Minutes of (X) Regular ( ) Special Meeting ..... March 18th 2026  
 Secretary's Initials \_\_\_\_\_

Visitors: Jeannine Marthen, Danielle Grayson, Jessica Lacombe (Virtual)

Public Comments: None

Staff Recognition: Ashley Nevins read the Staff Shout Out board.

**Departmental Presentation– SHWS/ Universal Screening Pilot**

Danielle Grayson and Jeannine Marthen presented on implementing universal screeners. These are social/emotional comprehensive tools used to assess level of functioning in class. Screening takes place three times a year in October, February, and May. Ms. Marthen says she noticed a big improvement in motivation to learn since beginning this screening.

## Series 4000: District Employment

### 4200 Employee Conduct and Ethics

#### ***4225.01 Hybrid-Remote Work for Non-Teaching Professionals***

The Board recognizes that in-person work is an essential function of school employment. Policy 4225 (“Temporary Remote Work”) addresses circumstances in which employees may work remotely on a temporary basis during a declared health or safety risk or other extraordinary circumstances.

Policy 4225.01 clarifies circumstances under which limited hybrid-remote work arrangements may occur on a non-extraordinary basis for non-teaching professionals when performing duties that do not require direct in-person student services.

#### A. Definitions

1. “Hybrid-Remote work” means: the temporary performance of regularly assigned job duties by an employee from a location other than District property, using District-approved technology, systems, and communication methods. Remote work may only occur when the duties being performed can be completed effectively without the employee’s physical presence in a school building and do not require direct, in-person interaction with students, staff or District families.
2. “Direct in-person student services” means: any regularly assigned job duty that requires face-to-face interaction with students for the purpose of instruction, assessment, supervision, intervention, counseling, support, or other services that contribute to a student’s educational program, safety, or well-being. These services require the employee’s physical presence and cannot be effectively delivered through remote or virtual means. The Board retains the authority to determine what positions require “direct and in-person student services.”

#### B. Eligibility

The Superintendent or designee may permit non-teaching professionals to perform certain job duties remotely when those duties do not require direct in-person services with students.

#### C. Considerations for Approval

When determining whether to permit hybrid remote work arrangements under this policy, the Superintendent or designee may consider the following factors:

1. The duties of the assigned position;
2. The need to protect and access confidential student, personnel, or financial information;
3. The need to supervise, direct, or evaluate students;

4. The need to provide direct in-person student services;
5. Compliance with required timelines, including, but not limited to, evaluation and Individualized Education Program (IEP) timelines;
6. Compliance with state and federal law, regulations, rules, and guidance;
7. Compliance with Board Policy;
8. Program, building, or district operational needs; and
9. Other relevant factors, as determined by the Superintendent or designee.

#### D. Permissible Remote Work Activities

Remote work may only be approved for duties that do not involve direct in-person student services. Examples include, but are not limited to:

1. Writing evaluation or progress reports;
2. Analyzing and interpreting assessment data;
3. Preparing documentation or instructional plans;
4. Reviewing records or student data;
5. Planning instruction, coaching activities, or program supports; and
6. Other professional responsibilities that may be effectively completed without in-person student interaction, including but not limited to state-level meetings, trainings, and/or webinars.

#### E. Approval Process

Hybrid-remote work arrangements must be approved in advance by the Superintendent or designee.

At the discretion of the Superintendent or designee, hybrid-remote work arrangements may be approved for up to one (1) year. Such arrangements may be reviewed, modified, renewed, or discontinued based on the Superintendent's sole discretion. Approval of remote or hybrid work schedules is not a guarantee that such arrangements will be renewed.

#### F. Conditions of Remote Work

1. Approval of remote or hybrid work:
  - a. Does not create a continued entitlement to Hybrid-remote work;
  - b. Does not establish a binding past practice; and

- c. May be modified or discontinued at any time, in the sole discretion of the Superintendent.
2. The District shall not provide or reimburse employees who are approved for remote work for:
  - a. Home internet service;
  - b. Home office furniture;
  - c. Utilities or the cost associated; or
  - d. Home office supplies
3. The District will provide technology or system access necessary for employees to perform their assigned duties. District provided technologies, including hardware and software, has no expectation of privacy and may be monitored by the District at any time.
4. Employees approved for hybrid-remote work must remain fully available and responsive during their regularly scheduled working hours, including, but not limited to, responding to communications by phone, email, and virtual meeting platforms throughout the normal workday and must adequately and timely respond to communications from supervisors, colleagues, and families within a reasonable period of time. Employees approved for remote work may be directed to report to school property on a remote workday to address an emergency or exigent situation.
5. Employees approved for hybrid/remote work are responsible for meeting all performance expectations and standards associated with their respective position. Hybrid/remote employees must complete all assigned duties within the required timelines and consistent with the District's expectations. Remote work arrangements must not delay or diminish the quality of service provided by the employee.
6. Supervisors of hybrid/remote employees are permitted to monitor work output, review documentation, or require periodic updates to ensure that remote work supports student and program needs. Hybrid-remote work shall not limit a Supervisor's ability to evaluate an employee's performance.

#### G. District Authority

Nothing in this policy shall limit the District's authority to determine staffing assignments, service delivery models, or the method of instruction provided to students.
