2005 Conflict of Interest

Any member of the board of education who meets the conditions set forth in this policy shall be deemed to have a business or financial conflict of interest.

1. Definitions. For purposes of this policy:

a. Business with which a board member is associated shall include the following:

(1) A business in which the board member or a member of his or her immediate family is a partner, a limited liability company, or serves as a director or an officer.

(2) A business in which the board member or a member of his or her immediate family is a stockholder in a closed corporation with stock worth one thousand dollars or more, or the board member or his or her immediate family owns more than a five percent equity interest or is a stockholder of publicly traded stock worth more than ten thousand dollars or more at fair market value, or which represents more than ten percent equity interest. This shall not apply to publicly traded stock under a trading account if the board member reports the name and address of the company and stockbroker.

b. A business association shall be defined to include an individual as a partner, limited liability company member, director or officer, or a business in which the individual or member of the immediate family is a stockholder.

c. Immediate family member or member of the immediate family shall mean a child residing in an individual's household, a spouse of an individual, or an individual claimed by that individual or that individual's spouse as a dependent for federal income tax purposes.

2. Contracts with the School District.

a. No board member or member of his or her immediate family shall enter into a contract valued at two thousand dollars or more, in

any one year, with this school district unless the contract is awarded through an open and public process that (1) includes prior public notice and (2) allows the public to inspect during the school district's regular office hours the proposals considered and the contract awarded. Board members who enter into employment contracts with the school district must also comply with the board's policy on the employment of board members.

- b. The existence of any conflict of interest in any contract in which the board member has an interest and in which the school district is a party, or the failure to make public the board member's interest known, may render a contract null and void.
- c. The prohibition of a conflict of interest or requirement for the board member to make public notice shall apply when the board member, or his or her parent, spouse, or child has a business association with the business involved in the contract or will receive a payment, fee, or commission as a result of the contract.
- d. The prohibition in this section does not apply if the contract is an agenda item approved at a board meeting and the board member:
 - (1) Makes a declaration on the record to the school board regarding the nature and extent of his or her interest prior to official consideration of the contract;
 - (2) Does not vote on the matters of granting the contract, making payments pursuant to the contract, or accepting performance of work under the contract, or similar matters relating to the contract, except that if the number of members of the school board declaring an interest in the contract would prevent the board with all members present from securing a quorum on the issue, then all members may vote on the matters; and
 - (3) Does not act for the school board as to inspection or performance under the contract in which he or she has an interest.

3. Contracts with Board Member's Immediate Family.

- a. If a person in a board member's immediate family is an employee of this school district, the board member may vote on all issues of a contract which are generally applicable to:
 - (1) All district employees.
 - (2) All employees within a specific classification but which does not single out the member of his or her immediate family.

4. Employing Members of the Immediate Family.

- a. A board member may recommend for employment or supervise the employment of an immediate family member if:
 - (1) The board member does not abuse his or her position.
 - (2) Abuse of official position shall include, but not be limited to, employing an immediate family member:
 - (i) who is not qualified for and able to perform the duties of the position;
 - (ii) for any unreasonably high salary;
 - (iii) who is not required to perform the duties of the position.
 - (3) The board makes a reasonable solicitation and consideration of applications for employment.
 - (4) The board member makes a full disclosure on the record to the governing body of the school district and to the secretary of the board. If the secretary of the board of education would be the individual filing the disclosure statement, the statement shall be filed with the president of the board of education.
 - (5) The board approves the employment or supervisory position.

- b. The board has not terminated the employment of another employee so as to make funds or a position available for the purpose of hiring an immediate family member.
5. Gifts, Loans, Contributions, Rewards, or Promises of Future Employment
- a. No board member shall offer or give to the following persons anything of value, including a gift, loan, contribution, reward, or promise of future employment, based upon an agreement that a vote, official action, or judgment would be influenced thereby:
 - (1) a public official, public employee, or candidate.
 - (2) a member of the immediate family of an individual listed in Subparagraph 'a' above.
 - (3) a business with which an individual listed in Subparagraph (1) or (2) above is associated.
 - b. No board member shall solicit or accept anything of value, including a gift, loan, contribution, reward, or promise of future employment based on an agreement that the vote, official action, or judgment of the board member would thereby be influenced.
 - c. A board member shall not use or authorize the use of his or her public office or any confidential information received through the holding of a public office to obtain financial gain, other than compensation provided by law, for himself or herself, a member of his or her immediate family, or a business with which he or she is associated.
 - d. A board member shall not use personnel, resources, property, or funds under his or her official care and control other than in accordance with prescribed constitutional, statutory, and regulatory procedures or use such items, other than compensation provided by law, for personal financial gain.
6. Conflict of Interest Relating to Campaigning or Political Issues
- a. Except as provided below, the board shall not authorize the use of personnel, property, resources, or funds under its jurisdiction for the purpose of campaigning for or against the nomination or

election of a candidate or the qualification, passage, or defeat of a ballot question.

- b. This does not prohibit the board from making school district facilities available to a person for campaign purposes if the identity of the candidate or the support for or opposition to the ballot question is not a factor in making the facilities available or a factor in determining the cost or conditions for use.
- c. This does not prohibit the board from discussing and voting upon a resolution supporting or opposing a ballot question.
- d. This does not prohibit the board, while legally seated as a body, from responding to specific inquiries by the press or the public as to the board's opinion regarding a ballot question or from providing information in response to a request for information.
 - (1) The board may designate one or more members of its body, or one or more of its school administrators, to speak on behalf of the board on specific occasions such as public meetings or legislative hearings.
 - (2) Any member of the board may present his or her personal opinion regarding a ballot question or respond to a request for information related to a ballot question; but in so doing, the person should clearly state that the information being presented is his or her personal opinion and is not to be considered as the official position or opinion of the board. However, this shall not be done during a time that the individual is engaged in his or her official duties.

7. Conflict of Interest Statement

- a. Any board member who would be required to take any action or make any decision in the discharge of his or her official duties that may cause financial benefit or detriment to him or her, a member of his or her immediate family, or a business with which he or she is associated, which is distinguishable from the effects of such action on the public generally or a broad segment of the public, shall take the following actions as soon as he or she is aware of such potential conflict or should reasonably be aware of such potential conflict, whichever is sooner:

- (1) Prepare a written statement describing the matter requiring action or decision and the nature of the potential conflict;
 - (2) Deliver a copy of the statement to the school board secretary who shall enter the statement onto the school district's public records; and
 - (3) Abstain from participating or voting on the matter in which he or she has a conflict of interest.
- b. If the board member would like a formal opinion from the NADC as to whether there is an actual conflict of interest, he/she shall deliver a copy of the statement to the NADC.

8. Recordkeeping

- a. The board secretary shall maintain a separate record of the following information for every contract entered into by the school board in which a board member has an interest and for which disclosure was made pursuant to section 2d of this policy:
 - (1) The names of the contracting parties.
 - (2) The nature of the interest of the board member in question.
 - (3) The date that the contract was approved.
 - (4) The amount of the contract.
 - (5) The basic terms of the contract.
- b. The information supplied relative to the contract shall be provided no later than ten (10) days after the contract has been signed by both parties. The ledger kept by the board secretary shall be available for public inspection during normal working hours of the office in which it is kept.

9. Conflict. To the extent that there is a conflict between this policy and the Nebraska Political Accountability and Disclosure Act ("Act"), the Act shall control.

2006 Complaint Procedure

Good communication helps to resolve many misunderstandings and disagreements. This complaint procedure applies to board members, patrons, students and school staff, unless the staff member is subject to a different grievance procedure pursuant to policy or contract. Individuals who have a complaint should discuss their concerns with appropriate school personnel in an effort to resolve problems. When such efforts do not resolve matters satisfactorily, including matters involving discrimination or harassment on the basis of race, color, national origin, sex, marital status, disability, or age, a complainant should follow the procedures set forth below:

1. The first step is for the complainant to speak directly to the person(s) with whom the complainant has a concern. For example, a parent who is unhappy with a classroom teacher should initially discuss the matter with the teacher. However, the complainant should skip the first step if complainant believes speaking directly to the person would subject complainant to discrimination or harassment.

2. The second step is for the complainant to speak to the building principal, Title IX/504 coordinator, superintendent of schools, or president of the board of education, as set forth below.
 - a) Complaints about the operation, decisions, or personnel within a building should be submitted to the principal of the building.

 - b) Complaints about the operations of the school district or a building principal should be submitted in writing to the superintendent of schools.

 - c) Complaints about the superintendent of schools should be submitted in writing to the president of the board of education.

 - d) Complaints involving discrimination or harassment on the basis of race, color, national origin, gender, marital status, disability, or age may also be submitted, at any time during the complaint procedure to the School District's Title IX/504 coordinator. Complaints involving discrimination or harassment may also be submitted at any time to the Office

for Civil Rights, U.S. Department of Education: by email at OCR.KansasCity@ed.gov; by telephone at (816) 268-0550; or by fax at (816) 268-0599.

3. When a complainant submits a complaint to an administrator or to the Title IX/504 coordinator, the administrator or Title IX/504 coordinator shall promptly and thoroughly investigate the complaint, and shall:
 - a) Determine whether the complainant has discussed the matter with the staff member involved.
 - 1) If the complainant has not, the administrator or Title IX/504 coordinator will urge the complainant to discuss the matter directly with that staff member, if appropriate.
 - 2) If the complainant refuses to discuss the matter with the staff member, the administrator or Title IX/504 coordinator shall, in his or her sole discretion, determine whether the complaint should be pursued further.
 - b) Strongly encourage the complainant to reduce his or her concerns to writing.
 - c) Interview the complainant to determine:
 - 1) All relevant details of the complaint;
 - 2) All witnesses and documents which the complainant believes support the complaint;
 - 3) The action or solution which the complainant seeks.
 - d) Respond to the complainant. If the complaint involved discrimination or harassment, the response shall be in writing and shall be submitted within 180 days after the administrator or Title IX/504 coordinator received the complaint.
4. A complainant who is not satisfied with the administrator's or the Title IX/504 coordinator's decision regarding a complaint may appeal the decision to the superintendent.

- a) This appeal must be in writing.
 - b) This appeal must be received by the superintendent no later than ten (10) business days from the date the administrator or Title IX/504 coordinator communicated his/her decision to the complainant.
 - c) The superintendent will investigate as he or she deems appropriate. However, all matters involving discrimination or harassment shall be promptly and thoroughly investigated.
 - d) Upon completion of this investigation, the superintendent will inform the complainant in writing of his or her decision. If the complaint involved discrimination or harassment, the superintendent shall submit the decision within 180 days after the superintendent received complainant's written appeal.
5. A complainant who is not satisfied with the superintendent's decision regarding a complaint may appeal the decision to the board.
- a) This appeal must be in writing.
 - b) This appeal must be received by the board president no later than ten (10) business days from the date the superintendent communicated his/her decision to the complainant.
 - c) This policy allows, but does not require the board to receive statements from interested parties and witnesses relevant to the complaint appeal. However, all matters involving discrimination or harassment shall be promptly and thoroughly investigated.
 - d) The board will notify the complainant in writing of its decision. If the complaint involved discrimination or harassment, the board shall submit its decision within 180 days after it received complainant's written appeal.
 - e) There is no appeal from a decision of the board.

6. When a formal complaint about the superintendent of schools has been filed with the president of the board, the president shall promptly and thoroughly investigate the complaint, and shall:
 - a) Determine whether the complainant has discussed the matter with the superintendent.
 - 1) If the complainant has not, the board president will urge the complainant to discuss the matter directly with the superintendent, if appropriate.
 - 2) If the complainant refuses to discuss the matter with the superintendent, the board president shall, in his or her sole discretion, determine whether the complaint should be pursued further.
 - b) Strongly encourage the complainant to reduce his or her concerns to writing.
 - c) Determine, in his or her sole discretion, whether to place the matter on the board agenda for consideration at a regular or special meeting.
 - d) Respond to the complainant. If the complaint involved discrimination or harassment, the response shall be in writing and shall be submitted within 180 days after the president received the complaint.

The school district prohibits retaliation against any person for filing a complaint or for participating in the complaint procedure in good faith.

Dear Dr. Schroeder,

I am writing to inform you of my intention to resign from my position as media specialist from Ravenna Public Schools at the end of the 2023-24 school year.

My career goals have changed since I started working here, and I feel that the time has come for me to pursue another opportunity in the business sector.

I appreciate the opportunities the district has given me during my time at Ravenna Public Schools. Please let me know what assistance I can offer the remainder of the year as I transition out of the media specialist role. I wish the students and staff nothing but the best moving forward.

Sincerely,

Trent Benjamin

The Board requests that you follow the policy and procedures before addressing these matters with the Board. - **General Rules:** This is a public meeting for the conduct of business. Comments from the audience while others are speaking will not be tolerated. Lewd, obscene, profane, slanderous, threatening and hostile conduct or statements and fighting words (words whose mere utterance entails a call to violence) will not be tolerated.

**THREE
TIMES
MORE
LIKELY**

Advancing Growth for At-Risk Readers

Struggling readers who made it to the final levels of PowerUp were **three times more likely** than those who didn't to be proficient on their end-of-year literacy assessment.

Based on the Simple View of Reading

The research-proven Simple View of Reading states that reading success is dependent on both word recognition and language comprehension. If a student does not have adequate underlying skills in both of these areas, reading success is compromised. Struggling adolescent readers have such varied skill profiles that what works for one student may not be best for another. For this reason, PowerUp is split into three domains: **Word Study**, **Grammar**, and **Comprehension**.

Word Study

Students develop accuracy and automaticity with decoding skills so they can shift their cognitive resources to deriving meaning from what they need.

- Phonemic Awareness
- Phonological Awareness
- Phonics
- Structural Analysis
- Decoding
- Spelling
- Fluency
- Morphology

Grammar

Students learn how parts of speech function in sentences and how parts of sentences convey meaning to improve both reading comprehension and written composition.

- Parts of Speech
- Parts of Sentences
- Capitalization
- Punctuation
- Text Structure

Comprehension

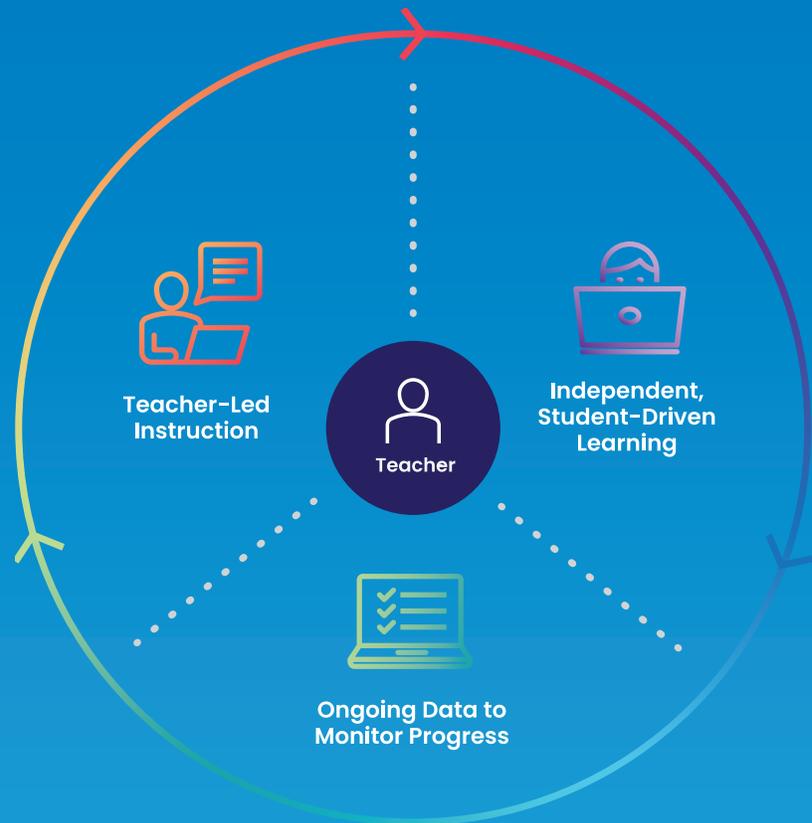

Students develop skills and strategies needed for higher-order text analysis using increasingly complex original and authentic texts that are appealing and relevant to adolescent learners.

- Text Elements
- Author's Craft
- Higher-Order Thinking
- Literary Vocabulary
- Analysis and Evaluation of Two Sources

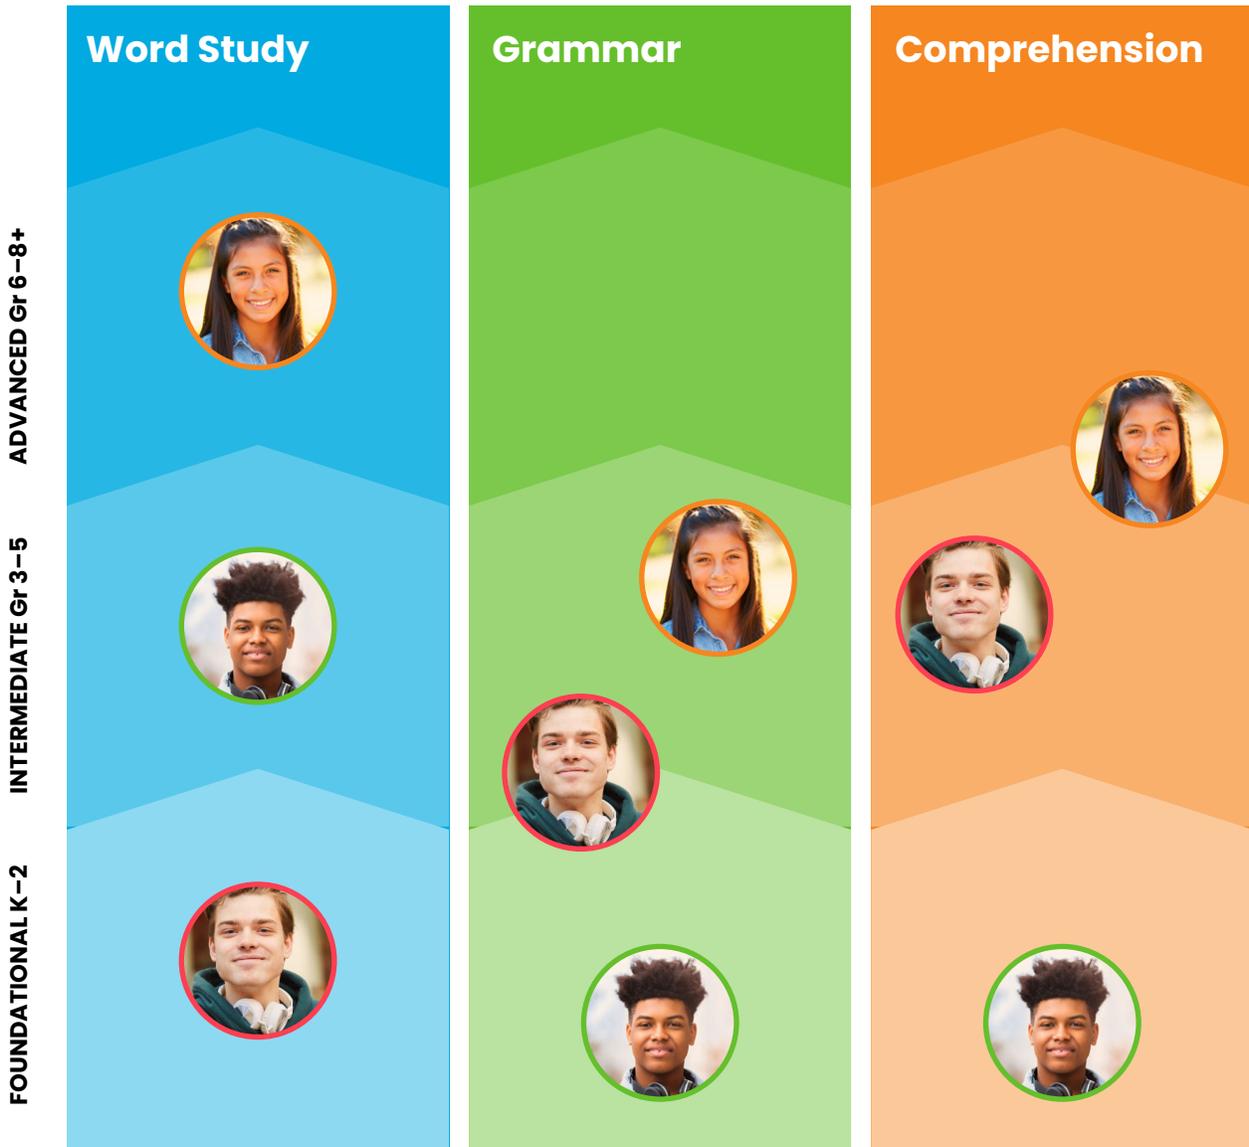

Adaptive Blended Learning Model

- Students are motivated by their own success as they follow personalized learning paths
- Performance data is easy to access and simple to interpret
- Program resources support teacher-led instruction and independent student practice

Unparalleled Personalization Accelerates Learning

With 180 unique placement combinations, each student begins their journey in PowerUp based on their individual strengths and needs. Adaptive instruction differentiates learning as students progress through the three strands of PowerUp at their own pace.

Unrivaled Depth and Breadth of Content

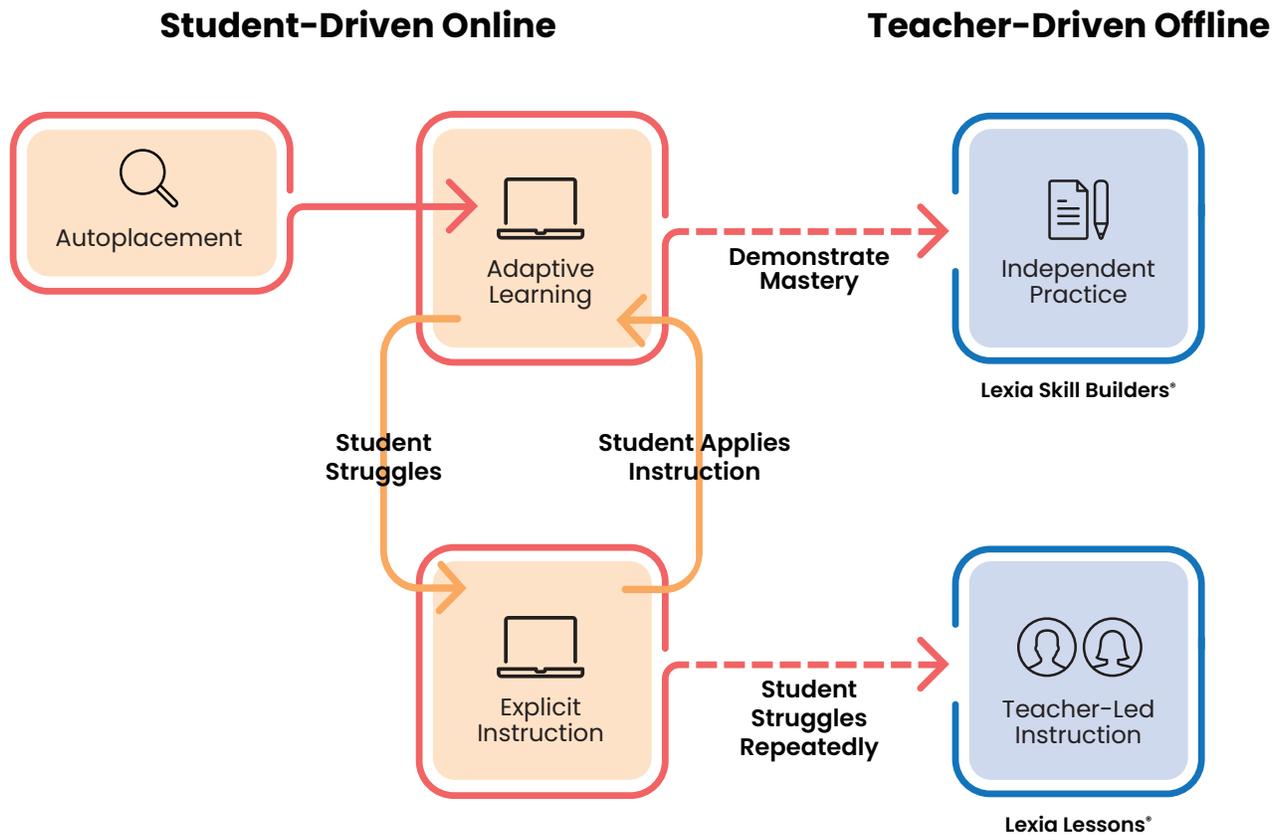

PowerUp covers a wide range of skills, from foundational reading skills typically covered in early elementary school to more advanced comprehension and analytical skills taught in early high school, enabling educators to support the wide range and diverse needs of struggling readers in **ONE program**.

Time-Efficient

PowerUp's time-efficient, adaptive instructional model bridges skill gaps while respecting students' time.

To progress in each domain, students must demonstrate proficiency. When a student struggles with a particular skill, the program provides scaffolded support through engaging videos or explicit instructional activities.

Students who demonstrate mastery can quickly move through units and onto more advanced skills.

LEVEL 2 | SYLLABLE TYPES
 Closed Syllables (Short o & u)

PREPARE

CONCEPT
A syllable is a word or part of a word with one vowel sound. There are **six syllable types** in English; the most common type is the **closed syllable**. A **closed syllable** ends in at least one **consonant** after one **vowel** and has a **short vowel sound**. Knowledge of syllable types helps students apply word attack strategies for reading and spelling.

TEACHER TIPS

- The **keyword** is important to help students remember the short vowel sound.
- Focus on **o** and **u**, and review **a** and **i** as necessary.
- Review **unfamiliar vocabulary**.
- Read the directions with students.
- Refer to the **Anchor Chart** as necessary throughout.

INSTRUCT

ANCHOR CHART [Display Reproducible page 1.]

- Introduce the **Concept** of this lesson. (See above.)
- Refer to the **Anchor Chart** to review the definition of a **closed syllable**.
- **Point** to each of the keyword cards to review the sounds of the short vowels.
 - Prompt students to say the letter name first, then the keyword, stretching out the vowel sound, and then the sound in isolation. For example: **o** (letter name) ... **oooctopus** ... /**o**/; or **a** (letter name) ... **aaapp** ... /**a**/.
- **Dictate** the following words, and stretch out the vowel sound as necessary. Have **students point** to the keyword card that matches the vowel sound in the word:
 - frog, band, luck, stuff, list, sock, tusk, miss, loft, pass
 - Be sure students can identify each short vowel sound before moving on.
- Refer to the **At A Glance** section, and **prompt** students to read aloud each column of syllables. Then, have **students read** across the columns to practice shifting between the vowels. (Note: italicized syllables are word parts and cannot stand alone.)
- **Review** the two-syllable words at the bottom. Help students identify the closed syllable patterns in the words. Show students how to divide the words as necessary.

PRACTICE

[Display Reproducible page 2.]

Part A: Reading and Sorting Syllables

- **Students read** the syllables in the box and **write** them in the correct column. If students struggle, have them mark the vowel as short (e.g., b**ö**b), repeat the vowel sound in isolation, and/or stretch out the vowel sound.

Part B: Writing Words

- **Dictate** the following two-syllable words, using each in a sentence. (Each syllable is in one of the columns.)
 - bobcat, laptop, disgust, muffin, conduct
- **Students circle** the syllables in the columns and **write** the word on the line. continued on next page

Lexia Lessons, prescribed when students struggle in the online program, are designed for one-on-one or small-group instruction by a teacher or paraprofessional.

PowerUp Supports Diverse Reading Profiles

PowerUp is for students in grades 6–12 in need of additional literacy support, whether they are several grade levels behind or show some risk of not meeting College- and Career-Ready Standards.

Multi-Tier System of Support (MTSS) or Response to Intervention (RTI)

PowerUp not only identifies and fills skill gaps, but can support students as they change tiers. PowerUp can also enhance core instruction for those students who would benefit from building skills related to academic vocabulary, grammar, deep reading, and text analysis.

Emergent Bilinguals

PowerUp builds accuracy, automaticity, and fluency by focusing on effective written and oral communication skills. Students develop grade-level academic vocabulary with embedded picture glossaries. All text passages can be read aloud and Spanish-language supports are provided.

Special Education

Students with specific learning needs, such as dyslexia, develop their literacy skills through explicit, systematic instruction in activities that include guided practice.

PowerUp Instructional Design and Content Engages the Adolescent Learner

Includes more than 100 high-interest authentic and original texts to engage students in multiple genres, including poetry, drama, informational, narrative, and multimedia.

Game-based elements build stamina and self-progress monitoring while motivating students to do their best work.

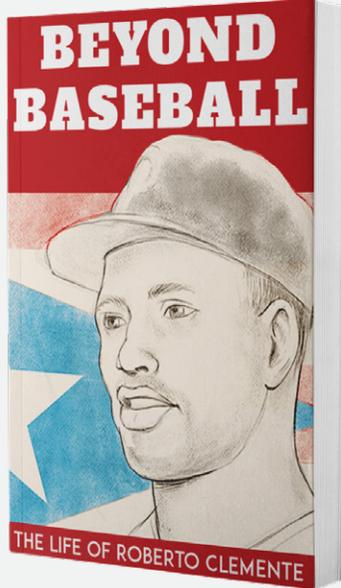

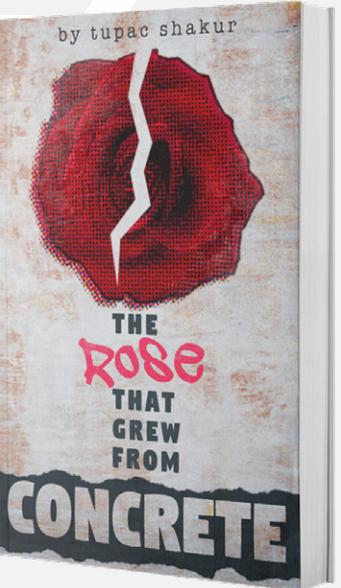

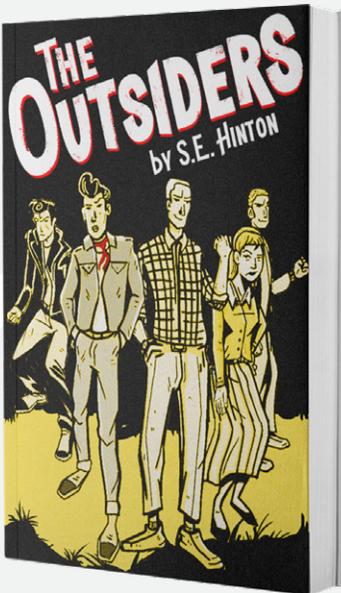

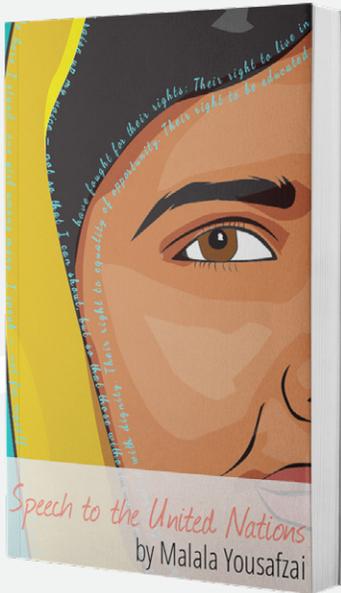

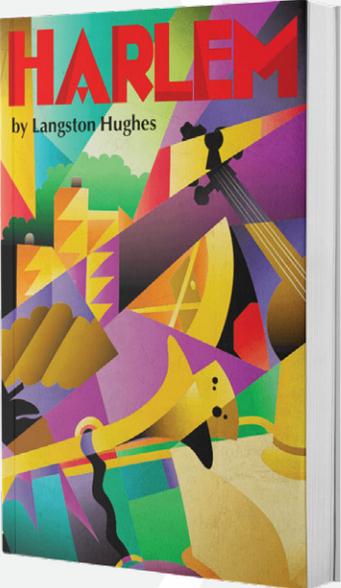

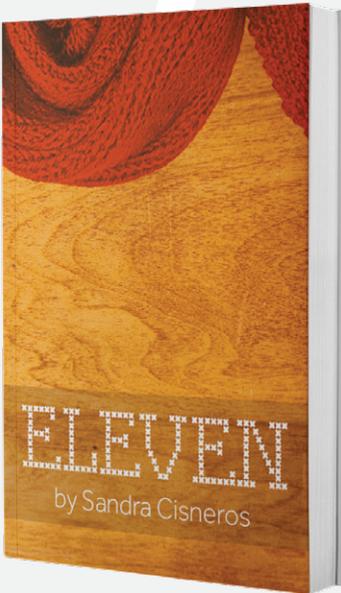

Social components, such as opinion polls, empower students and build a sense of community.

Engaging instructional videos use music and humor to introduce new skills, and beautiful and thoughtfully designed artwork is used throughout to captivate students' attention.

Represents Multicultural Diversity

Selected texts used throughout PowerUp were chosen with culturally responsive pedagogies in mind. The works of diverse writers—including Sandra Cisneros, Tupac Shakur, Malala Yousafzai, John F. Kennedy, S.E. Hinton, Langston Hughes, and many others—are used to engage students, promote ownership of learning, and inspire achievement. PowerUp honors and embraces the differences and perspectives that all writers—and students—carry with them.

Supports Student Agency and Growth Mindset

PowerUp encourages students to take ownership of their own learning while building time-management skills. Students develop agency by choosing instructional strands, while progress-monitoring tools empower students to track progress toward personalized goals.

The progress-monitoring tools and instructional supports throughout the program provide an environment of encouragement, build an understanding that learning is ongoing, and provide students a safe place to try, fail, retry, learn, and succeed.

“

For students to be successful, they have to be willing to put in the work. They have to trust the process and trust the program—and I believe my kids trust PowerUp.

**EDUCATIONAL SERVICE UNIT 10
CONTRACT FOR
SPECIAL EDUCATION SERVICES**

THIS AGREEMENT, made and entered into this 5th day of January, 2024, by and between **EDUCATIONAL SERVICE UNIT 10** of the State of Nebraska hereinafter called "**SERVICING AGENCY,**" and **Ravenna Public Schools**, called "**DISTRICT.**"

WITNESSETH:

The District does hereby agree to hire the Servicing Agency to service its age-eligible students with disabilities during the school year 2024-25, and the Servicing Agency agrees to act as such Servicing Agency, for the consideration and under the terms and conditions as hereinafter set forth:

1. A description of the program of special education and related services to be provided to District students shall be as set forth in Schedule "A" hereto attached, including full-time equivalency (FTE) provided in 2023-24 and anticipated in 2024-25 unless district notifies servicing agency otherwise.
2. The District shall pay the Servicing Agency for said special education and related services in accordance with Schedule A. This Schedule shall be in full force and effect during the school year of 2024-25, commencing not earlier than August 1, 2024, and ending not later than August 20, 2025. The total dollar amount of this contract will be submitted to the district on or before July 1, 2043, or as soon as the budgets are set for the Servicing Agency, whichever is later.
3. The District agrees that the costs for the actual services rendered will be reconciled by the Service Agency, and the amount payable for those special education services to be delivered by the Servicing Agency shall be paid in full. All programs and services will be billed based on the actual services delivered as outlined in Schedule A, based on the structure in Schedule B.
4. The District agrees that the amount payable for special education services the first month of the school year will be one-tenth (1/10) of the budgeted cost with payment due on or before October 16, 2024.
5. The Servicing Agency agrees to bill the District for the actual cost of special education services rendered and to reconcile prior overpayment or underpayment based on actual services rendered.
6. The Servicing Agency agrees to provide the District with the final billing, a complete reconciliation of the actual costs of services rendered, and the actual rate for cost of services. The final billing to the District shall serve as a final reconciliation of the amount of payment previously agreed upon in item two of this contract.
7. The District agrees that the final billing for special education services submitted to the District by the Servicing Agency for actual services rendered during the contract period shall be considered as an amendment to the original contract and shall be included in full by this reference. If the District does not dispute any of the amounts or services contained in the final billing within 30 days, the parties agree that it will be incorporated in full as an amendment to this contract.
8. Special education programs or services which extend beyond the regular school year will be provided by the Servicing Agency upon request by the District. Extended programs shall be covered by separate contract.
9. It is further agreed that in the event the District does not pay the Servicing Agency as herein set forth, the Servicing Agency may cancel this contract and refuse further service. In the event of such Cancellation, the Servicing Agency may recover any past due amounts and exercise any other rights that may exist by law.
10. The Servicing Agency shall record and supply to the District, upon request, information on each child for whom services are contracted, including time-and-effort logs detailing the services provided, the name of the provider, the duration of the services, and the date on which services were provided. The Servicing Agency agrees to confer with the District for purposes of evaluating such child's progress and the District's compliance with applicable laws.

11. The Servicing Agency shall assist the District with the preparation of plan and budget, financial reports and other procedures, artifacts, and obligations required by NDE Rule 51 or 52.
12. The District and the Servicing Agency agree to abide by the mandated procedures for identification, verification, placement, development of the individualized program, inspection and review of student records, and other requirements as specified in NDE Rules 51 and 52, Regulations and Standards for Special Education Programs, Nebraska State Department of Education, and the current Federal Regulations implementing IDEA.
13. The District hereby agrees that changes or modifications in the program or children served shall be mutually agreed upon before said change or modifications are implemented.
14. Should the Servicing Agency be unable to render the services contracted because of the Servicing Agency's inability to employ personnel who meet the criteria for employment of the Servicing Agency and/or the certification requirements of the State of Nebraska, or for other reasons which are determined by the Servicing Agency to be valid, the Servicing Agency has no obligation to provide services contracted for but not provided or reimburse the District for any additional cost incurred to procure those services. The Servicing Agency values its collaborative relationship with the District and will give reasonable efforts to assist the District in procuring those services. The District will be notified no later than September 1, 2024 of the Service Agency's inability to provide any services under this contract.
15. The District agrees that any act intentionally and unilaterally done which may cause litigation against the Servicing Agent shall be defended at the sole expense of the District and any damages assessed against the District for the Servicing Agency or either of them shall be borne entirely by the District. This paragraph shall not operate to indemnify or relieve the Servicing Agency of any liability otherwise attaching to it under any applicable state or federal law, nor to any action undertaken by the District in the provision of special education services or related services which are undertaken in consultation with the Servicing Agency or in a good faith effort by the District to comply with lawful obligations of the District.
16. **The District agrees that in the event the District desires to change the services provided by this contract for a subsequent year whether by change in full-time equivalency, staffing, change in percentage FTE of any area of endorsement held by personnel presently assigned to the District, or to eliminate any program or service being provided pursuant to this contract, the District shall notify the Servicing Agency administrator in writing of such requested change on or before March 1, 2024 (next preceding the starting date of the school year to be affected by any changes) as are described in this paragraph.**
17. **The District agrees that in the event that no such written notice is made to the Servicing Agency on or before March 1, that the Servicing Agency shall be entitled to assume that the District desires the same FTE in all areas of endorsement, certification or other qualification, and in all programs it had through this contract with the Servicing Agency, including in Schedule A. In the event the District should later notify the Servicing Agency of a diminished request for FTE in any area of endorsement, certification or other qualification, or in any program or service provided by this contract, the Servicing Agency shall use its best effort to find other employment for such affected personnel, provided, however, that in the event such personnel cannot be reassigned and to the extent that such personnel constitute a cost to the Servicing Agency that cannot be passed through by way of contract or otherwise, the District agrees to pay any cost incurred by the Servicing Agency for such personnel.**
18. This contract may be renegotiated or amended by mutual agreement.

Schedule B

Special Education Services are billed in 4 different ways. They are explained below including the rationale for the way the different services are billed.

FTE

Speech Language Pathology (SLP) is billed by FTE. The FTE amount is calculated by taking the total budget for the SLP program and dividing it by the amount of SLP FTE employed by the service unit for that fiscal year. Districts are billed based on the percentage of FTE they contract for.

Rationale for billing it this way: Historically, districts have requested a specific number of days of SLP time according to their districts' needs and duties of their SLP. Billing by FTE guarantees that they are able to secure the time they desire. SLPs spend more consistent time in a district than other disciplines.

ADM

Audiology, Physical Therapy, Occupational Therapy, School Psychology, and Supervision are billed as cooperative programs. This means that the programs are joined by school districts and the cost of the program is billed to the school district based on their Average Daily Membership (ADM) as submitted annually to NDE.

Rationale for billing this way: The needs in these programs ebb and flow as often as week by week so billing them in this manner means that districts can have their needs met as they come up without budget adjustments week by week. It allows for flexibility for districts and ESU staff to respond more immediately to whatever needs arise. Logically, a district with more students is going to have more needs so they have more time in the staff member's schedule. Because districts pay based on ADM, larger districts will have higher charges and smaller districts will have lower charges.

Per Student

Deaf Education (DHH) and Vision Education (VI) are billed on a per student cost according to the caseload of the provider. The budget or costs for the month are divided by the number of students on a service provider's caseload and that gives us the per student cost. The per student cost is multiplied by the number of students on the caseload in that specific district and then billed to the district.

Rationale for billing this way: Students who are DHH or VI are a very low incidence disability so there is not a need to bill by FTE and it is inequitable to bill by ADM. The low incidence of these disabilities and the size of ESU 10 districts make it unlikely that statistically it would fit the ADM pattern so we bill these programs on a per student basis to the districts who need the service.

Day(s)/Week

Mental Health Therapy is currently the only program that is billed on a day(s) per week basis. For a district that contracts for the three programs of SLP, OT and PT from the service unit, their cost is \$10,000 for the year for 1 day per week. If a district contracts with ESU 10 for one or two of these programs, their cost is \$15,000 for the year for 1 day per week. If a district does not contract for any of the three programs, their cost is \$20,000 for the year for 1 day per week.

Rationale for billing this way: ESU 10 supplements the cost of the Mental Health Therapy Program with Medicaid in Public Schools (MIPS) dollars to keep costs as low as possible for school districts. The services provided by SLPs, OTs, and PTs are the highest source of income for MIPS dollars so districts that contract for these services are supplemented at a higher rate by having lower costs for the Mental Health Supports.

State Career and Technical Education Funding

Nebraska's State Career and Technical Education (CTE) funds were appropriated with the passage of Legislative Bill 814, effective July 1, 2023. The funds will be distributed between secondary and postsecondary schools according to the formula used to distribute federal Perkins funds (as of the 22-23 school year), except each school district will receive at least \$7,500.

Authority: Nebraska 2023-2025 Biennium Budget:
<https://nebraskalegislature.gov/FloorDocs/108/PDF/Final/LB814.pdf>
Page 24, lines 14-25.

Fiscal Year: July 1, 2023 – June 30, 2024

Eligibility: Eligible recipients include each school district. Additionally, each postsecondary institution that received funds through the formula used to distribute federal Perkins funding for the 2022-2023 fiscal year.

Fiscal Agent: Each eligible recipient will serve as the fiscal agent for their State CTE allocation.

Uses of Funds: State CTE funds are intended to improve and expand high-quality CTE learning opportunities for all students. State CTE activities should align with the recipient's reVISION outcomes and Local Perkins application (either as an individual district/college or part of a consortium). All approved Local Perkins applications can be found [here](#).

Such expenditures may represent any allowable use of Perkins funds, in addition to the following:

- Basic Tools
- Career and Technical Student Organizations (including expenses for advisors/sponsors such as conference registration and travel, and expenses for students, including uniforms)
- Student CTE industry recognized certification exams
- Consumable supplies and equipment for approved CTE programs

- Direct assistance to students to participate in CTE programming (e.g., transportation costs)
- Marketing/promotional expenses for CTE programs
- Membership/dues, subscriptions, and professional activities

Obligating Funds: State CTE funds may be utilized between July 1, 2023 – June 30, 2024.

Accessing Funds and Budget: State CTE funds for the 2023-2024 fiscal year will be distributed as Aid. To receive this aid, districts will need to complete a payment request within GMS (refer to the how-to-guide) and upload a completed State CTE Budget. This budget with anticipated costs for which CTE state funds will be used should support the activities and strategies proposed throughout the reVISION comprehensive local needs assessment. The budget template which should be completed and uploaded into GMS can be found [here](#).

Disbursement of Funds: The State CTE funds will be distributed to LEAs upon submission of the State CTE Budget template and payment/reimbursement request (as detailed above).

Carryover Funds: Unused State CTE funds may not be carried forward into another fiscal year.

Reporting: Recipients of State CTE funds should annually evaluate progress toward identified goals within their Perkins annual grant narrative. State CTE funds should enhance Perkins and other local funds for high-quality CTE programs of study and programming.

Timeline: For 2023-2024:

- December, 2023 –Payment Requests/Budget Opens in GMS
- January, 2024 –Payment Requests/Budget Closes in GMS
- By January 31, 2024 – all State CTE funds disbursed
- June 30, 2024 – End of fiscal year, deadline for use of funds

Bond Elections

LB 878	<i>Sponsor</i>	<i>Committee</i>	<i>Subject</i>
	Holdcroft	Government	Change provisions regarding certain bond and related elections

LB 878 not only restructures bond and levy elections but also adds an element of election oversight.

LB 878 provides that, with limited exceptions, an election for purposes of approving the issuance of bonds, a property tax levy, or exceeding a property tax levy limitation by a school district must be held in conjunction with the statewide general election.

The question presented at the election would be approved if a majority of the votes cast upon the question are in favor.

If the question is voted upon in one or more counties and the ballots have been certified across county lines, the election boards in the counties where the ballots are cast must count the ballots on election day the same as all other ballots are counted and seal the same in their ballots-cast container along with other ballots.

The canvassing boards in each county must canvass the returns in the same manner as other returns are canvassed. The election commissioner or county clerk in any adjoining county voting on the question must certify the returns to the election commissioner or county clerk of the county having the greatest number of electors entitled to vote on the question. The election commissioner or county clerk in such county must enter the total returns from any adjoining county or counties to the total votes recorded in the official book of votes cast and must certify the returns to the governing body for which the bond election was held.

Exception

The question may be submitted at a special election if the purpose of the bonds, of the tax levy, or of exceeding the tax levy limitation is to address an emergency due to circumstances beyond the control of the school board, such as the destruction of a facility or other infrastructure by fire, flood, tornado, or other emergency circumstance.

The question may not be submitted at a special election within six months after being defeated at any election.

The election commissioner or county clerk or, if the school district lies in more than one county, the election commissioner or county clerk in the county having the greatest number of electors entitled to vote on the question must designate the polling places and appoint the election officials, who need not be the regular election officials, and otherwise conduct the election as provided under the Election Act.

The school district must designate the form of ballot and reimburse the election commissioner or county clerk for the expenses of conducting the election and at the minimum rate. The school

board must give notice of the election at least 20 days prior to the election and cause the sample ballot to be published in a newspaper of general circulation in the school district one time not more than 10 days nor less than three days prior to the election, and no notice of the election will be required to be given by the election commissioner or county clerk. The notice of election must state where ballots for early voting may be obtained.

The ballots must be counted by the election commissioner or county clerk conducting the election and two “disinterested persons” appointed by the election commissioner or county clerk. When the polls are closed, the receiving board must deliver the ballots to the election commissioner or county clerk conducting the election who, with the two disinterested persons appointed by the election commissioner or county clerk, must proceed to count the ballots.

Ballots for early voting must be furnished to the election commissioner or county clerk and ready for distribution by the election commissioner or county clerk conducting the election not less than 15 days prior to the election.

When the school district lies in more than one county, the election commissioner or county clerk in any other county containing part of the school district must, upon request, certify its registration books for those precincts in which the school district is located to the election commissioner or county clerk conducting the election and must immediately forward all requests for ballots for early voting to the election commissioner or county clerk charged with issuing such ballots. Not less than five days prior to the election, the governing body of the school district must certify to the election commissioner or county clerk conducting the election a list of all registered voters of the school district in any other county or counties qualified to vote on the question.

All ballots cast at the election must be counted by the same board. When all the ballots have been counted, the returns of such election must be turned over to the school board in which the election was held for the purpose of making a canvass. The two disinterested persons appointed on the counting board must receive wages at no less than the minimum rate for each hour of service rendered.

	Linehan	Government	Provide, change, and eliminate provisions regarding elections for certain purposes

LB 988 is a comprehensive, 106-page bill, on the topic of elections for approving the issuance of bonds, a property tax levy, or exceeding a property tax levy limitation. The bill uses almost identical language to amend section 32-559 as is found in LB 878.

An election for purposes of approving the issuance of bonds, a property tax levy, or exceeding a property tax levy limitation by a political subdivision or any other issue must comply with the new process set forth in the legislation.

The election must be held in conjunction with the statewide primary election or the statewide general election except as noted below.

The question presented at the election would be approved if a majority of the votes cast upon the question are in favor.

If the question is voted upon in one or more counties and the ballots have been certified across county lines, the election boards in the counties where the ballots are cast must count the ballots on election day the same as all other ballots are counted and seal the same in their ballots-cast container along with other ballots. The canvassing boards in each county must canvass the returns in the same manner as other returns are canvassed. The election commissioner or county clerk in such county must enter the total returns from any adjoining county or counties to the total votes recorded in the official book of votes cast and must certify the returns to the governing body for which the bond election was held.

Exception

The question may be submitted at a special election if the purpose of the bonds, of the tax levy, or of exceeding the tax levy limitation is to address an emergency due to circumstances beyond the control of the governing body of the political subdivision, such as the destruction of a facility or other infrastructure by fire, flood, tornado, or other emergency circumstance. The question may not be submitted at a special election within six months after being defeated at any election.

The notice of election must state where ballots for early voting may be obtained.

The ballots must be counted by the election commissioner or county clerk conducting the election and two “disinterested persons” appointed by the election commissioner or county clerk. Ballots for early voting must be furnished to the election commissioner or county clerk and ready for distribution by the election commissioner or county clerk conducting the election not less than 15 days prior to the election.

When the political subdivision lies in more than one county, the election commissioner or county clerk in any other county containing part of the political subdivision must, upon request, certify its registration books for those precincts in which the political subdivision is located to the election

commissioner or county clerk conducting the election and must immediately forward all requests for ballots for early voting to the election commissioner or county clerk charged with issuing such ballots. Not less than five days prior to the election, the governing body of the political subdivision must certify to the election commissioner or county clerk conducting the election a list of all registered voters of the political subdivision in any other county or counties qualified to vote on the question.

All ballots cast at the election must be counted by the same board. 	Wayne	Education	Prohibit the use of certain projection maps in public schools and require each school board to adopt a policy relating to projection maps

Except as noted below, LB 962 requires that (beginning in school year 2024-25) a public school may not allow the use of a Mercator projection map in school. A school may only use the Gall-Peters projection map or AuthaGraph projection map for display or use in the classroom.

The measure provides that a Mercator projection map may be used in a classroom in conjunction with other projection maps in a teaching exercise to demonstrate that all maps are flawed in some way and different map projections serve different functions and may affect how an individual views the world.

The school board of each public school district must adopt a policy to implement the requirements outlined in the legislation.

Notes:

- The Gall–Peters projection is a rectangular, equal-area map projection. Like all equal-area projections, it distorts most shapes. It is a cylindrical equal-area projection with latitudes 45° north and south as the regions on the map that have no distortion.
- The AuthaGraph World Map is made by dividing a spherical surface into 96 triangles and then transferring it to a tetrahedron while keeping the area’s proportions.

LB 987	<i>Sponsor</i> Linehan	<i>Committee</i> Education	<i>Subject</i> Change provisions relating to applicability of and assessment instruments under the Quality Education Accountability Act
---------------	---------------------------	-------------------------------	--

Under LB 987, beginning with school year 2025-26, the State Board of Education would be required to select national assessment instruments for purposes of the statewide assessment plan.

The bill provides that, by the 2025-26 school year and each school year thereafter, the school board of a school district or the governing board of a private school must require that each student in kindergarten through twelfth grade take an age-appropriate national assessment instrument or instruments selected by the State Board for purposes of the statewide assessment plan. The assessments must include assessments in reading, writing, mathematics, and science. A national assessment instrument must satisfy the requirements for public school students in eleventh grade.

The school board of a school district or the governing board of a private school must report individual student data for scores and sub-scores according to the procedures established by the State Board and NDE.

School districts and private schools must provide NDE with individual student achievement data from assessment instruments and national assessment instruments as required in order to implement the statewide system.

- (b) shall give equal hiring consideration to applicants for public employment that lack postsecondary degrees as compared to applicants that have such degrees, provided applicants without such a degree have qualifying “career and life skills”; and
- (c) shall give equal consideration to public employees’ wages and benefits as between public employees with postsecondary degrees and those without, provided that public employees without such a degree have qualifying and commensurate “career and life skills.”

The bill does not define career and life skills.

LB 1018 would not apply to:

- (a) the University of Nebraska or state colleges;
- (b) the judicial branch of state government;
- (c) positions for which a postsecondary degree is required by state or federal law; or
- (d) positions for which application would jeopardize federal funding.

	Lippincott	Education	Prohibit a school district from punishing an employee or prohibiting an employee from engaging in religious expression when an employee is on duty at school

Cosponsored by Senators Aguilar, Ballard, Bostelman, Clements, Hardin, Holdcroft, Ibach, Kauth, Lowe, Meyer, Murman, and Sanders.

LB 1034 prevents a school district from punishing an employee for or prohibiting an employee from engaging in private religious expression otherwise protected by the First Amendment to the U.S. Constitution absent a showing that the employee has engaged in actual coercion.

While a school district employee is “on duty,” the employee may, at a minimum:

- (a) Engage in religious expression and discussion and share religious materials with other employees at the same time and in the same manner that employees are permitted to engage in nonreligious expression and discussion outside the scope of the employee’s duties;
- (b) Engage in private religious expression at a time when it is otherwise permissible for an employee to engage in private expressive conduct or act outside the scope of the employee’s duties;
- (c) Meet with other district employees for prayer or religious study during times that the employee is allowed to act outside the scope of the employee’s duties, including, but not limited to, employee breaks, time before the school day begins, and during the employee’s lunch period;
- (d) Work as a sponsor of a student religious club or organization and assist students in planning meetings, activities, and events to the same extent that employee sponsors of nonreligious clubs or organizations are permitted to do so;
- (e) Wear religious clothing, symbols, or jewelry, as long as such items otherwise comply with the dress code implemented by the school district;
- (f) Decorate the employee’s desk and other personal space with personal items that reflect such employee’s religious beliefs to the same extent that other employees are permitted to decorate such other employee’s desk and other personal space with personal items; and
- (g) During noninstructional time, engage in religious expression and share religious materials to the same extent that other employees may engage in private expression permitted under the First Amendment to the U.S. Constitution.

The bill defines “on duty” as the specific times a school district employee is:

- (a) Required by the school district to be on school district property or at another designated location and acting within the scope of the employee’s duties; or
- (b) Otherwise acting as a designated representative of the school district.

Limitations

LB 1034 provides that nothing in the legislation may be construed to:

- (a) Limit the authority of a school district to:

- (i) Maintain order and discipline on school district property in a content-neutral and viewpoint-neutral manner;
 - (ii) Protect the safety of students, employees, and visitors; and
 - (iii) Adopt and enforce policies and procedures regarding student speech at school that respects the rights of students; or
- (b) Authorize the state or any other governmental organization to:
- (i) Require any person to participate in prayer or religious activity; or
 - (ii) Violate the constitutional rights of any person.

LB 1065	<i>Sponsor</i> Lippincott	<i>Committee</i> Education	<i>Subject</i> Authorize a school district to hire a chaplain to perform the duties of a school counselor without a certificate issued by the Commissioner of Education
----------------	------------------------------	-------------------------------	--

LB 1065 permits but does not require school districts to employ a chaplain to act as or perform the duties typically required of a school counselor. A chaplain employed would not be required to hold a certificate to teach, administer, or perform special services in this state.

The employment of a chaplain would not be construed as an endorsement of any particular religion. The eligibility of a chaplain to perform the duties of a school counselor would be subject to a criminal history record information check and payment of any required fees.

A school district may not hire a chaplain to perform the duties of a school counselor who is denied the ability to perform the duties of a school counselor by the Commissioner of Education based on the criminal history record information check.

A school board must, prior to hiring a chaplain, develop a policy relating to employing an uncertified individual as a school counselor. The policy must include provisions relating to the hiring, discipline, continued education, and termination of employment of a chaplain as an uncertified school counselor.

LB 1091	<i>Sponsor</i> Murman	<i>Committee</i> Education	<i>Subject</i> Provide requirements and restrictions for school boards relating to professional employees' organizations
----------------	--------------------------	-------------------------------	---

LB 1091 provides that a school board may not grant access by a professional employees' organization to the physical or electronic mailbox of any school employee without giving equal access to any other professional employees' organization that requests such access.

“Professional employees' organization” is defined as any organization, agency, committee, council, or group, including a collective-bargaining unit for teachers, that exists for the purpose, in whole or in part, of engaging in professional negotiation with school boards with respect to the terms and conditions of professional service or for the purpose, in whole or in part, of professional development or liability protection.

“School employee” would include any administrative employee, student teacher, paraprofessional, teacher, or administrator employed by a school board.

If a professional employees' organization is permitted to attend a school employee meeting or event, including a school employee orientation meeting, in an effort to recruit new members, any other professional employees' organization that requests permission to attend the meeting must also be granted permission to attend the meeting.

If a professional employees' organization is allowed to create and post signage or materials in a school such as an information board, a bulletin board, a poster, or a pamphlet, any other professional employees' organization must also be granted permission to create and post signage and materials in an equal manner.

A school board may not designate any day or break in the school calendar by naming or referring to the day or break using the name of any professional employees' organization.

LR 275CA Blood Constitutional amendment to repeal provisions that prohibit a person from being denied employment because of membership in or nonmembership in a labor organization

LR 275CA is a constitutional amendment to address an old issue that has, historically, been introduced in statutory form. The proposal would amend Article XV, sections 13-15, relating to labor organizations. The amendment would repeal provisions that prohibit a person from being denied employment because of such person’s membership in or nonmembership in a labor organization.

The current language found in Article XV, sections 13-15, was adopted in 1946 under Initiative Measure No. 302.

XV-13. *Labor organizations; no denial of employment; closed shop not permitted.* No person shall be denied employment because of membership in or affiliation with, or resignation or expulsion from a labor organization or because of refusal to join or affiliate with a labor organization; nor shall any individual or corporation or association of any kind enter into any contract, written or oral, to exclude persons from employment because of membership in or nonmembership in a labor organization.

XV-14. *Labor organization; definition.* The term “labor organization” means any organization of any kind, or any agency or employee representation committee or plan, which exists for the purpose, in whole or in part, of dealing with employers concerning grievances, labor disputes, wages, rates of pay, hours of employment, or conditions of work.

XV-15. *Labor organizations; amendment self-executing; laws to facilitate operation permitted.* This article is self-executing and shall supersede all provisions in conflict therewith; legislation may be enacted to facilitate its operation but no law shall limit or restrict the provisions hereof.

	Erdman	Education	Adopt the My Student, My Choice Act

LB 939 represents the second iteration of roughly the same topic in consecutive sessions. In 2023, Senator Erdman introduced LB 177, also called the My Student, My Choice Act, which carried over to the 2024 Session.

LB 939 is a more in-depth version of LB 177 (2023).

LB 939 creates the My Student, My Choice Act to give parents and legal guardians the right to educate their children in an environment that reflects their own values.

Each year the State Treasurer would use the information provided to transfer an amount equal to 50% of the adjusted average per pupil cost of the preceding year multiplied by the total number of enrolled students in the preceding year from the General Fund to the Follow the Student Fund. The State Treasurer would establish a separate student account for each enrolled student in the State of Nebraska. Each year the State Treasurer would equally distribute the money in the Follow the Student Fund into the student accounts.

The student accounts would be made available for viewing by the enrolled student’s parent or legal guardian, or by the enrolled student if he or she is 19 years of age or older or an emancipated minor. The State Treasurer will deposit money into student accounts at the beginning of each semester. Unused funds which remain in a student account on August 1 of any year will be transferred to the Cash Reserve Fund.

LB 939, unlike LB 177 (2023), creates the Private School Expenditure Board. The board would consist of (i) one person representing a private Catholic or parochial school, (ii) one person representing a private Protestant Christian or nondenominational school, (iii) one person representing a private secular or a private nonsectarian school, (iv) one person representing a school with 50 or fewer enrolled students, and (v) one person associated with a school with 10 or fewer enrolled students. The Commissioner of Education or designee would serve as an ex officio, nonvoting member. The members of the board would receive remuneration for serving on the board in the amount of \$10,000 per year.

The board would abide by the Open Meetings Act and follow Robert’s Rules of Order.

The board would approve educational vendors that an enrolled private school student or their parent or legal guardian may purchase educational products or services at using the smart card and would prepare a report of such vendors for the Commissioner of Education.

The bill has an operative date of June 30, 2026.

LB 841	<i>Sponsor</i> McKinney	<i>Committee</i> Education	<i>Subject</i> Adopt the School Leadership Engagement Act
---------------	----------------------------	-------------------------------	--

LB 841 creates the School Leadership Engagement Act (act) with the purpose of promoting a “deeper understanding and connection” between individuals in school leadership positions and the schools and educational process.

The bill would apply to administrators who are certified employees, including superintendents, principals, assistant principals, or other supervisory or administrative personnel who do not have as a primary duty the instruction of students in school.

The bill applies to both public and private schools.

Beginning in school year 2025-26, an administrator in an elementary school, middle school, high school, or alternative school must spend a minimum of 15% of the administrator’s work time during the school year participating directly in “school engagement activities.” The requirement must be satisfied in a manner that does not interfere with the normal function of school offices or negatively disrupt the daily operations of the school.

“School engagement activity” is defined as (i) teaching activities, (ii) interacting directly with students and nonadministrative staff, (iii) observing teachers and students during class time, (iv) overseeing school extracurricular activities and events, and (v) discussions and meetings related to the act, including time spent drafting the report required below.

Report

Each administrator must detail and record the time spent engaged in such activities and draft a report.

Beginning August 1, 2026, and each August 1st thereafter, the superintendent of each school district or the head administrator of a private school, in collaboration with each other administrator at an elementary school, middle school, high school, or alternative school in the superintendent's district or with each other administrator within the head administrator's private school, must submit a report to NDE and the Education Committee of the Legislature relating to the immediately preceding school year on forms prescribed by NDE.

The report to the Education Committee must be delivered electronically. The report must also be made available to the public on the school district's or school's website and may not contain the personally identifiable information of any student.

The report must include:

- (a) An overview of the job purpose and objectives of the superintendent or head administrator and any other administrator in the school district or in the private school;
- (b) Details relating to the specific activities undertaken by each administrator that satisfy the required time spent participating in school engagement activities;
- (c) A description of any challenges or issues observed during the time spent participating in school engagement activities and recommendations for addressing the challenges;
- (d) A summary of positive experiences or accomplishments witnessed during the time spent participating in school engagement activities;
- (e) A description of any efforts made to engage with teachers, parents, guardians, and other community stakeholders relating to the time spent participating in school engagement activities and a general description of any feedback received;
- (f) A description of how the requirements of the act have influenced the administrator's perspective as a leader and how it may inform the individual's decision-making in the future;
- (g) How the time spent participating in school engagement activities aligns with the school district's or private school's strategic goals and priorities and ideas on how the school district or school should measure progress and hold school leadership accountable;
- (h) How any findings from the experience of participating in school engagement activities may be integrated into the school district's or private school's long-term planning and improvement strategies;
- (i) Any policy recommendations or necessary legislative changes recommended relating to the act or other education-related recommendations identified as a result of the time spent participating in school engagement activities. The recommendations must include any relevant data and metrics to support the recommendations if possible; and
- (j) Any financial implications of or additional resources necessary to comply with the requirements of the act or any policy recommendation arising out of the report.

Enforcement

If the Commissioner of Education determines that any school district or private school has intentionally refused, in a material manner, to comply with the act, including a failure to file the required report, the commissioner is required to notify the school district or school of the noncompliance and allow the school district or school a reasonable time to comply. If the commissioner determines, after such time has elapsed, that the school district or school is not in compliance and has not made a good faith attempt to comply, the commissioner must take appropriate remedial action within the commissioner’s authority, up to and including considering the noncompliance as a violation of the rules and regulations for the accreditation of schools.

Policy Requirement

Each school district and each private school must adopt a policy implementing the act.

The State Board of Education may adopt and promulgate rules and regulations to carry out the act.

Duration of Operation

This act becomes operative on August 1, 2024 and terminates on August 1, 2029.

Note: The severability clause is attached.

The bill defines “central bank digital currency” as a digital medium of exchange, token, or monetary unit of account issued by the U.S. Federal Reserve System or any analogous federal agency that is made directly available to the consumer by such federal entities. Central bank digital currency includes a digital medium of exchange, token, or monetary unit of account so issued that is processed or validated directly by such federal entities.

LB 1013 creates the Family Engagement Grant Program. The purpose of the program is to provide grants for “high-need schools” in order to improve the level of family engagement at such schools. The program would be administered by NDE. “High-need school” is defined as a school with high absenteeism and low academic achievement, as determined by the department.

A school district may apply for a grant to be used at one or more schools within the school district. The application would be submitted to NDE.

NDE must develop eligibility criteria for grants. At a minimum, the eligibility criteria would require the school district to show that it contains one or more high-need schools within the school district. A grant awarded under the Program may be used:

- (a) To provide tutoring to parents who wish to serve as school volunteers;
- (b) To provide communications to parents who wish to serve as school volunteers;
- (c) To provide training on ways to enhance the level of family engagement within the school;
- (d) To provide materials for parents and students to work on together at home; or
- (e) For any other purpose designed to improve the level of family engagement at the school. Any such purpose must be approved by NDE.

Each school district that receives a grant must submit a report to NDE that includes a description of how the grant funds were used and any measurable outcomes for families and students impacted by the grant. The report must be submitted by the end of the school year in which the grant was received.

The bill proposes an appropriation of \$1 million for the Program.

Under current law (§ 79-1601), a home school must provide evidence that the school offers a program of instruction leading to the acquisition of basic skills in the language arts, mathematics, science, social studies, and health.

LB 1027 merely requires an assurance rather than evidence. An assurance would be satisfied by a signed statement by the parent or legal guardian of a student that the education provided would be in compliance. Rules and regulations that govern such procedures are limited to procedures for receiving information from a parent or legal guardian of a student or a parent representative when the individual files the election not to meet accreditation or approval requirements under this section.

The bill also provides that the authorized representative of the parent or guardian is the principal or administrator of the exempt school. Any election not to meet state accreditation or approval requirements would remain effective until the Commissioner of Education receives written notice

from the parent or legal guardian that the election is canceled. The parent or legal guardian must update the name of each child still attending the school when changes occur, but no additional information would be required.

Professional Learning System

LB 1055 requires NDE, in consultation with statewide family engagement centers, to develop a “professional learning system” to help provide sustained professional learning and training in high-quality instruction in reading for teachers and early childhood educators who teach students from birth through fifth grade. The professional learning system would include information and tips for teachers and early childhood educators related to helping children and families work with statewide family engagement centers to strengthen home and family literacy programs and better instruct students in reading.

Approved or accredited elementary schools must ensure that teachers who teach students in kindergarten through fifth grade are aware of the professional learning system and are adequately trained to effectively instruct students in reading.

NDE must work with ESUs to provide regional coaches to approved or accredited elementary schools to provide assistance and job-embedded training relating to instruction in reading to teachers who teach students in kindergarten through fifth grade.

The bill would appropriate \$10 million for FY2024-25 to NDE to provide regional coaches to assist with training relating to instruction in reading for teachers and early childhood educators, high-quality instructional reading materials to support families, and any other activities approved by the State Board of Education for the purpose of improving early literacy.

Voluntary Adult Education and Literacy Programming

LB 1055 requires NDE to work with adult education providers to develop, administer, and support voluntary adult education and literacy programming that meets the requirements of Title II of the federal Workforce Innovation and Opportunity Act. The programming must focus on:

- (a) Assisting adults to become literate and obtain the knowledge and skills necessary for employment and economic self-sufficiency;
- (b) Assisting adults who are parents to obtain education and skills that are necessary to become full partners in the educational development of their children;
- (c) Assisting adults in attaining a high school diploma or its recognized equivalent and in aiding the transition to postsecondary education through career pathways; or
- (d) Assisting immigrants and other adults who are English language learners in improving such individual’s reading, writing, speaking, and comprehending of the English language and in understanding the U.S. system of government, including the responsibilities of citizenship.

LB 1066 permits a school board to adopt a policy that authorizes a student in kindergarten through twelfth grade to attend “released time” beginning in the 2024-25 school year if the following are satisfied:

- (a) The parent or guardian of the student gives written consent;
- (b) The religious curriculum of the elective course does not undeniably promote licentiousness or practices that are inconsistent with school policy;

- (c) The sponsoring entity maintains attendance records and makes such records available to the school district the student attends;
- (d) Transportation to and from the place of instruction is the complete responsibility of the sponsoring entity, parent or guardian, or student;
- (e) The sponsoring entity makes provisions and assumes liability for a student that attends released time; and
- (f) No public funds are expended and no public school personnel or employees are involved in providing the religious instruction.

“Released time” is defined as a period of time during the school day that a student is allowed to participate in an elective course in religious instruction conducted off school district property by a sponsoring entity.

“Sponsoring entity” is defined as a private entity that sponsors students during released time for an elective course in religious instruction.

The bill provides that while attending released time, a student may not be considered absent from school. Released time for a student in middle school or high school may only be for one class period of up to one hour per semester. No student may be released from a core curriculum course as prescribed by the State Board of Education to attend released time.

The State Board of Education is required to adopt minimum standards for class attendance and criteria necessary for released time to qualify for elective course credit for a course in religious instruction.

A policy adopted by a school board may authorize students to earn elective course credit for participation in released time in the same manner as other elective course credit is given in the school district and in a manner consistent with the standards for elective course credit adopted by the State Board.

School Psychologists

LB 835	<i>Sponsor</i> Blood	<i>Committee</i> Education	<i>Subject</i> Adopt the School Psychologist Interstate Licensure Compact
---------------	-------------------------	-------------------------------	--

LB 835 embodies the official language being circulated among state legislatures to create the School Psychologist Interstate Licensure Compact.

The purpose of this Compact is to facilitate the interstate practice of School Psychology in educational or school settings, and in so doing to improve the availability of School Psychological Services to the public. The Compact is intended to establish a pathway to allow School Psychologists to obtain equivalent licenses to provide School Psychological Services in any Member State.

The Compact:

- a. Enables School Psychologists who qualify for receipt of an Equivalent License to practice in other Member States without first satisfying burdensome and duplicative requirements;
- b. Promotes the mobility of School Psychologists between and among the Member States in order to address workforce shortages and to ensure that safe and reliable School Psychological Services are available in each Member State;
- c. Enhances the public accessibility of School Psychological Services by increasing the availability of qualified, licensed School Psychologists through the establishment of an efficient and streamlined pathway for Licensees to practice in other Member States;
- d. Preserves and respects the authority of each Member State to protect the health and safety of its residents by ensuring that only qualified, licensed professionals are authorized to provide School Psychological Services within that State;
- e. Requires School Psychologists practicing within a Member State to comply with the Scope of Practice laws present in the State where the School Psychological Services are being provided;

- f. Promotes cooperation between the Member States in regulating the practice of School Psychology within those States; and
- g. Facilitates the relocation of military members and their spouses who are licensed to provide School Psychological Services.

The bill defines “School Psychologist” as an individual who has met the requirements to obtain a “Home State License” that legally conveys the professional title of School Psychologist, or its equivalent as determined by the rules of a Commission, which is established under the Compact.

“School Psychological Services” is defined as academic, mental, and behavioral health services including assessment, prevention, consultation and collaboration, intervention, and evaluation provided by a School Psychologist in a school.

	Walz	Education	Change requirements relating to school psychologists

LB 1014 addresses an issue brought forward by the Nebraska School Psychologist Association (NSPA) and the Nebraska Association of Special Education Supervisors (NASES), an NCSA affiliate association. NSPA and NCSA are working together on the passage of this legislation.

Statement of the Problem

Nebraska faces a significant shortage in its Special Education workforce, including School Psychologists. These professionals are crucial team members in schools, with a depth and breadth of advanced training, including academic interventions and instructional supports, mental and behavioral health supports, and school wide practices to promote learning. Additionally, school psychologists are mandated by Nebraska Rule 51 to perform educational assessments. These educational assessments, including those determining eligibility for special education, such as assessments for Specific Learning Disabilities (re: Dyslexia), are required provisions of service, and not subject to exceptions. To address the shortfall, school districts are resorting to contracts with authorized agencies to fulfill the required services of School Psychologists. Despite fulfilling the obligations, these contracted services are not eligible for state special education reimbursement, creating an unfunded mandate for Nebraska school districts who are experiencing these unfilled positions. Ultimately, given the mandate in Rule 51 for school psychologists, and the lack of reimbursement for these contracted services, this has become an unfunded mandate.

Proposed Solution

In order to maintain high quality service provision, meet federal and state mandates, and allow school psychologists to work within their training and certification, we propose allowing school districts and ESUs to receive reimbursement from NDE for contracted services from approved school psychologist providers through the Special Education Cost Reimbursement System.

LB 1014 amends section 38-3113 to make this change.

LB 821 expands this section of law to provide that such preliminary enrollment and any advanced enrollment policies related to a child of a military family must also apply if the child has (i) an IEP under the federal IDEA, (ii) receives special accommodations or services under Section 504 of the federal Rehabilitation Act, or (iii) receives special education services as defined in the Nebraska Special Education Act.

LB 1081 provides that, beginning with or prior to the 2025-26 school year, each school district must ensure that if a student with a disability is educated with nondisabled students and specially designed instruction and supplementary special education services are provided in the general education classroom, including, as appropriate, resource room programs and special class programs, the appropriate student-to-teacher ratio is followed.

The appropriate student-to-teacher ratios are as follows:

- (a) For a general education class, a maximum class size of twenty26 four students;
- (b) For a co-taught class, a maximum class size of eighteen students and the number of students with an individualized education program in a co-taught class shall not exceed thirty percent of the total class size;
- (c) For a special education class:
 - (i) Containing a majority of students with academic or behavioral management needs which interfere with the instructional process, require additional adult support to engage in learning, and require specially designed instruction which can best be accomplished in a self-contained setting, a maximum class size of twelve students and such class must include one full-time special education teacher and one full-time paraprofessional;
 - (ii) Containing a majority of students with management needs that are severe and chronic and that require intensive constant supervision, a significant degree of individualized attention, intervention and intensive behavior management, and additional adult support, a maximum class size of eight students and such class must include one full-time special education teacher and one full-time paraprofessional;
 - (iii) Containing a majority of students with very high needs in most or all need areas, including academic, social and interpersonal development, and physical development, whose behavior is characterized as aggressive or self-abusive, or who have severe difficulties in the acquisition and generalization of language and social development, and who are best taught in a setting with very intense individual programming, continual adult supervision, and specific behavior management programs, a maximum class size of six students and such class must include one full-time special education teacher and one full-time paraprofessional; and
 - (iv) Containing a majority of students with severe and multiple disabilities with limited language ability, and who require a program primarily of rehabilitation and treatment including training in daily living skills and the development of communication skills, sensory stimulation, and therapeutic interventions, a maximum class size of 12 students and such class must include one full-time special education teacher and one additional staff person, who may be a teacher or a paraprofessional, for every three students in such class.

Each school district must annually file a report with NDE certifying that the school district is in compliance with the student-to-teacher ratios. A school district may apply to NDE for an exception waiver to the student-to-teacher ratios. NDE may grant a school district a one-year exception waiver to exceed the required student-to-teacher ratio, but no school district may receive more than three exception waivers.

If the Commissioner of Education determines that any school district has intentionally refused in a material manner to comply with this section, the commissioner must notify the school district of

the noncompliance and allow the school district a reasonable time to comply. If the commissioner determines, after such time has elapsed, that the school district is not in compliance and has not made a good faith attempt to comply, the commissioner must take appropriate remedial action within the commissioner's authority, up to and including considering such noncompliance as a violation of the rules and regulations for the accreditation of schools.

Student Discipline

LB 899	<i>Sponsor</i> Hughes	<i>Committee</i> Education	<i>Subject</i> Exempt Class III school districts from the prohibition on suspending a student in pre-kindergarten through second grade
---------------	--------------------------	-------------------------------	---

Cosponsored by Senators Ballard, Bostelman, Brandt, Brewer, DeKay, Dover, Hansen, Ibach, Jacobson, Lippincott, and Lowe.

Background

LB 705 (2023) amended the Student Discipline Act to prohibit an elementary school from suspending a student in pre-kindergarten through second grade. Each school district was required to develop a policy to implement this provision, which must include disciplinary measures inside the school as an alternative to suspension.

An exception was added such that an elementary school may suspend a student in pre-kindergarten through second grade if the student brings a “deadly weapon” on school grounds, in a vehicle owned, leased, or contracted by a school being used for a school purpose or in a vehicle being driven for a school purpose by a school employee or his/her designee, or at a school-sponsored activity or athletic event.

Under the Nebraska Criminal Code (§ 28-109), “deadly weapon” is defined as any firearm, knife, bludgeon, or other device, instrument, material, or substance, whether animate or inanimate, which in the manner it is used or intended to be used is capable of producing death or serious bodily injury.

The legislation was originally introduced by Senator McKinney under LB 632, which was amended and merged into LB 705 (2023).

Applicability

LB 899 proposes to limit applicability of Section 79-265.01 to Class IV (LPS) and Class V (OPS) school districts. Class III districts would not be required to enforce this portion of the Student Discipline Act.

The State Board of Education would be required to develop a formula for use by school districts in determining the appropriate number of menstrual products to request for each public school building based on:

- (a) the number of school bathrooms in the public school building,
- (b) the number of students of menstruating age attending the school building, and
- (c) the average number of menstrual hygiene products that would be necessary during a school day for such students.

The State Board must develop a framework for school districts to request and receive menstrual products and dispensers. NDE would be required to track distributions to each school district to establish need and forecast future procurement.

Beginning in school year 2025-26, each school district must ensure that dispensers supplied with free menstrual products, including both pads and tampons, are available for use at each school bathroom.

Each school district must request to NDE by (unspecified date) of each year, the number of menstrual products requested for the next school year to ensure menstrual products are available according to the formula developed by the State Board.

A school district or an administrator at each public school building may determine the best placement of a dispenser in each school bathroom and appropriate refill methods. A school board may adopt a policy relating to the requirements.

A “designee” is defined as a public school district, city or village, local public health department, law enforcement agency, early childhood support agency, or local emergency management agency.

To receive funding, a designee must enter into a memorandum of understanding (MOU) with the appropriate ESU in the designee’s geographic area for the purpose of funding qualifying projects. In order to qualify for a grant, the ESU must demonstrate to NDE that:

- (1) A designee is assigned, through an MOU, to administer the emergency response notification system for child care and early education programs that opt into the notification system within a defined geographic area. The defined geographic area must allow the designee to reasonably respond to local area emergencies. Other programs not required to be licensed under the Child Care Licensing Act within the defined geographic area may subscribe to the emergency response notification system. Funding amounts for designees may not exceed \$1,000 per year;

- (2) A “security and safety plan,” as approved by NDE, has been provided by the designee which would operate the emergency notification system. The security and safety plan must include information on a community response team to provide for reunification procedures;
- (3) A designee is assigned, through an MOU, to distribute safety and reunification procedure materials for use in facilities that care for children in child care and early education programs. Funding amounts for designees may not exceed \$1,000 per year; and
- (4) A designee is assigned, through an MOU, to coordinate, administer, or provide for “safety and reunification procedure” training to child care and early education programs including, but not limited to, administrators, staff, children, and parents. Funding amounts for designees under this subdivision may not exceed \$1,000 per year.

Note: A “safety and reunification procedure” is defined as a standard that is approved by NDE for the purpose of emergency preparedness and response.

By December 1st of each year, NDE must provide a report electronically to the Clerk of the Legislature, including:

- (a) The number of designees that received grant funding under the Child Care Safety and Security Act, including the type of organization, the ages of children served by programs enrolled in the emergency response notification system, the number of children served by such programs, and the geographic locations of such programs;
- (b) How grant funds were used;
- (c) The average amount of grant funds received by designees broken down by the number of children served;
- (d) The number of designees denied grant funding and the reasons for each denial; and
- (e) Any other information required by the department.

LB 1054 also creates the Child Care Safety and Security Fund. The fund would be administered by NDE and would consist of money transferred by the Legislature. Intent is provided to appropriate \$300,000 to the Fund for fiscal year 2024-25.

	Dungan	Judiciary	Protect free speech rights of student journalists and student media advisers

LB 1071 is essentially the same legislation introduced by former Senator Adam Morfeld in 2019 (LB 206) and 2021 (LB 88), none of which passed into law. LB 88 (2021) did advance to Select File before opposition stalled the measure.

LB 1071 applies to both postsecondary and secondary education.

Provisions Relevant to High Schools

LB 1071 provides that all school-sponsored media are deemed to be public forums. Subject to certain limitations, a student journalist has a right to exercise freedom of speech and of the press in school-sponsored media, regardless of whether the media is supported financially by the public high school, supported by the use of the facilities of such school, or produced in conjunction with a class in which the student journalist is enrolled.

Subject to certain limitations, each student journalist is responsible for determining the news, opinion, feature, sports, and advertising content such student produces for school sponsored media. This cannot be construed to prevent a student media adviser from teaching professional standards of English and journalism to student journalists and ensuring that school-sponsored media adhere to prevailing journalistic ethical standards as set forth in the Society of Professional Journalists Code of Ethics as such code existed on January 1, 2024.

The bill does not authorize or protect expression by a student journalist that:

- (a) Is libelous or slanderous;
- (b) Constitutes an unwarranted invasion of privacy;
- (c) Violates federal or state law;
- (d) Departs from prevailing journalistic ethical standards; or
- (e) So incites students as to create a clear and present danger of (i) the commission of an unlawful act or (ii) a violation of the policies of a public high school that could cause a material and substantial disruption of the orderly operation of such school.

A student journalist may not be disciplined for acting in accordance with the provisions of the legislation.

A student media adviser may not be dismissed, suspended, disciplined, reassigned, transferred, or otherwise retaliated against for:

- (a) Acting to protect a student journalist engaged in permitted conduct; or
- (b) Refusing to infringe upon conduct that is protected or the First Amendment to the U.S. Constitution.

No publication or other expression of matter by a student journalist in the exercise of rights may be deemed to be an expression of a public high school's policy.

Public high schools and student media advisers must make efforts to utilize the resources and programs of state public and private universities and colleges and of state professional journalism organizations to obtain training and advice on mass media law and ethics for student media advisers and student journalists.

The legislation cannot be construed to interfere with a school administrator’s ability to provide appropriate professional feedback to a student media adviser consistent with rules and regulations adopted and promulgated by the State Board of Education regarding school district personnel.

Definitions

“School-sponsored media” is defined as any material that is (i) prepared, substantially written, published, or broadcast by a student journalist at a public high school, (ii) distributed or generally made available to members of the student body, and (iii) prepared under the direction of a student media adviser. School-sponsored media does not include any media intended for distribution or transmission solely for the class in which the media is produced;

“Student journalist” is defined as a public high school student who gathers, compiles, writes, edits, photographs, records, or prepares information of a journalistic nature for dissemination in school sponsored media; and

“Student media adviser” is defined as an individual employed, appointed, or designated by a public high school to supervise or provide instruction relating to school-sponsored media.

Student Transportation

LB 862	<i>Sponsor</i>	<i>Committee</i>	<i>Subject</i>
	Linehan	Education	Change provisions relating to the transportation of students and require school districts to submit a detailed report regarding certain student transportation

Current law provides that a school board may authorize school-provided transportation to any student who does not qualify under the mileage requirements and may charge a fee to the parent or guardian of the student for the service.

LB 862 provides that a school board which authorizes fee-for-transportation to any student must keep a record of the transportation and the amount charged for the transportation. The school district must annually submit a report relating to the information to NDE. The report must include the number of students transported to school for a fee, how much is charged for the transportation, and any other related information NDE may require.

NDE would then be required to make all reports submitted by a school district publicly available on the department’s website.

Teacher Retention / Recruitment

LB 953	<i>Sponsor</i>	<i>Committee</i>	<i>Subject</i>
	Kauth	Education	Provide tuition waivers for student teachers as prescribed

LB 953 provides that, beginning in school year 2025-26 through school year 2030-31, a student teacher will be entitled to a waiver of 100% of the resident tuition charges of the University of Nebraska or a Nebraska state college for the semester the student teacher is student teaching in a Nebraska elementary, middle, or high school IF the student teacher:

- (a) Is enrolled at the University of Nebraska or a Nebraska state college;
- (b) Is taking classes and pursuing a degree that relates to a career in teaching; and
- (c) Maintains satisfactory academic performance at the University of Nebraska or the Nebraska state college.

In addition, for the semester in which a student, who meets the requirements above, is student teaching, the University of Nebraska or the Nebraska state college must waive 100% of the student teacher’s tuition remaining due (after subtracting awarded federal financial aid grants and state scholarships and grants) for such semester.

The bill requires the University of Nebraska or the Nebraska state college to annually submit a report to the Coordinating Commission for Postsecondary Education relating to the number of individuals receiving the waivers and any other information the commission may require. The report may not contain any personally identifiable information of a student receiving a waiver.

LB 953 provides intent to appropriate up to \$3 million from the General Fund for the legislation.

LB 964	<i>Sponsor</i> Dungan	<i>Committee</i> Education	<i>Subject</i> Adopt the Special Education Teacher Forgivable Loan Program Act and provide for scholarships under the Nebraska Career Scholarship Act
---------------	--------------------------	-------------------------------	--

LB 964 creates the Special Education Teacher Forgivable Loan Program Act to address the fact that Nebraska elementary and secondary schools have had difficulty filling open and necessary job positions, including special education teachers.

The Program would be administered by NDE. The department may award a forgivable loan to an eligible student to pay for instate tuition, or the equivalent of instate tuition at any eligible institution. NDE may award up to 25 forgivable loans each academic year for each eligible institution.

An eligible student who is awarded a forgivable loan under the Program shall enter a contract with NDE prior to the department dispersing any money for such loan. The contract must contain at least the following terms:

- (a) The eligible student will only be eligible to receive a loan under the program for the first five years that the eligible student is enrolled in a teacher education program;

- (b) The loan will only be used to pay for any remaining tuition remaining due to the eligible institution attended by the eligible student after applying all awarded federal and state financial aid grants and scholarships;
- (c) The eligible student will begin teaching special education at a Nebraska elementary or secondary school within one year after graduating with a degree in education; and
- (d) The eligible student will teach special education at a Nebraska elementary or secondary school for:
 - (i) Five consecutive years after graduating with a degree in education; or
 - (ii) The equivalent number of years of loans taken.

When an eligible student who was awarded any forgivable loan under this section graduates from an eligible institution, NDE must determine the total dollar amount of forgivable loans paid to such eligible student.

For each year after graduating from an eligible institution that an eligible student complies with the terms of the contract, NDE would forgive 20% of the total dollar amount of forgivable loans paid to the eligible student.

After the fifth consecutive year of compliance with the terms of the contract, NDE would notify the eligible student that the total amount of forgivable loans that were owed by the eligible student are forgiven.

If an eligible student who accepted a forgivable loan fails to comply with the terms of the contract, the eligible student may receive a deferment from the obligation of repayment as specified in rules and regulations adopted and promulgated under the bill.

Any eligible student who accepted a forgivable loan who fails to comply with the terms of the contract and who does not receive a deferment from the obligation of repayment must repay the remaining balance of any forgivable loan with simple interest at a rate of 5% per year. Any repayment would be remitted to the State Treasurer for credit to the General Fund.

LB 985	<i>Sponsor</i> Linehan	<i>Committee</i> Education	<i>Subject</i> Change provisions relating to grant eligibility under the Nebraska Teacher Recruitment and Retention Act
---------------	---------------------------	-------------------------------	--

Background: In 2023 the Legislature passed LB 705, which included the contents of LB 385, introduced by Senator Linehan, to create the Nebraska Teacher Recruitment and Retention Act. The act became operative on June 2, 2023. The act provided a series of grants for teachers who continue in the profession.

LB 985 makes changes to a portion of the act.

Currently, a high-need retention grant of \$5,000 may be awarded to a teacher who obtains an endorsement in special education, mathematics, science, technology, or dual credit AND signs a

contract to complete a school year of full-time employment as a teacher at a Nebraska school in school year 2024-25, 2025-26, or 2026-27.

LB 985 creates a second option to be eligible for the \$5,000 grant. The bill provides that a high-need retention grant of \$5,000 may be awarded to a teacher who obtains an endorsement in special education, mathematics, science, technology, or dual credit AND signs a contract to complete a school year of full-time employment as a teacher to teach in such endorsement area at a Nebraska school in school year 2024-25, 2025-26, or 2026-27.

LB 986	<i>Sponsor</i>	<i>Committee</i>	<i>Subject</i>
	Linehan	Education	Terminate loan repayment assistance and provide grants to teachers under the Teach in Nebraska Today Act

Background: In 2022 the Legislature passed LB 1218, introduced by Senator Walz, to create the Teach in Nebraska Today Program. The purpose of the program was to attract individuals to the teaching profession who have expressed an interest in teaching and to support the employment of those individuals as classroom teachers by providing student loan repayment assistance for service as a classroom teacher in this state.

LB 986 proposes to terminate this program and no additional applications for repayment assistance would be approved after the effective date of the bill should it become law.

LB 986 proposes a revised program such that a grant would be available to an individual who applies for the grant and who:

- (a) Is a resident of the State of Nebraska;
- (b) Is teaching full-time or has a contract to teach full-time at the time of the application for the program;
- (c) Has taught in Nebraska five years or less at the time of the application or renewal; and
- (d) Has an individual income that is less than \$55,000 per year.

The amount of a grant awarded to an eligible applicant would be limited to \$5,000 per year. An eligible applicant may be awarded a grant for up to five years.

If the funds available for grants in any year are insufficient to provide grants to all eligible applicants, NDE must establish priorities to award grants with renewal applications given priority over initial applications. For initial applications, priority would be given to applicants who demonstrate financial need.

LB 986 increases the appropriation for the program from the current \$5 million to \$10 million.

LB 1005	<i>Sponsor</i> Walz	<i>Committee</i> Education	<i>Subject</i> Change provisions relating to the Attracting Excellence in Teaching Program and the Excellence in Teaching Cash Fund under the Excellence in Teaching Act
----------------	------------------------	-------------------------------	---

Portions of LB 705 (2023) authorized the Nebraska Coordinating Commission for Postsecondary Education to award grants to teachers who meet the criteria. The grants would derive from the Excellence in Teaching Cash Fund.

LB 1005 amends part of the 2023 law such that, beginning on July 1, 2024, the Commission must allocate on an annual basis up to \$500,000 of the funds exclusively for loans to any eligible student who is enrolling in a “student-teaching semester” during the award year pursuant to the Attracting Excellence to Teaching Program. The funds would be distributed to all eligible institutions according to the distribution formula as determined by rule and regulation. The eligible institutions must act as agents of the Commission in the distribution of the funds to any eligible student for a student-teaching semester

The bill defines “student-teaching semester” as a semester of full-time enrollment for clinical practice which provides initial preparation for a student enrolled in an eligible institution and pursuing a certificate to teach that includes a culminating supervised experience to demonstrate competence in the professional teaching role for which such student is applying.

The bill also permits an eligible student who is enrolling for a student-teaching semester to apply for an additional loan of up to \$3,000 for the student-teaching semester and receive up to a total of \$6,000 for the year under the Attracting Excellence to Teaching Program.

LB 1053	<i>Sponsor</i> Walz	<i>Committee</i> Education	<i>Subject</i> Authorize an extended-career retention grant under the Nebraska Teacher Recruitment and Retention Act
----------------	------------------------	-------------------------------	---

The Nebraska Teacher Recruitment and Retention Act was created under LB 705 (2023). The program was appropriated \$10 million from the Education Future Fund for implementation.

LB 1053 creates a new category in which an eligible teacher may apply. The bill would provide:

- (a) An extended-career retention grant of \$2,500 if on or after June 1, 2024, a teacher:
 - (i) Qualifies for an unreduced retirement annuity benefit under either the School Employees Retirement Plan or the OPS (Class V) Retirement Plan; and
 - (ii) Signs a contract to teach as a full-time teacher at a Nebraska school in school year 2024-25, 2025-26, 2026-27, 2027-28, or 2028-29.
- (b) A teacher would only be eligible to receive five extended career retention grants.

AQUESTT Classification

The Accountability for a Quality Education System, Today & Tomorrow (AQUESTT) is the Nebraska Department of Education’s state-wide accountability system. The accountability system classifies schools and school districts into four performance levels: *Needs Support to Improve, Good, Great, or Excellent*. These classifications are determined primarily by how well students score on the NSCAS English Language Arts assessment, the NSCAS Mathematics Assessment, and the NSCAS Science Assessment. The Nebraska Department of Education sets a “cut score” to classify each school and each school district as either *Needs Support to Improve, Good, Great, or Excellent*. The classification for Ravenna Elementary, Ravenna Middle School, Ravenna High School, and Ravenna Public Schools for the 2022-23 academic year appear below. As you can see below, the elementary, middle, and high school all received ratings of “Great” and the school district as a whole received a rating of “Excellent.” Although it may be confusing that all three schools that comprise the school district received a rating of “Great” and the school district received a higher rating of “Excellent,” it is important to know that the overall rating for the school district is **not** an average of the ratings for each individual school in the school district, rather a separate “cut score” is used to rate school districts, so the school district can still achieve an overall rating that is higher than the individual schools within the school district:

School	Rating
Ravenna Elementary School	Great
Ravenna Middle School	Great
Ravenna High School	Great
Ravenna Public Schools	Excellent
