Emma Demmert congratulates three teachers in Angoon who were given a teacher of the year award: Fernan Lopez, Alfie Asilom, and Azel Galarosa.

Liesl Barker thanks the teachers and support staff. Requests that work sessions be recorded, so that those who want to be involved in the meetings can go back and watch those.

She also speaks to being on the budget committee, and would like to see more options on draft budgets to help speed this process along. She also asks for a list of all funding and accounts under the Chatham umbrella to be able to see them all.

Rick Petersen thanks the board and Superintendent for their hard work and their difficult decisions they have had to make. Expresses thanks for many things, and comments about the fluctuations of the community over the years. He also adds how important it is to the parents in the community to keep the ILC open.

Rudy Ziel comments about his years having been involved with the ILC in Tenakee. The budget has always fluctuated, but the ILC has always prevailed as well. Cautions to be wary of a budget that cuts Tenakee.

Justina expresses gratitude to Rick for the work he has done over the years. She expresses how important the program has been for the schools and the students who have ended up needing their expertise.

Peter Duncan comments about the tough times he has been seeing the district have. The Superintendent used to have a lot of money, there have been a lot of cuts, and it should have been caught earlier.

Darrel Jerue comments to those who step up and go beyond their actual positions to help and pick up the slack. Gunalcheesh to all of them.

Shiann Kookesh comments about going down this road a few years ago when there was talk about closing the Klukwan school. They have been able to bring in student enrollment. But she does not see how the Tenakee ILC can do the same thing. Maybe it is time to pull it and then restart at a later date.

May Financial report narrative – provided by Teri Hoover

My 9-month-old granddaughter is arriving on Tuesday night at 6pm. Since Grandma duties call I will be unable to attend the meeting.

As of the end of May 79% of the FY 25 general fund budget has been spent. We have June payroll for the classified staff to process and we will have 3 months of certified payrolls that will be issued by June 30th. I want to remind everyone that the FY 25 budget revision that was approved did use \$71,043 of the available reserves for it to balance. I believe there are some expenses that are posted to the general fund that can be moved to grants. This will help the district's overall financial outlook if this is the case. I don't know that I can find \$71k to move – but every little bit helps.

The budget committee worked diligently on the FY 26 budget. There were many intense discussions and hard decisions made. Budget draft #5 is the result of the last budget committee meeting that was held in May. If the State does actually increase the BSA the plan would be to amend the budget immediately to add back the items that were cut in draft #5.

The FY 25 audit is scheduled for the week of September 22nd. This is later than the field work is typically conducted, but we have difficulties getting the auditors the information they need in order to provide their services efficiently. In FY 24 this resulted in additional audit costs that we are trying to avoid with the FY 25 audit. The auditors have assured me that even with this later than normal field work schedule that we will have an FY 25 audited financial report to submit to the State of Alaska by the November 15th deadline.

The district continues to struggle with cash flow issues. If there is an increase to the BSA that will help this issue.

If anyone has questions about the financial reports please contact me at terih@serrc.org.

This will be my last financial report to the district. I have enjoyed working with the Chatham School District the last 23 years. I will be working part time through the summer to train my replacement at SERRC, Christina Ferguson. She has a number of years of accounting experience and has most recently been the Grant Fiscal Administrator for the Yukon Koyukuk School district. You will be in good hands with Christina!

June Regular Board Meeting Report

June Superintendent Report

Superintendent's Office

Dear Chatham School Board and Community,

As I sit down to write this letter, I am filled with a mix of emotions marking my final meeting as your superintendent. It is with a heart full of gratitude that I reflect on my time spent in this remarkable school district.

I want to extend my deepest thanks to the entire Chatham community—the students, parents, teachers, staff, and board members—who have made my tenure here incredibly rewarding. Together, we have celebrated numerous achievements, weathered challenges, and fostered an environment where our students could thrive. Each of you has contributed to a vibrant culture of learning that I will carry with me always.

I especially want to acknowledge the dedication and passion of our educators. Your commitment to our students and to each other has been inspiring. It is your tireless efforts that ensure the success of our children, and I am proud to have worked alongside such talented individuals.

As I step away from this role, I am excited to welcome David Langford as the new superintendent. David brings a wealth of knowledge and experience to Chatham Schools, and I am confident that he will continue to build upon the strong foundation we have established together. I encourage each of you to extend your support and enthusiasm to him as he embarks on this new journey.

In closing, thank you once again for the honor of serving as your superintendent. I will cherish the memories, the friendships, and the lessons learned during my time here. I wish you all continued success and look forward to seeing the great things you will achieve in the future.

Warmest regards,

Legislative update

The **34th Alaska Legislature** officially adjourned on **May 20th, 2025**, wrapping up the session a day earlier than planned. This is important because if the governor decides not to fully fund the **HB 57 allotment**, the legislature could potentially come together to override that decision. However, this would require **40 votes** and a special session, which is unlikely since most legislators have already left Juneau and are not expected to return. Consequently, any action to address this issue would have to wait until the **January 2026 session**.

If the HB 57 allotment, which includes an additional \$700 for the **Base Student Allocation (BSA)**, is not enacted and there is no one-time funding available, the district—particularly **Klukwan**—will face delays in receiving any additional funding. This situation could have significant repercussions for the district, especially since a decision was made to eliminate a teaching position from the budget with the understanding that it could be reinstated if the governor provided the necessary funding.

Budget Committee

During the budget committee meeting held on May 14th, 2025, the district confronted a significant \$181,000 budget deficit for FY26, prompting extensive discussions around staffing reductions and funding challenges across multiple school sites. Key topics included the future operations and funding of Tenakee School, the critical need for special education staffing, and evaluations of the school lunch program and student travel funding. To address the financial shortfall, several budget proposals were considered, including reducing Angoon's food service program transfer by \$25,000 and potentially cutting student travel funding by \$40,000. The committee also examined the possibility of operating Tenakee on a reduced schedule through December and discussed ways to lower operational costs, including exploring alternative school calendars to cut utility expenses.

In light of these discussions, the committee made several key decisions aimed at balancing immediate staffing needs with long-term financial stability. They agreed to recommend to the board moving forward with hiring four critical positions—two in Angoon, one in Klukwan, and one in Gustavus—while tentatively agreeing to reduce one full-time equivalent (FTE) position in Klukwan for budgeting purposes and making clear the need to replace that position after clarity is provided on funding for the 25-26 school year. Additionally, the decision was made to reduce the food service program transfer for Angoon. Action items included revising the budget to reflect these changes and scheduling a special board meeting to approve teacher contracts. The committee plans to reconvene after the governor's budget decisions and will continue to monitor state funding, seek additional cost-saving measures, and engage with the community regarding the proposed changes. The meeting underscored the district's difficult choices in navigating immediate financial pressures while striving for long-term sustainability.

Draft 5 of the 25-26 budget has been made available for review. The budget incorporates the changes recommended by the committee.

Facilities and Maintenance

I met with all maintenance staff to outline summer priorities. Knowing the limited financial resources I asked each of the maintenance people to outline their projects with fiscal responsibility in mind as well as prioritizing safety. Below is the comprehensive list. It should be noted that at this time Angoon has no custodial or maintenance staff. The current director has resigned effective June 30th. This is critical as there is

much work that needs to be done over the summer to shore up plumbing and boiler infrastructure. The position has been posted. Currently the Maintenance person is still working but the bulk of the work will be done after June 30th.

Klukwan Summer Projects

- 1) Johnson's control to come in to assist what is going on with the school so we can get heat air and everything back to working order because the computer is out that runs the network that runs the boilers and the airmover that controls the heat in the school
- 2) The roof need to be power washed off and cleaned and the windows need to be caulked
- 3) Play ground needs to be leveled so the lawn mower does not get wrecked
- 4) Line of sight control cut of grass and weeds and shrubs
- 5) Steve come in and put the gym forced air furnace back together
- 6) Strip and wax floors
- 7) Shampoo the carpets
- 8) Mud and paint kitchen
- 9) Paint the maroon trim in the hall
- 10) Paint the blue trim in the hall
- 11) Brass o the copper
- 12) Varnish the wood
- 13) Clean out the apt. move out for move in
- 14) Clear water for heat pump
- 15) Dust vents and upper pipes in hallway
- 16) Dust off light and rafters in classroom
- 17) Put insulation in awning
- 18) NEED HELPER FOR ROOF WORK AND MOVING STUFF OFF AND ON THE FLOORS FOR CLEANING CARPETS AND WAXING
