## CDARS® Customer Statement

The following information is a summary of activity in your CDARS accounts and the list of FDIC-insured institutions that hold your deposits as of the date indicated. These deposits have been placed by us, as your agent and custodian, in deposit accounts through CDARS. Certain conditions must be satisfied for "pass-through" FDIC deposit insurance coverage to apply. To meet the conditions for pass-through FDIC deposit insurance, deposit accounts at FDIC-insured banks in IntraFi's network that hold deposits placed using an IntraFi service are titled, and deposit account records are maintained, in accordance with FDIC regulations for pass-through coverage.

## **HAZING**

It is the policy of this school district that no student or employee of the district shall participate in or be members of any secret fraternity or secret organization that is in any degree related to the school or to a school activity. No student organization or any person associated with any organization sanctioned or authorized by the Board of Education shall engage or participate in hazing.

For the purposes of this policy, hazing is defined as an activity that recklessly or intentionally endangers the mental health or physical health or safety of a student for the purpose of initiation or admission into or affiliation with any organization sanctioned or authorized by the Board of Education.

“Endanger the physical health” shall include, but is not limited to, any brutality of a physical nature, such as whipping; beating; branding; forced calisthenics; exposure to the elements; forced consumption of any food, alcoholic beverage, drug, or controlled dangerous substance; or other forced physical activity which could adversely affect the physical health or safety of the individual.

“Endanger the mental health” shall include any activity, except those activities authorized by law, which would subject the individual to extreme mental stress, such as prolonged sleep deprivation, forced prolonged exclusion from social contact, forced conduct which could result in extreme embarrassment, or any other forced activity which could adversely affect the mental health or dignity of the individual.

Any hazing activity upon which the initiation or admission into or affiliation with an organization sanctioned or authorized by the Board of Education is conditioned, directly or indirectly, shall be presumed to be a forced activity, even if the student willingly participates in such activity.

This policy is not intended to deprive school district authorities from taking necessary and appropriate disciplinary action toward any student or employee. Students or employees who violate this policy will be subject to disciplinary action that may include suspension for students and employment termination for employees.

**A copy of this policy will be furnished to each student and teacher in this school district.**

**REFERENCE: 21 O.S. §1190**

***THIS POLICY REQUIRED BY LAW***

**BULLYING**

It is the policy of this school district that bullying of students by other students, personnel, or the public will not be tolerated. Students are expected to be civil, polite, and fully engaged in the learning process. Students who act inappropriately are not fully engaged in the learning process. This policy is in effect while the students are on school grounds, in school vehicles, at designated bus stops, at school-sponsored activities, or at school-sanctioned events, and while away from school grounds if the misconduct directly affects the good order, efficient management, and welfare of the school district. Bullying of students by electronic communication is prohibited whether or not such communication originated at school or with school equipment, if the communication is specifically directed at students or school personnel and concerns harassment, intimidation, or bullying at school. The school district is not required to provide educational services in the regular school setting to any student who has been removed from a public school or private school in Oklahoma or another state by administrative or judicial process for an act of using electronic communication with the intent to terrify, intimidate or harass, or threaten to inflict injury or physical harm to faculty or students.

As used in the School Safety and Bullying Prevention Act, "bullying" means any pattern of harassment, intimidation, threatening behavior, physical acts, verbal or electronic communication directed toward a student or group of students that results in or is reasonably perceived as being done with the intent to cause negative educational or physical results for the targeted individual or group and is communicated in such a way as to disrupt or interfere with the school's educational mission or the education of any student. Such behavior is specifically prohibited.

In administering discipline, consideration will be given to alternative methods of punishment to ensure that the most effective discipline is administered in each case. In all disciplinary action, teachers and administrators will be mindful of the fact that they are dealing with individual personalities. The faculty may consider consultation with parents to determine the most effective disciplinary measure.

In considering alternatives of corrective actions, the faculty/administration of the school district will consider those listed below. However, the school is not limited to these alternative methods, nor does this list reflect an order or sequence of events to follow in disciplinary actions. The Board of Education will rely upon the judgment and discretion of the administrator to determine the appropriate remedial or corrective action in each instance.

1. Conference with student
2. Conference with parents
3. In-school suspension
4. Detention
5. Referral to counselor

Other appropriate disciplinary action as required and as indicated by the circumstances which may include, but is not limited to, removal from eligibility to participate or attend extracurricular activities as well as removal from the privilege of attending or participating in the graduation ceremony, school dances, prom, prom activities, and/or class trips.

**HARASSMENT (Cont.)**

## **PROHIBITING BULLYING (REGULATION)**

The Boise City Public Schools' student conduct code prohibits bullying. This regulation further explains the negative effects of that behavior and seeks to promote strategies for prevention.

### Statement of Board Purpose in Adopting Policy

The Board of Education recognizes that bullying of students causes serious educational and personal problems, both for the student-victim and the initiator of the bullying. The board observes that this conduct:

1. Has been shown by national and state studies to have a substantial adverse effect upon school district operations, the safety of students and faculty, and the educational system at large.
2. Substantially disrupts school operations by interfering with the district's mission to instruct students in an atmosphere free from fear, is disruptive of school efforts to encourage students to remain in school until graduation and is just as disruptive of the district's efforts to prepare students for productive lives in the community as they become adults.
3. Substantially disrupts healthy student behavior and thereby academic achievement. Research indicates that healthy student behavior results in increased student academic achievement. Improvement in student behavior through the prevention or minimization of intimidation, harassment, and bullying towards student-victims simultaneously supports the district's primary and substantial interest in operating schools that foster and promote academic achievement.
4. Substantially interferes with school compliance with federal law that seeks to maximize the mainstreaming of students with disabilities and hinders compliance with Individual Educational Programs containing objectives to increase the socialization of students with disabilities. Targets of bullying are often students with known physical or mental disabilities who, as a result, are perceived by bullies as easy targets for bullying actions.
5. Substantially interferes with the district's mission to advance the social skills and social and emotional well-being of students. Targets of intimidation, harassment, and bullying are often "passive-target" students who already are lacking in social skills because they tend to be extremely sensitive, shy, display insecurity, anxiety and/or distress; may have experienced a traumatic event; may try to use gifts, toys, money, or class assignments or performance bribes to protect themselves from intimidation, harassment, or bullying; are often small for their age and feel vulnerable to bullying acts; and/or may resort to carrying weapons to school for self-protection. Passive-target victims who have been harassed and demeaned by the behavior of bullies often respond by striving to obtain power over others by becoming bullies themselves and are specifically prone to develop into students who eventually inflict serious physical harm on other students, or, in an effort to gain power over their life or situation, commit suicide.
6. Substantially disrupts school operations by increasing violent acts committed against fellow students. Violence, in this context, is frequently accompanied by criminal acts.
7. Substantially disrupts school operations by interfering with the reasonable expectations of other students that they can feel secure at school and not be subjected to frightening acts or be the victim of mistreatment resulting from bullying behavior.

**PROHIBITING BULLYING, REGULATION (Cont.)**

Bullying often involves expressive gestures, speech, physical acts that are sexually suggestive, lewd, vulgar, profane, or offensive to the education or social mission of this school district, and at times involves the commission of criminal acts. This behavior interferes with the curriculum by disrupting the presentation of instruction and also disrupts and interferes with the student-victim's or bystander's ability to concentrate, retain instruction, and study or to operate free from the effects of bullying. This results in a reluctance or resistance to attend school.

**Definition of Terms****1. Statutory definition of harassment, intimidation, and bullying:**

70 O.S. §24-100.3(c) of the School Safety and Bullying Prevention Act defines the terms "bullying," as including, but not limited to a pattern of harassment, intimidation, threatening behavior, physical acts, verbal or electronic communication, directed toward a student or group of students that results in or is reasonably perceived as being done with the intent to cause negative educational or physical results for the targeted individual or group and is communicated in such a way as to disrupt or interfere with the school's educational mission or the education of any student that a reasonable person should recognize will:

- A. Harm another student;
- B. Damage another student's property;
- C. Place another student in reasonable fear of harm to the student's person or damage to the student's property; or
- D. Insult or demean any student or group of students in such a way as to disrupt or interfere with the school's educational mission or the education of any student.

**2. The "Reasonable Person" Standard**

In determining what a "reasonable person" should recognize as an act placing a student in "reasonable" fear of harm, staff will determine "reasonableness" not only from the point of view of a mature adult, but also from the point of view of an immature child of the age of the intended victim along with, but not limited to, consideration of special emotional, physical, or mental needs of the particular child; personality or physical characteristics, or history that might cause the child to be particularly sensitive to efforts by a bully to humiliate, embarrass, or lower the self esteem of the victim; and the discipline history, personality of, and physical characteristics of the individual alleged to have engaged in the prohibited behavior.

**3. General Display of Bullying Acts**

Bullying, for purposes of this section of the regulation, includes harassment and intimidation, and vice versa. According to experts in the field, bullying in general is the exploitation of a less powerful person by an individual taking unfair advantage of that person, which is repeated over time, and which inflicts a negative effect on the victim. The seriousness of a bullying act depends on the harm inflicted upon the victim and the frequency of the offensive acts. Power may be, but is not limited to, physical strength, social skill, verbal ability, or other characteristics. Bullying acts by students have been described in several different categories.

**PROHIBITING BULLYING, REGULATION (Cont.)**

- A. Physical Bullying includes harm or threatened harm to another's body or property, including, but not limited to, what would reasonably be foreseen as a serious expression of intent to inflict physical harm or property damage through verbal or written speech or gestures directed at the student-victim, when considering the factual circumstances in which the threat was made and the reaction of the intended victim. Common acts include tripping, hitting, pushing, pinching, pulling hair, kicking, biting, starting fights, daring others to fight, stealing or destroying property, extortion, assaults with a weapon, other violent acts, and homicide.
- B. Emotional Bullying includes the intentional infliction of harm to another's self-esteem, including, but not limited to, insulting or profane remarks, insulting or profane gestures, or harassing and frightening statement, when such events are considered in light of the surrounding facts, the history of the students involved, and age, maturity, and special characteristics of the students.
- C. Social Bullying includes harm to another's group acceptance, including, but not limited to, harm resulting from intentionally gossiping about another student or intentionally spreading negative rumors about another student that results in the victim being excluded from a school activity or student group; the intentional planning and/or implementation of acts or statements that inflict public humiliation upon a student; the intentional undermining of current relationships of the victim-student through the spreading of untrue gossip or rumors designed to humiliate or embarrass the student; the use of gossip, rumors, or humiliating acts designed to deprive the student of awards, recognition, or involvement in school activities; the false or malicious spreading of an untrue statement or statements about another student that exposes the victim to contempt or ridicule or deprives the victim of the confidence and respect of student peers; or the making of false statements to others that the student has committed a crime, or has an infectious, contagious, or loathsome disease, or similar egregious representations.
- D. Sexual Bullying includes harm to another resulting from, but not limited to, making unwelcome sexual comments about the student; making vulgar, profane, or lewd comments or drawings or graffiti about the victim; directing vulgar, profane, or lewd gestures toward the victim; committing physical acts of a sexual nature at school, including the fondling or touching of private parts of the victim's body; participation in the gossiping or spreading of false rumors about the student's sexual life; written or verbal statements directed at the victim that would reasonably be interpreted as a serious threat to force the victim to commit sexual acts or to sexually assault the victim when considering the factual circumstances in which the threat was made and the reaction of the intended victim; off-campus dating violence by a student that adversely affects the victim's school performance or behavior, attendance, participation in school functions or extracurricular activities, or makes the victim fearful at school of the assaulting bully, or the commission of sexual assault, rape, or homicide. Such conduct may also constitute sexual harassment – also prohibited by Boise City Public Schools.

Procedures Applicable to the Understanding of and Prevention of Bullying of Students

## 1. Student and Staff Education and Training

All staff will be provided with a copy of the district's policy on prevention of bullying of students. All students will be provided a summary of the policy and notice that a copy of the entire policy is available on request.

**PROHIBITING BULLYING, REGULATION (Cont.)**

Boise City Public Schools is committed to providing appropriate and relevant training to staff regarding identification of behavior constituting bullying of students and the prevention and management of such conduct.

Students, like staff members, shall participate in an annual education program that sets out expectations for student behavior and emphasizes an understanding of bullying of students, the district's prohibition of such conduct, and the reasons why the conduct is destructive, unacceptable, and will lead to discipline. Students shall also be informed of the consequences of bullying conduct toward their peers.

**B. Boise City Public Schools' Safe School Committee**

The safe school committee has the responsibility of studying and making recommendations regarding unsafe conditions, strategies for students to avoid harm at school, student victimization, crime prevention, school violence, and other issues that interfere with or adversely affect the maintenance of safe schools.

With respect to student harassment, intimidation, and bullying, the safe school committee shall consider and make recommendations regarding professional staff development needs of faculty and other staff related to methods to decrease student harassment, intimidation, bullying and understanding and identifying bullying behaviors. In addition, the committee shall make recommendations regarding: identification of methods to encourage the involvement of the community and students in addressing conduct involving bullying; methods to enhance relationships between students and school staff in order to strengthen communication; and fashioning of problem-solving teams that include counselors and/or school psychologists.

In accomplishing its objectives, the committee shall review traditional and accepted harassment, intimidation, and bullying prevention programs utilized by other states, state agencies, or school districts. (See also policy BDFC.)

**Student Reporting**

Students are encouraged to inform school personnel if they are the victim of or a witness to acts of harassment, intimidation, or bullying.

**Staff Reporting**

An important duty of the staff is to report acts or behavior that the employee witnesses that appears to constitute harassing, intimidating, or bullying. Employees, whether certified or non-certified, shall encourage students who tell them about acts that may constitute intimidation, harassment, or bullying to complete a report form. For young students, staff members given that information will need to provide direct assistance to the student.

Staff members who witness such events are to complete reports and to submit them to the employee designated by the superintendent to receive them. Staff members who hear of incidents that may, in the staff member's judgment, constitute harassment, intimidation, or bullying, are to report all relevant information to the superintendent or his/her designee.

**PROHIBITING BULLYING, REGULATION (Cont.)**Parental Responsibilities

Parents/guardians will be informed in writing of the district's program to stop bullying. An administrative response to bullying may involve certain actions to be taken by parents. Parents will be informed of the program and the means for students to report bullying acts toward them or other students. They will also be told that to help prevent bullying at school they should encourage their children to:

1. Report bullying when it occurs;
2. Take advantage of opportunities to talk to their children about bullying;
3. Inform the school immediately if they think their child is being bullied or is bullying other students;
4. Watch for symptoms that their child may be a victim of bullying and report those symptoms; and
5. Cooperate fully with school personnel in identifying and resolving incidents.

Discipline of Students

In administering discipline, consideration will be given to alternative methods of punishment to ensure that the most effective discipline is administered in each case. In all disciplinary action, teachers and administrators will be mindful of the fact that they are dealing with individual personalities. The faculty may consider consultation with parents to determine the most effective disciplinary measure.

In considering alternatives of corrective actions, the faculty/administration of the school district will consider those listed below. However, the school is not limited to these alternative methods, nor does this list reflect an order or sequence of events to follow in disciplinary actions. The board of education will rely upon the judgment and discretion of the administrator to determine the appropriate remedial or corrective action in each instance.

1. Conference with student
2. Conference with parents
3. In-school suspension
4. Detention
5. Referral to counselor
6. Behavioral contract
7. Changing student's seat assignment or class assignment
8. Requiring a student to make financial restitution for damaged property
9. Requiring a student to clean or straighten items or facilities damaged by the student's behavior
10. Restriction of privileges

from the privilege of attending or participating in the graduation ceremony, school dances, prom, prom activities, and/or class trips.

The above consequences will be imposed for any person who commits an act of bullying as well as any person found to have falsely accused another as a means of retaliation, reprisal, or as a means of bullying. Strategies will be created to provide counseling or referral to appropriate services, including guidance, academic intervention, and other protection for students, both targets and perpetrators, and family members affected by bullying, as necessary.

**Publication of Policy**

Annual written notice of this policy will be provided to parents, guardians, staff, volunteers, and students with age-appropriate language for students. Notice of the policy will be posted at various locations within each school site, including but not limited to, cafeterias, school bulletin boards, and administrative offices. The policy will be posted on the school district's website at (school's website) and at each school site that has an Internet website. The policy will be included in all student and staff handbooks.

**Statement of Legislative Mandate and Purpose**

This regulation is a result of the legislative mandate and public policy embodied in the School Bullying Protection Act, 70 O.S. §24-100.2. The Oklahoma Legislature requires school districts to adopt a policy to prevent harassment, intimidation, and bullying in an effort to "create an environment free of unnecessary disruption" and also requires school districts to actively pursue programs for education regarding bullying behaviors.

The Boise City Public Schools' student conduct code prohibits harassment, intimidation, and bullying. This regulation further explains the negative effects of that behavior and seeks to promote strategies for prevention.

## **PROHIBITING BULLYING (INVESTIGATION PROCEDURES)**

The following procedures will be used by any person for the filing, processing, and resolution of a reported incident of harassment, intimidation, bullying, or threatening behavior. The procedures are to be followed by the administration of the school district in an effort to determine the severity of the incident and the potential to result in future violence.

### Definitions

1. "Bullying" means any pattern of harassment, intimidation, threatening behavior, physical acts, verbal or electronic communication directed toward a student or group of students that results in or is reasonably perceived as being done with the intent to cause negative educational or physical results for the targeted individual or group and is communicated in such a way as to disrupt or interfere with the school's educational mission or the education of any student.

"Electronic communication" means the communication of any written, verbal, ~~or~~ pictorial information or video content by means of an electronic device, including, but not limited to, a telephone, a mobile or cellular telephone or other wireless communication device, or a computer.

"Threatening behavior" means any pattern of behavior or isolated action, whether or not it is directed at another person, that a reasonable person would believe indicates potential for future harm to students, school personnel, or school property.

### Procedures

The procedure for investigating reported incidents of harassment, intimidation, and bullying or threatening behavior, is as follows:

1. The matter should immediately be reported to the building principal. If the bullying involved an electronic communication, a printed copy of the communication as well as any identifying information such as email address or web address shall be provided to the building principal. As much detailed information as possible should be provided to the building principal in written form to allow for a thorough investigation of the matter.
2. Upon receipt of a written report, the building principal shall contact the superintendent and begin an investigation to determine the severity of the incident and the potential for future violence.
3. If, during the course of the investigation, it appears that a crime may have been committed the building principal and/or superintendent shall notify local law enforcement and request that the alleged victim also contact law enforcement to report the matter for potential criminal investigation.
4. If it is determined that the school district's discipline code has been violated, the building principal shall follow district policies regarding the discipline of the student. The building principal shall make a determination as to whether the conduct is actually occurring.

**PROHIBITING BULLYING, INVESTIGATION PROCEDURES (Cont.)**

5. Upon completion of the investigation, the principal or superintendent may recommend that available community mental health care substance abuse or other counseling options be provided to the student, if appropriate. This may include information about the types of support services available to the student bully, victim, and any other students affected by the prohibited behavior. If such a recommendation is made, the administration shall request disclosure of any information that indicates an explicit threat to the safety of students or school personnel provided the disclosure of information does not violate the provisions or requirements of the Family Educational Rights and Privacy Act of 1974, the Health Insurance Portability and Accountability Act of 1996, Section 2503 of Title 12 of the Oklahoma Statutes, Section 1376 of Title 59 of Oklahoma Statutes, or any other state or federal laws relating to the disclosure of confidential information.
6. Upon completion of an investigation, timely notification shall be provided to the parents or guardians of a victim of documented and verified bullying. This information should be provided within \_\_\_\_ days of the conclusion of the investigation.
7. Upon completion of an investigation, timely notification shall be provided to the perpetrator of the documented and verified bullying. This information should be provided within \_\_\_\_ days of the conclusion of the investigation.

Reports may be made anonymously. However, no formal disciplinary action shall be taken solely on the basis of an anonymous report. Reports shall be made immediately to the building principal by any school employee that has reliable information that would lead a reasonable person to suspect that a person is a target of bullying.

The superintendent shall be responsible for enforcing this policy. The building principal should notify the superintendent within twenty-four (24) hours of any report of bullying. Upon completion of an investigation, the building principal should notify the superintendent of the findings of the investigation. Documentation should also be provided to the superintendent to establish that timely notification was provided to the parents of the victim and the parents of the perpetrator.

## **NOTES FROM THE ADMINISTRATION**

The public school in America is a learning and teaching institution. Very little teaching can occur unless there is a desire for learning on the part of the student. Self-discipline is a first step toward learning and a very necessary one to gaining knowledge. Each student should discipline himself/herself to the task of obtaining the best education possible.

Self-discipline, honesty, and strength of character should be instilled in a person so that when the person is called upon to defend these principles, that person will not disgrace the school, the person, or the person's country.

The rules and regulations in this handbook have been developed over the past several years by input from the students, State Department of Education, school personnel, parents, and the Boise City School Board of Education. The purpose of preparing the handbook is to make Boise City Public Schools a better place to prepare for life's work.

We are confident that this will be accomplished if you will follow the guidelines written and established in the handbook. We hope that you have a pleasant and productive school year.

Admittance to college and numerous scholarship grants are dependent upon ACT scores. The curriculum at Boise City High School is designed to prepare students for success on the ACT. ALL JUNIORS are required to take the ACT and must be taken to meet state graduation requirements. The Boise City High School ACT Code is **371-840**.

## **ACTIVITIES PARTICIPATION**

A student who has not attended classes ninety percent (90%) of the current semester is not eligible to compete in any interscholastic competition governed by the association, e.g. athletics, band, FFA, or FHA. The principal may make exceptions for illness, injury, death in the immediate family, or valid reasons for late enrollment with the beginning of attendance. Students must also be in attendance the day prior to, day of, and the following school day after an activity. Students that are absent from school for any part of the day an activity is held, regardless if the activity is held at home or away, will not be permitted to take part in the activity or attend the activity. Any exceptions must be approved by the principal. Doctor's notes will be required to be presented when deemed necessary. Rationale: If the activity is important enough for the student to attend then attending school should also be important. If a student is too sick to attend school, they are likely to sick to attend the activity.

### **Athletics**

Boise City Public Schools sees athletics as an integral part of the total educational package and will continuously strive to maintain a competitive, well-balanced athletic program. For those who desire to be a part of the program, stringent rules involving hard work, discipline and academic achievement are invoked. Boise City athletics is a dynamic program that fosters total growth of the young persons who participate. It is set up to teach student-athletes about winning effort, loyalty, and character. The life lessons that can be developed as a part of an athletic program are invaluable and can contribute to the student-athlete's overall development physically, mentally, emotionally and socially. Every student will be given an opportunity to participate in a highly competitive interscholastic atmosphere where athletics is viewed as a "privilege", not a right and therefore carries with it the responsibility for the student-athlete to represent himself/herself, the student body, team, school, and community in a positive manner at all times. The coach and administration have the authority to revoke this privilege when the student-athlete is unable to comply with the rules/standards set forth. See also Athletics Handbook.

### **Attendance**

The Boise City Board of Education believes that in order for students to realize their fullest potential from educational efforts, they should attend all classes if possible. Realizing that some absences may be beyond a student's control, the board has adopted a policy requiring students to be in attendance a minimum of 90% each semester to receive credit for any course in which the student is enrolled. Exceptions to this requirement will be considered by the administration on an individual, case by case basis.

Students are allowed up to ten (10) ***activity absences per class during the school year***. Requests for additional days may be made to the building principal. An internal review committee made up of at least three faculty/administrative members will decide whether or not to grant additional activity absences based on attendance and academic performance. This same committee will also review at the end of each semester, each student who has (9) or more absences in any one class. The committee will determine if course credit will be granted or denied for each of these students. The criteria for the committee decision will be based on the extenuating circumstances outlined previously (hospital stays, death of immediate family members, court mandates or documented medical absences). Proper

documentation must be provided to school staff within five days of returning to school or prior to the absences. The decision of this committee is final.

**STATE STATUTES FOR MANDATORY ATTENDANCE :** It shall be unlawful for a parent, guardian, or other person having custody of a child who is over the age of five (5) years, and under the age of eighteen (18) years, to neglect or refuse to cause or compel such child to attend and comply with the rules of some public, private or other school, unless such child has been screened as provided for in Section 1210.282 of this title and such child is determined not to be ready for kindergarten, or a parent, guardian, or other person having custody of the child, provides by certified mail prior to enrollment or at any time during that first year, notification of election to withhold the child from kindergarten until the next school year after the child is six (6) years of age, or unless other means of education are provided for the full term the schools of the district are in session. A full day of kindergarten shall be required of all children five (5) years of age or older as appropriately provided for by Section 1210.282 of this title, or as otherwise excepted from same by this section.

### **BULLYING PREVENTION**

It is the policy of this school district that bullying of students by other students, personnel, or the public will not be tolerated. Students are expected to be civil, polite, and fully engaged in the learning process. Students who act inappropriately are not fully engaged in the learning process. This policy is in effect while the students are on school grounds, in school vehicles, at designated bus stops, at school-sponsored activities, or at school-sanctioned events, and while away from school grounds if the misconduct directly affects the good order, efficient management, and welfare of the school district. Bullying of students by electronic communication is prohibited whether or not such communication originated at school or with school equipment, if the communication is specifically directed at students or school personnel and concerns harassment, intimidation, or bullying at school.

As used in the School Safety and Bullying Prevention Act, "bullying" means any pattern of harassment, intimidation, threatening behavior, physical acts, verbal or , electronic communication directed toward a student or group of students that results in or is reasonably perceived as being done with the intent to cause negative educational or physical results for the targeted individual or group and is communicated in such a way as to disrupt or interfere with the school's educational mission or the education of any student. Such behavior is specifically prohibited.

In administering discipline, consideration will be given to alternative methods of punishment to ensure that the most effective discipline is administered in each case. In all disciplinary action, teachers and administrators will be mindful of the fact that they are dealing with individual personalities. The faculty may consider consultation with parents to determine the most effective disciplinary measure. The board of education will rely upon the judgment and discretion of the administrator to determine the appropriate remedial or corrective action in each instance.

### **BUS REGULATIONS**

All school buses will leave the high school building five minutes after the dismissal bell. Buses will start their routes at such a time in the morning so that they will arrive at the school building 15 to 30 minutes prior to the first bell.

In order to protect all students riding Boise City School buses, safety precautions are a must. All students are to understand that the bus driver is in charge of the bus at all times. Any student who

repeatedly violates the safety precautions and/or conduct rules may be denied the privilege of riding the bus and is subject to other disciplinary action to be determined by the principal and/or other staff.

It is the school's responsibility to transport students to after-school activities that are school related such as athletic events, etc. Please note that bus drivers will not drop students off at stops other than their regular stops without signed authorization to do so.

General bus regulations:

- 1) Students should remain seated during the movement of the bus. NO STANDING or CHANGING SEATS.
- 2) There will be no vandalism on the bus.
- 3) There will be no arms, heads, or body parts out of the windows.
- 4) There will be no objects thrown inside or outside of the bus.
- 5) There will be no fighting or inappropriate language.
- 6) School rules apply on the school bus.

### **Cellphone Policy**

Devices that fall under this policy are the following: **Cellphone, Smartwatch, AirPods, Earbuds, Ipad, Headphones or any type of listening device.**

Cell phones and other devices must be turned off completely and out of sight after the first bell and must remain out of sight throughout the school day until the last bell at 3:30 p.m. No device may be out during the time between classes. If a student brings a cell phone or other devices to school, it is the student's responsibility to keep the item turned off and secure. The school will not be responsible for cell phones and or other electronic devices that are damaged, lost, or stolen. Students will be allowed to use the student office phone between classes to make calls as needed.

#### **Penalties for having device out**

1. Device taken to office, pick up after school
2. Device taken, pu after school, 2 days lunch detention
3. Device taken, parent called, 5 days lunch detention
4. Device taken, parent called, 2 days suspension

### **Check Out Procedure**

No student will be allowed to leave the school during the school day without checking out through the attendance office. A parent/guardian or an adult authorized by the parent/guardian to pick up the student on school records may check a student out of school through the attendance office. Photo identification may be required to verify the identity of those checking a student out of school. The student must be signed out. If the student returns during the school day, he/she must sign back in and get a note from the office if it is during the middle of a class. Students are not allowed to check themselves unless special consideration has been given. This procedure is meant to protect the safety of students. A student that has reached the age of 18 may check themselves out without parent consent. Only in house siblings that are 18 will be allowed to check another student out.

## **CLOSING OF SCHOOL**

The official announcement of the closing of school due to inclement weather or other emergencies will be announced over as many local and social media outlets as possible. All parents should leave directions with the principal as to where to send children in case of school closing due to emergencies.

## **Concurrent College Enrollment**

Junior and senior students in good standing are encouraged to enroll in concurrent college courses for which they receive both high school and college credit. Part of the cost for senior students is paid by the Oklahoma Regents. In order to enroll in concurrent college courses, students must meet the enrollment requirements. It is the student's responsibility to provide a transcript from the college they attend to the high school at the end of each semester. For detailed information, see the counselor.

## **Conferences**

We recognize that educating a child requires a partnership between parents, teachers, and many others and that good communication is a key to this partnership. Parents who wish to schedule an appointment are to call the office. The teacher with whom a parent wants to have a conference will be notified and the teacher will schedule the conference with the parent. Conferences will not be scheduled during class time.

## **Contact with Students**

The school may let those other than parents/guardians have contact with students at school, but only in the presence of school officials and only to discuss school functions or emergencies.

## **Commencement (Graduation) Policy**

Students who have completed the graduation requirements will be allowed to participate in commencement ceremonies. As soon as possible, student diplomas and official transcripts will be made available to students who have completed the graduation requirements. This typically takes two weeks. Foreign exchange students are given official transcripts for the classes they complete at Boise City High School, but they are not issued a Boise City High School Diploma. Senior foreign exchange students are allowed to participate in the commencement ceremonies.

## **Competition Philosophy**

The coaches and sponsors of competitive events at Boise City High School recognize that in all forms of competition, working toward winning by planning highly organized practice sessions, preparing realistic game plans, and putting young people in a position to succeed through hard work, dedication, and teamwork is essential. At the same time, we understand that winning depends upon numerous variables including available talent, scheduling, the absence of injuries, and often some good fortune. We consider our foremost task to be the development of strong character in the young people of Boise City Public Schools.

## **Disciplinary Records**

Disciplinary records will be maintained by the school for every student and may be forwarded to schools to which students transfer. These records will be used as a basis for deciding proper consequences for misbehavior, keeping in mind that the goal of disciplinary action is to protect the physical and psychological safety of all students and to deter future misbehavior.

### **Dress Code for School**

To maintain a setting that is most conducive to the educational process, it is necessary to establish minimum standards for dress. Students are expected to dress in a manner that is appropriate for school. If you arrive to school or school activity inappropriately dressed, you will be asked to call home for a change of clothes. If this happens a second time then other disciplinary actions will be given. If you are unsure about your attire do not wear it. Documented medical conditions and religious beliefs may require exceptions to the dress code. In order to obtain exceptions, students must contact the building principal. Alerts will be added to student records for all exceptions.

- Clothing that directly or indirectly pictures, names, mentions, or insinuates alcohol, tobacco, drugs, sex, profanity, gang symbols, or any inappropriate expressions may not be worn.
- No sunglasses may be worn inside the school buildings.
- Shoes must be worn at all times. No house shoes or slippers allowed.
- Undergarments, blankets, and pajamas may not be worn as outer clothing.

- No see-through clothing may be worn.
- Shirts must cover the top of a student's pants, so the bare midriff does not show when sitting or standing at normal resting position.
- Shorts, skirts, dresses, and garments worn over leggings, jeggings, and spandex must no shorter than fingertips with arms down at a person side.
- Holes in jeans and pants must also comply with fingertip rule.

### **Driving Policy – Students**

Student drivers are to park in the student parking lot in the front of the school. Students may purchase a spot in the parking lot for the current school year. This will be down on a first come first serve basis, starting with seniors. To purchase a spot, you must pay \$5.00 and provide a valid drivers license and proof of insurance.

Campus is closed for breakfast but is open campus for lunch, meaning students who wish to leave for lunch are permitted to do so. Students are allowed to drive to the elementary for any classes on that campus.

### **Drug and Weapon Free Zone**

The Boise City High School Campus (including adjacent roadways) is a drug and weapon free zone. Vehicles driven onto campus are subject to search. Students arriving on campus in vehicles are required to park in **student parking** and to **leave their vehicles immediately upon arrival**.

### **Due Process Rights – Students**

When students are sent to office for disciplinary matters, they will be told what violation they have been reported to have committed. They will be given an opportunity to explain the situation. A decision will be made by the administrator who handles the matter as to whether the violation occurred and, if so, what the consequence should be. When a student is suspended, the administrator will make a reasonable attempt to contact a parent/guardian and to hold a conference (may be over the telephone). Students and parents/guardians will be informed of their right to appeal the suspension decision.

### **Eligibility**

Eligibility to participate in extracurricular activities will be determined using the Oklahoma Secondary Schools Activity Association (OSSAA) Guidelines. No student who is ineligible will be allowed to participate in any extracurricular activity whether sanctioned by OSSAA or not. It is the responsibility of all coaches/sponsors to verify that a student is eligible before allowing him/her to participate in any extracurricular activity. To be eligible at the beginning of a school semester, students must have passed at least five subjects during the past semester. A student who drops a class after three weeks of the start of each school semester shall be ineligible for at least three weeks. Eligibility ongoing grade checks will begin during the fourth week of each school semester and continue until the end of each semester. Teachers will calculate eligibility on Friday and the list will be generated Monday morning. The first time that a student appears on the list in any particular subject, he/she will be on probation and will be required to attend a study hall during athletics period until they become passing, they may attend practice after they complete the study hall period. At any point during the week of probation they become passing they will be released from the study hall period. While on probation a student remains eligible to participate but he/she will not be allowed to miss any class time to participate. The second time that a student appears on the list in any particular subject, he/she will not be eligible to participate and will have to remain in study hall during athletics until a passing grade is achieved. The probationary/ineligibility period will run from the Monday following the generation of the list until Sunday.

### **Enrollment Requirements**

Any student wishing to enroll at Boise City High School must meet the guidelines set forth in the Boise City Board of Education Policy which state, "It is the policy of the Boise City Board of Education that the residence of any child for school purposes shall be the legal residence of the parents, guardian, person having legal custody, or person who is a relative within the fourth degree of the child and who has assumed permanent care and custody of the child and holds legal residence within the district as defined in 70 O.S. 1-113. Upon enrollment, person(s) having legal custody of the student being enrolled will be asked to complete the student residency affidavit, emergency contact form, and various other enrollment forms.

The McKinney Act of 1987, or P.L. 100-77, ensures that each child of a homeless individual, and each homeless youth shall have equal access to the same free, appropriate public education as provided to other children and youth. The act has been amended and is considered the McKinney-Vento Act

currently. Under the Act, schools are prohibited from delaying a homeless child's entry into school due to delays in obtaining school records. Rules regarding guardianship must be waived for homeless students living with foster parents or relatives other than their legal guardians. Individuals who would be considered McKinney-Vento students would be in housing temporarily and due to hardship, the housing is substandard or considered inadequate or a student is not living with a parent or guardian.

### **Evacuation Drills**

In our efforts to protect the safety of students, faculty, and staff, the school will conduct various evacuation drills. Students will proceed to the predetermined locations during these drills and remain under the direction and supervision of their teacher. Evacuation procedures are posted in every classroom.

## **Health, Wellness, and Medications**

During the school day and when possible and needed, students are to report to the office for emergency medical care. Minor care items will be provided for students in the office when available. All student injuries are to be reported to the office and students are to seek care in the office for these injuries. A parent/guardian will be notified immediately in the event of a serious injury or sudden illness. When necessary, transportation to a care facility, such as a hospital, will be arranged. All of the coaches on staff have been trained in the care and prevention of athletic injuries and will provide assistance to students during athletic practice and competition.

In an attempt to stop the spread of infections and communicable diseases, guidelines recommended by the State Health Department will be followed. All open or draining wounds must be medicated and covered with a bandage in order for a student to attend school. When a child has a temperature of 100°F or more, the child will not be allowed to attend school.

Medicine will be given to a student by school personnel only if it is necessary for him/her to take during school hours and only if the guidelines required by state law are followed.

All medicine including over the counter medications must be brought from home by a parent/guardian to the office. At no time while at school or while participating in a school activity are students allowed to possess medication or have medication in their lockers or backpacks except those that the law allows because of the necessity of rapid administration such as inhalers and EpiPen's. Forms are available in the office.

## **Homecoming– Football**

Homecoming activities will be planned by the cheerleaders and sponsors. The student council, cheerleaders, and sponsors shall be in charge of conducting balloting and the selecting of the court members. Student council and cheerleading will share the responsibilities of Homecoming. Homecoming celebrations should be seen as for the benefit and enjoyment of the student body as a whole.

#### **Football Sweetheart**

Football sweetheart shall be chosen by the football team. Candidates will be chosen from the senior cheerleaders, and any senior football team managers. If at the time of selection there are no available senior candidates that meet this criteria, the principal, cheer sponsor, and head football coach will determine eligible candidates. Nominations for this honor will be by team members and voting will be by secret ballot at a time agreed upon by the coaches and STUCO sponsors. The football sweetheart will be announced before the homecoming candidates are chosen. Football Sweetheart is not eligible for any other court position.

#### **Crowning Captain**

An escort for the sweetheart will be chosen by the football team. Crowning Captain will be elected from the senior football players by secret ballot by the football team. In the event there are no senior players, the football coaches will determine what candidates, if any, are eligible. Crowning Captain is not eligible for any other court position.

#### **Homecoming Queen**

The Senior class shall elect four candidates from the Senior class to serve as Homecoming Queen candidates. The student body will then vote by secret ballot to determine the Homecoming Queen from the four elected candidates. Voting for the Homecoming Queen will be by secret ballot of the entire student body at a time designated by the Student Council.

#### **Homecoming King**

The Senior class shall elect four candidates from the Senior class to serve as Homecoming King candidates. The student body will then vote by secret ballot to determine the Homecoming King from the four elected candidates. Voting for the Homecoming King will be by secret ballot of the entire student body at a time designated by the Student Council.

#### **Class Princesses and Escorts**

Freshman, Sophomore, and Junior classes will elect by secret ballot, one girl from each of the respective classes to serve as class Princess. Any girl enrolled at Boise City High School is eligible for nomination with the exception of the Football Sweetheart. (This activity will be done at the September or October class meeting, depending upon the date selected for Homecoming.)

Escorts for Football Homecoming will be elected from each of the respective classes by their classmates. Any boy enrolled is eligible for nomination. ## **Suicide Prevention**

Protecting the health and well-being of all students is of utmost importance to the school district. The school board has adopted a suicide prevention policy which will help to protect all students through the following steps:

1. Students will learn about recognizing and responding to warning signs of suicide in friends, using coping skills, using support systems, and seeking help for themselves and friends. This will occur through trainings by counselors, nurse, or other professional designated by the school.
2. Each school site will designate a suicide prevention coordinator to serve as a point of contact for students in crisis and to refer students to appropriate resources.
3. When a student is identified as being at risk, they will be assessed by a school employed student advocate team member who will work with the student and help connect them to appropriate local resources.
4. Students will have access to national resources which they can contact for additional support, such as:
  - The National Suicide Prevention Lifeline – 1.800.273.8255 (TALK), [www.suicidepreventionlifeline.org](http://www.suicidepreventionlifeline.org)
  - The Trevor Lifeline – 1.866.488.7386, [www.thetrevorproject.org](http://www.thetrevorproject.org)
5. All students will be expected to help create a school culture of respect and support in which students feel comfortable seeking help for themselves or friends. Students are encouraged to tell any staff member if they, or a friend, are feeling suicidal or in need of help.
6. Students should also know that because of the life-or-death nature of these matters, confidentiality or privacy concerns are secondary to seeking help for students in crisis.
7. For a more detailed review of policy changes, please see the district's full suicide prevention policy.

## **NON-PAYABLE WARRANT FUNDING AGREEMENT**

THIS NON-PAYABLE WARRANT FUNDING AGREEMENT (the "Agreement") is made effective the 13<sup>th</sup> day of July, 2026 (the "Effective Date"), by and between The First State Bank (the "Bank") and INDEPENDENT SCHOOL DISTRICT NO. 2 OF CIMARRON COUNTY, OKLAHOMA (the "Customer").

### **RECITALS:**

A. The Customer maintains with the Bank checking account no. 149128 (the "Protected Account") from which it pays operating expenses in the ordinary course and a separate Non-payable Warrant account no. 107060.

B. The Customer anticipates issuing warrants drawn on the Non-payable Warrant Account which will exceed the available funds in the Protected Account and desires the Bank to fund such warrants.

C. For a limited time, the Bank is willing to cause to be funded, when presented, warrants drawn on the Non-payable Warrant Account when such exceed the available balance of the Protected Account, subject to the terms and conditions of this Agreement.

NOW, THEREFORE, in consideration of the foregoing recitals, the mutual covenants made herein and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, it is agreed as follows:

1. Standard Procedure. Each warrant drawn on the Protected Account which is in the ordinary course presented to the Bank for payment (each a "Warrant") shall be processed by the Bank according to its standard operating procedures and the existing agreements between Bank and Customer, subject to this Agreement.

2. Funding Warrants. Commencing on July 13, 2026, and continuing through June 30, 2026, when a Non-payable Warrant is to be presented to the Bank for payment the Warrant will then be issued on the Non-payable Warrant Account and so designated as Non-payable. The Bank will cause the Non-payable Warrant to be funded through a Non-payable Warrant account so designated as Non-payable Warrants, provided that, at the time of presentment, funding of the Non-payable Warrant would not cause the Deficiency to exceed the remaining approved appropriation.

3. Registry. The Customer will register all Non-payable Warrants in the order issued, which shall accrue interest not in excess of the rate provided in Section 4 of this Agreement, all in accordance with 62 O.S. § 554.

4. Interest Accrual. Interest will accrue at the fixed rate of 4.5 percent (4.5%) per annum upon the "daily balance" of the Deficiency, which is at or below the statutory maximum rate of five percent (5%) per annum, as per Section 554 of Title 62 of the Oklahoma Statutes. The "daily balance" is calculated as follows: to each day's beginning Deficiency balance any new Deficiencies are added and any payments are subtracted. All interest shall be calculated on the actual number of days elapsed at a per diem charge based on a year consisting of 365 days.

This Agreement shall have no effect on interest earned by available funds in the Protected Account, if any.

5. Payment. While the Non-payable Warrants may be redeemed by Customer in whole or in part at any time without premium or penalty, the Customer promises to redeem the Non-payable Warrants and otherwise pay to the Bank the entire Deficiency and all interest owing thereon pursuant to this Agreement immediately when funds are available to the Customer but not later than June 30, 2027.

6. Waiver of Fees. The interest charged under this Agreement is in lieu of any fee, charge or penalty that otherwise would be due from Customer to the Bank directly as a result of there being insufficient available funds in the Non-payable Warrant Account to pay a Warrant, including without limitation "NSF" fees, overdraft charges, service charges and negative collected balance fees, all of which the Bank hereby waives.

7. Remedy. Bank shall have all remedies available by statute, common law or agreement if the Customer closes the Protected Account or fails to perform or abide by any covenant or agreement herein or under any other agreement between Bank and Customer. This Agreement imposes no additional notice or opportunity to cure obligations on the Bank.

8. Termination. After June 30, 2027, the protections afforded to the Customer under this Agreement with respect to the funding of Non-payable Warrants shall no longer be available.

9. Customer's Representations and Warranties. In order to induce Bank to enter into this Agreement, Customer hereby represents and warrants as follows:

9.1. Organization; Powers. Customer has all requisite power and authority to enter into and perform under this Agreement.

9.2. Binding Obligation. This Agreement constitutes the legal, valid, and binding obligation of Customer and is enforceable in accordance with its provisions.

10. Miscellaneous.

10.1. Time. Time is of the essence of each and every provision of this Agreement.

10.2. Modification. This Agreement may not be modified except by an instrument in writing, mutually signed by an authorized representative of Bank and an authorized representative of Customer, upon proper Board of education approval, and which specifically refers to this Agreement.

10.3. Venue. This Agreement has been made and executed in Cimarron County, Oklahoma, and shall be interpreted, construed and enforced in accordance with the laws of the State of Oklahoma and before the courts of the State of Oklahoma.

10.4. Multiple Counterparts. This Agreement may be executed in multiple counterparts, each of which, when executed, shall be deemed an original.

The brochure describes the protections that may be provided by the MSRB Rules along with how to file a complaint with financial regulatory authorities.

#### **VI. Conflict of Interest Statement**

As of the date of this agreement, MFSOK has performed a reasonable diligence to determine if there are any conflicts of interest that should be brought to the attention of the Client. During the diligence process, MFSOK has determined that no material conflict of interest has been identified, however, would like to provide the following disclosures:

MFSOK serves a wide variety of other clients that may from time to time have interests that could have a direct or indirect impact on the interests of another MFSOK client. For example, MFSOK serves as municipal advisor to other clients and, in such cases, owes a regulatory duty to such other clients just as it does to the Client. These other clients may, from time to time and depending on the specific circumstances, have competing interests. In acting in the interests of its various clients, MFSOK could potentially face a conflict of interest arising from these competing client interests. MFSOK fulfills its regulatory duty and mitigates such conflicts through dealing honestly and with the utmost good faith with its clients.

The compensation arrangement included in Section II includes a component that is based on the size and completion of a transaction. Consistent with certain regulatory requirements, MFSOK hereby discloses that such contingent and/or transactional compensation presents a conflict of interest regarding MFSOK's ability to provide unbiased advice to enter into such transaction. The contingent fee arrangement creates an incentive for MFSOK to recommend unnecessary financings or financings that are disadvantages to the client, or to advise client to increase the size of the issue. This viewed conflict of interest will not impair MFSOK's ability to render unbiased and competent advice or to fulfill its fiduciary duty. The fee paid to MFSOK increases the cost of borrowing to the Client. The increased cost occurs from compensating MFSOK for municipal advisory services provided.

If MFSOK becomes aware of any other actual or potential conflict of interest not mentioned above during this agreement, MFSOK will promptly provide the Client a supplement written disclosure with sufficient details of the change, if any, which will allow the Client to evaluate the situation.

#### **VII. Legal Events and Disciplinary History**

A regulatory disclosure action has been made on MFSOK's Form MA and on Form MA-I for two of MFSOK's municipal advisory personnel relating to a 2017 U.S. Securities and Exchange Commission ("SEC") order. The details of which are available in Item 9; C (2), C (4), C (5) and the corresponding regulatory action DRP section on Form MA and Item 6: C (2), C (4), C (5), C (6) and the corresponding regulatory action DRP section on Form MA-I for both Rick A.
