#weLIVEhere

Usually, the annual Board Dinner held during State Conference is our chance to say thank you, goodbye, and recognize those members of the NASB Board of Directors and NASB Legislation Committee who will be wrapping up their time with us. Unfortunately that had to be put on hold this year. With that, we would like to give our thanks and best wishes to the following for their time, leadership, innovation, vision and engagement to not only the students in their communities, but the entire state.

SUPERINTENDENT PAY TRANSPARENCY ACT

As we continue to maneuver through uncharted territory of governance during the pandemic and beyond, the Board Leadership team continues to share supporting resources to assist board members and superintendents in planning for the days to come. As you embark upon contract negotiations with your superintendent, it is important you are in compliance with the Superintendent Pay Transparency Act.

Superintendent/ESU Administrator approved contracts and amendments are to be filed with the Nebraska Department of Education by August 1 each school year. Updated contracts/amendments may be uploaded at any time. Note: If the school district and/or ESU has a change during the school year, NDE requires that the old contract and amendments be removed and updated with the new contract and supporting documentation.

SUPPORTING DOCUMENTATION

For each school district and Educational Service Unit, a separate identification and description of all current and future costs of the contract that are reasonably anticipated as a result of any contract, and any adopted amendments, for services rendered by the superintendent or ESU Administrator, must be included in the budget statement and reported to the Auditor of Public Accounts (APA) per statute.

Note: If the school district and/or ESU has a change in the superintendent or ESU Administrator during the school year, the respective district or ESU must update the information with NDE and post according to the guidelines outlined above. Remove the old information including contracts and/or amendments and update with the new contract.

PSC EXTENDS MILLION DOLLAR GRANT PROGRAM

#weLIVEhere

Earlier in November, the Public Service Commission approved the extension of their \$1M grant to telecommunications carriers for connecting low-income subscribers to broadband for online learning.

There are still funds available to reimburse your student's carriers. Please go to your broadband providers and ask that they help your students so we may reach more kids needing broadband at home. More details are below:

The Nebraska Public Service Commission has entered an Order (NUSF-92 PO#10) that will continue to allow carriers to seek reimbursement for providing broadband service to low-income families affected by the COVID-19 emergency. In March the Commission allocated \$1 million through the NUSF Broadband Adoption Program to assist carriers in providing low-income subscriber's access to broadband services to facilitate online learning through December 31.

"We hope extending this program will help carriers to continue to provide affordable broadband service to facilitate online learning for low-income subscribers," said Commission Chair Mary Ridder. "With three-quarters of a million dollars remaining in the program, we hope to incentivize carriers to continue to seek ways to ensure that the families most likely to have difficulty paying for internet, receive the service they need as we continue to cope with the effects of this health emergency."

Telecommunications carriers certificated as a local exchange carrier or registered with the Commission as a communications provider seeking reimbursement for this extended period may file requests consistent with the parameters of the program adopted in March at <https://tinyurl.com/PSCNUSF92PO10>.

... ENERGY PURCHASING

The cold weather is back and districts are experiencing very high volumes of natural gas usage. Our NJUMP and CJUMP Interlocal gas purchasing program members have secured natural gas supplies for this year at very competitive rates. This is a good time to get in a request for the paperwork for purchase delegation agreements if you wish to join this program and take part in cost savings for the 2021-2022 heating season.

... POLICY

I often discuss board policies with other policy writers across the nation and it has become more common this past year for school boards to have to deal with members who frequently violate board policies themselves by ignoring chain of command, confidentialities, showing disrespect to others in meetings, and so on. School board members are not empowered to remove other board members from their seat on the board, so it is important to have both a policy that states expectations for a board code of ethics and one that sets out a process for dealing with ethical violations. Contact us at the Association if you need help with this topic during this challenging year of board governance.
