SCHOOL DISTRICT OF SEWARD BOARD REPORT

May 13, 2019

Jessica Dominy, Principal
Seward Elementary School

ENROLLMENT AS OF May 6, 2019:

- Preschool – 43
- Kindergarten – 96
- Grade 1 – 82
- Grade 2 – 105
- Grade 3 – 90
- Grade 4 – 91
- TOTAL: 507

UPCOMING SEWARD ELEMENTARY ACTIVITIES

- Wednesday, May 15th: Tweet Time
- Tuesday, May 21st: Kindergarten Graduation @ SHS Theater, 7:00 PM
- Wednesday, May 22nd: Relay Recess
- Thursday, May 23rd: 4th Grade Clap Out @ 11:10 School Dismissed @ 11:15

NSCAS/NWEA/AIMSWEB:

We have finished up our spring testing for students at Seward Elementary. Our students showed a great deal of effort on each of the assessments and we have seen solid growth on initial NWEA results. I am very proud of the professionalism of our staff and the effort our students have shown during this time. Our data day to examine assessment results is on May 14th. The conversations we have during these meetings will be beneficial giving closure to the 18-19 school year and moving forward to the 19-20 school year.

Relay Recess:

Relay Recess is planned for Wednesday, May 22nd. Mr. Anderson plans a fantastic day filled with fun for our students. Students will be rotating through stations outside (we hope!) that encourage teamwork, physical movement, and FUN! Relay Recess is also a great opportunity to get parents involved. We have over 75 parent volunteers who are coming to help this year! In the event that there is rain on the Relay Recess day, we will move inside and still have a great time.

Retirements:

As this year comes to an end, we are saying goodbye to three paras who will be retiring. Mary Frisbie, Deb Snell, and Ruth Wogahn have a combined 89 years of service at our school. They have been a wonderful part of the Seward Elementary team and will be greatly missed. The staff at Seward Elementary wishes Mary, Deb, and Ruth all the best in their retirements.

Class Sorting:

By the night of the board meeting, we will have sorted each student into a classroom for the 19-20 school year. This is a process that involves looking at individual student needs, both academic and social/emotional. Current classroom teachers fill out a card about each child's needs and then we meet as a team (grade level teachers, special education teachers, myself) and divide students into groups. I take these groups and assign teachers that is the best fit for the group of students.

Thank you,
Jessica Dominy

Board of Education Report
Seward Middle School - Kirk J. Gottschalk
13 May, 2019

1. Middle School Activities:

13 May - 7/8 Grade Vocal Music Concert at the High School, 1900 hrs. (7 pm)
17 May - 5/6 Grade Track and Field day at the HS Track, 0900 hrs.
23 May - Last Day of students, 1130 dismissal, IF there isn't another snow day!!

2. Middle School Sports:

Our M.S. track and field team finished their season on Friday, 3 May at Beatrice. This season there have been 2 school records broken and 1 tied. Those records are:

New Records:

8th Boys 100 Meter Hurdles - Julius Justice, 15.4

8th Boys 200 Meter Hurdles - Julius Justice, 28.44

Tied Record:

8th Girls Pole Vault - Nadiya Schrad, 7'6"

In addition, the following 9 athletes, all 8th graders, qualified for the Middle School state track meet in Gothenburg on Saturday, 11 May.

Jaela Franklin, Tatelyn Snover, Sophia Turek, Ava Krahulik, 4 x 100 relay (54.78)

Malachi Lyon, Triple Jump (37'8"), Long Jump (18'9"), 100 meters (11.86)

Micah Hackbart, Long Jump (18'6")

Kalen Knott, Pole Vault (10'4") and High Jump (5'5")

Julius Justice, 100 Hurdles (15.64) and 200 Hurdles (28.44)

Karnie Gottschalk, 800 Meters (2:37)

A very successful season for our runners, jumpers, throwers and vaulters. Through most of the season kids compete against grade level participants but at the state meet they qualify and compete against 7th and 8th graders.

3. Happenings at the Middle School:

A. Assessments. The last of our state testing (NSCAS) has been completed and our local testing (MAPS/NWEA) is in the process of finalizing some makeup assessments for kids who missed on the day the assessment was given.

B. Student Recognition.

* Eve Brumm (8th Grade) was one of twelve winners in the Nebraska Black History Art Contest. Of the 12 winners only 2 were middle schoolers.

* Madison Dominy (8th Grade) placed in the top 10 at the State Science Fair Competition. Individual places weren't determined.

C. Patriots Pen Recipients. Mr. Holloway from VFW and Mrs. Luebbe from VFW Auxiliary presented this years Patriot's Pen award winner's to SMS students. Those receiving awards are listed below.

6th Grade: Landen Ford, Ben Nottingham, Connor Sveeggen, Natalie Wintz

7th Grade: Drew Collings, Coral Collins, Madison Kramer, Libby Kratochvil, Sjoen Munk

8th Grade: Eli Adams, Karnie Gottschalk (2nd Place), Rachel Runyan, Alex Tonniges

All these placed locally and their essays were sent to the district level where they were evaluated by a different set of judges. Each student received \$10 with their certificate and more money if they placed. As you may recall from my February report, Karnie Gottschalk and Alex Tonniges placed 2nd and 3rd respectively at the district level.

May 2019 Board Meeting

Scott Axt, Jill Johnson, John Moody

NWEA Testing: We completed NWEA testing with freshman and sophomore students. Our students completed assessments in reading, math, language, and science. We saw impressive growth from the fall to the spring in many of these areas. A big thank you to Mr. Williams for his efforts to coordinate the logistics of the NWEA assessments and to our staff who administered the tests. NWEA testing results are critical elements of our balanced assessment plan. Student performance on these assessments provides important indicators of student growth, improvement and intervention needs.

ACT Results: We are really encouraged from the results that we have received so far on ACT testing. We are still waiting for official results but we are adding 13 new students to our 28 plus portion of the Wall of Academic Distinction.

Freshman Transition Activity: We had freshman students from Seward Middle School, Our Redeemer, and St. John's at Seward High School the afternoon of Wednesday, May 1st for transition activities. We began by leading a processional into the gym similar to what the students will experience in four years during their graduation ceremony. They were seated in a graduation formation for some welcoming remarks. The students then experienced lunch at Seward High School prior to getting a tour of the building, learning about academic planning, activities, and athletics at Seward High School. Current SHS students along with counselors, teachers, and administration were involved in the transition activities. The goal of the event was to help our students to feel as comfortable as possible with the transition to Seward High School. We will have our annual freshman orientation night in August.

PRIDE Rally: The fourth pride rally was on Tuesday, May 7th to include our seniors before they departed. We honored many great students from clubs, academics, to character, and activities. It was a great day to be a Jay!

Graduation: The Seward High School graduation will take place at 2:00 p.m. on Sunday, May 12th. As of right now we have 101 students slated to walk. The structure of the ceremony will be similar to previous SHS graduations. Please let us know if you are planning to attend.

Safety Drills: We have one more fire drill to complete in May otherwise we have completed all of our safety drills for the year at Seward High School.

Upcoming Important dates:

May 7- PRIDE Rally

May 7-Honors Night

May 8-Senior Last day-Grad practice at 12:00pm-1:30 (Lunch -Class Pizza party-Elem. Sendoff)

May 12-Graduation 2:00pm

May 14-Dave Ellis-Performance Nutrition 6:30pm at HS

May 11th-16th-State Baseball Tourney in Omaha

May 17th-18th-State Track

May 23rd-Last day of School 11:30 Dismissal.

Activities Update

Seward Boys Track and Field team is Conference Champion, the girl's team finished 5th. The District meet will be in Beatrice on May 9th.

The Jays Baseball team defeated Pius 6-1 in capturing the B-4 District Championship. Their first game at State will be Saturday at 1:00 pm, their first round opponent is the Hastings Tigers.

Boys and Girls soccer have completed their seasons, the boys finished 1-12 but showed great improvement, the girls finished 7-7.

The Bluejays golf team finished third at the Conference Meet. The District Meet will be on May 14th.

The Spring band concert was held on May 2nd while the vocal music concert was held on Monday, May 6th.

Athletic physicals for next year will be May 20th at SHS. Doctors from Memorial Health Care will be on-hand to conduct the physicals.

**School District of Seward
Board Report
Connie Biaggio, Director of Special Services
May 7th, 2019**

Here's what has been going on in the Special Services office since the beginning of April:

The following reports/activities were completed:

- ESSA Title 1A Non Public Schools Consultation meeting and NDE report uploaded for review
- Special Education Non Public School Consultation meeting with St. John's, St. Vincent's and Our Redeemer
- Seward County Sixpence Grant written with ESU #6 staff and uploaded for NDE review
- Special Education Post -School Outcomes report completed and uploaded for NDE review
- IDEA MOE (Maintenance of Effort) Compliance Standard report completed and uploaded for NDE review

Professional Development news:

On April 30th to May 4th, I attended the Young Children Conference in New York, along with Katie Radcliffe and Morgan Wiesner-Kozisek, our Sixpence Home Visiting staff.

The content presented at this conference included Mindfulness in the Classroom, Becoming Digital in the World of Early Childhood, Becoming Trauma Smart, Using Children's Literature to Introduce STEAM into the Curriculum, ACEs (Adverse Childhood Experiences) and Trauma Treatment, and STEM activities for the EC classrooms.

Our state level Sixpence consultant recommended my attendance at the conference and I greatly appreciated this opportunity. The topics covered aligned directly to our new strategic plan as well!

New End of the Year Activities:

The special education Extended School Year (ESY) service budget has been drafted and approved. Special education staff members will serve fifty-five students ages birth to 19 this summer. Three less students will be served this year compared to last year and due to a decision to not contract for a service the cost is roughly \$4800 less. These services greatly impact the success of specific students' transition from home based services to preschool center-based services, grade level to grade level, or building-to-building. Our dedicated staff members understand this and because of that dedication we have not had to look outside of our usual staff for individuals to cover ESY services. That is not that case for many districts.

Other end of the year "to do items" include 1) the required Annual ELL Program review which is set for May 13th and 2) the completion of the PEAK grant application which is due May 17th.

The ELL program review provides the opportunity to review ELL services and needs. I'm pleased to share that we just received our ELPA 21 results for this school year and of the 6 students evaluated, 50% have now officially tested out of ELL services for the coming year. Mrs. Jocelyn Gray has provided services to our ELL students and her efforts have truly impacted these students.

May 2019 Board Report for Curriculum and Staff Development

Board Members,

April was busy with testing at all levels. We started off with ACT at the high school which was executed very well by SHS staff and administration and the students were focused and ready to go! We then completed the NSCAS at the elementary and middle school level and we are wrapping up with the NWEA at the middle and elementary school. We also had great engagement from students, staff, and administration with these tests. I am thankful for the great colleagues I work with that work to ensure all students have the opportunity for success with these tests.

Curriculum

I will be providing you an overview of our proposed health education materials for your review as well as a continuum for Human Growth and Development. One of our hopes for the health materials was that there would be information to support teachers with social and emotional health. Materials at all levels meet this goal as well as provide support to teachers in the area of physical health, nutrition, etc. The Human Growth and Development units are very similar to past years and we will be using some of the same materials. Our recommendation takes into account the recommendations of the committee while also considering the needs of our community. The scope and sequence and the materials for these units will be provided to you for your review.

Instruction

We are wrapping up year one with the new teacher evaluation system. We have some fine tuning to do, but overall, we are very pleased with how the year went. The model has put emphasis on our instructional model and understanding the model at a very deep level. We are having great conversations about teaching and learning and our teachers are getting the opportunity to self-reflect on their teaching and identify strengths and weaknesses of the lesson. Our evaluation committee will meet this summer to make minor adjustments to the evaluation model.

Staff Development

Our last PLC meetings were held this week. For the most part, these meetings were celebration meetings, where teachers shared their reflections and celebrations from their

teacher evaluation goals. This was a great opportunity to highlight our successes and share with each other ideas to consider for future years when it comes to teacher evaluation goals. Teachers were also given a PLC survey where they were able to provide feedback on the PLC process. We will share this feedback with the administration team and make any revisions needed over the summer.

Assessment

As stated above, we have been busy in the area of assessment. While these tests are one small measure of our success, they are an important tool to give us information about our programs, curriculum, and the individual needs of each child.

Thank you for your support!

May Staff Development Newsletter

A Newsletter for the Staff by Dr. Dominy

Finishing with a Bang!

Believe it or not, we are in the month of May! Many of the posts that I have included in this newsletter have been about creating moments, which has been our district theme this year. I appreciate how each of you created special moments for your students in the classroom and in extracurricular activities. Your students will remember these moments and your classrooms long after we are gone.

This month I want to continue our theme and encourage you to think about ending the school year on a high note. The end of the school year provides many opportunities to celebrate accomplishments, complete special projects, and showcase academic and athletic accomplishments. The end of the year can also end with a fizzle, but with intentional planning, your students will remember your class well into the future.

Check out this blog from Jon Gordon:

While watching a fireworks show with my family on July 4th it occurred to me that all great fireworks shows end the same way... with a bang. They save the best and most spectacular displays for their grand finale. You can't help but clap at the end. Now compare a fireworks show to many lectures, sales presentations and customer service experiences. They often start off strong but instead of ending with a bang, they fizzle. The sales presentation that has a great hook in the beginning but doesn't leave a lasting impression at the end. The speech that makes you glad it's over instead of making you want to hear more. The restaurant server who makes a great first impression but is nowhere to be found when you want to pay the bill and leave. The teacher who fails to inspire his students to take action at the end of the lesson. The hotel that welcomes you when you arrive but ignores you when you leave. The store that has great merchandise but fails to create a memorable experience. The examples are numerous but the solution is simple. Whatever your job or business add some fireworks to your work. Think of ways you can create a grand finale and leave a lasting impression. Finish your speech or sales presentation with a bang and give your audience a reason to clap at the end. Give your customers something positive to talk about as they walk out the door. Fireworks don't have to occur just on the 4th of July. You can create a fireworks experience every day by finishing strong and making people say "Wow!"

Teacher Evaluation Highlight- School Community Involvement

With all the extracurricular opportunities shared by Mr. Weatherholt and Mr. Moody, this is a great way to shine in this indicator!

Our evaluation model defines school community involvement in the following way: The teacher demonstrates leadership with students, colleagues, and community members in the school, district, and the community through effective communication and outreach. The teacher contributes to the mission of the district by serving on the committees, coaching, and extra duties as needed.

Following is the evidence created by Seward Public Schools teachers:

- Teacher supports extra-curricular activities through coaching, sponsorship or attending of activities.
- Teacher develops leadership in students.
- Teacher develops positive relationships with colleagues, students, parents, and community.
- Teacher is aware of the community's initiatives and participates in accordance with his or her talents and availability.
- Teacher is an active and positive participant on committees as a volunteer or as assigned.
- Teacher is a positive advocate for Seward Public Schools and the City of Seward.

Performance Nutrition

The Seward Public Schools Wellness Committee is pleased to feature a world-renowned leader in performance nutrition at the Seward High School Auditorium on **May 14th at 6:30 PM**. Dave Ellis and his performance nutrition team will be sharing their insight from fueling all of Nebraska's athletes and how we can use this information at the high school level.

Mr. Ellis will focus on the following objectives:

*Explore how food impacts performance.

*Discuss strategies/ideas on how to fuel the student-athlete during the season, during the off-season and leading up to the day of athletic competitions.

All athletes and parents of athletes should plan on attending.

NASB Monthly Update for Board Meetings - Agenda Item: MAY 2019

“NASB Update”

Welcome to Graduation Month! As a board, some items to be focused on during May include:

- Monitoring the progress of your district goals or Strategic Plan, linking goals to discussion and action items
- Conducting a Board/Administrators Budget Work Session

The Legislature is over two-thirds of the way through, with so much of the focus from the Education aspect centered on LB 289, the property tax bill. Keep close tabs on NASB’s Advocacy efforts to see if and where this bill, and other key items end up going.

In late April, NASB hosted two Legislative Lunches, one in Lincoln, and one in Falls City. Incredible attendance, networking and engagement at both. If you have not been able to attend a lunch yet, we highly recommend it.

For all things advocacy and legislature, stay up to speed on the Government Relations section of www.NASBonline.org ... following NASB on social media for posts, videos and updates, and at the Bills specific page at <https://nasb.envisiams.com/legislative-bills>

Speaking of advocacy ... Now is the time for you and your board to think of items you might like added, amended or addressed in 2020.

Submit your legislative proposals at: <http://www.nasbonline.org/registrations/ProposedResolution.aspx>

April kicked off with the NSBA National Conference in Philadelphia with 200+ school board members and administrators from Nebraska in attendance, and also saw three regional Spring Legal Workshops conducted by Nebraska school law attorney.

Mark Your Calendar for **NASB’s June networking and events** as well:

- June 13 | New Board Member Connections | Kearney
- June 13 | NASB Member Golf Outing | Kearney (RSVP to sendorf@NASBonline.org)
- June 13-14 | School Law Seminar | Kearney

You can learn more, and register for the above events at www.NASBonline.org

Follow NASB on twitter at www.twitter.com/NASBonline using the hashtag #liveNASB
and on facebook at www.facebook.com/NASBonline

To see a quick glimpse at the various items the NASB is involved in, check out pages 10 & 11 each month in the **Board Notes newsletter** for “This Month In ...” To access the latest newsletter, click here:

Thanks for all you do for your board, your community and the entire state by serving public education in Nebraska.

Americanism Board Report 2018-2019

Board Members,

The Americanism Committee met on 4-17-19 at Seward Middle School to discuss the current curriculum and where American Civics are taught at various grade levels. You will find detailed information about civics instruction in the report below. We also discussed the implications of the new American Civics Law and here are a few points what we discussed:

- 1) Next year, at the beginning of the year, the school board must appoint form its members a committee of three, to be known as the committee on American Civics.
- 2) This committee will hold no fewer than two public meetings annually with at least one where public testimony is accepted. Minutes will be kept at these meetings showing the time and place of the meeting and details of all matters discussed.
- 3) The committee will examine the social studies curriculum and ensure it is aligned to the standards.
- 4) We also discussed the mandate that one of three assignments must be given to students prior to the completion of 8th grade and 12th grade. The choices are the Naturalization test, attendance at a meeting of a public body, or a project/paper on a person or event commemorated by a holiday.

Elementary:

- Stories are read and/or shared about American heroes and famous Americans from the past such as Washington, Lincoln, etc. These Stories may be part of a unit within our reading series, a selected instructional theme by the teacher, related to the time of year (for example, Presidents' Day in February), a study of reading genre such as biographies, etc.
- Students are taught the Star-Spangled Banner and America in music classes in addition to performing American folk songs on guitar and voice and doing American folk dances.
- Third Grade holds a patriotic music program every other year
- The pledge of allegiance is recited in each classroom every morning followed by the school rules.
- American History and government are taught in 4th grade, as is Nebraska history and the study of our state government.
- Every other year we have a Veteran's Day assembly/program. We honor all veterans of every branch of the military in Seward County.
- Presidents' Day is a topic for instruction in February.
- The components of citizenship are always taught throughout our school wide behavior program and through our daily expectations of our students, i.e. how we treat each other, respect or our flag and the meaning of the stars and stripes, etc.
- Constitution Day is recognized on September 17th, per board policy.

- Students in 3rd grade participate in a Wax Museum which involves researching and giving an oral presentation about a famous historical figure
- Students in 2nd grade learn about the history of the American flag.
- Students in 2nd grade learn about the branches of government.
- Students in 2nd grade learn about our nation, the past and the present.
- Students in 1st grade learn about being good citizens, what it means to have rights and responsibilities, and how to follow rules and laws in our community and country.
- Students in 1st grade learn about important symbols of our country, including: The Statue of Liberty, Bald Eagle, Liberty Bell, White House, etc.
- Students in 1st grade begin to learn about government and the important roles that mayors, governors, and presidents play in both our community and country.
- Fourth grade field trip visits State Capitol, Nebraska History Museum, Goehner Museum, Statehood Celebration, Arbor Day celebration

Middle School:

- All American history courses are approved for grade levels and meet the requirements for subsections a, b, and c, in the statute. (Statute-All American history courses approved for grade levels as provided by this section shall include and adequately stress contributions of all ethnic groups (a) to the development and growth of America into a great nation, (b) to art, music, education, medicine, literature, science, politics, and government, and (c) to the war services in all wars of this nation.)
- Grade 5 provides stories with American history themes within the social studies and reading curriculum.
- Patriotic songs are sung in conjunction with a Veteran's Day program.
- The Pledge of Allegiance is recited daily, per board policy.
- American history is taught throughout the school year in grades 5, 7 and 8 social studies classes.
- Seward Middle School hosts a Veteran's Day program to honor local veterans. The program includes vocal and/or instrumental music from middle school students.
- Activities are held in 5th grade classrooms in conjunction with President's Day
- Constitution Day is recognized on September 17th, per board policy.
- Sixth, Seventh and Eighth grade did the Patriots Pen writing contest.
- I civics program used in 8th grade enrichment.
- Election units and mock presidential election during election years.

- Flag raising and lowering the flag.
- Medal of Honor character curriculum

High School:

- The teaching of the United States Constitution and the Constitution of Nebraska are taught in at least two grades at the high school. Global Studies an elective, also addresses much of that material and many of our students do take that course. Duties of citizenship are covered in various other courses offered at the high school.
- Individual teachers have had specific programs in relation to the holidays observed for example, MLK Day, Patriots Day, and 9/11. We have had varied programs and activities that touch on those days. In our English department there have also been Veteran assignments with patriotic themes.
- Constitution day is recognized on September 17th, per board policy.
- In November, the Veterans Day student committee hosted a door decorating contest with excellent participation. They also hosted a Veterans Day luncheon Two terms of American Government are required for graduation.
- The Pledge of Allegiance is recited daily as a group, per board policy.
- Our students in the speech program annually participate in the American Legion and VFW Oratorical Contest.
- FCCLA, FFA, FBLA all work on projects for the annual 4th of July celebration in Seward. The SHS Marching band participates in the annual 4th of July parade.
- We send students annually to the Boy's and Girl's State Leadership Program sponsored by the American Legion.

The 7-year Curriculum Cycle- Health and PE

By Dr. Dominy

Mission: *The school district of Seward --where every student, every day is a success -- affirms that all students will have the skills to become productive and contributing members of a global community. In cooperation with family and community members, the district is committed to the development of each student academically, emotionally, socially, and physically.*

Our Process

- K-12 Meeting to discuss beliefs/philosophy. PE and Guidance teacher at the elementary, PE and FCS teacher at the Middle School and all PE and Health teachers at the High School were present.
- We reviewed Nebraska Health and PE Standards as well as beliefs and philosophy from National Health Organizations.
- We identified belief statements that represent our area that are aligned to our strategic plan.
- We identified a philosophy statement for health/PE district-wide.

Our Process

- Our teachers created a curriculum guide aligned with the new standards that also included learning goals for their courses. (Still in Progress- this will be approved in September.)
- Our teachers selected materials that best help us teach the Nebraska standards in health education. With consideration given to the needs and expectations of our local community.
- Our teachers selected materials for PE class to help us meet the Nebraska standards.

Thank You!

PE Beliefs

- 1) We believe that all students will have the knowledge and skills to achieve and maintain a healthy enhancing level of physical activity and fitness.
- 2) We believe all students should exhibit responsible personal and social behavior that respects self and others.
- 3) We believe all students should recognize the value of physical activity for health, enjoyment, challenge, self expression and or social interaction.
- 4) We believe in developing motor skills, knowledge and behaviors for active living, physical fitness, sportsmanship, self-efficiency and emotional intelligence.
- 5) We believe in inspiring the passionate lifetime learner of continued physical education and nutrition for a healthy lifestyle.

PE Philosophy

Seward Public Schools is committed to providing quality Physical Education. We believe physical activity is critical to the development and maintenance of good health. We strive to develop the emotional, physical and social skills of each individual to develop a passion for a healthy active lifestyle.

Health Beliefs

- 1) We believe students should understand the influence of family, peers, culture, media, technology, and other factors on health behaviors.
- 2) We believe that students should comprehend concepts related to health promotion and disease prevention to enhance health.
- 3) We believe students will demonstrate the ability to use interpersonal communication skills to enhance health and avoid or reduce health risks and advocate for personal, family, and community health.
- 4) We believe students will demonstrate the ability to use goal-setting and decision-making skills to enhance health.
- 5) We believe students will demonstrate the ability to practice health-enhancing behaviors and avoid or reduce health risks.
- 6) We believe students will understand and utilize concepts related to social, mental, emotional, spiritual, and physical health.

Health Philosophy

The goal of the health education program is to motivate young individuals to maintain and improve their mental, emotional, social health, prevent disease, and avoid or reduce health-related risk behaviors. It is the role of the health educator to empower young people with the knowledge and skills they need to be healthy for a lifetime and to utilize these health enhancing skills as a means for achieving life's goals.

High School Health

Glencoe Health is a comprehensive, secondary health education program that can be delivered online as well as in a traditional print format. The flexible format allows you to engage high school students in an exploration of health and wellness, wherever you are on the digital path! Content is correlated to National Health Education Standards and focuses on building health skills that show students how to create their own paths. Real-world application of health skills provides students with the understanding they need to create an individualized plan for a healthy life.

Nutrition and Wellness

Nutrition & Wellness for Life stresses the importance of healthful eating and physical activity across the life span. The text explores how decisions affect wellness at the various stages of the life cycle. Students will learn the body's need for various nutrients may be greater at some stages of the life cycle. Health and wellness begins in the kitchen and healthy eating requires planning and preparation. The text discusses safe food handling as well as healthy menu planning and food preparation techniques. **Nutrition & Wellness for Life** includes strategies for staying physically active through the life span. It covers the special needs of the competitive athlete. Students will learn how to recognize sources of stress and healthy strategies for reducing their impact on total wellness.

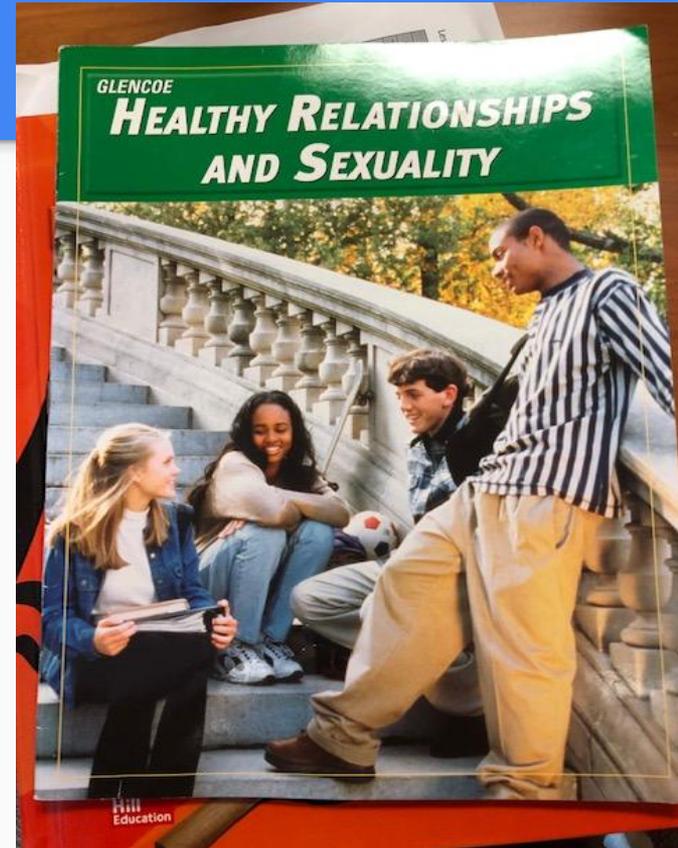

Human Growth and Development (Sexuality)

All of our sexuality education programs emphasize that abstinence from sexual intercourse, when practiced consistently and correctly, is the only 100 percent effective method against unintended pregnancy, HIV infection, hepatitis and other sexually transmitted diseases.

No student is required to participate in human sexuality instruction. All materials related to human sexuality instruction are available for review by parents/guardians. Parents of minor children will be notified in advance of human sexuality instruction and offered the opportunity to excuse their child from this unit of instruction, after reviewing the materials to be used in the classroom.

Human Growth and Development Middle School

We recommend using this resource that we have been using for the last several years. It addresses the standards in our curriculum without going beyond those standards.

Grade 5- Human Growth and Development Video

All students participate in a video separated by gender. The nurse leads the video and discussion with females students and the principal and counselor leads the video and discussion with the male students. Students watch the video and have an opportunity to ask questions about the video, questions outside of the video are referred to parents.

The Always Changing® and Growing Up Program helps both boys and girls:

- Understand the physical and emotional changes they experience during puberty, and acknowledge these changes as a normal part of growth and development.
- Learn the physiology of their bodies and correct terminology for parts of the reproductive system.
- Understand that personal hygiene is each individual's responsibility.

Grade 7 Human Growth and Development

Healthy Peer Relationships: Students will learn what it means to have friends both of the same gender and opposite (platonic relationships). We will address the change some friendships might face and the decision to date because of this. When a decision is made to date, students are not committing to another person, rather wanting to get to know someone better. The differences between group and individual dating will be evaluated. Students will discuss healthy ways to show affection (not associated with sexual activity), set limits, and respecting yourself and your dat. Briefly we will discuss what dating violence is and how to process when dating relationships end.

Grade 8 Human Growth and Development

Adolescence: During this lesson the students talk about what puberty is and the changes it brings, ways to be physically and emotionally mature and the developmental tasks that need to be completed as they grow in maturity. Students are also encouraged to describe the changes they will go through during teen years and the importance of setting goals now for their future.

Healthy Peer Relationships: This outlines what it means to have friends both of the same gender and opposite (platonic relationships). Much of what we talk about is the important stage they may find themselves as adolescents on finding more about who they are and their priorities and that some will choose to wait to date as they have other priorities.

Healthy relationships will be described as well as identifying the different kinds of love.

- With this is talking on avoiding high-risk situations and so staying away from the influence of drugs and alcohol and choosing to hang out with a group of friends vs. 1 on 1.
- There are talks about unhealthy relationships and the forms of abuse including bullying and various forms of harassment and then how these can be stopped and where to find help in these situations.

Grade 8 Continued

Abstinence: With abstinence being the choice promoted and the facts of it being the only 100% method for not acquiring an STD or having an unplanned pregnancy.

Female and Male Reproductive Systems: With puberty and the development into young women and men, there is a discussion and presentation of the reproductive systems, their functions and the changes they may have had occur or will be occurring as they continue to mature. We also discuss health problems related to gender specific reproductive systems and how to care and protect the reproductive organs

Contraceptives: With abstinence pushed, there is then a less in depth discussion on contraceptives but an overview of ones provided and there less than 100% effectiveness and risk of side-effects including the chance of contracting a STD & or HIV/AIDS.

Grade 8 Continued

STD's, HIV & AIDS: This is when material is talked about on the different types of diseases that can be spread sexually. There is talk of the symptoms and the importance of getting checked if sexually active and to notice any of the signs that they may have acquired a STD

Pregnancy and Childbirth: This is a very brief discussion on the changes that occur in a female when she becomes pregnant as well as some of the healthy choices she must make to have a healthy baby.

Human Growth and Development High School

The recommended High School text is able to address all standards in this area.

Human Sexuality Education

The Healthy Relationships and Sexuality Curriculum emphasize that abstinence from sexual intercourse, when practiced consistently and correctly, is the only 100 percent effective method against unintended pregnancy, HIV infection and other sexually transmitted diseases.

Abstinence is to be stressed, but not to the exclusion of other methods for preventing unintended pregnancy, HIV infection and other sexually transmitted diseases. Such courses or units are to acknowledge the value of abstinence while not devaluing or ignoring those students who have had or are having sexual relationships. Further, sexuality education materials, including instructional strategies and activities, must not use shame or fear based tactics.

No student is required to participate in human sexuality instruction. All materials related to human sexuality instruction are available for review by parents/guardians. Dear Seward School District,

Please accept this letter as a notice of my resignation from my position as Agriculture Educator and FFA Advisor from Seward Public Schools.

It has been a pleasure to work in such a welcoming and supportive school district. I have enjoyed working alongside outstanding individuals who were constantly challenging me and with the students who have embraced me throughout this year. I have truly enjoyed the experience.

Thank you so much for allowing me this year with the Seward School District.

Sincerely,
