## 2024 Local Education Agency Compliance Report

Local education agencies (LEAs) are required to comply with all federal and state education laws and State Board of Education (SBE) rules. This annual compliance report is one mechanism the department uses to ensure education laws and rules are faithfully executed. The commissioner of education is charged with taking corrective action when an LEA is noncompliant with those laws and rules or is not following a department-approved compliance plan.

Each LEA must submit this report and, if applicable, the corresponding corrective action plan, to the department by **November 29, 2024**. During completion, an LEA should carefully check the status of its compliance with all federal and state education laws and SBE rules. The department monitors and verifies LEA compliance via multiple data sources (e.g., Education Information System, internal program managers) and will consider those sources in making a final determination of an LEA's compliance. Please be advised annual compliance report data may inform an LEA's approval classification.

I certify that the LEA is in compliance with all federal and state education laws and SBE rules.

I certify that, with the exception of areas indicated in the **attached corrective action plan**, the LEA is in compliance with all federal and state education laws and SBE rules.
