- Preschool – 52
- Kindergarten –90
- Grade 1 – 101
- Grade 2 – 88
- Grade 3 – 110
- Grade 4 – 101
- TOTAL: 542

## UPCOMING SEWARD ELEMENTARY ACTIVITIES

- Monday, March 9th: No School - Staff Development Day
- Thursday, March 12th: Tweet Time
- Thursday, March 19th: Kindergarten Parent Meeting, 7:00 PM in Commons
- Friday, March 20th: Kindergarten Round Up 9:00 - 10:30 AM (No School for Current Kindergarteners)
- Saturday, March 21st: Reading Classic Competition @ SES
- Tuesday, March 24th: 2nd Grade Music Program, 7:00 PM @ HS Theater

- April 6th - April 17th: NSCAS Assessment (3rd and 4th Grades - Reading and Math)
- April 9th: Grandparents Day @ SES

## 3rd Grade Wax Museum:

The 3rd Grade Wax Museum took place on February 20th at SES. It was an amazing evening filled with historical figures! Students researched someone from history, wrote a biography of that person, created a project board, and “turned into” that person at the Wax Museum. Students also practice public speaking at the Wax Museum, as they recite speeches throughout the evening. A huge thank you goes out to the 3rd grade teachers, students, and parents who made this night possible!

## Summative Evaluations and Para Evaluations:

During the month of March, I will be meeting with teachers who are in their summative year to discuss their summative evaluation. Teachers who are in their first three years at SPS, and teachers in their 3rd step of the evaluation process will have summative evaluations. The conversations that happen during summatives are productive and valuable. I look forward to beginning the summative evaluations soon! I am also in the process of evaluating each of the paras at the elementary now, and am enjoying the discussions with them as well.

NSCAS Assessment:

April begins assessment season across the state of Nebraska, so our 3rd and 4th graders are gearing up so they are ready. To prepare for state testing, we believe our reading, writing, and math curriculums are rigorous enough. We follow our curriculum for each subject area, and sprinkle in some review for skills when needed. Students are beginning to work on practice assessments to prepare for the format of NSCAS. They will also practice questions that will be similar to those they may see on the NSCAS assessment (similar format and wording). Students will also work on goal setting for the NSCAS test, focusing on effort.

2020-2021 Kindergarten:

We are currently sitting at 95 kindergarten students for the 20-21 school year. I still anticipate more coming who have not registered. Last year at this time Kindergarten Round Up is on Friday, March 20th from 9:00 - 10:30 AM and the Kindergarten Parent Meeting is on Thursday, March 19th at 7:00 PM.

Thank you,

Jessica Dominy

## **Seward High School March 2020 Board Report**

The next **P.R.I.D.E. Recognition Rally** is scheduled for March 5th from 9-10:00 a.m. Justin Pekarek will be the alumni speaker. School Board members are always invited to join us!

### **Registration and Scheduling:**

The course registration process was completed during the month of January and February with students entering their course selections online February. We have since been working to prepare for the scheduling process by determining the number of sections we will offer of each course and by preparing the scheduling board. A major focal point of the scheduling process moving forward will be to maximize the requests of our students within our staffing constraints. A special thank you to our counselors, teachers, and ESU PowerSchool support staff for their work as we have moved through this process. We will use the remainder of the spring to build the schedule and should have the process completed before the end of the school year. We plan to communicate next year's schedule to students and staff before the end of the year similar to the 2019-2020 timeline.

### **Staffing:**

Mr. Frederick has decided to retire and we started advertising for an Agriscience teacher on Monday, March 2nd.

### **Musical**

Seward High School is presenting "Bye Bye Birdie" March 20th and 21st at 7:00 p.m. and March 22nd at 2:00 p.m. Join us for a great show. Tickets are available at the HS office and will also be available at the door.

### **Safety Drills**

We had a safety drill (Lockdown) on March 3rd, this is our second lockdown drill for the year. We have conducted 7 out of the 10 mandatory fire drills and one tornado drill. After each drill, The high school administrative team (principals, counselors, AD) debrief and we always have some good conversations on some improvements and things that we do very well.

We will have another Tornado and Safety Drill this spring along with the three additional fire drills required by law.

### **Communication**

We are very proud of our Social Media Team as they continue to do an excellent job of telling the SHS story. This team of almost 30 students handles almost all of our online content creation. The evolving Video Production Team has also contributed to this effort with many various theme videos and quarterly student highlight videos.

### **Activities Update:**

The spring season kicked off on March 2, 2020. Preliminary numbers for each sport: Boys Golf, 11; Boys Soccer, 27; Girls Soccer, 33; Baseball, 38; Track and Field 80.

The Spring parent meeting is scheduled for March 9th at 6:30pm.  
Spring contests begin March 19th.  
Seward will host the Conference Quiz Bowl on April 8, 2020 at the Civic Center.

**School District of Seward  
Board Report  
Connie Biaggio, Director of Special Services  
March 2<sup>nd</sup>, 2020**

March has come in with spring like temperatures and in the Special Services office preparations for the 2020-2021 school year are springing into action. An example of such preparation is that purchase order requests for special education supplies and materials are due to me on March 27<sup>th</sup>.

Another task that has been begun is a review of special education Para educator needs across the district for 2020-2021 based on current students and those students known to be coming to kindergarten or moving to preschool services from home-based services.

Transition planning for special education student movement to a new building is also a task that begins in March each school year. This year newly revamped building-to-building transition forms will be utilized by special education staff members. The new forms were collaboratively designed through several special education building level PLC meetings with Mrs. Collings and I. The goal for the use of the new forms is to provide essential background knowledge for all receiving team members in a more formal written format than was previously utilized that can be reviewed and referred to for building level planning purposes.

Also happening in March are two HAL related events. The first is the second annual Seward Middle School Science Fair, which will occur on March 3<sup>rd</sup>. This student activity is sponsored through High Ability funds. Lori Todd and Laura Trautman coordinated the activity and nine middle school students have participated. On the 3<sup>rd</sup>, their efforts will be judged and presented to family and friends.

The second event is the Seward County Family Night that is set to occur on March 17<sup>th</sup> at Seward Elementary from 5:30 to 7:30 pm. The focus for this night is "Spring into STEM" with STEM activities being provided for children by multiple Seward county agencies, schools and businesses. The event is being sponsored through Seward, Centennial and Milford schools, Seward County Extension, ESU #6, Blue Valley Community Action Head Start and Seward County Sixpence. Our Sixpence program received 2000 extra dollars this year to support efforts in bringing back Seward Family Nights and we are excited to utilize the funds for the provision of a meal for each attendee and a give away item for all children who attend. The flyer for this event is attached.

Lastly, plans for our second Family Night of the year have also begun. That event will occur on May 14<sup>th</sup> at the Seward Fairgrounds pond and Harvest Hall with the theme being "Growing Up Wild".

That's it for now!

Respectfully submitted by Connie R. Biaggio, Director of Special Services.

**NOTE:**

When checking numbers for this month's Special Services Enrollment Report, one major error was found in the count. The non-public special education students were actually counted twice. This means there is a major reduction in this month's grand total. Another notation for this month is that 16 special needs students have either left our district or tested out of programming. Of the move out students, almost half were group home or foster home students. We just love DATA! These numbers are not as worrisome either.

## March 2020 Board Report for Curriculum and Staff Development

---

Board Members,

Spring is on the horizon! We have had several great months of learning and with the learning comes assessment. During the months of April and March our students will be taking several assessments to both inform student and school progress this year and next year. We know that with quality instruction the assessment results we desire will follow.

### **Curriculum**

During the month of March, we will be having our second curriculum review meeting for the areas of Spanish, Music, and FCS. At this meeting we will identify beliefs and philosophy statements as well as diving into the Nebraska standards and creating course guides. We will also begin to evaluate instructional materials which we will bring to you in the coming months for your approval.

### **Instruction**

Our principals and new teachers are currently engaged in the summative evaluation process of our new evaluation model. This is a comprehensive evaluation that includes ratings for each indicator within our model. The principals will use evidence from informal and formal observations to make the ratings and will provide overall commendations and recommendations.

### **Staff Development**

Our February staff development day provided time to get 30 staff members trained in the area of CPR. Participants felt like the training went well and they felt like their ability to implement the training was strong. Teachers also spent time in their building action teams working on action items related to their strategy. Each building also received ALICE training where we were able to practice drills with the educators. The teachers did well with these drills and it was evident that having a choice during a tragedy gave the teachers a sense of empowerment. In March, we will continue our work with ALICE training.

Our March staff development day will allow teachers the opportunity to work in their building action teams and also collaborate with action teams from other buildings. The purpose of this meeting is to share ideas and also identify gaps that are in the district plan that may not be

currently addressed in the building plans. Our teachers will also have time to work in K-12 department meetings to discuss their content areas. We will end the day with "Stop the Bleed" training for our administrators and Emergency Response Team. This training is provided by Bryan Hospital.

### **Assessment**

Most of our high-stakes assessments will be given in April. March is the time that all the planning is being done with making schedules, test sessions, adding accommodations, etc. The principals do a great job supporting testing in their buildings and making this process a priority in the months of March and April.

### **Wellness/Food Service**

I am pleased to share with you that all three schools were awarded the Nebraska Healthy Schools Silver recognition. There are four levels of recognition and silver is the second highest recognition. Based on the application, my estimate is that the number of minutes our students participate in physical education may have prevented us from getting the Gold recognition. I will be representing our district on March 25<sup>th</sup> as we accept these awards for our school district.

Thank you for your support!

## The Rejuvenation/Reflection Phase of Teaching

Welcome to March everyone!

Many of you have heard Dr. Boogren describe the phases of a first-year teacher's attitude toward teaching. It was also clear as she described these phases that many veteran teachers also feel these phases. According to her work, we should still be in the rejuvenation phase where "Teachers begin feeling more hopeful and can begin focusing on your students' academic performances and your own teaching competence in a way that you could not when you were in the disillusionment phase." (Boogren, 2018)

As the year starts to come to a close, we will move into the reflection phase. This is the phase where we will reflect on all that we have learned this year including which ideas, strategies, elements worked well this year and what things you want to change for next year.

We should end the year in the second anticipation phase where we will begin thinking ahead to next year and all the possibilities that the year will hold.

There is no right or wrong way to feel each of the phases of teaching, these phases are only generalities. If anything, the phases should be confirmation that others are having some of the same emotions and we are not in this profession alone.

I do want to note that Dr. Boogren does note that it is possible to have a second disillusionment phase during the April testing cycle. My hope is that you won't feel this phase as I know that you have done all that you can for your students, and now it is time for the students to demonstrate their learning. I am proud of each of you.

## All Learning is Social and Emotional

We have done a great amount of work this year in the area of Social and Emotional Learning. I appreciate your passion, focus and reflection on the area of social and emotional learning. Our authors have a checklist on page 145 to help us measure our progress in developing social-emotional engagement in our schools. Take a look at this checklist and make note of the things that we do well and identify areas that we need to improve. In the coming months we will take your ideas to help plan professional development in the areas that are opportunities for us.

## Upcoming Staff Development Day

The March staff development day will be focused on action planning, both within the action team and in vertical meetings across the district. We will meet in our district action teams to share our progress with the other schools as well as identify gaps in our district plan that may not be addressed in our school plans. By popular demand, we will also be having vertical department-level meetings to discuss K-12 initiatives, content gaps, content strengths, etc. Each building we also have opportunities to practice ALICE and complete a security/administration training for NSCAS based assessments. We will end our day with "Stop the Bleed" training for our Emergency Response Team as well as a Wellness Committee Meeting.

### **March Board Report**

February was filled with a number of accomplishments, but as a new season of learning and athletics begins, we hope to see similar results in March.

### **Spring Athletics**

A number of new sports began to practice on Monday, March 2nd and we hope to see some success this year. I was able to gain some information about a few of the new teams.

### **Girls Soccer**

This year the girl’s soccer team is composed of 38 members, 14 of whom are seniors. This creates a couple of problems regarding JV and Varsity playing time. 11 players are allowed on the field at a time, and seniors typically don’t play JV, so this might result in the cutting of athletes in order to shrink the team to its desired size. Hopefully, we are able to develop a competitive team this season, seeing as we have had little successes in the past.

### **Baseball**

The baseball team this year had 37 boys come out this year. Last year, the team had some success. Seward was B- 4 Districts Champions earning them a spot at the State Championship in Omaha. The team lost 9 seniors this past year, so hopefully, they can recover from that loss and come back even stronger.

### **Musical**

Seward High is presenting the musical *Bye Bye Birdie* this year for its annual spring musical. Students began the audition process at the start of the semester and are putting some finishing touches on the show. The musical is set in the 1950s and is inspired by the famous performer Elvis Presley and his draft notice in 1957. The musical will be performed on March 20 at 7:00 PM, March 21 at 7:00 PM, and March 22 at 2:00 PM. Come out the talented actors!

### **Furniture Update**

Seward High School is eagerly awaiting the arrival of the lobby furniture, which should be arriving on March 9. The installation company has put aside two days in order to bring and set up the furniture, so hopefully, by the time our March meeting takes place, we are able to report on our newly furnished lobbies!

### **Big Deal Day**

Students all throughout the high are preparing for the annual statewide ACT assessment for juniors, also known at SHS as Big Deal Day. On April 3rd, the juniors will take the ACT, the freshmen will visit the Ag Pavilion for some career exploration, the sophomores will take the ASVAB and receive a tour of Concordia, and the seniors have the opportunity to complete their community scholarship interview. Throughout March preparation has been put in place. On March 20th, the class of 2021 will spend their day

visiting different classrooms and receiving information on the various sections of the ACT. We hope to increase the average even more with the class of 2021.

**NASB Monthly Update for Board Meetings - Agenda Item:  
MARCH 2020**

**“NASB Update”**

As a board, some items to be focused on during March include:

- Monitor progress of district goals, link goals to discussion and action items
- Strategic Plan Progress Report
- Conduct a Board/Administrators Budget Work Session
- Review School Improvement Plan
- Review Alternative Education Program
- Review Student Attendance Policy
- On or before March 25 (or within 25 days after certification of amounts, whichever occurs last in time), negotiations, mediation, and fact-finding shall end. If no agreement is reached by this date, either party may, within fourteen days after such date, file a petition with the commission.

<b>Music K-4</b>	<p>Songs from different countries and cultures are taught as a regular part of the daily curriculum in music class. Folk songs from England and Ireland make up a significant part of our vocal curriculum. We also do folk dances from Russia and Australia.</p> <p>We also completed a unit of study on the music of Thailand during January. Students listened to different kinds of music from Thailand (Pop, Classical, Folk, Country, etc.) and compared them to our own music. Each grade level learned to sing at least one song in the Thai language and one dance indigenous to Thailand. Students in 2nd-4th Grade learned to play a song on the Thai classical xylophone, or Ranat.</p>
------------------	---

	<p>In addition to regular, everyday activities, a particular emphasis is placed on music significant to African American History in February. This year, students sang “We Shall Overcome” and “Lift Every Voice”.</p> <p>Second Grade is performing a concert on March 19 featuring music from around the world. We will perform songs from Israel, Jamaica, Mexico, Native American Heritage, Korea, Singapore, and Thailand.</p>

<p><b>Counseling K-4</b></p> <p>Health Unit</p> <p>All year</p>	<p>During our health unit different types of meals are discussed. We talk about that although a meal might seem disgusting to us, in other countries it is viewed as normal and that we can sometimes learn from others about how to eat more healthy.</p> <p>During guidance class I use basic Spanish words to grow our students’ vocabularies. We also discuss that some students speak two languages at home and if they don’t know what I just said, ask a student who speaks Spanish at home for help.</p> <p>Each guidance unit has bibliotherapy books that I borrow from the school library to support our unit of study. There are books of different cultural backgrounds that support our present learning.</p>
<p><b>K-4 Elementary Library</b></p>	<ul style="list-style-type: none"> <li>● Students are read books written and illustrated by authors and illustrators all around the world on a regular basis.</li> <li>● Author studies</li> <li>● Black History Month research library project</li> <li>● Students are exposed to multiple cultures and traditions throughout the school year through read alouds and websites. 004.01G1 District mission: The School District of Seward,  
*The school district of Seward --where every student, every day is a success -- affirms that all students will have the skills to become productive and contributing members of a global community. In cooperation with family and community members, the district is committed to the development of each student academically, emotionally, socially, and physically.*

# ReVISION/Community Partnership Update

**Mission:** *The school district of Seward --where every student, every day is a success -- affirms that all students will have the skills to become productive and contributing members of a global community. In cooperation with family and community members, the district is committed to the development of each student academically, emotionally, socially, and physically.*

# **Three components that are driving our work in Community Partnerships**

- 1) District Strategic Plan
- 2) ReVISION
- 3) Perkins

# Our Strategic Plan

## Strategic Plan

Strategy 2.3 Leverage strategic partnerships in order to create an maximize resources to meet our mission and objectives.

Strategy 3.5 We will provide opportunities for our students, through strategic partnerships, to develop college and career readiness.

# ReVISION

\*1st Meeting- Staff review of data

\*2nd Meeting- Community Meeting

\*3rd Meeting- Planning

# ReVISION *DRAFT* Goals

*Develop advisory committee for CTE areas.*

*Create a liaison position to coordinate site visits, apprenticeships, school visits, etc.*

*Create apprenticeships, site visits, etc. on a “sample” scale.*

*Develop a course “Senior Seminar” or integrate in into existing course to include internships, shadowing, etc.*

*CTE Teachers invite two community businesses into the school per quarter (or everyone together for a CTE period and the presenter speaks to everyone) 2nd period?*

*Provide Externship for teachers to learn about the various industries including equipment, technology, workforce, etc.*

*Explore Dual credit opportunities for CTE courses.*

*Research Robotics Lead the Way Curriculum. Vex Robotics?*

*Coding Class*

*Explore Summer Internships, Courses for possible HS credit.*

*Expand workforce endorsements for our CTE teachers.*

*When possible, expand our offerings with SCC- Auto mechanics*

*Add Career Readiness Skills to Curriculum Review Process.*

*Create Farm lab for staff and students to experience hands-on learning opportunities.*

*Update FCS equipment to meet industry needs.*

*Update STS equipment to meet industry needs.*

# Perkins

Federal monetary support for CTE Programs.

Past use of funds: SENCAP

Currently: Almost exclusively PD, some Equipment.

Future: Support our efforts with Community Partnerships

# Perkins Goals

We will investigate and create opportunities for our students to consider 2- and 4-year postsecondary education, technical colleges, apprenticeships, military, and direct employment.

We will work to ensure that our FCS classroom has industry standard equipment, appropriate classroom and laboratory space, and quality instructional materials.

According to the Perkins V indicator trends in reading/Language Arts. Our students who participate in CTE programs and are from families who qualify for free and reduced lunch, score below the yearly state goals. We will investigate this trend and support these students with additional literacy opportunities.

We will continue to investigate our efforts related to our collaborative project with York and Centennial regarding our Agronomy Academy and our shared teacher for the project.

We hope to increase work-based experiences through the ReVISION grant process. We hope to pursue internships, site visits, and school visits by our community partners.
