I. Board Meeting

I.A. Call to Order

I.B. Roll Call of Board

I.C. Pledge of Allegiance

I.D. Notice of Open Meeting Posted

I.D.1. President insures all can hear proceedings

I.E. Mission Statement

Mike Jeffryes read the Mission Statement.

I.F. Opportunity for Public to be Heard

Kaye Kormann, 3474 53rd Avenue addressed the Board regarding the new health standards and her concerns being proposed by the Nebraska Department of Education.

I.G.

I.H. Executive Session

The board went into executive session for personnel and contract information.

I.I. Return to Regular Meeting

I.J. Presentations

I.J.1. New Literature Presentation

Cathy Kwapnioski shared information on the new novel the English Department would like to add to the curriculum. All other novels that were purchased recently will be used. The "House on Mango Street" would be an addition to an open spot in the Honors English 10 curriculum. She said this book speaks to our students in a way they haven't seen before. This book is written by a Latin author and it is a good fit with the changes that are being made with the standards regarding a multicultural perspective. The vocabulary is at a 5th grade level, however, the content identifies with a more mature student. Dr. Amy Romshek, Director of Curriculum, said there will be 3 copies available to check out at the Administration Building. The Board will be asked to approve this novel at the July board meeting.

Mrs. Kwapnioski was also asked to speak regarding MLA vs. APA styles of writing for our high school students. She explained that the English Department at CHS strongly teaches MLA and this give students a good foundation, and they know what questions to ask when writing for college. There is one class that introduces APA. The Board discussed whether CHS should be teaching more of the APA style of writing for more experience before they go off to college. Mrs. Kwapnioski also said APA style of writing would be more likely used in the sciences or math for a research paper. CHS English teachers also introduce resources for students to research other styles of writing.

I.K. Board Special Functions

I.K.1. Request for approval of new literature selection in Honors English 10: *The House on Mango Street* - by Sandra Cisneros

The board did not take action on this item. It will do so at the regularly scheduled July business meeting.

I.K.2. Superintendent's Contract Amendment for July 1, 2021-June 30, 2024

The Superintendent's Contract was discussed and reviewed with the array of districts. The Board proposed a 2.124% salary increase overall. The board asked a question regarding year 2 and 3 of Dr. Loeffelholz's contract, Chip Kay, Director of Finance and Human Resources,

said that it is unknown at this time and just projects total cost of contract if nothing changes. This increase is in the same range as the teachers' salary increase of 2-2.1%. Teacher's salaries are higher on the array than the superintendent.

I.K.3. First Reading of Policy 503.01 Compulsory Attendance

Dr. Loeffelholz said all the policies being reviewed stem from the discussions with the Suspension/Expulsion Committee and the Attendance Committee. Some have significant changes, some have few changes. In this policy GED was added and there was clarification of the minimum school age for kindergarten. The policy also speaks to early withdrawal at age 16, it must be signed by a parent and sent to the commissioner.

I.K.4. First Reading of Policy 503.03 Student Absences

Policy 503.03 gives information on the steps that will be taken before an attendance letter is sent to parents. Also discussed was the timeframe to turn in missed work after an absence. The student handbook states you have two days to turn in work for each day absent.

I.K.5. First Reading of Policy 503.04 Absenteeism/Barriers to Attendance

The discussion on Policy 503.04 Absenteeism/Barriers to Attendance included information on how absenteeism will be handled as reviewed by the Attendance Committee. Once a student has 8 absences, barriers to attendance meeting will be scheduled with the building principal, the counselor, and teacher to develop a plan to get the student to school. Before a letter is sent to the County Attorney, the family will be notified. The County Attorney has been very supportive.

I.K.6. First Reading of Policy 504.03 Student Conduct

Dr. Loeffelholz said this policy should be reviewed annually. There was discussion on the two areas in each building to display the student conduct code. Each floor of a building should have a copy displayed.

I.K.7. First Reading of Policy 505.02 Suspension and Exclusion of Student

Policy 505.02 Suspension and Exclusion of Students including all exhibits was discussed. The exhibits are checklists provided to confirm that each item is completed. Dr. Loeffelholz said there were some wording changes, explanation regarding each rule, policy or statute that has been violated must be listed in the recommendation letter. Emergency Exclusion is explained in detail, the reasons, and the procedures are included in the policy. Discussion regarding hearings and how that looks when it is requested. Dr. Loeffelholz said it is not a court of law, we hire a Hearing Officer. The next step is to request a hearing in front of the Board of Education, hearings are required to be scheduled within 5 days.

I.K.8. First Reading of Policy 505.03 Expulsion of Students

This policy shares the steps that must be taken to expel a student. The Superintendent's letter includes the investigation and the recommendation for the action to be taken.

I.K.9. First Reading of Policy 504.01 Student Due Process Rights
Policy 504.01 Student Due Process Rights should be annually reviewed. Dr. Loeffelholz said this is a guarantee that a student is entitled to tell their side of the story.

I.L. Items to be removed from the Consent Agenda

There were no items removed from the Consent Agenda.

I.M. Consent Agenda

I.M.1. Approval of Minutes

I.M.2. Financial Reports M2, M3, M4a

Mr. Kay reported that cash balances reflect the end of the school year. He feels good about the balances being above last year with students being in school all year. The Bond Fund reflects that one of three payments has been made. He also talked about the 2012 bond being finished next year. The question was asked regarding how that looks with monthly expenditures, Mr. Kay said it will be a smaller portion because of the refinancing and the declining balances. This will also reduce tax asking set from the bond election. The board discussed being grateful for the refinancing.

The money from the lease purchase agreement has not been used yet and is gaining interest nicely in an investment account. Mr. Kay also spoke about the receipt of 80% our revenue. August and September will bring the tax draws and reimbursements from NDE. CPS has received about one third of the FEMA funds. He said CPS will not see ESSER I or II funds until next year. Mr. Kay also reported on Financial Report M4, invoices paid to Barends-Tate Consulting Group for an outside audit, which is required with our bond funds. Stealth Broadband was paid along with Cognia for our accreditation, this is similar to a membership fee.

I.M.3. Financial Report M5

Mr. Kay gave a brief summary of the M5 financial report, a payment went to County Title to perform a title check on descriptions for all CPS parcels to approve a rezoning for the Kramer addition.

I.M.4. Certified Personnel

Discussion on certified personnel included Mr. Kay sharing that there are openings for a middle school science teacher, a high school math teacher, and a couple of SPED positions. Questions regarding what CPS will do if we can't fill the SPED positions were discussed. The Board approved an extra SPED position, so really only looking for one of those positions to be filled, a long-term sub may be used for the first semester. Mr. Kay said he is working with Jason Harris, Director of Student Services and Special Education, to get the position filled.

I.M.5. Classified Personnel

Mr. Kay noted that the classified resignation list is long, he said some people waited until the end of the school year to put in their notice. Classified employees were asked not to wait until the end of July with this information. Discussion regarding LSI and how and when CPS will address that to staff. He also mentioned that all classified staff get an exit interview as well as certified staff.

I.M.6. Professional Travel

Dr. Loeffelholz said things are opening up and there is a little more travel showing on the report.

I.N. Acceptance of Gifts/Donations

Dr. Loeffelholz said the end of year has a decent number, with scholarships, staff appreciation, and events. May contributions are \$28,218.34; \$545,781.39 for the year.

I.O. Business Operations and Human Relations

I.O.1. Policies

I.O.1.1. Review Unpaid Meal Policy

Mr. Kay said the update was approved in January. This is the annual review for next school year. We will not need to bring it back for a second reading because there are no changes being made.

I.O.2. Administrative Functions

I.O.2.1. Nutrition Services Meal Prices for 2021-2022

Mr. Kay said he is recommending 21-22 meal prices at a .05 increase. This will offset the LSI increase. There will be no increase for breakfast. Questions on the Summer Food Program and the free lunches for all students are being checked on, Mr. Kay said he has reached out to get information.

I.O.2.2. Substitute Teacher Pay

The rate that is being proposed is a jump from last year, there was no increase last year. Other districts have increased substitute pay and we want to stay ahead of the pack. There have been some changes for retirees to sub more which is very positive for CPS. Mr Kay said there will be some additions to the sub handbook, and the Board will be approving the additions and the clarifying information.

I.O.2.3. Certified Handbook for 2021-22

Mr. Kay shared the changes to the Certified Handbook with a listing of the changes to be approved. The changes included where to find the calendar, where to find information regarding school closing. One of the changes clarifies who is considered immediate family to match the negotiated agreement. He added information on the Emergency Leave Bank and rules regarding cash in buildings. Also included was use of devices to videotape staff, students, parents, it is the same standards for the adults as for students. The facilities rental agreement was updated for staff. COVID-19 supplement from last year will be changed to a pandemic supplement for the future.

I.O.2.4. Surplus Property

All items were deemed surplus property and disposed of accordingly.

I.O.2.5. School Fundraising Applications

There are a few applications, two for the sale of fireworks this summer. Mr. Kay is trying to simplify the process of approving fundraising with the plan of voting at one board meeting for all fundraisers throughout the year.

I.O.3. Updates

I.O.3.1. Upbeat Engagement Survey Results

Mr. Kay reviewed the Spring Teacher Engagement Survey with the Board.

I.P. Buildings & Sites/Technology

I.P.1. Policies

I.P.2. Administrative Functions

I.P.2.1. Bus Lease 2021

Leonard Kwapnioski, Director of Building/Sites and Technology, shared information regarding updating our bus fleet. He is proposing a lease with Nebraska/Central Equipment which includes 11 total vehicles, 30 and 14 passenger buses. There will be some training that will need to take place for coaches and sponsors. These vehicles will have a district wrap put on them. Two executive coaches, 56 passenger buses are included. At the end of the 5- year lease we will keep these two vehicles. This is a large dollar amount, however, that amount is being spent on maintenance for our old fleet anyway. The district has done well putting funds away to acquire vehicles when needed, annually enough money has been set aside to pay for this lease. There is a trade-in option in 5 years that would be better because you will spend less in the ongoing maintenance costs as vehicles get older, need more work and have more miles. Fiscally this is responsible, you could purchase the 9 vehicles for \$300,000.00. There was some discussion regarding the addition of seatbelts in buses, Mr. Kwapnioski said you are required to wear them if you have them. There is some negative information regarding wearing seat belts on school buses. We will keep the 4 vans and the 1 suburban. Coaches could get paid to drive, which would help tremendously with our student travel.

I.P.2.2. ESSER III Funds

Mr. Kwapnioski is asking for approval for a contract that would evaluate every building for HVAC maintenance and air quality. The HVAC in all buildings have been on the strategic plan. A big project is to add air conditioning in all elementary gyms where the students are eating lunch. This is a great opportunity to get these projects started. There are other districts looking at using ESSER III funds for these projects. The evaluation will label everything out with the report. Discussion regarding CMS and the CHS renovations and the equipment purchased, Mr. Kwapnioski reminded the group that air quality standards have changed exponentially. Many of the elementary buildings have very old systems now, and we need to think about improving air quality in those buildings. CMS equipment was purchased in 2007, he said even the equipment at CHS was purchased 7 years ago, and standards are very different today. He said this is the only company that will do the evaluation the way that is best for CPS. The report will give an idea of what needs to be done to improve air quality. This company has guaranteed to get this done in our time frame. A

final date of completion should be added to the contract. This will be funded from the maintenance budget.

I.P.3. Updates

Mr. Kwapnioski updated the board on Kramer and tearing out the kitchen floor. The North Park parking lot is gone, the recent rain did not help. Platte Valley precast staff have been turning dirt over to dry it out so they can perform the soil testing. Neighbors to that building are ecstatic that this will help to get cars off the street. Mr. Kwapnioski spoke about the Safety Committee receiving an email about LB322 passing on the Safe2HelpNE. This is an anonymous call in hotline, this is similar to what GI and Kearney have been using.

I.Q. Curriculum and Instruction

I.Q.1. Policies

I.Q.2. Administrative Functions

I.Q.3. Updates

I.R. Student Services

I.R.1. Policies

I.R.2. Administrative Functions

I.R.3. Updates

I.S. Superintendent's Report

Dr. Loffelholz said the End of Year Convocation was well received. Our office has been receiving thank you notes from some of the retirees with a lot of appreciation. He said summer school is going strong, along with camps. Many of the administrators are taking vacation before the July deadline. Graduation went smoothly.

I.T. Board Sharing

The Board is very thankful that so much was accomplished through the school year, and really happy we are moving forward without masks right now and hopeful that continues. All feel very glad we have made it to summer break and staff is getting a well deserved break, as well as principals getting some time off. Encouraging everyone to recharge and be ready for next year. So grateful to be able to see faces. They have heard a lot of good comments about the convocation and graduation.

II. Adjourn

Meeting adjourned at 9:01pm.

I, the undersigned, being the duly qualified Secretary for the School District No. 1 of Columbus, Nebraska, certify that the preceding is a true and correct copy of the minutes of the Regular School Board meeting of Monday, June 14, 2021.

President

Secretary

Literature Approval Form

Proposed Book Title: <i>The House on Mango Street</i>	Author: Sandra Cisneros
School Site: Columbus High School	Course: English 10 Honors

Please provide a rationale for the proposed literature title. Use the following criteria in your responses.

•What is the subject matter in this literature selection?	- <i>The House on Mango Street</i> is a coming-of-age novel set in Chicago and partially based on the experiences of author Sandra Cisneros. It follows a year in the life of Esperanza and her family and includes people and events in her working class neighborhood.
Is the maturity level of this literature appropriate? Please explain.	-This novel addresses a number of difficult/mature topics (racism, poverty, sexual abuse, puberty) but none in graphic detail. The “readability” (vocabulary, sentence structure, Lexile) is on the easier end of the spectrum where the literary aspects (first-narrator, non-linear plot, the vignette style) are more complex. It is a good combination for students at this level.
•How does this selection meet course standards and learning goals?	-Virtually all of the ELA standards can be addressed via any quality piece of literature. That said, this novel is an ideal vehicle to talk about the influence of an author’s background (10.6.1.a) and to develop a multicultural perspective (10.6.1.g).
•How will students benefit from reading and discussing this literature selection?	-The style (the interwoven vignettes) is likely something students have not experienced before. -Adding a Latin author to what our students read is a way to reflect our community in our content. -As this novel is widely taught across the country, our college-bound students are likely to hear references to it later. -For students who have experiences common to those of the main character, it’s good to see how others (even fictional characters) deal with those situations. -For students who do not have experiences common to the main character’s, it’s a chance to walk in someone else’s shoes. That’s why we read, right?

Superintendent Pay Transparency Notice—Proposed Contract - Dr. Troy Loeffelholz

Notice is hereby given that **Columbus Public Schools** has approval of a proposed superintendent employment contract/contract amendment on its agenda for the board meeting to be held on **June 14, 2021** at **5:30 pm** at the **ESU 7 Student Services Building, 2563 44th Avenue**, Conference Room in Columbus, Nebraska.

After the 2021/22 school year, how many years remain on the contract: (Column F must be completed if additional years remain on contract.)

2

The estimated costs to the district for the 2020/21 year and future years are listed below:

	2021/22 Base Pay, Additional Compensation & Benefits	Future Base Pay, Additional Compensation & Benefits per Contract	TOTAL CONTRACT COST
Base Pay for the Total FTE	\$ 233,299.00	\$ 466,598.00	\$ 699,897.00
Compensation for activities outside of the regular salary:			
• <i>Extended contracts/Activities outside of regular salary</i>			\$ -
• <i>Bonus/Incentive/Performance Pay</i>			\$ -
• <i>Stipends</i>			\$ -
• <i>All other costs not mentioned above</i>			\$ -

• <i>Insurances (Health, Dental, Life, Long Term Disability)</i>	\$ 1,891.00	\$ 3,782.00	\$ 5,673.00
• <i>Cafeteria Plan Stipend</i>			\$ -
• <i>Cash in lieu of insurance</i>	\$ 24,860.00	\$ 49,720.00	\$ 74,580.00
• <i>Employee's share of retirement, deferred compensation, FICA and Medicare <u>if paid by the district</u></i>			\$ -
• <i>District's share of retirement, FICA and Medicare</i>	\$ 45,436.00	\$ 90,872.00	\$ 136,308.00
• <i>IRS value of housing allowance</i>			\$ -
• <i>IRS value of vehicle allowance</i>			\$ -
• <i>Additional leave days</i>			\$ -
• <i>Annuities</i>			\$ -
• <i>Service credit purchase</i>			\$ -
• <i>Association /Membership dues</i>	\$ 805.00	\$ 1,610.00	\$ 2,415.00
• <i>Cell Phone/Internet reimbursement</i>	\$ 1,800.00	\$ 3,600.00	\$ 5,400.00
• <i>Relocation reimbursement</i>			\$ -
• <i>Travel allowance/reimbursement</i>			\$ -
• <i>Mileage Allowance</i>	\$ 6,000.00	\$ 12,000.00	\$ 18,000.00
• <i>Educational tuition assistance</i>			\$ -
• <i>All other benefit costs not mentioned above</i>			\$ -
Totals:	\$ 314,091.00	\$ 628,182.00	\$ 942,273.00

COMPULSORY ATTENDANCE

Any child who will reach six years of age prior to January 1 of the current year and who has not reached eighteen years of age shall meet the requirements of mandatory school attendance. Any such child shall attend the academic program on a regular basis, unless a written request to drop the child from the school ~~rolls~~ **attendance** is made by the parent, guardian or other person having charge, control or custody of the child.

Any child of mandatory attendance age must by law regularly attend a public, private, denominational, parochial school or a combination of such schools not less than the entire school term of the school(s) which the child attends. This does not apply to a child who has obtained a high school diploma or received a General Equivalency Diploma (**GED**), completed the program of instruction offered by a non-accredited or non-approved school, has reached the age of 18, or who is at least 16 years old and whose parent or guardian has withdrawn the child from school in the manner prescribed by state statute.

Excusing a student from the "full-time" requirement of the compulsory education law can be granted by the superintendent for a child between 14 and 16 years of age having completed the work of the eighth grade when legal employment due to necessity has been obtained by the student and such a request has been made by a parent/guardian.

Withdrawal To Age 6

The parent/guardian of any child who will not reach six years of age prior to January 1 of the current school year, **but will not reach seven years of age prior to January 1 of the current school year**, and who is enrolled, may discontinue that enrollment according to procedures provided by the district.

Minimum Age

The district will not admit any child into kindergarten unless the child will reach the age of five years on or before July 31, **of the calendar year in which the school year that the child is seeking admission begins except** as follows:

1. the board shall admit a child who will reach the age of five years **on or after August 1 and on or before** ~~by~~ October 15 if;
 - a. the parent provides an affidavit stating that the child attended kindergarten in another district, or
 - b. the family will be relocating to another district that allows admission within the current year, or
 - c. the child is capable of carrying the work of kindergarten which can be demonstrated through recognized assessment procedures approved by the board. Each school board shall approve and make available a recognized assessment procedure for determining if a child is capable of carrying the work of kindergarten.

The district will use the Developmental Indicators for the Assessment of Learning (DIAL-4) to meet the requirement for a recognized assessment procedure to determine if a child not 5 years of age on or before October 15 of the current year is capable of **File: 503.01 Page 2 of 3** carrying the work of kindergarten. The board shall update these procedures as the board deems appropriate.

Early Withdrawal at Age Sixteen

A person who has legal or actual charge or control of a child who is at least sixteen years of age may withdraw the child from school if an exit interview is conducted ~~as required below~~, **and the withdrawal form is signed** or ~~if~~ a notarized release form **that will be** filed with the Commissioner of Education as required by law for a child enrolled in a school that elects not to meet accreditation or approval requirements.

The exit interview shall be conducted at the time and place selected by the superintendent or ~~superintendent's~~ designee upon receiving the written request of any person who has legal or actual charge or control of a child who is at least sixteen years of age if the child is enrolled in a school operated by the school district or resides in the school district and is enrolled in a private, denominational, or parochial school.

The exit interview shall be personally attended by:

1. The child, unless the withdrawal is being requested due to an illness of the child making attendance at the exit interview impossible or impracticable;
2. the person who has legal or actual charge or control of the child who requested the exit interview;
3. the superintendent or ~~superintendent's~~ designee;
4. the child's principal or ~~the principal's~~ designee if the child at the time of the exit interview is enrolled in a school operated by the school district; and
5. any other person requested by any of the required parties who agrees to attend the exit interview and is available at the time designated for the exit interview which may include other school district personnel or the child's principal or such principal's designee if the child is enrolled in a private, denominational, or parochial school.

At the exit interview, the person making the written request shall present evidence that the person has legal or actual charge or control of the child and that the child would be withdrawing due to either:

1. financial hardships requiring the child to be employed to support the child's family or one or more dependents of the child, or
2. an illness of the child making attendance impossible or impracticable.

The superintendent or ~~superintendent's~~ designee shall identify all known alternative educational opportunities, including vocational courses of study, that are available to the child in the school district and how withdrawing from school is likely to reduce potential future earnings for the child and increase the likelihood of the child being unemployed in the future. Any other relevant information may be presented and discussed by any of the parties in attendance.

At the conclusion of the exit interview, the person making the written request may sign the withdrawal form provided by the school district agreeing to the withdrawal of the child or may rescind the written request for the withdrawal.

Any withdrawal form signed by the person making the written request shall be valid only if:

1. the child signs the form unless the withdrawal is being requested due to an illness of the child making attendance at the exit interview impossible or impracticable, and
2. the superintendent or ~~superintendent~~'s designee signs the form acknowledging that the interview was held, the required information was provided and discussed at the interview, and, in the opinion of the superintendent or the superintendent's designee, the person making the written request does in fact have legal or actual charge or control of the child and the child is experiencing either:
 - a. financial hardships requiring the child to be employed to support the child's family or dependents of the child, or
 - b. an illness making attendance impossible or impracticable.

COMPULSORY ATTENDANCE

Any child who will reach six years of age prior to January 1 of the current year and who has not reached eighteen years of age shall meet the requirements of mandatory school attendance. Any such child shall attend the academic program on a regular basis, unless a written request to drop the child from the school rolls is made by the parent, guardian or other person having charge, control or custody of the child.

Any child of mandatory attendance age must by law regularly attend a public, private, denominational, parochial school or a combination of such schools not less than the entire school term of the school(s) which the child attends. This does not apply to a child who has obtained a high school diploma or received a General Equivalency Diploma, completed the program of instruction offered by a non-accredited or non-approved school, has reached the age of 18, or who is at least 16 years old and whose parent or guardian has withdrawn the child from school in the manner prescribed by state statute.

Excusal from the "full-time" requirement of the compulsory education law can be granted by the superintendent for a child between 14 and 16 years of age having completed the work of the eighth grade when legal employment due to necessity has been obtained by the student and such a request has been made by a parent/guardian.

Withdrawal To Age 6

The parent/guardian of any child who will not reach six years of age prior to January 1 of the current school year and who is enrolled, may discontinue that enrollment according to procedures provided by the district.

Minimum Age

The district will not admit any child into kindergarten unless the child will reach the age of five years on or before July 31, except as follows:

1. the board shall admit a child who will reach the age of five years by October 15 if;
 - a. the parent provides an affidavit stating that the child attended kindergarten in another district, or
 - b. the family will be relocating to another district that allows admission within the current year, or
 - c. the child is capable of carrying the work of kindergarten which can be demonstrated through recognized assessment procedures approved by the board. Each school board shall approve and make available a recognized assessment procedure for determining if a child is capable of carrying the work of kindergarten.

The district will use the Developmental Indicators for the Assessment of Learning (DIAL-4) to meet the requirement for a recognized assessment procedure to determine if a child not 5 years of age on or before October 15 of the current year is capable of

carrying the work of kindergarten. The board shall update these procedures as the board deems appropriate.

Early Withdrawal at Age Sixteen

A person who has legal or actual charge or control of a child who is at least sixteen years of age may withdraw the child from school if an exit interview is conducted as required below, or if a signed notarized release form is filed with the Commissioner of Education as required by law for a child enrolled in a school that elects not to meet accreditation or approval requirements.

The exit interview shall be conducted at the time and place selected by the superintendent or the superintendent's designee upon receiving the written request of any person who has legal or actual charge or control of a child who is at least sixteen years of age if the child is enrolled in a school operated by the school district or resides in the school district and is enrolled in a private, denominational, or parochial school.

The exit interview shall be personally attended by:

- The child, unless the withdrawal is being requested due to an illness of the child making attendance at the exit interview impossible or impracticable;
- the person who has legal or actual charge or control of the child who requested the exit interview;
- the superintendent or the superintendent's designee;
- the child's principal or the principal's designee if the child at the time of the exit interview is enrolled in a school operated by the school district; and
- any other person requested by any of the required parties who agrees to attend the exit interview and is available at the time designated for the exit interview which may include other school district personnel or the child's principal or such principal's designee if the child is enrolled in a private, denominational, or parochial school.

At the exit interview, the person making the written request shall present evidence that the person has legal or actual charge or control of the child and that the child would be withdrawing due to either:

- a) financial hardships requiring the child to be employed to support the child's family or one or more dependents of the child, or
- b) an illness of the child making attendance impossible or impracticable.

The superintendent or superintendent's designee shall identify all known alternative educational opportunities, including vocational courses of study, that are available to the child in the school district and how withdrawing from school is likely to reduce potential future earnings for the child and increase the likelihood of the child being unemployed in the future. Any other relevant information may be presented and discussed by any of the parties in attendance.

At the conclusion of the exit interview, the person making the written request may sign the withdrawal form provided by the school district agreeing to the withdrawal of the child or may rescind the written request for the withdrawal.

Any withdrawal form signed by the person making the written request shall be valid only if:

- a) the child signs the form unless the withdrawal is being requested due to an illness of the child making attendance at the exit interview impossible or impracticable, and
- b) the superintendent or superintendent's designee signs the form acknowledging that the interview was held, the required information was provided and discussed at the interview, and, in the opinion of the superintendent or the superintendent's designee, the person making the written request does in fact have legal or actual charge or control of the child and the child is experiencing either:
 - 1) financial hardships requiring the child to be employed to support the child's family or dependents of the child, or
 - 2) an illness making attendance impossible or impracticable.

STUDENT ABSENCES

Regular attendance by students is essential for students to obtain the maximum opportunities from the education program. Parents and students alike are encouraged to ensure an absence from school is a necessary absence. Students shall attend school unless excused by the principal of their attendance center.

~~Student absences approved by the principal shall be considered allowable absences. Approved~~ Absences that may be exempt ~~except~~ for notification of the county attorney, includes, but is not limited to, medically documented illnesses that make attendance impossible or impracticable or appointments, pandemic occurrences identified by local clinics, recognized religious observances and school-sponsored or approved activities. ~~Approved~~ Absences shall count as days in attendance for the school year and for purposes of addressing excessive absenteeism.

Students ~~whose~~ who are ~~absences-absent~~ are ~~approved~~ shall make up the work missed and receive full credit for the missed school work, within guidelines of the student handbook. It shall be the responsibility of the student to initiate a procedure with the student's teacher to complete the work missed.

Students who wish to participate in school-sponsored activities must attend school for the full day the day of the activity unless permission has been given by the principal for the student to be absent.

It shall be the responsibility of the parent to notify the student's attendance center as soon as the parent knows the student will not be attending school on that day. The principal may request evidence or written verification of the student's reason for absence.

It shall be the responsibility of the superintendent, in conjunction with the principal, to develop administrative regulations regarding this policy.

ABSENTEEISM/BARRIERS TO ATTENDANCE

Regular attendance by the students at school is essential for students to obtain the maximum opportunities from the education program. Parents and students alike are encouraged to ensure an absence from school is a necessary absence. Students shall attend school unless ~~approved~~ **“documentation is provided to”** by the principal of their attendance center. This policy, developed **“and reviewed annually”** in collaboration with the county attorney ~~for the district’s principal office location~~, is an attempt to address the absenteeism/barriers to student attendance. Students shall attend school unless excused by the principal of their attendance center. This policy shall include a provision indicating how the district and the county attorney will handle cases in which excessive absences are due to illness and shall state the circumstances and number of absences or hourly equivalent upon which the school shall render all services to address barriers to attendance.

Any superintendent, principal, teacher, or member of the school board who knows of any violation of the state school attendance laws (79-201) shall report that violation to the school attendance officer within 3 days.

The superintendent shall designate an attendance officer immediately. The attendance officer will investigate the report of any child who may be in violation of the state’s compulsory attendance statutes.

If any student has exceeded the number of **all absences** ~~Unexcused Absences~~ as defined in the student handbook, the school shall render all services to address barriers in attendance. These services shall include the following:

1. Verbal or written communication by school officials with the person or persons who have legal or actual charge or control of any child; and
2. A meeting or meetings between the school attendance officer, school social worker, **school counselor**, school administrator ~~or designee~~, the person who has legal or actual control of the child, and the student (when appropriate) to address the barriers to attendance. The result of the meeting or meetings shall be to develop a collaborative plan to reduce barriers identified to improve regular attendance. The plan shall consider, but not be limited to:
 - (i) Illness related to physical, behavioral, **or mental** health to the child;
 - (ii) Educational counseling;
 - (iii) Educational evaluation;
 - (iv) Referral to community agencies for economic services;
 - (v) Family or individual counseling; and
 - (vi) Assisting the family in working with other community services.

The school may report to the county attorney of the county in which the person resides when the school has documented the efforts it has made as required by statutes, that the collaborative plan to reduce barriers identified to improve regular attendance has not been successful, and that the child has been absent more than twenty days per year. The school shall notify the child's family **prior to 20 days of absence in writing a letter of intent to file with the county attorney's office** prior to referring the child to the county attorney. Illness that makes attendance impossible or impracticable shall not be the basis for referral to the county attorney.

Students are subject to consequences for excessive absenteeism as outlined in the rules regulating the excessive absences policy and student handbook. Disciplinary action for students receiving special education services will be assigned in accordance with the student's Individualized Education Program (IEP). The student shall make up all work missed to receive credit, within guidelines of the student handbook.

The superintendent shall report to the Commissioner of Education as directed by the commissioner regarding the number of and reason for any long-term suspension, expulsion, or excessive absenteeism of a student; referral of a student to the office of the county attorney for excessive absenteeism; or contacting of law enforcement officials other than school resource officers by the district relative to a student enrolled in the district. The superintendent shall report annually to the Commissioner the required data for the number of students who have dropped out of school.

It shall be the responsibility of the superintendent to implement this policy. The implementation may include regulations indicating the disciplinary action to be taken for excessive absenteeism.

STUDENT CONDUCT

STUDENT CONDUCT

The board believes inappropriate student conduct causes serious disruption to the learning environment, interferes with the rights of others, and threatens the health and safety of students, employees and the public. The Superintendent and staff will develop and implement age-appropriate student codes of conduct to facilitate the educational process.

Students shall conduct themselves in a manner fitting to their age level and maturity and with respect and consideration for the rights of others while on school district property or on property within the jurisdiction of the school district. This policy will also apply while on school owned, operated or chartered transportation; while attending or engaged in school activities; and while away from school grounds if misconduct will directly affect the good order, efficient management and educational processes of the school district.

Students who violate this policy and the administrative regulations supporting it will be subject to disciplinary measures including, but not limited to, removal from the classroom, detention, suspension, probation and expulsion. The codes of conduct will include measures to prevent or discourage behavior which interferes with the educational program, behavior which disrupts the orderly and efficient operation of the school or the functioning of school activities, behavior which interferes with the maintenance of a learning environment, behavior that is violent or destructive, or behavior which interferes with the rights of other students to pursue their education. Procedures will be available to allow rights of due process for all students.

Every report of alleged violations of student conduct policies that can be interpreted at the outset to fall within the protections of laws against discrimination shall be handled as a joint, concurrent investigation into all allegations and coordinated with the full participation of the Compliance Officer and Title IX Coordinator. If, in the course of an ongoing student conduct investigation, potential issues of discrimination are identified, the Title IX Coordinator shall be promptly notified, and the investigation shall be conducted jointly and concurrently to address the issues of alleged discrimination as well as the incidents of alleged violations of student conduct policies.

This disciplinary process is designed to create the expectation that the degree of discipline imposed by the school will be proportional to the severity of the behavior of the particular student, the previous discipline history of the student and other relevant factors. It will also include parental involvement processes designed to enable parents, guardians, teachers and school administrators to work together to improve and enhance appropriate student behavior and academic performance. All student codes of conduct shall be submitted to the board for approval or review and **annually reviewed in collaboration with the county attorney. The student code of conduct shall also be posted conspicuously in each school during the school year.**

The code of conduct will be included in the student handbook, and a parent/guardian will sign and promptly return an acknowledgement of receipt of the handbook which specifically mentions the student code of conduct.

COLUMBUS PUBLIC SCHOOLS
Columbus, Nebraska

SUSPENSION AND EXCLUSION OF STUDENTS

SUSPENSION OF STUDENTS

The provisions of this section apply to all **students** enrolled in the school district. The authority to suspend for a "**short term**" and to propose a "**long term**" suspension, and/or expulsion is delegated to the principal or his or her designee. **Schools are not required to maintain students who are a danger to themselves or others in regular attendance centers.**

A short-term suspension shall mean the exclusion of a student from school attendance for a period not to exceed five school days. A long-term suspension means the exclusion of a student from school attendance for a period exceeding five school days but less than twenty school days.

When considering possible courses of action for special education students in regard to alleged violations of school rules, policies, and regulations, procedural due process rights guaranteed under applicable Federal and State **statutes** are applicable. The school district is obligated to see that every special education student is provided an appropriate educational program without cost to the parent.

Suspension from classes or school, while subject to school authority, will be carried out if the student:

1. uses violence, force, threat or intimidation in a manner causing substantial interference with school purposes; or
2. causes or attempts to cause substantial damage to school or private property or steals or attempts to steal school or private property of substantial value **or repeated damage or theft involving property**; or
3. causes or attempts to cause physical injury to another person except in self-defense; or threatens or intimidates any student for the purpose or intent of obtaining something of value from the student; or
4. possesses or transmits any firearm, knife, explosive or other dangerous object that is ordinarily considered a weapon; or
5. engages in the unlawful possession, selling, dispensing, or use of a controlled substance or an imitation controlled substance, as defined in section 28-401, a substance represented to be a controlled substance, or alcoholic liquor as defined in section 53-103 or being under the influence of a controlled substance or alcoholic liquor; or
6. commits public indecency as defined in Nebraska statute 28-806 if that student is at least twelve years of age but less than nineteen years of age; or
7. commits or attempts to commit sexual assault **of any degree, that occurs on or off school grounds, function, activity, or event, (79-267.9) against any person. Which may include** if a complaint has been filed by a prosecutor alleging the incident as required in Nebraska statute 79-267.8; or
8. engages in any other illegal activity which constitutes a danger to other students or interferes with school purposes; or engages in bullying as defined in section 79-2,137; or
9. repeatedly violates the policies, rules and standards of student conduct established by the district.

SUSPENSION AND EXCLUSION OF STUDENTS

EMERGENCY EXCLUSION

Any student may be excluded from school in the following circumstances:

1. If the student has a dangerous communicable disease transmissible **through** normal school contacts and poses an imminent threat to the health or safety of the school community; or
2. If the student's conduct presents a clear threat to the physical safety of himself, herself, or others, or is so extremely disruptive as to make temporary removal necessary to preserve the rights of other students to pursue an education.

Such an emergency exclusion shall be based upon a clear factual situation warranting it and shall last not longer than is necessary to avoid the dangers described above. If the emergency exclusion will be for five days or less, the procedures for a short-term suspension shall be followed. If the superintendent or his or her designee determines that such emergency exclusion shall extend beyond five days, a hearing will be held and a final determination made within ten school days after the initial date of exclusion. Such procedure shall substantially comply with the procedures set forth in state statutes 79-266-287 for a long-term suspension or expulsion and be modified only to the extent necessary to accomplish the hearing and determination within the shorter time period.

SUSPENSION & EMERGENCY EXCLUSION GUIDELINES - Due Process of Students

Students who are suspended or emergency excluded will be informed of the charges against him or her and, if the student denies them, an explanation of the evidence will be given and the student will be given an opportunity to refute the charges. No time delay is necessary between the time a **student** is notified of the charges and the time of the hearing before the principal.

Every report of alleged violations of student conduct policies that can be interpreted at the outset to fall within the protections of laws against discrimination shall be handled as a joint, concurrent investigation into all allegations and coordinated with the full participation of the Compliance Officer and Title IX Coordinator. If, in the course of an ongoing student conduct investigation, potential issues of discrimination are identified, the Title IX Coordinator shall be promptly notified, and the investigation shall be conducted jointly and concurrently to address the issues of alleged discrimination as well as the incidents of alleged violations of student conduct policies.

Administrative procedures complying with the Student Discipline Act shall also be in place to ensure due process to the student should the principal decide to administer a long-term suspension, expulsion, or mandatory reassignment.

If a student's presence poses a continuing danger to persons or property or an ongoing threat of disruption to the academic process, an emergency exclusion may be invoked and the student may be immediately removed from school. However, notice and hearing should follow as soon as practical and not more than ten days following the initial exclusion.

SUSPENSION AND EXCLUSION OF STUDENTS

Guidelines to insure that students are afforded due process during a suspension or proposed suspension from school are included as exhibits 1-4. The procedural rules, regulations and guidelines will be approved by the Board of Education and made known to students, parents and school staff.

The student shall be given an oral or written notice of the measure of discipline, or infraction, against the code of conduct against him or her, an explanation of the evidence, and an opportunity to present his or her version. The principal should within 24 hours or such additional time as is reasonably necessary following such suspension, the principal shall send a written statement to the student and his or her parent or guardian describing the student's conduct, misconduct, or violation of the rule or standard and the reasons for the action taken.

The principal, or his/her designee, shall hold a conference with the parent or guardian before the student returns to school from an out of school suspension. (79-265)

The principal should make a reasonable effort to contact the parent(s) or guardian(s) of a suspended student by telephone or to communicate to them directly regarding the specific act(s) for which the suspension is ordered and the length of the suspension. If personal contact cannot be made then a notice will be mailed to parents within 24 hours stating the specific act(s) for which the suspension is ordered and the length of the suspension.

Violations of Law Relating to Suspensions

1. Student violations or suspected violations of Nebraska Law will be reported to law enforcement as soon as possible. Conduct to be reported for law enforcement referral includes:
 1. Conduct that may constitute a felony.
 2. Conduct which may constitute a threat to the safety or well-being of students or others in school programs and activities, and
 3. Conduct that the legal system is better equipped to address than school officials.

Student violations of school policy that are not apparent violations of law will be addressed by school administrators without reporting them to law enforcement. Administrators should consider the student's maturity, and known behavioral, emotional or mental disorders, if applicable. It will be the responsibility of the referring administrator to contact the student's parent that a referral to legal authorities has been or will be made, if applicable. **On or before August 1, the school board will annually review the reporting guidelines above with the County Attorney.** These shall be distributed to all parents and guardians and their students at the beginning of each school year, or at the time of enrollment if during the school year. **The guidelines shall also be posted conspicuously in each school during the school year.**

2. Except in instances of suspected child abuse, when a principal or designee releases a minor student to a law enforcement officer for the purpose of removing the minor from the school premises, immediate steps shall be taken to notify the parent, guardian, or other relative

SUSPENSION AND EXCLUSION OF STUDENTS

having control of the minor about the minor's release to the officer and about the place to which the minor is reportedly being taken. In cases of suspected child abuse, the principal or designee will provide the law enforcement officer with the address and telephone number of the minor's parents or guardian. All records and documentation regarding suspension will be destroyed within three years of the student's continuous absence from school. No information regarding a suspension will be communicated to any person not directly involved in the disciplinary proceedings.

The right of appeal to the Board of Education in cases involving student suspension described in this policy does not extend to a suspension from a student extracurricular activities program or other disciplinary action affecting participation in an extracurricular activities program.

EMERGENCY EXCLUSION CHECKLIST

Student Name

Date

1. Investigate complaints.
2. If there is time, interview the student or parents to obtain the student's side of the story (due process).
3. After the investigation is complete, determine if either (A) the student has a dangerous communicable disease transmissible through normal school contacts and poses an imminent threat to the health or safety of the school community; or (B) the student's conduct presents a clear threat to the physical safety of himself, herself, or others, or is so extremely disruptive as to make temporary removal necessary to preserve the rights of other students to pursue an education.
4. Determine the appropriate length of the emergency exclusion (depends on each case but cannot last longer than is necessary to avoid the dangers identified).
5. Communicate the emergency exclusion to the student and/or student's parents.
6. Determine if any special education concerns need to be addressed (such as a manifestation determination meeting).
7. If the emergency exclusion lasts for five school days or less, decide if the student will be allowed to make up any missed academic assignments or coursework.
8. If the emergency exclusion lasts for more than five school days, send the parents notice of the emergency exclusion with the following included:
 - a. The danger is identified;
 - b. The length of the exclusion;
 - c. A copy of the Student Discipline Act and Board Policy on Student Discipline (including the Policies procedures for appealing the emergency exclusion decision); and
 - d. The form to appeal the emergency exclusion.
9. Decide how the student will be educated during the period of exclusion and communicate such decisions to the student and student's parents.
 - a. Invite Social Worker and/or School Counselor and complete [Pre/Post Suspension collaborative plan](#).
 - b. Establish date and time of Post-Suspension meeting.
10. If the student requests a hearing, notify the Superintendent and work with the Superintendent to arrange for a hearing before the Board.

11. When the student returns to school, communicate any stipulations or warnings to the student about further misconduct or rule violations.
 - a. Invite Social Worker and/or School Counselor and complete post suspensions details of Pre/Post suspension plan created in step 9.

LONG-TERM SUSPENSION CHECKLIST¹

Student Name

Date

1. Investigate the complaint.
2. Interview the student to obtain the student's side of the story (due process).
3. After the investigation is complete, determine if student's conduct constitutes grounds for long-term suspension as set forth in either (A) the Student Discipline Act; or (B) the Student Handbook or Board Policy.
4. Determine the appropriate length of the suspension (more than five school days but less than twenty school days out of school).
5. Determine if any special education concerns need to be addressed (such as a manifestation determination meeting).
6. On the date that the decision to long-term suspend is made, send a written summary of the evidence to the Superintendent.
7. **Communicate the suspension to the student and/or student's parents.**
8. Within two school days after the decision to long-term suspend is made, send (by registered or certified mail) a long-term suspension letter with the following included:
 - a. The rule(s) that the student violated;
 - b. The recommended disciplinary consequence;
 - c. A statement that, before long-term suspension will be invoked, the student has a right to a hearing, upon request, on the specified charges;
 - d. A copy of the Student Discipline Act and Board Policy on Student Discipline (including the Policies procedures for appealing the decision);
 - e. A statement that the principal, legal counsel for the school, the student, the student's parent, or the student's representative or guardian has the right (i) to examine the student's academic and disciplinary records and any affidavits to be used at the hearing concerning the alleged misconduct and (ii) to know the identity of the witnesses to appear at the hearing and the substance of their testimony; and
 - f. The form to **appeal** the disciplinary decision.
9. Determine if the long-term suspension should be implemented, effective immediately (even if the student requests a hearing), to prevent or substantially reduce the risk of (a) interference with an educational function or school purpose or (b) a personal injury to the student himself or herself, other students, school employees, or school volunteers.

¹ Neb. Rev. Stat. §§ 79-267, et seq.

10. Decide how the student will be given an opportunity to complete any classwork, including, but not limited to, examinations missed during the period of suspension, and communicate such a decision to the student and student's parents.
 - a. The school counselor or social worker will contact the family to set up an education plan and provide outside resources. Information to be documented in the [Pre/Post Suspension Collaborative Plan](#).
11. If the student requests a hearing, notify the Superintendent and work with the Superintendent to arrange for a hearing officer to hold the hearing.
12. If the student requests a hearing, prepare (in affidavit form) an explanation of the investigation, information about the student's conduct, and why the decision to long-term suspend was made.
13. When the student returns to school, communicate any stipulations or warnings to the student about further misconduct or rule violations.
 - a. Invite Social Worker and/or School Counselor and complete post suspensions details of Pre/Post suspension plan created in step 9.

¹ Neb. Rev. Stat. § 79-265.

SUSPENSION OF STUDENTS

The authority to suspend for a "short term" and to propose an "extended term" suspension and/or expulsion is delegated to the principal or his or her designee. A short-term suspension shall mean the exclusion of a student from school attendance for a period not to exceed five school days. A long-term suspension means the exclusion of a student from school attendance for a period exceeding five school days but less than twenty school days.

The provisions of this section apply to all pupils enrolled in the school district. When considering possible courses of action for special education students in regard to alleged violations of school rules, policies, and regulations, procedural due process rights guaranteed under applicable Federal and State statutes are applicable. The school district is obligated to see that every special education student is provided an appropriate educational program without cost to the parent. Conversely, schools are not required to maintain pupils who are a danger to themselves or others in regular attendance centers.

Suspension from classes or school will not be carried out unless the student while subject to school authority:

1. uses violence, force, threat or intimidation in a manner causing substantial interference with school purposes; or
2. causes or attempts to cause substantial damage to school or private property or steals or attempts to steal school or private property of substantial value; or
3. causes or attempts to cause physical injury to another person except in self-defense; or threatens or intimidates any student for the purpose or intent of obtaining something of value from the student; or
4. possesses or transmits any firearm, knife, explosive or other dangerous object that is ordinarily considered a weapon; or
5. engages in the unlawful possession, selling, dispensing, or use of a controlled substance or an imitation controlled substance, as defined in section 28-401, a substance represented to be a controlled substance, or alcoholic liquor as defined in section 53-103 or being under the influence of a controlled substance or alcoholic liquor; or
6. commits public indecency as defined in Nebraska statute 28-806 if that student is at least twelve years of age but less than nineteen years of age; or
7. commits or attempts to commit sexual assault against any person if a complaint has been filed by a prosecutor alleging the incident as required in Nebraska statute 79-267.8; or
8. engages in any other illegal activity which constitutes a danger to other students or interferes with school purposes; or engages in bullying as defined in section 79-2,137; or
9. repeatedly violates the policies, rules and standards of student conduct established by the district.

A given suspension will be for a period of time not to exceed 5 school days. A student will be informed of the charges against him or her and, if the student denies them, an explanation of the evidence will be given and the student will be given an opportunity to refute the charges. No time delay is necessary between the time a pupil is notified of the charges and the time of the hearing before the principal.

Guidelines to insure that students are afforded due process during a suspension or proposed suspension from school will be developed. The procedural rules, regulations and guidelines will be approved by the Board of Education and made known to students, parents and school staff.

Every report of alleged violations of student conduct policies that can be interpreted at the outset to fall within the protections of laws against discrimination shall be handled as a joint, concurrent investigation into all allegations and coordinated with the full participation of the Compliance Officer and Title IX Coordinator. If, in the course of an ongoing student conduct investigation, potential issues of discrimination are identified, the Title IX Coordinator shall be promptly notified, and the investigation shall be conducted jointly and concurrently to address the issues of alleged discrimination as well as the incidents of alleged violations of student conduct policies.

Administrative procedures complying with the Student Discipline Act shall also be in place to ensure due process to the student should the principal decide to administer a long-term suspension, expulsion, or mandatory reassignment.

If a student's presence poses a continuing danger to persons or property or an ongoing threat of disruption to the academic process, an emergency exclusion may be invoked and the student may be immediately removed from school. However, notice and hearing should follow as soon as practical and not more than ten days following the initial exclusion.

The principal should make a reasonable effort to contact the parent(s) or guardian(s) of a suspended student by telephone or to communicate to them directly regarding the specific act(s) for which the suspension is ordered and the length of the suspension. If personal contact cannot be made then a notice will be mailed to parents within 24 hours stating the specific act(s) for which the suspension is ordered and the length of the suspension.

EMERGENCY EXCLUSION: Any student may be excluded from school in the following circumstances:

1. If the student has a dangerous communicable disease transmissible through normal school contacts and poses an imminent threat to the health or safety of the school community; or
2. If the student's conduct presents a clear threat to the physical safety of himself, herself, or others, or is so extremely disruptive as to make temporary removal necessary to preserve the rights of other students to pursue an education.

Such an emergency exclusion shall be based upon a clear factual situation warranting it and shall last not longer than is necessary to avoid the dangers described above.

If the emergency exclusion will be for five days or less, the procedures for a short-term suspension shall be followed. If the superintendent or his or her designee determines that such emergency exclusion shall extend beyond five days, a hearing will be held and a final determination made within ten school days after the initial date of exclusion. Such procedure shall substantially comply with the procedures set forth in state statutes 79-266 to 287 for a long-term suspension or expulsion and be modified only to the extent necessary to accomplish the hearing and determination within the shorter time period.

Violations of Law Relating to Suspensions

1. Student violations or suspected violations of Nebraska Law will be reported to law enforcement as soon as possible. Conduct to be reported for law enforcement referral includes conduct that may constitute a felony, conduct which may constitute a threat to the safety or well-being of students or others in school programs and activities, and conduct that the legal system is better equipped to address than school officials. Student violations of school policy that are not apparent violations of law will be addressed by school administrators without reporting them to law enforcement. Administrators should consider the student's maturity, and known behavioral, emotional or mental disorders, if applicable. It will be the responsibility of the referring administrator to contact the student's parent that a referral to legal authorities has been or will be made, if applicable.

On or before August 1, the school board will annually review the reporting guidelines above with the County Attorney. These shall be distributed to all parents and guardians and their students at the beginning of each school year, or at the time of enrollment if during the school year. The guidelines shall also be posted conspicuously in each school during the school year.

2. Except in instances of suspected child abuse, when a principal or designee releases a minor student to a law enforcement officer for the purpose of removing the minor from the school premises, immediate steps shall be taken to notify the parent, guardian, or other relative having control of the minor about the minor's release to the officer and about the place to which the minor is reportedly being taken. In cases of suspected child abuse, the principal or designee will provide the law enforcement officer with the address and telephone number of the minor's parents or guardian.

All records and documentation regarding suspension will be destroyed within three years of the student's continuous absence from school. No information regarding a suspension will be communicated to any person not directly involved in the disciplinary proceedings.

The right of appeal to the Board of Education in cases involving student suspension described in this policy does not extend to a suspension from a student extracurricular activities program or other disciplinary action affecting participation in an extracurricular activities program.

EXPULSION OF STUDENTS

EXPULSION OF STUDENTS

For the purposes of this policy and as defined in the Student Discipline Act, expulsion shall mean exclusion from attendance in all schools within the district for a period of time as defined in Nebraska statute 79-283.

Students may be expelled for violations of board policy, school rules or the law. It shall be within the discretion of the board to discipline a student by using an expulsion for a single offense or for a series of offenses depending on the nature of the offense and the circumstances surrounding the offense.

The superintendent will develop procedural rules, regulations and guidelines governing expulsions. These shall be approved by the Board of Education and made known to students, parents and school staff.

All cases of expulsion shall be preceded by short-term suspension and its related procedures or by the condition of emergency exclusion which applies only when a student (a) has a dangerous communicable disease transmissible through normal school contacts and poses an immediate threat to the health and safety of the school community; or (b) exhibits conduct which presents a clear threat to the physical safety of himself/herself or others, or is so extremely disruptive as to make temporary removal necessary to preserve the rights of other students to pursue an education.

EMERGENCY EXCLUSION: Any student may be excluded from school in the following circumstances:

1. If the student has a dangerous communicable disease transmissible **through** normal school contacts and poses an imminent threat to the health or safety of the school community; or
2. If the student's conduct presents a clear threat to the physical safety of himself, herself, or others, or is so extremely disruptive as to make temporary removal necessary to preserve the rights of other students to pursue an education.

Such an emergency exclusion shall be based upon a clear factual situation warranting it and shall last not longer than is necessary to avoid the dangers described above.

If the emergency exclusion will be for five days or less, the procedures for a short-term suspension shall be followed. If the superintendent or his or her designee determines that such emergency exclusion shall extend beyond five days, a hearing will be held and a final determination made within ten school days after the initial date of exclusion. Such procedure shall substantially comply with the procedures set forth in state statutes 79-266-287 for a long-term suspension or expulsion and be modified only to the extent necessary to accomplish the hearing and determination within the shorter time period. It shall be within the discretion of the superintendent to recommend to the board the expulsion of a student for disciplinary purposes. Only the board may take action to expel a student and to readmit the student. The principal shall keep records of expulsions in addition to the board's records.

EXPULSION OF STUDENTS

When a student is recommended for expulsion by the board, the student shall be provided with:

1. Notice of the standard of conduct allegedly violated, acts the student is alleged to have committed and a summary of the evidence to be presented against the student;
2. The penalty, if any, which the principal has recommended in the charge and any other penalty to which the student may be subject;
3. A statement that the student has a right to a hearing, upon request, on the specified charges;
4. A description of the hearing procedures, along with procedures for appealing any decision rendered at the hearing;
5. A statement the principal, legal counsel for the school, the student, the student's parent or representative or guardian has the right; to examine the student's academic and disciplinary records and any affidavits to be used at the hearing concerning the alleged misconduct and; to know the identity of the witnesses to appear at the hearing and the substance of their testimony;
6. A form on which the student or the student's parent/guardian may request a hearing

Violations of Law Relating to Suspensions

1. Student violations or suspected violations of Nebraska Law will be reported to law enforcement as soon as possible. Conduct to be reported for law enforcement referral includes conduct that may constitute a felony, conduct which may constitute a threat to the safety or well-being of students or others in school programs and activities, and conduct that the legal system is better equipped to address than school officials. Student violations of school policy that are not apparent violations of law will be addressed by school administrators without reporting them to law enforcement. Administrators should consider the student's maturity, and known behavioral, emotional or mental disorders, if applicable. It will be the responsibility of the referring administrator to contact the student's parent that a referral to legal authorities has been or will be made, if applicable.

On or before August 1, the school board will annually review the reporting guidelines above with the County Attorney. These shall be distributed to all parents and guardians and their students at the beginning of each school year, or at the time of enrollment if during the school year. The guidelines shall also be posted conspicuously in each school during the school year

2. Except in instances of suspected child abuse, when a principal or designee releases a minor student to a law enforcement officer for the purpose of removing the minor from the school premises, immediate steps shall be taken to notify the parent, guardian, or other relative having control of the minor about the minor's release to the officer and about the place to which the minor is reportedly being taken. In cases of suspected child abuse, the principal or designee will provide the law enforcement officer with the address and telephone number of the minor's parents or guardian.

EXPULSION OF STUDENTS

Supplemental to these procedures, a special education student must be provided with additional procedures. A determination should be made of whether the student is actually guilty of the misconduct. A staffing team should determine whether the student's behavior is caused by the student's disability and whether the conduct is the result of inappropriate placement. Discussions and conclusions of this meeting should be recorded. If the special education student's conduct is not caused by the disability, the student may be expelled or suspended for a long-term period following written notice to the parent and pursuant to the school district's expulsion hearing procedures. If the misconduct is caused by the disability and a change in placement is recommended, the change must be made pursuant to the placement procedures used by the school district.

Every report of alleged violations of student conduct policies that can be interpreted at the outset to fall within the protections of laws against discrimination shall be handled as a joint, concurrent investigation into all allegations and coordinated with the full participation of the Compliance Officer and Title IX Coordinator. If, in the course of an ongoing student conduct investigation, potential issues of discrimination are identified, the Title IX Coordinator shall be promptly notified, and the investigation shall be conducted jointly and concurrently to address the issues of alleged discrimination as well as the incidents of alleged violations of student conduct policies.

EXPULSION CHECKLIST¹

Student Name

Date

1. Investigate complaints.
2. Interview the student to obtain the student's side of the story (due process).
3. After the investigation is complete, determine if student's conduct constitutes grounds for expulsion as set forth in either (A) the Student Discipline Act; or (B) the Student Handbook or Board Policy.
4. Determine the appropriate length of the expulsion (typically through the end of the semester, but may be longer if misconduct occurs at the end of the semester or if a dangerous weapon (such as a firearm) is involved).
5. Determine if any special education concerns need to be addressed (such as a manifestation determination meeting).
6. On the date that the decision to expel is made, send a written summary of the evidence to the Superintendent.
7. Within two school days after the decision to expel is made, the superintendent will send (by registered or certified mail) an expulsion letter with the following included:
 - a. The rule(s) that the student violated;
 - b. The recommended disciplinary consequence;
 - c. A statement that, before the expulsion will be invoked, the student has a right to a hearing, upon request, on the specified charges;
 - d. A copy of the Student Discipline Act and Board Policy on Student Discipline (including the Policies procedures for appealing the decision);
 - e. A statement that the principal, legal counsel for the school, the student, the student's parent, or the student's representative or guardian has the right (i) to examine the student's academic and disciplinary records and any affidavits to be used at the hearing concerning the alleged misconduct and (ii) to know the identity of the witnesses to appear at the hearing and the substance of their testimony; and
 - f. The form to appeal the disciplinary decision.
8. Determine if the expulsion should be implemented, effective immediately (even if the student requests a hearing), to prevent or substantially reduce the risk of (a) interference with an educational function or school purpose or (b) a personal injury to the student himself or herself, other students, school employees, or school volunteers.

¹ Neb. Rev. Stat. §§ 79-267, et seq.

9. Decide how the student will be educated during the period of expulsion and communicate such decisions to the student and student's parents.
 - a. Invite Social Worker and/or School Counselor and complete [Pre/Post Suspension collaborative plan](#).
 - b. Establish date and time of Post-Suspension meeting.
10. Make a recommendation to the Superintendent for expulsion.
11. If the student requests a hearing, notify the Superintendent and work with the Superintendent to arrange for a hearing officer to hold the hearing.
12. If the student requests a hearing, prepare (in affidavit form) an explanation of the investigation, information about the student's conduct, and why the decision to expel was made.
13. When the student returns to school, communicate any stipulations or warnings to the student about further misconduct or rule violations.
 - a. Invite Social Worker and/or School Counselor and complete post suspensions details of Pre/Post suspension plan created in step 9.

[1] Neb. Rev. Stat. § 79-265

EXPULSION OF STUDENTS

For the purposes of this policy and as defined in the Student Discipline Act, expulsion shall mean exclusion from attendance in all schools within the district for a period of time as defined in Nebraska statute 79-283.

Students may be expelled for violations of board policy, school rules or the law. It shall be within the discretion of the board to discipline a student by using an expulsion for a single offense or for a series of offenses depending on the nature of the offense and the circumstances surrounding the offense.

The superintendent will develop procedural rules, regulations and guidelines governing expulsions. These shall be approved by the Board of Education and made known to students, parents and school staff.

All cases of expulsion shall be preceded by short-term suspension and its related procedures or by the condition of emergency exclusion which applies only when a student (a) has a dangerous communicable disease transmissible through normal school contacts and poses an immediate threat to the health and safety of the school community; or (b) exhibits conduct which presents a clear threat to the physical safety of himself/herself or others, or is so extremely disruptive as to make temporary removal necessary to preserve the rights of other students to pursue an education.

EMERGENCY EXCLUSION: Any student may be excluded from school in the following circumstances:

1. If the student has a dangerous communicable disease transmissible through normal school contacts and poses an imminent threat to the health or safety of the school community; or
2. If the student's conduct presents a clear threat to the physical safety of himself, herself, or others, or is so extremely disruptive as to make temporary removal necessary to preserve the rights of other students to pursue an education.

Such an emergency exclusion shall be based upon a clear factual situation warranting it and shall last not longer than is necessary to avoid the dangers described above.

If the emergency exclusion will be for five days or less, the procedures for a short-term suspension shall be followed. If the superintendent or his or her designee determines that such emergency exclusion shall extend beyond five days, a hearing will be held and a final determination made within ten school days after the initial date of exclusion. Such procedure shall substantially comply with the procedures set forth in state statutes 79-266 to 287 for a long-term suspension or expulsion and be modified only to the extent necessary to accomplish the hearing and determination within the shorter time period

It shall be within the discretion of the superintendent to recommend to the board the expulsion of a student for disciplinary purposes. Only the board may take action to expel a student and to readmit the student. The principal shall keep records of expulsions in addition to the board's records.

When a student is recommended for expulsion by the board, the student shall be provided with:

1. Notice of the standard of conduct allegedly violated, acts the student is alleged to have committed and a summary of the evidence to be presented against the student;
2. The penalty, if any, which the principal has recommended in the charge and any other penalty to which the student may be subject;
3. A statement that the student has a right to a hearing, upon request, on the specified charges;
4. A description of the hearing procedures, along with procedures for appealing any decision rendered at the hearing;
5. A statement the principal, legal counsel for the school, the student, the student's parent or representative or guardian has the right;
to examine the student's academic and disciplinary records and any affidavits to be used at the hearing concerning the alleged misconduct and;
to know the identity of the witnesses to appear at the hearing and the substance of their testimony;
6. A form on which the student or the student's parent/guardian may request a hearing

Violations of Law Relating to Suspensions

1. Student violations or suspected violations of Nebraska Law will be reported to law enforcement as soon as possible. Conduct to be reported for law enforcement referral includes conduct that may constitute a felony, conduct which may constitute a threat to the safety or well-being of students or others in school programs and activities, and conduct that the legal system is better equipped to address than school officials. Student violations of school policy that are not apparent violations of law will be addressed by school administrators without reporting them to law enforcement. Administrators should consider the student's maturity, and known behavioral, emotional or mental disorders, if applicable. It will be the responsibility of the referring administrator to contact the student's parent that a referral to legal authorities has been or will be made, if applicable.

On or before August 1, the school board will annually review the reporting guidelines above with the County Attorney. These shall be distributed to all parents and guardians and their students at the beginning of each school year, or at the time of

STUDENT DUE PROCESS RIGHTS

STUDENT DUE PROCESS RIGHTS

Student complaints and grievances regarding board policy or administrative regulations and other matters should be addressed to the student's specific teacher, activity sponsor or other certified employees, other than the administration, for resolution of the complaint. It is the goal of the Board to resolve student complaints at the lowest organizational level.

All students will be afforded due process as guaranteed by constitutional provisions. Complaints involving student suspension, expulsion or mandatory reassignment will follow provisions of the Student Discipline Act. All other student complaints are to follow the chain of command as outlined in district policies. Rules for student conduct and appeal procedures will also be published in the student handbook.

If the complaint cannot be resolved by a certified employee, the student may discuss the matter with the principal within five (5) days of the employee's decision. If the matter cannot be resolved by the principal, the student may discuss it with the superintendent within five (5) days after speaking with the principal.

If the matter is not satisfactorily resolved by the superintendent, the student may appeal to the Board in writing. However, the Board will only directly consider appeals dealing with policies, procedures and programs. Any complaints involving employee issues will be passed on to the Board's legal counsel to determine whether district policies and procedures were followed by the administrator in attempting to resolve the conflict.

I.H.1. Student Supply Lists for 2021-22

The Superintendent recommends that the Board approve the 2021-22 Student Supply Lists. Passed with a motion by Michael Jeffryes and a second by Mark Brown.

Theresa Seipel: Absent, Candace Becher: Yea, Mark Brown: Yea, Michael Jeffryes: Yea, Doug Molczyk: Yea, Douglas Willoughby: Yea

Yea: 5, Nay: 0, Absent: 1

Troy Loeffelholz said we typically approve the supply lists from elementary and middle school in July with our fees policy, but want to approve these before the purchase is made.

I.H.2. Summer School and Summer Weights/Conditioning and Camp Protocols

The Superintendent recommends that the Board approve the Summer School and Summer Weights/Conditioning and Camp Protocols, as submitted. Passed with a motion by Candace Becher and a second by Douglas Willoughby.

Theresa Seipel: Absent, Candace Becher: Yea, Mark Brown: Yea, Michael Jeffryes: Yea, Doug Molczyk: Yea, Douglas Willoughby: Yea

Yea: 5, Nay: 0, Absent: 1

Dr. Loeffelholz shared the recommended changes to the current protocols. Beginning June 1st, the mask mandate will look different. Summer weights and conditioning, camps and summer school have been covered in the new documentation. Masks will be optional for all summer events but are recommended. Students will sign waivers. It was discussed at the administrative team meeting about continuing to distance in larger size classes by utilizing larger spaces. All the cleaning is noted and is very similar to last year's plan.

I.C. Pledge of Allegiance

I.D. Notice of Open Meeting Posted

I.E. Curriculum Review

I.E.1. TCi Materials for the following courses: World History, US History, American Government, and Economics

Patrick Clark, Social Studies Teacher from CHS shared the information regarding what the high school group really likes about the TCi curriculum. He said the friendliness of the curriculum and the fact of everything can be printed if you choose not to teach a lesson digitally. They feel it is very well written, and a good level for students. Great hand out and interactive digital activities. The group also really likes that each lesson offers multiple perspectives. Mr. Clark said he is glad both levels chose the same curriculum, there will be so much consistency from grade 5 through high school.

I.E.2. TCi materials for the following courses: Social Studies 5, Social Studies 6, Social Studies 7, Social Studies 8

Christina Nilson, Social Studies Teacher from CMS shared the information from the review in their building, the teachers feel these are really great lessons written by teachers. They felt it was a better fit, easy to navigate and the materials that are included are great. This curriculum reaches out to different types of learners, students have access to the whole book, all activities are built in. Amy Romshek, Director of Curriculum, said each classroom will have a set of textbooks as well as the online licenses for all students.

I.F. Adjourn
Adjourned at 5:11pm.

I, the undersigned, being the duly qualified Secretary for the School District No. 1 of Columbus, Nebraska, certify that the preceding is a true and correct copy of the minutes of the Regular School Board meeting of Monday, May 3, 2021.

I.D.1. President insures all can hear proceedings

I.E. Presentations

I.E.1. Maintenance/Transportation Presentation

Mike Grutsch, Maintenance and Grounds Supervisor, presented information on the maintenance projects that would be on the list for the summer. One of the larger projects will be the North Park Elementary Parking Lot. Building cleaning that is usually scheduled will be done, they have a shorter time period this year, but he said it will get done. Mr. Grutsch shared that we have staff that are leaving or retiring, so they have taken a hit in that area. They will be doing some work at the ice-skating rink at CHS. The paint crew is at West Park this year. Leonard Kwapnioski, Director of Buildings/Sites and Technology, said that they have a very loyal crew, they will continue to get the work done. He also spoke about finding the right people to fill the vacancies.

Mr. Kwapnioski shared that it had been tough in the Transportation Department as they were very short on drivers. He said that the drivers really stepped up, they combined some routes and have been getting the job done. He also said they are a great group, always willing to help out in maintenance if they are needed. Board members asked if maintenance had enough time to do their jobs as well as work at Kramer.

I.E.2. Educator of the Year and Operations Employee of the Year Finalist

Dr. Loeffelholz shared the finalist for Educator of the Year: Tyler Richters, Carolyn Hofferber, and Chelsea Werner and Operations Employee of the Year: Jim Feldhaus, Tania Stahl, and Bonnie Keller. The winners will be announced at the End of the Year Convocation on May 27, 2021.

I.F. Board Special Functions

I.F.1. Summer Weights/Conditioning and Camp Protocols for June

Dr. Loeffelholz, Superintendent, shared some changes in COVID protocols for summer weights/conditioning and camps. He said we will take things slow, masks optional for students and coaches inside. Masks for coaches outside will be optional as well. Groups will be a bit larger than last year, 16-25 and sports specific drills and scrimmages will be allowed. Cleaning will be done between each session. The protocol may change for July depending on COVID numbers. June summer school will remain as it is now, everyone will wear masks, July may bring optional masks for summer school, again depending on the numbers. Dr. Loeffelholz said that a school district near CPS lifted their mask mandate and 8 students tested positive and 60 were required to quarantine. Activities were affected by that decision, he wants all of our students to be able to participate in the end of year activities, especially our seniors.

I.G. Consent Agenda

I.G.1. Approval of Minutes

I.G.2. Financial Reports M2, M3, M4a

Chip Kay, Director of Finance and Human Resources, gave a brief explanation of the financial reports. He said the cash balance in the General Fund is still ahead of last year, it is the difference between having students in school and not having them in school. All other accounts are where they should be. There is a bond payment coming up and the balance in the Bond Fund will reflect that. Mr. Kay said the last reimbursement of CARES ACT 1 money has been received. Looking ahead we will start requesting reimbursements in June.

Financial Report M4a is showing payments for Teach Upbeat, LLC, this is the company that we are using for the surveys, this is a 3-year contract. The money for this will be reimbursed from CARES ACT II money. Apptegy, Inc. for our Thillshare application fee, and Dell for substitute teacher devices. Also mentioned was the decreased payment to Boys Town.

I.G.3. Certified Personnel

Mr. Kay talked about the change made in the document that shows this information in the board agenda.

I.G.4. Classified Personnel

Mr. Kay said the format of the document was also changed for Classified Personnel.

I.G.5. Tentative 2021 Graduate List

There was some discussion on the number of graduates to walk, Mr. Hiebner, CHS Principal, said about 300 at last count. There were questions by the board regarding how our graduation percentage is calculated, Dr. Loeffelholz shared the information on the cohort formula for that percentage, as well as the 5-year, 6-year, and 7-year graduation rates.

I.G.6. Professional Travel

Dr. Loeffelholz said there is not much going on in regard to travel, however, there are some in-person conferences starting back up after all the online/ZOOM conferences over the last year.

I.H. Acceptance of Gifts/Donations

Dr. Loeffelholz reported the Foundation Report. \$63,434.34 in contributions went out for end of school year events and awards. Total for the year to date is \$517,563.05.

I.I. Business Operations and Human Relations

I.I.1. Policies

I.I.2. Administrative Functions

I.I.2.1. Overall Administrative Package for 2021-22

Mr. Kay recommended to the board an overall Administrator's Package increase of 2% with an explanation on the benefits.

I.I.2.2. Items to be deemed surplus

Mr. Kay said there are textbooks to surplus. The band items will be a trade in towards the replacement items, it is a great deal. The drums they are replacing have been in use for 7 or 8 years. Mr. Kay said he would like to look at a service that comes and picks up our unused books.

I.I.3. Updates

Mr. Kay gave an update on having a Buildings and Sites Committee meeting, to discuss upcoming projects and look at real estate.

He also shared that he and his wife have bought land in the CPS district and will be building a home. This is to comply with the Administrator Residency Policy.

Mr. Kay shared some information about the engagement survey, it is research based, the company provides coaching to help improve teacher satisfaction and retention. He also said there was some good news on the recent survey the CPS teachers participated in, including the participation rate of 93%. CPS scored well with compensation and career path at 74% and our teachers reported student engagement at 87% of employees reporting that 60% or more of their students were engaged. There were four district wide areas of strengths: instructional leadership, principal/teacher trust, equity, and satisfaction and purpose. He said he will share more in depth information of the survey.

I.J. Buildings & Sites/Technology

I.J.1. Policies

I.J.2. Administrative Functions

I.J.3. Updates

Mr. Kwapnioski said that they are continuing to work through with vendors, they will start ordering supplies and store items in areas at the Kramer Building if needed. He invited the board to come visit the Kramer Building.

I.K. Curriculum and Instruction

I.K.1. Policies

I.K.2. Administrative Functions

I.K.2.1. High School English Purchase

Dr. Romshek explained the purchase of novels for CHS. In years past, each class has been reading a different novel because of the lack of copies of the same novel. This makes it difficult for teachers to collaborate. With this purchase, every course has enough novels for each student. We do have some novels, however, books have changed along with pagination, this makes it hard to plan and teach. Dr. Romshek also spoke on the discussion regarding board question on getting books on devices or digitally. She gives a lot of credit to the teachers this year, they have had to make some changes to make this happen. This purchase will come from the curriculum budget for new resources. MLA vs. APA was discussed and how we are preparing our students for college in this area.

I.K.2.2. Social Studies Purchase Request

Dr. Romshek talked about the new Social Studies Curriculum, she said that CHS and CMS were in agreement on the same series of resources. This is good curriculum that shares all sides of the information. She also mentioned that 7-8 years ago the online resources were not nearly as good as they have become now. The purchase will be made from the district budget for new resources.

I.K.3. Updates

Dr. Romshek said teachers continue to work on scales and assessments. They are catching up because some things were put on the back burner because of COVID.

I.L. Student Services

I.L.1. Policies

I.L.2. Administrative Functions

I.L.2.1. Global Therapy Contract

Mr. Harris said CPS uses online therapy at the non-public schools. Emerson has added 89 students. This contract is offering 72 hours per week and includes writing IEPs, scheduling, preparation and attendance of meetings. CPS provides the machine, all therapy is done via ZOOM.

I.L.2.2. B.I.S.T. Service Agreement for 2021-22 School Year

Mr. Harris said that CPS has used consultation thru B.I.S.T. for the past 4 years. Each building is assigned a B.I.S.T. consultant to provide a team approach to student behaviors and administrative support. This includes five visits per building. The cost is \$3187.50 per building, per year. He said it is nice to have an expert in the field, to brainstorm when working with challenging students. Office referrals have decreased quite a bit in the last 2 years. Consultants provide support through ZOOM, they will do mini sessions with staff, they provide para training. He also spoke about the B.I.S.T. training this summer, using Title IV fund for some of this training.

I.L.2.3. Music Therapy

Mr. Harris offered information regarding the music therapy contract and the reason for the change being that Melissa Hyde who has been providing this therapy, is now teaching and can not contract with us for next year. In researching other companies, Mr. Harris found Omaha Music Therapy would contract for 17 hours per week for 32 weeks. This contract is a little less in total price. Mr. Harris said this uses music to help with communication.

I.L.3. Updates

Mr. Harris updated the board on grants that are being worked on including the IDEA Grant, Sixpence Grant, the Continuation Grant for Preschool-projection. He said that state reporting is ready to go for submission in June.

I.M. Superintendent's Report

Dr. Loeffelholz shared information on the upcoming peaceful demonstration. He said CPS will continue with the mask mandate to get kids to the finish line. PPE protocols will be determined for the summer and fall on a month to month basis.

Reminders: the Centennial 20 Year Anniversary Event, State Baseball, State Track, and Graduation on May 30 at 3:00. We will still stream the ceremony for others.

I.N. Board Sharing

The board is 100% on board with the mask mandate. Excited for the upcoming events. Thank you to Dr. Loeffelholz and the principals for keeping staff and students on target with protocols. They felt the initial survey numbers are very positive.

I.O. Adjourn

I, the undersigned, being the duly qualified Secretary for the School District No. 1 of Columbus, Nebraska, certify that the preceding is a true and correct copy of the minutes of the Regular School Board meeting of Monday, May 10, 2021.

The total contributions for the FY 2020-2021 (Sept-Aug) total is **\$545,781.39**

Thank you for your consideration.

Sincerely,

Nicole Anderson
Director of Marketing & Foundation

Columbus Public Schools Unpaid Meal Policy

The purpose of this policy is to establish limitations on the number of breakfasts or lunches a student may receive when the account balance is not sufficient to cover those costs, to provide for alternate meals to be served to students when account balances reach certain limits, and to protect the District from such unpaid financial obligations.

Families are encouraged to keep account balances in the positive at all times. Deposits are accepted at each school building and at the Administration Building. Deposits may be made by cash, check, or online through your family Wordware account. Account balances and purchase details by student may be obtained through the family access portal in Wordware. If online access to Wordware is not available, the District office may be contacted at (402) 563-7000.

Each day that a student eligible for reduced price or paid meals brings the actual amount of the cost of the meal, that student will be provided a breakfast and/or lunch and the amount received will be applied to the cost of that meal rather than to reduce a prior negative balance.

In the event that a student's account balance reaches -\$15.00, the student will be offered an alternate meal meeting reimbursable requirements of the USDA school nutrition program. The District will also provide the necessary forms for the student's parent or guardian to apply for free or reduced price meals. Such benefits may be applied for at any time during the school year. At the High School and Middle School a la carte purchases will not be permitted if a student's account balance is below \$0.

To the extent possible, all actions pertaining to students with negative account balances will be handled as confidentially as possible. Communications regarding account balance concerns will be provided by text, phone, and e-mail through the family Wordware account. Communication in writing by assigned District personnel will only be done at the end of each semester. It is the parent's (or guardian's) responsibility to create a Wordware account and maintain a positive family balance in their account. Students will not be used as couriers of such information.

This policy shall be provided in writing on an annual basis to students and parents through the District website and also in the annual back to school mailing and in school handbooks. The policy shall also be provided in writing to households transferring into the District during the school year. It shall also be provided to school administrators and others charged with enforcement of this policy.

This policy shall be reviewed and adopted on an annual basis.

Policy adopted: 1.18.21

Policy reviewed: 1.11.21

Policy revised: 12.28.20

June 14, 2021

To: Board of Education
From: Chip Kay, Director of Finance/Human Resources
Subject: Breakfast/Lunch Price Recommendations 2021-2022 School Year

Based on the Paid Lunch Equity (PLE) calculation tool provided by the NDE's Nutrition Services we are permitted to increase prices by the full allowable amount of \$.10 per meal. Currently, the Nutrition Fund Balance has the sufficient amount of cash on hand to start the 2021-2022 school year.

I am requesting board approval for the following prices for the 2021-2022 school year which includes a **five cent increase** to regular paid lunch prices and no changes to paid breakfast prices. The increase is to offset the 3.352% increase in the LSI service contract.

The reduced amount is set by the Federal Food Program.

2021-2022	Reduced Breakfast	Paid Breakfast	Reduced Lunch	Paid Lunch
Elementary	\$0.30	\$2.00	\$0.40	\$2.80
Middle/High School	\$0.30	\$2.00	\$0.40	\$3.05
Adult	N/A	\$2.55	N/A	\$3.85

LSI sets the price for ala-carte and snack items to cover their cost of the items.
LSI accepts the milk bid and prices for milk are set based on that bid process.
NDE sets the reimbursement meal allowance for free and reduced meals.
USDA allocations are applied to our LSI invoice as a reduction.

RE: Substitute Teacher Rate for 2021-2022

Recommendations and clarifications for the 2021-2022 school year:

Teacher Substitute	Daily Rate (1-30)	Daily Rate (31-60)	Daily Rate (60+)
2020-2021	\$150	\$155	\$160
2021-2022 Proposed	\$165	\$175	\$185

All rates can be divided into ¼ days based on the assignment. Appendix 2 of the Substitute Handbook will clearly define those splits.

Long-Term Substitute Assignment is 1/188th of the base salary, \$205.59 per day.

In-House Coverage is defined as a certified teacher who gives up their planning time and drops below 50 minutes of daily planning time to cover for an absent teacher or instruction time. Per the negotiated agreement this is paid at \$6 per 15 minutes. Maximum per day should not exceed \$24 per teacher.

Full-Time Substitute is defined as a substitute hired to fill a teaching position in the District through a one-year agreement. The teacher is offered a substitute agreement/placement, leave, and benefits per the certified negotiated agreement. The FTS has the expectations and duties of a full-time certified teacher. The length must be for at least one full semester.

Student Teachers who have written permission from their college or university may substitute after receiving a local substitute certificate. No student teacher should substitute within their first 10 days in the District. Student teachers may be limited by their college or university and it will be the practice of CPS to limit substituting to no more than 25% of days they are assigned to the District. Compensation will be permitted within college or university guidelines.

Cancellation Policy. Substitutes cancelled by the District after 7:00 am that cannot be reassigned to another opening will be compensated their full daily rate. A substitute who refuses reassignment will not be compensated. Substitutes who cancel are not compensated. If school is cancelled due to unforeseen weather or circumstances substitute teachers are not compensated unless the school day has already begun.

Certification and Limits. All substitutes must hold a valid Nebraska Teaching Certificate. All substitutes (including Local) may work PK-12 with no limit on days. Retired teachers within their 180-day waiting period may work up to 8 days per month.

Section 1: Calendar

The most up-to-date and accurate school calendar, planning calendar, and school activities calendar is located on the District Website (<http://columbuspublicschools.org>) or in the Google Drive in the shared drive called STAFF-HR.

Decision to Close Schools: A decision to close school is made when forecasts by the weather service and civil defense officials indicate that it would be unwise for students to go to school. School officials will make periodic assessments of conditions during the night and will decide early in the morning (by 6 a.m. if possible). In any case, **an announcement will be made through the automated calling system, social media, Remind 101, and to the news media when schools will be closed.**

Definition of Immediate Family (as applied to sick, family illness, bereavement part II, and FMLA): For the purpose of implementation of this written agreement, only the following shall be considered members of the immediate family of an employee: Husband, wife, child, mother, father, sister, brother, mother-in-law, father-in-law, grandparents, sister-in-law, brother-in-law, daughter-in-law, son-in-law, grandchild, niece, nephew, aunt, and uncle, step children, step mother, step father, step brother, and step sister.

Section 14: Consideration of Elective Leave Requests

Staff members are to submit requests for all forms of elective leave (personal leave, ~~special personal~~ leave, and professional personal leave) to their immediate supervisor.

Section 15: Emergency Leave Bank

Per the negotiated agreement, an emergency medical leave bank is hereby established to protect certified staff members from financial loss due to extended absence from contractual duties. The EMLB is not intended as a means to obtain additional leave once an individual has exhausted sick and personal leave. Rather, the purpose is to provide additional leave in the case of sudden, unforeseen illness or disability of indeterminate duration or maternity circumstances as described in Appendix E of the negotiated agreement. Only those who contribute to the bank will be allowed to access resources of the bank. The Director of Human Resources will provide details and annual donation/sign-up forms at the start of each school year.

Section 14: Cash in School Buildings

Under District Policy 709.00, the amount of cash that may be kept in the school building for the purpose of making change shall be sufficient for the day's operations. This includes fundraising activities, petty cash, food service funds, jean/pop/staff courtesy funds, student council, the library, school activities/athletics and any other District (or extended) school group or activity. Excess cash shall be deposited in the authorized depository/account of the school district. Cash on hand should only be secured in a locked location in the school building's main office and should never be kept overnight in classrooms or other unsecure locations. Board Policy 706.02 has established \$50 as a reasonable amount of "on-hand cash" for the petty cash fund. That standard, for most situations, should be used when to determine if a deposit should be made for excess cash. This does not apply for cash boxes used for events taking admission.

Section 8: Use of Cell Phone, Technology, and Social Media

Use of a cell phone, laptop, tablet, or any device to make audio or visual recordings of students, staff, parents without their consent is prohibited and will be deemed as unprofessional conduct. Posting of audio, pictures, video, or any likeness of a student, parent, or staff member on any public forum/social media without prior permission is prohibited. Pictures, video, or audio posted through a school approved account on a public forum or social media that adheres to District policy is acceptable and should promote a positive image of the school district and/or person(s) included in the post.

Employees of the District posting comments, pictures, video, or audio on social media or using their position as an employee to further an agenda outside of the school district chain of command may be considered insubordinate. School business and communication should be conducted within the proper chain of command at all times.

School property is to be used for approved work-related purposes and not for personal purposes or for personal gain or benefit. For non-school sanctioned activities an employee should follow the District policy on facility rental and use of facilities. Use of school supplies (paper, staples, etc.), school equipment (copiers, fax machines, telephones, etc.), and school postage is to be used for approved school-related purposes only. Excess or surplus supplies or equipment, including items, which have been placed in the trash, should not be removed for non-school use without approval from the administration.

Under Section 16, Traveling on School Business... Under Title 92, Chapter 91, section 002.02, an activity trip (school business) means the transportation of children, pupils, and/or school

personnel to and from a given location to a second or subsequent location or locations without stopping to load or unload the passengers on the public highways for the purpose of transporting the passengers to any activity or event sanctioned, authorized, or sponsored by the school district. Under this definition (005.03 Authorized Passengers) children of family members may only be included in the transportation if they are part of the team or sanctioned group involved in the activity. No one except school personnel, supervisory personnel, and pupils assigned to the school bus for a particular route schedule or for an activity trip may ride in such vehicles.

Page 55-57

Appendix 2 was the Covid-19 Supplement. It has been edited to reflect “General Pandemic” guidelines should we have to move back to any protocols next school year. The assumption of risk statement “may be” removed if our school attorney’s believe it is reasonable to do so.

FOREWORD

Section 1: Intent of Handbook

Welcome to Columbus Public Schools. This handbook is intended to be used by teachers and other certificated staff to provide general information about Columbus Public Schools and to serve as a guide to the District’s policies, rules, and regulations, benefits of employment, and performance expectations.

References in this handbook to “teachers” are intended to apply to all certificated staff. This includes administrative staff to the extent the handbook deals with professional expectations and conduct.

Each teacher is responsible for becoming familiar with the handbook and knowing the information contained in it. Although the information found in this handbook is detailed and specific on many topics, the handbook is not intended to be all encompassing to cover every situation and circumstance that may arise. This handbook is intended to supplement other documents that deal with your employment, including your employment contract, the negotiated agreement between the Columbus Public Schools and the Columbus Public Schools Education Association, and the policies and regulations of the Board of Education. In reading this handbook, please understand that where a direct conflict exists, state or federal law, the negotiated agreement, and Board policies and regulations will control.

This handbook does not create a “contract” of employment. Staff positions and assignments which do not legally require a certificate or are otherwise not protected by the teacher tenure laws may be ended or changed on an “at will” basis notwithstanding anything in this handbook or any other publication or statement, except for a contract approved by the Board of Education.

The administration will be responsible for interpreting the rules contained in the handbook and shall have the right to make decisions and make rule revisions at any time. Should a situation or circumstance arise that is not specifically covered in this handbook, the administration will make a decision based upon applicable school district policies, state and federal statutes and regulations, and the best interests of the District.

This handbook will be in effect for the current and subsequent school years unless replaced by a later edition.

Section 2: Information About Columbus Public Schools

Profile of Columbus Public Schools:

In many ways, Columbus Public Schools are similar to schools found in any mid-western community of 22,000 in population. However, the differences, which exist may be said to be significant. Only a close examination will reveal the importance of the differences because it is nearly impossible to quantify such things as community support, dynamic leadership, and belief in education.

The Columbus Schools are governed by a six-member elected Board of Education that sets policies for the District. The Board appoints a Superintendent who is responsible for day-to-day administration of Board policy. The superintendent supervises all administrative staff including building principals, who are in daily contact with teachers and students.

The Columbus Public School District serves approximately 4,100 students who live within its boundaries. The organization of the district features five new or recently remodeled K-4 elementary schools, one 5-8 middle school and one four-year high school. The District presently employs 325 Nebraska certified teachers.

Core area curricula for reading/language arts, math, science, and social studies are aligned to the Nebraska State Standards. Curriculum guides for all other content areas are developed using national standards. Curricula are reviewed and revised on a regular basis. Instruction in English, science, mathematics, social studies, information literacy, art, music, health, and physical education is provided at all levels. World languages, family and consumer sciences, computer literacy, business education, and technical education are available at the secondary level.

The District seeks to provide students with many educational options. The middle school offers high track courses in foreign language, language arts, math, and science. In addition, middle school students can take exploratory curriculum in industrial technology, art, speech, world language, family consumer sciences, chorus, music, band, and computers.

The high school offers advanced placement (AP) classes in chemistry, calculus, English, physics, psychology, and U.S. Government, as well as college placement courses. Students have the opportunity to take coursework from other schools via the Distance Learning Center. Students also have the opportunity to take part in band, chorus and the fall musical as well as more than 55 extracurricular activities. Columbus High School offers 19 varsity sports and is in Class B, which means it is one of the largest schools in Nebraska. Teams participate in events sponsored by the Greater Nebraska Athletic Conference.

The elementary schools all have state of the art computer labs, and extended learning opportunities offered within the HAL Program, which is an enrichment program for high ability students focusing on higher level thinking skills.

Appropriate educational services for all students are important in the Columbus Public Schools. Students with handicapping conditions need specialized services to help them maximize their learning capabilities. A continuum of Special Education services and programs are provided to meet individual needs. These services include support services for families and children in home and preschool settings. School age children receive Special Education services in regular education classrooms and in self-contained settings as determined by each child's individualized educational plan.

In the belief that reading is the key to academic success, the Columbus Public School District's reading program includes direct instruction in phonics, word structure skills, vocabulary, and comprehension skills. The Nebraska State Standards and teacher expertise are used to establish the grade level expectations. Reading instruction is provided in small groups at the appropriate level for each student. Ongoing assessment is an integral component of the instructional program to verify acquisition of skills

and to ensure movement of students to the correct level of difficulty for instruction. In addition to the regular delivery of instruction, interventions are implemented whenever students are not meeting the expectations of their specific grade levels.

Assistance in the basic reading program is provided through a variety of support services in the elementary schools. Children in eligible schools who are in need of additional support may be helped through the Title I, EL, or Special Education Programs.

Teachers selected for this district are judged to be highly professional with the desire and intent to continually grow professionally. Staff development activities are provided in-district through structured teacher collaboration meetings and on specified professional development days during the school year. In addition, staff members are provided opportunities to attend workshops and conferences as appropriate to their needs and instructional areas.

Teachers in Columbus:

- Can participate in local, state and national professional groups.
- Work together to develop and update curriculum.
- Serve on professional task forces in the staff development program.
- Have assistance from excellent specialized referral services.
- Participate in decision making in their individual buildings.

Approximately 30 welcoming churches representing over 20 denominations provide ample opportunity for meaningful religious experiences in the church of an individual's choice.

Section 3: District Mission Statement

The Mission of the Columbus Public Schools: “Engaging All Learners to Achieve Success”

The Vision of the Columbus Public Schools:

As the cornerstone of educational excellence in our community, we will continuously and passionately strive to be a high performing Professional Learning Community that will effectively meet the unique learning needs of each and every student. To attain our Mission, we must demonstrate that:

- We are committed to maintaining a clear and shared focus on student learning.
- We are committed to providing a safe and supportive environment for learning and teaching.
- We are committed to establishing a high level of communication, trust, support, and accountability.

Article 1: SCHOOL CALENDAR AND SCHEDULES

Section 1: Calendar

The most up-to-date and accurate school calendar, planning calendar, and school activities calendar is located on the District Website (<http://columbuspublicschools.org>) or in the Google Drive in the shared drive called STAFF-HR.

Section 2: Daily Schedule

Will be communicated by the building Principal. It will be a minimum of 8 hours of duty for full-time.

Section 3: Severe Weather and School Cancellations

The Superintendent of schools is authorized by the Board of Education to close public schools in case of severe weather. Representatives of the Superintendent's staff will notify local news media when inclement weather warrants such action. Local and regional radio and television stations broadcast the information regularly.

Decision to Close Schools: A decision to close school is made when forecasts by the weather service and civil defense officials indicate that it would be unwise for students to go to school. School officials will make periodic assessments of conditions during the night and will decide early in the morning (by 6 a.m. if possible). In any case, **an announcement will be made through the automated calling system, social media, Remind 101, and to the news media when schools will be closed.**

After School Starts: Every attempt will be made to avoid closing school once classes are in session. In some instances, closing school during the day is inevitable if children are to safely return home before the brunt of a major storm hits. In these cases, as much advance notice as possible will be given. If school is closed during the day staff will be notified and parents will be notified via media broadcast. Teachers will be responsible for remaining with students until all students have safely left school or the administration has made arrangements for remaining students.

Parental Decisions: Parents may decide to keep their children at home in inclement weather because of personal circumstances. Students absent because of severe weather when school is in session will be marked absent. You should treat the absence like any other absence for legitimate causes provided parents properly notify the school of their decision. Parents may pick up their children in inclement weather (except in case of a tornado) at any time during the school day. Students will not normally be dismissed from school during severe weather on the basis of a telephone request.

Emergency Conditions: Columbus Public Schools has a signal which, when activated, includes the necessity to either evacuate the building or to move to safer areas of the building. All regular drills are held as required by law through the school year. There are plans for Emergency Exit system, Tornado Warning System, and Critical Incident Response. **School officials are not permitted to release students from the school building during a tornado warning.** In the event of an emergency exit alert or tornado warning, you should implement the school's established safety procedures.

Section 4: Contract Days

Teachers are contracted for 188 contract days for school year (hereinafter referred to as the "contract year"). Teachers new to the district have 191 contract days. These contract days shall be served by individual teachers on varying schedules as established by the Board of Education and administration.

Section 5: Make-Up Days

Unless weather prohibits it, staff will be required to report on snow days at a time determined by the Superintendent. In the event teachers are not required to report for duty due to inclement weather conditions or other circumstance whereby a duty day is canceled, such days shall not be credited as a contract day served. Make-up days may be scheduled by the administration during the contract year as needed to allow all teaching staff to serve the full number of contract days.

Article 2: EMPLOYMENT, COMPENSATION, AND BENEFITS

Section 1: Employment

A teacher is employed by Columbus Public Schools when the teacher signs the Teacher's Contract and the Board of Education approves such contract of employment. The teacher's employment continues absent action by the administration or the Board of Education to non-renew, terminate, amend, or cancel the teacher's employment contract with the school district, or action by the Board of Education to accept a resignation of employment.

On or after March 15th of each school year a teacher may be requested to accept employment for the next school year and shall be required to signify such acceptance by the date designated in the notice. Failure of teachers to respond to the request to signify acceptance of employment by the designated date shall constitute cause for amendment or termination of the teacher's contract.

Should a teacher wish to resign from employment, the teacher should give written notice of resignation to the Superintendent. The request to resign will be acted upon by the Board of Education. Mid-year resignations and resignations given late in the spring for the following school year can present significant planning problems for the District. If a mid-year resignation is submitted, or a resignation for the following school year is submitted after May 1st or after the teacher has signified acceptance of employment for the next school year, the Board of Education may act to not accept the resignation unless a suitable replacement can be found. The District will enforce the continuing contract of teachers accepting employment for the next school year under the provisions of Neb Rev. Stat. §79-829.

Section 2: Assignments

The professional duties to be performed by a teacher with the District shall be subject to assignment by the Superintendent of the District with the approval of the Board of Education. A teacher will be expected to devote full time during days of school to the teacher's position and to diligently and faithfully perform the assigned duties to the best of the teacher's professional ability. Job descriptions, where available, provide additional information about the position duties.

In addition to the normal duties traditionally required of teachers, a teacher may be assigned such "extra duty" assignments to support the extra-curricular programs of the District, which shall be upon such terms and conditions and at such additional rate of compensation as the Teacher and the District may agree upon or as set forth in the negotiated agreement. The extra-curricular program of the school district is an integral part of the overall educational program of the school district. As such, a teacher shall not unreasonably refuse to accept such extra-duty assignments. In addition, performance in an extra-duty assignment may be a part of the evaluation of the teacher's overall performance to the District.

Section 3: Personnel File

The District will follow the requirements of state and federal law and regulation with regard to a teacher's personnel file, including but not limited to Neb. Rev. Stat. § 79-8,109.

Section 4: Grievances and Complaints

Teacher grievances regarding wages, hours, and conditions of employment set forth in the negotiated agreement shall be governed by the grievance or complaint procedure in the negotiated agreement. Board of Education policy requires that the proper channeling of complaints involving school personnel shall be from the complainant to the employee, to the principal, to the Superintendent, and then on to the Board of Education. Complete information regarding complaints may be found in Appendix 1.

Section 5: Compensation

Regular Salary and Extra-Duty Compensation. Compensation is paid only as authorized by the Board of Education. Teachers are paid a salary based on placement on the salary schedule set forth in the collectively bargained negotiated agreement between the District and the collective bargaining agent for the certificated teaching staff (referred to in this handbook as the "negotiated agreement"), and the extra-duty salary schedule also incorporated into the negotiated agreement. Teachers must have their current teaching certificate on file.

Changes in Salary Schedule Placement. Changes in a teacher's placement on the salary schedule are governed by the provisions of the negotiated agreement. Teachers are expected to provide the Director of Business Operations and Human Resources with a transcript for all graduate hours earned for purposes of advancement on the salary schedule on or before September 1 of the school year in which such hours are to be credited for the teacher's placement on the salary schedule. Failure to provide an official transcript on or before September 1 from the post-graduate institution of the graduate hours earned will result in no recognized credit for such school year.

Salary Payments. Salary is payable over twelve equal installments. Teachers will be paid on the 20th of the month, or the last preceding school day, if the 20th falls on a vacation or weekend day. In emergency cases exceptions may be made, subject to the approval of the Board. In no case shall the Board advance more than one month's salary. Upon separation of a teacher's employment, or upon fulfillment of the contract, the teacher may, at the option of the Board, be paid all salary due in one lump sum. Beginning with the 2013-2014 school year, teachers new to the district have the option to receive their salaries divided into thirteen (13) equal payments with the first payment beginning in August of their first year of employment. The August paycheck will also include summer training stipends. Insurance benefits or cash in lieu will begin on September 1 and be divided out over twelve (12) equal payments.

Signing Bonus: Teachers new to the district will receive their signing bonus plus any other stipend for required training completed prior to the first contract day. This pay will be issued in the August pay cycle.

Additional compensation over and above regular compensation, extra-duty pay, and supplemental pay shall be disbursed as it is earned and deductions from compensation due to unpaid leave shall be taken out as they are reported to the payroll office. Reimbursements for mileage or other expenses will be considered separate from compensation.

Section 6: Extended Duty Pay

Extended duty for any teacher beyond the number of contract days established by the Board of Education for the school year shall be paid at rate listed in the negotiated agreement.

Section 7: Benefits

Teachers are provided benefits in accordance with the negotiated agreement, group health insurance plan requirements, and the school district's Section 125 Plan document. Teachers shall make annual fringe benefit elections by September 1 of each school year. Should a teacher fail to make such election, the teacher election from the immediately preceding school and contract year shall be continued. Each teacher is responsible for informing the Office of the Superintendent in writing of any changes in benefit status. Continued health insurance benefits are available through COBRA for certain qualifying events.

The Health Insurance Portability and Accountability Act (HIPAA) provides rights and protections for participants and beneficiaries in group health plans. HIPAA provides coverage under group health plans that limit exclusions for preexisting conditions; prohibit discrimination against employees and dependents based on their health status; and allow a special opportunity to enroll in a new plan to individuals in certain circumstances. HIPAA may also give you a right to purchase individual coverage if you have no group health plan coverage available and have exhausted COBRA or other continuation coverage. Further information may be obtained from the Plan Administrator of the group health plan.

Section 8: Payroll and Payroll Deductions

Salary and benefits are paid in accordance with the individual employment contracts and negotiated agreement. Payroll deductions shall be made in accordance with law and the negotiated agreement.

Section 9: Expense Reimbursement

Reimbursement for authorized mileage will be paid to teachers required to drive their own vehicles during their regular working hours between two or more work sites. The allowable rate shall be governed by Board policy, unless otherwise required by law. The District is not liable for physical damage to employee vehicles. Materials necessary for instruction are provided by the District. If teachers need additional materials for instruction or school-related purposes, the request should be made to the Principal. Reimbursement for purchase of materials or for meals or other expenses related to travel must be submitted to and approved by the Principal or, if the expense relates to an activity, by the Athletic Director. The request for reimbursement should include a voucher sufficient to establish that the expense was actually incurred and that the expense was reasonable and related to a school-purpose.

Section 10: 403(b) Salary Reduction Agreements

The District will cooperate with any teacher who chooses to participate in an investment program under an Internal Revenue Code Section 403(b) provided that the certificated employee executes a "Salary Reduction Agreement" provided by the District.

Section 11: Overtime

Teaching professionals are classified as exempt from overtime under the Fair Labor Standards Act (FLSA). The overtime exemption for teaching professionals is not dependent on whether the employee is paid on a “salary basis.” Exempt employees are not eligible for overtime or compensatory time.

Section 12: Employee Assistance Program

The District provides an Employee Assistance Program staff may access when needing to deal with issues such as depression, stress management, anxiety, marital difficulties, family conflict, alcohol, or drug addiction, financial or legal concerns, problem gambling, eating disorders, childcare, and eldercare, etc.

Article 3 – ABSENCES FROM WORK

Section 1: Paid Leaves

Teachers are provided with paid sick and personal leaves (professional leaves, bereavement leaves, etc.) in accordance with the negotiated agreement. During such paid leaves, teachers shall continue to receive all salary and fringe benefits called for by the negotiated agreement. The leaves provided by the District are to be used for the purpose intended.

Definition of Immediate Family (as applied to sick, family illness, bereavement part II, and FMLA): For the purpose of implementation of this written agreement, only the following shall be considered members of the immediate family of an employee: Husband, wife, child, mother, father, sister, brother, mother-in-law, father-in-law, grandparents, sister-in-law, brother-in-law, daughter-in-law, son-in-law, grandchild, niece, nephew, aunt, and uncle, step children, step mother, step father, step brother, and step sister.

Requests for Leave: Advance reporting of the need to take a leave and having effective lesson plans and materials prepared and readily available for the substitute are important. A teacher who becomes ill outside of school hours and is unable to work is to contact the Central sub-caller before 6:30 a.m. Before the end of the school day on the first day of the sick leave, and on each subsequent day of absence, a report should be made to building secretary as to whether the teacher will be able to return to duty on the next duty day. For illnesses or medical situations where the need for the leave can be determined in advance, the teacher is to make such advance report of need for leave as soon as possible.

For personal and other leaves, a Request for Leave form is to be submitted to the supervisor at least five school days prior to the leave, or such other advance notice as is practicable under the circumstances.

Return from Leave: Upon return from leave, teachers are to review information supplied by the substitute teacher as to progress made in the class and any student behavior concerns. The substitute should be contacted directly if the written information supplied is not adequate.

A teacher who is absent for any period of time because of injury requiring care from a physician or health care provider, or for a period of one week or more due to illness, may be requested to present a written statement to the supervisor from the teacher’s physician or health care provider stating that the teacher is physically able to return to duty. This statement is to be presented in person before the teacher returns to duty in order that the present stage of convalescence can be observed and discussed.

Section 2: Payroll Deductions for Absences in Excess of Paid Leave

Should a teacher be absent from work in excess of the teacher's accumulated sick leave or other paid leaves called for in the negotiated agreement, the teacher's salary shall be reduced by the day or days of work missed on a per diem basis calculated using the number of days missed as the numerator, and the number of total contract days for the school years as the denominator; e.g. one day missed = 188 days of total salary and fringe benefits.

Section 3: Sick Leave

Each certificated employee of the District, upon completion of one (1) full day of work during his/her first year of employment, shall be eligible for the provisions of this policy. This policy governs the extent an employee will receive pay for absence from work for reasons of personal illness/injury (see Workman's Compensation Policy), conditions associated with personal pregnancy, childbirth or related medical conditions and quarantine due to exposure to a contagious disease which prevents an employee from reporting to work able to perform his/her work satisfactorily. A written verification from a physician licensed to practice medicine may be required by the Superintendent after an absence from work that exceeds five (5) consecutive working days. In addition, if said absence continues beyond twenty (20) consecutive working days, said employee may be required to submit a written verification from a licensed physician of the need for his/her continued absence from work and may be required to submit additional written verification from a licensed physician each ten (10) working days thereafter to remain eligible for this benefit.

The number of days an employee shall receive pay for absences due to reasons or conditions defined above will be determined by the number of accumulated sick leave days credited to said employee. An employee may, at his/her discretion, request that any days absent from work for a condition defined in the previous paragraph be treated as, and shall be granted as, leave without pay for such absences. Any days absent from work for a condition defined in the previous paragraph beyond the number of accumulated days shall be treated as leave without pay. Employees of the District will be granted ten (10) days of sick leave each year. Said days will be allowed to accumulate to a maximum of eighty (80) days.

Upon returning to work for absence due to a condition defined herein, the affected employee must file with his immediate supervisor a "Sick Leave" form. This form shall contain a perjury statement reading, "I declare under penalty of perjury that this is a true and just claim and falsifying this report could result in loss of all or part of my accumulated sick leave."

A teacher who is reemployed shall receive sick leave benefits in the following manner:

1. Up to two (2) years absence, no loss of accumulated leave;
2. Three (3) to five (5) years absence, five (5) days loss of accumulated sick leave for each year of absence;
3. Six (6) or more years of absence, will start as new teacher.
4. Covered employees on Extended Duty shall receive additional Sick Leave at the rate of one (1) contract day for each additional twenty (20) contract days of work.

Any catastrophic illness or other situation under the sick leave provisions may be considered by the Superintendent for additional sick leave.

Upon separation from the District a certificated employee who has completed 15 or more consecutive years with the District will be compensated one-half of the regular substitute teacher rate in that employee's final year with the district for each day of unused sick leave up to a limit of 40 days. Unused sick leave will be compensated in increments of no less than .5 days. Compensation will appear in the June payroll check.

In the event that the District implements an Early Retirement Incentive Program, a certificated employee who has completed 15 or more consecutive years with the District shall be permitted to select either the pay for unused sick leave benefit or the early retirement incentive program benefit, but not both benefits.

Section 4: Leave Without Pay

The Columbus Public Schools Board of Education, recognizing the need of staff members to take leave from their duties at school for various situations, establishes a program in which staff members can request a leave of absence without pay for a specific period of time. Approval of such leave shall be governed by the instructional needs of the students as determined by the Building Principal/Director. Requests for leave without pay must receive the written approval of the Building Principal/Director and the Superintendent of Schools before being granted. Staff members shall submit their requests for leave on appropriate forms supplied by the School District and follow specific rules and regulations as established by the administration to support this policy.

The following rules and procedures will govern leave without pay:

1. A leave shall not be granted for a time period greater than one year in length.
2. Staff members shall make their requests on a leave without pay form and shall attach a written letter identifying the purpose for such leave. Forms should be submitted to their Principal or Director.
3. A Principal or Director shall consider the following before acting upon a request for leave without pay:
 - a. Instructional needs of the students in the District.
 - b. The needs of the staff member requesting the leave.
 - c. Ability to find a suitable replacement for said staff member.
 - d. If leave is for less than one year, appropriate starting and ending times of leave will be established. These times should prove to be the least disruptive for the students' educational program.
4. The Principal/Director may approve or reject the request for leave without pay.
5. If the Principal/Director approves the leave without pay, the staff member shall do the following:
 - a. Submit to the Principal/Director on an approved form the mailing address where the staff member can be reached during March of the year when the staff member is on leave so that the staff member can receive notice of the offer of continuing employment.
 - b. The staff member will understand that he/she shall respond to the offer of continuing employment by:
 - i. Stating that he/she wants to return to his/her position or;
 - ii. Requesting an extension of his/her leave for another year thereby giving up his/her right to a guaranteed position.
 - c. If a teacher is on an extension of his or her leave, and said teacher indicates that he/she wishes to be employed, such teacher shall accept the first position offered. If such offer is

- not accepted, no other offers will be made during that year. The teacher is free to apply for any position that is available and such application will be given consideration.
- d. If the staff member does not respond within the allotted time frame, it shall be considered as a resignation and the Board will terminate the contract and all obligations to the staff member.
 - e. If the Principal/Director approves an extension for the staff member, the staff member shall complete all steps (a) through (c).
6. In no case will a staff member be granted more than two extensions to leave without pay. The total time frame of leave without pay and extension will not exceed three years. If a leave of absence begins during a school year and does not extend beyond ten (10) working days, said employee's salary will be reduced by $1/(\text{number of contract days})$ for each day missed. If said absence continues beyond ten (10) consecutive working days in one school year, said employee's salary and health insurance/annuity money will be reduced according to the formula named above. Said employee's life insurance and long-term disability insurance will be continued at the District's expense for the duration of the leave during the school year for which the leave was initiated. Any employee receiving an extension of his/her leave beyond the school year during which the leave was initiated will receive no salary or other monetary benefits until he/she returns to work. An employee on such leave beyond ten (10) consecutive days may elect to continue his/her health insurance at his/her expense. No increment credit will be awarded to any teacher on such leave if his/her absence during any school year is for more than one-half school year.

Section 5: Bereavement Leave

(Part I) Five (5) days per incident shall be granted in the event of the death of a child, spouse, parent, brother, sister, or sole responsibility, which shall not be charged against sick leave accumulation. Bereavement leave will also be available to both the male and female parent in the event of "lost pregnancies" (miscarriage, ectopic pregnancy, or stillbirth). Five additional days per incident may be granted which shall be charged against accumulated sick leave.

(Part II) Three (3) days per incident shall be granted in the event of the death of other immediate family members, which shall not be charged against accumulated sick leave. Three additional days per incident may be granted which shall be charged against accumulated sick leave.

(Part III) Up to two (2) days per year may be allowed to attend the funerals of relatives or personal friends not covered by the immediate family definition, which shall not be charged against accumulated sick leave. Two additional days may be granted during the current school year, which shall be charged against accumulated sick leave.

Staff members are to submit requests for bereavement leave on the Application for Leave form. Leave requests submitted following the absence will not be accepted unless approved by the Principal and Executive Director of Business Operations or Human Resources.

Section 6: Family Illness Leave

Up to ten (10) days of accumulated sick leave may be used in the case of family illness. Up to five (5) days of accumulated sick leave per year may be used for family parenting (birth of a child, grandchild,

or adoption) leave. An additional five (5) days may be used for which substitute pay will be deducted. Thereafter, full pay deduction will be made.

The Superintendent may grant additional family illness days due to severe illness or injury to the employee's spouse, children, or person(s) for whom the employee is solely responsible. Approved additional family illness days would be deducted from the employee's accumulated sick leave.

Section 7: Personal Leave

Three (3) days of paid personal leave shall be granted to each certificated employee during each contract year. Persons desiring to take a personal leave day must make a personal request to their immediate supervisor. The exercise of personal leave shall be subject to the following provisions:

1. Three (3) days of personal leave requested shall be subject to administrative approval and must be applied for at least (5) calendar days in advance of the date the leave will occur.
2. The Superintendent may grant personal leave without 5 days notice (assuming the employee has a day of personal leave left) when conditions or situations make it impossible for an employee to fulfill his/her assigned duties.
3. Application for personal leave that extends the breaks of Labor Day, Thanksgiving, Christmas / New Years, spring break, Easter, or Memorial Day; or that replaces the first contract day, the last contract day, or parent / teacher conferences shall be subject to the Superintendent's approval.
4. Personal Leave shall be handled confidentially.
5. The District will compensate certificated employees \$100 for each day of unused personal leave up to a maximum of three (3) days per school year. Unused personal leave will be compensated in increments of no less than .5 days in the June payroll check.

Section 8: Personal Professional Leave

Certificated employees covered by this agreement shall be limited to three (3) Professional Leave days. Due to district initiatives, personal professional development, school improvement and/or professional improvement plans an employee may be eligible for this leave with the approval of the Superintendent and/or his/her designee.

Section 9: Adoption Leave

An employee of the District who adopts a child may use provisions of the Adoption Leave Policy as per state statute.

Section 10: Court Summons Leave

Any teacher subpoenaed to appear as a witness in court (except for personal law violations) must notify his/her supervisor as promptly as possible upon receipt of the subpoena. In addition to informing his/her supervisor, the teacher shall complete a Court Summons Leave Form.

Any teacher of the district responding to a subpoena as provided above shall not receive any reduction in salary for any part of the period of time he/she is absent from work. Any monies received from the court for such an appearance shall be the property of the teacher.

Section 11: Election Worker and Jury Leave

A teacher who is appointed as an election worker or summoned for jury service shall promptly notify the Principal of such appointment or summons. The teacher's salary will continue during time spent in jury service, and no deduction of leave time shall occur, except that the District may reduce the pay by an amount equal to any compensation, other than expenses paid by the court for jury duty. Teachers are to notify their Principal of the amount received for such jury duty.

If a teacher is dismissed from jury duty for the remainder of the day, the teacher is to report for duty and resume duties for the balance of the day. When a teacher is entirely dismissed from jury duty, the teacher is directed to report for duty and the substitute will be dismissed.

Teachers are expected to promptly notify the Principal of any other form of legal summons, which may require an absence from duty. In the event the summons involves a school-related matter, the matter shall be treated similar to a jury duty absence. In the event the summons involves a personal matter, the teacher will be required to use available leave days.

Section 12: Military Leave

Teachers who are members of the National Guard, Army Reserve, Naval Reserve, Marine Corps Reserve, Air Force Reserve, or Coast Guard Reserve (hereinafter, "reserves"), are entitled to a military leave of absence from their respective duties, without loss of pay, when employed with or without pay under the orders or authorization of competent authority in the active service of the state or of the United States. Teachers who normally work or are normally scheduled to work 120 hours or more in three consecutive weeks shall receive a military leave of absence of 120 hours each calendar year. Teachers who normally work or are normally scheduled to work less than 120 hours in three consecutive weeks shall receive a military leave of absence each calendar year equal to the number of hours they normally work or would normally be scheduled to work, whichever is greater, in three consecutive weeks. Such military leave of absence may be taken in hourly increments and shall be in addition to the teacher's regular annual leave.

When the governor of this state shall declare that a state of emergency exists, and any teacher who is a member of the reserves is ordered to active service of the state, the teacher shall be granted a state of emergency leave of absence until released from active service by competent authority. The leave of absence shall not be a military leave of absence; other forms of leave may be granted. The teacher shall receive normal salary or compensation minus the state active-duty base pay the teacher receives in active service of the state.

Section 13: Family and Medical Leave Act

Family and medical leaves shall be allowed under the terms and conditions of the Family and Medical Leave Act of 1993, as amended (FMLA).

Basic Leave Entitlement. FMLA provides up to 12 weeks of unpaid, job-protected leave to eligible employees for the following reasons:

- For incapacity due to pregnancy, prenatal medical care or childbirth;
- To care for your child after birth, or placement for adoption or foster care;
- To care for your spouse, son or daughter, or parent, who has a serious health condition; or

- For a serious health condition that makes you unable to perform your job.

The “leave year” for purposes of the FMLA is a “rolling” 12-month period, measured backward from the date of any FMLA leave usage.

Military Leave Entitlement. Eligible employees with a spouse, son, daughter, or parent on active duty or call to active-duty status in the National Guard or Reserves in support of a contingency operation may use their 12-week leave entitlement to address certain qualifying exigencies. Qualifying exigencies may include attending certain military events, arranging for alternative childcare, addressing certain financial and legal arrangements, attending certain counseling sessions, and attending post-deployment reintegration briefings.

FMLA also includes a special leave entitlement that permits eligible employees to take up to 26 weeks of leave to care for a covered service member during a 12-month period. A covered service member is a current member of the Armed Forces, including a member of the National Guard or Reserves, who has a serious injury or illness incurred in the line of duty on active duty that may render the service member medically unfit to perform his or her duties for which the service member is undergoing medical treatment, recuperation, or therapy; or is in outpatient status; or is on the temporary disability retired list.

Benefits and Protections. During FMLA leave, your health coverage under a "group health plan" will be maintained on the same terms as if you had continued to work. Upon return from FMLA leave, most employees must be restored to their original or an equivalent position with equivalent pay, benefits, and other employment terms.

Your use of FMLA leave will not result in the loss of any employment benefit that accrued prior to the start of your FMLA leave.

Eligibility Requirements. You are eligible if you have been employed with Columbus Public Schools for at least one year, for 1,250 hours over the previous 12 months, and if there are at least 50 employees of Columbus Public Schools within 75 miles of your work location.

Definition of Serious Health Condition. A serious health condition is an illness, injury, impairment, or physical or mental condition that involves either an overnight stay in a medical care facility, or continuing treatment by a health care provider for a condition that either prevents you from performing the functions of your job or prevents the qualified family member from participating in school or other daily activities.

Subject to certain conditions, the continuing treatment requirement may be met by a period of incapacity of more than three consecutive calendar days combined with at least two visits to a health care provider or one visit and a regiment of continuing treatment, or incapacity due to pregnancy, or incapacity due to a chronic condition. Other conditions may meet the definition of continuing treatment.

Use of Leave. You do not need to use FMLA leave entitlement in one block. Leave can be taken intermittently or on a reduced leave schedule when medically necessary. You must make reasonable efforts to schedule leave for planned medical treatment so as not to unduly disrupt the District’s operations. Leave due to qualifying exigencies may also be taken on an intermittent basis.

Substitution of Paid Leave for Unpaid Leave. Columbus Public Schools requires the use of accrued paid leave while taking FMLA leave. In order to use paid leave for FMLA leave, you must comply with the District's normal paid leave policies.

Employee Responsibilities. You must provide sufficient information for the District to determine if the leave may qualify for FMLA protection and the anticipated timing and duration of the leave. Sufficient information may include that you are unable to perform job functions, the family member is unable to perform daily activities, the need for hospitalization or continuing treatment by a health care provider, or circumstances supporting the need for military family leave. You also must inform the District if the requested leave is for a reason for which FMLA leave was previously taken or certified. You also may be required to provide a certification and periodic recertification supporting the need for leave.

Employer Responsibilities. The District must inform employees requesting leave whether they are eligible under FMLA. If they are, the notice must specify any additional information required as well as the employees' rights and responsibilities. If they are not eligible, the District must provide a reason for the ineligibility.

The District must inform employees if leave will be designated as FMLA-protected and the amount of leave counted against the employee's leave entitlement. If the District determines that the leave is not FMLA-protected, the District must notify the employee.

Unlawful Acts by Employers. FMLA makes it unlawful for any employer to:

- Interfere with, restrain, or deny the exercise of any right provided under FMLA;
- Discharge or discriminate against any person for opposing any practice made unlawful by FMLA or for involvement in any proceeding under or relating to FMLA.

Enforcement. An employee may file a complaint with the U.S. Department of Labor or may bring a private lawsuit against an employer. FMLA does not affect any Federal or State law prohibiting discrimination or supersede any State or local law or collective bargaining agreement which provides greater family or medical leave rights.

For additional information you may refer to FMLA posters on employee bulletin boards or contact the U.S. Wage and Hour Division at:

1-866-4US-WAGE ([1-866-487-9243](tel:1-866-487-9243)) TTY: [1-877-889-5627](tel:1-877-889-5627) or www.wagehour.dol.gov

Section 14: Consideration of Elective Leave Requests

Staff members are to submit requests for all forms of elective leave (personal leave, ~~special personal leave~~, and professional personal leave) to their immediate supervisor. Such requests will typically be approved but may be denied based on relevant issues such as: a) the number of other regular employees who will be absent during the requested leave, b) the availability of substitutes, if necessary, c) special activities occurring in the building during the requested leave, d) if sufficient prior notice has not been provided, or e) if provided leave has already been utilized. Denied leave requests may be resubmitted for consideration on alternate dates.

Section 15: Emergency Leave Bank

Per the negotiated agreement, an emergency medical leave bank is hereby established to protect certified staff members from financial loss due to extended absence from contractual duties. The EMLB is not intended as a means to obtain additional leave once an individual has exhausted sick and personal leave. Rather, the purpose is to provide additional leave in the case of sudden, unforeseen illness or disability of indeterminate duration or maternity circumstances as described in Appendix E of the negotiated agreement. Only those who contribute to the bank will be allowed to access resources of the bank. The Director of Human Resources will provide details and annual donation/sign-up forms at the start of each school year.

Article 4: DUTIES AND RESPONSIBILITIES

Section 1: Hours of Work & Meetings

Regular, dependable attendance at work is an essential function of a teacher's employment position.

The Board of Education recognizes that teachers' responsibilities to their students and their profession generally involve the performance of duties and the commitment of time beyond the normal working day, but also recognizes that teachers and other educational professionals are entitled to regular time and work schedules on which they can rely in the ordinary course of events and which will be fairly and evenly maintained to the extent possible throughout the school system.

Schools have differing starting and ending times for the student day. Certificated employees assigned to a building are to be at their assigned duties, except that duty-free lunchtime can be spent off-site. Staff may leave the building earlier when called to a district meeting.

Certificated employees are required to serve on playground, lunchroom and hall supervision as designated by the Principal. The Principal will attempt to make an equitable distribution of such assignments and professional staff shall assume such duties as part of their work and agreement of employment.

Teachers shall attend meetings called by administrators, department heads and team leaders, except those meetings, which are designated for optional attendance.

Section 2: Arrival to Duty Assignments

Full-time teachers have a designated on-site workday that is one hour in combination before or after school. For specific times, check with building administrators.

Section 3: Leaving School

Teachers are to be on duty at all times during the school day. Teachers are considered on duty even during designated planning periods. An uninterrupted lunch period of not less than 30-minutes each day is provided to teachers during which they are not assigned teaching, supervisory, or other duties.

Teachers may not leave school during duty hours without approval of the Principal. If the absence has been approved, the teacher must check out with the Principal's office when leaving and check back in with the Principal's office upon return. Teachers who need to leave during the school day for reason of

illness or emergency are to check out with the Principal's office and make sure that a responsible person has been notified of their unexpected absence so student coverage may be provided.

Section 4: Lesson Plans

Teachers will prepare written lesson plans according to building rules and procedures. The plans must be in the plan book. Please keep the plan book, including lesson plans, class rosters, etc. in a noticeable, easily accessible place. If that is not possible, the plan book should be kept in a place in which the plan book will be readily available in the teacher's absence.

The lesson plans must be sufficiently clear in establishing objectives and related activities so that a substitute teacher or other staff member not familiar with previous classroom activities or progress can easily use them. The plan book must give specific reference to other instructional sources immediately available which will enhance the instructional lesson.

Section 5: Daily Class Record Books

Every teacher is required to keep a complete record of the attendance and achievement of every student.

Section 6: Classroom and School Procedures

Teachers are expected to adhere to the following classroom and school procedure in the performance of their duties:

1. Textbook and Room Inventory: All school purchased materials must be inventoried with the building bookkeeper or secretary. Textbooks are to be numbered and either have cards in pockets or a form for writing the name of the student whom the book is assigned. Teachers should keep good records of who has which book. At the start of the year, note condition of the textbook on the inventory sheet and keep this sheet. When a book is turned in, again note its condition, and if the book shows abuse (other than normal wear) assess a fine that you consider is fair. Insist that students put covers on their books by the end of the first week after receiving them.
2. Use of Phones/Cell Phones: Teachers shall not use phones or cell phones during instructional time or during professional development time except in the case of an emergency.
3. Use of Paraeducators: Teacher aides provide valuable assistance in the educational process and allow teachers to carry out their responsibilities in a more efficient and effective manner. A teacher aide must not, however, assume teaching responsibilities. The teacher must maintain the role of leadership and responsibility for the students, with the teacher aide in a supportive role. Classroom paras should primarily be used to provide individual or small group assistance to students. Paraeducators are to work only on their assigned workdays and within their assigned workday.
4. Checking Out of Equipment: All equipment must be checked out through the building principal or designee. All school equipment may be used only for school purposes. No school equipment may be directed to the personal use of a teacher or another District employee.
5. Requisition of Equipment and Supplies: Books and supplies that are needed for instruction should be requested through the Principal's office. No equipment or supplies ordered through the District may be directed to the personal use of a teacher or another District employee.
6. E-mail: Each teacher will be assigned a school e-mail address for purposes of intra-school and inter-school e-mail correspondence. Teachers should check for e-mail throughout the day and should timely respond to e-mails which require a response but should avoid checking and

responding to e-mails during instructional time. Use of the District's e-mail system for personal communications should be limited and is subject to the rules governing overall computer usage found in Board policy and this handbook. A user fee may be paid that allows staff to utilize computers for personal uses.

7. Teacher Mailbox: Each teacher will be assigned a mailbox located in the school office or workroom. Teachers should check for mail each morning and later in the school day, if possible. If something requires an answer, teachers are responsible for responding promptly. Teacher mailboxes are to be limited to communicate regarding school business.
8. Teachers Meetings: All teachers are expected to be present for staff meetings, unless they are absent from school for good cause or have made prior arrangements.

Section 7: Supervision of Students

Proper supervision of students is an important responsibility for teachers and other adults responsible for our students. Teachers and other adults responsible for student supervision are expected to meet the four "P's" for student supervision and safety.

1. Proper Supervision
 - Report to all duty assignments on time.
 - Circulate through your duty area. Pay particular attention to areas and activities that pose an increased risk of injury.
 - Be vigilant while supervising students. Never leave your classroom unattended; the need to make a copy is not greater than the need to supervise your students. If an emergency requires that you leave your classroom, request that another nearby staff member cover your class, or notify the office so someone can provide assistance. If you are on supervised duty, your responsibility is to supervise the students in your assigned area. When talking with other adults or students, remember that your primary duty is supervision and make sure you are aware of what all students who you are to be supervising are doing.
 - If you have seen or have been informed that a particular student has a propensity to act dangerously or in an unpredictable manner, your supervision of that student must increase with the known risk of injury. (Remember, though, that this type of information may be confidential—do not share confidential information about students except with other staff who need to know the information to perform their jobs).
 - Use of corporal punishment is prohibited at Columbus Public Schools. Touching students should be limited to that necessary to protect the student from harm (e.g., falling from playground equipment) and that which professional educators determine appropriate for purposes of proper student relationships.
 - Profanity or abusive language should not be used. Be a good role model for students. If a student uses such language, you should correct the student and take such disciplinary action as is appropriate, which may include making a report to administration.
2. Proper Instructions
 - Proper instructions are important to reduce the risk of injury when students undertake an activity, especially an activity that has an increased risk of harm to students.
 - Repeat safety instructions as often as needed.
 - When you go over safety rules with students note it in your written records (e.g., your lesson plan book or daily reports).
3. Proper Maintenance of Buildings, Grounds, and Equipment
 - Conduct periodic inspections of equipment under your control or in your area of supervision.

- If equipment is broken and presents a risk of injury, immediately take it out of service (if it can't be moved, tape a "Do Not Use" sign) and notify the office so those repairs may be undertaken.
4. Proper Warnings
- If you have knowledge of a hazard that can likely cause injury, take steps to warn other staff and students. Tell the office so additional warnings may be given.

Contact the Office for Assistance: The office administration should be contacted immediately when possible and students detained when a situation exists which could cause injury to students or others. Examples include:

- student fight
- student health problem (fainting, bleeding, high temperature, difficulty breathing, etc.); if the office can not be immediately located, call 911 if the problem appears to be of immediate and serious concern
- a report or a suspicion that a student has a weapon or other dangerous item or drugs, alcohol, or other illegal substances
- presence of an intruder (a non-student or staff member who refuses to go to the office)

Student Searches: Office administration should also be contacted before performing searches of students or their belongings. You may direct a student suspected of having an item in violation of school rules to wait with you until another adult is present or escorted to the office if you can leave your assigned area without causing risk of harm to others. Do not use physical force to detain the student or to make the student accompany you except as reasonably necessary to protect the student or others.

Student Rights: Students should be treated fairly and given the same treatment without consideration of race, color, religion, gender, or disability. Students who need special accommodations should be given those accommodations as needed for them to participate in school and school activities. Further, students have the right to have their school records kept confidential. Such information should be shared only with other school staff with a need to know the information to perform their duties.

Section 8: Managing Student Conduct

Discipline is everyone's responsibility. It begins with the student being responsible for his/her own behavior and understanding the consequences it may cause. The teacher is responsible for articulating classroom expectations at the beginning of the school year, implementing the classroom expectations on a consistent basis, and being familiar with the student handbook. All staff are responsible for all students in the hallways, in the rest rooms, at assemblies, at pep rallies, and during lunch. Consequences for inappropriate behavior may include students making up time before or after school, a student or a parent conference, or a referral to an administrator.

The following guidelines will assist in maintaining appropriate student conduct and complying with the process required for student discipline.

1. On the first day of class make students aware of classroom expectations. Students will accept them if they know in advance and if they are fair and consistent. Students often appreciate giving input on classroom rules. These expectations should be in writing. Give one copy to the students, post one copy in the room and provide one copy for the principal.

2. It is important to document student behavior in your classroom, calls to parents, referrals, and/or communications with a student.
3. If, after attempts to improve student behavior, the problems continue, talk to the student's counselor or the Principal about possible alternatives in discipline procedures. Be attentive and respond to "bullying."
4. If a student continues to cause problems, inform the administration for disciplinary action using the approved reporting forms. Be sure to state the problem clearly and expectations in terms of assistance, as at times the student's and teacher's stories are different. Be prepared to provide documentation.
5. Follow up on any referral. The student may not go to the principal or the counselor when sent. The administrator or attendance coordinator will inform the teacher of the consequences.
6. Refer students with continued and significant behavioral problems to the student assistance team for a determination of whether the student is in need of special services. Contact the principal if you have questions as to the procedure.
7. Talk with other teachers about the classroom management techniques they use to establish an atmosphere conducive to learning in their classroom. A large repertoire of classroom management techniques always enhances learning.
8. Read and understand the student handbook and the student conduct rules of the District.
9. Use good judgment when dealing with difficult situations involving students. Physical confrontation generally escalates tense situations. Corporal punishment is prohibited in our school district and is not to be used. Physical force may only be used to the extent reasonably necessary to protect the student, yourself and others, and to protect property as may be reasonable.
10. Violations of student rules, which are also violations of state law, are required to be reported to law enforcement. Make a report of such conduct to the Principal so this law may be followed.

Section 9: Dispensing Medication

Teachers are not permitted to give any medication to students unless trained under the Medication Aid Act, Neb. Rev. Stat. §71-6718 to 71-6743. Students who need to take prescription medicine must have a signed parent release form on file in the office. Medications are to be taken in the presence of the office staff, the nurse, or medication aide and are to be stored in the office. Medical procedures are not to be administered in the classroom except in accordance with the District's Safety and Security Management Plan and the District's Emergency Protocol (asthma/anaphylaxis protocol).

If students must take medication and/or perform medical procedures prescribed by a duly licensed physician during school hours, it is the responsibility of the parents or guardians to sign permission to dispense the medicine at the school and to submit a note or prescription from the physician authorizing the medicine and/or medical procedure. School district personnel will not administer medicine, including over the counter medicine, without this signed form and note or prescription. Any medication brought to school needs to be properly labeled. The label should include the following information: Student's name, name of medication, dosage needed, and time of dispensing the medication.

Section 10: Reporting Child Abuse

Nebraska State Law mandates school officials to make a report to the proper law enforcement agency or the Department of Health and Human Services (Child Protective Services) 1-800-652-1999 when there

is reasonable cause to believe that a child has been abused or neglected, or a child is in a situation, which would reasonably result in abuse or neglect. According to Nebraska State Law, abuse or neglect means knowingly, intentionally, or negligently causing or permitting a minor child to be:

- Placed in a situation that endangers his or her life or physical or mental health;
- Cruelly confined or cruelly punished;
- Deprived of necessary food, clothing, shelter, or care;
- Left unattended in a motor vehicle if such minor child is six years of age or younger;
- Sexually abused; or
- Sexually exploited by allowing, encouraging, or forcing such person to solicit for or engage in prostitution, debauchery, public indecency, or obscene or pornographic photography, films, or depictions.

Teachers are to inform their school counselor, social worker, principal, or supervisor that they intend to make a report. Administrative staff may sometimes choose to make the report for a teacher. However, informing a principal or supervisor does not end the teacher's responsibility; teachers are obligated to make certain a report was made if they do not do it themselves.

It is vital that the report be made as accurately and as soon as possible. To assure accuracy, you are encouraged to document the date of the incident and specific statements or explanations made by a child regarding an abuse/neglect concern. Timeliness in making a report will assist in minimizing further risk to the child by allowing the police or Child Protective Services workers to interview the child during the school day and prior to an evening or weekend. In cases of physical injury (e.g., bruising or other marks), it is essential the police observe and document the injury. A counselor, the school social worker or an administrator will help you.

Section 11: Fundraising

Fundraising is defined as the selling of a product, providing a service or activity, or requesting donations of any kind. As noted in **Board of Education policy 506.07**, all fundraising for student organizations, outside organizations, and charitable giving campaigns must have prior administrative approval from the building principal and the Executive Director of Business/Human Relations, evidenced by signature on a completed School Fundraising Application. School District employees who supervise official school programs or extracurricular activities are directed not to organize, conduct, or involve students in fundraising activities unless the fundraising activity has been approved.

When receipts from fundraising or other activities are sent to the Administration Building to be deposited, they are to be accompanied by a properly completed Report of Cash/Checks Submitted form. Receipts should be counted by two separate people at the building, the form completed, and the receipts and form sent to the Administration Building. Upon arrival at the Administration Building, the receipts will be re-counted prior to deposit in the appropriate account and bank.

Section 12: Purchases with Building or District Funds:

The board of education recognizes the importance of sound fiscal management practices and expects efficient and consistent procedures in purchasing materials and services for the district. Requests for equipment, materials, books, supplies, reimbursement claims, and other expenses shall be made by the employee to his/her supervisor or administrator. Such requests are to be approved prior to the order

being placed or the expense being encumbered. No payment of a bill will be made without an approved purchase order. Tax exempt status is to be requested of all purchases and sales tax will only be reimbursed if the vendor does not accept the tax-exempt form.

All purchasing for the district will adhere to an approved purchase process that clearly establishes the contractual arrangement between the supplier and the school district. No employee may enter into a contract with a supplier unless the administrator or supervisor also endorses that contract.

Section 13: District Credit Cards:

A CPS credit card may be checked out for occasions when you are traveling on district business and returned when its specific use has been accomplished. If you wish to use a District credit card, contact the Director of Finance and Human Resources no less than 5 days in advance to obtain a request form and summary of District policies pertaining to expenditures and use of credit cards.

Section 14: Cash in School Buildings

Under District Policy 709.00, the amount of cash that may be kept in the school building for the purpose of making change shall be sufficient for the day's operations. This includes fundraising activities, petty cash, food service funds, jean/pop/staff courtesy funds, student council, the library, school activities/athletics and any other District (or extended) school group or activity. Excess cash shall be deposited in the authorized depository/account of the school district. Cash on hand should only be secured in a locked location in the school building's main office and should never be kept overnight in classrooms or other unsecure locations. Board Policy 706.02 has established \$50 as a reasonable amount of "on-hand cash" for the petty cash fund. That standard, for most situations, should be used when to determine if a deposit should be made for excess cash. This does not apply for cash boxes used for events taking admission.

Article 5: PERSONAL AND PROFESSIONAL CONDUCT

Section 1: Professional Ethics Standards

The Columbus Public Schools expects its certificated employees to adhere to the professional ethics standards established by the Nebraska Department of Education as such standards may be modified from time to time. The professional ethics standards which certificated employees are expected to adhere to include those set forth below. References to "educator" shall include all certificated employees of the District.

Preamble

The educator shall believe in the worth and dignity of human beings. Recognizing the supreme importance of the pursuit of truth, the devotion to excellence and the nurture of democratic citizenship, the educator shall regard as essential to these goals the protection of the freedom to learn and to teach and the guarantee of equal educational opportunity for all. The educator shall accept the responsibility to practice the profession to these ethical standards.

The educator shall recognize the magnitude of the responsibility he or she has accepted in choosing a career in education, and engages, individually and collectively with other educators, to judge his or her colleagues, and to be judged by them, in accordance with the provisions of this code of ethics.

The standards listed in this section are held to be generally accepted minimal standards for public school certificate holders in the State of Nebraska and for all educators, including administrators, with respect to ethical and professional conduct.

Principle I - Commitment as a Professional Educator:

Fundamental to the pursuit of high educational standards is the maintenance of a profession possessed of individuals with high skills, intellect, integrity, wisdom, and compassion. The educator shall exhibit good moral character, maintain high standards of performance and promote equality of opportunity. In fulfillment of the educator's contractual and professional responsibilities, the educator:

- A. Shall not interfere with the exercise of political and citizenship rights and responsibilities of students, colleagues, parents, school patrons, or school board members.
- B. Shall not discriminate on the basis of race, color, creed, sex, marital status, age, national origin, ethnic background, or handicapping condition.
- C. Shall not use coercive means, or promise or provide special treatment to students, colleagues, school patrons, or school board members in order to influence professional decisions.
- D. Shall not make any fraudulent statement or fail to disclose a material fact for which the educator is responsible.
- E. Shall not exploit professional relationships with students, colleagues, parents, school patrons, or school board members for personal gain or private advantage.
- F. Shall not sexually harass students, parents or school patrons, employees, or board members.
- G. Shall not have had revoked for cause in another state a teaching certificate, administrative certificate, or any certificate enabling a person to engage in any of the activities for which a special services counseling certificate is issued in Nebraska.
- H. Shall not engage in conduct involving dishonesty, fraud, deceit, or misrepresentation in the performance of professional duties.
- I. Shall report to the Superintendent any known violation of paragraphs G, E, or B above.
- J. Shall seek no reprisal against any individual who has reported a violation of this rule.

Principle II - Commitment to the Student:

Mindful that a profession exists for the purpose of serving the best interests of the client, the educator shall practice the profession with genuine interest, concern, and consideration for the student. The educator shall work to stimulate the spirit of inquiry, the acquisition of knowledge and understanding, and the thoughtful formulation of worthy goals. In fulfillment of the obligation to the student, the educator:

- A. Shall permit the student to pursue reasonable independent scholastic effort, and shall permit the student access to varying points of view.
- B. Shall not deliberately suppress or distort subject matter for which the educator is responsible.
- C. Shall make reasonable effort to protect the student from conditions, which interfere with the learning process or are harmful to health or safety.
- D. Shall conduct professional educational activities in accordance with sound educational practices that are in the best interest of the student.
- E. Shall keep in confidence personally identifiable information that has been obtained in the course of professional service, unless disclosure serves professional purposes, or is required by law.
- F. Shall not tutor for remuneration students assigned to his or her classes unless approved by the Board of Education.
- G. Shall not discipline students using corporal punishment.

Principle III - Commitment to the Public:

The magnitude of the responsibility inherent in the education process requires dedication to the principles of our democratic heritage. The educator bears particular responsibility for instilling an understanding of the confidence in the rule of law, respect for individual freedom, and a responsibility to promote respect by the public for the integrity of the profession. In fulfillment of the obligation to the public, the educator:

- A. Shall not misrepresent an institution with which the educator is affiliated, and shall take added precautions to distinguish between the educator's personal and institutional views.
- B. Shall not use institutional privileges for private gain or to promote political candidates, political issues, or partisan political activities.
- C. Shall neither offer nor accept gifts or favors that will impair professional judgment.
- D. Shall support the principle of due process and protect the political, citizenship, and natural rights of all individuals.
- E. Shall not commit any act of moral turpitude, nor commit any felony under the laws of the United States or any state or territory.
- F. Shall, with reasonable diligence, attend to the duties of his or her professional position.

Principle IV - Commitment to the Profession:

In belief that the quality of the services to the education profession directly influences the nation and its citizens, the educator shall exert every effort to raise professional standards, to improve service, to promote a climate in which the exercise of professional judgment is encouraged, and to achieve conditions which attract persons worthy of the trust to careers in education. The educator shall believe that sound professional relationships with colleagues are built upon personal integrity, dignity, and mutual respect. In fulfillment of the obligation to the profession, the educator:

- A. Shall provide upon the request of an aggrieved party, a written statement of specific reasons for recommendations that lead to the denial of increments, significant changes in employment, or termination of employment.
- B. Shall not misrepresent his or her professional qualifications, nor those of colleagues.
- C. Shall practice the profession only with proper certification, and shall actively oppose the practice of the profession by persons known to be unqualified.

Principle V - Commitment to Professional Employment Practices:

The educator shall regard the employment agreement as a pledge to be executed both in spirit and in fact. The educator shall believe that sound personnel relationships with governing boards are built upon personal integrity, dignity, and mutual respect. In fulfillment of the obligation to professional employment practices, the educator:

- A. Shall apply for, accept, offer, or assign a position or responsibility on the basis of professional preparation and legal qualifications.
- B. Shall not knowingly withhold information regarding a position from an applicant or employer, or misrepresent an assignment or conditions of employment.
- C. Shall give prompt notice to the employer of any change in availability of service.
- D. Shall conduct professional business through designated procedures, when available, that have been approved by the employing agency.
- E. Shall not assign to unqualified personnel, tasks for which an educator is responsible.
- F. Shall permit no commercial or personal exploitation of his or her professional position.
- G. Shall use time on duty and leave time for the purpose for which intended.

Section 2: Evaluations

Evaluations of teachers will be conducted in accordance with the District's Professional Performance Model. Supervisors reserve the right to observe, appraise or evaluate teachers more frequently than required by policy on an as-needed basis. Teachers are expected to participate constructively and positively in the evaluation process and to accept and implement constructive suggestions and improvement strategies developed by the administration.

Section 3: Role Model

Teachers serve as role models for students and their actions and conduct reflect on the school as a whole. Teachers are in all respects to conduct themselves in a professional manner during school and after school hours.

Section 4: Relationships

It is important for teachers to maintain an effective working relationship with the administration and all co-workers, including other teachers and support staff. Teachers are also to maintain appropriate relationships with students. Appropriate relationships are established by extending social courtesies, following through on commitments and promises, complying with administrative directives and Board policies, being honest and consistent, and not intruding into personal matters outside the scope of duties or gossiping or spreading rumors about others.

The relationship between a building principal or supervisor and staff within the building or department is always enhanced by direct communication between the staff members and the principal or supervisor. Direct communication is the best way to solve potential problems, relieve tensions, and to clarify any misunderstandings.

The staff member should request a conference with the building principal or supervisor and attempt to resolve the concern or complaint. In the event the concern is with the building principal, then the staff member should request a conference with the Superintendent of Schools.

Section 5: Professional Attire

It is important for teachers to project a professional image to students, parents and co-workers. Appropriate attire and grooming is one of the means of projecting a professional image. Teachers are expected to maintain conservative and professional attire and grooming when on duty. As professionals, teachers are expected to be aware of the standard to be maintained. As a minimal guide, teachers should not wear clothing which students would not be permitted to wear at school. The administration may establish more detailed guidelines for individual teachers should that be necessary. We encourage all staff to wear CPS apparel when appropriate.

Section 6: Private Tutoring

Teachers are encouraged to provide individual assistance to students as a part of their duties. Teachers who engage in private tutoring for pay (compensation of any kind from a source other than the District) are subject to the following rules:

- A. The teacher may not arrange to provide private tutoring for any child enrolled in the teacher's class.
- B. The teacher is not to provide private tutoring in a school building.

- C. The teacher is not to provide private tutoring during duty time.
- D. The teacher is not to advertise or promote the teacher's private tutoring services in the school or in the school's communications systems except with the express permission of the Superintendent or designee.

Section 7: Outside Employment

Teachers shall not perform duties unrelated to District employment during duty hours. In addition, teachers shall not engage in employment which conflicts with their school duties. Teachers are not required to notify the District of outside employment except: (1) teachers who are also employed by another Nebraska school district in order to comply with Nebraska State Retirement System regulations and (2) teachers who have a work-related injury in order to comply with workers' compensation requirements.

Section 8: Use of Cell Phone, Technology, and Social Media

Use of a cell phone, laptop, tablet, or any device to make audio or visual recordings of students, staff, parents without their consent is prohibited and will be deemed as unprofessional conduct. Posting of audio, pictures, video, or any likeness of a student, parent, or staff member on any public forum/social media without prior permission is prohibited. Pictures, video, or audio posted through a school approved account on a public forum or social media that adheres to District policy is acceptable and should promote a positive image of the school district and/or person(s) included in the post.

Employees of the District posting comments, pictures, video, or audio on social media or using their position as an employee to further an agenda outside of the school district chain of command may be considered insubordinate. School business and communication should be conducted within the proper chain of command at all times.

Article 6 – ACADEMIC MATTERS

Section 1: Purpose and Goals of Academic Achievement

The Columbus Public Schools Board of Education is committed to providing a quality education for all Columbus Public School students consistent with the school's mission statement. Effective, quality instruction by teachers is an essential means of meeting the District's mission of providing a quality education.

Section 2: Teaching to Student Understanding to Assure Learning

Each teacher is responsible for teaching in a manner to meet the mission of the District and to assure student understanding and learning of the principles and concepts to be presented to students within the curriculum adopted by the District. Teachers will model classroom instruction on the educational model implemented by the District and reflected in the teacher evaluation instrument adopted by the Board of Education. Teachers are responsible for familiarizing themselves with the instructional model and the principles of instruction set forth in the evaluation instrument. The administration shall provide periodic in-services regarding the instructional model.

State and federal laws and regulations have been enacted which require that students with certain needs be provided instruction and services consistent with those special needs. Examples include students who have been verified as in need of special education (“special education students”), students with other disabilities, which impact the educational program (“504 students”), and limited English proficient students (“LEP or EL students”). The District’s policy is to comply with the state and federal laws and regulations in all respects. Teachers who are assigned special education, 504, or LEP/EL students are required to provide instruction and services consistent with legal requirements and the requirements of Board policy and regulation.

Section 3: Instruction in the Curriculum

Teachers shall instruct students in the curriculum, including the use of curriculum materials, adopted and implemented by the Board of Education and as directed by the administration.

Section 4: Measuring and Reporting Academic Achievement

Grades and Grading. Measuring and accurately reporting the level of each student’s academic achievement is of critical importance to students, parents, staff, the board of education and community. To this end, teachers shall develop a variety of common assessment instruments and techniques to measure student achievement in the curriculum adopted and implemented by the school district, record the results of such assessment, and report such results on Report Cards.

Teachers should endeavor to measure student learning and understanding on a frequent basis during each quarter to provide an accurate evaluation of each student’s academic achievement for that period. It is recommended that the teacher record at least two grades per week. It is generally preferable to give numerical grades for tests, quizzes, and daily work. Grades must be recorded for all curricular areas.

Recording Grades. Each teacher shall record grades in the district-approved record keeping system. A sufficient number of grades must be recorded in the grade book to justify all quarter and semester grades for each student. Please keep consistent and complete records. Teachers must be able to support and justify the grades that each individual student earns.

Grade Scales. Teachers are to use only the grading scales approved for the elementary, middle, and high school. Any deviation from the approved grade scales must be approved by the building principal.

Grading scales are expected to be used according to the following guidelines:

- No other grade scales are to be used on official records or reports.
- "Failing," "unsatisfactory" or equivalent terms indicate that student performance does not meet the minimum requirements established for the course. A final mark of "failing" or "unsatisfactory" in a credit-bearing course means that credit hours will not be granted.
- The mark given at the end of each reporting period is considered an evaluation of the pupil's status at the time (for example, the final mark in a semester course is an evaluation of the pupil's status as of the close of the semester; not an average of two nine-week marks)
- Teachers may exercise professional judgment in distributing marks. Behavior should not be included in an academic grade. Marks are not expected to be distributed on a normal curve.

Section 5: Updating Grades

6-12 teachers should update weekly. K-5 teachers should be updated every two weeks unless otherwise directed by principals.

Reconsideration of Grades/Marks: Questions raised concerning duly assigned grades will be resolved cooperatively in a conference, which includes the teacher(s) involved and the Principal. In the event parents or students question a grade, the parents/guardians and/or student may be included in the conference.

Incomplete Classes: Some students in certain situations may qualify for an approved incomplete for a course. Late entry or a serious injury at an awkward point in the semester would be a couple of examples.

Transfer Grades: A student transferring into Columbus High School at the fifteen-to eighteen-week time period will have all grades on transcript from an accredited school accepted for semester credit. Grades must be approved for credit by the principal or designee.

Reports to Parents: Grades and credit are assigned on a quarter (9 weeks) or semester basis (18 weeks). Reports are sent to parents at the close of each nine weeks during the school year; the reporting periods are referred to as first quarter, first semester, third quarter, and second semester.

The grade reports are produced from information supplied by teachers and distributed to students at school or are mailed to parents.

All term or mid-quarter grades are calculated on a cumulative basis; i.e., the grade given at the end of the first quarter represents an evaluation of work done during that quarter, and the grade given at the close of the semester represents an evaluation of all the work done during the entire eighteen weeks.

The end-of-quarter and end-of-semester reports are directed to parents, not to students. Students probably know quite well how they stand in such areas as citizenship, attitude, cooperation, attendance, preparation of assignments, etc. The parents do not have this knowledge. If any such factors have significant bearing on the student's grades or their relationship with teachers, notes should be sent to parents. Arrangements will be made to place these teacher-written notes with the grade report forms. The notes may call attention to deficiencies, faults, or failures; or they may be commendatory in nature. If carefully prepared, they can be most valuable. Parents need to have information about areas of strengths and areas needing improvement and progress being made by their child. For their instruction, and for our ultimate well-being, if and when problems arise, it is essential that the reports be as informative as possible. Teachers should, in all cases, plan to keep on file duplicate copies of the notes, which are sent to parents.

Please accept, cooperatively and professionally, the responses that parents may make subsequent to the distribution of term or mid-quarter reports. Parents are not always helpful or reasonable under these circumstances but they do need information and direction. Please encourage parents to discuss their student-centered problems with you and give them all possible assistance.

Section 6: Parent-Teacher Conferences

Parent-Teacher conferences are a critical opportunity for teachers to dialogue with parents (or guardians) of students regarding student achievement and learning. To this end, Parent-Teacher conferences will be scheduled and held during the school year. Teacher attendance at Parent-Teacher conferences is mandatory.

Section 7: Use of Video Resources for Instructional Purposes

Video or other media resources used to support the educational process must: 1) relate to the concept being taught, 2) have a PG-13 or lower rating (or have prior permission by the principal if above PG-13), 3) must be previewed in their entirety by the teacher before using in class, and 4) the expectation is to use excerpts of the program to illustrate important concepts rather than viewing an entire 90- to 120-minute show.

Article 7 – USE OF SCHOOL FACILITIES AND EQUIPMENT

Section 1: Drug-Free Workplace

The District has established the school as a drug-free workplace. The drug-free workplace for this purpose includes school grounds, school utilized vehicles, and places in which school activities are held.

The unlawful manufacture, distribution, disposition, possession, or use of a controlled substance is prohibited in the work place. The possession, use or distribution of illicit drugs or alcohol, the use of glue or aerosol paint or any other chemical substance for inhalation, and being under the influence of illicit drugs, alcohol, or inhalants, is prohibited in any place while teachers are on duty time. Any level of impairment from illicit drugs, alcohol, or inhalants, and the presence of any odor of illicit drugs (such as marijuana) or alcohol on a teacher in the work place or on duty time shall be a violation of the drug-free workplace. The possession or distribution of a look-alike drug or look-alike controlled substance is prohibited. In addition, teachers are expected to serve as role models for students and will be considered to have violated the District's expectations in the event the teacher commits a criminal drug or alcohol offense off the work place or off duty time.

As a condition of employment teachers will abide by the District's drug-free workplace policies and notify the Superintendent of any criminal drug statute conviction for a violation occurring in the workplace no later than 5 days after such conviction. Disciplinary sanctions up to and including termination of employment and referral for prosecution will be imposed for violations of the District's drug-free workplace policies. Sanctions may include the requirement that the teacher complete an appropriate rehabilitation program, a reprimand, and termination of employment. Drug and alcohol counseling and rehabilitation and reentry programs are available through local health agencies.

Section 2: Smoke- and Tobacco-Free Workplace

The use of tobacco products in the District's buildings and on school grounds, all owned or leased facilities and vehicles is prohibited.

Section 3: Weapon-Free Workplace

The District prohibits any person from being in possession of a weapon at a school attendance facility, on school property, at a school-supervised activity, or at a school-sponsored function. Any teacher found to be in violation of this policy shall be subject to disciplinary action, up to and including termination.

The term "weapon" means an instrument or object used, or which may be used, as a means of attack, defense, or destruction, including, without limitation:

1. Any object which will, or is designed to, or may readily be converted to, expel a projectile by the action of an explosive or other means;
2. The frame or receiver of any object described in the preceding example;
3. Any firearm muffler or silencer;
4. Any explosive, incendiary or gas (a) bomb, (b) grenade, (c) rocket, (d) missile, (e) mine, or similar device;
5. Any bludgeon, sand club, metal knuckles, or throwing star;
6. Any knife other than as used for strictly instructional or personal care or eating purposes. A pocketknife with a blade of 2-1/2 inches or more is a prohibited weapon. A switchblade knife is prohibited regardless of size of the blade. A switch-blade knife is defined as a knife with a blade that opens automatically by hand pressure applied to a button, spring, or other device in the handle of a knife, or any knife having a blade that opens or falls or is ejected into position by the force of gravity or by an outward, downward, or centrifugal thrust or movement;
7. Any electronic device designed to discharge immobilizing levels of electricity, commonly known as a stun gun; and
8. A teacher may possess mace or other similar chemical agents in quantity and/or concentration typically designed for individual personal defensive purposes shall not be considered as possession of a weapon. Possession of larger quantities and/or concentrations of mace or other similar chemical agents than are typically designed for individual personal defensive purposes will be considered as possession of a weapon. Usage of mace or other similar chemical agents will be considered as usage of a weapon if the usage is found to be for non-defensive purposes. A teacher who is negligent in their possession of mace or other similar chemical agents will be subject to disciplinary action.
9. A teacher may possess an item which may be considered a weapon where such item is used for instructional purposes and the teacher has received approval of the administration to possess the item, provided it is used in the manner approved and is maintained in such manner as the administration has directed.
10. Any other object that is designed for or intended for use as a destructive or injurious device.

The phrase "possession of a weapon" includes, without limitation, a weapon in a teacher's personal possession, as well as in a teacher's motor vehicle, desk, locker, briefcase, backpack, or purse.

Section 4: Acceptable Use of District Computer Network and Internet

Teachers have access to the District's computer network and the Internet for the enhancement and support of student instruction. It is important to remember that the equipment and the software are the property of the school district.

The expectation of the Board of Education is that employees will conduct themselves in such a way as to promote a positive school atmosphere through professional and appropriate dress code, interpersonal relationships, and employee conduct. This includes any communication, verbal, written or electronic. As public employees all staff should recognize that students, peers, parents, and community members are continuously observing their actions. All staff must be aware that their actions and demeanor are reflected in the conduct of students, which may impair their effectiveness as employees.

The personal life of an employee, when communicated by texting, social networking, or other personal communication portrayed via the Internet, or any other form of communication will be a concern of the Administration and Board of Education if it impairs the employee's ability to effectively perform his/her job or it violates local, state or federal laws or contractual agreements. This not only includes communication through devices provided by the district, but also personal or privately owned systems or electronic equipment if said communication merits disciplinary actions consistent with State law, Federal law, and/or Board Policy.

It is the expectation that all employees will maintain appropriate and professional boundaries with students at all times, both inside and outside of school. No employee shall engage in inappropriate or unprofessional conduct, especially conduct of a sexual nature, with a student at any time. This includes inappropriate communications, be it verbal, written or electronic, through any manner such as in person, via telephone, cell phone, computer, personal data assistant, text messaging, instant messaging or any and all social networking mediums.

In using the computers and the Internet, users agree to the following:

1. Since copyright laws protect software and other content, users will not make unauthorized copies of software or content on school computers. If a user downloads public domain programs for personal use or non-commercially redistributes a public domain program, the user assumes all risks regarding the determination of whether a program is in the public domain.
2. Users shall not access material that is obscene, pornographic or otherwise inappropriate for educational, work-related, or personal uses or contrary to the District's mission. Users are not permitted to knowingly access information that is profane, obscene or offensive toward a group or individual based upon race, gender, national origin or religion.
3. Users will protect the privacy of other computer users' areas by not accessing their passwords.
4. Users will not engage in "hacking" or otherwise attempt to gain unauthorized access to system programs or computer equipment. Attempts to harm, destroy, or remove computer software or equipment is prohibited unless removed by authorized CPS personnel.
5. Users will not use computer systems to disturb or harass other computer users by sending unwanted mail or by other means.
6. Users will not attempt to log in to the districts' local system administrator account.
7. Users understand that the intended use of all computer equipment is to meet instructional and educational objectives. All district related content and materials are required to be stored within a district domain account.
8. Users will not use the network for financial gain or for any commercial or illegal activity.
9. The District will not be responsible for any liabilities, costs, expenses, or purchases incurred by the use of the District's telecommunications systems such as the Internet. This includes, but is not limited to, the purchase of online services or products. The user is solely responsible for any such charges.

10. Users are responsible for the integrity of information accessed and any software downloaded. If the computer becomes inoperable, the computer will be restored by the tech department to the state in which it was originally received by the user. Users will be responsible for reloading any lost material or programs.
11. Users will be responsible for back up of all data on the computer. The district recommends that all important data be stored within your district Google Drive account or saved to an external hard drive. The district is not responsible for lost data.
12. The District reserves the right to inspect a users' computer and computer usage at any time. Users have no privacy rights or expectations of privacy with regard to use of the District's computers or Internet system. Computers are the property of Columbus Public Schools, and are therefore subject to changes or modifications as deemed necessary by the district.
13. A technology protection measure is in place that blocks and/or filters Internet access. The Internet filter is designed for preventative access to Internet sites that are not in accordance with policies and regulations. Inappropriate bypassing of the filter is prohibited. When an authorized user bypasses the filter, the user takes responsibility for content that appears and is displayed for classroom viewing or on their device.
14. All district purchased software through the App store must utilize the user's @discoverers.org Apple ID (iTunes account). This includes the Apple suite (Pages, Numbers, Keynote) downloads on your district computer.

As the user, you are taking sole responsibility for all activity on any school issued device, whether activity be attended or unattended. Any violation of any part of this agreement or any other activity which school administrators deem inappropriate will be subject to disciplinary action. Discipline could include but would not be limited to, the immediate suspension or termination of the user's Internet account and computer privileges, reprimand, suspension, or termination.

Occasional Personal Use

The purpose of technology provided to staff at Columbus Public Schools is to meet the educational needs of the district. The occasional personal use agreement allows Columbus Public Schools staff to have occasional personal use. It is understood and accepted that any use of technology provided by the district is not private. It is important to remember that the equipment and the software are the property of the school district.

Important Information Concerning CPS Technology

Reporting lost or stolen technology during the school day:

- If your iPad or computer is missing or stolen, contact your building principal AND someone in the Tech Dept IMMEDIATELY: Leonard Kwapnioski (c-402-910-3282) or (x11517), Jeff Uchtman (c-402-276-1015) or (x12352), Corey Underdahl (c-402-650-6731) or (x12450), Troy Medinger (x13086), or Lynne Shonka (13396).
- Machines covered by AppleCare will follow Apple's troubleshooting protocol to determine if machine damage is covered. Employees may elect to purchase a damage protection plan through payroll deduction in October. All non-covered damages will be the responsibility of the employee. Under no circumstances shall an employee try to repair any district owned device. All repairs shall be reported to and coordinated by CPS District Technology as soon as possible.
- Be aware of the CPS policy regarding the use of student images and/or names in digital or paper media produced by you or in your classroom.
- Follow correct copyright procedures when using images and materials that you do not own.

- District owned and managed software will be updated by user through the self-service portal, On Demand. The self-service portal for On Demand software is currently found in System Preferences | Absolute Manage | Software Updates | Show On Demand Software.
- Self-installed software will be updated and maintained by the user who installed the software.

Reporting lost or stolen technology at times other than the school day:

- **Call the CPS Technology Hotline at [402-563-7069](tel:402-563-7069).**
- When calling in to report a lost or stolen device, please be prepared to provide the following information. If there is no answer, please leave this information on the answering machine:
 - Name of person the equipment is assigned to
 - Person's name making report
 - Location where computer was when it went missing
 - Contact number to be called back

Section 5: Use of School Facilities

Teachers will be provided access to the school. Teachers are expected to maintain security of building access methods and not give this access to others. Teachers are permitted to have access to school facilities during non-school time provided such access is for work-related purposes. When teachers leave the building, they are to close all windows, lock their classroom door, and make sure that the entry door is fully closed and locked. This is especially important when teachers are using the school facilities prior to the beginning of the school year and during any weekend or evening usage.

School property is to be used for approved work-related purposes and not for personal purposes or for personal gain or benefit. **For non-school sanctioned activities an employee should follow the District policy on facility rental and use of facilities.** Use of school supplies (paper, staples, etc.), school equipment (copiers, fax machines, telephones, etc.), and school postage is to be used for approved school-related purposes only. Excess or surplus supplies or equipment, including items, which have been placed in the trash, should not be removed for non-school use without approval from the administration.

Section 6: Care of School Property

Teachers are responsible for the proper care of all books, equipment, supplies and furniture supplied by the school. If an item is in need of maintenance or repair, report it to the Principal. If you learn that a student has damaged school property or equipment, or if you are responsible for damage to school property, promptly report it to the Principal so the item may be replaced or repaired if possible and appropriate responsibility for the cost of replacement or repair may be determined.

Section 7: Use of Telephone

Personal telephone calls shall not be made during student instruction time except in the event of an emergency. Long distance calls on school telephones must be made from the office.

Section 8: Visitors

Teachers are not to have visitors on school property except on a short-term basis and only with permission of the principal. Included in the definition of visitors are family members of the teacher.

Visitors should follow posted procedures for being on school property. Teachers are not to bring their children to school with them in lieu of taking them to childcare.

Section 9: Salespersons

Teachers need not allow, and should not permit, any salesperson or representative or agent of any commercial enterprise or theatrical presentation to contact the teacher while engaged in the teacher's duties except for such times as may be designated by the Superintendent or designee. By law, the hours of no solicitation are between 8:30 a.m. and 5:00 p.m. on all days school is in session. If you are required to be at work earlier than 8:30 a.m., the hours are extended to that earlier time as well.

Teachers shall not use classrooms, buildings or other school property for personal use or profit without specific approval from the Superintendent or designee. Teachers shall not use time for which the teacher is on duty or paid by the District to engage in any activity for personal financial profit. Any violation of this policy will be held to be willful insubordination.

Section 10: Security of Desks and Lockers

Offices, teacher desks, lockers, file cabinets and other such storage devices ("storage devices") are owned by the school and are to be properly cared for and maintained. Appropriate security measures should be used to protect school and personal property kept in storage devices from theft or vandalism and to protect confidential student records.

The school exercises exclusive control over school property and reserves the right search offices and storage devices provided to or used by employees where permitted by law, such as where reasonable grounds exist for suspecting that a search will turn up evidence that the employee has committed work-related misconduct, or that a search is necessary for a noninvestigatory work-related purpose, such as to retrieve a file. School-related documents or records must remain readily available to administration and other appropriate school staff. Any personal items a teacher wants to have kept private should be kept in a separate personal storage device, such as a brief case, purse or backpack.

The District is not responsible for any personal property teachers may bring to school. Teachers are cautioned not to bring large amounts of money or items of significant value to school.

Section 11: Video Surveillance

The Board of Education has authorized the use of video cameras on School District property to ensure the health, welfare and safety of all staff, students and visitors to District property, and to safeguard District facilities and equipment. Video cameras may be used in locations as deemed appropriate by the Superintendent.

Notice is hereby given that video surveillance may occur on District property. In the event a video surveillance recording captures a student or other building user violating school policies or rules or local, state or federal laws, the video surveillance recording may be used in appropriate disciplinary proceedings against the student or other building user and may also be provided to law enforcement agencies.

Section 12: Bulletins and Announcements

Bulletin boards and display cases are available for school-related and approved materials to be posted and displayed. Posters to be used in the halls or materials for distribution will need to be approved by the Principal's office. Posters are not to be attached to any painted wall surfaces. The person or organization responsible for distributing the posters is responsible to see that all posters are removed within 48 hours after the event.

Section 13: Copyright and Fair Use Policy

It is the school's policy to follow the federal copyright law. Teachers are reminded that, when using school equipment and when performing school duties, they also must follow the federal copyright laws. The federal copyright law governs the reproduction of works of authorship. Copyrighted works are protected regardless of the medium in which they are created or reproduced; thus, copyright extends to digital works and works transformed into a digital format. Copyrighted works are not limited to those that bear a copyright notice.

The "fair use" doctrine allows limited reproduction of copyrighted works for educational and research purposes. The relevant portion of the copyright statute provides that the "fair use" of a copyrighted work, including reproduction "for purposes such as criticism, news reporting, teaching (including multiple copies for classroom use), scholarship, or research" is not an infringement of copyright. The law lists the following factors as the ones to be evaluated in determining whether a particular use of a copyrighted work is a permitted "fair use," rather than an infringement of the copyright:

- the purpose and character of the use, including whether such use is of a commercial nature or is for nonprofit educational purposes;
- the nature of the copyrighted work;
- the amount and substantiality of the portion used in relation to the copyrighted work as a whole, and
- the effect of the use upon the potential market for or value of the copyrighted work.

Although all of these factors will be considered, the last factor is the most important in determining whether a particular use is "fair." Teachers should seek assistance from administration if there are any questions regarding what may be copied.

Section 14: Lost and Found

Teachers who find lost articles are asked to take them to the office, where the owner can claim the articles.

Section 15: Safety

Safety Program and Safety Committee

The District has established a Safety and Security Management Plan, which includes safety and security plans and procedures, including plans and procedures to address emergency and crisis situations. Teachers are expected to be familiar with and to comply with the Safety and Security Management Plan. The Plan may be obtained for review or copy from the Principal or the Superintendent.

The District also has a safety committee to address employee accidents, injuries and work place conditions. A representative from CEA plus representatives appointed by administration serve on the

committee. If you have a desire to serve on the committee, you should contact the President of the teachers association. Teachers can make suggestions and/or report concerns to the safety committee in the following ways: (1) contact the teachers association representative of the safety committee, (2) contact the President of the teachers association, or (3) contact the Safety Committee in care of the Superintendent.

Safety Practices

Guidelines for safe work practices which teachers should follow include the following:

1. Never stand on chairs, counters, tables, etc. Only use step stools, ladders and locking stools to stand, climb, etc., to reach high places, put things on bulletin boards, etc.
2. Always wear protective equipment (i.e., goggles, aprons, gloves, and ear protection).
3. Wipe up spills or report promptly to appropriate personnel. DO NOT assume someone else will do it.
4. Be aware of your surroundings. Pick up clutter, keep your work area or room clean and free of clutter, debris, etc.
5. Identify and report all hazards (i.e., broken equipment, broken or uneven floor surfaces, non-operating tools, windows, doors, etc.). Follow up if not repaired.
6. Do not use equipment if you are not familiar with it or operate machinery without proper training.
7. Do not carry heavy or bulky objects. Get a cart, dolly or assistance. Know how to properly lift.
8. Report any injuries or medical problems to your supervisor immediately and complete the employee accident report.
9. Wear seatbelts when in vehicles where provided.
10. Do not do repetitive tasks for long periods of time (i.e., keyboarding, cutting out things, filing, typing, etc.). Take breaks, learn and do stretching exercises, etc. Every accident in the school building, on the school grounds, at practice sessions, or at any athletic event sponsored by the school must be reported immediately to the Principal.
11. Use your blood-borne pathogen kit and training provided.

As required by law, approved safety glasses will be required of every student and teacher while participating in or observing vocational, technical, industrial technology, science, and art classes. All visitors to these areas must check out a pair of safety glasses when entering any of these areas.

Use of Personal Vehicles

Teachers who drive school vehicles or volunteer to use their personal automobile to transport students must have a valid driver's license and proof of insurance. Teachers will be provided a Driver's Certification form to verify this information and to be given instruction on emergency evacuation and first aid. Teachers who drive school vehicles or transport students in their personal vehicles are responsible for following safe driving practices, including use of seat belts by all occupants, and are responsible for any injury or accident. Teachers are not to use cell phones while driving a school vehicle or while transporting children.

Accidents

Every accident, which results in a personal injury involving students or staff, must be reported to the Principal immediately. In the event the injury involves a student, the teacher responsible for the student

either as teacher, coach or sponsor is responsible for making the report. If the injury occurs in the presence of the teacher, the teacher is also responsible for making a report.

Workers Compensation

Teachers are required to immediately report any work-related injury and/or work-related medical condition to their supervisor and complete all appropriate paperwork.

Section 16: Traveling on School Business:

School employees will be provided with a school-owned vehicle when such a vehicle is available. Submit a transportation request to the CHS Activities Assistant. When a school vehicle is not available or for trips outside the boundaries the District but less than 60 miles one-way, reimbursement for the use of a personal vehicle will be at the rate established by the State of Nebraska. If an employee chooses to use a personal vehicle in a situation where a school vehicle could have been used, the reimbursement rate for such travel will be the estimated cost of using a school vehicle.

Under Title 92, Chapter 91, section 002.02, an activity trip (school business) means the transportation of children, pupils, and/or school personnel to and from a given location to a second or subsequent location or locations without stopping to load or unload the passengers on the public highways for the purpose of transporting the passengers to any activity or event sanctioned, authorized, or sponsored by the school district. Under this definition (005.03 Authorized Passengers) children of family members may only be included in the transportation if they are part of the team or sanctioned group involved in the activity. No one except school personnel, supervisory personnel, and pupils assigned to the school bus for a particular route schedule or for an activity trip may ride in such vehicles.

Section 17: District-Employee Communications

The District sends regular communication to employees regarding upcoming events and activities to keep them informed. Under the Federal Telephone Consumer Protection Act, all calls whether live, automated, or prerecorded voice calls or text messages made to cellular phones using automated dialing technology are prohibited unless the calls are made for emergency purposes or made with prior express consent of the cellular phone subscriber. In order to comply with the Federal Consumer Protection Act, Columbus Public Schools needs your consent to call the cellular phone number. By signing receipt for this handbook, you give Columbus Public Schools permission to call all cell phones registered in District records for District communication purposes.

Article 8 – STATE AND FEDERAL PROGRAMS

Section 1: Notice of Nondiscrimination

The Columbus Public Schools does not discriminate on the basis of race, color, national origin, gender, marital status, disability, religion or age in admission or access to, or treatment of employment, in its programs and activities. The Coordinators listed in Section 2 have been designated to handle inquiries regarding complaints, grievance procedures or the application of these policies of nondiscrimination.

Local complaint or grievance procedures are provided for by the District and set forth in this handbook. If an employee does not feel that a complaint of nondiscrimination has been satisfactorily resolved at the school level, the employee may file a complaint with the appropriate federal or state agency.

Complaints are to be filed with the regional Department of Education, Office for Civil Rights where the complaint relates to Title IX (discrimination, harassment or lack of equity based on gender), Title VI (discrimination or harassment based on race, color, or national origin) or Section 504 (discrimination, harassment or failure to accommodate a disability). Complaints are to be filed with the regional U.S. Equal Employment Opportunity Commission (EEOC) if the complaint relates to Title VII (discrimination or harassment based on race, color, gender, national origin, or religion), the Americans with Disabilities Act (discrimination, harassment or failure to accommodate a disability), or the Age Discrimination in Employment Act (discrimination based on age). The contact information for the OCR and the EEOC in this regard are:

Office for Civil Rights 8930 Ward Parkway Suite 2037 Kansas City, MO 64114 816-268-0550 FAX: 816-823-1404; TDD: 800-437-0833	The U.S. Equal Employment Opportunity Commission (EEOC) 1801 L Street, N.W. Washington, D.C. 20507 (800) 669-4000; TDD: (800) 669-6820
---	---

Section 2: Designation of Coordinators

Any person having inquiries concerning the District’s compliance with anti-discrimination laws or policies or other programs should contact or notify the following person(s) who are designated as the coordinator for such laws, policies or programs. The contact address for the coordinator is: Columbus Public Schools, 2508 27th Street, Box 947, Columbus, NE 68602-0947, (402) 563-7000.

Law, Policy or Program	Issue or Concern	Coordinator
Title VI	Discrimination or harassment based on race, color, or national origin; harassment	Superintendent
Title IX	Discrimination or harassment based on sex; gender equity	Director of Student Services
Section 504 of the Rehabilitation Act and the Americans with Disability Act (ADA)	Discrimination, harassment or reasonable accommodations of persons with disabilities	Director of Building & Grounds and Director of Student Services
Homeless student laws	Children who are homeless	Superintendent
Safe and Drug Free Schools and Communities	Safe and drug free schools	Superintendent

Section 3: Anti-discrimination & Harassment Policy

Elimination of Discrimination

The Columbus Public Schools hereby gives this statement of compliance and intent to comply with all state and federal laws prohibiting discrimination or harassment and requiring accommodations. This school district intends to take necessary measures to assure compliance with such laws against any prohibited form of discrimination or harassment or which require accommodations.

Preventing Harassment and Discrimination

Purpose: Columbus Public Schools is committed to offering employment and educational opportunity to its employees and students in a climate free of discrimination. Accordingly, unlawful discrimination or harassment of any kind by administrators, teachers, co-workers, students or other persons is prohibited. In addition, the Columbus Public Schools will try to protect employees and students from reported discrimination or harassment by non-employees or others in the work place and educational environment.

For purposes of this policy, discrimination or harassment based on a person's race, color, national origin, gender, marital status, disability, religion or age is prohibited. The following are general definitions of what might constitute prohibited harassment.

In general, ethnic or racial slurs or other verbal or physical conduct relating to a person's race, color, religion, disability or national origin constitute harassment when they unreasonably interfere with the person's work performance or create an intimidating work, instructional or educational environment.

Age harassment (40 years of age and higher) has been defined by federal regulations as a form of age discrimination. It can consist of demeaning jokes, insults or intimidation based on a person's age.

Sexual harassment is defined by federal and state regulations as a form of sex discrimination. It can consist of unwelcome sexual advances, requests for sexual favors, or physical or verbal conduct of a sexual nature by supervisors or others in the work place, classroom or educational environment. Sexual harassment may exist when:

- Submission to such conduct is either an explicit or implicit term and condition of employment or of participation and enjoyment of the school's programs and activities;
- Submission to or rejection of such conduct is used or threatened as a basis for employment related decisions, such as promotion, performance, evaluation, pay adjustment, discipline, work assignment, etc., or school program or activity decisions, such as admission, credits, grades, school assignments or playing time;
- The conduct has the purpose or effect of unreasonably interfering with an individual's work or educational performance or creating an intimidating, hostile, or offensive working, classroom or educational environment.
- Sexual harassment may include explicit sexual propositions, sexual innuendo, suggestive comments, sexually oriented "kidding" or "teasing", "practical jokes", jokes about gender-specific traits, foul or obscene language or gestures, displays of foul or obscene printed or visual material, and physical contact, such as patting, pinching or brushing against another's body.

Section 4: Grievance Procedure for Persons with a Disability

The Americans with Disabilities Act (ADA) and Section 504 of the Rehabilitation Act address discrimination, harassment or failure to provide reasonable accommodations to persons with a disability. The following grievance procedure shall be used for resolution of complaints of alleged violations of the ADA or Section 504:

- Complaints shall be filed with the ADA and Section 504 Coordinator. Complaints shall be made in writing, unless the Complainant's disability prevents such, in which event the Complaint can be made verbally.

- Complaints shall set forth: (a) the name of the Complainant, (b) the address and telephone number or other such information sufficient to enable the Coordinator to contact the Complainant, (c) a brief description of the alleged violation, and (d) the relief requested by the Complainant.
- Complaints shall be investigated by the Coordinator or the Coordinator's designee. Investigations shall be thorough, but informal, and the Complainant shall be given a full opportunity to submit evidence relevant to the complaint.
- The Coordinator shall make a decision on the Complaint within thirty (30) days of the filing of the Complaint, unless such time period is extended by agreement of the Complainant. The decision shall be made in writing, shall set forth the Coordinator's proposed resolution of the Complaint, and shall be forwarded to the Complainant.
- The Complainant shall have ten (10) days from the date the Coordinator's decision is sent to the Complainant to accept or reject the Coordinator's proposed resolution, and shall be deemed to have accepted the proposed resolution unless the Complainant rejects the proposed resolution within such time period. In the event the complainant rejects the proposed resolution, the complainant shall be given the opportunity to file a request for reconsideration within the ten (10) days from the date the Coordinator's division is sent to the Complainant. The request for reconsideration shall be filed with the Coordinator. The Coordinator shall consider any additional information provided in the request for reconsideration and make a decision on the request for reconsideration within 10 (ten) days after the request for reconsideration was filed.

Section 5: Confidentiality of Student Records (FERPA)

The Family Educational Rights and Privacy Act (FERPA) gives parents and students over 18 years of age rights of access and confidentiality with respect to education records. Employees are expected to provide access rights and maintain the confidentiality of education records in accordance with FERPA and Board policy. Further information about FERPA and the District's policies under FERPA are found in Board policy and in the student handbook.

Section 6: Disclosure of Student Information to Military Recruiters and Colleges

The No Child Left Behind Act of 2001 requires the District to provide military recruiters and institutions of higher education access to secondary school students' names, addresses, and telephone listings. Parents and secondary students have the right to request that the school not provide this information (i.e., not provide the student's name, address, and telephone listing) to military recruiters or institutions of higher education, without their prior written consent. Employees are expected to follow these requirements.

Section 7: Disclosure of Staff Qualifications

The No Child Left Behind Act of 2001 gives parents/guardians the right to get information about the professional qualifications of their child's classroom teachers. The District designates the following information as "directory information" and will give parents/guardians such information upon request:

1. Whether the teacher has met State qualifications and licensing criteria for the grade levels and subject areas in which the teacher provides instruction.
2. Whether the teacher is teaching under an emergency or provisional teaching certificate.

3. The baccalaureate degree major of the teacher, along with information about other graduate certification or degrees held by the teacher, and the field of discipline of the certification or degree.
4. Whether the parent/guardian's child has been assigned, or has been taught for four or more consecutive weeks, by a teacher who does not meet the requirements of the NCLB.

Section 8: Student Privacy Protection

The No Child Left Behind Act of 2001 requires the District to protect the privacy of students. Further information about student privacy and the District's policies with regard to student privacy are found in Board policy and in the student handbook. In general, employees are expected to comply with these provisions of the NCLB and related Board policy, as follows:

1. Student surveys created by and administered by either the United States Department of Education or a third party (a group or person other than the District)—give parent/guardian the opportunity to inspect the survey upon request before the survey is administered or distributed to the students;
2. Student surveys which involve "sensitive" matters—make suitable arrangements to protect student privacy (that is, do not include the name or other identifying information about a particular student) and give parents the opportunity, in advance, to "opt-out" their child from the survey. Sensitive matters include:
 - Political affiliations or beliefs of the student or the student's parent;
 - Mental or psychological problems of the student or the student's parent;
 - Sexual behavior or attitudes;
 - Illegal, anti-social, self-incriminating or demeaning behavior;
 - Critical appraisals of other individuals with whom the student has close family relationships;
 - Legally recognized privileged or analogous relationships, such as those of lawyers, physicians, and ministers;
 - Religious practices, affiliations, or beliefs of the students or the student's parent;
 - Income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program).
3. Instructional materials—permit parents upon reasonable request to inspect any instructional material used as part of the educational curriculum for their child. The term "instructional materials" does not include academic tests or academic assessments for purposes of this parent inspection requirement. If you receive such a request, direct the parent to contact your building principal and also inform the building principal yourself about the request to get instructions.
4. Collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information—the District policy is to not gather such information for such purposes.

Section 9: Parental Involvement

General - Parental/Community Involvement in Schools

The District's policy is to welcome parental involvement in the education of their children. As a part of this policy, employees are expected to:

- provide parents timely information about their child's progress, including use of quarterly report cards, active and constructive attendance at parent-teacher conferences, and more frequent parent contacts where warranted by the student's academic and behavioral needs;

- make textbooks, completed tests and other curriculum materials available for review by parents upon request;
- permit parents access to their child’s records according to law and school policy;
- encourage parents to attend courses, assemblies, counseling sessions and other instructional activities with prior approval of the proper teacher, counselor or administrator, provided that such parent attendance be educationally appropriate and not disruptive to the educational program;
- assure that testing occurs to assure proper measurement of each child’s educational progress and achievement;
- permit parents to excuse their child from testing, classroom instruction and other school experiences when possible and educationally appropriate;
- notify parents of student surveys in accordance with district policy, obtain parental permission for surveys where required by District policy or law, and allow parents to opt-out of such surveys in accordance with District policy and law; and
- encourage parents to express their concerns, share their ideas and advocate for their child’s education.

Title I Parental Involvement

The District has a separate policy established pursuant to the No Child Left Behind Act of 2001 relating to parental involvement applicable to parents of children enrolled in Title I programs. The policy requires that parents of Title I children be given the opportunity to participate in regular, two-way, and meaningful communication involving student academic learning and other school activities, including ensuring—(A) that parents play an integral role in assisting their child’s learning; (B) that parents are encouraged to be actively involved in their child’s education at school; (C) that parents are full partners in their child’s education and are included, as appropriate, in decision making and on advisory committees to assist in the education of their child; and (D) the carrying out of other activities, such as those described in the parental involvement policy. Employees are expected to comply with the Title I parental involvement policy.

Section 10: Homeless Students

The No Child Left Behind Act of 2001 requires that homeless students not be stigmatized or segregated on the basis of their status as homeless. Homeless children generally include children who lack a fixed, regular, and adequate nighttime residence. The Superintendent serves as the District’s designated Homeless Coordinator and should be contacted for questions relating to a homeless student.

Section 11: Breakfast and Lunch Programs

The District participates in the National School Lunch Program. Employees are expected to keep information about the participation of students in the program confidential.

Section 12: Confidentiality of Protected Health Information

It is the policy of the District to develop and implement all necessary practices, policies, and procedures to comply with the Health Insurance Portability and Accountability Act of 1996 (HIPAA) where and to the extent applicable and to maintain the privacy of protected health information (PHI), as that term is defined by HIPAA, that it receives, obtains, or transmits for employees and students. The District

designates the Superintendent as its HIPAA privacy officer. Student and employee records containing PHI shall be accessible only to those who require such information to carry out their duties.

Appendix 1: INTERNAL COMPLAINT PROCEDURES FOR STAFF: Policy 403.055

The Board of Education advises the public that the proper channeling of complaints involving school personnel shall be from the complainant to the employee, to the principal, to the Superintendent, and then on to the Board of Education.

Internal Complaints regarding School Personnel

Step 1

If the complaint is in regard to another Staff member, the complainant should request a conference with the building principal to resolve the concern or complaint.

- a. If it is determined that an investigation will take place, the complainant must provide in writing and sign to confirm the issues of the complaint.

Step 2

If staff member is dissatisfied with the result of this conference, the staff member can request a second conference with a district administrator (Executive Director of Finance and Human Resources), the principal, and the staff member.

Step 3

If staff member is not satisfied with the resolution of the complaint at the 2nd level, the staff member can request a conference with the Superintendent of Schools for discussion of the problem.

****If a complaint is in regards to the building principal the staff member must go directly to Step 2**

Community Complaints regarding School Personnel

Step 1

If complainant is not satisfied with the process with the employee in question, the Principal and his/her designee reviews, investigate, and makes a recommendation.

Step 2

If complainant is not satisfied with the process and outcome of the building principal, the principal's recommendation will be reviewed and a decision made by the appropriate central office administrator (Executive Director of Finance and Human Resources).

Step 3

If complainant is not satisfied with the process of the administrator's decision, an appeal can be made to the Superintendent of Schools.

***If a complaint is in regards to the building principal the community member must go directly to the Superintendent**

****Any statement containing a charge or a complaint against an employee of the school district must be submitted in writing, verified and signed by the complainant.**

Internal Complaint Process regarding an administrator

Step 1

If the complaint is in regard to the building principal, the complainant should request a conference with the Superintendent of schools to resolve the concern or complaint.

- a. If it is determined that an investigation will take place, the complainant must provide in writing and sign to confirm the issues of the complaint.
- b. The Superintendent and his/her designee reviews, investigate, and will then make a determination as to whether the complaint is valid or not.
- c. The complainant will receive confirmation that the investigation has taken place during the documented time frame.

Step 2

If staff member is dissatisfied with the result of step one in the process, the staff member can request an appeal for a second evaluation to be conducted by Executive Director of Human Resources.

Step 3

If staff member is not satisfied with the outcomes of the previous two steps, the staff member can request a conference with committee of the board of education that is appointed by the board president.

Step 4

The staff member may file a complaint to the board as a whole after all other steps have been exhausted.

Community Complaints regarding School Administration

Step 1

If the complaint is in regard to the building principal, the complainant should request a conference with the Superintendent of schools to resolve the concern or complaint.

- a. If it is determined that an investigation will take place, the complainant must provide in writing and sign to confirm the issues of the complaint.
- b. The Superintendent and his/her designee reviews, investigate, and will then make a determination as to whether the complaint is valid or not.
- c. The complainant will receive confirmation that the investigation has taken place during the documented time frame.

Step 2

If staff member is dissatisfied with the result of step one in the process, the staff member can request an appeal for a second evaluation to be conducted by Executive Director of Human Resources.

Step 3

If staff member is not satisfied with the outcomes of the previous two steps, the staff member can request a conference with committee of the board of education that is appointed by the board president.

Step 4

The staff member may file a complaint to the board as a whole after all other steps have been exhausted.

*If a complaint is in regards to the building principal the community member can go directly to Step 2

**Any statement containing a charge or a complaint against an employee of the school district must be submitted in writing, verified and signed by the complainant.

INSTRUCTIONS FOR PREPARING A COMPLAINT

Please Type or Print.

1. If you are filing a Complaint against a process, problem, or person or more than one person, a separate form should be used for each process or person. If you have more than one complaint against the same process, problem, or person, you should use one form and describe each incident. As the Complainant, your name and phone number must appear in the blanks at the top of the first page.
2. The process, problem, or person against whom a Complaint is filed is called the Respondent and the Respondent's name must appear at the top of the first page on the left hand side, below your name. Also list the Respondent's name and telephone number in the blanks immediately underneath the complainant information.
3. In the complaint section, please list the facts, which you believe constitute a violation of professional conduct and ethics and/or process used. Use additional sheets as necessary and number each page.
4. In the witness section, list individually the full name and telephone number of each witness to verify as to the alleged incident if appropriate.
5. Your signature should appear on the "verification" page indicating the complaint is factual to the complainant's knowledge.
6. Please mail, email, or deliver the completed Complaint form to the direct supervisor. If the complaint is in regard to the direct supervisor, please send the form to the Superintendent. If the complaint is in regard to the Superintendent please send the form to the Executive Director of Human Resources.

A blank complaint form is attached or you may type your own form.

Dated: 3/18

In accordance with Board Policy 403.05 and 403.055, of the *Columbus Public Schools Policy Handbook*,
the Complainant states as follows:

Complainant is: _____

Respondent is: _____

Complaint: _____

Complaint
Case No. _____

Appendix 2: 2020-2021 STAFF HANDBOOK: COVID-19 PANDEMIC SUPPLEMENT

The following rules and expectations will be effective **as determined by the Superintendent and/or Board of Education**, during the 2020-2021 school year. These rules and expectations are intended to ensure the health and safety of all students, staff members, and the overall community. Because of the fluid nature of the ~~current COVID-19~~ a pandemic and the District's continued collaboration with health officials, these rules and expectations are subject to change at any time. The District will send staff members written notification of any such changes. It is each staff member's responsibility to monitor for, understand, and adhere to any such changes, including those changes implemented on short notice. If a staff member has any questions about the interpretation or implementation of these rules and expectations, it is the staff member's responsibility to promptly contact their administrator.

- 1. Masks.** ~~Unless otherwise directed by the Superintendent (or Administrative designee),~~ **When determined to be necessary**, every staff member must wear an appropriate mask on school grounds and while in school vehicles. An appropriate mask is a double cloth mask that does not interfere with or disrupt the operation of the school or the learning environment. Masks must be worn in a manner that covers the staff member's nose and mouth. A staff member who does not fully comply with this rule (such as having the mask cover their mouth but not their nose) is in violation of District rules and expectations. Staff members may remove their masks only in settings approved in advance by the administration, such as during lunchtime. It is the staff member's responsibility to seek clarification from an administrator if the staff member is uncertain as to whether they may remove their mask at work. Staff members who do not comply with the mask requirement may face discipline, up to and including termination of employment.
- 2. Enforcement of Mask and Safety Rules.** **When a mask mandate is in place**, every staff member has an obligation to ensure that all other persons on school grounds and in school vehicles abide by the mask requirement. If a staff member observes another staff member or student not wearing a mask, the staff member must promptly remind the staff member or student to wear their mask. If a staff member observes another staff member or student repeatedly not wearing a mask, then the staff member must promptly notify their administrator.
- ~~**3. COVID-19 Symptoms.** A staff member who experiences any of the following symptoms (even when off duty) must promptly notify their administrator:~~

~~Fever or chills
Cough
Shortness of breath or difficulty breathing
Muscle or body aches
New loss of taste or smell
Sore throat
Nausea or vomiting
Diarrhea~~

~~If a staff member wakes up in the morning of a workday with any of the aforementioned symptoms, the staff member must immediately contact their administrator to determine if the staff member should report for work that day.~~

If a staff member exhibits any of the aforementioned symptoms (including experiencing the symptoms within 48 hours of the next workday), the staff member's administrator will then evaluate the staff member's symptoms to determine if the staff member should report for work on the next workday.

Staff members who report to work without contacting their administrator about potential symptoms do so under the following conditions: (1) that the staff member is not experiencing any of the aforementioned symptoms; and (2) the staff member agrees to certain non-invasive, permissible medical checks (such as temperature scans) and/or health screening questionnaires.

Any employee who fails to follow these procedures or is dishonest about his or her symptoms to avoid reporting for work may be subject to discipline, up to and including termination of employment.

- 4. The District and its' employees will adhere to "District Health Measures" (DHM) put in place by local, state, or federal health departments impacting Platte County and the City of Columbus, Nebraska.**

Potential Exposure. A staff member who has reason to suspect that he or she may have been exposed to COVID-19 must promptly inform their administrator. Potential exposure includes, but is not limited to, coming into close contact with a person who tested positive or is awaiting test results, a family member in the household who has tested positive or is awaiting test results, traveling to a "hot spot," or receiving notification from a health official or medical professional of a potential exposure. Staff members who plan to travel outside of the community, ~~state, or country~~ for non-work reasons must notify and consult with their administrator (~~when DHM restrictions are in place~~) in advance to determine the potential consequences (such as quarantine restrictions upon return) of such travel. A staff member who has potentially been exposed to COVID-19 will not be allowed on school grounds or in a school vehicle until the administration, in its sole and absolute discretion, determines that the staff member may safely return to school. A staff member's failure to promptly notify a building administrator of a potential exposure could result in discipline, up to and including termination of employment.
- 5. Work at Home.** In very limited circumstances **during a pandemic**, the District may allow a staff member to work from home. Any staff member who works from home must adhere to all of the District's rules and expectations during the workday. These rules and expectations include, but are not limited to, the staff member devoting their full time and attention during the workday to the performance of their job duties, refraining from personal business or activities, refraining from prohibited conduct (such as consuming alcohol) and promptly responding to emails or calls. A staff member working from home who violates these rules and expectations could face discipline, up to and including termination of employment.
- 6. Activities.** A staff member who has potentially been exposed to COVID-19 or exhibits COVID-19 symptoms will not be permitted to serve as a coach or sponsor until the District, in its sole and absolute discretion, determines that the staff member may safely return to work. A staff member who has potentially been exposed to COVID-19 or exhibits COVID-19 symptoms will not be permitted to attend any practices or competitions, even if the staff member attempts to undertake measures to social distance at such practices or competitions.
- 7. Failure to be Honest.** These rules and expectations are designed and will be implemented to ensure the health and safety of all students and staff. One staff member's refusal to be entirely honest or straightforward about a potential exposure or symptoms could jeopardize the health and safety of other staff members and students. If the District determines that a staff member has not been honest or forthright with information provided (or not provided) to the administration, then the staff member may face discipline, up to and including termination of employment.

8. Off Duty Conduct. Generally, the District does not monitor or govern a staff member's conduct outside of duty hours. However, as a reminder, the District maintains an interest in a staff member's "off duty" conduct when such conduct interferes with the staff member's ability to perform their job. As a result, all staff members ~~should~~ must adhere to health and safety best practices while "off duty," including frequent hand washing, wearing a mask in public areas, maintaining social distancing in public areas, and not attending gatherings ~~in excess of current DHM maximum's~~ of 10 or more where social distancing cannot be maintained at all times. A staff member who intentionally imposes his or her own "self-quarantine" or is otherwise unable to perform his or her job duties because of choices made while "off duty" may be subject to discipline, up to and including termination of employment.

9. Other Health and Safety Rules. At any time, the administration may impose or require a staff member to abide by other health and safety requirements. Every staff member must follow such health and safety requirements or face discipline.

Assumption of Risk

I understand that while performing my duties, Columbus Public Schools has undertaken reasonable steps to lessen the risk of transmission of COVID-19 in connection with the regularly provided educational services. Columbus Public Schools is not responsible in any manner for any risks related to COVID-19 in connection with the duties assigned to each employee. I further understand that COVID-19 is a highly contagious and dangerous disease and that contact with the virus that causes COVID-19 may result in significant personal injury or death.

I am fully aware that participation in my regular duties (including any related travel) carries with it certain inherent risks related to COVID-19 transmission ("Inherent Risks") that cannot be eliminated regardless of the care taken to avoid such risks. Inherent Risks may include, but are not limited to, (1) the risk of coming into close contact with individuals or objects that may be carrying COVID-19; (2) the risk of transmitting or contracting COVID-19, directly or indirectly, to or from other individuals; and (3) injuries and complications ranging in severity from minor to catastrophic, including death, resulting directly or indirectly from COVID-19 or the treatment thereof.

Re: Bus Lease 2021

CPS has been approached by Nebraska/Central Equipment Inc. with an opportunity to update our bus fleet. The proposal for option 1 & 4 is for a five-year lease at \$263,420 per year. The lease includes 11 total vehicles, four dedicated to activities (14, 30, and (2) 56 passenger). Activities vehicles will be wrapped with our school logo. All vehicles leased are under warranty for five years since they are all new. We would retain our two newest buses, #300 & #301 which are 2014s, and keep the two 56-passenger executive coaches after the five-year lease. All buses will come with unlimited mileage.

We would trade in our entire fleet except for the 2014s. Also, under this lease, CPS can perform some of the repairs as long as we have the ability to do so and will be reimbursed at a rate of \$85 per hour. If we are unable to perform that repair, we will then have our local Freightliner dealer do it.

Please see attached bid and a list of the vehicles we will purchase.

If you have any questions or concerns, please let Chip or I know.

Thanks

Leonard & Chip

Mr. Leonard Kwapnioski - Operations manager

Re: ESSER III Funds

I recommend that you accept the proposal from Specialized Engineering Solutions, Inc. (SES) to provide mechanical and electrical engineering services to aid in pandemic planning and provide engineering support for HVAC upgrades district-wide. Funds for this proposal will come from the maintenance department's general fund account.

The report that CPS will receive will define the HVAC needs that CPS will need to address in the near future. The report will be broken down by building which will allow us to choose the most needed upgrades. One of those would be to ensure that all elementary gyms have air conditioning. This would help complete one of those items on the strategic plan.

If you have any questions or concerns, please let me know.

Thanks.

Leonard

Re: Columbus Public Schools
CARES ACT ESSER II & III Funding for COVID-19 HVAC Upgrades
SES Project #: To be assigned

Dear Leonard:

This letter represents the proposal from Specialized Engineering Solutions, Inc. (SES) to provide mechanical and electrical engineering services to aid in pandemic planning and provide engineering support for HVAC upgrades for Columbus Public Schools in Columbus, NE.

Project Description

Specific Area of COVID-19 Conversions:

- Review abilities for reducing the spread of COVID-19 for providing students within existing student spaces.
The project will consist of engineering design for the recommendations to be coordinated to improved filtration, increased outdoor air capacities, and/or add air purification technologies to improve air quality all in an effort to re

Scope of Basic Design Services

Mechanical:

1. HVAC:
 - A. Middle School and High School - To walk through and review the plans for the Middle School and High School to identify any HVAC upgrades that would improve indoor air quality in spaces occupied by Students and Staff to reduce the spread of COVID-19 virus and any future pandemics that may occur.
 - B. Centennial, Emerson, Lost Creek, North Park, and West Park Elementary Schools - To review existing plans to identify any HVAC upgrades that would improve indoor air quality in spaces occupied by Students and Staff to reduce the spread of COVID-19 virus and any future pandemics that may occur.
 1. List the best option for each school for any central systems/major equipment replacements.
 - C. Provide a Basis of Design scope of work document for each facility that will allow for the school to obtain budget pricing from contractors to allow them to submit both the document and the pricing to the State for Approval of ESSER Funding Projects.
 1. Within the document we will list the specific HVAC upgrades as well as any electrical upgrades that must occur to support them. Also, we will recommend increased air filtration and proven air purification technologies that

are effective in reducing the of COVID-19 virus in the air been and proven to reduce pollen, mold, volatile organic compounds (VOC's), and other biological contaminants.

2. List the best option for each school for any central systems/major equipment replacements.
2. Plumbing:
 - A. Work is excluded.
 3. Fire Protection:
 - A. Work is excluded.
 4. Electrical & Lighting:
 - A. Middle School and High School - To walk through and review the plans for the Middle School and High School to identify any Electrical/Lighting upgrades that would be required to support the HVAC Upgrades described above.
 - B. Centennial, Emerson, Lost Creek, North Park, and West Park Elementary Schools - To review existing plans to identify to identify any Electrical/Lighting upgrades that would be required to support the HVAC Upgrades described above.
 - C. Provide a Basis of Design scope of work document for each facility that will allow for the school to obtain budget pricing from contractors to allow them to submit both the document and the pricing to the State for Approval of ESSER Funding Projects.
 1. Within the document we will list the specific HVAC upgrades as well as any electrical upgrades that must occur to support them. Also we will recommend increased air filtration and proven air purification technologies that are effective in reducing the of COVID-19 virus in the air been and proven to reduce pollen, mold, volatile organic compounds (VOC's), and other biological contaminants.
 2. List the best option for each school for any central systems/major equipment replacements.

Site Visits:

Two Site Visits are included in the fee and additional site visits are not anticipated for this project.

Construction Administration Services

Construction Administration Services are not required for this project.

Fee Basic

We propose a fixed fee of \$11,999.99 (Eleven Thousand Nine Hundred Ninety Nine Dollars and Ninety Nine Cents) for our Basic and Construction Administration Services.

Reimbursable Expenses

Reimbursable expenses are in addition to compensation for Basic and Additional Services and include expenses incurred by SES and SES's consultants directly related to the Project as follows:

- Travel related expenses including mileage, meals, car rental, and hotel. Mileage will be billed at the current IRS rate.
- Printing, reproductions, plots, standard form documents. Outsourced printing will be billed at cost. In-house printing will be billed as shown on the attached.
- Postage, handling, and delivery.

Services by Owner

In order for SES to perform these services the Owner will endeavor to furnish the following:

- HVAC Balancing and Controls Support.
- Existing CAD floor plans, elevations, sections, room finish schedule, and fire resistance rated partitions located.

Terms and Conditions

SES represents that it has the expertise to perform the services for this project in a manner consistent with that which is usual and customary in the profession.

Invoices for our services will be submitted monthly. Invoices shall be payable within 30 days by the Owner but not exceeding 60 days from date of the invoice. Invoicing will be based on a percentage of completion for each project phase matching that of the Owner. Past due accounts may be subject to a monthly service charge of 1.0% on the unpaid balance at the time of the invoice.

SES will maintain professional liability insurance to cover negligent acts, errors and omissions. The limits of insurance will be our basic services fee.

The client will indemnify SES to the extent possible when the exigencies, as a result of COVID-19, make it impossible to design this project fully in accordance with applicable codes and regulations.

If, due to the negligence of SES, a required item or component of the Project is omitted from the construction documents, SES shall not be responsible for paying the cost required to add such item or component to the extent that such item or component would have been required and included in the original construction documents. The Owner agrees that SES will not be responsible for any cost or expense that provides betterment or upgrades or enhances the value of the Project.

Inasmuch as the remodeling and/or rehabilitation of the existing structure requires that certain assumptions be made by SES regarding existing conditions, and because some of these assumption may not be verifiable without expending substantial sums of money or destroying otherwise adequate or serviceable portions of the structure, the Owner agrees, to the fullest extent permitted by law, to indemnify and hold harmless SES against all damages, liabilities or costs, including reasonable attorneys' fees and defense costs, arising out of or in any way connected with this Project, excepting only those damages, liabilities, or costs attributable to the sole negligence and willful misconduct by SES.

Nothing in this Agreement is intended to create, nor shall it be construed to create, a fiduciary duty owed by either party to the other party.

Both parties agree that they will not, directly or indirectly, employ or solicit, or cause others to hire or solicit for employment any employee of the others company, for the duration of the services provided under this agreement and for one year after the termination of this agreement, without prior written consent of an officer of the other company.

The Owner and SES agree that all disputes between them arising out of or relating to the Agreement shall be submitted to nonbinding mediation unless the parties agree otherwise.

The Owner agrees that all reports, plans, specifications, computer files, notes and other documents prepared by SES as instruments of service for this project shall remain the property of SES. SES shall retain all reserve rights to such information including any copyright.

The laws of the State of Nebraska apply to this Agreement.

This agreement may be terminated upon 7 days advance written notice by the Owner or SES should the other fail to perform its obligations. In the event of termination, the Owner agrees to compensate SES for all services performed to that point including any reimbursable expenses that may have accrued.

If this proposal is acceptable, please electronically sign and return a copy to our office.

Sincerely,

ACCEPTANCE:

Scott Winfrey, P.E.
Associate Principal
