ACH Originator

The District sends electronic payments through the ACH (Automated Clearing House) Network such as payroll direct deposits and/or vendor payments. Because of these payments, the District is classified as an ACH Originator. As an ACH Originator, the District complies with the National Automated Clearing House Association (NACHA) Operating Rules which govern the ACH Network. The District's bank requires compliance with the Rules as a condition of the District's ability to send ACH Payments.

Responsibilities. The District follows all terms of its Originating Depository Financial Institution/Originator Agreement with its bank. The District obtains a written authorization before sending any ACH payment. The District meets all processing deadlines set by the bank and NACHA. The District gives authorization records to the bank upon request within NACHA's required timeframes. The District keeps all sensitive banking information secure. When the District receives a Notification of Change, it updates the payment record before the next ACH transaction. When the District receives a return due to an error or unauthorized activity, it stops all related subsequent payments until instructions are received from the Bank. The District keeps its computer systems and network secure in line with its bank agreement. The District uses procedures to spot unauthorized payments. All employees with ACH duties will complete training, if required by the Bank or NACHA, and respond to audit requests. The District will implement internal controls and procedures to mitigate errors and risk of unauthorized ACH entries.

Fraud Monitoring. The District reviews ACH transactions for unusual patterns or amounts before submitting each file. If the District suspects an error or unauthorized ACH transaction, the District will: determine whether the problem is fraud, a scam, or an internal error; notify the bank right away; contact law enforcement if needed; and stop all related future ACH transactions.

Employee Training. All employees with ACH duties will complete any ACH origination training required by the District's designated bank(s).

4065 Staff Use of AI Tools

As used in this policy, artificial intelligence tools (“AI Tools”) means machine-based resources that use computer science, algorithms, large language models, and/or machine learning to perform tasks, answer questions, collect information, and respond to human-directed tasks, queries, and objectives. AI Tools include, but are not necessarily limited to, commercially-available resources like ChatGPT, Gemini, Claude, and similar technologies. The board wants to encourage staff to use AI tools to support student learning in safe and lawful ways.

This policy works together with the district’s policies on Student Use of AI Tools, Staff Internet and Computer Use, and Staff and District Social Media Use.

Tool Approval. Staff may not use an AI Tool with students or with student information unless a member of the district’s administration has approved it. To use a new tool, staff must request approval from his/her supervising administrator first. Before approving a tool, the district will review the vendor’s privacy and security practices, the kind of student information the tool would use, and whether a written data-sharing agreement with the vendor is required. The district will keep a list of approved AI Tools and the allowed uses for each.

I. Staff Expectations for Use of AI Tools in Education

A. Acceptable Use of AI Tools. Staff members must use their own professional oversight for any task they use AI Tools to complete and must carefully review the outputs of all AI Tools. Staff may use approved AI Tools to help with things like:

1. Drafting lesson plans, learning goals, and activities;
2. Assisting in initial review and feedback of student work;
3. Making reading passages or practice problems at different levels;
4. Drafting general messages like newsletters or announcements;
5. Finding resources or summarizing public information;
6. Drafting routine communications.

B. Protecting Student Information. Staff may upload student information into an AI Tool only when (a) the tool is district-approved, and (b) the vendor is bound by a written data-sharing agreement with terms that meet FERPA, COPPA, PPRa, and applicable state student data privacy laws. For this purpose, student information includes student names, ID numbers, education records, IEPs, Section 504 plans, evaluations, health records, and discipline records. This rule applies whether the staff member uses a district account, a personal account, a free version, or a paid version.

C. Recording and Transcription Tools. Staff may use AI recording or transcription tools only if:

1. The transcription tool has been approved by an administrator for use in the school context; and
2. All participants to the meeting are informed that the staff member is recording or transcribing the meeting.

The resulting recording or transcript may be subject to the district's retention and confidentiality policies.

D. Unacceptable Use of AI Tools in Education. Staff may never use AI tools to:

1. Upload FERPA-protected information about students without the express, written authorization from administrators who have assured themselves that such disclosure is lawful;
2. Relying solely on an AI Tool to grade student work that counts toward a grade or transcript or otherwise evaluate student academic progress;
3. Make or share deepfakes or fake images, audio, or video of any real person.
4. Make or share sexual or intimate images of any real person—even if the image is AI-generated;
5. Use AI to harass, bully, threaten, or impersonate any student, staff member, parent, board member, or community member;
6. Use AI to watch, track, or scan faces of students or staff outside of systems the board has approved;
7. Upload materials to AI if the copyright or license does not allow it;

8. Share district AI accounts or passwords with students or others;
9. Use district AI accounts for personal or business reasons; or
10. Use AI to bypass district network security, content filters, or device controls.

If any staff member is uncertain about the application of this policy to any AI Tool use, the staff member will check with a supervising administrator before use.

Bidding for Construction, Remodeling, Repair, or Site Improvement

I. Applicability of this policy.

Construction and contracts undertaken with federal funds, whether those funds are derived directly from the federal government (e.g. award of a federal grant) or are derived by pass-through awards from the Nebraska Department of Education (e.g. special education funds, school lunch funds, Title I funds) are subject to the policy on Construction with Federal Funds, which is found elsewhere in this section.

This policy applies to all other purchases and contracts made by the school district for construction, remodeling, repair and other site improvements.

II. Projects with an Estimated Cost of Less than \$136,000

- A. The school district will solicit quotes and/or estimates for all projects with an estimated cost of less than \$136,000.
- B. Prior to solicitation of the quotes and/or estimates, the superintendent will determine whether the district will accept oral submissions.
- C. Quotes and/or estimates may be solicited by the superintendent or his/her designee without board action.
- D. The terms of any construction project undertaken pursuant to this policy will be memorialized in a written contract which has been reviewed by the district's legal counsel and approved by the board.
- E. The district may use a Nebraska state-wide cooperative purchasing program in lieu of obtaining quotes or bids under this policy to the extent such a bid or quote is not otherwise independently required by law.
- F. Nothing in this subsection prohibits or requires the use of the formal bidding procedures. If the district is going to solicit formal bids for projects of less than \$136,000 they must follow the formal procedures outlined in this policy.

III. Formal Bidding for Major Purchases and Construction

- A. Pursuant to section 73-106 of the Nebraska statutes, the board will advertise for bids when the contemplated expenditure of the project

exceeds \$136,000 for the construction, remodeling or repair of a school-owned building or for site improvement.

B. In projects that involve professional engineering or architecture, the board will have a registered professional engineer or architect prepare the plans, specifications, and estimates when the anticipated cost of the project exceeds \$144,000.

C. Advertising for Bids

1. The superintendent or designee will arrange to advertise for bids under this section by publishing notice in any newspaper of general circulation within the school district at least 7 calendar days prior to the date on which bids are due.
2. Nothing in this policy shall prevent the superintendent or designee from advertising in additional media outlets or for a longer period of time.

D. Bid Documents

1. The bid documents shall identify the day upon which the bids shall be returned, received or opened and shall identify the hour at which the bids will close or be received or opened.
2. The invitation for bids will be sufficiently certain and specific, will include any specifications and pertinent attachments, and will define the items or services in order to allow the bidder to properly respond.
3. The bid documents shall also provide that such bids shall be opened simultaneously in the presence of the bidders or their representatives.
4. Bids received after the date and time specified in the bid documents shall be returned to the bidder unopened.
5. If bids are being opened on more than one contract, the board, in its discretion, may award each contract as the bids are opened.
6. Sealed bids will be opened in a place and at the specific time

stated in the bid form. Bidders shall be notified of the opening and invited to be present.

7. The board shall have discretion in determining which bidders are responsible and responsive and shall award the contract to the lowest, responsible, and responsive bidder whose bid meets the bid specifications.

E. Any or all bids may be rejected if there is a sound documented reason

F. The terms of any construction project undertaken pursuant to this policy will be memorialized in a written contract which has been reviewed by the district's legal counsel and approved by the board.

Bidding for Construction, Remodeling, Repair, or Related Projects
Financed with Federal Funds

I. Applicability of the Policy

This policy applies only to construction and contracts undertaken with federal funds which are subject to the federal Uniform Grant Guidance (UGG) and other applicable federal law, including but not limited to the Education Department and General Administration Regulations (EDGAR) and the United States Department of Agriculture (USDA) regulations governing school food service programs. In the event this policy conflicts or is otherwise inconsistent with mandatory provisions of the UGG, EDGAR or other applicable federal law, the mandatory provisions of the laws shall control.

The District will also comply with the requirements of the public lettings laws (NEB. REV. STAT. §§ 73-101 through 73-106) when the contemplated expenditure for the complete project exceeds \$136,000, the Political Subdivisions Construction Alternatives Act (NEB. REV. STAT. §§ 13-2901 through 13-2914), energy financing contracts (NEB. REV. STAT. §§ 66-1062 through 66-1066), other applicable state laws, and the board's general policy on Bidding for Construction and Related Projects. In addition, all procurement and construction shall comply with the rules and requirements of 2 CFR part 200.317 through 200.327 and 34 CFR sections 75.601 through 75.615. In the event of a conflict between state and federal law, the more stringent requirement shall apply.

II. All projects undertaken pursuant to this policy will be subject to the following bond requirements

- A. A bid guarantee from each bidder equivalent to five percent of the bid price. The "bid guarantee" must consist of a firm commitment such as a bid bond, certified check, or other negotiable instrument accompanying a bid as assurance that the bidder will, upon acceptance of the bid, execute such contractual documents as may be required within the time specified.
- B. A performance bond on the part of the contractor for 100 percent of the contract price. A "performance bond" is one executed in connection with a contract to secure fulfillment of all the contractor's obligations under such contract.
- C. A payment bond on the part of the contractor for 100 percent of the contract price. A "payment bond" is one executed in connection with

a contract to assure payment as required by law of all persons supplying labor and material in the execution of the work provided for in the contract.

III. Construction Projects with an Anticipated Cost of Under \$350,000

A. Methods of Bidding/Soliciting Quotations or Estimates

The type of procedures required depends on the anticipated cost of the project.

1. Construction with an Anticipated Cost of up to \$15,000 (Micro-Purchases)

Micro-purchase means an individual procurement transaction for supplies or services using simplified acquisition procedures, the annual aggregate amount of which does not exceed \$15,000. Micro-purchases may be made or awarded without soliciting competitive quotations, to the extent district staff determine that the cost of the purchase is reasonable. For purposes of this policy "reasonable" means the purchase is comparable to market prices for the geographic area.

To the extent practicable, the District distributes micro-purchases equitably among qualified suppliers. The District will follow its standard policy on purchasing.

2. Construction with an Anticipated Cost of between \$15,000 and \$350,000 (Simplified Acquisition Procedures)

For construction projects subject to this policy, simplified acquisitions are purchases that, in the aggregate amount, is more than \$15,000 and less than \$350,000 annually. For simplified acquisitions, price or rate quotes shall be obtained in advance from a reasonable number of qualified sources as detailed in the district's standard policies on purchasing and on bid letting and contracts.

- B. Construction Projects with an estimated cost of between \$136,000 and \$349,999 will be made pursuant to the District's Policy on Bid Letting and Contracts.

Pursuant to Nebraska law, construction projects which have an

anticipated aggregate cost of \$136,000 or more are subject to state public lettings laws (NEB. REV. STAT. §§ 73-101 through 73-106). The board will follow its standard policy on bid letting and contracts for construction projects financed with federal funds which have an anticipated aggregate cost of between \$136,000 and \$350,000.

IV. Construction Projects with an Anticipated Cost Over \$350,000

A. Sealed Bids: All constructions projects subject to this policy with an anticipated cost of \$350,000 or more will be publicly solicited using the sealed bid method

1. Bids must be solicited from an adequate number of known suppliers, providing them sufficient response time prior to the date set for opening the bids, for state, local, and tribal governments, the invitation for bids must be publicly advertised;
2. The invitation for bids, which will include any specifications and pertinent attachments, must define the items or services in order for the bidder to properly respond;
3. Sealed bids will be publicly opened in a place and at the specific time stated in the bid solicitation. Bidders shall be notified of the opening and invited to be present.
4. The contract will be awarded to the lowest responsive and responsible bidder.
 - a) Where specified in bidding documents, factors such as discounts, transportation cost, and life cycle costs must be considered in determining which bid is lowest.
 - b) Payment discounts will only be used to determine the low bid when prior experience indicates that such discounts are usually taken advantage of.
 - c) Any or all bids may be rejected if there is a sound documented reason.
5. The board shall have discretion in determining which bidders are responsible and responsive and shall award the contract to the lowest, responsible, and responsive bidder whose bid meets the bid specifications. This means that the board will select the bid that offers the best value and award a contract based upon the amount of the bid and the bidder's ability and capacity to carry on the work, its equipment and facilities, honesty, integrity, skills,

business judgment, experience, equipment, facilities, financial stability, past performance, and other relevant factors.

6. The board will generally complete its review of bids and select a vendor within 30 days of bid submission.

B. Advertising for Bids.

1. The superintendent or designee will arrange to advertise for bids by publishing notice in any newspaper of general circulation within the school district at least 7 calendar days prior to the date on which bids are due.

2. Nothing shall prevent the superintendent or designee from advertising in additional media outlets or for a longer period of time.

C. Bid Documents

1. The bid documents shall identify the day upon which the bids shall be returned, received, or opened and shall identify the hour at which the bids will close or be received or opened.

2. The bid documents shall also provide that such bids shall be opened simultaneously in the presence of the bidders or their representatives.

3. Bids received after the date and time specified in the bid documents shall be returned to the bidder unopened.

4. If bids are being opened on more than one contract, the board, in its discretion, may award each contract as the bids are opened.

5. Sealed bids will be opened in a place and at the specific time stated in the bid solicitation. Bidders shall be notified of the opening and invited to be present.

6. Bids will be reviewed by the Superintendent and/or designee and submitted to the board for approval.

7. The board shall have discretion in determining which bidders are responsible and responsive and shall award the contract to the lowest, responsible, and responsive bidder whose bid meets the bid specifications. This means that the board will select the bid

that offers the best value and award a contract based upon the amount of the bid and the bidder's ability and capacity to carry on the work, its equipment and facilities, honesty, integrity, skills, business judgment, experience, equipment, facilities, financial stability, past performance, and other relevant factors.

8. The board will generally complete its review of bids and select a vendor within 30 days of bid submission.

D. The terms of any construction project undertaken pursuant to this policy will be memorialized in a written contract which has been reviewed by the district's legal counsel and approved by the board.

V. Other Contract Matters.

A. Required Terms

The non-Federal entity's contracts must contain the applicable provisions required by section 200.327 and described in Appendix II to Part 200—Contract Provisions for non-Federal Entity Contracts Under Federal Awards. This includes a "Buy American" provision that provides that as appropriate and to the extent consistent with law, the District and contractor should, to the greatest extent practicable under a Federal award, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States (including but not limited to iron, aluminum, steel, cement, and other manufactured products). The requirements of the Buy American provision must be included in all subawards including all contracts and purchase orders for work or products under this award.

B. Contracting with Certain Vendors

Pursuant to the standards contained in 2 C.F.R. § 200.321, the District will take all necessary affirmative steps to assure that minority businesses, women's business enterprises, veteran-owned businesses, and labor surplus area firms are used when possible and consistent with state law.

To the maximum extent practicable, the school food program shall purchase domestic commodities or products produced in the U.S. or processed in the U.S. substantially using agricultural commodities produced in the U.S.

C. Full and Open Competition

The district's procurement transactions will be conducted in a manner providing full and open competition consistent with 2 C.F.R §200.319.

D. Debarment and Suspension

The District awards contracts only to responsible contractors possessing the ability to perform successfully under the terms and conditions of a proposed procurement. Consideration will be given to such matters as contractor integrity, public policy compliance, proper classification of employees (see the Fair Labor Standards Act, 29 U.S.C. 201, chapter 8), record of past performance, and financial and technical resources when conducting a procurement transaction.

The District may not subcontract with or award subgrants to any person or company who is debarred or suspended. For all contracts over \$25,000 the District verifies that the vendor with whom the District intends to do business with is not excluded or disqualified. 2 C.F.R. Part 200, Appendix II(1) and 2 C.F.R. §§ 180.220 and 180.300.

The District will verify debarment or suspension by reviewing the excluded parties list on SAM.gov, collecting a certification through the bidding process, and/or by including a debarment and suspension provision in the bid and contract documents. The Superintendent or his/her designee shall be responsible for such verification.

E. Settlements of Issues Arising Out of Contract

The District alone is responsible, in accordance with good administrative practice and sound business judgment, for the settlement of all contractual and administrative issues arising out of procurements. These issues include, but are not limited to, source evaluation, protests, disputes, and claims. These standards do not relieve the District of any contractual responsibilities under its contracts. Violations of law will be referred to the local, state, or federal authority having proper jurisdiction.

F. Record Keeping

1. Record Retention

- a) The District maintains all records that fully show (1) the amount of funds under the grant or subgrant; (2) how the subgrantee uses those funds; (3) the total cost of each project; (4) the share of the total cost of each project provided from other sources; (5) other records to facilitate an effective audit; and (6) other records to show compliance with federal program requirements. 34 C.F.R. §§ 76.730-.731 and

§§ 75.730-.731. The District also maintains records of significant project experiences and results. 34 C.F.R. § 75.732. These records and accounts must be retained and made available for programmatic or financial audit.

- b) The U.S. Department of Education is authorized to recover any federal funds misspent within 5 years before the receipt of a program determination letter. 34 C.F.R. § 81.31(c). Schedule 10 (Local School Districts) and Schedule 24 (Local Agencies General Records) of the Nebraska Records Management Division as approved by the Nebraska Secretary of State/State Records Administrator requires the District to maintain records regarding construction projects for a minimum of five (5) years after the sale or demolition of the building. However, if any litigation, claim, or audit is started before the expiration of the record retention period, the records will be retained until all litigation, claims, or audit findings involving the records have been resolved and final action taken. 2 C.F.R. § 200.334.
 - c) Records will be destroyed in compliance with Schedule 10, Schedule 24, and State law. This includes the completion of a Records Disposition Report.
2. Maintenance of Construction Records for Projects Financed with Federal Funds
- a) The District must maintain records sufficient to detail the history of all construction projects financed with federal funds. These records will include, but are not necessarily limited to the following: rationale for the method of construction, selection of contract type, contractor selection or rejection, the basis for the contract price (including a cost or price analysis), and verification that the contractor is not suspended or debarred.
 - b) Retention of construction records shall be in accordance with applicable law and Board policy.

VI. Conflict of Interest and Code of Conduct

- A. Board and staff member conflicts of interest are governed by the district's conflict of interest policies.
- B. Contracts covered by this policy are subject to the following additional provisions.
 - 1. Employees, officers, and agents engaged in the selection, award, and/or administration of district contracts which are prohibited from engaging in such actions if a real or apparent conflict of interest is present.
 - 2. Such a conflict of interest would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated herein, has a financial or other interest in or a tangible personal benefit from a firm considered for a contract.
 - 3. The board may determine at its discretion that a financial interest is not substantial enough to give rise to a conflict of interest.

C. Favors and Gifts

An employee, officer, agent, and board member of the District may neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts, with the limited exception of unsolicited items of nominal value.

D. Enforcement

Disciplinary Actions will be applied for violations of such standards by officers, employees, board members, or agents of the District at the board's discretion.

VII. Financial Management

A. Identification.

The District will identify, in its accounts, all federal awards received and expended and the federal programs under which they were received. Federal program and award identification include, as applicable, the CFDA title and

number, federal award identification number and year, name of the federal agency, and, if applicable, name of the pass-through entity.

B. Financial Reporting

The District will make an accurate, current, and complete disclosure of the financial results of each federal award or program in accordance with the financial reporting requirements set forth in the Education Department General Administrative Regulations (EDGAR).

C. Accounting Records

The District maintains records which adequately identify the source and application of funds provided for federally-assisted activities. These records must contain information pertaining to grant or subgrant awards, authorizations, obligations, unobligated balances, assets, expenditures, income and interest and be supported by source documentation.

D. Internal Controls

The Superintendent or his/her designee must maintain effective control and accountability for all funds, real and personal property, and other assets through board review and approval of claims, an annual audit of the district's finances pursuant to the applicable Nebraska Department of Education and federal rules and regulations, and comparison of expenditures and outlays to budgeted amounts. The District adequately safeguards all such property and assures that it is used solely for authorized purposes.

E. Budget Control

Actual expenditures or outlays will be compared with budgeted amounts for each federal award at least annually and more often as required by law or deemed prudent by the board or administrative staff.

F. Payment Methods

The District will comply with applicable methods and procedures for payment that minimize the time elapsing between the transfer of funds and disbursement by the District, in accordance with the Cash Management Improvement Act at 31 CFR Part 205. Generally, the District receives payment from the Nebraska Department of Education on a reimbursement basis. 2 CFR § 200.305. However, if the District receives an advance in federal grant funds, the District will remit interest earned on the advanced payment quarterly to the federal agency. The District may retain interest amounts up

to \$500 per year for administrative expenses. 2 CFR § 200.305(b)(9).

Consistent with state and federal requirements, the District will maintain source documentation supporting the federal expenditures (invoices, time sheets, payroll stubs, etc.) and will make such documentation available for the Nebraska Department of Education to review upon request.

G. Allowability of Costs

Expenditures must be aligned with approved budgeted items. Any changes or variations from the state-approved budget and grant application need prior approval.

When determining how the District will spend its grant funds, the Superintendent or his/her designee will review the proposed cost to determine whether it is an allowable use of federal grant funds before obligating and spending those funds on the proposed good or service. All costs supported by federal education funds must meet the standards outlined in EDGAR, 2 CFR Part 3474 and 2 CFR Part 200, Subpart E. The Superintendent or his/her designee must consider these factors when making an allowability determination.

The Superintendent or his/her designee will consider Part 200's cost guidelines when federal grant funds are expended. The Superintendent or his/her designee will also consider whether all state - and District-level requirements and policies regarding expenditures have been followed.

H. Use of Program Income – Deduction, Addition, or Cost Sharing or Matching

The default method for the use of program income for the District is the deduction method. 2 C.F.R. § 200.307(e). Under the deduction method, program income is deducted from total allowable costs to determine the net allowable costs. Program income will only be used for current costs unless the District is otherwise directed by the federal awarding agency or pass-through entity. 2 C.F.R. § 200.307(e)(1). The District may also request prior approval from the federal awarding agency to use the addition method. Under the addition method, program income may be added to the Federal award by the Federal agency and the non-Federal entity. The program income must then be used for the purposes and under the conditions of the Federal award. 2 C.F.R. § 200.307(e)(2). The District may also request prior approval from the federal awarding agency to use the cost sharing or matching method.

While the deduction method is the default method, the District always refers

to the grant award notice prior to determining the appropriate use of program income.

I. Cost Sharing or Matching

For all Federal awards, any shared costs or matching funds and all contributions, including cash and third-party in-kind contributions, must be accepted as part of the non-Federal entity's cost sharing or matching when such contributions meet all of the following criteria:

- (1) Are verifiable from the non-Federal entity's records;
- (2) Are not included as contributions for any other Federal award;
- (3) Are necessary and reasonable for accomplishment of project or program objectives;
- (4) Are allowable under [subpart E \(Cost Principles\) of this part](#);
- (5) Are not paid by the Federal Government under another Federal award, except where the Federal statute authorizing a program specifically provides that Federal funds made available for such program can be applied to matching or cost sharing requirements of other Federal programs;
- (6) Are provided for in the approved budget when required by the Federal awarding agency; and
- (7) Conform to other provisions of this part, as applicable.

J. Documentation of Personnel Expenses

Records that reflect charges to federal awards for salaries and wages will comply with the rules and requirements of 2 CFR 200.430.

VIII. Other Contract Matters.

A. Required Terms

The non-Federal entity's contracts must contain the applicable provisions required by section 200.327 and described in Appendix II to Part 200—Contract Provisions for non-Federal Entity Contracts Under Federal Awards.

B. Contracting with Certain Vendors

Pursuant to the standards contained in 2 C.F.R. § 200.321, the District will take all necessary affirmative steps to assure that minority businesses, women's business enterprises, veteran-owned businesses, and labor surplus

area firms are used when possible consistent with state law.

To the maximum extent practicable, the school food program shall purchase domestic commodities or products produced in US or processed in US substantially using agricultural commodities produced in US.

C. Record Keeping

1. Record Retention

a) The District maintains all records that fully show (1) the amount of funds under the grant or subgrant; (2) how the subgrantee uses those funds; (3) the total cost of each project; (4) the share of the total cost of each project provided from other sources; (5) other records to facilitate an effective audit; and (6) other records to show compliance with federal program requirements. 34 C.F.R. §§ 76.730-.731 and §§ 75.730-.731. The District also maintains records of significant project experiences and results. 34 C.F.R. § 75.732. These records and accounts must be retained and made available for programmatic or financial audit.

b) The U.S. Department of Education is authorized to recover any federal funds misspent within 5 years before the receipt of a program determination letter. 34 C.F.R. § 81.31(c). Schedule 10 (Local School Districts) and Schedule 24 (Local Agencies General Records) of the Nebraska Records Management Division as approved by the Nebraska Secretary of State/State Records Administrator requires the District to maintain records regarding federal awards for a minimum of six (6) years. Consequently, the District shall retain records for a minimum of six (6) years from the date on which the final Financial Status Report is submitted, unless otherwise notified in writing to extend the retention period by the awarding agency, cognizant agency for audit, oversight agency for audit, or cognizant agency for indirect costs. However, if any litigation, claim, or audit is started before the expiration of the record retention period, the records will be retained until all litigation, claims, or audit findings involving the records have been resolved and final action taken. 2 C.F.R. § 200.333.

c) Records will be destroyed in compliance with Schedule 10, Schedule 24, and State law. This includes the completion of a Records Disposition Report.

2. Maintenance of Procurement Records

a) The District must maintain records sufficient to detail the history of all procurements. These records will include, but are not necessarily limited to the following: rationale for the method of procurement, selection of contract type, contractor selection or rejection, the basis for the contract price (including a cost or price analysis), and verification that the contractor is not suspended or debarred.

b) Retention of procurement records shall be in accordance with applicable law and Board policy.

D. Privacy

The District has protections in place to ensure that the personal information of both students and employees is protected. These include the use of passwords that are changed on a regular basis; staff training on the requirements of the Family Educational Rights and Privacy Act (FERPA) and State confidentiality requirements; and training on identifying whether an individual requesting access to records has the right to the documentation.

3004.1
Fiscal Management for Purchasing and Procurement Using Federal Funds

I. Applicability of Policy

This policy applies only to non-construction related purchases undertaken with federal funds which are subject to the federal Uniform Grant Guidance (UGG) and other applicable federal law, including but not limited to the Education Department and General Administration Regulations (EDGAR) and the United States Department of Agriculture (USDA) regulations governing school food service programs. In the event this policy conflicts or is otherwise inconsistent with mandatory provisions of the UGG, EDGAR or other applicable federal law, the mandatory provisions of the laws shall control.

All other non-construction purchases will be governed by the Board's general purchasing policy, which can be found earlier in this subsection. In the event of a conflict between state and federal law, the more stringent requirement shall apply.

This procurement policy shall govern all purchasing activities that relate to any aspect of the National School Lunch and Breakfast Programs. The district's goal is to fully implement all required procurement rules, regulations and policies set forth in 2 CFR 200, 7 CFR parts 210, 3016 and 3019, and by the Nebraska Department of Education.

II. Procurement System

The District maintains the following purchasing procedures.

A. Responsibility for Purchasing

The authority to make purchases shall be governed by the District's purchasing policy, which can be found elsewhere in this section. Except as otherwise provided in the District's purchasing policy, the acquisition of services, equipment, and supplies shall be centralized in the administration office under the supervision of the superintendent of schools, who shall be responsible for developing and administering the purchasing program of the school district. Purchases or commitments of district funds that are not authorized by this policy will be the responsibility of the person making the commitment.

B. Methods of Purchasing

The type of purchase procedures required depends on the cost of the item(s) being purchased.

1. Purchases up to \$15,000 (Micro-Purchases)

Micro-purchase means an individual procurement transaction for supplies or services using simplified acquisition procedures, the annual aggregate amount of which does not exceed \$15,000. Micro-purchases may be made or awarded without soliciting competitive quotations, to the extent district staff determine that the cost of the purchase is reasonable. For purposes of this policy "reasonable" means the purchase is comparable to market prices for the geographic area.

To the extent practicable, the District distributes micro-purchases equitably among qualified suppliers. The District will follow its standard policy on purchasing, which can be found earlier in this subsection.

2. Purchases between \$15,000 and \$350,000 (Simplified Acquisition Procedures)

Simplified acquisitions are purchases that, in the aggregate amount, are more than \$15,000 and less than \$350,000 annually. For simplified acquisitions, price or rate quotes shall be obtained in advance from a reasonable number of qualified sources as detailed in the district's standard policies on purchasing and on bid letting and contracts, which can be found earlier in this subsection.

3. Purchases Over \$350,000

a) Sealed Bids (Formal Advertising)

For purchases over \$350,000, the district will generally follow the bidding process outlined in the board's policy on Bidding for Construction, Remodeling, Repair or Site Improvement. If sealed bids are not accepted for a purchase of over \$350,000, the district will retain an explanation for that decision.

b) Contract/Price Analysis

The District performs a cost or price analysis in connection with every procurement action in excess of \$350,000, including contract modifications. The district will make an independent estimate of costs prior to receiving bids or proposals.

4. **Noncompetitive Proposals (Sole Sourcing)**

- a) Procurement by noncompetitive proposals is procurement through solicitation of a proposal from only one source and may be used only when one or more of the following circumstances apply:
 - 1) The procurement transaction can only be fulfilled by a single source;
 - 2) The public exigency or emergency for the requirement will not permit a delay resulting from providing public notice of a competitive solicitation;
 - 3) The federal awarding agency or pass-through entity expressly authorizes written approval of noncompetitive proposals in response to a written request from the District; or
 - 4) After solicitation of a number of sources, competition is determined inadequate.
- b) Noncompetitive proposals may only be solicited with the approval of the superintendent or the board. Sufficient and appropriate documentation that justifies the sole sourcing decision must be maintained by the superintendent or designee.
- c) A cost or price analysis will be performed for noncompetitive proposals when the price exceeds \$350,000.

5. **Competitive Proposals.**

- a) The technique of competitive proposals is normally conducted with more than one source submitting an offer, and either a fixed price or cost-reimbursement type contract is awarded. It is generally used when conditions are not appropriate for the use of sealed bids. If this method is used, the following requirements apply:

- 1) Requests for proposals must be publicized and identify all evaluation factors and their relative importance. Any response to publicized requests for proposals must be considered;
 - 2) Proposals must be solicited from an adequate number of qualified sources; and
 - 3) Contracts must be awarded to the responsible firm whose proposal is most advantageous to the program, with price and other factors considered.
- b) The District may use competitive proposal procedures for qualifications-based procurement of architectural/engineering (A/E) professional services whereby competitors' qualifications are evaluated and the most qualified competitor is selected, subject to negotiation of fair and reasonable compensation. The method, where price is not used as a selection factor, can only be used to procure A/E professional services. The method may not be used to purchase other services provided by A/E firms are a potential source to perform the proposed effort.
- c) The District may select a proposal that offers the best value and that is based upon the proposer's responsiveness to the proposal, experience, reputation, staff qualifications, ability and capacity to carry on the work, price, honesty, integrity, skills, business judgment, financial stability, past performance, and other relevant factors. The evaluation may be conducted by the school board, a designated committee, or another designee of the school board.

C. Use of Purchase (Debit & Credit) Cards

District use of purchase cards is subject to the policy on purchase cards which can be found elsewhere in this subsection.

D. Federal Procurement System Standards

The district's procurement transactions will be conducted in a manner providing full and open competition consistent with 2 C.F.R §200.319.

The District will maintain and follow general procurement standards consistent with 2 C.F.R. §200.318.

E. Debarment and Suspension

The District awards contracts only to responsible contractors possessing the ability to perform successfully under the terms and conditions of a proposed procurement. Consideration will be given to such matters as contractor integrity, public policy compliance, proper classification of employees (see the Fair Labor Standards Act, 29 U.S.C. 201, chapter 8), record of past performance, and financial and technical resources when conducting a procurement transaction.

The District may not subcontract with or award subgrants to any person or company who is debarred or suspended. For all contracts over \$25,000 the District verifies that the vendor with whom the District intends to do business with is not excluded or disqualified. 2 C.F.R. Part 200, Appendix II(1) and 2 C.F.R. §§ 180.220 and 180.300.

The District will verify debarment or suspension by revising the excluded parties list on SAM.gov, collecting a certification through the bidding process, and/or by including a debarment and suspension provision in the bid and contract documents. The Superintendent or his/her designee shall be responsible for such verification.

F. Settlements of Issues Arising Out of Procurements

The District alone is responsible, in accordance with good administrative practice and sound business judgment, for the settlement of all contractual and administrative issues arising out of procurements. These issues include, but are not limited to, source evaluation, protests, disputes, and claims. These standards do not relieve the District of any contractual responsibilities under its contracts. Violations of law will be referred to the local, state, or federal authority having proper jurisdiction.

III. Conflict of Interest and Code of Conduct

A. Board and staff member conflicts of interest are governed by the district's conflict of interest policies.

B. Purchases covered by this policy are subject to the following additional provisions.

1. Employees, officers, and agents engaged in the selection, award, and/or administration of district contracts which are prohibited from engaging in such actions if a real or apparent conflict of interest is present.
2. Such a conflict of interest would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated herein, has a financial or other interest in or a tangible personal benefit from a firm considered for a contract.
3. The board may determine at its discretion that a financial interest is not substantial enough to give rise to a conflict of interest.

C. Favors and Gifts

An employee, officer, agent, and board member of the District may neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts, except that this provision does not prohibit the receipt of unsolicited items of nominal value. For purposes of this policy, "nominal value" means a fair market value of \$25 or less.

D. Enforcement

Disciplinary Actions including, but not limited to, counseling, oral reprimand, written reprimand, suspensions without pay, or termination of employment, will be applied for violations of such standards by officers, employees, board members, or agents of the District.

IV. Property Management Systems

A. Property Classifications

1. Equipment means tangible personal property (including information technology systems) having a useful life of more than one year and a per-unit acquisition cost that equals or exceeds the lesser of the capitalization level established by the District for financial statement purposes, or \$10,000.
2. Supplies means all tangible personal property other than those described in §200.33 Equipment. A computing device is a supply if the acquisition cost is less than the lesser of the

3. Computing Devices means machines that acquire, store, analyze, process, and publish data and other information electronically, including accessories (or “peripherals”) for printing, transmitting and receiving, or storing electronic information. 2 C.F.R. §200.20.

B. Inventory Procedure

Newly purchased property shall be received and inspected by the staff member who ordered it to ensure that that it matches the purchase order, invoice, or contract and that it is in acceptable condition.

Equipment, Computing Devices, and Capital Assets must be tagged with an identification number, manufacturer, model, name of individual who tagged the item, and date tagged).

C. Inventory Records

For equipment, computing devices, and capital assets purchased with federal funds, the following information is maintained in the property management system:

1. Serial number;
2. District identification number;
3. Manufacturer;

4. Model;
5. Date tagged and individual who tagged it;
6. Source of funding for the property;
7. Who holds title;
8. Acquisition date and cost of the property;
9. Percentage of federal participation in the project costs for the federal award under which the property was acquired;

11. Any ultimate disposition data including the date of disposal and sale price of the property.

The inventory list shall be adjusted by the superintendent of schools or his/her designee for property that is sold, lost, stolen, cannot be repaired, or that cannot be located.

D. Physical Inventory

1. A physical inventory of the property must be taken and the results reconciled with the property records at least once every two years.
2. The Superintendent or his/her designee will ensure that the physical inventory is performed. The physical inventory will generally occur during the months of June or July, but may be conducted during other time periods with the approval of the superintendent.

E. Maintenance

In accordance with 2 C.F.R. 313(d)(4), the District maintains adequate maintenance procedures to ensure that property is kept in good condition.

F. Lost or Stolen Items

The District maintains a control system that ensures adequate safeguards are in place to prevent loss, damage, or theft of the property. The District will notify the Federal agency or pass-through entity of any loss, damage, or theft of equipment that will have an impact on the program.

G. Use of Equipment

Equipment must be used in the program or project for which it was acquired as long as needed, whether or not the project or program continues to be supported by the federal award, and the District will not encumber the

property for any non-federal program use without prior approval of the federal awarding agency and the pass-through entity.

H. Disposal of Equipment

When it is determined that equipment acquired under a federal award is no longer needed for the original project or program or for other activities currently or previously supported by a federal awarding agency, the Superintendent or his/her designee will contact the awarding agency (or pass-through for a state-administered grant) for disposition instructions.

If the item has a current fair market value of \$10,000 or less, it may be retained, sold, or otherwise disposed of with no further obligation to the federal awarding agency or pass-through entity. The Superintendent or his/her designee will utilize sales procedures which ensure the highest possible return on the disposal of the equipment.

I. Equipment Retention

When included in the terms and conditions of the Federal award, the Federal agency may permit the recipient to retain equipment, or authorize a pass-through entity to permit the recipient to retain equipment, with no further obligation to the Federal Government unless prohibited by Federal statute or regulation.

J. Equipment and Capital Expenditures

All equipment and capital expenditures shall comply with the rules and requirements of 2 CFR 200.439.

K. Depreciation

All depreciation shall comply with the rules and requirements of 2 CFR 200.436.

L. Reporting and Recording Federal Property Interest

The district will comply with federal interest reporting and submit annual reports, if required, regarding a real property interest due to a renovation, major remodeling, construction, or real property project funded by federal grant funds.

V. Financial Management

A. Identification

The District will identify, in its accounts, all federal awards received and expended and the federal programs under which they were received. Federal program and award identification include, as applicable, the CFDA title and number, federal award identification number and year, name of the federal agency, and, if applicable, name of the pass-through entity.

B. Financial Reporting

The District will make an accurate, current, and complete disclosure of the financial results of each federal award or program in accordance with the financial reporting requirements set forth in the Education Department General Administrative Regulations (EDGAR).

C. Accounting Records

The District maintains records which adequately identify the source and application of funds provided for federally-assisted activities. These records must contain information pertaining to grant or subgrant awards, authorizations, obligations, unobligated balances, assets, expenditures, income and interest and be supported by source documentation.

D. Internal Controls

The Superintendent or his/her designee must maintain effective control and accountability for all funds, real and personal property, and other assets through board review and approval of claims, an annual audit of the district's finances pursuant to the applicable Nebraska Department of Education and federal rules and regulations, and comparison of expenditures and outlays to budgeted amounts. The District adequately safeguards all such property and assures that it is used solely for authorized purposes. The District takes reasonable cybersecurity and other measures to safeguard information including protected personally identifiable information.

E. Budget Control

Actual expenditures or outlays will be compared with budgeted amounts for each federal award at least annually and more often as required by law or deemed prudent by the board or administrative staff.

F. Payment Methods

The District will comply with applicable methods and procedures for payment that minimize the time elapsing between the transfer of funds and disbursement by the District, in accordance with the Cash Management Improvement Act at 31 CFR Part 205. Generally, the District receives payment from the Nebraska Department of Education on a reimbursement basis. 2 CFR § 200.305. However, if the District receives an advance in federal grant funds, the District will remit interest earned on the advanced payment quarterly to the federal agency. The District may retain interest amounts up to \$500 per year for administrative expenses. 2 CFR § 200.305(b)(9).

Consistent with state and federal requirements, the District will maintain source documentation supporting the federal expenditures (invoices, time sheets, payroll stubs, etc.) and will make such documentation available for the Nebraska Department of Education to review upon request.

G. Allowability of Costs

Expenditures must be aligned with approved budgeted items. Any changes or variations from the state-approved budget and grant application need prior approval.

When determining how the District will spend its grant funds, the Superintendent or his/her designee will review the proposed cost to determine whether it is an allowable use of federal grant funds before obligating and spending those funds on the proposed good or service. All costs supported by federal education funds must meet the standards outlined in EDGAR, 2 CFR Part 3474 and 2 CFR Part 200, Subpart E. The Superintendent or his/her designee must consider these factors when making an allowability determination.

The Superintendent or his/her designee will consider Part 200's cost guidelines when federal grant funds are expended. The Superintendent or his/her designee will also consider whether all state - and District-level requirements and policies regarding expenditures have been followed.

H. Use of Program Income – Deduction, Addition, or Cost Sharing or Matching

The default method for the use of program income for the District is the deduction method. 2 C.F.R. § 200.307(e). Under the deduction method, program income is deducted from total allowable costs to determine the net allowable costs. Program income will only be used for current costs unless the District is otherwise directed by the federal awarding agency or pass-through entity. 2 C.F.R. § 200.307(e)(1). The District may also request prior

approval from the federal awarding agency to use the addition method. Under the addition method, program income may be added to the Federal award by the Federal agency and the non-Federal entity. The program income must then be used for the purposes and under the conditions of the Federal award. 2 C.F.R. § 200.307(e)(2). The District may also request prior approval from the federal awarding agency to use the cost sharing or matching method.

While the deduction method is the default method, the District always refers to the grant award notice prior to determining the appropriate use of program income.

I. Cost Sharing or Matching

For all Federal awards, any shared costs or matching funds and all contributions, including cash and third-party in-kind contributions, must be accepted as part of the non-Federal entity's cost sharing or matching when such contributions meet all of the following criteria:

- (1) Are verifiable from the non-Federal entity's records;
- (2) Are not included as contributions for any other Federal award;
- (3) Are necessary and reasonable for accomplishment of project or program objectives;
- (4) Are allowable under subpart E (Cost Principles) of this part;
- (5) Are not paid by the Federal Government under another Federal award, except where the Federal statute authorizing a program specifically provides that Federal funds made available for such program can be applied to matching or cost sharing requirements of other Federal programs;
- (6) Are provided for in the approved budget when required by the Federal awarding agency; and
- (7) Conform to other provisions of this part, as applicable.

J. Documentation of Personnel Expenses

Records that reflect charges to federal awards for salaries and wages will comply with the rules and requirements of 2 CFR 200.430.

VI. Written Compensation Policies

A. Time and Effort Standards

All employees who are paid in full or in part with federal funds must keep specific documents to demonstrate the amount of time they spent on grant activities. This includes an employee whose salary is paid with state or local

funds but is used to meet a required “match” in a federal program. These documents, known as time and effort records, are maintained in order to charge the costs of personnel compensation to federal grants. Charges to federal awards for salaries and wages must be based on records that accurately reflect the work performed. These records must:

- (1) Be supported by a system of internal controls which provides reasonable assurance that the charges are accurate, allowable, and properly allocated;
- (2) Be incorporated into official records;
- (3) Reasonably reflect total activity for which the employee is compensated, not exceeding 100% of compensated activities;
- (4) Encompass both federally assisted and all other activities compensated by the District on an integrated basis;
- (5) Comply with the established accounting policies and practices of the District and
- (6) Support the distribution of the employee’s salary or wages among specific activities or costs objectives.

B. Time and Effort Procedures

Time and effort procedures will follow and comply with 2 CFR 200.430(i).

C. Fringe Benefits

Except as provided otherwise by federal law, the costs of fringe benefits will be allowable provided that the benefits are reasonable and required by law, a district-employee agreement, or another policy of the District.

D. Leave

The cost of fringe benefits in the form of regular compensation paid to employees during periods of authorized absences from the job, such as for annual leave, family-related leave, sick leave, holidays, court leave, military leave, administrative leave, and other similar benefits, are allowable if they are provided under established written District leave policies.

E. Unexpected or Extraordinary Circumstances

In the event of a pandemic or other unexpected or extraordinary circumstance, the District may close school or individual buildings. In such case, the District may compensate federally funded or other employees during such closure to ensure the return of staff to employment after the closure as allowed by state or federal law.

F. Documentation for Personnel Expenses

Records that reflect charges to federal awards for salaries and wages will comply with the rules and requirements of 2 CFR 200.430.

VII. Other Contract Matters.

A. Required Terms

The non-Federal entity's contracts must contain the applicable provisions required by section 200.326 and described in Appendix II to Part 200—Contract Provisions for non-Federal Entity Contracts Under Federal Awards.

B. Contracting with Certain Vendors

Pursuant to the standards contained in 2 C.F.R. § 200.321, the District will take all necessary affirmative steps to assure that minority businesses, women's business enterprises, veteran-owned businesses, and labor surplus area firms are used when possible consistent with state law.

Buy American. The District participates in the National School Lunch Program and School Breakfast Program and is required to use the nonprofit food service funds, to the maximum extent practicable, to buy domestic commodities or products for Program meals. A “domestic commodity or product” is defined as one that is either produced in the U.S. or is processed in the U.S. substantially using agricultural commodities that are produced in the U.S. as provided in 7 CFR 210.21(d). The District may deviate from this general requirement only if:

- The product is not produced or manufactured in the U.S. in sufficient and reasonably available quantities of a satisfactory quality; or
- Competitive bids reveal the costs of a U.S. product are significantly higher than the non-domestic product.

C. Record Keeping

1. Record Retention

- a) The District maintains all records that fully show (1) the amount of funds under the grant or subgrant; (2) how the subgrantee uses those funds; (3) the total cost of each project; (4) the share of the total cost of each project provided from other sources; (5) other records to facilitate an effective audit; and (6) other records to show

compliance with federal program requirements. 34 C.F.R. §§ 76.730-.731 and §§ 75.730-.731. The District also maintains records of significant project experiences and results. 34 C.F.R. § 75.732. These records and accounts must be retained and made available for programmatic or financial audit.

- b) The U.S. Department of Education is authorized to recover any federal funds misspent within 5 years before the receipt of a program determination letter. 34 C.F.R. § 81.31(c). Schedule 10 (Local School Districts) and Schedule 24 (Local Agencies General Records) of the Nebraska Records Management Division as approved by the Nebraska Secretary of State/State Records Administrator requires the District to maintain records regarding federal awards for a minimum of six (6) years. Consequently, the District shall retain records for a minimum of six (6) years from the date on which the final Financial Status Report is submitted, unless otherwise notified in writing to extend the retention period by the awarding agency, cognizant agency for audit, oversight agency for audit, or cognizant agency for indirect costs. However, if any litigation, claim, or audit is started before the expiration of the record retention period, the records will be retained until all litigation, claims, or audit findings involving the records have been resolved and final action taken. 2 C.F.R. § 200.333.
- c) Records will be destroyed in compliance with Schedule 10, Schedule 24, and State law. This includes the completion of a Records Disposition Report.

2. Maintenance of Procurement Records

- a) The District must maintain records sufficient to detail the history of all procurements. These records will include, but are not necessarily limited to the following: rationale for the method of procurement, selection of contract type, contractor selection or rejection, the basis for the contract price (including a cost or price analysis), and verification that the contractor is not suspended or debarred.

- b) Retention of procurement records shall be in accordance with applicable law and Board policy.

D. Privacy

The District has protections in place to ensure that the personal information of both students and employees is protected. These include the use of passwords that are changed on a regular basis; staff training on the requirements of the Family Educational Rights and Privacy Act (FERPA) and State confidentiality requirements; and training on identifying whether an individual requesting access to records has the right to the documentation.

E. Travel Costs

All travel expenses paid with federal grant funds shall meet the federal requirements such as:

- (1) All travel costs must be reasonable and necessary;
- (2) All travel costs must be consistent with District policy; and
- (3) All travel costs must be directly related to the grant award.

In addition, all travel expenses funded with federal grant funds must be preapproved by the Superintendent or designee. The state per diem rates for lodging shall be used to determine that maximum amount charged to a federal grant. For reimbursement of meals, the per diem rate and rules set by the State of Nebraska through the Nebraska Department of Administrative Service's Expense Reimbursement Document "ERD" Guidelines will apply. There will be no reimbursement for breakfast if the staff member's lodging provides continental breakfast at no cost. For reimbursement for mileage or fuel, the State of Nebraska mileage rate will apply. If a District-owned vehicle is available for travel, the District-owned vehicle must be utilized unless preapproved by the Superintendent or designee. All expenditures claimed by staff must include receipts and a completed voucher.

3048 Communicable Disease

The district strives to provide a safe environment for both students and staff while safeguarding the rights of all students and employees, including those with communicable diseases. The district complies with Neb. Rev. Stat. §§ 79-217 to 79-223 and Title 173 Nebraska Administrative Code, Chapter 3.

Definitions. Terms used in this policy have the meanings given in 173 NAC 3-002. A “reportable communicable disease” means a disease that must be reported under 173 NAC, Chapter 1.

Signs and Symptoms; Sending Students Home. Staff will watch for signs and symptoms of contagious or infectious disease. These signs and symptoms include fever, flushed face, headache, body aches, unexplained tiredness, loss of appetite, stomachache, nausea, vomiting, diarrhea, convulsions, sore throat, nasal congestion or discharge, unexplained skin eruption, and sore or inflamed eyes. The district will notify the parent or guardian of the student’s signs or symptoms. Upon notice, the parent or guardian must immediately cooperate with the district to arrange safe transportation home or another appropriate caregiver for the student. The district will report any failure to reasonably cooperate with the district to the Department of Health and Human Services or local law enforcement as appropriate.

Notice to School Authority. When the district sends a student home for a suspected contagious or infectious disease, the principal or school nurse will notify the superintendent or designee without delay.

Reports to Public Health. The school nurse, or a person acting in the capacity of a school nurse, will report each case or suspected case of a reportable communicable disease. The report must go to the local public health department or the Nebraska DHHS Division of Public Health as provided in 173 NAC 1-007.04.

Exclusion From School. The district will exclude a student with a confirmed communicable disease for at least the minimum isolation period in Attachment 1 to 173 NAC, Chapter 3. The student must be free of acute signs and symptoms. The student must be fever-free for 24 hours without fever-reducing medication before returning to school.

School Attendance and Participation in School Sponsored Activities. The district will provide educational services to a student diagnosed with a

communicable disease as required by law. The district will restrict the student as needed to prevent the spread of disease, to protect the student's health and privacy, and to protect others. Participation in Nebraska School Activities Association (NSAA) events is subject to NSAA rules and the provisions of the district activity handbook.

Infection and Exposure Control Procedures/Universal Precautions.

The district will monitor the information available through the Federal Centers for Disease Control, the Nebraska Department of Health and Human Services, and the Occupational Safety and Health Administration. This policy and any procedures, universal precautions, or exposure control plans will be modified, if appropriate, based upon the best new medical information provided by the above sources.

Outbreaks. In an outbreak or epidemic of a communicable disease, the superintendent may exclude students, reassign students, or close one or more schools. The superintendent will coordinate with the local health department and the Nebraska Department of Health and Human Services as needed.

Confidentiality. The district will keep information about a person's communicable disease confidential. The district will share information only with staff on a need-to-know basis. When the district must inform a person about another person's condition, the district will inform that person of the duty to keep the information confidential. The district will communicate about a student's communicable disease consistent with the student's IEP or Section 504 Plan, if any.

Staff Training. Staff will receive training regarding communicable diseases and the requirements of this policy and any adopted procedures as part of the training received under the Workplace Injury Prevention and Safety Committee policy.

Relations with Employee Collective Bargaining Associations

The board of education recognizes the right of staff members to belong to professional employee organizations. The board will negotiate with organizations that have been certified or recognized in accordance with public employee bargaining statutes. The board or administration will coordinate with certified or recognized organizations for purposes of collective bargaining.

The district will allow professional employee organizations to make reasonable use of district facilities for meetings outside the district's and the employees' work hours. With administrative approval, organizations may use district resources, post notices of meetings, and provide other information on bulletin boards designated for this purpose, and use district email and mailboxes for delivery of information specific to the organization. Organizations must pay for all supplies used, damage caused, or the loss or theft of borrowed property.

For purposes of recruiting new members, organizations may host or attend certain meetings of certificated staff outside the district's and the employees' work hours. Attendance at any staff meetings does not include all-staff, building-level, committee, or other meetings called by the district, unless those meetings are open to other organizations or if required by law.

Unless otherwise specified in this policy or permitted law, organizations will be treated equally, and the district will not designate any day or break by reference to any specific organization.

The school district is committed to providing and maintaining a safe work environment, and to taking reasonable precautions for the safety of the students, employees, visitors, and all others having business with this school district. Every employee should show concern for the safety of fellow employees, students, and members of the public. The district shall have a safety committee as required by Nebraska law. Members of the safety committee may be established through the collective bargaining process.

The committee will adopt and maintain a written injury prevention program. The committee will participate in the development of safety education, training, and the establishment of safety rules, policies and procedures pursuant to this policy, the district's written injury prevention program, or as otherwise provided by law. Training for employees will be conducted annually.

The workplace injury prevention and safety committee will maintain minutes of all meetings and file them in the district office. The committee will implement accident investigation, record keeping procedures, safety rules, safety and health training, and policies. The district will maintain records for at least three years, or longer if directed by the Department of Labor.

The committee will meet at least once every three months or more frequently in the event of an employee complaint or of a job-related injury or death. The workplace injury prevention and safety committee will keep written minutes of all meetings and provide a copy to the superintendent or designee who will maintain the minutes in the district's administrative offices for a period of at least three years, unless otherwise instructed by the Department of Labor.

The workplace injury prevention and safety committee will develop an injury prevention plan and present it to the board. The plan should be developed and presented in the spirit of employees working together in a cooperative, non-adversarial effort to promote safety at the work sites within the district.

The superintendent or designee will assure that the safety training for employees is reviewed annually or more frequently, if needed. He or she will provide the following, as set forth in the initial written Employer's Injury Prevention Plan:

1. Initial safety orientation on rules, policies, and job specific procedures for new employees or employees who are assuming new and different duties within the school district, if appropriate.
2. Job specific training for employees before they perform potential hazardous work.
3. Periodic refresher training and dissemination of information on an annual basis, or more frequently if so designated by the administrator, for employees regarding the injury prevention plan of the unit and safety rules, policies, and procedures pertaining to safety within the school district.

In the event of a death in the workplace, the workplace injury prevention and safety committee will forward to the Department of Labor within 15 working days a copy of any review of the matter made by the workplace injury prevention and safety committee.

The superintendent or designee will establish or cause to be established record-keeping procedures to control and maintain all accident and injury records pertaining to accidents and injuries within the district or activities under the control of the district. Such records will be kept for at least three years, or longer if so advised by the Department of Labor.

The workplace injury prevention and safety committee will confer with the district's crisis team and will review the district's All-Hazard School Safety Plan upon its adoption by the crisis team.

5001 Compulsory Attendance and Excessive Absenteeism

Required Attendance

Every person residing in the school district who has legal or actual charge or control of any child who is of mandatory attendance age shall cause that child to attend a public or private school regularly unless the child has graduated from high school or has been allowed to disenroll pursuant to this policy.

Mandatory Attendance Age

All children who are or will turn six years old before January 1 of the current school year are of mandatory attendance age. Children who have not turned eighteen years of age are of mandatory attendance age.

Exceptions

This policy does not apply when attendance is made impossible or impracticable by severe weather conditions or by the mental or physical illness of the student or a child whom the student is parenting.

A child who will not reach age 7 before January 1 of the current school year may be excused from mandatory attendance if the child's parent or guardian completes an affidavit affirming that alternative educational arrangements have been made for the child. A copy of the required affidavit is attached to this policy.

Discontinuing Enrollment – 5 Year Old Students

The person seeking to discontinue the enrollment of a student who will not reach six years of age prior to January 1 of the current school year shall submit a signed, written request to the superintendent using the form which is attached to this policy. The school district may request written verification or documentation that the person signing the form has legal or actual charge or control of the student. The school district shall discontinue the enrollment of any student who satisfies these requirements. Any student whose enrollment is discontinued under this subsection shall not be eligible to reenroll in this school district until the beginning of the following school year unless otherwise required by law.

Discontinuing Enrollment – 16 and 17 Year Old Students

Only children who are at least 16 years of age may be disenrolled from the district. The person seeking to discontinue the child's enrollment shall submit a signed, written request and submit it to the superintendent using the form which is attached to this policy. The district will follow the procedures outlined on the attached form in considering requests to disenroll.

Only children disenrolling to attend an exempt school may be exempt from this policy. The person with legal or actual charge or control of the child must provide the superintendent with a copy of the signed request submitted to the State Department of Education for attending exempt schools. The superintendent may confirm the validity of the submission with the State Department of Education.

Prohibition on Discontinuing Enrollment – Abuse or Neglect Investigation

Upon notice from the Department of Health and Human Services, the District shall not facilitate the transfer or disenrollment of a student whose parent, guardian, or educational decisionmaker is subject to an active investigation by the Department for fourteen days or until further notice from the Department, whichever occurs first.

Attendance Officer

Each building principal is designated as an attendance officer for the district. Each building principal, at his or her discretion, may delegate these responsibilities to any other qualified individual. The attendance officer is responsible for enforcing the provisions of state law relating to compulsory attendance. This responsibility includes but is not limited to filing a report with the county attorney of the county in which a student resides. Compensation for the duties of attendance officer is included in the salary for the superintendent or designee.

Excused Absences – Physical or Mental Illness

Absences shall be excused by a parent, guardian, or educational decision maker, as defined in section 79-530, of the child for physical or mental illness and as documented by a credentialed health professional, provided the

documentation supports such absence. In the instance of chronic illness, documentation shall be reviewed each semester.

Excused Absences – Others

The following additional absences will be considered excused if they are confirmed by communication to the school from the student's parent/guardian:

1. Severe weather
2. Medical appointments for the student
3. Death or serious illness of the student's family member
4. Attending a funeral, wedding or graduation
5. Appearance at court or for other legal matters
6. Observance of religious holidays of the student's own faith
7. College planning visits
8. Personal or family vacations

Excessive Absenteeism

When a student receives 5 unexcused absences or the hourly equivalent in any semester, the Attendance Officer may send written notification of the student's total absences to the student's parent or guardian. When a student receives 10 unexcused absences or the hourly equivalent in any school year, the Attendance Officer will send written notification of the student's total absences to the student's parent or guardian and offer to meet with the student's parents or guardians to discuss any barriers to the student's attendance. When a student receives 15 unexcused absences or the hourly equivalent in any school year, the Attendance Officer will send written notification of the student's total absences to the student's parent or guardian and shall schedule a meeting with relevant stakeholders to discuss and address any barriers to the student's attendance, unless the Attendance Officer determines that such a meeting would not be productive in facilitating the student's regular attendance.

When a student has accrued 20 days of unexcused absences, or the hourly equivalent, the district may report the matter to the county attorney in the county where the student resides.

5003 Admission of Part-Time Students

A student may be permitted to enroll on a part-time basis pursuant to this policy and applicable curricular practices when enrollment is appropriate for reasons that include but are not limited to the following: the student attends another education institution on a primary basis; is enrolled for a limited number of credit hours needed to graduate; has a modified schedule because of a disability or as part of an individualized education plan; or is a student who attends a private, denominational, or parochial school or a school that elects not to meet accreditation or approval requirements (referred to herein as an exempt school student or an exempt school, respectively).

Eligibility and Application for Enrollment. A student may be eligible for part-time enrollment if the student:

1. is of appropriate age to attend school;
2. is a resident of this school district;
3. is a resident of another school district attending a private, denominational, parochial, or exempt school, but only if
 - a. this school district is the closest to the student's residence that offers the extracurricular sport or activity they desire to participate in, and their resident school district does not offer that sport or activity; or
 - b. the school building the student would attend if accepted for part-time enrollment is closer than the school building the student attends or would attend at the resident district;
4. has not graduated from high school; and
5. has not received a graduate equivalency diploma.

The parent or guardian must meet all of the district's admission requirements and file an application for enrollment on forms provided by the school district by July 1st prior to the year of enrollment. For second semester high school courses, the application must be filed by December 1st. For students who move into the district mid-semester, the application must be filed within 20 days of moving into the district. The administration shall review the application, determine whether to approve or deny it, notify the parent or guardian, and schedule enrollment at an educationally appropriate time in the building or attendance center of the administration's choice. Enrollment does not carry over from one school year to the next, and the parent or guardian must apply for enrollment each school year.

Limitations Based on Resources. The part-time enrollment of students is subject to limitations for grades, classes, courses, and programs based on the

limited resources available to the school district. Full-time students shall be given priority for enrollment in grades, classes, courses, and programs.

Placement of Students. Students accepted for part-time enrollment shall be placed in courses for which they have adequate preparation and which are determined to be educationally appropriate based on criteria that include, but are not limited to the student's age, achievement test scores, academic record, evaluation by school personnel and any other standards used by the district for the placement of students.

Grades and Academic Honors. Students accepted for part-time enrollment shall receive grades, report cards, and transcripts, but shall not be eligible to graduate, receive a diploma or qualify for class ranking unless they meet all district requirements including earning a sufficient number of credit hours and semesters of attendance.

Applicability of School Rules. Students accepted for part-time enrollment are subject to all rules and standards of the board of education and administration as set forth in policy, handbooks or other communications, as well as the rules and directives of the building administration and staff. They must remain on the school campus during scheduled classes but must leave the school campus when not engaged in a course, course-related activity, or an extracurricular activity or sport, unless the building principal approves their presence. Students who violate school policies, rules, or directives shall be subject to disciplinary procedures up to and including suspension and expulsion.

Extracurricular Sports and Activities.

Students who are enrolled in a private, denominational, or parochial school may not participate in extracurricular sports and activities sponsored by the school district if they participate in extracurricular sports and activities at any other public, private, denominational, or parochial school. Any such students who desire to participate in extracurricular sports and activities at the school district must enroll in the following number of credit hours from the school district:

1. For extracurricular sports and activities regulated by an athletics or activities association in which this school district is a member: 5 credit hours.
2. For extracurricular sports and activities governed by a national or state organization other than an athletics or activities association, such as FFA: the minimum number of credit hours offered by the school district as required by that national or state organization.

3. For extracurricular sports and activities not regulated or governed by any such entity: 5 credit hours.

Exempt school students may only participate in extracurricular sports and activities if they are enrolled in at least 20 total credit hours per semester, when combining the exempt school credit hours and credit hours taken on a part-time basis at the school district. Exempt school students are not eligible to participate in extracurricular sports and activities sponsored by the school district if they participate in any sport or activity sponsored by any other public, private, denominational, or parochial school. Any such students who desire to participate in extracurricular sports and activities at the school district must enroll in the following number of credit hours from the school district:

1. For extracurricular sports and activities regulated by an athletics or activities association in which this school district is a member: 5 credit hours.
2. For extracurricular sports and activities governed by a national or state organization other than an athletics or activities association, such as FFA: the minimum number of credit hours offered by the school district as required by that national or state organization.
3. For extracurricular sports and activities not regulated or governed by any such entity: 5 credit hours.

All students permitted to participate in extracurricular sports and activities under this policy must also meet all other eligibility requirements set by the board, administration, and coach/sponsor prior to participating and for continued participation in the sport or activity. This includes but is not limited to rules for completing courses; up/down lists for deficient grades and/or incompletes; and all eligibility and other requirements of the Nebraska School Activities Association and any other governing bodies for the activity or sport.

Transportation. Part-time school students are not entitled to transportation or reimbursement for transportation to and from the school for class attendance purposes, unless required by law. Eligible part-time students are entitled to transportation to and from practices and extracurricular events to the same extent as the school district's full-time students, but part-time students must arrange their own transportation and arrive timely to the designated pick-up point for such transportation.

Option Enrollment. Students may not enroll on a part-time basis pursuant to the school's option enrollment program.

5035 Student Discipline

Administrative and teaching personnel may take actions regarding student behavior, other than those specifically provided in this policy and the Student Discipline Act, which are reasonably necessary to aid the student, further school purposes, or prevent interference with the educational process. Such actions may include, but need not be limited to, counseling of students, parent conferences, referral to restorative justice practices or services, rearrangement of schedules, requirements that a student remain in school after regular hours to do additional work, restriction of extracurricular activity, or requirements that a student receive counseling, psychological evaluation, or psychiatric evaluation upon the written consent of a Parent to such counseling or evaluation. Disciplinary consequences may also include in-school suspension, Saturday School, and any other consequence authorized by law. District administrators may develop building-specific protocols for the imposition of student discipline.

Any disciplinary action taken by staff must be consistent with the requirements of other applicable laws, including but not limited to the IDEA, Section 504, and Title IX.

In this policy, references to "Principal" shall include building principals, the principal's designee, or other appropriate school district administrators.

"Parent" means parent, guardian, or educational decisionmaker of the student. "Educational decisionmaker" means a person designated or ordered by a court to make educational decisions on behalf of a child.

Any statement, notice, recommendation, determination, or similar action specified in this policy shall be effectively given at the time written evidence thereof is delivered personally to or upon receipt of certified or registered mail or upon actual knowledge by a student or his or her Parent.

Any student who is suspended or expelled from school pursuant to this policy may not participate in any school activity during the duration of that exclusion including adjacent school holidays and weekends. The student activity eligibility of a student who is mandatorily reassigned shall be determined on a case-by-case basis by the principal of the building to which the student is reassigned.

Pre-Kindergarten through Second Grade Students

Notwithstanding any other provision of this policy, an elementary school shall not suspend a student in pre-kindergarten through second grade unless the student:

1. Brings a deadly weapon as defined in section 28-109 onto school grounds, into a vehicle owned, leased, or contracted by a school being used for a school purpose or into a vehicle being driven for a school purpose by a school employee or his or her designee, or at a school-sponsored activity or athletic event; or
2. Engages in violent behavior capable of causing physical harm to another student or school employee.

As an alternative to suspension, the school district may take any action authorized by law, including those provided in section 79-258.

Makeup Work for Suspended Students

Any student who is suspended must be given an opportunity to complete any classwork and homework missed during the period of suspension, including, but not limited to, examinations ("makeup work"). Any makeup work must be completed and turned in within 2 school days after completion of the suspension. This makeup guideline shall be provided to the student and a Parent at the time of suspension. Suspended students may not be required to attend the school's alternative program for expelled students in order to complete classwork or homework.

Short-Term Suspension

The Principal may exclude students from school or any school function for a period of up to five school days (short-term suspension) on the following grounds:

1. Conduct constituting grounds for expulsion as hereinafter set forth; or,
2. Other violations of rules and standards of behavior adopted by the Board of Education or the administrative or teaching staff of the school, that occur on or off school grounds, if such conduct interferes with school purposes or there is a connection between such conduct and school.

The following process applies to short-term suspension:

1. The Principal shall make a reasonable investigation of the facts and circumstances. Short-term suspension shall be imposed only after a

- determination that the suspension is necessary to help any student, to further school purposes, or to prevent an interference with school purposes.
2. After the principal has determined that a short-term suspension is necessary, but prior to commencement of the short-term suspension, the student and the Parent will be given oral and written notice of the charges against the student. They will be advised of what the student is accused of having done, be given an explanation of the evidence the authorities have, and be given an opportunity to present evidence of the student's version of the facts.
 3. Within 24 hours or such additional time as is reasonably necessary, not to exceed an additional 48 hours, following the suspension, the Principal will send a written statement to the student, and the student's Parent, describing:
 - a. The student's conduct, misconduct or violation of the rule or standard;
 - b. The reasons for the action taken;
 - c. The actions made by the school to try to discontinue or alleviate the behavior of the student prior to considering suspension;
 - d. Resources the school is able to provide or recommend to assist the student; and
 - e. How the school plans to handle such behavior in the future, including an actionable plan aimed at maximizing strategies to keep the student in school.
 4. An opportunity will be given to the student, and the student's Parent, to have a conference with the Principal ordering the short-term suspension before or at the time the student returns to school and shall document such effort in writing. The Principal shall determine who, in addition to the Parent, is to attend the conference. If no conference has been held, a Parent may submit a written request to the suspending principal before the student returns to school.
 5. Students who are short-term suspended must be given the opportunity to complete classwork and homework missed during the period of suspension, including but not limited to examinations, as provided herein.

Emergency Exclusion

Students may be emergency excluded from school pursuant to the board's separate policy on emergency exclusion or state law.

Weapons and/or Firearms

Weapons. No student may possess, handle, or transmit any weapon while on school grounds, in a school vehicle, or at any school activity or event off school grounds except as permitted by this policy. **Definition of Weapon.** The term "weapon" means any object, device, instrument, material, or substance which is capable of causing injury in the manner it is used or intended to be used.

Firearms. No student may bring, possess, handle or transmit a firearm on school grounds, in a school owned vehicle, or at a school activity or event off school grounds, except as permitted by this policy. **Definition of Firearm.** The term "firearm, as defined in 18 U.S.C. 921, means any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive, the frame or receiver of any such weapon, any firearm muffler or firearm silencer, or any destructive device (excluding an antique firearm).

Exceptions Regarding Firearms and Weapons. The only exceptions for a student to bring or possess a weapon, including a firearm, are as follows:

1. The issuance of firearms to or possession of firearms by members of the Reserve Officers Training Corps when training or
2. Firearms which may lawfully be possessed by the person receiving instruction under the immediate supervision of an adult instructor who may lawfully possess firearms.

Consequences - Firearm. Any student who brings a firearm, as that term is defined in 18 United States Code 921, to school will be expelled from school for one calendar year. The superintendent of schools and the board of education shall have the authority to modify the expulsion requirement on a case-by-case basis.

Consequences – Weapon. State law and this policy provide that any student who violates this policy by knowingly bringing, possessing, handling or transmitting a weapon, other than a firearm, on school grounds, in a school owned vehicle, or at a school activity or event off school grounds may be suspended on a long-term basis, mandatorily reassigned, or expelled for the remainder of the school year in which the expulsion takes effect (if the misconduct occurs during the first semester) or the remainder of the second semester, summer school, and the first semester of the following school year (if the misconduct occurs during the second semester).

Confiscation of Firearms and Weapons. Administrative and teaching personnel are statutorily authorized, without a warrant, to confiscate any firearm or weapon possessed in violation of this policy. Any firearm that is confiscated by school personnel shall be delivered to a peace officer as soon as practicable. Such firearms are subject to being destroyed by law enforcement authorities.

Report to Law Enforcement Authorities. All school personnel are required to report any violation of this policy to a principal or the superintendent of schools. Pursuant to state and federal law, school personnel are required to report to law enforcement authorities when a student brings a firearm to school.

Long-Term Suspension

Students may be excluded by the Principal from school or any school function for a period of more than five school days but less than twenty school days (long-term suspension) for any conduct constituting grounds for expulsion as hereinafter set forth. The process for long-term suspension is set forth below.

Expulsion

1. **Meaning of Expulsion.** Expulsion means exclusion from attendance in all schools, grounds and activities of or within the system for a period not to exceed the remainder of the semester in which it took effect unless the misconduct occurred (a) within ten school days prior to the end of the first semester, in which case the expulsion shall remain in effect through the second semester, or (b) within ten school days prior to the end of the second semester, in which case the expulsion shall remain in effect for summer school and the first semester of the following school year, or (c) unless the expulsion is for conduct specified in these rules or in law as permitting or requiring a longer removal, in which case the expulsion shall remain in effect for the period specified therein. Such action may be modified or terminated by the school district at any time during the expulsion period.
2. **Summer Review.** Any expulsion that will remain in effect during the first semester of the following school year will be automatically scheduled for review before the beginning of the school year. The review will be conducted by the hearing officer who conducted the initial expulsion hearing, or a hearing officer appointed by the Superintendent in the event no hearing was previously held or the initial hearing officer is no longer available or willing to serve, after the hearing officer has given notice of the review to the student and the student's Parent. This review shall be limited to newly discovered evidence or evidence of

changes in the student's circumstances occurring since the original hearing. This review may lead to a recommendation by the hearing officer that the student be readmitted for the upcoming school year. If the school board or board of education or a committee of such board took the final action to expel the student, the student may be readmitted only by action of the board. Otherwise the student may be readmitted by action of the Superintendent.

3. **Suspension of Enforcement of an Expulsion:** Enforcement of an expulsion action may be suspended (i.e., "stayed") for a period of not more than one full semester in addition to the balance of the semester in which the expulsion takes effect, and as a condition of such suspended action, the student may be assigned to a school, class, or program/plan and to such other consequences which the school district deems appropriate.
4. **Alternative School or Pre-expulsion Procedures.** The school shall either provide an alternative school, class or educational program for expelled students, or shall follow the pre-expulsion procedures outlined in NEB. REV. STAT. 79-266.
5. **Conclusion of Expulsion.** At the conclusion of an expulsion, the school district will reinstate the student and accept nonduplicative, grade-appropriate credits earned by the student during the term of expulsion from any Nebraska accredited institution or institution accredited by one of the six regional accrediting bodies in the United States.

Elementary End of the Year Celebrations:

End-of-Year Assembly

Franklin Elementary concluded the 2025-2026 school year with a schoolwide End-of-Year Assembly celebrating student growth, accomplishments throughout the year. Students enjoyed a Year in Review video. A special recognition was held for our fifth-grade students as they prepare to transition to middle school. The assembly concluded with a retirement tribute for Mrs. Schmidt. Students shared well wishes through a video, presented handmade cards, and performed a special farewell song lead by Mrs. Nortje. It was a perfect opportunity to celebrate Mrs. Schmidt's years of dedication and the impact she has had on generations of Franklin students.

Crew Field Trip

On May 14th, K–5 students participated in a Crew Field Trip to the Big Apple in Kearney, where they enjoyed bowling, mini golf, and lunch with their Flyer Crew teams. The trip provided students with an opportunity to celebrate relationships and the connections they have built through weekly Crew activities and team-building experiences throughout the school year. Thank you to FAST for helping support this fun experience through their generous contribution toward the field trip.

Elementary Track Meet

Mrs. Stall organized another outstanding Elementary Field Day on May 15th. This provided students with a fun and memorable way to celebrate the end of the school year. Thank you to Mrs. Stall, staff, volunteers, and community members who helped make the event a success. Nebraska Public School Advantage featured the event in an article highlighting the day's activities and student engagement. Here is the direct link to the article:

Title 1 Annual Planning Meeting

The annual Title I Schoolwide Planning Meeting provided an opportunity to review the schoolwide Title 1 plan, analyze program effectiveness, and identify priorities for continuous improvement. In attendance were Mrs. Schmidt, Mrs. Largen, Mrs. Saathoff, Mrs. Simmons, and Mrs. Bonham who represented parent input. The team noted strengths in the use of student data, school improvement processes, Multi Tiered System of Supports (MTSS), family engagement activities, and transition planning for students. Areas identified for growth include increasing parent input in policy development, strengthening professional development opportunities for all staff, and incorporating new initiatives such as the 15-Day Challenge, Language Essentials for Teachers of Reading and Spelling (LETRS) training, and additional literacy supports into the schoolwide plan. The committee also discussed updates to family engagement practices, student transition activities, and ongoing efforts to ensure all students receive the support needed to meet academic standards.

Mental Health Conference

On May 27-28 Mrs. Collins, Mrs. Siel, Mrs. Stratman, Mrs. Simmons attended the Middle America School Mental Health Conference in Omaha. Educators, administrators, counselors, and mental health professionals from across the region were in attendance. The conference focused on early intervention, resilience, suicide prevention, neurodiversity, and comprehensive mental health services in schools.

My key takeaways included the importance of co-regulation, responding to student behavior by identifying unmet needs, using proactive supports and environmental adjustments, and recognizing that relationships and emotional safety are foundational to learning.

State Track

Flyer Nation was proud to have two athletes qualify for the 2025–2026 State Track Championships.

Senior **Carter Trambly** earned his third consecutive trip to the state meet, qualifying in the Class D 3200-meter run. Trambly capped off an outstanding career by placing **7th** in the event with a time of **10:17**.

Reagan Kahrs secured her second trip to Omaha after qualifying in the **100-meter dash**. Competing against the state's top sprinters, Kahrs finished **22nd** in the preliminary round.

Qualifying for the state meet is a significant accomplishment, and Franklin congratulates both athletes on representing the school and community.

Schedule Completed

The new class schedule has been completed, and students have been registered for the upcoming 2026-2027 school year. We are excited to introduce new reading intervention opportunities for students in grades 6–8. These interventions are designed to strengthen reading skills, improve performance on state assessments, and better prepare students for success in high school and beyond. We look forward to supporting our students as they continue to grow academically.

15-Day Challenge Training

During the final days of the school year, Franklin staff participated in professional development focused on the **15-Day Challenge**, a framework developed by Maria Nielsen to help educators intentionally plan instruction around state standards and student learning targets.

We were fortunate to welcome Darren Tobey, Superintendent of Broken Bow Public Schools, and Skylar Morris, Academic and Learning Director, to lead the training. Their district has been

implementing the 15-Day Challenge process for the past five years and has experienced significant growth in student achievement and assessment performance.

The 15-Day Challenge provides educators with a structured approach to identifying essential standards, monitoring student progress, and ensuring that students master key concepts and skills. Franklin teachers will begin by implementing the challenge in one class and gradually expand its use across additional courses. This phased approach will allow staff to refine the process while building a consistent system of instruction focused on student success.

Our goal is to strengthen student understanding of state standards, improve preparedness for state assessments, and ensure that every student is equipped with the knowledge and skills needed for success in the next year of learning and beyond. We are excited about the opportunities this work will provide as we continue our commitment to helping all Franklin students reach their full potential.
