Checklist

Important information and Considerations for Successful Project

Customer (Heartland Community School)

- Space needed to stage or keep new flooring material inside. We will deliver new material at least two days before installation starts. We do this to make sure new flooring is acclimated to the temperature and humidity of the space which it will be installed.
- All Furniture and personal items must be removed from the work area before we arrive to tear up the existing material.
- Access to any areas getting new flooring will be restricted during installation. The new LVT Tile flooring requires a pressure sensitive adhesive which has to dry to a sticky state before installation. This prevents entry into the work area without possible injury to a person or disruption of the installation.
- Any persons who are very sensitive to smells may want to use caution when entering areas adjacent to the work area. All our adhesive is water based and have a limited odor but yet they still have an odor. For most people the adhesive smell does not bother them but it can still have

Painter

- Base material will be removed during the flooring project. Its best if the painter makes sure to apply new paint within a couple inches of the floor so that when the new base is installed it covers any unpainted surface. New base is 4" tall
- Please make sure the painter does not get paint on the floor. A little paint like a few drops is not that big of a problem but we have seen painters spray the walls and get paint all over the subfloor. This can cause problems with the flooring adhesive and thus must be removed before the flooring is installed.

2. Discussion Items

2.1. Board/Administrator Goal Setting

The Heartland Board of Education and Administration held a work session on March 12, 2019. The purpose of the meeting was to review previous goals and explore future goals.

The Board reviewed findings from the school accreditation group AdvancED. The group from AdvancED interviewed the administration, staff, students, and board members as well as student performance results and then submitted their findings.

The findings were:

1. Develop and implement professional learning communities.
2. Design a mentoring program for the staff.
3. The community is actively involved with and supports the school.

4. Student offerings are robust and varied.

After reviewing past goals the board discussed possible future goals.
After discussion, four areas were identified:

1. Extra-curricular activities and the possibility of cooperating with area schools.
2. Mental Health needs of the school.
3. How to market and promote the district.
4. Continued expansion of technology.

The Board and Administration had expanded conversation on each one of these areas and will prioritize which areas to concentrate on during future board meetings.

3. Adjournment

Motion to adjourn the meeting. Passed with a motion by Mr. Steve Stebbing and a second by Mr. Kent Allen.
