College Week:

College Week is coming soon! Seward Elementary enjoys participating with the rest of the district in College Week festivities. This year, Mr. Todd will teach students about all of the levels of schooling, and give them engaging activities to learn more about life after high school. He leads great discussions on the different types of college experiences, and also working after high school. The emphasis at the elementary for College Week is on the importance of education in any career field. Teachers and paras will also get in on the College Week action by sharing information about their college experiences. We also include a few fun dress up days during College Week.

School Improvement Team Meeting:

We are looking forward to sharing progress on our action plans so far this year at our first 2022-2023 School Improvement Team Meeting coming up this month. We have taken many positive steps in each of our plans that we are excited to share. As a reminder, our four strategies are:

1. We will implement enrichment and intervention practices within our school day.
2. We will update existing grading and assessment guidelines, including report cards, to clearly define expectations to all stakeholders.

3. We will research, design, and implement practices to enhance wellness of students and staff.
4. We will continue and expand on the communication practices and community partnerships to support our stakeholders.

Parent Teacher Conferences:

We are looking forward to meeting with parents on October 11th and 13th for Parent Teacher Conferences. Conferences are always a great opportunity to share how things are going at school and team with parents!

Junior Jays Program:

Once again, SES and SHS are partnering to continue the Junior Jays mentoring program. We have approximately 25 seniors that come to the elementary school and work with 3rd and 4th graders daily. The mentors work with elementary students on building relationships, social skills, school work, and more! SES really appreciates the Junior Jays program and the skills that it provides to both elementary students and their high school mentors! Thank you to the elementary and high school counselors for their hard work in bringing this valuable program to our students!

2. Bully Response Team. Mr. Marroquin organizes this group of sixth, seventh and eighth grade students which currently has 8 members. Students go through an application process if they want to be on the team and once a group is selected they meet usually once a week to discuss bullying issues. The goals of the team are to present information to the student body about bullying and help students deal with bullying whether they are a victim or a bystander. If any of the members observe bullying taking place they are to step in and stop the bullying and report the incident to an adult. Our intent is that other students will follow their lead.

3. Parent Teacher Conferences took place the 26th of September and we had a decent turnout but were not overly crowded. Our 5th grade teachers conducted conferences also on the Thursday before (22nd of September) and they had a similar turnout.

4. Wellness Day. Our annual event took place as scheduled this year on Friday, 30 September. Another year where the weather was perfect (warm but not hot and dry) and the kids appeared to truly enjoy being outside. The primary focus for this day is on the importance of establishing healthy lifestyles.

5. Happenings at the Middle School.

- 4H After school clubs meeting this month:
 - a. Sewing, starting soon

College Week:

We are excited to have College Week the week of October 17th! During the week we hope to promote a post-secondary atmosphere with fun and prizes, as well as information from colleges to universities to military to trade school. Keeping in mind the need for some training/education after high school, we want to encourage our students to explore the variety of options available to them.

P.R.I.D.E. Recognition Rally Scheduled for October 21st:

The 1st of four quarterly P.R.I.D.E. Recognition Rallies will be held October 21st from 9-10:00 a.m. to recognize and reinforce positive behaviors during the first term. Please join us if you are available.

Homecoming:

Bluejay Leadership Team and their sponsor Ms. Goracke did a nice job with Homecoming. We had fantastic student involvement and over 425 students attend the homecoming dance which was just awesome

ACT Test:

On October 18th, the entire junior class will take the ACT test at the Ag Pavilion. Each junior will meet individually with a school counselor, principal, or district administrator to review their test results, set a goal score, and discuss strategies for achieving their personal goal on the April Test with our overall school goal to improve all students composite scores by at least one point. Last year, we had great success and met our goal and saw an individual student improve her score 8 points and many others with significant increases!

SHS School Improvement Update:

1. **Mental Health:** Trained staff and students in QPR and implemented plans for HOPE Squad-met with new mental health provider Jamie Mapp to coordinate and brainstorm strategies; preparing for Known Survey for staff and students (October 2022); continue to use of Social/Emotional Learning strategies as we continue to see increased mental health issues. Jamie Mapp's caseload is currently filled and growing.

2. **Positive Culture:** Ready for the Fine Arts next level board ready to be installed in South Lobby, waiting for Ms. Kenney and Mr. Rickert to get the names and pictures for the board. Ordered through awards unlimited.
3. **A. Instruction:**
4. **B. Feedback and Assessment:**
5. **Community Partnerships:** Compiled list of current community service opportunities for students through school organizations; Began to start developing community internships/job shadow opportunities for 11th and 12th grade students. Set a fall community service day on November 6th.

School District of Seward
 Board Report
 Shannon Hall-Schmeckpeper, Director of Special Services
 October 10, 2022

Once again, it is hard to believe that we are almost to the end of the first quarter! September is a busy month for state reports in our office. The Flex Funding final report was due. All special education records need to be updated by October 1 so that we can get an accurate October 1 count. The special education teachers also document special education service minutes for all students they serve during the last week of September. And Special Education Financial Reporting System (SPEDRS) is due at the end of the month.

At this time we are seeing a slight decrease in the number of students that are eligible for special education services. Last year we had a total of 332 students who were eligible from birth through 21 whereas this year we have 308. Several things are likely contributing to the decrease such as the loss of the group home students. We are also working hard to develop systems for referral for special education evaluations as well as dismissing students who have met all of their IEP goals and no longer have a disability.

Some data that I shared with our Special Education staff that I thought you might be interested in is how many students we have that are eligible for special education under each verification. This data was based on August enrollment data. This is based on their primary disability. This data was very comparable to state data which also had a large position of our students eligible under special learning disability or speech-language impairment.

Verification	Number of Students	Percentage of Total Special Education Population
Specific Learning Disability	104	34%
Speech Language Impairment	59	19%
Autism	21	7%

OHI	18	6%
Development Disability (until age 8)	68	22%
Emotional Disturbance	13	4%
Hearing Impairment	2	<1%
Intellectual Disability	20	6%
Multi	1	<1%
Vision Impairment	3	<1%
	309	98%

As I mentioned earlier, we have a team of special education teachers who are participating in Inclusive Learning Environments professional development through NDE. We have had one in-person session and one zoom session. We will travel to Kearny for our second in-person session this month. Our focus is on best practices for inclusive practices in Seward Public Schools.

Last year the state of Nebraska took a look at transition services as part of the IEP. The law was changed to state that all students need to have a transition plan in their IEP the year that they turn 14. For the majority of our students, this is in 8th or 9th grade. Then every year after that transition needs to drive the IEP. The high school special education teachers were able to be part of the ESU 6 Transition Task Force professional development day. We looked at transition assessments that we could use, and how to write goals from these assessments into the student's IEPs. We will continue to learn from this group.

I believe that is all for this month! Again, thank you for all you do to support our school district.

Sincerely,

Shannon Hall-Schmeckpeper

October 2022 Board Report for Curriculum and Staff Development

Board Members,

The Fall season is here! Our students are engaged in a variety of activities and academic pursuits. It has been great to see the resiliency and persistence on the athletic fields/courts as well as in the classroom.

Curriculum

We started the curriculum review process for the area of English Language Arts on our last staff development day. We began the process by identifying instructional shifts in the standards as well as the greater emphasis on the science of reading (decoding skills.). This presentation has set the stage for us to look at the ELA standards and start working on unwrapping the standards at our October staff development day.

Instruction

Our teachers have been working on providing clarity to their curriculum. Last year we identified priority learning goals, this year we are ensuring that our assessments are good measures of the priority learning goals we have selected. Where there is a deficit, the teachers will add/modify questions to better align with these priority learning goals.

Staff Development

The September staff development day was a success. Our teachers and several classified staff began the day with QPR suicide prevention training provided by our LMHP, Jamie Mapp. Jamie did a great job training us with this information as well as help us with our self-care efforts. We also trained 36 staff members in CPR, as a side note, we train paid coaches, Emergency Response Team, and Preschool staff. Our reading, writing and English teachers all received training on the latest research in reading as well as instructional shifts. Teachers also worked in action plans and we had our district wellness meeting to set our goals for the year.

Assessment

I will be providing an update regarding some of our assessment results. At this moment, the results for NSCAS and ACT are still embargoed. If this changes we will review NSCAS, ACT and NWEA. If this does not change, we will only be able to review NWEA at this time.

Food Service/Wellness

Sodexo still reports a need to hire staff and has battled illness among their employees lately. We are still receiving many positive comments regarding the food choices that are currently being provided. At this time, we have two staff at the Middle School and two staff at the elementary that are currently supporting Sodexo with cashier services. We are being credited monthly for their time from Sodexo.

Thank you for your support.

FALL

"Fall has always been my favorite season. The time when everything bursts with its last beauty, as if nature had been saving up all year for the grand finale."

- Lauren Destefano

I agree with the author of this quote, my favorite season in Nebraska is Fall, so many of the things I enjoy happen during the Fall season. In education, we have hit our groove, systems and structures are in place and students are learning and growing. I enjoy seeing so many of you in the hallway, in your classrooms, at PLC's, etc. every day I am reminded of the strength of our organization- our people.

I hope that you will take time this fall to visit the pumpkin patch, enjoy some peaceful time in the woods, and spend time with your family. As the author of our quote stated, let's enjoy the beauty of this season both in your classrooms and in your homes.

Thank you

Matt

LOVE TOUGH- BY JON GORDON

I believe in tough love.

If you are a leader, manager, coach, teacher or parent, caring about someone often requires you to challenge and push them to improve, grow and reach their full potential.

Even the best athletes in the world have a coach to push them.

But for tough love to work, love must come first.

We must love tough to bring out the best in those we lead!

If people know you care about them they will be more receptive to you pushing them.

On the other hand if you put *tough* before *love* you're more likely to face resistance.

As Andy Stanley says, "Rules without relationship leads to rebellion."

The old dictator tough, without love, style of leadership no longer works.

Having spent time with a number of professional and college sports teams it's clear that even athletes who seem to have it all want to know that their coach cares about them. The best coaches love their players and their players know it and play harder and are more loyal to that coach.

The same is true for education and business.

Research shows that test scores go up when students have a relationship with their teacher.

Numerous engagement surveys show that people are more engaged at work when they know their manager / boss cares about them.

So keep pushing your people to be their best. If you are parent like me, keep pushing your kids to reach their full potential.

Your team needs your toughness to grow!

But remember to put love first. Make relationships a priority.

Your love will create the right conditions for growth to happen!

Love + Tough = Growth

COMMUNICATION WITH PARENTS

I shared this information last month, but I wanted to repeat this information as parent-teacher conferences will be happening at the elementary school in October. Below you will find a few tips when working with parents regarding behavior as well as a few tips to talk about academics.

Behavior Conversation

What to think about before parents arrive

All behaviors can fall under one of four goals:

They want their child to be **Smart, be Liked, Feel Good, Feel Taken Care of.**

Be aware of:

Their readiness level to receive information.

Your need to have control and power in the situation.

The parents may not process all the information given to them.

Talking Points

When talking with parents, keep the emphasis on the 4 goals that parents want above.

Be Smart

My Goal for your child is to be successful and learn...When s/he:

- Talks out
- Makes noises
- Loses or does not complete assignments
- Plays with things in their desk
- Bothers others
- Interrupts the teacher

This interferes with their ability to be as academically successful as they can be.

Be Liked

My goal for your child is to be liked by others and have friends at school...when s/he:

- Bosses others around
- Rolls her eyes
- Calls people names
- Destroys property
- Lies
- Steals
- fights

This stops others from liking your son/daughter

Feel Good

My goal for your child is to feel good about him/herself...when s/he:

- Argues
- Rolls eyes
- Does not follow instructions
- Calls people names
- Does not complete assignments
- Curses
- Hits people

It may affect how s/he feels about him/herself

Taken care of

My goal for your child is to take good care of him/herself and avoid getting into trouble..when s/he:

- Yells
- Rolls on the floor
- Curses
- Runs out of the room
- Talks back
- Calls names
- Becomes angry

It interferes with his/her learning and ability to make good decisions.

Academic Conversation

This quarter we have been focused on the following learning goals: Your child showed great progress with _____ learning goal as they did this project/assignment/paper. The learning goal that your child struggle with the most was _____ a few examples of what we did related to this learning goal are _____ The next quarter will be focused on these learning goals _____ as a parent, you can help your child the most by watching for these activities/asking these questions/sharing information about/etc.

READING ARTICLE

The article below describes the importance of building background knowledge to develop strong readers. This is the responsibility of all content areas as there is a wealth of background knowledge that can be built in every classroom. Our ELA teachers are going to be unwrapping the Language Arts standards this month. It is important to note for all educators that our new standards ask for 50% literary text and 50% informational text to be used K-12.

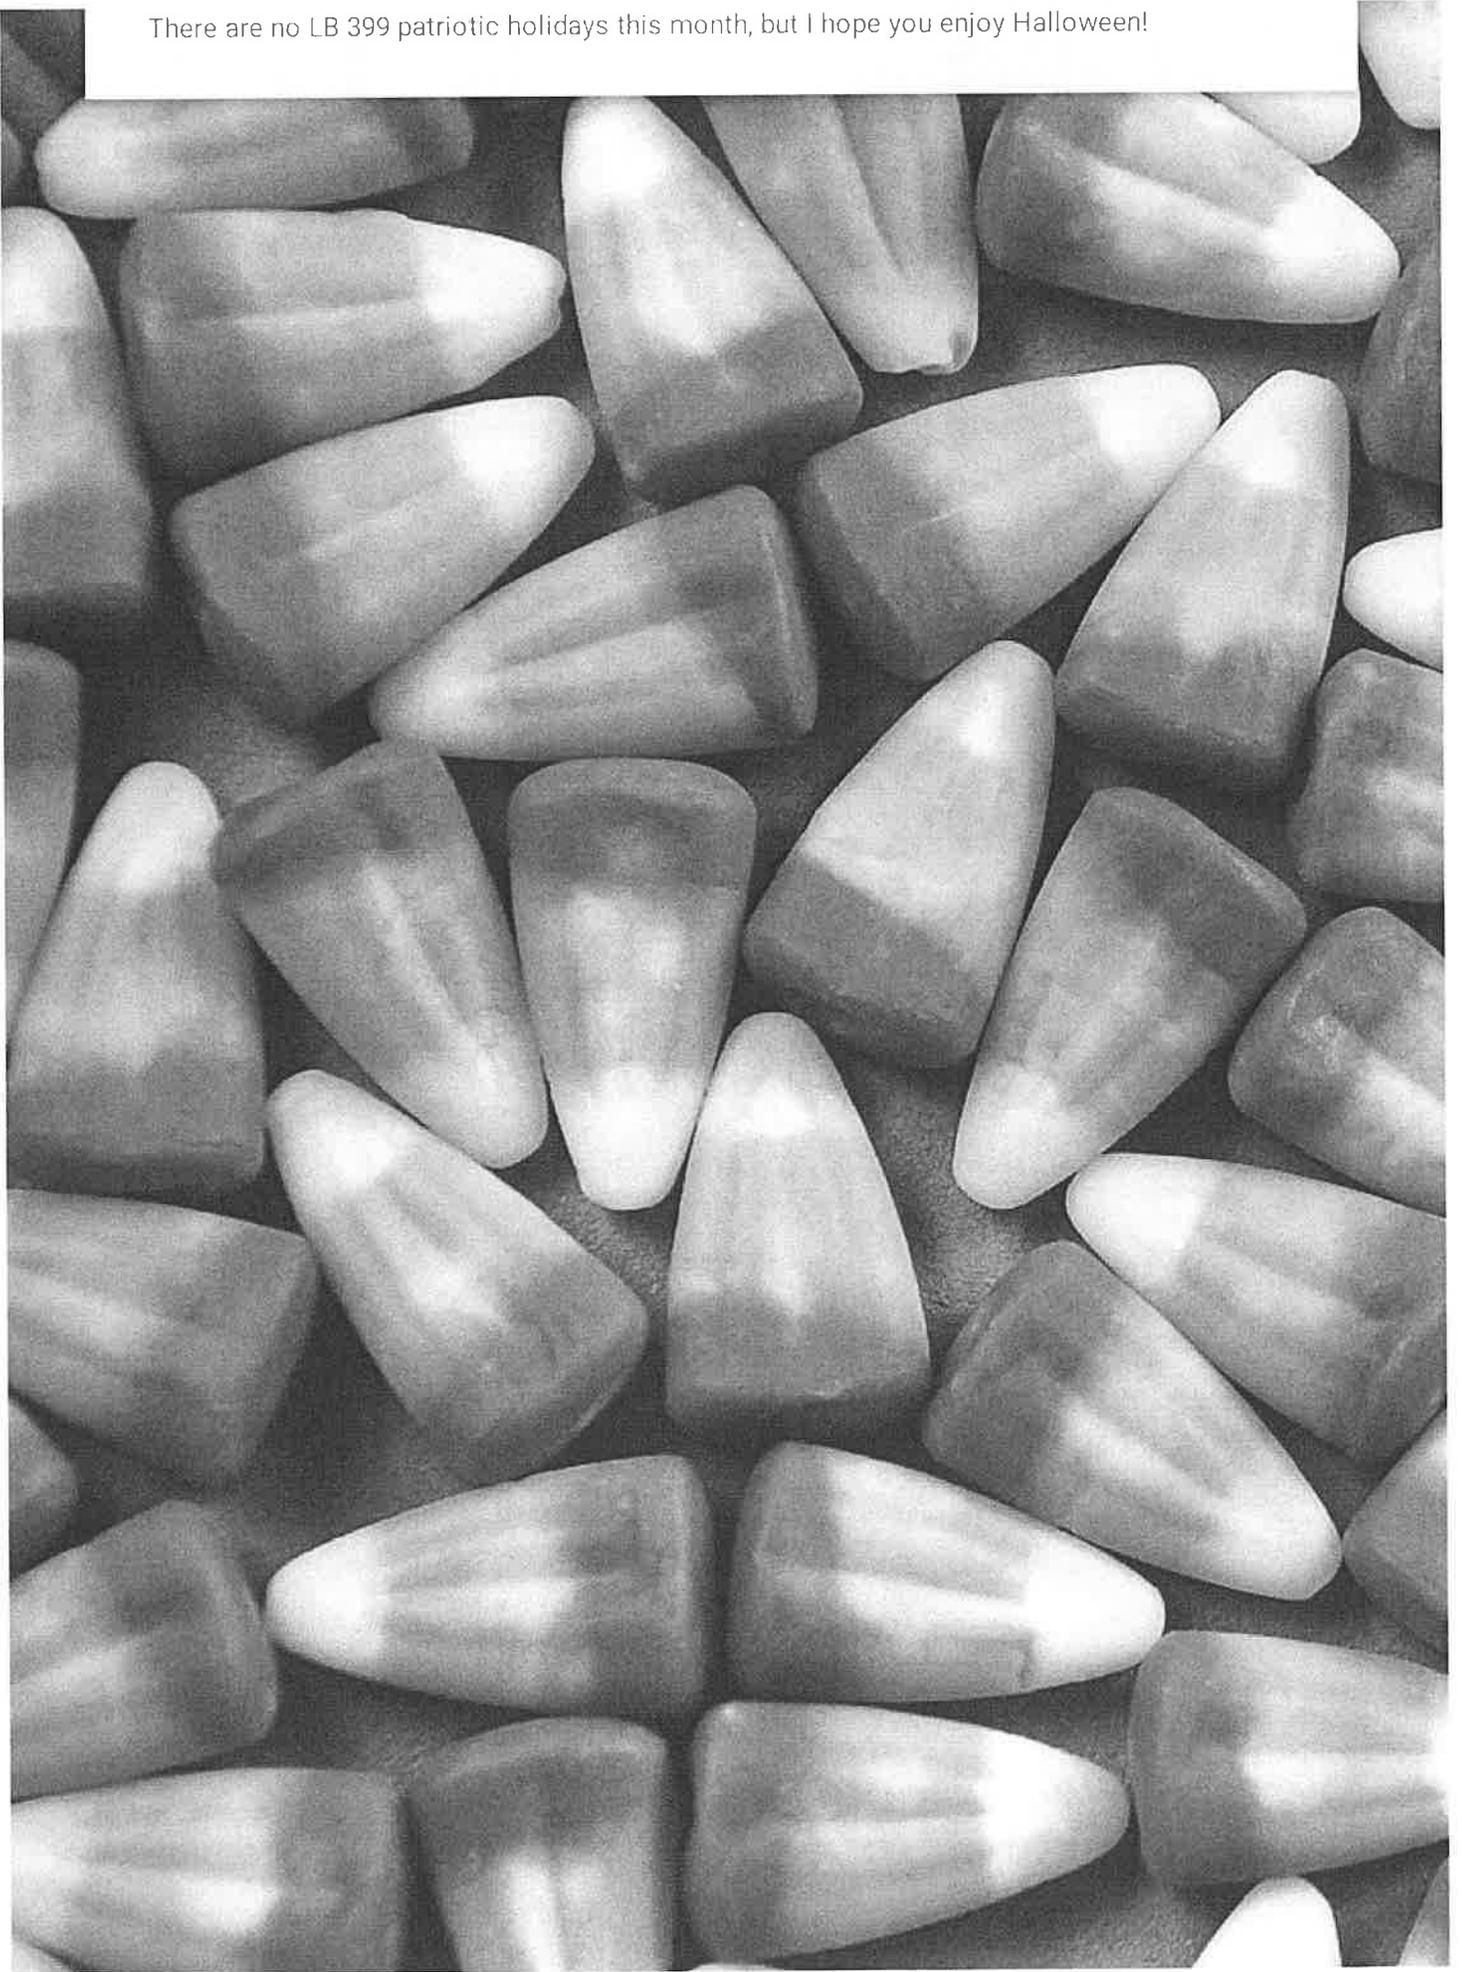

Building Background Knowledge

www.readingrockets.org

To comprehend a story or text, young readers need a threshold of knowledge about the topic, and new, tougher state standards place increasing demands on children's prior knowledge. This article offers practical classroom strategies to build background knowledge such as using contrasts and comparisons and encouraging topic-focused wide reading.

There are no LB 399 patriotic holidays this month, but I hope you enjoy Halloween!

October 2022 BOE Meeting

- ★ Homecoming was very successful! We had a great turn out, over 450 students attended the dance. Several teachers commented that this homecoming had the most active participation than any other homecoming that they could remember. It was a great opportunity to unify our school! Here are some pictures of the parade and pep rally:

- ★ The lunch program is still exciting and new, and people seem to really be enjoying all of the options.
- ★ We have created a “Student Hub” board, so that students can have a landing point where they can find information about club meetings, game days, and testing information.
- ★ We will have our first PRIDE Rally later this month, which is always a fun day. One of my favorite parts of the rally is the PRIDE video that the media team puts together.

I have included a list of all the fall activities and direct quotes from activity representatives:

Ava Krahulik (FFA): Seward FFA has already done plenty of activities this year. Earlier this school year we had our annual FFA kickoff and our Ag Appreciation Luncheon. This week we already start competitions with land judging. This competition is new to us as Seward has never done it in years past. Also this Friday we fed a farmer. This activity we go to the local grain bins in Ruby and Bee and we give sack lunches for the farmers dropping off grain. At the end of October we will be traveling to Indianapolis for the National Convention. We are really looking forward to this trip! As you can see we have already been really busy this year and are looking forward to the countless more competitions and activities we have in the future.

Austin Schroeder (FBLA): Seward’s FBLA chapter is going to the Wayne State Business Contest. At the contest, we will demonstrate our skills and knowledge in the business world. We will also be participating in the trunk or treat for Seward High School which will help our community and give a younger audience an idea of the clubs at Seward High. The Online Stock Market Challenge will also be held this month which will show our knowledge in the business world.

Tarryn Hartman (FCCLA): Seward’ s FCCLA chapter is getting a lot of final details worked out to do things throughout the school right now. For the month of October we will begin a sock-tober raising money to help fund a clean water system in Africa. We also begin looking at STAR projects and look to get those ready for districts in a couple months.

Kaylie Nelson (Skills USA): This October SkillUSA is choosing individual and group competitions while simultaneously preparing for the upcoming Mid-America conference. We are looking forward to another involved season as we prepare for our state conference in 2023.

Nolan Hill and Luke Wegman (Football): Football only has three regular season games left but at this time our team is 5-1 which is a solid start. The team has worked hard through the season and keeps striving to improve week to week. The guys on the team have put in a lot of work starting back in June so it is great to see it finally paying off but we aren’t done yet and hope to make a deep run into the playoffs. Go Jays!

Sophia Turek (Volleyball): Our volleyball season has been an exciting ride so far. We are currently 18-5 with many big upcoming games. We have come such a long way since starting in June and will continue to keep making improvements. We have many underclassmen that have really stepped up and played a huge role in our season this year. As the conference is next week, we are preparing for many hard matches. This will then lead us to our district final match and hopefully to state! I am so proud of these girls and can't wait to see where we end in this season.

Eden Schulz (Girls XC): As the cross country season is winding down, there have been so many accomplishments from everyone who has participated. We recently had our biggest meet at UNK and had two girls medal, Tessa and Karnie! Everyone on this team, whether that be JV or Varsity has done something amazing this season. We have had so many Personal Records for everyone. We have a Conference this week on the 6th in Hastings and then Districts and State! One special thing that Coach Holliday does for us is that if you place Top 10 on the team for a specific number of meets, he rewards you with a t-shirt. This is an awesome goal for everyone to work towards. Our biggest goal is to make state again this year and I'm super pumped for Conference and Districts.

Dalaney Anderson (Softball): The softball season is unfortunately coming to an end. Softball is a very fast and furious season. We have come so far from the beginning of June when we started. We lost a big group of seniors last year but gained a great group of freshmen that have stepped up and truly done a great job. Whether it has been a big or a small role, everyone on our team has contributed in a way. We have now entered the postseason which is in my opinion, the most fun part of the year. We got the opportunity to host Sub-Districts this year which was a big goal for us. We are hoping to be successful through the tournament and be able to play in a district final to give us a chance to make it into the state tournament which is our biggest goal of the season. A fun thing that Coach Carr has brought into softball is the unicorns. Every game we get an Offensive Player of the Game and a Defensive Player of the Game. If you are named one of the two you are given one of the ponies until the next game. This is one of the small but fun things that we do throughout the season. We have had so much improvement throughout the season and we can't wait to see where we end up!

Kretyn Roth (Key Club): So far for Key Club we've kicked off the year with our first meeting where we voted in officers. We have already done various concession stands and we continue to prepare for our bigger events that are coming up. One such event is Trick or Treat for UNICEF. This is where we raise money for UNICEF by standing at the entrance of a football game. We are looking forward to all of our events, including the multicultural fair, and we hope that the community will support us in helping make the world a better place.

Brenna McAdam (Cheer): Overall, there are so many improvements that have happened in Cheer so far! We successfully put on the Homecoming Pep Rally, as well as cheered in the parade, and performed our Homecoming routine. We have been already practicing parts of our State Cheer routine, which will make us well prepared when the time comes around. Stunts-wise, we have added a new stunt (called a "prone"), which has been so much fun to practice! We have had some team bonding games, which have helped us really come together as a team. We're all excited for the month of October, as it's Breast Cancer Awareness month, and a member of our team donated pink pom-poms for us to use during this month. We have several football games left, as well as volleyball, and we're seeing strong improvement with each game as we go!
