Board Chair Drago asks for an itemized list with descriptions of the items before we deprovision the Chromebooks and iPads. Mr. Boyd will bring this to the February meeting.

Mr. Boyd answers questions in regard to the bus drivers. Superintendent Bottensek shares that we don't plan to add a 4th route at this time due to enrollment being down.

6.5. PRINCIPAL'S REPORT

Superintendent Bottensek shares that this report was fairly short because of the holidays. She gives an athletic update.

6.6. SUPERINTENDENT'S REPORT

Superintendent Brittany Bottensek will give a report to the board.

Superintendent Bottensek shares that Business Manager Molly Rust and herself are now meeting weekly to start on the budget prep. She explains how we are getting paid for ADM based on our highest enrollment number for the past two years. So we are currently getting paid on a higher enrollment. She shares that we are going to be looking at some significant budget decisions to present a balanced budget for the 2026-2027 school year, roughly \$400,000. We will build our budget based on the numbers we currently have, not hopeful numbers. We will be looking at having to make cuts for next year. Across the state, schools are making cuts, either currently during this year or for the start of next year. We are confident in where our budget is now, but we are practicing responsible spending. We will have more specifics to share as we get closer to budget time.

There have been no significant changes to the state budget, but we expect a revenue report in February.

Superintendent Bottensek shares that she has completed one course and now has two courses this term she is taking. She and Ms. Tripp are still attending SEL and her and Ms. Rust will be attending the COSA conference.

1. To address or resolve property boundaries with the Grange.
2. A monthly review of the Strategic Plan: Academic Success, Reading Program, Enrollment Rate, Volunteerism.

Superintendent Bottensek shares that there was a Grange meeting this week. The board will get updated on this in executive session.

Board Chair Drago shares that the board would still like to ask Superintendent Bottensek for some form of test result academic progress data. Superintendent Bottensek shares that we have some partners within the LESD who have been helping us with data that has non-defining data. We can ask them to provide this for us after semester to bring to the board in March. She also can show data reports on MAPS and EasyCBM.

8. NEW BUSINESS

8.1. SENIOR TRIP PRESENTATION

The classes of 2026 and the class of 2027 would like to present their senior trip ideas to the board for approval.

Superintendent Bottensek shares that we do have two classes to present tonight.

Both this year's seniors and juniors would like to present.

Jack Eastburn and Isabel Brewster came to represent the class of 2026. They shared an itinerary with the board. They plan to go to the coast for their trip. Their chaperons will be Mr. Carl, their class advisor, and Ms. Karey Eastburn. There are two houses on the property, one will be the boys house and one the girls house. They plan to make an educational stop at the Tillamook Cheese Factory.

Owen Mooney represents the class of 2027. They are planning to go out of state, to Washington for their senior trip next year. They know that this means that it has to be after school, so they will be going after they graduate. They are presenting now because they have found a house they would like to rent, and it books up quickly.

They will be staying near Silverwood and plan to go to the theme park at some point in time.

Board Chair Drago asks if all the students will be 18 at the time of the trip? Mr.

Mooney answers no, not all of them. They are also hoping to use school transportation. But right now, they are just asking for permission to book the house.

Superintendent Bottensek shares that if the class wants to use school transportation, we would charge them a rental/mileage fee because it will no longer be a school event. This is current precedence.

The board agrees to the senior trip of the class of 2026. They wish them a fun trip.

The board agrees to the trip of the class of 2027. They look forward to hearing more about the plan next year.

They did so with not a single complaint. Some were even not feeling great themselves, yet they showed up and gave it their all. We might be small in numbers but we are BIG in teamwork.

Triangle Lake Charter School
Board Report Student Services – February 2026
Behavior & School Climate Update

As we move into the second semester, we have continued to focus on maintaining a positive, safe, and supportive learning environment for all students.

First Semester Referral Data

(Referral data attached)

The attached data reflects office referrals from the first semester. We continue to monitor trends, review patterns by location and time of day, and identify opportunities for reteaching expectations and strengthening supports for students.

Post–Winter Break Reset

After winter break, we proactively reviewed schoolwide expectations with students, with a particular focus on:

- Playground expectations
- Cafeteria expectations

This reset allowed us to revisit behavioral expectations, clarify procedures, and ensure consistency across grade levels. Teachers continue to review classroom expectations regularly, especially following breaks or when patterns of behavior indicate a need for reteaching.

Reflection Process for Office Referrals (Forms attached)

This school year, we implemented a structured student reflection process when students are referred to the office.

When a student comes to the office:

1. They complete a reflection form, providing them an opportunity to:
 - Share their perspective
 - Reflect on what happened
 - Consider how their actions impacted others
2. I review the reflection form with the student.
3. We discuss:
 - What choices were made
 - Alternative choices
 - Next steps to repair harm (if applicable)

This process has helped:

- Increase student ownership
- Encourage problem-solving and accountability
- Provide students a voice in the discipline process
- Shift conversations from purely punitive to restorative

Ongoing Focus

We will continue to:

- Monitor referral data trends
- Use data during monthly team meetings to problem-solve repeat behaviors
- Reinforce positive behavior through positive referrals
- Review and refine our behavioral matrix and handbook updates

February 2026 District Board Meeting

Superintendent Report - Ms. Bottensek

- **Blachly School District Budget**
 - 2026-27 Budget preparation is in full swing. Molly and I are meeting weekly for budget planning conversation. We have large chunks of time blocked out for budget each week between now and the end of April.
 - Currently, we are still expecting approximately \$400,000 less in State School Fund revenue for next school year as well as decreases in grant funds that are paid using ADM. That amount is 6.4% of our annual general fund budget. Unfortunately, we will be faced with making a lot of difficult decisions this budget cycle when balancing the budget for the 2026-27 school year due to this decrease in revenue.

- **State Budget Update**
 - There is positive news from Salem on February 4th as the March Revenue Forecast was presented to the legislative revenue committees. Net General Fund and Lottery resources are up \$286.5 million from the December Forecast. These estimates project that the \$750 million General Fund deficit has dipped below \$500 million and could be lower as budget pictures become clearer.

- **Triangle Lake Education Association Negotiation**
 - TLEA has requested to negotiate a successor contract to the current collective bargaining agreement.

- **Lane County Rural District Professional Development Collaborative**
 - This partnership with:
 - Blachly
 - Crow-Applegate-Lorane
 - Mapleton
 - Marcola
 - McKenzie
 - Lane ESD.
 - Our next session is in March.

- **Professional Development:**
 - COSA New Superintendent Academy
 - Yearlong group

- Monthly virtual meetings
- 4 in-person learning sessions at conferences throughout the year.
- Administrator University Course
 - ADMN 640 – School District Leadership
 - ADMN 642 – Inclusive Systems to Promote Success
- Instructional Leadership Academy (CEL)
 - Our next school learning walk is at the end of February.
 - Our next administrative PD day at the ESD is Friday, February 27th.
- COSA/OASBO Winter Conference
 - Molly and I attended this conference in Salem at the end of January. The sessions we attended were extremely helpful for both of us in our roles as we prepare to balance a budget with less state school fund revenue. The running theme at the conference was best practices for budget reductions.

Purpose of the Local Service Plan

The Local Service Plan is a foundational document for Lane ESD and our component school districts, designed to outline the range of services and programs offered to support district needs. Its primary purpose is to define the services available and clarify how resources, staffing, and funding will be allocated to support districts effectively. With this document, districts can make informed decisions about which services best align with their unique needs and goals, selecting from available services each year.

Additionally, the Local Service Plan plays an essential role in promoting equity and access by ensuring that all districts—regardless of their size or individual resources—have the opportunity to access crucial educational services, especially in areas where Lane County’s smaller districts may struggle to provide these independently. The plan also promotes accountability and transparency, clearly documenting the services to be delivered and setting mutual expectations for the ESD and our component districts. This transparency enables stakeholders to assess service outcomes and effectiveness.

Recommended Use of the Local Service Plan

The district may:

- familiarize itself with funding structures and services in the Local Service Plan.
- assess their needs and priorities to meet their goals and mission.
- determine which ESD services could provide valuable support or enhancement.
- submit its service order package to the ESD by March 31st, 2026.
- review the document throughout the year to determine if additional services are needed.

How Services are Funded

State School Fund resources are provided to ESDs to offer services for children with special needs, technology, school improvement, and administrative support to component school districts as described in the Local Service Plan. Pursuant to ORS 327.019, 90% of these resources are allocated to component school districts based on weighted student population (ADMw). Of the amount allocated to districts, approximately 12% goes directly to services available to all districts (Core Services), while approximately 88% is allocated as flex funds, which can be used to purchase services through the local service plan menu (Menu Services or Custom Services).

Local Service Plan Resources

Core Services provide stability and flexibility in meeting student needs where the level of support may vary from district to district and year to year; this commitment supports the equitable distribution of resources for students county-wide and basic operational needs.

Menu Services are optional for districts to choose from using their allocated Flex funds and individual district budgets.

Custom Services can be requested by an individual district or group of districts based on a specific need. These services may include staffing or the provision of services.

Grants and Contracts support specialized, innovative, and often temporary programs or services with qualifying conditions at no cost to districts. The ESD intentionally applies for grants that extend the services of the four component areas provided through the State School Fund to support the educational mission of the county.

State and Federal Contracts are in place to ensure that the ESD supports school districts in implementing state and federal educational policies and programs, complies with mandates, and provides specialized services.

Grants are targeted funds that the ESD has identified and applied for to support specific educational programs and initiatives for the component districts.

Core Services

Core services are available to all component districts at no cost and represent approximately 12% of the local service plan allocations to districts.
