Per your request, we are pleased to present this scope of work and fee proposal for architectural services for the above-referenced project.

- 1) Existing wall and exposed column construction, including locations of door and window openings.
- 2) Vertical changes in floor level, including stairs, elevators, and ramps. Dimensions of floor levels will not be provided.
- 3) Room Identification Labels.
- 4) Locations of existing plumbing fixtures, toilet partitions, lavatories, and casework.
- 5) Fixed furniture and equipment to include auditorium seating, lockers, and display cases.

The floor plan will not indicate the following:

- 6) Structural framing.
- 7) Existing ceiling construction, including locations of ceiling mounted devices and life safety equipment.

At the completion of drafting the provided drawings CJC will walk the facility and visually observe if there are any deviations between the plans and the existing building and make modifications where required. Field measuring of the existing building is not included. In the event that field measuring of the building is required, CJC can provide additional services at our hourly rates or an additional fixed fee.

COMPENSATION:
