Voluntary Early Retirement Incentive Program

Purpose

While our older employees are some of our most valuable resources, the early retirement of some employees who have provided long term service to the district may desire to retire early if it is financially possible for them to do so. Therefore, the purpose of the Centennial Voluntary Early Retirement Incentive Program is to provide a benefit for certificated staff and the non certified director of operations who have given long-term service to the district and choose to accept early retirement.

Eligibility

This program is open to all employees employed in a certified capacity and the non certified director of operations who meet the program's eligibility requirements. Employees are eligible after their 55th birthday and when they qualify for the Rule of 85 with the Nebraska Public Employees Retirement System. This program is not available to any employee if the administration recommends that the employee's contract be terminated for just cause.

To be eligible, an employee must have completed fifteen (15) qualifying years of service. All credited years of service must have been earned while in the employ of Centennial Public School. Credit on years of service shall be given in proportion to the time worked, e.g. a .5 FTE (full time equivalent) employee would need thirty (30) years of employment at Centennial to earn fifteen years of credited service in order to qualify to retire. Years of service to the district need not be consecutive. Any year when the employee spent more than half of the school year on leave of absence, disability leave or as a teacher who was reduced in force shall be excluded from the computation of a teacher's number of years of credited service.

A year of service shall be based on the length of the employee's most recent year's contract. This may range from 9 months for a teacher to 12 months for the superintendent.

Conditions or Limitations

Should the board receive more requests for early retirement benefits than it intends to approve, the board may consider the ability to staff the curriculum for the following school year, the ability to find qualified replacement employees, the best interests of the students and such other factors as are rationally related to the matter in determining which application(s) to approve and which application(s) to deny. In the event that, in its sole judgment, the board considers two or more applications

to be equal based on the above referenced criteria, the board shall give first priority to the employee with the greatest number of years of credited service at Centennial Public School. If two or more employees have the same number of credited service years, the board will give first priority to the employee who files his/her application first.

Application Process

Application for participation in this program shall be completed on the appropriate district prepared form and submitted to the superintendent on or before January 15th of the contract year just prior to the planned retirement year.

The application form will include the amount of money to be received by the employee and the dates said money is to be received. The application shall constitute a resignation of employment by the employee conditioned only upon the board's approval of the application. If the application is not approved, the employee shall continue in employment with no loss of rights or benefits unless the employee's employment is canceled or terminated pursuant to state statute and board policy.

The early retirement plan for an employee becomes effective with the approval of the application form by the board of education.

Benefits – For Employees Hired Before July 1, 2012

A. Salary Compensation

Benefits will be 28% of the retirees' current school year salary. For teachers, the term current school year salary refers to the teacher's salary based on his/her placement on the index salary schedule, exclusive of other pay such as, but not limited to, extended contract pay, extra duty pay and fringe benefits. For administrators, the term refers to the school year salary set out on the administrator's employment contract.

B. Health/Dental Insurance Compensation

Retiring employees will be paid an amount equal to the single health/dental annual premium paid by the district during the final year of employment multiplied by the number of years between the age of retirement and until the employee is eligible for Medicare, with a maximum of 9 years starting with the 2023-2024 School year. This maximum number of years will decrease by one with each school year until a 5 year maximum is reached. The caps will be as follows:

2023-2024-9 years

2024-2025-8 years

2025-2026-7 years

2026-2027-6 years

2027-2028-5 years

C. Sick Leave Days Compensation

Retiring employees will be paid ½ (one half) of the daily salary of the remaining sick leave days up through 50 days.

Benefits – For Employees Hired After July 1, 2012

D. Salary Compensation

Benefits will be 28% of the retirees' current base salary. For teachers, the term current school year salary refers to the teacher's salary based on his/her placement on the index salary schedule, exclusive of other pay such as, but not limited to, extended contract pay, extra duty pay and fringe benefits. For administrators, the term refers to the school year salary set out on the administrator's employment contract.

E. Health/Dental Insurance Compensation

Retiring employees will be paid an amount equal to the single health/dental annual premium paid by the district during the final year of employment multiplied by the number of years between the age of retirement and until the employee is eligible for Medicare, with a maximum of 5 years.

F. Sick Leave Days Compensation

Retiring employees will be paid ½ (one half) of the daily salary of the remaining sick leave days up through 50 days.

Benefit Payments

Retirees under this program will be paid the amount due them in four equal payments over four years. Through mutual agreement, this number may be reduced to two payments over two years or three payments over three years. The first payment may be made either September 20 or January 20 following the date of retirement. The future payment(s) may be made on September 20 or January 20 of the following school years.

Centennial is required to withhold for federal and state income taxes and social security. The retiree may request in writing not to withhold for

federal and/or state income tax.

Program Administration

The board reserves the right to amend or terminate this policy at any time, except that the benefits to be paid to an applicant for voluntary early retirement shall be based on the individual contract (for administrators) or the index salary schedule (for teachers) in effect at the time of application for voluntary early retirement. Any benefit granted under this policy shall be binding upon the board that grants the benefit and any board thereafter.
