maintaining and securing the privacy and/or confidentiality of student records.

C. Plan for Securing Student Records

The building principal shall submit to the responsible authority a written plan for securing students records by September 1 of each school year. The written plan shall contain the following information:

1. A description of records maintained;
2. Titles and addresses of person(s) responsible for the security of student records;
3. Location of student records, by category, in the buildings;
4. Means of securing student records; and
5. Procedures for access and disclosure.

D. Review of Written Plan for Securing Student Records

The responsible authority shall review the plans submitted pursuant to Paragraph C. of this section for compliance with the law, this policy, and the various administrative policies of the school district. The responsible authority shall then promulgate a chart incorporating the provisions of Paragraph C. which shall be attached to and become a part of this policy.

E. Record Keeping

1. The principal shall, for each request for and each disclosure of personally identifiable information from the education records of a student, maintain a record, with the education records of the student, that indicates:
 - a. the parties who have requested or received personally identifiable information from the education records of the student;
 - b. the legitimate interests these parties had in requesting or obtaining the information; and
 - c. the names of the state and local educational authorities and federal officials and agencies listed in Section VI.B.4. of this policy that may make further disclosures of personally identifiable information from the student's education records without consent.
2. In the event the school district discloses personally identifiable information from an education record of a student pursuant to Section XII.B. of this policy, the

record of disclosure required under this section shall also include:

- a. the names of the additional parties to which the receiving party may disclose the information on behalf of the school district;
 - b. the legitimate interests under Section VI. of this policy which each of the additional parties has in requesting or obtaining the information; and

The school district shall request a copy of the record of further disclosures from a state or local educational authority or federal official or agency to whom education records were disclosed upon a request from a parent or eligible student to review the record of requests for disclosure.
3. Section XIII.E.1. does not apply to requests by or disclosure to a parent of a student or an eligible student, disclosures pursuant to the written consent of a parent of a student or an eligible student, requests by or disclosures to other school officials under Section VI.B.1. of this policy, to requests for disclosures of directory information under Section VII. of this policy, or to a party seeking or receiving the records as directed by a federal grand jury or other law enforcement subpoena and the issuing court or agency has ordered that the existence or the contents of the subpoena or the information provided in response to the subpoena not be disclosed or as directed by an ex parte court order obtained by the United States Attorney General (or designee not lower than an Assistant Attorney General) concerning investigations or prosecutions of an offense listed in 18 United States Code, section 2332b(g)(5)(B) or an act of domestic or international terrorism.
4. The record of requests of disclosures may be inspected by:
 - a. the parent of the student or the eligible student;
 - b. the school official or his or her assistants who are responsible for the custody of the records; and
 - c. the parties authorized by law to audit the record-keeping procedures of the school district.
5. The school district shall record the following information when it discloses personally identifiable information from education records under the health or safety emergency exception:
 - a. the articulable and significant threat to the health or safety of a student or other individual that formed the basis for the disclosure; and
 - b. the parties to whom the school district disclosed the information.
6. The record of requests and disclosures shall be maintained with the education records of the student as long as the school district maintains the student's education records.

XIV. RIGHT TO INSPECT AND REVIEW EDUCATION RECORDS

A. Parent of a Student, an Eligible Student or the Parent of an Eligible Student Who is Also a Dependent Student

The school district shall permit the parent of a student, an eligible student, or the parent of an eligible student who is also a dependent student who is or has been in attendance in the school district to inspect or review the education records of the student, except those records which are made confidential by state or federal law or as otherwise provided in Section VIII. of this policy.

B. Response to Request for Access

The school district shall respond to any request pursuant to Subdivision A. of this section immediately, if possible, or within ten (10) days of the date of the request, excluding Saturdays, Sundays, and legal holidays.

C. Right to Inspect and Review

The right to inspect and review education records under Subdivision A. of this section includes:

1. The right to a response from the school district to reasonable requests for explanations and interpretations of records; and
2. If circumstances effectively prevent the parent or eligible student from exercising the right to inspect and review the education records, the school district shall provide the parent or eligible student with a copy of the records requested or make other arrangements for the parent or eligible student to inspect and review the requested records.
3. Nothing in this policy shall be construed as limiting the frequency of inspection of the education records of a student with a disability by the student's parent or guardian or by the student upon the student reaching the age of majority.

D. Form of Request

Parents or eligible students shall submit to the school district a written request to inspect education records which identify as precisely as possible the record or records he or she wishes to inspect.

E. Collection of Student Records

If a student's education records are maintained in more than one location, the responsible authority may collect copies of the records or the records themselves from the various locations so they may be inspected at one site. However, if the parent or eligible student wishes to inspect these records where they are maintained, the school district shall attempt to accommodate those wishes. The parent or eligible student shall be notified of the time and place where the records may be inspected.

F. Records Containing Information on More Than One Student

If the education records of a student contain information on more than one student, the parent or eligible student may inspect and review or be informed of only the specific

information which pertains to that student.

G. Authority to Inspect or Review

The school district may presume that either parent of the student has authority to inspect or review the education records of a student unless the school district has been provided with evidence that there is a legally binding instrument or a state law or court order governing such matters as marriage dissolution, separation, or custody which provides to the contrary.

H. Fees for Copies of Records

1. The school district shall charge a reasonable fee for providing photocopies or printed copies of records unless printing a copy is the only method to provide for the inspection of data. In determining the amount of the reasonable fee, the school district shall consider the following:
 - a. the cost of materials, including paper, used to provide the copies;
 - b. the cost of the labor required to prepare the copies;
 - c. any schedule of standard copying charges established by the school district in its normal course of operations;
 - d. any special costs necessary to produce such copies from machine-based record-keeping systems, including but not limited to computers and microfilm systems; and
 - e. mailing costs.
2. If 100 or fewer pages of black and white, letter or legal size paper copies are requested, actual costs shall not be used, and, instead, the charge shall be no more than 25 cents for each page copied.
3. The cost of providing copies shall be borne by the parent or eligible student.
4. The responsible authority, however, may not impose a fee for a copy of an education record made for a parent or eligible student if doing so would effectively prevent or, in the case of a student with a disability, impair the parent or eligible student from exercising their right to inspect or review the student's education records.

XV. REQUEST TO AMEND RECORDS; PROCEDURES TO CHALLENGE DATA

A. Request to Amend Education Records

The parent of a student or an eligible student who believes that information contained in the education records of the student is inaccurate, misleading, or violates the privacy rights of the student may request that the school district amend those records.

1. The request shall be in writing, shall identify the item the requestor believes to be inaccurate, misleading, or in violation of the privacy or other rights of the student, shall state the reason for this belief, and shall specify the correction the requestor wishes the school district to make. The request shall be signed and dated by the requestor.

2. The school district shall decide whether to amend the education records of the student in accordance with the request within thirty (30) days after receiving the request.
3. If the school district decides to refuse to amend the education records of the student in accordance with the request, it shall inform the parent of the student or the eligible student of the refusal and advise the parent or eligible student of the right to a hearing under Subdivision B. of this section.

B. Right to a Hearing

If the school district refuses to amend the education records of a student, the school district, on request, shall provide an opportunity for a hearing in order to challenge the content of the student's education records to ensure that information in the education records of the student is not inaccurate, misleading, or otherwise in violation of the privacy or other rights of the student. A hearing shall be conducted in accordance with Subdivision C. of this section.

1. If, as a result of the hearing, the school district decides that the information is inaccurate, misleading, or otherwise in violation of the privacy or other rights of the student, it shall amend the education records of the student accordingly and so inform the parent of the student or the eligible student in writing.
2. If, as a result of the hearing, the school district decides that the information is not inaccurate, misleading, or otherwise in violation of the privacy or other rights of the student, it shall inform the parent or eligible student of the right to place a statement in the record commenting on the contested information in the record or stating why he or she disagrees with the decision of the school district, or both.
3. Any statement placed in the education records of the student under Subdivision B. of this section shall:
 - a. be maintained by the school district as part of the education records of the student so long as the record or contested portion thereof is maintained by the school district; and
 - b. if the education records of the student or the contested portion thereof is disclosed by the school district to any party, the explanation shall also be disclosed to that party.

C. Conduct of Hearing

1. The hearing shall be held within a reasonable period of time after the school district has received the request, and the parent of the student or the eligible student shall be given notice of the date, place, and time reasonably in advance of the hearing.
2. The hearing may be conducted by any individual, including an official of the school district who does not have a direct interest in the outcome of the hearing. The school board attorney shall be in attendance to present the school board's position and advise the designated hearing officer on legal and evidentiary matters.

3. The parent of the student or eligible student shall be afforded a full and fair opportunity for hearing to present evidence relative to the issues raised under Subdivisions A. and B. of this section and may be assisted or represented by individuals of his or her choice at his or her own expense, including an attorney.
4. The school district shall make a decision in writing within a reasonable period of time after the conclusion of the hearing. The decision shall be based solely on evidence presented at the hearing and shall include a summary of evidence and reasons for the decision.

D. Appeal

The final decision of the designated hearing officer may be appealed in accordance with the applicable provisions of Minnesota Statutes, chapter 14 relating to contested cases.

XVI. PROBLEMS ACCESSING DATA

- B. Data practices compliance official means School Principal
- C. Any request by an individual with a disability for reasonable modifications of the school district's policies or procedures for purposes of accessing records shall be made to the data practices compliance official.

519 INTERVIEWS OF STUDENTS BY OUTSIDE AGENCIES

I. PURPOSE

There are occasions in which persons other than school district officials and employees find it necessary to speak with a student during the school day. Student safety and disruption of the educational program is of concern to the school district. The purpose of this policy is to establish the procedures for access to students by authorized individuals during the school day.

II. GENERAL STATEMENT OF POLICY

- A. Generally, students may not be interviewed during the school day by persons other than a student's parents, school district officials, employees and/or agents, except as otherwise provided by law and/or this policy.
- B. Requests from law enforcement officers and those other than a student's parents, school district officials, employees and/or agents to interview students shall be made through the principal's office. Upon receiving a request, it shall be the responsibility of the principal to determine whether the request will be granted. Prior to granting a request, the principal shall attempt to contact the student's parents to inform them of the request, except where otherwise prohibited by law.

III. INTERVIEWS CONDUCTED UNDER THE MALTREATMENT OF MINORS ACT

- A. In the case of an investigation pursuant to the Reporting of Maltreatment of Minors Act, Minnesota Statutes Chapter 260E, a local welfare agency, the agency responsible for investigating the report, and a local law enforcement agency may interview, without parental consent, an alleged victim and any minors who currently reside with or who have resided with the alleged perpetrator. The interview may take place at school and during school hours. School district officials will work with the local welfare agency, the agency responsible for investigating the report, or law enforcement agency to select a place appropriate for the interview. When it is possible and the report alleges substantial child endangerment or sexual abuse, the interview may take place outside the presence of the alleged offender and may take place prior to any interviews of the alleged offender.
- B. If the interview took place or is to take place on school district property, an order of the juvenile court pursuant to Minnesota Statutes, Chapter 260E may specify that school district officials may not disclose to the parent, legal custodian, or guardian the contents of the notification of intent to interview the child on school district property and/or any other related information regarding the interview that may be a part of the child's record. The school district official must receive a copy of the order from the local welfare or law enforcement agency.
- C. When the local welfare agency, local law enforcement agency, or agency responsible for assessing or investigating a report of maltreatment determines that an interview should take place on school district property, school district officials must receive written notification of intent to interview the child on school district property prior to the interview. The notification shall include the name of the child to be interviewed, the

purpose of the interview, and a reference to the statutory authority to conduct an interview on school district property. Where the interviews are conducted by the local welfare agency, the notification must be signed by the chair of the local social services agency or the chair's designee. The notification is private educational data on the student. School district officials may not disclose to the parent, legal custodian or guardian the contents of the notification or any other related information regarding the interview until notified in writing by the local welfare or law enforcement agency that the investigation or assessment has been concluded, unless a school employee or agent is alleged to have maltreated the child. Until school district officials receive said notification, all inquiries regarding the nature of the investigation or assessment should be directed to the local welfare or law enforcement agency or the agency responsible for assessing or investigating a report of maltreatment shall be solely responsible for any disclosure regarding the nature of the assessment or investigation.

- D. School district officials shall have discretion to reasonably schedule the time, place, and manner of an interview by a local welfare or local law enforcement agency on school district premises. However, where the alleged perpetrator is believed to be a school district official or employee, the local welfare or local law enforcement agency will have discretion to determine where the interview will be held. The interview must be conducted not more than 24 hours after the receipt of the notification unless another time is considered necessary by agreement between the school district officials and the local welfare or law enforcement agency. However, school district officials must yield to the discretion of the local welfare or law enforcement agency concerning other persons in attendance at the interview. School district officials will make every effort to reduce the disruption to the educational program of the child, other students, or school staff when an interview is conducted on school district premises.
- E. Students shall not be taken from school district property without the consent of the principal and without proper warrant.

506 STUDENT DISCIPLINE

I. PURPOSE

The purpose of this policy is to ensure that students are aware of and comply with the school district's expectations for student conduct. Such compliance will enhance the school district's ability to maintain discipline and ensure that there is no interference with the educational process. The school district will take appropriate disciplinary action when students fail to adhere to the Code of Student Conduct established by this policy.

II. GENERAL STATEMENT OF POLICY

The school board recognizes that individual responsibility and mutual respect are essential components of the educational process. The school board further recognizes that nurturing the maturity of each student is of primary importance and is closely linked with the balance that must be maintained between authority and self-discipline as the individual progresses from a child's dependence on authority to the more mature behavior of self-control.

All students are entitled to learn and develop in a setting which promotes respect of self, others, and property. Proper positive discipline can only result from an environment which provides options and stresses student self-direction, decision-making, and responsibility. Schools can function effectively only with internal discipline based on mutual understanding of rights and responsibilities.

Students must conduct themselves in an appropriate manner that maintains a climate in which learning can take place. Overall decorum affects student attitudes and influences student behavior. Proper student conduct is necessary to facilitate the education process and to create an atmosphere conducive to high student achievement.

Although this policy emphasizes the development of self-discipline, it is recognized that there are instances when it will be necessary to administer disciplinary measures. The position of the school district is that a fair and equitable district-wide student discipline policy will contribute to the quality of the student's educational experience. This discipline policy is adopted in accordance with and subject to the Minnesota Pupil Fair Dismissal Act, Minnesota Statutes, sections 121A.40-121A.56.

In view of the foregoing and in accordance with Minnesota Statutes, section 121A.55, the school board, with the participation of school district administrators, teachers, employees, students, parents, community members, and such other individuals and organizations as appropriate, has developed this policy which governs student conduct and applies to all students of the school district.

III. DEFINITIONS

"Nonexclusionary disciplinary policies and practices" means policies and practices that are alternatives to dismissing a pupil from school, including but not limited to evidence-based positive behavior interventions and supports, social and emotional services, school-linked mental health services, counseling services, social work services, academic screening for Title 1 services or reading interventions, and

- D. For expulsion and exclusion dismissals and pupil withdrawal agreements as defined in Minnesota Statutes, section 121A.41, subdivision 13:
 - 1. for a pupil who remains enrolled in the school district or is awaiting enrollment in a new district, the school district's continuing responsibility includes reviewing the pupil's schoolwork and grades on a quarterly basis to ensure the pupil is on track for readmission with the pupil's peers. The school district must communicate on a regular basis with the pupil's parent or guardian to ensure that the pupil is completing the work assigned through the alternative educational services as defined in Minnesota Statutes, section 121A.41, subdivision 11. These services are required until the pupil enrolls in another school or returns to the same school;
 - 2. a pupil receiving school-based or school-linked mental health services in the school district under Minnesota Statutes, section 245.4889 continues to be eligible for those services until the pupil is enrolled in a new district; and

IX. RECESS AND OTHER BREAKS

- A. "Recess detention" means excluding or excessively delaying a student from participating in a scheduled recess period as a consequence for student behavior. Recess detention does not include, among other things, providing alternative recess at the student's choice.
- B. The school district is encouraged to ensure student access to structured breaks from the demands of school and to support teachers, principals, and other school staff in their efforts to use evidence-based approaches to reduce exclusionary forms of discipline.
- C. The school district must not use recess detention unless:
 1. a student causes or is likely to cause serious physical harm to other students or staff;

2. the student's parent or guardian specifically consents to the use of recess detention; or
 3. for students receiving special education services, the student's individualized education program team has determined that withholding recess is appropriate based on the individualized needs of the student.
- D. The school district must not withhold recess from a student based on incomplete schoolwork.
 - E. The school district must require school staff to make a reasonable attempt to notify a parent or guardian within 24 hours of using recess detention.
 - F. The school district must compile information on each recess detention at the end of each school year, including the student's age, grade, gender, race or ethnicity, and special education status. This information must be available to the public upon request. The school district is encouraged to use the data in professional development promoting the use of nonexclusionary discipline.
 - G. The school district must not withhold or excessively delay a student's participation in scheduled mealtimes. This section does not alter a district or school's existing responsibilities under Minnesota Statutes, section 124D.111 or other state or federal law.

X. DISCIPLINARY ACTION OPTIONS

The general policy of the school district is to utilize progressive discipline to the extent reasonable and appropriate based upon the specific facts and circumstances of student misconduct. The specific form of discipline chosen in a particular case is solely within the discretion of the school district. At a minimum, violation of school district code of conduct, rules, regulations, policies, or procedures will result in discussion of the violation and a verbal warning. The school district shall, however, impose more severe disciplinary sanctions for any violation, including exclusion or expulsion, if warranted by the student's misconduct, as determined by the school district. Disciplinary action may include, but is not limited to, one or more of the following:

- A. Student conference with teacher, principal, counselor, or other school district personnel, and verbal warning;
- B. Confiscation by school district personnel and/or by law enforcement of any item, article, object, or thing, prohibited by, or used in the violation of, any school district policy, rule, regulation, procedure, or state or federal law. XI. REMOVAL OF STUDENTS FROM CLASS

- A. The teacher of record shall have the general control and government of the classroom. Teachers have the responsibility of attempting to modify disruptive student behavior by such means as conferring with the student, using positive reinforcement, assigning detention or other consequences, or contacting the student's parents. When such measures fail, or when the teacher determines it is otherwise appropriate based upon the student's conduct, the teacher shall have the authority to remove the student from class pursuant to the procedures established by this discipline policy. "Removal from class" and "removal" mean any actions taken by a teacher, principal, or other school district employee to prohibit a student from attending a class or activity period for a period of time not to exceed five (5) days, pursuant to this discipline policy.

Grounds for removal from class shall include any of the following:

- 1. Willful conduct that significantly disrupts the rights of others to an education, including conduct that interferes with a teacher's ability to teach or communicate effectively with students in a class or with the ability of other students to learn;
- 2. Willful conduct that endangers surrounding persons, including school district employees, the student or other students, or the property of the school;
- 3. Willful violation of any school rules, regulations, policies or procedures, including the Code of Student Conduct in this policy; or

4. Other conduct, which in the discretion of the teacher or administration, requires removal of the student from class.

Such removal shall be for at least one (1) activity period or class period of instruction for a given course of study and shall not exceed five (5) such periods.

A student must be removed from class immediately if the student engages in assault or violent behavior. "Assault" is an act done with intent to cause fear in another of immediate bodily harm or death; or the intentional infliction of, or attempt to inflict, bodily harm upon another.

- B. If a student is removed from class more than ten (10) times in a school year, the school district shall notify the parent or guardian of the student's tenth removal from class and make reasonable attempts to convene a meeting with the student's parent or guardian to discuss the problem that is causing the student to be removed from class.

C. Procedures for Removal of a Student From a Class.

1. If a student needs to be removed from class, they will be sent to the principal's office or another designated area. The referring staff member will notify the office and complete required documentation and communication as designated by the principal.

D. Period of Time for which a Student may be Removed from a Class (may not exceed five (5) class periods for a violation of a rule of conduct).

1. The removal from class shall be for a period of time deemed appropriate by the principal, in consultation with the teacher.

E. Responsibility for and Custody of a Student Removed from Class.

1. Students must report to the main office or another place designated by the principal.
2. Depending on the age of the student and severity of the situation, the staff member will make the decision as to whether or not a student may walk to the office on their own or accompanied by another adult.
3. Students may be engaged in one of the following: calming strategies, classwork or restorative practices.
4. The principal or designee will provide custodial care of the student when a student is removed from class until the student returns to class.

F. Procedures for Return of a Student to a Specific Class from Which the Student was Removed.

1. When a teacher removes a student from class, the principal or designee will follow up with the teachers to develop a reentry plan. If the student is out of class for more than one half of the school day, a reentry meeting with parent/guardian is required.

2. Staff member will complete communication designated by the principal and appropriate documentation in Infinite Campus will be completed by the principal or designee.

G. Procedures for Notifying a Student and the Student's Parents or Guardian of Violation of the Rules of Conduct and of Resulting Disciplinary Actions;

1. Parents/guardians will receive communication from the principal or designee regarding the grounds for removal from class, the length of the student's removal and any readmission plan.

H. Students with a Disability; Special Provisions.

1. A student's special education case manager will be notified of the incident leading to removal from class to determine if there is a need for further assessment.
2. The student's case manager will determine whether the student's removal from class requires a meeting to review the status of the student's current Individual Education Plan (IEP) or whether they see a need for further assessment. If it is determined such a meeting is necessary, the student's case manager will schedule and provide appropriate notices of a meeting.
3. The principal or designee will follow the MTSS procedures set by the district to determine if a student is in need of special education services.

I. Procedures for Detecting and Addressing Chemical Abuse Problems of Students While on School Premises.

1. If a staff member becomes suspicious that a student is using chemicals while on the school premises, a report will be made to the principal who will investigate and initiate a reassessment team response as outlined in policy 417. The MTSS team will meet to develop interventions that may be needed for a student tied to violations of the Code of Student Conduct.

XII. DISMISSAL

- A. "Dismissal" means the denial of the current educational program to any student, including exclusion, expulsion, and suspension. Dismissal does not include removal from class.

The school district shall not deny due process or equal protection of the law to any student involved in a dismissal proceeding which may result in suspension, exclusion or expulsion.

The school district shall not dismiss any student without attempting to use nonexclusionary disciplinary policies and procedures before dismissal proceedings or pupil withdrawal agreements, except where it appears that the student will create an immediate and substantial danger to self or to surrounding persons or property.

The use of exclusionary practices for early learners as defined in Minnesota Statutes, section 121A.425, is prohibited. The use of exclusionary practices to address attendance and truancy issues is prohibited.

- B. Violations leading to suspension, based upon severity, may also be grounds for actions leading to expulsion, and/or exclusion. A student may be dismissed on any of the following grounds:
1. Willful violation of any reasonable school board regulation, including those found in this policy;
 2. Willful conduct that significantly disrupts the rights of others to an education, or the ability of school personnel to perform their duties, or school sponsored extracurricular activities; or
 3. Willful conduct that endangers the student or other students, or surrounding persons, including school district employees, or property of the school.
- C. Disciplinary Dismissals Prohibited
1. A pupil enrolled in the following is not subject to dismissals under the Pupil Fair Dismissal Act:
 - a. a preschool or prekindergarten program, including an early childhood family education, school readiness, voluntary prekindergarten, Head Start, or other school-based preschool or prekindergarten program; or
 - b. kindergarten through Grade 3.
 2. This section does not apply to a dismissal from school for less than one school day, except as provided under Minnesota Statutes, chapter 125A and federal law for a student receiving special education services.
 3. Notwithstanding this section, expulsions and exclusions may be used only after resources outlined under Nonexclusionary discipline have been exhausted, and only in circumstances where there is an ongoing serious safety threat to the child or others.
- D. Suspension Procedures
1. "Suspension" means an action by the school administration, under rules promulgated by the school board, prohibiting a student from attending school for a period of no more than ten (10) school days; provided, however, if a suspension is longer than five (5) school days, the suspending administrator shall provide the superintendent with a reason for the longer term of suspension. This definition does not apply to dismissal for one (1) school day or less where a student with a disability does not receive regular or special education instruction during that dismissal period.
 2. School administration must allow a suspended pupil the opportunity to complete all school work assigned during the period of the pupil's suspension and to receive full credit for satisfactorily completing the assignments. The school principal or other person having administrative control of the school building or program is encouraged to designate a district or school employee as a liaison to work with the pupil's teachers to allow the suspended pupil to (1) receive timely course materials and other information, and (2) complete daily and weekly assignments and receive teachers' feedback.
 3. If a student's total days of removal from school exceed ten (10) cumulative

days in a school year, the school district shall make reasonable attempts to convene a meeting with the student and the student's parent or guardian before subsequently removing the student from school and, with the permission of the parent or guardian, arrange for a mental health screening for the student at the parent or guardian's expense. The purpose of this meeting is to attempt to determine the student's need for assessment or other services or whether the parent or guardian should have the student assessed or diagnosed to determine whether the student needs treatment for a mental health disorder.

4. The definition of suspension under Minnesota Statutes, section 121A.41, subdivision 10, does not apply to a student's dismissal from school for less than one day, except as provided under federal law for a student with a disability. Each suspension action may include a readmission plan. The plan shall include, where appropriate, a provision for implementing alternative educational services upon readmission which must not be used to extend the current suspension. A readmission plan must not obligate a parent or guardian to provide psychotropic drugs to their student as a condition of readmission. School administration must not use the refusal of a parent or guardian to consent to the administration of psychotropic drugs to their student or to consent to a psychiatric evaluation, screening, or examination of the student as a ground, by itself, to prohibit the student from attending class or participating in a school-related activity, or as a basis of a charge of child abuse, child neglect, or medical or educational neglect. The school administration may not impose consecutive suspensions against the same student for the same course of conduct, or incident of misconduct, except where the student will create an immediate and substantial danger to self or to surrounding persons or property or where the school district is in the process of initiating an expulsion, in which case the school administration may extend the suspension to a total of fifteen (15) days.
5. A child with a disability may be suspended. When a child with a disability has been suspended for more than five (5) consecutive days or ten (10) cumulative school days in the same year, and that suspension does not involve a recommendation for expulsion or exclusion or other change in placement under federal law, relevant members of the child's IEP team, including at least one of the child's teachers, shall meet and determine the extent to which the child needs services in order to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals in the child's IEP. That meeting must occur as soon as possible, but no more than ten (10) days after the sixth (6th) consecutive day of suspension or the tenth (10th) cumulative day of suspension has elapsed.
6. Alternative education services must be provided to a pupil who is suspended for more than five (5) consecutive school days. Alternative educational services may include, but are not limited to, special tutoring, modified curriculum, modified instruction, other modifications or adaptations, instruction through electronic media, special education services as indicated by appropriate assessments, homebound instruction, supervised homework, or enrollment in another district or in an alternative learning center under Minnesota Statutes, section 123A.05 selected to allow the student to progress toward meeting graduation standards under Minnesota Statutes, section 120B.02, although in a different setting.
7. The school administration shall not suspend a student from school without an

informal administrative conference with the student. The informal administrative conference shall take place before the suspension, except where it appears that the student will create an immediate and substantial danger to self or to surrounding persons or property, in which case the conference shall take place as soon as practicable following the suspension. At the informal administrative conference, a school administrator shall notify the student of the grounds for the suspension, provide an explanation of the evidence the authorities have, and the student may present the student's version of the facts. A separate administrative conference is required for each period of suspension.

8. After school administration notifies a student of the grounds for suspension, school administration may, instead of imposing the suspension, do one or more of the following:
 - a. strongly encourage a parent or guardian of the student to attend school with the student for one day;
 - b. assign the student to attend school on Saturday as supervised by the principal or the principal's designee; and
 - c. petition the juvenile court that the student is in need of services under Minnesota Statutes, chapter 260C.
9. A written notice containing the grounds for suspension, a brief statement of the facts, a description of the testimony, a readmission plan, and a copy of the Minnesota Pupil Fair Dismissal Act, Minnesota Statutes, sections 121A.40-121A.56, shall be personally served upon the student at or before the time the suspension is to take effect, and upon the student's parent or guardian by mail within forty-eight (48) hours of the conference. (See attached sample Notice of Suspension.)
10. The school administration shall make reasonable efforts to notify the student's parent or guardian of the suspension by telephone as soon as possible following suspension.
11. In the event a student is suspended without an informal administrative conference on the grounds that the student will create an immediate and substantial danger to surrounding persons or property, the written notice shall be served upon the student and the student's parent or guardian within forty-eight (48) hours of the suspension. Service by mail shall be complete upon mailing.
12. Notwithstanding the foregoing provisions, the student may be suspended pending the school board's decision in an expulsion or exclusion proceeding, provided that alternative educational services are implemented to the extent that suspension exceeds five (5) consecutive school days.

E. Expulsion and Exclusion Procedures

1. "Expulsion" means a school board action to prohibit an enrolled student from further attendance for up to twelve (12) months from the date the student is expelled. The authority to expel rests with the school board.
2. "Exclusion" means an action taken by the school board to prevent enrollment

or re-enrollment of a student for a period that shall not extend beyond the school year. The authority to exclude rests with the school board.

3. All expulsion and exclusion proceedings will be held pursuant to and in accordance with the provisions of the Minnesota Pupil Fair Dismissal Act, Minnesota Statutes, sections 121A.40-121A.56.
4. No expulsion or exclusion shall be imposed without a hearing, unless the right to a hearing is waived in writing by the student and parent or guardian.
5. The student and parent or guardian shall be provided written notice of the school district's intent to initiate expulsion or exclusion proceedings. This notice shall be served upon the student and his or her parent or guardian personally or by mail, and shall contain a complete statement of the facts; a list of the witnesses and a description of their testimony; state the date, time and place of hearing; be accompanied by a copy of the Pupil Fair Dismissal Act, Minnesota Statutes, sections 121A.40-121A.56; describe the nonexclusionary disciplinary practices accorded the student in an attempt to avoid the expulsion proceedings; and inform the student and parent or guardian of their right to: (1) have a representative of the student's own choosing, including legal counsel at the hearing; (2) examine the student's records before the hearing; (3) present evidence; and (4) confront and cross-examine witnesses. The school district must advise the student's parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from the Minnesota Department of Education (MDE) and is posted on its website.
6. The hearing shall be scheduled within ten (10) days of the service of the written notice unless an extension, not to exceed five (5) days, is requested for good cause by the school district, student, parent, or guardian.
7. All hearings shall be held at a time and place reasonably convenient to the student, parent, or guardian and shall be closed, unless the student, parent, or guardian requests an open hearing.
8. The school district shall record the hearing proceedings at district expense, and a party may obtain a transcript at its own expense.
9. The student shall have a right to a representative of the student's own choosing, including legal counsel, at the student's sole expense. The school district shall advise the student's parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from MDE. The school board may appoint an attorney to represent the school district in any proceeding.
10. If the student designates a representative other than the parent or guardian, the representative must have a written authorization from the student and the parent or guardian providing them with access to and/or copies of the student's records.
11. All expulsion or exclusion hearings shall take place before and be conducted by an independent hearing officer designated by the school district. The hearing shall be conducted in a fair and impartial manner. Testimony shall be given under oath and the hearing officer shall have the power to issue subpoenas and administer oaths.

12. At a reasonable time prior to the hearing, the student, parent or guardian, or authorized representative shall be given access to all school district records pertaining to the student, including any tests or reports upon which the proposed dismissal action may be based.
13. The student, parent or guardian, or authorized representative, shall have the right to compel the presence of any school district employee or agent or any other person who may have evidence upon which the proposed dismissal action may be based, and to confront and cross-examine any witnesses testifying for the school district.
14. The student, parent or guardian, or authorized representative, shall have the right to present evidence and testimony, including expert psychological or educational testimony.
15. The student cannot be compelled to testify in the dismissal proceedings.
16. The hearing officer shall prepare findings and a recommendation based solely upon substantial evidence presented at the hearing, which must be made to the school board and served upon the parties within two (2) days after the close of the hearing.
17. The school board shall base its decision upon the findings and recommendation of the hearing officer and shall render its decision at a meeting held within five (5) days after receiving the findings and recommendation. The school board may provide the parties with the opportunity to present exceptions and comments to the hearing officer's findings and recommendation provided that neither party presents any evidence not admitted at the hearing. The decision by the school board must be based on the record, must be in writing, and must state the controlling facts on which the decision is made in sufficient detail to apprise the parties and the Commissioner of the Minnesota Department of Education (Commissioner) of the basis and reason for the decision.
18. A party to an expulsion or exclusion decision made by the school board may appeal the decision to the Commissioner within twenty-one (21) calendar days of school board action pursuant to Minnesota Statutes, section 121A.49. The decision of the school board shall be implemented during the appeal to the Commissioner.
19. The school district shall report any suspension, expulsion or exclusion action taken to the appropriate public service agency, when the student is under the supervision of such agency.
20. The school district must report, through the MDE electronic reporting system, each expulsion or exclusion within thirty (30) days of the effective date of the action to the Commissioner. This report must include a statement of alternative educational services given the student and the reason for, the effective date, and the duration of the exclusion or expulsion. The report must also include the student's age, grade, gender, race, and special education status. The dismissal report must include state student identification numbers of affected students.
21. Whenever a student fails to return to school within ten (10) school days of the

termination of dismissal, a school administrator shall inform the student and his/her parent or guardian by mail of the student's right to attend and to be reinstated in the school district.

XIII. ADMISSION OR READMISSION PLAN

A school administrator must prepare and enforce an admission or readmission plan for any student who is excluded or expelled from school. The plan must include measures to improve the student's behavior, which may include completing a character education program consistent with Minnesota Statutes, section 120B.232, subdivision 1, social and emotional learning, counseling, social work services, mental health services, referrals for special education or 504 evaluation, and evidence-based academic interventions. The plan must include reasonable attempts to obtain parental involvement in the admission or readmission process, and may indicate the consequences to the student of not improving the student's behavior. The readmission plan must not obligate parents to provide a sympathomimetic medication for their child as a condition of readmission.

XIV. NOTIFICATION OF POLICY VIOLATIONS

Notification of any violation of this policy and resulting disciplinary action shall be as provided herein, or as otherwise provided by the Pupil Fair Dismissal Act or other applicable law. The teacher, principal or other school district official may provide additional notification as deemed appropriate.

In addition, the school district must report, through the MDE electronic reporting system, each exclusion or expulsion, each physical assault of a school district employee by a pupil, and each pupil withdrawal agreement within thirty (30) days of the effective date of the dismissal action, pupil withdrawal, or assault, to the MDE Commissioner. This report must include a statement of the nonexclusionary disciplinary practices, or other sanction, intervention, or resolution in response to the assault given to the pupil and the reason for, the effective date, and the duration of the exclusion or expulsion or other sanction, intervention, or resolution. The report must also include the pupil's age, grade, gender, race, and special education status.

XV. STUDENT DISCIPLINE RECORDS

The policy of the school district is that complete and accurate student discipline records be maintained. The collection, dissemination, and maintenance of student discipline records shall be consistent with applicable school district policies and federal and state law, including the Minnesota Government Data Practices Act, Minnesota Statutes, chapter 13.

XVI. STUDENTS WITH DISABILITIES

Students who are currently identified as eligible under the IDEA or Section 504 will be subject to the provisions of this policy, unless the student's IEP or 504 plan specifies a necessary modification.

Before initiating an expulsion or exclusion of a student with a disability, relevant members of the child's IEP team and the child's parent shall, consistent with federal law, conduct a manifestation determination and determine whether the child's behavior was (i) caused by or had a direct and substantial relationship to the child's disability and (ii) whether the child's conduct was a direct result of a failure to implement the child's IEP. If the student's educational program is appropriate and the behavior is not a manifestation of the student's disability, the school district will proceed with discipline – up to and including expulsion – as if the student did not have a disability, unless the student's educational program provides

otherwise. If the team determines that the behavior subject to discipline is a manifestation of the student's disability, the team shall conduct a functional behavioral assessment and implement a behavioral intervention plan for such student provided that the school district had not conducted such assessment prior to the manifestation determination before the behavior that resulted in a change of placement. Where a behavioral intervention plan previously has been developed, the team will review the behavioral intervention plan and modify it as necessary to address the behavior.

When a student who has an IEP is excluded or expelled for misbehavior that is not a manifestation of the student's disability, the school district shall continue to provide special education and related services during the period of expulsion or exclusion.

XVII. OPEN ENROLLED STUDENTS

The school district may terminate the enrollment of a nonresident student enrolled under an Enrollment Option Program (Minnesota Statutes, section 124D.03) or Enrollment in Nonresident District (Minnesota Statutes, section 124D.08) at the end of a school year if the student meets the definition of a habitual truant, the student has been provided appropriate services for truancy (Minnesota Statutes, chapter 260A), and the student's case has been referred to juvenile court. The school district may also terminate the enrollment of a nonresident student over the age of seventeen (17) enrolled under an Enrollment Options Program if the student is absent without lawful excuse for one or more periods on fifteen (15) school days and has not lawfully withdrawn from school.

XVIII. DISCIPLINE COMPLAINT PROCEDURE

Students, parents and other guardians, and school staff may file a complaint and seek corrective action when the requirements of the Minnesota Pupil Fair Dismissal Act, including the implementation of the local behavior and discipline policies, are not being implemented appropriately or are being discriminately applied.

The Discipline Complaint Procedure must, at a minimum:

1. provide procedures for communicating this policy including the ability for a parent to appeal a decision under Minnesota Statutes, section 121A.49 that contains explicit instructions for filing the complaint;
2. provide an opportunity for involved parties to submit additional information related to the complaint;
3. provide a procedure to begin to investigate complaints within three school days of receipt, and identify personnel who will manage the investigation and any resulting record and are responsible for keeping and regulating access to any record;
4. provide procedures for issuing a written determination to the complainant that addresses each allegation and contains findings and conclusions;
5. if the investigation finds the requirements of Minnesota Statutes, sections 121A.40 to 121A.61, including any local policies that were not implemented appropriately, contain procedures that require a corrective action plan to correct a student's record and provide relevant staff with training, coaching, or other accountability practices to ensure appropriate compliance with policies in the future; and

6. prohibit reprisals or retaliation against any person who asserts, alleges, or reports a complaint, and provide procedures for applying appropriate consequences for a person who engages in reprisal or retaliation.

XIX. DISTRIBUTION OF POLICY

The school district will notify students and parents of the existence and contents of this policy in such manner as it deems appropriate. Copies of this discipline policy shall be made available to all students and parents at the commencement of each school year and to all new students and parents upon enrollment. This policy shall also be available upon request in each principal's office.

XX. REVIEW OF POLICY

The principal and representatives of parents, students and staff in each school building shall confer at least annually to review this discipline policy, determine if the policy is working as intended, and to assess whether the discipline policy has been enforced. Any recommended changes shall be submitted to the superintendent for consideration by the school board, which shall conduct an annual review of this policy.
