MURFREESBORO CITY SCHOOL BOARD POLICY

Descriptor Term: RELATIONS WITH COURTS AND LEGAL AUTHORITIES	Descriptor No: STU 28	Date Adopted: 4/79
	Reviewed/Revision Adopted: 7/01	

1 It is the policy of the schools to cooperate with law enforcement agencies in the interest of the
2 larger welfare of all citizens. At the same time, schools have the responsibility to parents for the
3 welfare of the students while they are in the care of the school. To carry out this responsibility,
4 school officials should observe the following:

- 5
- 6 1. A student in school may not be interrogated by any authority without the knowledge of
7 the school official.
- 8
- 9 2. Any interrogation must be done in private with an official school representative present.
- 10
- 11 3. The school official shall assure that the pupil's legal rights are not violated.
- 12
- 13 4. A student may not be released into the custody of persons other than parent or legal
14 guardian unless it is a court order.
- 15
- 16 5. If a student is removed from the school by legal authority, parents should be notified of
17 this action by school officials as soon as possible.

MURFREESBORO CITY SCHOOL BOARD POLICY

Descriptor Term: STUDENT USE OF INTERNET	Descriptor No: STU 37	Date Adopted: 9/96
	Reviewed/Revision Adopted: 9/09; 8/10	

I. PURPOSE

The Board supports the right of students (regular or extended school students) to have reasonable access to various information formats and believes it incumbent upon students to use this privilege in an appropriate and responsible manner.

Electronic information research skills are now fundamental to preparation of citizens and future employees. The Board expects staff to blend thoughtful use of such information throughout the curriculum and to provide guidance and instruction to students in the appropriate use of such resources.

Students shall abide by MCS Board Policies, and stipulations of the Children’s Online Protection Act 47 USC Section 231 (COPPA), the Family Education Rights and Privacy Act (FERPA), and the Children’s Internet Protection Act (CIPA) as well as laws pertaining to stalking and harassment. The policy is promulgated so as to be in compliance with the public records laws of the State of Tennessee.

II. STUDENT USE OF SCHOOL COMPUTER NETWORKS

A. Students are responsible for appropriate behavior when using school computer networks just as they are responsible for appropriate behavior in all school settings. Communications on the network are often public in nature. General school rules for behavior and communications apply to all users of the networked communications system. The network is provided for students to conduct research, explore the world, and communicate with others. Access to network services will be provided to students who agree to act in a responsible manner.

B. Independent student use of telecommunications and electronic information resources will be permitted upon submission of permission forms and agreement forms by parents of minor students.

C. Access to telecommunications will enable students to explore thousands of libraries, databases, and bulletin boards while exchanging messages with people throughout the world. The Board believes that the benefits to student from access in the form of

36 information resources and opportunities for collaboration exceed the disadvantages.
37 Ultimately, however, parents and guardians of minors are responsible for setting and
38 conveying the standards that their children should follow when using media and
39 information sources. The Murfreesboro City School Board supports and respects each
40 family's right to decide whether or not to apply for independent access on computers used
41 outside the system.
42

43 D. The Director of Schools shall develop and implement procedures for appropriate Internet
44 use by students. Procedures shall address the following:

- 45 1. General rules and ethics of Internet use.
- 46 2. Prohibited or illegal activities, include, but are not limited to:¹
 - 47 •Sending or displaying offensive messages or pictures
 - 48 •Using obscene language

 - 50 •Damaging computers, computer systems or computer networks
 - 51 •Hacking or attempting unauthorized access
 - 52 •Violation of copyright laws
 - 53 •Trespassing in another's folders, work or files
 - 54 •Intentional misuse of resources
 - 55 •Using another's password or other identifier (impersonation)
 - 56 •Use of the network for commercial purposes
 - 57 •Buying or selling on the Internet

61 62 63 **III. INTERNET SAFETY MEASURES**

64
65 A. Internet safety measures shall be implemented that effectively address the following:

- 66 1. Controlling access by students to inappropriate matter on the Internet and
67 WorldWide Web
- 68 2. Preventing unauthorized access, including "hacking" and other unlawful activities
69 by students on-line
- 70 3. Unauthorized disclosure, use and dissemination of personal information regarding
71 students
- 72 4. Restricting students' access to materials harmful to them

73
74
75 B. The Director of Schools/designee shall establish a process to ensure the district's
76 education technology is not used for purposes prohibited by law or for accessing
77 sexually explicit materials. The process shall include, but not be limited to:

- 78 1. Utilizing technology that blocks or filters Internet access (for both students and
79 adults) to material that is obscene, child pornography or harmful to students
- 80 2. Monitoring on-line activities of students²

81
82
83 C. The Board shall provide reasonable public notice of, and at least one (1) public
84 hearing or meeting to address and communicate, its Internet safety measures.²
85

86 A written parental consent shall be required prior to the student being granted access to
87 electronic media involving district technological resources. The required
88 permission/agreement form, which shall specify acceptable uses, rules of on-line behavior,
89 access privileges and penalties for policy/procedural violations, must be signed by the
90 parent/legal guardian of minor students each year and shall be valid only in the school year in
91 which it was signed unless parent(s) provide written notice that consent is withdrawn. In
92 order to rescind the agreement, the student's parent/guardian must provide the Director of
93 Schools with a written request. Such acknowledgment shall be incorporated into the
94 parent/student handbook.

95 **IV. E-MAIL**

96
97
98 Users with network access shall not utilize district resources to establish electronic mail
99 accounts through third-party providers or any other nonstandard electronic mail system. All
100 data including e-mail communications stored or transmitted on school system computers shall
101 be monitored. Students have no expectation of privacy with regard to such data. E-mail
102 correspondence may be a public record under the public records law and may be subject to
103 public inspection.³

104 **V. INTERNET SAFETY INSTRUCTION**

105
106
107 Students will be given appropriate instruction in Internet safety as a part of any instruction
108 utilizing computer resources. Parents and students will be provided with material to raise
109 awareness of the dangers posed by the Internet and ways in which the internet may be used
110 safely.⁴

111 **VI. NETWORK SECURITY**

- 112
113
- 114 A. For the protection and security of MCS data, all computers attached to the MCS physical

117 network without first receiving approval from the IT Department management.
 - 118
119 B. Use of software designed to gain passwords or access beyond the rights assigned to a user
120 or computer are strictly prohibited. Use of such programs risk the security of the network
121 and is considered "hacking". The intent to control unauthorized access is a violation of
122 State and Federal law. Violators will be prosecuted. Should a student inadvertently
123 discover passwords or any other measure used to control unauthorized access, the student
124 should report such discovery to their teacher.
 - 125
126 C. No user shall encrypt files or folders or attempt to hide files or folders stored on a
127 network server or local workstation. Any encrypted or hidden files will be deleted.
 - 128

149 type of access or connectivity to include private phone lines.
150
151 G. No desktop computer shall be moved by anyone other than IT Department personnel
152 unless approved by a member of the IT Department.
153

154 **VIII. SERVER SOFTWARE**

155
156 **Only authorized IT Department personnel will install software to the server.**
157

158 **IX. SAVING DOCUMENTS**

159
160 Students must save all documents to a location away from the computer. Due to server
161 storage limitations, any applications or executables residing in a user directory will be
162 deleted. (Exception is given where individuals have created applications as part of a
163 curriculum assignment and such activity has been approved by a member of the MCS's
164 faculty or staff.) Any documents residing solely on a local computer are at risk. It is
165 each student's responsibility to make sure important documents and data are saved to a
166 location away from the computer.
167

168 **X. VIRUSES AND VIRUS PROTECTION**

- 169
170 A. The MCS IT Department will provide all virus protection and related software for all
171 workstations and servers. Virus protection and related software will be installed by
172 authorized IT personnel unless otherwise approved by the IT Department.
173
174 B. There are many virus hoaxes. Never delete system files from a computer in order to
175 remove a potential virus without first checking with your teacher to make sure the virus is

2 be a violation of this policy for anyone to discriminate against or harass a student through
3 conduct or communication that is sexual, racial, ethnic, or religious in nature.

4
5 Student discrimination/harassment will not be tolerated. Discrimination/harassment is defined as
6 conduct, gestures or words (either written or spoken) of a sexual, racial, ethnic or religious nature
7 which:

- 8
9 1. Unreasonably interfere with the student's work or educational opportunities; or
- 10
11 2. Create an intimidating, hostile or offensive learning environment; or
- 12
13 3. Imply that submission to such conduct is made an explicit or implicit term of receiving
14 grades or credit; or
- 15
16 4. Imply that submission to or rejection of such conduct will be used as a basis for
17 determining the student's grades and/or participation in a student activity.

18
19 Students who believe themselves to be victims of **any type of** ~~sexual, racial, ethnic or religious~~
20 discrimination/harassment shall report these incidents immediately to a teacher, counselor or
21 building administrator. Witnesses to discrimination/harassment are strongly encouraged to
22 report these incidents immediately. Allegations of discrimination/harassment shall be fully
23 investigated by a student complaint manager.

24
25 The privacy and anonymity of all parties and witnesses to complaints will be respected.
26 However, because an individual's need for confidentiality must be balanced with obligations to
27 cooperate with police investigations and legal proceedings, to provide due process to the
28 accused, to conduct a thorough investigation or to take necessary action to resolve a complaint,
29 the identity of parties and witnesses may be disclosed in appropriate circumstances to individuals
30 with a need to know.

31
32 A substantiated charge against an employee shall result in disciplinary action up to and including

There will be no retaliation against any person who reports harassment or participates in an investigation. However, anyone who refuses to cooperate or gives false information during the course of any investigation may be subject to disciplinary action. The willful filing of a false report will itself be considered harassment and will be treated as such.

An employee disciplined for violation of this policy may appeal the decision by contacting the Federal Rights Coordinator or the Director of Schools. Any student disciplined for violation of this policy may appeal the decision in accordance with disciplinary policies and procedures.

This policy shall be published in the parent/student handbook distributed annually to every student. Building administrators are responsible for educating and training their respective staff and students as to the definition and recognition of discrimination/harassment.

DISCRIMINATION/HARASSMENT GRIEVANCE PROCEDURES

1. FILING A COMPLAINT

Any student of this school system who wishes to file a discrimination/harassment grievance against another student or an employee of the system may file a written or oral (recorded, if possible) complaint with a student complaint manager. Students may also report an allegation of discrimination/harassment to any teacher or other adult employed in the school who shall inform a student complaint manager of the allegation. The complaint should include the following information:

- A. Identity of the alleged victim and person accused;
- B. Location, date, time and circumstances surrounding the alleged incident;
- C. Description of what happened;
- D. Identity of witnesses; and
- E. Any other evidence available.

2. INVESTIGATION

Within twenty-four hours of receiving the student's complaint, the student complaint manager shall notify the complaining student's parent/guardian and the principal who shall inform the Director of Schools. The parent/guardian shall be given notice of the right to attend an interview of the student in a non-intimidating environment in order to elicit full disclosure of the student's allegations. This interview shall take place within five (5) work days from the time the complaint was first made. If no parent/guardian attends the interview, another adult, mutually agreed upon by the student and the student complaint manager, shall attend and may serve as the student's advocate. After a complete investigation, if the allegations are substantiated, immediate and appropriate corrective or disciplinary action shall be initiated. The complaint and identity of the complainant will not be disclosed except (1) as required by law or this policy; or (2) as necessary to investigate the complaint, or (3) as authorized by the complainant. A school representative will meet with and advise the complainant regarding the findings, and whether corrective measures and/or disciplinary action were taken. The investigation and response to the complaint will be completed within thirty (30) school days. Copies of the report will be sent to the student, principal, Federal Rights Coordinator and Director of Schools. One copy shall be kept in the student complaint manager's file for one (1) year

beyond the student's eighteenth (18th) birthday. The Director of Schools shall keep the Board informed of all complaints.

3. DECISION AND APPEAL

If the complainant is not in agreement with the findings of fact as reported by the student complaint manager, an appeal may be made, within five (5) work days, to the Director of Schools. The Director of Schools will review the investigation, make any corrective action deemed necessary and provide a written response to the complainant. If the complainant is not in agreement with the Director of Schools' findings of fact, a written appeal may be made to the Board of Education within five (5) work days. The Board shall within thirty (30) days from the date the appeal was received, review the investigation and the actions of the Director of Schools and may support, amend or overturn the actions based upon review and report their decision in writing to the complainant. This complaint procedure shall not be construed to create an independent right to a Board hearing.

APPOINTING COMPLAINT MANAGERS

The Director of Schools shall appoint at least two student complaint managers, one of each gender for each school. The Federal Rights Coordinator may serve as a student complaint manager. The Director of Schools shall identify the names, addresses and telephone numbers of current managers who are responsible for coordinating the system's compliance efforts.

This policy shall be published in the parent/student handbook distributed annually to every student. Building administrators are responsible for educating and training their respective staff and students as to the definition and recognition of discrimination/harassment.

Monitoring: Review: Annually, in April	Descriptor Term: Interrogations and Searches	Descriptor Code: 6.303	Issued Date:
		Rescinds: STU 21	Issued: 06/01/12

1 INTERROGATIONS BY SCHOOL PERSONNEL

2 Students may be questioned by teachers or principals about any matter pertaining to the operation of a
3 school and/or the enforcement of its rules. Questioning must be conducted discreetly and under
4 circumstances which will avoid unnecessary embarrassment to the student. Any student answering
5 falsely or evasively, or refusing to answer a question may be subject to disciplinary action, including
6 suspension.

7 If a student is suspected or accused of misconduct or infraction of the student code of conduct, the
8 principal may interrogate the student without the presence of parent(s)/guardian(s).

9 INTERROGATIONS BY POLICE (AT ADMINISTRATOR'S REQUEST)

10 If the principal has requested assistance by law enforcement to investigate a crime involving the school,
11 the police may interrogate a student suspect in school during school hours. The principal shall first
12 attempt to notify the parent(s)/guardian(s) of the student unless circumstances require otherwise.
13 However, the interrogation may proceed without the attendance of the parent(s)/guardian(s), and the
14 principal or his/her designee shall be present during the interrogation. The use of police-women or
15 female staff members is desirable in the interrogation of female students.

16 POLICE-INITIATED INTERROGATIONS

17 If the police deem circumstances of sufficient urgency to interrogate students at school for unrelated
18 crimes committed outside of school hours, the police department shall first contact the principal
19 regarding the planned interrogation and inform the principal of the probable cause to investigate. “In the
20 exercise of the duty to supervise the operation of the school, a principal has discretion in deciding
21 whether to allow the interrogation on school property, unless immediate police access to the student is
22 required by law, court order, warrant, or an exigent circumstance justifying dispensation with the
23 requirement to obtain a warrant.”¹—The principal shall make reasonable effort to notify the
24 parent(s)/guardian(s) or legal custodians of the interrogation unless circumstances require otherwise.
25 The questioning may proceed without attendance of the parent(s)/guardian(s) or legal custodians if
26 permission to do so has been given by the parent(s)/guardian(s) or legal custodians of the student;
27 however, The interrogation may proceed without attendance of the parent(s)/guardian(s), but_
28 the principal or his/her designee shall be present during the interrogation.

29 unless instructed to leave the interrogation by local law enforcement officials. The use of police women
30 or female staff members is desirable in the interrogation of female students.

31 SEARCHES BY SCHOOL PERSONNEL

32 Any principal or principal's designee, having reasonable suspicion may search any student, place, or
33 thing on school property or in the actual or constructive possession of any student during any organized
34 school activity off campus, including buses, vehicles of students or visitors (Notice shall be posted in
35 the school parking lot that vehicles parked on school property by students or visitors are subject to search
36 for drugs, drug paraphernalia, or dangerous weapons), and containers or packages if the principal
37 receives information which would cause a reasonable belief that the search will lead to the discovery of:

- 38 1. Evidence of any violation of the law;
- 39 2. Evidence of any violation of school rules or regulations or proper standards of student or faculty
40 conduct;
- 41 3. Any object or substance which, because of its presence, presents an immediate danger or harm
42 or illness to any person.

43 A student using a locker that is the property of the school system does not have the right of privacy in
44 that locker or its contents. All lockers or other storage areas provided for student use on school premises
45 remain the property of the school system and are provided for the use of students subject to inspection,
46 access for maintenance, and search. Notice shall be posted in each school that lockers and other storage
47 areas are school property and are subject to search.

48 A student may be subject to physical search or a student's pocket, purse, or other container may be
49 required to be emptied because of the results of a locker search or because of information received from
50 a teacher, staff member, or other student if such action is reasonable to the principal. All of the following
51 standards of reasonableness shall be met:

- 52 1. A particular student is reasonably believed to have violated policy;
- 53 2. The search could be expected to yield evidence of the violation of school policy or disclosure of
54 a dangerous weapon or drug;
- 55 3. The search is in pursuit of legitimate interests of the school in maintaining order, discipline,
56 safety, supervision, and education of students;
- 57 4. The primary purpose of the search is not to collect evidence for a criminal prosecution; and
- 58 5. The search shall be reasonable, related to the objectives of the search, and not excessively
59 intrusive in light of the age and sex of the student, as well as the nature of the infraction alleged
60 to have been committed.

61 School officials may conduct hand-held or walk-through metal detector checks of a student's person or
62 personal effects.

63 Anything found in the course of the search conducted in accordance with this policy which is evidence
64 of a violation of the law or a violation of student conduct standards may be:

- 65 1. Seized and admitted as evidence in any hearing, trial, suspension or dismissal proceeding. It
66 should be tagged for identification at the time it is seized and kept in a secure place by the
67 principal or the principal's designee until it is presented at the hearing. At the discretion of the
68 principal, the items seized may be returned to the parent or guardian of a student or, if it has no
69 significant value, the item may be destroyed but only with the express written permission of the
70 Director of Schools.

71 2. Any seized item may be turned over to any law enforcement officer. Any dangerous weapon or
72 drug as defined in TCA 49-6-4202 shall be turned over to an appropriate law enforcement official
73 after completion of an administrative proceeding at which its presence is reasonably required.

74 If the principal has received reliable information which the principal believes to be true that evidence of
75 a crime or of stolen goods, not involving school property of members of the school staff or student body,
76 is located on school property and that any search for such evidence or goods would be unrelated to school
77 discipline or to the health and safety of a student or the student body, the principal or designee shall
78 request police assistance.

79 Whenever the possibility of uncovering evidence of a criminal nature exists, the principal or designee
80 may request the assistance of a law enforcement officer.

81 In order to ensure a safe and secure learning environment, the Director of Schools shall develop
82 procedures regarding the searching of students, lockers, vehicles, and containers which are consistent
83 with state law and regulations. The Director shall develop additional procedures to ensure compliance
84 with all of the provisions of the School Security Act of 1981.⁴²

5
6 A "personal electronic device" (PED) is a device that can be used as a camera, a recorder, a player, or

8
9 **Such devices also include, but are not limited to, wearable technology such as eye glasses, rings, or

11
12 PCDs and PEDs including but not limited to CD players, iPods, MP3 players, netbooks, laptop or
13 notebook computers or iPads ~~may~~ shall be stored in backpacks, purses, or personal carry-alls. PCDs
14 and PEDs ~~should~~ shall be silenced or turned off unless permission is granted otherwise as follows.
15 However, the use of the devices is forbidden during the academic day, on a school-sponsored trip, or
16 during ESP unless approved by the principal or the principal's designee or the ESP site director or ESP
17 site director's designee. This is not intended to discourage the use of these devices for instructional
18 purposes, but to establish parameters and appropriate oversight for their use.

19
20 Improper use or storage of PCDs and PEDs may result in confiscation of the device until it can be
21 released directly to a student's parents and/or guardians. A student in violation of this policy is subject
22 to related disciplinary action.

23 INAPPROPRIATE USE OF PCD, PED AND/OR ELECTRONIC DEVICES

24
25 In addition to the parameters established above, use of a PCD or PED to bully, harass or intimidate
26 others will be subject to related disciplinary action. Using a PCD or PED for any illicit activity
27 including but not limited to take, disseminate, transfer, or share obscene, pornographic, lewd, or

34 PCDs and PEDs shall not be used to record and/or video school personnel or students without the
35 principal's or principal's designee's permission.

36

37 Any school employee who discovers a student using, accessing, or displaying a PCD, PED, or
38 electronic device in violation of this policy shall report the violation to the principal. The device will
39 be confiscated. Any student who possesses a PCD, PED, or electronic device in violation of this
40 policy is subject to disciplinary action.

41

42 Students may use cell phones while attending after school activities, not including ESP, with
43 permission of staff.

44

45 Cell phones or any other personal communication devices are not to be used, accessed or displayed
46 while on any school bus.

47

48 Possession of a cell phone under the circumstances set forth in this policy is a privilege which may be
49 forfeited by a student who fails to abide by the terms of this policy.

Monitoring: Review: Annually, in April	Descriptor Term: Discipline Foundation Policy School-wide Positive Behavior of Intervention and Support	Descriptor Code: 6.3131	Issued Date:
		Rescinds: STU 22	Issued: 04/79

1 The mission of the Murfreesboro City School System is to assure academic and personal success for
2 each child.

3 The purpose of the Discipline Foundation Policy of the Murfreesboro City School District is to support
4 that mission by maintaining safe classrooms and healthy environments conducive to learning and free
5 from disruption for all students.

6

7 **ADMINISTRATION, IMPLEMENTATION, AND POSTING OF THE POLICY**

8 The Director of Schools shall be responsible for the overall implementation and supervision of the
9 Board's Discipline Foundation Policy and shall ensure that students at all schools are subject to a
10 uniform and fair application of the policy.

11 The principal of each school shall be responsible for implementation and administration in their school
12 and shall apply the policy uniformly and fairly to each student in the school without partiality or
13 discrimination. This authority shall extend to all activities of the school, including all games and
14 public performances of athletic or extracurricular teams, trips, excursions, transportation to and from
15 school, and other school activities and groups.

16 In accordance with T.C.A. §49-6-4007, a copy of the Discipline Foundation Policy shall be posted at
17 each school, and school counselors shall be supplied copies for discussion with students. The
18 Discipline Foundation Policy shall be referenced in all school handbooks. All teachers, administrative
19 staff, and parents shall be provided copies annually.

20

21 **A CULTURE OF DISCIPLINE**

22 All stakeholders (students, parents, teachers, and school staff) share responsibility for creating a culture
23 of discipline. All students, parents, and staff are expected to model appropriate behaviors necessary
24 for creating and maintaining a positive school climate. Creating a school-wide positive behavior
25 intervention and support system provides the foundation to prevent inappropriate behavior from
26 occurring. It is only through cooperation from students, parents, teachers, and school staff that
27 learning environments can be created that lead to optimum academic achievement for all students.

28 This policy provides guidelines and procedures for a consistent framework for developing,
29 implementing, and maintaining a culture of discipline built on positive behavior support and
30 interventions. Positive behavior support is a systems approach for establishing the social culture and
31 individualized behavioral supports needed for schools to achieve both social and academic success for
32 all. It is based on research that indicates the most effective discipline systems use proactive strategies
33 designed to prevent discipline problems. Before consequences are given, students must first be
34 supported in learning the skills necessary to enhance a positive school climate and avoid inappropriate
35 behavior.

36 In the event of misconduct, there are appropriate consequences. Ongoing monitoring shall be used to
37 ensure that equitable schools-based practices are implemented in a fair, not-discriminatory, and
38 culturally responsive manner.

39

Murfreesboro City School Board

Monitoring: Review: Annually, in April	Descriptor Term: Intervention Supports and Alternatives to Suspension	Descriptor Code: 6.3132	Issued Date:
		Rescinds: STU 23	Issued: 01/01/01

1 The Discipline Foundation Policy is based on the Multi-Tiered Systems of Support (MTSS) model and
2 incorporates Tennessee’s Response to Instruction and Intervention for Behavior (RTI2-B) Model.
3 RTI2-B is a research-based, effective approach to promote, teach, and reinforce the social, emotional,
4 and academic learning skills necessary to improve and sustain academic achievement as well as the
5 social/behavioral well-being of students. The Response to Instruction and Intervention for Behavior
6 (RTI2-B) model of intervention aligns school-wide positive behavior support and Response to
7 Intervention (RTI) to create comprehensive and integrated multi-tiered systems of support to address
8 the academic and social/behavioral needs of all students.

9 The most effective alternative to suspension is prevention. The Response to Instruction and
10 Intervention for Behavior (RTI2-B) model provides increasingly intensive and individualized
11 intervention to address academic and social/behavioral skill deficits.

12 **Tier One Social/Behavioral Supports and Interventions**

13 These supports and interventions are built on a strong community and school connection that engages
14 all stakeholders (students, parents/guardians, staff, and community members) in the development of
15 universal behavioral and social expectations and procedures. Tier One interventions are preventative in
16 nature and are taught to ALL students throughout the school year. Tier One interventions include:

- 17 • Explicit teaching and modeling school-wide positive behavior expectations and procedures;
- 18
- 19 • Effective instruction and classroom management;
- 20
- 21 • Effective procedures and supervision in non-classroom areas;
- 22
- 23 • Positive reinforcement and recognition for appropriate behaviors for all students;
- 24
- 25 • Bullying prevention program;
- 26
- 27 • Consistent consequences for inappropriate behaviors; and
- 28
- 29 • Active monitoring and supervision across all school related settings.

30 **Tier Two Supports and Interventions**

31 These supports and interventions provide more focused social/behavioral interventions for students
32 who do not respond to Tier One intervention. The goals of Tier Two supports and interventions are to

33 reverse existing social/behavioral challenges that emerge. Tier Two interventions involve specialized
34 intervention groups or low-intensity individualized supports designed to address students' acquisition,
35 fluency, or performance of appropriate social/behavioral skills. Tier Two interventions include:

- 36 • Small group social skills instruction;
- 37
- 38 • Behavior support plans;
- 39
- 40 • Increased academic support;
- 41
- 42 • Mentoring program;
- 43
- 44 • Behavior contracts;
- 45
- 46 • Check-in/check-out program;
- 47
- 48 • Token economies; and
- 49
- 50 • Self-monitoring plans.

51 **Tier Three Supports and Interventions**

52 These supports and interventions provide specialized, intensive systems of support for students who
53 are at heightened risk for school failure because they have not responded to Tier One or Tier Two
54 intervention efforts. Tier Three supports and interventions include:

- 55 • Functional behavioral assessment;
- 56
- 57 • Function-based behavior intervention plan;
- 58
- 59 • Individual counseling;
- 60
- 61 • Intensive academic support based on child's level of need; and
- 62
- 63 • Multi-agency collaboration.

64 **PLEASE NOTE** that the lists of interventions referenced above are intended to provide guidance and
65 are not inclusive of all possible supports and interventions

2 alcohol or any narcotic drug, hallucinogenic drug, amphetamine, barbiturate, marijuana or any other
3 controlled substance, as defined in federal law.¹ No employee shall have illegal controlled substances,
4 abused prescription drugs, or any other mind-altering or intoxication substances present in their system
5 while at the workplace or on duty. "Workplace" shall include any school building or any school premise;
6 any school or district-owned vehicle; any other school-approved vehicle used to transport students to
7 and from school or school activities; and off-school property during any school-sponsored or school
8 approved activity, event or function.

9 Any employee who violates the terms of this policy shall be suspended and shall be subject to dismissal
10 and referral for prosecution.

11 The Director of Schools shall be responsible for providing a copy of this policy to all school system
12 employees.

13 REASONABLE SUSPICION DRUG TESTING

14 Trained supervisors have the responsibility to observe and document the cause for reasonable suspicion
15 and when appropriate, refer the matter to the Director of Schools/designee. It is not the supervisor's
16 responsibility to attempt diagnosis. All information, facts and circumstances leading to and supporting
17 this suspicion, should be included in a written report detailing the basis for the suspicion. After the
18 report is filed, the employee should be notified.

19 Any employee may be required to submit to substance screening if the following conditions exist: (list
20 is not inclusive)

- 21 1. Observed use, possession or sale of illegal drugs and/or use, possession, sale, or abuse of alcohol
22 and/or prescription drugs.
- 23 2. Apparent physical state of impairment of motor functions.
- 24 3. Marked changes in personal behavior not attributed to other factors.
- 25 4. Employee involvement in or contribution to an accident where the use of alcohol or drugs is
26 reasonably suspected or employee involvement in a pattern of repetitive accidents whether or not
27 they involve actual or potential injury.
- 28 5. Violation of criminal statutes involving the use of illegal drugs, alcohol or prescription drugs
29 and/or violations of drug statutes.

30 **TESTING FOR CDL EMPLOYEES**

31 All drivers and applicants for driver positions who are required to hold a Commercial Driver's License
32 (CDL) to perform their job function must adhere to the requirements of this policy and all procedures
33 relating to this policy.²

34 The use, possession, sale, purchase or transfer of any controlled substances except medically prescribed
35 drugs on school property, while on school business or while operating school vehicles and equipment is
36 prohibited. Drinking alcoholic beverages during working hours, within four (4) or fewer hours before
37 reporting to work or having any measurable amount of alcohol in their system during working hours is
38 prohibited, whether on or off school property. Working hours include all breaks. Off-duty use of drugs
39 and alcohol is prohibited to the extent that it affects the driver's attendance or performance and their
40 ability to pass required DOT alcohol and controlled substance tests. Any violation of this policy is
41 grounds for termination as an employee of the Board and possible legal prosecution.

42 The use of any prescription drug that could affect the central nervous system or one that would impair
43 reaction time shall be reported to the Director of Schools/Transportation Supervisor. Notice shall be
44 given of non-prescription (over-the-counter) drugs being taken on a regular basis. The notice shall
45 include the duration of ingestion and the possible side effects.

46 **Pre-employment Drug Screening**

47 Prior to employment, as a condition of any job offer, substance screening will be required for individuals
48 applying for the positions of school bus driver or mechanic. This requirement applies to all CDL
49 (Commercial Driver's License) personnel in compliance with the federal Omnibus Transportation
50 Employee Testing Act of 1991.

51 Applicants will sign an acknowledgment prior to substance screening, permitting the summary result to
52 be sent to the Director of Schools/designee.

53 Refusal to sign the acknowledgment or to submit to substance screening will be considered as withdrawal
54 of the individual's application for employment.

55 If the substance screening shows a confirmed positive result for which there is no current physician's
56 prescription, the applicant is not eligible for employment.

57 All CDL employees are subject to random substance screening.

58 **Procedures**

59 The execution and enforcement of this policy will follow set procedures to screen bodily fluids, conduct
60 breath testing, and/or search all employee/applicants for alcohol and drug use, including those employees
61 suspected of violating this policy or who are involved in a reportable accident or who are periodically
62 randomly selected. The procedures are designed not only to detect violations of this policy, but also to
63 ensure fairness to each employee. Disciplinary action will be taken as necessary.

64

65 Implementation

66 The Director of Schools/Supervisor of Transportation is authorized to implement this policy and the
67 procedures for the drug testing program, including a periodic review of the program to address any
68 problems, changes and/or revisions of it, maintenance of all records required by the federal regulations,
69 and determination upon Board approval of how the program will be accomplished, whether in-house,
70 contracted or by consortium.

Murfreesboro City School Board

Monitoring: Review: Annually, in April	Descriptor Term: Prevention and Treatment of Sports- Related Concussions	Descriptor Code: 6.413	Issued Date:
		Rescinds: <u>STU 63</u>	Issued:

1 A concussion is a traumatic brain injury caused by a direct or indirect blow to the head or body. In order
2 to ensure the safety of students that participate in interscholastic athletics, it is imperative that student
3 athletes, coaches, and parent(s)/guardian(s) are educated about the nature and treatment of sports related
4 concussions. The Board recognizes that concussions can be a serious health issue and should be treated
5 as such.

6 The Board adopts the guidelines and other pertinent information and forms developed by the Tennessee
7 Department of Health to inform and educate coaches, school administrators, student athletes, and
8 parent(s)/guardian(s) of the nature, risk, and symptoms of concussions and head injuries. These
9 guidelines and materials may be viewed on the Department of Health's website and shall be made
10 available to interested parties through the Central Office.

11 This policy shall govern all activities and those individuals involved in those activities which constitute
12 an organized athletic game or competition against another team or in practice or preparation for an
13 organized game or competition. It does not govern those activities or individuals involved in those
14 activities which are entered into for instructional purposes only or those that are incidental to a
15 nonathletic program or lesson.

16 **REQUIRED TRAINING¹**

17 The Director of Schools shall ensure that each school's athletic director and coaches, employed or
18 volunteer, annually complete the *Concussion in Sports* ~~—What You Need to Know~~ online course. This
19 course may be accessed online at www.nfhslearn.com.

20 Prior to the annual initiation of practice or competition, the following persons must review and sign a
21 concussion and head injury information sheet approved by the Tennessee Department of Health: ~~the~~The
22 Director of Schools, licensed healthcare professionals (if appointed), each school athletic director, and
23 each coach, employed or volunteer.

24 In addition, prior to the annual initiation of practice or competition, all student athletes and their
25 parent(s)/guardian(s) shall review the concussion and head injury information sheet approved by the
26 Tennessee Department of Health. A form confirming this review shall be signed and returned by the
27 student athlete, if the athlete is eighteen (18) years of age or older, or by the student athlete's
28 parent(s)/guardian(s), if the athlete is younger than eighteen (18) years of age.

29 All documentation of the completion of a concussion recognition and head injury safety education course
30 program and signed concussion and head injury information sheets shall be maintained by the Director
31 of Schools/designee for a period of three (3) years.

1 **Removal from Athletics**¹

2 Any student athlete who shows signs, symptoms, and/or behaviors consistent with a concussion during
3 an athletic activity or competition shall be immediately removed for evaluation by a licensed healthcare
4 professional, if available, and if not, by the coach or other designated individuals.

5 No student athlete who has been removed from an athletic activity or competition due to a concussion
6 or suspected concussion shall be allowed to return to any supervised team activities involving physical
7 exertion, including games, competitions, or practices, until the student athlete has been evaluated by and
8 received written clearance on forms approved by the Department of Health from a licensed health care
9 provider for a full or graduated return. "Health care provider" means a Tennessee licensed medical doctor
10 (M.D.), osteopathic physician (D.O.), a clinical neuropsychologist with concussion training, or a
11 physician's assistant (P.A.) with concussion training who is a member of a health care team supervised
12 by a Tennessee licensed medical doctor or osteopathic physician.²

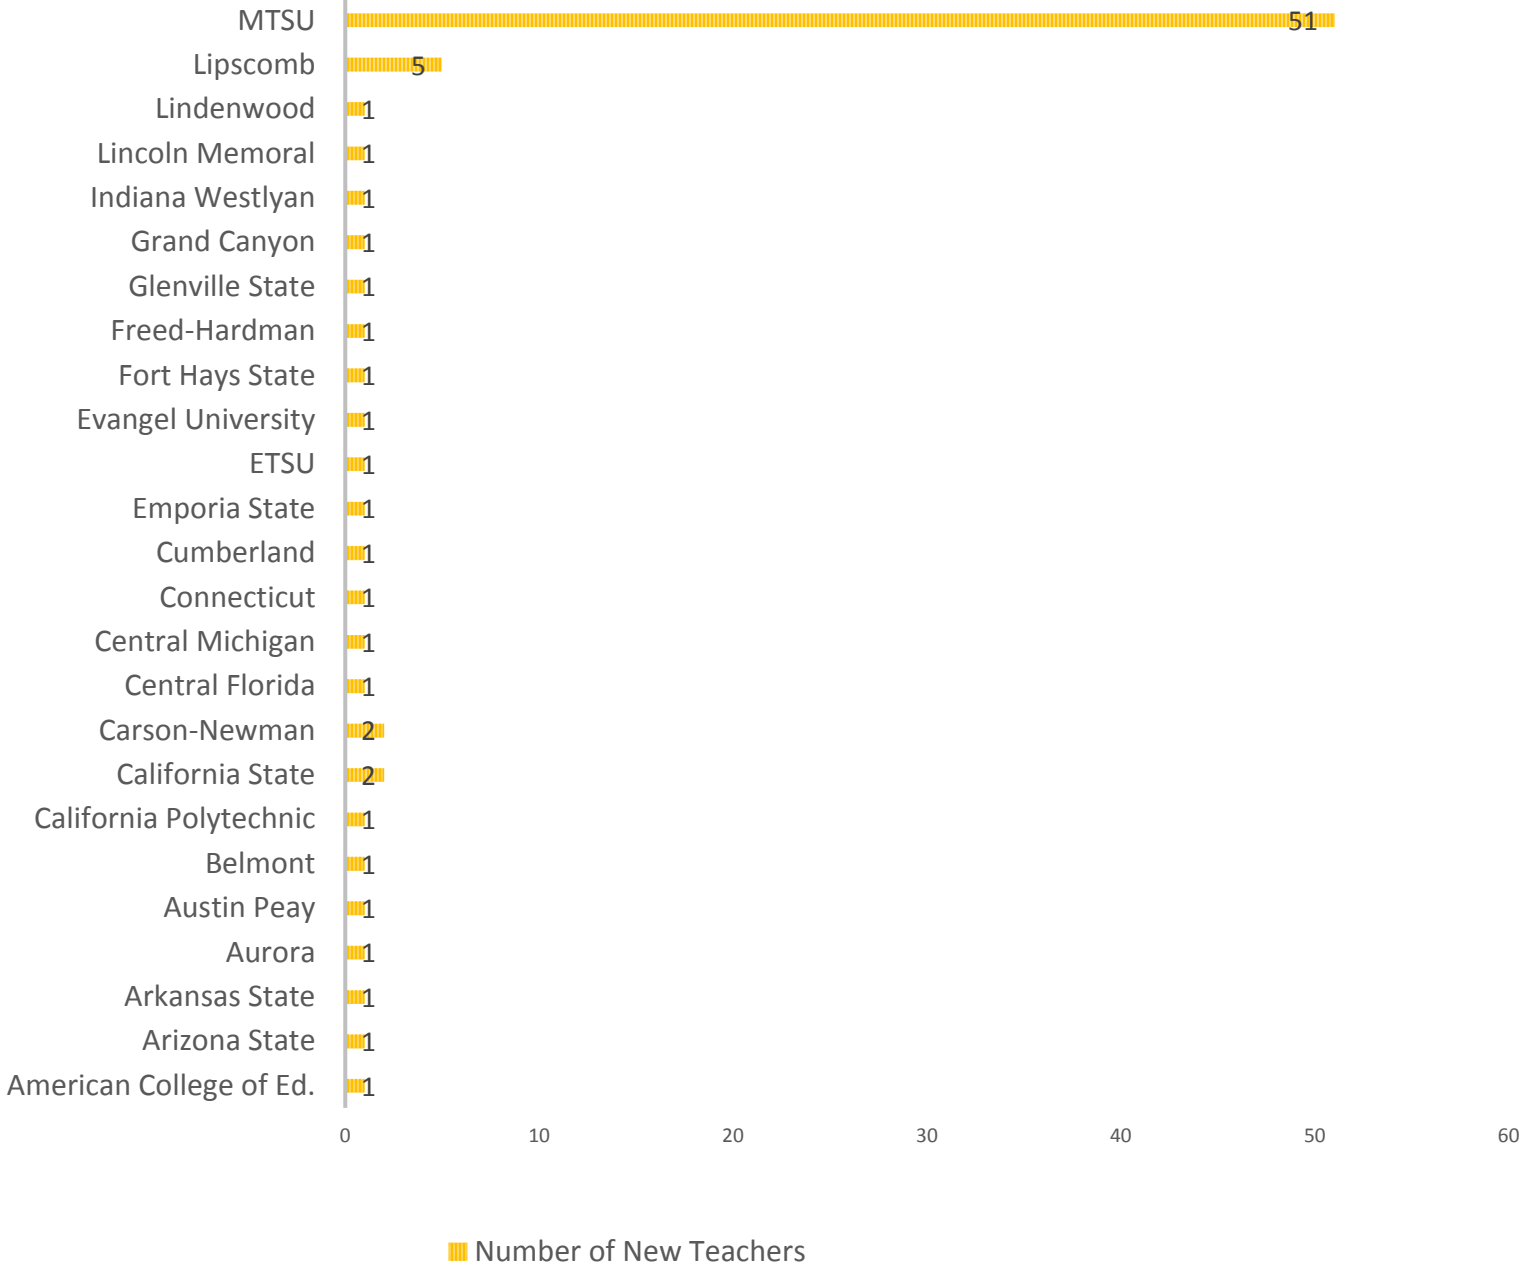

13 This requirement for clearance prior to a student athlete returning to an athletic activity shall not apply
14 if there is a legitimate explanation other than a concussion for the signs, symptoms, and/or behaviors
15 observed.

16 The Director of Schools/designee shall ensure that all protocols approved by the Tennessee
17 Department of Health or required by law relative to the provisions of this policy are followed and
18 implemented within each school.
