#### 3.1. **Kory Knight:** Presenting in regards to the 2022-23 Perceptual Surveys

Kory Knight, Curriculum Director, gave a presentation on the 2022-23 Perceptual Surveys. This survey is done once a year, and NDE provides us with an approved list of questions to send staff, students, and families. This survey is also sent to evaluate what our stakeholders think of the district. The survey focuses on the districts' strengths, and also the areas we need to improve on. There is a great amount of information we receive from the survey, and Gering Public Schools is always working on ways to improve in all areas.

#### 3.2. Discuss the configuration of Gering Junior High School to Gering Middle School for the 2023-24 school year.

New sign if configuration takes place.

Dr. Regan led a discussion in regards to transitioning the Gering Jr. High School to Gering Middle School. There is legal action required to move forward, and this could take a year to complete. There is no financial burden to the district, other than new signage outside of the building.

#### 3.3. Discussion regarding Gering Public Schools facilities assessment for the 2023 school year. Bakers and Associates drafted a facilities assessment of GPS, and has given us a list of what needs prioritized. Three of the five buildings (Geil, Northfield, Jr. High) are very aged, and plans are in place for many improvements at these schools.
