## MEMORANDUM

TO: Board of Education Members

FROM: Christopher Leone, Chief Operating Officer /Director of Magnet Schools

DATE: January 3, 2013

SUBJECT: **Facilities Report / Building Security Update**

A handwritten signature in black ink, appearing to be "C. Leone", is written over the subject line.

---

Since the horrific tragedy at Sandy Hook Elementary on Friday, December 14, 2012, districts across the nation have faced a new reality and begun to address facilities and building security. While Bloomfield has some of the most modern and safest buildings in the State of Connecticut, it does not mean that improvements should not be considered.

In recent weeks the facilities department, under a directive given to Mr. Wayne Casper, Director of Facilities, has begun a review of all facilities. This review has included a walk-through with Lieutenant Samsel of the Bloomfield Police Department. These walk-throughs created some immediate changes that include the enforcement of already established sign-in and identification procedures. Additionally, each school principal has been directed to review their Emergency Operation Plans with their staff and with assistance as requested from the Facilities Department. Finally, principals have been requested to place work orders for missing or additional building keys.

While there are immediate staffing considerations that can be made our building security will require priority purchasing of items not considered in recent construction. These items include, and are not limited to, the following:

- a) Door cameras and automatic buzzers at CAIS, CAMS, BHS, and GEMS. (Short Term)
- b) Installation of "ballards" to further secure the building entries of WECMS, CAIS, CAMS, BHS, and GEMS. (FY 13-14)
- c) Installation of double door system at all schools. This will require secondary entry system beyond cameras and buzzers. (FY 13-14)
- d) Further review of use of large glass windows at entry and exits at schools. (Long Term)

Originally, as you will recall, this Board of Education Meeting and the capital expense for FY2013-2014 was set to address long-term needs for district buildings and equipment. During the meeting, you will receive a completed report that highlights all district equipment, including longevity dates. However, based on the greater financial needs for security it is my recommendation that these items will need to wait or be addressed through possible year-end surplus.

During the Finance Committee Meeting, on Tuesday, January 22, 2013, the district will present a series of budget transfers to address priority security items.
