- 4.A. Minutes of Regular Board Meeting - November 2023
- 4.B. Financial Summary - November 2023
For the 2023-24 school year, additional coaching positions were approved by the school board. A coaching position previously approved in years past was unintentionally left off the new schedule. The objective of the new coaching and stipend schedule was to add needed positions and not eliminate existing positions. As such, the past yearly stipend amount of \$1200 will be paid this current school year to the junior high assistant wrestling coach, and changes will be submitted next year for board approval.

6.A. Superintendent Report

Calendar Art:

For the past 27 years, the Idaho School Boards Association and Moreton & Company have sponsored a calendar featuring the artwork of Idaho school children. Each year, a total of 13 drawings are selected from all the statewide applicants. This year, **Savannah Eriksen**, one of our 5th grade students, had her artwork selected to represent the month of February. Earlier this year, students at Oakwood drew about a favorite adventure in Idaho during their Art Rotation, which took the place of music this year during the remodeling. (See attachment)

Business Professionals of America Organization:

Preston High School students did a fantastic job at the BPA Regional Conference, with 14 students qualifying for the state competition!

The students placed as follows:

- **Jackson Berks** - 4th in Fundamental Accounting
- **Lexie Mills** - 3rd in Payroll Accounting and 3rd in Health Insurance and Medical Billing
- **Jonathan Cole** - 5th in Banking & Finance, 3rd in Computer Network Technology
- **Myka Beckstead** - 2nd in Banking & Finance, 1st in Intermediate Word Processing
- **Maddison Wood** - 1st in Banking and Finance, 1st in Interview Skills
- **Lainey Parrish** - 3rd in Intermediate Word Processing, 1st in Graphic Design Promotion
- **Adalynn Dryden** - 2nd in Administrative Support Team
- **Corgyn Burmester** - 2nd in Administrative Support Team
- **Easton Moosman** - 5th in Device Configuration and Troubleshooting
- **Chase Bostwick** - 4th in Device Configuration and Troubleshooting
- **Katherine Mueller** - 2nd in Podcast Production Team, 3rd in Interview Skills
- **Oakley Reid** - 2nd in Podcast Production Team
- **Addie Romney** - 2nd in Podcast Production Team
- **Anna May** - 2nd in Interview Skills, 3rd in Presentation Individual

Secondary Math Coach:

The superintendent met with Mr. Brandon Lyon to review activities and actions he has taken as a math coach thus far this school year. Outcomes identified during the evaluatory conversation follow below:

- New Curriculum 6-12 (Core Program: Into Math & Intervention: Math 180)
- Mr. Lyon worked with HMH Rep, Peter, to get all aspects (specifically tech components) of the new program working correctly.
- Spent time conversing and working with a teacher from Minnesota who was experiencing similar issues where Canvas and HMH Teacher were not integrating properly. The situation was resolved, and Master Class files are now user-friendly.
- Created a Curriculum Map for all HS Courses (topics to cover)
- Met with JH math chair, and Mr. Lyon will assist JH with a Curriculum Map outlining key concepts.
- (This will create a 6-12 grade alignment and concept flow of all courses highlighting material that needs to be covered, tested, and mastered in each course.)
- Strategic Plan Math Audit - Mr. Lyon is reviewing the 2016 math audit to make sure all deficiencies noted a half dozen years ago have been or will be addressed.
- Mr. Lyon is arranging and planning PD where JH and HS math teachers will meet together to discuss the new curriculum.
- As Math Chair, Mr. Lyon meets every other week in a HS PLC
- Mr. Lyon has observed math teachers in action.
- Testing Conducted: Students have been tested using STAR and HMH Growth. Students will test again next month, and then the coach will analyze data to share with the team. (The HMH textbook company of the curriculum Preston is using will participate in the

data analysis meeting.)

Franklin County High School Water Line

Problems associated with the water line at FCHS have caused a distraction to student learning. When sinks are used or toilets are flushed, pipes inside the building shake and make sounds. Preston City replaced the water meter, but rattling of pipes still occurred. The District Maintenance checked the exposed pipe within the building for blockage, put a fish tape down the pipe from the water meter to the school, put a camera down that same line, took out a pressure-reducing valve, dismantled the backflow preventer, and replaced faucets. None of those actions resolved the problem. The district then worked with the fire department to connect the school water line directly to a water hydrant. With more water volume going through district pipes, the rattling ceased. The district ascertained that the water volume problem would therefore be in the line on the other side of the meter connecting to the City. District representatives attended two Preston City Council Meetings to request that the City replace the line on the city side of the meter. The request was denied. School district administration will work with the district maintenance supervisor to find out more and determine next steps.

Money Saving Ideas:

With a goal of not cutting positions or employee wages, administrators brainstormed possible ways to spend \$303,000 less than initially budgeted this year due to the loss of anticipated money that occurred when the state moved to funding based on student attendance.

- Follow established purchasing procedures.
- Students pay for CNA clinical supervision versus district.
- Limit adult-paid lunches to those specifically assigned to provide service during the lunch hour.
- Summer school pay at a set rate for all teachers involved
- Look closely at the districtwide class size plans for next school year to make sure the state reimburses the district for teachers hired.
- Review athletic travel and give teams a travel budget to stay within.
- Review the amount the district pays for teams to attend summer camps.
- Use full amount of state literacy funds for appropriate items in which the use of general funds was considered.
- Remove instructional and assessment programs that provide duplicate or similar information.

These ideas will be taken to the school leadership teams for discussion, but we wanted the board to get eyes on it first.

Any suggestions from the board on areas of consideration?

Board Training Opportunity:

In addition to the annual board member training offered by the Idaho School Boards Association, ISBA is providing a new opportunity for board and leadership development. **Communicating as Leaders workshops** are being scheduled in regions throughout the state. These workshops are designed to strengthen leadership and communication skills for school board members. Funded by a generous grant, this training is brought to boards at no cost. The workshop equips school board members with effective communication and conflict resolution skills, supporting effective dialog within the boardroom and with the community. The

content can help governance leaders navigate difficult conversations among themselves and with the public. The workshops address:

- How We Communicate Matters
- Effective Communication
- Understanding Our Communication Style
- Communication in Public Decision Making
- Communication among Leaders with the Public
- Commitment to Effective Communication

The workshops are three hours in length, and dinner is provided for attendees in advance. Preston has been selected to host a workshop for southeastern Idaho. A workshop will be scheduled in the Preston location during the first of the new calendar year. We need to find out which evening, Monday, January 29th through Thursday, February 1st, would work best for the Preston board members, and the preferred start time for the half-hour dinner (5:00 or 5:30) before the three-hour training.

MEETING NOTES:

Superintendent Harrison, in regard to the math coach, stated that this was the resolution for previously discussed frustration when it came to the state audit. The math coach focuses on lessons for our teachers and the relationships with what other schools are doing. The board asked if we have had another audit since the previous 2012-2016 one? Superintendent Harrison stated that we had not. The board then asked how the math coach is impacting the schools, and how long until we would see the results. Superintendent Harrison stated that by the end of January or early February, Mr. Lyon will show us a report of scores. This is helping, especially our secondary schools, with collaboration, but we will not see the improvements in one year. It will most likely take two or three.

In reference to the money-saving ideas, the board asked if a Supplemental Levy was on the books. Superintendent Harrison said that we have the same needs as before and will come up with a proposal next month. The board wanted to know if there had been movement in legislation on funding per student. Superintendent Harrison stated yes, that this could hit our budget, and we can't do everything we have always done, as we haven't seen cuts like this before, there will be changes. Superintendent Harrison also stated that we are looking at having it be the same tax amount per household, but this would increase the amount coming to the district because the tax base has increased.

For the board training opportunity, Superintendent Harrison asked the board to look at the dates suggested and get back to him. Once a date has been decided, neighboring schools will also be invited.

7. Policy - Action Item

7.A. Policy 1st Reading

Items for Board to consider...

- Complete 'fresh start' re-write of all policies moving from Holinka Law to ISBA's model policies
- Started the process of reviewing and adopting all new policies in February 2022, and have only adopted the 1000's section.
- Required Policies versus Recommended Policies
- Pressing items that come up - Is a policy in place or needed
- Updated Policies each quarter

- Work Sessions to discuss policies

Superintendent Harrison discussed whether we should go back to Holinka law or just do the required policies and then go back through the policies. If the board decides to continue with the ISBA policies, there would need to be more work sessions in order to complete the task.

The board members discussed that they hate going through policies just because ISBA stated that we needed to. They would rather bring in the required policies and policies that would be helpful to our district and adopt those. The board also asked for clarification on how we would see the differences between the two firms and get updates.

Superintendent Harrison said that Jill Holinka would give us the updates instead, and we would see the difference because we could look through the policies and make updates as needed instead of going through all of them.

The board was concerned with making sure that Jill Holinka would see the policy updates that we had already done using the ISBA information. Superintendent Harrison said that he would work with Jill and send our new policies over to her, to make sure that she saw them.

The board then clarified that Jill Holinka can send us the required policies and ones she recommends. Superintendent Harrison confirmed.

The board asked if the rate was similar to the current ISBA rate and Superintendent Harrison confirmed it is about the same.

The board also stated that they currently feel they are rubber-stamping them and not having the chance to really look at them to redo.

Superintendent then said, should we move forward with Jill, and the board wanted to confirm that we wouldn't be trying to have both companies running at the same time. Superintendent Harrison confirmed that this wouldn't happen.

Motion to move forward with reverting back to Holinka Law policies and discontinue ISBA. This motion, made by Darren Cole and seconded by Susan Yardley, Carried.

7.B. Policy 2nd Reading

Polices below are on hold until the board determines plans for policy adoption.

- 2000 SERIES—INSTRUCTION
- 2000 - Goals
- 2100 - Curriculum Development and Assessment
- 2120 - Program Evaluation and Diagnostic Tests
- 2125 - K-3 Reading Intervention
- 2130 - Research Studies
- 2140 - Student and Family Privacy Rights
- 2140F - Student and Family Privacy Rights - Consent Form
- 2150 - Copyright
- 2150P - Copyright Compliance
- 2160 - Computer Science

Based on the previous conversation, Superintendent Harrison recommended tabling the policy 2525 for review until we are able to review the information with Holinka law and get more staff feedback, but to approve policy 3225.

The board asked that updates be made on page 6 of the policy for typos and to have it clarified to ensure we have equal access to students who are or are not enrolled in our district.

Motion to move policies 3225 to a PSD policy. This motion, made by Len Nelson and seconded by Susan Yardley, Carried.

7.C. Policy 3rd Reading

8. Action Items

8.A. PHS Club Requests (Bowling & Book Worm)

Earlier this year, both the Bowling and Book Worm Clubs petitioned to be recognized by the school board as a student club. Although both clubs had been active in past years, acceptance as an official club was not formally renewed by the board while the club policy was being discussed in work sessions. Clubs were directed to proceed as they had in past years. Both groups would like the board to reconsider their application to be a student club per Preston School District Policy 3225.

During this 2023-34 school year, the Bowling Club has been practicing and competing, where some students even won scholarship money.

The Book Worm Club has been meeting on Wednesday for a book study to discuss insights from the current book the group is reading.

9. Board Member Comments or Reports

Board member, Susan Yardly, commented that she had visited classrooms and it has been great. She has been really impressed with the learning that is going on in the classroom.

The board asked for an updated on the facility assessment. Superintendent Harrison stated that he had a meeting with Craig tomorrow. The board asked if he would be presenting the full report at that meeting. Superintendent Harrison wasn't sure as he seemed to have more questions.

As this was the last board meeting for multiple members, appreciation was expressed for their service and all they have done for Preston School District.

10. Adjourn

6. Information Items
 - 6.A. December Board Meeting - Date Changed to Wednesday, December 13
 - 6.B. PSD Employee Gift from the School Board
In the past, the School District/School Board has given a ham to employees during the holidays. Some employees indicated to trustees that it might be time to try something new. This year, the district will provide gifts to each employee in the form of a \$25 gift card to Stokes Market Place, where employees can go and purchase whatever they would like from the store.

Last year, \$6,776 was spent on hams. Stokes will provide a discount to the district for the purchase of the gift cards. The total cost for 340 cards will be \$6,460.
 - 6.C. Student-Athlete Academic Team Recognitions
In order to further promote the school board's mission/vision of academic success,

a community member has donated plaques and \$400 per athletic season for academic achievement. The boy's and girl's varsity teams with the highest cumulative GPA during fall, winter, and spring will each receive a \$200 donation, and their team names placed on a plaque that will be hung at the high school. The Fall teams with the highest GPA are Boys Golf (3.71) and Girls Cross Country (3.81).

6.D. School Report - Preston Junior High Behavior Learning Intervention

Mr. Tom Schmidt presented the following: PJH adopted PBIS to help students learn in the classroom. This is done by focusing on professional development to help teachers with in-classroom behavior, adding a skill-building room where students are given one-on-one help, assisting students with taking accountability for their own actions, then, after the previously listed interventions, testing and special ed resources are used. Parents are included in the full process. All of these interventions align with PBIS training, school goals, and the Danielson framework.

Referencing data presented:

The board asked Mr. Tom Schmidt to send a report showing the data from last year's behavior to this year.

Board members asked if teacher referrals are at 20%?

Mr. Schmidt answered saying, "no they are at 12%".

Board members asked if this same behavior system is used in the high school.

Superintendent Harrison stated that PBIS is in every school, but each school is trained and has taken a different approach.

The board asked what the triggers for the referral are. Stating that a kid could get away with something in one teacher's class and not another.

Mr. Schmidt answered with the following: there are continuing consequences poster is in each classroom, and the teachers are trained on it at the beginning of the school year.

Superintendent Harrison further addressed the question of whether this behavior model is in the high school. He stated that there have been some conversations with teachers that didn't feel they had any resources except sending the student home. We need to increase the spread of this information to other schools.

Board members then expressed concern and asked if this requires a lot from the teachers.

Mr. Schmidt addressed this and stated that it is a continued conversation. Stressed that they focus on a simple system that doesn't have to be done immediately. SWISS does track the time of day so that they can notice a pattern, as things like hunger can play a part. They have resources available to help with this. Focusing on having a growth mindset, changing if things aren't working. Adding that SWISS

is a great tool to show that it isn't one teacher that is upset with the student, you can talk with the parent showing that it is a bigger problem.

6.E. District Technology Plan

District technology plan data was presented by Mr. Aaron Keele.

With Maize Technology's help, it gives Aaron the time to look at the big picture. The conversation was about all the things that they are helping with, including information about the current system and plans to replace switches.

The board asked if the switches are going to resolve the problems that the faculty are having, as some are saying it is worse than before.

Mr. Keele said, "Yes, but we have to wait until the funding comes in the summer. However, devices are part of the problem; student devices are much slower than faculty".

Data continued to be presented, but Superintendent Harrison asked what had been completed at Oakwood?

Mr. Keele stated that centralization has been.

Superintendent Harrison then asked what is your plan for the rest of the year?

Mr. Keele answered that centralization for the rest of the district and getting off the mini-switches is the plan until December.

Superintendent Harrison said that every school has had issues. What is our solution as we can't wait for funding to come from E-rate in the Summer.

Mr. Keele said, "we will need to decide how much money we are willing to pay up front for switches".

Superintendent Harrison said that we need to meet to come up with a plan then.

Mr. Keele then stressed putting in tickets for issues.

Superintendent Harrison to move along the conversation, asked that we discuss what the current device options are.

Mr. Keele presented the two routes.

- Microsoft Route: purchase better devices.
- Google Route: cheaper and longer life span, but there is a cost to switch.
The board asked if we could get a grant to switch.

Mr Keele said yes. Google has a campaign that says "breathe new life into old devices". He would get something put together for devices and the cost.

The board referenced the district goals and asked how this has helped or hurt student achievement. Is it quantifiable?

Superintendent Harrison stated that is something that we should look into.

Board-how high up should devices be on the priority list for success?

Board - we are looking down the road. If it isn't stable now, we need to get focused.

Superintendent Harrison told Mr. Keele that we aren't switching to Google until the internet is stable.

6.F. Athletic Handbook Update

The past few years, many athletic forms for students, parents, and coaches could be found on the online Aktivate Website. After suggestions from Board Member Nelson to include additional resources, the athletic administrative team at the high school began compiling information into a single athletic handbook document known as the PACE Guide--Procedures for Administrators, Coaches, and Educators. The manual is a work in progress, and will continue to be a dynamic document. As district policies and procedures change, the guide will be updated to reflect current practice. The Athletic Director will provide an update as to the information currently contained in the guide and seek input from the board regarding other items to include.

Mr. Brent Knapp presented data.

Items highlighted in red- still working on them whether that be still needing information or have questions that we are getting answered.

The goal is to have this for when we have students register, we can present this to them.

The goal is to have it finalized by the end of the year.

Superintendent Harrison discussed having evaluations.

Mr. Knapp- we have had evaluations but now they are in the document.

Board members discussed that previously 49 pages were spread out and now it is consolidated.

Mr. Knapp said that Mr. Szabo has been helpful, and that previously programs were being pitted against each other in the community.

Board- who should get this, parents, athletes, coaches? What is your view?

Mr. Knapp- we have had an administrator at all our parent meetings to say how important this is. Discussion is happening about is this something that we post on the district website for everyone to access.

Board- it would be nice if the public could see the information.

Mr. Knapp- this is a working document and is not finalized, once it is finalized, we can focus on where to distribute it.

Superintendent Harrison- recommended adding stipends and schedule of payment in the handbook.

Board- do you see this the same as a student handbook? Something that can be easily added to, or things that can be changed.

Superintendent Harrison- agreed that we should allow it to be a living document that can be updated.

Board- school handbooks get approved by the board once a year, but administrators can change it and communicate it to parents, and this can be similar.

Mr. Knapp- this is something that will need to be reinforced.

Board- it's great to have community input but it does cause issues at times.

7. Action Items

7.A. Strategic Plan - PSD

Superintendent Harrison presented plans and used examples of how each school can tailor it to what they need. He then stated that it can be a dynamic document that we can add things, the board owns it, and we can add and delete things as they see fit. We initially had a more specific document, but they have decided to have it more broad.

Board: how has this been generally received?

Superintendent Harrison: The first one that we went out, wasn't received well as it was more prescriptive. Then we asked what they were doing and highlighted common things. If we are working on too many things, we can't focus on what we need.

Board: We have seen the schools do their own thing. We have seen us lose consistency across the schools. It is nice for each administrator to have their thing, but we hurt our students. How are the schools building on each other? Every year they could be starting over once new students come in.

Superintendent Harrison- every school has PBIS, every school was given things that they need to have in place in order to be successful. Every school is implementing these foundational things.

Board- Every school should present the data to Superintendent Harrison and then he can evaluate to make sure they align.

****The board suggested having a report in the coming months of the achievements and how this is going and flowing, only needs to be one section of the report****

8. Policy - Action Item

8.A. Policy 1st Reading

Templates are from ISBA.

Mr. Harrison stated that there are some things that he would add for a second reading.

The board asked if policy 2140-2140F were the same?

Superintendent Harrison they are working on an updated version, but we can't change anything, it is what it is.

****2000- adding in the strategic plan****

K-3 reading intervention: it spells out a plan, Superintendent Harrison is going to meet with our coaches. The board suggested that we use what we are doing and code it instead of using something that doesn't apply to us.

Superintendent Harrison: comprehensive literacy plan, spells out the plans and how they notify parents, potentially look at adding that to make it more district specific.

Board: make sure we aren't losing what we are currently doing by adopting the policy.

Superintendent Harrison: talks about literacy training and what does that look like for the board.

Superintendent Harrison: survey is referenced in different policies, talks about having parental permission if certain topics are covered. The policy states that the surveys would have to be board approved before they can go out. Is this something we should take out?

Board: yes, take out the board approval

Superintendent Harrison: the principals first must decide if they want to implement the survey and still get parental consent.

Board: what is the interest of the PEA in the listed policies?

Mr. Garner: we are changing what can go in their classrooms and there is room for subjectivity.

Board: what additional vetting has been done on the club policy?

Mr. Garner: it has been the secondary administrators, focused only on non-curriculum clubs. Curriculum clubs are still allowed.

Board: how are we implementing parental signatures, needs more than the club's name and a description.

Board: what is Mr. Garner's recommendation?

Mr. Garner: Move them but make sure to continue looking into the information.

Motion to move policies 2000, 2100, 2120, 2125, 2130, 2140, 2150, 2160. to a second reading. 2525 & 3225-Len Made, Joy second. This motion, made by Darren Cole and seconded by Susan Yardley, Carried.

Why

Student de-pantsed two other students at lunch time while they were standing in a large group.

Students were really embarrassed.

Student threatening to stab and kill a few students in class

Student threatening to stab and kill a few students in class

Student having an anger outburst and throwing chairs in class

Student sexually assaulted another student.

Boy hit a girl and ran around the room. He disrespected the teacher so I talked and walked him to the bus.

Girl laying on floor not working, Mrs. Murray took her for a walk

Boy choked a girl with jump rope called home and forbidden to use jump ropes again

This lasted a total of 12 minutes. Student came into her math small group and started to hit the CBRS worker. Student continued to show aggression by hitting, kicking, and biting towards the CBRS worker. CBRS worker continued to tell student that she must sit on the rug if she is sad or angry. Teacher intervened after 5 minutes. The teacher and CBRS worker continued to tell her that she needed to lay down. Student bit down on CBRS worker twice. CBRS worker restrained her and the student calmed down quickly. The student laid on the floor crying for the remainder of the 12 minutes and was able to calm down.

This lasted a total of 17 minutes. Student was asked to give a toy from home to the teacher. Student ran and put it in her backpack. Teacher went back to get it and put it away from her because she continued to get it out and play with it when she wasn't supposed to. After 5 minutes of working, the student went to get the toy again and started to cry when it wasn't there. The teacher told her that it was in a safe place and she would get it after school. Student started to outwardly cry very loudly which distracted her class. She was asked to walk back to the special ed room to sit on the rug where she can "reset". She would not walk so teacher and CBRS worker walked her there. Student was gently walked to the rug. As soon as teachers let go, she started to pull hair, kick, bite, and hit. She was screaming very loudly. The teacher cleared the room of the rest of the students because it was unsafe. CBRS worker tried to restrain her but was pushing her head backwards into the workers chest. As soon as she let go, the student grabbed the teacher's hair and yanked a chunk out. Teacher and CBRS worker escorted the student to the break room after feeling unsafe. Student was inside for

Student was asked to give a toy from home to the teacher. She wouldn't. Teacher escorted the student to the special education classroom. The special education teacher told her that she would take the toys and keep them in a safe place until the end of the day. The student was crying and running around the room. She went to the reset rug for 20 seconds that started to hit, and bite the special education teacher. No students were in the classroom. She was asked to sit on the rug where she could "reset". She would not walk so teacher and CBRS worker walked her there several times while the student still exhibited aggressive physical behavior. As soon as the teachers let go, she started to pull hair, kick, bite, and hit. She was screaming very loudly. CBRS worker tried to restrain her but bit so hard that she broke skin. Teacher and CBRS worker escorted the student to the break room after feeling unsafe. Student was inside for about 12 minutes. . She calmed down and apologized. Student was not given the toy back until the end of the day. This entire situation lasted around 40 minutes.

The student was at recess when she was waiting for the slide. The student told her to wait her turn. The student bit her on the jaw. The student's CBRS worker brought her inside. The student was told to sit on the reset rug. The student was visibly upset. She was screaming and crying. She tried running away twice. She ran into the bathroom, but the teacher told her she needed to ask first. The student said she didn't need to go to the bathroom, so the teacher told her to get out. The student spit on her hand and wiped it on the teacher the teacher told her to go to the reset rug The student bit a plastic chair which made her bleed on her lip. She ripped a book. Her 3rd-grade teacher came in and the student bit her on the arm the knee and the leg. This all happened within 5 minutes. The teacher felt that the student was unsafe for herself and others. The CBRS worker and teacher took her to the break room. While in there she was secluded for no more than 8 minutes. she ripped paper. She was asked to clean up which she did. She was told if she attempted or bit another student she would no longer have recess with friends. The student calmed down and apologized to the student and

The student was doing a spelling worksheet. The student wrote the first spelling word and had to wait to write the second one until the teacher gave the direction. The student started biting, hitting, and screaming at her CBRS worker. The CBRS worker asked her repeatedly to stop and said "it is time to work, then lunch time. It is not time to hurt." The student bit down on the CBRS worker so she got up while the student grabbed onto her ankle. Teacher stepped in and told her to find a rug to calm down on. She continued to attack CBRS worker and teacher. After a few minutes of this, the teacher and CBRS worker walked the student to an empty classroom. While there the student continue to hurt and bite. She threw a waterbottle and a basket. The student tried to leave the classroom so CBRS worker and teacher escorted her back into the empty classroom. The student continued to struggle and bit the teacher on the inside of her hand. The student laid on the floor and cried. Took 9 deep breathes and cleaned up anything she threw. The student said she was sad. She then came back to the classroom and finished her spelling. This was about 15 minutes.

Classroom Environment

Regarding the teaching of controversial issues, personnel are directed to Policy 644. The Code of Ethics for Idaho Professional Educators shall be read consistently with this policy. Nothing contained in this policy limits any employee or student of the District from exercising lawfully recognized independent speech or association rights, consistent with all other Policy and as appropriate in a limited public forum public school setting or engaging in instruction of subjects consistent with the District's Policy and approved curriculum. This provision is directed solely regarding the use of the District's physical property.

It is the desire of the District that the physical environment of District facilities be content neutral, conducive to a positive learning environment and not a distraction to the educational environment. Therefore, school property shall not be used by personnel for the advancement of individual beliefs and classroom decor shall be limited to materials that are related and relevant to the approved curriculum for the classroom where the curriculum is taught.

The Preston Joint School District, on behalf of its employees, students, and parents, consistent with Idaho Code, firmly believes the flag of the United States of America should be displayed in every classroom of its schools. The Board also believes that all physical property displayed in the District should encourage a positive learning environment, and the classroom arranged in such a manner to support the instructional goals and District-approved curriculum.

To foster these goals, the only other flags, or banners (including posters, signs, pictures or other digital or physical images) that may be flown, posted, or affixed to the physical property of the District will be content neutral and conducive to a positive learning environment.

Examples include, but are not limited to:

1. The current Idaho state flag;
2. Flags or banners used as part of a temporary unit of student instruction within the approved curriculum or school-approved clubs:
 - a. Such flag or banner shall present factually accurate historic events;
 - b. Flags of countries representing the nations of the world temporarily used for educational purposes as approved by the building principal or designee.
3. Virtual displays that are used as a routine part of the class-approved curriculum or in aid of learning – i.e., periodic table, mathematical equations, the U.S., or Idaho Constitution, motivational posters;
4. Displays that denote a recognition of achievement by the District, School., or class and approved by the building principal or designee;
5. School or District sports tournament flags or banners, recognizing the participation of a school team;

6. Content promoting post-secondary educational opportunities from colleges, or universities or professional sports teams;
7. Student works/student artworks may be used as part of a temporary display, so long as such artwork is not otherwise in violation of District Policy;
8. Information from Student Clubs in displays approved by the building principal or designee, consistent with Policy 3225;
9. Classroom activity photos, consistent with FERPA requirements;
10. Personal family photographs of school employees;
11. Promotional materials from athletic and activities sponsors as approved by the building principal or designee.

Any questions relating to the appropriateness of materials should be directed to the Building principal or designee. Any patron complaint shall be addressed by following the steps outlined in the Uniform Grievance Policy #476.

The Administration is delegated authority to develop procedures to implement this policy.

Student Clubs: Equal Access

The Board of Trustees regards student clubs and organizations as an important part of the education and development of students.

Preston Joint School District Board of Education maintains a “limited open forum” for clubs pursuant to the following guidelines.

Curriculum clubs are authorized in grades K – 12. Curriculum clubs are sponsored by District schools and may receive leadership, direction, and support from the school and the District.

Non-curriculum clubs are authorized in grades 6 – 12 under state and federal laws and regulations for the purpose of granting a place on the school’s premises for students to meet during non-instructional time. Non-curriculum clubs are student-initiated. Their meetings, ideas, and activities are not sponsored or endorsed in any way by the Board, the schools, or by school or District employees. The District does not accept any responsibility or liability for non-curriculum clubs. The District shall not sponsor clubs which advocate religions, political beliefs, or ideas.

Authority

This policy is authorized by and based on:

- A. Federal Equal Access Act, 20 U.S.C. §4071

Review and approval of a non-curricular club must occur on an annual basis. If a non-curricular club is seeking renewal for a third consecutive school year, those seeking to continue the club may submit the prior written application for authorization rather than submitting a new document. If the non-curricular club is proposing any modifications to its operations, a new written application shall be submitted.

If a faculty advisor chooses to discontinue association with the non-curricular club, no meetings of the non-curricular club may occur until such time as a new faculty advisor has volunteered for the position as is approved by the building principal. If no new faculty member is willing to assume this role, the club will discontinue operations.

Review of Applications for Curriculum and Non-Curriculum Clubs

A. Application Approval

Applications will first be reviewed by the Faculty Advisor.
Final club approval is through the school administrator.

1. Procedures for Reviewing Applications for Curriculum Clubs

The administrator shall review applications for authorization of curriculum clubs on a case-by-case basis. Before granting authorization, the administrator must find: (1) that the proposed club would meet this policy's definition of curriculum club and (2) that the proposed club's purpose and activities comply with this policy.

The administrator may request additional information from the faculty advisor, or from students proposing the club.

2. Determining Curriculum Relatedness

The administrator determines curriculum relatedness by strictly applying this policy's definition of curriculum club to the club application. If the administrator finds that the proposed club is a curriculum club, the administrator shall continue to review the application as an application for a curriculum club. If the administrator finds that the proposed club is a non-curriculum club, the administrator may return the application to the faculty member or students proposing the club for amendment, or review the application as an application for a non-curriculum club.

3. Purpose and Activities for Curriculum Clubs

The administrator shall deny authorization to any club or require changes prior to granting authorization if the administrator finds that its purpose or activities would:

- i. Violate the law, regulation or administrative rules or advocate such imminent violation of laws, regulations or administrative rules or involving presentations in violation of laws, regulations or administrative rules or contrary to the District's curriculum or privacy rights of individuals or families. This restriction does not apply to:
 - Appropriate discussions concerning the changing of laws, regulations or rules, or to actions taken through appropriate channels or procedures to effectuate such changes.
 - Discussion as to Sexual Orientation including such subjects as combating unfair treatment, prejudices or stereotypes.
- ii. Harass or denigrate any person or advocate such imminent action.
- iii. Intend to cause a person to fear to freely exercise or enjoy any right secured by the Constitution or laws of the United States or the state of Idaho, or advocate such imminent action.
- iv. Include any effort to engage in or conduct mental health therapy, medical services, counseling, or psychological services for which a license would be required.
- v. The administrator may request information and shall require changes in a club's proposed purpose or activities which the administrator finds necessary to:
 - Prevent any material and/or substantial interference with the orderly operation of the school;
 - Protect the well-being of students and faculty;
 - Ensure compliance with all applicable state and federal laws, rules, regulations and policies;
 - Maintain order and discipline;
 - Protect the rights of parents and students;
 - Maintain boundaries of socially appropriate behavior; or
 - Restrict activities harmful to the school's educational mission
- vi. In deciding the purpose and activities of clubs, students should consider ways in which the club can be of service to the school or community.

4. Names for Curriculum Clubs

The administrator shall approve the proposed names of curriculum clubs, as stated in the club application, consistent with law and policy.

Procedures for Reviewing Applications for Non-Curriculum Clubs

The administrator shall review applications for authorization of non-curriculum clubs on a case-by-case basis. Before granting authorization, the administrator must find: (1) the proposed club's purpose and activities are lawful and comply with this policy and (2) the application otherwise complies with all other provisions and requirements of this policy. The administrator may request additional information from the individuals who are proposing the club.

A. Purpose and Activities of Non-Curriculum Clubs

The administrator shall deny authorization to any club or require changes prior to granting authorization if the administrator finds that its purpose or activities could:

1. Violate the law, regulation or administrative rules or advocate such imminent violation of laws, regulations or administrative rules or involving presentations in violations of law, regulations or administrative rules or contrary to the District's curriculum or privacy rights of individuals or families. This restriction does not apply to:
 - Appropriate discussions concerning the changing of laws, regulations, or rules, or to actions taken through appropriate channels or procedures to effectuate such changes.
 - Discussion as to Sexual Orientation including such subjects as combating unfair treatment, prejudices, or stereotypes.
2. Harass or denigrate any person or advocate such imminent action.
3. Intend to cause a person to fear to freely exercise or enjoy any right secured by the Constitution or laws of the United States or the state of Idaho, or advocate such imminent action.
4. Include any effort to engage in or conduct mental health therapy, medical services, counseling, or psychological services for which a license would be required.
5. The administrator may request information and shall require changes in a club's proposed purpose or activities which the administrator finds necessary to:
 - Prevent any material and/or substantial interference with the orderly operation of the school;
 - Protect the well-being of students and faculty;
 - Ensure compliance with all applicable laws, rules, regulations, and policies;
 - Maintain order and discipline;
 - Protect the rights of parents and students;
 - Maintain boundaries of socially appropriate behavior; or
 - Restrict activities harmful to the school's educational mission.
6. In deciding the purpose and activities of clubs, students should consider ways in which the club can be of service to the school or community.
7. The school or District will name will not be identified with the aims, policies, or opinions of the student organization or its members.
8. The District shall not be identified or associated in any way with the goals, objectives, activities, or opinions of non-curriculum clubs to raise money.

Names for Non-Curriculum Clubs

The administrator shall deny authorization of a club's name, or require changes prior to granting authorization if the administrator finds that the proposed name:

- A. Does not reasonably reflect the nature, purposes, and activities of the club,
- B. Implies violation of (1)(A) of this section, or
- C. Implies inappropriate association with outside organizations or groups and/or engaged in a patent, copyright, or trademark infringement.

Granting or Denying Authorization

The administrator shall grant authorization to proposed curriculum and non-curriculum clubs whose applications are found to meet the requirements of this policy and shall deny authorization to proposed clubs which do not. The superintendent or assistant superintendent will be notified of all clubs denied or approved.

Authorized Curriculum and Non-Curriculum Clubs

A. Faculty Oversight

There must be a volunteer faculty member for each curriculum and non-curriculum club to provide oversight consistent with this policy and the needs of the school. If there is not any faculty volunteer the club may not exist.

1. Curriculum Clubs

Faculty advisors organize and direct the purpose and activities of the curriculum club and ensure compliance with the approved club charter, constitution or bylaws and with all applicable laws, rules, and policies of the District.

2. Non-Curriculum Clubs

Faculty advisors provide oversight and active supervision to ensure compliance with the approved club charter, constitution, or bylaws and with applicable laws, rules, and this policy.

B. Insurance/High Risk

If the District's insurance carrier considers the club or organization to be high risk and is likely to increase the district's insurance rate as a result of adding the club or organization, the administrator and/or director will not approve.

Facilities

The administrator will determine and assign facilities for curriculum-related and non-curriculum-related clubs consistent with the facility availability and facility needs of the school.

A. Curriculum Clubs

1. In assigning facilities, the administrator may give priority to curriculum clubs over non-curriculum clubs.
2. The school may provide financial or other support to curriculum clubs.

B. Non-Curriculum Clubs

1. No preference or priority shall be given among non-curriculum clubs. All shall be treated the same and there shall be no discrimination between clubs in making such determinations.
2. The school shall provide only the space for non-curriculum club meetings. No other expenditure of public funds is authorized or will occur.

Equal Access Regulations

A. Student participation in club activities and attendance at club meetings shall be voluntary and shall be limited to those students who are currently enrolled in the School District. All student groups meeting on school premises are required to open membership to all interested and/or eligible students. Clubs shall be allowed to meet on school premises before school, during the noon hour, and after school on days when school is in session. The time and place of all club meetings shall be subject to available space, conflicting activities and programs, and the availability of the faculty sponsor or monitor. Students shall be responsible for ensuring the presence of a faculty sponsor or monitor prior to every meeting. Clubs will be allowed to meet on school premises during other times of the day only in extraordinary or exceptional circumstances as may be determined by the principal or designee.

1. All clubs must comply with the provisions of the school's student constitution, if applicable.
2. No hazing of students shall be permitted.
3. The principal or designee may deny the opportunity of any club to meet on school premises and may deny permission of any non-school person to meet with or speak to a club on school premises, when there exists a substantial likelihood of material and substantial interference with the orderly conduct of educational activities within the school, or if the meeting or activities in the meeting are, or will be, in violation of any law or ordinance.
4. The principal or designee may temporarily or permanently terminate the opportunity of any club to meet on school premises in the future if the club has materially or substantially interfered with the orderly conduct of educational activities within the school, if the activities of the club have violated any law or ordinance, or if the club has violated any provision of this policy.

- B. Each approved curriculum and non-curriculum club must complete and submit a request form to the principal or designee stating the name of the club, meeting purpose, meeting dates, and meeting times before any meeting may occur.

Membership

A. Curriculum Club

1. Each student must meet all eligibility requirements including:
 - i. Academic,
 - ii. Drug and alcohol, and
 - iii. Student handbook regulations.
 - iv. Membership is limited to students who are currently registered in the District.
 - v. Parent or Guardian Permission

2. Membership in individual curriculum clubs is governed by the following guidelines:
 - i. Clubs may require that prospective members try out based on objective criteria outlined in the application materials.
 - ii. Try-outs shall not require activities that violate laws, policies, or regulations of the State or District.
 - iii. Membership may not be limited on the basis of race, religion, gender, ethnicity, national origin, disability, or any other state or federally recognized protected classification as such may change or grow from time to time.
 - iv.

B. Non-Curriculum Clubs

1. Each student must meet all eligibility requirements including:
 - i. Academic,
 - ii. Drug and alcohol, and
 - iii. Student handbook regulations.
 - iv. Parent or Guardian permission.

C. Membership in individual non-curriculum clubs is governed by the following guidelines:

1. Membership is limited to students who are currently registered in the school. Outside individuals may be granted membership depending upon administrator approval.
2. Clubs may require that prospective members try out based on objective criteria outlined in the application materials. Try-outs shall not require activities which violate laws, policies, or regulations of the State or District.
3. Membership may not be limited on the basis of race, religion, gender; ethnicity, national origin, or disability or any other state or federally recognized protected classification as such may change or grow from time to time.
4. Attendance or participation in club meetings or activities is limited to in-district students, except that non-school persons may attend on occasion to make presentations if approved in advance by the administrator. Non-school persons shall not direct, conduct, control, or regularly attend meetings or activities of clubs.

Communications

A. Curriculum Clubs

Each administrator shall determine what access curriculum clubs shall be given to the school newspaper, yearbook, bulletin boards, public address system, etc. Access for all curriculum clubs shall be equal and there shall be no discrimination between clubs in making any such access or use determinations.

B. Non-Curriculum Clubs

Access for all non-curriculum clubs shall be equal and there shall be no discrimination between clubs in making any such access or use determinations. Notices of meetings of non-curriculum clubs may be posted only on designated bulletin boards used by all non-curriculum clubs. No announcements shall be made over the public address system or in and school-sponsored publications.

Review of Authorization

The administrator shall investigate any report or allegation that an authorized curriculum or non-curriculum club is participating in activities beyond the scope of its charter, constitution, or bylaws, or is in violation of any applicable law, rule, regulation, or policy. After meeting with the faculty advisor and the students involved, the administrator may do any of the following:

- A. Allow the original charter, constitution, or bylaws to be modified to include the activities if they are in compliance with the law, rules, regulations or policies;
- B. Instruct the advisor not to allow similar violations in future;
- C. Suspend the club's authorization pending further corrective action as determined by the administrator; or
- D. Terminate the club's authorization.

Appeal of Decisions Affecting Curriculum and Non-Curriculum Clubs

Any student directly affected by a decision made under this policy may appeal the decision by writing to the District Assistant Superintendent.

Right to Close the Forum

The Board reserves the right to create a "closed forum" at any time during the school year or at any other time by allowing curriculum clubs only. Closed forum would need a majority board vote during a public board meeting.

PEA Response: This was read and discussed with the PEA. Other than what is the procedure to get things approved? As [teacher] put it "it's pretty standard policy".

Staff Comment 1: If we want something approved what is the procedure? Also, some personal things like family pictures are nice. Would that still be allowed?

Staff Comment 2: In my opinion the motive to create new school policy should always be to improve education (through behavioral correction or process modification), improve classroom and school climate and culture, or protect students (and staff) from harm. As I consider the proposed policy, I have difficulty seeing how it would have a direct effect on any of these areas. I found myself questioning every item displayed in my teaching/working area. Do I need to remove my several [sports] related decorations? I'm no longer a [sports] team coach. Do people understand that the car bumper sticker I display in my office window that reads "I Have Issues" is a library pun?

I feel there are much weightier educational issues that may need policy consideration. To me this policy is another policy that will be difficult to enforce and will likely lead to divisive interpretation. A policy that is difficult to enforce is worse than no policy at all.

Several years ago, as a young, enthusiastic coach; before a big rivalry game, I posted several flyers around the school that read "Come Support the Lady Indians as they knock the 'SHIP' out of the Pirates". I am grateful that a calm school administrator corrected my poor sportsman like behavior. After removing the last flyer, I went to class a better leader, coach, teacher, and person thanks to a great athletic director. We have great administrative leaders who, I believe, have maintained, and will continue to maintain a safe and inviting school climate without this type of vague, potentially contentious, policy.

Staff Comment 3: I agree with the above perspective. We should be creating policies that are beneficial and necessary to improving the school. In my opinion, the proposed policy is simply another way to micromanage teachers.

Staff Comment 4: I have purchased everything hanging on my walls and displayed on my shelves. These things are personal to me and communicate to my students who I am outside the classroom, and they are necessary because they help me build relationships with my students.

Staff Comment 5: Most teachers use their own money to decorate and personalize the learning environments they've been assigned to. Is the district going to provide "educationally appropriate" decor for every classroom, or will teachers be subjected to further scrutiny and judgement, hoping we pass the subjective evaluation of this policy?

Staff Comment 6: I echo the trust that we have in [administration] to professionally ensure the positive and safe learning environment of Preston High School for our students.

Staff Comment 7: I feel we are making a policy because of a very specific incident and if incident can't be dealt with specifically because it is ethically wrong, then let it be and don't make everyone have to follow an unnecessary policy. Also, we spend a lot of time in our rooms, we should be able to make them part of us and give them personality. We want to have relationships with our students but if we take all of our likes and dislikes out of our rooms how

do they get to know us? I can see not pushing any agendas, but to only have multiplication charts, and "Go Preston" posters in my room is not helping our relationships or the environment of the school. I also didn't think we were supposed to display student's work or pictures of them really, because of FERPA.

Staff Comment 8: At the end of the day, this policy is being put into place because of one thing, but the board doesn't have the courage to admit their own hatred/bigotry and specify what that is. I think that the policy is vague enough that the things they are trying to get rid of could still be justified under this policy. Unless they list specific things that they don't want, it will just put admin and teachers in another fight for no benefit of learning.

Staff Comment 9: I understand if the Christmas tree is an issue with church and state. If that is the case it needs to be across all buildings. As I continue to deal with the bigotry and hatred, I find myself being offended more and more by anything from mainstream religions. The idea that throughout our district we have decorations for a religion that is offensive to me, and that is empowering so much hate, begs the question on what is appropriate. Because no specific religion is a sponsored club, then we probably shouldn't have anything dealing with religion or its holidays in our buildings.

We can spin this around a thousand ways. At some point, we as leaders have to stand up against hatred, bigotry, intolerance, racism, and most importantly as educators, unintelligence

Staff Comment 10: When I first read the policy and responded when asked by both the PEA President and [administration], my reaction and feedback was it is a fairly innocuous policy but my instinct was to immediately start thinking of ways I could challenge this policy. My awareness of history and social currents tells me this policy has more intent possibly than what is stated and it bothers me. Knowing what society has and is condemning, I hope this policy is not intended to be a tool to target someone due to race, identity, or abilities. We have plenty of policies from content standards, professional teaching guidelines, or ethics codes which would allow an administrator to have a conversation with a teacher if there was content displayed in their classroom which was not conducive to an educational environment. I would hope we could trust our administrators to have those conversations and find solutions which allow for the fostering of learning in many classroom environments.

I definitely believe as a teacher I must be cautious to foster the belief all students can learn in my classroom, with consideration and respect shown to all opinions. I strive each and every day to allow only my personal belief education is important to show and not share my own "opinions" on certain topics. Occasionally, my love of the Constitution, George Washington, and Abraham Lincoln slips out, but I focus intently on promoting to my students each of them can and should develop their own beliefs and ideas based on their research and learning.

Allowing students to experience diversity in how and what information is presented in many classrooms allows for a dynamic learning experience fostering student growth. History shows that nations which try to control too much of what is displayed or scripted in a classroom limits growth and learning. In my own teaching experience, when I became too limited and focused on just the content I learned my students were not thriving. I had a trusted administrator come to me and tell me the students in my classroom respected I knew the content but they disliked being

in a classroom where they felt it was “robotic and scripted”. She encouraged me to find a way to connect with the students, so I simply chose to hang up a few posters of my favorite team, the San Antonio Spurs. It amazed me how much difference it made when my students realized we could spend a few seconds arguing sports rivalries, but this allowed them to start feeling acceptance as individuals who had their own sports teams views. At the high school, we have students who want to find respect for their individuality while learning, and hopefully this policy is supportive of that need. My gut reaction of wanting to react in protest to the policy though there was nothing overt in the wording leads me to try explain my thoughts on the policy. Please continue to foster education for ALL in Preston School District, with no preference being given based on abilities, religion, race, or any other identity.

I hope in the words of one of my heroes, Abraham Lincoln, this policy is guided by “the better angels of our nature” and is intended solely to promote education, not target any particular belief or group. Please let Preston School District be a place where all our taught their learning and growth are important and all are valued as you consider the passing of this policy.

Staff Comment 11: This policy sounds great to me

Staff Comment 12: This policy is not conducive to learning. We are not allowing staff or students to have creativity or personality. Students can wear t-shirts with logos or advertisements, but a teacher would not be allowed to display a flag of their favorite football team? We want teachers to have relationships with students and then limit them on how that happens. Are we heading towards 4 walls with government issue decor? I disagree with this policy. Items on display in my classroom have to do with different elements of my personal life and not with all of the content that I teach. If I teach different classes do I have to redecorate? There is nothing in my room that is illegal or portraying illegal behavior. Stay in your lane! This policy is unnecessary! I could go on, but I feel like my opinion has been expressed.

Staff Comment 13: Not in favor.

Staff Comment 14: Two teachers verbally came to respond questioning the intent of the policy. The basic concept they felt was understandable but were concerned this may be written to target specific groups or individuals.

Staff Comment 15: Having thought about this policy extensively, I am fully aware that it is directed at me and my classroom. I understand there are those that were initially surprised at the flag in my room, but students have since adapted and many have thanked me for standing up to show there is a place where everybody belongs. I don't feel that there is anything in my room that is not relevant to teaching high school students and creating a positive learning environment. I don't think it is necessary to write such a policy.

Each teacher in this building creates a space for students to grow and learn both in the content they teach and as young people. We are interacting with many different types of people every day and each unique student can find a space on our campus of safety and belonging. This is essential for a positive learning environment. Thank you for being concerned about our students, but I believe restricting or dictating decor in classrooms is unnecessary and will open a pandora's box of where is the line and who is drawing it. If there is an issue with a specific item or teacher, it would be better addressed directly than with a vague, blanket policy.

Student Clubs: Equal Access

The Board of Trustees regards student clubs and organizations as an important part of the education and development of students.

Definitions

As used in this policy:

1. "School" shall mean any school in the Preston Joint School District;
2. "Club" shall mean a sponsored club or a non-sponsored or non-curriculum group of students of the school who wish to organize and meet to form common goals, objectives, or purposes, but do not include school activities;
3. "Sponsored Club" shall mean a club which is directly under the sponsorship, direction, and control of the school;
4. "Non-sponsored or non-curriculum club" shall mean a student initiated club which is not under the sponsorship, direction, or control of the school or any student initiated club that does not directly relate to the body of courses offered by the school;
5. "Non-participating capacity" shall mean a person may not promote, lead, or participate in any meeting.

The school within the District shall provide equal access and a fair opportunity for clubs to organize and to meet on school premises during the times established for such meetings.

Sponsored clubs shall be sponsored by a member of the faculty, staff, or administration of the school. The District shall not sponsor clubs which advocate particular religious or political beliefs or ideas. Any such clubs shall be non-sponsored or non-curriculum, and must engage a school employee to monitor their activities while on the premises. The school and the School District shall not be identified or associated with the goals, objectives, activities, beliefs, or opinions of any non-sponsored or non-curriculum clubs or its members. Any club whose activities are deemed by the principal to be disruptive of the everyday operations of the school will not be allowed to initiate meetings, nor continue to meet on school premises.

Equal Access Regulations

The following general guidelines will be observed in approving, establishing, and operating student clubs at Preston Joint School District schools.

1. Each proposed club must complete and submit a request form to the principal or designee stating the name, specific purpose of the club, the membership requirements, the activities of the club, and meeting dates and times. Each proposed club shall have the student group perform a risk management assessment of the proposed club activities. The principal or designee will forward the request to the School District. The District with Board approval shall respond to the request, accept or reject the application, and designate the club as either a sponsored club or non-sponsored or non-curriculum club.
2. Student participation in club activities and attendance at club meetings shall be voluntary and shall be limited to those students who are currently enrolled in the School District. All student groups meeting on school premises are required to open membership to all interested and/or eligible students. Clubs shall be allowed to meet on school premises from 7:00 AM to 8:00 AM, during the noon hour, and from 4:00 PM to 5:00 PM on days when school is in session. The time and place of all club meetings shall be subject to available space, conflicting activities and programs, and the availability of the faculty sponsor or monitor. Students shall be responsible for ensuring the presence of a faculty sponsor or monitor prior to every meeting. Clubs will be allowed to meet on school premises during other times of the day only in extraordinary or exceptional circumstances as may be determined by the principal or designee.
3. All clubs must comply with the provisions of the school's student constitution, if applicable.
4. No hazing of students shall be permitted.
5. The principal or designee may deny the opportunity of any club to meet on school premises, and may deny permission of any non-school person to meet with or speak to a club on school premises, when there exists a substantial likelihood of material and substantial interference with the orderly conduct of educational activities within the school, or if the meeting or activities in the meeting are, or will be, in violation of any law or ordinance.
6. The principal, designee, or student council (if appropriate) may temporarily or permanently terminate the opportunity of any club to meet on school premises in the future if the club has materially or substantially interfered with the orderly conduct of educational activities within the school, if the activities of the club have violated any law or ordinance, or if the club has violated any provision of this policy.

For sponsored clubs, the following guidelines will apply:

1. Each sponsored club will have a faculty or staff member appointed as sponsor. The sponsorship shall be approved by the principal or designee;
2. All activities of the club must have prior approval of the sponsor;
3. Club funds shall be subject to deposit, audit, and disbursement in accordance with the regulations of the District; and

4. The content and placement of club posters or advertisements shall be approved by the club sponsor.

For non-sponsored or non-curriculum clubs, the following guidelines will apply:

1. The formation of non-sponsored or non-curriculum clubs shall be student initiated. Non-school persons may not direct, conduct, control, or regularly attend activities;
2. Recognition by the Preston Joint School District of a non-sponsored or non-curriculum club is not an endorsement of the aims, policies, or opinions of the student organization or its members;
3. The school or District's name will not be identified with the aims, policies, or opinions of the student organization or its members;
4. Notices of meetings of non-curricular student organizations may be posted only on a designated bulletin board used by all nonschool-sponsored organizations. No announcements shall be made over the public address system or in any school-sponsored publications;
5. No funds will be expended by the school for any such meeting beyond the incidental cost associated with providing a meeting place;
6. Every club must have a District employee volunteer as a monitor to the club. The monitor shall be responsible for monitoring the meetings to assure that attendance at the meetings is voluntary, to assure that the meetings do not materially and substantially interfere with the orderly conduct of educational activities within the school, and to assure that order and discipline are maintained. Monitors shall attend the meetings of non-sponsored or non-curriculum clubs that are political or religious in nature in a non-participatory capacity;
7. No school employee shall be compelled to be a monitor of a non-sponsored or non-curriculum club;
8. Club posters or flyers need to have a disclaimer, and poster content and placement shall be approved by the principal or designee; and
9. The Preston Joint School District shall not be identified or associated in any way with the goals, objectives, activities, or opinions of any non-sponsored or non-curriculum clubs to raise money.

CLUB REQUEST FORM

(September 2023)

NAME: Preston Bowling Club

DESCRIPTION: USBC High School maintains strong relationships with the National Federation of High School Associations, as well as providing a steppingstone to further opportunities such as college bowling and scholarship programs to multiply paths of higher education past High School. Idaho's association actively offers guidance to all levels of high school bowling with instruction, membership, awards, and industry resources to ensure the success of high school bowling nationwide.

(We are allowed an exception for students from Westside, and Utah who bowl with us as a league upon the High School Bowling Boards approval.)

MISSION: Our mission is to provide a supportive and engaging environment for high school students to develop their bowling skills, sportsmanship, and leadership abilities. We are committed to promoting a sense of camaraderie and teamwork while instilling discipline, dedication, and a strong work ethic in our members. We aim to foster an environment that celebrates diversity, encourages collaboration, and promotes the development of lifelong friendships.

VISION STATEMENT: Through regular practice sessions, coaching, and participation in local and regional competitions, we strive to help our members reach their full potential as bowlers and contributing youth in our community. We believe in nurturing a love for the sport and encouraging healthy competition, while also emphasizing the importance of academic success and personal growth.

PURPOSE: Provide a sense of belonging and unity within our club, where every member feels valued, respected, and supported. We have proven in the past years of competition that our High School Bowling Club is not only a winning force within the bowling community, but also provides our members with invaluable life lessons and experiences that will positively impact their futures. We hear quite often that a kid joins bowling and ends up really enjoying it because they just didn't feel that they fit with any other sport, or that they couldn't play sports. Bowling is for them and they find their purpose which is why we do what we do.

ELIGIBILITY REQUIREMENTS: Students must maintain a G.P.A of 2.5, no D's or below, and meet all Membership requirements as outlined by their USBC membership.

PLANNED ACTIVITIES: Weekly practices, monthly tournaments, districts, and state.

- **TOURNAMENTS:** IJBT (Idaho Junior Bowling Tournaments), High School Open, High School district and State finals, State Youth, Pepsi tournaments, and IJBT finals with scholarship payouts.

[Below is the Calendar for all events.](#)

++++ High School Districts are in Burley on Feb 6th (Boy's Singles), 7th (Girls Singles), and 8th (team). Then High School State Finals are also in Burley and will be on Feb 20th (Team) and 21st (singles).

We do not feel like this is something students should have to go to since it is scheduled on weekdays, BUT we have always dominated and placed 1st or 2nd the last 3 years and would like the opportunity to uphold our record competing at the others.

Students as well as the advisors are concerned about missing school for that many days. We thus feel that we should not, and will not, be participating in the competitions that fall on the weekdays but would attend any that fall on weekends.

High School Bowling Schedule

Dear PHS Administrators,

I would like to start a club at school. It will be a book club for any student who loves to read.

- **Club Name: Book Worms**
- **Our Mission statement: To spread the love of reading and increase our understanding of literature through discussion.**
- **Open to any student currently enrolled in PHS**
- **Meetings will be once a month, after school on a Wednesday.**
- **No current participation fee**
- **Advisor: Mrs. Julie Tueller**
- **We will notify parents via text or e-mail (depending on their preference)**

Thank you, and I hope you approve of this awesome club idea!

**Sincerely,
Winnie Webster (PHS Student)**
