Chronic Absenteeism at Gustavus School

What is chronic absenteeism?

Chronic absenteeism is defined by the U.S. Department of Education and the Alaska Department of Education and Early Development as students missing 10% or more of student contact days. (Our school had 160 student contact days this year, so if a student misses 16 days they are considered chronically absent.)

What is the rate of chronic absenteeism at the Gustavus School?

60% of Gustavus School students have been chronically absent during the 2025-26 school year, to date.

In 2023-24, 43% of Alaska's students were identified as chronically absent.

Why does it matter?

Studies show that students who are not chronically absent:

1. Have higher reading proficiency by 3rd grade
2. Have better middle school achievement
3. Have increased rates of high school graduation

Schoolwide Chronic Absences Affect ALL Students—even those who aren't absent

1. Higher levels of chronic absenteeism in a school are associated with major decreases in Math and ELA scores for *all* students.
2. High chronic absenteeism in a classroom negatively impacts individual student performance in both academics and executive functioning.
3. Chronic absenteeism has negative impacts on social emotional learning, especially in elementary and middle school.

Gustavus School Data (2025-26 School Year)

- **60%** of Gustavus School students are chronically absent
- Only **20%** of students, K-12, have fewer than 10 absences
- 1st-3rd Grade: **67%** are chronically absent
- 4th-5th Grade: **50%** are chronically absent
- Middle School: **50%** are chronically absent (these numbers DO NOT include sports travel)
- High School: **68%** are chronically absent (these numbers DO NOT include sports travel)
- **95%** of middle school/high school students are chronically absent when sports travel is counted

At the Gustavus School:

1. High school students have been absent an average of 25 days this year (not including sports travel) or 35 days (including sports travel).
2. Middle school students have been absent an average of 16 days this year (not including sports travel) or 19 days (including sports travel).
3. 4th-5th graders have been absent an average of 14 days this year.
4. 1st-3rd graders have been absent an average of 17 days this year.

Chatham School District

Finance Narrative – May 2026

Prepared by: Christina Ferguson, Contracted Business Manager

General Fund Overview

Through May 31, 2026, Chatham School District has recognized **\$3,586,142.17 in revenue** and recorded **\$3,500,182.07 in expenditures**, leaving only approximately **\$85,960** between revenues received and expenditures recorded. While the budget-to-actual report reflects approximately **74% of budgeted revenue collected** and **72% of budgeted expenditures incurred**, these figures significantly understate the district's actual financial position due to substantial outstanding liabilities that have not yet been recorded in the financial system.

It is important to recognize that the district will **not receive the full \$3.99 million originally budgeted in Foundation funding** due to the October 2025 student count adjustment. However, subsequent discussions with the Alaska Department of Education and Early Development (DEED) resulted in a settlement agreement that will provide the district with approximately **\$200,000 in additional FY26 Foundation revenue**. While this additional funding will help mitigate a portion of the revenue loss, the district still expects to receive substantially less Foundation revenue than originally budgeted and continues to face significant cash flow challenges. The timing of these funds will also be critical to the district's ability to meet its year-end obligations.

Revenue Analysis

Revenue collections remain significantly below original projections:

- **Foundation Program Revenue** collected through May totals **\$3,307,390**, compared to the original budget of **\$3,990,682**. The district has recently reached a settlement agreement with DEED regarding the October 2025 student count that is expected to generate approximately **\$200,000 in additional FY26 Foundation funding**. While this funding will partially offset the reduction caused by the student count adjustment, the district remains significantly below its originally budgeted Foundation revenue level.
- Impact Aid revenue remains outstanding.
- E-Rate revenue remains outstanding.
- National Forest Receipts for FY25 were received and recorded during FY26; however, FY26 National Forest Receipts funding has not yet been awarded.

The district remains highly dependent on the receipt of outstanding federal revenues and grant reimbursements to maintain operations through year-end.

Cash Flow and Financial Emergency

The district's cash flow situation has continued to deteriorate during May.

Monthly fixed obligations remain significantly higher than current monthly Foundation revenue:

- Monthly payroll obligations: approximately **\$260,000**

- Monthly insurance premiums: approximately **\$35,000**

These fixed costs alone total approximately **\$295,000 per month**, while current Foundation payments have been reduced to **\$164,894 per month**.

As of this report:

- The district is currently holding approximately **\$143,000 in unpaid vendor invoices and accounts payable** that cannot be paid with available cash resources.
- The district has **\$178,911.85 in unposted credit card liabilities**, an increase from the prior month.
- Of this amount, **\$125,213.85 remains associated with a single cardholder account**.
- No meaningful progress has been made in obtaining missing receipts and coding information needed to properly post these charges.

These liabilities represent expenses already incurred by the district and further compound the district's cash flow challenges.

The anticipated **\$200,000 settlement payment from DEED** will provide important short-term relief and improve the district's ability to meet immediate obligations. However, even with this additional funding, the district continues to face substantial financial pressure due to outstanding liabilities, delayed revenue sources, and significant payroll obligations scheduled for the end of June.

Outstanding Credit Card Payables

As of June 2026, the district has **\$178,911.85 in unposted credit card expenditures**.

It is important to reiterate that these charges are **not the result of delays within the finance office**. The business office cannot post expenditures without adequate supporting documentation and account coding. The delay continues to be caused by:

- Missing receipts
- Incomplete coding information
- Delayed submission of required documentation by district staff

Importantly, the credit card statements themselves have already been paid by the district. However, until supporting documentation is received, the expenditures remain in a temporary payables account and are not reflected within the appropriate expenditure categories in the financial reports.

As a result, several expenditure categories remain materially understated, particularly:

- Staff travel
- Student travel
- Airfare
- Lodging
- Conference expenses
- Operational travel costs

The district's travel expenditures shown in the current budget reports should therefore be viewed with caution. Actual travel spending is substantially higher than reported, making accurate year-end forecasting and FY27 budget development increasingly difficult.

Year-End Payroll Obligations

The district faces several significant payroll obligations during the final week of June.

Currently anticipated payroll obligations include:

- Approximately **\$245,000 payroll on June 24, 2026** for June 2026 payroll
- Approximately **\$135,000 payroll on June 25, 2026** for July FY26 teacher contract payments
- Approximately **\$132,000 payroll on June 26, 2026** for August FY26 teacher contract payments

In addition, the district recently received National Forest Receipts funding, 25% of which must be distributed to certified staff as per the negotiated agreement. Two special payrolls are anticipated:

- Approximately **\$65,000** for the first distribution
- Approximately **\$68,000** for the second distribution

Collectively, these payroll obligations total approximately **\$645,000** within a matter of days and create substantial pressure on the district's already strained cash position.

FY27 Obligations Due Immediately After Year-End

In addition to the significant payroll obligations scheduled for the final week of June, the district enters FY27 with substantial obligations due immediately in July.

Most notably, the district's annual general liability insurance premium is financed through an installment agreement because the district does not have sufficient cash reserves to pay the premium in full at the beginning of the policy year.

The first installment payment, due in **July 2026**, is expected to be approximately **\$100,000**.

While financing the premium allows the district to spread the cost throughout the year, it also results in approximately \$9,000 in annual interest expense, increasing the total cost of coverage. The district continues to utilize this financing arrangement because paying the full annual premium upfront is not financially feasible.

When combined with the reduced Foundation funding that will continue through March 2027, this large July obligation further constrains the district's cash flow as FY27 begins.

FY26 Budget Revision Request

The Alaska Department of Education and Early Development (DEED) has requested that Chatham School District submit a revised FY26 budget prior to the close of the fiscal year. This request is part of the State's annual Fund Balance Compliance Test pursuant to 4 AAC 09.120(e).

As identified in the FY25 audit, the district ended FY25 with a negative unreserved fund balance, and DEED has determined that the original FY26 budget submitted last summer did not fully address this deficiency. As a result, the

district is required to revise its FY26 budget to more accurately reflect current financial conditions and demonstrate a plan for compliance with state fund balance requirements.

As Finance Director, I have prepared a revised FY26 budget for board consideration. Because I will not be present at the board meeting due to personal obligations, I wanted to provide the Board with a summary of the changes that were made:

1. Foundation Program Revenue was adjusted to reflect the amount the district now expects to collect during FY26, including the approximately \$200,000 settlement agreement with DEED related to the October 2025 student count adjustment.
2. Impact Aid Revenue was removed from the revised budget because, as of the date of this report, it remains uncertain whether the district will receive these funds during FY26.
3. National Forest Receipts Revenue was added to the budget to reflect the funding that has been received by the district during FY26.
4. Salary and Benefit budgets were adjusted in several areas where actual expenditures are projected to be lower than originally budgeted due to staffing vacancies, unfilled positions, and employee benefit elections. These adjustments are intended to align the FY26 budget with actual spending patterns and will not impact the staffing assumptions or expenditure projections currently reflected in the proposed FY27 budget.
5. Transfers to Other Funds were increased as part of the revised budget. This adjustment is intended to address the concerns raised by DEED regarding the district's negative unreserved fund balance identified in the FY25 audit and to demonstrate compliance with the State's fund balance requirements.

These revisions are administrative in nature and are intended to ensure that the FY26 budget more accurately reflects actual revenues and expenditures while addressing DEED's compliance concerns. They do not represent a change in the district's FY27 budget development process or long-term financial planning assumptions.

Conclusion

The district's financial position has continued to worsen as FY26 approaches year-end.

The combination of:

- Reduced Foundation funding despite the DEED settlement adjustment
- Uncertainty surrounding Impact Aid revenue
- Lack of available cash reserves
- Approximately **\$143,000 in unpaid vendor obligations**
- **\$178,911.85 in unposted credit card liabilities**
- Significant year-end payroll obligations exceeding **\$640,000**
- **A \$100,000 liability insurance installment payment due in July 2026**
- Ongoing operational costs necessary to maintain school operations

has created a situation where the district faces serious challenges meeting its obligations without immediate financial intervention and careful cash flow management.

Most concerning is that the reduction in Foundation funding is not limited to FY26. The reduced monthly payments will continue through **March 2027**, meaning the district will begin FY27 under the same reduced revenue structure for the first nine months of the fiscal year. Without significant operational adjustments, additional revenues, or other corrective measures, the district's financial challenges will extend well beyond the current fiscal year.

The immediate priorities remain:

- Weekly cash flow monitoring
- Aggressive collection of documentation for outstanding credit card expenditures
- Prioritization of legally required and mission-critical expenditures
- Maximization of grant reimbursements and indirect cost recovery
- Development of FY27 expenditure reduction strategies
- Ongoing communication with the Board regarding cash flow risks and operational impacts

The district's financial position remains extremely challenging as FY26 approaches year-end. While the recent settlement agreement with DEED is expected to provide approximately **\$200,000 in additional Foundation revenue**, this funding only partially offsets the revenue reduction caused by the October 2025 student count adjustment and does not eliminate the district's underlying cash flow concerns.

QUESTIONS?

CSD Budget Highlights – Draft 1

- FY26 costs analyzed – actual FY26 staffing costs/FTE rolled to FY27
- Steps added for certified staff
- 2% COLA added (placeholder – negotiations in progress) for certified
- Classified staff rolled flat – no COLA
- FY26 changes (not in FY26 adopt budget)
 - Spec Ed Director \$20,000 and Psych Services \$10,000 = total \$43,369
 - Add back add'l 2 hrs/day for secretaries and district admin staff = total \$65,072
 - Change from Droplet to Jotform = savings of \$6,000
 - Remove extra duty contract for grants = savings of \$14,000
- Materials, Supplies and Travel lines cannot be updated until all credit card transactions are forecasted – then adjustments to forecasted expenses can be made in a future draft
- National Forest Receipts Revenue Added = total \$255,506.62
 - Also added anticipated additional staffing costs due to clause in Certified contract about 25% of revenue to teacher salaries = estimated expense of \$89,088.78 including fringe

CSD Budget Highlights – Draft 2

- Updated FY27 revenue projection based on information from DEED on 3.28.26 - net reduction in revenue of $\approx$ \$407K
 - Does not include potential for revenue add back that DEED is currently modeling
- District Administration Restructuring - savings of $\approx$ \$134K
- Removed National Forest Receipts payables - savings of $\approx$ \$65K
- Angoon
 - Removed custodian - savings of $\approx$ \$11K
 - Removed secretary - savings of $\approx$ \$35K
 - Removed 1.0 FTE Math teacher - savings of $\approx$ \$126K
- Gustavus
 - Removed HS ELA/SS position - savings of $\approx$ \$133K
- Klukwan
 - Updated anticipated range/step for vacant position - savings of $\approx$ \$32K
 - Removed 1.0 FTE teaching position - savings of $\approx$ \$90K
- Districtwide
 - Added 2.5% increase to health insurance premiums for certified and classified staff - cost of $\approx$ \$8,900 more than FY26
 - Added potential contract for OASIS reporting - \$12K
 - Reduced indirect revenue to \$45K from \$75K - more accurate based on FY26 and FY25

CSD Budget Highlights - Draft 3

- All changes from Draft 2 carried forward
- 200K of additional Foundation revenue forecasted.
- Still only a 2% COLA for certified staff budgeted
- No COLA for classified staff budgeted
- Materials and Supplies likely understated on travel since an accurate forecast of expenses cannot be done without the unposted credit card charges coded.
- Overall, this budget, although balanced, still does not give the district any margin for emergencies or unplanned expenses (like boilers going out or other major maintenance concerns)

STANDARD PROVISIONS

- 1.) SERRC shall not be held responsible for delay or failure to perform hereunder when such delay or failure is due to fire, flood, epidemic, strikes, act of God or the public enemy, unusually severe weather, legal act of public authority, or delays or defaults caused by public carrier, which cannot reasonably be forecast or provided against.
- 2.) Each party shall perform any services under this agreement as an independent contractor. Each party shall be responsible exclusively with respect to its respective employees. Each party shall provide for employment-related benefits and deductions that are required by law, including but not limited to federal income tax deductions, workers' compensation coverage, and retirement system contributions, as applicable.
- 3.) Each party shall be responsible, to the extent required by law, only for the act, omissions, and/or negligence of its own officers, employees, or agents. Each party shall indemnify and hold harmless the other party, its officers, employees, and agents only from and against any and all claims, damages, and expenses resulting from the sole negligence of that party. Otherwise, each party is responsible for its own percentage of fault. Each party shall maintain its own Commercial General Liability, General Liability, Cyber Liability, Workman's Compensation, Umbrella Liability, Property, and Automotive insurance policy to cover services incorporated herein.
- 4.) Except as otherwise expressly provided in this agreement, SERRC disclaims any and all promises, representation and warranties, express or implied, with respect to the Supported Systems, corrections and the services provided hereunder, including promises, representations and warranties as to condition, the existence of any latent or patent defects, merchantability or fitness for any particular purpose, non-infringement, or any implied warranty of information content or system integration. Without limiting the generality of the foregoing disclaimer, SERRC does not warrant that its advice, systems configuration, or programming on behalf of the Customer will be error free.
- 5.) For a period on 1 (one) month following delivery of the hereunder listed Service, SERRC shall have an obligation to correct demonstrated errors in the operation of the Supported Systems which may appear as a result of incorrect provision of Service.
- 6.) SERRC shall not have any obligation to correct errors in the operation of the Supported Systems if the programming code, configuration, or wiring has been modified by Customer or by any other party.
- 7.) SERRC disclaims all liability whatsoever to Customer or any other party for any act or omission that may result in consequential, indirect, incidental, special, or such other damages including but not limited to, any loss of performance, functionality, or data resulting from equipment, software, malware, configuration, or overall systems component interaction.
- 8.) Each party shall, to the extent required by the law, provide services in a manner compliant with Federal and State Special Education regulations as per the Alaska State Special Education Handbook.
- 9.) This agreement constitutes the entire agreement between the parties. No waiver, consent, modification or change of terms or provisions of this agreement shall bind the parties unless in writing and signed by SERRC and DISTRICT. Such waiver, consent, modification, or change, if made, shall be effective only in the specific instance and for the specific purpose given. There are no understandings, agreements, or representations, oral or written, not specified herein regarding this agreement.

certain facts and circumstances which would lead a person, through the exercise of reasonable care, to know about a certain condition. Constructive knowledge may include, but is not limited to, situations where an employer: (i) fails to complete or improperly completes the Employment Eligibility Verification Form, I-9; (ii) has information available to it that would indicate that the alien is not authorized to work, such as Labor Certification and/or an Application for Prospective Employer; or (iii) acts with reckless and wanton disregard for the legal consequences of permitting another individual to introduce an unauthorized alien into its work force or to act on its behalf. Knowledge that an employee is unauthorized to work may not be inferred from an employee's foreign appearance or accent.

All new employees shall show appropriate documents which certify that they are legally eligible to work in the United States, as required by law. Note: The following sample policy is based on material from the Juneau School District and may be modified or deleted as needed.

The School Board desires to hire personnel whose background, conduct, and behavior reflect the highest standards of integrity and professionalism, and are deemed appropriate for work with children. The District will investigate the background of all applicants (including volunteers) prior to hire in the district. This investigation will include questions related to an applicant's background and criminal history, including a background check, and may include a fingerprint check.

Falsification or omission of information during the interview or on the application shall be grounds for immediate removal from consideration for a position or dismissal from a currently held position. For certified staff, a complaint may also be made with the Alaska Professional Teaching Practices Commission (PTPC).

WORKSHEETS for the district policy committee:
DISCARD WHEN FINISHED

1. No individual will be hired by the district until a background investigation has been completed. Under emergency circumstances, the Superintendent or designee can waive this requirement to allow someone to work until the investigation is complete.
2. No person who has ever been convicted, or plead guilty or no contest (including forfeiture of bail) to a crime involving violence or sexual abuse will be hired by the district.
3. No person who has been convicted, or plead guilty or no contest (including forfeiture of bail) to (1) a felony or (2) a crime or other violation involving a controlled substance within the five years preceding the application, will be hired by the district. If more than five years have elapsed since the crime or violation, a person may apply pursuant to the following paragraph.
4. Applications from persons who have been convicted, or plead guilty or no contest (including forfeiture or bail) to any crime or violation (excluding minor traffic violations) not covered in (2) nor (3) will be considered by the Superintendent or designee on a case by case basis and notice given to the School Board prior to hire or being hired by the district.
5. If charges are pending, no action will be taken on the individual's application until disposition of the charges.

Personnel records shall be kept for all current employees and shall include information usually expected in good personnel administration. Records shall be kept for all former employees, including such information as shall seem appropriate to the administration.

Note: The Alaska Supreme Court has upheld a broad policy of public access to records and has ruled that employment applications of police chief and city manager may not be exempt from disclosure in view of the public's strong interest in high level public officials. It is likely

therefore that Superintendent or designee applications, and possibly other employee applications, are subject to public disclosure.

(cf. 1340 - Access to District Records)

(cf. 3580 - District Records)

(cf. 1312.1 - Complaints Concerning Personnel)

Note: [4 AAC 19.040](#) exempts employee evaluations from public disclosure and requires districts to establish procedures as to which supervisory personnel may have access to evaluation documents. [AS 14.20.149](#) provides that information provided to a district under the district's certificated employee evaluation system is not a public record and is not subject to public disclosure. The Alaska Supreme Court in *Anchorage Daily News* has held that the evaluation of head public librarian is a public document. AASB recommends public requests for evaluations of district administrators be reviewed with district legal counsel on a case-by-case basis.

All personnel files are confidential and shall be available only to the employee, persons authorized by the employee, the Superintendent or designee, and those individuals authorized by the Superintendent or designee or School Board in accordance with administrative procedures.

The School Board may [collectively](#) request to review an employee's file at an [executive](#) session of the School Board, [pursuant to a specific employee action and/or complaint process, and in accordance with the Alaska Open Meetings Act](#).

Employees shall be notified whenever derogatory information is to be placed in their personnel files. Employee may review and comment on the contents of [their](#) personnel file. Personnel records shall be made available for inspection by the employee at an off-duty time. Inspection shall take place in the presence of an administrator.

BP 4112.10 – CERTIFICATED PERSONNEL - EMPLOYMENT OF RETIRED TEACHERS

Deleted: -

Note: Effective November 8, 2018, [AS 14.20.136](#) authorizes schools districts to hire retired teachers in cases of teacher shortages. Retired teachers hired under this statutory provision may elect to continue receiving TRS benefit payments during the period of reemployment. A contract for reemployment of a retired teacher hired under [AS 14.20.136](#) may not be for more than 12 consecutive months. Under [AS 14.20.020\(g\)](#), a retired teacher may teach as a long-term substitute for not more than 165 consecutive days of a school term.

If the teacher retired under the defined benefit retirement system, the teacher must be retired for at least 60 days if 62 years of age or older, or at least six months if under 62 years of age, before reemployment. In addition, if the teacher is reemployed by the same district that employed the teacher upon retirement, the teacher must certify that there was no prearranged agreement with the school district to hire the teacher after retirement.

Prior to the hire of retired teachers under this statute, the school board must adopt a policy that permits the employment of retired teachers who are qualified to teach in those disciplines or specialties in which a shortage of teachers exists. The policy must describe the circumstances that constitute the shortage.

This optional policy may be utilized by districts desiring to hire retired teachers in cases of teacher shortages, as authorized by [AS 14.20.136](#).

It is the policy of the Board that teacher vacancies be filled in a timely manner by qualified personnel. The District administration is authorized to employ retired teachers in accordance with [AS 14.20.136](#) in cases of teacher shortages, and to notify the Administrator of the Teachers' Retirement System that it is hiring retired teachers pursuant to that statutory provision.

The hiring of retired teachers is authorized in those disciplines or specialties in which a shortage of teachers exists despite active recruitment efforts. A shortage is deemed to exist for those open positions that the administration has been unable to fill with qualified candidates, despite recruitment, public advertising for at least 10 business days, interviews, and the offering of positions to qualified candidates, if any.

[The hiring of retired teachers under this policy is distinct from a teacher holding a retired teacher certificate under 4 AAC 12.380.](#)

BP 4113 - CERTIFICATED PERSONNEL - ASSIGNMENT

Note: The following sample policy may be revised or deleted to reflect district philosophy. This subject area is covered by collective bargaining laws.

The School Board recognizes strategic assignments are essential to supporting student success and maintaining a healthy, consistent school environment. While assignments must comply with applicable laws and credentialing requirements, the strengths, experiences, and well-being of district staff are important considerations. Since both students and staff benefit from stability, continuity, and positive relationships, assignment decisions should also consider the impact on school climate by minimizing unnecessary disruptions, and promoting consistency in student-teacher relationships.

The Superintendent or designee may assign certificated personnel to any position for which their preparation, certification, experience and aptitude qualify them. Teachers may be assigned to any school within the district. Teachers shall not be assigned outside the scope of their teaching certificates or their fields of study except as allowed by law.

(cf. 4112.8/4212.8/4312.8 - Employment of Relatives)

Note: The following optional paragraph should be reviewed in conjunction with the district's collective bargaining agreement, if any, and revised or deleted as appropriate.

The assignment of certificated personnel shall comply with applicable collective bargaining agreements and alternative and charter school contracts.

BP 4115 – CERTIFICATED PERSONNEL - EVALUATION/SUPERVISION

Note: [AS 14.20.149](#) requires school districts to have a certificated employee evaluation system. The School Board is required to consider information from students, parents, community members, classroom teachers, affected collective bargaining units, and administrators in the design and periodic review of the system. The evaluation must be based on observation of the employee in the employee's work place. In addition, the law mandates a number of requirements for the system including the establishment of district performance standards, a minimum number of evaluations each year, the preparation and implementation of a plan of improvement, and opportunity for students, parents, community members, teachers, and administrators to provide information on the performance of the person being evaluated. Department of Education and Early Development regulations require a district's certificated employee evaluation system to evaluate a teacher or administrator's performance on applicable professional content standards as exemplary, proficient, basic, or unsatisfactory. In addition, overall performance must be evaluated with these same four ratings. No later than July 1, 2016, a district shall adopt for teachers and administrators standards for performance based on student learning data. [4 AAC 04.205](#). A district shall report to the department not later than September 15th of each year evaluation results as to tenured and non-tenured teachers, administrators and special service providers and performance levels, as prescribed in [4 AAC 19.055](#). The Educator Evaluation regulations are found at [4 AAC 19.010-19.099](#).

The School Board believes that evaluations can provide important information relevant to employment decisions, help staff improve their professional skills, improve the effectiveness of instruction, and raise student achievement levels. In accordance with the district's certificated employee evaluation system, the Superintendent or designee shall evaluate certificated personnel annually, including teachers, administrators, and special service providers. The evaluation system shall evaluate whether the certificated employee is exemplary, proficient, basic, or unsatisfactory on applicable content standards and in overall performance. The district's certificated employee evaluation system will incorporate those procedures and mandates required by law.

WORKSHEETS for the district policy committee:
DISCARD WHEN FINISHED

The district shall provide in-service training to all certificated employees subject to the evaluation system. The training will assure inter-rater reliability and address the evaluation procedures, the standards used by the district in evaluating performance, and other information that may be helpful to a thorough understanding of the evaluation system.

Individuals conducting an evaluation must hold a type B administrator certificate or be a site administrator under the supervision of a person with a type B certificate, be employed by the school district as an administrator, and complete training in the use of the district's evaluation system.

A certificated employee has a right to comment within 10 days on the evaluation and may not be retaliated against for doing so.

The certificated employee evaluation system will be periodically reviewed. The district will consider input from students, parents, community members, classroom teachers, affected collective bargaining units, and administrators. The district will make a form, template, or checklist that the district uses in the evaluation of certificated employees available to the public, including posting the form, template, or checklist on the district's website. The posting will explain how the district has considered the input of these groups in the design of the evaluation system.

Dear ASB,

Gustavus School continues to offer meaningful, engaging opportunities that connect our students to both the arts and our community. I am pleased to share several highlights and upcoming events.

We are excited to welcome Petersburg artist Cindi Lagoudakis to Gustavus School during the week of May 4th. Cindi will be working with students across grade levels, providing hands-on instruction in gelatin plate printing. Students will explore this accessible printmaking technique using plates, acrylic paint, and brayer rollers. Gelatin plate printing allows for creativity at all levels and introduces students to a versatile art form that can extend into collage, bookmaking, and more. Student and community artwork created through this process will be featured at the May Gateway Gallery Show, opening Friday, May 8th at 5:00 PM.

Students will have the opportunity to attend a live performance by Matt Herskowitz, a nationally recognized jazz/classical crossover pianist, at the Gustavus Community Center. This enriching experience supports exposure to live music and the arts. An evening performance will be open to the community at 7:00 PM, and families are encouraged to attend.

Last week, our elementary students participated in an engaging historical experience with Tin-Cup Kelly, a reenactor from the Klondike Gold Rush era. Students traveled back in time, learning about the Gold Rush through storytelling and interactive activities. Following the visit, students took Tin-Cup Kelly to Bartlett Cove, connecting local geography with historical learning.

Students will take part in the Point Hike on May 5-6, followed by the Sea Wolf trip on May 14-15. On May 19, our 4th and 5th grade students will present their Year-Long Study projects. We have applied for the GREAT Alaska Project which focuses on building our own special education workforce in rural districts by growing teachers from within communities. The goal is to support paraprofessionals in working toward certification so we can have more local special education teachers who are more likely to stay long-term. At the same time, the project strengthens all staff capacity around reading instruction and intervention for students with disabilities. It aligns with Alaska's Reading

Strategic Plan and ESSA priorities, so it supports both compliance and improved student outcomes.

In collaboration with The Alaska Division of Vocational Rehabilitation (DVR), Summer Work Program will be providing a paid work experience for students, particularly those with disabilities while building essential employability skills and supporting successful transitions beyond high school. For Gustavus School, this program aligns directly with IDEA transition requirements and extends learning beyond classrooms by connecting students to real-world environments. Students gain valuable experience in communication, responsibility, and problem-solving, while also exploring potential career pathways in a supported setting. At the same time, local businesses benefit from an additional workforce during the peak seasons and have the opportunity to help develop and retain future employees within the community. In a rural setting like Gustavus, the program serves as a critical bridge between education and the local economy, strengthening student outcomes, supporting families, and contributing to long-term community sustainability.

Final revisions to the preschool handbook and program materials are currently underway in preparation for the submission to the state for 0.5 ADM funding through Chatham School District for Gustavus. This process includes aligning the handbook with Alaska DEED requirements, ensuring all policies, procedures, and program components reflect compliance with state expectations for early childhood programs.

Quick note on the Middle School Volleyball team, they won half of their games at the tournament in Juneau. Go Foxes!!

Gustavus School remains committed to providing well-rounded, engaging learning experiences that reflect the strengths and opportunities of our community. Thank you for your continued support of our students and staff.

Respectfully,
Karen McSpadden
Principal, Gustavus School

STUDENT COUNCIL REPORT:

- Colin Devenny (Student Council President) reported that they have obtained a few names from Kate Boesser for the plaque honoring Gustavus School graduates who have joined the military. They hope to have more names by our next meeting in May so we can order the plaque.

ITEMS FOR ADVISORY SCHOOL BOARD CONSIDERATION:

OLD BUSINESS:

- None

NEW BUSINESS:

1. Presentation by Jessie Soder regarding attendance - Jessie proposed the idea of forming an Attendance Committee. She would like it to consist of a broad variety of representatives (example: teachers, an ASB member, parents, community members, and students). There has been a rise in chronic student absences, which is defined as students missing 10% or more days in class. Studies show that students who are chronically absent are less proficient in reading, struggle with middle school achievement, and have decreased rates of high school graduation. Schoolwide chronic absences affect ALL students. It has been proven to cause decreased Math and ELA scores, and it negatively impacts social and emotional learning. Data shows that for the 2025-2026 school year, 60% of Gustavus School students were chronically absent. Middle school students were 50% absent and High School students were 68% absent. If you factor in sports, 95% of both Middle School and High School students were chronically absent. Jessie would potentially like to have an Attendance Committee in place by fall of 2026. ASB will be holding a special meeting to approve the formation of the committee. Jessie's hope is to provide information/outreach in order to reduce student absences and promote a more efficient learning environment.
2. Megan Graham, GBNP Education Specialist, discussed details of the GBNP collaborating with the school. She stressed the importance of having an official written agreement between the GBNP and Gustavus School. It's been fairly informal in the past, but it would be beneficial to have an agreement especially for some of the bigger projects, such as First Bloom or Plume and Navigation/Oceanography. Some activities that have been offered in the past are:

Fishing

Berry picking

Field trip with maintenance division(potentially more career exposure in other divisions)

Coldwater Coral

Bird activities

Gustavus Point Hike

Scientist in the classroom

Dragonfly Mercury Project

Megan is open to ideas of how to collaborate. She would like to at least have a general agreement draft completed by June 1st. The agreement could then be revisited/modified

year to year.

3. Jarvis reviewed Gustavus School Fund. The current balance is \$66,981.86. She mentioned that deposits from middle school athletics are not yet reflected in the final number of the athletics fund.
4. Kelly made 1st motion, Jarvis made 2nd motion to approve Gustavus School fund request by Jessie Soder for the Point Hike in the amount of \$800. Unanimous vote yes.
5. Graduation update - Graduation will be Sunday May 17th. There will be 6 graduates. Flowers and cake have been ordered. Karen will order balloons from Juneau. Durco will be the ASB representative on the stage. ASB will set up the day before at 1:00 and will clean up after the event.
6. Community Breakfast update - The NPS Interp will be serving breakfast in May.
7. Legislative checkin - at our last meeting Leann Weikle (RSB Treasurer) spoke about current legislation. Two bills that she focused on promoting were #261 and #280. Both bills would improve funding and continuity in our school districts. As of now they both have been approved through the education committee and are currently being reviewed by the finance committee. So far there has been positive movement for both.
8. Barker made 1st motion to postpone discussion of future senior trip to the May meeting. Durco made 2nd motion. Unanimous vote yet to postpone.

BOARD MEMBER COMMENTS:

- None

DISCUSSION:

- May 6-10 is Teacher Appreciation week. ASB members will try to bring snacks throughout the week.
- ASB will hold a special meeting to approve forming an Attendance Committee
- Barker mentioned some possible grant opportunities for the future. The Rural Cap Grant and the Friends of Gustavus Grant may be possibilities. We would need to go through the proper channels to see if we qualify.

- Barker mentioned she would like to step down from being Chair after November, but will still remain on the board.
- Durco would like to make the Aramark dayboat happen for students in the fall. School will start on 9/2 and the last dayboat is 9/7 so there may be a chance it could work out. She will discuss it with Brian the GBL manager.
