4.G. **Strategic Plan Focus**

-Child Nutrition Kathy Barry

Mrs. Kathy Barry presents the Strategic Plan Update for School

Nutrition. The first action step is providing an efficient and effective nutrition program to support success in and out of the classroom. Since the beginning of August, school nutrition has been provided at no cost to the students: 428, 128 breakfasts and 597,244 lunches. In our after-school supper program: We have provided 21,547 meals since October 2021. Our fresh fruit and vegetable program has provided fruits and vegetables 3x a week at Candy's Creek, Blythe-Bower, and Arnold Elementary. We have reapplied for this program for next year. The next step is to initiate school nutrition student, faculty, and community satisfaction surveys. School nutrition surveys can help boost participation and sales, as well as decrease food waste. We plan to conduct surveys in SY 22-23, offering them on paper and via a link on the school website in English and Spanish. We will offer separate surveys for parents and students. We want to continue getting student feedback. We are discussing the possibility of obtaining student feedback in other ways: offering sampling stations to allow students to try new things and get immediate feedback. The cafeteria managers and staff will continue to regularly check in with students on their opinions of the food items offered. Student Interaction and Participation. Each cafeteria manager will continue to encourage participation and interaction with students by: offering themed meals/treats fo holidays and special events. Celebrating birthdays with a treat one day each month that celebrates all the birthdays in that month. Bringing their cafeterias to life with themed decorations and props to encourage students to participate in breakfast and lunch and have conversations about the foods being served. Please follow school nutrition on twitter @CCS_SNProgram.

Field Trips & Off-Campus Excursions Administrative Procedure 4.302.1

May 2019 7

Transportation Guidelines for Field Trips

Cleveland City Schools are responsible First to the daily transporting of students to and from school. Bus schedules and routes will not be adjusted to accommodate field trips.

1. Field trip transportation request must be made no later than two weeks before the field trip. Once a field trip has been assigned to a driver, the trip will be activated in the digital approval system and a notification will be sent to the teacher/sponsor.
2. School buses used for field trips will be limited to a radius of 50 miles on a school day, 100 miles on weekends, and 150 miles for school sanctioned athletic events and competitions. Exceptions are made at the discretion of the Director of Schools.
3. The cost associated with using a school bus for a field trip is \$1.25 per mile and \$17.94 per hour for the driver. There will be an additional \$100.00 per day "On Call" fee for weekends and holidays.
4. If a field trip is cancelled once the driver has been assigned, a minimum of 2 hours pay will be billed to the school or program responsible for the field trip.
5. In addition to the driver's hourly rate, an additional \$35.00 fee will be applied to any field trip in which trash and dirt are left on the bus.
6. Buses used for field trips during school hours can be scheduled to pick up students starting at 8:40 AM and must be unloaded by 1:45 PM so the bus and driver can be back to the bus barn by 2:00 PM. Buses have to be inspected and fueled before their afternoon route.
7. In all cases of field trips occurring beyond the regular school day hours, provisions must be made for the driver to have a comfortable area to rest, access to restroom facilities and access to refreshments. Most major attractions have a driver's facility.
8. Field trips requiring a driver to be available for more than 10 hours may require that the driver be provided an approved hotel room in addition to the hourly rate. If the field trip is to an attraction like Dollywood, the driver may have their admission provided instead of a hotel room. This guideline will depend upon the situation and itinerary. The Director of Operations will implement this procedure based on the circumstances of the individual trip, to satisfy CDL laws.
9. The driver and leader of the field trip are responsible to maintain constant communications with one another through either their cell phones or radios in the event of a sudden change in plans, inclement weather, or an emergency.
10. Supervision of students while on field trips will follow a recommended ratio of no less than one chaperone per 15 students (K-8) and one chaperone per 20 students (9-12). Bus drivers are not to be considered a supervisory staff member.
11. Students and chaperones must cooperate with the driver.

14. Any and all changes in the field trip itinerary must be approved by the Principal and the Operations Department prior to the trip as the bus driver will not be allowed to deviate from the approved itinerary.

Monitoring: Review: Annually, in March	Descriptor Term: Attendance of Non-Resident Students	Descriptor Code: 6.204	Issued Date: 05/04/22
		Rescinds:	Issued:

Students residing outside the boundaries of the school district may attend schools within the school district under the following conditions:

1. They shall be approved by the Director of Schools/designee.¹
2. They shall pay a tuition fee established annually by the Board. Annual tuition may not exceed per student, per annum, an amount equal to the amount of local funds actually used for school purposes by the school district per student during the preceding school year minus any funds received from the student's resident district. Tuition for out-of-state non-resident students shall be charged at the same rate as the average cost per student (state and local funds) in the district attended.²
3. Non-resident students shall make application at least one (1) month prior to the first day of school.³ The Director of Schools/designee shall provide non-resident students notice of eligibility for re-enrollment by the end of the school year.
4. Requests from students from adjoining states to attend school shall be considered on a case-by-case basis.⁴
5. Students who become residents of the school district shall be refunded any unused portion of the tuition on a pro-rata basis.
6. When payment is not made on all or any part of the required tuition for a previous year, the student(s) shall be excluded from future attendance until all prior and current tuition is paid. Once a delinquent payment is paid, enrollment in the school may not be guaranteed.
7. If a teacher of this school district has a residence outside the school district, his/her children may be allowed to attend if the appropriate tuition requirements are met, provided that there is available room and teaching capacity and other determinations made by the Board according to state law.⁵

~~Students who wish to attend another school outside their resident zone may make application as cross zone students or non-resident students. This application must be received at the requested school annually before the first day of registration. Families that move into the city or county after registration day may make application during the school year. Cross-zone and non-resident students will be admitted only when their presence does not cause the enrollment to reach the maximum established by the State of Tennessee and by the Cleveland Board of Education. These applications will be reviewed yearly subject to enrollment and behavior.~~

~~After a student has enrolled in one (1) school within the system, s/he will not be permitted to transfer to another unless there is a change in the residence of the child's parents or guardian outside the zone in which the student is enrolled. Students will be expected to be enrolled in the school zoned for the new address unless enrollment at their current school will permit them to remain. Students whose families transfer their residence to another school zone after the one hundred-twenty (120) days of school may complete the school year at their former school. Exception: parents who select an out of zone school under the School Choice option of No Child Left Behind will receive top priority. Once enrolled at the school of choice, a student is considered an "in-zone" student.~~

TUITION

~~A tuition rate for non-resident students enrolled in the city schools shall be determined annually by the Board. This~~ **The tuition** amount (in full) shall be paid on the date of admittance to the school. Parents of non-resident students who enroll their child in a city school may deduct from the tuition charge the amount of school tax paid on any property owned in the city of Cleveland. A receipt of such tax payment shall be presented to the Director of Schools' office at the time of tuition payment. Students who become residents of the city of Cleveland or withdraw will be refunded any unused portion of the tuition on a pro-rata basis.¹ All children of non-resident full-time employees shall be exempt from tuition payments.

When payment is not made on all or any part of the required tuition for a previous year, the student(s) shall be excluded from future attendance until all prior and current tuition is paid. The Board recognizes two classifications for the purpose of setting tuition rates: (1) non-residents living in Bradley County and (2) other non-residents living outside Bradley County. Children who reside within the city of Cleveland will have priority over non-resident students. Children of non-resident employees of Cleveland City Schools shall be given priority assignment over all other non-residents and priority over all cross zoning requests. These shall be admitted to the Cleveland City Schools on a space-available basis according to administrative procedures. All full-time employees shall be permitted to have their children attend the school in which they are employed. These students shall be

considered "in-zone" for attendance purposes. Ross/Yates shall be considered as one campus related to this policy.

Children of full-time employees who do not work in an elementary school will be allowed to attend the elementary school of choice on a space available basis.

~~If enrollment containing cross-zone and non-resident students exceeds the maximum number of students allowed for acceptance throughout the school year, the cross-zone and non-resident students shall be excluded in the reverse priority used for acceptance. All full-time employees shall be permitted to have students for whom they have legal custody attend the school system,² pursuant to state and local enrollment policies.³~~

PLACEMENT

For the purposes of this policy, school of origin shall mean the school that the student attended when permanently housed or the school in which the student was last enrolled, including a preschool/pre-k program.⁹ School of origin shall also include the designated receiving school at the next grade level when the student completes the final grade level served by the school **or of** origin.⁹

Placement shall be determined based on the student’s best interest.⁴ At all times, a strong presumption that keeping the student in the school of origin is in the student’s best interest shall be maintained, unless doing so would be contrary to a request made by the student’s parent/guardian or the student in the case of an unaccompanied youth.⁵ When determining placement, student-centered factors, including but not limited to impact of mobility on achievement, education, health, and safety shall be

If it is not in the student's best interest to attend the school of origin, or the school requested by the parent/guardian or unaccompanied youth, the director or his/her designee shall provide a written explanation of the reasons for the determination, in a manner and form that is understandable to the parent/guardian or unaccompanied youth.⁵ The written explanation shall include a statement regarding the right to appeal the placement decision.⁵ If the placement decision is appealed, the district shall refer the parent/guardian or unaccompanied student to the homeless coordinator, who shall carry out the dispute resolution process as expeditiously as possible and in accordance with the law.⁷ Upon notice of an appeal, the Director of Schools shall immediately enroll the student in the school in which enrollment was sought pending a final resolution of the dispute, including all available appeals.⁷

RECORDS

Records ordinarily kept by the school shall be maintained for all homeless students. Information regarding a homeless student's living situation shall be treated as a student education record, and shall not be considered directory information.⁸

TRANSPORTATION

In the event that it is in the best interest of the homeless student to attend the school of origin, transportation to and from school shall be provided at the request of the parent/guardian or, in the case of an unaccompanied student, the homeless coordinator. If the student's temporary housing is outside the district of the school of origin, Cleveland City will work with the school of origin to agree on a method to apportion the responsibility and costs for transporting the student. If an agreement cannot be reached, the costs will be shared equally.

Monitoring: Review: Annually, in May	Descriptor Term: Medicines	Descriptor Code: 6.405	Issued Date: 05/04/22
		Rescinds: 6.405	Issued: 10/01/15

No school official or teacher will routinely dispense medication to students except in unique situations in which a child’s health is dependent upon medical aid. If under exceptional circumstances a child is required to take oral medication during school hours and the parent cannot be at school to administer the medication, only the principal or the principal’s designee will administer the medication in compliance with the following regulations:¹

Non-prescription medications will be accompanied with written instructions signed by the parent. Forms are available in school offices or the system website. The school will not accept verbal parental permission.

Prescription medication will be accompanied with instructions signed by the parent and the prescribing physician. Forms are available from school offices or the system website. The written instructions will contain the following:

1. Child’s name;
2. Name of medication;
3. Name of physician;
4. Time to be self-administered;
5. Dosage and directions for self-administration (non-prescription medicines must have label direction);
6. Possible side effects, if known; and
7. Termination date for self-administration of the medication (medication must be sent in its original container).

The medication must be delivered to the principal's office in person by the parent or guardian of the student unless the medication must be retained by the student for immediate administration (i.e. students with asthma).

The administrator/designee will:

1. Inform appropriate school personnel of the medication to be self-administered;
2. Keep an accurate record of the self-administration of the medication;
3. Keep all medication in a locked cabinet except medication retained by a student per physician's order;
4. Return unused prescription to the parent or guardian only; and

5. Ensure that all guidelines developed by the Department of Health and the Department of Education are followed.

The parent or guardian is responsible for informing the designated official of any change in the student's health or change in medication.

A copy of this policy shall be provided to a parent or guardian upon receipt of a request for long-term administration of medication.

BLOOD GLUCOSE SELF-CHECKS²

Upon written request of a parent/guardian and if included in the student's medical management plan and in the Individualized Healthcare Plan (IHP), a student with diabetes shall be permitted to perform a blood glucose check or administer insulin using any necessary diabetes monitoring and treatment supplies, including sharps. The student shall be permitted to perform the testing in any area of the school or school grounds at any time necessary.

Sharps shall be stored in a secure, but accessible location, including the student's person, until use of such sharps is appropriate.

Use and disposal of sharps shall be in compliance with the guidelines set forth by the Tennessee Occupational Safety and Health Administration (TOSHA).

STUDENTS WITH PANCREATIC INSUFFICIENCY OR CYSTIC FIBROSIS³

Students diagnosed with pancreatic insufficiency or cystic fibrosis shall be permitted to self-manage their prescribed medication in a manner directed by a licensed healthcare provider without additional assistance or direction. The Director of Schools shall develop procedures for the development of an IHP for every student that wishes to self-administer.

STUDENTS WITH ADRENAL INSUFFICIENCY⁴

The parent/guardian of a student diagnosed with adrenal insufficiency shall notify the school district of the student's diagnosis. Once notified, the district shall observe the following procedure:

1. The district shall train school personnel who will be responsible for administering the medication for the treatment of adrenal insufficiency and any who volunteer to administer the medication.
2. The district shall maintain a record of all school personnel who have completed this training.
3. If a student is suffering from an adrenal crisis, a school nurse or other licensed health care professional may administer the prescribed medication to the student. If a school nurse or other licensed health care professional is not immediately available, trained school personnel may administer the prescribed medication.

The Director of Schools shall develop procedures on the administration of medications that treat adrenal insufficiency and recordkeeping per rules set forth by the State Board of Education.

Re: Bus number #64

Dear School Representative,

The Cleveland Police Department started our EOD/Bomb Squad in 2001 with nothing more than a plan and a mission. Over the course of the last 20 plus years the CPD EOD team has been fortunate to accumulate the majority of the equipment required by the National Guidelines for Bomb Squads, rev. February 2020. The number one piece of mandated equipment is a Bomb Response Vehicle. This vehicle must be capable of responding to EOD calls, which can vary from recovery of explosives, hazardous devices, all the way to terrorist attacks. Although the bomb squad is privileged to have some state-of-the-art EOD specific equipment to assist us with our mission, the one place we have lacked since the beginning of the team is our response vehicles.

The EOD response vehicle needs to be able to do more than merely house EOD equipment. The vehicle must be capable of storing equipment in a safe and controlled manner, must be able to respond to a myriad of locations and call types, must allow EOD operators to deploy EOD equipment, and must be able to be utilized as a command center for operations. At the commencement of the bomb squad, we operated with a small trailer and a 1989 Ford Bronco. This proved, very quickly, to be inadequate to conduct operations. In 2007 we were able to purchase, through grant money, a Ford F250 to be used as a response vehicle. This vehicle proved much more capable of towing our EOD trailer, transporting EOD team members and equipment to calls. Although much more capable of meeting the needs of the squad, there continues to be short comings that must be overcome.

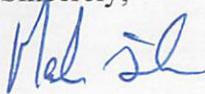

One way to overcome the short comings of our current response vehicle would be to purchase an EOD specific response vehicle. This option, although optimal, is unfortunately very cost prohibitive and therefore unrealistic at this time. Another way to solve this issue is to locate a suitable vehicle that can be retrofitted to serve as our response vehicle. This option is not only more cost effective, but also something that can be achieved in a timely manner. This is the main reason why we have reached out concerning the City of Cleveland School bus. We believe that the bus that could be made available to us offers an incredible starting point for us to obtain the EOD response vehicle that we need to operate efficiently.

The acquisition of the City of Cleveland school bus will afford the EOD team to be able to operate more efficiently and in a more controlled environment. It will streamline the deployment of EOD assets,

which can be time critical, and a rapid deployment of assets is also paramount to successful EOD operations. In short, this acquisition will:

- Make EOD operations more efficient
- Allow all EOD assets to be centrally stored
- Make inventory control of equipment and assets easier
- Allow EOD operators to deploy the EOD robotics platform from the lift system
- Afford a central command center and area of operation in a secure and temperature-controlled environment.
- Offer proper storage and maintenance for high value EOD assets
- Offer a much more cost-effective option to the Cleveland Police Department

Sincerely,

CHARACTER

PORTRAIT OF A GRADUATE

The Jr Civitan Club, led by Ali Hutchings and the SpEd department, have refurbished the sensory garden outside of the commons. This has been a year long process with many work days and numerous students helping. This project embodies being community and civic minded by showing empathy, compassion and kindness to others.

Cleveland HS's Air Force JROTC mission is to build citizens of character dedicated to serving their nation and community. We do this by building leaders of tomorrow and instilling values of citizenship, by promoting service to the U.S. and in the local community. Cadets demonstrated these character traits during the Air Force's first-ever inspection of the program this school year. Cadets performed flawlessly and earned an inspection score of *Exceeds Standards* with no discrepancies. Learning leadership skills as cadets will instill moral and ethical integrity and establish traits that employees look for during their hiring procedures. Cleveland JROTC cadets exhibit the best when it comes to self-motivation, discipline, and a strong work ethic.

Miriam Eachus is a senior. She took Capstone in both the fall and spring semester. Miriam wanted to give back to her community so she interned at Project Free2Fly. She has volunteered her time the entire school year. During her stent with this organization she also has learned the art of sewing, which is so uncommon in this day and time. This young lady has demonstrated her self-motivation, discipline and strong work ethic.

Critical Thinking

Critical thinking is an important aspect of everything we do at Mayfield on a daily basis. Whether in core academic classes or in 'specials' classes and extracurriculars, students are encouraged to think critically and make connections to other learning in an effort to solidify information. Recently, Mrs. Grubb and members of the Mayfield Book Club enjoyed a "Camp In" - a culminating activity for a semester of book studies. Book Club is an opportunity

for students to digest a few different books and come together to discuss, answer questions, and share thoughts/feelings about the books and their deeper meanings. This year's book selections included *The Fourteenth Goldfish*, *Song For A Whale*, and *Cleopatra in Space*.

Bonus Checks

As part of the 'Best For All' designation by the State of Tennessee, CCS was able to provide a bonus to employees. Thank you to the Cleveland City Schools board of education for stopping by each school to pass out checks just prior to Easter break.

Kindergarten Registration

We had 37 students from the Class of 2035 stop by CHS to register for Kindergarten last Saturday. Students and families completed the registration process and visited different stations to introduce some of the services provided by our school system. Students also visited with Mayfield staff to receive a book and to have pictures made with Eddie the Eagle.

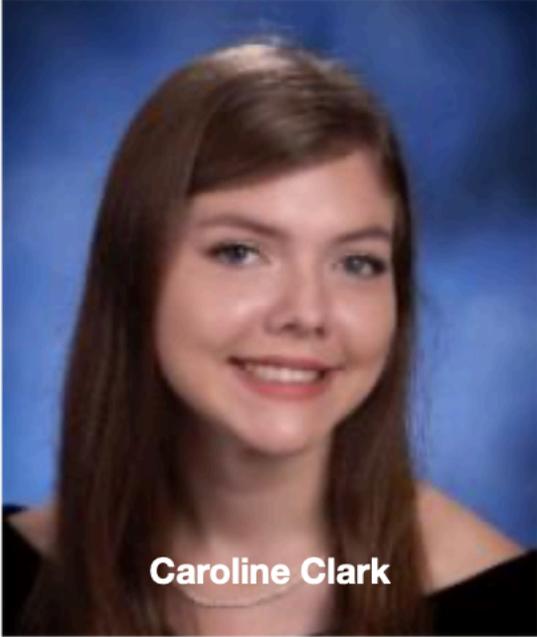

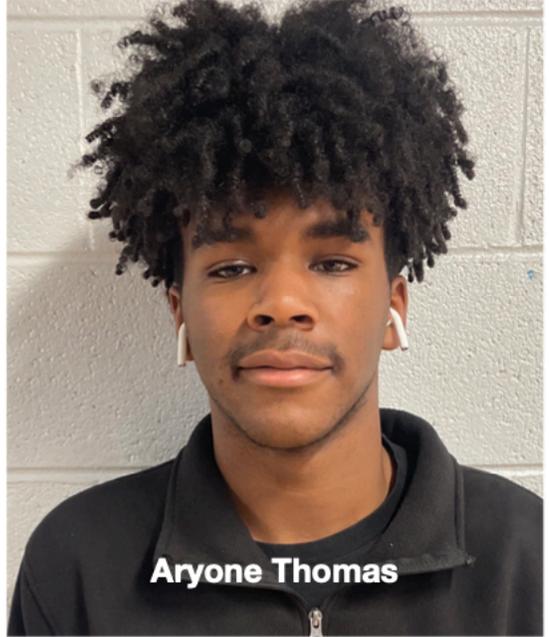

Grandparents Luncheon

Wow, what a turnout we had for our grandparents luncheon. This was the first grandparents luncheon we've been able to host in a couple of years and students were so excited to have their 'loved ones' come by to eat lunch with them. Families also had an opportunity to visit the book fair.

ARNOLD

Memorial Elementary School

Collaboration

In February, Cleveland City Schools was chosen as a Best For All district by the Tennessee Department of Education. During a critical time in our lives, Arnold Memorial Elementary School's staff collaborated to ensure that our students continued to learn and grow. At a critical time in our nation, we came together and became stronger. We lived up to our motto in every way possible.

We Are The One!

Arnold would like to spotlight the hard-working Speech team, Haleigh Thomas and Shelley Worthy for all the work they do every day with Arnold students! Haleigh and Shelly teach cooperatively between schools to make sure our students needs are met. They do a fantastic job!

Critical Thinking

The students in Ms. Lovin and Mrs. Giannasio's classes are using their critical thinking skills in their Economics unit during the month of April. They are learning to recognize the difference between a want and a need. They are also making real-life connections by learning about the organization of grocery stores and the aisles inside. They are using sale ads from local grocery stores to find items in specific aisles and compare the prices of those items. Some students are using their critical thinking skills to use more advanced applications for communication and mobility.
