In the event this policy conflicts or is otherwise inconsistent with mandatory provisions of the UGG, EDGAR or other applicable federal law, the mandatory provisions of the laws shall control.

The District will also comply with the requirements of the public lettings laws (NEB. REV. STAT. §§ 73-101 through 73-106) when the contemplated expenditure for the complete project exceeds \$~~109~~136,000, the Political Subdivisions Construction Alternatives Act (NEB. REV. The "bid guarantee" must consist of a firm commitment such as a bid bond, certified check, or other negotiable instrument accompanying a bid as assurance that the bidder will, upon acceptance of the bid, execute such contractual documents as may be required within the time specified.
- B. A performance bond on the part of the contractor for 100 percent of the contract price. A "performance bond" is one executed in connection with a contract to secure fulfillment of all the contractor's obligations under such contract.

III. Construction Projects with an Anticipated Cost of Under \$250350,000

A. Methods of Bidding/Soliciting Quotations or Estimates

The type of procedures required depends on the anticipated cost of the project.

1. Construction with an Anticipated Cost of up to \$10,00015,000 (Micro-Purchases)

Micro-purchase means an individual procurement transaction for supplies or services using simplified acquisition procedures, the annual aggregate amount of which does not exceed \$10,00015,000. Micro-purchases may be made or awarded without soliciting competitive quotations, to the extent district staff determine that the cost of the purchase is reasonable. For purposes of this policy "reasonable" means the purchase is comparable to market prices for the geographic area.

To the extent practicable, the District distributes micro-purchases equitably among qualified suppliers. The District will follow its standard policy on purchasing.

2. Construction with an Anticipated Cost of between \$10,00015,000 and \$250350,000 (Simplified Acquisition Procedures)

For construction projects subject to this policy, simplified acquisitions are purchases that, in the aggregate amount, is more than \$10,00015,000 and less than \$250350,000 annually. A. Sealed Bids: All constructions projects subject to this policy with an anticipated cost of \$250350,000 or more will be publicly solicited using the sealed bid method

1. Bids must be solicited from an adequate number of known suppliers, providing them sufficient response time prior to the date set for opening the bids, for state, local, and tribal governments, the invitation for bids must be publicly advertised;
2. The invitation for bids, which will include any specifications and pertinent attachments, must define the items or services in order for the bidder to properly respond;
3. Sealed bids will be publicly opened in a place and at the specific time stated in the bid solicitation. Bidders shall be notified of the opening and invited to be present.
4. The contract will be awarded to the lowest responsive and responsible bidder.
 - a) Where specified in bidding documents, factors such as discounts, transportation cost, and life cycle costs must be considered in determining which bid is lowest.
 - b) Payment discounts will only be used to determine the low bid when prior experience indicates that such discounts are usually taken advantage of.
 - c) Any or all bids may be rejected if there is a sound documented reason.
5. The board shall have discretion in determining which bidders are responsible and responsive and shall award the contract to the lowest, responsible, and responsive bidder whose bid meets the bid specifications. This means that the board will select the bid that offers the best value and award a contract based upon the

amount of the bid and the bidder's ability and capacity to carry on the work, its equipment and facilities, honesty, integrity, skills, business judgment, experience, equipment, facilities, financial stability, past performance, and other relevant factors.

6. The board will generally complete its review of bids and select a vendor within 30 days of bid submission.

B. Advertising for Bids.

1. The superintendent or designee will arrange to advertise for bids by publishing notice in any newspaper of general circulation within the school district at least 7 calendar days prior to the date on which bids are due.

2. Nothing shall prevent the superintendent or designee from advertising in additional media outlets or for a longer period of time.

C. Bid Documents

1. The bid documents shall identify the day upon which the bids shall be returned, received, or opened and shall identify the hour at which the bids will close or be received or opened.

2. The bid documents shall also provide that such bids shall be opened simultaneously in the presence of the bidders or their representatives.

3. Bids received after the date and time specified in the bid documents shall be returned to the bidder unopened.

4. If bids are being opened on more than one contract, the board, in its discretion, may award each contract as the bids are opened.

5. Sealed bids will be opened in a place and at the specific time stated in the bid solicitation. Bidders shall be notified of the opening and invited to be present.

6. Bids will be reviewed by the Superintendent and/or designee and submitted to the board for approval.

7. The board shall have discretion in determining which bidders are responsible and responsive and shall award the contract to the

lowest, responsible, and responsive bidder whose bid meets the bid specifications. This means that the board will select the bid that offers the best value and award a contract based upon the amount of the bid and the bidder's ability and capacity to carry on the work, its equipment and facilities, honesty, integrity, skills, business judgment, experience, equipment, facilities, financial stability, past performance, and other relevant factors.

8. The board will generally complete its review of bids and select a vendor within 30 days of bid submission.

D. The terms of any construction project undertaken pursuant to this policy will be memorialized in a written contract which has been reviewed by the district's legal counsel and approved by the board.

V. Other Contract Matters.

A. Required Terms

The non-Federal entity's contracts must contain the applicable provisions required by section 200.322327 and described in Appendix II to Part 200—Contract Provisions for non-Federal Entity Contracts Under Federal Awards. This includes a "Buy American" provision that provides that as appropriate and to the extent consistent with law, the District and contractor should, to the greatest extent practicable under a Federal award, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States (including but not limited to iron, aluminum, steel, cement, and other manufactured products). The requirements of the Buy American provision must be included in all subawards including all contracts and purchase orders for work or products under this award.

B. Contracting with Certain Vendors

Pursuant to the standards contained in 2 C.F.R. § 200.321, the District will take all necessary affirmative steps to assure that minority businesses, women's business enterprises, veteran-owned businesses, and labor surplus area firms are used when possible and consistent with state law.

To the maximum extent practicable, the school food program shall purchase domestic commodities or products produced in the U.S. or processed in the U.S. substantially using agricultural commodities produced in the U.S.

C. Full and Open Competition

The district's procurement transactions will be conducted in a manner providing full and open competition consistent with 2 C.F.R §200.319.

D. Debarment and Suspension

The District awards contracts only to responsible contractors possessing the ability to perform successfully under the terms and conditions of a proposed procurement. Consideration will be given to such matters as contractor integrity, public policy compliance, proper classification of employees (see the Fair Labor Standards Act, 29 U.S.C. 201, chapter 8), record of past performance, and financial and technical resources when conducting a procurement transaction.

The District may not subcontract with or award subgrants to any person or company who is debarred or suspended. For all contracts over \$25,000 the District verifies that the vendor with whom the District intends to do business with is not excluded or disqualified. 2 C.F.R. Part 200, Appendix II(1) and 2 C.F.R. §§ 180.220 and 180.300.

The District will verify debarment or suspension by ~~revising~~ reviewing the excluded parties list on SAM.gov, collecting a certification through the bidding process, and/or by including a debarment and suspension provision in the bid and contract documents. The Superintendent or his/her designee shall be responsible for such verification.

E. Settlements of Issues Arising Out of Contract

The District alone is responsible, in accordance with good administrative practice and sound business judgment, for the settlement of all contractual and administrative issues arising out of procurements. These issues include, but are not limited to, source evaluation, protests, disputes, and claims. These standards do not relieve the District of any contractual responsibilities under its contracts. Violations of law will be referred to the local, state, or federal authority having proper jurisdiction.

F. Record Keeping

1. Record Retention

- a) The District maintains all records that fully show (1) the amount of funds under the grant or subgrant; (2) how the subgrantee uses those funds; (3) the total cost of each project; (4) the share of the total cost of each project provided from other sources; (5) other records to facilitate an

effective audit; and (6) other records to show compliance with federal program requirements. 34 C.F.R. §§ 76.730-.731 and §§ 75.730-.731. The District also maintains records of significant project experiences and results. 34 C.F.R. § 75.732. These records and accounts must be retained and made available for programmatic or financial audit.

- b) The U.S. Department of Education is authorized to recover any federal funds misspent within 5 years before the receipt of a program determination letter. 34 C.F.R. § 81.31(c). Schedule 10 (Local School Districts) and Schedule 24 (Local Agencies General Records) of the Nebraska Records Management Division as approved by the Nebraska Secretary of State/State Records Administrator requires the District to maintain records regarding construction projects for a minimum of five (5) years after the sale or demolition of the building. However, if any litigation, claim, or audit is started before the expiration of the record retention period, the records will be retained until all litigation, claims, or audit findings involving the records have been resolved and final action taken. 2 C.F.R. § 200.[333334](#).
- c) Records will be destroyed in compliance with Schedule 10, Schedule 24, and State law. This includes the completion of a Records Disposition Report.

2. Maintenance of Construction Records for Projects Financed with Federal Funds

- a) The District must maintain records sufficient to detail the history of all construction projects financed with federal funds. These records will include, but are not necessarily limited to the following: rationale for the method of construction, selection of contract type, contractor selection or rejection, the basis for the contract price (including a cost or price analysis), and verification that the contractor is not suspended or debarred.
- b) Retention of construction records shall be in accordance with applicable law and Board policy.

VI. Conflict of Interest and Code of Conduct

- A. Board and staff member conflicts of interest are governed by the district's conflict of interest policies.
- B. Contracts covered by this policy are subject to the following additional provisions.
 - 1. Employees, officers, and agents engaged in the selection, award, and/or administration of district contracts which are prohibited from engaging in such actions if a real or apparent conflict of interest is present.
 - 2. Such a conflict of interest would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated herein, has a financial or other interest in or a tangible personal benefit from a firm considered for a contract.
 - 3. The board may determine at its discretion that a financial interest is not substantial enough to give rise to a conflict of interest.

C. Favors and Gifts

An employee, officer, agent, and board member of the District may neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts, with the limited exception of unsolicited items of nominal value.

D. Enforcement

Disciplinary Actions will be applied for violations of such standards by officers, employees, board members, or agents of the District at the board's discretion.

VII. Financial Management

A. Identification.

The District will identify, in its accounts, all federal awards received and expended and the federal programs under which they were received. Federal program and award identification include, as applicable, the CFDA title and

number, federal award identification number and year, name of the federal agency, and, if applicable, name of the pass-through entity.

B. Financial Reporting

The District will make an accurate, current, and complete disclosure of the financial results of each federal award or program in accordance with the financial reporting requirements set forth in the Education Department General Administrative Regulations (EDGAR).

C. Accounting Records

The District maintains records which adequately identify the source and application of funds provided for federally-assisted activities. These records must contain information pertaining to grant or subgrant awards, authorizations, obligations, unobligated balances, assets, expenditures, income and interest and be supported by source documentation.

D. Internal Controls

The Superintendent or his/her designee must maintain effective control and accountability for all funds, real and personal property, and other assets through board review and approval of claims, an annual audit of the district's finances pursuant to the applicable Nebraska Department of Education and federal rules and regulations, and comparison of expenditures and outlays to budgeted amounts. The District adequately safeguards all such property and assures that it is used solely for authorized purposes.

E. Budget Control

Actual expenditures or outlays will be compared with budgeted amounts for each federal award at least annually and more often as required by law or deemed prudent by the board or administrative staff.

F. Payment Methods

The District will comply with applicable methods and procedures for payment that minimize the time elapsing between the transfer of funds and disbursement by the District, in accordance with the Cash Management Improvement Act at 31 CFR Part 205. Generally, the District receives payment from the Nebraska Department of Education on a reimbursement basis. 2 CFR § 200.305. However, if the District receives an advance in federal grant funds, the District will remit interest earned on the advanced payment quarterly to the federal agency. The District may retain interest amounts up

to \$500 per year for administrative expenses. 2 CFR § 200.305(b)(9).

Consistent with state and federal requirements, the District will maintain source documentation supporting the federal expenditures (invoices, time sheets, payroll stubs, etc.) and will make such documentation available for the Nebraska Department of Education to review upon request.

G. Allowability of Costs

Expenditures must be aligned with approved budgeted items. Any changes or variations from the state-approved budget and grant application need prior approval.

When determining how the District will spend its grant funds, the Superintendent or his/her designee will review the proposed cost to determine whether it is an allowable use of federal grant funds before obligating and spending those funds on the proposed good or service. All costs supported by federal education funds must meet the standards outlined in EDGAR, 2 CFR Part 3474 and 2 CFR Part [200, Subpart E](#). The Superintendent or his/her designee must consider these factors when making an allowability determination.

The Superintendent or his/her designee will consider Part 200's cost guidelines when federal grant funds are expended. The Superintendent or his/her designee will also consider whether all state - and District-level requirements and policies regarding expenditures have been followed.

H. Use of Program Income – Deduction, Addition, or Cost Sharing or Matching

The default method for the use of program income for the District is the deduction method. 2 C.F.R. § 200.307(e). Under the deduction method, program income is deducted from total allowable costs to determine the net allowable costs. Program income will only be used for current costs unless the District is otherwise directed by the federal awarding agency or pass-through entity. 2 C.F.R. § 200.307(e)(1). The District may also request prior approval from the federal awarding agency to use the addition method. Under the addition method, program income may be added to the Federal award by the Federal agency and the non-Federal entity. The program income must then be used for the purposes and under the conditions of the Federal award. 2 C.F.R. § 200.307(e)(2). The District may also request prior approval from the federal awarding agency to use the cost sharing or matching method.

While the deduction method is the default method, the District always refers

to the grant award notice prior to determining the appropriate use of program income.

I. Cost Sharing or Matching

For all Federal awards, any shared costs or matching funds and all contributions, including cash and third-party in-kind contributions, must be accepted as part of the non-Federal entity's cost sharing or matching when such contributions meet all of the following criteria:

- (1) Are verifiable from the non-Federal entity's records;
- (2) Are not included as contributions for any other Federal award;
- (3) Are necessary and reasonable for accomplishment of project or program objectives;
- (4) Are allowable under [subpart E \(Cost Principles\) of this part](#);
- (5) Are not paid by the Federal Government under another Federal award, except where the Federal statute authorizing a program specifically provides that Federal funds made available for such program can be applied to matching or cost sharing requirements of other Federal programs;
- (6) Are provided for in the approved budget when required by the Federal awarding agency; and
- (7) Conform to other provisions of this part, as applicable.

J. Documentation of Personnel Expenses

Records that reflect charges to federal awards for salaries and wages will comply with the rules and requirements of 2 CFR 200.430.

VIII. Other Contract Matters.

A. Required Terms

The non-Federal entity's contracts must contain the applicable provisions required by section 200.~~326~~-327 and described in Appendix II to Part 200—Contract Provisions for non-Federal Entity Contracts Under Federal Awards.

B. Contracting with Certain Vendors

Pursuant to the standards contained in 2 C.F.R. § 200.321, the District will take all necessary affirmative steps to assure that minority businesses, women's business enterprises, veteran-owned businesses, and labor surplus

area firms are used when possible consistent with state law.

To the maximum extent practicable, the school food program shall purchase domestic commodities or products produced in US or processed in US substantially using agricultural commodities produced in US.

C. Record Keeping

1. Record Retention

a) The District maintains all records that fully show (1) the amount of funds under the grant or subgrant; (2) how the subgrantee uses those funds; (3) the total cost of each project; (4) the share of the total cost of each project provided from other sources; (5) other records to facilitate an effective audit; and (6) other records to show compliance with federal program requirements. 34 C.F.R. §§ 76.730-.731 and §§ 75.730-.731. The District also maintains records of significant project experiences and results. 34 C.F.R. § 75.732. These records and accounts must be retained and made available for programmatic or financial audit.

b) The U.S. Department of Education is authorized to recover any federal funds misspent within 5 years before the receipt of a program determination letter. 34 C.F.R. § 81.31(c). Schedule 10 (Local School Districts) and Schedule 24 (Local Agencies General Records) of the Nebraska Records Management Division as approved by the Nebraska Secretary of State/State Records Administrator requires the District to maintain records regarding federal awards for a minimum of six (6) years. Consequently, the District shall retain records for a minimum of six (6) years from the date on which the final Financial Status Report is submitted, unless otherwise notified in writing to extend the retention period by the awarding agency, cognizant agency for audit, oversight agency for audit, or cognizant agency for indirect costs. However, if any litigation, claim, or audit is started before the expiration of the record retention period, the records will be retained until all litigation, claims, or audit findings involving the records have been resolved and final action taken. 2 C.F.R. § 200.333.

c) Records will be destroyed in compliance with Schedule 10, Schedule 24, and State law. This includes the completion of a Records Disposition Report.

2. Maintenance of Procurement Records

a) The District must maintain records sufficient to detail the history of all procurements. These records will include, but are not necessarily limited to the following: rationale for the method of procurement, selection of contract type, contractor selection or rejection, the basis for the contract price (including a cost or price analysis), and verification that the contractor is not suspended or debarred.

b) Retention of procurement records shall be in accordance with applicable law and Board policy.

D. Privacy

The District has protections in place to ensure that the personal information of both students and employees is protected. These include the use of passwords that are changed on a regular basis; staff training on the requirements of the Family Educational Rights and Privacy Act (FERPA) and State confidentiality requirements; and training on identifying whether an individual requesting access to records has the right to the documentation.

3004.1 Fiscal Management for Purchasing and Procurement Using Federal Funds

I. Applicability of Policy

This policy applies only to non-construction related purchases undertaken with federal funds which are subject to the federal Uniform Grant Guidance (UGG) and other applicable federal law, including but not limited to the Education Department and General Administration Regulations (EDGAR) and the United States Department of Agriculture (USDA) regulations governing school food service programs. In the event this policy conflicts or is otherwise inconsistent with mandatory provisions of the UGG, EDGAR or other applicable federal law, the mandatory provisions of the laws shall control.

All other non-construction purchases will be governed by the Board's general purchasing policy, which can be found earlier in this subsection. In the event of a conflict between state and federal law, the more stringent requirement shall apply.

This procurement policy shall govern all purchasing activities that relate to any aspect of the National School Lunch and Breakfast Programs. The district's goal is to fully implement all required procurement rules, regulations and policies set forth in 2 CFR 200, 7 CFR parts 210, 3016 and 3019, and by the Nebraska Department of Education.

II. Procurement System

The District maintains the following purchasing procedures.

A. Responsibility for Purchasing

The authority to make purchases shall be governed by the District's purchasing policy, which can be found elsewhere in this section. Except as otherwise provided in the District's purchasing policy, the acquisition of services, equipment, and supplies shall be centralized in the administration office under the supervision of the superintendent of schools, who shall be responsible for developing and administering the purchasing program of the school district. Purchases or commitments of district funds that are not authorized by this policy will be the responsibility of the person making the commitment.

B. Methods of Purchasing

The type of purchase procedures required depends on the cost of the item(s) being purchased.

1. Purchases up to ~~\$10,000~~15,000 (Micro-Purchases)

Micro-purchase means an individual procurement transaction for supplies or services using simplified acquisition procedures, the annual aggregate amount of which does not exceed ~~\$10,000~~15,000. Micro-purchases may be made or awarded without soliciting competitive quotations, to the extent district staff determine that the cost of the purchase is reasonable. For purposes of this policy "reasonable" means the purchase is comparable to market prices for the geographic area.

To the extent practicable, the District distributes micro-purchases equitably among qualified suppliers. The District will follow its standard policy on purchasing, which can be found earlier in this subsection.

2. Purchases between ~~\$10,000~~15,000 and ~~\$250,000~~350,000 (Simplified Acquisition Procedures)

Simplified acquisitions are purchases that, in the aggregate amount, are more than ~~\$10,000~~15,000 and less than ~~\$250,000~~350,000 annually. For simplified acquisitions, price or rate quotes shall be obtained in advance from a reasonable number of qualified sources as detailed in the district's standard policies on purchasing and on bid letting and contracts, which can be found earlier in this subsection.

3. Purchases Over ~~\$250,000~~350,000

a) Sealed Bids (Formal Advertising)

For purchases over ~~\$250,000~~350,000, the district will generally follow the bidding process outlined in the board's policy on Bidding for Construction, Remodeling, Repair or Site Improvement. If sealed bids are not accepted for a purchase of over ~~\$250,000~~350,000, the district will retain an explanation for that decision.

b) Contract/Price Analysis

The District performs a cost or price analysis in connection with every procurement action in excess of ~~\$250,000~~350,000, including contract

modifications. The district will make an independent estimate of costs prior to receiving bids or proposals.

4. **Noncompetitive Proposals (Sole Sourcing)**

- a) Procurement by noncompetitive proposals is procurement through solicitation of a proposal from only one source and may be used only when one or more of the following circumstances apply:
 - 1) The procurement transaction can only be fulfilled by a single source;
 - 2) The public exigency or emergency for the requirement will not permit a delay resulting from providing public notice of a competitive solicitation;
 - 3) The federal awarding agency or pass-through entity expressly authorizes written approval of noncompetitive proposals in response to a written request from the District; or
 - 4) After solicitation of a number of sources, competition is determined inadequate.
- b) Noncompetitive proposals may only be solicited with the approval of the superintendent or the board. Sufficient and appropriate documentation that justifies the sole sourcing decision must be maintained by the superintendent or designee.
- c) A cost or price analysis will be performed for noncompetitive proposals when the price exceeds ~~\$250,000~~\$350,000.

5. **Competitive Proposals.**

- a) The technique of competitive proposals is normally conducted with more than one source submitting an offer, and either a fixed price or cost-reimbursement type contract is awarded. It is generally used when conditions are not appropriate for the use of sealed bids. If this method is used, the following requirements apply:

- 1) Requests for proposals must be publicized and identify all evaluation factors and their relative importance. Any response to publicized requests for proposals must be considered;
 - 2) Proposals must be solicited from an adequate number of qualified sources; and
 - 3) Contracts must be awarded to the responsible firm whose proposal is most advantageous to the program, with price and other factors considered.
- b) The District may use competitive proposal procedures for qualifications-based procurement of architectural/engineering (A/E) professional services whereby competitors' qualifications are evaluated and the most qualified competitor is selected, subject to negotiation of fair and reasonable compensation. The method, where price is not used as a selection factor, can only be used to procure A/E professional services. The method may not be used to purchase other services provided by A/E firms are a potential source to perform the proposed effort.
- c) The District may select a proposal that offers the best value and that is based upon the proposer's responsiveness to the proposal, experience, reputation, staff qualifications, ability and capacity to carry on the work, price, honesty, integrity, skills, business judgment, financial stability, past performance, and other relevant factors. The evaluation may be conducted by the school board, a designated committee, or another designee of the school board.

Consideration will be given to such matters as contractor integrity, public policy compliance, proper classification of employees (see the Fair Labor Standards Act, 29 U.S.C. 201, chapter 8), record of past performance, and financial and technical resources when conducting a procurement transaction.

The District may not subcontract with or award subgrants to any person or company who is debarred or suspended. For all contracts over \$25,000 the District verifies that the vendor with whom the District intends to do business with is not excluded or disqualified. 2 C.F.R. Part 200, Appendix II(1) and 2 C.F.R. §§ 180.220 and 180.300.

The District will verify debarment or suspension by revising the excluded parties list on SAM.gov, collecting a certification through the bidding process, and/or by including a debarment and suspension provision in the bid and contract documents. The Superintendent or his/her designee shall be responsible for such verification.

F. Settlements of Issues Arising Out of Procurements

The District alone is responsible, in accordance with good administrative practice and sound business judgment, for the settlement of all contractual and administrative issues arising out of procurements. These issues include, but are not limited to, source evaluation, protests, disputes, and claims. These standards do not relieve the District of any contractual responsibilities under its contracts. The District maintains a control system that ensures adequate safeguards are in place to prevent loss, damage, or theft of the property. The District will notify the Federal agency or pass-through entity of any loss, damage, or theft of equipment that will have an impact on the program.

G. Use of Equipment

Equipment must be used in the program or project for which it was acquired as long as needed, whether or not the project or program continues to be supported by the federal award, and the District will not encumber the

property for any non-federal program use without prior approval of the federal awarding agency and the pass-through entity.

H. Disposal of Equipment

When it is determined that equipment acquired under a federal award is no longer needed for the original project or program or for other activities currently or previously supported by a federal awarding agency, the Superintendent or his/her designee will contact the awarding agency (or pass-through for a state-administered grant) for disposition instructions.

If the item has a current fair market value of \$10,000 or less, it may be retained, sold, or otherwise disposed of with no further obligation to the federal awarding agency or pass-through entity. The Superintendent or his/her designee will utilize sales procedures which ensure the highest possible return on the disposal of the equipment.

All equipment and capital expenditures shall comply with the rules and requirements of 2 CFR 200.439.

K. Depreciation

All depreciation shall comply with the rules and requirements of 2 CFR 200.436.

The district will comply with federal interest reporting and submit annual reports, if required, regarding a real property interest due to a renovation, major remodeling, construction, or real property project funded by federal grant funds.

V. Financial Management

A. Identification

The District will identify, in its accounts, all federal awards received and expended and the federal programs under which they were received. Federal program and award identification include, as applicable, the CFDA title and number, federal award identification number and year, name of the federal agency, and, if applicable, name of the pass-through entity.

B. Financial Reporting

The District will make an accurate, current, and complete disclosure of the financial results of each federal award or program in accordance with the financial reporting requirements set forth in the Education Department General Administrative Regulations (EDGAR).

C. Accounting Records

The District maintains records which adequately identify the source and application of funds provided for federally-assisted activities. These records must contain information pertaining to grant or subgrant awards, authorizations, obligations, unobligated balances, assets, expenditures, income and interest and be supported by source documentation.

D. Internal Controls

The Superintendent or his/her designee must maintain effective control and accountability for all funds, real and personal property, and other assets through board review and approval of claims, an annual audit of the district's finances pursuant to the applicable Nebraska Department of Education and federal rules and regulations, and comparison of expenditures and outlays to budgeted amounts. The District adequately safeguards all such property and assures that it is used solely for authorized purposes. The District takes reasonable cybersecurity and other measures to safeguard information including protected personally identifiable information.

E. Budget Control

Actual expenditures or outlays will be compared with budgeted amounts for each federal award at least annually and more often as required by law or deemed prudent by the board or administrative staff.

F. Payment Methods

The District will comply with applicable methods and procedures for payment that minimize the time elapsing between the transfer of funds and disbursement by the District, in accordance with the Cash Management Improvement Act at 31 CFR Part 205. Generally, the District receives payment from the Nebraska Department of Education on a reimbursement basis. 2 CFR § 200.305. However, if the District receives an advance in federal grant funds, the District will remit interest earned on the advanced payment quarterly to the federal agency. The District may retain interest amounts up to \$500 per year for administrative expenses. 2 CFR § 200.305(b)(9).

Consistent with state and federal requirements, the District will maintain source documentation supporting the federal expenditures (invoices, time sheets, payroll stubs, etc.) and will make such documentation available for the Nebraska Department of Education to review upon request.

G. Allowability of Costs

Expenditures must be aligned with approved budgeted items. Any changes or variations from the state-approved budget and grant application need prior approval.

When determining how the District will spend its grant funds, the Superintendent or his/her designee will review the proposed cost to determine whether it is an allowable use of federal grant funds before obligating and spending those funds on the proposed good or service. All costs supported by federal education funds must meet the standards outlined in EDGAR, 2 CFR Part 3474 and 2 CFR Part 200, Subpart E. The Superintendent or his/her designee must consider these factors when making an allowability determination.

H. Use of Program Income – Deduction, Addition, or Cost Sharing or Matching

The default method for the use of program income for the District is the deduction method. 2 C.F.R. § 200.307(e). Under the deduction method, program income is deducted from total allowable costs to determine the net allowable costs. Program income will only be used for current costs unless the District is otherwise directed by the federal awarding agency or pass-through entity. 2 C.F.R. § 200.307(e)(1). The District may also request prior

approval from the federal awarding agency to use the addition method. Under the addition method, program income may be added to the Federal award by the Federal agency and the non-Federal entity. The program income must then be used for the purposes and under the conditions of the Federal award. 2 C.F.R. § 200.307(e)(2). The District may also request prior approval from the federal awarding agency to use the cost sharing or matching method.

While the deduction method is the default method, the District always refers to the grant award notice prior to determining the appropriate use of program income.

I. Cost Sharing or Matching

For all Federal awards, any shared costs or matching funds and all contributions, including cash and third-party in-kind contributions, must be accepted as part of the non-Federal entity's cost sharing or matching when such contributions meet all of the following criteria:

- (1) Are verifiable from the non-Federal entity's records;
- (2) Are not included as contributions for any other Federal award;
- (3) Are necessary and reasonable for accomplishment of project or program objectives;
- (4) Are allowable under subpart E (Cost Principles) of this part;
- (5) Are not paid by the Federal Government under another Federal award, except where the Federal statute authorizing a program specifically provides that Federal funds made available for such program can be applied to matching or cost sharing requirements of other Federal programs;
- (6) Are provided for in the approved budget when required by the Federal awarding agency; and
- (7) Conform to other provisions of this part, as applicable.

Records that reflect charges to federal awards for salaries and wages will comply with the rules and requirements of 2 CFR 200.430.

VI. Written Compensation Policies

A. Time and Effort Standards

All employees who are paid in full or in part with federal funds must keep specific documents to demonstrate the amount of time they spent on grant activities. This includes an employee whose salary is paid with state or local

funds but is used to meet a required “match” in a federal program. These documents, known as time and effort records, are maintained in order to charge the costs of personnel compensation to federal grants. Charges to federal awards for salaries and wages must be based on records that accurately reflect the work performed. These records must:

- (1) Be supported by a system of internal controls which provides reasonable assurance that the charges are accurate, allowable, and properly allocated;
- (2) Be incorporated into official records;
- (3) Reasonably reflect total activity for which the employee is compensated, not exceeding 100% of compensated activities;
- (4) Encompass both federally assisted and all other activities compensated by the District on an integrated basis;
- (5) Comply with the established accounting policies and practices of the District and
- (6) Support the distribution of the employee’s salary or wages among specific activities or costs objectives.

B. Time and Effort Procedures

Time and effort procedures will follow and comply with 2 CFR 200.430(i).

C. Fringe Benefits

Except as provided otherwise by federal law, the costs of fringe benefits will be allowable provided that the benefits are reasonable and required by law, a district-employee agreement, or another policy of the District.

D. Leave

The cost of fringe benefits in the form of regular compensation paid to employees during periods of authorized absences from the job, such as for annual leave, family-related leave, sick leave, holidays, court leave, military leave, administrative leave, and other similar benefits, are allowable if they are provided under established written District leave policies.

E. Unexpected or Extraordinary Circumstances

In the event of a pandemic or other unexpected or extraordinary circumstance, the District may close school or individual buildings. In such case, the District may compensate federally funded or other employees during such closure to ensure the return of staff to employment after the closure as allowed by state or federal law.

F. Documentation for Personnel Expenses

Pursuant to the standards contained in 2 C.F.R. § 200.321, the District will take all necessary affirmative steps to assure that minority businesses, women's business enterprises, veteran-owned businesses, and labor surplus area firms are used when possible consistent with state law.

Buy American. The District participates in the National School Lunch Program and School Breakfast Program and is required to use the nonprofit food service funds, to the maximum extent practicable, to buy domestic commodities or products for Program meals. A “domestic commodity or product” is defined as one that is either produced in the U.S. or is processed in the U.S. substantially using agricultural commodities that are produced in the U.S. as provided in 7 CFR 210.21(d). The District may deviate from this general requirement only if:

- The product is not produced or manufactured in the U.S. in sufficient and reasonably available quantities of a satisfactory quality; or

compliance with federal program requirements. 34 C.F.R. §§ 76.730-.731 and §§ 75.730-.731. The District also maintains records of significant project experiences and results. 34 C.F.R. § 75.732. These records and accounts must be retained and made available for programmatic or financial audit.

- b) The U.S. Department of Education is authorized to recover any federal funds misspent within 5 years before the receipt of a program determination letter. 34 C.F.R. § 81.31(c). Schedule 10 (Local School Districts) and Schedule 24 (Local Agencies General Records) of the Nebraska Records Management Division as approved by the Nebraska Secretary of State/State Records Administrator requires the District to maintain records regarding federal awards for a minimum of six (6) years. Consequently, the District shall retain records for a minimum of six (6) years from the date on which the final Financial Status Report is submitted, unless otherwise notified in writing to extend the retention period by the awarding agency, cognizant agency for audit, oversight agency for audit, or cognizant agency for indirect costs. However, if any litigation, claim, or audit is started before the expiration of the record retention period, the records will be retained until all litigation, claims, or audit findings involving the records have been resolved and final action taken. 2 C.F.R. § 200.333.
- c) Records will be destroyed in compliance with Schedule 10, Schedule 24, and State law. This includes the completion of a Records Disposition Report.

2. Maintenance of Procurement Records

- a) The District must maintain records sufficient to detail the history of all procurements. These records will include, but are not necessarily limited to the following: rationale for the method of procurement, selection of contract type, contractor selection or rejection, the basis for the contract price (including a cost or price analysis), and verification that the contractor is not suspended or debarred.

- b) Retention of procurement records shall be in accordance with applicable law and Board policy.

D. Privacy

The District has protections in place to ensure that the personal information of both students and employees is protected. These include the use of passwords that are changed on a regular basis; staff training on the requirements of the Family Educational Rights and Privacy Act (FERPA) and State confidentiality requirements; and training on identifying whether an individual requesting access to records has the right to the documentation.

E. Travel Costs

All travel expenses paid with federal grant funds shall meet the federal requirements such as:

- (1) All travel costs must be reasonable and necessary;
- (2) All travel costs must be consistent with District policy; and
- (3) All travel costs must be directly related to the grant award.

In addition, all travel expenses funded with federal grant funds must be preapproved by the Superintendent or designee. The state per diem rates for lodging shall be used to determine that maximum amount charged to a federal grant. For reimbursement of meals, the per diem rate and rules set by the State of Nebraska through the Nebraska Department of Administrative Service's Expense Reimbursement Document "ERD" Guidelines will apply. There will be no reimbursement for breakfast if the staff member's lodging provides continental breakfast at no cost. For reimbursement for mileage or fuel, the State of Nebraska mileage rate will apply. If a District-owned vehicle is available for travel, the District-owned vehicle must be utilized unless preapproved by the Superintendent or designee.  - The type of relationship.
 - The frequency of interaction between the persons involved in the relationship.
- **Domestic violence**, as defined in 34 U.S.C. § 12291(a)(8), which includes felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving grant monies, or by any other person against an adult or youth victim

who is protected from that person's acts under the domestic or family violence laws of the jurisdiction.

- **Stalking**, as defined in 34 U.S.C. § 12291(a)(30), which means engaging in a course of conduct directed at a specific person that would cause a reasonable person to—
 - fear for his or her safety or the safety of others; or
 - suffer substantial emotional distress.
- **Supportive measures** are non-disciplinary, non-punitive individualized services offered without fee that do not unreasonably burden the parties. Supportive measures may include counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, campus escort services, mutual restrictions on contact between the parties, changes in work or housing locations, leaves of absence, increased security and monitoring of certain areas of the campus, and other similar measures.

Reporting Sexual Harassment. Any person who witnesses an act of unlawful sexual harassment is encouraged to report it to the district's Title IX Coordinator. district personnel will not retaliate against any individual based on any report of suspected sexual harassment. Any district employee who receives a report of sexual harassment or has actual knowledge of sexual harassment must convey that information to the Title IX Coordinator as soon as reasonably practicable, but in no case later than the end of the following school day.

Response to Sexual Harassment

General Obligations. When the district has actual knowledge of sexual harassment in its education program or activity against a person in the United States, the district will respond promptly in a manner that is not deliberately indifferent. For the purposes of this policy "education program or activity" includes locations, events, or circumstances over which the district exercised substantial control over both the respondent and the context in which the sexual harassment occurs. The district's ability to impose discipline for off-campus misconduct does not necessarily constitute "substantial control" over the respondent and the context. The district's response to an allegation of sex harassment will treat complainants and respondents equitably.

Limitations on Discipline. No respondent will have disciplinary sanctions imposed upon him/her until the conclusion of the formal grievance process described below.

Emergency Removal. Disciplinary sanctions do not include removal on an emergency basis where the respondent is an immediate threat to the health or safety of another as a result of allegations of sexual harassment. The district also may place any employee on administrative leave during the pendency of the grievance process below.

Grievance Process for Formal Complaints of Sexual Harassment

General Obligations. All Title IX team members and individuals carrying out district obligations will comply with the regulatory requirements of objective evaluations, avoiding conflict of interest or bias, training, and protection of legally privileged information.

Presumption. It is presumed that the respondent is not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the grievance process.

Grievance Procedure

Time Frames. The district will resolve grievances in a time frame that is reasonably prompt. Good cause for delay may include considerations such as the absence of a party, a party's advisor, or a witness; concurrent law enforcement activity; or the need for language assistance or accommodation of disabilities.

Range of Possible Sanctions and Remedies. At the conclusion of the grievance process, the district may impose disciplinary sanctions and remedies in conformance with this and the district's student discipline policy, and other state and federal laws. Depending upon the circumstances, these policies provide for disciplinary sanctions and remedies up to and including expulsion and/or immediate discharge from employment.

Separation of Roles. The decision-maker cannot be the same person as the Title IX Coordinator or the investigator(s).

Notice of Allegations. Upon receipt of a formal complaint, the district will provide notice of this policy and the allegations to all parties. The notice will include sufficient details known by the district at that time to provide sufficient time to prepare a response before any initial interview. Sufficient details, if known by the district, include the identities of the parties involved in the incident, the conduct allegedly constituting sexual harassment, and the date and location of the alleged incident. The district will provide notice of additional allegations revealed during an investigation to the parties.

Dismissal of Formal Complaint. The district **must** dismiss a formal complaint if the conduct alleged in the formal complaint, would not constitute sexual harassment even if proven; did not occur in the district's education program or activity; or if the conduct alleged did not occur against a person in the United States.

The district **may** dismiss the formal complaint if, at any time during the investigation or hearing, the complainant notifies the Title IX Coordinator in writing that the complainant would like to withdraw the formal complaint or any allegations therein; the respondent is no longer enrolled in or employed by the district; or specific circumstances prevent the district from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein.

Upon a dismissal, the district will promptly send written notice of the dismissal and an explanation of that action simultaneously to the parties.

Dismissal of a formal complaint under this policy does not preclude the district from taking action under another provision of the district's code of conduct or pursuant to another district policy.

Investigation of Formal Complaint. When investigating a formal complaint and throughout the grievance process, the district will designate and authorize one or more persons (which need not be district employees) as investigator(s) to conduct the district's investigation of a formal complaint. The district may consolidate formal complaints where the allegations of sexual harassment arise out of the same facts or circumstances.

The district will bear the burden of gathering evidence sufficient to reach a determination regarding responsibility. All parties will have an equal opportunity to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence. The district may not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence.

All parties will have the same opportunity to be accompanied by the advisor of their choice in any meeting or grievance proceeding. This policy does not relieve the advisor of choice of any other applicable legal obligations or limitations. The district may establish restrictions regarding the extent to which the advisor may participate in the proceedings, as long as the restrictions apply equally to both parties.

The district will provide written notice of the date, time, location, participants,

and purpose of all investigative interviews or other meetings, with sufficient time for the party to prepare to participate.

All parties will have an equal opportunity to inspect and review evidence obtained as part of the investigation if that evidence is directly related to the allegations raised in a formal complaint. The parties will have no less than 10 calendar days to review the evidence and submit a response. The investigative report will fairly summarize the relevant evidence and the investigator will send the finalized report to all parties and their advisors.

Determination Regarding Responsibility. Before the district reaches a determination regarding responsibility, each party may submit written, relevant questions of any party or witness. The decision-maker will provide each party with the answers, and allow for additional, limited follow-up questions from each party. Questions and evidence about the complainant's sexual predisposition are never relevant. Questions about the complainant's prior sexual behavior are only relevant if those questions and evidence are offered (1) to prove that someone other than the respondent committed the conduct alleged by the complainant, or (2) are offered to prove consent and concern specific incidents of the complainant's prior sexual behavior with respect to the respondent. If the decision-maker decides to exclude a question because it is not relevant, he/she will explain the basis for that decision.

The decision-maker will issue a written determination regarding responsibility no sooner than ten days after the parties receive the final investigative report. The decision-maker will apply the preponderance of the evidence standard. The written determination will include:

- Identification of the allegations potentially constituting sexual harassment;
- A description of the procedural steps taken from the receipt of the formal complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, and methods used to gather other evidence;
- Findings of fact supporting the determination;
- Conclusions regarding the application of the district's code of conduct to the facts;
- A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary

sanctions the district imposes on the respondent, and whether remedies designed to restore or preserve equal access to the district's education program or activity will be provided by the district to the complainant; and

- The district's procedures and permissible bases for the complainant and respondent to appeal.

The district will provide the written determination to the parties simultaneously. If neither party timely appeals, the determination becomes final. If a party appeals, the determination will become final on the date that the district provides the parties with the written determination of the result of the appeal.

Appeals. The district will offer both parties the opportunity to appeal from a determination regarding responsibility, and from the district's dismissal of a formal complaint or any allegations therein, on the grounds identified below.

Time for Appeal. Appeals may only be initiated by submitting a written Notice of Appeal to the Office of the Superintendent of Schools no later than 5:00 pm on the fifth calendar day after the written determination is issued. The Notice of Appeal must include (a) the name of the party or parties making the appeal, (b) the determination, dismissal, or portion thereof being appealed, and (c) a concise statement of the specific grounds upon which the appeal is based. A party's failure to timely submit a Notice of Appeal will be deemed a waiver of the party's right to appeal.

Grounds for Appeal. Appeals are limited to the following grounds:

- Procedural irregularity that affected the outcome of the matter;
- New evidence that was not reasonably available at the time the determination or dismissal was made that could affect the outcome of the matter; and
- The Title IX Coordinator, investigator(s), or decision-maker had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter.

The district will notify other parties in writing when an appeal is filed; implement appeal procedures equally for all parties; and ensure that the decision-maker for the appeal is not the same person as the decision-maker, the investigator(s), or the Title IX Coordinator.

The district will give both parties a reasonable, equal opportunity to submit a written statement that supports or challenges the outcome; issue a written decision describing the result of the appeal and the rationale for the result; and provide the written decision simultaneously to both parties.

Informal Resolution. The district may informally resolve allegations without completing the grievance procedure with the written consent of all parties. The process may not be used when allegations involve an employee harassing a student. As part of this process, the district will provide to the parties in writing a notice stating:

- the allegations;
- the requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a formal complaint arising from the same allegations;
- that at any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the grievance process with respect to the formal complaint; and
- any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared.

Recordkeeping. The district will maintain the following records for a period of seven years:

- Each sexual harassment investigation including any determination regarding responsibility, any disciplinary sanctions imposed, and any remedies provided;
- Any appeal and its result;
- Any informal resolution and its result; and
- All materials used to train Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process. The district will make these training materials publicly available on its website, or if the district does not maintain a website, then the district will make these materials available upon request for inspection by members of the public.

The district will also create records documenting any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment. In each instance, the district will document the basis for its conclusion that its response was not deliberately indifferent, and document that it has taken measures designed to restore or preserve equal access to the district's education program or activity. If the district does not provide a complainant with supportive measures, then the district will document the reasons why such a response was not clearly unreasonable in light of the known circumstances. The documentation of certain bases or measures does not limit the district in the future from providing additional explanations or detailing additional measures taken. The district will maintain these records for a period of seven years.

Retaliation Prohibited. Neither the district nor any other person may intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by Title IX, 34 C.F.R. part 106, or this policy, or because the individual has made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing under this policy. The district will keep confidential the identity of any individual who has made a report or complaint of sex discrimination, including any individual who has made a report or filed a formal complaint of sexual harassment, any complainant, any individual who has been reported to be the perpetrator of sex discrimination, any respondent, and any witness, except as may be permitted by the FERPA statute, 20 U.S.C. § 1232g, or FERPA regulations, 34 C.F.R. part 99, or as required by law, or to carry out the purposes of 34 C.F.R. part 106, including the conduct of any investigation, hearing, or judicial proceeding arising thereunder. Complaints alleging retaliation may be filed according to shall be addressed pursuant to Board Policy 2006 (Complaint Procedure).

The exercise of rights protected under the First Amendment does not constitute retaliation prohibited by this section. Charging an individual with a code of conduct violation for making a materially false statement in bad faith in the course of a grievance proceeding under this part does not constitute retaliation prohibited under this section, provided that a determination regarding responsibility alone is not sufficient to conclude that any party made a materially false statement in bad faith.

Notification of Policy. The district will notify applicants for admission and employment, students, parents or legal guardians of students, employees, and all unions or professional organizations holding collective bargaining or professional agreements with the district of the existence of this policy. The requirement to not discriminate, as stated in Title IX and 34 C.F.R. part 106,

in the district's education program(s) or activities extends to admission and employment, and inquiries about the application of Title IX and 34 C.F.R. part 106 to the district may be referred to the district's Title IX Coordinator, the Assistant Secretary for Civil Rights of the United States Department of Education, or both.

Publication of Policy. The district will prominently display on its website, if any, and in each handbook that it makes available to applicants for admission and employment, students, parents or legal guardians of students, employees, and all unions or professional organizations holding collective bargaining or professional agreements with the district, the name or title, office address, electronic mail address, and telephone number of the employee or employees designated as the Title IX Coordinator(s).

Application Outside the United States. The requirements of this policy apply only to sex discrimination occurring against a person in the United States.

Scope of Policy. Nothing herein shall be construed to be more demanding or more constraining upon the district than the requirements of Title IX (20 U.S.C. § 1681) and 34 C.F.R. part 106. To the extent that the district is in compliance with Title IX and 34 C.F.R. part 106, then all of the district's obligations under this policy shall be deemed to be fulfilled and discharged.

5001 Compulsory Attendance and Excessive Absenteeism

"School success is 90 percent showing up; the other half is mental." Yogi Berra

Research on policies and practices that effectively encourage regular student attendance share some key components:

1. Education of parents regarding school attendance requirements.
2. Effective policies and practices to monitor attendance.
3. Clear definition of excessive absenteeism and a two-stage response to excessive absences.

The board has considered this educational research and used it to create the following policy on Compulsory Attendance and Excessive Absenteeism.

Required Attendance

Every person residing in the school district who has legal or actual charge or control of any child who is of mandatory attendance age shall cause that child to attend a public or private school regularly unless the child has graduated from high school or has been allowed to disenroll pursuant to this policy.

Mandatory Attendance Age

All children who are or will turn six years old before January 1 of the current school year are of mandatory attendance age. Children who have not turned eighteen years of age are of mandatory attendance age.

A child who will not reach age 7 before January 1 of the current school year may be excused from mandatory attendance if the child's parent or guardian completes an affidavit affirming that alternative educational arrangements have been made for the child. A copy of the required affidavit is attached to this policy.

Discontinuing Enrollment – 5 Year Old Students

The person seeking to discontinue the enrollment of a student who will not reach six years of age prior to January 1 of the current school year shall submit a signed, written request and to the superintendent using the form which is attached to this policy. The school district may request written verification or documentation that the person signing the form has legal or actual charge or control of the student. The school district shall discontinue the enrollment of any student who satisfies these requirements. Any student whose enrollment is discontinued under this subsection shall not be eligible to reenroll in this

school district until the beginning of the following school year unless otherwise required by law.

Discontinuing Enrollment – 16 and 17 Year Old Students

Only children who are at least 16 years of age may be disenrolled from the district. The person seeking to discontinue the child's enrollment shall submit a signed, written request and submit it to the superintendent using the form which is attached to this policy. The district will follow the procedures outlined on the attached form in considering requests to disenroll.

Only children disenrolling to attend an exempt school may be exempt from this policy. The person with legal or actual charge or control of the child must provide the superintendent with a copy of the signed request submitted to the State Department of Education for attending exempt schools. The superintendent may confirm the validity of the submission with the State Department of Education.

Prohibition on Discontinuing Enrollment – Abuse or Neglect Investigation

Upon notice from the Department of Health and Human Services, the District shall not facilitate the transfer or disenrollment of a student whose parent, guardian, or educational decisionmaker is subject to an active investigation by the Department for fourteen days or until further notice from the Department, whichever occurs first.

Attendance Officer

Each building principal is designated as an attendance officer for the district. Each building principal, at his or her discretion, may delegate these responsibilities to any other qualified individual. The attendance officer is responsible for enforcing the provisions of state law relating to compulsory attendance. This responsibility includes but is not limited to filing a report with the county attorney of the county in which a student resides. Compensation for the duties of attendance officer is included in the salary for the superintendent or designee.

Excused Absences – Physical or Mental Illness

Absences shall be excused by a parent, guardian, or educational decision maker, as defined in section 79-530, of the child for physical or mental illness and as documented by a credentialed health professional, provided the

documentation supports such absence. In the instance of chronic illness, documentation shall be reviewed each semester.

Expectations for Regular Attendance:

1. Students are expected to attend every class, every day.
2. The only "excused" absences shall be:
 - ~~a.) absences when a licensed health care provider has confirmed in writing that, in his/her professional medical opinion and within his/her scope of practice, the student or a child whom the student is parenting is so physically or mentally ill that attendance of the student is impracticable or impossible;~~
 - ba.) absences when the Nebraska State Patrol confirms in writing that weather conditions have made the roads impassable so that the student's attendance impracticable or impossible;
 - cb.) student attendance at a school-sponsored activity;
 - dc.) student has been suspended or expelled from school by the school district; and
 - ed.) absences required by law enforcement, child protective services or a court of competent jurisdiction, confirmed in writing to the school district.
3. All other absences, including absences for minor physical or mental illnesses, family events, routine medical appointments are simply "absences."
4. Upon return from every absence or partial-day absence, students must remain after school for 30 minutes to meet with teachers, work on missed assignments or simply to study. The location and supervision of the student will be determined by the building principal in consultation with the student's classroom teacher(s).
5. Students must not be absent from any course more than seven days in any given quarter in order to earn academic credit for that course for that quarter. Students who lose credit in any given course due to absences may appeal that loss of credit to his/her building principal.

Attendance Incentives:

Building principals will establish attendance incentives for their students. Those may include:

- Special Recognition of students who have 95% or greater attendance each quarter
- Excusal from certain classroom assignments (final exam, written report) for students with 95% or greater attendance each semester

- Special rewards (movie day, field day, extra recess) for students who have 95% or greater attendance

At the conclusion of each quarter building principals report to the board what incentives were implemented and the effectiveness of the incentive in improving student attendance and engagement.

When students are absent from school, district staff will respond as follows:

First Stage Response to Absences

1. A member of district staff will contact parent via telephone for every absence if the parent has not contacted the school in advance.
2. After a student's third absence in any given quarter, the school's attendance officer will schedule a meeting with the student's parents or guardians. That meeting will be documented on the attached form.
 - a. This meeting must be attended by attendance officer, parents, social worker or principal, and the student (if appropriate)
 - b. The meeting shall be documented
 - c. The meeting shall develop a collaborative plan to assist the student in improving his/her attendance
3. Building principals must meet with teachers who have 10% of their students miss seven or more days of class in any given quarter to review strategies to increase student engagement. A consistent pattern of student absences from a teacher's classes may result in a formal remediation plan.
4. The superintendent must meet with the building principal if more than 10% of students miss seven or more days of class in any quarter to review strategies to improve the school building's climate. A consistent pattern of building-wide absenteeism may result in a formal remediation plan.

Second Stage Response to Absences

Students who accrue more than 20 absences in a school year may be referred to the county attorney for action under NEB. REV. STAT. § 43-247(3)(a) and (b).

Making Up Absences (Optional – Remove or revise based on your District's practices.)

When a student receives [X] unexcused absences or the hourly equivalent in any semester, the student shall be required to make-up those absences through attendance in [insert program]. Absences shall be made up at a rate of [insert rate.]

When a student receives **15** unexcused absences or the hourly equivalent in any school year, the Attendance Officer will send written notification of the student's total absences to the student's parent or guardian and shall schedule a meeting with relevant stakeholders to discuss and address any barriers to the student's attendance, unless the Attendance

Officer determines that such a meeting would not be productive in facilitating the student's regular attendance.

5004 Option Enrollment

The board of education supports the concept embodied in the Enrollment Option Program that parents and legal guardians have the primary responsibility for ensuring that their children receive the best education possible. Accordingly, the school district will participate in the option enrollment program and receive option students as provided herein.

1. Definitions

- a. **Option Student Defined.** Option student means a nonresident student who has chosen to attend the school district under the provisions of the option enrollment program.
- b. **Resident School District Defined.** Resident school district means the school district in which a student resides or in which the student is admitted as a resident of the school district pursuant to state law.
- c. **Option School District Defined.** Option school district means the school district that a student chooses to attend other than his or her resident school district.
- d. **Elementary School Defined.** Elementary school means grades K - [redacted].
- e. **Middle School Defined.** Middle school means grades [redacted] - [redacted].
- f. **High School Defined.** High school means grades [redacted] through 12.
- g. **Individual Student Defined.** Individual Student means the individual person seeking to begin attendance as an option student in the school district and who such person's parent or legal guardian has identified in a written application for option enrollment submitted to the school board.
- h. **Applicants Defined.** Applicants means the Individual Student together with all siblings of the Individual Student.
- i. **Siblings Defined.** Siblings means all children residing in the same household on a permanent basis who have the same mother

3. Duties, Entitlements and Rights of Option Students. Except as otherwise provided herein, once an option student's option enrollment application has been accepted he/she shall be treated as a resident student of the school district.

4. Automatic Acceptance. The option school district must automatically accept applications of Individual Students under the following circumstances:

a. The Individual Student relocates in a different school district but wants to continue attending his or her original resident school district and the Individual Student has been enrolled in his or her original resident school district for the immediately preceding two years (in which case the time deadlines are waived);

b. The Individual Student relocates in a different school district but wants to continue attending the option school district (in which case the time deadlines are waived); or

3.c. The Individual Student is a sibling of an option student enrolled in the option school district.

4.5. Standards for Acceptance or Rejection of All Other Option Students. For Individual Students not entitled to automatic acceptance as described in the preceding section, no application for option enrollment may be accepted if enrollment in the school district if any of the Applicants would exceed the school district's capacity as described in this section.

a. Special Education Capacity. Capacity for special education services will be determined on a case-by-case basis. If an application for option enrollment received by the school district indicates that any of the studentApplicants has an individualized education program under the federal Individuals with Disabilities Education Act, 20 U.S.C. 1400 et seq., or has been identified as a student with a disability as defined in section 79-1118.01, the

The Federal Educational Rights and Privacy Rights Act (FERPA) (20 U.S.C. § 1232g) permits the release of education records when a student seeks or intends to enroll in a different school district.

- b. Numeric Capacity.** The board of education may set the numeric capacity of programs, classes, grade levels, or school buildings by operation of this policy or through freestanding action by the board. Numeric Capacity will be determined based upon available staff, facilities, projected enrollment of resident students, and projected number of students with which the option school district will contract based on existing contractual arrangements. Individuals seeking information about the numeric capacity set by the board may contact the superintendent for a copy of that resolution.
- c. Programmatic Capacity.** In addition to the numeric capacity standards referred to above, the board may, by resolution, prior to October 15 of each school year, declare a program, a class, or a school unavailable for the next school year to option students due to lack of capacity. Individuals seeking information about the programs that have been declared to be unavailable due to lack of capacity may contact the superintendent for a copy of the board's resolution.
- d. Other Standards for Acceptance or Rejection of Option Enrollment Applications.** In addition to the numeric and programmatic capacity standards outlined above, the school district shall not accept any application for option studentenrollment when acceptanceenrollment of any of the studentApplicants:

 - iii. Would cause or require the rearrangement of caseloads for staff and contracted professionals;

- iv. Is reasonably deemed by appropriate school staff to pose a potential risk to the health or safety of students or staff;
- v. May pose a risk of adversely affecting the quality of educational services being provided to resident students, as determined by appropriate school staff.

e. Prohibited Standards. The school district shall not base the decision to accept or reject ~~an option student on the student's~~the application of the Individual Student on any of the Applicants' previous academic achievement, athletic or other extracurricular ability, disabling condition(s), proficiency in the English language, or previous disciplinary proceedings.

f. Order of Acceptance. If there are more option student applicants for any program, class, grade level or school building than can be accepted into such program, class, grade level or school building, applicants shall be accepted ~~in the following order:~~

~~i. students with brothers or sisters attending the school district, either as resident students or as option students, shall be granted first priority;~~

~~ii. thereafter, option students shall be accepted into such program, class, grade level or school building in the order in which written applications were received by the school district.~~

g. Maximum Capacity Report. The school district will annually establish, publish, and report the capacity for each school building under the district's control pursuant to procedures, criteria, and deadlines established by the Nebraska Department of Education.

5.6. False or Misleading Option Applications. If, prior to the ~~student's~~Individual Student's attendance as an option student, the school district discovers that a previously accepted option application contained false or substantively misleading information about any of the Applicants, the option application will be rejected.

6.7. Academic Credits and Graduation. The school district shall accept credits toward graduation that were awarded by another school district, and shall award a diploma to an option student if the student meets the graduation requirements of the school district.

7.8. Information Regarding Schools, Programs, Policies and Procedures. The school district, its officers and employees, shall make information about the school district and its schools, programs, policies and procedures available to all interested people.

8.9. Procedure for Students Optioning Into or Out of the School District.

- a. The parent or legal guardian of any student desiring to option into or out of the school district shall submit a proper and timely application to the board of education and the other affected school district for enrollment during the following and subsequent school years. Any application requiring the approval of the school district shall be deemed submitted when the application is actually received in the school district's business office.
- b. On or before April 1st, the school district shall notify the parent or legal guardian of any ~~student~~Individual Student who has submitted an application to option into the school district and the resident school district, in writing, whether the application is accepted or rejected. If an application is rejected, the reason for such rejection shall be stated in the notification. This written notice shall be sent via certified mail to the address listed on the option application.

9.10. Late Applications and Requests for Release

- a. The board of education may refuse a request of a student seeking to option out of the school district when the option application is submitted after March 15th under the following conditions:
 - i. When the district has already entered into contracts with teaching staff for the following school year;

 - iii. When the release of the student would have a negative financial impact or loss of revenue for the district.
- b. The board of education will approve late applications to option into the district under the following conditions:

- i. When the resident district has released the student, or if the student is an option student at the time of such application and applying to become an option student at a subsequent option school district, a release approval from the option school district the student is attending at the time of such application;
- ii. When the student's late enrollment into the district meets the standards for acceptance or rejection of option students contained elsewhere in this policy;

OR

- b. The board of education will deny all applications to option into the district that are received by the district after March 15 of the school year prior to the student's requested enrollment.
- c. The superintendent will notify parents or guardians who have submitted properly completed option applications after March 15th no later than 60 days following submission of the application of the board's acceptance or rejection of the application.

10.11. Students Who Do Not Need a Release from the Resident District

- a. A student does not need to be released from his/her resident district or the option school district the student is attending at the time of application under the following circumstances:
 - i. When the student has relocated to a different resident school district after February 1
 - ii. When a student's option school district merges with another district effective after February 1
- b. The school district shall accept or reject an application from a student under this paragraph using the criteria set forth in this policy and will accept or reject the application within forty-five days.

11. Cancellation of Option.

Use of Artificial Intelligence by Students Student Use of AI Tools

As used in this policy, artificial intelligence tools ("AI Tools") mean machine-based resources that use computer science, algorithms, large language models, and/or machine learning to perform tasks, answer questions, collect information, and respond to human-directed tasks, queries, and objectives. AI Tools include, but are not necessarily limited to, commercially-available resources like ChatGPT, Gemini, Claude Google Bard, and similar programsother chatbots.

~~The board recognizes that among other resources, when properly used, AI Tools may be useful to student learning. However, students and staff must ensure that provide valuable source information to students and teachers in relation to the district's academic curriculum and assignments. S~~student use of AI Tools should focus on using such tools as a resource and for background material, rather than using the AI Tools to complete the assignment. Therefore, AI Tools may only be used by students in accordance with the following requirements:

1. ~~Students may not use AI tools on any assignment, test, or project unless the staff member has given express permission for the student to do so. Staff Member permission to use an AI tool on one assignment does not carry over to other assignments. Unless an individual teacher affirmatively communicates to students that AI Tools may be used for a specific assignment, then AI Tools may not be used. Individual teachers staff members~~ will decide for each individual assignment the extent to which students may use AI Tools ~~for such assignment. Teachers are encouraged to make such a decision in advance of students being given the individual assignment in question.~~

Such attribution may include, but is not necessarily limited to, accurate quotations, citations, footnotes, endnotes, and/or bibliography entries.

~~e.b. Never copy and paste In no instance may~~ the output from ~~one the or more~~ AI Tool_s be copied and placed within ~~into the a~~ student's work as if the student wrote such section himself or herself. ~~For example and not limitation, students may not outsource the organization or the writing of any written work to any AI Tool.~~

3. Students may never use AI Tools to:

- a. Cheat on any assignment, test, or quiz;
- b. Help answer questions on a test or quiz without staff member permission;
- c. Make or share deepfakes or fake images, audio, or video of any real person;
- d. Make or share sexual, nude, or intimate images of any real person—even if the image is fake or AI-made;
- e. Bully, harass, threaten, intimidate or impersonate any person;
- f. Place another student or staff member name, photo, voice, or personal information into an AI Tool without staff member authorization;
- g. Use AI Tools to bypass accommodations, content filers, or school security.

4. A student may use AI Tools as an accommodation if his/her IEP team or Section 504 committee has approved use of the tool. The student must disclose the use of AI Tools to the staff member grading the assignment.

4.5. A student's failure to meet the requirements stated in this policy will constitute a violation of the district's prohibitions against cheating plagiarism and/or academic dishonesty, including but not necessarily limited to such prohibitions stated in the Student Handbook, which violation will subject the student to discipline up to and including expulsion.

5.6. The student requirements stated above are the minimum requirements for any student assignment. An individual teacher may

5054 Student Bullying

Definition of Bullying. Nebraska statute defines bullying as “an ongoing pattern of physical, verbal or electronic abuse.” The Centers for Disease Control and Prevention defines bullying as “any unwanted aggressive behavior(s) by another youth or group of youths who are not siblings or current dating partners that involves an observed or perceived power imbalance and is repeated multiple times or is highly likely to be repeated.” The school district’s administrators will consider these definitions when determining whether any specific situation constitutes bullying. These definitions include both in-person and cyberbullying behaviors.

Bullying Prohibited. Students are prohibited from engaging in any form of bullying behavior.

Reporting Bullying. Students who experience or observe bullying behavior must immediately report what happened to a teacher or administrator. **Students can use the district’s anonymous platform SafeSchools Alert OR Safe2Help to make this report.** Students may always confer with their parents or guardians about bullying they experience or witness, but the students must also ultimately report the situation to a teacher or administrator.

Bullying Investigations. School district staff will investigate allegations of bullying using the same practices and procedures that the district observes for student disciplinary matters. In no circumstance will school district staff be deliberately indifferent to allegations of bullying.

Disciplinary Consequences. The disciplinary consequences for bullying behavior will depend on the frequency, duration, severity and effect of the behavior.

A student who engages in bullying behavior on school grounds, in a vehicle owned, leased, or contracted by a school being used for a school purpose by a school employee or his or her designee, or at school-sponsored activities or school-sponsored athletic events may be subject to disciplinary consequences including but not limited to long-term suspension, expulsion, or mandatory reassignment.

Without limiting the foregoing, a student who engages in bullying behavior that materially and substantially interferes with or disrupts

the educational environment, the district's day-to-day operations, or the education process, regardless of where the student is at the time of engaging in the bullying behavior, may be subject to discipline to the extent permitted by law.

Bullying Based on Protected Class Status. Bullying based on protected class status is unique and may require additional investigation. The appropriate district staff member or coordinator will promptly investigate bullying complaints that violate the district's antidiscrimination policies.

Support for Students Who Have Experienced Bullying. Regardless of where the bullying occurred, the district will consider whether victims of bullying are suffering an adverse educational impact and, if appropriate, will refer those students to the district's student assistance team.

Bullying Prevention and Education. Students and parents are encouraged to inform teachers or administrators orally or in writing about bullying behavior or suspected bullying behavior. School employees are required to inform the administrator of all such reports. The appropriate administrator shall promptly investigate all such reports. Each building shall engage in activities which educate students about bullying, bullying prevention and digital citizenship.

Policy Review. The school district shall review this policy annually.

Parent Involvement in Education Practices

For purposes of this policy, “parent” includes a parent, guardian, or educational decisionmaker (a person designated or ordered by a court to make educational decisions on behalf of a student).

The school district recognizes the importance of parental involvement in the education of their children. To the extent practicable, the school district will make a reasonable effort to make any learning materials, including original materials, available for inspection by a parent upon request.

The school district will take the following steps to ensure that the rights of parents to participate in the education of their children are preserved.

1. Parents will be provided access to textbooks, tests, activities information; digital materials; websites or applications used for learning; training materials for teachers, administrators, and staff; procedures for the review and approval of training materials, learning materials, and activities; and other curriculum materials (“curricular materials”) as follows:
 - a. A parental request to review specific curricular materials (written, visual, or audio) should be made to the principal of the building where the curricular materials are used.
 - b. The building principal will assess the request and determine the allowable volume and time frame of the review to prevent disruption to the efficient operations of the district.
 - c. The purpose of this provision is to allow reasonable access to the extent practicable. Individuals who make requests (a) for the purpose of adding staff burden; (b) at an unreasonable frequency or volume; or (c) for purposes inconsistent with the efficient operations of the district may be denied access to materials.
 - d. A parental request to review specific standardized and criterion-referenced tests used in the district should be made in writing to the building principal. Copies of the most recent tests used in the district will be available for parent review. Parents wishing to review statewide assessments will be provided with sample questions and a copy of a practice test, but will not be provided with copies of the actual assessment due to testing security. In

the case of other secure tests such as the ACT, parents must contact the publisher to obtain copies of the test.

2. Parents will be permitted, within district procedures, to attend and observe courses, assemblies, counseling sessions, and other instructional activities.
 - a. Parents are invited to make appointments with the building principal to visit classes, assemblies, and other instructional activities. The principal shall give permission after determining that parental observation would not disrupt the activity. Observations that last more than 60 minutes or occur on consecutive days are typically disruptive and will not be permitted absent unusual circumstances, in the sole discretion of the building principal.
 - b. Parents may contact the building principal to request permission to attend counseling sessions in which their child is involved.
3. Parents may request that their children be excused from testing (except as provided below), classroom instruction, learning materials, activities, guest speaker events, and other school experiences ("school events") that parents find objectionable.
 - a. Parents must submit this request in writing to the building principal for consideration.
 - b. Building principals may excuse a student from any school events at the parent's written request if, in the principal's professional judgment, excusal from the activity would not result in diminution of the student's educational experience.
 - c. When the building principal determines it appropriate, alternative experiences may be provided for the student by the school.
4. Parents will be informed through the student handbook and district policies of the manner that the district will provide access to records of students.
5. Parents will be informed of the standardized and criterion-referenced district testing program. Parents may request additional information from the building principal.

6. Parents will be informed of the circumstances under which they may opt-out of state and federal assessments.

a. In accordance with federal law, at the beginning of the school year, the District shall provide notice of the right to request a copy of this policy to parents of students attending schools receiving Title I funds. The District will provide a copy of this policy to a requesting parent in a timely manner.

b. State Assessments

State and federal law simultaneously require students to take state assessments, with few exceptions, but also permit parents to request to opt their students out of these assessments. Approval of opt out requests is contrary to the mandatory testing laws, so the District cannot “approve” the request. Parents who do not present their child for testing will result in the child receiving the lowest score possible on the assessment.

c. National Assessment of Educational Progress

As a condition of receiving federal funds, the District participates in the National Assessment of Educational Progress (NAEP). To help ensure that the District has a representative sample of students taking the NAEP, which will allow the District to assess the quality and effectiveness of its programming on a national level, the District strongly encourages all eligible students to participate. However, student participation in NAEP is voluntary.

The District shall provide parents of eligible students with reasonable notice prior to the exam being administered. Parents wishing to opt their students out of the NAEP assessment must notify the district in writing at least **three** days prior to the exam date to ensure that the District can coordinate supervision and alternative activities for students who have opted out.

7. Parents will be notified of their right to remove their children from surveys prior to district participation in surveys.

- a. The principal must approve all surveys intended to gather information from students before they are administered to students.
- b. Students' participation in surveys is voluntary. Parents may restrict their child from participating in any survey.
- c. If the school administers (1) a survey requesting that students provide sexual information, mental health information, medical information, information on health-risk behaviors, religious information, information of political affiliation, or any other information that the school board deems to be sensitive in nature or (2) a non-anonymous survey requesting students provide information relating to drug, vape, alcohol, or tobacco use, the school district shall, at least fifteen days prior to the administration of the survey, notify parents, guardians, and educational decisionmakers of students that are to receive such survey. The notice will be made through the school's electronic notification system or by physical mail to the address on file for the student. The notice will describe the nature and types of questions included in the survey, the purposes and age-appropriateness of the survey, how information collected by the survey will be used, who will have access to such information, the steps that will be taken to protect student privacy, and whether and how any findings or results of such survey will be disclosed.
- d. Parents have the right to: (1) request that a copy of the survey be sent through the school's electronic notification system or physical mail to the address on file for the student, (2) review the survey in person at the school, and (3) exempt their child from participating in the survey.
- e. Unless required by federal or state law or regulation, school personnel administering any survey shall not disclose personally identifiable information of a child.
- f. No survey requesting sexual information of a student shall be administered to any student in kindergarten through grade six.
- g. The district will also comply with any survey requirements found in the district's policy on Protection of Pupil Rights.

8. The district will make this policy accessible by a prominently displayed link on its public website. Any amended policy will be made accessible within a reasonable time of its amendment.

District Title I Parent and Family Engagement Policy

The school district will jointly develop with parents a School-Parent-Student Compact that outlines how the parents, school staff, and students will share the responsibility for improved student academic achievement and the means by which the school and parents will build and develop a partnership to help children achieve the State's high standards.

The written District Parent and Family Engagement Policy will be jointly developed and distributed to parents and family members of participating children and the local community in an understandable format and to the extent practicable, in a language the parents can understand. An annual evaluation of the content and effectiveness of the Parent and Family Engagement Policy will be used to design evidence-based strategies for more effective parental involvement, to revise the Parent and Family Engagement Policy and to remove barriers to participation.

The school district recognizes the unique needs of students who are being served in its Title I program, and the importance of parent and family engagement in the Title I program. Parent and family engagement in the Title I Program shall include, but is not limited to:

1. An annual meeting to which all parents of participating children will be invited to inform parents of their school's participation under this part, to explain the requirements of this part, and the right of the parents to be involved. Invitations may take the form of notes sent with students or announcements in the school newsletter. Additional meetings may be scheduled, based upon need and interest for such meetings.
2. An explanation of the details for the child's and parents' participation, including but not limited to: curriculum objectives, the forms of academic assessment used to measure student progress and the achievement levels of the challenging State academic standards, type and extent of participation, parental input in educational decisions, coordination and integration with other Federal, State, and district programs, and evaluations of progress.
3. Opportunities for participation in parent involvement activities such as training to help parents work with their children to

improve achievement. A goal of parent activities is to provide parents with opportunities to participate in decisions relating to the education of their students, where appropriate.

4. The district will, to the extent practicable, provide parents of limited English proficiency, parents with disabilities, parents with limited literacy, are economically disadvantaged, are of a racial or minority background or parents of migratory children with opportunities for involvement in the Title I Program. Communication to parents about student progress and the district's other Title I Program communications will be provided in the language used in the home to the extent practicable. Responses to parent concerns will be provided in a timely manner.
5. Opportunities for parent-teacher conferences, in addition to those regularly scheduled by the school district, if requested by the parents or as deemed necessary by school district staff.
6. The district will coordinate and integrate parental involvement programs and activities with other programs in the community. These may include cooperation with other community programs such as Head Start and preschools and other community services such as the public library.
7. Educate teachers, specialized instructional support personnel, principals, and other school leaders, with the assistance of parents in the value and utility of contributions of parents, how to reach out to, communicate with and work with parents as equal partners.

This policy shall be reviewed annually at the annual meeting where concerned parties can have a conversation about possible changes to the Parent and Family Engagement Policy.
