2. Review Policy 5018 Parental Involvement

Policy 5018 outlines procedures for parents to review curriculum materials, observe instructional activities, access information about assessments, and request that their child be excused from certain instructional activities when appropriate. It also establishes expectations regarding parent notification and consent for student surveys involving sensitive topics and clarifies parental rights related to state assessments, the National Assessment of Educational Progress (NAEP), and access to student records. The requirements outlined in this policy align with practices already in place at Brady Public Schools, where parents have historically had access to educational materials and will continue to do so moving forward
